SHARP DEBATE MARKS FIRST SESSION OF THE HOUSE

Sir James Whitney and N. W. Rowell Have Swift Passage at Arms—Premier Dislikes Liberal Leader's Insinuations, and Flatly Tells Him So.

Sir James Whitney

Never perhaps was the hand of a politician in a political debate better exemplified than yesterday afternoon in the local legislature when N. W. Rowell, K. C., the new leader of the Liberal opposition, encountered Sir James Whitney in the debate on the speech from the throne.

Carefully worded and in true legal style Mr. Rowell depicted the sins and shortcomings of the present government. From the standpoint of an idealist with good principles in view, but totally indifferent to the burdens and responsibilities of office, Mr. Rowell made an excellent address.

Words have been put into my mouth which I never uttered," declared Sir James in his reply. "No doubt he has got them from the columns of an irresponsible newspaper. He is new, very new, but my hon. friend will have to make me aware that the amenities of public life will not allow him to serve his own purpose and forget that which he would be unwilling to forget in private life."

Mr. Rowell got a good reception on Friday. "However much we may differ in policy," said he, "we all agree that Canada must work out her destiny as an inseparable part of the British Empire. The ties that bind Canada to the motherland are growing stronger every year. He complimented the members of the South Grey division, and said it could be resolved under three main heads, first, as a racial of the things that he says the government had done, secondly, as a warning inspired by Hon. Adam Beck to go slow with his power policy, and thirdly, that the member for South Grey advocates a number of things that the Liberals had been advocating right along."

Mr. Rowell directed his sharpest criticism of the government on the proposal to switch the hydro-electric out of the control of the commission and to transfer to the charge of a cabinet minister.

"Why did Sir James make the proposition to change the policy in the first place, and then, when he had said he was not to change?" he asked. "I hope Sir James will answer this question."

"Did he think of the hon. member for London, who is a good horseman, had taken the bit in his mouth, and being unwilling to let it go, had taken it out of his mouth?"

The president also said, in reply to a question as to the Cunard rumor, that quite likely an arrangement would be made with that company which would prove advantageous to both the Cunard line and the Canadian North-west, but there would not be a purchase.

Being asked if any progress had been made in the way of acquiring the Intercolonial, Sir William said that every minister of railways since the I. C. R. was built had supposed that he could do something with it that he could do more than that that the present minister should be allowed to work out his own ideas, although the president did not think the Intercolonial would ever be a success as a government-owned road.

CRUSHED UNDER HEAVY ENGINE

William Hutchison Was Killed at Bay St. Crossing When He Slipped From Running Board.

Slipping from the rear running board of a slowly moving freight engine at night, William Hutchison, a C. P. R. yardman, fell beneath the tender and was crushed to death by the first wheel that ran over him.

The accident happened at 9.45 p.m. and it was not until 11.10 p.m. that his body was removed from beneath the tender. It was held firm beneath the wheel which ran over it and jacks had to be used.

Hutchison was, until a short time ago, a baggageman on the railroad. He was 22 years of age, and lived at 718 West King-st.

HOLD FAITH IN CANADA

But London Thinks There Is Little Overplus of Securities at Present.

LONDON, Feb. 8.—(Can. Press.)—J. G. Colmer, president at the Canadian Club dinner to-night, in the absence of the Duke of Argyll, owing to the death of the Duke of Gifu. Sir Thos. Skinner was the chief guest.

Mr. Colmer remarked that there seemed to be an impression that Canadian investments were not so popular as hitherto. In his opinion it simply meant the British investor had rather large dishes of Canadian securities lately and was therefore taking some repose after dining so well.

The better class of Canadian investments were as good as ever. A. W. Smithers declared British capital had built up Canada, and other new countries. He warmly deprecated the present outcry against the state of consols.

Mr. Colmer also said that he was not a believer in the present government, declared Mr. Smithers, and loud cheers and laughter, but I do think we've other sticks to beat them with than trying to injure Britain's credit. If Canada continues to send us good things we'll finance them, the I don't want such big doses as Sir William Mackenzie sent the other week. Lord Strathcona was unable to attend owing to a chill. Arthur Hawke returns to-morrow.

Haldane's Peaceful Mission

LONDON, Feb. 8.—(Can. Press.)—The foreign office authorizes the following statement respecting the visit of Viscount Haldane, secretary of war, to Berlin: "Viscount Haldane, as president of the Royal Commission on University Education, has gone to Berlin to investigate scientific education in German universities, but as he is well known to many of the leading people of Germany he will doubtless have general conversations on the political situation and the relations between the two countries."

WOMAN TRIED TO END LIFE

Jessie Duncan, Jilted in a Love Affair, Took a Dose of Carbolic Acid, But May Recover.

Homely remedies, applied promptly by a policeman, probably saved Jessie Duncan's life last night. The woman, who lives at 38 McCaul-street, took a large dose of carbolic acid. The people of the house rushed out looking for a policeman. P. C. Scott (21) hurried to the woman's aid. With eggs, mustard and milk he relieved her sufferings and lessened the danger.

No doctor was called, the woman being taken to St. Michael's Hospital in the police ambulance. There it was said that she has good chances of recovery. She is 40 years of age and gave as a reason for taking the poison that she had been jilted in a love affair.

OTHER FARMS IN BIG DEAL

Milne Property on Lawrence Ave., Five Miles From Queen St., Sold for \$500 an Acre.

Mr. Peter Milne has sold his farm on the south side of Lawrence-ave., two miles east of Yonge-st., consisting of 200 acres, for \$100,000, or \$500 an acre. The farm is made up of the east 140 acres of lot 5, con II, east of Yonge, and the west 60 acres of lot 5, con III, east of Yonge. There is a farm dwelling and barns on the place. It is all cleared and in excellent cultivation.

Mr. Milne is over 70 years of age and was born on the property. The west branch of the Don barely touches the farm, which is one lot north of the Kilgour estate. The purchasers are Strother & Davis, a real estate firm in the Lumsden Building.

DON'T WANT TO PROUD GERMANY

Haldane Should Show That Britain Isn't Promoting Made Race for Armaments.

LONDON, Feb. 8.—(Can. Press.)—The Times says that although Secretary Haldane has no directly official mission in Berlin, doubtless his presence might be used to comply with the wish recently expressed by very high quarters in Berlin for an open talk with some member of the British Government.

"Great Britain's position during the Morocco negotiations was so widely misunderstood in Germany," continues The Times, "that she is credited even in the best disposed German quarters, with aggressive designs upon German security. Viscount Haldane should better be able than anyone to remove such suspicions, and make it perfectly clear that although Great Britain may be obliged to respond to any increase of German armaments, there is no desire on Great Britain's part to intensify international rivalry in armaments. But it cannot be too emphatically stated that there is no question of making offers to Germany either in the colonial field or elsewhere."

BISHOP BRANT COMING.

