"JACK" McLEAN, THE FUGITIVE.

COMUMACIOUS PORTE

May Have to be Thrashed Into Subjection by Europe.

BRITISH GOVERNMENT FAVORS PRESSURE

But Russia Says the Time for Coercion Has Not Yet Arrived.

Negotiations Have Been Broken Off Pending Fresh Instructions to the Ambassadors From Their Respective Governments—France Rushes a Vote Through the Chamber for Money to Improve Her Navy—Andree, the Balloonist, Will Use Bottles to Send Messages as to the Progress of His Trip—Salvation Army 32 Years Old—Borneo Rebels Got Away From the British Expedition, but Without Their Captive—General News by Cable.

London, July 20.—The Daily Telegraph's Vienna correspondent says he learns from a trustworthy source that the British Government has demanded the immediate coercion of Turkey, Russia, on the other hand, has declared that the moment for coercion has not arrived and that the situation must not be complicated. Germany, the correspondent states, has concurred in this view. The correspondent also says it is reported that Djavad Pasha has been appointed Grand Vizier.

Constantinople, July 20.—The Ambassadors have forwarded to their respective governments their joint suggestions relative to the measures they think necessary in view of the continuance of the Porte. Pending the arrival of fresh instructions, the negotiations with Tewfik Pasha have been entirely suspended.

London, July 20.—Under pressure from the Liberal side Mr. A. Balfour has consented to furnish an opportunity for the House of Commons to discuss South African affairs, stipulating, however, that the matter be raised on a special resolution.

London, July 20.—The Daily Telegraph's Vienna correspondent says he learns from a trustworthy source that the British Government has demanded the immediate coercion of Turkey, Russia, on the other hand, has declared that the moment for coercion has not arrived and that the situation must not be complicated. Germany, the correspondent states, has concurred in this view. The correspondent also says it is reported that Djavad Pasha has been appointed Grand Vizier.

"JACK" McLEAN, THE FUGITIVE. This is the desperate burglar who escaped from Police Headquarters in Toronto in broad daylight, after being cleverly captured by Detective Davis, and who is still at large, it is believed, somewhere in Ontario. Clark and Maloney, two of his pals, got ten and seven years respectively at Barrie yesterday.

Police description—McLean, age 48, height 5 feet 4 1/2 inches, weight 162 lbs., medium stout, light chestnut hair, slate blue eyes, fair complexion. This description was taken by the Detroit police department on March 19, 1907. McLean is not only a daring burglar, but a convicted murderer. [The above cut was made by The World from the only picture of the fugitive in Canada, and it was taken without his knowing it by the Detroit police.]

William Ross of Toronto Junction Knocked Down on Adelaide-street, Near Bay, Yesterday and Brutally Injured. There was a daring daylight robbery, followed afterwards by a brutal assault, on Adelaide-street west, at 3 o'clock yesterday afternoon. The victim was William Ross, a young man from Toronto Junction. He was passing along Adelaide-street, just west of Bay, where several tough characters were in a vacant lot, musing a can of beer. One of the fellows came forward and asked Ross for a match, which he received. Another then asked him for a quarter to get the beer can replenished, but Ross replied that he had no money for them, whereupon he was knocked down and dragged to a vacant lot, where he was held for some time. He was then taken to the police station, where he was treated for his injuries.

When you ask or Adams' Tuffi Fruit that you get it. Some dealers in obtaining a big profit, try to palm off imitations. Cook's Turkish Baths, 204 King W. Ladies' treatments, day 75c, evening 50c.

"Still They Go." Pianos and Organs, manufactured by the Dominion Organ and Piano Company, Bowmanville, are still having a wide sale. A few weeks ago two very important sales were made, which are worth recording although the instruments were placed 3000 miles apart. They had the special honor of being the first of their kind in the Grand Palace at London, Eng., and another beautiful Cabinet Grand in Italian walnut was sold by their agent, Mr. Fleming of Markham, to Mr. George Parker, ex-reeve of Pickering township. This alone is sufficient, if it were necessary, to convince the musical public how highly these instruments are appreciated at home and abroad, and speaks volumes for the energy displayed in the management of this company.

"Salada" Ceylon Tea is something Turkish Baths, Best Equipped in Canada, 127 Yonge.

Atlantic City and Return Only \$10.—Grand Special Excursion July 22nd. Passengers for the above excursion can leave Toronto at 3.20 p.m. Thursday, which is the best connection out of Toronto. It is expected that a large party will leave Toronto on this excursion, so those who have not already reserved a berth in the sleeping car should lose no time in doing so, as it will be a case of first come, first served.

Strawberries and cream at Glenleven. Open all night. Bath and bed \$1.

Only One Way. There is only one way to provide for your family that is absolutely reliable, and that is by an insurance policy. Write to the head office, Toronto, of the Confederation Life Association for particulars of the Unconditional Accumulative Policy, which guarantees extended insurance, or a paid-up policy after two years, or a cash value after five years.

Grand & Toy's Snaps. Why pay long prices for Letter Books when you can get a first-class 100-page Book for \$1. Just think of it. If it is a good thing we have it. Grand & Toy, Stationers and Printers, Wellington and Jordan-streets, Toronto.

Cook's Turkish Baths, 204 King W. Open all night. Bath and bed \$1.

I stay for Coercion. Athens, July 20.—It is stated here that Italy has proposed coercive measures against Turkey.

Deaths. GREENLEES—On the morning of 20th July, Margaret Hunter, widow of the late John Greenlees, aged 82 years.

Funerals from the residence of her son-in-law, T. A. Leyle, 86 Huron-street, on Wednesday, at 3 o'clock.

Funeral at 4 p.m., Wednesday, July 21, McOWAN—At his late residence, Scarborough, Ont., July 19, James Mcowan, in his eighty-fourth year.

Funeral on Thursday, July 22, at 2 o'clock p.m. Friends will please accept this intimation.

Funeral on Thursday, July 22, at 2 o'clock p.m. Friends will please accept this intimation.

THE KLONDIKE STRIKE

Is Still the Big Sensation of the Two Great Countries.

THOUSANDS HAVE GOT THE GOLD FEVER.

"It's Gold, Gold, Gold Everywhere," Says a Man Who Got \$112,000.

Luck of a Greenhorn—Precious Metal, He Says, is "Yards Deep and Yards Wide"—Every Creek a Gold Mine—Juneau is Being Depopulated by the Rush to the New Eldorado—Lieut.—Governor Mackintosh in Talking Mood—The Gall of the Yankees—A Trading Company Quadruples Its Capital to do Business in the Gold Country—Stories of Canada's Wealth.

Victoria, B.C., July 20.—This city is full of prospective miners waiting for steamers to take them north. Scores of men are throwing up good positions in order to seek their fortunes in the Klondike fields. John Peirey, a wholesale merchant, has offered to pay the Dominion Government \$50,000 per annum for a period of five or 10 years for the privilege of collecting duty on goods going into the Canadian section of the Yukon country. The authorities have not as yet made answer, but it is believed that the customs officers will be sent up there to collect the duty on American goods which are being taken into the country.

An Immense Country. Chicago, July 20.—P. B. Wear, vice-president of the North American Trading Company, is receiving hundreds of letters asking for information regarding Alaska gold fields. He said yesterday: "The boats which sail from Seattle this month are full, every passage taken. That means that anyone who wants to go to the Klondike must wait for the August boats; and the journey, 7000 miles, people talk about as if it was walking across the street. They don't realize what the 'Kobon' is. They will need a map to convince them of the truth that the Yukon and its tributaries in Alaska and British America drain an area as large as the whole U. S. east of the Mississippi; that it is longer than a trip to Europe before they reach the Behring Sea and the mouth of the Yukon; that by the time they strike the Yukon the Alaska Arctic winter will be upon them. By September 25 the weather settles and the Yukon River is frozen solid until next May."

Lots of Gold. Helena, Mont., July 20.—Eleven thousand four hundred ounces of gold from the Klondike diggings in Alaska were received at the assay office here last night via the Northern Pacific express, from Seattle. Ten thousand ounces were consigned to the American National Bank, this city, and the balance to the United States assay office here. The Alaska shipment, in connection with another of \$300,000 received from placer mines, makes the total receipts at the assay office about \$230,000.

Increased Their Capital. Chicago, July 20.—In contemplation of greatly increased traffic to Alaska, on account of the recent gold discoveries, the North American Transportation and Trading Company, with headquarters in this city, has been re-incorporated with an increase of capital stock from \$100,000 to \$450,000. The incorporation was licensed today by the Secretary of State. Charles A. Wear of Chicago is president of the company.

An Exodus From Juneau. Port Townsend, Wash., July 20.—The excursion steamer Queen has arrived from Alaska with 170 passengers, principally tourists. The officers of the Queen state the merchants and trader men in both Juneau and Sitka are closing their stores and shops and hastening to the new Eldorado. Fifty business men left Juneau for Dawson City on July 12, and 150 would leave on the 16th, two days after the Queen sailed. The officers say that by the time the Queen gets to Juneau on her return trip, nine days hence, there will not be an able-bodied man left in town. Many men are leaving Juneau for the gold fields without provisions or means to buy them.

William Stanley's Story. He Took His Last Chance and Got \$112,000 in Gold on the Klondike. Seattle, Wash., July 20.—"When we had taken out the last of the \$112,000, I threw down my pick, and turning my eyes heavenward, said: 'Good-by, old friend, I will never pick you up again, and I spoke the truth.' 'I have gold and I have it. Many times in my life the wolf has been close to the door. Now, I have riches and will never work again, but in March I will go back and manage our properties.' These were the words which William Stanley used to-day in closing an inter-

view. Stanley is one of the fortunate ones who returned from the Klondike to the Portland. In addition to his present fortune he is interested with his son and two New Yorkers in claims which, he says, will yield \$2,000,000. Stanley is a married man. He lives in a humble little place in the southern part of the city; he has a wife and several children. During his absence in the far North the family struggled to eke out an existence, for everything that Stanley had went to pay his expenses to the gold fields. Stanley is well on in years. His hair is grey and when he left this city he looked as though a few more years would find him sleeping beneath the sod. He was not accustomed to hardships; for years he conducted a little book store in an out-of-the-way business corner.

To-day, people who used to help him out by giving him 10 or 15 cents cannot realize that he is wealthy. Here is his story as he told it: "I went to the Yukon as a last resort. I was getting old and I had no money and I knew that I would never get any unless I took it out of the ground. It was a year ago last March that I left Seattle. I am free to confess that my family was at that time in difficult circumstances. I made for the Yukon. I had never before been there. I knew nothing of mining and nothing of the hardships of the country, and, in fact, was as great a 'greeny' as ever set foot in the great gold country of the Northwest. My son, Samuel Stanley, went with me. He was as ignorant as I was. "While we were on the steampship Alki, which took us to Dyea, we met two young men, Charles and George Worden. They were residents of Sackett's Harbor, N. Y., and had come West in search of gold. Their mother lies back in the old home, so they informed me. We became very intimate with the Wordens. They knew little, if anything, about the country, and one day in conversation one of us suggested that we form a company, and do our work on the syndicate plan, each man to share and share alike. We wandered through the Yukon districts for several months and were getting discouraged, because there seemed to be nothing for us. We met other men who were getting rich, but we grew poorer as the days came and went. Once we had about concluded to go back. It was in the latter part of last September that we befriended a man who gave us a tip as to the riches of the Klondike. We were willing to believe anything, and made for the Klondike at once. At that time we were on route for Forty Mile Creek. We were then at Sixty Mile.

"The first thing we did when we reached the Klondike was to spend a little time at the mouth of the stream. We were there just 24 hours when the little steamer Ellis arrived with 150 excited miners aboard. They had just heard the good news, and on their arrival they made a rush for the richest spots on Bonanza and Eldorado Creeks.

