## DEFENSE OF PORT ARTHUR CUT OFF BY A SLEEPING RUSSIAN DEFEAT

### Tellsu Seized by Mikado's Men After a General Advance On the Position

### JAPS' LOSS ONE THOUSAND MEN

Tokio, June 16.—(5 p.m.)—The Russian force of relieving the pressure on Port Arthur by threatening the rear of Gen. Oku, the commander of the Japanese forces investing the Russian stronghold, came to an end yesterday at Taisan, a point on the railroad 20 miles north of Kinchoo, and 35 miles north of Yafanow, when the Russians were out-maneuvred, enveloped and sweepingly defeated. THEY LEFT MORE THAN 500 DEAD ON THE FIELD, AND THE JAPANESE CAPTURED 300 PRISONERS AND 14 QUICK-FIRING FIELD GUNS. The Russians retreated hastily to the northward.

The Japanese charge that the Russians violated the Japanese flag. Certain officers aver that during the fighting a body of Russian soldiers appeared carrying a Japanese flag, and that the Japanese artillery, deceived by this flag, ceased firing on that particular body of Russians. Official despatches from the Japanese commanders made specific charges of this flag violation.

### EARLY ESTIMATES OF THE JAPANESE LOSSES AT TELISU SAY THAT 100 MEN WERE KILLED OR WOUNDED.

The Japanese attacking force was divided into right and left columns, and began the advance on Tuesday along both sides of the railroad. They encountered the Russians east of Vafandien and drove them back. At 8 a.m. on Wednesday the Japanese held a line between Tungwanlio and Tafangshen. The Japanese army opened on this line, and the Russians responded. The shelling continued for two hours, and it was followed by the advance of the Japanese line to a position extending from Tungchiangto to Yuhoton. Darkness put an end to the fighting. The Japanese despatched a column to the westward toward Fuchau for the purpose of covering the Russian right wing and protecting their left and rear.

### General Attack Planned.

During the night it became apparent that the Russians were being reinforced, and it was decided to make a general attack in the morning and force the Russians into a defile back of Telisu. When morning came, it was discovered that the Russians held a line extending from Tafangshen to Chengtsushan, with a force estimated at more than two divisions. The Japanese planned to envelope the Russians near Telisu, and they succeeded admirably. While the main Japanese force was moving north along the railroad, columns were swung to the left and to the right and finally met at noon on the main Russian position. The Russians in this position were at a disadvantage, but they held it with determination until 9 in the afternoon. At this hour they were routed. The Japanese cavalry continued to pursue the enemy, and probably inflicted considerable punishment.

The Japanese commander makes no estimate of the Russian losses, but says they were probably great. Among the Russian officers captured by the Japanese is a colonel of the Fourth Regiment of Rifles.

### ESCAPED AGAIN.

Tokio, June 16.—Fortune again favored the Russian Vladivostok squadron, as a storm hid its movements from the Japanese scouting vessels. The Japanese squadron is in hot pursuit, and the crews are keenly eager for a fight. The Russian is reported to have reached harbor.

### JAPS LOST 1000.

Tokio, June 16.—At 10 o'clock on Wednesday morning the Japanese transports Sado and Hitsuji, encountered three Russian warships, were stopped and sunk by torpedoes. The loss in lives is probably under 100. Many tons of large quantities of supplies were also on board.

### FROM RUSSIAN SOURCES.

St. Petersburg, June 16.—(6.30 p.m.)—Special despatches, dated June 15, from Vanfangow, say the Japanese during the first day's fighting had a battery of six-inch guns. These reports unite in saying that the Russians several times repulsed the enemy, speak of a force of 200 Russians and 300 mounted Chinese. The Japanese losses, which include a number of prisoners captured, were much heavier than those of the Russians. The first day they estimated that the enemy's batteries fired 200 rounds.

### RUSSIANS ADVANCING.

London, June 17.—The correspondent of The Daily Mail at the Japanese headquarters, advicing from Antung, under date of June 16, says that the Russians are advancing and have occupied Jonyenpu, Sunemuto and Sanchiatou, and that a battle is expected immediately.

### CHINESE WITH RUSSIANS.

Tokio, June 16.—A detachment of the army under Gen. Kuroki captured the town of Suyen on Sunday after routing and defeating a force of 200 Russians and 300 mounted Chinese. The enemy retired toward the Taio River, where they made their three dead and two wounded men belonging to the 15th East Siberian Regiment. The total of their losses is not known. The Japanese sustained no casualties. This is the first actual report of the Chinese bandits fighting with Russian troops, and it may mean that the Russians have enlisted large numbers of these irregulars.

## WON'T ASK FOR ARBITRATION FOR RECOGNITION OF UNION

### Men Quite Satisfied to Leave Matters With Committee Under 1903 Agreement Terms.

The conciliatory committee appointed by the Street Railway Employees' Union sent a communication to the manager of the company yesterday, asking him to set an hour at which a conference might be held with the committee named by the company. No reply had been received last night, but this was not taken as any indication that the company would not treat with the men named at the union meeting. The request was sent at a late hour, as the men were not at their headquarters until the afternoon.

At noon yesterday, W. H. Moore, assistant to President Mackenzie, handed out a statement to the effect that Mr. Moore would act as a conciliatory committee to meet the Street Railway Employees' Union at 10 o'clock to-day. The committee to be named by the employees, as provided for in the agreement made last year. Mr. Moore questioned whether the company would recognize the three men nominated by the union meeting.

It will be remembered that the company refused to recognize a similar committee appointed last year, and the men arranged for a general mass meeting of employees at which the same men were selected. Any similar objection this year would be met by the same course of action. The men will insist upon recognition of the union if the whole question goes to arbitration. They would not risk the sacrifice of a principle to the judgment of one man, as the case would undoubtedly be in a board of five members.

### Believe in Peaceful Outcome.

The temper of the men appears to be less aggressive, and the effect of a position to that there will not be any strike. A member of the conciliatory committee said last night that he did not think there would be much time consumed in discussing the matters at issue between the two committees, as all of the members in both sides served on the bodies that in conference last week. The issue is a narrow one, and the men are confident that arbitration resorted to at once as provided under the agreement of 1903.

The union officers have had a general opinion in regard to the arbitration clause, and have been advised that it does not expire with the agreement, but will bind the regular and perpetually. This was welcome news to the labor men, who are confident that they will take measures to be fairly dealt with by a board of arbitration.

