TURKS RETREAT A MILE FROM DEFENSIVE WORKS AT KUT-EL-AMARA Britain Now Faces Problem of Raising New War Credit Your Last Chance to Subscribe to the \$2,000,000 Fund is Today

TIME EXTENDED FOR COLLECTING PATRIOTIC FUND

Last Call to Public Today to
Shove Hands of Clock
Past Mark.

IS NEAR TWO MILLION

Fifty Thousand Club Will
Boost Campaign in Order
to Reach Goal.

The patriotic fund did not reach the \$2,000,000 mark last night, but it is not very far from it. A last push on the part of the public will shove the hands of the big clock past the mark. It is up to the small giver today; every big contribution is in and if the people generally do not contribute quarters and half dollars and dollars generously today, it is expected the fund will fall a little short of the estimate. The officials don't for a minute believe the two million mark is not going to be reached. "Absolutely certain that the last lap is going to be closed up by the small giver today," E. R. Wood said yesterday.

Up-to-date the public generally has not given. Major Dinnick proved this in the satisfaction of the press by a comparison of last year's figures with this year. After deducting the contributions of the city, county and financial institutions last year, \$718,000 was left, whereas this year, 2008 subscribers, less than half the number of last year, have given approximately \$500,000. This is why the patriotic fund officials today make their last big call to the public and to the small giver.

Today is "50,000 Club Day." Over 100 workers will be out after members for the club and to make half a million response to the call for membership. They expect to boost the figures up to the two million mark. If you join the club today your monthly contributions of \$1, until the end of the year, are added up and estimated as a donation of \$10 to the fund. So far the response to the call for membership of the club has been most gratifying; yesterday the club membership figures jumped from over 10,000 to 20,000. Five speakers, ex-Mayor McCarty, ex-Mayor Hooker, Hon. Gurney, Norman Somerville, and John J. Mason visited the club today and addressed the men. Doctors signed on as members. At the factory of the Dunlop Tire Co. where 75 men were already members, the roll was increased to 350 names. For a man who cannot afford a big contribution to the Patriotic Fund the 50,000 Club is being held up as the best method of assisting the fund by

ALLIES WILL DISCUSS COMMERCIAL ISSUES

Prevention of German Trade Invasions After War One Problem.

PARIS, Jan. 27, 5:30 p.m.—The International Parliamentary Conference on Commerce, founded at Brussels in June, 1914, will meet in Paris in the near future. The conference membership will include only parliamentary and allied countries.

In addition to dealing with general questions, such as the currency, postal tariffs and patents, the conference will discuss measures looking to the prevention of a German industrial and commercial invasion after the war.

YOUNG TORONTO GIVES GENEROUSLY TO FUND

School Children Presented Donations Totalling Over Fifteen Thousand at City Hall.

RECEIVED BY THE MAYOR

Many Speakers, Including Sir William Mulock, Paid Tribute to Sacrifice of Pupils.

Fifteen thousand and fifty-one dollars and sixty-two cents were handed to Mayor Church, in the council chamber of the city hall yesterday, by the school children of Toronto. It was their answer to the call in aid of the Toronto and York Patriotic Fund campaign to raise two million dollars. Representatives from the public, high and separate schools offered the donations in white bags, sealed and tied with red ribbons, each bearing the name of the school. They were introduced by Col. Thompson, O.C., public school cadets, to the mayor, who received the bags and personally thanked the child handing in the contribution.

The affair was scheduled to take place at four o'clock, but prior to that hour the guard of honor of 200 public school cadets arrived, and in real soldierly fashion took its place outside the city hall.

The side and inside of the hall were stationaried just inside the main entrance, and the young militiamen kept time until a religious revival takes place.

GOEBEN AGAIN DAMAGED BY RUSSIAN WARSHIPS

Thirty-Three of Crew Killed Eighty Wounded in Engagement.

PETROGRAD, Jan. 27, via London, Jan. 28, 1:33 a.m.—An official communication, made public today, says: "It has been learned that the Turkish cruiser Goeben, which was damaged in an engagement Jan. 8. Her casualties included 33 men killed and 80 wounded."

WAR SUMMARY: Today's Events Reviewed

DRASTIC financial expedients to secure funds for the continued prosecution of the war were foreshadowed at the prorogation of the imperial parliament yesterday till mid-February. It is not because the government fears that another large war loan would not succeed, so much as the necessity of exercising the utmost care in the securing of financial support, that it urges withdrawal of funds from public use in such manner that the diversion of capital will bear least heavily on the country. Under the strain of modern war the old theories of political economy, such as the conception that wars are financed by the export of commodities, while they are being waged, as set forth by Adam Smith, have broken down, for modern war demands the service of half the male population in the field, instead of a small professional army, and it therefore involves almost a cessation of all industries but munitions making, ship building, clothing manufacture, and the provision of foodstuffs.

Nothing beyond the usual round of action is noted from the British and French official war communiques of last night. The Germans attempted by a counter-attack to drive the French from the mine craters which they had captured from the Germans at points east of Neuville-St. Vaast. Two French mines were exploded on the ridge between Hill 295 and Haute Chevauxée, in the Argonne, and severe losses were inflicted on the enemy in the fight for the craters. Serious damage was done to the German trenches in Belgium by a bombardment. A German convoy was caught under the fire of French long-range guns in Magiennes, to the northwest of Etain. The British exploded a mine opposite Givenchy, and conducted organized bombardments of several positions of the hostile line. German artillery was active near Loos, Bois Grenier, Armentieres and Ypres.

It is difficult to justify legally the protest of the United States in regard to the British censorship of mails to and from Germany, and the holding up of the parcels post for enemy goods, for The Hague convention, in regard to mails, makes an exception in the case of a

LONDON, Jan. 27, 5:30 p.m.—Gen. Townshend, commanding the British force invested at Kut-el-Amara, in Mesopotamia, has reported that the Turks have evacuated their trenches on the land side of the defences at Kut and have retired generally speaking, to about a mile from the British entrenchments. It was officially announced here today.

No change in the situation was reported by General Aylmer, commanding the British column that has been marching to the relief of the Kut-el-Amara garrison.

NORTH SEA HERO MAKES APPEAL

Britain in Need of Religious Revival, Says Vice-Admiral Beatty.

WILL ENSURE VICTORY

Stupor of Self-Satisfaction and Complacency Must Be Shaken Off.

LIVERPOOL, Jan. 27, 11:30 p.m.—Vice-Admiral Beatty, commander of the first division of the British cruiser squadron, whose ships defeated the Germans in the North Sea, has made a stirring appeal for a great religious revival in England as a necessary step to victory in the war. In a letter, read at the annual convention of the Society for the Propagation of Christian Knowledge, he writes: "Surely Almighty God does not intend this war to be just a hideous fracas or a blood-drunk orgy. There must be a purpose in it; improvement must come out of it. Example.

"In what direction? France has already shown us the way and has risen out of her ruined cities with a revival of religion that is wonderful. Russia has been welded into a whole and religion plays a great part. England still remains to be taken out of the stupor of self-satisfaction and complacency into which her flourishing condition has steeped her. Until she can be stirred out of this condition, just so long will the war continue.

"When she can look on the future with humble eyes and a prayer on her lips, then we can begin to count the days towards the end. Your society is helping to this end, and so is helping to bring the war to a successful end."

SAYS DAMAGED GOODS DID NOT GET FAIR DEAL

Mutual Film Corporation Appeals to Hon. T. W. McGarry Against Decision.

CHAIN OF CIRCUMSTANCES

Allegation is That Picture Was Condemned Before It Was Shown.

That "Damaged Goods" turned down by both the Ontario Board of Censors and by the board of appeal, should be viewed by Hon. T. W. McGarry himself in order that proper judgment of its fitness for public exhibition should be given is the contention of C. B. Price, Canadian manager of the Mutual Film Corporation, in a letter which he sent to the provincial treasurer last night.

