SIXTY-THREE DEAD IN MEXICAN EARTHQUAKE

Seventy-five Wounded-Thirty Bedies of Soldiers Recovered -No Foreigners Hurt-Old Churches and Schools Suffered Severely-Casualties Confined to Comparatively Small

MEXICO CITY, June 7 .- Sixty-three were killed, 75 wounded and property worth \$100,000 was wrecked to-day by an earthquake shock which shook the Mexican capital and injected a note of tragedy into what was to be a day of pure rejoicing over the arrival of

Francisco I. Madero, jr.
When the work of searching the ruins is completed it is possible that the list of dead will be increased somewhat, as hiding here and there thru-out the city there doubtless are wound-ed, who, with traditional fear of the authorities and government hospitals, are anxious to avoid discovery. Little of the loss is covered by in-

It was 4.36 o'clock when the first shock was felt. According to meterological observatory the greatest intensity was reached at the end of the first minute, but the instruments continued to record the shocks for fourteen minutes more.

The disturbance was vacillating and

almost free from trepidatory motion.

More than half the dead accounted for were soldiers. They were caught beneath the falling walls of the artillery barracks in San Cosma, near the Mexican Central station.

Another place where the earthquased took its toll of death in considerable numbers was at the city power plant of the Street Car Co. There six persons were killed and six wounded. Two others were found in the debris. Caught Under Falling Walls.

people of the city are to earthquakes, which usually are harmless, the inhabitants were slow to realize that this was the most serious shock the counties.

their lives. They were the wives of artillerymen. These women have the privilege of spending the night within the walls of the barracks, an old structure. It was unlike many of the older edifices of the city, as its walls were comparatively thin Saventy tropical and the conservatives express the interest confidence in diadence i were killed twelve women also lost | man of structure. It was unlike many of the older edifices of the city, as its walls were comparatively thin. Seventy-two soldiers were sleeping in the house. Approximately 35 were quartered on the first floor, the remainder on the government will be defeated.

The bodies of 30 soldiers have been recovered. Three are missing and 16 are wounded, a few severely. Those who escaped began the work of rescue at once without spreading the alarm for some time. Women, whose soldier husbands were in the pile, stood by g, in groups, while children to mother's dresses and stared curiously at the gruesome scene. Ambulances later carried the wounded to

to Dolores Cemetery Effects of Shock,

those of the Mexican Railway, was thrown down. An engineer, who was lying by its side, was crushed to death. A warehouse of the Mexican Central position of the building collapsing.

About one-third of the roundhouse torn down. No casualties were

reported there. The police reports of the quake today and to-night did not record the Sir James Whitney, premier of Ontario de the of any person of prominence, and his government. The victims were those whose homes

Stuart, broken walls mark its course as Tara. far to the south as Colonia Roma, in habited largely by Americans. In this quarter, however, little damage was done, and no deaths have been re-

The watermains of the city were not injured and the light and power company suffered little inconvenience. Some damage was done to street car tracks, but not enough to interfere with traffic, except on one line. The projection of the front wall of Numerous Political Conventions Inthe Belem Prison was thrown into the street. No great damage was done. A long crack reaching from bot-

tom to top also was made in the edge of the front wall of the prison Old Churches Damaged.

Two of the capital's old churches and the National Palace show effects of the shock. Long cracks appeared in all of them. In the palace a keystone in one of the arches was thrown almost out. The two churches are Santo Domingo and La Profesa, the latter in San Francisco-st. This church flas been cracked by other earthquakes. This morning the cracks dates for the legislature will be chosen.

No Desire for Election

WINNIPEG, June 7.—Hon. Frank Oliver stated here to-day that the government has no desire to call a general election now. It was true that only five-twelfths of the supply had been rotted and there. ply had been voted, and therefore it was in the power of the opposition to force or, an election in September. That would be before complete centers and the september of the power of the opposition to force or, an election in September. sus returns would be in, and therefore before redistribution would be possible. He speaks to-night at Selkirk, Man. and will address several meetings in Manitoba before proceeding

TAMILTON **APPENINGS**

REPORT ON LIGHTING SYSTEM SATISFACTORY

Hamilton Will Have Up-to-date Plant-Will Be Paid For in Thirty Years.

HAMILTON, June 7 .- (Special.)-E. Sifton, consulting engineer, to-night read and explained his report on the proposed municipal power and lighting plant to the members of the city council at an informal meeting in the mayor's office. While the report, when published, was generally admitted to be a very clear and comprehensive do-cument, there was a feeling among some of the aldermen that it was too good to be true. Mr. Sifton was there-fore to-night called upon to go fully into the details of the report and ex-plain just how his estimates and conclusions were reached. This he did in a most satisfactory manner. In their search for knowledge in the matter the mayor, controllers and aldermen fired all sorts of questions at the engineer, to allow of which he replied fully and clearly, and apparently convinced his questioners of the correctness of his figures. After the meeting one of the aldermen, who is commonly credited with being a Cataract supporter, ex-pressed the opinion that the report is a good one. The estimates for all contingencies are liberal and every possible unforeseen circumstance in the construction of the plant seems to have been provided f

A Complete System. The report includes plans for the supply of power to the city and to commercial users and a system of street and residence lighting covering the entire city as at present laid out, and also provides for a 2 1-2 per cent increase in the street area of the city. Sinking fund, interest depreciation, expansion of plant, cost of operation, contains and every apparent postaccounting and every apparent posfactor in the success of the system have been taken into account. all the city is promised a complete modern power and light system, which will have been entirely paid for in thirty years, and which, in the mean-time will supply all kinds of elec-tric current at prices lower than are

of having left the city for the Bisley competition. He, however, sent a letter stating his position and criticizing the report. His chief criticism was that Mr. Sifton had figured as if for a business concern, instead of a municipality, and that the estimates submitted will be found to be too low.

Solving The High-Cost Problem

Eat simple, nourishing, inexpensive foods and

you will be the gainer in health and pocket.

The high protein foods, meats, etc., cost the

most, are the hardest to digest and hence the

least nutritious in the long run. Cut out heavy

meats and soggy pastries for a while and eat

SHREDDED

Biscuits, the ready-cooked, ready-to-serve whole

wheat food-steam-cooked, shredded and baked in

Try Shredded Wheat for breakfast for ten days-

served with milk or cream. Easily digested.

Keeps the stomach sweet and the bowels healthy

Also deliciously wholesome when eaten in combin-

Triscuit is the crisp, tasty Shredded Wheat Wafer-delicious for

any meal with butter, cheese or marmalade. Toast in the oven

Improvements **Already Commenced**

Howland avenue and Rowlatt avenue are now graded, the lots are staked, and further work is being carried on as fast as possible.

There are only a few lots left.

This property is without doubt the most advantageous to buy in or around the city at present prices and terms. It is only 21/2 miles from Parliament Buildings, which is practically the centre of city.

It will pay you to see us at once and let us show you the site.

Cayuga Runs Saturday. Niagara Navigation Company's steamer "Cayuga" makes the 2 p.m. trip Saturday, returning to Toronto 8.30 p.m. Fare 75 cents. There will also be a 3.45 p.m. trip Saturday, and a late hoof. a late boat returning from Le Six trip service in effect Monday, June 12.

SATISFACTORY DELIVERY. George Lawrence's Mid-week Delivery of Bread a Boon to Customers.

week bread delivery of the Lawrence Pakery. There is reported a most satisfied feeling among all cus over this long-wished-for change. The cormer custom of a half holiday for drivers on Wednesday worked out badly. Drivers would run thort on Tuesday, not deliver Wednesday, and run short on Thursday araji, thu cannot do without their Lawrence Home-Made Bread will now be able

run short on Thursday again, thus leaving many customers three days without their favorite loaf. To make amends for the loss of the half holiday Mr. Lawrence has given an increa-in wages during June, July and Au ust. Hundreds of old customers get it daily without fail.

