

# Wilson is Optimistic Over Whole Situation

## Change of Attitude by Carranza and Villa, and Failure of Federals to Attack Vera Cruz, Changes Complexion of Things,

Special to The Toronto World.

WASHINGTON, April 24.—There was a short sharp skirmish this afternoon between United States cavalry and Huerta troops along the Rio Grande in the vicinity of Laredo, Tex. There were no casualties reported. There were two casualties added to the already big list of killed and wounded among the United States forces at Vera Cruz, bringing the total killed up to 17, and the wounded to 70.

Brigadier-General Funston and his brigade of infantry got under way this afternoon for Vera Cruz. Cavalry and artillery ordered despatched to Vera Cruz last night will leave in a few days whenever transports can be chartered.

There were continued disturbances along the Mexican-Texas frontier, causing General Bliss, commanding the border patrol, to shift his guard.

Wilson is optimistic. The president feels more optimistic

regarding the whole Mexican situation. This is due to the change of attitude on the part of Carranza and Villa and the failure of the Huertistas to attack Vera Cruz.

Secretary Bryan is expected to receive within the next twenty-four hours a new note from General Carranza informing the Washington Government that his first declaration was not intended to be construed as threatening, and that there is no danger of the revolutionists opposing the United States unless a further invasion of Mexico occurs.

Still waiting.

The president is to maintain a waiting policy, now that he has secured his hold on Vera Cruz. He and his friends announced today that it was the intention of the Washington Government to assume an aggressive attitude.

From what can be ascertained in high official circles, President Wilson will not take this opportunity to force the abdication of Huerta.

If he can, by keeping possession of Vera Cruz, starve Huerta financially and thus force him out, the president will do so, but he will not take any aggressive action in that direction.

# YORK COUNTY AND SUBURBS

## NORTH TORONTO

With the exception of annexation, no question has confronted the residents of North Toronto in the last few years more so than the new sewerage system that has been proposed for the district. The North Toronto Ratepayers' Association has been grappling with the matter since the system was first outlined by Commissioner Harris, and various opinions have been expressed by the ratepayers as to its necessity. While many of them hold that the present system is quite adequate for the district, still there are those who believe that the future of North Toronto demands a system such as in other parts of the city. A few days ago a conference was held between the ratepayers and the city officials, when the full details were explained, including the question of taxation, and these matters will be laid before the ratepayers this evening at a very important meeting of the association in the old town hall.

The meeting promises to be one of the largest ever held by the association, and the ratepayers will make definite their attitude in regard to the matter.

## WESTON

The appeal of George B. Moogk against the decision of the court of revision regarding his assessment came up before His Honor Judge Coatsworth at the town hall yesterday morning.

Mr. Gibson of the firm of Douglas & Gibson, barristers, acted for Mr. Moogk, Mr. G. Howard Gray, the village solicitor, acting for the municipality.

The judge reserved judgment until Monday next at 10 a.m. at his chambers.

The convocation of Queen's College, at which the Rev. J. W. H. Milne, B.A., the pastor of Westminster Presbyterian Church, Weston, will receive the degree of doctor of divinity, will take place on Wednesday next.

## WARD SEVEN

On the recommendation of Dr. Albert Ham, the pastor, Rev. J. Puleston Roberts, and church wardens have appointed Mr. Edward Wodson chairman and organizer of St. Jude's Anglican

Church, Roncesvalles avenue. Mr. Wodson comes from Manchester, England, where he did a great deal of musical work amongst chorals and operatic societies, in addition to his church duties.

It is Mr. Wodson's ambition to make the service of St. Jude's second only to that of St. James' Cathedral. He is well versed in all that is best in the English church service in the old land, and it is his intention to specialize in vocal production and singing, having had wide experience in this branch of the art.

The vestry of St. Jude's will welcome the new organist and choirmaster at a special banquet.

## ELOCUTION CONTEST

Toronto Junction Council, Royal Templars of Temperance, held a silver medal elocution contest in St. James' Hall last night, when six young ladies, all members of the local council, competed for a medal presented by their fellow members. Aid. Frank Whetter occupied the chair.

The Wardale Club held their annual at home last night in the Annette Street Masonic Temple assembly hall. About 100 couples were present.

## EARLS COURT

The following officers have been elected by the Young Men's Club of St. David's Presbyterian Church, Earl's Court, Weston, at their annual meeting, held at the Earl's Court, Weston, on Wednesday last.

Hon. president, Robert Bennett; president, Charles Russell; vice-president, J. Stewart; secretary, A. Factor; treasurer, J. Stewart; chairman of the devotional committee, R. Diehl; chairman of athletic committee, E. Jenkins; chairman of house committee, George Spencer; musical director, T. Church.

The executive committee of the Earl's Court B. I. A. will meet on Monday evening next at the residence of F. Furnival, 84 Gladstone avenue, at a Sunday church parade, for the benefit of the hospitals, the Coal Club scheme and the celebration of Empire Day, will be discussed preparatory to the general meeting.

## WESTON

There will be a mass meeting of Weston ratepayers in the town hall on Monday night, for the purpose of discussing the complaints made against the sewage disposal system recently installed. The members of the council intend to lay all the facts before the people. Sewer work on Main st. has been stopped and an order issued that laterals must be installed, as they are applied for to the clerk.

## AUTHORITIES MAY DEPORT BIG BAND OF GIPSIES

Immigration Officials Meet Today To Make Necessary Arrangements.

The police authorities have received instructions from the Canadian immigration officials to locate the large band of gypsies that have been making themselves obnoxious of late to the people of this province. A few days ago they were in the vicinity of Stouffville, where their presence was resented by the residents, and they were forced to leave the village. It is thought that they are making their way to Lindsay.

The immigration officials will meet today with a view of having them deported.

## OVERTURES OF HUERTA REJECTED BY REBELS

Constitutionalists Will Not Make Common Cause Against United States.

Canadian Press Despatch.

NOGALES, April 24.—Formal overtures from the Huerta forces to the constitutionalists to make common cause against the United States have been rejected by the constitutionalists.

The communications were exchanged today between General Jacinto Torres, one of Huerta's intimate friends and prominent generals, and General Obregon, constitutionalist commander in the State of Sonora.

J. A. CORRIVEAU.

DRYSDALE, Ont., June 15th, 1913.—"I am a general storekeeper at the above address, and on account of the great good I have experienced from using 'Fruit-a-tives', I recommend them strongly to my customers. They were a great boon to me, I can tell you, for about two years ago I was laid up in bed with vomiting and a terrific pain at the base of my skull. The pain nearly drove me mad. Doctors feared it would turn to inflammation of the brain, but I took 'Fruit-a-tives' steadily until I was cured. I have gained fifteen pounds since taking 'Fruit-a-tives' and I verily believe they saved me from a disastrous illness."

# VILLA'S NEED

(Continued From Page 1.)

many other visitors. To J. T. McClammy, his cattle agent on this side of the river, he said:

"It's that little drunkard, Huerta's, fight. Let him fight it. I wish I had 10,000,000 cartridges right now. I'd march into Mexico City without a stop."

Note: Misunderstood.

Villa said Carranza's note had been misunderstood, and that the first chief was as friendly as he was to the United States. Roberto V. Pasquerra and other Carranza representatives here said an idiomatic expression in common use in Mexico was literally interpreted in the translation of Carranza's note to Secretary Bryan last Wednesday.

The translation made Carranza say that he had desired to avoid war with the United States "until" today.

"As a matter of fact, the expression meant that although his friend, the United States, had done a wrongful act and had thereby injured him (Carranza), he desired to avoid war, and always desired to avoid it," explained Pasquerra.

"I frankly took the position that he would like to avail himself of what is in effect aid from the United States forces to prosecute his campaign. His wish for 10,000,000 cartridges, however, could not be gratified today, as the embargo was on again, officially this time, and five rapid riflers which were brought to Orizaba, and concentrated there, were given to understand that the embargo was temporary, and he said that he acquiesced in the measures taken to relieve the strain of present relations.

Traffic to Juarez was again closed tonight.

El Paso the troops remained in the city, reinforced by the arrival of Battery B of the 3rd Field Artillery from San Antonio, but there was a visible reduction in the temperature of the political atmosphere.

## Cut This Out

Famous Specialist's Recipe for Catarrhal Deafness and Head Noises.

If you know someone who is troubled with head noises, or catarrhal deafness, or tinnitus, or ringing in the ears, and you will have been the means of saving some poor sufferers perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint, and seldom, if ever, effect permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own homes at little expense.

Secure from your druggist 1 oz. Parmitin (double strength) bottle for work. Take this home, and add to it 4 pint of hot water and 1 oz. of moist or granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first effect of this treatment is the disappearing of the most distressing head noises, headache, dizziness, cloudy thinking, etc., while the hearing rapidly improves. The patient is invigorated by the tonic action of the treatment. Loss of smell and mucus dripping from the nose, and other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh, therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or tinnitus in any form should give this prescription a trial. There is nothing important in ordering Parmitin always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 50c to the International Laboratories, 71 St. Antoine street, Box 1240, Montreal, P.Q., who make a specialty of it.

# REIGN OF LAW AT VERA CRUZ

## Efforts Made by Invaders to Have Mexicans Continue Civil Administration.

Canadian Press Despatch.

VERA CRUZ, April 24.—Five divisions of the civil administration were organized today—police, sanitary, harbor, finance and customs. An effort was made to secure Mexicans as the heads of all the departments. This was found to be impossible, at least in two departments, and American officers were assigned to the posts.

They are Lieut.-Commander MacNeely of the battleship Louisiana, who was appointed chief of police, and the fleet paymaster, who was made collector of customs.

An effort is still being made to secure Mexicans as the heads of the other departments, but if this is found to be impossible Americans will be placed in charge of all of them. An American will be made inspector over each department headed by a Mexican.

Under the civil administration an inspector will act as judge advocate in murder cases in which Americans are involved, and also in cases of crimes which have to do with the attitude of residents of Vera Cruz toward the United States. The police provisions call for a continuance of the patrol of Americans, altho the Mexicans have been invited to cooperate in the organization of a native force. The customs receipts, it is said, may be placed to the credit of the United States.

## OFFICER REPORTS AMERICANS SAFE

Warship Arrived off Ensenada and Creates Consternation Among Garrison—Troops Mustered.

Canadian Press Despatch.

WASHINGTON, April 24.—Safety of Americans reported to be menaced by Mexicans at Ensenada, on the west coast of Mexico, was reported to the navy department tonight in a relayed wireless despatch from Lieutenant Jensen, commanding the monitor Cheyenne, reporting his arrival off Ensenada.