Mr. Price points out several reasons why he is asking for fair play. Back in November members of the Ontario board went to Buffalo and saw the picture there and they commented very favorably on it, so much so that the Mutual Company paid the duty on the films and brought them across the border. When it was again submitted in Toronto to the same board it was condemned. It is a picture which thought it was a great picture and which would be exhibited to a mixed audience. "Then," continues the letter, "the picture was sent to the board of appeal and it was again condemned through all channels. Now, the part we take exception to most is that our operator was instructed to rush thru this picture to the board of appeal and that they were not given a chance to see it in public or not. We have information, however, that the picture was to be condemned and never had a fair chance. The whole thing on the surface does not seem to have been handled in the proper way.

Furthermore," Mr. Price says the picture was passed by every local board of censors in the United States. He says, too, that in Ontario the picture was shown to a number of ministers, doctors and social workers.

ENEMY ORGANIZATIONS CANNONADED BY BRITISH

Mine Exploded in German Positions Opposite Givenchy, Doing Damage.

Special Cable to The Toronto World.

LONDON, Jan. 27.—Mining and artillery warfare was continued on the western front today, the British having the most of the combats. British engineers exploded a mine opposite Givenchy today and their artillery carried out organized bombardments of several parts of the German lines. The Germans say that they were heavily shelled, as well as the sea coast. British monitors bombarded Westende and district.

German artillery was busily engaged in shelling the British positions east and northeast of Loos, and this center of the front of the British line. On the French portion of the front the artillery fire of the British was directed against the German trenches situated in front of Boesinghe and caused serious damage to the hostile organizations.

The Germans were repulsed in an attempt to retake the craters from which they were driven during the night of the road east of Neuville St. Vaast. The German defences were shelled by French trench guns. Mine fighting was continued in Lorraine being exploded between Hill 285 and Haute Chevauxée, and on a fight taking place for the craters between Hill 285 and Haute Chevauxée.

A French long range gun caught a German convoy carrying munitions, and destroyed to the northeast of Etain.

DRASTIC STEPS IN BRITAIN TO RAISE REVENUE

New War Credit Vote Will Be Necessary Before February Ends.

CONSCRIPTION IN FORCE

Royal Assent Given Bills — Parliament Prorogued for Brief Period.

LONDON, Jan. 28, 4:04 a.m.—Single vote of the House from 27 to 30 years, enrolled under the Derby enlistment scheme, will be called out Feb. 3.

LONDON, Jan. 27, 9:30 p.m.—The royal assent and other formalities giving statutory force to the military service bill, the trading with the enemy bill, prolonging the life of parliament, were concluded in the house of lords today and parliament was prorogued until Feb. 15.

At the reassembling next month, after an unusually short recess, the house of commons, owing to the necessity for financing the war, will be engaged almost exclusively for some weeks in financial business. A new credit vote will be necessary, as the amount already voted will be exhausted before the end of February. It is understood that the budget will be submitted at the earliest possible moment and it is likely to contain drastic new taxation proposals, including probably a scheme for compulsory investment in the war loan of a proportion of the earnings of workers engaged in the manufacture of munitions and other government necessities.

Satisfactory Response From Ghurkas, Punjabis, Sikhs and Rajputs.

LONDON, Jan. 27.—(Via Reuter's Ottawa Agency)—A special despatch from Delhi says: "Throughout the whole of India efforts to assist in securing victory for the allies are proceeding steadily. Gifts continue to flow in for the equipment of hospitals, for ambulance service, and for institutions for providing comforts for the troops. The manufacture of munitions is being keenly pushed forward, the government giving eager attention to the extension of this work, the progress of which is most encouraging. Government factories are going full blast, while all the workshops of the great railway systems of the country are similarly engaged, and most of the big private firms are lending their aid. The Maharajahs are rushing the output of war materials.

The Punjab aeroplane fund of £70,000, of which £45,000 have been remitted to Austin Chamberlain, secretary of state for India, for the first twenty aeroplanes is still being liberally subscribed to. There also have been further gifts of motor ambulances from native princes and women residents of the various towns, as well as two motor launches for use on the Tigris. Maharajahs have given machine guns and aeroplanes for particular Indian regiments. Recruiting continues to be most satisfactory, particularly among the Ghurkas, Punjabis, Sikhs and Rajputs.

Runciman Says Importation of Bulky Articles Will Be Stopped.

LONDON, Jan. 27.—As a first step in the effort to curtail the outflow of money and increase the tonnage available for transportation of goods of greater importance, Walter Runciman, president of the board of trade, announced in the house of commons today that the importation of a large percentage of paper and paper-making materials, would be prohibited soon. Exportation of rags and waste paper also will be prohibited. Importation of other articles of a bulky nature may be stopped shortly. This list may include raw tobacco, some fruits, building materials, furniture and wood.

WOMEN OVERJOYED

Suffragettes Broke Into Song When Bill Passed Third Reading.

WINNIPEG, Jan. 27.—Tremendous enthusiasm greeted the third reading of the woman suffrage bill in the legislature today. The galleries were filled with women who have been prominent in the movement for the political equality of the sexes, and they sang and cheered as the house unanimously passed the bill. Only one member of the legislature, Joseph Hamelin, Conservative member for St. Rose, had a word to say against it. Mr. Hamelin remarked that he had always been opposed to women suffrage, not because he doubted the ability of women to judge legislation, but because votes for women might cause domestic troubles at election times. He did not, however, vote against the bill.

Premier Norris had introduced the bill, but he is in Chicago. The third reading was moved by Hon. T. H. Johnson, minister of public works. Besides giving the women the vote, the bill recognized their right to sit in the legislature.

After the bill had been read a third time, the women rose in the galleries and sang "O Canada" with great heartiness. The speaker, Mr. Johnson, referred to the members of the house. Not to be outdone the members rose and replied in like manner.

WILSON ON CAMPAIGN FOR NATIONAL DEFENCE

He Advocates Peace, But Says He is Always Ready to Fight.

NEW YORK IS CORDIAL

President Defends His Policy of Non-Invasion of Mexico.

NEW YORK, Jan. 27.—President Wilson tonight opened his appeal to the country for national defence. He gave warning that plans for the readjustment of the army must be formulated and carried out without delay and solemnly declared he could not predict that the outlook for the United States would be as bright tomorrow as today. Speaking at banquets of the Railway Business Association and the Motion Picture Board of Trade, he sounded the keynote of address he will deliver during the next few days in the middle west.

Mr. Wilson was in a fighting mood throughout his addresses. In a speech delivered early in the day he declared he always accepted an invitation to fight. Tonight he told the railroadmen he was an advocate of peace and had struggled to keep the United States at peace, but that he considered the liberty and honor of the nation even more important than peace.

The president at both banquets and all during his day's visit to New York was greeted with enthusiasm. During his speech before nearly 1500 businessmen at the railway banquet he was frequently interrupted by applause.

The president defended his Mexican policy. He asserted that the United States would mean the losing of the confidence of the rest of the western hemisphere. He cited the freeing of Cuba as an instance of good done by the United States.

"If we are drawn into the maelstrom which now surges in Europe," the president declared, "we shall not be permitted to do the high things we would prefer."

BIG PROFITS IN HAY CONTRACTS NOT TOLERATED

Burrell, in Disclosing Agreement, Made Vigorous Attack Upon Carvell.

LATTER PROFITEER

Light Thrown on New Brunswick's Hay Deals Provided Sensation.

By a Staff Reporter.

OTTAWA, Jan. 27.—Hon. Martin Burrell, minister of agriculture, went after Frank Carvell the Liberal member for Carleton, N. B., this afternoon and all but skinned him alive. It was one of the most interesting operations ever witnessed by parliament. The Conservatives, who were badly rattled by Mr. Carvell's brilliant and forcible arraignment of the shell committee on Tuesday, are feeling better tonight and some of Mr. Carvell's friends may be correspondingly depressed. Mr. Burrell, by the way, had not a word to say in defence of the shell committee, but addressed himself solely to the charges preferred by Mr. Carvell in connection with the purchase of New Brunswick hay by the department of agriculture for the account of the British war office.