Steamer Olcott Commences Saturda Commencing Saturday, June 10, et daily, including Sunday, steamer what cott" will leave Yonge-street where east side, at, 7.30 a.m., and 2.30 p.m. One-day round trip fare 75c. Telephone

T. EATON CO.

MINISTERS PREACHING ANYTHING BUT GOSPEL a medical man enters our contest of deal with a serious case we at least expect seriousness and dignity from him. Do we expect less from a physician of souls?

Rev. Principal Forrest at General Assembly Condemns Themes Heard in Pulpit.

ing in Knox Prespyterian Church.

As was expected Rev. Dr. R. P.

Mackay of Toronto was elected moderator. Rev. Dr. James Ross of London was also put in nomination, but he withdrew and the choice of Dr. Mackay was made unanimous. Rev. Dr. Scott will now be in line for the honor next year. A suggestion was also made that the honor might be given to a layman, but the retiring moderator pointed out that the rules required that the moderator be a clergyman. The other feature of the evening was the address by the retiring moderator. Rev. Principal Forrest of Dal-housie University, Halifax. In a forcepreaching on political economy, sanitation and other questions on which too often they knew very little. The aids called in to make up for the weakness of the sermons, music, can-tatas, solos with violin oldizatos, etc., also came in for pointed criticism.

The Only Theme.

Out.

The secretary of the league has issued the loan of their cars, and response is being made liberally. The coming outing will be the largest an address, in which he spoke of the interest England had in the work being done in Canada.

NEARLY BAN INTO CANAL

Chauffeur Discovered Bridge Was Open and Steered Into Post. ST. CATHARINES. June 7 .- (Special.)-A large auto driven by W. Thompson of Paris, narrowly escaped plunging into the new canal at Queenston-street crossing. The car rounded a curve approaching the bridge at rapid rate, when it was discovered by the driver that the bridge was open. By applying the brakes and steering car into a near-by post, a most serious accident was avoided, but the machine was considerably damaged by the impact with the post, which was cut into, toppling over into the

Fast Time New Record at ... Pacing Baseball Montreal 4 :.. At Chatham Blue Bonnets

Note and Comment

shon's mile yesterday in 1.37 4-5 ws the track at Blue Bonnets to be tning fast. Whisk's time the day be--1.38 flat-wasa fifth better than the dian record, made by Denham at Erie in 1907, and equaled last year at Bonnets by Lovetie.

The Leafs are home this morning for a h-needed rest after their four days' le quest of victory in Montreal. And that it might have been worse had Ed. rrow called fora series of five games

the island.

Yesterday afternoon at the armories, the Miseassauga Horse gave an exhibition of wrestling on horseback for the benefits of the directors of the Eatin A.A. and they were very much pleased with the performance. They predict that it will cause as much laughter on Saturday at tee big meet as the pushball did last year, to see the men getting pulld off their horses by their legs, arms or any old way, as long as they are yanked to the ground, proved very exciting and it should be a scream Saturday. In addition to the wrestling match the soldiers will also put on a military melee.

The Eaton games start at 2.30 p.m. sharp Saturday.

The plan fir the big meet Saturday at the island is selling very fast.

Weren the three charlot teams trot out on the track Saturday next at the island, the public will be treated to one of the most interesting races ever seen in Toronto. Each charlot will be manned by the runners, the teams entered are from the Central Y.M.C.A., West End Y.M.C.A. and Eaton A.A. The race is for a quarter of a mile and when those charlots come running down the stretch with the driver lashing his steeds on the and the condition of the property of the stands.

Bonhag has written Secretary Douglas of Eaton A.A. that he will be here Saturday morning.

Baltimore Score Two Shut-Outs.

PROVIDENCE, R.I. June 7.—Baltimore held Providence scoreless for eighteen innings to-day, winning both ends of a double-header, taking the first by a score of 2 to 6, and the second by a score of 5 to 0. The first contest had the earmarks of a ball game, but the second was a joke. Sline pitched good ball in the first game, but errors at critical times gave Baltimore two runs. Dygert was a riddle Providence could not solve. In the second meeting, Maroney held the Birds safe for four innings and then he went to pleces, and, with the locals playing like schoolboys, the visitors had no trouble in sending runs across the plate. Adkins pitched fine ball. Score:

This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball, and complies with the rules and regulations of the A. B. O. All first-class alleys are puting these balls on. Try one on the alley where you roll, and you will never roll any other ball.

NAUSHAN IN RECORD TIME WINS MILE AT MONTREAL

Defeats Zeus, Odds on Favorite in 1 37 4-5-Stalker Wins Steeplechase Cup.

MONTREAL June 7.—(Special.)—For the second time in a week the Canadian mile record was broken at the Blue Bonnets track this afternoon, when, in the nets track this afternoon, when, in the help of the day, Naushon, R. T. Wilson's black colt, outstripped Hildreth's Zeus, an odds-on favorite, and winner if the Windsor Hotel Cup on opening day, and came under the wire in 1.874-5, one-fifth of a second better than the time which Whist made on Monday that shattered the previous best made last fall by Lovetie. Zeus was quoted at prohibitive odds of 2—5, but even at that the Hildreth colt found backers. Archibald on Naushon, however, out-rode Dugan and brought home the bacon. The hottest tip, for the flay, Vestibule in the first race, was quoted at 1. to 4. Those who cared to take a chance were amply rewarded for their temerity, for the Rocksand colt made a show of his field and won just as he pleased with the Hildreth entry taking second and third money. Expansionist, considered a good thing in the steeplechase and a favorite in the ring at 3 to 2, furnished a disappointment by running out at the fourth jump. Pollock, who had the mount, rode Dr. Koch on Monday until he fell off and this second slip-up restifted in his being called to the judges' box. There appeared to be no reason in the world why Mrs. Wilson's horse should have missed fire, but it resulted in the yaluable Wilson cup going to Mr. Scott Ives' Stalker, with Steve Lane second and Judge Cronin, which looked a goner in the last three-quarters, third. The last named came up when Merrymaker quit after looking all in.

FIRST RACE, 2-year-olds, maidens and winners of one race, 5 furlongs:

1. Vestibule, 115 (Dugan), 1 to 4 and cut.

2. Gold Blade, 111 (Gordon), 4 to 1, 2 to

cut. 2. Gold Blade, 11t (Gordon), 4 to 1, 2 to 7 and out. 2. Dalmain, 108 (Archibald), 1 to 4 and Time 1.01. Republican and First Aid also ran.
SECOND RACE. 3-year-olds and up.
Don-winners of more than one race prior
to March 1, selling, 7 furlongs;
1. Supervisor, 102 (Pyrne), 8 to 5, 2 to

1. Supervisor, 102 (FY:ne), 8 to 3, 5 to 2 and out.
2. Barney Igoe, 95 (Diggins), 6 to 1, 2 to 1, and even.
3. Semiquaver, 105 (Schuttinger), 2 to 1, even and 2 to 5.
Time 1.27 1-5. Scarlet Pimpernel, Hatteras, Voltaire and Montagnie also ran.
THIRD RACE, 3-year-olds and up, 1 1. Naushon, 107 (Architald), 4 to 1, 1 to 2 and out. 2. Zeus, 107 (Dugan), 2 to 5, 1 to 10 and and out. Time 1.37 4-5. Maitble also ran. FOUNTH RACE, handicap, 3-year-olds,

1. Edda, 104 (Schuttinger), 5 to 1, even 2. Leah, 89 (Byrne), 3 to 2, 2 to 5 and and out.
Time 1.52 2-5. Agnar also ran.
FIFTH RACE, The Wilson Challenge
Cup, handicap steeplechase, for 4-yearo'ds and up, about 2½ miles:
1. Stalker, 130 (Ryan), 5 to 1, 7 to 5 and

to 2. 2. Steve Lane, 147 (Lynch), 8 to 5, 3 to 5 and out.
3. Judge Cronin, 143 (Pending), 7 to 1, 8 also ran. SIXTH RACE, 2-year-olds, selling, 5 1 and even. 2. Rose Queen, 100 (Dugan), 1 to 2 and

3. Sal Volatile, 110 (Goldstein), 8 to 1, 3 Bourbon Beau Wins Galloping.

cision. Dainty Dame, Fernando and Merrick also tran.

