GERMAN FLANK IN PERIL FROM SHARP DEFEAT

Victory Won by Russians on Niemen River Holds Up Big Attack.

AUSTRIANS BEATEN TOO

Decisive Battle Won by Russians for Possession of Wyszok Pass.

By Frederick Bennett, correspondent of The London News and The Toronto World.

PETROGRAD, Feb. 21.—The north-east Polish front is now considerably lifted and the scope of Von Hindenburg's last strategic manoeuvre is clearly outlined. His aim from the beginning has been to confine the Russians within the line of the Vistula through the entire course. His first attempt, directed from southwest, failed in October to press the Russians behind the great river, failed mainly because of a successful sortie by a strong Russian cavalry column from Novo Georgievsk, thru Levicek, which under three days all the heavy fighting for work of the Russian army which had then been facing Bioni and Ivanograd. In a fortnight Von Hindenburg, in a determined effort again to do his advance to the Vistula, has given his most serious attention to Novo Georgievsk and all the lines of fortresses stretching northward from the right bank of the Vistula and Ostrolenka, Lomza and Osowetz. East of this last stronghold where the Germans were defeated last October, they have apparently two or three corps which came from the south of the Masurian Lakes, manoeuvring tentatively without much fighting in the direction of the road to Grodno.

German Defeated. They are not attempting now any speedy operations, and have left their flank threatened since the sharp defeat of the German cavalry on the Niemen, where all survivors of the United Regiment which they cut down are prisoners. The Germans have a larger army nearer Osowetz, which, however, they have not invested or even bombarded. Their chief force in the northeast has moved on the road to Lomza and Heries. In pitched battles here the Germans are actually on a narrow strip of the marshy flat banks of Narow and Behr. The Germans are believed to have nine corps in this region. It is known of the battle area between Serpetz and Pionak, where very great forces are gathering. The German campaign in western Europe, the Germans mean to bring yet more men into their eastern operations and to keep them here, but the position here is now evidently strongly covered.

To Fight at Disadvantage. A very great German army will be needed for the northern campaign. The present aggressive tactics of the Russians in the middle disposition has surprised the Germans, who, although they have been using Przemysl for most of the last three months as an observation point and base for cavalry reconnaissances, have prepared no earthworks for the pitched battle that the Russians are forcing on them. Przemysl is serving as a hinge for two German wings, one stretching fifty miles southwest to the Vistula, the other spreading eighty miles northeast into the Augustow forest. The Germans are very cautious along the left wing where their reserves are kept within a dozen miles of the East Prussian border.

Defeated at Wyszok Pass. It is cautious that the enemy has now about twenty corps employed in the Carpathians, of which about a quarter are Germans. Their determined attacks on the Wyszok Pass have failed decisively, and the Russians are able to develop a strong offensive. The German strategists in the southern campaign are striving their utmost to impose the lines of the San River as the western boundary for the Russians, and have begun vigorous fighting supported by masses of heavy artillery along the Dunajetz, but the Russians by the prompt capture of Tarnow, with the control both of the roads and railways of western Galicia have anticipated and frustrated the plan for cutting between their western main army and co-operating columns in the Carpathian passes. Two sorties from Przemysl were promptly beaten back, and the blockade is maintained complete.

Allies' Nibbling Tactics Achieving Real Results

While Territory Gained Recently is Small, Germans Have Been Prevented From Striking Decisive Blow—French Army Improves in Personnel and Equipment

LONDON, Feb. 21.—A British military observer stationed with the French army in the field describes the advantages gained in the last few months by the French forces, in a statement given out today by the official information bureau, as follows: "Since the repulse of the Germans by the allied forces in Flanders, no battle of great importance has been fought. If the gain in the small engagements which have taken place is measured only by the amount of ground won, the results are indeed small. A few hundred yards to the north of Arras, a village or two between Arras and the corner of the line nearest Paris, a belt varying from a mile and a half to two hundred yards in breadth to the east of Rheims, and a few miles of what was German territory in Alsace—these acres are all that have been gained, and the enemy's hold on Belgium and northern France is as strong as ever. The British observer, nevertheless, contends that the success of the French army has been very great, and that its work is deserving of the gratitude and admiration of the allied powers. It has kept the German army busily engaged, he says, compelling it frequently to fight under unfavorable circumstances, that the Germans have been unable to withdraw troops for a decisive blow elsewhere. "The success in performing this work, the observer says, the French army has steadily improved in personnel and equipment.

DARDANELLES FORTS PUT OUT OF ACTION

Attack by Anglo-French Fleet Was Apparently Highly Successful.

INFLEXIBLE ENGAGED

Participant in Falkland Islands Battle Effective at Long Range.

LONDON, Feb. 21.—The first attack by the British and French Mediterranean fleets, assisted by aeroplanes and seaplanes, on the Dardanelles fortifications, which commenced Friday and continued yesterday, has met with considerable success, according to the British official account and unofficial reports received at Athens from the island of Tenedos, at the entrance to the straits. The Turkish official report, however, stated that no damage had been done to the fortifications, and that the casualties of the defenders consisted of one killed and one wounded, but that three of the warships were damaged by shots from the forts. The British report said that the fortifications on the European side of the straits were silenced Friday, and that the British fleet, which had just returned from the Falkland Islands where with other ships, she took part in the battle in which Admiral Count Von Sps's German squadron was destroyed, opened a long range bombardment on the forts at Cape Helles and at Kum Kaleh at the entrance to the straits. When these forts had been damaged the battleship force closed in and engaged the forts with their 8.7 and 9-inch guns which, it is believed, must have poured an enormous rain of shells on the Turkish positions.

