NINETEENTH YEAR

CONVULSIONS DURING THE NIGHT

Bumor that it is Proposed to Make More Senators.

The Last Resort to Be Taken in Order to Get the Yukon Bill Through, Namely an Effort to Call a Special Session of the Senate to Consider the Bill.

Ottawa, March 25.—(Special.)—What the reason for the delay on the part of the Government in bringing the Yukon Railway bill to the Senate to a climax? Urgency has been assigned right along as the reason why the Ministry entered into the contract before the meeting of Parliament, and why the bill was forced through the Commons to the detriment of all other business.

The startling rumor is current to-night that the delay is due to a desire on the part of the Cabinet to secure the assent of Her Majesty to an increase in the number of Senators, in order to all the chances of the railway bill passing in the Upper House.

The three divisions referred to are Ontario, Quebec and the Maritime Provinces. Only once has a Government attempted to increase the number of Senators in the Confederation Act.

PAIN IN STORE FOR WILLIE.

CONFESSION TO CANADIANS.

Our Mines Can Take 150 Mines in Alaska Without Being Naturalized.

Washington, D. C., March 25.—An agreement has been reached by the Conference of the House and Senate on the Alaska bill, which provides that the United States will not have to be naturalized to take up mines in Alaska.

There is nothing more important than the after-smoked of a poor cigar. If you are going to smoke indoors, you had better take up the best cigars from Muller. His cigars are always well-seasoned and made from the best tobacco leaves grown on the island of Cuba. Muller's cigars are the cigars your wife likes.

THE BATTLE-SHIP MAINE WAS BLOWN UP BY A SUBMARINE MINE.

REPORT OF AMERICAN COURT OF INQUIRY BEFORE THE CABINET—SPANISH COMMUNIST STATE THAT THE EXPLOSION WAS INTERNAL—SPAIN WILL NOT TURN BACK THE TORPEDO FLOTILLA—ONE YANKEE OFFICER WHO IS ANXIOUS.

Washington, March 25.—The Court of Enquiry appointed to investigate the cause of the Maine disaster has reported that the loss of the battleship was due to an outside explosion. The State Department, by direction of the President, has called United States Minister Woodford at Madrid to verify the Spanish Government of this conclusion.

The President and his Cabinet advisers held two extended sessions to-day, one at 10.30 a.m. and another at 3.30 p.m., at which the report was considered in detail. Members of the Cabinet stated after the meeting that the discussion was of a grave character, and that never since the wrecking of the Maine has the situation seemed so critical.

Madrid says Internal. The Spanish Government has called officially to Washington that the Spanish naval commission holds the disaster to the Maine to be of internal origin. The Government of Spain, it is stated, is not anxious to turn back the torpedo flotilla now proceeding from the Canaries, and would be disinclined to consider a suggestion that the Government should tend to interfere with the disposition by Spain of her own forces. War preparation on an unprecedented scale is being hurried to completion by the Spanish Government, and the country practically is on a war footing.

An Eventful Day. The foregoing gives the record of one of the most eventful days of the National Capital since the outbreak of the Spanish War. It was a day of profoundly important action in naval and military activity, one step following another in rapid succession. Representative men of the administration, public men in all branches of the Government, and the highest officials, not indeed, was it possible to assemble in the city for the purpose of the developments of the day, to minimize the disaster.

Delivery of the Report. Viewed in detail, the finding of the Court of Enquiry was the most vital event of the day. Judge Campbell, president of the Court of Enquiry, delivered the report to Secretary Long early this morning. The report was read in the Senate Chamber, and in the House of Representatives, and in the hands of the President. The report was read in the Senate Chamber, and in the House of Representatives, and in the hands of the President.

General Doyle Receives Orders. Buffalo, N. Y., March 25.—General Peter C. Doyle of this city, commanding the Fourth Brigade, New York State National Guard, received orders late this afternoon to hold the officers of his brigade within the city, and to remain in readiness to move at a moment's notice. The report of the Spanish Government that the explosion was of internal origin, and that the Spanish Government was disinclined to consider a suggestion that the Government should tend to interfere with the disposition by Spain of her own forces.