Carvell's Allegations.

Mr. Carvell's charges, which at the time made a deep impression on the house, may thus be summarized: He claimed that the department of agriculture purchased 7000 tons of hay in New Brunswick for the war office through a contractor or middleman known as the Atlantic Hay Company, that J. B. Smith, the Conservative candidate for Carleton in 1911, was the head and front of this concern; that Smith's company was paid \$24,000 for hay, 1,000 at St. John, N.B., and that it purchased the same from farmers at a low price, paying from the Imperial government the full market price for the hay. Mr. Carvell claimed that the favored middleman had absorbed a profit of at least \$88,000 either from the New Brunswick farmers or the Imperial government. He further said that when he told Mr. Burrell, the minister of agriculture, that he intended to expose the affair, that he had been begged by "heaven's sake, say nothing about it," and then went to Sir Wilfrid Laurier and Fred Pardee, the chief Liberal whip, and begged them to have Carvell's name removed from the list of members.

Strong Counter Charges.

Mr. Burrell met this incident today in a carefully prepared speech, which towards its close became highly sensational, as he proceeded to uncover some past pages in the career of his accuser. The minister said the contract of hay had been given out upon the basis of what it cost the government to buy and bale hay at Montreal and ship to St. John. He did not think the price of the hay was high. However that might be, he produced a new contract with the Atlantic Hay Co., by which their net profits on all the hay purchased by the Imperial government was limited to \$1 per ton. The government had a chartered accountant in the office of the hay company to check up their operating expenses. This defence seemed good as far as it went, because everyone assumed that Mr. Carvell knew nothing of it. The minister, however, went on to say that he had privately advised Mr. Carvell of the new contract and had asked him in view of the fact that the public interest had been already safeguarded, to refrain from bringing up the discussion while the war was in progress.

Would Avoid Controversy.

He had spoken to Mr. Carvell the way he did and had conferred with Sir Wilfrid Laurier because he honestly believed that it would be most unfortunate to have a controversy at this time, when the government was in the market buying wheat, hay, oats, flour and other commodities in enormous quantities.

Replying to the charge that he had been denounced by the government inspector at Woodstock, N.B., he had been passed by the government and had been begged by Mr. Carvell to refrain from bringing up the discussion while the war was in progress.

Then Mr. Burrell went on to say: "Who is this Mr. Carvell, who thinks the New Brunswick farmer was swindled when he accepted \$1.50 for his hay? He is the same Mr. Carvell, who in 1902 bought hay for the British war office at the request of the department of agriculture. He only paid the farmer \$3 per ton." (Laughter.)

Mr. Burrell then explained that Mr. Carvell had employed all the hay buyers of Victoria and Carleton counties.

PORT COLBORNE SAW TWO FLYING MACHINES... One Appeared to Be Guiding Another Flying Low. PORT COLBORNE, Ont., Jan. 27.—Two flying machines, supposed to be from the Toronto Aviation School, were seen here last evening. As there was a fog at the time only the lights and the noise of the machinery could be observed. One machine appeared to be guiding the other, the latter flying low enough for one to hear their signals. They disappeared in a northwesterly direction.

WOMAN DIES SUDDENLY... Mrs. F. Ashbee, aged 71 years, died very suddenly at her residence, 82 Caedonia avenue, Earls Court, last evening from the effects of a paralytic stroke.

WEXFORD HELPS SOLDIERS... At the residence of Mr. and Mrs. A. J. Wexford, on Wednesday evening, a very successful box social in aid of the Soldiers' Home was held. Mr. Geo. Baxter of Agincourt acted as emcee, and after the sale a very enjoyable dance took place. Mulrhead's orchestra supplied the music.

NEED LIGHT IN SHELTER... A light is badly needed in the new shelter erected on West St. Clair avenue at London, by the Toronto Soldiers' Home. The shelter is a part of the new St. Clair civic car line, according to the residents in the immediate vicinity.

MONTREAL CONTRIBUTION... MONTREAL, Jan. 27.—The total subscriptions for four days are \$1,806,665. Today's subscriptions amount to \$178,878. The big campaign will conclude tomorrow.

White Paper Discloses Losses Up to the End of October... LONDON, Jan. 27, 10.15 p.m.—Since the outbreak of the war the end of last October, 254 British merchant steamers aggregating 542,648 tons were lost "through enemy action," of which 171 were sunk by submarines, 46 by warships, and 37 by mines. Nineteen sailing ships, of a tonnage of 15,542, were sunk. The fishing vessels sunk numbered 227, of which 114 were steam and 69 sailing. The tonnage of a tonnage of 14,133 were returned as missing. The loss of some of these, says a footnote, was "probably due to mines created by 890 British submarines, and of a tonnage of 113,153 were the victims of ordinary marine casualties.

DEMENTED MAN TRIED TO CUT HIS THROAT... Escaped From Lock-up at Minden, and Was Recaptured. MONTREAL, Ont., Jan. 27.—Nathan Carr, who came here from Port Hope about six months ago, was lodged in jail here this week as insane. Yesterday afternoon, after a doctor's examination, he made his escape. Early this morning he attempted suicide with a dull jack-knife on his person. He is still living in the hospital. He has a wife and six children residing in the village.

GOES FROM COURT TO JOIN A BUGLE BAND... GALT, Jan. 27.—Marshall Cathoun, 198 Carlaw avenue, who pleaded guilty to holding up two women on the street on Saturday night last, was this morning in the police court made a ward of the Children's Aid Society, and later, with the consent of the society, enlisted with the English Battalion Overseas. He wanted to enlist in Toronto, but his parents would not allow him, and he went to a farm, where he got loneliness.

An extension of the use of the parcels post might lead to the entire negating of the blockade of Germany. The Russians again damaged the Goeben in an engagement in the Black Sea, fought some time ago, Petrograd reported yesterday. She suffered the loss of thirty-three of her crew killed and eighty wounded. If the fighting quality of the other German battleships and first-class battle cruisers is similar to the fighting quality of the Goeben, most persons will admit that the German admiralty shows excellent judgment in keeping the German high seas fleet in the Kiel Canal. The Russians report the stopping of a Turkish attempt at taking the offensive from the vicinity of Erzerum. On the western front fighting is confined to patrol engagements and the prosecution of siege warfare. The latest news from Mesopotamia is that the Turks, who have been closely investing the British garrison in Kut-el-Amara, have evacuated their trenches on the land side of the defenses and have retired about a mile from the British entrenchments. No explanation is given as to the reason for this withdrawal, but it may be owing to fear of the floods drowning them out, or else the fear that when General Aylmer gets under way he will be able to sweep everything out of his road, so that sufficient space must be allowed for a safe getaway. Owing to the incomplete condition of the Baghdad railway, the British high command is able to send reinforcements from Egypt to Mesopotamia more rapidly than the Turks can send them from Constantinople. There is still 350 miles of line to be completed from Bas-el-Ain to Mosul, and the tunnels of eighteen miles under the Taurus, and of shorter distance under the Amanus range, are still far from completion. But by rushing the operations, which the Germans can do, owing to having linked their capital with Constantinople, they may be able to complete this line by the middle of this year. No time is therefore to be lost by the British in pushing on to Baghdad and holding this important point in the communications of the enemy.