Big Warships Engaged. The bombardment must have been one of the most serious ever undertaken in the opinion of naval experts, for no less than eight battleships and armored cruisers took part, these warships having a total of thirty 12-inch and six 10-inch guns which outranged the guns of the forts. Early Friday morning this fleet, including the British battle cruiser Indefatigable which had just returned from the Falkland Islands where with other ships, she took part in the battle in which Admiral Count Von Sps's German squadron was destroyed, opened a long range bombardment on the forts at Cape Helles and at Kum Kaleh at the entrance to the straits. When these forts had been damaged the battleship force closed in and engaged the forts with their 8.7 and 9-inch guns which, it is believed, must have poured an enormous rain of shells on the Turkish positions. Besides desiring to bring Turkey to her knees, the allies in their attempt to force the Dardanelles aim at an early victory in the last wheat which is locked up in Russian warehouses and which the allies wish to get out, been to relieve the markets, and to provide Russia with necessary credit to pay for war material bought abroad.

DEFEATED AT OSOWETZ

PETROGRAD, Feb. 21.—The German forces have been badly beaten at the fortress of Osowetz, 29 miles north-east of Lomza, in Russian Poland, after a stubborn artillery battle, according to a telegram from the Russian general staff to a high personage here. The Germans are reported to have suffered heavy losses, and are now retreating to the East Prussian frontier.

FRENCH TAKE WOOD NORTH OF PERTHES

Progress in Champagne Region Followed Up With Brilliant Coup.

STRONG POSTS SEIZED

Gains Near Ypres Reported With Repulses of Germans in Other Areas.

PARIS, Feb. 21.—The capture of a wood north of Perthes, in the Champagne district, together with the occupation of the entire German positions commanding this post, after an unsuccessful counter-attack of the enemy, was announced by the French war office tonight. The wood was occupied after the Germans had been exhausted by several unavailing attempts to drive the French soldiers from two miles and a half of trenches taken last week. Seizing an opportunity the Frenchmen made a brilliant charge in pursuit of a column of Germans that had been severely broken up, and entered the bush, which they found had been strongly organized, with trenches and concealed snipers.

Exasperated at losing such a strategic ground, the enemy delivered a further onslaught with the object of clearing the French troops out of their new positions. This was repulsed with heavy slaughter, and a rapid charge gave into the hands of the French the whole of the German positions north and east of the wood. Success Near Ypres. Near Ypres the French also drove the Germans from parts of the trenches which they had recently retaken from the French. Attacks elsewhere were repulsed and several hundred men, including officers, were left dead on the field. The French losses were slight. The French troops also followed up their recent progress, particularly north of Les Mesnils in the Champagne region, where two machine guns and 100 prisoners were captured. The seventh German counter-attack on Les Eparges, near Verdun, made in two days, completely failed, and the French held fresh ground that was captured after hostilities back the sixth counter-attack, in which they took 200 prisoners, several officers, three machine guns and two trench mortars.

Elsewhere in the Argonne region the fighting has been desultory and of little consequence. In the position captured by the French at Xon the bodies of soldiers from five different regiments were found. The Germans continue making attacks on the French positions in the Vosges. Three attacks were repulsed here Sunday, one being made on the northern bank of the La Fochet River, and two on the southern bank. The battle continues in this region.

'The Candy Shop' Tonight. The sensational musical comedy, 'The Candy Shop,' in all its splendor and gorgeous pomp, will open a week's engagement tonight at the Princess Theatre.

AMERICAN SHIP WAS SUNK BY MINE OFF GERMAN COAST ENEMY ACTIVE IN IRISH SEA

British, Irish and American Ships Latest Victims of War of Piracy—Reported Loss of British Transport Not Confirmed.

THREE VESSELS FELL PREY TO TORPEDOES AND MINES

By Martin Donohue, Correspondent of The London Chronicle and The Toronto World.

BERLIN, Feb. 21.—A report from Berlin of the sinking of the British transport with troops and an accompanying steamer is without confirmation from official sources here. Berlin advices say that all the morning papers featured the report in first page headlines, together with reports of the sinking of other vessels by submarines or mines. Although accounts of the sinking of various other steamers by German submarines or by mines have been passed promptly by British censors, there was no intimation in the London despatches of the destruction of a transport.

THE DOWNSHIRE

The Downshire, a small Irish coasting steamer, was sunk by the commander of the German submarine U12 in the Irish sea, Saturday night. After the crew had been given five minutes to take to the boats the vessel was blown up by a bomb.

THE DOWNSHIRE

The British steamer Cambank was torpedoed without warning in the Irish sea, Saturday morning. Three men were killed by the explosion amidships, and another was drowned. Twenty survivors landed at Liverpool.

THE DOWNSHIRE

The American liner Philadelphia, for whose safety grave fears were felt, reached Liverpool yesterday, after traversing the Irish sea without lights.

THE DOWNSHIRE

Italian fishing boats, flying national flags, were fired upon by two German submarines yesterday. An Italian vessel was sunk. One boat was damaged.

THE DOWNSHIRE

Norway is deeply angered over the sinking of the tank steamship Belridge, and the government is expected to demand an explanation from Germany and a proper indemnity. If demands are not satisfied recourse to an embargo against all German ships is threatened.

FINAL HOCKEY GAME POSTPONED A WEEK

Manager Soliman of the Arena announces that the Victoria-St. Michael's cup final has been postponed from tonight until next Monday owing to injuries to S. M. C. players, Rankin and McCamus, who were in the hospital owing to injuries from the last game, were joined on Saturday by Murphy. He was practicing in the open on Grenadier Pond and received a puck in the eye that completely closed his right optic. The men will be all right by next Monday.

