BODY OF YOUNG MAN WITH HEAD STOVE IN FOUND UNDER A LOG

Youthful Foreigner the Victim of a Foul Murder in Bush Near Clarkson's, Some 16 Miles West of Toronto.

SIGNS OF A STRUGGLE IN WHICH BLOOD FLOWED

Every indication points to a foul and bloody murder having been committed in the heart of David Parkin's bush, near Clarkson's Crossing, on or about April 16.

The decomposing body of a Slavonian or Russian youth, of about 17 years of age, was discovered half buried by three young men Sunday afternoon, and an inquest was held on the spot by Coroner Sutton of Cooksville at 4 o'clock yesterday.

The left jaw and cheekbone were broken and the ear on the same side of the head was smashed, evidencing a heavy blow with a club. Drawn tightly around the neck was a long red woolen scarf, tied in a slip-knot and stretched to its limit, by which the body had been dragged from the spot where the blow had been struck to the place where it was found. It was heaped over with stumps and withered leaves.

From a signature on notebooks and pamphlets found upon the person, the name of the youth appears to have been Lintek Oleka. In English this should be reversed, as the Austrians place the surname first. He had evidently been sent to this country by the government immigration agency, for a circular, printed in Russian, was found, setting forth the opportunities of Canada. It likewise bears the dead man's signature and contains a map of the world, on which he evidently traced his route to this country with a lead pencil, starting somewhere near Slavonia, on the boundary of Hungary and Kussele.

The murdered man was a pleasant-looking fellow, without the sign of a beard on his round face. He could be identified by his peculiar, tho' not unsightly, nose, which had no bone from the bridge down and turned up to a sharp point. Over his right eye was a scar in the shape of an elongated pear, with the apex down and breaking into his light brown eyebrow. The mouth was open and a row of large clean teeth protruded. The skin has discolored hideously since Sunday.

Had the tassel of the scarf not protruded from the leaves the body might have been there for weeks, yet, for it had been thrown into an old ditch, which nature had filled with rotten stumps and forest decay. The spot, too, is the least visited portion of the wood. Evidently the victim had wandered into the bush with a single companion, for, near by, two car tickets, issued by a conductor on the York Radial Railway and punched from Sunnyside to Port Credit, April 16, were noticed. A fire had been lit within 15 feet of where the body lay and beside it was an empty half pint whiskey flask and the murder committed with which the young man was slain.

Blood spatters are still on the club, which is about 3 feet long by 2 1/2 inches thick and burned off on one end, as tho' it had been grabbed from the fire. In the ash heap the remains of a laborer's lunchbox were found.

Signs of a Struggle. There are other indications that a struggle took place. About 40 yards from the trench into which the body was thrown were a pair of coarse

Deputy Surveyor-General of New Brunswick a Suicide on Eve of Audit of Books.

FREDERICTON, N.B., May 4.—(Special.)—William P. Flewelling, deputy surveyor-general, this afternoon shot himself thru the mouth and died instantly. The body was found in the basement of the departmental building at 25 this evening.

Deceased was one of the best known men in New Brunswick. Mr. Flewelling attended at the office to-day as usual, and greeted the employees under him in a happy manner. Soon after 5 p.m. he was noticed to leave the office and proceed to the basement. Shortly after 7 p.m., R. S. Barker, the lieutenant-governor's private secretary, who is employed in Flewelling's department, was called on the phone by Mrs. Flewelling, who asked if he knew where her husband was.

He began a search, and was horrified to find the body lying on the floor, face downward, with a 22 calibre revolver clutched in his hand, with two chambers empty. Mr. Flewelling was 57 years old. He left three letters, one addressed to his wife, one to Judge Barry and one to Premier Hazen. Mr. Flewelling was overworked. The provincial auditor was to have begun an inspection of the crown lands books to-day, but a Tweedling's resignation was postponed until to-morrow.

PRINCE OF WALES IMPERIAL TO CORE

Makes a Notable Address on Imperial Problems at Dinner of Colonial Institute.

(Canadian Associated Press Cable.) LONDON, May 4.—The Prince of Wales presided at the dinner of the Royal Colonial Institute, whereat a distinguished company, including the Dukes of Argyll and Marlborough, Lords Crewe and Alvestone, Sir Edward Grey, were present. Lord Strathcona wired his inability to attend. The prince, responding to the toast to his health, proposed by Hon. T. Price, premier of South Australia, claimed no one in the room had touched so many portions of the empire as he. He retained a lasting impression of the loyal and affectionate welcome and the generous hospitality of many kind friends made during his happy, memorable experiences.

"This summer I shall again cross the Atlantic in order to represent the King as the celebration of the first colonization of Canada by Champlain 300 years ago," he said amid cheers. "Altho' the year unfortunately does not permit my visit being extended beyond Quebec I look forward with much pleasure to re-visiting the Dominion for the sixth time and joining with its people in this great national commemoration." (Cheers.)

Reciprocity in Education. "But tho' we have been successful in many ways, we must not lose sight of our common interests, aims and objects of fulfilment, whereof there must be mutual effort, and mutual self-sacrifice. We earnestly hope that progress may be made in thorough grappling with imperial defence."

"I also commend to your consideration the importance of reciprocity in educational matters. As chancellor of the Cape of Good Hope University, I trust the old universities of these islands will always maintain sympathetic relations with those of the younger portions of the empire. We know what has been done thru the Rhodes scholarships, Oxford a quadrangulum ago chose for regius professor of medicine Dr. Oster, one of Canada's most distinguished sons, while Professor Bovey, the born in England, has been brought from McGill to be rector of an important imperial college in science and technology." (Cheers.)

"New means of intercourse and interchange of thought between members of the Anglican Church thruout the empire has been initiated in the coming pan-Anglican congress, members whereof will be given hearty welcome to the country (Cheers). It is there not much to be accomplished by strengthening these social relations by the mother country by making it clear to her children they always are certain of finding a home, not in name only, but in reality, and the same warm-hearted hospitality, as has always extended to us by every portion of the globe where the British flag flies."

"We must foster now and always the strongest feelings of mutual confidence and respect by methods of education, by unity of action and everything that leads towards the noblest ideals of civilization, by utilizing great powers of science, by means of defence by sea and land. We must strive to maintain all we esteem dearest. If we hold our hands across the sea we shall progress to the future generations a noble heritage, founded upon the highest patriotism, knit together by ties of race, and mutual sympathy and regard." (Cheers.)

Lord Crewe, in making an Imperial survey, remarked that Canada had made most essential strides in material progress, and he was confident it would continue to do so. Doctor Parkin spoke eloquently on imperial education. The most probable disjunct of the empire would be ignorance. There was a price to pay for empire, viz. education. Ruling classes were unfair for their work unless they followed the example of the prince. Why should not British men be trained for the colonial universities? There was a growing feeling that the colonial office should be drawn away from party politics. It was not the place where inexperienced statesmen ought to be put to sow wild oats. (Cheers.)

YOUNG ATHLETE ARRESTED FOR SOME BRUTAL CRIMES

Alex. Rose Charged With "Assaults" on Miss Skitch, Duncan, and Others—Faces Four Accusations Which Carry Life Penalty.

ALEX. ROSE.

GEORGE SLACK.

These Men Are Accused of Remarkably Daring and Brutal Assaults—Slack Was Arrested Some Time Ago and Comes Up in the Assizes This Week.