ONE OFFICER ANXIOUS.

E. S. Warships Would be in Peril in the Neighborhood of Spain's Torpedo Boats.

Key West, Fla., March 25.—It was not until to-day that the news of the departure of the Spanish torpedo boats from the Canary Islands became known to the naval officers here. The feeling created was hostile, especially among the officers of the torpedo boats which are in this harbor. One officer, however, who is anxious, said: "If the United States allows the Spanish boats to get to Porto Rico it will be the greatest mistake ever made. They are a greater menace to the safety of the United States than any other force. Spanish navy was brought to these waters. At Porto Rico they will be nearer to Havana than Key West. Only two torpedo boats are in the harbor. They would have any chance of getting away from the Spanish torpedo destroyers. The Iowa, New York, and Indiana, being 15 to 20 miles off land, would practically be out of the water. A Spanish torpedo

Stikine River Reported Open in Many Places Already.

Cremonese Increase in the Salmon Pack Over the Previous Year—Bill in the Legislature to Prevent Foreigners from Coming in to Work—Rich Strike of Gold on Walsh Creek.

Victoria, B.C., March 25.—Warburton Pike who is just back from Glenora, says the Stikine is open in many places and will likely be open for navigation very early this spring.

The Salmon Pack. Statistics of the British Columbia salmon pack for last season, just compiled by Messrs. R. P. Rithet & Co., give the following totals: Fraser River pack, 860,450 cases; Skeena River, 65,905; Rivers Inlet, 40,207; Nass River, 20,847; Lowe Inlet, 10,966; Namu Harbor, 4,457; Alert Bay, 882; West Coast Vancouver Island, 4134. The total pack for the season is 1,015,477 cases, compared with 897,570 in the previous season.

Shipments made during the season were as follows: By sea to England, 738,704 cases; covered, 44,320; Eastern Canada, 120,515; to Australia, 28,519; to other destinations, 221.

Four thousand eight hundred and twenty-three cases were sold to local men, and salmon dealers have stocks amounting in all to 74,000 cases yet on hand.

Against Foreign Labor. The Legislature amended the Master and Servant Act, introduced by Mr. McPherson, so as to limit its application to contracts made outside of Canada.

The bill was directed against the bringing of laborers to the province from other places under contract to work, presumably for the purpose of competing with the British Columbia. As it passed its second reading the measure applies to laborers from other parts of Canada as well as those from foreign countries, but in committee Premier Turner moved and carried an amendment limiting its application to contracts abroad.

Strike on Walsh Creek. A letter received from W. H. Burkholder of this city says that on Walsh Creek a very rich strike has been made on his claim. He found gold on the surface and in the gravel nuggets about the size of peas. Burkholder and forty others were working on the strike recently, and when the news of the strike reached them the whole camp stampeded to the place and new comers are still rushing in.

Mr. W. Galt has been appointed manager of the Toronto Ferry Company. Mr. W. A. Eason, the former manager, has resigned. A fire at Brady's coal and wood office, Adelaide and Charlotte streets, caused \$15 damage early yesterday morning.

Rev. George M. Wrong, 460 Jarvis street, has been named for funds in aid of the Working Boys' Home.

At the Assizes yesterday the action of David J. MacFarlane against the Toronto Piano Company over a piano deal was dismissed.

Rev. W. Herald Stacey, pastor of St. John's Church, Mendon, Mich., will preach in Elm-street Methodist Church tomorrow morning at 11 o'clock.

The first schooner to sail from Toronto this season was the Gordon Jerry and the Maybird. They left yesterday morning, light to cross the lake.

The official Board of Berkeley-street Methodist Church met last night and decided to invite the pastor, Rev. J. O. O'Neil, to remain with them another year.