FURS WILL BE DEARER.

In view of recent developments it is quite obvious that most all furs will be dearer next season. For that reason the opportunity offered by the Dineen Company, 140 Yonge street, are really extremely tempting, for they cannot fail to prove a most profitable investment. In the men's department bargains are being offered in a long, long time. Don't be one of those with regrets, but visit Dineen's today and decide on your purchase. You can't go wrong.

SEMLIN DAMAGED BY SERBIAN ARTILLERY

Canadain Press Despatch. PARIS, Feb. 21.—A telegram from Nish, Serbia, to the Havas Agency, says that severe damage was inflicted during the recent fighting near Belgrade. The town of Semlin, across the river from Belgrade, was damaged by Serbian artillery during an attack on Austrian monitors. The monument erected in Semlin to Hungary, the famous Hungarian military leader, which was being used by the Austrians as an observation tower, was injured. Several houses were burned.

BELRIDGE'S SINKING STIRS NORWEGIANS

Government is Expected to Demand Explanation From Germany.

EMBARGO THREATENED

Neutral Countries Forced to Act if Indemnities Not Given.

REINFORCEMENTS AWAITED BEFORE GENERAL ATTACK IS BEGUN ACROSS PRUTH.

By Martin Donohue, Correspondent of The London Chronicle and The Toronto World.

MAMORITZKA, Feb. 21.—The Russians are occupying fresh positions on the right bank of the Pruth River, on the side nearest the Rumanian frontier, and they are confronted by weak forces of Austrians, who so far have made no serious attempt at an offensive movement. The enemy hesitates to attack, and is awaiting the arrival of reinforcements. The frozen Pruth separates the hostile forces. There is intermittent sniping throughout the day along the Pruth-Mamoritza line. On the frontier peasants on the summit of the hills pass the time watching the Russians and Austrians potting at each other within 200 yards of Rumanian territory.

Disarmed by Rumanians. Several Russians yesterday wandered on the wrong side of the frontier and were disarmed by Rumanian soldiers, who are keeping a sharp lookout for belligerent trespassers. Austrian officers without arms visited a local inn last night in search of warmth and good cheer. Amongst them was one whom I had known intimately in Paris. This unexpected meeting in the midst of war between our respective countries was somewhat embarrassing to both of us. We discussed many things and recalled mutual friends of pre-war days, carefully avoiding the subject of hostilities.

Warning to Germany. The Norwegian Journal of Commerce and Shipping says: "The torpedoing of the Belridge is an event which it is unnecessary further to characterize. The ship was bound from one neutral port to another. She had been ordered to pay the word 'Norway' in large letters on her sides, which surely was done. A repetition of the case may easily raise the greatest obstacles in the way of good relations with Germany. Needless to say we shall not abandon the right of thousands of years to sail the open sea as neutrals."

A SPECIAL COMMITTEE WILL SETTLE DISPUTES

Canadain Press Despatch. LONDON, Feb. 21, 6:45 p.m.—With a view to preventing interruptions of work in the trades which supply war materials, the government has appointed a committee to consider all disputes which the parties directly concerned are unable to settle. The committee consists of Sir George Asch, with the board of trade, Sir Francis Hopwood of the admiralty, and Sir George Gibbons of the war office.

SINKING OF IRISH COASTING VESSEL FOLLOWS CLOSELY ON TORPEDOING OF CAMBANK WITHOUT WARNING—BERLIN REPORTS DESTRUCTION OF BRITISH TROOPSHIP BUT LOSS IS NOT ADMITTED IN BRITAIN.

Canadain Press Despatch. LONDON, Feb. 21.—A report from Berlin of the sinking of the British transport with troops and an accompanying steamer is without confirmation from official sources here. Berlin advices say that all the morning papers featured the report in first page headlines, together with reports of the sinking of other vessels by submarines or mines. Although accounts of the sinking of various other steamers by German submarines or by mines have been passed promptly by British censors, there was no intimation in the London despatches of the destruction of a transport.

AMBASSADOR PAGE

Ambassador Page received today a cable from Secretary Bryan at Washington, asking that he ascertain all facts concerning the occurrence and give every care to the crew if landed within his jurisdiction. Secretary Bryan repeated a cablegram received from American Consul Foe at Bremen as follows: "Steamer Evelyn, Captain Smith, agents Bull & Co., New York, blown up early Friday at Borkum. Crew saved. Ship and cargo lost."

UNITED STATES VESSEL DESTROYED

The American steamer Evelyn, which sailed from New York on January 29 with a cargo of cotton for Bremen, struck a mine yesterday off Borkum Island, in the North Sea, says a Bremen despatch. The vessel sank. Her captain and 27 of her crew were saved.

The nationality of the mine which destroyed the Evelyn has not been established.

The Evelyn is the first American vessel to meet with disaster as a result of the sea war of the European nations. She did not sink within the zone included in the German administrative decree of Feb. 4, which went into effect on Thursday. Borkum Island lies directly off the German coast, at the mouth of Ems River, and is German territory.

Crew All Safe. Maritime records give the complete list of the Evelyn's crew, so that it is possible that all on board the vessel were rescued.

The Evelyn was a single screw steel steamship and was commanded by Captain Smith. She belonged to A. H. Bull & Co. of New York, and was chartered by the Harris-Liby Cotton Co. to take a cargo of cotton to Bremen. She was 232 feet long and 1,185 tons net. She was built in Southampton, Eng., in 1888. Her home was Philadelphia.

Irish Coaster Sunk. The small Irish coasting steamer Downshire was sunk last night by a German submarine off Calp of Man, an island in the Irish Sea. The Germans gave the crew five minutes in which to leave their ship. The crew landed last night at Dunderum, County Down, Ireland.