Eldorado, Sure. "We went to Eldorado Creek and made locations on what were called Claims Twenty-five, Twenty-six, Twenty-three and Fifty-four. I think it was in October that we made our locations. We worked Claims Twenty-five and Twenty-six, and were very soon satisfied that we had a fine thing, and went to work to make preparations for a long winter of experiences and hardships. We got all we wanted before spring. Every man put in his time sinking prospect holes in the gulch. "I tell the simple truth when I say that, within three months we took from the two claims the sum of \$112,000. A remarkable thing about our findings is that in taking this enormous sum we did not drift up and down stream, nor did we cross-cut the pay streaks. "Of course, we may be wrong, but this is the way we are figuring, and we are so certain that what we say is true that we would not sell out for a million. In our judgment, based on close figuring, there are in the two claims we worked, and Claims No. 53 and No. 54, \$100,000 to the lineal foot. I say that, in four claims we have at the very least

TENDERS

Estates of McLEAN & OAKLEY, Toronto, Ont. Tenders will be received by the undersigned, marked "Tenders to McLean & Oakley," up to 12 o'clock noon, on the 25th day of July, 1897, for the purchase of the assets of the above estate, as follows: Parcel 1—1 Milling Machine. Parcel 2—1 Lathe. Parcel 3—1 Lot Gun Tools. Parcel 4—1 Lot Bicycle Tools, Dics, Machinery, etc. Parcel 5—1 S.P. Motor. Parcel 6—Merchandise unmanufactured and in process. Tenders should be made separately for each parcel, but in no case for less than for any portion of parcels 4 and 6. The highest or any tender not necessarily accepted. Machinery, Merchandise and Inventories may be inspected on application to the undersigned. J. P. LANGLEY, Assignee. McKinnon Building, Toronto. Dated at Toronto the 16th July, 1897.

Notice to Creditors.

In the matter of The John Eaton Company, Limited. Notice is hereby given that this company has made an order for the liquidation of the estate of the said company, and that the creditors are notified to meet at my office, Scott-street, Toronto, on Thursday, the 22nd day of July, 1897, at 3 o'clock p.m., for the purpose of receiving a statement of its affairs, appointing liquidators, and fixing their remuneration, and ordering the affairs of the estate generally. All persons claiming a rank upon the estate of the said company must file their claims with me on or before the 25th day of October, 1897, after which date I will proceed to distribute the assets thereof, having regard to those claims only of which I shall then have received notice. E. R. C. CLARKE, Receiver. Toronto, 22nd July, 1897.

JUDICIAL NOTICE to the Creditors of C. J. TOWNSEND

Pursuant to the order made in the matter of the above named company, dated the 15th day of July, 1897, the creditors, contributors, shareholders, and members of the New Toronto Cycle Company (Limited), are notified that I will, on Monday, the 25th day of July, instant, at the hour of 11 o'clock, in the forenoon, at my chambers in the Court House in the Town of Woodstock, appoint a permanent liquidator, and give such further directions as shall appear necessary for the due and proper winding up of the said company. Dated at Woodstock this 18th day of July, 1897. W. T. McMULLEN, Local Master, H.C.J., Woodstock.

C. J. TOWNSEND & CO. PEREMPTORY SALE OF Valuable Freehold Property.

A rare opportunity for a Medical Man.

C. J. Townsend & Co. have received instructions from the Toronto General Trusts Company, administrators of the estate of the late Dr. F. W. Strange, to offer for sale by auction at their auction rooms, 22 King-street west, on Saturday, July 24, 1897, at 12 o'clock noon.

The residence of the late Dr. Strange, 218 Simcoe-street, having a frontage on Simcoe-street of about 60 feet, by a depth of about 240 feet, on Williams-street, which is erected on Simcoe-street, and brick residence, and on Williams-street a brick stable and coach house.

Terms cash, or \$500 of the purchase money will be carried on mortgage at 5 per cent., payable half-yearly, upon condition that \$500 per annum is repaid upon instalment, as may be agreed to.

IN THE EXCHEQUER COURT

Marshall's Sale. Under and in pursuance of a commission now in force out of the said Court, I will sell by public auction on

Thursday, the 29th day of July, A.D. 1897, at 12 o'clock noon at the Town of Port Hope, in the County of Durham, the

Schooner "L. & D. Bullock" for tackle, apparel and furniture. The said sale will take place on board the said schooner now lying at the Port of Port Hope, and the balance within the week thereafter.

TERMS: One quarter of the purchase money to be paid at the time of the sale, and the balance within the week thereafter. Further particulars and conditions of sale will be made known at the time of sale.

HAMILTON NEWS

LIBERALS WANT BUCHANAN.

Think They Can Use Him to Advantage IN THE COMING ELECTIONS.

The Idea Is to Catch the Temperance Votes, Which They Need.

Hamilton, July 20.—(From The World's Staff Correspondent.)—A movement is said to be on foot to get Mr. W. W. Buchanan, who is shortly to resign his position as head of the Royal Templars, to stand in the Liberal interests in the forthcoming Provincial elections. The ground taken is that Mr. Buchanan would catch all the temperance votes, and thus neutralize the antagonism of the liquor party, which, since the Harcourt bill made its appearance, has been strong Conservative feature.

The Inspecting Committee of the Board of Education is in favor of abandoning the Market-street and old Main-street Schools and taking over the old Collegiate Building for the purposes. The committee holds that it would be cheaper and more centralized.

Jubilee Willing Contracts Awarded.

The Finance Committee this afternoon awarded tenders in connection with the building of the Jubilee Hospital wing as follows: Masonry and excavating, etc., G. G. Mills, \$200; carpenter work, Lester Son, \$248; painting, J. McKenny, \$227; plastering, G. Chapman, \$400.

From One Husband to Another.

William Bradwood, who was arrested yesterday on a charge of seduction, under promise of marriage, Sarah Burgess, a 16-year-old girl, is now a free man. He recalled his liberty tonight by marrying the complainant. He was married while in the custody of Inspector McKeown by Rev. Mr. McWilliams. The inspector was the best man and Miss Burgess' sister was the bridesmaid. Bradwood was the cells all day, as Miss Burgess' father declined to give his consent to the marriage, being afraid Bradwood would go to the States as soon as the ceremony was performed.

Morphine Habit Prevalent.

From a casual view of the sturdy citizens of Hamilton upon the street one would never imagine that the deadly morphine and

Vastness of the Gold Fields.

There are fully 9000 miles of these golden waterways in the region of the Yukon. Rivers, creeks and streams of every size and description are all rich in gold. I derived this knowledge from many old Hudson Bay explorers, who assured me that they considered the gold next to inexhaustible.

"In 1864 I made a report to Sir John Thompson, then Premier of Canada, who died the same year, at Windsor Castle, strongly urging that a body of Canadian police be established on the river to maintain order. This was done in 1865, and the British outpost of Fort Cudahy was founded.

"I have known gold to exist there since 1880, and consequently, upon a report made to me by W. Ogilvie, the Government explorer. Many streams that will no doubt prove to be as rich as the Klondike have not been explored or prospected. Among these I might mention Dominion Creek, Hootalinqua River, the Western, Alaska, the two officers to be placed on the Yukon River or its tributaries, in anticipation of a great number of contentions over mineral land locations in various sections where the gold discoveries have been made. He says that as that region is practically without law, especially as to the settling of contentions, the local land offices will be of infinite value to the land interests and indirectly to the preservation of law and order. The offices, it is probable, will be located at Circle City and Dawson City. The general land office is in hourly expectation of petitions and requests for such action.

THE KLONDIKE STRIKE.

Continued from Page 1.

\$2,000,000, which can be taken out without any great work.

"I want to say that I believe there is gold in every creek in Alaska. Certainly on the Klondike the claims are not spotted. One seems to be as good as another. It's gold, gold, gold all over. It's yards wide and yards deep. I say so, because I have been there and have the gold to show for it. All you have to do is to run a hole down, and there you find plenty of gold dust. I would say that our pans on the Eldorado dunes will average \$3, some go as high as \$150, and believe me when I say that in five pans I have taken out as high as \$750 and sometimes more. I did not pick the pans, but simply put them against my breast and scooped the dirt off the bed rock.

"Of course, the majority of those on the Klondike have done much figuring as to the amount of gold the Klondike will yield. Many times we fellows figured on the prospects of the Eldorado. I would not hesitate much about guaranteeing \$21,000,000, and should not be surprised a bit if \$25,000,000, or even \$30,000,000, was taken out.

"Some people will tell you that the Klondike is a marvel, and there will never be a discovery in Alaska which will compare with it. I don't believe it. I think that there will be a number of new creeks discovered that will make wonderful yields. Why, Bear Gulch is just like Eldorado. Bear Gulch has a double bed rock. Many do not know it, but it's a fact, and miners who are acquainted with it will tell you the same thing.

"The bed rocks are three feet apart. In the lower bed the gold is as thick as a black cat, and in the upper bed the gold is as bright as any you ever saw. We own No. 10 claim, below Discovery, on Bear Gulch, and also Nos. 2) and 21 on Last Chance Gulch, above Discovery. We prospected for three miles on Last Chance Gulch, and could not tell the best place to locate the Discovery claim. The man making a discovery of the creek is entitled by law to stake a claim and take an adjoining one, or, in other words, two claims; so you see he wants to get in a good location on the creek or gulch. Hunker Gulch is highly looked to. I think it will prove another great district, and some good strikes have also been made on Dominion Creek. Indian Creek is also becoming famous.

Excitement at Seattle.

The business equilibrium of Seattle was never so disturbed as it has been since the breaking out of the recent Klondike strikes. For 48 hours the telegraph office has been thronged by people sending messages to eastern friends making a request for sufficient funds to get them into the new camp. Subsequent reports not only verify but tend to enlarge upon the first accounts.

HOW THE MINERS WORK.

The Captain of the Excelsior Tells of the Methods Used in the Klondike and the Causes of Success.

San Diego, Cal., July 20.—An interesting letter, telling of the recent trip of the steamer Excelsior to Alaska, has been written by Captain J. F. Higgins to the steamer to a friend in this city. He says:

"The word Klondike means Deer River, and the stream is called the Reindeer River on the charts. It empties into the Yukon fifty miles above the Big River. The geographical position of the junction is 70 degrees 10 minutes north latitude, 138 degrees 50 minutes west longitude. Bonanza Creek dumps into the Klondike about two miles above the Yukon. Eldorado is a tributary of the Bonanza. There are numerous other creeks and tributaries, the main river being three hundred miles long.

"The gold so far has been taken from Bonanza and Eldorado, both well named, for the richness of the placers is truly marvelous. Eldorado, 80 miles long, is staked the whole length, and as far as worked has paid.

"One of our passengers, who is taking home \$100,000 with him, has worked one hole in the foot of the ground and refused \$200,000 for the remainder, and confidently expects to clean up \$400,000 and more. He has in a bottle \$212 from one pan of dirt. His pay dirt while being washed averaged \$20 an hour to each man shoveling in. Two others of our miners, who worked their own claim, cleaned up \$6000 from one day's washing.

"There is about fifteen feet of dirt above bed rock, the pay streak averaging from four to six feet, which is tumbled out while the ground is frozen. Of course, the ground taken out is thawed by building fires, and when the thaw comes and water rushes that they set their sluices and wash the dirt. Two of our fellows thought a small bird in the hand worth a large one in the bush, and sold their claim for \$45,000, getting \$4500 down, the remainder to be paid in monthly instalments of \$10,000 each. The purchasers had no more than \$3000 paid. They were twenty days thawing and getting out dirt. Then there was no water to sluice with, but one fellow made a rocker, and in ten days took out the \$10,000 for the first instalment. So, tunnelling and rocking, they took out \$40,000 before there was water to sluice with.

"Of course, these things read like the story of Aladdin, but fiction is not at all in it with facts at Klondike. The ground located and prospected can be worked out in a few years, but there is an immense territory untouched, and the laboring man who can get there has a better chance to make a stake than in any other part of the world."

Became a Money Lender.

"What are we doing with all the money we take out?"

"Well, we paid \$45,000 spot cash for a half interest in Claim 32, Eldorado. We also loaned \$5000 each to four parties on Eldorado Creek, taking mortgages on their claims, so you see we are now secured.

"No, I do not want any better security for my money than Eldorado claims, thank you. I only wish I had a mortgage on the whole creek.

"We had a great deal of trouble in securing labor in prospecting our properties. Old miners would not work for any price. We could occasionally rope in a greenhorn and get him to work for a few days at \$15 a day. Six or eight miners worked on shares for us about six weeks, and we settled. It developed that they had earned in that length of time \$6300 each. That was pretty good pay, wasn't it? We paid one old miner \$12 for three hours' work and offered to continue him at that rate, but he would not have it, and he went out to hunt a claim of his own. My son, Samuel, and Charles Worden are in charge of our interests in Alaska. George Worden and I came out, and we will go back in March and relieve them. Then they will come out for a spell. George goes from here to his home in New York State to make his mother comfortable."

LIBERTY-GOV. MACKINTOSH TALKS.