The reason that Mr. Thomas Taylor was refused a shop liquor license on McCaul-street was due to the fact that the site was too near to St. Patrick's School and not on any personal grounds.

The Queen's University Association of Toronto will meet for dinner at Webb's today at 8.30 p.m. Professor Short of Queen's will be present and will deliver a short address on "Modern International Relations."

The Rosedale League of School Art will give a musicale in the theatre of the Normal school today at 8 o'clock. The Canadian gallery will be open from 1 till 4, so that those attending the musicale may spend a little time there.

SIMPSON'S Canada's Modern Departmental Store

BACKED BY EXPERIENCE!

A well-organized, well-managed store, with experienced men in charge and a constant infusion of new brains to tone up the business. We're not buying and selling at random. We're not even accepting all that's told us about qualities. We investigate, compare, and we want you to do the same.

This store is splendidly equipped for the biggest kind of trade. Such values this spring as never before seemed possible. Such an assortment of novelties as no other store in Toronto can or will show. The new stocks of Dress Goods and Silks emphasize beyond everything else that we mean to take and hold the lead in Dry Goods of every sort.

We've lifted the store above its own level, so that what was good before is excellent now. We expect to grow into still wiser knowledge with your help. Success marks the satisfaction we aim for, and we've mapped out a policy that's working charmingly now, and will right along.

New Spring Silks

The following are representative of the extremely low prices prevailing throughout the Silk Section for high-class silks. The advantage buying silks here is the certainty of quality always—and then prices always lower than elsewhere—a result of our very large silk trade:

28-inch Black and Printed Satin Fustians, special... 50c

22-inch Fancy Ombre Checks, choice array of colorings for stimulating waists, special... 1.00

W. A. MURRAY & CO., TORONTO.

THE LATE L. P. KRIBS.

Remains Arrived at the Home of His Childhood, Where the Interment Will Take Place on Monday, March 26, at 10 a.m.

The body of the late Mr. Louis P. Krebs was taken through Toronto yesterday morning for interment at Hespeler, where the funeral will take place at 2 o'clock tomorrow. Mrs. W. A. Krebs, M.L.A., brother of the deceased, and Mrs. L. P. Krebs accompanied the body. At the Union Station two floral tributes were laid on the casket, one from the Toronto newspaper men and the other from the members of McKinley L. O. L. No. 27. Among those who met the remains at the Union Station were Messrs. W. Kennedy, John Garvin, Alex. Burgess, William McKinley, C. Noble, R. Burns, J. J. McCaffrey, H. Jessiman, R. Adams, T. Lloyd, William Lee, R. Simpson and W. Davies.

The arrival at Hespeler. Hespeler, March 25.—(Special.) That it is soothed by the late Louis P. Krebs arrived here this afternoon on the 5.30 train from Toronto. He was accompanied by his wife and his brother, Mr. William A. Krebs, M. L. A. The remains were taken to his father's residence, where the funeral will take place to-morrow afternoon at 2 o'clock.

Mr. Krebs' death. The individual life of another was never despised by the late Louis Krebs. Although he personally did not value human life more highly than it ought to be valued by a normally healthy man, he always tried to make the life of brother-man, especially if he were dead, as he went over life's rugged pathway with his hearty sympathy, which had the power to bring of optimistic enthusiasm in it.—Toronto Star.

The late William Newcombe. Many friends attended the funeral of the late Dr. William Newcombe, which took place at 2 o'clock yesterday afternoon, from the residence of Dr. Barrick, 60 Bond-street, to Mount Pleasant Cemetery. Dr. Newcombe was formerly a well-known practicing physician in this city, and his brother, Dr. James Newcombe, at Richmond and Church-streets, where the Newcombe piano factory now stands. After practicing here for some years, Dr. Newcombe went to Victoria, B. C., and afterwards to San Francisco, Cal., at both places practicing his profession. Then he came to Toronto and lived here until his death. He was 60 years of age. His chief mourners were Octavius and Henry Newcombe, brothers, and Dr. Barrick and A. J. Mason, brothers-in-law of deceased. The funeral services were conducted by Rev. W. F. Bowles, of the Metropolitan Church.

