PEACE NEGOTIATIONS ENDED BALKAN ALLIES WILL PROCEED WITH SIEGE OF ADRIANOPOLE

Believing That Young Turks Are Bent on Resuming War Allies Notify Rechad Pasha of Intention to Press Hostilities to a Speedy Conclusion.

LONDON, Jan. 29.—(Can. Press.)—The peace negotiations, which reached a deadlock over the cession of Adrianople on January 6, were finally broken today by a note which the plenipotentiaries of the allied Balkan nations presented to Rechad Pasha, head of the Turkish delegation.

Notwithstanding this rupture, there are optimists in the diplomatic world who hope that a resumption of the war may yet be averted, either through fresh proposals that Turkey is reported to be including in the note which she will deliver to the powers tomorrow, or through the fall of Adrianople before activities can be begun again at the Tchatalja lines.

A majority of the Balkan delegates refuse to admit the likelihood of either contingency, believing that the life of the Young Turk government depends on the resumption of the war, even should the allies be willing to postpone the conflict. They are of the opinion that the present failure of diplomacy is, at the least, only an interlude, however, for they will leave four representatives in London to undertake the settlement anew.

Bismarck's Power.
 Rechad Pasha, after receiving the note, said:

"The consequences may be of the gravest nature. The responsibility lies not alone with the allies, but with the powers, who encouraged the Balkan states and have shown no fairness towards Turkey, although before the war they had solemnly proclaimed the principle of the unchangeability of the status quo."
 "The plan of the allies so far as the plenipotentiaries are informed is to concentrate their forces on Adrianople immediately after the expiration of the prescribed four days. If the surrender of that fortress does not occur in the meantime, they believe that a few days' bombardment by the big siege batteries which now surround Adrianople will bring about the capitulation of the place."
 "The Balkan representatives declare that all the reports that Rumania would aid Bulgaria against Turkey are unfounded and they add that if Rumania should take advantage of the opportunity to gain her territorial claims by force while the Bulgarian army is engaged with Turkey, Bulgaria would let her occupy the territory she demands. But as soon as the Bulgarian army disposed of the Turks, the Bulgars would turn their attention to the Rumanians and attempt to make them pay dearly for this racial disloyalty, which the Bulgarians consider would be treason."

FERRIS REPORT GAVE WRONG FIGURES

Engineer Who Secured Alleged Facts Multiplied This Year's Prices by Last Year's Loads in Order to Get Revenue—"A Queer Way of Doing Business."

At last the cat is out of the bag. Hon. Adam Beck has made a discovery which clears up the mystery, if there was one, in connection with the report of the Ferris committee of New York State, which so grossly misrepresented the Ontario Hydro-Electric system. That engineer who presented the alleged facts to the committee was a representative of big private interests in the state and the principal error in the report was due to his multiplying the 1912 prices by the 1913

HON. JAS. YOUNG PASSES AWAY AT GALT

Veteran Parliamentarian's Life Ends With Completion of His Work, "Public Life and Public Men in Canada"—Was Provincial Treasurer in Mowat's Cabinet.

GALT, Jan. 29.—(Special.)—At "Thornhill," the picturesque family residence, Hon. James Young passed peacefully away early this afternoon. Death came not unexpectedly, as he had been in ill-health for some months, gradually growing weaker. On May 24 last he celebrated his 77th birthday. Full of years and honors as a forceful parliamentarian, publicist, gifted man of letters and kindly cultured gentleman, his passing is deeply regretted in the community in which he was born and lived all his life. The County of Waterloo and the sister County of Brant, whose able and devoted parliamentary representative he was for long years, mourn him sincerely and deeply. He will be remembered gratefully as one of the makers of Canada.

James Young died veritably in harness. He has just witnessed the fruition of one of the great literary labors

MOVE FOR IMPERIAL FEDERATION MUST COME FROM THE DOMINIONS

LONDON, Jan. 29.—(C.A.P.)—Sir Edward Coates presided at tonight's Canadian Club dinner. The guests included Lord Emmett, Colonial Under-Secretary Shirley Bann, Sir W. Bull, Sir W. Carlike, George Cave, Sir W. Corry, Hon. W. S. Fielding, Sir R. Forester, Ald. Hanson, Earl of Kerry, Donald MacMaster, Earl Morley, Sir G. W. Rose, Sir T. Skinner, Viscount Valentia, Sir F. Williams Taylor and Earl Winterston.

Lord Emmett opened his speech with a reference to the great assistance the Canadian preference had been to our trade. Proceeding to speak of investment of money in Canada, he suggested that as a great deal of British capital had already gone for Canadian railways, British financiers might also turn their attention to Canadian industries as American business men already had done.

Lord Emmett went on to speak of the "feeling of great emotion" experienced in England at Canada's naval gift. It was not for us to suggest the manner of the gift, but only to say it would be most thankfully received by the grateful people of this country.

MAY BAR OUT QUEBEC PULP

President Taft Considering Complaints That Free Entry Pact Has Been Violated.

WASHINGTON, Jan. 29.—(Can. Press.)—As the result of complaints against the recent order of the Quebec Provincial Government, purporting to remove all restrictions on export tax from the timber of certain crownlands of that province, President Taft personally will decide whether wood pulp and paper made from the timber affected will be entitled to free entry into the United States.

According to representations to this effect, Quebec's action amounts to a discrimination against American holders of crown lands, and to grant the free entry privilege, it is declared, would simply defeat the real intent of the wood pulp and paper clause of the Canadian reciprocity agreement. The state and treasury departments have investigated the situation, and will make a joint report to the president.

The only operative clause of the reciprocity act admits free of duty all wood cut from lands where exportation is unrestricted, and wood pulp and paper made from such timber. Its primary purpose, it is declared, was to obtain from Canada the removal of all restrictions upon the exportation of timber into the United States for manufacture into pulp and paper here.

Agreement Broken?
 Complaints to this government declare that Quebec has removed restrictions only on the timbered lands where the reciprocity act has no practical assurance that the timber will not be exported, but only the wood pulp and paper made from it in Canada. It also is alleged that the province has refused to remove restrictions from other crown lands in the same province controlled by Americans.

Until the question is settled by the president, Secretary MacVane has issued a temporary order for the collection of duty.

"REVENUE ONLY" TARIFF POLICY

Democrats Hope to Stimulate Reasonable Competition in All Lines of Industry.

WASHINGTON, Jan. 29.—(Can. Press.)—An unsuccessful fight to have the house committee on ways and means retain the present tariff of 10 and 15 per cent ad valorem on boots and shoes occupied most of today's session. Chairman Underwood of the committee flatly told the gathering of representatives of the wholesale and retail shoe industries of the country that the tariff now was prohibitive, and that retention of the present rates was impossible. Questions of the committee indicated a sentiment favorable to a big drop in those rates.

Numerous spokesmen appeared for the various branches of the shoe business, national associations of the manufacturers, wholesalers and retailers, and of the labor unions, all favoring the present duties.

Reasonable Competition.
 Mr. Underwood said that the Democrats did not purpose to play favorites as between industries in the work of carrying out the party pledge for revision downward; that while he hoped there never would be a Democratic tariff so far below the reasonable competitive basis as to close down any factory in the country, he and others of the committee wanted to write such rates as would stimulate a reasonable competition. He suggested that the final arbiter, the American people, at the last election, had rendered a verdict for "tariff for revenue," instead of "for protection," and that "you cannot expect us to write a protection tariff even if only two per cent."

COUNCIL STANDS BY HARRIS RETAINS ENGINEER FELLOWES

By Seventeen to Five, City Council Decides to Adopt Report of Works Commissioner, Favoring Retention of Waterworks Engineer in Civic Employment—Chairman McBride Has Uneasy Tim.

By a vote of seventeen to five the city council decided yesterday not to dismiss Engineer Fellowes from the service of the city, chiefly on account of information he possesses which is of unlimited value to the city. Commissioner Harris, in his recommendation, has accepted responsibility for his future behavior. Many members of council severely criticized Controller Foster for endeavoring to make the engineer a scapegoat for the work performed by others. Discussion on this subject lasted nearly four hours.

Chairman Sam McBride had an uneasy ten minutes when the question first came up.

"All in favor of the board of controller's recommendation to dismiss Mr. C. L. Fellowes?" asked Ald. Sam McBride.

"I move that the vote be now taken," declared Ald. Dunn.

"That is a move to choke off the debate," declared Ald. Wanless, with some alarm.

"CONTROLLERS INDIVIDUALLY RESPONSIBLE" SAYS COUNCIL

Mayor Hocken Successful in Getting Council to Order Controllers to Be Responsible to Public For One or More Departments—Ald. Spence Wants Cabinet System Adopted—Ald. Wanless Wants Recall.

The city council yesterday decided to adopt the principle of specific responsibility for one or more departments by the controllers, but not to ask for special legislation, as the latter would make it an accomplished fact for all time. Many of the aldermen think that the step is too radical and agreed to compromise, declaring that it would be rescinded if found wholly unsatisfactory.

A notable feature in the interesting debate was the declaration by Ald. Wanless that the system of recall of controllers should be adopted. This also was favorably received, but not accepted.

Controller Foster made an emphatic protest against this change, saying that the present system satisfied him and therefore he saw no need for the change. Ald. Wickert was for referring things back.

Cabinet System.
 Ald. Dave Spence made a plea for what he termed a cabinet system of government, which also means that each member of the board of control shall have some specific responsibility for a civic department.

He objected to the present system, which forces candidates to spend large

sums and waste time getting elected. The alderman wants controllers elected for each ward.

"I would extend the period of office to four years," he declared. "It will stand for continuity of the city's business."

Church Protests.
 Controller Church criticized the proposition. "It is no use going half way," said he.

"Cannot we suggest that the present system may be improved?" asked the mayor. "So long as you persist in misunderstanding the question you will never get ahead. You say that people are banded about from pillar to post when attending committees. The same is the case with the board of control; everybody has a hand in the business, but nobody wants to be individually responsible."