AUSTRIANS' OFFENSIVE STOPPED NEAR GORIZIA... Italian Troops Retain Firmly Occupied Positions and Gain Ground. ARTILLERY ACTIVE Observation Posts Destroyed in Franza Valley, Upper Sextenstein and Monte Nero. ROME, via London, Jan. 27.—The following official statement was issued tonight by the Italian war office: Along the whole front there has been artillery activity assisted by aeroplanes. The enemy artillery started a violent fire on the Terrazza Valley, which we immediately mastered and stopped. Enemy aviators dropped bombs on Ala in the Lagarina Valley, on Roncoveno and Borgo in the Sugana Valley, but without damage. Our artillery destroyed observation posts in the Franza Valley, the Upper Sextenstein and at Monte Nero. "In the Gorizia zone the enemy offensive was stopped, our troops holding firmly occupied positions. Detachments of the enemy, which were reported marching towards the Isonzo bridge, were scattered by our artillery. "On the Carso front on Wednesday one of our detachments, by a surprise attack toward the San Marino Church, gained ground which was promptly strengthened and held."

WAR OFFICE DIRECTS DEFENCES OF LONDON... Announcement Made That It Will Be Solely Responsible in Future. DEFENCES DEVELOPED Unity of Control is Expected to Show Good Results. LONDON, Jan. 27.—The government has decided that henceforth the war office shall be solely responsible for the defence of London from air attacks. A parliamentary deputation was received by Earl Kitchener and A. J. Balfour, first lord of the admiralty, at the war office today, seeking information on the protection of London from air raids. The ministers explained to the deputation that the difficulties in securing adequate defence in the past was due to a deficiency in anti-aircraft machines—a deficiency also felt by the army and navy—but that efforts to remedy the shortage were meeting with good results. A great development in the defence of London, they said, had been effected since the last air raid, and the progress was not confined to the increase and organization of anti-aircraft machines under the able superintendence of Sir Percy Scott, but extended also to the improved arrangements for defence by aeroplanes.

BRITAIN HAS EXTENDED LIST OF CONTRABAND... All Kinds of Motor Accessories Are Now Absolutely Barred. LONDON, Jan. 28, 2.18 a.m.—Notice has been given that a number of articles have been added to the lists of absolute and conditional contraband. NEWS FROM THE CITY HALL

CITY HALL NOTES

YOUNG TORONTO GIVES GENEROUSLY TO FUND

School Children Presented Donations Totalling Over Fifteen Thousand at City Hall.

RECEIVED BY THE MAYOR

Many Speakers, Including Sir William Mulock, Paid Tribute to Sacrifice of Pupils.

to stirring tunes. From the doorway, up the spacious stairs, and along the chamber, the red tunics lined the path and the behavior of the lads was exemplary.

Presented Donations.

Between these lines the girls in charge of the money passed, and on reaching the throne of welcome, by Mayor Church, Sir William Mulock, Archdeacon Neil McNeil, William Houston, chairman of the board of education, Controller Thompson and other prominent citizens. Col. Thompson called out the name of the school and the amount donated, and each item was recorded by A. L. Whiteley, of the Ellis Printing and Stationery Company, who tallied the amounts. The children then took their places in the council chamber and the announcement of each amount, and when it was stated that Brown School had given \$658.55, the enthusiasm was very pronounced. The more prominent names from Oakwood High School's list were called, \$23,000, including the gifts of the teachers, but the climax came when a donation of \$7,000 from the public school teachers, supervisors, etc., was made known near the close of the proceedings. There are nine public schools and one high school to hear from yet, and with their contributions it is expected a good sum will be added to the large amount already received. Mayor Church, in a short address congratulated the scholars on the grand showing they had made, and thanked them for their generous gifts. "The Protestant and Catholic schools of Toronto are the backbone of the militia of this city," he said. "The school children of the empire are upholding the traditions of a great race. This demonstration today is without a parallel and is one of the wonderful things that will go down in history. I want to thank the pupils for what they have done since the war started. The teachers and all taking part in our educational work, as well as the scholars, have done their duty faithfully. "I congratulate the board of education and the separate school board for the good work performed. They have done so nobly."

Sir William Mulock Moved.

Sir William Mulock spoke of the many sources from which money had come to the patriotic fund. "Large sums," he said, "have come from public corporations, substantial sums from public men and wealthy citizens, but none of those gifts have so touched my heart as this one today. It is an old custom," he continued, "that people should give of their treasures during war and that custom is alive in Toronto today. This event will prove a great inspiration throughout Canada." In conclusion he said: "On behalf of the association, I accept your congratulations with the utmost gratitude and assure you that the money will be put to the use which you intended."

Happy Experience.

Mrs. Strachy spoke briefly and thanked the board of education, teachers and scholars for their generous help. The members of the school committee of the patriotic fund had found it one of the happiest experiences of their lives to be connected with the schools on this occasion, she said. Trustees C. A. B. Brown mentioned some of the schools located in the more humble sections of the city and said it was undoubtedly a great sacrifice for their pupils to make up such handsome amounts as had been received. In a few remarks Chairman Houston thanked the scholars and teachers for their work on behalf of the fund and said they had all truly done their bit. Dr. Steele, chairman of the management committee; Mrs. Plumpton, Controller Thompson; Bro. Rogation, separate school inspector, and Colonel Thompson. The cadets were from Winchester, Lansdowne, Brock and Alex. Muir schools and were in charge of Colonel Thompson, and Battalion Commanders Lieut. H. P. Carr and Lieut. Woodward. The public and separate schools' donation of \$15,051.62 was made up by individual gifts. Ten schools have not been heard from.

Separate Schools.

Table listing donations from various schools including St. Joseph's, Holy Name, St. John's, St. Joseph's, St. Anne's, St. Basil's, St. Michael's, St. Peter's, St. Paul's, Sacred Heart, St. Clare, St. Anthony's, St. Francis', St. Mary's boys' dept., St. Mary's girls' dept., Holy Family, St. Patrick's, and Public Schools like George Street, Winchester, Kitchener, High School of Commerce, St. Clair Avenue, Rose Avenue, Brock Avenue, and Carlton Street.

The medical inspection staff decided yesterday to donate on the basis of a day's pay for eight months to the patriotic fund. This will amount to something over \$1800.

Street Commissioner Wilson is taking advantage of the mild weather to give the downtown streets a fluffing. His big motor trucks were out yesterday washing the pavements.

Controller Cameron has gone to Chicago on company with Fire Chief Smith, where they will make an inspection of motor tractors, as it is proposed to purchase machines of this kind for use in the fire department.

The Federal Signal Company of Albany, N.Y., has signified its intention to tender for the interlocking installation at the crossing of Lansdowne avenue and the Davenport car line.

Works Commissioner Harris reported that arrangements for the grading of Castlefield avenue have been completed and that he is ready to ask for tenders. The estimated cost is given as \$10,025, and council will be asked to vote this sum at its next meeting.

Additional grants recommended by the executive of the Toronto Citizens' Recruiting League were approved yesterday at a general meeting. The grants are: 40th, 41st and 42nd Batteries, \$166 each; 31st, \$500; Brigade Ammunition Column, \$200; Divisional Ammunition Column, \$200; R.C.M.P. Q.O.R., \$500; 134th, \$500; 97th, \$500, and the 34th Battery, \$750.

At today's meeting of the works committee, Works Commissioner Harris will recommend the grading on a 42-foot horizontal top on Bowman road from 250 feet south of Small street to 142 feet north of Small street. It is estimated that the improvement will cost \$2225 and the payments are to be spread over ten years, the city paying \$521 as its share of the cost for flankages and intersections.

The action of the local board of health in appointing T. J. McMullin as chief engineer at the high level pumping station at a salary governed by the bylaw instead of \$2000 and a free house, as recommended, is to be repented by Commissioner Harris, who has asked for permission to deal with the matter at greater length.

The mild weather is already having its effect on the number of building permits issued by the city architect. Yesterday six permits were issued, having a total value of \$23,000. The largest of these was to the Hamilton Gear Machine Company, who will erect an addition to their present building at the corner of Concord avenue and Van Horne streets at a cost of \$4500.