The Mexican garrison and populace were greatly excited by the appearance of the American man-of-war. A navy department statement tonight said: "Troops (Mexican) were hurriedly stationed to resist an expected landing, and four field guns were brought to bear. Lieutenant Jensen says the commanding general has guaranteed the safety of Americans, and as an additional precaution the American consul yesterday sent all Americans to plantations five and ten miles down the coast. He reports that fifty American desire transportation north. Telegraphic communication was interrupted, and additional troops are being enlisted by the commanding general."

# FEAR UPRISING IN CANAL ZONE

## Governor Goethals Has Placed Panama on a Strictly War Footing.

Canadian Press Despatch.

PANAMA, April 24.—Col. George W. Goethals, governor of the Panama Canal zone, today issued orders placing the canal zone on a strictly war footing. He instructed Major Gerhardt, commanding the 10th Infantry, to send two companies of infantry to patrol the Miraflores and Pedro Miguel locks. The soldiers were given 100 rounds of ammunition each, and will camp near the locks.

The operating machinery of all the locks will be securely locked and the keys placed in the possession of Col. Goethals.

It is understood that coast artillery companies will be distributed among the fortifications on Flamenco and Culebra islands, at the Pacific end of the canal, and also at Toro Point and other forts at the Atlantic end.

The action of Col. Goethals is believed to have been the result of anti-American sentiment contained in the fly sheets, which were making their appearance in the streets of Panama, and also expressed editorially in El Diario, which is strongly pro-Mexican.

## MEXICANS TO UNITE AGAINST INVASION

Senor Algara Declares Countrymen Will Resist Intervention of States.

"A united Mexico will face intervention on the part of the Americans," said Senor Don Angel Algara Romero de Terreros, charge d'affaires of the Mexican embassy in Washington, at the King Edward Hotel last night. He said that he was too exhausted after his long journey to discuss the affairs of his country, but declared that every loyal Mexican regardless of political partisanship would rally around Huerta's standard as soon as the troops of Uncle Sam invaded their territory.

## Seven Were Taken From Train by Federals and Carried Off.

(Continued From Page 1.)

J. O. Schneider, J. D. Longston, C. D. Harrison and wife and children, and Mr. and Mrs. George McComber, an indirect communication was received today from Mexico City said that a mob attempted to burn the terminal of the Mexican railway, but was prevented by President Huerta's troops.

The Mexicans are confiscating all the locomotives and rolling stock of the Mexican railway, and concentrating them at Apizaco, an hour's run south of the capital. All the engineers of that line have been held and sent to Orizaba. The train despatcher at Orizaba was arrested but released later and told to leave.

Lieutenant as Magistrate.

Police court affairs in Vera Cruz were administered today by a naval lieutenant, who was kept busy hearing the cases of Mexicans who had been picked up by the patrols or arrested during the recent fighting. He proved to be a lenient magistrate, much to the surprise of the Mexicans, many of whom believed the terrible "gringos" would order their execution.

Thomas B. Hohler, the British charge d'affaires, who had charge of the train which brought the refugees from the capital here last night, intended to return to the capital tonight. The British cruiser Herminion, which is a neutral vessel, has been engaged in the removal of Americans from Tampico, reports that only a few are now there.

## FEELING IN MEXICO IS STIRRED TO HIGH PITCH

Canadian Press Despatch.

LONDON, April 25.—The Times' correspondent in Mexico City in a despatch published today says: "The indignation of the Mexicans at the aggressive action of the United States is increasing, and I observe a firm determination on their part to fight for their flag and liberty. Demonstrations in support of the government are being held day and night."

## GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyley's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. ## MRS. O'SHAUGHNESSY ATTENDED WEDDING

Wife of U.S. Representative at Mexico City Was Prominent Guest.

Canadian Press Despatch.

MEXICO CITY, April 24.—A painful impression was caused by the daring appearance of Mrs. Nelson O'Shaughnessy, wife of the American charge, at the wedding of President Huerta's son. During the ceremony Mrs. O'Shaughnessy sat immediately beside Senora Huerta, and in the procession had the arm of the commander of the rural guards.

This morning when Mexico City awoke it was surprised to find the statue of George Washington not on its pedestal, but at the foot of the statue of Benito Juarez, a national hero.

## CURED OF DIABETES

Read the following unsolicited testimonials of former sufferers from Diabetes, who have been quickly and completely cured by SANOL ANTI-DIABETES.

From a patient in Ashville, Man.:

"I began taking SANOL ANTI-DIABETES with the result that in a few days the urinalysis showed no sugar whatever. There is no question in my mind regarding the virtues of Sanol Anti-Diabetes, and I feel that a great blessing has been conferred upon suffering humanity by the discovery and use of this medicine."

From a patient in Winnipeg:

"I was afflicted with Diabetes for about five years, tried about everything, but got no relief. After taking eight bottles of Sanol Anti-Diabetes was completely cured. In fact, the sugar disappeared in two weeks and no trace since."

From a physician in Toronto:

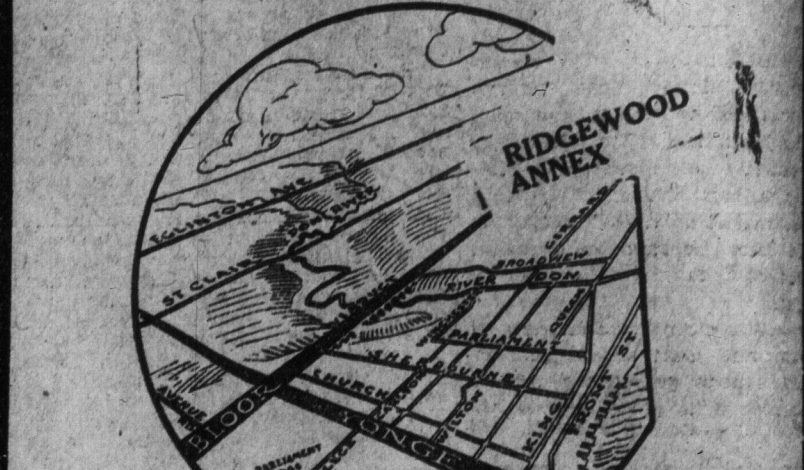

"I have treated a patient with your Diabetes remedy. The result was nothing short of marvelous. No return of sugar. Gain forty pounds in weight, and perfect health and strength. Am indeed grateful."

## SKYSCRAPER FOR ADELAIDE CORNER

Excelsior Life Assurance Company Finishing Plans for New Home.

## TO BE TWELVE STOREYS

Tenants Receive Notice to Move — Will Cost Half Million.

Plans are now practically complete for the Excelsior Life Building, to be built on the northwest corner of Toronto and Adelaide streets. It was originally proposed as a ten-story structure but has been enlarged to a twelve-story building to cost at least a half million dollars.

At present the insurance company is located on Victoria street, in the area to be taken in for the enlargement of the general postoffice and a move was imperative when the government's plans were announced. The site plans were announced last December when the tenants who are being forced to move from the property is R. M. Melville, who has secured a lease on ground floor space in the Canada Permanent Building recently occupied by Smith, McKenzie & Hall.

Speaking to the World yesterday, an officer of the Excelsior Life said that tenders for the construction of the building would be called in a few weeks, and by the 1st of July demolition work of the present structure would be completed. He stated that the company had not taken over the property on Toronto street, to the south of the corner, as announced, but explained that several leases had long expired to run, and as the building was needed as soon as possible it was decided that this property would not be built on.

## MUSICAL IN NEWMAN HALL.

A musicale will be held this afternoon in Newman Hall, 97 St. Joseph street, the hostesses being Mrs. Amahop and Mrs. J. McCarron. ## NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves.

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neurasthenia, St. Vitus' dance, epilepsy and other forms of nerve troubles are more numerous than at any other time, a blood-making nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless. The system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring cure as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfailingly bring new health and strength to weak, tired and depressed men, women and children. Sold by all medicine dealers or by mail for 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Don't Be A Goop!

## AND NOW WE HAVE THE TANGU CURL.

'Tis a Little Lock of Hair, Curled and Pressed Hard Against the Cheek.

There is a new Raglan coat fashioned along the lines of the English Balmacean sports coat, effectively designed in polo cloth, covert, or heavy serge. It is practical, serviceable and extremely chic, showing the flare skirt effect, large atch pockets, loose raglan sleeves and roll collar. Worn over a rough, large check, waistcoat, or even used as a wrap for light frocks it is equally attractive.

For tailor wear, salons are much in vogue, the "jockey" — a very new type turban. The brim of the jockey sailor tapers toward the back and the stopping crown is banded with ribbons, richly brocaded with velvet roses. The newest Watteau models also call for exquisite ribbon and floral decoration. Are not these the most alluring things that Dame Fashion is fast becoming reconciled to the absence of the one-time popular cigarette. With such extreme varieties ruling in the millinery world, the coiffure, too, must necessarily be subject to a varied treatment. For the straight brimmed sailor or the hair must be drooped over forehead and ears, but simply dressed at the back. But the donning of the "dresy" hat permits a marvelous display of the fashionable new combs, pins and barrettes, so richly thrust into softly waved tresses. Where the coil is high the ear lobes and a little of the forehead again come into view, but without the presence of the tangoette curri.

Never did one word fulfil so many requirements as that one word tango! The dance has not only influenced the dress of the entire universe, but now, by taking a lock of hair, curling it and gluing it to the cheek, your very own hair becomes tango. Hair styles borrowed from all eras, some of the most popular including the early Victorian-coiff, the Spanish head-dress, the Casque tango, the double pompadour. The pompadours are no longer stiff, but are drooping and lower. Curled bangs are much in evidence and broad jeweled bands are used to divide the pompadours.

## EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

### QUICK BREADS

QUICK breads are distinguished from yeast bread mixtures that require a long time to prepare. They include biscuits, muffins, popovers, griddle cakes and the like.

The most popular of breakfast breads are popovers. The recipe for six is one cup of flour sifted with fourth of a teaspoon of salt, two eggs, white and yolk beaten separately until very light, one cup of milk.

Set the popover cups on the stove to heat while you mix the batter. Sift the flour and salt into a bowl; make a well in the centre and add the eggs and milk. Stir, with gradually widening circles, until the batter is smooth. Butter the cups or tins and make thirty minutes. The oven heat should be gradually increased from the time the popovers are put in until they are well risen, when they should be baked evenly until done.

To grease baking cups, tins and rings, use a pastry brush kept especially for this purpose; this gets into all the corners as a cloth cannot. Popovers are expanded by the action of heat on the liquid and air pockets in the beaten eggs. Muffins and biscuits are raised with baking powder or with soda and sour milk.