SECOND RACE-Purse. 4½ furlongs:

1. Fox Brook. 115 (McIntyre), straight

\$17.30, place \$10.40, show \$5.70.

Bourbon Beau Wins Galloping.
LOUISVILLE, Ky. June 7.—Bourbon
Beau proved to be easily best of the small
field that started in the handleap, the
feature iof the card at Churchill Downs
this afternoon. He won galloping by six
lengths. The first race resulted in one of
the closest finishes of the meeting, when
Wintergreen, McIvor and Al Muller came
to the wire so close together only the
judges could separate them. They were
placed in the order named.

FIRST RACE—Six furlongs, selling:
1. Wintergreen, 107 (Loftus), straight
\$5.50. place \$4. show \$3.10.
2. McIvor, 98 (McCahey), place \$3.70,
show \$3.99.
3. Al Muller, 112 (Kennedy), show \$3.50.
Time 1.13 3-5. Eifin Beau, Big Stick, Incision, Dajnty Dame, Fernando and Merrick also 4 ran.

Walter Johnson is nothing like the pitcher he was last year. He neither looks nor pitches as he did during the campaign of 1910, nor is he apt to until he recovers his vitality. His recent sickness left him weak, and he shows it in his work. That terrific speed which made Johnson a great pitcher is not apparent this season. His work is only ordinary these days, and he is being hit harder than he ever was during the former three seasons he has been a member of the Washington team. Johnson in his present condition is of little or no service to the team. yards, selling: 1. Swisb. 107 (McTaggart), straight \$26.10, place \$13.50, show \$6.

THAT'S GOOD.

International Polo Match Postponed For the Third Time

NEW YORK, June 7.—As the Meadow-brook polo field was fast approaching quagmire conditions, and the three days' trainstorm showed no signs of ceasing, the Polo Association officials, with the approval of the captains of the English and American teams, postponed to-day for the third time the second match for the International Cup. They also decided to wait until Friday for a change in the weather and field conditions, in the hope that the skies would clear and that the turf would be put thru a drying-out process that would make it again playable. Another season for the two days' additional delay is the fact that the English visitors have accepted invitations to see American jumpers take the hurdles at the annual meeting to-morrow of the United Hunt Clubs. Just what will happen in case a cup match is play on Friday was not decided to-day; in fact, the program has been changed so many times that the polo officials are loth to look very far ahead. It was admitted to-day, however, that the series is likely to extend into next week.

Kew Beach Twelve Shots Up. Lawn bowlers are again reminded that the draw for the Granite Club tourney will be made at eight oclock this evening on the former's green for the Williams Cup, the home rinks winning by 12 shots, as follows:

Any who have not yet sent in their entries to the secretary, A. E. Huestis, 48 W. Forbes.

West King street, are urged to do so, if possible, this morning, by telephone (M. 6756) or letter.

Play begins at two o'clock sharp on Saturday afternoon next.

GLADSTONE'S WIND-UP.

The Gladstone Bowling and Athletic Club bowlers wound up their tenpin season at their clubrooms Tuesday evening with a very enjoyable time, holding their annual banquet and presentation of prizes. The prizes were presented by the hon. president, J. H. Woolson. The following were the prize-winners:

League champions. Brownies, seven tepins; second team, Pastimes, six medals; high average man on each team. J. Brown,

Four rinks from St. Simons visited St Matthews yesterday and lost by 34 shots

Pitcher Wendell, the twirler from Cneida, N.Y., recommended to Hamilton by Howard Earl, the Pittsburg scout, has reported, and will accompany the team to Brantford. He is a short, well-built chap, and in the best of shape, with the result that he will likely pitch one of the games in London. Wendell makes six twirlers that the Kolts are carrying at present, but the staff will be cut down to four before long, so that some of them will have to show something before the week is out.

Billy McNamara, the catcher, who is coming to Hamilton this week, will be in time for the home series, and should prove of great strength to the team. He will be the regular catcher, with Barton as second man and utility outfielder.

Discredited may be too harsh a term which to describe the place Sir Wilfrid Laurier now holds as an immuch and is losing more of the prestige he once enjoyed is undeniable. The premier has not only shown himself to be entirely out of touch with English-speaking Canadians regarding closer-union among the British nations. ernment. Even so staunch a supporter of the premier as is The Montreal ments of the dominions being consulted by the imperial government in matters affecting foreign politics. Even The Toronto Star has mustered up sufficient independence to admit that on

would agree with The Witness.

Sir Wilfrid's whole attitude at the pending conference, so far as it has gone, has been highly disappointing and at variance with his previous deliverances regarding the evolution of the British co-partnership. While hydro-electric power and light have never favoring any departure involv- seized on The Evening Star's garbled ing interference with the autonomy of interview with Mr. H. L. Drayton and the oversea dominions, he has hitherto are now representing that the city ary reputations, but who are writing maintained strongly that Canada hydro-electric will be a burden to the should remain one of the band of imtax-payers. The Hamilton Times, as
perial states and accept the obligations was to be expected, takes this view.
that position entails. But a marked the property of the class of post cards and other see the class of post cards and other perial states and accept the obligations that position entails. But a marked change has passed over his spirit, unless his speeches at this conference belie him, and it can be attributed to nothing but the political end of the reciprocity deal. It has been agreed.

Was to be expected, takes this view. The Mail and Empire, which sits in labor of the present the class of post cards and other see the class of post cards and other see the class of post cards and other such literature being circulated. I was not the called attention some time ago to the called attention. I the called attention to the called attention some time ago to the reciprocity deal. It has been agreed, with his finance minister's protest against any discussion of the reciprocity pact from the imperial standpoint, of Niagara. The cut in rates appears he could not very well accept a pro- to have stricken it dumb. posal that the dominions should be apprised and consulted about the course of imperial foreign policy.

Sir Wilfrid's heart and perhaps his trains in future, instead of gas, which willing guest and would far rather lision and other accidents. Something have remained in Ottawa. This im- of the same sort is needed in Toronto pression cannot be resisted and it has been reflected in the cabled official reports of the imperial conference debates. Sir Wilfrid Laurier is being influenced by the exigencies of the Canadian political situation and he has evidently resolved to placate that element in Canada which is opposed regrettable, but it is patent, and it again. We suspect that the gas is frereveals another but not unexpected result of existing Canadian conditions. It also discloses the essential weakness of stronger politician would have placed electric light, now that the civic electhe Canadian premier. A bolder and more than what would have been legitimately rendered. Sir Wilfrid's nearast ally these days is William Taft,

NNEXATION OF NORTH TO-RONTO.

room for them in Toronto, but they city will do it itself. are as close as they can get. They wish to become citizens by the annexation of their municipality.

Toronto, if she is to grow into a great-city, must assume, should gladly ter to do it, for no one else can nowaassume, the responsibilities thereof, days: "I trode also the grassy slope and take in adjacent territory as fast of Salisbury Crag, and mounted to its as is necessary. In her own interests precipitous forefront, frowning southshe must look after the samitary and wards." Now, why did Mr. Haultain police conditions, and most of all, frown southwards? road conditions of all contiguous ter-

ritory. Some considerable cost may be involved, but North Toronto is growing J. Enoch Thompson, Esq., the Raso rapidly and the values are so good that the additional assessment will My dear Mr. Thompson, In reply to

make ends meet.

too glad to increase their population

and area But to delay the proposition only nakes it harder later on. The controllers, not the officials, have the responsibility.

THERSITES ONCE MORE.