Tells of the Vastness of the Gold Districts in the Canadian Yukon—Seattle Excited.

Seattle, Wash., July 20.—Gov. C. H. Mackintosh of the Northwest Territories, comprising the Canadian Yukon, is here. He says that the Klondike district will yield \$10,000,000 during 1897. It is announced that the Canadians are preparing to build a railroad into the Yukon region. Gov. Mackintosh, speaking of the new camp, said:

"We are only on the threshold of the greatest discovery ever made. Gold has been piling up in all these immense streams for hundreds of years. Much of the territory the foot of man has never trod. It would hardly be possible for one to exaggerate the richness, not only of the Klondike, but other districts in the Canadian Yukon. At the same time the foot of thousands rushing in there without proper means of subsistence and utter ignorance of

Milwaukee Gets It, Too.

Milwaukee, Wis., July 20.—The Alaska gold fever has struck this city. Today fifty people visited the offices of the Great Northern Railway in this city

HERE IS YANKEE GALL!

The E. S. General Land Office Does Not Know That Dawson City Is in Canada.

Washington, July 20.—Commissioner Hermann of the General Land Office stated today that he would recommend the establishment of two land districts in Western Alaska, the two offices to be placed on the Yukon River or its tributaries, in anticipation of a great number of contentions over mineral land locations in various sections where the gold discoveries have been made. He says that as that region is practically without law, especially as to the settling of contentions, the local land offices will be of infinite value to the land interests and indirectly to the preservation of law and order. The offices, it is probable, will be located at Circle City and Dawson City. The general land office is in hourly expectation of petitions and requests for such action.

RAIN SPOILED THE SHOW.

Winnipeggers Got a Heavy Downpour When They Didn't Want It—Northwest News Notes.

Winnipeg, July 20.—(Special.)—A steady downpour of rain today completely spoiled the exhibition attractions and caused a large falling-off in the attendance. Winnipeg is crowded with visitors, and there is the greatest difficulty in finding accommodations for them. Hotels have to refuse guests, and people are sleeping anywhere they can find a place to rest. The weather is causing much dissatisfaction, and the dressing has made the fair grounds look forlorn and dreary. The fairgrounds are crowded with people, and the atmosphere is one of excitement. The fair is expected to continue for several days longer.

Gold Awaiting Shipment.

"There is now far in excess of \$1,000,000 remaining already mined on the Klondike. It is in values, tin cans and in bags, but just as carefully guarded there and apparently as safe as if it were in a vault. Already this spring we have official knowledge of over \$2,000,000 in gold having been taken from the Klondike camps. It was shipped out on the steamships Excelsior and Portland.

"Richard Montgomery, Registrar of Land Titles at Regina and a popular official, has several times, with Mr. W. Ogilvie, F. L. D. L. Smith of the World, has done a great deal of work in the Klondike region. He has been to the Klondike several times, and has just returned with a large quantity of gold. He says that the Klondike is a marvel, and that there will never be a discovery in Alaska which will compare with it. I don't believe it. I think that there will be a number of new creeks discovered that will make wonderful yields. Why, Bear Gulch is just like Eldorado. Bear Gulch has a double bed rock. Many do not know it, but it's a fact, and miners who are acquainted with it will tell you the same thing.

BENHAM MURDER CASE.

Dr. Skinner Gave Evidence and Dr. Richmond Questioned Him—Mrs. Benham Used Morphine.

St. Paul, N.Y., July 20.—Dr. Skinner of Lewisport, Pa., gave evidence in the Benham case this morning, and was questioned by Dr. Richmond. The long and tedious question of the defense was read to the witness, and he said that he believed that Mrs. Benham came to her death through heart failure.

The hand of the Queen's Own Rifles will give a concert in the Queen's Park July 21, at 8 o'clock. In place of the first concert of the season, June 29, which was postponed on account of rain.

John Crocker, Samuel Todd and Emos Laidson broke open a chewing gum box at 810 Dundas-street on July 8 and stole the contents, worth \$30. The box was found on the 20th day each at the jail.

The sub-committee of the executive of the General Board of Methodism met yesterday in Wesley Building to make preparations for the meeting of the executive, which will be held to-morrow.

The death is announced of Mr. William Vail, nursery man, Barrie, Ontario, who was in his sixtieth year, was a brother of the late Senator Macpherson, Toronto.

A moonlight excursion was given Monday evening on one of the large steamers of the Great Lakes Navigation Company, and the Toronto Cyclists' Union, which was out of the Western Gap, Chippewa along near Long Branch. Many of the E.L. delegates were on board and enjoyed a delightful sail.

Store and Dwelling Gone Up in Smoke.

Georgetown, July 20.—This morning about 2 o'clock the store and dwelling belonging to Mr. J. T. Goldthorpe, Saltford, was totally destroyed by fire, also a blacksmith shop occupied by Mr. George Bradford. Owing to the rapidity of the flames Mr. Goldthorpe saved very little of his effects. His buildings were insured in the Perth Mutual for \$1200. Mr. Bradford has \$200 in the same company.

Trouble Over Powderly's Appointment.

Washington, July 20.—The Senate Committee on Immigration attempted to secure a meeting to-day to consider the nomination of Hon. N. V. Powderly to be Commissioner of Immigration, but failed to obtain a quorum. The meeting developed the fact that continuation will be opposed by some Senators on the ground that Powderly's appointment is distasteful to the labor element. Another attempt will be made to take up the nomination to-morrow.

Pilgrims to the Shrine.

Many Ontario Catholics left yesterday for the Shrine of St. Anne de Beaujeu in the special trains run by the G.T.R. and C.P.R. A large number of Torontonians were on the train of 11 cars which left the Union at 7:30 a.m. Eight more cars were added at Peterboro and three at Sharbot Lake. Fifteen cardinals will go from St. Catharines. Some of the Epworth League delegates took advantage of the cheap rates to visit Quebec.

Another Gunboat in Commission.

New York, July 20.—The new light-draught gunboat Annapolis was placed in commission today at the Navy Yard, Brooklyn. The ceremonies being witnessed by a large crowd of spectators and many of the naval officers of the navy. The gunboat will drill with the yard squadron during the summer, but later is expected to be assigned to one of the foreign fleets.

Miners' Call to the President.

Pittsburg, July 20.—Pittsburg Council, in regular session, has passed a resolution calling on President McKinley to use his good offices in the settlement of the coal miners' strike.

New Township Will be Formed.

The Department of Agriculture has been called Sanford, in that neighborhood. Deputy Minister of Agriculture, C. C. James, for Fort Arthur shortly in this connection.

Strong Nerves

Nerves just as surely come from the use of Hood's Sarsaparilla as does the cure of scrofula, skin rheum, or other so-called blood diseases. This is simply because the blood affects the condition of all the bones, muscles and tissues. If it is impure it cannot properly sustain these parts. If made pure, rich, red and vitalized by Hood's Sarsaparilla, it carries health instead of disease, and repairs the nervous system, nothing else can do. Thus nervous prostration, hysteria, neuralgia, heart palpitation, are cured by

Hood's Sarsaparilla
Because It is the One True Blood Purifier.

WEDNESDAY MORNING. NO BASEBALL IN THE RAIN.

Toronto Did Not Get a Chance at Providence.

ONLY ONE EASTERN GAME.

Springfield Bunched Hits on McPartlin and Won Easily.

Bisons Only Batted While Mains for Six Singles-About Toronto's Long Campaign at Home-Many Games in the National-Among the Amateurs.

Rain at Providence yesterday saved the champions a sure defeat. It was Williams' Silver Bats against him the Toronto team were bound to win, as they are too strong a road team to lose two successive games.

Williams' men play their last game of the present series today at Providence, and then the two teams come here for four fixtures, two on Saturday.

Staley and McElaine arrived home yesterday from Syracuse. The centrefielder has a badly sprained ankle, received last week at Springfield sliding in to second base. The injury will keep him out of the game for about ten days.

The Toronto will give a warm reception to all who come here before going away on another extended trip, and the season should pretty nearly put them in first place. After Providence, come Springfield, Scranton, Wilkes-Barre, Montreal, Syracuse and St. Louis.

Although Toronto does not wind up the season at home, the transfer of Locher to Montreal seems to have given them a play their last three games of the year on Canadian soil.

At Wilkes-Barre-Wilkes-Barre-Montreal game postponed; Scranton-Syracuse game postponed; west grounds.

At Springfield-The home team bunched hits on McPartlin and won in a walk. But for an error by Green, the leaders would have been whitewashed again.

Springfield... 0 0 0 4 1 0 0-11 3 2. Batteries-Mains and Duncan; McPartlin and Green.

NATIONAL LEAGUE. At Pittsburgh-Pittsburgh won two great games from Brooklyn. The pitchers were all in good fettle, and only single hits were made in both games.

In the first game the Pirates won by quick head playing and during base running. Score: Pittsburgh... 2 0 0 0 0 0 0-11 3 3. Batteries-Killen and Sargent; Payne and Griffin.

Second game... 2 0 0 0 0 1 0 0-9 6 1. Batteries-Killen and Sargent; Payne and Griffin.

At Louisville-The Senators turned the tables, taking the eighth and ninth. The base on balls, four singles and two double plays gave the Senators a 4-0 victory.

Washington... 1 1 0 0 0 0 4-4 3 2. Batteries-King and Farrell; Magee and Wilson.

At Cincinnati-The Reds and Boston played two games and broke even. Lewis pitched fine ball for the visitors in first game while Dwyer was rather lackluster.

In the second game Klobedanz was sent to the club for the visitors in the eighth. The umpire Hurst called the game after the sixth inning on account of darkness. Attendance 10,200. Score: Cincinnati... 0 1 0 0 0 1 0 1-11 3 0. Batteries-Dwyer and Pettis; Logan and Bergen.

Second game... 2 1 1 0 2 1 2-12 1 0. Batteries-Klobedanz and Schrier; Klobedanz and Bergen.

At Cleveland-The Indians defeated the Orioles in a featureless game. The Orioles were hit hard by Cleveland's pitching, and suffered a severe injury to one of his fingers and had to retire Kelly took his place. Score: Cleveland... 2 0 1 0 2 1 2-12 2 2. Batteries-Young and Zimmer; Blackburn and Clark.

At Chicago-A very costly error on a change that should have resulted in a gift and resulted in six hits, giving the Quakers a 6-0 victory. The game was a pitched up and down affair, Griffith pitched and called in center. The game was a little off, but they led the batting with Griffith and his respect. Attendance 12,000. Score: Chicago... 2 0 0 0 2 0 0-6 15 7. Batteries-Friend and Donohue; Taylor and MacFarlane.

LEAF'S WINNING STREAK. Hamilton, July 20-The baseball match between the Hamiltons and Guelph was a pitched up and down affair. The Leafs were up to the sixth inning. There were several amusing plays when the Leafs' team thought three runs were out and there were only two. The visitors started to walk in when the umpire told the umpire how stupid the players saw the field. A base runner who was at third got on second, the third baseman got to his bag with the ball. Reid of London was umpire and was a good deal helped by Roberts and other visitors. The score: Hamilton... 0 1 2 2 0 0 2-7 3 4. Batteries-Cochran and Cowell; O'Brien and Roberts.

DIAMOND DUST. The Alerts beat the Regents, 20 to 28. Batteries: J. Horn and C. Parr; Harding, Brogan, Parker and Gale.

The Golden City defeated the Crismon 9 to 5. Batteries for winners: Hines, Brown, Jackson and Skinner. Jackson's pitching and batting were the features.

The Silver Stars of Parkdale would like to arrange a game for Saturday next. Write to the license-holder's office at 100 Front-street, Toronto. Address: W. T. Fley, 38 Garden-avenue.

The Bims would like to arrange a game for Saturday next. Write to the license-holder's office at 100 Front-street, Toronto. Address: J. Melver, 75 Hamilton-street.

On Friday at 4 p.m. Toronto will commence their home series of games with Providence, and on Saturday at 2 p.m. a doubleheader with the Senators will be played. One price of admission admitting to both games. The reserved seat plan 25 cents on sale at Harold A. Wilson's Kings-street west.

The Royal Oaks easily defeated the Orioles on the Don Plains on Saturday. The Oaks... 6 3 1 0 4 4 8 4-24 24 2. Batteries-Nelson, Storey and Towbridge.

A return match will be played this afternoon at 3 o'clock between the Royals and the Bisons. The feature will be a foot-ball match between the bachelors and bachelors of the club.