MAYOR ANGRY OVER ACTION OF COMPANY

Because a soldier named Sandell gave his age as 40 when enlisting, and it later turned out to be 44, it will cost the city \$23.33 to make up the full \$1000 for which he was insured. Sandell was killed at the front

FRIDAY MORNING
OVER THREE HUNDRED
OFFER FOR OVERSEAS

Recruiting in Toronto Yesterday
Was Satisfactory to Military Men.

ASK REJECTS TO APPLY

Hundred and Ninth Officers Continue Factory Campaign — Sham Battle Today.

Over 300 men came forward to join the colors in Toronto yesterday, a total three times greater than on Thursday of last week. The 109th Overseas Battalion continued its energetic recruiting campaign, obtaining 155 men of whom 83 were accepted and 72 rejected. At the University ave. armories depot 157 University ave. recruits were accepted and 42 rejected. The Q. O. R. 166th Overseas Battalion was last night 569 strong; the 48th Highlanders, 124th, 861 strong and the 149th Overseas Battalion, 473 strong. The Q. O. R. got 19 new men yesterday, and the Highlanders 28.

Seven men are wanted by the recruiting depot for guard duty on the Welland Canal. Men previously rejected for overseas service because of slight defects, such as flat feet or eyesight slightly bad, are asked to apply at the armories for guard work. Sham Fight Today. Most of the active service troops in Toronto, including infantry and artillery, will take part in the big sham fight to be staged this morning in the district northwest of the city. A feature of the manoeuvres will be the work of the medical corps. It will bring the "wounded" via ambulances to the Transportation building (at the camp), which will be used as a clearing hospital.

Senior officers of the 109th Regiment's Overseas Battalion continued their factory campaign yesterday by speaking at the Toronto Furniture Company, where eight men dropped their work and came down to the recruiting depot. At the Canadian Kodak Company seven offered, and at the American Watchcase Company, one offered. Other places where the employees were addressed at the invitation of the management were Canadian Express Company, Crown Tailoring Company, Sunbeam Lamp Company, and the Brunswick-Balke-Comander Company. At the York Springs plant, North Yonge street, the manager called his employees into his office one by one, to be interviewed by a recruiting sergeant.

Filed by Rejects. Lever Brothers asked an officer of the 166th Battalion to secure them ten more rejected men from the Pearl street depot. Other firms consider an idea that new places occurring in their district filled with rejected men a good one. The idea may be carried out to a big plan to secure physically fit men from factories, where their places could temporarily be filled with men rejected by the examiners. The thing standing against this is the fact that the class of men appealed to by the 109th Regiment Overseas Battalion are men who leave good positions and skilled work when they decide to join the colors.

A big, husky sailor was accepted yesterday by the 109th Regiment's Overseas Battalion yesterday. He was discharged from the Niobe when that part of our navy was taken out of the ocean. Harold E. Smith, a carpenter, six feet five inches in height, 185 pounds weight, was another of the splendid recruits signed on by the 109th Overseas Battalion. He came here from Ottawa, but was born in England.

Results Disappointing. Considering that they are making their appeals peculiarly to Canadians, the fact that so few native born are coming forward is rather disappointing to Lt.-Col. J. G. Wright and his officers of the 109th Regiment's Overseas Battalion. All the arguments which are being made so efficiently in factories, churches and other places where men can be addressed in bulk, are pointed at Canadians.

Of the 450 men who Thursday were on the strength of the battalion, 32 per cent are Canadian, 50 per cent English, 8 per cent Irish, 8 per cent Scotch. Nine Jews, none of them long in this country, jumped at the chance to enlist yesterday in a Canadian Battalion. Unfortunately only three of them were able to pass the eyesight test.

The Ninth Mississauga Horse paraded 400 strong last night, under command of Lt.-Col. J. M. Moore. The following have been attached to the 9th M. H. as lieutenants: J. V. M. Williams, A. Stewart, W. R. Adams, B. H. M. Gordon, D. H. M. Morrow, G. P. A. Vale, Cadet Corps.

Rejects Protest. The Toronto Depot has been asked to procure 120 men for the 76th, which is quartered at Barrie, Ontario, and Orlin, in factories wishing to join the 76th are asked to apply at the armories, University ave.

Captains G. A. Sampson and E. W. Wright, of the 81st Battalion, have both been promoted to rank of major. Lieut. D. D. Macdonell, of the 48th, has been appointed to the 134th Highland Battalion, and Lieut. M. L. Ellis to the 83rd Battalion.

Capt. H. L. Reazin, A.M.C., has been appointed medical officer of the Q.O.R. 166th Overseas Battalion. He has been a practising physician at 182 West Queen street for many years. Rev. E. G. Burges Brown has been appointed chaplain of the 166th. He is assistant rector of St. Simon's church.

Some of the men rejected by the military doctors as not fit for active service are much dissatisfied. Quite a number claim to "have never had a day's sickness." There is talk of another battalion of American-born being founded. The 97th American Legion has 92 men in camp, and in addition, there are 250 men at Winnipeg enrolled for it, 20 are on the way from Vancouver, 6 from Windsor and 30 from Calgary. The commanding officer, Lieut.-Col. J. L. Jolly, has called in his officers and has stopped asking for recruits. Lieut. Donald M. McRae, the adjutant of the American Legion, is the son of the adjutant-general of the United States army.

Friends desiring to furnish box for the 41st Overseas Battalion, who are leaving shortly for England, are requested to send them or other comforts, cigars, etc., to Rev. Dr. Burns' house, 486 Jarvis street, by Monday noon next. Thirty-three Knox College men leave for Guelp on Monday to join the 42nd Howitzer Battery. Of this number twelve are theological students and the remainder are arts men who were looking forward to entering Knox. The Knox men have been making preparations for enlisting for some time and they contracted with the commanding officer of the 42nd to fill a subsection.

COMPULSION MEASURE
MAY BE UNNECESSARY

Labor Congress Informed of Great Rush Recently to Join Colors.

REPEAL NOT DEMANDED

Bristol Gathering Put Itself on Record in Opposition to Principle.

BRISTOL, Jan. 27, 8.05 p.m.—The apparently contradictory votes at the labor conference today, condemning conscription and declining to agitate for the repeal of the measure were brought about by the labor men's determination to display their unflinching opposition to militarism and their desire at the same time not to embarrass the government in the prosecution of the war.

These views were given expression in the various speeches of the leaders, even those supporting the government's compulsion scheme such as Arthur Henderson, president of the board of education, George Henry Roberts, member of parliament for Norwich, and Wm. Burns, Social Democrat, saying they were unalterably opposed to any permanent conscription system, but adding that the circumstances of present military exigencies compelled them to the conclusion that some such temporary scheme was an absolute necessity.

Henderson in a stirring speech replied to charges of trickery and deception on the part of the government. He showed that the extension of the theatres of war had been brought about by the central powers, and that the entente allies had only sent armies where they were needed to meet fresh developments of the enemy, while all the demands for men were brought about by stern necessity. He gave figures to show the promising results of the reopening of the Derby recruiting scheme.

Mr. Roberts pointed out that conscription had often been used by the trade unionists, and thought that when the country was passing thru such an unprecedented crisis it was justifiable to apply it for the defence of the country. The miners' leader, E. Smillie, said that the government required all the support it could obtain from the laborites, and that nothing should be done to obstruct the country's determination to carry the allies' fight against militarism domination as represented by the central powers to a successful issue.

The conference adjourned until tomorrow, when there will be a debate on the position of the labor members of the government.

Oppose Principle Only. The labor congress adopted by a vote of 1,715,000 against 360,000 a declaration opposing the military service bill which has been passed by parliament. A proposal to agitate for its repeal was defeated by 649,000 against 614,000.

Dr. Marion of the Women's Labor League moved the resolution against the military service bill. She denied that present circumstances required such an energetic measure as the bill, which, she said, meant the throwing over of the very cause for which men were fighting and dying abroad. The congress decided to divide the resolution into two parts, one declaring opposition to the bill and the other referring to agitation for its repeal. The former was carried and the latter defeated.