Bishop Brant, the brilliant Trinity University graduate, who has added other laurels of his Canadian alma mater in the United States, and in his diocese in the Philippine Islands, will renew his Toronto acquaintanceship on Feb. 24 and 25. Bishop Brant will leave shortly afterwards for Europe to preside at the Hague at the international conference for the abolition of the opium traffic.

CHURCHILL BEARDS BELFAST LION FEELING HIGH BUT NO RIOTING

Home Rule To Guard Rights of All

The minority in Ireland need not fear that their rights will not be respected by the majority in the proposed Irish parliament and senate.

This was the emphatic assurance given by Winston Spencer Churchill at Belfast yesterday. John Redmond, Irish Nationalist leader, in supporting Mr. Churchill, declared that the legislation in prospect would be fair to all Ireland, and bespoke the aid of Ulstermen in securing its passage.

The provisions of the bill, in a nut-shell, are: The crown will be in a position to refuse its assent to any unjust law, and the Imperial Parliament will be able to repeal any such law.

Religious freedom will be secured. The privy council will be able to declare void any law which goes beyond the limits of the home rule bill.

The military will remain under the control of the Imperial Government. The financial proposals of the bill will give a fair start to the Irish Government, and insidious taxes will not be able to be placed upon Ulster. The Irish Parliament will have real control of its finances, but the system used must be consistent with the financial system of the United Kingdom.

The Imperial Government will continue to carry out the land purchase and old age pensions schemes. The Irish representation at Westminster will be reduced.

JUDGMENT IS EXPECTED ON NORTHERN VIADUCT

Dominion Railway Board May To-day Decide Whether Toronto Will Have Double-track Elevation With One Line on the Street Level for Use Only at Night—Plans of New Union Station Will Be Presented for Approval To-morrow.

A viaduct stretching from Davenport-road to Lansdowne-avenue, double-tracked, and a street level track for use only during the night, is what the city is contending for before the Dominion Railway Board, which is sitting in the city hall.

The plan is for the Canadian Pacific and the Canadian Northern Railways to use the same tracks. The street level line is for shunting purposes, and is to be used only at night, and in that manner the level crossings will be practically done away with so far as the northern entrance limits of the city are concerned. The subways at the streets crossing the tracks will be built at the same time as the tracks are laid, and in that manner will cost only a fraction of what they would if they had to be cut thru.

The railway wanted to have an elevation of about nine feet. But City Council-Drayton stated that he could not agree to that as it would necessitate a grade in the road at each street. He wanted an elevation of 18 feet. This he stated would be six-feet two inches above the height of any train and would allow room for a brakeman to stand on cars as they went thru without endangering his life. Mr. Drayton contended that the city would not agree to any plan which would interfere with the level of the streets, but that the elevation must be sufficient to leave the streets clear as they are at the present time.

The exact cost of this work has not yet been figured. It would not be an expense of what they would if they had to be cut thru.

NEED FUNDS FOR CARE OF FORESTS

Federal and Provincial Aid Asked by Forestry Association—New Officers.

OTTAWA, Feb. 8.—(Can. Press.)—After electing John Henry, Vancouver, president to succeed George V. Chown, Kingston, besides electing other officers and passing a number of important resolutions, the Canadian Forestry Association concluded their thirteenth annual convention this afternoon. The principal resolution asked for from both federal and provincial governments an increased expenditure on forest management in this country, deprecating the fact that less than a cent an acre was now expended on forest lands.

The association urged on the federal and provincial governments the necessity of providing a system of examinations to test the qualifications of applicants and of making appointments permanent during good behavior, and that federal government appointments for this purpose should be placed in the hands of the civil service commission. The officers elected were as follows: Honorary past president, Sir Wilfrid Laurier; honorary president, Rt. Hon. R. L. Borden; patron, His Royal Highness the Governor-General; president, John Henry; Vancouver; vice-president, Hon. W. A. Charlton, M.P., Toronto; territorial vice-presidents, Ontario, Hon. Mr. Hearst; Quebec, Hon. Jules Allard; New Brunswick, Hon. J. K. Fleming; Nova Scotia, Hon. Geo. H. Murray; Prince Edward Island, Hon. J. A. Matheson; Manitoba, Hon. E. P. Roblin; Saskatchewan, Hon. A. E. Brown; British Columbia, Hon. W. R. Cecil; Yukon, Commissioner Black; Mackenzie, F. D. Wilson; Keewatin, Lieut.-Gov. D. C. Cameron; Ungava, The Archbishop of Montreal.

Troops and Drenching Rain Combined to Restrain Ardor of Anti-Home-Rulers—With Redmond He insists That Measure Will Be Boon to All Ireland and Pleads for Spirit of Moderation.

SLIPPED AWAY AFTER MEETING

BELFAST, Feb. 8.—(Can. Press.)—Winston Churchill's incursion into Ulster, which threatened at one time to cause sanguinary rioting and serious loss of life, has ended without even a broken head. The first lord of the admiralty, and John E. Redmond, leader of the Irish Nationalists, spoke from the same platform on the home rule bill. Mr. Churchill outlined the intentions of the government with respect to self-government for Ireland, and declared that no greater boon could come to the empire than the settlement of the long and bitter quarrel between the British Government and the Irish people. Mr. Redmond appealed to Ulster "in the name of Ireland and the British Empire, justice and good will," to lend its aid in settling the Irish question wisely, well and forever.

ON NORTHERN VIADUCT

The presence in Belfast of the largest military force ever gathered to preserve the peace among Irish factions, combined with a drenching rain to check the bellicose ardor of the anti-home rulers, whose hostility was mainly vented by booing and hooting. But that ugly temper was aroused and the civic authorities were alarmed by possible consequences is shown by the fact that on their advice Mr. Churchill left the city by a special train two hours before the announced time of his departure, thus disappointing a huge crowd which assembled later to give him a mixed send-off.

Mr. Churchill's speech was delivered before an audience from which every effort had been made to bar all "hostile elements." It aroused tremendous enthusiasm, but at one point a group of suffragettes attempted to create a disturbance and several of them were ejected. Quiet at Night. The night passed quietly. Great crowds gathered in the streets until a late hour, but the rival parties for the most part kept to their own quarters of the city. The Nationalists burned effigies of Lord Londonderry and Sir Edward Carson, the Unionist leaders. In response to continued and enthusiastic cheers of their supporters, Lord Londonderry and Sir Edward Carson appeared on the steps of the Ulster Club. Sir Edward, in a brief speech, said that he was proud of Belfast's behavior.

WHAT'S OUR GOAL?

Toronto will be a city of half a million people in fifteen months, or less! The police count is 425,000 there are 30,000 suburbanites south of Eglinton Avenue on the west, south of St. Clair Avenue on the east, and in North Toronto. Population is coming in fast enough to round out the half million in a little over a year! Is the City Hall getting ready for this wonderful expansion? The greater city needs territory, water, drainage, roads, rapid transit. Who is working on these things from the three-quarter million point of view, even the half million point of view? Some of our officials at the City Hall would have us come to a halt; no more territory for them, no more growth! Let us have a big conference, let us have a policy. And attention is the first thing, then Territorial Street extension, and a north and south line. Also a passenger traffic expert. We can't afford to lose a day on these things. The World is brushing aside the West Yonkers, and we believe that the "scars" artists have had their day. Get busy, oh you Board of Control!

ONE JOB AT A TIME.

JOHN: Your animal, Senator, is only stuffed, but mine's a real, real wild man and tears everything to pieces. JAFF: Then would you mind, John, letting us see ye pitia' him on Bob Fleming's? JOHN: Oh, you'll have to wait till he's done chaw' up little Hocken first!

 Request for General Salary Boost Didn't Succeed—L. V. McBrady's Little Protest.

HAMILTON, Feb. 8.—(Special.)—The board of education was almost rude in its treatment of a gentle petition from the female teachers in the city schools for a readjustment of their salaries. The ladies asked that salaries of teachers with four years' experience be raised to \$550 a year, and to \$600 for teachers with six years' experience. A bonus of \$100 for entrance teachers, and a maximum salary of \$1000 was also asked. The petitioners also wanted the minimum salary of kindergarten teachers raised from \$250 to \$300, and the maximum from \$350 to \$400.

When the petition was read by Secretary Foster, Trustee Allan asked that it be tabled, and stated that he intended to introduce a motion providing for salary increases for ten teachers.

**No General Increases.**  
 "It is just as well to let him understand that we do not intend any general increases," remarked the trustee. "The subsequent motion gave \$50 increases to ten teachers, and \$25 to another. Three department masters at the collegiate institute were raised \$200 raises, and nine caretakers each received a \$50 boost, while one got \$75 and another \$25."

**Had Tilt With Magistrate.**  
 An exchange of amenities between Magistrate Jeffs and L. V. McBrady, K.C., of Toronto, was an interesting incident in the trial in police court this morning of Miss Pettie, who was charged by the police with a breach of the Motor Act in selling beer from a wagon. The Toronto lawyer had been in the defence and contended that it was necessary for the police to show that Pettie had made a sale. The magistrate ruled that Pettie had violated the law in delivering liquor from his wagon without an order, and imposed a \$200 fine, which is the maximum for the offence.

**Make Outside Pupils Pay.**  
 BRANTFORD, Feb. 8.—(Special.)—The Collegiate Institute Board will memorialize the Ontario Government to increase the percentage of the cost of tuition from 80 to 100 per cent, which must be paid by the county and outside pupils attending the institute on the ground that rural municipalities do not contribute to the cost of building or equipment.

**POLICE STOPPED ERECTION OF POLES**

Toronto Electric Light Company Prevented From Extending on Yonge Street and Indian Road—Don Improvements Will Cost Nearly Half a Million.

The police force were called upon yesterday in order to prevent the Toronto Electric Light Co. from erecting poles on the northern end of Yonge street and on Indian road, which poles were not in the city in 1888, and the company's charter only permits them to do business in the city limits, as defined on that date. At the last meeting of the city council it was decided to restrict the operations of the Electric Light Co. to the area mentioned in this charter.

For the last few days the company has gone ahead and erected poles without consulting the works department, but yesterday the city engineer gave orders that this work should be stopped. The city has ordered that these poles be taken down by March, and if the company does not comply, the works department will in all probability remove them.

**New Gerrard-street Bridge.**  
 In his third report City Engineer Rust gave it as his opinion that it would be better to erect a new Gerrard-street bridge than widen the old one at Wilton-avenue, which would cost \$155,000, while a concrete structure would cost about \$200,000.

Mr. Rust estimates the cost of dredging the Don River from the G. T. R. tracks to Winchester-street at \$300,000. The proposed concrete embankments with side walks on both sides would add some \$200,000 to the cost of numerous estimates and suggestions were included in the report which will be taken up by the works committee to-day. It will be a busy year for the department since already their program calls for an expenditure of \$1,566,376.

**Exhibition Directors.**  
 The exhibition directors will meet on Saturday to elect the executive for the ensuing year. The chief contest will likely be that of first vice-president for which office Mayor Geary and ex-Mayor Oliver are both candidates.

**New Fruit Market.**  
 Controller Foster has called a meeting on Tuesday of the committee considering the advisability of the city erecting a new fruit market. Only a general session will be discussed, but at later meetings it is likely that different fruit from outside the city will be called in to give their views on the subject.

 House-rimmed and noisy with the city's cries;

 By day crude prose, by night a gloomy lane  
 Where all disconsolate the night wind roams,  
 And solitary footsteps pass apace  
 'Tween countless sepulchres of sleeping homes.  
 To me, an aisle whose tree-arched vistas frame  
 Glimpses of dawn or burning sunset red.  
 A byway echoing to the city's call,  
 And sanctified by passing human tread:  
 With frowning fronts of homes, but masks at best,  
 Behind which all life's throbbing passions leap.  
 By day all vibrant with the sounds of toil,  
 At night poetic thro' the spell of sleep.

**Dr. Cook at Massey Hall**

Dr. Cook, of world-wide fame, comes to Toronto on Sunday, and on Monday night at Massey Hall will tell to a Canadian audience for the first time, the story of his Arctic experiences. His life is one of compelling interest, for he is a man who has been in the Arctic regions, and he has seen the man and his achievements. People whose opinion is not swayed by the attacks of rival interests, but who reason for themselves, are hearing Dr. Cook in the presentation of his life.

Dr. Cook in his lectures makes public the date upon which he bases his polar claim, the reasons for his own actions, and explains his long stay in the Arctic. And one thing is certain, whether he has stood at the top of the world or not, and that is that he has spent twenty years of his life in Arctic work, and can speak with authority. His lecture will be illustrated with line-drawings of scenes taken in the frozen north, and is being sold at Massey Hall, and at the Bell Piano Co.

**Misusing the Red Cross.**  
 The importance of rigid governmental control of the use of the Red Cross is well illustrated by the present condition in China, where the Red Cross is being used for the purpose of raising money for the benefit of the Chinese people. The Red Cross is a sacred character for the world, and its use for such a purpose is a farcical and pathetic scramble for a protection which it cannot give.—Red Cross Bulletin.

**Old Dutch Cleanser**

**BAPTIST CHURCH**  
 WILL BE OPENED  
 Special Services Arranged by Parkdale Congregation for Sunday and All Next Week.

On Sunday morning at 10 o'clock a most interesting event will occur when the members and friends of the Parkdale Baptist Church, headed by their pastor, Rev. S. Edward Grigg, will meet in front of their fine new edifice, and with song and prayer, open the doors to the public. Following the opening of the doors a prayer service will be held in the Sunday school hall at 11 o'clock. The first of the dedication sermons will be preached by Pastor Grigg.

In the afternoon at 3 o'clock Rev. W. A. Cameron of the Bloor-street Baptist Church will deliver an address on "The Overcoming Life." Pastor Grigg will preach the second dedication sermon in the evening at 7, the congregation, by a special vote, having requested the pastor to preach the first two sermons in the new church.  
 Special music will be rendered at all these services by both chorus and orchestra. W. H. Norris will sing at the morning and evening services, and J. A. Quarrington in the afternoon.

**The World's Leap Year Baby Mug**

As was stated in a recent issue, The Toronto World will present a beautiful silver birthday mug to every baby born in Ontario on the 29th of next February. These children will only have an anniversary once in four years, and it is fitting that their first birthday should receive some special recognition. There are no conditions or entrance fees attached to the award, the only regulations to be observed are as follows:

- 1.—Only babies born in Ontario are eligible.
- 2.—Babies must have been born between the hours of 12.00 midnight February 28, and 12.00 midnight February 29.
- 3.—The entry for the award must be made by filling out the coupon which will be found printed in another portion of the paper.
- 4.—The date and hour of each child's birth must be vouched for, in the place indicated on the coupon, by the attending physician.
- 5.—Entries not made on printed coupon will not be considered.

Something more about this award will appear in The World from time to time. Questions addressed to the Silver Mug Department will be answered.

**JAPANESE DENTISTRY**

Japanese native dentists conduct their business in a manner which would undoubtedly cause any European practitioner to open his eyes in amazement. The victim is seated on the ground, the dentist bends over him, and forces his left hand between the patient's jaws, in such a manner that the mouth cannot possibly be closed. Then he grasps the dooped tooth between the thumb and forefinger of the right hand, and with one deft wrench removes it and throws it upon the ground.  
 So great is the skill of these native dentists that many of them are able to remove six or seven teeth a minute. Indeed, their skill is hardly to be wondered at, when one considers the course of preparatory training they are obliged to undergo.  
 A number of holes are bored in a stout plank, and this is fixed firmly to the ground. In the holes are driven wooden pegs, and the wood-bite dentist has to extract them with his fingers without dislodging the board. This process is repeated with a board of pine wood, and finally with one of iron, and it is only when he has succeeded in extracting the pegs from the oak plank that the Japanese considers himself well qualified to practice upon his fellow men.

**That Most Dreaded Disease: TUBERCULOSIS**

More people die of tuberculosis annually, than of any other disease—in fact, 7 of the total death rate.

**WILSON'S INVALIDS' PORT**  
 (A la Quina du Pérou)

is a most excellent tonic for patients suffering from tuberculosis of the lungs, because they can take it continuously and rapidly absorb and assimilate it, and above all it has a directly curative effect upon the tubercular process itself.  
 Wilson's Invalids' Port increases the appetite in a most remarkable manner and directly improves digestion.  
 The results attained in the various Sanitoria for the treatment of tuberculosis depend entirely upon the increased carbonic acid formation in the body from enhanced nutrition. Wilson's Invalids' Port by its appetizing and digestive qualities causes constitutional improvement and increased strength, thus attaining the same end as the sanitoria in a more simple and potent way.  
 It must be remembered, however, that tuberculosis is a slow or less chronic affection and that months of treatment are required to attain results—a cure cannot be expected in a week or two.  
 Dr. R. E. HUGHES, Mayor of Leamington, Ont., says: "I like 'Wilson's Invalids' Port' very much as a tonic and am prescribing it for convalescents. It fills a place in medicine I have often sought for help."

### ORGANIZED FIGHT AGAINST DISEASE

Hon. Adam Beck Thinks Toronto Should Lead in Combined Battle Against Consumption.

Hon. Adam Beck thinks Toronto should lead in the movement to commence an organized fight against the ravage of consumption. He stated yesterday that he was heartily in accord with Dr. Hastings' scheme for the establishment of a sanitarium and farm colony within an hour's run of the city.

Mr. Beck is strongly in favor of the plan of local sanitarium for the treatment of the white plague and opposes the idea of creating a central institution for the province.

"We want the conservation commission," he said, "to investigate the whole question of fighting tuberculosis from a Dominion standpoint, with a view to having the Dominion Government assist in a general way sanitarium and similar institutions in the provinces."

Toronto being the largest and most

### PETERBORO UNDECIDED

Wants Further Information About Hydro-Electric Power.

In order to ascertain the future policy of the hydro-electric commission towards the City of Peterboro, Mayor Bradburn and six of the aldermen visited Toronto yesterday and had a conference with Hon. Adam Beck. Overtures are being made to the City of Peterboro for the supply of power, both by the commission and the Seymour Power Co., and the civic authorities are not as well informed as they would like to be regarding what course to pursue.

### SUES RAILWAY COMPANY.

Mrs. Agnes N. George yesterday commenced action against the Toronto Street Railway Co. for \$3000 damages for injuries received while alighting from a car at Dundas-street and Ossington-avenue, July 29 last. The case is being tried in the winter assizes before Judge Teetzel, and will be resumed this morning.

### EMBALMERS GET MONEY FROM TWO SIDES

City Relief Officer Has Had Trouble With Certain Undertakers Who Collect Money From Both Relatives and the City, and the Practice Will Be Stopped.

City Relief Officer Coyell has had considerable trouble of late with undertakers who collect what they say is a portion of the burial expenses from the friends of the dead, and then, it is alleged, send them over to the city's relief department to obtain a supplementary order of burial, by which means the undertakers obtain an additional \$5. This method has the effect of practically holding up both parties, and Mr. Coyell has refused to grant an order under such circumstances.

Some very unfortunate cases which reflect upon certain undertakers have

been brought to the notice of the department lately.

One is known where a father lost a child, and was unable to pay the burial expenses at the time. He then took sick, and during his illness another of his children died, and the same undertaker who attended to the previous burial was called in. This undertaker got the body ready for burial, but refused to have it interred until he had been paid for the former burial. This occurred last Monday, and all week the body has lain in the home. Finally, thru the efforts of the Salvation Army and the city relief department, the burial has been arranged to take place to-day.

To guard against the undertakers obtaining exorbitant fees from people, Mr. Coyell has a notice hung up in the office to the effect that no burial orders will be issued for any cases where arrangements have been made with the undertakers by the friends or relatives of the dead previous to application being made to the relief department.

### BORRY TO LOSE WHITE BUT GLAD OF ELEVATION.

At the regular monthly meeting of the trustees of the Toronto General Hospital, the following resolution was passed unanimously:

"The trustees of the Toronto General Hospital learn with regret of the retirement of the Hon. W. T. White from their board.

"They desire to convey to him the deep sense of obligation they feel for his keen interest and useful devotion to duty at a critical period in the history of the hospital, when his advice was invaluable in assisting them to overcome unusual difficulties.

"While regretting his departure from their midst, they are, at the same time, sensible of the honor which has come to their former associate, and congratulate him on his elevation to a broader field, where his great abilities will be at the service of the whole nation."

### Germany Quite Thick With U.S.

Co-operation of Two Powers in China Leads to Warm Mutual Understanding.

BERLIN, Feb. 8.—(Can. Press.)—It is hoped and confidently believed here that the German-American notes setting forth the views of the two governments regarding conditions in China will lead to formal declarations by all the interested powers on the same lines.

Germany from the beginning of the disorders in China has taken the same stand as the United States and has expressed her accord with the suggestions for a common policy in China which Secretary of State Knox has submitted several times to the powers. The latest steps were taken on German initiative, but the credit belongs equally to the Washington state department. Count von Bernstorff, the German ambassador at Washington, acted in full accord with Secretary of State Knox in submitting the original German note which elicited the American reply.

News-papers here make a feature of the notes to-day. The Kreuz Zeitung sees in them a warning that certain powers which are seeking special advantages in China, must count on joint German-American opposition in their plans.

Rowing Durnan's Matches

Note and Comment

Eddie Durnan's new shell, built by Sims of Putney, Eng., arrived last week and his second boat by Phillips, the new Putney builder, is expected any day.

Durnan has things in pretty good shape for his race next July with Bill Haines of Boston. They have the first forfeit of \$100 each up in the office of the Boston Globe.

The last letter from Armit showed that the New Zealanders are very anxious to race in Canada. As champion he named conditions as follows: Stake, \$2500 a side, \$1000 expenses and half the steamboat money and the title.

However, there is a hitch. Mr. Durnan has been unable to locate any arrangements whatever with the Toronto Ferry Co. Every one knows that the steamboats play an essential part in the professional races and thus, failing to come to terms with the Handling Point people, Durnan proposes to go ahead with the Haines race and if necessary have the same decided on Hamilton bay. This stake is \$2000—that is \$1000 a side. Haines is Durnan's senior in years, being 43. He is at present coach of the Union Boat Club of Boston.

As in the Hackett race Durnan will back himself with his own money against Haines, and if the Ferry Co. will consent to the use of some of their boats on a Wednesday or Thursday afternoon Eddie will also put up the \$2500 stake as \$1000 expenses for a race next July for the championship of the world with Dick Armit of Christ Church, New Zealand.

W. C. Baker, the well-known Montreal cricketer, was a visitor to the city yesterday, just arriving at Dr. Dean's house in time to see the fire. He will probably be especially over the assured transfer of the headquarters of the Canadian Cricket Association from Toronto to Winnipeg. This will be heard about at the annual meeting of the C.C.A. at Toronto Tuesday, Feb. 27.

Hillard Lang yesterday left his room at the Victoria Hotel, and fixed up the broken bones in his nose and hand and also had a severe attack of rheumatism. A Canadian champion is quoted daily for hours. He is expected to offer that came yesterday from New York offering him a match with Mike Gibbons.

Mount Forest Play Argonauts To-night

Interesting O. H. A. Intermediate Game in the Second Round to Be Played at the Excelsior.

Mount Forest play Argonauts the return game in the second round of the O.H.A. intermediate series at the Excelsior rink at 8:15 this evening. In the first game Mount Forest were returned the winners by 12 to 6. The Argonauts claim that the rink in Mount Forest bothered them and that they can pull out the round this evening to decide the matter. They are bringing along a good number of porters, while the Mount Forest Old Boys' Association of the city send many more in force to cheer for the town boys. The most probable line-up will be: Mount Forest, Capt. Hinchey, point, Broder, cover, Langdon; rover, McEwan; centre, Carter; right, Murphy; left, McEwan.

Argonauts: Goal, Corbould; point, Stewart; cover, Hesser; rover, Smith; centre, Kerr; right, Adams; left, Lewer. Referee—Steve Vair.

National and American League Stars Compared

The National League appears to be fortunate in the matter of securing good players. New York has Meyers, Williams, Hartley, Paulett and a couple of recruits, while Wolverton of the New York Americans is scouting around vigorously looking for the player who can be relied upon to relieve Sweney.

There are many fine batsmen in either league, and yet taken collectively they are Archer, Eganman, Kling, Downey, Simon and McLean would probably have a share on the New York Street, Lapp, Sullivan, Sweney, Corriean and Fisher.

The National League is also fortunate in the matter of first basemen. Even with Chase, McInnis, Stahl and Gairner to head it, the American League can show no such list as Chance, Daubert, Konechey, Hobbitt, Merkle and Ludkus.

At the second Doyle, Evers, Knabe, Zimmerman and Guggins are no greater collection that Lajoie, Collins, Delany, Gardner and Ball, while at first base, Lord, Euse, Hartzell and Moravia would certainly concede nothing to Lajoie, Herzog, Byrne, Mowrey and Grant. Both leagues are strong at short; Wagner, Tinker, Doolan, Fletcher, Barry, Bush, McBride and Wallace are all of stellar magnitude.

When it comes to the outfield, however, the National League can show no such galaxy as Cobb, Jackson, Cree, Speaker, Milan, Murphy, Crawford, Callahan and Bodie.

Willie Lewis has gone into training for his ten-round fight with Mike Gibbons, scheduled to be held in New York on Feb. 23. This fight is expected to decide the welterweight championship.

Week-end excursion, Niagara Falls and Buffalo, via the C.P.R. Special excursion to Niagara Falls and Buffalo, via the Canadian Pacific, Saturday, Feb. 10th, leaving 1:15 p.m., good to return until Monday, Feb. 12th.

The advantage of this excursion for a pleasure or business trip to Niagara Falls or Buffalo, via the scenic route, rate to Niagara Falls \$2.25, Buffalo \$2.70.

SOCCER IN THE UNITED STATES. NEW YORK, Feb. 8.—An organization which promises to be a power in soccer came into existence when a special meeting was held yesterday, at which delegates from ten of the clubs affiliated with the old New York State Football Association attended.

What was formerly the State Association went out of existence when the delegates unanimously voted to accept the constitution, bylaws and regulations which had been submitted and read at a previous meeting. The new body is known as the American Amateur Football Association, and in addition to the allegiance of the New York and District Amateur League and the Metropolitan Football Association expects to affiliate with it in the near future.

Today at Williams' Cafes. Special Table d'Hote Dinner. Pures of Split Peas. Fried Sea Salmon. Butter Sauce. American Corned Beef Hash. Poached Egg. Grilled Lamb Chops. Green Peas. Potatoes. Creamed Parsnips. Asparagus. Tip.

Tea. Griddle Cakes, Maple Syrup. Or if other. Coffee. Branches, Queen and Yonge, King and Yonge and Grand Opera House.

Baseball Notes.

Kid Gleason, formerly of the Philadelphia Club in the National League, has been appointed assistant to Jimmy Callahan, manager of the Chicago White Sox. He will go on the spring training trip and when the team splits up will take charge of the second division.

Rube Waddell, the brilliant but eccentric pitcher, has signed to play with the Minneapolis club of the American Association this year.

Baltimore News: There is some talk of Joe Kelley taking Bill Evers for his Toronto team. Nothing will be done in this line until after the National League meeting in New York this month.

William J. Klein of Lakewood, N.J., National League umpire, Mr. Klein has officiated as umpire in the senior organization for seven years. He began his professional career in the Connecticut League, where he umpired half a season, going thence to the New York State League and later to the American Association, umpiring one season in each.

Patrick Wants Stanley Cup.

VANCOUVER, Feb. 8.—The Pacific Coast League will have its first allowed game to-day, being allowed to play for the Stanley Cup this spring. Vancouver team in Frank Patrick of the west out from Ottawa, the story one of the trustees, a grand trunk coast champions would have the next Ottawa report, and that the Moncton team of the Maritime Provinces League would get first call this spring, while challenges are also on the way. Mr. Foran stated that the British Columbia and the Saskatchewan League, which played next December and champion teams before Jan. 31 would be eligible to play for the silverware. The Coast Hockey League managers were now all pleased when they perused the eastern dispatch.

"We will challenge just as soon as the championship is decided out here and we expect to get matches in March," stated Mr. Patrick. "Of course, our season is somewhat extended, coming to a close three weeks later than the National Hockey Association schedule, but if there is any ice at all we want to play and the champions of our league will be ready to make the trip."

## Bidding Not the Best Yet Many Horses Sold At Maher's Exchange

There was a very fair attendance at the second auction sale of the week at the exchange, and the offerings were large and of very fair quality. The bidding was not of the best, and it took Auctioneers Jackson and Pich some time and trouble to realize anything like a fair price for the horses offered. However, a good number of horses were sold by auction, and many more privately after the sale.

The following are some of the sales reported: Mr. W. K. Newsham, city, purchased a grey gelding, 495.50, and a brown mare, 330; Mr. F. J. James, city, secured a brown gelding, 412.50; Mr. Jas. Armstrong of Moose Jaw, Sask., completed his load for shipment west; Mr. D. Dewar, city, secured a bay mare, 412; Mr. G. M. Lindsay purchased a bay gelding, 425; Mr. Henry Spicer, city, a bay gelding, 427.50; Mr. Veandle, Birtle, Man., purchased several for shipment west; Mr. J. A. Ford, Milton, a bay mare, 410; Mr. E. J. Marsh, Davidsonville, secured a good bay gelding, 320; Mr. E. J. Marsh, Davidsonville, secured a bay gelding, 320; Mr. Wm. Lindsay purchased a bay gelding, 322.50; Mr. Foster, Dear Park, a black gelding, 410; Messrs. Lindsay and Burnell, Moose Jaw, Sask., purchased several for western shipment; Mr. W. Blanchard, Postburg, purchased a pair of mares for farm use; Mr. A. B. Sato, city, a grey mare, 416; Mr. Biderman, city, a brown gelding, 410.

"The management were well pleased with the week's business, and anticipate a large number of exceptionally good consignments for next week's sales."

## Yankee Racers in English Stakes

Horses Owned by Whitney, Belmont, Keene and Winans Receive Weight From Hornet's Beauty.

NEW YORK, Feb. 8.—Numerous Yankees interested in racing in England have been awaiting with eagerness the announcement of weights for the many handicaps to be run there the first two months of the season, which begins at Lincoln on Monday, March 25. The Bathyns Handicap, 3 furlongs, is the first handicap to be decided. American horses engaged are S. T. Cret's Runymede, 122 lbs.; H. P. Whitney's Bashit, 120; Borrow, 117; and Matinee, 107; August Belmont's Sandwitch, 100; and Franconi, 96. A. J. Joyner said before the race, on Jan. 24, that Matinee would be the stable's representative in this race.

On Tuesday the Lincoln Handicap will be run. Hornet's Beauty is top weight at 122 pounds. No Americans are engaged in the Queen's Prize, later on. Dalmatian has 116 pounds, Adam Belle 98, and The Spy II, 84. All are owned by H. Winans. In the Great Metropolitan at 1:00 pm Dalmatian has 110 and Mrs. P. S. Watt's Selectman, the best hurdler in England, has 112. In the City and Suburban at Epsom Hornet's Beauty has 120 pounds, and concedes to Franconi, 96. A. J. Joyner said before the race, on Jan. 24, that Matinee would be the stable's representative in this race.

In the Victoria Cup, value \$2500, the early events. In the Victoria Cup, value \$2500, Hornet's Beauty has 122; Whisk Broom, 128; Sir Charles Aston-Smith, 122; Sir Martin has 122; and Havlock, 84. WANT LORD'S PRAYER

Trades and Labor Council Meetings Will Open and Close With It. That the spiritual welfare of the Trades and Labor Council was not properly looked after, as it should be, was the opinion of one of the delegates at the adjourned meeting of the council held last evening in the Labor Temple. The delegate wishing to put himself on record as a beneficiary of the Lord's Prayer, arose and proposed that the future meetings of the council open and close with the prayer to be recited by a chaplain, who will be appointed at the next meeting. The legislative committee of the council recommended that a letter be sent to Hon. W. J. Harris, provincial secretary, asking for a full investigation of the wages and conditions of the asphalt attendants of the province.

SHARP DEBATE MARKS FIRST SESSION OF HOUSE

Continued From Page 1.

Mr. Rowell, in wishing to apply the curb, had suggested, not directly, but in a roundabout manner, that Mr. Beck should come in and sit at the council table with him, where the premier could have control over him.

Mr. Rowell then turned to the bilingual school question, and after remarking that Sir James Whitney had said in his campaign speech that there were no bilingual schools, quoted from a newspaper report which held in his hand a statement of bilingualism attributed to the attorney-general.

# DOMINION GOVERNMENT WILL HELP GOOD ROADS

### Big Deputation Gets Premier Borden's Assurance That Appropriations Will Be Made—Provinces Must See to Maintenance—Motorists Present Their Views.

OTTAWA, Feb. 8.—A deputation that waited on the government to urge co-operation in the development of good roads, was cordially received and departed well satisfied.

Premier Borden said that the establishment of good roads was primarily a matter of provincial jurisdiction. Therefore, it was obvious that the government had a genuine interest in the subject in proposing, as it did, to make grants for the purpose. The condition of roads in Canada was not what should be expected. The civilization of a people was often indicated in its highways.

The supplementary estimates would provide grants to the various provinces for the purpose, but he intimated plainly that the money would be for construction and not for maintenance. In doing the former, the government would exceed the B. N. A. Act, but doing nothing more than its duty.

Details of method and outlay had not yet been determined, but it would be by co-operation with the provinces. Three hundred delegates, representing some 100 organizations in Ontario and Quebec interested in the improvement of Canadian highways, were the Ontario Good Roads Association, the Quebec and Miami Highways Association, the International Highways Association, Toronto, Ottawa and other boards of trade.

Main Johanesburg, Ontario, Ontario Motor League, presented the views of that organization. This is to time, he said, for half-way measures of patry appropriations. A great change is coming in the whole system of transportation. The importance of roads compared with railways will increase as the automobile continues in its rapid development. Canada has been lamentably backward in her ordinary highways.

Board of Trade Memorial.

After-Major T. L. Kennedy, Peel

County; J. Fox, Lanark County, and Mr. Rankin, M.L.A. for Frontenac, had spoken. W. J. Trethewey spoke on behalf of the Associated Boards of Trade of Ontario, and strongly urged that the government lend its assistance. He presented a resolution passed by the Toronto Board of Trade.

Controller Hocken showed how the cities were as greatly interested in this movement as the country. Toronto had already tried to help in building good roads around the city.

See Demonstrations.

Mr. Morley Pettit, O.A.C., Guelph, spoke on "See Demonstrations at Exhibitions," which had been the means of arousing great interest in the industry which on a capital of \$1000 would bring in an income of from \$300 to \$1000.

Thos. Delworth, Weston, made a number of very valuable suggestions as to road and vegetable exhibits at exhibitions. The professional exhibitor who picked up exhibits from any source and grew hardly anything or nothing at all, should be debarré.

Officers Elected.

The election of officers resulted as follows: President, Dr. J. U. Simmons, Frankford; 1st vice-president, John Arthur McFarlane, Shannonville; 2nd vice-president, W. A. Crow, Chesley; secretary and editor, J. Lockie Wilson, Toronto; treasurer, Alex. McFarlane, Ottawa; representative to Canadian National Exhibition, J. Lockie Wilson, Toronto.

Directors—District 1, G. C. Smith, Cornwall; 2, R. J. Bushell, Kingston; 3, Arthur McFarlane, Shannonville; H. Garbutt, Peterboro; 5, Geo. Raikes, Barrie; 6, H. P. Stoddard, Welland; 7, Wm. Holmes, Ottawa; 8, D. G. Graham, Lobo; 9, John Dewhurst, S. Woodside; 10, Geo. Binnie, Bunnessan; H. B. Laycock, Gravenhurst; 12, E. R. Stephens, New Liskeard; Auditors, R. Agnew, Meaford; Wm. Collins, Peterboro.

### A Desolate Scene.

The surroundings of the football grounds, which is known locally as "Paradise," were appallingly desolate. The deluge was incessant and the sea of black ooze. The supports and ropes holding up the marquee were strained under the weight of the sodden canvas, through which the water dripped like a shower bath.

Effigies bearing the labels "Carson and Londonderry, Turcocks and Traitors," were scattered in the marquee, looking for all the world like corpses hanging from the gallows.

Boles of infantry and dragons were stationed a short distance from the marquee in readiness for emergencies. The police challenged every one who tried to pass thru the entry into the grounds.

### THE MENDELSSOHN CHOIR

With last night's huge success the Mendelssohn Choir cycle of concerts for 1912 closed, so far as Toronto is concerned. On the last four days of the month the choir will sing in Buffalo, New York and Boston. The New York program will be a miscellaneous one for the first night, when Lotfi's "Cruelty," Gounod's "Miserere," "By Babylon's Walls," and other selections will be given, with other selections such as Elgar's great "Caractacus" chorus, while the Verdi "Requiem" will be sung the second night. This is the heaviest undertaking the choir has yet attempted, but those who have heard this year's concerts are confident that there will sustain their great reputation.

There were two concerts yesterday, one exclusively orchestral, except for the appearance of Josef Levine at the piano in the List Concerto, No. 1, E-flat. Mr. Stock furnished a charming program, beginning with Beethoven's overture to "Coriolanus" whose musical phrases appealed to everyone. There is no doubt about the great improvement in the orchestra over a year ago. It is an improvement rather to be congratulated, for it was difficult to find flaws in last year's work. In unanimity, in delicate attack, in the exquisite quality of the wood wind is particularly noticeable. In the brasses also great improvement is to be noted. The playing in the line of perfection.

Brabant's "Legend" was an interesting piece, and the "Miserere" of St. Francis was a most beautiful and delicate piece. The concert closed with a magnificent rendering of the

avor, but he added, "We will fight every inch against home rule." The troops will be kept in Belfast over Saturday as a precautionary measure.

Religious Freedom for All. The essential features of the Liberal government's home rule bill to be introduced into the British Parliament were set forth for the first time today in the course of Mr. Churchill's speech. The bill is to contain provisions for a fair representation in the two houses of the Irish Parliament of all classes of the Irish people, and restrictions will be placed on the passing of laws or the imposition of taxes which might be unjust to any party, while religious freedoms to be secured. The armed forces in Ireland are to be controlled by the imperial government, while the imperial government will continue its land purchase and pensions schemes.

The young cabinet minister, who greeted with a rousing reception from the 6000 people gathered within the tent, who enthusiastically in the pressing surroundings were able entirely to quench. A steady shower bath poured thru the canvas roof making the floor an incipient lake.

A band played popular airs intermingled with the Irish melodies "The Wearing of the Green," and "The Boys of Wexford."

Would Abolish Hatred. Mr. Churchill immediately got on good terms with the Irish, explaining that the government intended to pass a home rule bill which would be harmonious with Imperialism, and smooth the path of the British Empire, liberate new forces for its service and forever at unity with the British machinery by which hatred had been manufactured in the past.

The government home rule bill, continued Mr. Churchill, would fit into a general scheme of parliamentary devotion leading ultimately to the

### Eat What You Like

And What Agree With You, But Do Not Eat Too Much.

Digestion Will Be Good If You Regulate the System With

### DR. CHASE'S KIDNEY-LIVER PILLS.

Over-eating is the great cause of liver troubles, biliousness and constipation. The digestive system becomes clogged with poisonous waste matter, the liver fails and then follow kidney disorders of the most painful and fatal form, such as rheumatism, Bright's disease and dropsy.

The beginning is almost invariably with the liver and should be overcome with the prompt use of Dr. Chase's Kidney-Liver Pills before serious disease is developed.

An occasional dose of Dr. Chase's Kidney-Liver Pills when the liver gets sluggish and the bowels constipated will keep the whole digestive system in healthy working order.

Hundreds of thousands of people have found this out by their own experience and would not think of being without this medicine in the house, as there have been restored to health by this treatment after their case had become more serious and complicated stages.

There does not seem to be any medicine obtainable which is so successful in ridding the growing wrongs of both liver and kidneys as Dr. Chase's Kidney-Liver Pills. Merit alone can account for the success of this medicine.

SATURDAY'S MEETING WILL BE IMPORTANT ONE

No Time Will Be Lost in Pressing Water Scheme—Leaside Meeting To-night

NORTH TORONTO, Feb. 8.—(Special)—Saturday night's meeting of the North Toronto Ratepayers' Association promises to be more than ordinarily interesting and it will not be a matter of surprise if the town hall were filled to capacity.

The fact that D. C. Hosack is expected to give a talk on the Metropolitan franchise alone ought to bring out a big crowd, but in addition to this it is said on the best possible authority that two North Toronto men are prepared to offer to install an independent telephone line in town with a presumptive cut in prices which will make glad the hearts of the long suffering North Torontonians.

And now comes the report down from Richmond Hill that the school trustees of that thriving burg have taken offence at the North Toronto council in not inviting them to the conference between the several municipalities interested in the Lemonville water scheme, and that they will cast in their lot with the Westborough, Stouffville and other northern places which may oppose the measure in the legislature.

There is no disposition on the part of the town authorities in this way to sidetrack the village of Richmond Hill and in any future conference they will be invited to join in the applications and assist in any way possible. Negotiations cannot be said to be yet fairly under way and at the conference in the York County Council chamber, Rev. P. J. O'Connell was present and gave the project his most hearty support.

The village of Richmond Hill interests are allied with those of North Toronto. One of the big questions before the council at the present time is the widening of the street and erecting sidewalks to the difficulty and cost of the undertaking. During the coming summer some good residences will be built on Yonge street in such a way as to interfere with the scheme if nothing is done in the meantime.

This is one of Councilor Leaside's propositions. The Eglington and Devonville hockey teams have practically cleaned up everything they have come against this winter, demonstrating their superiority in everything else North Toronto is per excellence the finest of them all.

Court Glenwood, No. 524, Ancient Order of Foresters, held their monthly meeting at the Masonic Hall, Eglington, Tuesday evening. They had as their guests the Foreville of Toronto to meet their D. C. H. Bro. Wickert on his official visit.

Present P. D. C. Bro. Roberts, W. F. C. Bro. Coles, C. Bro. Goddard, C. R. Bro. Clark, C. R. Bro. Coe and others with C. R. Bro. Wacey in the chair. A very enjoyable evening was spent with songs and speeches. Refreshments were served by Bro. H. Rutherford. Court Sherwood meets every first and third Tuesday.

EARLSCOURT. Residents Have Grievance Against Careless Drivers. EARLSCOURT, Feb. 8.—(Special)—The home seekers of this thriving district who are interested in the improvement of the great northwestern part have a genuine grievance against the drivers of vehicles, many of them from the city, who drive ruthlessly over the sidewalks and in the process of doing so absolutely ruin the boulevards and grass spots.

At Monday's meeting of the York Township Council this very matter was brought up. There is a law for this kind of vandalism but it is very hard to get a conviction and men in this district who go to great lengths to improve their front and surroundings get little support from the authorities. Some day a conviction will be made and it cannot come too soon.

The men's club of St. Chad's Anglican Church held a fine smoking concert last night in the basement hall. T. Clarke presided and the affair was voted a great success.

LEASIDE. Tonight's Meeting Will Deal With Live Questions. LEASIDE, Feb. 8.—(Special)—The public meeting called for Friday (tomorrow) evening of the York Township ratepayers, living on and near Bayview-avenue, in St. Christopher's Church, Leaside, promises to be an important one. The meeting is called for 8 o'clock sharp and is convened primarily to discuss sidewalks, good roads, lighting and other public improvements; also better approach to the City of Toronto.

Reeve Watson and the other members of the township council, together with W. F. Macdonald, M.P., have been invited to attend and speak on these questions. Everybody having an interest in this district is cordially invited to attend and take part in the proceedings. The meeting is called by W. H. Doel, Joseph H. Lea and George Murray.

AURORA. AURORA, Feb. 8.—(Special)—Williams Reynolds has rented his farm of 100 acres in Whitechurch to J. Moynihan, who recently bought the adjoining farm.

Mr. Macdonald, principal of the public school and Capt. Taylor of the 10th Regiment, are meeting with splendid success in organizing a cadet corps here. When the weather moderates they will drill in the morning here on Friday evening, and boys wishing to join may make application to either of the gentlemen.

WESTON. Principal Alexander Remains in Charge of School. WESTON, Feb. 8.—(Special)—The re-engagement of Principal H. J. Alexander of the Weston Public School by the school board is a source of the greatest satisfaction to Weston people generally.

The committee in charge were: Wm. Speers, W.M.; Wm. Harris, secretary; C. H. Sherwin, chairman of committee. The English Hospital, St. John's-road, which has been closed for so long for extensive alterations, was re-opened to-day with a reception in the afternoon and evening by Mrs. Englehardt and the nurses of the staff.

Loyal Canada Lodge, No. 6968, Manchester Unity, I.O.O.F., also held their annual ladies' night to-night in St. James' Hall. The evening was spent in progressive euchre with an excellent musical program, presided over by Bro. W. Homen, past grand master, and concluded with a box social.

The staff of the local branch of the Bank of British North America have arranged to play their annual game of hockey with a picked team from the West Toronto banks to-morrow afternoon at Ravina Rink.

The Davenport Methodist Church Tri-Ministry held their annual sleigh-ride into the country this evening. On their return the young people enjoyed a banquet in the basement of the church.

# Sharp Advance in Silver Prices—Flurry in Dome Extension

## Porcupines Turn Strong Again And Prices Advance Quickly

### Dome Extension Leads General Recovery in Mining Markets—Firmness the General Attribute.

World Office, Thursday Evening, Feb. 8.

A see-saw movement in the mining stocks has been the rule of late in the local stock market, and the last two days have shown no change in this regard. Yesterday, the Porcupine stocks showed a tendency to sag and several losses were occasioned. To-day the market adopted an entirely opposite trend, and at the close quotations in general showed net advances for the day.

Trading to-day was of a more responsible nature than has been noted for some little time, especially so in respect to Dome Extension, which was the leader through. The buoyancy in this issue found a reflection throughout the whole list, and it was due more to the fact of a speculative advance in this one special spot than to anything else, that the trend of the market was turned into a better channel.

Dome Extension at the opening of the exchange underwent quite a little flurry selling up a couple of points to 25. There was in reality no news out of the stock, and outside of a few unfounded rumors which pervaded the street, there was nothing in the developments of the day which could be held accountable for the advance. Profit taking carried the price back to 24 1/2 late in the day, but even at that figure, the shares showed a net gain of 3 points from last night.

Brighter Appearances.

There were several firm spots in the general list, and while the market was not altogether free of weakness, these served to give a brighter appearance to the transaction. Hollinger sold up to \$12.25, thus more than making up its advance of about 21 points above last night.

Res was up to \$1.08 and closed around that level. Swastika was the only prominent instance of weakness, these shares selling off to 2 1/4, a loss of a full cent, the loss was made up later in the day.

The advance in bar silver prices, which were up to the highest record for several years, and no appreciable effect on the Cobalt stocks, which up to this time seem altogether unconscious of the strength of their position on that account. This, of course, only applies to the producing mines, but even these failed to respond to the good news. Prices to-day were comparatively unchanged figures, and consequently attracted little interest. Timiskaming was the centre of interest with an advance of a point to 31.