WILL BE KIFFS GALA DAY.

Prizes Galore for the Different Classes.

ROYALS and TORONTO ARRANGE for Their Annual Races.

Start at 2.30 p.m. Off the National Yacht and Skiff Club Ten Miles for 18 and 20 Footers and 7 Miles for the Keel-A Smoking Concert in the Evening.

A joint meeting of the Sailing Committee of the Royal Toronto Sailing Club and the National Yacht and Skiff Club was held in the latter's club room at the Wharf, for the purpose of making arrangements for the annual regatta to be held under the auspices of the L.S.S.A. on Civic Holiday, Aug. 2.

It was decided that the regatta be held in front of the National Yacht and Skiff Club and over their course, the following classes to compete: Twenty, eleven, sixteen and half-raters, sixteen-foot and half-raters sailing as one class.

The races will be started at 2.30 p.m. The first gun will be fired at 2 p.m., preparatory gun at 2.20; third and starting gun for 20-foot class at 2.30; fourth gun, 2.40, for 16 and half-rater class start. The course for 18 and 20-footers will be three miles, covering in all 100 miles; 16 and half-raters twice around the buoy, covering in all 120 miles. Entries and certificates must be in the hands of the secretary of the L.S.S.A. not later than Saturday, July 31. The prize for each class will be \$10, \$7 and \$5. The 12 and 10-footers will be sailing in the 16 or half-rater class, a fourth prize of \$100 will be given to the winner of both classes assisting him. Programs of the events will be printed at once by the National Yacht and Skiff Club. A smoking concert will be given by the members of the National Yacht and Skiff Club to the guests in the evening. The regatta will be a grand success, and one of the greatest ever seen in Toronto will be witnessed around the wharf at the Lake Yacht and Skiff Club on the afternoon of Aug. 2, 1897. The regatta will be a grand success, and one of the greatest ever seen in Toronto will be witnessed around the wharf at the Lake Yacht and Skiff Club on the afternoon of Aug. 2, 1897. The regatta will be a grand success, and one of the greatest ever seen in Toronto will be witnessed around the wharf at the Lake Yacht and Skiff Club on the afternoon of Aug. 2, 1897.

NIAGARA'S PRIZES FOR YACHTS. Niagara-on-the-Lake, July 20-The latest issue of the Lake Yacht Racing Association's program for the season has been proposed to hold a yachting regatta here on August 12 (Monday) and 13 (Tuesday) 1897. All the crack yachts of Lake Ontario will be present, and the regatta will be a grand success, and one of the greatest ever seen in Toronto will be witnessed around the wharf at the Lake Yacht and Skiff Club on the afternoon of Aug. 2, 1897. The regatta will be a grand success, and one of the greatest ever seen in Toronto will be witnessed around the wharf at the Lake Yacht and Skiff Club on the afternoon of Aug. 2, 1897.

A BLACK BUSINESS.

The reputation of Toronto in the great commercial centres of England has been damaged by a recent fire and assignment in this city. It would be the business community, the insurance companies, the banks and creditors interested to sit the matter to the bottom. There is so much that is hinted and that is not mentioned; so much about involvements that look as if they had been altered; so much about efforts to buy goods on the reputation of another house; so many attempts to humbug the public and creditors into a belief that the business would be resumed that certainly it would be better to know the truth, whatever it is, than to have every fibre and failure in Toronto hereafter suspected.

ALASKA VERSUS CANADA.

It has been very interesting to watch the rivalry in development between the far-off dependency of the United States and the adjoining portion of Canada. It is stated recently as a semi-official opinion, promulgated at Washington, that the value of the salmon fisheries at Alaska would equal the cost of the purchase of the territory every three years, while it is known that the salmon fisheries of British Columbia have more than paralleled those in importance. The latter's value has been estimated as high as \$4,000,000 annually, and this is a development only during the last decade.

STATISTICS FURNISHED BY THE MONTREAL HERALD INDICATE THAT THE PRESENT IS TO BE A BANNER YEAR IN THE EXPORT BUSINESS OF THAT PORT.

The figures show substantial gains in nearly every line of business, including grain, lumber, live stock and farm produce generally. The gain in wheat is a big one. The increase up to date this year is 173,211 bushels. There comes year with a gain of 318,346 bushels, but the biggest increase of all is seen in oats, exports of which are valued at \$1,907,915 bushels, against \$1,493,967 for the corresponding period of 1896. All other varieties of grain show large increases. The exports of eggs are twice as large as last year, while the shipment of butter has increased from 5894 packages in 1896 to 22,562 in 1897. In cheese we find a similar increase. In 1896, 100,000 boxes had been shipped, but in 1897, 183,000, and the price is fully one cent per pound higher. Substantial increases are also noted in leather, high wines and apples. On the whole the statistics show that the export trade of the Dominion is rapidly forging ahead.

FREE TRADE AND PROTECTION.

Col. Denison of our town is at present in England. He has written a trenchant letter to a prominent milling paper there, pointing out that the vital question to England was her food supply, and that in Russia and the United States could, if they chose, close their markets (her present main sources of supply) against her if they saw fit to do so in case of war. The Colonel therefore concludes: "The true plan is by fiscal arrangements to secure the importation of all that the British Isles can reasonably produce, and then in the same way to support a similar policy elsewhere. This method would put material gains in the hands of the people, and it is a question of protection, not of free trade, and I do not see why a trade theory should force me to support a policy which is so dangerous to the very life of the State. The true plan is by fiscal arrangements to secure the importation of all that the British Isles can reasonably produce, and then in the same way to support a similar policy elsewhere. This method would put material gains in the hands of the people, and it is a question of protection, not of free trade, and I do not see why a trade theory should force me to support a policy which is so dangerous to the very life of the State. The true plan is by fiscal arrangements to secure the importation of all that the British Isles can reasonably produce, and then in the same way to support a similar policy elsewhere. This method would put material gains in the hands of the people, and it is a question of protection, not of free trade, and I do not see why a trade theory should force me to support a policy which is so dangerous to the very life of the State."

OF INTEREST TO DENTISTS.

The Ontario Dental Society continued its sessions in the Dental College yesterday. Papers were read on "Dental Jurisprudence" by Dr. H. A. Croft, Palmerston; "A Plea for the Preservation of the Teeth" by Dr. C. D. Johnston, Chicago; "Suitable Recognition for Dentists" by Dr. G. W. Melmoth, Ithaca, N.Y.; "Crown and Bridge Work" and "Metal Plating" by Dr. W. H. McArthur, Toronto; "Diagnosis of Lesions of the Heart Before Administration of Anesthetics" by Dr. E. H. Adams, Toronto; "Practical Points in the Treatment of the Teeth" by Dr. J. G. Tompkinson, Pittsburg, Pa. The society will resume its sessions this morning.

Blaze at Ingersoll.

Ingersoll, July 20.—About 6.30 o'clock this evening the alarm was sounded for a fire in the building occupied by C. R. Patience, printer and publisher, King-street east. After some hard work the blaze was subdued, but the loss was considerable. Loss to building and contents considerable.

They May Purchase the Church.

The long-standing dispute between the Cowan and Dunn-avenue Presbyterian churches may be solved by the former acquiring the premises of the latter at the time which they worship. At a meeting of the members a resolution favoring this course was passed in motion of Dr. Joseph W. Macfarlane, seconded by Mr. John Inglis. A committee was appointed to make the necessary arrangements.

is open to Protestants and Catholics alike on equal terms, but as the only theology taught therein is Anglican the institution is not considered acceptable to the majority. The whole subject was dealt with in Parliament this session by Mr. Lecky, the distinguished historian and man of letters, who sits in the Commons for Dublin University and is a competent authority. If the Imperial Government, says Mr. Lecky, proposes to found a Catholic college it will experience no unworthy jealousy on the part of Trinity. As far back as 1743, long before the English universities thought of such a thing, Trinity threw open its degrees to Catholic students. During the past century those who have taken advantage of the privilege thus accorded testify that the whole tone of the university is unaltered. Notwithstanding the demand for a distinctively Catholic institution has been kept up, as the majority desire their education at all stages to be strongly imbued with religious teaching. This being so, it is remarkable that the following sentence in Mr. Lecky's speech should have been greeted with "long Nationalist cheers": "In his opinion there could be no greater misfortune for Ireland than that members of the two religions in their own days should be entirely separated; that young men, at a time when their hearts were warm, when their enthusiasms were at their height, and when they were forming friendships which might mould their future lives, should be kept apart and should know nothing of each other."

EAST TORONTO'S BLOOD-PI. There Might Have Been a Riot at Victoria Park, BUT THERE WAS NO FIGHT.

Just the Same the Corporation Dumped the Rails Into the Deep Ravines

Because the Toronto Railway Company Had Intended to Lay Them Last Night Across the Disputed Strip—One Way of Getting Rid of the Deadlock—Bob Fleming Carried the Riot Act—Constables Are Now on Guard to See That No Rails Are Laid.

The Village of East Toronto controls 600 feet of Queen-street east. The Toronto Railway Company has long desired to put their rails down on this 600 feet, and thereby secure direct communication with Manor Park. But the company and the corporation cannot agree on terms, and a deadlock has resulted. The railway company have evidently decided to break this deadlock by occupying, and yesterday they deposited 80 or more rails 80 feet each, sufficient for the length of the strip, along Queen-street.

"Dumped" the Rails.

The rumor quickly spread through the village that the company would lay the track at night. An emergency meeting of the village council was called, legal advice was had, and the determination was reached to resist the railway company. At 10 o'clock last night Village Ward and Constables were on duty, assisted by Councillors and villagers, and the rails dragged to the middle of the disputed 600 feet and the village council was called together to be found. It was easy to dump them in the ravine, but it was not so easy to get them out again without it so easy a job.

Mayor Fleming on Deck.

Mayor Fleming and the M.P. for East York were witnesses of this rail-dumping performance. Evidently someone had given the Mayor the news, for he was seen to be in his pocket, but the disturbance was not serious. He took a walk later on, though, to depart three police officers of anticipated trouble to protect the city's interests. The street railway employees down a dispute by force. If necessary, their right to remove the rails. But that happened.

Council Not a Unit.

A large majority of the villagers, composed of the most patriotic residents of the Toronto and Scarborough line, on which they are engaged, are in favor of the laying of the rails, but there are personal animosities existing between some of the residents near the parks whose personal interests are in opposition to the laying of the rails. The council is not altogether a unit, either, on the method of laying the rails.

Some Wanted an Injunction.

A minority of the Councillors were in favor of the more modern process of having an injunction issued to prevent any further work on the rails. The majority, however, were of the opinion that the somewhat less up-to-date method of removing the rails by force would serve to put the Council on the defensive in any litigation which might ensue.

Canadians on Duty.

The street railway did not despatch any representatives to the scene, and the half-hundred villagers who were present were campers who had gathered to see the fun. The police were on duty, and the street railway employees were on duty. The street railway did not despatch any representatives to the scene, and the half-hundred villagers who were present were campers who had gathered to see the fun. The police were on duty, and the street railway employees were on duty.

EMIGRANTS FROM WALES.

Agents Grifts Holding Out Inducements to Get People to Come to Canada.

Ottawa, July 20.—The Department of the Interior has received information from its agent in Wales, Mr. William Griffiths, that a very successful meeting was held amongst the Welsh emigrants in the neighborhood of Chapell on Saturday night, July 3, at which Mr. Griffiths read a telegram he had received from Hon. Clifford Sifton, intimating that the Government was making arrangements for 1000 Welsh immigrants to be sent to the Dominion of Wales, and that the Government was willing to undertake the cost of their passage to the Dominion. The agents of the company are now making arrangements for 1000 Welsh immigrants to be sent to the Dominion of Wales, and that the Government was willing to undertake the cost of their passage to the Dominion.

To Exploit the Yukon.

The question has no doubt occurred to many, how are Canadians to reap some of the wealth of the Yukon and its tributary, the Klondike River. This was the famous territory belongs to Canada and now that the wealth of it is being ascertained beyond a doubt, Canadian enterprise and energy will be directed there. The country is so hard to direct, and only well-equipped parties can get there, and at this requires capital. Companies at Seattle and the American coast are already beginning to send their men and a new Canadian company, organized by representative Canadian, Joseph and Development Company, to exploit this region. That this is the best way to carry on operations the history of other similar expeditions shows. The Hudson Bay Company, the East India Company and many others could be mentioned in this connection, and the British American Company should receive the support of Canadians. It is the intent of the company to equip an expedition to the Yukon this season, and to secure mining claims and work them in thorough business-like manner. A glance at the list of directors will show that the interests of the company are in the hands of energetic and representative men. The brokers of the company are Messrs. Campbell, Currie & Co., 52 Yonge-street, in this city.