Mr. Clemes' sudden death. Mr. John C. Clemes of 28 Maynard-avenue died suddenly of heart disease after retiring to rest on Thursday night. He was the senior member of the firm of Clemes Bros., wholesale fruiterers. He resided in Port Hope until a few years ago, where he was a major in the 46th Battalion. He fought all through the Northwest rebellion with the late Lieut-Colonel Williams. In Toronto he was a prominent official of the Dundas-avenue Methodist Church. He was a life-long Conservative, and President of the Port Hope organization for some years. He was 50 years of age, and leaves a widow, eight sons and one daughter.

The remains will be interred at Port Hope on Monday, and the members of the Parkdale Curling Club, of which Mr. Clemes was past president, are requested to attend at his late residence on Monday at 7 a.m. to accompany the remains to the Union Station.

Crayon and combs. Cartoonist Beagough delighted a large audience at Upper Canada College last night by his clever caricatures and comely sketches. He was in good form, and rendered his selections with a freedom and skill that stamp him as without a peer in America. He was roundly applauded at every turn. His picture of Principal Parkin was especially happy, and was greeted with prolonged cheers by the students. Coffee and cake were served to visitors.

DRS. K. & K. WE CURE STRICTURE

Thousands of young and middle-aged men are troubled with this disease—many unconsciously. They may have a smarting sensation, small, twisting stream, sharp, cutting pains at times, etc. etc. etc. Dr. K. & K. have a new method of treatment which cures the disease permanently. It can never return. No pain, no suffering, no detraction from business by our method. The actual organs are strengthened, the nerves are invigorated and the bliss of manhood returns.

DRS. KENNEDY & KEGAN

Michigan-ave. and Shelby-st., Detroit, Mich.

We must not forget any time to tell of the advantages of our Mail Order System, for it brings untold benefits to the thousands of shoppers who cannot come to Toronto and shop in person.

AT OSGOODE HALL

Monday's List

Non-jury sittings at 11 a.m.—Toronto v. Toronto Railway, Jamieson v. Landon, Canadian Bank v. Tew (two cases), Can. Permanent L. & S. Co. v. Traders' Bank, McArthur v. Walters.

New York Caspary

Henry A. King & Co., 12 King-st. east, received the following despatch to-day from New York:

The depression in the stock market today was ascribable to the influence of the strained relations between Spain and the United States. The published morning news was regarded as expressing the chances of war and private advices from Washington were equally pessimistic.

Chicago Receipts

Receipts of wheat at Minneapolis and Duluth to-day were 310 cars. Argentine shipments of wheat this week have been 2,360,000 bushels, as against 850,000 last week, 10,000 bushels, as against none last week.

Canada's exports

Of Canada's exports of maple sugar and syrup 25 per cent went to the United States. In 1917 the value of the sugar crop was \$25,125,188, and of the syrup \$10,186,461,826, 1887, \$31,387,187, last year only \$511,700 worth of syrup was sold abroad.

ST. LAWRENCE MARKET

The receipts of grain to-day were larger than for some weeks, 3000 bushels all told. Rye, 1000 bushels sold at 35c. Barley steady, 500 bushels selling at 35c. Oats, 100 bushels sold at 33c to 34c.

WHEAT STILL WEATHER WEAK

Large Argentine Shipments and Prevalent Good Weather.

Combine With the War Scare to Shake Prices—Consent Grains in sympathy—Liverpool weaker—Lard down—General Gasps from Chicago.

LOCAL LIVE STOCK

The receipts of live stock at the Cattle Market to-day amounted to 55 carcasses all told, composed of 67 calves, 273 sheep and lambs, 25 calves and 2500 hogs.

Chicago Markets

Henry A. King & Co., 12 King-st. east, received the following despatch to-day from Chicago:

ESTAB. 1843 SCORES ESTAB. 1843