"The World gets terribly offended," says The Catholic Register, "because will pay for the Sunday World for one year, by mail to any address in Canada or Great Britain. Delivered in Toronto or for sale by all newsdealers and newsboys at five cents per copy.

Postage extra to United States and all other foreign countries. we caught it in a small and miserable

protest when Catholics were to be mmiserated in their faith and religion by such master-intellects as The World editor. A Basil, a Thomas Aquinas, a Newman patronized and pitied by such a towering mentality!" This is the usual style of Register unkum. Of course we said nothing about Basil, or Aquinas or Newman nor suggested any depreciation of faith, or religion. The Register is determined to take advantage of the principle of "love me, love my dog."

THE CITY'S BUSINESS.

In the list of names sent by the poard of trade to the mayor and board new harbor board there is healthy evidence of the existence of exactly the dated, but with all that has been determined in the way of confiscating numbers in the way of confiscating numbers of indecent books, and the heavy fines and punishments imposed upon the purveyors of the indecent post cards competent and enlightened way. The and other such publications, the sale gentlemen mentioned, it is stated, still continues. The reason is that the would consider it an honor to serve

on the difficulty of getting the business men of the city to take an interest in civic affairs. Now that they have evinced a disposition to do so it is to be hoped that the city council will not meet them with a rebuff.

PEOPLE AND PUBLIC.

As we suspected the opponents of

GAS OR ELECTRICITY.

A recommendation has been made The London Globe did not write by the English board of trade that without reason when it remarked that electricity be used for the lighting of is liable to start fires, in cases of colwhere deaths from gas poisoning are only too frequent. People are constantly coming in from country places, like Picton, where everybody has electric light, and they stay at hotels where the unfamiliar and primitive gas lighting endangers their lives. They are frequently blamed for turning off the gas and turning it on taste was not inclined that way, but quently turned off at the meter and turned on again.

There could be no hardship in requiring all hotels to be equipped with

tric rates are on a par with gas.

defence of the sacred character of the day, and the rights of labor to a seventh day of rest.

I am distinctly averse to such vexatious prosecutions for the breach of the Lord's Day Observance Act, as you mention in your letter, and am strongly in favor of a rational, as opposed to a Puritanical observance of the day.

At the same time I do not feel pared to join the league, in whose interest you write, nor to commit myself to any action that the league may take. Thanking you for sending me some of the literature of the league,

Faithfully yours, Arthur Toronto. Archbishop's Room, Merchant's Bank Chambers. Toronto, May 30, 1907. Merchant's

HOW NOT TO DO IT.

Editor World: For some years in England every effort has been used thru committees, etc., to try and eliminate the circulation of indecent publications of various kinds with demand has become so great the pur-veyors take great chances in supplying it, as they find the business profitable. We do not seem to be living in an age where you hear people warning others against indecent publicalons, but what you do hear is : you read such a book, if not, get it.

Filthy literature has been gradually creeping in under the mask of decency, and of being up-to-date literature. Even the writers of higher reputation have veered to the spicy subjects. Some years ago we read of books by R. G. Wells being banned in England. his latest book has been dealt with in the same way. Now, if books by such writers are unfit for circulation class of books may we expect from writers who are not seeking for liter-

I saw a statement showing that

book, with a view of suppressing it, was like advertising an indecent playincreased the business. He stated that the general run of the people's that they read them more from a morbid curiosity. I see they have started in Toronto

Judge's Chambers. Before Riddell, J.

Re Overholding Tenants Act-Pepall v. Brown—Broom (tenant) in person.
E. G. Long for landlord. A motion by
Tenant Broom for prohibition to the
judge of the county court of the County of York, on the alleged ground of want of jurisdiction. Judgment: Upon the evidence be-fore me I cannot find that it has been proved that the act does not apply and the application will be dismissed. Unless the other parties have other-wise agreed, the dismissal will be with

costs.

Judgment: These applications are vigorously opposed and without commenting on the evidence I think I and since then there have been some others prosecuted for dealing in them. There has been no thoro investigation made as to the class of books that are circulated in Canada. There are so many channels thru which they are distributed, this is not only thru the book stands and stores, but there are agents canvassing the country, and there are firms on the continent who are forwarding to Canada lists of books that should not be allowed in this country. Are these books examined before entering?

Writing letters to the newspapers menting on the evidence I think I should direct an issue to try the alleged insanity. The issue will be preligiously the plaintiff) under set. I (5), the defendant will be the alleged lunatic, whose dant will be the alleged lunatic, whose dant will be with the privity of the official guardian. The issue will be official guardian. The issue will be plaintiff) and the provisions of sec. 8, of the act, and at the next sittings of the act, and at the next sitting and the act and the act and the privity of the act and the privity of the act and the pri writing letters to the newspapers may wake this matter up, and check them to a certain extent, but more stringent steps should be taken to stop their sale. A newspaper editor stated to me, when in Toronto, that to publish the name of an indecent book, with a view of suppressing it.

Single Court. Before Riddell, J.

Re Fitzgerald Estate-H. Cassels, K. C., for petitioner. F. W. Harcourt, K. C., for infants. Motion by petitioner be relieved from the position of guardian and for the appointment of I see they have started in Toronto to clean them out, and that several of these books have been confiscated. This example and also the cours which has been taken in England, should be followed in Canada. The circulating libraries were the first to be investigated in England, and numbers of had books were found. There

Before Middleton; J.

Eckersley v. Federal Life Assurance Co. of Canada—J. H. Ingersoll, K. C., and A. C. Kingstone (St. Catharines) for plaintiff. G. H. Watson, K.C., and The plaintiff, a policyholder in

No woman wishes to work so hard that her work becomes drudgery. Every

woman wishes to have some time for recreation. It is wrong for any woman to slave or ask another woman to slave when improved methods of doing housework make these conditions needless. A Gas Range and Gas Water Heater in the kitchen take away the drudgery of the old way of housekeeping. They are a comfort to the woman who must do all or part of her work, and they greatly add to the value of a servant. With a Gas Range and Gas Water Heater in your kitchen you may do your work more quickly. There is no waiting to get a fire up. There is no time lost in carrying coal or ashes. The time spent in sweeping and dusting is lessened, for where there is no coal or ashes, there is little dust. Time is also saved in the cooking, froning or other operations, because Gas Heat, unlike coal fire, is even and sure—no experimenting or uncertainty. The time saved by the use of these Gas appliances can be either applied to some form of entertainment or devoted to other work. And besides being the most convenient and comfortable way, the Gas way is the most economical way to bake, iron or heat water.

The Consumers' Gas Company of Toronto New Salesroom: 12-14 Adelaide Street West. Phone Main 1933. Our Street Pipes Supply Gas to 69,800 Meters in Toronto.

costs, not because of any unfair conduct of those now in charge of the company (they appear to have been both fair and frank), but to show my disapproval of the original form of policy, which seems to me to be tricky and calculated to deceive. I think the rates should have been carried on so as to show the great and prohibitive cost when the insured lives beyond Usher v. Hendershot-Ho H. Collie K.C., for plaintiff. G. B. Burson (St. Catharines) for defendant. An action by plaintiff, a lessee of defendant, for

by plaintin, a lessee of derendant. for an injunction to prevent defendant from stopping up, enclosing or otherwise interfering with a certain roadway, the user of which plaintiff claims had been impliedly granted to him by defendant, an injunction to prevent defendant interfering with siding or some leading to the relivate and for a ing, but allow the plaintiff to retain possession of the land covered by it on payment of an annual rental of \$10 during the term of the lease and re-newal provided for. (This does not cover scale platform.) I allow the defendant \$100 damages for the trespass, including the earth placed upon the lands and removal of the vines, etc. I declare that the plaintiff has the right to the use of the road running to the Queenston Stone-road and define the western boundary from the south end of the fence shown on the plan by joining the south end of that fence with the corner of the buildings, as indicated on the plan by a blue line, and the eastern boundary by produc-ing the eastern fence, also shown in blue. Save as aforesaid, no order on either claim or counter-claim. Plaintiff to pay defendant \$150 on account of