No Bullying.
 "There will be no bullying or nagging. What we aim at is co-operation. We want to eliminate this useless public criticism and place the heads of departments out of its range. After this system has been in force six months you will have such an admirable state of affairs that you will never go back to the old order of things. The time is coming when the duties of a controller will not be per-

NATURALIZATION LAWS WILL BE ALIKE THROUGHOUT EMPIRE SAYS MINISTER OF JUSTICE

Booth Memorial Fund

At 6 o'clock this evening the Toronto end of the Booth Memorial Fund will be closed. The Salvation Army officials and prominent business men who are in charge of the campaign to raise \$100,000 hope that the amount will have been secured by this evening. No subscription is too small, and any amount will be thankfully received at the headquarters, 191 Yonge street.

Anomaly of British Subject in One Dominion Being Without Standing in Another to Be Removed by Concurrent Legislation—Hon. Mr. Perley Case in Point.

OTTAWA, Jan. 29.—(Special.)—That by concurrent legislation between the United Kingdom and the self-governing nations of the empire a British subject anywhere may before long become a British subject everywhere was the gist of an important announcement made in the house of commons this afternoon by Hon. C. J. Doherty, minister of justice. His statement was elicited by the debate which arose upon a resolution by E. M. MacDonald of Pictou, N.S., calling for the production of all recent correspondence between the Dominion Government and the home government on the subject of imperial naturalization.

Mr. MacDonald pointed out that the authority conferred upon the Dominion Parliament by section 31 of the British North America Act, extended only to the naturalization of aliens in Canada in a restricted sense. The settler from the United States, for example, naturalized in Canada, became a British subject and so remained as long as he was in Canadian territory. If he returned to the United States or went to England or to any other place inside or outside the empire but not within the territorial limits of Canada he ceased to be a British subject.

The case of Hon. Mr. Perley, who, he said, was slated for appointment as Canada's representative in the imperial defence committee.

Mr. Perley was born in the United States but came to Canada at an early age, was naturalized here, had resided here continuously for many years and occupied a prominent place in the business activities and the public life of Canada.

Mr. MacDonald declared that this prominent Canadian and a British subject in Canada would become an American citizen if he went to the United States.

Sir Wilfrid Laurier: "Or to England."

Mr. MacDonald reviewed the discussions which have taken place at the last three imperial conferences and complained of the slow progress made in arriving at any solution of the problem.

Will Remove Disability.
 Hon. C. J. Doherty insisted on the other hand that considerable progress had been made. He read to the house the bill which had been introduced in the British Parliament and which

FORGET IS STILL PURSUED BY INVESTORS

French Shareholders in the Banque Internationale Reopen Battle in Courts, Seeking to Quash Recent Seizure of Funds, Alleged to Have Been Unjustifiable.

MONTREAL, Jan. 29.—(Can. Press.)—Sir Rodolphe Forget, La Banque Internationale and the late French shareholders of the latter institution, jumped into the limelight of the local courts today on presentation of an avalanche of motions and petitions, on behalf of dissatisfied former stockholders of the bank.

The petitions have for their object the quashing of the recent seizure before judgment, taken out by Sir Rodolphe Forget against the French stockholders, in order to tie up certain funds at present in the hands of J. E. Martin, K.C., Canadian representative of these ex-shareholders.

The motions, which would have Sir Rodolphe Forget torped to furnish proof of certain allegations made by a seizure before judgment.

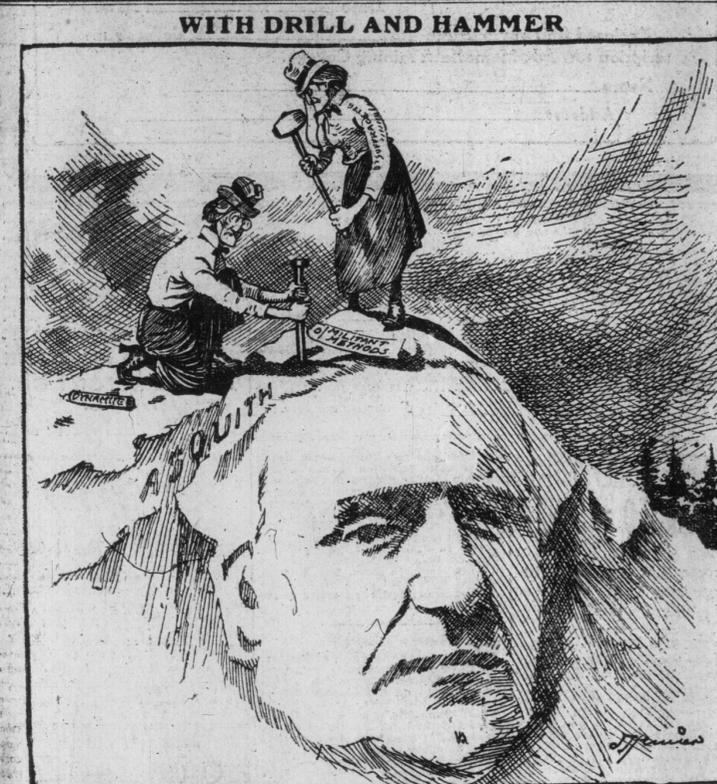

There were 22 petitions and 23 motions presented on behalf of many French shareholders, Aimé Gauthier, K.C., acting for the petitioners in each case. Mr. Justice Beaudin, after taking cognizance of the burden of the petition and motion in each case, decided that argument should take place Feb. 6. Messrs. Perron, Taschereau, Rinfret, Genest, Bilette and Hilmont appeared in the interests of Sir Rodolphe Forget.

Embittered Parisians.
 The following is the list of former Parisian shareholders figuring in the petitions and motions: F. G. Zuber, P. Morand, Lucien Laurotte, A. Lecharit, F. H. Gauthier, Dame Yeuve Carpentier, H. Beauvissage, George Morelle, Dr. J. J. Fug, Maxime Beauvissage, Ant. Thoreau, A. E. Herr, de Davandebourg, Emile Lachez, G. Nicolai, Gallard, Frank & Co., Pierre Perodin, L. Simmler, Marsal Laurotte, J. H. Armand.

The difficulty between Sir Rodolphe Forget and the French shareholders, in so far as the present proceedings are to be regarded as an indication of much difficulty—dates back to last August, when several French shareholders, claiming they had been frozen out of the directors' meetings, applied to the courts for an injunction to have the directors restrained from holding such a meeting.

In support of his application for seizure before judgment, Sir Rodolphe Forget alleges that some 22 of the shareholders were indebted to him, in connection with certain services rendered them by him in his professional capacity as a stock broker and financial agent.

In the various motions for particulars, petitioners ask that Sir Rodolphe be forced to prove when and under what circumstances the various debts alleged as having been contracted toward him by the petitioners, were in reality contracted.

Prize Winners in The World's Proverb Contest Will Be Published in Tomorrow Morning's World

CLIP THIS COUPON

The Toronto World
 EVERYBODY'S CYCLOPEDIA
 —DAILY COUPON—

This coupon, if presented at the Head Office of The Toronto World or at the Branch Office, 15 Market Street, Hamilton, next FRIDAY, JAN. 31, and SATURDAY, FEB. 1, will entitle the bearer to one five-volume set of Everybody's Cyclopaedia (regularly selling at \$12).

For \$1.98

MAIL ORDERS, ADDRESS THE WORLD, TORONTO, CAN.

The Sets are too bulky to be sent by mail, but out-of-town readers can have them for the \$1.98, the set to be sent by express, shipping charges to be paid by the receiver. OUT-OF-TOWN READERS should not wait until the date of distribution, but send orders any day of the week and shipments will be made promptly on the distribution days.

GREAT REVIVAL OF COMIC OPERA

Gilbert and Sullivan Company at the Alexandra Next Week

JOHN DREW IS COMING

T. M. A. Benefit Tomorrow Afternoon Should Attract a Large Audience.

The appearance of John Drew in the brilliant comedy he has been playing for many seasons "The Perplexed Husband"...

The Royal Academy of Music should be filled to its capacity tomorrow afternoon when the annual concert of the Toronto Musical Association will be staged.

Manager Sosa has secured for his headliner next week Mr. Henry Woodruff and his company for the first appearance in vaudeville of this clever actor.

The most popular play ever written by the late Bartley Campbell "The White Slave"...

"The Whirl of Mirth" Next week's offering will be Charles Daniels' "Whirl of Mirth" at the Star Theatre.

LUMBAGO CURED EVERY ACHE GONE

Thousands Still Suffering That Can Be Quickly Cured by Nervilleine

The Case of Harold P. Bushy

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive. These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tin-smithing business."

"Please publish my letter in the world over. I want to tell of Nervilleine. Don't be misled into receiving anything from overseas and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nervilleine."

THE DOMINION BANK

Proceedings of The Forty-Second Annual General Meeting of the Shareholders.

THE FORTY-SECOND ANNUAL GENERAL MEETING OF THE DOMINION BANK was held at the Banking House of the Institution, Toronto, on Wednesday, 28th January, 1913.

Among those present were noticed: J. J. Macdonnell, G. N. Reynolds, J. E. Finkle, Thomas Crawford, M.P.E., Richard Brown, J. J. Dixon, Dr. Thomas Armstrong (Deer Park), W. G. Crowther, W. Gibson Casella, Dr. Brewster, Alan McPherson (Longford), J. D. Ward, Wallace Jones, H. G. MacKenzie, Dr. Charles E. O'Reilly, J. Harry Paterson, M. S. Bogert (Montreal), Edward Burns, R. Wilkinson, N. Hookin (Lindsay), W. McArdie, Andrew Sempie, F. J. Harris, P. Landy, James Mathews, Peter Macdonald, William Crocker, H. Crews, Charles E. Lee, R. B. Morley, C. Walker, E. Gibson, William Ince, F. E. Dingie, Sir E. B. Oaker, M.P.; A. W. Austin, H. S. Harwood, Robert Ross (Lindsay), E. W. Hamber, H. W. Wilcox (Whitby), W. E. Carwell, S. Jeffrey (Port Perry), R. J. Christie, James Carruthers (Montreal), J. P. Kavanagh (Hamilton), E. W. Langley, W. D. Mathews, A. R. Boswell, K.C.; C. E. Van Norman, Amelius Baldwin, James F. Bradt, H. S. McCoy, F. C. Snider, J. Gordon Jones, W. T. Kernahan, F. H. Good, F. D. Brown, Judge McIntyre (Whitby), C. S. Pim, J. G. Ramsey, J. T. Small, K.C.; Alexander C. Moray, E. E. Hodgins, E. Samuel, C. McCollum, W. R. Brock, J. C. Eaton, Joseph Walmesley, C. A. Bogert, W. C. McFarlane (Port William), G. E. Gross, Captain Dudley Jessop, Rev. T. W. Paterson, David Kidd (Hamilton), Sylvester C. Halligan, H. S. Oaker, K.C.; W. K. Pearce, L. S. Hamilton, Harold W. A. Foster, Dudley Hill (Gravenhurst), John M. Baldwin, C. A. Ross (Hamilton), Col. Sir H. M. Pellatt, Thomas Meredith, W. C. Lee, R. M. Gray, C. H. Edwards, T. W. Forwood, T. O. Anderson, A. H. Black (Oshawa), W. C. Armstrong (Chatham), D. T. Hepburn (Uxbridge), N. F. Davidson, K.C.; E. H. Oaker (Cobourg).