Learning the proper mix, but more important is it to understand the nature of the articles used. Eggs give richness to mixtures and when they are well beaten, they take the place of other leavening agents. Fat shortens all flour mixtures; take the place of the finest flour, but best suited, serves equally well for many things. Lard is too greasy for delicate breads. A shortening mixture of beef suet and lard can be mixed at home and always gives satisfaction.

Recipe for biscuits: Sift three teaspoons of baking powder into two cups of flour, add salt, then rub one tablespoon of shortening into the above, or cut it in with a knife. This mixing should make the flour and fat look like coarse meal when nicely done.

Pour about three-fourths of a cup of milk into the mixture and mix gently until all is slightly moistened. Turn the mass on a floured board and pat out into an inch sheet with the hands. Cut into rounds with a biscuit cutter. Bake twelve minutes in a hot oven.

Richer biscuits are made by adding more butter. If a glossy top is liked brush each biscuit over with egg and milk before baking. A study of baking powder will help anyone with the work of baking, but sometimes it is sprinkled into the mixtures after all other ingredients are in. Degrees of heat for baking can only be learned by experience.

Plain muffin recipe: This is precisely like the recipe for tea biscuits except the shortening is melted in the milk and then both are cooled. Enough milk is added to make a drop batter instead of a dough.

Egg muffins are made in the same manner as above except two or three beaten eggs are added to the milk and melted butter. The muffin pans must be hot and well buttered when the batter is poured in.

## GOOD WORK DONE BY CAMERA CLUB

Opening of Eleventh Salon Calendered for Monday—Gold Medal to Holland Amateur.

The president, officers and members of the Toronto Camera Club have announced the opening of their eleventh salon, to take place in the club rooms, 2 Gould street, April 27 to May 2, inclusive, and have also invited a number of prominent artists and press representatives, at which 444 prints, showing what amateur photography can accomplish, were shown. The club has represented the work of one individual, unassisted, of the 764 prints submitted, 237 were from Canada, 237 from Great Britain and 121 from European countries. G. A. Reid, principal of the Ontario College of Art; G. E. H. McDonald and P. H. Lee, past presidents of the Toronto Camera Club, were the judges who awarded the gold medal to A. S. Weinberg, Groningen, Holland.

Also a silver and a bronze medal were awarded to each of the following classes: A, landscape; B, portrait; C, genre; D, marine. The prints comprise the best selection of work that has ever been exhibited under the auspices of the club since its organization in 1887. The landscape prize was exceptionally fine, silver medal going to a study of a plowman and his horses that resembled a handsome painting. The portraits were particularly worthy for their simplicity and naturalness of pose.

The study of "An Old Lady," which captured the gold medal, displayed the true beauty of wrinkles multiplied by smiles and happy thoughts.

## C. F. A. WILL ESTABLISH CENTRAL MEDICAL BUREAU.

A result of the twentieth congress of the Canadian Fraternal Association will be the establishment of a central medical bureau, to deal with rejections and impaired risks. In this way a man who has been rejected by one society will not be able to put another society to the expense of an examination.

The officers elected for the coming year were: President, Dr. John Ferguson; vice-president, Dr. W. S. Hartigan; secretary-treasurer, W. J. Montague; counsellor, Lyman L. Lee, and medical secretary, Dr. Milman. John H. Bell, the retiring president, was made the recipient of a handsome Morris chair.

## WILD FLOWERS

CONDUCTED BY RACHEL R. TODD

### False Solomon's Seal

Smilacina Racemosa. "With costly spikenard, and with tears,"—Tennyson.

The False Solomon's Seal is one of our commonest wild flowers, well known to quite a few of the school children. The name is given to it because of its close resemblance to its cousin, the True Solomon's Seal, although to be sure, it does not possess the characteristic root of polyanthus biflorum, nor the greenish, lily-of-the-valley-like twin flowers from the leaf-axils.

False Solomon's Seal is often called wild spikenard because its terminal cluster of small, white flowers, faintly fragrant, resemble the blossoms of that ancient plant, the spikenard, of Bible fame.

By its terminal blossoms, by its zig-zag, slender green stem, not unlike that of the well-known "Wandering Jew," by its long, fleshy, white root-tubers, on north hill-sides, growing barely ten inches high, you will find either one or other of these two members of the lily-of-the-valley family.

As a rule, the True Solomon's Seal blossoms a few weeks earlier than the False Solomon's Seal. As in the former case berries are formed after the blossoms fade away, in this case, the berries being round, pale red, speckled and aromatic. These form rather late in August. Do not forget that the berries of the True Solomon's Seal are deep blue-black. "By their fruits shall ye know them."

Do not disturb or pull off any withered stalks left over from last fall. Those should have been cut down last fall. Try to pull these dead stalks off, now. The result will be that a fine fat red flower-bud is sure to be pulled up as well. And plenty of moisture for those peonies, all year this month. Do not disturb or pull off any withered stalks left over from last fall. Those should have been cut down last fall. Try to pull these dead stalks off, now. The result will be that a fine fat red flower-bud is sure to be pulled up as well. And plenty of moisture for those peonies, all year this month.

## Be Careful of the Perennial

I think this talk must be a talk on "Don'ts," because just now there are so many things a beginner and those who were beginners last year, must not do when commencing their work for the spring.

For instance, if you want your bed of lily-of-the-valleys to flower well this spring (or indeed to flower at all), do not disturb one single root. After the blossoms have withered you may follow the instructions for transplanting that will be given later.

It is interesting to note that in both cases the blossoms are visited by bees, flies, and several varieties of small insects, while late in summer the birds feast upon the red speckled berries of the one and the blue-black berries of the other. Thus are the seeds of both plants scattered, the

plant that empty bulb bed air well, turning over every bit of soil before planting fresh stock in it.

Do not disturb your irises if full bloom is wished for this spring. Afterwards, divide your iris clumps into single roots, to obtain more and larger bloom next year, unless a clump effect is desired.

Do not let your borders of forget-me-nots remain too high out of the ground. Those forget-me-not roots have the strangest way of pulling themselves up out of the deep soil, and so exposing the short thread-like single roots, to a possible dry spell. And don't clear away all the apparently dead and blackened strands that look as if they have been charred in a hot fire. In a few days hundreds of brilliant young shoots will peep out of those black strings. Shake some fine soil over them.

Don't forget, also, while you are shaking this fine soil around, to take a good look at other perennials. You will be amazed to find quite a few roots that are almost out of the ground. Just try to worry out by yourself, when you have time, what made them come up in that fashion.

If your garden pinks look unkempt and straggly, and especially if they are sprouting all over the ground, they need to be well heeled up with plenty of earth around the roots. Don't attempt to pull them out much, because you will find many of the apparently healthy strands come right away in your fingers, because the stem has rotted off (thru improper protection from frost) just at the level of the soil. Don't throw that strand away. Plant it deep in the earth. It has no roots, of course, but that does not matter a bit, because in a week or so it will send out new roots.

Secrets of Health Your Eyesight Betrays Your Natural Vigor

By Dr. L. K. HIRSBERG A. B., M. A., M. D. (Johns Hopkins)

Do you ever feel sleepy while reading? If you do, your eye muscles need attention.

The very individual who, with absolute assurance, felt so convinced of perfect vision was not only cured of the headache by correct glasses, but she discovered to her amazement that she never knew what she had not seen.

Indeed, it is the better part of wisdom to go to three or four different "best" eye specialists when you have the least trouble with your eyes.

One of the young eye surgeons, with time, ambition and "the love of publicity," as his anxious, arrived elders called it, sliced off the cornea or clear part of a pig's eye, planted over the blind, bulging eye of the youngster, and lo! a miracle was performed.

What "best" eye doctors may do badly, some others, near "best," may do efficiently. Never give up until your eyes are nearly 100 per cent. perfect.

Oculists, however, are, even when too crowded with work, only in part to blame for uncorrected eye-muscle defects and disturbances of vision.

The eyes, like a Swiss watch, must be overhauled every six months.

If We Could Buy Brains By WINIFRED BLACK

Copyright, 1914, by Newspaper Feature Service, Inc.

I SAW them on a bill of fare the other day at a funny little restaurant—brains in any style. And I wished and I wished—wouldn't you?

She never fixes her mind on any one thing at any one time, and gets a done, decently and in order.

Scrambled brains, poor child, scrambled brains, and she thinks it's the fault of the man she works for or of the "system." Anything but scrambled brains!

My brain must be the kind that will obey orders. No moods and tenses for my brain, thank you. I'll let the geniuses get on with that sort of thing.

I want a brain that will work when I want it to work and not go and sulk in the corner somewhere and put a "not at home" sign on the door.

Every great was that was ever fought was begun by some man who muddled his brain—by thinking that what he wanted to do was right because he wanted to do it.

Never a thief sneaked through life without first making himself believe that what he was doing was right because he wanted to do it.

I have talked with hundreds of thieves and murderers in every prison from one end of this country to the other, and I never saw one of them not persuaded himself that he was a long suffering and much injured human being.

No scrambled brains—no "bossy" brain—no "meachin" brain for mine. Wouldn't it be glorious if we could only go somewhere and get them to order—really!

Mr. Nicholson has surrounded himself with an exceptional cast, which includes Josephine Dunfee, a Shaw Opera Co. and Lupine Lane, comedian, singer and eccentric dancer.

Other special features included in next week's bill are: Dane Claudius and Lillian Scarlett, Williams, Thompson and Copeland, Sylvia Loyal and Her Pierrot, Samaroff and Senia and the Kinetograph.

Loew's Winter Garden Next week's Winter Garden bill is exceptionally strong in head-lined features. Besides Hayden, Burton & Hayden, the favorite singing and dancing act of the Marcus Loew Circuit, there will be the Ruskin Acrobatic troupe, recently a feature with the Sarah Bernhard road show, the famous Nichols Sisters, black-face comedians and Snyder and Bookler, a funny instrumental team.

Other feature turns new to Toronto will be Ernest Anderson and Marie Burt in a new play, "The Last Supper," a two-act comedy, introduced at the Grand Theatre, and "The Call of the Heart," a dramatic play, introduced at the Grand Theatre.

Answers to Health Questions

J. D. K. Homestead, Pa.—My left leg bends forward. Knock-kneed is the name. I am 23. Is it too late to be operated on? Will you do the operation? I am willing to pay you well.

A very simple operation by one of your surgeons can straighten this with perfect safety to you.

E. J. S. Burney, Ind.—My wife has a small goitre since she had typhoid at 18. We have one son 5 years old. What would you advise?