Muir v. Currie-J. C. Ingersoll, K.C. and A. C. Kingstone (St. Catharines) for plaintiff. A. W. Marquis (St. Catharines) for defendant. Plaintiffs are devisees of Alexander Muir, who owned a one-half interest in a shipbu housie, and sued the executors of Alexander Muir, the owner of half interest, for \$745.32, claimed to have been received by them out of the estate as executors of Alexander Muir Judgment: What the testator disposed of was his interest in the business; he could only deal with what was his own, i. e., the net balance coming to him on an accounting in which he would necessarily be charged with the amount due by him to the firm, and partner would in like manner be harged with the balance due by him. understand that on this footing \$47.91 would be due the plaintiffs, and judg-

for plaintiff with costs after deducting value of empty casks returned.
Thibodeau v. Cheff—M. Wilson, K.C., for defendant. M. K. Cowan, K.C., for plaintiff. An appeal by defendant from the judgment of Britton, J., of 13th April, 1911. At request of counsel for defendant argument adjourned until 8th inst.

Three Children Burned to Death. SHERBROOKE, June 7 .- A report was received here this forenoon that three children, aged 12, 9 and 6 years, were burned to death at St. Martin's, Beauce County, this morning. The fire broke out in the house occupied by Leon Poulin. Mrs. Poulin and her 20-year-old son were also badly burned.

Half the world doesn't know how many things the other half is paying instalments on.—Life.

MOTHERS FATHERS TELL THEM

Give your boys and girls the knowledge of sex they would demand from you could they but know the dangers which confront them.

Give them this knowledge yourself, before they obtain wrong and incomplete impressions from sources out

side the home. You train them to be honest, obedient and kind, but they would be that anyhow if you are.

You teach them how to avoid the germs of contagious disease.

You provide liberally food, clothing and education.

But most fathers and mothers are neglectful and fail as parents because they do not inform their sons and daughters concerning the one great danger to which every child is subject, no matter what his heritage.

HOW YOU CAN TELL THEM

You can no longer excuse yourself with ""wait until you are old enough." when your boy or girl asks the great question, "Where did I come from?" or postpone the answer through reticence or inability to approach the subject properly from the viewpoint of the child. The answer is ready in these four little books containing Intimate Talks on avoided Subjects, which tell in plain and simple language the story of

Commission in sending an exploration party into the James Bay district. Yesterday the party left Conrane. It consists of five men only, and is headed by H. C. Ellis, engineer and geologist. They have been instructed by the commission to thoroly examine the Mose River basin and the southern James Bay shore, with an eye to the possibilities of navigation, and to the agricultural resources of the country. Into the Mose estuary empty nearly all the great rivers that flow horto from the Height of Land, south of Cochrane. These rivers include the Abitth, the Little, the Mattagami, the Frederickhouse, the Growndhog, the Rapuskasing, the Opazitika, the Missinable. They have all deposited their silt in James Bay, and made its southern shore a wilderness of shallows, which the out-going tide leaves dry for miles.

The expedition will ascertain if possible, the extent of these silt daposits annually, and to make search for some point that would serve as a harbor which would give Ontario access to the great Hudson Bay. The success of the expedition in this latter particular may have some bearing on the boundary have some b tario that have been under discussion for some time. Careful soundings will be made in James Bay as far out as possible to determine the extent of the silt deposits. The expedition is carrying nothing more than is absolutely necessary, and is expected to return in the fall.

OBITUARY.

Mrs. M. J. O'Grady.

Mrs. M. J. O'Grady. who passed away at her home, 270 Grace street, was 49 years of age, and was a daughter of the late Owen Cosgrave, who kept a hotel at the corner of Queen and William streets for many years. She is survived by her husband, a compositor on The Globe, and an old member of Typographical Uniol, two sons and three daughters.

T. N. O. ADOPTS ROUTE.

A satisfactory route has been located by the engineers of the T. & NoOo commission, after nearly three years of surveying. The route will more than out in half the grade on the line from North. Bay thru Widdifield Township and north for about 40 miles. The new section will be built west of the present line, which is one of the most meandering ones in Ontario. The task of straightening this section will cost \$1,00,000.

ON TO GOLDEN CITY.

"Steel safely laid across diversion at sinkhole, mileage 23%, on the 6th. No sign of settlement. Will be at Queen street, Golden City, to-night."

The above telegrain from S. B. Clement, engineer for Joseph Bourke, superintendent of construction on the T. N. O., was received in the city yesterday afternoon. Big Protest Meeting May Develop Ere Long-General Opposition to the Scheme.

NORTH TORONTO, June 7.—(Special.)—what action will the town council take with respect to the application of the metropolitan Railway Company before the Omtario Railway Board in respect to the switches asked for by the company? While this is not generally known no doubt exists in the minds of the average citizen respecting this matter. If ever there was a high-handed deal impending in the Town of North Toronto it is the one in question.

The datropolitan Railway Company, supposing the application were conceded, would have, within the town limits approximately 5600 feet of double and 5000 feet of single track. At the rate of progression shown, how long will it be before they will double track the whole system within the town limits?

The application now before the rail-

town limits?

The application now before the railway board seeks to secure these switches:

No. 1—From Balliol-street to Centreroad.

No. 2—From Roehampton-avenue to

No. 2—From Rochampton-avenue to Eclinton-avenue.

No. 3—From Victoria avenue to Glen Grove-avenue.

No. 4—From Bedford Park to the top of the big hill.

"From first to last the town councils of North Toronto have been on the defensive rather than the aggressive." said a well-known citizen to-day, "and the result is that we stand a mighty good chance of seeing the Ontario Railway Board grant the Metropolitan pretty nearly everything they are asking for. If they had fought the railway company at every turn, even tho we had been worsted every time, we would have come back stronger for the next round. Our apparent acceptance of the conditions imposed by the company without a big protest ever being raised has manifestly weakened our case." This is one man's view of it.

"An impossible condition." said W. C.

of it.

"An impossible condition," said W. G. Ellis when aske respecting his views on the situation. has now resolved itself into a question of vehicular versus railway traffic. Imagine meeting a load of hay or an auto at any of those long stretches with the rails in use on the Metropolitan line," said Mr. Ellis.

In the mind of Mr. Ellis and a number of other citizens approached on the question, the calling by the mayor of a public meeting to voice a strong projest against the concessions asked would be the right thing to do just now.

hospital, said that when report came from the doctor advising a special nurse the patients were given special

ments to spread over the entire body. The essential point is how to bring about cure, and if you have been reading the cures reported from time to time in this paper you will aiready know that there is nothing like Dr. Chase's Ointment as a cure for eczema, salt rheum, psoriasis and every form of itching skin disease.

This ointment stops the itching almost as soon as applied, lessens the discharge from the vesicles or bilsters, cleans out the morbid growth and stimulates the process of healing.

Because other treatments have falled, you may feel discouraged. But in Dr. Chase's Ointment there is a cure for committee on Monday evening. Dr. Chase's Ointment there is a cure

for you. We know this because the reports we have received from so many thousands of cases. For instance there is the cure of Mrs. Nettie Massey of Consecon, Ont., Victoria Industrial School at Mimico who had psoriasis or chronic eczema on Saturday afternoon, June 10. Music so bad that almost the whole body by the boys' brass band, drill by the was covered with sores, and three cadet companies, presentation or med-

years. Seek that star and be satisfied.

that we cannot think of it for a minute, but must wake up and fight this thing to a finish is the way Councillor Reid put it. And anybody who knows the representative from the Eglinton Ward knows how he can fight when he likes. "I have no doubt that council as a body will take every step they can to offset the application," said Mr. Reid. Around town the opinion is general that the railway board will take a common-sense view of the situation, and that too much attention will not be paid to the representations of the Rosedale Golf Club. If the decision could only be staved off for three or four months, or until after annexation, the town would have a powerful ally in the matter. THE CANADA METAL CO., Ltd.