Pursuer Too Speedy. The chief engineer of the Downshire gave the following account of the sinking of the vessel: "The submarine was sighted two miles away by the outlook and the captain thereupon ordered me to push any engine, all it was possible. He steered a zig-zag course, but the pursuer had superior speed and overhauled us in a short time and fired three shots. The aim was so good that they stopped immediately.

"The submarine drew up, fully above the surface of the water, a hundred feet away. Its captain hailed us in good English and told us to get into our boats with haste.

Suspected Signal. "Then the waste steam began to blow out of our exhaust pipe. The German captain got excited at this, thinking we were trying to signal for help, and ordered us to shut off the steam."

(Continued on Page 2, Column 1.)

FOE'S SUBMARINES BUSY IN IRISH SEA

Two Vessels Sunk on Saturday—American Ship Mine Victim.

A TROOPSHIP SUNK?

Berlin So Reports, But No Confirmation Given in Britain.

(Continued From Page 1.)

It counted nineteen men on the submarine's deck. When our boats came alongside the submarine we waited while five German sailors boarded on a motor launch.

"Suddenly there was an explosion. In the dusk it seemed to have done little damage, but three minutes later the ship began to settle and then went down head first.

"Before the submarine departed we talked with the captain, who was most affable.

"Why do you trouble about a little boat like this?" we asked him.

"Why did you make war on us, the captain asked us.

"Why don't you tackle those fishing boats?" we asked, indicating trawlers.

"We don't interfere with fishing boats, its commercial craft we are not touching."

The submarine which sank the Dowsing was the U12. The Germans fired three shots at the steamer before it was sunk.

The German submarine U12 is one of the best built. She is 260 tons displacement and has a maximum cruising radius of 1,200 miles.

The vessel has a complement of 12 men. Her armament includes two 18-inch torpedo tubes and two 10-pound high angle guns.

Without warning a German submarine torpedoed the Cambank in the Irish Sea about 11 o'clock Saturday morning.

The explosion killed the third member of the crew. Another member of the crew was drowned in an attempt to jump overboard.

The pilot, twenty in all, were saved. One of the men, in describing the experience of the Cambank, said:

"We were bound from Huelva, Spain for Liverpool with a cargo of wool. When outside of Amblew, on the north coast of Ireland, we were torpedoed.

"The submarine was a large one, and we were struck on the side of the vessel. The torpedo struck us on the side of the vessel.

"The ship was struck on the side of the vessel. The torpedo struck us on the side of the vessel.

OFFICIAL STATEMENTS

FRENCH

There has been intermittent cannonading from the sea to the Aisne, with a very effective fire by our artillery.

"On the rest of the front two other counter attacks were repulsed, and we made fresh progress, particularly to the north of Les Menilles.

"In Champagne our gains were maintained. Two little counter attacks by the enemy towards night failed.

"Our action continues in the Champagne district under good conditions. We have repulsed several counter attacks and made fresh progress north of Perthes.

"In the Argonne there have been a few engagements. Two little counter attacks by the enemy towards night failed.

"The submarine which sank the Dowsing was the U12. The Germans fired three shots at the steamer before it was sunk.

"The German submarine U12 is one of the best built. She is 260 tons displacement and has a maximum cruising radius of 1,200 miles.

MOORE PARK ROUTE WAS NOT POPULAR

Proposal to Switch Metropolitan to Mount Pleasant Dropped.

FEW NEW SUGGESTIONS

General Opposition to Any Extension of Existing Franchises.

Moore Park need not take alarm at any action of the North Toronto Ratepayers' Association, said President G. A. Hodgson at the meeting of that body on Saturday evening.

"There is a suggestion that the city should buy right of way for the Metropolitan down the Don Valley, by Leslie, and coming into the city by the C. N. R. tracks, said W. G. Ellis.

"There is a suggestion that the city should buy right of way for the Metropolitan down the Don Valley, by Leslie, and coming into the city by the C. N. R. tracks, said W. G. Ellis.

"There is a suggestion that the city should buy right of way for the Metropolitan down the Don Valley, by Leslie, and coming into the city by the C. N. R. tracks, said W. G. Ellis.

BLOOR CIVIC CARS ALL READY TO RUN

One Painted Pearl Gray as an Experiment—Ward Seven News.

ONE HELD OFFICE FOR FEW MINUTES

Todmorden Ratepayers Had Exciting Time—Almost Free Fight.

TWO ELECTIONS HELD

Scheme to Divide York Township Into Two Municipalities Discussed.

An uproar lasting fully 20 minutes, caused by a heated argument between the president-elect and the first vice-president-elect, marked the reorganization meeting of the Todmorden Ratepayers' Association in St. Andrew's Hall, Pape avenue, on Saturday night.

"I refused to work on the committee along with a certain man, I will mention his name, it is Mark Maynard," Mr. Maynard immediately rose to the platform and demanded reasons from the president.

INVESTIGATE... OF EVELYN... Government Will... Result... THE WAR ZONE... of Cotton, Car... could Not Tor... Vessel.

EIGHT MORE GUNS FOR LOCAL CAMP

Artillery of Same Type as Used at the Front. NOTICE TO OFFICERS May Be Attached to Expeditionary Force for Training Purposes.

Notification has been received at the Exhibition Park camp from the department of militia at Ottawa, that it has been decided that officers of the Canadian militia may be attached to units of the Canadian expeditionary force for training and instruction. This attachment, however, gives no authority for these officers to proceed overseas with the unit to which they may be attached as supernumerary officers.