If your wife is in good health and the goitre is small, do nothing radical. If this is not so, and the goitre is large, permit only the most skillful surgeons to operate upon her.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases.

F. L., Toronto. Could you tell me what is good for sore, itching feet? Can't sleep at night for the itching? Apply this mixture: Eucalypti rob. 1/2 drams; Resorcin, 1/2 drams; Ichthyol, 1/2 drams; Acid Tannic, 1/2 drams; Rose Water, one ounce.

W. S., Creemore, Ont. Caught cold in my right ear about three years ago, and have never been right since, and every time I catch cold it comes worse. What do you advise? I cannot hear sometimes.

You should have your tonsils removed, your nose and throat operated upon, and the whole air space widened. This will give the eustachian tube a chance to remain open.

M. G., Toronto. Have bleached my hair with peroxide. It is not a real blonde color. What can I do to take the effect of the peroxide off?

Most girls who make the mistake of bleaching their beautiful dark tresses ultimately regret it. There is nothing prettier than dark hair. Unfortunately it is not always possible to restore the lost pigment.

193, Toronto. What will help to brace up my shoulders? Exercises on a language suspended from a door frame, pushed up on top easily out of the way when not in use—swimming, "blending a crab" and Indian club swinging will all help.

Amy R. W. Is there a cure for chronic "catarrh" with an odor? If you will submit to proper operation by a nasal surgeon, the real cause may be found and removed.

F. S. M., Toronto. What is a remedy for excessive thinness? Eat all sweets, starches, oils, fats, greases, fatty fish, fatty meats, desserts, candies, pastries, soups, bacon, beans, potatoes, bread, sauces, dressings. Take two extra large meals after six in the evening.

J. P., Dartmouth, Canada. 1. What powder was it that you mentioned that will remove superfluous hair? 2. What causes plegm in the throat? 3. How can it be cured?

It is made by the Shaving Powder Company of Savannah, Ga., of mineral sulphides. Any frugiger will duplicate it, if you cannot send there. 2. Adenoids, large tonsils, nasal troubles, tuberculosis, and all sorts of bronchial troubles, heart disturbances, and the like. 3. This depends upon the cause.

P. J., Toronto. What is a cure for wind in the stomach? Have pains in stomach, before meals, relieved by eating.

Your home-made diagnosis is in error. Either there is an ulcer of the stomach, excessive acidity, or some picture made of back of hands. Take a tablespoonful of lemon juice, breakfast your heaviest meal, and take only tea and toast for supper. Have also the lightest of lunches. Take a tablespoonful of lemon juice, magnesium and bicarbonate of soda when those pains appear, and also much charcoal.

A Reader of The World, Hamilton, Toronto. Kindly advise about a skin trouble that has bothered me for about seven years. Before the trouble started, my skin got quite hot, almost burning, and a little itchy, accompanied with a prickly feeling. This trouble occurred only on exposed parts, face, neck, and back of hands. It spread around ears, and spreading to parts mentioned. Skin becomes inflamed in irregular patches, is not painful, and there is no discharge. The skin becomes cooler, in about a week's time from when it first appears.

You must make an experimental study of your diet, your habits, your bathing, sleep, exercise, outdoor life, and exercise. Wash with soap, eat, mustard, horseradish, heavy meats, soup, cabbage, sauces, dressings, sweets, coffee, tea, and drink only boiled water, when, buttermilk and plain foods. When the rash appears, stop eating. Phenol, one-half dram; Zinc oxide, two drams; Glycerine, two drams; Lime and Rose Water, three ounces.

New Malines Best for the Home Worker

By MADGE MARVEL

HOME milliners should understand the possibilities of maline.

Milliners, who teach thousands of women the art of hat making each year, all agree that the appreciation of this most excellent fabric as one of the fundamentals of millinery.

It ranks in the front of the list of "What Every Milliner Ought to Know," if I may paraphrase the play. Now that there is such a reaction against the use of feathers, maline becomes the most useful of fabrics for hat trimming, as well as for the hats themselves.

For example, there is the "plantain tree" where could one find a more attractive trimming where some height is demanded?

To make this, take a strip of satin-covered lace wire, and over it fold strips of maline, one thickness for each strip, pasting it in place. Make the middle come for the place where the wire is. This will give the eustachian tube a chance to remain open.

There are the smart malines and moire bows which are used with such effect at the back of hats. They are particularly good on the new high-crowned sailor hats which are so popular this season.

To make one bow requires a yard and a half each of ribbon and maline. Fold the maline in the center and lay the ribbon on the top. Run a double row of machine stitching between the ribbons and between the stitching run a center knot and cut the ends of maline and ribbon to form a not too pronounced bow.

Maline "stick-up" has generally superseded the feather on many hats. In making, use four or five thicknesses, and stitch them together on the machine, and run a wire between the stitching. Cut the ends of the maline into any device that pleases and use four or five in a cluster.

Rabbit ears seem never to go out of style. They are the simplest of all ornaments to make. They should be made of felt, and in any shape you like. Stitch them in shape on a sewing machine and turn them so the raw edges will be on the inside. Run a wire around them to keep them in shape.

Little bunches of maline fruit are a splendid means of using up scraps of maline. They are made by stitching a wire into the maline, and then stitching a small piece of maline around it. This will give the maline a chance to remain open.

Another excellent way to clean hair is by using a mixture of lemon juice and water. This will remove the dirt and grease from the hair, and leave it soft and shining.

Perhaps the little girl's white apron hat is simply copied. In that suitable for wearing in the woods, it may be cleaned in wood alcohol easily, and applied with a sponge.

Another excellent way to clean hair is by using a mixture of lemon juice and water. This will remove the dirt and grease from the hair, and leave it soft and shining.

The natural law of human life is, of course, that in youth a man shall labor and lay by store for his old age, and when age comes, shall use what he has laid by, and allowing himself more frank use of his store, taking care always to leave himself as much as will suffice for him beyond any possible length of life.

Ruskin. Sir Walter Scott regarded with reverence everything connected with antiquity. The influence of his poetic sentiment is discernible in his most trifling acts, in his tastes, his love of the arts, his social habits. As in the feelings of which we have been speaking was the truly chivalric sense of honor which stamped his whole conduct. We do not know that Hotspur's honor which is meant only by the drum and fife—though he says of himself, "I like the sound of a drum as well as a man's sword"—but that honor which is deep-seated in the heart of every true man, and which is as much a part of his manhood as his brain, or his heart, or his stomach, or his feet.

That evening the family assembled at the dinner table, and as was their custom before eating, each repeated a verse from the Bible.

"When Tommy's turn came, he said, 'What I say unto one of you, I say unto all of you, for I am the watchman of the watch.' The watch was forthcoming.

Five ounces of sea-salt. Enough boiling water to make a quart. Shake this until it is thoroughly mixed, always before using, and rub tired muscles before retiring.

Rolling them gently from side to side, looking down, then up, will help in making them steady. When you are tired and your eyes feel strained, go into your room and lie down and tie a bit of black silk in the hair and rest out all the light and heat.

Relaxation is the best beauty secret we can learn. It is the life-saver of youth. It is the secret of efficiency. Work while you work, and when you rest, rest all over.

Don't expect to strain and abuse your eyes and have them beautiful. The eye systems must be in good condition if the eyes are to be beautiful. Clogged eyes will never be clear.

Use your eyes if you would have them grow in beauty. Use them for the purpose they are intended to see with. Don't expect to strain and abuse your eyes and have them beautiful.

Even if the peace could be kept, there is no record that he stopped presenting his lovely features.

best are "The Hero and You're Here" and "Pippin" (by Little Doll). Don't Brian's dances de luxe are "The Heutrotz" and "The Maxixe," the Heutrotz waltz, and the Brian Tango. Matinee will be given Wednesday at 2.30. Seats are now selling for the entire engagement. The B.P.O.E. of the Dundas and St. George's will be in session here next week, will attend the opening performance.

The Call of the Heart It is good and refreshing these days to find a play that holds up the mirror to human nature and reflecting the most motives, the selfishness, the gross passion and the insidious moral weakness, to find a play that can go down in the depths of life, and come up clean and wholesome.

Mr. John Nicholson, who heads the cast, has won an excellent reputation for his dramatic play, "The Call of the Heart," a two-act drama, introduced at the Grand Theatre.

Pruning Rules for Rose Growers By May Eldredge

ROSES that were planted last autumn or recently will require some work close pruning this spring. It may seem a great shame to cut the shoots back so severely, but experience has shown that it is a wise thing to do.

Established rose trees do not need much close pruning, unless it is desired to grow flowers of exhibition standard. In such an event the object should be to retain only the strongest and healthiest shoots and to shorten them to three or four buds ("eyes"), so as to ensure not more than one good young shoot from each pruned growth.

THEATRES

Conservatory Annual

The Gayety

Barney Gerard's "Follies of the Day" 1914 Model, will be at the Gayety Theatre all next week. An all-star cast, headed by the popular Gertrude Hayes, is kept going at a lively pace through the entire performance for Barney Gerard, the author and owner of the show, like Gertrude Hayes, Hayes' diminutive first fire. One of the many features of this year's "Follies" is a travesty on that successful play, "Within the Law," which Mr. Gerard has written and christened "Without the Law."

Shea's Hippodrome

Fred Karno's comedy company of fourteen comedians and comedienne will be at Shea's Hippodrome, which will open Monday next. They will be seen in their latest laughing success, "A Night in San Francisco."

Useful Hints for the Housewife

By Ann Marie Lloyd

To keep cheese for some time, and prevent it becoming mouldy or dry, wrap it up in a cloth damp with vinegar, and keep it in a dish.

When making coffee sprinkle a little salt on the coffee before pouring on boiling water, and the flavor will be wonderfully improved.

To remove labels from bottles, wet the label with water and hold it over a flame for a second or two. The stickiness of the label is softened by the heat, and the label and contents can be removed.

If flowers have come by post, they will freshen up wonderfully if their stems are placed in hot water for a little while before arranging them in vases.

The most difficult of all stains to take out are those made by coffee. With care, however, the stain can be removed from the most delicate silk or woolen fabrics. Rub the mark gently with a little pure glycerine, then rinse it in lukewarm water, lay a cloth over the damp part on the wrong side, and press with a cool iron until dry. Do not wet more of the material than is absolutely necessary.