Dr. Chase's Ointment

Sait rheum and eczema are usually worse at this time of year because of the watery, condition of the blood. It is not necessary to refer to the suffering caused from the intense inch in nor to the tendency of these all-ments of the experiment to spread over the entire body. The essential point is how to bring about cure, and if you have been reading the cures reported from time to spread over the entire body. The essential point is how to bring the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to the mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cures reported from time to mentants of the north eight of the cure and the cures reported from time to mentants of the north eight of the cure of the province of the p

crease of \$2,700,000.

The report goes on to say that: 'The statement of the principal articles exported shows at a glance the decrease of \$7,000,000 in wheat, \$3,000,000 in apples and \$1,000,000 each in cate tle, coal, fish hides, cheese and wood. While these changes must be due in a large measure to smaller crops, owing to unfavorable weather conditions, the enormous increase in home consumption is an important factor in reducing the quantity of goods available for export."

And further on: 'A decrease in to-

able for export."

And further on: 'A decrease in total exports does not show lessened demand for Canadian goods abroad, but merely a decrease in the amount of goods available for export, as explained above.

HANDLING OF FOOD REGULATED BY BYLAW

tocal Beard of Health Enact Measures to Prevent Contamination of Edibles.

The local board of health adopted two important bylaws yesterday and will send them on to the city coun-

One of these measures makes it unlawful to dry sweep any shop, store, church, chapel or public building tronging or abutting on any street where the sidewalks are planked. It also prohibits the dry sweeping of any sidewalk in front of any such

The second bylaw proposes to regulate the delivery and exposure for sale of meat, poultry, game, flesh, fish, fruit and bulk bread and pastry. It stimulates that during conveyance and exposure in windows, stores and other places such edibles shall be protected from dust, flies and other conminating influences. Quarters tended for the sale and display of food must be kept clean and whole some, must not be used for domesti purposes and must not open direct into any room used as a sleeps room. Butter must not be tested in stores in the old-fashioned way, and food must not be wrapped in old news-papers nor handled by any person affected or in contact with infectious or communicable diseases. The bylav further stipulates that persons handling food are to wear clean outer

The concluding section states that every pediar or vendor of food stuffs overy pediar or vendor of food stuffs wagons or carts shall keep in MRS. S. A. CAMPBELL, Sault Ste. Marie, his wagon or cart a water-tight re-ceptable for the wastes of his business, and such wastes shall be so disposed of as not to cause a nuisance.

The penalty for a breach of the by law is a fine not to exceed \$50 or, in default, six months in jail.

Continued From Page 1.

Despite his former declaration that the rail supposedly taken off was 12 inches inside its proper place, he said the flange, or side of the base of the rail, was marked as it the wheel had run over it. The engine, he said, ran about 15 feet on the ties, after which the track and ties weretorn up. Altogether about eight rails were displaced, some of them being almost doubled in two.

the rails spreading?" he was asked!
Not Done by Rails Spreading. "They wouldn't have," was the re-ply, "or the track would be outside its be shaped

ten ties were in the section, bringing it only fair to hold our hands and not a contraduction from the witness, who had declared at first that there were innocent people."

"Not many," he said.
"Wouldn't one of them allow the track to spread?" he was asked.
"It might," replied the witness.
Mr. Blackburn asked Hickey if the

car wheels couldn't have marked the "It was either the engine or the car wheels. I don't know which," was the Cannot Dictate to Railways Limit

brought forth the story about the breaking into the tool house, and the robbing of foreman's tools. Questioned concerning the spreading rails, he said that rails spread gradually, and that one rail alone would not have been

doors. Wm. White, Tom Spearing and on railroads. Following the board'se himself all had keys. When awakened on the morning of the wreck, he went to the tool house and found part of the lock wrenched off. The wrench- announcement as to the policy of his ed and broken padiock was shown.

Search with his two men showed

them before," he said.

Blackburn asked how the rail could

r, the 1st of May, "at the tenth hour," work. They had been out for 29 days He had not seen the wreck until after Mr. Brownlee of the Grand Trunk. 6 o'clock in the evening, but found everything as the other witnesses had described it.

Lamb was recalled to identify his tools two long track laying instru

tools, two long track laying instru-ments, the wrench and crowbar. Geo. Marr. conductor of the train, told the story of the wreck from the

passengers' point of view.
"About a mile east of the accident, "About a mile east of the accident, we stopped for a danger block signal, and then proceeded west at about 15 miles an hour." he said. After the jerk he hurried forward to see if the engine crew were hurt, but could not see for the steam. He told the same story of the finding of the rail. He said the passengers were allowed to story of the finding of the rath, said the passengers were allowed to examine the wreck, but that he and examine the wreck, but that he and his head brakeman had been first at

scene. Not Tampered With by Crew. "Was there any attempt on the part of the crew to change the situation prior to the coming of the wrecking crew," asked the crown.
"No, there was not," was the reply. He had been 30 years on the road, and this was the first serious wreck.

There were about 65 passengers on the troin the didn't think there was

the train. He didn't think there was any chance of the rails spreading inward. Marr thought the engineer should have stopped the train in a length if he had time, but he couldn't have seen the supposedly displayed

being out all night, and they were all

perfectly dry.
Supt. H. H. Shearer of the Canadian
section of the railway arrived at the scene after 6 o'clock, and was told by intentionally wrecked. Personal examination showed him that such was the case. After 18 years' experience, he thought he would be able to express thought he would be able to express the opinion that spreading the rails had only spread, he said, and the several cars, not one or two, would have been thrown off.

"I believe some ave been thrown off.

Manufactured only by The T. Milbura

I believe some persons unknown Co. Limited. Toronto. Ont.

robbed the tool-house and took out the bolts and spikes." Asked if he thought there would be any possibility of the wreck having been accidental, he said

he thought not. He said one man patrolling such a track daily would be as effective as a dozen.

Charles Hawkins, assistant roadmaster, and other witnesses, told of a whiskey bottle found on the side of the track.

continued From Page 1.

ed the crown. "Yes, they were cut it in the identical spot," was the answer.

Despite his former declaration that the rail supposedly taken off was 12 inches inside its proper place, he said the flange, or side of the base of the rail, was marked as it the wheel had run over it. The engine, he said, ran about 15 feet on the ties, after which the track as whiskey bottle found on the side of the track.

James Wade, one of the employes, who had quit, and who had a key to the section-house, was called. He said he never intended going back to work, as his stomach would'in stand for it.

Adjournment was then made until Tuesday, June 20, at 10 o'clock, the crown saying that there was another side of the case which would take some time to enquire into.

Crown Have Suspicions.

se clase which we send the corner of the cor asked about his inspection of the line. sion no power to regulate the employ. anything wrong. Monday night, however, was the last time of inspection until the Wednesday morning of the actident. The ties were not bad in any place. He put his tools in the tool house on Tuesday night and locked the terms of great importance to those connected with the maintenance of the board.

his crowbar and wrech missing.
When they reached the scene he found the loose rail turned over, with the ball part to the south about 13 inches.
The question was raised thru a complaint of the Trackmen's Brotherhood wheat, and 4d lower on corn. Budapest wheat closed 11/26 higher, Paris 2c to 21/26 lower. Antwerp unchanged, and Berlin face and bolts were lying on the bank, right where they were taken the bank, right where they were taken thur and Chalk River, a complaint aloff. He also noticed the cutting of the ties, and the tampering with the the ties, and the tampering with the the the tampering with the the last of t of May he had covered the track with orly one man helping; on the 29th of May he had three men helping, but track work on a single section of the Great Northern of Manitoba, and a circular was recently issued to the "Don't you think the roadbed would effect that the board would consider deteriorate in 30 days?" asked the the adoption of a general regulation. When the case arose this afternoon, "Noh a good roadbed like that," re- E. W. Beatty, for the C.P.R., at once He admitted that he had not found his position was upheld Chairman the spikes taken from the other rall Mabee stating that, the parliament and was not sure if they were taken might wish to take action in the lifure, there was now no power

"But I think I would have noticed the board unless a railway failed to keep its line up to the mark. The argument of the brotherhood be inside its proper position if the was presented by President A. B. spikes were all taken out from the Lowe and Secretary S. L. Regg. uiside.