Eight More Today. Eight more of the latest type eight-pounder guns for the artillery brigade of the second contingent are expected to arrive here at an early date. They are in addition to four of the same type which reached Toronto a few days ago.

It is understood that the three batteries of the artillery brigade will continue the use of live shells in their training at the Exhibition Park on the lake. This form of ammunition was used on Saturday for the first time in 1914, and it was the first time that shrapnel was used in Toronto.

40 Motors Coming. It has been authoritatively stated that the forty armoured motor cars, which are each to be equipped with two machine guns, will all be delivered at Exhibition Park camp together. A sample car has already been completed at the Russell Motor Car Works, where the complete battery of forty cars are now being built.

Officers' Equipment. Official word has been received from militia headquarters, Ottawa, that it has been decided to issue a pair of binoculars and one automatic pistol to all officers, including lieutenants, of units mobilizing for service overseas, and that demands for the additional requirements should be sent forward at once.

Reports last night from the General Hospital show that the meningitis cases brought there from the military camp are doing well. One new case was admitted to the hospital, Harold Wilkinson. It is said by a member of the artillery brigade, that this makes seven cases of cerebro-spinal meningitis.

Who to Blame. The sea was first mined by neutral countries, Germany and Great Britain. The United States took it was impossible to do this in the country had been and therefore made no loss not consider it was compromised by.

VIENNESE DEMAND BIG FLOUR SUPPLY

Want Government to Force Hungary to Share Surplus Grain With Austria. Canadian Press Despatch. LONDON, Feb. 21, 8:55 p.m.—A despatch to Reuter's Telegram Co. from Vienna says that the burgo-master of Vienna and the president of the Vienna Chamber of Commerce today visited the Austrian prime minister and insisted that measures be taken to provide sufficient grain and flour to meet the city's needs.

"They said they thought," the correspondent adds, "that Hungary should be compelled to supplement Austria's inadequate supply of grain, and that all supplies from both countries should be treated as a common stock. The prime minister assured them that the cabinet was perfecting a plan to relieve the situation."

"The people seem indignant over what they style Hungary's manifest reluctance to share with Austria her surplus grain."

UNLOADING CARS FOR THE BLOOR STREET CIVIC LINE

Four cars and a sweeper were taken off the freight cars at Bloor and Dundas on Saturday afternoon.

The new sweeper for use on the civic car line on Bloor street, west from Dundas.

NERLICH COUNSEL GETS PARTICULARS

Trial Commences Today in Criminal Assize Court on Charges of Conspiracy. OTHER SUNDAY NEWS New Guns Given Try-Out at Military Camp on Saturday.

Particulars were served Saturday morning from County Crown Attorney R. H. Greer, K.C., to the counsel of Emil and Hedwig Nerlich, which state that the accused gave information and transmitted intelligence of Canadian affairs to the German Foreign Office and the German general staff, also with supplying certain Germans with Canadian guides. It also is stated that in the month of October, 1914, they shipped two secret agents in the United States hundreds of boxes and barrels by way of Holland into Germany.

Letters written to Emil Nerlich, which fell into the possession of the crown, revealed this. His trial commences this morning at 11 o'clock in the criminal assize court.

New Guns at Work. New guns were put to work at the local military camp Saturday. This marks the first of the artillery practice. The target was placed about a mile out in the lake.

Unless there is re-encampment all along the line, Mayor Church fears Toronto's tax rate will run close to 25 or 24 mills. The new cars for the Bloor street line arrived in Toronto Saturday.

Today, the regular meeting of the city council will be held. Probably the most important subject to come up will be the matter of insuring the soldiers from Toronto. Uninsured business will occupy a considerable portion of the time.

NEARER GOD TODAY THAN SIX MONTHS AGO

Declaration of Rev. W. A. Cameron in Sermon to Students at Convocation Hall Yesterday. "We are nearer God today than we were six months ago," declared Rev. W. A. Cameron of Bloor Street Baptist Church, in his sermon to Varsity students yesterday morning in Convocation Hall.

"The stern decree of God has driven us to the height from which we must see things in their true perspective. We have drawn a distinction between sacred and secular actions of life; these have begun to disappear if the Roman Church of Austria, the Greek Church of Russia, the Lutheran Church of Germany and the Protestant Church of England had said 'no,' would this war have occurred?"

"We are facing a dark time in the history of the empire," concluded Rev. Mr. Cameron. "The final events toward which the world is moving seem farther off than ever before. There was the outbreak had ceased the world would be on a higher plane than before."

CANADIAN CLUB SPEAKER

Dr. J. L. Todd, professor of parasitology, McGill University, Montreal, will be the guest of the Canadian Club today at luncheon at Dunning's, 28 King street west, at one p.m. Dr. Todd will address the members on "Are the Tropics Unhealthy for Germans?"

THIRTY THOUSAND TONS OF EARTH

Immense Amount to Be Moved in Building Viaduct. HUGE UNDERTAKING Building Foundations for Piers of Bridge on Solid Rock.

Four weeks have now elapsed since the first sod was turned on the new Bloor viaduct, and for those who have never visited the site of this work it would be hard to believe the considerable progress that has been made in this huge undertaking. In place of the barren land surrounding the Don a miniature town now exists. Fifteen large wooden buildings have been erected, and much progress has been made in boring the foundations for one of the piers. This is situated immediately to the west of the Don. Four of these foundations are now in course of construction, two of them reaching to a depth of 28 feet, where rock has been discovered.

Great difficulty has been encountered owing to the nature of the sandy soil which continually threatens to cave in on the workers. To combat this a tremendous amount of heavy timber has been used to build up the sides of the excavation. Another difficulty which has to be contended with is the continual influx of water from the river. There has been much criticism of the fact that Sunday work has been included in, but it has proved practically impossible to eliminate this owing to the water, which has to be watched and worked on continually.