Recent Enlistment Heavy. Coming to the question whether the labor members ought to quit the coalition government, Arthur Henderson, president of the board of education, in defending the government, made an interesting announcement concerning the continued success of the Earl of Derby's enlistment scheme. Mr. Henderson said that since Dec. 15, when the Derby scheme closed, more than 113,987 single men had enlisted, of whom 28,000 enlisted direct, instead of under the group system. The speaker said he considered this an excellent result of the reopening of the Derby scheme, for which he was responsible, and if this rate of enlistment continued by the end of six weeks the laborites would probably be in the position of realizing the hope that the military service bill would be rendered a dead letter.

Cannot Risk Defeat. The bill, Mr. Henderson contended, had been amended in a manner which ought to satisfy everyone on the question of industrial compulsion. The speaker appealed to the conference to remember that the country was in the midst of the greatest war that was ever known, and urged his hearers against starting agitation for the repeal of the bill, which they might be unable to control.

"Do not in this crisis," said Mr. Henderson, "so incite our men that by their own action, led by you, but unable to be controlled by you, they may take a course that may bring about the most lamentable defeat this country and its allies have ever experienced."

OVERTURNED MOTOR
CAR WAS SET ON FIRE

Struck by Trolley and Occupant Thrown to Street and Seriously Hurt.

While a motor car, owned by P. W. Helliwell, 1261 West Queen street, was being towed into its garage last night it was struck by Queen car No. 1910 and overturned. Hugh Macdonnell, 41 Macdonnell avenue, who was seated in the car, was thrown to the pavement. He was picked up and removed to his home. He is badly bruised about the head and body.

The careless throwing of a match by a bystander into some gasoline spilled from the tank set fire to the car. About \$200 damage was done before the blaze was extinguished by the firemen.

Great Minds Opposed To Prohibition

This is what the foremost men of Great Britain, Canada and the United States in the Church, on the Bench, in literature and public life have to say about Prohibition:

Read Their Very Words:

- Chas. W. Eliot
- Hon. Joseph Howe
- Ex-Chancellor Grant
- Goldwin Smith
- Ex-President Taft
- Hon. John W. Griggs
- Rt. Hon. John Bright

- Lord Bramwell

"When a law is flagrantly and habitually violated it brings legislation into contempt. It creates a spirit of deception and hypocrisy, and compels men to do insidiously and by stealth what they would otherwise do openly and above board. You cannot legislate men by civil action into the performance of good and righteous deeds."—Cardinal Gibbons.

"Prohibition drives underground the mischief which it seeks to cure, making it more difficult to deal with the evil and impossible to regulate the trade, as, for instance, in the quality of liquor sold."—Bishop Hall, Vermont.

"I cannot see the benefits to be derived from compulsory abstinence. Rabid temperance workers have accomplished very little toward destroying the drink evil."—Bishop Grafton, Wisconsin.

"The church of God has never declared the moderate use of alcohol to be a sin; this seems to be left with other things as open matters of Christian liberty."—The Rev. Canon West, D.D.

"When you enact a law intended to do more than it ought to do, it generally ends in doing less than it should do." For that reason I am opposed to prohibition by statute. I would rather see America free first and then have its citizens use their freedom for moral ends."—Rev. S. Parkes Cadman, Central Congregational Church, Brooklyn, N.Y.

"He (Christ) condemned drunkenness, but never in a single instance lifted up His voice in condemnation of drinking. On the contrary, He commenced His public ministry by making wine in considerable quantity, and of fine quality, and this apparently only to add to the joyous festivities of a wedding."—Rev. Lyman Abbott.

"It is not in the power of Parliament, by an Act of Parliament, to change the habits of the people; and in all probability a law such as you propose (Temperance Bill), if it were to be passed, would fail absolutely and become a dead letter."—The Rt. Hon. John Bright, M.P.

"I have been a great traveler and I have seen prohibition abound in the United States, and it only leads to drinking in more forms than under the old system."—Joseph Chamberlain, M.P.

"There have been passed by Congress and State Legislatures 65,000 laws in the last four years, and such a mass of legislation is an evil of burdensome proportions, as we are rapidly finding out. This excess of legislation I attribute to two causes. The first is the erroneous belief that any reform can be accomplished merely by legislation; and the second is that legislators are prone to enact laws, not because they believe their enforcement will do any good, or because they had their enforcement in mind, but only because their votes would profit them politically."—Ex-President Taft.

"Prohibition has been disastrous to the cause of temperance."—Bishop Clark, Rhode Island.

"It is impracticable, and its violation is productive of hidden and shameful evils."—Bishop Gailor, Tennessee.

"Preach temperance. Punish the drunkard. Punish the adulterator of pure spirits. But respect the rights and opinions of those who do not agree with you."—Lord Bramwell.

"To drink is no sin. Jesus Christ drank. To keep a saloon is no sin. And any policy that claims the name of Christ, or does not claim His name, that deals with the well-nigh universal taste of man for alcohol on the basis of law and order alone, cannot commend itself to the best intelligence and is doomed to fail."—Rev. Dr. Rainsford, New York.

"The best safeguard against drunkenness is that drinking should be enjoyed openly."—Rabbi Hirsch, Chicago.

"The use of alcoholic liquors is and has always been considered not only legitimate as a beverage, but it is consecrated and hallowed in the most solemn and weighty rite of the Christian Church. Now you cannot, by a mere law, eradicate a sentiment and destroy an institution that has stood for ages, and that is so deeply rooted in our social life."—Rev. W. A. Wasson, New York.

"So long as an immense body of citizens of all orders and sorts choose to use alcohol, think it right to do so, and cannot be shown to offend their neighbors whilst doing so with moderation, it would be tyrannical to punish or forbid the consumption of any food which an orderly adult thinks it desirable and right to take."—Frederic Harrison.

"While I recognize the evils of the liquor traffic, I am nevertheless driven to the conviction that prohibition will be a failure in the attempt to cope with such evils. In many states it is already a failure, the net results of such legislation being to multiply illicit bars, and at the same time to deprive the commonwealth of the revenue accruing from license."—Right Rev. P. J. Donohue, Roman Catholic Bishop, Wheeling, W. Va.

"I resist this bill because it is a violation of the voluntary principle. Because it is defended by the old arguments by which fanatics and persecutors in all ages have sought to propagate religious opinion. The right of one human being to coerce others into belief, as is now sought to coerce them into temperance, has been tried a thousand times and has failed, as this attempt will fail."—Hon. Joseph Howe, Nova Scotia.

"We hear a good deal about compelling men to be good—forceful, collective action to improve the individual—and many of these forces are wise and good. But freedom is the greatest privilege of man—the right to work out his own destiny. It is also best for the general public."—Ex-President Chas. W. Eliot, of Harvard.

"Prohibition can remove open temptation from the young and from persons disposed to alcoholic excess. It is practically helpless against 'dives,' 'pocket-peddlers' and all the well known varieties of secret temptation which have such a fascination for the young. 'Stolen waters are sweet.' Still less can it subdue that desire for some stimulant which is all but universal in human nature, and which, when ordinary means of gratification are denied, finds relief in opium, morphine, chloral and drugs. We are told that laws educate in the right direction. Not unless they are based on reason and on equity. Now the reason of mankind has spoken emphatically against prohibition. It is essentially class legislation, and that always provokes hatred."—Ex-Chancellor Grant, Queen's University.

"You may pass a thousand prohibition laws and you may put around the subject of its use or its sale safeguards that are as thick as barbed wire entanglements, but people will get over them. A great deal of temperance legislation has come from a kind of moral cowardice. I oppose that kind of legislation because it is impractical, because it does not prohibit. I oppose it because it is unjust to the minority upon whom a measure of this kind may, by law, be fastened."—Hon. John W. Griggs, Former Governor of New Jersey.

"Nothing can be better proved than that to carry into effect laws of this kind in a free country you must have the conscience of the people thoroughly and actively with you. Will they do their best to throw into gaol and ruin a neighbor, otherwise harmless, perhaps a friend or acquaintance, for selling or drinking a glass of whiskey or ale? Besides, there are other intoxicants, such as opium and chloral, the use of which would be likely to increase when liquor was withdrawn."—Goldwin Smith, Former President of the Liberal Temperance Union.

"The prohibition law in Canada and the United States is a gross and ludicrous imposture."—Justin McCarthy, M. P.

ing on the war, they must supply the men or see that the men are supplied by whom the war can be carried on.

Canadian? What Have You Done to Show It?

It is said that the number of those who contributed to the patriotic fund last year was 12,000. This means that out of about 100,000 householders, not more than one in ten did their share to help along the men who are giving their lives for the liberties of the country.

It looks as though there may be one in seven or eight who is conscious of his duty in this matter. This coincides so closely with the disagreeable charge which Major Boehm repeated yesterday that eighty per cent. of the enlistments heretofore have been others than Canadian-born, that those of Canadian birth ought to make an extra effort to remove the stigma that rests with such a charge unrefuted.

If but one house-holder in eight is taking part in the support of the patriotic fund it is a lively question as to what the others are doing. It may be that as they get their citizenship easy they hold it cheap. It may be that they are not aware of the precious privilege they possess in Canadian citizenship. It may be that the lessons of a hundred years ago have been effaced by the long century of peace, and Canadians are willing to take the risks of another national evolution and all its bloodshed and suffering.

Possibly they do not understand that others covet their possessions, and are not afraid to fight and die if need be to possess them or to enable their nation, to possess them. Germans are pouring out their blood and treasure like water to rob us of our heritage, yet in Toronto not only one house in eight has been able to contribute to the fund, which is to care for the widow and orphan, for the sick and helpless, for the dependents of those who are tolling and striving in the Titan battles in France and Belgium.

It is a little disappointing to find that the two millions required were not secured without an effort. We had hoped for a million a day of the three days' collection. There is plenty of money in the city. The taxes were never so well paid.

There were 12,000 last year. We hope there are every one of the 100,000 householders of Toronto do not appear on the lists of the patriotic fund representing the national faith and national brotherhood, which should bind all the units of Canada together. It is a reproach to any man not to be on these lists today. There is still a chance for him to be enrolled among the elect few who understand, who treasure their Canadian citizenship, and are willing to pay something to brighten its fame.

Those who have taken their part in the fighting and supplied the place in the ranks of those who preferred to life at home have a claim which must be met. According to our system those alone who are willing to bear their share of the burden are of the elect. It is not those who call themselves Canadians, but those who act in the spirit and strength of Canada who are entitled to the name. Anyone who has forgotten his citizenship this morning should haste to repair the omission.

If they are in earnest about carrying on the war, they must supply the men or see that the men are supplied by whom the war can be carried on.

Sir Leo Money Optimistic

Sir Leo Chiozza Money is fond of directing attention to the error of those who cried blue ruin for the empire when war was declared. He was one of the first to express his faith in the British nation and her independencies, and he was always assured that economically the empire was as sound as a bell. He delights to tell of those who prophesied terrible times ahead, and he is complacent about the fulfillment of his own predictions. He had no faith in Mr. Norman Angell, and today he remarks that there is no unemployment, no distress that need not be avoided, and there never was so little poverty, destitution, pauperism and crime in Great Britain.

He applies the facts to the army situation and declares that there is no reason for the jeremiads against the exertion of military power and its likelihood to ruin the nation. He asserts confidently that the army may be raised to four millions or more without imperiling production, exports or finance. He thinks it simply ridiculous to suppose that to add twenty-five per cent. to the army as it is at present would produce ruin. Sir Leo is altogether in favor of putting forth the utmost effort and getting the thing done well and quickly. He has no faith in the hesitating leaders who fear to lead or guide public opinion, and he calls for courage, foresight and determination.

Stamping Out Disease a Matter of Cost

Dr. J. Howard Beard, writing in the current Scientific Monthly, points out that a number of diseases have yielded to treatment based upon a knowledge of their cause. Smallpox, malaria, yellow fever, Asiatic cholera and plague have been placed in subjection. Dr. Beard contends that what has been done is of great value to the race, and that many useful lives are cut off at their period of greatest service on account of our failure to deal with disease properly. It is chiefly the stinginess of society that prevents us having such healthful conditions that disease would be inexcusable. We would rather die of disease than spend the money to stamp it out. Dr. Beard concludes:

"The knowledge of tuberculosis is as complete as that of plague; the epidemiology of typhoid fever and of cholera are practically identical; the understanding of syphilis is as clear as that of malaria; and the information concerning diphtheria as definite as that of yellow fever. The way for the great reduction or elimination of preventable diseases is known; the need is for society to educate its members, use the methods, and bear the cost."

The one point worth adding to this is to note the fact that the rich cannot escape disease any more than the poor while disease is permitted to ravage any section of society. The man who practices economy in the suppression of disease is most likely to suffer in his own family by the infection carried there from a poor neighbor who should have been removed from the possibility of disease by proper regulations in the community.

ONTARIO GOVERNMENT HOSPITAL IN ENGLAND Provincial Treasurer Names Members of Staff of Institution at Orpington. WILL LEAVE SHORTLY Qualifications of Each One Going Overseas Will Be Passed Upon by Medical Men

- Provincial Treasurer McGarry yesterday announced the names of the 30 physicians and 80 nurses who will compose the staff of the Ontario Government Hospital at Orpington, and the heads of the staff have not been decided on and will not be announced until after the doctors and nurses reach England. While the addresses of the majority of the staff are given as Toronto, it is really representative of all parts of the province. Many are practicing here and hence gave Toronto as their address. Dr. Marlowe, chief medical officer of military division No. 2, will assemble the staff, and they expect to sail within a month. The qualifications of each person named to go overseas will be passed upon by medical men at the parliament buildings early next week.

Further Supplies Necessary to Support Civil Population of Hun-Ridden Country. UNDER NEUTRAL CARE Lord Robert Cecil Considers if Duty of Britain to Let Supplies Thru.

LONDON, Jan. 27, 6 p.m.—The doubt which appears to have arisen in some quarters as to whether German control was being exercised over relief work in Belgium was expressed in the house of commons today by Sir Charles Henry, who asked Lord Robert Cecil, parliamentary under-secretary for foreign affairs, whether further supplies of food and other commodities should be sent to Belgium, and upon being assured that further supplies were necessary, asked assurances that there was no German control.

News comes from New York to the effect that the danger in the past from enemy submarines around England, has been overcome, and that steamers may now come and go to England in safety. The Cunard Line has always taken every precaution with regard to the safety of their passengers, and will continue to do so as long as this war lasts. The company now hope to issue very shortly an excellent schedule for the spring and summer, and are looking forward to a particularly good passenger season. For the next few weeks the company announce the following steamers: California, Jan. 28; Cameronia, Feb. 12; Orinda, Feb. 19; Tuscania, Feb. 26; California, March 4. A. F. Webster & Son, general agents for the company, at 53 Yonge street, will be glad to give any information.

FOES HAVE NO CONTROL OVER BELGIAN RELIEF Further Supplies Necessary to Support Civil Population of Hun-Ridden Country. UNDER NEUTRAL CARE Lord Robert Cecil Considers if Duty of Britain to Let Supplies Thru.

LONDON, Jan. 27, 4.55 p.m.—Three partners of Fowles Bros. and Co., glove manufacturers, were today committed for trial in criminal court on the charge of obtaining goods from Germany thru their New York branch office this afternoon.