GERMAN AID SOCIETY HELD ANNUAL BANQUET

The German society celebrated their 15th anniversary on Thursday evening, April 23, by a banquet at the Toronto Liederkranz Hall. About one hundred members and guests of honor were present. A fine string orchestra and the Liederkranz Chorus furnished the music, and rendered songs, the latter mostly of the Volkslieder variety, were especially appreciated. President Mr. G. Stover, who was in the chair, proposed the toast "King George V." Mr. J. Henry Peters, the Imperial German Consul, that of "Kaiser Wilhelm II." and Dr. Emil Hoffmann, Canada's Orator, Mr. Gerhard Helmsman, honorary president of the society, gave an interesting address regarding the foundation of the society and its remarkable progress. Other speakers were Mr. S. Oppenheimer, director of the "Deutsche Liederkranz," Mr. C. Kronberger, Mr. Carl Biedler, ex-president of the Liederkranz, and Mr. James Cusin of the Toronto Swiss Society.

WHAT MAKES THE CORN POP? Everyone knows and likes that humble but so dainty popcorn. But how many can tell what makes the corn pop? A writer in Harper's Weekly explains: "A kernel of popcorn is filled with tightly packed starch grains. The interior of the kernel is divided into a large number of cells, each of which may be likened to a tiny box which is filled with a relatively large mass of snow-white starch."

## MERELY BREEZING AT WOODBINE PARK

Weather Still Cold and the Track Slow—Horses Only Jogging Along.

The trainers at Woodbine Park are still disappointed, owing to the cold weather and slow improvement of the track. The wind continues cold and raw.

The majority of the horses, of which there must be at least 150, were nearly all out yesterday morning, but none was given any fast work.

The Oddings stable had good, useful work, several taking strong gallops, but none of them was breezed more than a quarter. Some went along that distance in 25.

Trainer McDaniel breezed Calgary, First Slight and Moving Picture three-quarters in 1:22, and most of the two-year-olds were breezed quarters in 34. Mr. McDaniel says the track is still heavy, and he prefers not to work too fast before the weather and track conditions are better. Calgary seems to have rounded to in good shape, and was all right after his work, showing none of the signs of his recent lameness.

The Hendrie string, in charge of Eddie White, were given just slow gallops. All look in the best of condition.

Banty Rogers gave R. Crew's string slow gallops. They will be let down some as soon as the weather gets better.

Geo. Ritchings' Chad Buford was a very sick horse yesterday, but seemed much improved towards night.

Nat Ray was back in the sulky again yesterday. He was very sore, but said he had the work to do, and could not afford the time to lie up. Nat's nerve keeps him up.

Wm. Walker's string were all out for easy gallops. Jockey Carter is still with the stable.

## ENGLAND ARRANGES GAMES WITH RIVALS

International Selection Committee at Work—Local Teams and Games.

At a meeting of the Football Association selection committee in London, it was agreed to play an amateur international match, England v. Scotland, in Scotland, next season. The following international matches have also been arranged: England v. Denmark, at Copenhagen, Friday, June 1, and two matches, England v. Sweden, at Stockholm, Wednesday, June 10, and Friday, June 12. A letter was read from Frasers agreeing to play an amateur international match, England v. France, at Dover, on Sept. 26. It was also arranged to play matches: England v. Austria, at Vienna, on May 27, and two matches, England v. Hungary, on May 30 and June 1; one at Budapest and one at a ground to be nominated by Hungary.

### MOTORCYCLE RUN.

The Toronto Motorcycle Club hold their first spring run on Sunday to Brampton, leaving the club rooms at College street and Brunswick avenue at 8:30 a.m. They have arranged for cats at the destination.

The annual meeting of the Toronto Lacrosse League will be held at the Iroquois Hotel on Wednesday evening, April 22, when the medals will be presented to last year's champions. The election of officers will also be held. Joe Lilly stated that if there were eight teams playing in either the Juvenile A or Juvenile B series, he would donate a set of gold medals to the winners. The ages of the different series are: Juvenile A, under 14 years on May 1; Juvenile B, under 16 years on May 1; Junior, under 18 years on May 1. He is anxious to have a number of schools enter teams in the Juvenile A and B series and play their games in the afternoon.

### LACROSSE GOSSIP.

Riverdale Junior O.A.L.A. team will practise this afternoon on the Don Flats. All of last year's team and any others wishing to play for a fast junior team will be made welcome. The following are especially requested to be on hand: Morris, Wilson, Plante, Starling, Chandler, C. Pherrill, Fecto, Lisotte, Cordis, A. Sullivan, G. Sullivan, O'Rourke, McBride, E. Sullivan, A. Pherrill, Scott, Somers, Stuart, Pollack, Ellis and Wright.

## BRITISH RUGBY PROGRAM TODAY

Four League Games Down for Decision at Riverdale and Exhibition Park.

Today's British Rugby League program:

Toronto Welsh v. Toronto Irish, at Riverdale Park, 2:30; Overseas v. Toronto Scottish, at Riverdale Park, 4; West of England v. Y.M.C.A., at Exhibition Park, 1; North of England v. South of England, at Exhibition Park, 5.

Toronto Welsh and Irish Rugby teams come together at Riverdale Park today at 2:30. This game should be very evenly contested. The Irishmen having perhaps a little more weight in the pack. The Welsh backs, however, should out-balance this advantage. The referee for this game will be J. C. Davies.

The Toronto Scottish appear to have an easy thing with the Overseas, when they meet at Riverdale Park today at 4 o'clock. The Overseas, however, expect to put fifteen men on the field on this occasion, and it would not be surprising if a close game should result. Referee, J. C. Davies.

Two games will be played at Exhibition Park. The first, between West of England and the Y.M.C.A. at 3 o'clock. It can hardly be expected that the Y's will have much of a show against these opponents if they show up at Exhibition last week, but a good game should be given.

The second game will be played at 4:30, between the North and South of England. These two teams should certainly put up a great fight and it would be impossible to say which should come out on top. The referee for these games will be Mr. Lacey.

Overseas will stage a doubleheader at Little York this afternoon. The first game, between the juniors and Old Country, will start at 3 p.m. while in the second engagement with Thistles the time of the kick-off will be 4. The Danforth club runs right to the front of the ground. Overseas' team to play Thistles will be: Goal, Harris; backs, Robinson, Harrison; half-backs, Hamilton, Croucher, Kingan; forwards, Aitken, Winter, Rutherford, Pratt, Holland. Referee J. Millsap.

South of England v. the North of England Rugby Club. Kick-off at 5, at Exhibition Park. The following are the South of England players: T. Usher, W. G. Ellison, W. Farrow, A. Ayers; halves, J. K. Gardner, T. Hunter; forwards, J. K. Farridge, J. Edwards, W. Bond, S. Smith, A. Spencer, W. Delph, T. Hicks, Lyle, A. Tues.

The game between the Y.M.C.A. and the West of England fifteen at Exhibition Grounds at 3 today promises to be a hummer, and a good crowd is expected. The Y.M.C.A. team will be selected from the following players: O. Jenner, F. Hoagson, E. Botterell, J. O'Connor, T. Knight, N. Young, L. Honkink, B. Beecroft, G. McMullen, E. Motley, T. A. Young, D. J. Knight. All players are requested to be on hand by 2:30. Take King cars.

## AMATEUR BASEBALL

Games today at Stanley Park: 2 p.m., Judkins v. Patrick's, Easton v. Fido and Pennock; Teley and Dillon, 4 p.m., St. Andrew's at St. Mary's, Battersley, Barker and Triller, Bennett or Brown and Spanton.

The following Q.B.C. baseball players are asked to be on hand at the south side of Stanley Park on Saturday at 2 p.m. sharp for their final practice and signing up of players for their league opening the following week: Dickman, Mackelot, Iveson, Alburn, M. Sager, Sadow, A. Gordon, S. Gordon, Kaminsky, Markovits, Goldstein, H. Sigal.

St. Joseph's senior baseball team of the Don Valley League will play an exhibition game with St. Michael's College this afternoon at 2:30 o'clock on the college diamond. The following players are requested to be on hand: Riley, Clegg, Millen, St. Denis, Leigh, Downs, Whitcombe, Uban, J. Thompson, Mitchell, O'Brien, Cahill, Hill, O'Connor, Coulter, Skinner and L. Thompson.

The Commercial Baseball League has organized, consisting of the following teams: The Office Specialty Manufacturing Co., the Thompson-Anson Co., Grand and Toy and the Grand Trunk's local freight division. The following are the officers of the league: Hon. president, J. F. Wildman; hon. vice-president, W. G. Thompson; J. Gray and J. Grand; president, G. B. Bagg; hon. patrons, C. Hall, H. A. Ahern, W. J. Sheppard, H. E. Grant, P. Grant, E. Watkinson, G. D. Work, P. R. Tomlinson, and W. H. Mitchell. Games will be played on Wednesday and Friday evenings at Centre Island Park.

The C.O.O.F. baseball team will hold a practice this afternoon at 2:30 at the corner of High Park and Bloor street. Players are requested to be on hand, as this is the last good practice we will have before the season starts.

Billy Hay says:

"I'm told that Old Man Huerta is quite a tough customer. But I'll wager the Vera Cruz customs receipts for a year against three rounds of ammunition that if he could get a glimpse of Semi-ready Garments for Spring and Summer, he'd loosen up and salute any old flag he was asked to without a quiver.

"Straight dope! These Semi-ready Spring Suits and Overcoats are creating quite a stir.

"Men tell me they're the best values in town. And when I see the ones who have already bought bring their friends in, it must be true.

"How about yourself? Better come in and look them over today!"

The Semi-ready Store, 145-147, 149, 151, 153, 155, 157, 159, 161, 163, 165, 167, 169, 171, 173, 175, 177, 179, 181, 183, 185, 187, 189, 191, 193, 195, 197, 199, 201, 203, 205, 207, 209, 211, 213, 215, 217, 219, 221, 223, 225, 227, 229, 231, 233, 235, 237, 239, 241, 243, 245, 247, 249, 251, 253, 255, 257, 259, 261, 263, 265, 267, 269, 271, 273, 275, 277, 279, 281, 283, 285, 287, 289, 291, 293, 295, 297, 299, 301, 303, 305, 307, 309, 311, 313, 315, 317, 319, 321, 323, 325, 327, 329, 331, 333, 335, 337, 339, 341, 343, 345, 347, 349, 351, 353, 355, 357, 359, 361, 363, 365, 367, 369, 371, 373, 375, 377, 379, 381, 383, 385, 387, 389, 391, 393, 395, 397, 399, 401, 403, 405, 407, 409, 411, 413, 415, 417, 419, 421, 423, 425, 427, 429, 431, 433, 435, 437, 439, 441, 443, 445, 447, 449, 451, 453, 455, 457, 459, 461, 463, 465, 467, 469, 471, 473, 475, 477, 479, 481, 483, 485, 487, 489, 491, 493, 495, 497, 499, 501, 503, 505, 507, 509, 511, 513, 515, 517, 519, 521, 523, 525, 527, 529, 531, 533, 535, 537, 539, 541, 543, 545, 547, 549, 551, 553, 555, 557, 559, 561, 563, 565, 567, 569, 571, 573, 575, 577, 579, 581, 583, 585, 587, 589, 591, 593, 595, 597, 599, 601, 603, 605, 607, 609, 611, 613, 615, 617, 619, 621, 623, 625, 627, 629, 631, 633, 635, 637, 639, 641, 643, 645, 647, 649, 651, 653, 655, 657, 659, 661, 663, 665, 667, 669, 671, 673, 675, 677, 679, 681, 683, 685, 687, 689, 691, 693, 695, 697, 699, 701, 703, 705, 707, 709, 711, 713, 715, 717, 719, 721, 723, 725, 727, 729, 731, 733, 735, 737, 739, 741, 743, 745, 747, 749, 751, 753, 755, 757, 759, 761, 763, 765, 767, 769, 771, 773, 775, 777, 779, 781, 783, 785, 787, 789, 791, 793, 795, 797, 799, 801, 803, 805, 807, 809, 811, 813, 815, 817, 819, 821, 823, 825, 827, 829, 831, 833, 835, 837, 839, 841, 843, 845, 847, 849, 851, 853, 855, 857, 859, 861, 863, 865, 867, 869, 871, 873, 875, 877, 879, 881, 883, 885, 887, 889, 891, 893, 895, 897, 899, 901, 903, 905, 907, 909, 911, 913, 915, 917, 919, 921, 923, 925, 927, 929, 931, 933, 935, 937, 939, 941, 943, 945, 947, 949, 951, 953, 955, 957, 959, 961, 963, 965, 967, 969, 971, 973, 975, 977, 979, 981, 983, 985, 987, 989, 991, 993, 995, 997, 999.

COLLIE CLUB SHOW. If last night's meeting of the Ontario Collie Club is any criterion there are good times ahead for lovers of this particular breed of dog. Only organized a few weeks, the club is making wonderful progress. Twelve new members were enrolled at the meeting, and arrangements made for an evening show in Occident Hall, Queen and Bathurst, on May 15. Cash prizes will be given and an enjoyable and instructive evening is anticipated. The club intends holding a series of free open-air shows during the summer, and the judges being recognized authorities on the breed their awards will greatly enhance the value of the winners. Secretary Miller, 388 Westmoreland avenue, will gladly give all information.

## Score's Clothes Made to your measure

A Score Suit at \$25.00

Ordinary tailors ask \$20.00 for ordinary suits. Most any good tailor asks \$25.00.

Of course, if you seek merely clothes, that is materials to cover you, tailored in the ordinary way, then Score tailoring will not interest you.

But if you seek something out of the ordinary, say individuality, distinctiveness, goodness, a suit that requires tailoring brains to produce, then you will come here.

Every stitch, seam, and edge perfect, sleeves that hang with the precision of a watch, Collars and shoulders properly worked out, the whole suit tailored to give impressiveness and personality to the wearer. That's the Score Suit at \$25.00.

The choice of fabrics rests entirely with yourself. They're here in a wide range covering every fancy you can possibly have.

AMES LOST TOUGH BATTLE TO CHICAGO

CHICAGO, April 24.—Ames held Chicago to three scattered hits today, while his team in the field perfectly behind him. Chicago won 2 to 1 in the opening innings Ames' wild pitch with a local run on first base netted one run. The visitors tied it up in the fourth on Maranville's single, a stolen base and an error. Archibald, coupled with a sacrifice hit by Cheney and Leach's sacrifice fly scored the winning run.

Table with columns for player names and statistics (runs, hits, errors, etc.) for Ames and Chicago.

Reserves: Andrews, J. Paterson, F. McLean, P. Drelich.

## DISCUSS BILL FOR CUSTODIAL SCHOOLS

Acting Mayor Calls Joint Meeting to Consider Hon. Dr. Pyne's Measure.

### MENTAL DEFECTIVES

Controller McCarthy Plans Establishment of Village for Training Feeble-Minded.

Acting Mayor McCarthy has called a joint meeting of the board of education and the Provincial Association for the Care of Feeble-Minded for next Wednesday, to consider Hon. Dr. Pyne's bill for custodial schools. The bill enables boards of education to provide sites and buildings for schools for the mentally defectives under 21 years of age. Special grants towards maintenance will be contributed by the provincial government.

Under the provisions of Hon. Dr. Pyne's bill the board of education will establish several classes for training mentally defective children to become self-supporting. Those classes who qualify for association with normal citizens will pass from the supervision of the board of education. Pupils who cannot be trained to be self-supporting will be taken care of by the government after they are 21 years of age. The classes for training will be clearing houses for the responsible and irresponsible pupils.

## DISCUSS CASE OF RETIRED TEACHERS

Board of Trade Thinks Efficient Ones Should be Re-Engaged.

The following resolution dealing with the age limit for the superannuation of teachers was adopted by the council of the board of trade yesterday:

"Whereas the public school board of the City of Toronto has established an age limit of sixty-five years for men and sixty years for women teachers, at which age retirement is compulsory, and whereas it is a well-established fact that at those ages some are at their best or still capable of rendering efficient service.

"Be it therefore resolved that the council of the Toronto Board of Trade is of the opinion that the board of education should consider the advisability of re-engaging such teachers as are fully qualified to continue in the discharge of their duties."

The following members were elected at the meeting of the council yesterday: L. A. W. Debert, Canada Steamship Lines, Limited, and J. E. Macfarlane, Western Canada Flour Mills Company, Limited.

## NO VITAL CHANGE IN EMPEROR'S CONDITION

VIENNA, April 24.—There was no appreciable change in the condition of Emperor Francis Joseph today, according to the bulletin of the physicians issued tonight. The bulletin said:

"The condition of the emperor shows no appreciable change. His strength, heart action, and appetite are quite satisfactory."

## The Importance of Making a Will

Too Many Neglect This Important Matter.

Comparatively few people realize the importance of making a will. Many say they have no sufficient property to make it worth while. In other cases it is just neglect. As a result there are many lawsuits and much ill-feeling engendered over the division of small estates.

The matter of expense has been reduced to almost nothing. It is now made surprisingly simple and safe by the use of Black & White Will Forms, which can be obtained from any good stationery store.

Box Legal Will Forms are registered at Ottawa. It is only necessary to fill in the blanks, sign the document and have it witnessed by two friends or acquaintances. Full instructions with each Box Will Form also sample of will properly filled out. Write your name and address plainly across it, and mail to us with 25 cents, or three forms sent for \$1, post free. Don't use anything but the Box Legal Will Form, the only one that has stood the test of time and the law courts. Sold by Box Will Form Co., Room 81, 280 College street, Toronto.

## NO AMENDMENTS TO HOSPITAL BILL

Toronto Western Succeeded in Having Disputed Clause Passed Second Reading.

Following a spirited discussion in committee of the house yesterday, the Toronto Western Hospital bill went through to third reading. The clause allowing multiple voting on the directorate was allowed to remain, although several members vigorously opposed it.

It was pointed out that although the city contributed \$100,000, only two votes were allowed it, whereas private donors received increasing privileges with every \$100 gift. This institution, it was held, should subscribe to the general act.

Hon. Mr. Hanna was non-committal. His question was whether the constitution should be changed, and whether any interference would not harm the general conditions.

A. C. Pratt of Norfolk fought against the principle as out of date and dangerous. He said that one man was trying to grab the hospital and exert the ruling authority. The bill had passed the standing committee only because of the active lobbying of its supporters.

Thos. Crawford and Forbes Godfrey stated that there were little jealousies, but they should be ended after this measure was adopted. No other hospital was doing a greater humanitarian work than this one.

The only condition on which multiple voting should be discontinued, said E. W. J. Owens, was that the doctors should have the option of getting their subscriptions back.

## LIVELY DEBATE BUT NO RESULTS

Unionists' Demand for Inquiry Will Give Back-Benchers an Inning.

Canadian Associated Press Cable. LONDON, April 24.—Back-bench members are likely to get a good show in the next six weeks' debate initiated by Mr. Austen Chamberlain demanding a judicial inquiry into recent Ulster happenings. Neither side appears to think this debate will produce real results, seeing that a vote will certainly follow strict party lines. Unionist papers offer little comment today on the prospects of the debate.

If the present abortion of the bill, which pleases nobody, must be placed on the statute book, matters have gone too far to secure peace any other way. The time has come for action; it does not appear as if anything but talk can be looked for from the front benches and angry recommitments which do not lead us an inch further towards settlement.

## DEFER ACTION PENDING CIVIC GUILD'S PLAN

At the request of the Civic Guild the works committee yesterday promised to defer for a few weeks final action on the route of Teravay street, at the connecting up with Yonge st. The guild is preparing a plan by which there will be the minimum of traffic congestion where Teravay and Church streets will run into Yonge street.

Kingston road widening assessment as recommended by Commissioners Harris and Forman was adopted. The widening will cost \$215,000, of which the city will pay 75 per cent and the property owners 25 per cent. The civic hydro-electric commission objected to paying the fees for inspection of the conduit construction work, but the committee decided that the bill must be paid.

## Homeseekers' and Settlers' Excursions to Western Canada

The Grand Trunk Railway System issue round trip homeseekers' tickets at very low fares from stations in Canada to points in Manitoba, Saskatchewan and Alberta, and are in effect each Tuesday until October 27th, inclusive, via Chicago, St. Paul and Duluth, and will also be on sale on certain dates via St. James and Northern Navigation Company. Through Pullman tourist sleeping cars are operated to Winnipeg each Tuesday, leaving Toronto at 11 p.m. No change of cars. Reservations in tourist sleepers may be obtained at a nominal charge on request to any Grand Trunk ticket agent. Homeseekers' tickets are valid returning two months from date of issue.

Settlers' one-way second-class tickets are on sale each Tuesday during April from stations in Ontario, Kingston, Renfrew and west to points in Alberta and Saskatchewan at low fares.

The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg-Saskatoon-Edmonton, with excellent through service to Regina, Alta., and Prince George, B.C. ## The Broad Highway Into the East End

Toronto's Finest and Widest Thoroughfare Will Run Right Past Our Danforth Developments

No other section of the city will have such a magnificent and picturesque approach as soon as the Bloor Street Viaduct is completed. Eastward from Bloor and Yonge Streets you will pass along the beautiful Rosedale residential district, past the new Government House now being erected—then over the broad reaches of the upper Don, with its wonderful vista of valley and ravines—and on to Danforth—Toronto's widest and finest building business thoroughfare.