On Sunday afternoon thirty-five men were working on the excavation.

STEAMER CAMBANK SUNK BY TORPEDO

German Submarine Gave No Warning and Anxiety Felt for Others. FROM SUNDAY WORLD Woman Clerk in Hamilton Held Up by Unknown Masked Man.

A bulletin from London announced on Saturday that the British steamer Cambank was torpedoed by a German submarine without warning. The crew was saved with the exception of three. Anxiety is felt for the American liner Philadelphia.

British and French warships commenced a bombardment of Turkish fortifications on Saturday. Aeroplanes are co-operating in the attacks. Fighting in France and Belgium appears to be increasing in severity. The Germans claim the capture of two towns in the Vosges.

Attacks Repeated. The official statement of the French war office states that the Germans appear to have employed important forces in attacks during Saturday. These were repulsed and the artillery of the allies held back the reserves which were to have assisted the main force. The statement adds that the German losses were very high.

Hold-Up in Hamilton. It is announced that the Curtis Aeroplanes and Motors, Limited, has been incorporated. The company will manufacture in Toronto.

A woman clerk in Carroll's store, Hamilton, was held up by an unknown masked man Saturday. The intruder escaped.

Counsel for C. Becker of New York has served notice that he will ask for a third trial.

King George has conferred the honor of Lady of Grace upon Mrs. Fear D. Greer of Hamilton for her work in fighting the white plague.

Two Women Killed. Miss Hatty Reeves and Mrs. Mary Clark of Newark were shot and killed Saturday at the termination of a quarrel between Miss Reeves and Elram Craig, in the former's apartment. Craig is charged with the shooting.

A box containing dynamite was found Saturday a short distance from the C. N. R. station at Brooklyn. It was stated in Washington Saturday that the United States has postponed for a few days a decision on what its policy will be relative to the negotiations between China and Japan.

The Toronto World Morning Edition Delivered to any address in the city or suburbs before 7 a. m. for 25 cents per month. By having The World delivered direct to your home address, you will enjoy the pleasure of reading at your breakfast the very latest news, hours in advance of its appearance in the evening newspapers.

"Saved - - -" In June, 1910, a prominent New Brunswick lumber merchant was granted an Imperial policy for \$2,500.00. His fourth annual premium was due June 15th, 1913. He didn't pay it—and it wasn't paid on August 26th, when he died. But the Company continued the insurance in force under its Automatic Non-Forfeiture provision, and paid the proceeds of the policy to the assured's four young children on September 27th, 1913. Now think what would have happened had the policy not contained this saving clause, which is common to all Imperial policies. MORAL: Insure in the Imperial, the Company that really safeguards its policyholders' interests. THE IMPERIAL LIFE Assurance Company of Canada HEAD OFFICE - TORONTO Branches and Agents in all important centres. An Imperial Life policy cannot lapse until its surrender value has been exhausted in paying overdue premiums.

Pastor Russell's Spoken Sermons appear weekly in approximately fifteen hundred newspapers in the United States, Canada, Great Britain, South Africa, Australia and Scandinavia.

Billy Sunday Unique His Virtues and Faults

PRELUDE TO PASTOR RUSSELL'S SERMON

Kindly But Pungent Dissection of "Billy's" Furore—Fate Preaching Abominable to God—God Man Dishonored by False Doctrines Which Preachers Do Not Believe—Insisting Superstitious Fears a Crime—If the Bible Does Teach That Eternal Torment is the Fate of All Except the Saints, It Should Be Preached, Yes, Thundered, Weekly, Daily, Hourly—If It Does Not So Teach, the Fact Should Be Made Known and the Fool Stain Dishonoring to God's Holy Name Removed.

Who is responsible for the fact that this Message of Joy to all people has been perverted to mean bad tidings of great misery to all people—except an elect handful? Undoubtedly no person deserves the blame.

But while we indignantly insist that Satan has this responsibility, it is not for us to condemn the clerics of the Dark Ages did not come at the dawn of the new era, but they were there in the time of the Reformation, and they were there in the time of the Industrial Revolution.

Power to Everyone Believing. If the Gospel is the Divine power which works in the believer, it follows that it is not necessary to have a priest to administer the sacraments.

Some of "Billy's" Faults. The Pastor said that if the reports that "Billy" preached to God most reverently, he would be a better preacher than any other man in the world.

Net-Ashamed Gospel Briefly Stated. The Bible is the word of God, and it is the duty of every man to believe in it and to obey its commands.

Receptions, Miscellaneous. Mrs. Reginald N. Boxer, formerly Miss Oda Orr, for the first time, at 154 Gladstone street, on Wednesday, her sister, Mrs. W. G. Kelly, with her.

CLOTHING BY YONGE STREET

Toronto Central in Dual Meet. Ties With Rochester Athletes

Jack Tresider Breaks Track Records and Scores Most Points of the Night—Rochester Loses Relay Race But Wins at Basketball.

one yard to the good, which put Central ahead five points.

The basketball was then started, and, considering the strenuous night's work, the game was exceptionally fast, and within one point of catching their opponents, but the time flew by, and when the whistle blew the Rochester boys had won and tied the meet at 45 1/2 points all.

It was the keenest competition ever seen at a local athletic meet, and should be a lot to make athletes popular.

Summary of Events.

30 yard dash—1. Binder (R.); 2. Gaidner (T.); 3. R. Neff (R.) Time 4 1/2 sec.