When Alexander Rose is arraigned in police court this morning he will face four serious charges. He will be charged with wounding with intent to disable Miss Ethel Skitch in the Wellwood fruit and confectionery store at 161 Yonge-street on Friday night last. He has been identified by the young woman, who is in a serious condition at her home, as the man who entered the store and brutally assaulted her. He was also seen in the store by a man who knew him, Dr. Arthur Jukes Johnson yesterday examined the young man's fingers, which are lacerated. The doctor decided that the wounds are such as would be inflicted by a bite. And Miss Skitch says that when choked by her assailant she bit his fingers and that it was then that he struck her with the weapon which he carried.

He has also been identified by Allan G. Duncan as the man who entered his grocery store at 108 John-street on the night of the Skitch assault and brutally assaulted Mr. Duncan. The man left his revolver behind, and this has been identified as a weapon purchased by Rose at a Yonge-street store. He will be charged with wounding with intent in this case. Detective McKinney also brought Mrs. Lucy Redden, 17 St. Patrick-square, to police headquarters yesterday, where she identified him as the man who entered her house April 25 and after assaulting her and beating her upon the head with a revolver, stole \$5 from her person.

Mrs. Redden also gave the police information respecting Mrs. Florence Colby, 225 West Adelaide-street, with the result that the latter identified Rose as the man who had entered her place March 25 and, beating her

upon the head with the butt of a revolver, with which he had threatened to shoot her, stole \$25 from her person. Rose will be charged with robbery with violence in each of the two last mentioned cases. The penalty in all four cases is life imprisonment, to which may be added whipping in the last two.

PLOT TO BLOW UP KITCHENER FOUND

Bomb Outrages on Huge Scale Planned in India—30 Arrests Made.

CALCUTTA, May 4.—The police are investigating the native plot revealed here yesterday, to murder Europeans by means of bombs, and the more they go into the matter the more serious and widespread does the conspiracy appear. Documents seized at the house where bombs and explosives were being manufactured reveal that it was part of the plot to kill Lord Kitchener, commander-in-chief of the British forces in India, and other high officials. The authorities believe they are facing an attempt at revolution. A number of prominent Bengalese are implicated and sensational arrests are expected to follow. An examination of thirty persons arrested to-day confirms the gravity of the bomb conspiracy. Some of those in the hands of the police denied complicity in the affair, while others made startling admissions regarding the intentions of the organization against public officials, and of actual attempts at the use of bombs, which, however, proved unsuccessful. One man said he had traveled all over India in connection with the movement, which he described as a great revolutionary campaign against the government. The prisoners were remanded.

QUEBEC ELECTIONS ALSO FOR JUNE 8

Official Announcement of Dissolution of Legislature and Issuing of Writ Will Be Made To-Day.

QUEBEC, May 4.—(Special.)—Hon. Lomer Gouin will be here to-morrow morning, when meeting of the cabinet will be summoned at once. Your correspondent is authorized to announce that the house will be immediately dissolved, and that polling day has been fixed for the eighth of June, or the same day on which the Ontario elections are to be held.

ELECTIONS THIS YEAR? Premier Foresees It by Announcement of Program.

OTTAWA, May 4.—(Special.)—That the government has finally decided to appeal to the country this year was indicated by the prime minister to-day when he announced that the Aylesworth election bill and Manitoba boundaries bill would be proceeded with at once. Mr. Lemerle said the old age pension bill would be proceeded with on Thursday.

CITY COUNCIL IS ASKED TO APPOINT COMMITTEE ON A SUBURBAN SERVICE

Ald. Church and Sanderson File Notice of Motion—Whitby Town Council Thank The World for Taking Up the Question, Believing it of "Very Great Benefit to All Sections."

Ald. Church, at yesterday's city council meeting, gave notice of motion, seconded by Ald. Sanderson, that a committee be appointed "to investigate and report on the question of the establishment of a suburban train service."

WHITBY, May 4.—(Special.)—The town council to-night unanimously adopted this resolution:

"That we desire to express our appreciation of services which are being rendered by The Toronto World in so vigorously urging the organization of a suburban service connecting the City of Toronto and nearby towns, a service which this council believes would be of very great benefit to all sections of the community served thereby.—(Signed) Albert Jackson, Mayor."

More About a Suburban Train Service

Why should there be commuters' tickets to one place (Oakville) on the Grand Trunk and not to other places similarly situated on that system (Pickering, Brampton, Georgetown, etc.)? An Oakville man can get in and out daily for 13 cents a trip; it costs a Brampton man 40 cents at best.

The board of railway commissioners are to be asked to investigate this discrimination. Why should the Grand Trunk and the Canadian Pacific give a special suburban train service in and out of Montreal and deny the same to Toronto?

These are the two main points raised in The World's battle for special suburban trains. Our commissioner is now out working up the facts. Give him or send in to The World your views. We must get all the facts. In the meantime here is some light-giving information on this topic:

The places to which commuters' tickets are issued from Toronto, and the rates, are:

Table with 3 columns: Location, Ten Tickets, 55 Tickets. Locations include Clarkson, Davenport, Downsview, Golf Grounds, Long Branch, Lorne Park, Mimico, North Parkdale, Oakville, Port Credit, Riverdale, Riffe Ranges, South Parkdale, Swansea, Toronto Junction, Weston, York.

The above list applies to places for which the tickets are available all the year round.

Following is an additional list of places to which the commuter's privilege applies only from May 1 to Oct. 31:

Table with 3 columns: Location, 10 Tickets, 55 Tickets. Locations include Jackson's Point, Lefroy, Markham-road Crossing, Port Union, Rosebank, Scarborough Junction.

The tickets are computed, with a few exceptions, so the Grand Trunk officials state, on the basis of five return tickets for the price of five one-way tickets. The ten-block tickets are good for one year from the date of issue, except where the summer limitation as to time applies. This ticket is practically transferrable, as there is nothing on it to identify the purchaser.

The 55-date ticket, however, is limited to one person and to one month from the date of issue. Commuters' tickets, it may be stated, cannot be purchased on the train.

The World interviewed a gentleman who lives in Brampton and comes to Toronto daily, regarding a steam railway suburban service between that place and Toronto. He stated his case about as follows: "I am one of a lot of people residing in Brampton, who would like to" (Continued on Page 6.)

No one saw the accident, and the intimation that something was wrong first came when the horses and wagon were discovered on the street without a driver.

It is thought that the box upon which Weston was seated tipped over, throwing him between the team, which became frightened and ran away. The body was taken to McCabe's undertaking parlors in custody of P. C. Tucker, where it was found the skull was fractured.

Weston was 21 years old.

John Godfrey of the legal firm of Binnette, Godfrey & Phelps will be the Liberal candidate in Peel to oppose Sam Charters. Mr. Smith, the members of the Liberal party in the county have been requested by a large number of the constituents to contest the riding.

North Waterloo Liberals will select a candidate at a convention in Waterloo, May 12.

John McKay, Algoma, Liberal candidate for the legislature, is taking up full-page advertisements in the papers up north. He says, among other things: "Vote for John McKay, Algoma's candidate, who will fight for a greater Ontario or a separate province."

The dates of the registrations to be held in the various centres in the province will not be fixed until after the election writs are issued on May 11 and the registrars are notified of their appointment. The fixing of the dates at each place is left to the local registrars.

The Liberals will not nominate a candidate to oppose J. S. Gallagher in the riding of Peel, but will support Dr. William Spence of Wolfe Island, who will run as an Independent-Conservative.

The Conservative convention for Algoma district will be held at Blind River May 13. W. R. Smyth, the sitting member, will support Dr. William Spence of Wolfe Island, who will run as an Independent-Conservative.