Alleged Counterfeit Dog Tags.

Samuel Moore, the man who is charged with stealing tools from his employer, T. W. Clark, manufacturer of dental instruments, 16 Sheppard-street, is suspected of having made a number of counterfeit dog tags, which he is alleged to have sold to citizens at prices much lower than the dog license tax. He is being held while this charge is investigated. In connection with the tool stealing case George Bruno, 178 York-street, was last night arrested by Detective Stiemling, and is charged with receiving stolen property.

Fire in the Romayne Buildings.

A slight, a window curtain and a breeze contributed to a blaze in 2, 3 and 4, premises, in the Romayne Building, 83 King-street west, last night, and caused \$200 damage. \$50 to the building and \$150 to contents, which are insured in the National Company for \$100. Bay-street firemen extinguished the conflagration.

Did They Throb Sten's?

Boys have been throwing stones from the York-street bridge at passing trains, breaking windows and causing danger to passengers. Last night three alleged offenders, Ed. Hallett, 73 Shuter-street, Wm. Cooper, 313 Adelaide-street, west, and a little "Pellec" is a gentle laxative and two mild cathartics. They never grip, and

Resting the Feet.

A hard mattress rests the sleeper more than a downy feather bed, because it does not press so many parts of the body at once, relieving certain bumps while the others are being lain upon.

No two pairs of shoes are exactly alike on the inside, and changing them once per day eases different portions of the feet by throwing the weight upon other parts. This gives a surprising restfulness to the feet, as well as to the shoe, which also gets tired, just as a razor does.

Leathers should always be chosen according to the condition of the feet, as they differ materially in effect and purpose.

On every pair of "Slater Shoes" there is a tag, which tells the exact leather used, giving its peculiarities and the wear it is adapted to.

You can thus buy "Slater Shoes" intelligently and know that they're Godyear. Welled, if you see that they're stamped on the sole with the name and price—\$3.00, \$4.00, or \$5.00.

AGENCY

The Slater Shoe Store, 89 King Street West.

some money with which to start farming operations on the land grants. Mr. G. H. McKay Milling Company was the recipient of the largest amount, and that the prospects of a large emigration from Bethesda to Canada are excellent.

Migrating French Canadians.

Rev. Father Corbett, who is doing emigration work for the Dominion Government, passed through Ottawa to-day on his way to Manitoba, with some 25 French-Canadians from the United States, who intend settling on lands at St. Boniface.

McKay Milling Company's Loss.

The loss caused by yesterday's fire to the McKay Milling Company was estimated at \$100,000. The insurance on the machinery in the part of the building which was burned amounts to \$100,000, divided equally among the Millers and Manufacturers, the Lumbermen, Commercial Union, Western and North British and Mercantile. On the stock of this part of the building there was an insurance of \$500,000, divided among the Insurers, London and Lancashire and the Millers and Manufacturers, owned by W. C. Edwards & Co. There was an insurance of \$100,000, equally divided among the Guaranty, Loyal and London. The same companies have \$200 each on the mill machinery of the part of the building which was burned.

SHE CAME FROM PORT HOPE.

Says Her Name is Annie Grant—She Fought With the Police—Her Infatuation Child.

A woman named Annie Grant, who says she comes from Port Hope, got drunk last night and became very violent on George-street. Police-man Matthews had to arrest her and she gave him such a fight that the sympathies of the bystanders were actually with the policeman. The woman had a little girl about two years of age with her, and the child got into the worst of it, particularly in the patrol wagon, where the police had to take away from her child a mother, who fought and bit the officers like a demon. She screamed and shrieked and women was locked up after a hard fight. The woman, which was of a most confounding nature, was taken care of by Mrs. Smith, the matron, and made herself quite at home.

Another Miracle.

Another alleged miracle has been reported at Toronto. A woman, on a Sunday last, some 3000 pilgrims from different parts of the world, gathered at the famous shrine, and amongst them was a fisherman named Askin, from Grapes. He had been suffering for two years with ulcers in the throat, and no medical treatment was of any avail. Two days ago he went to La Bonne St. Anne, and after performing the accustomed exercises, he was cured. He had been suffering from the ulcers had in fact completely disappeared, and the believing man returned to his home rejoicing.

Mr. William McKenzie.

Mr. William McKenzie, President of the Toronto City Council, was here to-day on a run to Toronto. He reports that the preliminary arrangements for the construction of two new and very fast steamships were discussed at a special meeting of the Richelieu and Ontario Navigation Company directors this morning. The plans and specifications are being prepared by a noted designer of inland craft at Detroit. The idea is to run these steamers, which are to be modern and up-to-date in all respects, between Toronto and Prescott. Though not decided upon as yet, the turbine system is favored as regards power, and the chances are that it will be adopted.

Baltimore City Ashore.

Messrs. D. Torrance & Co. received a telegram from Baltimore—suggesting the report that the steamship Baltimore City has been wrecked at Port au Choix, on the Labrador coast, in the Straits of Bellefleur, about forty miles this side of Point Amour. The Baltimore City is a 1708 ton vessel, belonging to the Furness Line, of which Messrs. D. Torrance & Co. are the agents. She left Montreal for Manchester with a general cargo, including live stock, on July 12 and was due outward at Quebec on the 14th.

Biel News Notes.

It was finally decided to-day that the corporation of Biel, Bruchsal is to take place Aug. 8. It is reported that the new Chair of Zoology, endowed by Sir Donald Smith in 1884, will be filled by Prof. MacBride from Cambridge, Eng.

Mrs. Bailey Hurt.

Mrs. Bailey, 270 Sherbourne-street, was slightly injured from a fall from a front porch residence last night when she fell under the car and sustained a bad scalp wound and a fracture of the skull. The electric fan, which had been more serious but for the prompt action of James Johnston, clerk in the employ of the C. D. Daniel Company. He was passing on his bicycle, and, seeing the accident, drew the lady from under the wheel of the car. Dr. McCann, who was summoned, drew the electric fan lady into her home, where he dressed her injuries, which are somewhat serious.

WILL NOT BE LORD GLENCOE.

Perhaps Lord Montreal or Lord St. Lawrence,

OR POSSIBLY INCLUDE BOTH.

Sir Donald Smith Has Not Yet Decided on His Title.

The New Peer, Mr. Wm. McKenzie, Mr. Jas. Ross and Other Wealthy Canadians Will, It is Rumored, Join Peterens, Tait & Co. in the Fast Line Project—Another Miracle Reported From Ste. Anne—General News From Montreal.

Montreal, July 20.—(Special)—A patch of interesting news was received here today from London by private letter. In the first place, the Canadian High Commissioner will not be called Lord Glencoe. That is decided, and Sir Donald is thinking about assuming the titles of Lord Montreal or St. Lawrence or Montreal and St. Lawrence combined, with a liking on the part of the new peer for the latter name.

It is also rumored that Sir Donald Smith, William McKenzie, James Ross and other wealthy Canadians will join Peterens, Tait & Co. in the making of the fast line project, notwithstanding the report that Sir Charles Tupper is in London working against the Peterens scheme and in favor of the Allan.

Another miracle. Another alleged miracle has been operated at Ste. Anne de Beaupre. It was reported that some 3000 pilgrims from different parts of the province repaired to the famous shrine and amongst them was a German named Astin, from Gaspe. He had been suffering for two years with ulcers in the throat, and no medical treatment was of any avail. Two days ago he went to the shrine. St. Anne, after performing the accustomed exercises of piety he felt that he was cured. The ulcers had in fact completely disappeared, and the believing man returned to his home rejoicing.

Mr. William McKenzie, President of the Toronto Street Railway, has been on his way to Toronto. He reports that the Birmingham Railway has increased its earnings \$100 daily, although it has not yet been decided whether the new electric transmitter will be overhead or underground.

To Have Two New Boats. The preliminary arrangements for the construction of two new and very fast steamers were discussed at a special meeting of the Montreal & Ontario Navigation Company directors this morning. The plans and specifications are being prepared by a noted designer of inland craft at Detroit. The idea is to run these steamers, which are to be modern and up-to-date in all respects, between Toronto and Prescott. Though not decided upon as yet, the turbine system is favored as regards power, and the chances are that it will be adopted.

Baltimore City Ashore. Messrs. D. Torrance & Co. received a telegram from Halifax announcing the report that the steamship Britannia, which has been wrecked at Port au Choix, on the Labrador coast, in the Straits of Belle Isle, about forty miles this side of Point Amqui. The Britannia, which is a high speed vessel, belonging to the Atlantic Line, of which Messrs. D. Torrance & Co. are the agents, she left Montreal for Manchester, with a general cargo, including live stock, on July 12 and passed onward at Quebec on the 14th.

Islet News Notes. It was finally decided today that the construction of the new pier at the foot of the Victoria Harbour will be taken up by the City of Toronto. It is reported that the new Chair of Zoology, endowed by Sir Donald Smith in 1887, has been moved by Prof. MacBride from Cambridge Street.

Mrs. Bailey Hurt. Mrs. Bailey Hurt, 270 Sherbourne street, was lighting from a Bell Line car in front of her residence last night when she was struck by the car and sustained a bad scalp wound and a fractured hip. Her injuries would undoubtedly have been more serious, but for the prompt action of James Johnson, a drug clerk in the vicinity, who was riding in the car. He was passing on his bicycle, and putting down his arm, drew the lady from under the wheel of the car. Mr. Johnson, who was passing, had the unfortunate lady taken to her home, where he dressed her injuries, which are somewhat serious.

Long Sentences Given by the Barrie Magistrate

TO TWO DESPERATE THUGS

Maloney Will Do Seven Years and Clark Gets Ten Long Years.

The Hand of McLean, Who Escaped From the Police in Broad Daylight, Was Shown All Through the Evidence—The Bad Gang and Their Work in This Province—Maloney of Toronto Junction Said to Be Only a "Pick-Up."

Barrie, July 20.—(Special to The World).—The trial of Maloney and Clark, the desperado who cracked safes and burglarized stores and houses in Bradford, Markham, Victoria Harbor, Oro, Penetang and other places, took place here today before Magistrate Ross. These are the worst criminals who have been in the hands of the local police for years, and their reputation attracted a large crowd to the trial. The court room was completely filled, and the spectators being many ladies. The trial was reported in the standard of a practical machinist and engineer, and he showed the peculiarity of the trial made by these desperadoes.

The charges against the prisoners were as follows: 1. Breaking into Thomas Caldwell's home at Oro on July 7 and stealing therefrom. 2. Breaking into Charles Dick's store at Penetang on July 2 and stealing therefrom. 3. Blowing open William Hodgkin's safe at Victoria Harbor on July 5. 4. Breaking into the G.T.R. tool shop at Victoria Harbor on July 5 and stealing a jag. 5. Breaking into the G.T.R. station at Wauwashe on July 5 and stealing therefrom.

Heavy Sentences Imposed. The charges of assault upon Jailer Sisson and Parakey Caldwell on the night of July 10 were not gone into, as convictions were secured in the other cases. The prisoners were found guilty on each of the above charges. Maloney was sentenced to seven years in Kingston Penitentiary for the charges, Maloney was sentenced to ten years in the same institution, on each of the charges, the sentences to run concurrently.

Maloney of Toronto Junction and Detective Davis, the clever Toronto officer who arrested Jack McLean, another member of this gang, gave important evidence. The charges in the G.T.R. cases were laid by Detective W. G. MacIntyre, who worked up the evidence, and who deserves great credit for the success he has had in finding the country of these desperadoes.

Hand on the Toronto Police. In sentencing the prisoners, Magistrate Ross remarked that McLean was a notorious criminal, and for his escape from jail by his clever capture by Detective Davis through such a safe as this a disgrace to a city like Toronto.

Clark was identified by Detective Cockburn as Charles Anderson, alias Alvin, alias Clark. This criminal with the many aliases is well known to the police of Detroit and Denver. In 1892 he was sentenced to three years for postoffice robbery.

The Gang and Their Work. The arrest and conviction of Maloney and Clark has resulted in the breaking up of one of the most desperate gangs of safe-crackers and burglars that have operated in Ontario for years. The leader of the gang was Jack McLean, who was arrested at Mrs. Maloney's home, Toronto Junction, on Saturday night, July 10, by Detective Davis, and whose escape from the latter's hands caused the riot at the Police Station in broad daylight on the following Monday night. The gang, which had resulted in an official investigation and the capturing of hundreds of dollars worth of loot in allowing croppers to be left near the cells.

The gang operated principally along the Midland and Northern Railways. They burglarized a store at Holland Landing on June 27, and on the same date blew up the safe in the G.T.R. Station at Bradford, and carried off \$18. From Holland Landing they came to Maloney's home at Toronto Junction on the night of July 10, and on the following Monday night cracked the safe at Victoria Harbor, and on the following Tuesday night went to Markham, where they robbed the safe at the G.T.R. Station. They went to Bradford on Saturday, July 3, they stopped at the latter place by express to Toronto, and on the same night cracked the safe at Victoria Harbor Station. Then they drifted to Barrie, where the officers ran them down and nearly lost their lives.

Desperate Men. Not only was their arrest effected at great risk of life, but on Saturday night, July 10, the very night that McLean was arrested in Toronto Junction, the prisoners made a desperate attempt to break jail. They secured the safe at Victoria Harbor, and made a violent attack upon Jailer Sisson and Parakey Caldwell. They were overpowered, but not until the officers covered them with their revolvers and shot Clark in the leg.

Maloney was evidently one of the gang's "pick-ups." He is a fair looking fellow, and in her evidence to-day his wife swore that he left home to go with Clark and

HIGH PARK IMPROVEMENTS.

The Patchwork System is a Very Poor One.

A COMPLETE PLAN WANTED.

Tussock Moths Have Again Attacked the Trees in the City.

Those Who Value Their Trees Should Attend to Them at Once—A Soldier Who is Looking For His Sister—The Drill Shed to Be Sold by Auction—The Devereux Road Pavement Middle-Generat City Hall Notes.

High Park is unquestionably Toronto's finest recreation ground, and it is not unnatural that the people of this city should have schemes of their own for improving parts of it at least, but if this park is ever to be made really beautiful and attractive, one that will compare with any recreation ground on the continent, an end must be put to the present patchwork system of improvement, and a complete plan for beautifying this park must be adopted and worked up to carry out the whole is completed. The absolute necessity of adopting such a plan as this is shown in ridiculous suggestions that are too frequently made for alleged improvements. The suggestion, for instance, that Catfish Pond should be filled in and transformed into a playground, is one that no landscape gardener in America would recommend. Instead of being filled in, Catfish Pond should be deepened and made a fine sheet of pure water, connected with the lake by a broad channel under the railway tracks, a culvert through which rowboats might pass, making a direct connection with the lake. This would be a fine make the best possible use of this to add to the beauty of the park. The park is taking a deep interest in all park matters nowadays, and it is hinted that he will shortly ask the Council to adopt a sensible plan for improving this park. It is also suggested that the present system of watering the services of a first-class landscape gardener to be employed for the purpose of beautifying this park. The Parks and Gardens Committee could then appropriate certain amount of money each year for this work until the whole is completed, and Toronto would have one of the finest parks in America.

THREE YEARS FOR BAUER.

The Ex-Hotel Clerk Took His Sentence for Raising a Cheek For \$5 to \$500 Without Emotion.

Three years in Kingston Penitentiary was the sentence meted out to former Carl Bauer by Magistrate Kingsford yesterday, in passing the sentence His Worship remarked that the prisoner was guilty of a grave offence, having succeeded by means of crime in obtaining a large amount of money for which no restitution had been made. The crime was that he had committed, and if committed with these desperadoes.

The charges against the prisoners were as follows: 1. Breaking into Thomas Caldwell's home at Oro on July 7 and stealing therefrom. 2. Breaking into Charles Dick's store at Penetang on July 2 and stealing therefrom. 3. Blowing open William Hodgkin's safe at Victoria Harbor on July 5. 4. Breaking into the G.T.R. tool shop at Victoria Harbor on July 5 and stealing a jag. 5. Breaking into the G.T.R. station at Wauwashe on July 5 and stealing therefrom.

HIGH PARK IMPROVEMENTS.

The Patchwork System is a Very Poor One.

A COMPLETE PLAN WANTED.

Tussock Moths Have Again Attacked the Trees in the City.

Those Who Value Their Trees Should Attend to Them at Once—A Soldier Who is Looking For His Sister—The Drill Shed to Be Sold by Auction—The Devereux Road Pavement Middle-Generat City Hall Notes.

High Park is unquestionably Toronto's finest recreation ground, and it is not unnatural that the people of this city should have schemes of their own for improving parts of it at least, but if this park is ever to be made really beautiful and attractive, one that will compare with any recreation ground on the continent, an end must be put to the present patchwork system of improvement, and a complete plan for beautifying this park must be adopted and worked up to carry out the whole is completed. The absolute necessity of adopting such a plan as this is shown in ridiculous suggestions that are too frequently made for alleged improvements. The suggestion, for instance, that Catfish Pond should be filled in and transformed into a playground, is one that no landscape gardener in America would recommend. Instead of being filled in, Catfish Pond should be deepened and made a fine sheet of pure water, connected with the lake by a broad channel under the railway tracks, a culvert through which rowboats might pass, making a direct connection with the lake. This would be a fine make the best possible use of this to add to the beauty of the park. The park is taking a deep interest in all park matters nowadays, and it is hinted that he will shortly ask the Council to adopt a sensible plan for improving this park. It is also suggested that the present system of watering the services of a first-class landscape gardener to be employed for the purpose of beautifying this park. The Parks and Gardens Committee could then appropriate certain amount of money each year for this work until the whole is completed, and Toronto would have one of the finest parks in America.

THREE YEARS FOR BAUER.

The Ex-Hotel Clerk Took His Sentence for Raising a Cheek For \$5 to \$500 Without Emotion.

Three years in Kingston Penitentiary was the sentence meted out to former Carl Bauer by Magistrate Kingsford yesterday, in passing the sentence His Worship remarked that the prisoner was guilty of a grave offence, having succeeded by means of crime in obtaining a large amount of money for which no restitution had been made. The crime was that he had committed, and if committed with these desperadoes.

The charges against the prisoners were as follows: 1. Breaking into Thomas Caldwell's home at Oro on July 7 and stealing therefrom. 2. Breaking into Charles Dick's store at Penetang on July 2 and stealing therefrom. 3. Blowing open William Hodgkin's safe at Victoria Harbor on July 5. 4. Breaking into the G.T.R. tool shop at Victoria Harbor on July 5 and stealing a jag. 5. Breaking into the G.T.R. station at Wauwashe on July 5 and stealing therefrom.

Heavy Sentences Imposed. The charges of assault upon Jailer Sisson and Parakey Caldwell on the night of July 10 were not gone into, as convictions were secured in the other cases. The prisoners were found guilty on each of the above charges. Maloney was sentenced to seven years in Kingston Penitentiary for the charges, Maloney was sentenced to ten years in the same institution, on each of the charges, the sentences to run concurrently.

Maloney of Toronto Junction and Detective Davis, the clever Toronto officer who arrested Jack McLean, another member of this gang, gave important evidence. The charges in the G.T.R. cases were laid by Detective W. G. MacIntyre, who worked up the evidence, and who deserves great credit for the success he has had in finding the country of these desperadoes.

Hand on the Toronto Police. In sentencing the prisoners, Magistrate Ross remarked that McLean was a notorious criminal, and for his escape from jail by his clever capture by Detective Davis through such a safe as this a disgrace to a city like Toronto.

Clark was identified by Detective Cockburn as Charles Anderson, alias Alvin, alias Clark. This criminal with the many aliases is well known to the police of Detroit and Denver. In 1892 he was sentenced to three years for postoffice robbery.

The Gang and Their Work. The arrest and conviction of Maloney and Clark has resulted in the breaking up of one of the most desperate gangs of safe-crackers and burglars that have operated in Ontario for years. The leader of the gang was Jack McLean, who was arrested at Mrs. Maloney's home, Toronto Junction, on Saturday night, July 10, by Detective Davis, and whose escape from the latter's hands caused the riot at the Police Station in broad daylight on the following Monday night. The gang, which had resulted in an official investigation and the capturing of hundreds of dollars worth of loot in allowing croppers to be left near the cells.

The gang operated principally along the Midland and Northern Railways. They burglarized a store at Holland Landing on June 27, and on the same date blew up the safe in the G.T.R. Station at Bradford, and carried off \$18. From Holland Landing they came to Maloney's home at Toronto Junction on the night of July 10, and on the following Monday night cracked the safe at Victoria Harbor, and on the following Tuesday night went to Markham, where they robbed the safe at the G.T.R. Station. They went to Bradford on Saturday, July 3, they stopped at the latter place by express to Toronto, and on the same night cracked the safe at Victoria Harbor Station. Then they drifted to Barrie, where the officers ran them down and nearly lost their lives.

Desperate Men. Not only was their arrest effected at great risk of life, but on Saturday night, July 10, the very night that McLean was arrested in Toronto Junction, the prisoners made a desperate attempt to break jail. They secured the safe at Victoria Harbor, and made a violent attack upon Jailer Sisson and Parakey Caldwell. They were overpowered, but not until the officers covered them with their revolvers and shot Clark in the leg.

Maloney was evidently one of the gang's "pick-ups." He is a fair looking fellow, and in her evidence to-day his wife swore that he left home to go with Clark and

Bargain in Bedroom Suites For Thursday

On the Furniture Floor (take elevator) we will sell on Thursday 69 only Bedroom Suites, in art nouveau finish, 24x20 in. bevelled plate glass, large three drawer bureau, combination washstand, bed 6 ft. high, 4 ft. 2 in. wide, good brass trimmings, regularly worth \$1.50, special for the day.....8.40

Special Thursday Attractions in Millinery

We have three or four very remarkable specials to offer those who will shop Thursday—specials for the day:

- A table of Trimmed Millinery, newest fashioned goods, well worth up to \$10, choice at.....3.00
- A second table of Trimmed Millinery, new and fashionable lines, were sold regularly at from \$4 to \$5, choice Thursday 1.50
- A table of Sailors, just the goods for midsummer wear, worth regularly from 25c to 50c, choice at.....15c
- Special lot of short back Sailors, were regularly sold at 50c, special Thursday.....25c
- A number of specials in Flowers for Thursday at just one half regular prices.
- A special display of Children's Muslin Embroidered Headwear at very special prices.

When down town and wearied with the heat step into the big store. It is always cool, and a pleasant place to rest. Soda Water Fountain on the main floor. Ice Cream in the Lunch Parlors on fifth floor—take elevator.

The Robert Simpson Co., Limited

S.W. CORNER YONGE AND QUEEN STREETS, 170, 172, 174, 176, 178 Yonge Street. 1 and 3 Queen Street West.

will be held on Monday next to untangle the Devereux road pavement muddle. The old Drill Shed will be sold by auction next month. The City Engineer has received a sufficient signed petition for a brick pavement on Berkeley street, between Wilton avenue and Gerrard street. Residents of Huron street are complaining of the noise made by traffic on the brick pavement. A ferry service will be inaugurated from the foot of Berkeley street, and from Goodrich street, to carry boys to a bathing place east of the crib work.

GOOD... INVESTMENTS.

I have been successful in securing a block of Gold Bar stock, which I can sell at 3/4 cts per share, divided to suit purchaser. Also small block treasury stock at 5/8 cts. This stock is worth double the price on the market to-day. Buy this and you will make no mistake. **J. CURRIE,** Tel. 948. 4 VICTORIA STREET.

STRONG MAN FOR EAST HURON.

Mr. Henry Money of Brussels Chosen as the Conservative Candidate for Ontario Elections.

Brussels, Ont., July 20.—The largest convention of Conservatives for the past 15 years was held here today for the purpose of selecting a candidate to contest the riding at the next general elections for Ontario. Notwithstanding the busy season, nearly 200 delegates were in attendance, and the greatest enthusiasm prevailed throughout the meeting.

The following gentlemen were nominated: Henry Money, County Councillor, Brussels; H. S. Cooke, County Councillor, Fordwich; James Perkins, Gortle; Edward Ryan, Gortle; John Pennewell, Logan; Thomas S. Hayes, McMillan; E. I. Dickson, Wingham; A. H. Musgrove, Wingham; H. Gerry, Brussels; John Britton, Hildesheim; and Charles Querequesser, Grey.