Running broad jump—1. Sheehan (R.); 2. Blair (R.); 3. Rudolf (T.) Distance 22 ft. 2 in.

12 pound shot—1. Wray (R.); 2. Gaidner (R.); 3. Rudolf (T.) Distance 39 ft. 11 in.

200 yards—1. Tresider and Binder tie; 2. Cook (T.); 3. Parsons (R.) Time 3:25.

Standing broad jump—1. Cameron (T.); 2. Blair (R.); 3. Neff (R.) Distance 23 ft. 3 in.

100 yards—1. Tresider (T.); 2. Neff (R.); 3. Rudolf (T.) Time 1:45.

Running high jump—1. Marshall (T.); 2. Blair (R.); 3. Cameron (T.) and Sheehan (R.) Height 4 ft. 6 in.

60 yard potato race—1. Neff (R.); 2. Kelly (T.); 3. Keachie (T.) Time 14 1/2 sec.

440 yards—1. Jack Tresider (T.); 2. Cook (T.); 3. Parsons (R.) Time 1:15.

How the points were scored:

Rochester	10
Central Y.	14
Blair	10
Gaidner	5
Marshall	5
Neff	5
Parsons	5
Rudolf	5
Wray	5
Keachie	5
Tresider	5
Cook	5
Keachie	5
Total	45 1/2

Notes of the Meet.

Jack Tresider was the high scorer with 14 points. Binder and Neff were tied for second with 10 points each.

Tresider, Neff, Cook and Binder will all receive handsome diplomas for setting up new records.

Another interesting feature of the meet was that each team set four 100 yard, four seconds and four thirds, with a tie for a first and a third.

Announcer Lester was lucky to escape after the meet because of his personal remarks thru the megaphone.

The Central walkers were out in force. Every man appeared in the road against George Goulding, who was greeted with a great ovation.

The visitors were all delighted with Central's excellent track. Binder thinks the track is at least 1/4 in. better for the 100 yard race.

Another interesting feature of the meet was that each team set four 100 yard, four seconds and four thirds, with a tie for a first and a third.

The visitors were all delighted with Central's excellent track. Binder thinks the track is at least 1/4 in. better for the 100 yard race.

WARTON AHEAD OF SARNIA.

SARNIA, Feb. 21.—The match here Saturday night resulted in a score of 5 to 4 in favor of Warthon. Line-up: Sarnia (4): Goal, Front; point, Granary; cover, McCarty; rover, Laseury; centre, Finch; right wing, Rock; left wing, A. Ashley.

Warthon (6): Goal, Johnson; point, Gidner; cover, D. Ashley; rover, Simmie; centre, Miery; right wing, Rock; left wing, A. Ashley.

Referee: Wm. Tackabaker, Toronto. They play the return game next Wednesday night at Warthon.

THE MILE WALK.

Great interest was taken in the mile walk, George Goulding, who had been laid up with a cold, appeared rather fit and disappointed the crowd, and his appearance was greeted with great applause. He was heavily handicapped, but went right after his field and gave a great exhibition.

The most spectacular event of the night was the relay race, for in the event preceding the score had been tied at forty points all. Eight men from each team were to run two laps. Len, Adlard started for Toronto and M. Van Graffen for Rochester. The American got the better of the start, and still had the lead when Brown went away against Sheehan, who added a little more to the lead. Neff against Cameron made Rochester's lead seven yards, and then Harry Cook against Duffus gained three yards. Jack Tresider gained back a little more, and his Jim Gaidner against Parsons made it a tie and then won the crowd cheered when Kelly went away for the last relay against Binder, the champion of Rochester, and the cheering never stopped until after the Central man shot by the finish.

P. O. EXPERTS ON THE ALLEYS

Kirkpatrick, From Limit Mark. Proves the Winner—Notables in Attendance.

The annual five-pin handicap tournament for prizes of the employees of the General Postoffice and sub-stations was held at the Toronto Bowling Club Saturday night when over 60 contestants took part in the big blue ribbon event. Some of the notable prizes and who also took part in the games were: Lieut.-Col. Geo. Ross, W. B. Rogers, postmaster; W. G. Milligan, assistant P. O. inspector; R. Dunstan, superintendent of letter carriers; J. Kirkpatrick, stationer; A. T. W. Spence, superintendent city delivery; and J. Drew Spent of letter box collection. At the conclusion of the games the prizes, which were much in keeping with those of past seasons, were distributed by Postmaster Rogers, who in turn also figured in the donations. The popular postmaster, however, made a mistake in handing out the prizes, and was obliged to leave his little roll of paper to be unwrapped by the next morning. He was tickled to death if he would always become a "booby winner" who, being a member of a sensitive disposition, had already fled and left his little roll of paper to be unwrapped by the next morning. He was tickled to death if he would always become a "booby winner" who, being a member of a sensitive disposition, had already fled and left his little roll of paper to be unwrapped by the next morning.

PANZARETTA WINS SANTIAGO PURSE

First and Second Choices Clean Up the Card on Sunday at Juarez.

OSLER RECREATION CENTRE.

The final games in the Baseball House League were played Saturday. Galway and Crawford tied for first place, each in the first game. These two teams were very evenly matched, and the game was always in doubt. In the early part of the game Crawford's team took a slim lead. In the last inning Galway staged a grand finish, but was unable to tie it up. Crawford leading at the finish 7 to 6. The second game resulted in a 4 to 2 win for Crawford. In the final game Crawford over Wilson in an extra innings game, 12 to 1. Following is the final standing of the league.

T. AND D. DIRECTORS MEETING.

The regular weekly meeting of the directors of the T. and D. F. A. will be held in Occident Hall on Tuesday at 8 p.m. instead of tonight.