An active Liberal from the west stated to The World yesterday that Wm. Douglas, barrister, of Spencer-avenue, Parkdale, is the most likely candidate of the Liberals in West Toronto for election B, and prophesied that, in the event of his being nominated, he would vote to build largely on election day.

The redistributed riding of Brockville gives little hope of a Liberal being elected in a straight party fight. Town Councillor Brouse, who is a Conservative, says he is an independent candidate, and is already prosecuting a canvass. He is being strongly urged by the Liberals to remain in the field in the hope of splitting the Conservative vote, but there is little chance of this, as the stalwart party followers are well satisfied with the Whitney administration, and A. E. Donovan is sure to receive the nomination at co. The Liberals in West Toronto are not one single strong man, and little surprise would be created if their convention failed to put up a candidate.

Editor World: I notice in your political column to-day that Mr. H. C. Tomlin states that he is in favour of public ownership, but it rather looks as if he is a public ownership man for political purposes only. If Mr. Tomlin is sincere in his advocacy of public ownership he should retire from the field and support Mr. A. W. Wright, who is the only representative of the Public Ownership League. Mr. Tomlin has never heretofore declared himself with regard to the public ownership of public utilities, and has not even thought it worth his while to become a member of the Public Ownership League, which has been taking an active part in promoting the principles of public ownership, consequently his assumption of the position of public utility ownership candidate at this late date comes with very bad grace. He can only be judged by his actions, and they do not entitle him to be considered in any sense a public ownership candidate.

A Berlin special says: There will be a three-cornered fight in North Waterloo for the legislature. The present member, Dr. Lacker, will likely be the choice of the Conservatives. Waterloo Liberals will hold their convention on May 12, and those mentioned for nomination are: Daniel Katz, Mayor; Fischer, Waterloo, and Dr. Honseberger, Berlin. The third candidate will be nominated by the Socialists, who meet on May 13, when Hinkah L. Martin, member of the Bertown Council, will likely be selected.

Muskoka Conservatives yesterday nominated W. M. Wright, M.P., and A. Mahaffy, M.L.A., for the approaching elections. Mr. Mahaffy was chosen without opposition for the legislature, and Mr. Wright for the Ontario assembly. The first ballot, getting about 90 per cent. of the total votes.

Hon. Mr. MacKay will attend the convention for North Oxford at Woodstock on Wednesday, and then go to his own riding to attend the convention there on Thursday, and will spend the rest of the week in the county and will likely speak at Stratford, and at Lindsay on Tuesday, after which he will leave for Eastern Ontario.

A special from Fiesherston says a convention of temperance workers has been called to meet there on May 12 to nominate a candidate to contest Central Grey in the coming election. I. B. **Eczema, Salt Rheum.**

**Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed.**

The itching burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mr. Jno. R. Keedy, Linton, N.B., writes: "I was so troubled with Salt Rheum for eight years, that I could not work my hands were so sore. By using Burdock Blood Bitters my hands were eventually cured."

Mrs. Ira C. Buckner, Eden, Ont., writes: "I was troubled with Eczema for a long time. It came out on my face and between my shoulders. A friend told me about Burdock Blood Bitters. I took two bottles and it helped me so much I cannot recommend it too highly."

**By aid from the outside, a patient of the asylum cut his way out of the institution last night. He was hurt in jumping out of the window, but managed to make his way down town, where he was attended by a physician, who called the ambulance and sent the patient to the G.T.R. station, where he was captured by the asylum authorities.**

A committee of the Street Railwaymen's Union has been appointed to investigate the case of an employe who was captured by the police and taken to the station, where he was held for some time, and then released.

Rev. Father Linder, a Redemptorist Father from Baltimore, speaking in St. Mary's Cathedral yesterday against mixed marriages, said: "I can see no conditions damnable, detestable and abominable, because of the souls that are lost from the church and God thru them. They are passports to hell."

FURNISH YOUR HOME WITH ORIENTAL RUGS

This is the time of the year when you decide between rugs and carpets. The experience of hundreds of housekeepers is that there is no floor covering so beautiful, that lasts so long, that gives so much comfort and luxury both from a decorative and economic point of view as Oriental Rugs.

NOW IS THE TIME TO BUY

We have made special allowances in matter of price, and can further state that we have a collection of rugs and brassware that for rarity, quality and beauty is not equalled by any retail house possibly on this continent. If you have any idea of buying rugs, you are not doing yourself justice if you do not examine our goods and our prices.

CARUSO AT MASSEY HALL O'ERSHADOWED BY WOMAN

Margaret Keyes Carries Magnificent Audience by Storm But Great Tenor is Truly Great.

Caruso was all right, but Margaret Keyes was the feature at the wonderful concert in Massey Hall last night. So the people thought anyway, when they gave her six recalls for her first number, and three recalls and an insistent encore for her second and five recalls for that and another encore, which would have been encored again if the audience had not remembered their manners. This is no disrespect to the great tenor. All the fine things that have been said might be said over again, and not begin to do justice to the marvelous voice Toronto paid \$10,000 to hear. The first luscious, mellow note that floated from his lips settled those who heard for the first time but to plaintive in its pleading passion. The sweetness of its healing. Such

CARUSO. As Sketched by Himself.

melting richness and fullness of body is heard but once in a generation or so from a tenor. "Tenor," said Rubinstein, "is not a voice, it is a disposition." But he had heard Caruso. The "Aida" aria was sung with a fire and power of the heart that was all but plaintive in its pleading passion. In response to several recalls he sang the exquisite "Sento che 'famo" (Fantasia). The effortless and natural method of his singing was even better illustrated in the lyrical passages of the "Faust" number. The ravishing sweetness of a voice capable at the same time of tremendous power and marvelous clarity took the audience by storm, and after several recalls he responded to a number remained in the dramatic and pathetic song of the clown in "Pagliacci." Nothing better showed the tone quality and power of an organ-pipe which Caruso's voice displayed in this. A rapturous encore resulted, and he sang a selection of Verdi. This was also encored, and he generously sang Trindelli's "Di te."

Miss Keyes is a charming brunette of medium stature, and she can come

back any time and own Toronto if she brings her voice with her. It is a rich, if not overpowerful, contralto, which she uses with melting effect. Verdi's air from Don Carlos, "O, Don Estabale," gave her full scope for her powers, but she denied her audience their desire for an encore. In Meyerbeer's tender and pathetic "Nobil Signor," she sang with the best effect of any of his lovely compositions by Huntingdon Woodman, a Brooklyn organist. "An Open Secret," this also captivated the audience, and the applause was so terrific that after five recalls and a charming demonstration of refusal she gave an exquisite sixteenth century roundelay by Lidzey, Miss Giulia Allen appeared in two numbers, singing with bewitching sweetness the lovely "A for a lull," from "Traviata." She received four recalls for this fine performance. Her splendid technique was apparent in the Bell Song from Delibes' "Lakme," and she was again vociferously applauded. Herit G. Scott sang the "Piff-Puff" song from "The Huguenots," and the Mephistopheles Serenade. For this he was encored and gave the Toreador song from "Carmen" with the best effect of any of his selections. Master Kolarzky, the boy violinist, was a most interesting performer. His precocious nonchalant, combined with a frank handsome face and bright-eyed vivacity, secured general favor, while his technique commanded respect. His previous nonchalant, power and quality of tone he will be a very great violinist. Signor Voghera gave an arduous task as accompanist, but was most unobtrusively successful. Altogether the concert was a record one, and Caruso will be sure of a warm welcome should he ever return.