### The Question of Wages.

Chairman Pickles of the executive board last night gave this statement: "Owing to the erroneous statements appearing in the evening press from time to time to the effect that the men of the Street Railway motormen and conductors are receiving a maximum wage of 22 cents an hour it became necessary for me to call all the men to the men to correct such statements. The minimum wage of the men at the present time is 13 cents per hour, which latter is paid after one year's service. A few time sheets are so arranged that the regular day men working on the lines covered by these time sheets make 10 hours or 12 per day. The majority of the men are on 9 to 1-2 hours or 1.50 and 1.90 per day. And now we consider the wages paid to night or relief men the average is much lower. These men work from 12 to 9 hours a day and are paid \$1.20 per day. The majority of the men, however, only earning about \$1.60 per day. The average wage paid to 400 men working regularly is about \$12 a month, while about 200 extra men whose work is irregular receive much less. The wages are increased cost of living in Toronto, which is exceedingly high, and we claim a ratio than wages. A majority of the men are married, and they especially experience great difficulty in meeting their financial obligations."

### FOR GOVERNMENT OWNERSHIP.

Sir Mackenzie Bowell Criticizes the G.T.P. Contract.

Ottawa, June 16.—(Special.)—Sir Mackenzie Bowell, in a speech made in the House of Commons, yesterday, criticized the Grand Trunk Pacific Railway scheme in an amendment declaring the present agreement inexpedient and favoring a governmental railway.

Senator McMullen asked if in view of the dependence of the large part of the Canada upon a foreign country for a fuel supply, as demonstrated by the recent fuel famine, the government would take measures to encourage the industry.

## DUNDONALD PREPARES HIS CASE COVERING THE WHOLE EPISODE

### His Speech in Montreal Was a Result of a Carefully Con- sidered Resolve.

Montreal, June 16.—(Special.)—A prominent Liberal, who is an intimate of Lord Dundonald, said to The World to-night that Lord Dundonald has a statement in preparation which will cover the whole ground of the recent trouble in the militia. There is no doubt that his speech in Montreal was the result of a carefully considered resolve.

He declared: "The policy by which the government virtually endeavors to force its officials of every grade into becoming cast's paws for all manner of petty and questionable practices, was quite intolerable to a man of Lord Dundonald's honorable instincts, and the fact that he used his high position, and was not afraid to make use of the peerage as his social rank bestows, to call attention to what he considered an evil, whatever the personal cost might be, has led to the government into condemning what any honorable body of men should be the first to commend."

### DUNDONALD AT THE QUEEN'S.

Not Decided How Long He Will Stay  
Ere Going to Ottawa.

Lord Dundonald arrived in the city last evening from London, accompanied by Capt. Newton, A.D.C. To the party of newspapermen who followed him to the Queen's he intimated that he had nothing to say concerning past, present or future.

It was not definitely decided just how long Lord Dundonald would remain in Toronto before proceeding to Ottawa. The Globe statement that the telegraphic message sent to Lord Dundonald was marked confidential is incorrect. A literal copy of the telegram was given in yesterday's World, and nothing to that effect appeared in it.

## PAPERS KEPT FROM THE PRESS CONTRARY TO CUSTOM OF HOUSE

### Significant Admission Made by Hon. Sydney Fisher in a Letter to Clinton Benham.

Ottawa, June 16.—(Special.)—Further correspondence in connection with the dismissal of Lord Dundonald was laid on the table of the house late to-night, just before adjournment.

The press was denied access to this correspondence. As soon as the house adjourned all the documents were taken in charge by house officials.

Contrary to practice, all the papers were immediately transmitted to the printing bureau officials guarding their precious contents as if they had been a shipment of gold. The object of this extraordinary course became apparent when Hon. Sydney Fisher handed out on his own account duplicates of those letters which are favorable to his case.

These, which are a very laborious defence of the conduct of the minister of agriculture, if they may be so termed, were designed to go to the country in advance of the complete correspondence which will prove highly damaging to the government.

One extract from a letter written by Hon. Sydney Fisher to Clinton Benham, a significant admission, "I REALLY THINK," Mr. Fisher says in this letter, "THAT COL. SMART IS DESERVING OF A RE-EXAMINATION WITHOUT ANY POLITICAL LEANINGS."

This admission from the minister of agriculture is entirely contradictory to Fisher's contention that Col. Smart was trying to make a Tory preserve of the new corps, and that Hon. Sydney Fisher slipped it with the object of giving the two parties equality in the best of the offices.

## GIRL DESERTED AT ALTAR FOLLOWS HER FIANCÉ TO ST. LOUIS

But Jack Willis' Toronto Friends Are  
Much Inclined to Doubt the  
Story She Tells.

St. Louis, Mo., June 16.—(Special.)—Miss Audrey Norton of Toronto, fiancée of J. H. Willis, who attempted to jump from Ead's bridge on June 8, to-day arrived here in search of him. Going to the four courts she asked Chief Kieley to help her find the man she loves, who she believes, tried to end his life because he jilted her.

## DEATH LIST EXCEEDS 700 IN DISASTER TO EXCURSION

### Hardly a Parallel Where Death Came to So Many in So Brief a Period of Time.

Explosion on Staten Island ferryboat Westfield on July 30, 1871, fifty persons killed and hundreds injured. The Atlantic, of the White Star Line, wrecked near Halifax on April 1, 1873; 600 people lost. The Ville de Havre, a French mail steamer, sunk on Nov. 22, 1873, by the Lochearn; 313 persons lost. The excursion steamer Princess Alice, returning from Gravesend to London on Sept. 2, 1898, was run down off Hurlingham by the Bywell Castle; about 600 persons lost. The British steambomb Seawanhaka on June 28, 1899; 175 persons drowned and 300 persons lost. Sinking of the steamer Elbe on Jan. 30, 1895; 330 persons lost. La Bourgogne sunk on July 2, 1898; 371 lost. Burning of the Saale, the Bremen and the Main, of the North German Lloyd Line on June 30, 1900; more than 100 lives lost. Iroquois Theatre fire, Dec. 30, 1903; 287 lives lost. The Victoria excursion steamer, sunk at London, Ont., May 24, 1881; 188 lives lost.

New York, June 16.—With unceasing effort, search is going on for the bodies of those who perished yesterday in the disaster to the General Slocum. What the list of victims will total scarce none dare venture to guess, but whatever the number may be there hardly is a parallel in the history of fires where death came to so many in so brief a period of time. Police and health department officials have placed the number at a figure as high as 1000 and more, but to-night it would seem that the maximum fatality will largely exceed 700.

All day long, from sunrise until darkness, shut off even the melancholy satisfaction of watching for the dead, anxious searchers kept up their vigilance, and at dusk there had been recovered 517 bodies, for the great part women and children—mothers, who some ago had planned that fatal outing for their children; little ones who had longed for the coming of that fair day.

Up to dusk 499 bodies had passed through the morgue and of those more than 200 were identified. The east side has its human sympathies aroused to the fullest extent, and down by the river, where the boats unloaded their dead, thousands gathered through the day, streets leading to the morgue were blocked, and only with difficulty could the police keep clear the passage leading to the long rows of coffins for those that came to search for the missing.