Bloor-Danforth is destined to be the great automobile highway of the city.

# \$25

Gives You the Benefit of All These Improvements

It gives you a fully developed building lot in the heart of the big improvements in the East End. You secure a lot that will prove the best investment you ever made. Its value will keep rising as Ward One develops—and Ward One is developing faster than any other section of the city.

You get a lot at a price much below its actual value—and \$5 to \$15 a foot cheaper than the wholesale price of surrounding land. The land in our developments is ready for the builder—and it is needed for building purposes right now. The city's growth has extended far beyond our properties. Don't delay—don't put off this opportunity. Secure your lot now. Before you have made many payments it will have greatly increased in value.

# McEACHREN'S DANFORTH DEVELOPMENTS

Situated within five minutes' walk of Danforth Avenue, with its fine car line and rapid service down town. These properties occupy the most strategic locations in this fast building district. Their value is rising every day. They offer the safest and most profitable investment to be found in this whole eastern section. We have spent thousands of dollars in development work, installing improvements, getting this land ready for the builder, and making it more valuable to investors.

Our knowledge of East End real estate is thorough and extensive, our judgment reliable, and our advice to investors worth acting upon. You can make no mistake in investing in our Danforth properties. Your profits will be sure and substantial. If you build here, you build in the right place for quick selling or renting. If you build a house of your own, you will not only own a delightfully located home, but one that is rapidly increasing in value.

## Another Big Sale---Saturday

Make it a point today to visit our East End properties off Danforth. Come to our office and make arrangements to motor out with us. If you prefer, we shall be pleased to have our automobiles call for you at your home or wherever you may. Phone us and tell us where to call. Remember, our motors are absolutely at your service, free of charge, and you are under no obligation to make any purchase. We want you to get thoroughly acquainted with the vast investment possibilities in the East End. We want you to realize the wisdom of our choice of our Danforth properties in regard to future values. We want you to thoroughly convince yourself that all we have said is the absolute truth—and then you can decide for yourself.

So don't feel the least backward about driving out with us to our Danforth Developments. The trip will give you the opportunity to view some of the great improvements now being undertaken by the city.

## OARSMEN STAGED ASSAULT-AT-ARMS

Argos' Annual Athletic Event Drew Many People to Massey Hall.

Several thousand people clutched the arms of their seats at Massey Hall last night and fairly joined in the athletic contests and exhibitions staged there by the Argonaut Rowing Club in its annual assault-at-arms. The entire program brimmed with excitement and oars of true sport were satisfied.

The program was: Horizontal bars, St. Andrew's College and C.Y.M.C.A.; fencing, C. Walters v. W. J. Kelley; athletic skit, Harry Smith, Masters Sainiel Guy and Victor Guy; boxing bouts, William Hanna v. T. Girvin, McClinton v. Burgess, Murray v. Jarvis; single scull rowing exhibition, Robert Diabli; horizontal bars, Keith Elliott, Archibald; tug-of-war, Q.O.R. v. 48th High; 2; Biddy bow, McClintary, coxswain.

## CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm." Get a small bottle anyway. Just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dizziness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of dizziness, soothing relief comes immediately.

Don't be awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

### BISHOPS DISCUSS BROTHERHOOD WORK

Interesting Addresses Delivered by Anglican Clerics at Trinity College.

Convocation Hall of Trinity College was filled last evening by members of the Toronto branches of the Brotherhood of St. Andrew, when Rt. Rev. Dr. J. A. Richardson, bishop of Fredericton and Rt. Rev. Dr. J. C. Roper, bishop of Columbia, gave addresses relative to the work being carried on by the brotherhood and the potentiality which it possesses in the Anglican Church of Canada. That its work is widespread was evident by the fact that the dioceses of both the speakers, in widely divergent parts of the Dominion, have been greatly influenced by its activities.

Taking as his subject "The Value of the Brotherhood in the Parish," Bishop Richardson dwelt on the tremendous influence which that organization has had in fixing the inspiration and the aspirations of the man with whom it has come into contact. Its mission was declared to be apostolic, forcing the realization of the weakness of individualism and the strength of individuality. One of its primary and most important objects was to act as a means of recruiting the ranks of the clergy in Canada.

Bishop Roper in his address described the conditions of life and work in British Columbia.

### PRESENT DIPLOMAS TO VET. GRADUATES

Eulogistic Addresses Mark Closing Exercises of Ontario Veterinary College.

Attended by 300 of the students and their friends, the commencement exercises of the Ontario Veterinary College were held yesterday afternoon in Convocation Hall, when eighty-one members of the graduating class were presented with their diplomas. Principal Grange in his opening remarks introduced the class, and referred in complimentary terms to the work which they had done thruout their course. He characterized the class of '12 as being of as high a standard as any of previous years. The president's address was followed by the presentation of diplomas.

President Falconer in his address spoke in eulogistic terms of the work being done by the Ontario Veterinary College, and referred in general terms to the progress which it has been making during recent years. Deputy Minister of Agriculture W. Furt Roadhouse was also present and added to the laudatory remarks of the other two speakers. The fact that before the next closing exercises were held the Veterinary College would be occupying their fine new building on University avenue was referred to by the deputy minister, who spoke of the new building as a necessity demanded by the interests of veterinary surgery in Ontario.

### GAS POISONING WAS CAUSE OF DEATH.

Coroner Butt held his first inquest at the morgue last night and his jury brought in a verdict of gas poisoning in connection with the death of William Wood at his boarding house, 153 Grange avenue, on April 15. The only evidence taken was that of the members of the family with whom he resided. Mr. David Carscadden said that Wood came into the house under the influence of liquor and retired. About 2 a.m., said Miss Thelma R. Carscadden, Wood was heard roaming about his room, and at 7 o'clock the next morning he was found asphyxiated.

## USE ELECTRICITY

### If You Are Nervous and Run Down

IT CURES NERVOUS MEN, CURES NERVOUS WOMEN, CURES STOMACH TROUBLE.

Dr. McLaughlin's Electric Belt has rescued thousands of men and women during the past year. Have you not heard your neighbors speak of it? There is not a town or hamlet in the country in which

### Dr. McLaughlin's Electric Belt

has not restored health to someone. Write me. I will send you the names of some of those who are anxious to let anyone know just what my Belt has done for them—not that they wish to make themselves known, only, out of gratitude for what I had done for them. They are willing to share their knowledge with you. I believe that the best argument which can be afforded in praise of a curative remedy is the word of those who have tried it and who say: "It cured me." Everyone would like to be happy and make others happy. There's a lot of the "Good Samaritan" about every one, but he can't radiate much happiness and sunshine if he suffers from pain or aches. If you are suffering from Dyspepsia, Rheumatism, Lame Back, Incurable (Sleeplessness); if your Blood Circulation is bad; if you suffer from Headaches, Nervous Debility, Neuritis, and it's sound, for it's founded upon Scientific Fact. It makes people strong. It causes the nerves to tingle with joyful exhilaration; it fills the heart with a feeling of gladness, makes everything look bright, and makes the nervous system strong. It is the modern cure, the grandest remedy of the age. Worn while you sleep, it fills the body with electrical currents, which give strength to every organ, makes the blood circulate more rapidly, warms the stomach and liver, overcomes all pain and restores strength to every part. You can feel its soothing flow, but it never burns or blisters. The Dr. McLaughlin Electric Belt is a cure for all signs of breakdown in Men and Women. The vitality of the body is electricity—the force in the Nerve Cells. My Electric Belt will give you back this power and enable you to fight on in the Battle of Life!

SAURDAY MORNING

BILL "KILLED" BUT IS MUCH ALIVE

House Objected to Treatment Given Prudential Life Company's Application.

COMMITTEE LOADED?

Large Attendance Regarded as Indicating Process of "Lining Up."

By a Staff Reporter. OTTAWA, April 24.—After a brief debate in which some feeling was manifested on both sides, the house sent back for further consideration the bill to incorporate the Prudential Life Insurance Company of Canada.

Mr. Armstrong (East Lambton) took exception to the inuendo contained in the word "phalanx." He had not been drummed up or solicited but had attended the meeting of his own volition.

Mr. Boyce (West York) thought the bill was objectionable, and he voted against it in committee. It was the rule of the house to follow the recommendation of any standing committee to which a bill had been referred.

Right to Use Name. Solicitor-General Meighen said it was preposterous to hold that a committee could overrule the house. The Canadian company had a right to the name Prudential in Canada for several years before its United States competitor of the same name was formed.

Mr. Burnham (West Peterborough) will vote against the bill in the judgment of the committee if it is against you next time.

Mr. Meighen: "I will deal with the judgment when it is rendered." The motion then carried without further discussion.

LIBERALS DIRECT ATTACK ON SEATH

Pyne Declined to Help Airing of Old Grudges in House.

John Seath, superintendent of education, recently published a letter that contained references to W. E. N. Sinclair, M.L.A., and as a result Mr. Sinclair asked in the house yesterday that either Dr. Seath be reprimanded by Hon. Dr. Pyne or called before the bar of the house and dismissed.

Later James McQueen, Liberal, moved that the house "protest against this unfair and unjust attack by the superintendent of education upon one of the honorable members of this house in respect to his legitimate work as a member."

Dr. Pyne, in reply, said that he would not help to air old grudges in the house, and he censured Mr. Sinclair for using his position to attack a man who could not answer him.

DR. PYNE IS HONORED BY CONSERVATIVES

Gets Silver Tea-Service and Address From Colleagues in House.

For fidelity to the premier in his illness and his successful handling of the government during the recent session, Hon. Dr. Pyne was made the recipient of a silver tea service and an address by his superior colleagues on the government side of the house yesterday.

LIBERALS DIRECT ATTACK ON SEATH

Pyne Declined to Help Airing of Old Grudges in House.

John Seath, superintendent of education, recently published a letter that contained references to W. E. N. Sinclair, M.L.A., and as a result Mr. Sinclair asked in the house yesterday that either Dr. Seath be reprimanded by Hon. Dr. Pyne or called before the bar of the house and dismissed.

Later James McQueen, Liberal, moved that the house "protest against this unfair and unjust attack by the superintendent of education upon one of the honorable members of this house in respect to his legitimate work as a member."

Dr. Pyne, in reply, said that he would not help to air old grudges in the house, and he censured Mr. Sinclair for using his position to attack a man who could not answer him.

The Liberal motion lost. The Seath's condemnation of Mr. Sinclair's ability as a teacher seventeen years ago, it was said, was at the root of the matter.