OBITUARY

The death occurred at Mt. Levis, Montreal, yesterday, of Brother Edward, visitor for the Christian Brothers. He was 54 years of age and was born in Ontario County. He taught in St. Patrick's School in 1874, and in 1881 became principal. In 1894 he was appointed visitor to the Toronto community.

William Hill, for many years an inspector in the city sewer department, died yesterday, after six months' illness.

Neil McEachern, who was removed unconscious from his sick bed from one of the houses which caught fire on Saturday morning's big blaze, died in the hospital yesterday, aged 74. He was a well-known tailor.

He took part in the Fenian Raid, and his brother was killed at Ridgeway. At one time he owned considerable property on Yonge-street.

Charles Henry Grantham, 25 Albany-avenue, died yesterday in his 93rd year. He is survived by his wife, two sons, A. M. and H. M. Grantham, and two daughters, Mrs. Grantham of Vancouver and Miss Zilman.

Captain Peter Peterson, born in Toronto in May, 1831, died yesterday. During the visit to Toronto in 1860 of the Prince of Wales, Capt. Peterson was in command of Company 6 of the Second Battalion (afterwards the Q.O.R.), which acted as the guard of honor. He was for many years in business on King-street. His son, Sidney A. Peterson, pre-deceased him just one week.

At Drayton, Ont., Wm. Craig, aged 80, died yesterday in his 93rd year. He is survived by his wife, two sons, A. M. and H. M. Grantham, and two daughters, Mrs. Grantham of Vancouver and Miss Zilman.

At St. Thomas, Edward McCrone, for thirty-eight years secretary of the board of education, aged 81.

Of Interest to Women

President W. F. M. S.

The thirty-second annual meeting of the Presbyterian Women's Foreign Mission Society of Canada (western section) will be held in Westminster Church, this city, to-day, to-morrow and Thursday. This evening Dr. Chone Oliver will give an illustrated lecture on "Our Work in India," and to-morrow evening there will be a public meeting with Rev. W. A. J. Martin presiding, and addresses by Rev. Pringle McLean, Rev. Clarence McKinnon of Winnipeg, Rev. W. Gaud of Formosa and S. B. Tobold, missionary to Toronto Jews.

The annual report on foreign work points out the pressing need for more workers in India, and "how almost impossible it has been to keep open established work." Expansion has been impossible. There is in India need for isolation and treatment of those suffering from tubercular disease. The report says: "The work in Honan is rich in promise and in results, results that cannot be measured by numbers or by any human standard. During the year 253 communicants were received into the church. The death of Miss Chang, the first Chinese, occurred in November after years of faithful service. The Bible woman, Mrs. Wong, employed in Shanghai, has been one of the Mandarin-speaking people, under Mrs. McGillivray, has in addition to selling, started a small girls' school. Thirteen are in attendance. Last year we were able, with great thankfulness, to report the opening, in charge of Miss Fyke, of the Boarding School, Changde, Honan. This year we have cause to rejoice that the girls' school in Tamsui, Formosa, an event to which we have for some years been looking forward, is successfully launched."

The report of the mission to Chinese women in British Columbia speaks of the value of industrial training among the Indian children. School graduates at the Frie Hills colony have built a church, and in the short time the Indians have been wards of the government they have made great progress. "The Indians," says the report, "are a religious people, and this is a cause of difficulties. An imperfect knowledge of Christ's work gave rise to a sect in the United States that has spread to the Indians of our Dominion, and unless we are faithful to meet this half-truth and give them the whole gospel it will cause trouble to us as it has done on the other side of the line."

The financial statement shows total receipts including balance from 1907, of \$2245.90, of \$70,862.06, with expenditures \$1290.22 less.

Y. W. C. A. for Winnipeg.

WINNIPEG, May 4.—The campaign started this morning by the ladies of Winnipeg to raise \$5,000 for a Young Women's Christian Association, is already an assured success. It is said that if the citizens respond as generously as they have done to-day, the amount will be subscribed within the lists close on the 18th inst.

PUBLIC ACKNOWLEDGMENT

I hereby express my gratitude toward the people of Toronto for their support in my efforts to keep up the quality of Bread and to keep down the price. One year ago I stopped selling my bread to the stores. They were not paying me enough, and yet if I raised my price to them, they in turn would raise the price to the public. I declined to allow the public to suffer and decided to sell direct from the bakery only and not to sell to the stores at all. This resulted in an immediate loss in sales of 20,000 large loaves per week. But the public have stood by me and have more than made up the loss.

In One Year I Have Gained Back 20,000 Large Loaves, and Over 4,000 Large Loaves Besides. . . .

For this I have to thank the discriminating public, who have shown their appreciation of my fight for low prices and their appreciation of the high quality of my bread.

My Bread is sold only direct from the Bakery, delivered free at your door. 8 cents a large loaf, white or brown. Order by telephone or postcard.

COMPLIMENTS FOR BECK FROM THE CONTROLLERS

Messrs. Harrison and Spence Unite in Giving Credit on Power Policy.

The city is now finally committed to carry out a contract with the hydro-electric power commission, the council at yesterday's special meeting approving by unanimous vote the agreement approved by the board of control and legal department.

Controller Harrison, in moving the adoption of the board's recommendation, spoke in highly eulogistic terms of the public-spirited action of Hon. Adam Beck and the commission, and Controller Spence, who seconded, declared that the province owed Mr. Beck a debt of gratitude that could never be adequately repaid.

In a summing up of the advantages of the contract, the speaker declared that it would never be necessary to tax the citizens to carry out the enterprise, as it would be absolutely self-sustaining. The government undertaking had the great advantage over that of private enterprise that the cost of the right of way was much smaller, while there was not a dollar of public-spirited pay on watered stock.

Speaking of the cost of \$18.10 per h.p. delivered at Toronto, the controller referred to the sum of \$145,471 to be set aside annually for 40 years to cover the cost of a distributing plant and interest, and estimated that the cost of power delivered direct to terms of the contract would be about \$2.75, although the amount would depend to some extent on the amount of power used for the services of water pumping and street-lighting.

After Ald. McElgie had spoken in appreciation of the benefits to be conferred upon the province, Controller Harrison formally introduced a bylaw to authorize the execution of the contract with the commission, which was carried unanimously.

Ald. Brough asked if the negotiations with the Electric Light Co. were entirely off, to which the mayor replied: "We are prepared to attend to the company any time they're prepared to attend to us. They've got to get busy."

During the morning the board of control conferred with W. G. Chace of the firm of Smith, Kerry & Chace, engineers for the commission, when the contract was approved.

Premier Whitney said yesterday: "The government has entered into no agreement or arrangement whatever with the Electrical Development Co. on any subject whatever, nor with any person or persons representing the Electrical Development Co."

This is a denial of a Globe yarn of yesterday.

MINISTER'S RIGHTS TO RETAIN FILES

Hon. Mr. Brodeur Loses in Argument and Mr. Foster Proceeds to Dig Up Something.

OTTAWA, May 4.—(Special.)—Tonight Richard Blain (Peel) precipitated a discussion on the right of the minister of marine to retain possession of the original file that had been laid on the table of the house said on receipt of the order, \$100 three months afterwards "and proportionately for further orders." Mr. Blain pointed out that Patton had sold 600 extinguishers had refused.

During the short time the file had been in his possession Mr. Blain secured copy of one letter, which showed that there was an agreement, dated July, 1903, in which C. S. Patton agreed to pay to C. E. Cameron \$2000, if he would get him from the government an order for 600 Patton fire extinguishers at \$15 each, \$9000 to be paid on receipt of the order, \$1000 three months afterwards "and proportionately for further orders." Mr. Blain pointed out that Patton had sold 600 extinguishers had refused.

Mr. Brodeur expressed surprise at the unfairness of Mr. Blain. "Insinuations—low, base insinuations—were being made," he said, "and he was compelled by the Speaker to withdraw the expression."

Proceeding, Mr. Brodeur attempted to show that he had not written the letter quoted by George Taylor on Friday, but Taylor insisted that it was written on his authority. The minister declared that the contract given by Cameron had been cancelled.

Mr. Speaker gave the opinion that when a minister quotes from a public document, it is necessary to lay it on the table, if the demand is made for it, for inspection for the purpose of the debate in progress. Mr. Foster then requested that the papers be again laid on the table and Mr. Brodeur complied.

George Taylor said the country might as well have a sack of wool or a man of putty as the minister of marine, who thus attempts to get away from responsibility. He was also surprised Brodeur should play the baby act by posing as one who is persecuted.

Mr. Foster pored over the original file not more than ten minutes when he found evidence which put a different face on the transaction than that given by Mr. Brodeur. On Dec. 14, 1901, A. W. Fraser wrote the department on behalf of Mr. Patton, who he said was "a good friend of the Liberal party and a liberal one." Moreover, Mr. Patton was willing to wait for his money until after the minister got his estimates thru.

There, said Mr. Foster, was the old virus of making contracts without the authority of parliament. Then on March 9, 1904, there is a letter ordering 600 extinguishers, followed in a few days by a letter from the department stating that an order had been made in giving the contract to Cameron and that it was not intended for O. E. Culvert. The same day there was a letter from Cameron to the effect that his interests were preserved by an agreement with Culvert and interposing no objection to the contract going to Culvert.

## TORONTO AND A SUBURBAN SERVICE

Our recent front page articles must have convinced every reader that there is a marked distinction drawn by the Grand Trunk and Canadian Pacific Railway companies between Toronto and Montreal in the matter of suburban service. No cause exists in the general circumstances of the two cities why that difference should be made. Both are important and rapidly-growing centres, and cities in the United States that are not so large as either possess an excellent suburban service, making for the benefit of all the cities and towns that are linked up by it. There is no reason to doubt that the same results would follow from the introduction of a good and convenient service of the kind indicated in the case of Toronto.

## SEVENTEENTH CENTURY MAYORS

Historical researches in unexplored regions are often fruitful of surprises, and this is true in local affairs quite as much as in national. Mr. and Mrs. Sidney Webb, well-known for their joint investigation into local administration and social questions, have been engaged in exploring this region from the time of the revolution down to the English Municipal Corporations Act of 1835, and have unearthed some curious and instructive details. Mayors in the end of the seventeenth century probably differed as much in individual temper and devotion to their public duties as do their representatives in the twentieth, but some of them could not easily be duplicated in these later times. Here is a description of one of these who must in his far-off day and generation have been of notable account among his fellow-citizens:

"He was a spy upon all base practices, as amongst attorneys, sergeants, notaries, stewards, wardens, jailers, tollers, keymasters, chamberlains and collectors. He was a terror to those who corrupted the meanness office. He took order about assize of bread, reserved no less than Minutius, by preventing the frauds of forestallers and regraters. No fish or flesh was brought to the shambles but what was wholesome. Provision was made for the poor, there was no inequality of rates, the parishers were eased of foreigners and vagrants, public buildings kept in good repair, cazenage banished from the market, almshouses limited, hospitals put under the tuition of honest, discreet overseers, public charities applied to the uses they were intended for, and the coal trade put into such a method with the keener and more that the public has long after found the benefit of that regulation."

Mayors who could do this must have been autocrats in large measure, and indeed, local authorities in the seventeenth century appear to have acted in a wide range of affairs very much at their own pleasure and discretion. Mr. and Mrs. Webb show very clearly that the disintegration and decay into which English local government fell in the beginning of last century was mainly due to the multiplication of boards, each charged with separate services and duties. With the establishment of a strong central local governing body came a steadily rising standard of administration, and the point is full of instruction for Canada in the beginning of her century.

**AUSTRALIA AND THE PACIFIC.** Neither the sun nor trouble sets over the British Empire. If an endless succession of delicate and difficult problems be the nursery and training ground of statesmanship, the United Kingdom should never lack masters of the craft. And as all really imperial questions touch some one or other, or more, possibly all of the self-governing imperial states, they, too, are compelled to deal with them, not only in their local interest and connection, but in their broad and general bearings. This alone is of inestimable value to public men who might otherwise become confirmed in that provincialism which is the bane of small self-contained communities.

Within the last few weeks the British government has shown its recognition of the changed conditions of the empire by formally reserving its right to consult them before entering into engagements affecting matters which directly concern them. And the matter in which such matters may touch the general foreign policy of the imperial government is also receiving exemption in connection with and present

future relationship between the British and Asiatic races. The Anglo-Japanese alliance, hailed at its inception as a master-stroke for the preservation of the status quo in Asia, and regarded as its renewal and extension as a bulwark against possible Russian or other aggression, has elicited growing disapproval from the Australasian states of the empire, and if this attitude, as appears probable, is maintained it is bound to modify materially the future course of the imperial foreign policy.

Australia and New Zealand, at their own independent initiative, will during our summer receive a visit from the United States battleship fleet now in Pacific waters. The invitation, despatched thru the Imperial colonial office, was accompanied by appeals made to the personal influence of the United States ambassador in London and the consul-general in Australia, and the intimation of its acceptance was received with extraordinary and spontaneous public demonstrations. The exceptional warmth of the acknowledgment cannot be ascribed to sentiment created by the proposed visit of the fleet. It is beyond doubt due to the intensity of the conviction generally felt in the Australasian states, that sooner or later there will be a struggle to the death for the supremacy of the Pacific Ocean, and that their future is involved in the issue that will then be decided.

The Australian government has shown the extent of the national apprehension by its recent proposals, aiming at the creation of a local flotilla capable of acting in conjunction with the imperial navy, for the defence of the 3000 miles of coast of the commonwealth, and at the introduction of universal military training. The Australian people realize that single-handed they might be unable to cope with an Asiatic invader, and they look for assistance in the first place to the motherland. But they cannot forget the possibility that a combination of circumstances might arise which would necessitate the employment of the British fleet in protecting its home shores, and in securing the necessary food supplies. Therefore they look secondarily to the United States as another great power profoundly concerned in the destiny of the Pacific Ocean.

As one of the most influential of the democratic newspapers of the commonwealth put it: "Mr. Deakin's hospitable message was in the inmost sense an invitation to the people of America to admit the common trust of the two white races, whose destinies are bound up in Pacific dominion. Its acceptance implies a full confession of that trust and conveys an intimation that America is prepared to perform her part." It is impossible, and it would be imprudent, for the imperial government to remain indifferent to the strong and practically unanimous sentiment of the great Australasian dominions, shared in, as it is, by all of the South African states. If it persists it will in the end materially modify the foreign policy of the empire.

# More About a Suburban Train Service

(Continued from Page 1.)

get a suburban train service with a commuter's rate between that town and Toronto, and I think there are many others who would use such a service." Brampton, he continued, is 21 miles from the Union Station, and the way he does at present is to purchase a commuter's ticket to and from Weston, which costs him five cents a trip, for a distance of 8 1-2 miles; and from Brampton to Weston he buys daily a return ticket, which costs him 70 cents; the round trip from Brampton to Toronto costing him at least 80 cents per day. Any day he doesn't use the commuter's ticket it is a direct loss, as the condition of their sale is that they must all be used within a month. Some time ago he and a number of others who wanted a better service between Brampton and Toronto interviewed the Grand Trunk representative in Toronto, but they didn't get much satisfaction, as the railway seems to have a prejudice against an improved system, inasmuch as it might be used by people who lived further west, and who would, more or less, do practically what he does now, buy a commuter's ticket, for part of the way. The answer made to the Grand Trunk man at the time, and it was a sufficient answer, was that it would be much better for them, as they would have the trains full of people traveling at the reduced rate.

At present Brampton people coming to Toronto have to catch the early train at 6.55 a.m., and get into Toronto at 7.45, a little less than an hour. About 12 people leave Brampton every morning on this train, and about 30 get on at Weston, using the commuter's tickets at five cents a trip. This train, by which this suburban traffic is accommodated, is the regular express from Chicago, and as it is sometimes late it is not at all satisfactory to Brampton or Weston people.

On the Grand Trunk west within the suburban district, these people would like to see a train leaving Georgetown a little before 8, and getting the people into Toronto five minutes before 9, and which would be regular every day in the year, independent of the express or accommodation trains. With such a special suburban train devoted to suburban traffic, and with a reduction of rates, there would be enough people in Weston, Malton, Brampton and Georgetown to fill the train, and greatly increase the revenue of the road. This service might not be at the paying point for the first year, but the moment the people were assured by the Grand Trunk that they were in the suburban business for Toronto, like all the big American railways are for cities like Toronto, it is evident that the road-would soon build up a large suburban business, and find it profitable as well.

The same gentleman said that a number of people in Brampton were dissatisfied with the evening train home from Toronto, because there is no chance of leaving Toronto at 5 o'clock, the present regular trains leaving at 4.15 and 7 o'clock. The trains as now run are not suited to a daily suburban service.

Editor World: The World is to be commended upon its demand for a better suburban service out of Toronto. It seems fantastic, indeed, that no better service is given the residents of places near Toronto, than was given them 30 years ago.

At Pickering, which is 22 miles east of Toronto, on the main line, there are only three trains each way per day. And these do not permit of much convenience to the man who wants to do business in the city. No train stops here after 6 o'clock in the evening, and none leaves here for the city until about 9 o'clock in the morning.

Places situated a similar distance out of Montreal seem to have a much better service. If a like service were granted to this place, there is not the slightest doubt but that the volume of traffic would increase greatly. Many persons would reside here who have their business in the city, if better train service and rates were given them.

The question of rates is also a burden to parties resident here. It also looks like discrimination against Ontario, since Montreal gets their cheap commuter fares. At present commuter rates are given to Rosebank, a little summer resort five miles nearer the city. A 55-trip ticket is sold for \$6.60, and a 10-trip ticket for \$3. For one of us to get to the city we have to pay 25 cents for a return to Rosebank, and then use the commuter rate from there in. For any one going to the city daily, he finds that the fare for that five miles is greater than the fare for the balance of the journey.

If Pickering got the commuter rate, and there is no reason why it should not, the 55-trip ticket would be sold proportionately for about \$8 a month. Much business to the railway would result, as well as it being a decided convenience to our people. The people helped largely to build the road, which still enjoys a low tax rate. The World is to be commended in its enterprise in fighting for the people's rights. P.P. Pickering, May 4.

Editor World: The Grand Trunk issues 10-ticket strip, good from May to October, to those who live in Lake Simcoe cottages, at \$8 for the strip of ten tickets from Toronto to Lefrey, where most of these summer tourists get off. The distance is 52 miles, and this is at the rate of about 1-2 cents per mile. Now I have a place in Hamilton, which is only 39 miles from Toronto, and I would go to Hamilton every day in the year, up and down, if I could get a 10-ticket strip at \$6, or 60 cents a trip, and there are hundreds of others like me in this city, who look with favor on your suburban train service campaign.

Can a railway discriminate in this way? I would like to know why the Grand Trunk gives a very cheap commuter's ticket to Oakville, 21 miles, and denies the same thing to people at Brampton, which is about the same distance. Would-be Commuter.

### Why is Oakville favored?

Editor World: We people in Oakville have long had a suburban commuter's ticket, and we decidedly liked it. It has helped to make Oakville a better place to live in. Here is what we pay: School children tickets, in and out, \$2.90 a month, or 10 cents a trip; 10-trip ticket (10 miles) \$3.25, or 32 1-2 cents a trip; monthly tickets (55 miles), \$7.15, or 13 cents a trip for 21 miles.

Magistrate Kingsford has imposed a fine of \$100 and costs against the Grand Trunk Railway Company, the limit under the code, for cruelty to twenty-three head of cattle shipped in from Warton, and which, while in transit for more than 28 hours, were not fed or watered or given a chance to rest.

In part, he said: "This contract affects the civil relationship of the company and shipper. It cannot displace the liability of the railway company under the code. The cattle were in the company's care. The railway company have the power under sub-section 4 of section 544 of feeding and watering the cattle if the owner makes default, and they can charge the owner with the expense of the necessary care. There is no reason, therefore, why, in this case, the railway company should not have fed and watered their cattle, even if the owner were in fault."

The case seems to me to require a fine which will be a deterrent. "The code appears to allow a period of 28 hours during which the cattle can be without care, and not until that time elapses does any liability arise under the code. That is apparently the law. But 28 hours appear to be much too long a time to allow. Perhaps there

### Our 16.50 Worsted Suit

From one end to the other quality sticks out all over this suit. It is a rich navy blue, double-breasted.

Our 16.50 Worsted Suit

The material is pure wool clay twill worsted and was made by the same English mill that makes our famous Etonian serge. It was bought—personally by our buyer—in such tremendous quantities as to warrant our securing the bed-rock price. It has a nice soft finish and will stand a great amount of hard wear without glossing. It looks like material for a twenty-five dollar suit.

The Suit was made by our own best tailors, and every inch of the making was carefully executed. In the important parts it has been hand-tailored. The interlinings were given special attention. There are work-people who do nothing else but put in the canvas and hair-cloth to give the coat its correct shape and hold it there. The hair-cloth runs into the edge of the coat; the button holes are worked through and the buttons sewn on and through the hair cloth, which holds the front where it should stay.

A Special Feature is the linen bridle stay which runs from the top of collar along the lapel roll to the top button. This bridle prevents sagging at the shoulder, and is put on by hand, not only on to the hair cloth and canvas, but right through on to the cloth itself.

The lining is the best Italian cloth, which will stand the maximum amount of hard wear. Our linings are left open at the bottom, courting inspection of the inner parts.

Even in a small detail like the pockets extra care is given; bar tacks finish the ends and strengthen the pocket-mouth, going through to the canvas, and a linen stay goes on the outer edge of the pocket-mouth.

The Lapels are long, broad and graceful, lying flat and are hand-molded into shape. They are uniform, trimmed by a man who does nothing else.

The Shoulders are shaped to give concave effect, fitting close to the hollow of the shoulder, with a nice square effect to sleeve top which is not tacked to canvas, preventing puckering at the seams. The natural wool at the sleeve top leaves a desirable finish and the back of the under sleeve is made with a roll, causing the sleeve to hang as smooth behind as in front. The shoulder is basted in and felled; collars felled underneath and on top by hand. Even the hanger is sewn on by hand.

Nothing about the suit looks "ready-made"; all the work has been carefully and exceptionally well done.

The Trousers and Vest have had the same careful attention as the coat, and into them we have worked our strong desires to give the wearer satisfaction.

All the tailors, pressers and operators are paid by the day; they have plenty of time to do their work well; lots of light and room and nothing to prevent each workman from putting forth his best efforts.

## RAILWAY FINED \$100 FOR CRUELTY TO CATTLE

Magistrate Kingsford Also Comments That the Law Isn't Strict Enough in Its Provisions.

Magistrate Kingsford has imposed a fine of \$100 and costs against the Grand Trunk Railway Company, the limit under the code, for cruelty to twenty-three head of cattle shipped in from Warton, and which, while in transit for more than 28 hours, were not fed or watered or given a chance to rest.

In part, he said: "This contract affects the civil relationship of the company and shipper. It cannot displace the liability of the railway company under the code. The cattle were in the company's care. The railway company have the power under sub-section 4 of section 544 of feeding and watering the cattle if the owner makes default, and they can charge the owner with the expense of the necessary care. There is no reason, therefore, why, in this case, the railway company should not have fed and watered their cattle, even if the owner were in fault."

The case seems to me to require a fine which will be a deterrent. "The code appears to allow a period of 28 hours during which the cattle can be without care, and not until that time elapses does any liability arise under the code. That is apparently the law. But 28 hours appear to be much too long a time to allow. Perhaps there

may be some explanation why 28 hours are named. One would think 8 hours were enough to go without food or water, but the code says 28 hours. As I have only to carry out the law as I find it, all I can do is to call attention to the state of the legislation."

The charge was laid by P.C. James Tinsley (88), who has a Humane Society gold medal for rescuing a boy from drowning, and a certificate for another heroic deed. He is the officer on duty at the cattle market, and has done a great deal to prevent abuse of live stock.

### WAS HURT IN WRECK BUT ABLE TO PHOTOGRAPH

Nathaniel Johnson, a farmer of the Township of Mulmur, Dufferin County, is trying to get \$5000 from the C.P.R. as a claim for alleged injuries received while traveling in the C.P.R. exhibition special, wrecked at Caledon Hill on Sept. 3.

Yesterday morning Johnson admitted having taken some pictures of the wreck, which were produced in court. He also admitted riding on a handcar to Cardwell, but he would not admit to working the car.

In the afternoon Malcolm Kirkpatrick gave evidence that Johnson had been working at threshing for a man named Irwin, some two weeks after the wreck. Kirkpatrick was with Johnson at the wreck, and he wasn't hurt. The case will be continued to-day.

Thomas Jefferson  
Third President of the United States.

AMERICA has furnished to the world the most conspicuous Apostle of Personal Liberty that ever lived.

The Declaration of Independence (the creation of his genius) is an eternal monument to his fame—more enduring than statues of marble or bronze.

As a statesman in Congress he advocated the brewing industry as an aid to agriculture and national temperance; and upon several occasions he bought and freighted rum, wine and whiskey to the brave soldiers of the Revolution. He himself declared that the juice of the malt was never absent from his board.

Thomas Jefferson was a splendid athlete, a crack shot; and in his prime at the old Raleigh tavern he delighted to enjoy his "cakes and ale" or dance half through the night with the fair maids of old Virginia.

At eighty-three he died, regretted by the nation he helped to create. His deeds and written thoughts absolutely and irrefutably prove that good malt beer is not injurious to mind or body.

# Budweiser

DIRECT into your home it comes—a square and honest product—foaming, sparkling and alive with the true re-creative energy and filled with the power of both sun and soil.

"Budweiser" flowing melodiously from the bottle is a wondrous, pleasant drink. How delightful—the penetrating odor of hop gardens—the subtle fragrance and charm of barley fields in harvest time.

## POLICE SQUAD CLAIMED TO OWN THE STREETS

Ald. McBride Directs Mayor's Attention to a Case of Undue Officialness.

Ald. McBride at yesterday's city council meeting lodged complaint with the mayor, in the latter's capacity as police commissioner, regarding the manner in which he was maltreated at the West Adelaide-street fire early Saturday morning. The mayor promised to bring the matter up at to-day's session of the commission, and the same time assuring the alderman that the police had no right to refuse him admission to the fire lines.

Ald. McBride gave a graphic description of what befell him when he sallied out to the rescue of the reporters, who were being "treated like dogs" by a small squad of the police on duty. One bluecoat had said to him, "I know you, but you can't get in."

"One big policeman grabbed me and went back," said the alderman. "Sergeant Mulhalp said, 'I don't care who you are or what you are.' I was trying to get thru in my official capacity as chairman of the fire and night committee, and the sergeant considered I had a perfect right to get thru also."

The alderman told how Chief Thompson had come along after a long wrangle, and of the conflict of authority that followed, the police claiming to have control of the streets, and how "in the scramble" he managed to get thru.

The alderman contended that Sergeant Mulhalp had not shown common decency in his treatment of the public.

In future I am going thru the ranks irrespective of policemen, and the reporters have as much right as I have," he announced, adding that some arrangement should be made whereby these rights would always be recognized. As for Sergeant Mulhalp, he should be reduced to the rank of constable.

Ald. Vaughan, who is an ex-police sergeant, spoke deprecatingly of the attack on the force. He was sure the policemen were inclined to be just and reasonable.

"Supposing he seemed to think he had a perfect right to know a young man down?" retorted Ald. McBride. "The force may have been all right when it had nice, old gentlemen on it."

The alderman said he would make a motion to ask the mayor to call on the board of police commissioners, and the mayor would be provided with means of identification. You had a perfect right to go thru and see that the firemen were doing their duty."

In justice to the rest of the police on duty at the fire it may be added that except at the corner of Adelaide and Wilton-streets, the men were quite willing to recognize the privileges that were there denied.

## BOXES FOR TOURNAMENT.

Nearly \$2000 Realized at the Sale Yesterday.

Two thousand dollars all but a fever was realized yesterday by the sale of boxes for the military tournament to be held in the armories. Of the 32 boxes, all but two were sold and these were held at \$20 each. The boxes reserved were those for the governor-general, the lieutenant-governor, the mayor and council, the patrons and the judges.

Charles Henderson conducted the auction. The first choice went to H. C. Hammond for \$75. He chose box 2, next to the governor-general's. Col. Albert Goodwin took the next two choices at \$80 each, choosing boxes 22 and 23.

The other boxes were sold in the following order: No. 11, Senator Melville Jones, \$85; 12, Stephen Haas, \$65; 7, Col. Campbell Macdonald, \$55; 26, Officer Riddell, \$50; 8, H. C. Tomlin, \$50; 6, Col. Septimus Denison, \$50; 27, Col. Sir Henry M. Pellatt, \$45; 13, G. C. Stray, \$45; 29, W. A. Brouse, \$45; 4, Major J. H. Mitchell, \$45; 31, Major J. H. Mitchell, \$45; 3, Major J. H. Mitchell, \$45; 30, officers of D Co., 48th Highlanders, \$35; 2, Col. P. L. Mason, \$30; 31, G. C. O'Grady, \$20; 1 and 2, Engineers Corps' officers, \$20; 16, Dr. Fred Wintnett, \$25.

Among those present was Brig.-Gen. Otter.

## Car Fender Tested.

Another test was taken yesterday afternoon in the never-ending search for a street car fender, which will make it as safe to walk in front as it is to walk behind a moving car. It was a test of a fender constructed by Lobley and Allman. The fender is similar in principle to those used successfully on many roads in Great Britain. The fender itself is attached to the truck and is operated by a swinging gate just in front of the car, which strikes any obstacle in the road. Yesterday it succeeded in picking up the dummies placed in various position in front of the car, but it failed to prevent anybody getting under the wheels. It did not make the under side of a moving car a very attractive place.

## Revolution in Peru.

LIMA, Peru, May 3.—Alarm was felt in government circles Friday night when it was rumored that an insurrection was brewing near this city and that the insurgent leader, Dr. Durand, with two hundred of his men, had attempted to cut the wires of the electric lighting plant that supplies the current for the lighting of Lima and the suburbs. If an attempt was made, it was not successful, as the troops sent out by President Pardo have not yet succeeded in locating Durand.

## Adjusting G. T. R. Wages.

A schedule suggesting some adjustments in wages has been submitted to the board of directors of the G. T. R. by the conductors and trainmen of the road.

A Brockville special says: "The Liberals have postponed their convention in connection with the provincial elections from the 9th to the 12th instant. There is much speculation as to whether a candidate will be chosen."

## CREWS TRANSFERRED.

Smith's Falls Benefits by Canadian Pacific Railway's Policy.

SMITH'S FALLS, May 4.—(Special.)—A C.P.R. change of great importance to Smith's Falls went into effect yesterday when the crews of the northern division, or that portion of the line between Chalk River and Carleton Place, were transferred from Carleton Place here.

This means that Smith's Falls is hereafter to be the terminal point, and the men on that division who formerly resided at the "junction" town of necessity have to make their headquarters here. Already fifteen crews have been transferred, and as this represents eighty men, the greatest here until autumn. A number of good dwellings will be rushed up, however, this summer. This move was decided upon by the C.P.R. Co. on the ground of economy. With Carleton Place and Smith's Falls both divisional points extra crews were required to transfer freight between these two places, who the distance is only twenty miles. Now the run will be a direct one from here to Chalk River, which is only about one hundred and thirty miles distant.

## DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were: Francis Graham, 88 years, bronchitis. Peter Miller, 62 years, pneumonia. Edwin Wright, 5 years, pneumonia. Sarah Jackson, 72 years, pneumonia. Glenn Brown, 1-2 months, pneumonia. Wm. Pomeroy, 71 years, old age. Francis Schummeier, 71 years, cancer. Calvin Mason, 20 years, consumption. Katherine Hunter, 4 years, bronchopneumonia. Philip Samario, 2 weeks, pneumonia. Mary Hoffman, 79 years, chronic bronchitis. John Dean, 54 years, cancer. Joseph Clarke, 58 years, peritonsillar abscess. Margaret Cooper, 82 years, old age. John Glendinning, 63 years, chronic bronchitis. Frederick Bonhaf, 7 weeks, gastritis. Mrs. Anderson, 26 years, sepsis. Stewart Wallace, 49 years, abscess. William Glass, 44 years, pneumonia. Henry Gay, 84 years, general debility. James Carter, 65 years, debility. Ann Arthur, 74 years, cerebral softening. Neil MacEachern, 75 years, apoplexy. Katherine McBride, 25 years, typhoid fever.

## Narrowly Escaped Burning.

BRANTFORD, May 4.—E. M. Turner and his wife, colored people, resided at 49 Brock-street, this city, hid in a narrow escape from a fire which destroyed their home at 2 o'clock this morning. At that hour, while both were in bed, a lamp which they had left burning, exploded.

Turner ran to the nearest alarm box and broke the glass, but failed to pull the knob. The alarm did not sound, and it was twenty minutes before a neighbor was aroused who knew how to turn in the signal. In the meantime Mrs. Turner got out, clad only in a sheet. Before the department arrived the house and furniture were entirely destroyed. The loss will be about \$700.

## Direct to Muskoka Lakes.

The Grand Trunk Railway System's 8:10 a.m. train, which leaves Toronto daily, except Sunday, makes connection with Muskoka Navigation Company at Muskoka Wharf for one point on the lakes. Return connection is made with train arriving in Toronto at 3:25 p.m. Full information at City Office, northwest corner King and Yonge-streets.

## Nelson's New Regiment.

NELSON, B.C., May 3.—(Special.)—Queen Mine at Salmon, to the south of Nelson, has been sold for \$175,000 to a Wisconsin syndicate.

## Bubonic Plague.

GUAYAQUIL, May 3.—There have been 48 new cases of bubonic plague in this city since April 22. During the month of April there were 130 deaths from bubonic and 18 deaths from yellow fever.

## NETS SPOIL FISHING.

CHATHAM, May 4.—(Special.)—Good-eating fish have wonderfully increased in the Thames River hereabouts since the seine nets were ordered out of the stream. Hundreds of citizens can be seen fishing along the banks of the river every evening now.

## Brantford's New Theatre.

BRANTFORD, May 4.—Manager Johnson, who was lately denied a fixed assessment on a new theatre by the city council, announced this morning that he would erect a new playhouse on the skating rink site, which he controls. While the theatre will not be as elaborate as the one originally planned, it will be spacious, the stage being 75 by 45 feet.

# SPRING MEDICINE

Try as you may, it is next to impossible to escape so-called "Spring Fever." You get that Weary, Tired, Listless, Worn-out, Don't-Care-to-Work Feeling. What is needed is to clean out the system and make the blood pure. The cleansing, blood-purifying action of

# Burdock Blood Bitters

whereby it eliminates all the pent-up poison from the system, starts the sluggish liver working, acts on the kidneys and the bowels and renders it without exception

THAT TIRED FEELING. Mr. F. H. Leard, Saskatoon, Sask., writes: "I have used Burdock Blood Bitters as a blood builder and think it an excellent remedy. Every one should take it in the spring to cure that tired feeling that comes to so many at this time of the year."

PURIFIES THE BLOOD. Mrs. Geo. Mason, Apohaqui, N.B., writes: "I have used Burdock Blood Bitters and it is a splendid spring medicine. It purifies the blood and is the greatest remedy in the world for pimples and boils."

INDIGESTION IN SPRING. Miss R. Bradley, Hamilton, Ont., writes: "Last spring I used three bottles of Burdock Blood Bitters, as I had indigestion and very thin blood. I tried everything before taking the B.B.B., which I think is an excellent spring tonic."

Another test was taken yesterday afternoon in the never-ending search for a street car fender, which will make it as safe to walk in front as it is to walk behind a moving car. It was a test of a fender constructed by Lobley and Allman. The fender is similar in principle to those used successfully on many roads in Great Britain. The fender itself is attached to the truck and is operated by a swinging gate just in front of the car, which strikes any obstacle in the road. Yesterday it succeeded in picking up the dummies placed in various position in front of the car, but it failed to prevent anybody getting under the wheels. It did not make the under side of a moving car a very attractive place.

Prospects for wheat crops look bright. John Dryden & Son intend holding a sale on the 4th of June.

We congratulate Dr. Grange on his appointment to the Veterinary College. The farmers are truly in need of strong men in the legislature.

Mr. Caton of Nanapan, who has a 25 cow Jersey herd near that town, was in the city last week in connection with his dairy business.

Attford Rogers of Kinsale intends building a silo this year. He has had to do without one this year owing to the late season.

Sow mixed grains this year for feed. Grain will not likely be so high priced as in the city last week.

Mr. A. Letch, B.S.A., late manager of the Rathburn farm at Deseronto, has been engaged as farm manager at Mr. W. F. Maclean's big farm at Donlands.

From Wichita, Kan., comes report that "early sown wheat will head within ten days in southern Kansas and is looking 100 per cent. Every acre of wheat is a good crop."

According to The Gazette, the figures of the state board of agriculture show that there are 350 stallions standing in the province of Ontario.

After its final revision the prize list for the International Horse Show, to be held at Olympia, London, next June, is even more valuable than was at first intended.

When weeds become established on walks, destroy them by one or two applications of hot brine.