In the discussion which followed Mr.

Witness said it could be done with a Leonard of the C.P.R. stated that his crowbar, but admitted it would take company intended to abolish the pregreat force. Andrew Tolmie, section system and have the at 39 per crowbar, said that the man had quit work done by supervisors and inspection 57 each. tors. Maintenance of way work would Grainand he and Lamb had done all the be done as fa ras possible by contract.

> New High School Teachers.
> The high school principals have recommended the following names to the management committee for appoint-

teacher of art, science, etc. Mr. J. A. Carlyle, M.A., of Harvard University, to Harbord-street Collegiate Institute, in place of Mr. Pearson, as teacher of English, etc.
Miss Kate L. Stewart, B.A., of Toron-

to, to Humberside Collegiate Institute, as teacher of English, physical culture, Mr. Alfred Dunnet, B.A., of Toronto, to Riverdale High School, as teacher

of history, drill, etc.

Pint Of Good Blood In Her Body. Mrs. Dosithe P. Cormier, Middle Sack-

have seen the supposedly displayed rail. The airbrakes were not applied.

Lorne Hoover, railway expert, explained the block signal system. The red light stopped the train, the white slowed down the train and the green meant a clear track. An open switch, a broken rail, or a train on a block would put up the red light by breaking the electric connection.

Innes Powers, head brakeman, saw the red signal at 352. They then ran on under control for about a mile, before they ran off the track.

Crown Attorney Smith tried to bring an admission that the first four or five ties were not cut, but the brakeman clung to the story told by all the trainmen. F. J. Carlun, mail clerk, was locked in his car when the cars were is ammed together and had to climb out of the window.

No Rust on Tools.

George Galt, a passenger, declared that the tools which had been found showed indications of having been recently used. There was no rust on them, as he would expect from iron being out all night, and they were all the properties of the property of the properties of the propertie taken two I was able to do a lot of hard work all the summer, and I never felt better in my fife. In the winter of 1906 I had Pneumonia, and it left me with a severe pain in the left side. Every morning when I would get out of bed I had to sit down for a while it was so painful. After I had used Burdock Blood Bitter the wain discounter.

moisture been lacking, and here rain must soon occur to secure an average yield.

Reports from North Dakota, Minnesota and the greater part of South Dakota state that all grains are in eplendid condition, except in South Dakota, which has suffered severely from drought.

Foreign Crop Summary.

Broomhall's weekly foreign crop summary was as follows:
United Kingdom.—The winter wheat crop is earing favorably. The spring wheat crop is in need of rain.

France.—The crop outlook is being fully maintained. Offerings of native wheat are rather larger.

Germany.—The crop outlook in the north is splendid. In the central crops are about average. In the south crop is below the average as a result of drought, Hungary.—Heavy storms are causing anxiety regarding the crops. Roumania.—The crops are progressing favorably under good climatic conditions.

Russia.—Latest advices state that the arrivals in the southwest are larger, with weather conditions favorable in that section. In the southeast and east there are fears of damage to the crops due to excessive rains.

New York Cattle Market.

NEW YORK. June 7.—Beeves—Receipts, 2100 head. Market slow to 10c low-er: steers, \$4.75 to \$6.55; bulls, \$3.25 to \$5.40; cows, \$1.50 to \$4.75.

Calves—Receipts, 3100 head; market, 25ct to 50c higher; veals, \$7.50 to \$9.50; culls, \$5 to \$7; buttermilks, \$5.50 to \$6.

Sheep and Lambs—Receipts, 6230 head; sheep, firm; good lambs, steady: undergrades, weak; sheep, \$3.25 to \$4.75; culls, \$2.25 to \$3; lambs, \$6 to \$8.50; culls, \$4.50 to \$5.50.

Hogs—Receipts, 5400 head; market, Chicago Markets.

J. P. Bickell & Co., Manufacturers' Life
Building, report the following fluctuations
on the Chicago Board of Trade:

Buffalo Live Stock, EAST BUFFALO, June 7.—Cattle-Receipts, 50 head: market active and steady; prime steers, \$6.25 to \$6.50; butcher grades, \$3.50 to \$8.25.

Calves-Receipts, 200 head; market active, 60c higher; cull to choice, \$5.75 to \$9.25.

\$9.25.
Sheep and Lambs-Receipts, 2000 head; market active and firm; choice lambs, \$6.80 to \$7: cull to fair, \$5 to \$6.75; yearlings, \$5.25 to \$5.75; sheep, \$2 to \$5.
Hogs-Receipts, 2400; market active and 5c higher; yorkers, \$6.40 to \$6.45; stags, \$4.25 to \$5: pigs, \$6.25 to \$6.39; mixed, \$6.25 to \$6.40; heavy, \$6.30 to \$6.35; roughs, \$5 to \$5.40.

J. P. Bickell & So. from Logan &

600D CATTLE MARKET

Butcher Cattle Firm-Sheep and Lambs Lower-Calves Steady -- Hogs \$7.00 Per Cwt,

The railways reported 53 carloads, consisting of 762 cattle, 1085 hogs, 378 sheep and lambs and 123 calves.

The bulk of the cattle offered were of good to choice quality.

Trade was steady to strong at Tuesday's prices for fat cattle.

Sheep and lambs were easier. Spring lambs sold at \$1 per head lower than on Tuesday.

Calves sold at steady to firm prices.

Hogs.

Hog prices have again advanced, and selects, fed and watered at the market, sold at \$7, and \$6.70 f.o.b. cars at country points.

world.

In the choice load of exporters mentioned in our report of vesterday were two cattle, a steer and a heifer, that are worthy of special mention. The heifer was four years old and weighed 1775 pounde; the steer two years old and weighed 1800 pounds. These cattle were fed by Wm. Yeo of Turnberry Township. Mr. Yeo deserves great credit for raising two such fine animals, which have not been surpassed for weight and quality, considering their age. Week's Holidays for Children.

The King and Queen have expressed the wish that all school children be given a special week of holidays after Coronation Day. Chief Inspector Hughes has written to Earl Grey to

The substantial saving effected in time and labor by a freight elevator in a printing shop

quickly pays the small cost of its installation. Stairways to upper floors may be sufficient for ordinary traffic, but the need for an elevator is urgent if only for the handling of "forms" and stock. To carry "forms" up and down stairs is liable to injure type by its contact with stairways or walls. A single mis-step or slip on the part of the employee may send the "form" hurtling to the bottom of the stairs, when the work of hours or days may be hopelessly "pied," if not more serious consequences ensue. The only way to ensure quick and safe transfer of "forms" from one floor to another is to install an Otis-Fensom elevator.

OTIS FENSOM FREIGHT ELEVATORS

For taking printed sheets from the press-room to the bindery it is very useful. To attempt to carry them by hand is to invite the danger of their slipping from the employee's fingers—no mat-ter how carefully handled—and being irreparably crumpled. Much is heard about "cost

systems" as applied to printing nowadays. But it would be a singular cost system indeed, that could take into account acci-dents such as are likely to occur when the attempt is made to operate a printing plant without the practical aid of an elevator.

For small shops, where great power is not essential, our Hand Power Elevator will render good Power Elevator will render good service. It is a thoroughly strong, dependable elevator equipped with improved steel roller bear-ings, which require no oiling, and has the advantage of saving space and being easily handled. A feature of this elevator is the A feature of this elevator is the powerful brake, which will stop- and hold the car with its heaviest load, at any point. Its special safety features should commend it anywhere where the operation of the elevator is entrusted to young or inexperienced amployees. enced employees.