Perhaps the most remarkable case in the many appalling experiences of those who were on the Slocum was that of Miss Clara Hartman, who was picked up Continued on Page 5.

## BOY MANGLED BY ROLLEY ONE CAR HID THE OTHER

### Nine-Year-Old John Falardeau Victim of Accident at Don River Bridge.

A nine-year-old boy, John Falardeau, whose home is at 156 Eastern-avenue, was instantly killed by a street car last night. The fatality occurred at the night-street Don bridge. The little chap attempted to cross the street by hand and a car running east, and got directly in front of one from the west. He fell on the fender, which the motorman dropped, but rolled off and the car passed over him.

The body was fearfully mangled and was taken to the morgue. The boy's father is employed in Wicket's tobacco store. The car was in charge of Motorman H. H. Harris and Conductor Michael Douglas.

### AWKWARD SITUATION.

If Canada Asks for Another Officer  
From Great Britain.

(Canadian Associated Press Cable.)  
London, June 16.—The Glasgow Herald says the gentlemen composing the committee of the privy council are only a little more dexterous, but not a whit less offensive, than the servant whom they rebuke and reject, where the making of charges is concerned, but the most remarkable portion of the report amounts to a declaration that if Mr. Fisher had been guilty of a gross political interference, it was the duty of Lord Dundonald to look passive and hold his tongue. Such an assertion argues that the government at Ottawa entertain a very lofty notion not only of their own impeccability, but of their immunity from criticism.

The Edinburgh Scotsman charges Sir Wilfrid Laurier, in bringing Lord Dundonald to task, with having an eye to the interests of the eastern provinces. The London correspondent of the Scotsman states that if the Canadian government approach the war office for the services of an imperial officer, an awkward situation will be produced, as it is unlikely any other officer of distinction would care to accept.

HANDS IN RESIGNATION

Continued From Page 1. Liberal friend of Senator Gibson. It is said that had Singer been a Conservative there would not have been any doubt about Major Merritt being given an extension of time. It is also stated that there was an arrangement by which Lieut. Lane, a qualified officer, who served some years in the battery, was to be the next commanding officer. He is duly qualified, but then he is a Conservative, so the wires were pulled. Senator Gibson wrote to Dr. Borden, minister of militia, and Dr. Borden wrote to Col. Otter. The arrangement was repudiated, and Singer was gazetted.

Both to Talk. While there is deep resentment all thru the lines, owing to such cases as these, the men who are willing to speak out in private conversation are loath to talk for publication. It was explained by one that the reason for this was that many of them had been years in the militia and had had anything that would spoil their chances of promotion. To reach the position of commanding officer, the ambition of most of the officers. To criticize the system that is undoubtedly doing damage to the force would mean extinction. Every soldier knows what discipline means.

But notwithstanding this there has been considerable talk of holding a meeting on Sunday afternoon to protest against the treatment of Lord Dundonald. There was a small gathering of officers to-day, when the matter was discussed, but the older heads pointed out that it would be a rash thing to do. And so there was no indication meeting.

Fine Type of Canadian. Col. Roland W. Gregory is a fine type of Canadian officer. He is commanding the 2nd Dragoons, with headquarters at St. Catharines, for several years, during which time he has been in the front of all ranks. Beyond the middle height and robust, he possesses a fine soldierly appearance at the head of his column. The colonel came into prominence four or five years ago at Niagara, when he was lectured by the general officer commanding, Gen. Hutton, for a charge of his brigade on the Niagara common. Lady Hutton and her numerous suite occupied the opposite side of the common. This was the review point. Gen. Hutton was anxious to provide some entertainment for the ordinary for Lady Hutton and ordered Col. Gregory to draw up a cavalry brigade on the opposite side of the field. At the word of command the whole brigade gave a fine imitation of the charge of Balclutha, the imaginary being that about the spot where Lady Hutton's carriage was. It was a dashing charge, and nothing like it has been seen before or since outside of actual warfare, but the distressing feature of the affair was that Lady Hutton was thrown into the water by the matter that Col. Gregory's cavalry would not draw up before she and her suite were done. The incident, however, was within a few feet of the governmental carriage. That night Col. Gregory was compelled to resign his position, and the remarks of the general were most picturesque. The whole country rang with praises of the gallant colonel and his Dragoons. In everyday life Col. Gregory is a genial sort of fellow, an amateur politician and a splendid stump speaker.

His First Duty. A young curate in England was once asked to take a class of girls of about 15 or 16, which had formerly been taken by a lady. After a time the young curate consented, but insisted upon being properly introduced to the class. Accordingly, the next Sunday the superintendent took him to the girls for this purpose, and addressing them, said: "Young ladies, I wish to introduce to you Rev. Mr. Chapp, who will in future be your teacher. I should like you to tell him what your former teacher did so that he can go in his same way. I immediately a demure young miss of 15 rose and said: "The first thing teacher did was to kiss us all round."

Sporting Notes. Otto Siefeloff of Chicago and Dick Fitzpatrick put up an exhibition of marksmanship before the Empire A.C. of Chicago on Tuesday. The match was a fast one, and the fighting was clean through. The fourth round Siefeloff was staggered with a crashing shot on the mouth, but he recovered and came back with a rush in the next round, and more than evened matters. The final round was even, and the decision, a draw, was well received. Coach James A. Ten Eck has signed a contract with the university athletic club covering ball of Syracuse to continue as the range crew coach for two years. The contract was signed at the University Club Saturday night. It was not until yesterday morning that it was made public. Coach Ten Eck went there two years ago from New Orleans, where he was coaching the aquatic instruction of a boat club. His success in Syracuse was instantaneous. The election separate schools will be held here a half holiday in order that the boys and girls may be enabled to take part in the games to be run off at Exhibition Park this afternoon at 2 o'clock. All the schools will take part.

BLAME FOR ASSIGNMENT AS CAUSE OF ASSIGNMENT

Adams and Jones, Butchers, Unable to Continue Business, for Reasons Given.

"It is the market down there that has ruined us." This is the reason given by Walter Adams of Adams & Jones, butchers, of St. Lawrence Market, for their assignment. "We attribute our loss to going to the new market," he continued. "We are the first to fail, but there will be others. Of course we shall never be there now we are out of it, but the city ought to move the shops. They are bound to. People can't make a living. At the high price of all meats one must make the most of everything. There is no outlet to sell rough meat in the market. Farmers used to come to the old market and buy it, but now we have to throw it away. The city will soon have the market on its hands, another St. Andrew's."

Mr. Adams gave the names of several other market butchers who were able, he said, to corroborate these views. "We have turned over all our stock and if the two shops and the horses are properly sold there will be pretty nearly 100 cents on the dollar. It cannot be the first time we have been in difficulties. We have done business straightforwardly and honestly and we wanted to get out honorably and not owe a lot of money. "We could have got plenty of credit if we had wanted. The bank would have given us \$500 any time. We have been dealing with Harris for six years and have paid him in cash \$100,000 in the year. We paid him \$1000 last week."

JUST ACROSS THE BAY

Where Thousands Will Enjoy the Many Amusements To-Morrow.

To-morrow promises to be a record-breaker at the people's popular resort Hanlan's Point. It is not to be wondered at. There is no place in the vicinity of Toronto, or any other city, where so many amusements are furnished for so little money. It cannot be beaten. There is the big free open-air theatre, with a first-class vaudeville entertainment, afternoon and evening, in the two newest fads, the miniature railroad, the laughing parlor, the shooting gallery, the ball games, and the merry-go-round, all at reasonable prices. There will also be the big lacrosse battle between the Ontario and Brantford teams, the football ascension and drop from the clouds. Those who can should arrange to take the earlier boats and avoid delay at the wharf.

TILL THE 20TH INST.

Ottawa, June 16.—The railway commission heard the argument of Corporation Counsel Fuller of Toronto, who attended with Ald. Hubbard, in the matter of the C.P.R.'s application to expropriate lands south of Berkeley street, from Yonge street to Berkeley street. Mr. Fuller wished to have an adjournment. Angus MacMurchy wished to have the 20th fixed for the hearing, as he was going to England on the 25th, and the commission was going to the coast in July. It was willing to accept a preliminary order, subject to any order the commission might make later, with reference to the expropriation of Toronto Light Company's land, with a frontage of 200 feet. He also wanted the right to cross the prolongations of Berkeley, Princess, Sherbourne, Front, and West Market and Scott streets. Mr. Fuller pointed out that the expropriation was for the purpose of laying out for half a mile south of the Esplanade, and for nearly a mile across the prolongations. If the application were granted the board of control would be unable to demand proper protection for the railway. He was unable to say that the application had been referred to the general session for securing land for the railway. The G.T.R. sought land west of Yonge street, C.P.R. east of Yonge street. The commission decided to postpone the application until the 20th inst. in Toronto.

THREATENS SUIT.

Port Arthur, June 16.—(Special.)—Insurance companies who let an grain elevator B. Fort William, are threatening to enter action against the King Elevator Company for not drying the grain and asking damages of \$10,000 from the company. Mr. King repudiates all responsibility, as he could enter into no hard and fast agreement with the elevator, and the capacity of his drying plant, which he did.

WILL ASSIST.

(Canadian Associated Press Cable.) London, June 16.—Sir John Cockburn, addressing the Comrades' Club, said the statement of the early Victorian age who aimed at getting the colonies, unconsciously provided an indispensable stage in the growth of the nation. Autonomy resulting from separation means the developing of the individualism necessary to effect the struggle for existence which would continue between the empires—the factors being co-operation within the nation and healthy competition with the communities outside.

PREFERRED BRITISHER.

(Canadian Associated Press Cable.) London, June 16.—Col. Ivor Herbert, writing The Times, asks, if an imperial officer is unable to withstand political bias, how would it be possible for a Canadian officer to do so? The British government's concessions had weakened the two countries. Canadian officers preferred an imperial commander.

To Meet in Pickering.

Pickering, June 16.—Canada's yearly meeting of Friends will be held in Pickering this year. For the past two years this conference has been held in Toronto. With six exceptions in partial annual gatherings has been held in Pickering for the past thirty-seven years. The opening session will be on Friday next, June 24, at 10 a.m., in their church opposite the Presbyterian Church. The Sabbath services will be at 8 and 10.30 a.m. and 7 p.m. The meeting will be held on Saturday evening during the meeting at 7.30 p.m.

Ordered to Leave Town.

Port Arthur, June 16.—(Special.)—Edmund Xing, an Englishman who had been a waterworks system, was arrested last night. One of the most foul crimes in the calendar. Yesterday afternoon Joseph Xing was sentenced to the penitentiary for a term of six months. Xing was a five-year-old girl. Mr. Graham gave the man a good scolding and told him to leave town at once. Instead of doing this he went on in the sewer again. Graham had the man arrested and brought before Police Magistrate Dobbie this morning, who gave him two days to leave town.

Coal Arrivals.

Yesterday's coal arrivals were 415 tons by the steamer Joseph, from Fairhaven, and 673 tons by the schooner C. B. Maxwell, Capt. J. H. Peacock, from Oswego. It was the latter vessel's first appearance of the year here. Both consignments were for Dickson & Eddy.

TECHNICAL HIGH SCHOOL FOR COLLEGIATE ASPIRANTS

Chairman Gooderham's Liberality—Technical School Free for the First Year.

With only a few amendments, the report of the management committee regarding the reorganization of the Technical, or, as it is now called, the Technical High School, was passed at the meeting of the board of education on June 20, 1904, and that the same will be payable on and after Saturday, July 2, 1904. The transfer books of the Corporation will be closed from the 16th to the 30th days of June, both days inclusive. By order of the Board, J. W. Langmuir, Managing Director, Toronto, May 31, 1904.

BEST CASE WANTED AGAINST CATTLE AND HOG HERDING

Humane Society to Take Matter Up and Investigate Cruelty at Fire Ruins.

The Toronto Humane Society at its meeting yesterday decided to go ahead and try to secure a test case in respect to the frequent custom of herding cattle and hogs together in cars for shipment, including much suffering upon the smaller animals than their being trampled upon. Here is a special for to-morrow that you can turn Toronto upside down to find the best case for: Steel mounted, steel bottom, brass locks, 2 straps, 1 compartment tray, 25 cents, 4.45. Cabin trunk, steel mounted, steel bottom, brass locks, 2 straps, 1 compartment tray, elegant goods, for ocean travel, 4.00.

When the board came to the report concerning the reorganization of the Technical High School, Chairman Gooderham explained that it would necessitate a rearrangement of the teaching staffs, and that the board was ready to do so. Mr. Levee wished to see that full allowance had been made for the working boys and girls who would be left out of the evening classes. PUBLIC SERVICE AND PARTY POLITICS

Advocates of public ownership must feel a special interest in the question of keeping the public service as far as possible free from party politics. For many years their opponents have held up the Intercolonial Railway as a horrible example of the results of public ownership of railways.

If this is true, it is one of the defects, not of public ownership, but of party government. The recognized functions of government include matters quite as difficult and as important as railways.

The case now under attention is that of the militia. The militia differs in some respects from other departments, because its success depends on the seat of a large body of men whose interest is not in politics, but in soldiering.

It has been said with truth that after a man reaches a certain age his pleasure is business. Mere drudgery, of course, could not satisfy his soul, and the more monotonous a man's work is, the more recreation he requires.

A SCHOLAR'S CREED

There is a movement among churchmen in England for some relief in the matter of the Athanasian creed, the so-called damnable clauses of which have long worried tender consciences.