Any club who have not yet sent in their grounds certificates and registration names and addresses are requested to do so as soon as possible.

Thursday—Biggles v. Ravens.

Friday—Ideas v. Ravens.

BAKER BULLETIN.

PHILADELPHIA, Feb. 21.—Conkie Mack, manager of the Philadelphia Athletics, tonight characterized as "another wild rumor" the report published today in St. Louis that J. Franklin Baker, the Athletics' hard hitting third baseman, would become a member of the St. Louis American League.

"I have every reason to believe that Baker intends permanently to retire from baseball as I announced a few days ago."

HOME RUN BAKER FOR ST. LOUIS.

ST. LOUIS, Feb. 21.—J. Franklin Baker, who a few days ago announced he had decided to quit playing baseball, will be a member of the St. Louis American League during the 1915 season, according to a story published here and said to be based on good authority.

Reference to the reported transfer is a "war on the Federal League, with St. Louis as the chief point of attack."

BEAR PRESSURE ON WALL STREET

Average Prices Drop to Lowest Level of Present Movement.

AN IRREGULAR CLOSE

New Minimum Price on Several Issues—Bond Market Heavy.

Today being the anniversary of Washington's birthday and a general holiday in the United States, the American markets will all be closed.

Canadian Press Despatch. NEW YORK, Feb. 20.—Renewed selling of stocks at the outset of today's session was in such volume as to bring the average of prices down to the lowest level of the present movement.

Speculative favorites and various specialties declined from 1 to 3 points before buying appeared and the downward movement was arrested.

Local conditions were further complicated by an irregular close. On the whole the ease with which prices were raised suggested considerable underlying strength.

Wall streets attention was again directed across the water, latest developments offering little immediate hope of any diminution of the recent strain.

London's markets were dull and Americans were further indicated by recurrent weakness in foreign exchange and some nervousness in the general markets.

Three wheat estimates that our bankers were continuing their negotiations for the placing of large foreign credits here and details of such details were being discussed.

New Minimum Prices. Local wheat prices pointed to a Southern Railway preferred fell almost three points to within a fraction of its established price of 45, and American Corporation dropped 15 cents to its minimum of 65.

After the close of the market, the wheat exchange announced that new minimum prices, effective Feb. 22, American Corn and Poultry 40, American Locomotive preferred 34, American Steel preferred 34, Baltimore and Ohio 45, New Haven 45, Federal Mining preferred 24, Loos-Wilkes second preferred 74, National Railway preferred 34, Steel preferred 34, Seaboard Air Line preferred 34.

The bond market was heavy, a continuing cause being the further selling of investment issued for European account. Total sales, par value, \$1,370,000.

SUN LIFE INCOME FIFTEEN MILLIONS

Preliminary Figures Indicate That Company Has Made Substantial Progress.

Preliminary figures of the Sun Life for 1914 indicate that the company made substantial progress during the year. Cash income reached \$1,057,376, an increase of \$1,057,376, a new surplus earned for the year \$1,878,288, from which \$81,762 was distributed to policyholders.

After spending \$46,052 on renewals and \$118,000 on other charges, the company had \$68,153 to carry forward as surplus from the year's earnings. A year ago the surplus was \$64,187,656, a new surplus earned for the year \$1,878,288, from which \$81,762 was distributed to policyholders.

Assets of \$64,187,656, a new surplus earned for the year \$1,878,288, from which \$81,762 was distributed to policyholders.

Assets of \$64,187,656, a new surplus earned for the year \$1,878,288, from which \$81,762 was distributed to policyholders.

FRESH DECLINES IN WHEAT PRICES

Cash and Export Houses Bought May Option on Break.

CORN AND OATS LOWER

Provisions Likewise Shared in Weakness on Prospective Broadening of Supply.

Canadian Press Despatch. CHICAGO, Feb. 20.—Dangerous conditions developing abroad for export shipments brought about fresh declines today in the price of 1-1/2c under last night's. Other net losses were corn 7-1/2c, oats 3-4c to 1c, and provisions 1-1/2c to 3/4c.

Rather stormy selling took place at the outset in the wheat market here regardless of firm quotations at Liverpool. This circumstance and the fact that some foreign business was said to have been done at the seaboard in Kansas City led to a reaction which was afterwards duplicated with increased force owing in part to word that millers were buying at Minneapolis.

Corn Under Pressure. Fears that exports from the United States might be gravely hampered with prospective declines in the wheat market from assuming a last-minute character. Favorable prospects for the winter crop also counted against the bulls. Prices regarding the energetic attacks on the forts at the Dardanelles came too late to affect the market.

Corn was under pressure from the bears the greater part of the day. Domestic buying for industries was somewhat of an offset to the selling, but the influence of the big visible supply and of the wheat weakness could not well be conquered.

Seaboard assertions of a big export crop for oats were ineffectual to overcome in that cereal the results of the depression of other grains. Corn also ignored references to the paucity of farm reserves.

Provisions showed decided weakness, especially pork. It was said packers were figuring on big arrivals of hogs next week.

Chicago Grain. J. P. Rickell & Co. report the following fluctuations on the Chicago Board of Trade: Open High Low Close. Wheat—100 101 102 103. Corn—100 101 102 103. Oats—100 101 102 103.

The Great Opportunity

Offered by the Home Owners' Furnishing Club is Brightening Hundreds of Homes These Days. Our Fourth and Fifth Floors are busy as a bee-hive. People who, with a sigh, had shelved homefurnishing for a while, on account of the big "wallpaper" it handed their cash reserve, have now taken it up again, and are busily choosing from the best selected stocks in Canada. Here are the chief attractions for tomorrow:
