## DANFORTH DANFORTH DISTRICT GROWING BY LEAPS

Store and House Building  
Beats All Records for  
Toronto.

### DESPITE HANDICAP Shortage of Men Makes Ac- tivity Less Than It Would Be.

No section of Toronto can point to any stage of its history with a building record to equal the house and store building that is now taking place in the Danforth district in spite of the unprecedented cost of material and high wages. Even with bricklayers and carpenters drawing from 75 to 90 cents an hour there is a shortage of men in the building trades and contractors declare that if it were not for this handicap the activity would be greater than it is.

Permits have been issued for about \$375,000 worth of stores on Danforth avenue since the start of the year, but one has to drive along that thoroughfare to get a full grasp of the transformation that is taking place. Whole blocks of stores have been erected this summer. Since the season opened three or four months ago over 60 stores have been erected on the avenue and 53 more are actually under construction at the present time. It is entirely probable that 50 more will be completed before winter sets in. Other structures more costly than stores have risen on both sides of the street. Notably banks, a couple of garages and a theatre built by the Alens at a cost of \$40,000. The World hears that another picture house will very soon be started on Danforth, between Greenwood and Bathgate avenues.

**Three Miles of Stores.**  
Three miles of stores on Danforth avenue are a sufficient augury of the future of the northeast section as a residential district. Every store must have a certain public utility to serve, and those that have not the quality already are rapidly getting them. The territory lying north of Danforth for half a dozen blocks is already practically well built up as far east as Donlands avenue, and it is to the east of that avenue that the building boom is now the greatest. The World may drive thru the district on the north side of Danforth avenue yesterday and counted 240 houses under various stages of construction within five blocks of the main thoroughfare. Following was the tally:

Clark crescent	17
Jackman avenue	9
Elsewhere in Playter estate	7
Fulton avenue	13
Browning avenue	3
Moscow avenue	3
Between Moscow and Donlands avenue	16
Greenwood avenue	30
Linsmore crescent	5
Bathgate avenue	30
Strathmore bly and trees	6
Wolverly avenue	7
Glebeholme avenue	12
Milverton avenue	13
East of Woodbine	73
Danforth, near car terminal	10
Total	240

**Seven Hundred Houses.**  
Two hundred and fifty would be a conservative estimate of the number of houses that have been completed in this territory already this summer, and if only 500 more are finished in the balance of the summer that will mean seven hundred houses north of Danforth this year. Building activity seems quite as intense on the south side of the north of Danforth and if that is the case 1919 will see 1,400 houses and over a hundred stores added to the assessment roll in a district three and three-quarter miles long and ten blocks wide. There are still miles of vacant lots in the district and the building industry is more likely to increase than diminish especially if prices of material should take a drop.

Real estate agents, of whom there are probably twenty scattered along Danforth and intersecting streets, forecast not only a scramble for houses this fall, but a boom in vacant land especially if there are any signs of a slump in building costs. The completion of the Pape avenue line up to Danforth by the Toronto Railway Company, which will bring the people of that section into the one-fare zone, is also expected to assist in popularizing the northeast.

**Like Hot Cakes.**  
Contractors report that they have no trouble whatever in getting rid of their houses. In fact, most of them are sold before they are completed and many have even sold houses from the plans before a sod was turned. The banking institutions were among the first to sense the growth that was likely to follow the building of the viaduct, and sites were early secured all along the avenue. The Bank of Commerce have a branch on Danforth and are building two more this summer, one at the corner of Greenwood, now nearly ready, and the other at the corner of Woodbine. The Imperial have opened a temporary bank near the corner of Carlaw and have just completed a handsome brick building at the corner of Bathgate. The Bank of Nova Scotia have also opened within the last few weeks on the southwest corner of Greenwood and Danforth, while the Home Bank have a new branch at Main street, and the Royal at 1279 Danforth avenue.

There is no land for sale now on Danforth under \$100 a foot and very little at that figure. Values near the Broadview end are held around \$250 a foot.

**MIMICO**  
OPEN BRIDGE TODAY.  
It was announced officially yesterday that the new Mimico bridge will be opened at noon today. This will greatly assist Sunday and holiday traffic.

## TODMORDEN TODMORDEN TOUTS FOR G.W.V.A. FUNDS

Campaign to Build Recreation  
Hall Promises to  
Be Success.

If willingness and enthusiasm are any tests by which the success or failure of a project can be judged, then surely the Todmorden field day, which is to be held on Rivercourt fair grounds on Monday for the purpose of raising funds for the G.W.V.A. recreation hall, will be one great success. The final meeting of the general committee was held in Torrens school last night, and the final plans and schemes were formulated under the directing hand of Chairman Dr. R. H. Fleming. The field day is being held under the auspices of the Todmorden branch, G.W.V.A., the Todmorden Ratepayers' Association and the war auxiliary of school section No. 27. All the public bodies in the district are extending a helping hand, and the men of the committee showed that they were right in their toes for the welfare of the community when they got out and worked in the hardest way yesterday getting the field in perfect shape for the coming affair.

**War Auxiliary Helps.**  
Then, of course, come the women of the War Auxiliary, who form one of the big three conducting the fair, and their efforts have been of the get-out-and-work type, for, not content with collecting most of the donations, they propose holding a tag day today, the proceeds from which will go to the general fund. Mrs. R. H. Fleming, Mrs. Clements, Mrs. Brown, Mrs. Nutt and a number of other women are some of the moving spirits behind the project, and every one of them turned out to the meeting last night. Comrade Kirwin of the G.W.V.A., who reported for the amusement committee, told of the many details which had been arranged, among them being a baby show, airplane flights, sports and other amusements. All the prizes for the events except those won by children under 8 will be presented at a grand concert to be held on the Saturday following the field day.

Other sub-committees reported for the various branches of business, and among them present who spoke at last night's meeting was Alex. MacGregor, who spoke a few words of encouragement to the workers, substantiated very ably by a ten-dollar bill, which he handed over to be used for purchasing prizes for the baby show.

### EARLSCOURT

#### WOMEN TAKE CHARGE.

Committees have been formed from the ladies' auxiliaries of Earlscourt, Fairbank and Silverthorn G.W.V.A.'s who will have charge of the baby show, the home cooking and baking departments and domestic science of the second annual fall fair, which Mayor Church has promised to open on September 16. These committees will also have charge of the directors' luncheon to be given by the fall fair committee on the fair grounds.

#### STORE RENTS INCREASE.

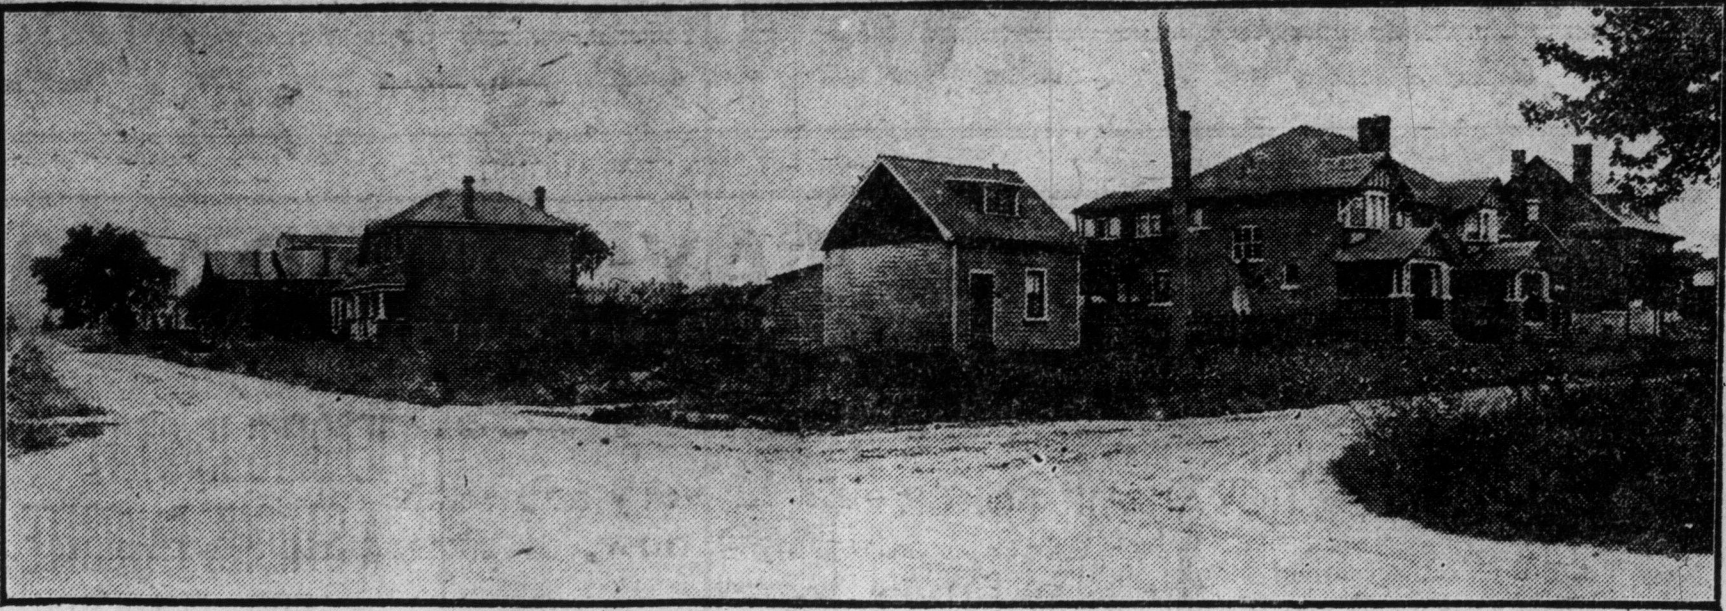

Another store has changed hands on the north side of St. Clair avenue, Earlscourt, and the new tenant has agreed to pay \$200 per month rent for the same. This store has a frontage of about 20 feet and not long since was rented for less than \$100 per month. Rents are constantly on the increase on St. Clair, one tenant having vacated his store a few days ago, for which he was paying \$90 per month. The rent has now been raised to \$180. Rents on the south side of the avenue are also creeping up, although not to the extent of the north side, where the bulk of the shopping is done. Two more shoe stores will locate on St. Clair within the next few weeks.

#### INCREASE MEMBERSHIP

A new period of activity is apparent among the Ladies' Auxiliary of the Earlscourt Branch of the G.W.V.A. It is the intention of this branch to increase its membership. Mrs. Hookley, the president, told The World that there was as much need for strenuous work now as at any time during the war, owing to the many daily questions arising out of the repatriation and reconstruction schemes, and "we are out for a big membership to enable us to help the veterans in all of their problems," she said.

#### COMRADE WINES RESIGNS.

Comrade Joseph Wines has resigned as organizer of the Earlscourt branch of the G.W.V.A. During his term of office he has added some hundreds of new members to this branch, which is approaching one thousand members, the objective set out for this branch some months ago. Comrade P. J. Richardson is president and W. A. Beauchamp secretary.

## MT. PLEASANT LINE WOULD HELP YONGE

Mayor Assures Delegates  
Civic Officials Speed-  
ing Up Plans.

### WAITED FIVE YEARS Representative to Hear Re- port on Line on Wednes- day Next.

The World publishes this morning a number of views taken along Mount Pleasant road in North Toronto, where a street car service has been promised and the people have waited five years for the fulfillment of that promise. Commissioner Harris has been asked to prepare plans with a view to calling for tenders for the construction of the road, but weeks have passed since plans were called for, and it is announced that several weeks more will be required to complete the job, and residents up north are beginning to suspect that their period of waiting is to be considerably extended. It is even asserted that there is a cooked-up scheme to hold the proposition back until the summer has passed and nothing can be done.

#### In McCarthy's Hands.

Two representatives of the Mount Pleasant Ratepayers' Association, who interviewed Mayor Church yesterday regarding the railway for that district, reported at 447 Merton street last night. Mayor Church assured the delegates that special civic efforts were being made to "speed up" the matter. Everything had been left in Mr. McCarthy's hands and extra help engaged in order to bring the question to a speedy issue. A report by the city officials will be presented at a board of control meeting to be held on Wednesday next and the association was invited to send a representative to the session in order to hear the report. The association is stated to believe this latest promise and confidently expect definite action in the near future.

In the opinion of the association the construction of the Mount Pleasant line would help rather than hinder the cleaning up of Yonge street.

### NEWMARKET

#### ELI HAMBLETON DEAD; FALL PUNCTURED LUNG

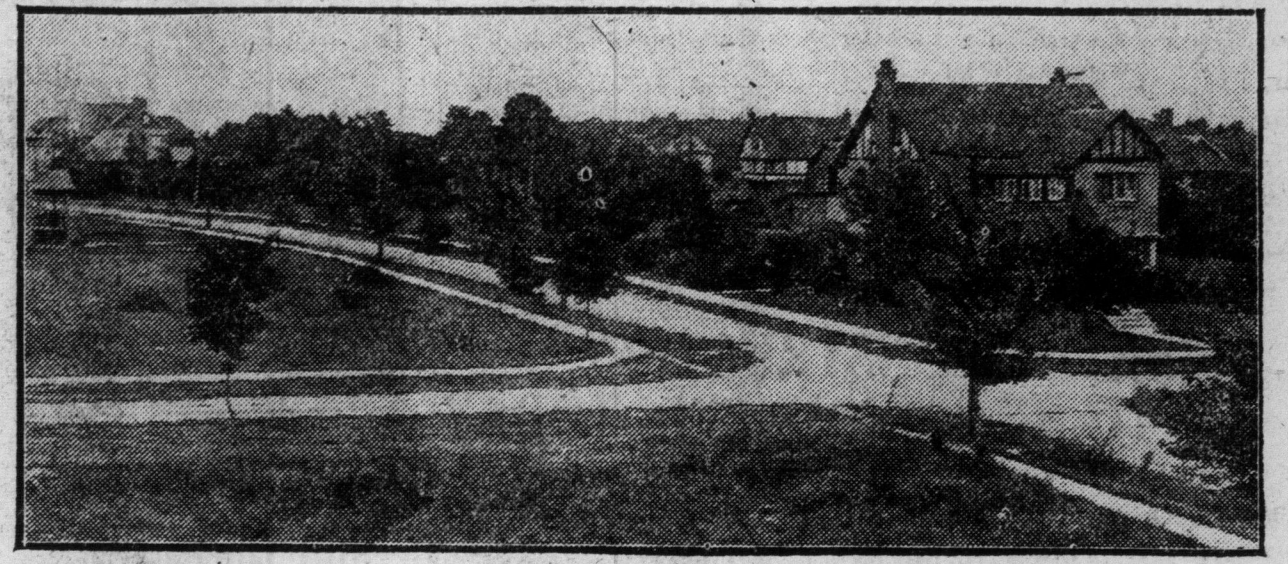

Eli Hambleton, aged 67 years, died yesterday at his home in Newmarket, from injuries sustained on Thursday, when he fell from a roof on which he was working. Two other men who were working with the deceased were also thrown to the ground when the scantling broke, but escaped without injury. Mr. Hambleton's lung was punctured by the fall. He is survived by a widow and one son, the latter living in the northwest.

#### WHO WOULD NOT BE A CANADIAN FARMER?

Reports are beginning to come in from all over the county relative to the big yields and bigger prices being paid for winter wheat and it looks as tho the farmers who were fortunate enough last year to seed down largely with this crop will reap a golden harvest. From nine acres of winter wheat near Hazelton, in Markham township, will get about 100 bushels, for which he has been offered at least \$21 a bushel. Another man has threshed enough to bring him in \$2,000 and has some more to thresh. As high as \$22 is being paid for the highest quality long odds winter wheat in a Canadian market. With hogs at \$24.60 per cwt. and new hay at \$22 and up, who would not be a tiller of the soil?

#### WINNIPEG CUSTOMS GROW

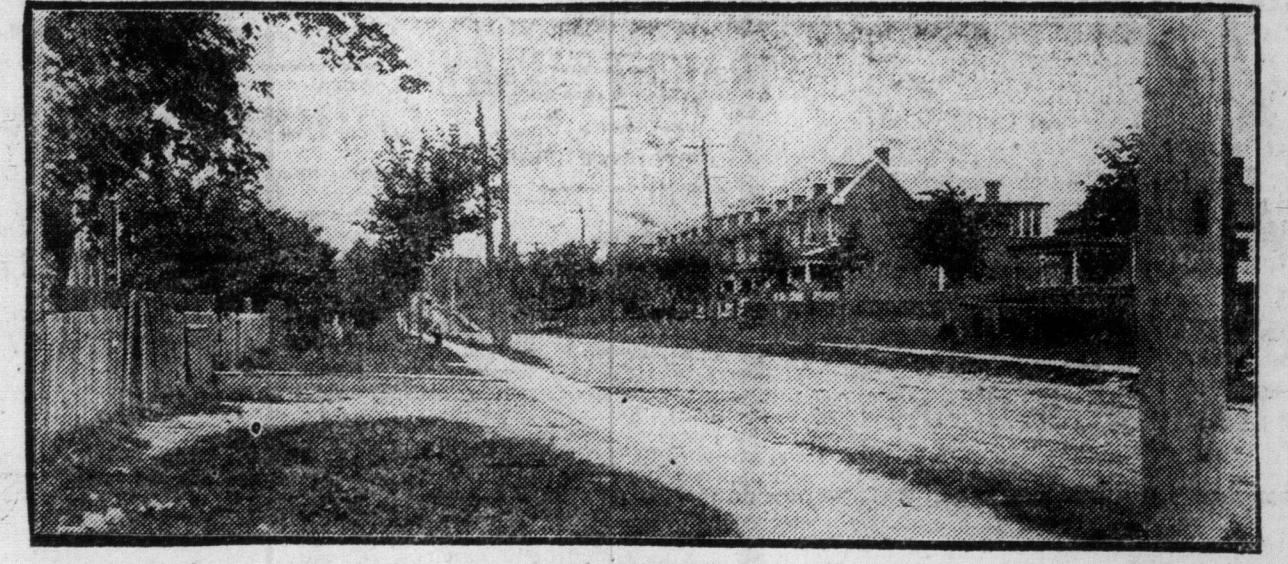

Winnipeg, Aug. 1.—Winnipeg customs receipts show a large increase for the month of July over that of last year, the totals for July, 1919, being \$944,827, as against \$797,045 for the same month last year.

Robbette, counsel for the accused until a few days ago, withdrew from the case in court because of his conscience, but Mr. Curry is stated to feel quite at ease on that score insofar as the present case is concerned. Yesterday morning Peter Hodges swore that during June the three ac-

## THE MODERN TIME SAVER

The most scientific method of saving time, that was ever introduced in the country, was "OUR SERVICE" system. Please explain! All right, listen: "Our repair man arrives at 9 a.m. and works until 11 a.m., charged two hours. No matter if it takes him four hours, or fifteen minutes to get to your home, you only pay for two hours' time, and he never goes back to check he has forgotten anything; he is prepared with all kinds of material in his car." That's our service.

## SCARBORO TOWNSHIP HAILS MEN WHO FOUGHT

Sir Wm. Hearst Speaks at  
Heights' Park Reception Yesterday.

Local veterans, their wives and families, were officially entertained by the township at the Heights' Park yesterday. Lunch was provided by the women and a full program of sports was carried out and thoroughly enjoyed. Each man was presented with a scroll expressing the appreciation of his fellow-citizens and Reeve Cornell welcomed the men on behalf of the township. Over 5,000 people attended from all parts of the municipality and the band of the Q.O.R. provided music during the afternoon and evening. Four papers representative in kind also played at intervals during the day.

Sir William Hearst was present and spoke briefly of the splendid work done by Canada's militant. He outlined the work of the corps on the battlefields of France and Flanders and paid a tribute to the courage and hard work of the people at home. Especially mentioned were the women's organizations that did so much for the fighting men. He welcomed the Scarborough boys and expressed the hearty good wishes for their future.

Football, baseball and running provided amusement for spectators and participants, and the women's races were especially provocative of laughter. The devotional exercises were conducted by Rev. A. Durnford, R.C. E. Joyce, Rev. D. L. Gordon and Rev. R. S. Frylock. A special mass choir from the local churches directed by J. M. Sherlock led the singing.

#### TO CELEBRATE HAIG DAY

Earlscourt and the northwest sections are preparing to celebrate Haig Day. The returned soldiers of Earlscourt, Fairbank and Silverthorn, who fought under Marshal Haig, intend to make the occasion a notable one by holding a big demonstration. Every man is agreed that it was Haig who, by his energy and generalship, saved the day for the British and Canadian forces, not once but many times, in the late war. The veterans of these three suburbs will have special meetings the close of Haig Day, at which prominent returned soldiers will speak.

#### MUNICIPAL TELEPHONE SYSTEM

Caledon and Erin townships have decided to establish a municipal telephone system, and an offer will be made to the Consolidated Telephone Co. for the system now operating in the two townships. This action resulted from a joint meeting of the ratepayers of the municipalities on receipt of a petition signed by some 500 names. The company has about 700 subscribers.

#### HIGH PRICES COMING FOR CANADIAN WHEAT

(Editorial, Montreal Gazette, July 31.)  
The prospect of a reduction in the cost of living is not bright. Wheat has been put at a high price by the United States government, and the price so fixed may prove a minimum to be far exceeded. The Winnipeg market reflected the conviction of traders that a much higher than the fixed figure of \$2.25 can be obtained for the cereal, and in Minneapolis wheat buyers apparently have the same view. Wheat will not be cheap. There will be no surplus to depress the market. The American crop may fall 200,000,000 bushels below the first estimate, and the Canadian crop is a comparative failure, so that the hope of cheaper bread from bountiful wheat production is dispelled. Wheat is to food-stuffs what iron is to manufacturers. In a general sense foodstuffs are governed in price by what. When wheat rises in price, all other feeds ascend, and as a result meats and poultry become dearer.

The federal government has, apparently, concluded to fix a minimum price for wheat at a figure much below that of the last two years, but no restriction is to be placed on the cereal. If the world markets warrant paying \$2.50 or \$2.75 for Canadian wheat, that figure will be exceeded. The farmer is to be permitted to realize the highest possible return for his product. That is good business. In the United States the fixed price of \$2.25 will be exceeded, and, if so, the farmer will reap the benefit; in other words, the price established below which the price cannot fall, but there is no limit set to the rise in price.

RUSSIAN METHODS IN CANADA FAVORED BY AMERICAN UNION

Wanted Demonstrations to Start Simultaneously Throughout Dominion.

Winnipeg, Aug. 1.—Letters which passed between labor men and socialists of the west were among the interesting documents presented at the preliminary trial of the eight labor leaders for seditious conspiracy. A letter addressed to C. Stevenson, secretary of the socialist party of Canada, at Vancouver, B. C., from Tom Beattie, an official of the United Mine Workers of America, says in part: "We want to be using more Russian methods, resolutions don't get us anywhere. However, things are moving rapidly. The unemployed are increasing and the situation will be getting acute, when the farmers are unable to sell their grain this coming fall. Now that there are or will be about half a million more soldiers to provide work for they will be up against it. The remedy we all know is to capture the reins of government," etc. But how, certainly not by the ballot.

Force is Advocated. "The only way we will ever get anywhere is by the use of force. This is coming when there will be riots and petty little revolutions here and there all over the country. That proposed demonstration in Toronto of 10,000 unemployed is but a starter; there is no telling what may come out of it, but I think if those things could be organized to start in every town, city and village at one time, with a definite object in view, we would arrive all right. I am yours for the revolution. (Signed) Tom Beattie."

LENINE TO RETIRE; TROTSKY TO COMMAND

Bolshevik Premier Intends First to Begin a Drastic Change of Policy.

Stockholm, Aug. 1.—The Svenska Dagbladet is informed by persons closely connected with the Russian Soviet government that Nikolai Lenin, premier, intends to begin a drastic change of policy and then retire. One condition of his retirement will be that Leon Trotsky, the Bolshevik war minister, be left in command of the Red army. At recently held meetings of the Soviet commissaries, the newspaper informants say, the question of giving power into the hands of other socialist parties was earnestly discussed, but Lenin declared that the best way to check reaction, as represented by Admiral Kolchak, head of the all-Russian government at Omsk, would be to drop power for a time in order to prove that no other party was able to reorganize Russia. This, Lenin contended, would strengthen the Bolshevik, and enable them to resume power. Lenin's views were shared by George Tchitcherin, the commissary for foreign affairs, M. Stoukhka, commissary of justice and Professor Ploverski, commissary of the interior.

GEORGE W. ADMITS PITCHING PITCHER AT WAITER IN CAFE

Special to The Toronto World. Chatham, Aug. 1.—Geo. W., a Chinese chef, was today fined \$25 and costs for assaulting and causing bodily harm to Karry Seto, a waiter in the Sanitary Cafe. We denied that he caused a severe wound on the complainant's head by using the business end of a carving knife, but admitted he threw a rope and then jumping overboard is reported from the treaty port of Chemulpo, about 35 miles southwest of Seoul. The incident occurred on a ferry boat running between Chemulpo and a nearby island. The boat was stopped until all were picked up, but three were dead. The act is believed to have been inspired by Buddhist superstition.

WILL DISCUSS STANDARD LOAN REORGANIZATION

Special to The Toronto World. Chatham, Ont., Aug. 1.—Opponents of the scheme of reorganizing the Standard Loan Company as a holding assets company have called a meeting to be held here Saturday night to air their views on the matter and possibly select a representative to attend the Toronto meeting Aug. 6 on their behalf and protest against such reorganization. They feel there is a doubt as to the advisability of forming a new company until a government commission has investigated the circumstances of the failure.

OVERSEAS SOLDIERS' PAPER STOPS PUBLICATION AFTER USEFUL CAREER

Ottawa, Aug. 1.—The Canadian Daily Record, the overseas soldiers' paper, ceased publication yesterday after a useful experience, which began in the spring of 1915 and continued daily thru all the adventurous days at the front to give the Canadian soldier in the fight the latest news of the Dominion at home. The average circulation of The Record was 25,000, and there was not a unit of Canada's army overseas that a copy did not reach even in the most strenuous times.

MISHAP TO MINISTER.

Special to The Toronto World. Belleville, Ont., Aug. 1.—A painful accident befell Rev. S. C. Snyder, pastor of the Free Methodist Church at Campbellford. He was holding a 2-year-old bull on the farm of Ira Loucks, Seymour, when the animal threw his head around to drive off flies which were tormenting him, the horn striking Mr. Snyder in the abdomen, causing an ugly wound, and necessitating his removal to the hospital for treatment.

BIG LINDSAY FINE FOR WHISKEY SALE

Defendant Pays \$750 After Endeavor to Prove an Alibi.

Special to The Toronto World. Lindsay, Aug. 1.—The heaviest police court fine ever imposed in Lindsay was handed out by Police Magistrate Bradford this afternoon to George Maunder for selling wet goods, namely, \$750 and costs. On the first day of the trial, Detectives Henry and Andrews of the liquor license department gave evidence as to how they secured whiskey from Maunder, but owing to the evidence of Mr. Flemming of the Shamrock Hotel, Toronto, who said that Maunder was in Toronto as his guest on the day he was accused of selling whiskey in Lindsay, the trial was adjourned until today. This morning the evidence of two more spotters, Wade and Tweddie, was heard against Maunder, while two other witnesses for the defendant claimed to have met Maunder in Toronto on the day in question. Another party was fined \$200 or three months in jail for supplying detectives with whiskey.

ITALIAN COMMANDER PRAISES FRENCH TROOPS

Paris, Aug. 1.—(French wireless service.)—General Diaz, the Italian commander-in-chief, has sent to General Grupp, who commanded the French troops on the Italian front, a letter paying tribute to the work done by the French forces in the Italian campaign. "The blood shed by the soldiers of the two nations in the course of the battles that led to the victory will constitute an indissoluble link in the future," General Diaz wrote, and he expressed confidence that the two nations will remain united in peace as they were on the battlefield.

GOVERNMENT TO HELP FARMERS AND STOCKMEN

Ottawa, Aug. 1.—In view of the serious situation with respect to food for live stock that has arisen in certain parts of the western provinces owing to the drought it has been found necessary for the government to give some assistance to farmers and stockmen in the dry area in order to carry their cattle over the winter. The dry areas may be defined as all that part of the provinces of Alberta, Saskatchewan and Manitoba lying roughly south and west of a line drawn from Wataskiwin to Camrose, north to Chipman, east to Lloydminster, south to Chauvin, then to Elbow, Moose Jaw, Weyburn, Verden, Souris and south to the international boundary. Conferences have been held between representatives of the railways, provincial governments and the federal government and a scheme of assistance practically agreed upon.

CONVICT TORONTO WOMAN STEALING HORSE AND RIG

Special to The Toronto World. Woodstock, Ont., Aug. 1.—John Williams and wife of Toronto appeared in court today on a charge of stealing a horse and rig, the property of Gustin's livery. They pleaded not guilty, saying that they had merely hired it yesterday afternoon to go for a ride and had gone toward Ingersoll, not thinking it was not permissible to do so. Mrs. Williams, who hired the outfit, was fined \$5 and costs, while her husband was acquitted on that charge, but was held for the Stratford police, who have a charge against him. Mrs. Williams failed to pay the fine and is taking the alternative month in jail.

REPORT LABOR SCARCITY IN COUNTY OF OXFORD

Special to The Toronto World. Woodstock, Ont., Aug. 1.—Labor is very scarce in Oxford County. The farmers are having difficulty in getting help, while iron manufacturing concerns are also finding it hard to obtain men. Work on the roads in the city and vicinity is being held up indefinitely thru inability to get labor.

BOLSHEVIK ADVANCE OF FOURTEEN MILES

Soviet Official Statement Says It Followed Mutiny of Allied Troops.

London, Aug. 1.—Successes for the Bolsheviks in the Onega sector of the Archaengel front are reported in a Soviet official statement sent by wireless from Moscow. The statement declares the Bolshevik forces have advanced fourteen miles, aided by a mutiny among the allied troops. The text of this portion of the communique reads: "We have advanced fourteen miles northward on the Onega. The advance was preceded by a rising of white regiments, who arrested remaining officers and handed them over to our side." The official statement bears date of July 31, and the rising reported appears to have been subsequent to the recent mutiny among the Russian troops on the Archaengel front, reported by the British army authorities. The Moscow message also reports unrest in Siberia. It claims that there is an insurgent front extending from Irkutsk, in Turkestan, to Nikolay-Tashkent, in the Amur. In the region of the Amur, it is declared, the insurgents annihilated a large detachment of Japanese. In addition it is asserted an important Bolshevik detachment is advancing from northern Siberia towards Tomsk. The portion of the communique dealing with the reported forward movement in the Onega sector declares that the Bolshevik advance is continuing.

U. S. IMPORTATIONS TAKE BIG BOUND

\$400,000 More Paid in Duties Than in July, 1918.

Imports from the United States have taken a big bound upwards during the past month, according to figures handed out yesterday at the custom house.

J. H. Bertman, collector of customs for the port of Toronto, points out that the above sum represents hard cash contributed by the merchants in July for duty, and is not the value of the goods imported.

It is rumored around the custom house that Mr. Bertman may soon leave his post to proceed to Ottawa as commissioner of customs.

STOMACH TROUBLE

Comes When the Blood is Weak and Watery.

"Thin-blooded people generally have stomach trouble. But they seldom recognize the fact that thin blood is the cause of their indigestion, but it is."

Thin blood is one of the most common causes of stomach trouble; it affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened, and there is a loss of nerve force.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids.

The first sign of returning health is an improved appetite, and soon the effect of these blood-making pills is evident throughout the whole system.

These pills are sold by all dealers in medicine, or you can get them by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Company, Brockville, Ont.

WOMEN DOUBLE NUMBER OF VOTERS

Majority of Constituencies Canvassed — Lists in Printers' Hands.

The chief law clerk for Ontario, A. M. Dymond, estimates from the returns made by the government enumerators that between 1,500,000 and 2,000,000 voters will be eligible to exercise the franchise on both the referendum question and the provincial general elections when they come.

It may be necessary, Mr. Dymond further stated, to extend the time in a few places for an official notice of such extension will be issued.

Approximately 10,000 names have been added to the voters' lists as a result of the canvass of the volunteer workers of the Ontario referendum committee, was the statement made by Rev. Peter Bryce to The World yesterday.

ORIGINALS SLATE NICKEL VENDORS

Vigorous Criticism Levelled Against Dominion and Provincial Governments.

Commercial traitors, subjects of several articles in The Toronto World, formed the centre of much marked criticism at the general meeting of the Originals' Club last night at S.O.E. Hall, Bloor street, in Germany.

The association also strongly condemned the prohibition policy now in force as absolutely opposed to all concepts of liberty, therefore, endorsed the stand taken by the Citizens' Liberty League...

HAS NARROW ESCAPE AT RAILWAY CROSSING

Another fatality was narrowly averted at the railway crossing at the foot of Yonge street on Thursday morning when Mrs. Charles H. Stock, wife of the well-known member of Riverdale G.W.V.A., was almost run down by an engine which ran immediately behind a train at the crossing.

The complaint is said to be general among veterans and others that this crossing is dangerous, also not as dangerous as that on Bay street. It was stated yesterday afternoon that in the case of Mrs. Stock the gates had been lifted as soon as the train had passed by. Her husband ran across to the other gates and she immediately followed. At the moment an engine, apparently unheeded, came right behind the train, and had not the engine responded to the warning signals of the flagman many passengers might have been badly hurt if not killed.

It is noteworthy that there are now more than 400 originals in Toronto who are members of the Originals' Club. Seventeen new members were initiated last night. Billiard tables are being arranged in the club rooms at 4 Edward street, and everything is being done to make the clubrooms comfortable.

Chief of Police Graesset is to be asked to investigate the bonafides of a circus which is coming to Toronto shortly. It was reported that the circus was flying the pennant of the Veterans' League, and the Veterans' League itself (an association recently formed in Toronto) had been notified of the circus under its jurisdiction.

PENSIONS SCALE TO BE EQUALIZED

British From Dominions Who Joined Imperial Forces to Get Same as Canadians.

London, Aug. 1.—Sir L. Worthington Evans, introducing the pensions bill in the commons, £26,000,000, said that on the present scale pensions would amount to £2,000,000 annually. Dealing with the position of British pensioners, who were resident in one of the British dominions or the United States at the outbreak of war, he said that many thousands of these men had rushed forward and joined the imperial forces and many desired to return to the country of their adoption.

At present a man might return to Canada with a pension granted on the British scale, which was lower than the Canadian scale. Thus he would appear to have suffered because he had joined the imperial forces. Widows of men who were killed were at a greater disadvantage, because the British pension rates were much below the rates payable to Canadian widows, and by the Canadian order-in-council, which was introduced in 1914, the British pension rates were allowed to continue. A case might well happen that one soldier married to a Canadian who joined the Canadian forces might be receiving a widow's pension of 38 shillings 4 pence per week, while her sister, married to a Canadian who joined the imperial forces, would have a much lower pension.

He was glad to say that the British government was negotiating with the Canadian government, and, if so, as he hoped these negotiations were carried through successfully. Pre-war British residents in Canada and the United States who enlisted with the imperial forces, or reservists who joined from those countries, would be given the option of taking pensions and allowances, medical treatment and training, and other privileges at the rates and upon the same terms as provided by the Canadian order-in-council, instead of its rates of pensions accorded under royal warrants.

Britain Would Refund Cost. This would add to the expense, as Britain would have to refund to the Dominion the cost of such pensions; but it would remove what otherwise might be a great scandal, harmful to the interests of the empire. The government was prepared to accept the following changes, viz.: A London, Aug. 1.—Sir L. Worthington Evans, introducing the pensions bill in the commons, £26,000,000, said that on the present scale pensions would amount to £2,000,000 annually. BANQUET FOR VETERANS

Special to The Toronto World. Woodstock, Aug. 1.—The Daughters of the Empire are planning to banquet approximately 1000 war veterans when they congregate here for the big reunion of Monday. They expect a large number to be present and are making extensive preparations.

GREETINGS TO COMRADES

Both His Royal Highness the Prince of Wales and the fighting leader of the Canucks in Flanders will receive a rousing welcome from the veterans of Toronto when they arrive, according to reports given out from various sources. Last night's session of the Toronto District Command of the G.W.V.A. laid comprehensive plans to this end, and it is understood that other associations are also planning great things for the event.

KITCHENER POST NO. 1.

The Lord Kitchener Post No. 1, G. A. C., will hold a meeting on Tuesday next at eight o'clock in the Grenadiers' sergeants' mess, 77 West Queen street, when various subjects, including a benefit club, will be discussed. In future all meetings will be held at the above address the first and third Tuesdays in each month, and as the rooms accommodate over 400 persons, all members are expected to attend.

Second Instalment of City Taxes due August 6th. Pay now and avoid rush on last day.

Why You Are Paying High Prices for Meat

The comment of the American press on U. S. Federal Trade Commission's report on the packing industry would tend to show that the people do not seem to be worrying over the precise percentage of profits made by Mr. Armour and Mr. Swift and Mr. Wilson and the rest, nor are they so deeply concerned lest these gentlemen branch out too widely into the grocery business. What they do ask is, are the packers profiteering; are they keeping up the price of meat and other products they handle; are they one of the props of the High Cost of Living? While the packers have their defenders among the newspapers, there is a widespread belief that the "Big Five" can not be held guiltless of all blame for the continuance of high food prices, as is shown in the leading article in THE LITERARY DIGEST for August 2nd.

Other features of more than ordinary interest in this number of "The Digest" are:

Peace Can Only Come When Everybody Goes to Work Again and when "the healing processes of trade" have a chance to make themselves felt. So we hear on every hand. Here's a common-sense prediction of the future of America and the rest of the world, and a discussion of "the great volume of reconstruction business which Europe is expected to send here."

Austria Paying the Fiddler She writhes and kicks against the terrible punishment, but will submit. While the American dollar, quoted before the war at five crowns, is now worth thirty-two, "the future is not so black, even for Austria." A map accompanying this article shows proud Austria before the war and the shred of territory that now remains.

Japan Rattles the Saber in Korea Japanese journals are publishing articles in which the failure of that country's authorities to administer affairs in Korea is pointed out in harsh terms. Korea through the Korean National Association appeals to the world for freedom and makes charges against Japan that are startling, to say the least. Be sure to read this "close-up" account, which includes translations direct from the Japanese press.

A Race Riot At President Wilson's Door strikes some observers as a touch of irony, inasmuch as he had just returned from looking after the needs of suppress nationalities and subject races in Europe. In this article the opinions of various editors, including representatives of the colored race, are given as to the causes and tendencies of the race riots in Washington.

Does Germany Consider the Treaty A "Scrap of Paper"? The Brussels Nation remarks cynically that the Germans have signed the Treaty, but they "will never execute it" as they consider it "a peace of dupes." Read this series of translations from German, Austrian, and Italian press, and you will get an answer to a question that affects the future safety of the world.

"Dry" America As An Example to England The Manchester Guardian says American prohibition is the "biggest blow at the use of alcohol that has been struck since Mohammed banned liquor among his followers," but other English papers are not so sure. It may be all right for America, but for England—perish the thought!

The Uproar Over Shantung "The blackest page in all our history," cries Senator Hiram Johnson, of California, "was written when our name was signed to the Treaty delivering Shantung to Japan." Many newspapers agree and run such headlines as "Japan the Possessor of Stolen Goods," "Far Eastern Alsace-Lorraine." Others defend the Shantung Treaty. This article will give you the basic facts of the dispute and the leading opinions on both sides.

And in Addition to These Features ---The Vital News of Religion—Science and Invention—Literature—Poetry ---to say nothing of the feast of illustrations, including striking cartoons from the press of many lands—makes THE DIGEST indeed the one necessary magazine for intelligent men and women.

VETERANS COMPLAIN SHOWS NOT PERMITTED

Halleybury, Ont., Aug. 1.—The municipal council of Halleybury is informed in an open letter addressed to the mayor and councillors by the local G.W.V.A.: "You did not have our best interests at heart," the reference being to the council's refusal to permit the Canadian victory shows to play here after the auspices of the veterans.

PEPPER AND SALT ALONE AVAILABLE

Torontonians Apparently Can No Longer Get Military Supplies at Cost. "What is the reason for the sudden let-up in the supply of military supplies at cost price? This is a question which veterans everywhere are asking themselves. Comrade B. F. Brookbank stated last night that his office had on four different occasions received cheques back from the proper authorities on the ground that no supplies as specified were available. He further stated that Central G. W. V. A. would doubtless refuse to take further note of the offer to purchase at cost price."

Peter Ogden Lodge, No. 812, of this city, gratefully entertained the District Grand Lodge of the Grand United Order of Oddfellows in their annual session held in Occident Hall, Queen and Bathurst streets, on Thursday.

TORONTO WELSHMEN WILL WELCOME PRINCE

At a well-attended meeting of Welsh residents, held in St. George's Hall last night, it was decided to present an address of welcome in Welsh and English to the Prince of Wales on the occasion of his visit to the city this month. The address will be drafted by Professor T. H. Mitchell, and the designing will be done by E. Lewis Evans, a former president of the St. David's Society, and who designed the investiture address to his royal highness at Carnarvon, Wales, in 1911. E. W. J. Owens, M. L. A., presided at last night's meeting.

TAKEN SUDDENLY ILL, ELEVATOR MAN DIES

Stricken with heart failure while driving an elevator in the Dominion Paper Box Works, 469 West King street, last evening, William Balfour, aged 64 years, of 24 Ann street, collapsed and died while being removed to the General Hospital. Balfour, according to the police, was bringing employees down on the elevator at 6 o'clock last evening, when he was suddenly taken ill. It was feared that he had taken a stroke and an ambulance was called. When he was carried into the emergency ward at the General Hospital, Balfour was found to be dead. The chief coroner was notified and the body was released for burial, an inquest not having been ordered.

There are many thousands in Toronto today who will wish Mrs. George all the good luck in her endeavors to be one of the first women to sit in an official seat in Queen's Gardens.

DIPHTHERIA SERUMS READY FOR PUBLIC

Provincial Board of Health Supplies Antitoxins for Intravenous Use.

The provincial board of health announces that it is ready to supply diluted antitoxin for intravenous use. The antitoxin is put up in 5,000 unit syringes, and consists of antitoxin which has been diluted one half with sterile physiological salt solution.

The use of this antitoxin is recommended in cases of diphtheria which are not seen by the physician until the patient has been ill for several days; also in early cases which appear to be acutely toxic.

Prompt Delivery. Following holidays Saturday afternoons and Sundays, the board has occasional complaints from physicians that report upon specimens sent to our laboratories are not sufficiently prompt.

C. N. E. PREPARES TO HONOR PRINCE

Children to Greet H.R.H. on Return From Parliament Buildings.

Sometime ago it was suggested that a reception by the school children of the city be extended to the Prince of Wales on Tuesday, Aug. 26. It has been found, however, that this would seriously conflict with the engagements already made for H. R. H. on that day...

It has been suggested also that a half holiday be declared in his honor sometime during the visit of the prince to Toronto, but no decision has yet been reached at the city hall.

ATKINS AND GOODRICH FIGHTEN-ROUND DRAW

Big Crowd and Fine Boxing at Grand Army Show—Queal Beat Longboat.

The Grand Army of Canada had every reason to feel proud of themselves over the show they provided for the sport lovers of Toronto at the Island last night.

The four bouts were all that any boxing fan could wish for. The main bout was a return match between Jimmy Goodrich of Buffalo, and Dick Atkins of Toronto.

Where are the thousands of Toronto people who have been clamoring for low-priced houses and why are they not grabbing at those that the housing commission is building and selling at cost?

Given this assignment by the city editor, a World reporter interviewed real estate men and the housing commission. From real estate agents sufficient evidence was obtained to bear out the assertion that people in the market for inexpensive homes in Toronto may be conservatively estimated in thousands.

The first batch of fourteen houses on Coxwell avenue will be ready for the purchasers this month. The balance of the building program laid out will take the members of the commission in November.

Under Construction. The commission has 204 houses in course of construction or to be started soon.

CASSELMAN FIRE SERIOUS AFFAIR

Town's Main Business Block Entirely Wiped Out by Blaze.

Caselman, July 21.—A closer inventory of the fire damage to the business section of Caselman yesterday will likely place the total loss in the neighborhood of \$140,000.

The complete main block of structures in the business section was burned to the ground, and today was nothing but a mass of smouldering debris. The buildings burned included Grand Union Hotel, Commercial Hotel, A. Millon, general store J. A. Carrier, general store St. Denis, grocery store E. Clavier, tailor DaBasse Racine, merchant H. E. Lafleche, butcher J. Thiffault, barber Roman Catholic Church, Y. Henri, butcher, Bank of Nova Scotia.

Both the general stores in the destroyed section carried very heavy stocks of supplies, and nothing was saved. When the fire was first noticed the townspeople set out to remove personal effects from the two hotels which were destroyed, and very little attention was given to the other contents of the buildings.

Even at noon today the heat from the ruins was terrific. Eighty tons of chestnut coal still burned at a sizzling heat in the rear of the destroyed hotel structures, and along with this approximately 100 cords of wood was being burned in the air for about 100 feet.

The outward tank of the Bowser was situated in the middle of the destroyed block, and came thru the fire untouched, with the exception of a little scorching.

Several hundred pairs of shoes were salvaged from one of the burning buildings and placed on a lawn opposite the burning block. They did not stay there very long, however, for a band of thieves pounced on the merchant's property and made off with the stock in front of the eyes of many women who were watching the fire.

TODAY'S ENTRIES

AT SARATOGA. Saratoga, N.Y., Aug. 1.—Entries for Saturday: FIRST RACE—Condition, 2-year-olds and up; six furlongs.

Steve Donoghue Pilots Winner of Goodwood. Goodwood, Eng., Aug. 1.—The Goodwood cup featured the closing of the famous racing today and was won by Steve Donoghue, by two lengths ahead of W. Montague's White War.

HAMILTON. Hamilton, Aug. 1.—Coal merchants, except the big dealers, jumped the price of anthracite yesterday 50 cents a ton.

Claiming that the majority of Mount Hamilton residents only use the "up" trips on the railway, tickets have been increased 25c for fifty, now costing \$1.25.

George F. Webb, reeve of Barton, is reconsidering his resignation at the request of many of his constituents. Controller Hatorow is to press for the appointment of a salary commission. Members of the waterworks staff want more pay.

WINNIPEG MINISTER DIES. Winnipeg, Aug. 1.—Rev. Dr. Chas. G. Paterson, assistant pastor of St. Stephen's Church, Winnipeg, son of the late Hon. William Paterson, former minister of customs, died today, aged 47.

GOLDIE TODD WINS FROM FRANK DEWEY

Pop Geers Beat Barred Pacer in Feature Race at Columbus. Columbus, Ohio, Aug. 1.—One bright spot in the ordinary race card today was the victory of Goldie Todd, Columbus-owned mare, in the Deshler Hotel Stakes, the 2:10 pace, purse \$3000.

Deweey, Cox's great pacer, was barred in the betting, but Geers was able to take up the challenge on the track, and won with Goldie Todd after four heats. The three-year-old colt trot was also a Geers victory, the veteran winning in straight heats with Molly Knight. The 2:15 trot was contested between Edith Carter and Pop Geers.

Edith Carter took five heats before Edith Carter won. The 2:35 pace was a four-heat affair, in which Geers and Volo won the second mile while Goldie Todd won the other three. The track was heavy at the start, due to rain.

Program will be completed Saturday afternoon, when the 2:05 pace will be the feature. The summary: 2:10 class, trotting—Three-year-olds, 3 heats, purse \$1,000: Molly Knight, by Gen. Watta (Geers) 1 1 1 Little Lee, b.g., by Axworthy (Whitehead) 2 2 2

2:15 class, pacing—The Deshler, 3 in 5, purse \$3,000: Goldie Todd, b.m., by Todd Mac (Geers) 2 1 1 Frank Dewey, b.m., by John Dewey (Cox) 7 1 2 Peter Maurer, ch.b., by Peter the Great (Valentine) 2 3 4

**SYMPATHIZE WITH  
ULSTER BRETHREN**

Grand Orange Lodge Promises Renewed Co-operation and Support.

**DEVOTION TO THRONE**

Ladies Hope to Secure Representative on Orphanage Governors' Board.

Ottawa, Aug. 1.—A communication will be addressed to His Majesty King George V., reassuring him of the devotion and loyalty of the most worshipful Grand Lodge of British America and congratulating his majesty on the conclusion of a victorious peace, according to a resolution passed unanimously at the session of the grand lodge in St. George's Hall, Metcalf street, this morning.

The resolution provides that a further communication be sent to the Rt. Hon. Sir Edward Carson, assuring him of the sympathy of the Grand Lodge of Canada with the brethren of Ireland, and renewing the offer of active co-operation and support.

**Attitude of Papacy.**  
The grand lodge committee report on correspondence reads in part as follows: "The grand master expresses the determination of the order, as it considers the attitude of papacy in its work today, in the war, in Ireland and in Canada.

"The papacy stands for an autocratic system which claims to be supreme over human society, superior to every ruler and regardless of national lines, claiming lordship over the bodies and souls of men, intolerant towards the liberties and freedom in which all true Britons rejoice. Rome's attitude shown in the past five years amply justifies the attitude of the Orange order. Ulster has won the right to consideration of her claims and when we think of Ulster the leaders of Britain will be wise and prudent, apart from all thought of common gratitude, to maintain its British connection and principles for which Ulster stands and will stand. The Orangemen of British America stand by the grand master of Ireland, by Ulster and Sir Edward Carson in their struggle for God, for country and for king."

The question as to whether Orangemen who married Catholics would in future only be suspended and not expelled from their lodges was argued at length this morning, but a resolution embodying the amendment to suspend and not expel was turned down.

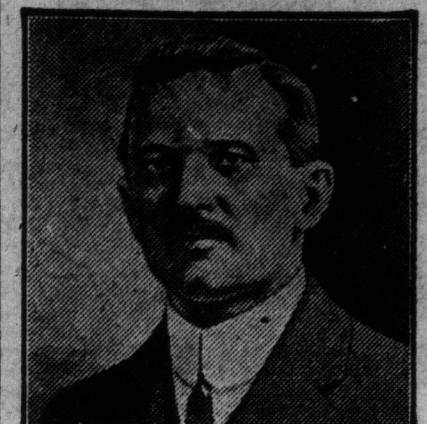

The grand lodge plans on raising \$100,000 to be voted to the good of the order.

MR. LORENZO LEDUC  
3 Ottawa Street, Hull, P.Q.

"Fruit-a-tives" is certainly a wonder. For a year I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine, but without getting better, and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives', the great fruit medicine, and it seemed just what I needed, so I decided to try it.

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

"I have every confidence in 'Fruit-a-tives', and strongly recommend them to every sufferer from Rheumatism.

Lodge of British America, which has been held this week in Raquet Court. The ladies are hoping to secure a representative on the board of governors of the \$300,000 orphanage, which is to be built near Toronto. They have been canvassing for funds toward the institution, and so far have been very successful.

A welcoming address was extended to the ladies' lodge by the Royal Black Knights of Ireland.

**HOTEL MAN SENTENCED**

Sam Hodge, keeper of the Strathcona Hotel, York street, was sentenced to sixty days in jail for keeping a disorderly house. Five couples "found in" when the police raided the premises early yesterday morning were fined \$10 and costs or 30 days.

**INDIAN TROUBLE ON  
CONTROL OF CHURCH**

Montreal Court is Cleared When Riot Feared, and Case Postponed.

Montreal, Aug. 1.—Fearing that a riot might follow a hearing that was to take place against an Indian chief, the court house was cleared by a postponement of the case today, counsel for both sides of the controversy deciding after a look at the gathering that discretion was the better part of valor. Iroquois Indians to the number of 106, including all the chiefs of the Caughnawaga reservation invaded the precincts of the courthouse today, where Peter Delisle, chief of the reservation, and mayor of Caughnawaga, was to have appeared on a charge of inciting three or more of the Indians to riot last March. After two hours' waiting, the case was called and put off until next Wednesday.

The accused chief got into trouble over the alterations to be made to the Catholic Church at Caughnawaga, which the chief was charged to the Indians more than 200 years ago in a ruling by a noted general of that time.

**Claim Church Supreme.**  
The complainant contends that the church is supreme in spiritual matters over the Indians. The Rev. Father Cras, curé at the reservation, called for tenders to improve the church and the material for the purpose was placed at Caughnawaga. One night all the lumber was thrown into the river, and the contemplated improvements had to be abandoned. Trouble broke out again last week at a burial at Caughnawaga. The grave was dug, but during the night someone shoveled the earth back. When the burial was to take place the priest found there was no open grave for the body, and once again a place was made ready.

The chief claims that it is a question to be settled by Ottawa, whether the church authorities own the land, or whether the property, ceded to the Indians 200 years ago, belongs to the Indians and not to the church.

**Return Open Verdict in  
Winnipeg Shooting Case**

Winnipeg, Aug. 1.—That Stephen Scheserhanowicz came to his death by gas gangrene poisoning as the result of bullet wounds received on the day of the riots on June 21, 1919, said bullet or bullets being fired by some person or persons unknown, was the verdict returned last night at the final sitting of the longest inquest on record here. There were seven sessions and over sixty witnesses were examined.

The last sitting was made necessary by the refusal of Adolfe Berrill to give evidence until he had preliminary hearing on a charge of rioting. He was sentenced to 30 days for contempt of court, but was released after two days on promising to testify.

**DECREASE IN CRIME  
IN FIRST DRY MONTH**

New York, Aug. 1.—Records of the police department and detective agencies for July, the first month during which prohibition was in effect, showed a decrease of 15 per cent. in crimes of various kinds as compared with July, 1918, it was learned today.

Arrests for intoxication last month were less than during the corresponding month a year ago, the daily average for July, 1918, having been 24 and last month 14.

The society for the prevention of cruelty to children reported, however, that there was no decrease in complaints of parents habitually under the influence of liquor.

**APPLY TO WIND UP  
STEEL AND WIRE CO.**

Applications for an order winding up the Imperial Steel and Wire Company of Collingwood was made at Osgoode Hall, before Justice Kelly yesterday. The application was registered by a number of judgment creditors, and the town of Collingwood as represented by Mayor J. Robins Arthur. Judgment on the application was reserved.

The company was incorporated in April, 1901, under the name of the Pressed Steel Car & Wheel Co. In 1903 its name was changed to the Imperial Steel and Wire Co. Its nominal capital stock is \$1,500,000. The stock issued is \$214,610 preferred and \$680,000 common. The solicitors for the petitioners represent 88 shareholders, holding 8,758 preferred shares.

**BUILDING MAKING HEADWAY**

With the war over, building is making rapid headway, the figures for the first seven months being \$5,518,287, as compared with \$4,535,293 for the corresponding period of 1918, an increase of \$282,994. This beats any full year since the war began.

**GERMANS ARE ORDERED  
TO ACCEPT REFUGEES**

Berlin, Aug. 1.—So many refugees are arriving at every German city and village from sections to be disannexed from Germany that the communities in increasing numbers are forbidding their residence because of lack of buildings. The government, therefore, on Thursday issued an order that all communities must accept refugees Germans from German countries and returning prisoners of war. When the latter arrive the communities will be furnished with building material and must billet the men with persons having available room. The latter will be paid for lodging and food furnished.

PRICE OF WASAPIKA HIGHEST ON RECORD

Lake Shore, Adanac, Timiskaming, Nipissing, Beaver Are Also Strong.

Quite a noticeable improvement in the demand for mining stocks was observed yesterday, this being all the more gratifying in view of the fact that the market was on the triple holiday.

Substantial gains were scored by Wasapika and Lake Shore of the gold group, and by Adanac, Timiskaming, Nipissing and Beaver, of the silver list.

Wasapika, which has for some time been holding around \$1, advanced yesterday to 85, three points higher than the previous high record.

The sudden rise appears to have been inspired by prospective important developments at the property as well as by the rumor of a big amalgamation in the West Shining Tree district.

Lake Shore opened at a point lower at 98, but quickly developed strength, rising to par for the first time in some weeks and closing the day at 100.

Adanac's performance of yesterday was one to awaken hopes among disheartened shareholders. There was brisk buying of the stock, a transaction of 53,000 shares shown, and the price advanced one and one-half points to 12.

Clifton Porcupine. As a result of the development which is being carried out on this property, it is rapidly assuming the stage of a proven mine.