All the nominees retired except Mr. Money and Mr. Querequesser, when a ballot was taken, and Mr. Money received a large majority of the votes.

Speeches were made by all the candidates. Mr. E. L. Dickinson, who made such a gallant fight in the contest a year ago for the House of Commons, spoke on the necessity of the province of redeeming the riding and gave some practical lessons on organization. Mr. H. Musgrove, an old favorite in East Huron, created great enthusiasm by the manner in which he scored the Hardy Government, and was repeatedly cheered during the progress of his address.

Mr. Thomas Magwood, the able member for North York, and who has recently delivered a powerful address on Provincial politics and who has been elected to the upper tier as it is interpreted by the Government at Toronto.

Confidence in Mr. Whitely. A resolution of confidence in Mr. Whitely, leader of the Opposition, was carried unanimously, and after cheers for the Queen and the candidate the convention closed.

Mr. Money, the candidate, is a progressive farmer, residing in the Township of Morris. He has been a member of the House of Commons for the past ten years and is now a member of the County Council. He is well known and distinguished as an able municipal officer.

WAGARIES OF THE WEATHER CLERK.

Terrific Thunderstorms in Ohio. Cloud-bursts in Nebraska and Snow in Colorado.

Marion, O., July 20.—A succession of terrible electrical storms with heavy rain-falls, passed over the city and vicinity, George Stout, while driving a mower, was killed by lightning. Charles Sells and William Sauter, mechanics, resting on the street, were struck down on the street. Four men near Radnor, fifteen miles from this city, were killed.

Cloudburst and Blister. Dodge Pole, Neb., July 20.—A cloud burst six miles west of this place washed out one mile of railroad track. All trains are held up. Every dam between here and Sidney is washed out. This is the worst flood ever known here.

Snow in Colorado. Denver, Col., July 20.—A severe snow storm is reported from all the higher portions in the mountain districts. Three inches of snow is reported at Crystal Creek, Aspen and other points, and one inch at Leadville. The weather is uncomfortably cool, even in Denver.

Cloudburst Near Pittsburg. Pittsburg, July 20.—A cloud burst near Carnegie last night damaged property to the extent of \$20,000. The rain rose so rapidly that the miners were forced to flee to the hills for safety.

ORE TESTS.

Tests Which Western Mining Men Have Been Watching With Great Interest. From Denver Evening Post, July 15.

Through the courtesy of Messrs. Steele & Bristol, a representative of The Post was privileged to go through and examine the Beam gold and silver process mill at Fifteenth and Wewatta-streets. A favorable feature of this mill is that a man can go in and follow the entire process from beginning to end, and as the process is one of extreme simplicity it is an easy matter to examine into it. A test run had just been completed on \$4 ore, when, after the roast, there was saved by pan-amalgamation 97 per cent. of the value.

For the benefit of those not informed it might not be uninteresting to give here a general outline of the operation of a method thought by many conservative mining men to be one which will eventually revolutionize mining. The ore is first crushed to a 40 mesh when it is ready for the roast; the roaster or furnace, we are told, was the superior thing. It was there the excess of value was created over the open roast, not by making gold, for this they do not claim, but by their closed multiple method they claim to absolutely prevent volatilization, thereby saving a value that is necessarily lost in other roasters. The Beam furnace consists of a series of muffles, constructed of fire bricks and tiled six feet square and capable of roasting the entire fire as well as of ore at a charge in each muffle. When the ore is first introduced into the muffle the air is actively heated and used such time as the conversion has taken place or the chemical combination broken and the metallic values become too abundant to be carried off by volatilization. After this conversion has taken place hot air is introduced through pipes, running along the top of the furnace and controlled by valves. The time of roast averages from one to three hours and is determined by the character or nature of the ore. The cost of this process is less than 20 cents per ton, because of the fact that only a very low degree of heat is required, ranging from 400 to 600 Fahrenheit. While some of these claims may seem to conflict with the old-established rules of chemistry, it must be admitted that the actual results which are claimed for the process are obtained.

After the roast the ore is pulverized to 70 or 80 mesh, when it is treated by the old-fashioned pan-amalgamation, which we are told has in every instance shown a recovery of the entire fire as well as in many cases considerably more; this was corroborated by parties who had just completed tests. It is said this method can be operated at a very small expense, thus making it possible to treat with a handsome profit \$4 and \$5 ore. This enterprise should have the moral support of every business man in Denver and every miner in the West. And its success, which now appears to have been fully demonstrated, means much to the low grade properties heretofore idle.

The Big Six Gold and Copper Mining Co. Attention is directed to the announcement in another column of the Big Six Gold and Copper Mining Company. This company has been incorporated under the British Columbia Companies' Act of 1890 and amending acts. The company now offers for sale 50,000 shares of treasury stock at 20c per share, the proceeds to be used in developing the Yukon mining locations and other properties owned by the company. Besides these Yukon properties the Big Six has six valuable locations in the Trail Creek district and four in the Kamloops district. The opportunity of purchasing stock in this company at 20c will only be open for ten days, during which time Managing Director

Hugh McCutcheon will be in Toronto. Mr. McCutcheon has spent many years in the district and is fully posted as to the value of the locations held by this company. Shares can be had at the office, No. 2 Victoria-street, Toronto.

The Athabasca to ship Forty Tons. From Nelson, B.C., Tribune, July 10. The Athabasca mine will make another shipment of 40 tons of high grade ore to the Hall mines smelter this week. The first 20 tons of this shipment will yield over \$75 in gold to the ton. The control in this property was secured by the B.C. Gold Fields Company in May, since which time systematic development work has been carried on under the superintendence of Mr. Wing. There are at present 25 men working upon the property. It is being worked principally through a 150-foot tunnel, which gives a depth of about 60 feet. The ledge lies at an angle of about 45 degrees and averages about 20 inches in width, from 12 to 14 inches of which is shipping ore. Some 75 feet from the mouth of the tunnel a vein is being sunk upon a fine showing of ore and two inches is also being run from the present level. A nice outcrop of ore was recently discovered about 500 feet from the showing upon which the first work was undertaken. A shaft is being sunk upon it and some very good looking rock is being taken out. Although the property will make several shipments during the next few months the aim of the company will be to develop the property rather than take out ore, and with this in view the working force at the mine will be increased as soon as the opportunity offers.

Mining Prospectors Busy. Mr. Frank Veitch, who has been with Mrs. Veitch on an extensive vacation tour of the great Canadian West and the British Columbia gold fields, returned yesterday. He is greatly impressed with the magnitude of the C.P.R. and, of course, with the country which the big road traverses. Steamers plying to and from the gold territory are loaded to the limit with passenger-prospectors every trip.

SARAH IS A DAISY. A Woman Diverts Herself of Clothing and Refuses to Go Up for Trial in the Police Court.

An old customer named Sarah Henry was among the prisoners in the cells at Headquarters yesterday morning on a charge of carrying off clothing. She dressed herself in her clothing and positively refused to dress to be taken upstairs for trial. Staff Inspector Archibald objected to her being brought to the dock in the "altogether," and her case stands till to-day. When arrested Sarah was asleep on the steps of the church at College and Bathurst-streets. She was undressed, her clothes being under her head for a pillow.

Fraser Has Been Recaptured. About three months ago John Fraser, a convict at the Central Prison, escaped, and has since been wandering round the country. He has been recaptured at the farm house of David Shaw, a short distance from the village of Richmond, Mich., and will be brought back to Canada, Fraser, who sometimes calls himself Hamilton, Ewer, was convicted at Guelph of forgery and larceny and served six months of his term when he escaped. The prisoner is also wanted at Erin, Ont.

Women Swayed the Council. Los Angeles, Cal., July 20.—An ordinance has been passed by the City Council, and is now in force, which prohibits the public exhibition of pictures and posters by the vitasecure or other similar devices. The ordinance is the result of the petition of the Woman's Christian Temperance Union, and was passed upon the recommendation of the Public Morals Committee.

Mormon Pioneer's Jubilee. Salt Lake City, Utah, July 20.—The pioneer jubilee began to-day with a crowded city. Of the 2000 pioneers who entered Salt Lake Valley in 1847, there are only 65 survivors. These have each been presented with a gold badge. The badge represents the typical figures in the early history of Utah, including an accurate medallion portrait of President Brigham Young. A monument to the memory of Brigham Young was unveiled and a son of the famous Mormon made a speech.

Cuban Insurgents Whipped. Havana, July 20.—Official advices from Cienfuegos report that the Government troops have captured the insurgent positions in the Hondons Hills. Ten men and eighty women were taken prisoners, and the troops destroyed 50 huts, one of which was fitted up as a printing office. The wife of Dr. Hernandez, the so-called "Queen of Cuba," has been ordered to the Island of Pines as a prisoner.

Canada's New Eldorado

Yukon Mining Company

Head Office—16 Melinda St., Toronto.

CAPITAL STOCK—\$2,000,000, DIVIDED INTO 2,000,000 SHARES OF \$1.00 EACH, FULLY PAID AND NON-ASSESSABLE. TO BE INCORPORATED.

The Company is an auxiliary company of the Rossland Gold Mining, Development and Investment Company, and will be under the same management and conducted on the same successful lines as the parent company.

The Company is formed for the purpose of acquiring and operating valuable properties in the Klondike. Arrangements are being completed for the sending out of a party of men, under the supervision of a capable officer, to take up claims and work them.

The Company will, as rapidly as capital is received to warrant it, organize, equip and transport further expeditions to the new Eldorado—this means will enable men who desire to participate in these

Wonderful Gold Fields

to do so without experiencing the hardships customary to mining for the precious metal.

The Company offers immense advantages to investors, and those desiring to interest themselves in it are urged to act promptly, as it is the intention of the company to equip and transport at least three outfits this summer. The possibilities for wealth in this new field are beyond calculation, and indications are that the great gold boom of 1849 is to be outdone.

From The Toronto World, July 19th. "Miners returning from the Klondike loaded with gold. The half not told. More than \$1,000,000 was brought down from Dawson City and the surrounding claims. Miners say that enormous quantities of the precious metal are being hoarded in the camp, and lucky prospectors are not taking of half their wealth. New claims are being worked and there is a grand rush for Dawson City. Scores of new finds are in everybody's mouth throughout the valley, and men arriving are telling tales that make the brains of listeners swim. Single individuals have taken out in two and a half months over \$150,000 in gold."

The Subscription List is now open. Shares will be allotted in order received in blocks of 100 shares and up—at 10c a share. Address

Yukon Mining Company, 16 Melinda Street, Toronto.

YUKON GOLD FIELDS

The Big Six Gold and Copper Mining Company

Incorporated Under "The Companies Act 1890," B.C. Capital Issued \$1,000,000; Fully Paid and Non-Assessable.

TREASURY STOCK = \$500,000

DIRECTORS. J. C. CAMPBELL, Esq., Merchant, Rossland, President; ANGUS McNISH, Esq., Barrister, Rossland; WILLIAM BROWN, Esq., Accountant, etc., Rossland; HUGH McCUTCHEON, Esq., Rossland, Managing Director.

Every one now realizes the immense value of the Great Yukon Gold Fields. This Company is now sending out a force of men with complete outfit to operate placer mining claims for the Company in the

Now Famous Yukon Mines

on the Klondike and Yukon Rivers. The whole party will sail from Seattle early in August. 50,000 Shares of one dollar each of Treasury Stock is now offered to the public at 20 Cents per Share, the proceeds to be expended, through Trustees, in developing the

YUKON MINING LOCATIONS

and other valuable properties of the Company. The Company has already secured six valuable locations in the Trail Creek district and four valuable locations in the Kamloops district. This opportunity

Only Open for Ten Days

During which the Managing Director will be in Toronto. It is not the intention of the Company to offer any more Treasury Shares this year. Apply at office,

NO. 2 VICTORIA ST. HUGH McCUTCHEON, Managing Director

The Big Six Gold and Copper Mining Company

(Limited Liability).

THE KLONDYKE

AND THE YUKON

The Yukon region in Canadian Territory is attracting the attention of the civilized world. The placer mines there are richer ten times over than any hitherto discovered.

American syndicates that sent miners to that region have reaped enormous profits in a very short time. Owing to the difficulties of transportation and food, only strong syndicates and capitalists can successfully operate in that region.

The British-American Prospecting and Development Company

has been organized for the purpose of exploring, locating and working mineral lands, and the Yukon will be the principal field of its operations. Descriptions of this wonderful country and its great deposits of gold have filled columns of the Canadian and American press, and the Dominion Government reports have confirmed the facts.