The Archbishop of Canterbury, in replying to the deputation, said the difficulty arose from the creed being put into the mouths of people who, whatever the rest of their education, are, next place, who are largely unfamiliar with the difficult history of the heresies in the church; and, in the next place, who are largely unfamiliar with the ecclesiastical terminology which is so marked a characteristic of this weighty and venerable document.

MINORITY CLAUSES

In the old days, when many persons could neither read nor write, large parts of the service were incomprehensible; and this particular creed passed without attracting very much notice.

THE T. EATON CO. LIMITED

At Its Height.

The Sun is at its Height, and So's the Season of the Summer Hat.

And the Summer hat is here—right by the Queen St. Entrance, the Kings of Summer Hatdom.

We believe that there's no time of year when a man wants to look his best (and how much the hat has to do with that) like in the Summer. 'Tis then he takes his Summer vacation; 'tis then he meets the Summer Girl.

And however negligé the hat he may want, there's a certain style to be found in hats made for EATON'S that no well-dressing man can afford to neglect.

MEN'S FUR FELT HATS, from the leading English and American makers; derby, fedora, alpina and soft shapes; all new colors for summer wear; prices \$1, \$1.50, \$2, \$2.50, \$3, \$3.50, \$4 and \$5.00

FINLAND'S GOVERNOR DIES AT HANDS OF AN ASSASSIN

Murderer Commits Suicide—Deed Said to Be One of Patriotism.

St. Petersburg, June 16.—Gen. Bobrikoff, governor-general of Finland, was shot and mortally wounded at 11 o'clock this morning at the entrance to the Finnish senate at Helsinki.

UNPOPULAR GOVERNOR.

Gen. Count Bobrikoff, who was appointed governor-general of Finland in 1899, made himself very unpopular by his severe measures against the press of Finland, and the stern manner in which he followed out the policy of Russia towards the Finns.

CLEARS UP MYSTERY.

Man Confesses Murder for Which Another Suffered.

Kansas City, Mo., June 16.—In surrendering himself to the police yesterday, William Miles, 60 years old, cleared up a murder for which William Waltham spent twenty years in the Missouri Penitentiary at Butte and subsequently went insane.

Miles walked into the Kansas City central police station and declared he had killed John Edwards, a railway brakeman, at Deer Lodge, Montana, over twenty years ago.

His motive in confessing, he said, was to ease his conscience and clear Waltham's name. Miles is a railroad laborer.

The third and last day's work of the Ontario Medical Association's meeting was occupied as on the other days, with technical papers. The evening session was devoted to routine and unfinished business.

The officers were elected at the morning session, Dr. George H. Hart, Paris, being president; first vice-president, Dr. J. L. Davidson, Toronto; second vice-president, Dr. George H. Hart, London; third vice-president, Dr. Edward Ryan, Kingston; fourth vice-president, Dr. T. H. Middleton, Owen Sound; general secretary, Dr. C. P. Lusk, Toronto; assistant secretary, Dr. Samuel Johnston, Toronto; treasurer, Dr. Frederick Enton, Toronto. The class of 24 held a banquet in the Faculty Union at 8 o'clock.

Claims for \$3000. The I.O.F. yesterday secured an order to pay into court \$3000 on the claim of the late Calvin Cartwright of Stratford, who in 1880 made the certificate payable to his wife, in 1886, to his children, and later, his wife having been divorced, and he remarried, he made it payable to his second wife. Now all the beneficiaries claim the money.

5 Years for Perjury. Bradford, June 16.—E. C. Drummond was found guilty of perjury in the Kennedy murder trial case, and was this morning sentenced to five years in Kingston Penitentiary.

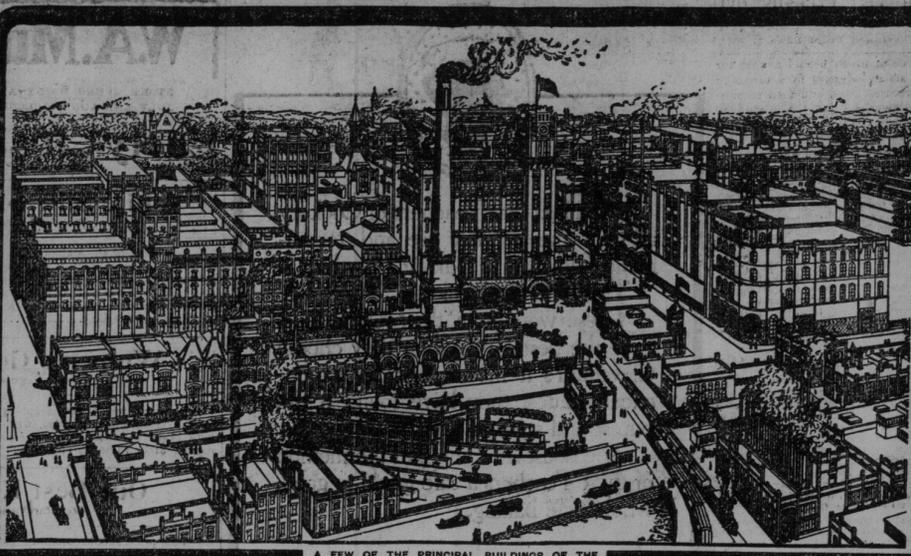

Lindsay Wants Competition. Lindsay, June 16.—The city council has decided not to renew the franchise to the Bell Telephone Company. The aldermen want competition.

To the Shrine. Winnipeg, June 16.—Three hundred Manitobans left today for St. Anne de Beaupre shrine, Quebec, on a pilgrimage.

Lightning. Brandon, June 16.—Lightning struck the city hall at the Imperial Hotel damaging the building.

Local Brokers Fall. Meeting of Creditors Called to Receive Statement on Saturday. McMillan & Maguire, local brokers, with offices at the corner of King and Yonge-streets, suspended payment yesterday. The firm has been in business for a number of years, had a large clientele and were looked upon as a substantial house. The present trouble is due to the failure of the firm's correspondent at New York and Chicago. These were Floyd, Crawford & Co., and W. C. Stansell & Co. of the New York Consolidated Stock Exchange, and W. H. Laidley & Co. of the Chicago Board of Trade. Mr. Maguire said yesterday that a statement of the firm's finances had not yet been prepared, but would be ready for submission to the creditors at a meeting called for Saturday. It is thought that an arrangement will be arrived at by which the firm will be able to continue in business.

CONSERVATIVES TO BORDEN ON HIS FIFTIETH BIRTHDAY

Presentation of the Value of \$1000 Made by Leading Members of the Party.