Hollinger Takes Another High-Flyer--- Moves Up to \$13.15

Porcupine Gold Camp

Hollinger Hits the High Spots And Other Issues Carry Along

Big Porcupine Stock Gets Back Near Its Highest Record—Beaver Our Man Up North.)—Mine men, who are constant students of the North-Passes Fifty Cent Mark.

World Office, Wednesday Evening. June 7. Prices for the gold stocks generally higher to-day, the list moving up sharply in a number of instances, led by Hollinger which had another of its characteristic flurries,. There was a considerable improvement in the undertone from the very inception of trading, and this was carried on right up to the close.

The movement in Hollinger carried the shares back to within 7 points of the highest yet recorded. The opening sale at \$12.55, yesterday's low figure, and the advance was quickly under way, the shares making a gradual apwas that it was not unkepeted. Both
ers have become accustomed to see
the shares go flying, and it was felt in
many quarters that a recovery was
about due. It would seem that Hollinger is destined to be about the limit.

The flurry in Gould in the eyes of
save its lease.

The flurry in Gould in the eyes of
conservative mining men is nothing
it the railway line is reached and
passed to the east,
stock on innocent buyers.

Of Night Hawk Lake. Here glacial
drifts hide the formation from view.
Swamps and hills follow to the east,
stock on innocent buyers.

In the Munro section the strike as far as erratic movements are con-cerned. They afford excellent opporterned. They afford excellent oppor-tunities for profit-taking deals at the least, and on this account, if for no other, the shares are likely to continue the prime favority. the prime favorite in the market.

The movement in the leader carried several of the other Porcupines along and higher prices ruled in various in-stances. Dome Extension gained two points at 61, Swastika moved up higher to 52 and the blds on Pearl Lake were raised several points without at tracting any stock. Vipond was weak and, after opening at tresterday's high point of 64, dropped back to 60 3-8 under heavy selling.

Rea didn't live up to its record o

yesterday, the shares selling off to \$5.45, a loss of 7 points. New York was reported to be selling the security.

Consols were quiet, with some firm spots. Beaver crossed 50 cents for the first time in months, the shares being in active demand thruout the session. Wettlaufer was also higher. Crown Reserve, on the other hand, lost it recent advance, the shares selling back to \$3.35.

DISCOUNTING THE FUTURE

Advance in Dome Extension Founded on Facts.

The Dome Extension showed decided strength yesterday, advancing to 62. Apparently it is beginning to dis-count the cutting of the big vein at the 100-foot level. When the vein is cut, an advance in Dome Extension, similar to that which took place in the Hollinger after the cutting of the linger vein to the 100-foot level. is looked for. Machine drills are driving the shaft down night and day, and as there is only 25 feet yet to go, this depth should be reached in about three weeks. The ore body to be cut is over 50 feet wide on the surface, and if it maintains such a width at the 100-ft level, an enormous tonnage of firstclass milling ore will have been lo

TREATING OUTSIDE ORES

Nova Scotia Mill Will Do Work for Crown Reserve and Kerr Lake.

Arrangements have been completed by the Nova Scotia Mining Co. for the treatment of ore from the Kerr Lake and Crown Reserve mines. The mil at the Nova Scotia is the only one in Cobalt with the evanide process, and this saves the shipment of ore to the

Two hundred tons of dre will be treated daily, and to do this the plant at the mill is being practically doubled at a cost of \$100,000. This expenditure will not be a liability, as the amoun of this cost has been recently recovered from a nice vein which was struck on the third level, and which has also been located on the second and fourth convey the ore from the Crown

Reserve and the Kerr Lake mines an aerial railway 5000 feet in length is eing constructed.

SINK TO 1000 FEET

lipissing Will Prove Up Property at Great Depth.

It is understood that it is the plan of the directors of the Nipissing Mining Co. to immediately sink a shaft to a depth of 1000 feet, with a view to determing the conditions at that depth. All the Cobalt companies have religiously refrained hitherto from sinking to great depth, the lowest workings there being a little over 500 feet deep. The Nipissing will sink this deep shaft on vein 64, which has been very productive at a depth of 245 feet, and in sinking to the 1000-ft. level cross-cuts will probably be run every 100 feet down.

VEIN GETS RICHER

Sinking on Spectacular Showing Pearl Lake Property.

Despatches received from Pearl Lake yesterday confirmed the story of the spectacular showings in ven "A." on the property of the Pearl Lake Mining Co. G. W. Thompson, the engineer in charge of operations, wired that the showing of the vein as depth was atsurface. Sinking was started to see just what the vein would show underground. On the surface the vein was

THREE DIFFERENT BELTS TELLURIDE BOLD FOUND

Lay-out of Porcupine, Swastika and Unsurveyed Territory South of Musgrove and Bartlett Townships Rich in Precious Metal.

That telluride gold has been found in the Porcupine is the latest report in mining circles, and this time there seems to be no doubt of the truth of the story. Ore samples have been submitted to the authorities, and on different ore bodies, which may or may tests have been proven to contain the not occupy positions relative to each metal which is eagetly sought after

geologist, was quoted in The some time, ago as saying that it was doubtful if telluride would ever be

In the Munro section the strike shows up again in a large mineralized acidic belt, with no gracial drift, and on an elevation fully 50 feet above the swamp levels. The run of the formation strikes from the nerthwest to the southeast, completing the circle so well started in the Porcurine discussion.

True Telluride Found.

the one fact on which mine men based their conclusions lies in the change of the strike of the formation from northeast in Porcupine to the northwest in Munro, a necessary incident in connecting the two belts.

Swastika lies on a southeast line of fully 45 miles from Porcupine and evidently, according to their figuring, is the same belt that shows up so plainly in Langmuir and Thomas, after suffering some revisions in the swamps of Shaw and Carmen.

Thus a triangle, with each leg run-"The geological formation in the telluride district is much akin to that of Porcupine proper, with the exception that there is more intrusion of granite. This of itself is a good sign. The veins are well defined, and while little or no free gold has been found, prospectors have obtained good results in panning the quartz.

depth of 200 feet was made more for the purpose of locating the depth of secondary rock than for values. However, values sufficient to make a mine, if the ore body is found to have extent, were secured in the cores.

Synattika has already proved its

C. A. BOGERT General Manager.

TORONTO STOCK MARKET IS NATURAL.

World Office

Wednesday Evening, June 7. The Toronto market is now passing thru a period of assimilation. Several securities offer fair profits, and most of the sales are coming from those willing to give the other fellow a show for a further rise. Investment absorption of such issues as Maple Leaf preferred is telling its story on the prices of these securities. Brokers are not besieged with clients, and are not exerting themselves to get them. The market is a perfectly natural one, and all the better because it is so. If the investment buying keeps up, there is only one way for prices

ing was the liveliest of the week. The movement appeared to have no definite development as a basis, and opinion was divided as to whether it

in prices.

The strength of the Hill stocks, which led the market thruout the session, was so pronounced as to attract much attention. These stocks rose to new high levels for the year, following their recent series of advances. Great Northern preferred gained more than three points and Northern Pacific two. The Erie issues shared the leadership of the market with the Hill stocks, showing substantial gains thruout the day.

fect of persistent pressure, ultho it more than recovered its loss in the final rally. The monthly statement of unfilled orders of this corporation to be issued at the end of this week is expected to disclose a considerable decrease. Shipments are believed to have been main and at about the same rate during ay as in the previous month and indications are that were somewhat below the new orders were somewhat below the April average of 25,000 tons a Gay. It is not unlikely, however, that May earnings will show an increase. A trade authority, in its weekly review of the iron trade to-day, reported a further restriction of operations.

NEW YORK STOCK MARKET.