It was moved by A. W. Austin, seconded by E. W. Hamber, that Sir Edmund E. Oaker, M.P., go take the chair, and that Mr. C. A. Bogert do act as Secretary. Messrs. A. R. Boswell, K.C., and W. Gibson Casella were appointed scrutineers.

The Secretary read the Report of the Directors to the Shareholders, and submitted the Annual Statement of the affairs of the Bank, which is as follows: TO THE SHAREHOLDERS: The Directors beg to submit the Forty-second Annual Report of the affairs of the Bank, and the result of its operations for the twelve months ended 31st December, 1912, which they feel will be received with satisfaction by the Shareholders.

Balance of Profit and Loss Account 30th December, 1911, \$ 506,116 10 Net profits for the year, after deducting all charges and making full provision for bad and doubtful debts 901,829 44 Premium received on new Capital Stock 297,200 83 Making a total of \$1,685,846 17

Which has been disposed of as follows: Dividends (quarterly) at twelve per cent. per annum \$688,838 53 Bonus, two per cent. on the 1912 dividend 100,000 00 Total distribution to Shareholders of: Fourteen per cent. for the year \$688,838 53 Contribution to Officers' Pension Fund 20,000 00 Transferred to Reserve Fund—Premium on New Stock 297,200 83 \$1,010,737 16

Balance of Profit and Loss carried forward \$ 688,109 01 RESERVE FUND: Balance at credit of account, 30th December, 1911 \$5,702,788 37 Transferred from Profit and Loss Account 297,200 83 \$6,000,000 00

There has been a further gratifying increase in the business of the Bank, as evidenced by the figures in the Statement presented. The prosperity of the country has consequent demand for banking accommodations for the employment of its funds to unusual advantage throughout the year, resulting in earnings sufficient to enable the Directors to distribute a bonus of 2 per cent. in addition to the usual dividend of 12 per cent.

To meet the general expansion of business in Canada, in which this Bank continues to participate, your Directors decided to issue to the Shareholders of record of the 15th of February, 1913, a further \$1,000,000 of new Capital Stock, as a premium of 40 per cent.

This issue is a part of the \$5,000,000 of new stock authorized by the Shareholders at the Annual Meeting of the 26th January, 1910, and duly approved by the Board of Directors. Particulars of this allotment will be given forthwith to the Shareholders by circular. When payment of this issue has been made in full, the Paid-up Capital of the Bank will amount to \$6,000,000, and the total Authorized Capital of \$10,000,000 will remain unchanged.

Owing to the growing importance of the Bank's business, the Directors considered it advisable to recommend an increase in their number from nine to eleven, and a By-law will be submitted to you covering this change.

You will also be asked to give your sanction to a By-law increasing the remuneration of the Directors, made necessary by these additions to the Board. In connection with Bank Premises, the year just closed was one of unusual importance, several transactions of great moment having been brought to completion.

You were informed at the Annual Meeting in 1911 of the purchase of the property on the northeast corner of King and Yonge Streets, Toronto, for the purposes of Head Office premises, as your Directors were at that time unable to acquire sufficient land immediately adjoining the present site. Last year, however, the property was purchased, the property directly south of that now occupied, and extending to Melinda Street. A sale of the northeast corner was subsequently effected at a satisfactory price.

CRUEL MASSACRES CHRISTIAN VICTIMS

Victims Were Wanton in the Extreme.

LONDON, Jan. 29.—(Can. Press.)—The Times correspondent in Constantinople, discussing the massacres in Turkey, says: "The number of non-combatants who perished is not easily ascertained, but on such data as I have been able to procure, I estimate it at a maximum of 20,000 Moslems and 15,000 Christians in the whole of Europe, Turkey, the Moslems were mostly killed by irregulars or in the peasant jacquerie, which followed the defeat of the Turkish troops."

"The Christians suffered most in Dramanovrok, where over 800 Bulgarians were killed on Nov. 4, without distinction of age or sex; at the village of Pylus, where 182 were burned in barracks, near Demir-Hisser, where many more were slain; in Djuma and Bela in the Novorok region, where a number of villages, variously estimated from 10 to 14, were burned and from 20 to 25 per cent. of the inhabitants killed, and in Epirus.

"The massacres of Moslems, which have taken place in the Strumitza district, for the most part after trial by a revolutionary court martial, cannot be described as reprisals, since less than 50 Christians had been killed in that region before the advent of the forces of the Balkan League.

"If a quarter of the information received be true the Albanian regulars committed crimes, especially upon women and children, for the destruction of which the dead languages must be used, and the Serbs behaved as did the British troops under similar provocation at Cawnpore and elsewhere in 1857.

"Taking it all in all, I am reluctant to be compelled to admit that it is a case of six of one and half a dozen of the other, and it would seem that Europe would be better employed in relieving the suffering of the survivors than in attempting to fix the responsibility for these horrors, which ultimately falls upon the heads of certain of her deceased statesmen."

WARDS ELECTED.

CHATHAM, Jan. 29.—(Special.)—Reeve J. J. Irwin of Tilbury Township was elected warden of Kent on the sixth ballot this morning at the January session of the county council.

BRANTFORD, Jan. 29.—(Special.)—Alfred Kendrick, reeve of Brantford Township, was elected warden of Brant County here today.

NORTHUMBERLAND AND DURHAM. COBOURG, Jan. 29.—Joseph Hickson, reeve of Manvers, was elected by acclamation warden of Northumberland and Durham County.

PRESCOTT AND RUSSELL. BRANTFORD, Jan. 29.—Phillip Blomfield, of Cambridge, was elected warden of Prescott and Russell County here today.

PRINCE EDWARD. PICTON, Jan. 29.—H. D. Clemons of Wellington was elected warden of Prince Edward County today.

Dineen's Fur Prices Are Unusual Values

DINEEN'S Furriers Established 1864

What with Stock-Taking and a backward season generally, we are under a greater necessity to reduce prices this year than in any past year during our business career since 1864.

Every Fur in the house is reduced to a price that invites purchase irrespective of any present need for wearing furs.

We do not expect to sell furs now except at a bargain price. Visit our showrooms and form your own opinion of our bargain values. We invite comparison of prices.

CIVIL SERVICE REFORM DISCUSSED IN SENATE

Sir George Murray's Plan of Reorganizing System Meets With Approval.

OTTAWA, Jan. 29.—(Can. Press.)—Ways and means of improving the civil service was the chief topic before the senate today. Senator Power moved the reference of the report of Sir George Murray on the organization of the public service of Canada to the senate committee on civil service administration. In doing so he stated civil service reform was likely to be more popular with the party out of power than the other party. This report was valuable as an outside opinion by an expert who had no party affiliations in Canada. He suggested that there should be no distinction between the inside and outside service.

Senator Power declared that ministers of the crown were underpaid. He hoped the recommendations would receive more attention than had been given to similar reports in the past. Sir George Ross thought the government was to be congratulated for having named such a capable man to look into so important a problem. The ministers should have some relief from routine to deal with large questions. Ministers today in Canada are required to go into too much trivial detail. He favored the adoption of the British system of appointing under secretaries.

On account of the death of the late Col. Matheson, provincial treasurer, the Speaker's reception which is customarily held on the opening day of parliament, has been postponed by Hon. William Hoyle until Feb. 11 between four and six o'clock. This reception takes place on the same day as the luncheon to the members of the house by Sir James Whitney.

University Saturday Lecture. The Saturday afternoon lecture will be delivered by Mr. Vilhjalmar Stefansson, the noted traveler and ethnologist, who has recently spent some time among the Eskimo. The subject, "The Eskimo of Victoria Land," will be illustrated with lantern views.

Mr. Vinning Accepts. Rev. A. J. Vinning has accepted the pastorate of College Street Baptist Church.

METHODISTS NOT GOING TO EAST

Next General Conference Will Be Held at Toronto Instead of Sackville, N.B.

According to a prominent Methodist leader, the next General Conference is not likely to be held in the maritime provinces, as the last General Conference at Victoria, B. C., accepted the invitation to Sackville, N. B. It was pointed out that the Methodist College there would be available for many of the purposes of the conference. Final action was left to the General Conference Special Committee.

CITY COUNCIL STANDS BY COM. HARRIS

Continued From Page 1.

"We are not going to be led off like that," exclaimed Controller Foster, in the effort of settling the point raised by the chairman read a clause in the council stating that if a member of council asks that the vote be now taken, nobody can discuss the question. This caused a commotion. Many rose to their feet, amid cries of "Sit down, sit down."

Controller Church appealed against the ruling of the chairman, and the mayor declared Ald. Sam McBride's ruling out of order.

The chairman then declared that he had gone to Corporation Counsel Geary for an opinion as to what ruling he should make under the circumstances, and he was satisfied with what he had done.

Ald. Dunn afterwards withdrew his question, and discussion was permitted.

"Those who are in favor of the dismissal," again asked the chairman, thinking that Controller Foster would make his expected speech.