URGENT EXTENSION THRU TO SUDBURY

Deputation From North Ask Service by Government Railway Thru Gowanda.

The Sudbury district is asking the Ontario Government to extend the T. & N. O. line from Elk Lake to Sudbury via Gowanda if engineers approve the feasibility of such a project.

Charles McCrea, M.L.A., of Sudbury, and supported by prominent Sudbury citizens, waited on the cabinet and urged the extension as a necessity for the growing north. Shipments of a thousand tons of ore per day and a flourishing pulp wood business were some of the reasons advanced.

Hon. Mr. Hearst said that the matter was under investigation, but government would not be put in operation until the fall.

SLOW LIQUIDATION STILL PROCEEDING

C. P. R. Leads the Down Grade With a Break of Five Points.

CANNERS GOOD SECOND

Brazilians Are Heavily Dealt in, But Support is Still Responsible.

Slow liquidation was carried on again on the Toronto Exchange yesterday. An indication of what was to be expected was London's price for C.P.R. before the opening. An over night dip in this leading issue to 191 sent a shiver thru this market, and brokers went to the Exchange with a decided conviction that prices in general would advance to some extent.

Brazilians made a new low on the first trade, and was on free supply a point further down at 76. One sale had to be satisfied with 75 3/4 during the morning hour.

C.P.R. had a down trend all day and finally broke on Wall Street to 133 1/2, a fall of over five points from the previous night's close.

The Toronto market was semi-demoralized during the afternoon, about largely by C.P.R., whose action on Wall Street was keenly followed.

Brazilians were heavily disposed of all day, much of the trading being that of short traders who expressed surprise at the support. A low of 74 1/2 was made against Thursday's close of 78 3/8, and offers at the low point were further made with only 75 bid.

The weakest issue during the day was Canners, which lost nearly five points and closed without bids. The low sale was at 38 1/2.

Steel Corporation, Barcelona, Toronto & Pacific General Electric, Twin City, and Winnipeg Railway experienced light selling, but the declines in these were not material compared to some others.

Rogers sold at 105 for a small lot, but 108 was later bid for the stock, and the market was somewhat perturbed by the action of the speculative stocks, and only a few small lots of these were offered.

At the close of the session, a strengthening in the New York market would act as a bracer to domestic securities.

TRADE CONDITIONS

Toronto reports to Bradstreet's say that the wholesale trade has been disappointing since March. Orders at dry goods wholesalers have been light. The inclement weather, coupled with the general tendency of the trade to buy sparingly is responsible. Some wholesale men who have handled popular lines are not far behind a year ago, but one large merchant in the department store line has since December last had fallen behind \$140,000 in shipments. Even local retailers are not so well supplied as they were in the past. Grocers are asking for renewals. Shoes and shoe men have not been so seriously affected lately. While January and February were behind, March was \$6000 ahead of last year for one merchant and April is ahead \$10,000. Groceries are doing a greater volume of business than the spring opening. Goods are firm up to a barrel. Butter declined a cent a pound, the milk being heavy. Eggs were unchanged, packers not being anxious to store many. Cheese quotations are up 1-4 in a light market. Export flour trade is quiet, conditions being unsatisfactory for millers. Hay advanced 1/2 per ton. Seed merchants are busy supplying repeat orders. Farmers are getting work on the land well under way. Heavy receipts of cattle and hogs pressed prices down. Building promises to make a new record in Toronto this year, which looks well for hardware and lumber firms.

FAILURES IN CANADA

According to Dun's Bulletin, the number of failures in the Dominion during the past week, in provinces, and corresponding week of last year, are as follows:

Table with columns: Date, Ont., Que., Man., N.S., N.B., P.E.I., Total.

EUROPEAN BOURSES

PARIS, April 24.—The bourse opened weak today. Late in the market supported and prices closed above the lowest. Three per cent. bonds, 66 francs, 35 centimes for the account. Exchange on London, 25 francs, 45 centimes for cheques. Private rate of discount, 2 1/2 per cent.

BERLIN, April 24.—The Mexican trouble and condition of Emperor Francis Joseph caused pronounced weakness on the bourse today. Exchange on London, 20 marks, 45 centimes for cheques. Money, 2 1/2 per cent. Private rate of discount, 2 1/2 per cent.

CONSOLS LOWER

British consols are quoted 1/2 lower, at 74 1/2, which is the lowest level recorded since March 5.

SHARP DECLINE IN NEW YORK STOCKS

European Holders Unloaded Extensively and Recessions Were General in List.

C. P. R. STILL SLUMPS

Reached Lowest Point Since It Became Ten Per Cent. Stock.

NEW YORK, April 24.—European selling was largely responsible for a general decline in stocks today. Foreign markets were nervous over the Mexican crisis, and the depression due to this influence was increased by the illness of Emperor Francis Joseph. Europe unloaded stocks here steadily until long after the close of the London market. Selling for foreign account was variously estimated at 30,000 to 50,000 shares.

The market at the opening followed the lead of London, where prices of American stocks were marked down. Trading during the forenoon was unusually active, and the market was more unsettled than any other time since the beginning of hostilities with Mexico. There appeared to be a more general fear in the financial district of a long war, and liquidation selling also was heavy, and during the afternoon quotations were down.

Canadian Pacific was again thrown over in large amounts by European holders, and also was sold here by Montreal. It was forced down more than five points, and reached the lowest price at which it has sold since it became a 10 per cent. stock. Its present price is nearly 100 points under the high record made in 1912.

New Haven also developed pronounced weakness, as did a number of stocks, such as Mexican Petroleum, Smelting and Southern Pacific, which are particularly affected by the Mexican trouble.

Bonds were lower with active selling of some high grade issues.

MONTREAL SLUMP WAS LED BY C.P.R.

Brazilian, With Drop of Three Points, Was Outstanding Feature.

MONTREAL, April 24.—C.P.R.'s sensational decline continued today a weak opening on lower cables, and was followed by only a faint rally in New York and another downward plunge. The close locally was at a new low for the movement of the day, leaving a net loss of five points for the day, while New York similarly finished at the lowest, but in this case 1-2 below Montreal. Activity increased towards the close of the session, upwards of 2400 shares changing hands, against some 1600 the previous day.

The entire market fell with C.P.R. and declines among representative issues were larger than on previous days of the current slump. Brazilian fell 3 1/4 to 75 3/4. Power 2 3/4 to 218 1/4. Toronto & Pacific 1 1/4 to 175 3/4. Detroit 1 1/2 to 64 3/4. Iron 1 1/2 to 25, and Toronto Railway 2 to 125. With the exception of Power and Laurier, these quotations presented new low levels for the year, and in some cases for several years.

Inactive and special stocks weakened sharply in some direction. Winnipeg Railway sold at 189 3/4, a decline of 10 3/4 from last sale of a board lot here some two weeks ago. Canners slump continued unchecked, the price falling 4 1/4 to 38 1/2 and finishing at the low. Scotia a weak spot earlier in the week made a better showing, containing its rally on the previous day, point higher to 85 1/2, and finishing unchanged at 82 1/2. Crown Reserve also held steady around 125.

CAN. PACIFIC LED LONDON LIQUIDATION

Later Trading Developed Stronger and Closing Tone Was Much Easier.

LONDON, April 24.—In the afternoon consols recovered a quarter, and the whole market developed a steadier tone, with Canadian Pacific leading the decline. Covering hardened the day, point higher to 85 1/2, and finishing unchanged at 82 1/2. Crown Reserve also held steady around 125.

Random Notes on the Mining Stocks.

A gold strike was made last Saturday at the Ore Chimney mines, in northern Frontenac. W. G. Anderson, mine superintendent, reports that it runs 37 to the ton. The find has created much interest among the owners of surrounding properties, a number of which are being opened up.

The Golden Pledge will resume work in a few weeks. These things make it look as though the "blasting district" might come back to its old standing in the mining world.

An error appeared in quoting the circular of Vickers, Ames & Company yesterday. Instead of Peterson Lake stock being placed at 28c—an absurdly low figure—it should have been 38c.

Mining stocks held up fairly well on the local markets yesterday. Crown Reserve strengthened to 130. Peterson Lake was inclined to ease off slightly and closed 38 1/2. The general tone was much better, with buying orders showing thru the liquidation in several issues.

The following article, which appeared in a local paper, is well founded, in fact, a member of the Dominion Bond Company actually stated to The World yesterday that he knew of the existence of \$250,000 of Cochrane stock while only \$250,000 was issued. When it is considered that a good deal is

held through the province it is easily seen that there is an enormous short interest in the stock.

"An advance in Cochrane stock to 50 started brokers in the mining market discussing the possibilities of a corner in that stock. Only about \$200,000 of the shares of Cochrane have been issued, and the great bulk of that is still held by insiders. Despite this fact there is said to have been considerable short selling of the stock by traders, who, knowing of the close relationship between Dominion Bond interests and Cochrane, have figured that the troubles

of the bond company would inevitably put Cochrane down and enable shorts to cover at bargain rates. So far, however, insiders have given no encouragement to this theory, and invariably when anyone wants any Cochrane—bids have to be raised. The short interest complication is complicated by the fact that a good deal of stock has been sold at sixty days, buy a notion to call for their stock the market price of Cochrane, it is believed, might easily be trebled temporarily."

## For Horse Show Week

Just at the full of a splendid season comes the great social event—the Horse Show, and with it the store has received new stocks of delightful wearables: from dashing capes and quaint millinery to luxurious gowns and sparkling jewelry.

For those interested in horses and those who merely love beautiful things there is rare attraction in these new, smart stocks. We will try to make your visit a pleasure.

### Striking Hats

### for the Horse Show

Leghorns in Plaque Effects lend themselves charmingly to the tilted Bergere outlines that are so suited to the bouffant taffeta or the panniered frock of the moment. Some of these are richly plumed, others trimmed with flowers and sashed with wide velvet ribbons.

Lacquered Foliage, Lacquered Ribbons, Lacquered Straws are newest of the new. Even the quills are lacquered, and this unique mode is represented both in tailored hats and in dress hats among our latest.

Novelty Fruits, Currants and Unusual Flowers appear on hats of the tailored type, while there is a splendid showing of strictly plain-tailored Flak hats, sailors, toques and novelty shapes.

For the Horse Show you will find some lovely airgetted models. Rococo and Niniche shapes, or stunning Empire toques. Many colors which are quite new this season appear. Banana yellow ostrich trims a scoop of lace with bronze foliage. Russian blue, grass green, Labrador and cyclamen are smart shades. Sheer laces are very freely used as hats, crowns and trimmings.

Our Horse Show Display Is Now Complete for Your Inspection.