Ottawa, June 16.—To-day R. L. Borden, leader of the opposition, entered upon his 50th year. To do honor to the occasion a large number of Conservative senators and members of the commonsense assembly in the old railway committee room and presented Mr. Borden with a magnificent cabinet of silverware, which cost in the neighborhood of \$1000. The cabinet consisted of two pieces, one containing 249 pieces of sterling silver tableware, and the other 12 dozen different sets of knives, forks and spoons. Each piece bore Mr. Borden's monogram.

The gift bore the following inscription: "Presented by the Conservative members of the commonsense assembly of Ottawa, on the occasion of his 50th birthday, June, 1904." George Taylor, chief Conservative whip, who had lured the leader of the opposition to the assembly room on the pretext that the delegation of manufacturers wanted to interview him, called on Col. Sam Hughes to preside over the proceedings. Sir Mackenzie Bowell, as leader of the Conservative party in the senate, was first on the list of speakers. He paid a high tribute to the tact and ability of Mr. Borden. F. D. Monk in a brief address commended the work that Mr. Borden had accomplished as leader of the opposition.

The veteran Dr. Sprout followed and did full justice to the occasion. He assured the Conservative leader of the esteem and confidence of the party. Short congratulatory speeches, all eulogistic of Mr. Borden's services in behalf of the party, were delivered by Sir John Carling, Dr. Roche, M.P., Senator DeBoucherville, Thos. Earle, M.P., Edward Hackett, M.P., Senator Kirkhoff, Senator Vidal, Senator MacKeen, Mr. Lariviere, M.P., Rufus Pope, M.P., Senator Bernier, Dr. Daniel, M.P., Senator Loughheed, Senator Casgrain of Windsor, A. C. Bell, M.P., Senator Perley and E. F. Clarke, M.P.

R. L. Borden made a happy reply. He prayed, he said, that the magnificent gift would still move the spirit that prompted the giving. On behalf of Mrs. Borden and himself he thanked those who had honored him in such a signal manner, and gratefully acknowledged the cordial support which he had received at all times from those who are working with him for the success of the Conservative party.

Conference of Charities. Portland, Maine, June 16.—The thirty-first annual meeting of the National Conference of Charities and Correction was opened here last night with an attendance of 1000 people, including representatives of Canada, the south and the Pacific coast.

OLD MEDICAL SCHOOL TAKEN OVER

Government Also Nominates a Formal Corporation.

At the last session of the legislature provision was made for the taking over by the government of the old Toronto school of medicine at a valuation of \$12,000. The government has completed the transaction, and taken over the old building. It is believed that the property can be sold for what was paid for it, but the government are not in any hurry to sell, and will wait till they get their price. They have also taken over the old charter with the object of preventing any possible rivalry with the Toronto university school of medicine, as had been previously agreed, in connection with the affiliation of the universities.

The original charter was granted on the incorporation of the school by special act of parliament in the year 1851 to Drs. John Rolph, Jos. Workman, William Thomas Atkins, James Langstaff, Gavin Russell and Thomas David Morrison. Dr. Rolph was concerned in the rebellion of 1837, and was a man of great originality. He had at first practised law, but on one occasion, having a dispute with Chief Justice Robinson, he threw off his gown and never entered a court again. He then took up the practice of medicine.

CROPS IN THE WEST.

Winnipeg, June 16.—According to a circular issued by the Northwest Grain Dealers' Association, the condition of growing crop over the whole country is first class, with the exception of some areas which were sown late. The estimated yield under crop in Manitoba and the northwest is as follows:

Table with 4 columns: Crop, 1903, 1904, Increase. Wheat 3,125,633 3,220,411 9% Oats 1,101,333 1,205,960 9% Barley 381,135 382,569 3% Flax 54,629 46,540 -15%

Register Births Promptly. The necessity for a complete registration of births is again being urged by the provincial health authorities.

Dogs Spoil the Flowers. The officials of the Parliament Buildings are exercised about the injury done to the flowers in the Queen's Park by the multitude of dogs that are allowed to roam about the valuable plants which have been set out.

City's Water Consumption. The city consumed daily during the fortnight ending June 5, on an average, 28,307,164 gallons of water.

INSURE FAIRS AGAINST RAIN.

Plan Suggested Which is Worthy of an Honest Trial.

To insure the agricultural fall fair societies against loss due to rainy weather on show day is the suggestion of H. B. Cowan, superintendent of agricultural societies, and he has asked for particulars from the societies as to the losses sustained during the last six years. The plan has not been tried, but the societies themselves maintain a similar fund for their own protection.

CHANGES ON STRACHAN-AVE.

Massey-Harris Co. Want 14 Feet and Will Pave Thereafter.

City Engineer Rust has reported in favor of the concessions asked by the Massey-Harris Co. in connection with its proposed extension east of Strachan-avenue. The company wishes to construct a switch crossing Strachan and Wellington-avenues and running up to King-street; to tunnel under and build a bridge over Strachan-avenue and to expropriate 14 feet of that avenue for its new building. In return for these privileges, it will pave the street with asphalt and construct a granolithic sidewalk and the increased space will give employment to 250 additional men.

# Paralysis and Locomotor Ataxia.

The most dreaded results of nervous diseases—Study this illustration and the symptoms stated here to learn if you are in danger--DR. CHASE'S NERVE FOOD will cure you--Here is evidence from persons who have been cured of the most serious diseases of the nerves by the great food cure.

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to contraction of muscle, which can only take place under the influence of nerve force.

As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wirelike nerve fibres to the various parts of the body, any derangement of the brain, spinal cord or nerve fibres may result in paralysis or loss of the power of movement.

Paralysis, then, is the natural result of all neglected nervous diseases.

If you find yourself nervous and irritable, over-sensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the muscles, sudden startings and jerkings of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel down-hearted and discouraged and unfit to fight the battles of life; if your nerves are weak and exhausted and your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness.

Paralysis can always be prevented and partial paralysis actually cured by the timely use of Dr. Chase's Nerve Food. The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a degeneration of the nerve cells, and when nerve force becomes exhausted paralysis is bound to follow.

## DR. CHASE'S NERVE FOOD

acts on the system in an entirely different way to ordinary medicines. It is neither a stimulant to whip tired nerves to renewed activity, nor a narcotic, nor opiate, to deaden the nerves. On the contrary, it is a food cure, which forms new, red corpuscles in the blood, and creates new nerve cells. Every day it is bringing back health, strength and vitality to scores and hundreds who have become discouraged through the failure of doctors and other treatments to cure them. Write for symptom blank and further particulars regarding this great food cure. Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. All dealers, or EDMANSON, BATES & CO., Toronto.

To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous Receipt Book author, are on every box.

### MAJOR MERRITT PROMOTED SUCCEEDS COL. DENISON

Splendid Military Record of New Commander of Governor-General's Body Guard.

The militia orders just issued make changes in the command of the Governor-General's Body Guard. The tenure of command of Lieut.-Col. C. A. Denison having expired, Major Wm. Hamilton Merritt is appointed in command of the corps. This corps is the oldest cavalry organization in Canada, and has had an honorable career under its past commanding officers. The establishment having been increased it now devolves upon the present commanding officer to build up the regiment to nearly double its previous strength, which, in view of the newly authorized corps of all branches of the service, is no easy task.

Major Merritt's service of the new commanding officer is given in the transactions of the United Empire Loyalist Association as follows: He entered the Governor-General's Body Guard as cornet 28th February, 1884; promoted to lieutenant, June 6, 1884; captain, May 31, 1889; major, second in command of regiment, June 11, 1898; was adjutant of the regiment about a year, including campaign in Sioux chief, Whitecap, an incident referred to in the "Historical Record of the Governor-General's Body Guard," and also in Denison's "Soldiering in Canada" (medal). Was attached for instruction to 20th Hussars at Aldershot in 1890, and received a certificate.

South African Record. When the South African war broke out he went at his own expense to Cape Town to offer his services, and was appointed a squadron commander in 1st Regt. Brabant's Horse (colonial division) under Gen. Brabant; transferred as second in command to 2nd Regt. of the same brigade; and was subsequently A.D.C. to General Brabant, and to his successors in the command, Col. Dalrymple, C.B., and Col. Cumming, C.B. Certified by General Sir E. Y. Brabant, K.C.B., C.M.G., to having taken part in the following operations and general actions in 1900: Eastern Cape Colony, including "Labuschagne's Nek" (March 4 and 5), and "Alwalenorth" (March 11), "Siege of Wepener" (April 9 to 25); Eastern Orange Free State (surrender of Prinsloo in Brandwater Basin-Wittebergen), including "Lillefontein" (June 26), and "Roosde Krantz" (July 23); chase after Dewet, including school plato (Aug. 12), and "Magato's Nek" (Aug. 16); attacks by delay in Western Trans-

Lieutenant-Colonel Merritt. 1884; promoted to lieutenant, June 6, 1884; captain, May 31, 1889; major, second in command of regiment, June 11, 1898; was adjutant of the regiment about a year, including campaign in Sioux chief, Whitecap, an incident referred to in the "Historical Record of the Governor-General's Body Guard," and also in Denison's "Soldiering in Canada" (medal). Was attached for instruction to 20th Hussars at Aldershot in 1890, and received a certificate.

veal, including "Doornhoek" (Aug. 20), "Kwaagfontein" (Aug. 31), and "Syferfontein" (Sept. 1); against Dewet in North Orange River Colony, including "Vrededorp" (Oct. 5, 6 and 7). (Medal with four clasps). Organized the Rangers. In February, 1901, an offer made by Major Merritt (after the colonial division was broken up) to raise a mounted force of Canadians for service in South Africa was accepted by the imperial government, and he was authorized to raise a regiment at imperial expense, to be called "The Canadian Rangers," and to select the officers and men, subject to the consent of the Canadian government, which consent, however, was refused; but as the outcome of the correspondence, which then took place, the 2nd Canadian mounted rifles was raised in December, 1901, and the command given to a permanent corps officer, when Major Merritt, notwithstanding the altered circumstances, loyally accepted the position of second in command. Shortly after reaching South Africa he unfortunately met with a severe accident, which prevented his taking an active part in the services of the corps, with which he returned to Canada at the conclusion of the war. On the regiment being disbanded, an address was presented to him by the men who had served in it. On the reception of the Toronto members of the 2nd Canadian mounted rifles, the mayor of Toronto in presenting field glasses and a civic medal, observed: "It was owing to Major Merritt's efforts that the 2nd Canadian mounted rifles was sent at all; and it was owing to his efforts that the contingent arrived in time to take part in that crowning event of the war, the Hart's River engagement."

MILITIA ORDERS. Ottawa, June 15.—The following were gazetted this afternoon: Governor-General's Body Guard—Lt.

Col. C. A. K. Denison, upon completion of his period of tenure of command, is transferred to the reserve of officers. To be lieutenant-colonel and to command—Major second in command—W. H. Merritt, vice C. A. K. Denison, transferred.

TALKED TO YANKEES. Niagara Falls, N. Y., June 15.—George E. Foster, former minister of finance of the Dominion of Canada, spoke Monday for an hour and a half to the Civic Club of this city on "The Future Trade Relations Between the United States and Canada." After proclaiming himself a protectionist, Mr. Foster strongly advised the Americans to reduce their tariff, declaring that in many respects it was unreasonable. He stated that while Canadians for twenty-five years had pleaded earnestly with the United States for reciprocal trade relations, that feeling had recently passed away. He believes now to the prevailing opinion in Canada is to develop her own resources regardless of what this country would do. He gave three reasons for this change of sentiment in the Dominion. The first was that the Canadians had waited so long for the United States to enter into a reciprocal treaty that the people there had become tired and proposed now to paddle their own canoe.

Woodstock David Harum Preacher, Not a Banker. Rev. W. M. Baker Wants to Resign an Pastor of the First Congregational Church.

Woodstock, June 16.—(Special.)—Rev. W. M. Baker, who announced on Sunday that he intended to resign from the pastorate of the First Congregational Church, is known as the David Harum of the pulpit. His parishioners complain that he is too greatly interested in horse trading. He has been asked to reconsider his intention, and will give an answer on Sunday.

Case Adjudged. Joseph Rutledge, John Corcoran and James Ralph were in police court yesterday on the charge of conspiring to injure the business of certain breweries. As Joseph Proebstle, the business agent of the International Brewery Workers' Union, who is also wanted on the same charge, is out of the city, the case was adjourned until Monday.

### FACIAL PARALYSIS

Mr. Wm. J. Brennan, Westera Hill, St. Catharines, Ont., writes: "For a year or more I suffered with paralysis, which five doctors failed to cure or even relieve. The trouble began like an earache and developed into drawing the left eye half way down the cheek and the mouth twisting up towards the right eye. I finally became speechless and dwindled in flesh. Insomnia followed, and after trying everything I could hear of, even to the electric battery, I gave up in despair. "One day a friend read in one of Dr. Chase's books about Dr. Chase's Nerve Food curing a similar case to mine and persuaded me to try it. So, tired, discouraged and despondent, I began its use, soon to find that I was improving. By continuing this treatment I became sound and well in every way. I have resumed work, sleep well, and my eye and mouth have returned to their normal position. I would not go back to my former condition for all the gold in the country, so you can see what Dr. Chase's Nerve Food has done for me. I have gained in flesh and feel that I have a new lease of life."

### STROKE OF PARALYSIS

Mr. James A. Deal, Bridgewater, N.S., writes: "About a year ago I suffered a stroke of paralysis, which left me in a very bad state of health. To add to my troubles, last winter I took a grippe, which completely exhausted my nervous system. I could scarcely walk or talk, my legs and arms were partially paralyzed, my blood did not circulate properly, and I could not do any work. In fact, I was so bad that the doctors gave me up and thought I could not live through the summer. "I began the use of Dr. Chase's Nerve Food, and preserved in the treatment until now I am at work again. The change in my condition has been most remarkable. It is a surprise to everyone to know that I am able to be around again. My nervous system has been built up wonderfully by this remedy. I am able to rest well, my circulation is normal, and my general health good. My appetite is first class, and I have gained considerably in flesh."

### NERVOUS EXHAUSTION

Mr. M. Simpson, 45 Edward-street, Toronto, states: "I believe Dr. Chase's Nerve Food to be a splendid nerve restorer, and speak from personal experience. My nerves were very weak and exhausted; I was easily fatigued, and would start up nervously at any unusual noise. I could not sleep at night, and during the day time dizzy feelings would come over me, and I would feel as though I were going to faint. Dr. Chase's Nerve Food has done for me what other medicines failed to do. It has strengthened and steadied my nerves so that I sleep and rest well, and have not had a dizzy spell for some time. I feel healthy now, thanks to this food cure."

### NERVOUS TWITCHING

Miss Lena Hebert, Love Farm, Man., writes: "I had suffered for two years with dizzy spells, pains in the back, cold hands and feet, nervousness, jerking of the limbs, sore tongue, soreness of arms and shoulders, and general exhaustion. About seven months ago I became so nervous that I could not rest or sleep, and could not do the least bit of work without suffering dreadfully from pains in the back. I could hardly walk, could eat very little, and felt that people were always watching my every movement. I tried several medicines with little effect, and was a mere skeleton of skin and bone about to give up in despair when I heard about Dr. Chase's Nerve Food and began using it. I have used in all fourteen boxes of this preparation, and it has built me up until I am now strong and well again. Dr. Chase's Nerve Food has done me a world of good, and I feel that I cannot recommend it too highly to persons who suffer as I have."

### HEART TROUBLE

Mr. James G. Clark, Fosterville, York County, N.B., writes: "I have been a great sufferer from what the doctors said was neuralgia of the heart. The pain started in the back of the neck and worked down into the region of the heart. Though I had taken a lot of medicine of one kind and another, I could not get anything to help me until I used Dr. Chase's Nerve Food. "When I began this treatment I could not rest in bed, except by sitting upright on account of the dreadful pains about the heart and the quick, loud beating. The change which Dr. Chase's Nerve Food has made in my condition is wonderful. It has entirely overcome those symptoms, and I am now as strong and well. If this statement will help to relieve the suffering of others, you are at liberty to use it."

### DOWIEISM IN AUSTRALIA.

Many Sell Their Farms to Migrate to Zion City. Kansas City, June 15.—John Alexander Dowie's agents in Australia are very busy, and business and professional men in that country are alarmed over the success of their proselytizing. This is the message that the Rev. Andrew Crighton Rankine brings from Adelaide. His mission is to go to Zion City and investigate Dowieism. Mr. Rankine is pastor of the Christian Church in Adelaide, the largest church in South Australia. He says that families all over Australia are selling farms and other property to migrate to Zion. On the vessel on which Mr. Rankine sailed were fifty-two persons bound for Zion City, carrying with them all their worldly possessions. "They are mostly recruits from the east coast," said Mr. Rankine. "They have been made to believe that Dowie is the real prophet Elijah." Mr. Rankine will make a thorough investigation at Zion City and send his report back to Adelaide, where it will be published over his signature. "Conditions are really alarming," said Mr. Rankine. "The son of my next-door neighbor sold his farm of five thousand acres for \$10 an acre and set out for Zion City."

## WORKING GIRLS

A Cordial Invitation to Every Sick and Ailing Working Girl.

It is to these girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating women's ailments makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to confidence. Address, Mrs. Pinkham, Lynn, Mass. Don't put off writing her until your health is wrecked.

Girls who work are particularly susceptible to female ills, especially when obliged to stand on their feet from morning until night. Day in and day out, month in and month out, the strain of the working girl's life; she is often the bread winner of the family, and must take care that others may live; whether she is sick or well, whether it rains or shines, whether it is warm or cold she must get to her place of employment and perform the duties exacted from her.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach; in consequence of frequent work, the bowels become irregular, and frequently there are faint, dizzy spells, with loss of appetite, until this is a breakdown and it is hard to get on at all. All these symptoms point to a derangement of the female organism, and if taken in time can be easily and permanently cured.

Grateful Words from Working Girls Who Have Been Helped.

"I wish to thank you for the wonderful cure you have discovered for suffering girls. I am a working girl and do not believe there is a girl of my age in the country who has suffered more than I have with female disorders. "Although ever so many physicians with their various remedies were tried, I seemed to get no relief from the terrible pains, and it seemed as though there was no help for me until I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound. "It worked like magic for I had scarcely finished the second bottle when a great change was noticed in my whole general health, and in the few months since I feel like a new person." Mrs. E. B. Patterson, 914 7th Ave., Hoboken, N.J.

"Seeing so many women and girls being helped by your medicine I thought I would try it. I was very feeble in regard to menstruation, and had no menses for four months. "I checked a bottle of your medicine just to see if I could cure myself without going to a doctor. One bottle gave me great relief, and how I am a different girl altogether. "I will never be without Lydia E. Pinkham's Vegetable Compound, as I know I would not be working to-day if it had not sped my medicine." Miss Laura Kees, Standard Tea and Grocery Co., 201 Mass. Ave., Fall River, Mass.

Toronto Junction, June 16.—The sympathies of Toronto Junction citizens are being aroused by the peculiarly sad case of Mrs. Abell, who lives in a dwelling of small dimensions, in the back of Dundas-street, in the centre of the town.

When The World visited the little home this afternoon, it was guarded carefully. On the little grass plot in front of the dwelling worked a little girl of ten years, who was surrounded by some flowers, which, by the way, are the sole means of sustenance for the woman and her children.

London, June 16.—(Special.)—An important arrival at camp to-day was Lieut.-Col. J. H. Scott of Walkerton. He was the predecessor of Lieut.-Col. Weir as commanding officer of the 2nd and 3rd battalions of the 4th Regiment, and he was gladly welcomed. He will stay until the end of the week.

The 2nd and 3rd battalions are receiving congratulations to-day for the excellent showing they made yesterday at the rifle ranges. The shooting was fine, and the scores were high.

THE DUNDONALD EPISODE. Editor World: This Dundonald business is very regrettable. But the language of Sir Wilfrid Laurier is much more so. As it was (Sir Wilfrid), some thirty years ago, a public platform in this city, said that if he had been on the banks of the Saskatchewan during the Royal rebellion, he would have shouldered his musket and shot down our noble volunteers.