"Cries of 'Vote, vote, vote!'" but Controller Foster commenced his oration. He read excerpts from Judge Winchester's report for half an hour, when members began to leave the chamber, until just a quorum remained. Many of the aldermen yet in the council did not listen to the controller, but engaged themselves in conversation.

McCarthy's Traffic Motion

Controller McCarthy's much-discussed motion to appoint a traffic commissioner will again come before the board of control. A new situation has developed, and it is understood that for certain concessions made by the mover the rest of the board will support it.

ELECTION SCANDAL STIRS UP OTTAWA

Mayor Ellis' Suspicions Roused—Ballot Box Stuffing Is Alleged.

DUROCHER IS MISSING

Mayor Ellis' Suspicious Roused by Heavy Vote in One Ward.

OTTAWA, Jan. 29.—A warrant was this afternoon issued for Jos. F. Durocher, son of ex-Mayor Durocher, on a charge of ballot-box stuffing in the recent civic election. Durocher is returning officer at a poll in Ottawa ward. Mayor Ellis suspected crooked work, and called in Provincial Detective Reburn, who has been on the case for several days. Durocher is a civil servant. It is believed he left the city last night.

It is said there were cases where the same voters cast their ballots as many as four times at the same poll. The parties responsible for this, it is further stated, did their work in a most clumsy manner. Nearing the closing time of the poll search was made for persons who did not vote. Unfortunately for the men manipulating the job, they neglected to take the names promiscuously from the list, but instead started right in at the first and got the "required number" from names that began with "A," "B," "C," or "D."

All the parties whose votes were cast in this way have been interviewed by the detective, and it was found they had not voted.

The crooked work is said to have taken place at other polls in the city, but Ottawa Ward was the worst.

TO RAISE EIGHT MILLION DOLLARS

Council Gave Final Reading to Filtration Bylaws the People Endorsed.

WAGE-EARNERS' FRIEND

Ald. Maybee Reopens Question of Appointment of Fair Wage Officer.

Two bylaws calling for the expenditure of eight million dollars, which the people endorsed on New Year's Day, were given their final reading. One was to raise \$3,750,000 for an addition to the waterworks filtration plant, and to construct a new conduit and pumping station. And the other to provide \$4,250,000 for additions and extensions of the waterworks pumping and distribution plant.

Quarters for a detention hospital for people pronounced insane, but who cannot be immediately removed to a regular hospital for the insane, have been leased at 79 Bond street by the board of control, whose action was unanimously approved by the council. The rent will amount to \$110 a month.

The council reversed its action of the afternoon at midnight on a motion introduced by Ald. Wicklett that the general committee of transportation be referred to a special committee of seven members instead of the board of control. The vote stood 14 for and 7 against.

The recommendation of the parks committee for a \$100,000 pavilion in High Park was adopted. The recommendation that the city should have power to issue bonds bearing 4-1/2 per cent instead of 4 per cent, was also passed.

Ald. Maybee branched out as a friend of organized labor when he introduced a notice of motion to the effect that the question of a fair wage officer be reopened. At present a man attached to the city solicitor's department is acting in that capacity, and the alderman believed that a union man conversant with conditions should be appointed.

BOY DROWNED IN THAMES.

ST. MARY'S, Ont., Jan. 29.—(Can. Press.)—The lifeless body of Eugene German, the thirteen-year-old son of Lavelle German, a local blacksmith, was found in the Thames River here to-night. The boy disappeared on Monday night, and a constant search was kept up for him ever since. A channel was dug thru the ice in the river today and dredging operations commenced. The body was found but a few feet from an air hole, and the finding of the boy's hockey stick furnished the clue. The mother is very ill as a result of the shock.

Gaelic League.
A meeting of the Gaelic League will be held to-night at the Margaret Eaton School, North St. Gaelic classes, 7:45 p.m. Dramatic rehearsal, 8:30 p.m.

LOCAL COUNCIL OF WOMEN

On the platform at the Frances Willard Home yesterday were Mrs. Runciman, Treasurer; Mrs. Gurnett, Secretary; Mrs. A. M. Huestis, President, and Miss Irvine.

FERRIS REPORT GAVE WRONG FIGURES

Continued From Page 1.

loads in order to get the 1913 revenue of the Ontario Hydro-Electric, which was assuredly a queer way to do business. Hon. Adam Beck said yesterday to the World:

"The report of the committee of the Legislature of New York State, as the work of the Hydro-Electric Power Commission of Ontario, rests entirely upon the testimony of an alleged disinterested civil engineer of New York City named Reginald Felham Bolton. I am not informed as to Mr. Bolton's general professional standing, but there is one significant point which bears on the question of his disinterestedness. That is that he appeared before the public service commission as an expert for Anthony N. Brady in opposition to the city at the time Albany made the successful effort to secure a reduction in rates for gas, electric light and power enterprises in New York City, Albany, Utica, and in many water power enterprises throughout the United States."

"On the same day that the report of the Ferris committee was handed down in the assembly of New York, the conservation commission of the state made a report with the results of its own investigations in Ontario. It commended in the highest terms the work of the Ontario Hydro-Electric Commission and recommended the adoption of a general scheme by the State of New York."

Error in Testimony.
"The difference in the figures arose from the Ontario testimony. While practically all of Bolton's statements and deductions are 'ridiculously erroneous,' the principal error arose from multiplying 1913 prices by 1912 loads in order to get the 1913 revenue. The Niagara system of the Hydro-Electric Power Commission is a living, growing entity and you can't measure it by subjects enjoying a cataclysmic complete revolution in modern electrical business can prevent the complete vindication of the faith, courage and determination back of the Hydro-Electric Power project in Ontario."

Getting Figures.
Albert H. Perkins, engineer for the New York State Power Conservation Commission, which is a rival body to the Ferris Committee, and is favorably disposed to the Ontario Hydro-Electric, was in the city yesterday getting the latest figures in connection with the hydro's operations. Power legislation is to be introduced into the state legislature next week and there will certainly be a warm debate over the two reports of the investigation bodies, one opposed and one against. Mr. Perkins had no idea what the outcome would be. He said that Gov. Sulzer was in favor of Ontario's policy, believing that a similar scheme would work out successfully in New York.

"Of course New York State will start on a smaller scale," said Mr. Perkins. "For instance, Ontario began agitating for hydro-electric in 1903 and did not get the juice until 1912, while we in New York did not launch an agitation until last year. We will likely develop power from waterfalls throughout the state before tackling Niagara."

FURS CONFISCATED

The provincial police at Sault Ste. Marie, Ont., have seized a seizure of furs worth \$22,000. The furs were consigned to the Hudson Bay Company and were confiscated in the freight office at Long Sault. They included mink, otter, fox and beaver skins. Inspector Greer went from all the waterfalls throughout the state to take charge of the department.

Opinions Changed.
Mr. Perkins said that the adverse report of the Ferris Committee was looked on seriously by the people of the state at first, but when Hon. Adam Beck issued a report stating that it was erroneously inaccurate, opinion changed. He said that in the report of the Ferris Committee, laid down in the conduct of business, more especially during the five years of the Mackenzie administration. He was chairman of two important committees of public works and a committee of the whole house in supply.

Father of Reforms.
Among his legislative measures were abolition of old system of queen's printer and letting all public and departmental printing by public tender, a bill confirming naturalization of all aliens who had taken oath of allegiance and naturalization before confederation, a bill in favor of 1912, the government, however, taking the question up, the passage of addresses to Her Majesty Queen Victoria on the occasion of her 60th birthday, and resolutions in favor of the establishment of the government bureau of statistics.

At the provincial general elections in 1912, he was returned to the legislature for North Brant. Re-elected at the general elections in 1913, he entered Sir Oliver Mowat's cabinet as provincial treasurer on June 2 and was re-elected after accepting office. Owing to sudden illness he resigned, the treasurership and retired from the government in October following, but remained a member of the house till the close of the fifth legislature in 1915 when he declined re-election.

He was all his life a contributor to the leading magazines, and journals, and the author of much literature dealing with trade questions and international relationships, always taking the Canadian view. For 37 years he was the editor of the Gore District Fire Insurance Co.

Hon. Mr. Young leaves a widow, Margaret, second daughter of the late John McNaught, Brantford, to whom he was married in 1865. He was an active member of the Central Presbyterian church.

HON. JAMES YOUNG PASSES AWAY AT GALT

Continued From Page 1.

of his life—publication of the final volume of his work, "Public Life and Public Men in Canada," an historical review, comprehensive in scope, interesting in details, refreshing in tone and a model of plain, terse diction becoming the ripe scholar and trained journalist.

Self-made Man.
Hon. James Young rose from the ranks and was essentially a self-made man. From printer's apprenticeship to editorship and ownership of the newspaper on which he worked was his first achievement. He made no secret of his cherished ambition to become a public man, and thru various municipal offices he won his way to parliament.

At the first general elections after confederation in 1867, he was elected to represent South Waterloo in the commonsense and in the general elections of 1872 and 1874 was re-elected by acclamation. Defeated at the general election of 1878 by a small majority, he was elected to parliament in 1880, the riding with a service of plate in recognition of his self-denying efforts. While in the commonsense he took an active part in the conduct of business, more especially during the five years of the Mackenzie administration. He was chairman of two important committees of public works and a committee of the whole house in supply.

Among his legislative measures were abolition of old system of queen's printer and letting all public and departmental printing by public tender, a bill confirming naturalization of all aliens who had taken oath of allegiance and naturalization before confederation, a bill in favor of 1912, the government, however, taking the question up, the passage of addresses to Her Majesty Queen Victoria on the occasion of her 60th birthday, and resolutions in favor of the establishment of the government bureau of statistics.

At the provincial general elections in 1912, he was returned to the legislature for North Brant. Re-elected at the general elections in 1913, he entered Sir Oliver Mowat's cabinet as provincial treasurer on June 2 and was re-elected after accepting office. Owing to sudden illness he resigned, the treasurership and retired from the government in October following, but remained a member of the house till the close of the fifth legislature in 1915 when he declined re-election.

He was all his life a contributor to the leading magazines, and journals, and the author of much literature dealing with trade questions and international relationships, always taking the Canadian view. For 37 years he was the editor of the Gore District Fire Insurance Co.

Hon. Mr. Young leaves a widow, Margaret, second daughter of the late John McNaught, Brantford, to whom he was married in 1865. He was an active member of the Central Presbyterian church.

THE EVIDENCE IS CONFLICTING

Verdict in Action For Damages Will Be Brought in Today.

The case of Nurse Valentine of this city, who claims \$5000 damages from the Toronto Railway Co. for injuries which she declares were sustained on Dec. 19, 1911, when she was struck by a car, will be brought on for trial in Mr. Justice Latchford's assize court at the city hall yesterday.

Mrs. Valentine's claim is that the conductor of the Dundas street car assisted her to alight from the rear step of his car with an impolite shove, and at the same moment suddenly started his car. The result was that she fell from the step upon the pavement and seriously injured her right knee. The injury, she states, has given her a "double and retarded" her in the practice of her profession.

The evidence in this case was rather obscure and conflicting. The conductor of the car is alleged to have so abruptly encouraged his passenger to leave the car, swore that he had never acted thus discourteously. There were forwent addresses to the jury by both the counsel in the case. The jury will bring in a verdict today.

HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe For Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stony falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some druggists make their own, but it's usually too sticky, so insist upon getting "Wyeth's," which can be depended upon to restore natural color and beauty to the hair, and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair. Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you dandruff your hair, as it does it so naturally and evenly, says a well-known down-town druggist. You dampen a sponge or soft brush with the mixture, and then take one small strand at a time. This requires but a few moments. By morning the gray hair disappears, and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever. Agents, Robt. Simpson Co., Ltd.

Woman Suffrage in Manitoba

WINNIPEG, Jan. 29.—(Can. Press.)—A resolution favoring the extension of the franchise in this province to women was introduced by Harvey Simpson, government member for "Birds," who stated that in view of the active part taken by the women of today in public life he saw no reason why the franchise should not be extended to give them the right to vote. The resolution was seconded by J. B. Baird, opposition member for Mountain. The question will be debated further.

POLICE BOARD NOT ENLARGED

Council Decided Against Any Change by Vote of Eight to Six.

THE SYSTEM IS SUITABLE

Citizens' Committee of Forty Does Not Favor Any Increase.

The board of police commissioners will not be enlarged, because, by a vote of eight to six, the city council last night decided not to ask for the necessary legislation.

Mayor Hooker does not agree with the enlargement of the police board, and wonders at the good sense of the board of control to recommend additions to the body.

"We have no reason to complain," declared the mayor. "Toronto is amply served. No changes of partiality can be made under this system, and I want you to consider the efficiency of the force and all other departments before you declare yourselves."

"It would not do to appoint politicians, either civic or provincial, because it might mean that justice would be hampered." He moved that the enlargement be not asked for.

Opinion Divided.
"Any appointment that would bring the viewpoint of a layman as well as an expert, would do no harm," declared Controller McCarthy.

Ald. Fred McBrien favored placing Commissioner Starr of the juvenile court on the police board.

"Is it not time that a change took place?" asked Ald. Dunn. "Have not investigations shown that discrepancies exist? What about the censorship of theatres? For one, am strongly in favor of the enlargement of the board."

Ald. Wicklett stated that the special citizens' committee of forty had come to the conclusion that the present system was very suitable to the city's needs.

"CONTROLLERS TO BE HELD RESPONSIBLE"

Continued From Page 1.

formed in an hour or two, but he will be required to devote his whole time to civic business."

Foster Objects, Too.
"I don't believe in meddling with the departments," said Controller Foster. "Commission government is an American fad, specially designed to meet certain conditions. The present system, if the board of control can obtain better results by specific responsibility why not let it be done by legislation?"

"I am in favor of redistribution of the wards," declared Ald. Robbins. "Ward 1 is too big to be adequately covered by its representatives." He favors specific control of departments by controllers.

Ald. Anderson declared that Ward 7 is too small and Wards 1 and 6 are too large, therefore he favors redistribution. He favors responsibility for departments by individual members of the board of control, but wanted it brought about with the least legislation so that its weaknesses could be eliminated.

Ald. Wanless: I hope to see the day when the power to recall will be adopted.

The mayor moved in amendment that controllers, by order of council, be made responsible for a department or departments.

The vote was as follows:
For: Mayor Hooker, Ald. Dunn, Anderson, Weston, May, Spence, Wanless, Rawlinson, Robbins, Hubbard, Burgess, Walton, Maybee, Wicklett, Meredith, Ryding—16.
Against: Controllers Church, Foster, O'Neill, Ald. Rowland—4.

Accidental Death.
Coroner Dr. Cotton's jury returned a verdict of accidental death at the inquest last night in the morgue on the death of Ronald McQuale, of 123 Amelia street, the aged customs inspector, who was killed east of the foot of Simcoe street by a C.P.R. engine on Tuesday.

BELMONT PEOPLE MAY COME HERE

New York Interests Considering Advisability of Building Large Hotel in Toronto.

NEW YORK, Jan. 29.—(Special.)—The men behind the Belmont Hotel, the 25-story house, opposite the Grand Central terminal here, are quite likely to extend their operations to Toronto. Some of the directors, when approached, admitted that they were considering quite seriously the opening in that city of a large house, but would not admit that they had gone so far as to close for a site.

The Belmont people recently announced that they would build a 600-roomed house on the St. George's Church site in Montreal and considerable credence is given the report that they would also locate in Toronto by transactions now under way on account of interests apparently connected with Belmont Hotel directors.

One large property on Yonge street near Wilton avenue has been tied up in the past week, and two very large sites not far from King and Yonge streets have also been secured for the approval of hotel people. The real estate agents in these deals, when asked by The World if they were acting for Belmont Hotel interests, would only say that there would be nothing decisive to report for a few days.

POWER ISSUE OVERSUBSCRIBED.
LONDON, Jan. 29.—(C.A.P.)—The application lists of the Toronto Power Company four and one-half per cent consolidated guarantee debentures have been closed, the issue having been oversubscribed, three per cent.

NATURALIZATION LAWS WILL BE ALIKE

Continued From Page 1.

would be the model for similar legislation on the overseas dominions. This bill provided that any alien might be naturalized in the United Kingdom after living there for one year provided that he had lived for four out of the seven preceding years in any part of the empire. The Dominion Government had represented to the imperial government that the bill should not apply to Canada unless sanctioned by legislation of the Canadian government and had been assured that the naturalization thus conferred would not be made effective in any of the self-governing dominions without the consent of that dominion.

The plan was to have concurrent legislation by all the self-governing nations of the empire so that the operation of substantially similar statutes, an alien naturalized in Canada for example, would acquire an imperial citizenship.

One Year's Residence.
At present an alien must reside continuously for three years in Canada in order to become naturalized here. The proposed statute would only require one year's residence in Canada, but at least five years' residence within the empire. Mr. Doherty was asked whether the present statute conferring a restricted naturalization would also be retained. He said this point had not been decided by the government, but his personal preference was for only one system of naturalization introduced this session. Such a measure would, however, only come into effect upon proclamation after similar legislation had been enacted by the other states of the empire.

No Breach of Eligibility.
In reply to some questions upon the order paper respecting the alleged premature publication of the estimates for public works in Canada, the minister of the interior, Hon. Robert Rogers said that the alleged estimates circulated in Antigonish at the time of the by-election were merely misapprehensions of the nature of the public works department, and were headed "List of amounts for Antigonish, N.S. noted for estimates of 1913-14."

Hon. J. D. Hagen, minister of marine, announced that the commission to investigate the pilotage system on the St. Lawrence route would consist of Captain Lindsay, Dominion wreck commissioner; Elsie Lochan, president of the Quebec Corporation of Pilots; and Thomas Robb, of Montreal, president of the shipping federation.

On Sale Friday & Saturday

Five Big Volumes, \$1.98

REGULARLY SELLING AT \$12

Here is the greatest bargain in books ever placed before the people of Toronto. Five handsome volumes of *Everybody's Cyclopaedia*, bound in English cloth, for the small sum of \$1.98.

The great dictionary sale conducted by The World some time ago was considered the marvel of the age. This is a printing house that such an offer can be made.

THE price of the large Cyclopaedia Sets is usually so high, from \$50 to \$100, that they are invariably sold in instalment plan. The *Everybody's Cyclopaedia* look advantage of these facts, and from a message to all these various and some cyclopaedias, they have compiled all that is good—all that is necessary—and have merely eliminated or condensed that which would be of interest only to a specialist or technical student.

The coupon on Page 1 must be presented with each order.

WHITE LABEL ALE

You would know it in the dark by its taste—snappy, delicious—different to ordinary ale. Try a dozen from a dealer. Also at hotels.

DOMINION BREWERY CO., LIMITED
TORONTO

Union Stock Yards Horse Department.
Horse business was exceptionally good at the Wednesday sale at the Union Stock Yards, demand being mostly for medium priced horses. Good drafters were also in demand. A good western account was not very much in evidence. The offerings were pretty well every class, some extra good quality heavy drafters being in stock.
A number of heavy grey Percheron bred horses were sold. Several good ones, among them being five or six of show calibre. Mickle, Lyman & Son, city, bought a grey mare weighing close to 1700 pounds, at a fancy price.
Mr. J. J. Hendrick bought and shipped a load of 18 medium-priced workers to Ottawa. The George Coleman Baking Co. got several horses. S. B. Purdy, Keswick, Ont., got an extra good heavy draft mare. Other buyers were: Thos. E. Fenwick, Port Credit; James Francis, city; a pair of workers, Chas. Hill, Swansea; Farmers Dairy, City; Frank Giles, Swansea; Wm. McNamey, city; John McPherson, city; R. J. Bell, Lambton Mills; Holbrook Limited, city; D. P. Dunnville. Reports received indicate a large supply of horses for next week's sale.