OFFICERS.

PRESIDENT: John A. McGillivray, Q.C., Toronto, Supreme Secretary Independent Order of Foresters.

FIRST VICE-PRESIDENT: W. K. McNaught, Ex-President Canadian Manufacturers' Association.

SECOND VICE-PRESIDENT: Robert Scott, Mayor, Rossland, B.C.

GENERAL MANAGER: Captain J. A. Currie.

SECRETARY: H. Kiteley, Toronto.

THE YUKON GOLD COUNTRY

The Company is now completing arrangements for a strong party to proceed there this season and be in a position to operate at once. It will be thoroughly equipped in every respect, good ground will be secured and mining operations pushed with vigor. The Company is registered in British Columbia, with its head office in Toronto. Its capital stock is 3,000,000 shares, par value \$1. Dividends will be paid only on stock sold. Pending the equipment of the expedition to the Yukon, a limited number of fully paid shares will be sold at 10 cents per share. Send for prospectus and information to

SHOOTING FOR QUEEN'S PRIZE

The First Stage in the Big Match Completed.

POSSIBLES BY CANADIANS.

A Number of Our Boys Will Fire in the Concluding Stage.

King of the 45th and Broadhurst of the Royal Scots made 35 each at the 600 Yards, while Lieut. Davidson of the 8th Royal Rifles and Staff-Sergeant Marks of the 6th Fusiliers put on the Full Number at 500 Yards—Lieut. Davidson's Aggregate in the First Stage is 100 Out of a Possible 105—Good Scores in the Graphic Match.

(Telegram Cable.)
Blasty Camp, July 20.—The morning the marksmen who are contending in the first stage of the Queen's Prize fired over the 600 yards range. The wind was stiff and tricky all morning.

The shooting of the day was very good among the Canadians present. Both scored possible. Broadhurst was very steady in his aim throughout. King fired with good judgment. Lieut. Kinross put together a creditable 24 points, one of his shots missing the bullseye by a small margin.

At the five hundred yards range in the first stage of the Queen's Prize the Canadians made the following scores:

Blair, Sergt. H. C., 78th Batt.	34
Carter, Lieut. H., 8th Batt.	31
Corrigan, Sergt. J., 5th Batt.	31
Davidson, Lieut. R. J., 8th R. Rifles.	30
Davidson, Capt. W. H., 8th R. Rifles.	29
Drysdale, Sergt. J. W., Rifles.	29
Ganson, Sergt. D., 12th Batt.	28
Kinross, Lieut. G. S., 8th Hussars.	28
Kerr, Corp. H., 48th Highlanders.	28
King, Lieut. W. C., 45th Rifles.	28
Langstroth, Tr. A., 5th Hussars.	28
Mars, Sergt. W. G., 5th Hussars.	28
Miller, Gr. W., 5th R.C.A.	28
Ross, Lieut. W. L., 14th Batt.	28
Skeldon, Col. Sergt. E., 13th Batt.	28
Smith, St. Sergt. A., 5th Batt.	28
Swaine, Pte. W., 14th Batt.	28
Windatt, Corp. C. A., R.G.	28

Storm Stopped the Firing.

Toward noon the storm increased with great violence. Rain fell in torrents, accompanied with hail. There were no signs of clearing until 4 p.m. The shooting for the day.

All the Canadians who have more than 60 points in the first stage have qualified for the second stage of the Queen's Prize on Thursday.

All the 50's shot for nine places among the 300 in the second stage as follows:

Blair, Sergt. H. C., 78th Batt.	31
Carter, Lieut. H., 8th Batt.	31
Corrigan, Sergt. J., 5th Batt.	31
Davidson, Lieut. R. J., 8th R. Rifles.	30
Davidson, Capt. W. H., 8th R. Rifles.	29
Drysdale, Sergt. J. W., Rifles.	29
Ganson, Sergt. D., 12th Batt.	28
Kinross, Lieut. G. S., 8th Hussars.	28
Kerr, Corp. H., 48th Highlanders.	28
King, Lieut. W. C., 45th Rifles.	28
Langstroth, Tr. A., 5th Hussars.	28
Mars, Sergt. W. G., 5th Hussars.	28
Miller, Gr. W., 5th R.C.A.	28
Ross, Lieut. W. L., 14th Batt.	28
Skeldon, Col. Sergt. E., 13th Batt.	28
Smith, St. Sergt. A., 5th Batt.	28
Swaine, Pte. W., 14th Batt.	28
Windatt, Corp. C. A., R.G.	28

Aggregate for the First Stage.

The aggregate score of the Canadians at the three stages in the first stage of the Queen's Prize was as follows:

Blair, Sergt. H. C., 78th Batt.	29	34	31	94
Carter, Lieut. H., 8th Batt.	29	31	31	91
Corrigan, Sergt. J., 5th Batt.	29	31	31	91
Davidson, Lieut. R. J., 8th R. Rifles.	29	30	30	89
Davidson, Capt. W. H., 8th R. Rifles.	29	29	29	87
Drysdale, Sergt. J. W., Rifles.	29	29	29	87
Ganson, Sergt. D., 12th Batt.	28	28	28	84
Kinross, Lieut. G. S., 8th Hussars.	28	28	28	84
Kerr, Corp. H., 48th Highlanders.	28	28	28	84
King, Lieut. W. C., 45th Rifles.	28	28	28	84
Langstroth, Tr. A., 5th Hussars.	28	28	28	84
Mars, Sergt. W. G., 5th Hussars.	28	28	28	84
Miller, Gr. W., 5th R.C.A.	28	28	28	84
Ross, Lieut. W. L., 14th Batt.	28	28	28	84
Skeldon, Col. Sergt. E., 13th Batt.	28	28	28	84
Smith, St. Sergt. A., 5th Batt.	28	28	28	84
Swaine, Pte. W., 14th Batt.	28	28	28	84
Windatt, Corp. C. A., R.G.	28	28	28	84

The Graphic Match.

The Daily Graphic match was fired this morning. The conditions of the match and the prizes are as follows:

A silver cup, value £20 10s, and framed sketches, value £10 10s each, given by the proprietors of the Daily Graphic. Five prizes of three sketches in frame and £5; five of £5; thirty of £3; seventy-five of £2.

Only twelve members of the Canadian team took part in the competition. Their scores were as follows: Sergt. H. C. Blair, 34; Lieut. H. Carter, 31; Sergt. J. Corrigan, 31; Lieut. R. J. Davidson, 30; Capt. W. H. Davidson, 29; Sergt. J. W. Drysdale, 29; Sergt. D. Ganson, 28; Lieut. G. S. Kinross, 28; Corp. H. Kerr, 28; Lieut. W. C. King, 28; Tr. A. Langstroth, 28; Sergt. W. G. Mars, 28; Gr. W. Miller, 28; Lieut. W. L. Ross, 28; Col. Sergt. E. Skeldon, 28; St. Sergt. A. Smith, 28; Pte. W. Swaine, 28; Corp. C. A. Windatt, 28.

Notes From the Butts.

Lieut. Col. Hon. J. M. Gibson of the 13th Batt. and Commissioner of Public Works for Ontario was among the visitors at the Canadian quarters when H.H.H. the Duke of Connaught inspected the quarters with a call yesterday.

The Martins' Challenge Cup was being fired when the storm forced a cessation of work for the day.

So many possibilities were made in the Daily Graphic match to-day that it is not likely that any of the Canadians will figure prominently in the prize list.

In the Stewards' Prize to-day Lieut. Ross made 34 points.

During his visit to the Canadian quarters yesterday H.H.H. the Duke of Connaught expressed regret for the loss the camp had sustained by the death of Major Parley.

Lieut. Ross of the 13th Batt. was nominated by the wife of Adjutant Dunbar to represent her in the Ladies' Match. With great judgment he compiled a perfect score of 25, his shots being bunched on the right hand side of the bullseye.

Davidson Will Win First.

London, July 20. (Associated Press.)—In the competition for the Daily Graphic Prize, open to all comers, with seven shots at a distance of 600 yards, Lieut. Davidson scored 34 and will win first prize. The next stage of the shooting for the Queen's Prize, Lieut. Davidson was 16, with a score of 100. Langstroth had a score of 95; Kerr, who was fifty-first, had a score of 95; Pte. Simpson's score was 95. Lieut. Corrigan and Lieut. Stuart's of Vancouver 50.

Lieut. Kinross, the Canadian High Commissioner, has offered a cup for the highest score in the grand aggregate, and the Canada Club has offered one for the highest score in the volunteers' aggregate. A prize of £20 is offered by Lord Mount Stephen, but the conditions of the competition have not yet been settled.

PICKERING FARMER KILLED.

Was Driving a Mower and the Team Ran Away—In Error, Man Killed at Waterford.

Pickering, July 20.—Peter McDermid, a farmer, who lived one mile north of Pickering village, was killed this morning while cutting hay. His team ran away; he fell in front of the machine and was dragged some distance before the horses were stopped. When taken out he was unresponsive and died in about one hour. McDermid was sixty years old. He leaves a widow and two sons. The sons, Donald and Malcolm, live at Indian Head, N.W.T.

A Horse-Riding Accident.

Port Elgin, July 20.—Last evening at a barn-raising on the farm of Mr. Angus McGillivray, about two miles from this place, a serious accident occurred. While pulling up one of the last beams one of the workmen, Jackson Crowe, using a wrong rope, threw part of the timbers against some of the framework, and the whole frame fell over, demolishing the structure and seriously injuring Mr. Crowe and Mr. Schwalz. Nearly all the men were injured more or less. Many of the timbers are broken.

Unknown Man Killed on the M. C. R.

Waterford, Ont., July 20.—An unknown man, about 25 years of age, was struck and killed by M.C.R. express No. 14 while walking on the track half a mile east of here this morning. Nothing was found by which to identify him, but he was talking to the night watchman a few minutes before he was killed. He was from Hagersville and was returning there after seeking employment at Waterford.

TORONTO BOY DROWNED.

Robert McVittie fell out of a Boat at Kincardine and Lost His Life.

Kincardine, July 20.—At about 2 o'clock this afternoon Robert McVittie of Toronto, a young lad of 12 or 14 years of age, was drowned in the harbor here. It appears that he was in company with a number of lads of his own age, were playing on a boat, he being alone in the bow, the others being in the stern, when he slipped and fell. His companions heard the splash, but did not see him fall, nor did they know he was again. It is presumed that in coming to the surface he must have struck the bottom of the boat and been struck by the body was recovered after being in the water about an hour.

THE EXHIBITION SPECTACLE.

Mr. Penon, the Board's Agent in England, Reports Most Flattering.

Manager H. J. Hill has heard from Mr. S. R. G. Penon, the agent of the Exhibition Board in England, to arrange for and to purchase the necessary properties for the reproduction of the great Diamond Jubilee procession. Mr. Penon reports that he has secured the services of Mr. and Mrs. Henderson as directors and supervisors of the spectacle. Mr. Leohy Hart as assistant and Mr. William Charlton as costumer. All these people are the very best in their lines. Mr. and Mrs. Henderson being directors at the famous Earl's Court, Mr. Leohy Hart the scenic artist at the same place and all of the courts of Europe. Mr. Charlton costumer to Her Majesty and controller of all the royal theatricals. Mr. Penon says the costumes will be more varied and brilliant than promised, all the royal people in line being presented, including Her Majesty and her brilliant staff and dazzling retinue of princes of India. Every branch of the Imperial or colonial services, military, naval and police, will be represented, while the different regiments will be on the gigantic scale of 500 feet frontage and 80 feet high. There will also be produced a series of tableaux vivants, reproducing all the principal historical pictures in Buckingham Palace and Windsor Castle, on a platform 50 feet wide and requiring the use of 150 costumes and the employment of 100 persons. Mr. Penon concludes by saying: "To sum up, in my opinion that we are going to have a better show in every particular than we promised."

Died on Her 26th Birthday.

In the chapel of St. Joseph's convent yesterday morning requiem masses was celebrated for Sister Mary Corona (Miss Brennan), who died in the convent on Sunday in her twenty-sixth birthday, after spending four years in religious life. Her father, Mr. J. Brennan, resided in the city. Her mother, Mrs. Brennan, resided in the city. Her father, Mr. Brennan, resided in the city. Her mother, Mrs. Brennan, resided in the city.