Games at Evangella Settlement.
The Amateur Club of Evangella Settlement held a reorganization meeting last night. The election of officers was as follows: President, Mr. Fred Cheatham; secretary, Ben Brown; treasurer, Don Bewley. The president and Ben Brown were elected to represent their club on the committee of management. Plans are being made to start regular gymnasium classes in about a week's time.
On Friday next the senior basketball team play McCormack's in the senior series of the Interassociation Basketball League. It is expected this will be a very fast and hard-fought game, as McCormack's are leading the league and Evangella have a much stronger team than when last they met on McCormack's floor. As there is lots of room for spectators a large crowd of rooters is expected, and a charge of ten cents will be made.
Evangella line-up for Friday will be: Cheatham, Newman and Hursholder forwards; Gribbles, centre; Hitchin and Norris, defences.
Intermediates will play a preliminary, which will start at 8 o'clock sharp, on Saturday, Feb. 1. The Elm Methodists of the junior series will visit Evangella Juniors, game to start at 8:15 sharp.

Montreal Skaters Win at Saranac.
SARANAC LAKE, N.Y., Jan. 29.—Montreal skaters forged to the front in the international amateur championship meet here today, Russell Wheeler taking the three-mile race, while R. T. Logan won the 200-yard sprint. Bobby McLean of Chicago was evidently off-color, for while first in the half-mile, he led only by inches. Summary:
200 yards—R. T. Logan, Montreal A.A. A. first; McLean, second; John Brennan, K.A.C., Cleveland, third. Time 21 seconds.
Half-mile—McLean, first; W. Gundersen, I.A.C., second; A. J. Osceky, K.A.C., third. Time 1:25.
Three miles—R. T. Wheeler, Montreal A.A.A., first; A. J. Osceky, second; McLean, third. Time 10:37 1-2.
Wheeler and Logan have defaulted their remaining home games in Group 7.

Boston did her best for us last night, but we did not quite do our best for Boston. There were a good many vacant seats in Massey Hall. We had just been to hear Harry Lauder the day before, and we cannot spend all our money on music, especially as our musical standards are not thoroughly adjusted. It was a pity, however, for Toronto's musical reputation that there was a single vacant seat. The greatest orchestra in the world, as musicians of international experience and reputation aver, played the favorite Beethoven symphony in C minor, with Richard Strauss' delightful "Till Eulenspiegel," Mendelssohn's violin concerto, and Wagner's "Parsifal" with the "Meister Singers." And after the concert old musicians got together and hugged themselves and agreed they had never heard in London or Paris or Berlin such an orchestra. Still Toronto is cultivating a musical taste, and Harry Lauder was here the day before last. It is a mistake to suppose that "high-brow" people like such music as the Boston Orchestra performs. As a matter of fact, the high-brows are not half so keen on good music as the common herd. The first comment heard on leaving the hall last night was that there were only five or six number they played is called a symphony, and that symphony had everything else skinned a mile. This is not the language of a high-brow, but the genuine musical appreciation of the masses. But it does not weaken our regret that there were empty seats. It is difficult to see anything except in superlative praise of the Boston Symphony Orchestra. It is so complete, so perfect, so flawless, so generously conceived, so flawlessly realized that the only tribute one can pay is to form part of the audience. This marvelous balance of the various sections of the orchestra is noted by everyone. Sections that in other orchestras seem lacking attain their true proportion with a masterly and noble roundness of tone and richness of contrast. Another feature was the great ease of movement in such a stupendous body of tone. The heaviest passages flowed along as gracefully as the lightest pizzicato on the strings. In the "Meister Singers" the vocal movement in all the perfect, precise, response, attack, release, light and shade, power, softness and sweetness, and if there were any doubts as to its abundance, it was announced that owing to Dr. Muck's illness, Otto Urupke, the assistant conductor, would officiate, which he did with all the temper and intensity of an Emil Fauré. Antonio, who played the Mendelssohn concerto. While somewhat formal in the allegro, his violin sang the andante methodically, and in the scherzo he was the dainty tripping rondo then he was delightful. He had four recalls, and Mr. Urupke had done the close of the concert was the elaborate program with exhaustive notes on the pieces performed, and a delightful feature of the music halls. We regret to think that Boston will hear that there were vacant seats. A. B. S. S.

ROMAN CATHOLICISM GROWING IN FRANCE
 Such Is Impression of Mgr. Archambault—Regrets Elevation of Poincaré.
 MONTREAL, Jan. 28.—(Special.)—Mgr. Archambault, who said six years ago that there were not more than six million practicing Catholics in France, has just returned from that country, and states today that he knows the figure has changed, and that at present the faith of the majority is deeper than that of the French Canadian. To his lordship's great regret, Mgr. Archambault also says that the election of Raymond Poincaré is not a triumph for Roman Catholicism but a victory for the moderates and the humiliation of French Freemasonry.
 Olympic Sailing.
 Cable advices to the White Star Line state that the steamer Olympic will positively sail from Southampton and Cherbourg on April 2, as scheduled some time ago, and there is no truth in the reported delay of her entry into the trans-Atlantic service.

IMPROVED PLANS IN MANAGEMENT FOR THE INSANE
 Industrial School Reports Give Interesting Ideas on Future Work.
DETENTION HOME FOR THE INSANE
 City Will Buy Site if Government Will Erect Building.
THE COST OF SUPPORT INTERVIEW MR. HANNA
 Short Tenure in Schools For Care of Mental Defectives.
 Probability Is That City's Request Will Soon Be Granted.
 At the meeting of the Victoria Industrial School Board of Management yesterday afternoon at the city hall Mr. Beverley Jones, who for twenty-five years has been treasurer of the school, submitted his three hundred and last report. Mr. Jones has been appointed president of the Industrial Schools' Association, succeeding the late W. E. Wright, superintendent of the Victoria Industrial school board. W. J. Henry is secretary and chairman, and C. Ferrier, superintendent of the Victoria Industrial School, and Miss Lucy W. Ferrier, superintendent of Alexandra Industrial School, submitted their reports, which outlined favorable results.
 Mr. Jones stated that his annual report to the superintendent of dependent and neglected children showed that 159 boys have been sent out of the school during the year 1912, and that the average time spent by these boys in the school was 17 months. He stated that the boys in attendance at the school Dec. 31, 1912, were 291. Mr. Ferrier said that the Milnic School was a dumping ground for mentally deficient boys who could not gain admittance to the Orillia institution because it was full.
 Mentally Deficient Boys.
 The plan of placing boys who stood on the mental border, line in good country homes, the farmers taking them with full knowledge of their feeble-minded condition, was showing very satisfactory results. The "borderline boys" had shown that under sympathetic treatment by kindly men they could live useful lives, and earn money at farm work. The school at Milnic was not a good place for feeble-minded boys, Mr. Ferrier said. Magistrates and justices of the peace throughout the province committed boys without any real judgment. Some discussion of the problem of feeble-minded young people followed.
 Mr. E. D. Fairbairn thought that the Ontario Government should establish a bureau of research, by which all mentally deficient children under 16 years of age should be examined, and the results of the examination tabulated. It was moved that the board be prepared to cooperate with the provincial association for the care of the feeble-minded in any representation which may be made to the government as to the cost of living of the inmates of the Orillia institution because it was full.
 De La Salle Concert.
 De La Salle Institute never gave one so thorough a program or carried out more successfully than that presented at Columbus Hall last evening. His Grace Archbishop McNeil and a large number of the city clergy cooperated with the city clergy in the performance. The overture to William Tell by the orchestra of the institution and the salutatory part of Sempronius was taken with all the fire of the true soldier. Eugene Lockhart was the passive Decius. Among those present were Rev. Gerard McShane of Montreal, Rev. Dr. Kidd and Rev. Fathers McCann, O'Donnell, Rhoderick, Finnigan, McCabe and Staley.

GOUGH IS TAKEN INTO CUSTODY
 Earlscourt Fire Victim Created a Disturbance at the Western Hospital.
 Because the Western Hospital authorities refused to grant him the privilege of taking his child away from the institution when she was in a very serious condition, Wm. Gough is alleged to have acted very disorderly on Tuesday afternoon, and had to be tied hand and foot until the police arrived.
 Gough is the man who with his family was burned so badly in the fire at Earlscourt three weeks ago when the house was destroyed.
 The lady superintendent, Miss Bell, refused to allow the man to take his little girl, Nellie, until he secured a doctor's certificate. Then Gough became incensed, and in his arms into the corridor and attempted to pass into the street. Gough and assistance was secured, and Gough was tied up until police arrived.
 In the police court he was remanded until Feb. 12 when his wife will be able to come to court and testify on his behalf.
 The result of the court case will likely be that the committee formed to raise money for Gough may retain the money until Mrs. Gough is better. It is alleged that Gough has been drinking of late and spending his money freely. The money that has already been given to the man he will be allowed to keep, but about the other sum the committee is yet undecided.

 Funeral on Saturday, Feb. 1, from her home to Grace Church Cemetery.
 Use Gibbons' Trichloro Gum—Sold by all druggists. Price 15 Cents.

HON. MR. LUCAS MAY BE CHOSEN
 His Appointment as Temporary Provincial Treasurer is Soon Expected.
 It is likely that Hon. I. B. Lucas, minister without portfolio, will undertake the work of provincial treasurer in the event of the death of Col. A. J. Matheson, at an early date. Mr. Lucas visited the parliament buildings yesterday, but did not take up the duties of treasurer. It is probable that at the next meeting of the cabinet Mr. Lucas will be appointed provincial treasurer temporarily, and he will prepare the budget speech which is to be delivered in the house on the second week of the session.
 Widow Gets Damages.
 Justice Middleton yesterday awarded the widow of William Falconer of Toronto and Dundas \$150 and the sum \$500 for the death of the husband and father in the Dundas factory of Jones Bros. & Co., Limited.
 Toronto Water Rates.
 Toronto water takers under meter tariff are reminded that Friday, January 31, will be the last day to pay rates and secure full discount.
 Stationary Engineers.
 A deputation of stationary engineers approached Hon. J. S. Duff yesterday afternoon to urge the government to supervise all examinations and allow engineers graded certificates. A similar appeal was made a year ago, but was not considered. Duff promised to take the matter up with his colleagues.
 New Victrola Records.
 The old firm of Heintzman & Co., 153, 155, 157 Yonge street, keeps up a remarkable variety of records for the Victrola—new editions of their selection being made constantly. Phone them, Main 5537, when wanting anything in this way.
 Baptist Ministers.
 McMaster University will hold a special session May 13 to 28 for Baptist ministers.

These have been marked at about one-half and one-third of manufacturer's price, or in a word, from \$25 to \$60, sold on payment of 25c to 60c a week.
NEW TICKET OFFICE.
 A. F. Webster and Co. Purchase Property at 53 Yonge Street.
 For the second time in six months the property at 53 Yonge street has been sold, this time to Messrs. A. F. Webster and Co., steamship ticket agents, who are now situated in the James building at the corner of King and Yonge. The Conger Coal Company, who purchased it a few months ago, have since been absorbed by the Sterling Coal Company. They had proposed to remodel the building, but this will now be done by the new owners, who will establish their offices there, and rent the balance for other transportation offices.
 The property has a frontage of 29 feet on Yonge and a depth of 116 feet. It is at present occupied by a four-story building in which Frankel's wholesale jewelry firm are situated.
Messenger Girls in Kingston.
 KINGSTON, Jan. 29.—(Special.)—So scarce is male help, that the Great Northwestern Telegraph Co. is asking for girls to deliver messages. This is a new move in Kingston and will no doubt prove satisfactory of girls employed forward to trial. As yet there are no applicants for the position.
 Harper, Custons Broker, McKeon Building, 10 Jordan St., Toronto.

BEAUTIFUL GAS FIXTURES
 IN ALL THE LATEST AND MOST PLEASING DESIGNS
 TO SEE the beautiful lighting fixtures as shown at our salesroom is to see something that will come as a welcome surprise. You will see fixtures such as you never expected to see, also designs that cannot be surpassed for beauty and excellence of design. Modern science and inventive genius have placed the means of securing not only the best light, as far as the use of gas is concerned, but one that appeals equally to the artistic sense, within the reach of everyone.
 Gas light is a hygienic light as shown by the latest scientific analysis.
 Professor V. V. Lower, of "The Hygienic Superiority of Gas Lighting," sent free on request.

MAJOR CURRIE MAKES A MOVE.
 OTTAWA, Jan. 29.—The corridors are asking what is the major qualifying for, and by that they mean Major J. A. Currie of North Simcoe, who made a gallant defence of the government bank bill on Tuesday evening. The major bubbled over in friendliness toward everybody, especially toward the city and province. He was in line with the government right up to the last notch, and through his whole attitude there was an air of intention that made onlookers think that the major was most anxious to impress someone. The currier today think there may be some foundation in the statement that Hon. Frank Cochrane is to be the next governor of Ontario; that Hon. Sam Hughes might be minister of railways in his stead, and that Major Currie has decided that there was his opportunity to be the next lord of Canada, and that if he had any rival that rival, namely, Major Sam Sharpe of North Ontario, had thrown all his chances away by his temerity in attacking the banks, and especially the government bank measure, as brought in by Hon. Mr. White.

Got Rid of Bronchitis
 The worst feature of bronchitis is the tendency to return year after year until the system is worn out and gives way to consumption, or other ravaging disease.
 Dr. Chase's Syrup of Linseed and Turpentine owes much of its popularity to the fact that it positively cures bronchitis, and this is about as severe a test as can be made of a medicine of this kind.
 Mr. W. H. Walker, Calmar, Alta., writes: "I am pleased to say that Dr. Chase's Syrup of Linseed and Turpentine has done much good to myself, wife and children. My eldest girl, 7 years, had bronchitis, and the doctor who attended her did not seem to do much good. We got Dr. Chase's Syrup of Linseed and Turpentine for her, and she soon got well. We always keep this medicine in the house now ready for use, and find that it soon cures coughs a cold."
 In fighting diseases of the throat and lungs half the battle is in having Dr. Chase's Syrup of Linseed and Turpentine at hand to be used promptly. This is why many people prefer to buy the large family size bottle.

FREIGHT THEFTS HAVE DECREASED

Board of Trade Traffic Department Has Received Good Reports

MUCH WORK THIS YEAR

Long List of Important Questions Is Framed For Discussion

The traffic department of the board of trade announced that, as a result of the co-operation of that body and the Canadian Manufacturers' Association against the practice of pilfering freight the loss in this regard has been substantially reduced.

The board of trade and the manufacturers' association have been receiving letters from their members throughout the province giving particulars of loss sustained in this way, and the information thus gained being given to the railways has led to very beneficial results.

The Board of Trade Traffic Department, which was organized last July under Thomas Marshall, and which has already accomplished much useful work, has outlined the following as a partial list of the matters they will undertake this year:

A proposed revision of the minimum weights for carload shipments. Car demurrage charges and penalties. Railway delays. Allowances for track and hoist weights. Inter-switching of carload traffic in terminals.

Loss to shippers and consignees through pilferages. Proposed advance in rates on lumber carloads from various Southern United States points.

Thru service for less than carload freight. Regulations for the transportation of dangerous articles other than explosives. Effects of Panama Canal Act upon Canadian trade.

Some of these matters will probably be taken up at the inaugural meeting of the Board of Trade Traffic Department, which will be held in the Board of Trade Chambers this afternoon.

It is expected that all the members of the various committees will be present. An interesting time is anticipated.

Mr. James Whitney gave the message yesterday: "I think the movement deserves success and I hope it will succeed."

GREATEST BARGAIN IN BOOKS ON RECORD

If you have not yet clipped the cyclopedias coupon printed daily in The World you had better do so at once for the distribution opens again tomorrow, and every one who presents one coupon and \$1.98 at this office will get a complete set of the wonderful work, which usually sells for \$12.

This is the greatest book bargain on record, and thousands of our readers have already taken advantage of it. Ask any of those who got it what they think of it, and they will tell you that it is the most useful set of books they possess. Benefit by the experience of others and get yours tomorrow.

Everybody's Cyclopedias is bound in beautiful silk cloth, stamped in gold, and contains all the subjects treated by the expensive and cumbersome sets but all condensed into ready reference form, so that the desired subject can be found in an instant.

The price of this set complete is \$3 on The World coupon plan. Mail orders will be filled on the same terms, but as the sets are too bulky to be sent by mail express charges are to be paid by the receiver.

Clip the cyclopedias coupon from today's issue and present it at this office tomorrow.

Commander-in-Chief Sends Out Inspiring Message to Men at Front.

EDITOR DENIES BEING DESERTER

QUEBEC, Jan. 29.—As a reply to Sir Rodolphe Forget, who accused him in the house of commons yesterday during the debate on the Lemieux charges against the Forget enterprises of having deserted the French army, Mr. D'Hellecourt, editor of Le Soleil, published a photographic reproduction of the letter of the president of the French Republic granting him his discharge as an officer. He also announces that, having recently been appointed an officer of the French Academy, that is evidence of his clean record.

NORWAY'S NEW CABINET

CHRISTIANIA, Jan. 29.—(Can. Press.)—The new cabinet to replace that which resigned Jan. 24 is as follows: Premier and minister of agriculture, Gunnar Knudsen; minister of commerce, M. Kastberg; minister of finance, M. Omholt; minister of justice, M. Ambersham; minister of foreign affairs, M. Thien; minister of national defence, Gen. Kelland; minister of labor, M. Trilby; minister of public worship, M. Briggaa.

QUEBEC, Jan. 29.—As a reply to Sir Rodolphe Forget, who accused him in the house of commons yesterday during the debate on the Lemieux charges against the Forget enterprises of having deserted the French army, Mr. D'Hellecourt, editor of Le Soleil, published a photographic reproduction of the letter of the president of the French Republic granting him his discharge as an officer. He also announces that, having recently been appointed an officer of the French Academy, that is evidence of his clean record.

FIELDING ON IMPERIALISM

LONDON, Jan. 29.—(C.A.P.)—Hon. W. S. Fielding takes over four columns in The Morning Post today to reply to the critics of his assertions on republicanism. "Imperial Federation is a magnificent dream," he says in conclusion, "and we are all better for dreaming it."

BRANTFORD BOYS SUSPECTED OF THEFTS

BRANTFORD, Jan. 29.—(Special.)—Two thefts from the collection plate of Wellington street Church and the altar from the Y.M.C.A. have been reported to the police here, involving \$50 in each instance. Ex-Police-man Brown, of Brooklyn, has been conducting special services at Wellington street Church, and the desk room was recently rifled during the service. The theft is believed to have been the work of boys.

R. & O. GIVEN WIDER POWERS

OTTAWA, Jan. 29.—A bill to increase the capitalization of the Federal and Ontario Navigation Company from ten to fifteen million dollars and to empower the company to invest its money was considered by the private bills committee this morning.

Bear Raid in Wall Street Toronto Market on Even Keel

TORONTO MARKET SLIGHTLY EASIER

Brazilian Wound Up a Shade Lower After Sharp Dip Early in the Day.

TWIN CITY OFF AGAIN Reflected Feeling Over Dividend Prospects—Dominion Bank Stock Lower.

The kaleidoscopic moves in the European war game are keeping the stock exchanges in a state of nervous tension, and, until developments take some new turn so that an approximately definite idea of the prospects for peace in the Balkans is obtainable, there is little chance of any specific trend being evolved.

The Toronto market plainly evidenced the hesitant nature of sentiment yesterday, the trading movement being exceedingly small, and price changes consequently few and far between. A slightly easier uncertainty was in effect most of the day, but toward the close a firmer feeling developed, and the net losses were reduced to such small volume as to be practically negligible.

C. P. R. Down in London. The downturn in C. P. R. in the London market and subsequent weakness of the shares in New York was viewed with some apprehension here, and in the early dealings our market showed a tendency to waver.

There was excellent buying on the decline, and the price rallied again to 99 5/8, leaving a loss of just an eighth for the day. Twin City responded further to the practical certainty that there would be no change in the dividend rate, and its stock was off to another point to 106, a loss of 2 1/4 since Monday.

Tickets and Maple preferreds were all slightly down, but Maple Leaf, Packers, Cannera, Toronto Paper and Dominion Iron showed marked firmness and wound up at their highest prices. Packers rose to 160, a new high record for the movement, and Maple Leaf at 63 3/4 was at its highest level since October last.

MARKET CHEERED BY BALKAN WAR NEWS

Consols Moved Up in London Exchange and Whole List Improved.

LONDON, Jan. 29.—The report that Turkey is willing to make concessions to the allies checked continental markets and imparted a better feeling to the dealings on the stock exchanges today. Consols gained an eighth and Rio Tinto and other Paris favorites hardened steadily.

NEW STOCK ISSUE BY DOMINION BANK

Shares Will Be Offered at Double Par—Two New Directors.

At the annual meeting of the Dominion Bank yesterday announcement was made that the directors had authorized a new stock issue which would be offered to the stockholders at \$200 a share, thus bearing out the exclusive announcement made in these columns yesterday.

CRITICS ARE BUSY OVER MOVE IN CAN

Erickson Perkins & Co. (J. G. Beatty) wired: Nothing new developed to explain the 15 point rise in American Can common since early this month.

MACDONALD SHARES RUN UP ON THE CURB

Macdonald was run up over a point to 61 7/8 on the curb yesterday, which compared with 60 1/4 at the close on Monday. The movement was viewed as a preliminary spurt to the listing of the stock, which is expected any day now.

UPS AND DOWNS IN GILT EDGE ISSUES

Last Year Saw Violent Fluctuations in Bonds of the European Governments.

In the big capital markets of the world the year 1912 was remarkable on account of the wide and at times remarkable fluctuations which occurred in the gilt-edged securities, such as the bonds of the European and other governments. It will be remembered that prior to the Balkan war the shrinkage in values of these issues, especially British consols, attracted much attention and comment.

BLIND POOL FORMED IN WALL STREET

Syndicate Will Have Cool Million to Speculate With and Two Millions More in Reserve.

The Wall Street of these halcyon days seems far removed from the Wall Street of seven years ago, when speculative activities were at their maximum; yet every little while something arises that evidences the fact that the speculative spirit is not entirely abated.

LONDON BANKERS ARE FEELING THEIR WAY

LONDON, Jan. 29.—During the first ten days of this month London houses offered securities aggregating \$48,000,000, much smaller sums than the corresponding period of any recent year.

PLAN TO INCREASE COMMISSION RATES

LONDON, Jan. 29.—The committee of the London Stock Exchange has issued a list of amendments to recent new rules on commissions, subject to confirmation on Feb. 12.

LIVERPOOL GRAIN EXCHANGE

LIVERPOOL, Jan. 29.—The market opened slightly under pressure with prices unchanged to 4d lower and following March leading. There were larger and more varied offers than in previous forecasts received here.

WORLD'S VISIBLE WHEAT SUPPLY

During the past week the world's visible wheat supplies have decreased 1,715,000 bushels, according to Bradstreet's figures. Corn has increased 1,715,000 bushels and Buenos Ayres at the close was 1,715,000 bushels.

STANDARD STOCKS UNDER PRESSURE

New York Market Was Inclined to Heaviness With Some Firm Spots.

BEARS RENEW ATTACKS

Steel Report—Not Regarded as Satisfactory—Bill Movement in American Can.

NEW YORK, Jan. 29.—Gains made among the standard stocks on yesterday's rise were considerably reduced today. Apparently the most pressing requirements of the demand fell off, with a resultant weakening in market values.

HIGH-GRADE ORE AT CASEY COBALT

New Shaft Connected With Lower Level of Mine—Mill Makes Good Average.

COBALT, Jan. 29.—The new shaft at the Casey-Cobalt mine has been connected up with the 350 foot level. A surface tram leads from the new workings to the mill, some 850 feet north, but the grade is good and while it is further away than the old workings, it will not inconvenience the working in any manner.

HERE'S SURE SIGN OF OUR PROSPERITY

Bank Clearings the Vital Statistics of the Nation—Year Off to a Good Start.

From all present indications, the year 1912 will prove a more prosperous one in the Dominion and across the border than did the preceding year. The showing in such "vital statistics" as the bank clearings is very encouraging.

T. AND H. B. MINE STARTS YEAR RIGHT

COBALT, Jan. 29.—The directors of the Timiskaming and Hudson Bay Mines have declared a dividend of 300 per cent, payable Feb. 23. This is No. 45 and makes a total of 22,300 per cent declared by the company to date.

BID FOR BIG BLOCK OF PEARL LAKE SHARES

Some of the big fellows are evidently accumulating Pearl Lake in anticipation of the cutting of the big vein on the company's property at the 600 foot level.

SIX-INCH VEIN AT GOWGANDA PROPERTY

COBALT, Jan. 29.—Between five and six inches of high grade ore has been opened up at the bottom of the winze on the 110 foot level of the Gowganda property.

MONTREAL GRAIN AND PRODUCE

MONTREAL, Jan. 29.—Owing to the advance in prices for wheat in the Winnipeg market business over the cable was very quiet, as foreign buyers did not respond to the strength here.

WETTLAUER MINES NEAR END OF TETHER

Unless something turns up for the Wettlaufer Lorrain Silver Mines, the company will apparently reach the end of its tether pretty quickly.

C. P. R. WEAK AT MONTREAL

Reached Low Level For Recent Movement—Market in General Quiet.

MONTREAL, Jan. 29.—Dealings on the local stock exchange fell away to small proportions today, with what movement there was to prices narrow and uncertain.

UPTURN IN PEARL LAKE GOES FURTHER

Porcupine Stock Continued Its Remarkable Spurt Toward Higher Price Level.

MARKET IS IRREGULAR

Big Cobalt Dividend Payers Are Showing Their Heels—Some Weakness Evidenced.

SHOULD CUT VEIN LATE THIS WEEK

Pearl Lake Already Has Stringers From Vein at Bottom Level of Mine.

TWO NEW DIRECTORS FOR PEARL LAKE CO.

At a meeting of the directors of the Pearl Lake Gold Mines Limited, held at the office of the company in the Standard Bank Building yesterday, the resignations of J. E. Wright and J. H. Kruger as directors of the company were accepted.

TO LIFT CHARTERED OUT OF THE HOLE

It was reported in mining circles yesterday that the Crown Chartered Mining Co. would be taken out of liquidation and reorganized by the Heffernan and Henshaw interests of Montreal.

CAVEAT EMPTOR

A sequel to the incoming of public rest into the mining markets and the subsequent sharp advances in the values of many of the favorite stocks is to be found in the picking up of the so-called "dead" and "dying" stocks.

NEW TIMISKAMING DIRECTOR

The board of directors of the Timiskaming Mining Co. has been increased so as to include seven instead of six directors, and Mr. William Carruthers of Toronto is being elected to fill the seat created thereby.

Public Demand for Floating Stock Unabated—Near Lake 46

STRENGTH IN CORN FEATURES MARKET

Advance at Buenos Ayres Cave Fillip to Quotations—Wheat Also Firm.

CHICAGO, Jan. 29.—Wheat and corn advanced in helping each other today, but the latter was the stronger at the close. Oats gained slightly, while provisions declined.

Wheat dipped early on easy cables, but shorts raised the price up later until a variety of influences. The north-west reported deliveries light, the view being that the supply of wheat for the year for primary receipts was under the average of the previous week, and the foreign authorities issued a bullish forecast of probable European requirements, remarking that Russia and Roumania are short of wheat before spring. The closing corn strength was an added bullish factor.

The close was 1-4 under the top and 1-8 below the previous close of 1-10.

Clearances of wheat and flour equalled 910,000, while primary receipts of wheat were 881,000 against 518,000 a year ago.

Argentine Corn Damaged. Argentine news again held the centre of the stage in the consideration of the corn market. Buenos Ayres advanced an extreme 2 cents and 1/2 to 1/4, and the local market inclined to follow it, that led to a corn market that had suffered visible damage. The wheat strength in mid-session, helped corn here, but later took the leadership itself. Primary receipts were 300,000 bushels under those of a year ago. Important shorts were the best buyers and the close was within a shade of the top.

Oats were dull, with closing 1-8 up with corn. Spot advanced 1-4 in the sample market.

Provisions opened easy, but advanced early on buying by commission houses, of which grain houses did the most. Prices eased off toward the close on selling credited to packers.

ST. LAWRENCE MARKET.

Receipts of farm produce were 500 bushels of grain and 40 loads of hay. Prices for both grain and hay were reported unchanged from yesterday's quotations.

Egg Prices. Strictly new-laid eggs are selling in case lots at 27c to 28c. Cold storage eggs are almost unobtainable at 27c per dozen.

Grain. Wheat, new, bushel, \$1.05 to \$1.07. Wheat, common, bushel, 95c to 1.00. Barley, bushel, 85c to 90c. Oats, bushel, 55c to 60c. Rye, bushel, 65c to 70c.

WHEAT AND FLOUR.

Manitoba wheat—No. 1 northern, 95c; No. 2 northern, 92c; track, lake ports; feed wheat, 65c, lake ports.

Manitoba flour—Quotations at Toronto are: First patents, \$5.30, in cask 10c more; second patents, \$4.80, in cask 10c more; strong bakers, \$4.80, in cask.

Eye—No. 2, 75c to 75c per bushel, outside, nominal.

Peas—No. 2, \$1.15 to \$1.20; nominal, per bushel, outside.

Buckwheat—51c to 52c, outside, nominal.

Barley—For malting, 60c to 65c (47-1b test); for feed, 40c to 50c, outside, nominal.

Corn—No. 3 yellow, 55c, track, Toronto, all rail shipment.

Millfeed—Manitoba bran, \$19 to \$20 per ton; shorts, \$22 to \$23; Ontario bran, \$19 to \$20; in bags, 10c to 15c, car lots, track, Toronto.

Ontario flour—Winter wheat flour, \$3.05 to \$4.05.

Toronto Sugar Market. Sugars are quoted in Toronto, in bags, per cwt., as follows: White granulated, St. Lawrence, \$4.60; do, headlight, \$4.55; Imperial granulated, \$4.45; No. 1 yellow, \$4.35; in barrels, 10c per cwt. car lots, 5c less.