PARIS, Jan. 27.—The following statement was given out at the war office this afternoon: "In the Artois district last night there was spirited cannonading in the sector of Neuville St. Vaast. In the vicinity of the road from Neuville to La Folle we continued to reoccupy progressively the listening posts and craters in which the enemy had obtained a footing. We found there numerous bodies of Germans and one machine gun. We also took several prisoners."

Dr. Alex. MacKay Denied Report That He Had Commission on Hospital Staff. Dr. Alex. MacKay, chief school medical officer, stated emphatically yesterday afternoon that he has made no decision one way or the other when asked if he had seen the report in an afternoon paper that he intended accepting the post of major on the staff of the Ontario hospital.

QUICK REPLY PROMISED TO U.S. NOTE ON MAILS

Harsh Terms Applied by Washington to Censorship of Postal Matters. DENIAL OF SEA RIGHTS Wilson Wants Parcels Post Granted Exemptions of Neutral Trade.

WASHINGTON, Jan. 27.—The text of the American protest to Great Britain against interference with neutral mails made public tonight says that diplomatic and consular pouches have been treated in a manner the United States considers "vexatiously inquisitorial." The note describes the practices of British officials as "unwarranted interferences," and in urgently requesting a prompt reply points out that "a strong feeling is being aroused" in this country by the loss of valuable letters, while foreign banks are refusing to cash American drafts because they have no assurances that drafts are secure in the hands of British officials.

The United States declares that parcels post articles are entitled to the exemptions of neutral trade, and desires that right of Great Britain to take neutral mailships into British jurisdiction for purposes of search and then submit them to local censorship regulations, be also denied; that the British Government has any authority over neutral sealed mails on ships which merely touch at British ports.

With the text of the American note was made public Great Britain's ad interim reply, saying that questions of principle raised by the United States have made it necessary for Great Britain to consult her allies before answering finally and to declare that there will be no unnecessary delay in the negotiations.

U.S. QUITE POWERLESS IN CASE OF INVASION

Half Million Invaders Could Be Landed Within Thirty Days. PREPAREDNESS URGED Major-General Wood Believes U. S. May Be Drawn Into War.

WASHINGTON, Jan. 27.—The position of the United States in a war-torn world was described to the house military committee today by Major-General Leonard Wood as like that of "a ship at sea, with typhoon signals coming from many directions." "We are living in an era of war," he said, "and gradually are accumulating most of the troubles of the world."

Gen. Wood, who appeared at the committee's hearings on the army increase bills, repeated in the main the testimony he previously had given before the senate military committee. He said it would take an army of a million and a half to hold a line from Boston south. Should conditions permit, he declared, any of the more powerful of the belligerents could land 500,000 men on American soil in less than thirty days.

A regular army of 220,000 fully trained and always under arms, with at least 2,000,000 reserves behind, should be provided, he urged, to meet this situation. The United States navy he classed as fourth in fighting efficiency, and declared it could not maintain control of the sea or defend the coasts.

Could Not Resist Invasion. Col. Edwin F. Glenn, chief of staff of the department of the east, told the senate committee that the United States would be practically powerless to resist an invasion of any first-class enemy. The wealth of the nation, he said, had become its chief menace and would become a greater one as the needs of potential enemies became greater. He pictured an enemy landing anywhere on the east coast north of Chesapeake Bay, via Washington and Pittsburgh and securing the north section of the United States, containing all the more important ammunition factories of the country. Such an invasion, he said, had been outlined in detail by German war experts.

THE WEATHER

METEOROLOGICAL OFFICE Toronto, Jan. 27.—A moderate disturbance which developed last night to the westward of the Great Lakes, is now centered near the Georgian Bay. While high pressure and decidedly cold weather prevails in the western provinces, a moderate snowfall has occurred over Manitoba, northern Ontario and Quebec and rain has been general in southern Ontario.

Probabilities.—Lakes and Georgian Bay—Strong westerly winds; turning cold toward night, with local snow flurries. Ontario and Upper St. Lawrence—Local rain or sleet; colder again at night.

Hockey Results in Trades League

NEWMARKET'S FIRST APPEARANCE IN ARENA

Play Aura Lee Tonight—Soldiers' Farewell on Saturday—News and Gossip.

Newmarket Juniors, who have only lost one game, tackle Aura Lee at the Arena tonight. The kids from the Canal Town have a well-balanced team and expect to give the local cracks a real argument.

The 40th Battery team make their first appearance at the Arena tomorrow afternoon. The soldiers will play sixes in a senior fixture and it will be the Toronto hockey fans' last chance to see the great gunner crew in action.

Toronto pros. play Ottawa at the Arena Monday. Popular prices will prevail.

The Preston hockey team will play a series of games in Detroit next month, and in all probability the team will play games in other cities on their homeward journey. The dates set for the games in the City of Straits are Feb. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

Preston has defaulted in the senior curling race. They lost four out of five and had no chance.

Stratford seniors are mostly soldiers. They were unexpectedly ordered out on a route march on Tuesday and were unable to go to London for their scheduled game. The O.H.A. does not hold this as a default and the game will be played later.

The departure of the 40th Battery makes it necessary to rearrange the Toronto senior group, which will be done at once.

A Vancouver despatch says: Mickey MacKay, forward, has a broken ankle bone, received in the Seattle game Tuesday night, which will prevent him from playing Saturday's game here.

The first player to come under the penalty of the new rule in regard to throwing a stick in the N.H.A. Harry Elyand of the Warriors, who, playing against Canadians in Montreal Wednesday night, threw his stick to stop a rush and was promptly booked for the match and fined \$15.

Soft weather is having its effect on the O.H.A. schedules. Ice is as rare as radium and postponement is in order all over the O.H.A. circuit.

About Rooter With the Mouth Who Bawls At Hockey Players

In many ways Wednesday night's hockey game was the best group contest ever viewed in Toronto. Possibly never before did forwards show such an accurate combination as the soldiers. They were all ready to admit their defense and no one so readily admitted blame. Even the most ardent admirer of the splendid play, which was hard and the checking close, but not frosty and good spirit prevailed throughout. Then why the continued howling at the players by certain individuals who are so near them? There are many of the ilk, and all of the same ill-breeding. He bawls at his man in a limited vocabulary: "Stop the big guy," "Give it to Jerry," "Get Gooch," "According to which side he has bet his 50 cents on. And it is always "dirty work" against his team. He didn't say a word when Major Boehm asked for recruits. That's when he slumped down in his seat and coughed. Why this degenerate couldn't touch one of them with his 50-cent bet would be a puzzle. He never played any sort of game and never will. He has no brawn, muscle or brains—just mouth.

SAME CIRCUIT FOR CANADIAN LEAGUE

HAMILTON, Jan. 27.—The Canadian League will hold a meeting in Hamilton shortly. General business and the final discussion as to what the circuit will do for the coming season will be the chief topic of the meeting. The league will most likely continue with the same cities on the loop. Things will be run on a more economic basis than even last year, and it will be absolutely necessary for a different set of players to be named late in the season. All the club owners are in favor of continuing, thinking that it would be better for the league not to operate for even one season.

The Ottawa club, with Frank Shaughnessy in charge, will again be on the job if present plans materialize. It was compelled to close one time this season because with the Toronto Leafs, but that club has been so slow deciding what it would do that he thought that he would go ahead and stick with the Canadian League for another season. The local club will hardly hold a meeting until after the league meeting in February.

SAN FRANCISCO, Jan. 27.—Reports from the east that western tennis enthusiasts might both the United States Lawn Tennis Association were not confirmed here today.

Dr. Sumner Hardy, president of the Pacific Coast Lawn Tennis Association, expressed an opinion that the rule against professional players would be accepted if the ruling of the national body would be accepted.

The immediate issue on the coast is whether M. E. McLoughlin of San Francisco and T. F. Bundy of Los Angeles, winners of many tennis championships, may go into the business of selling athletic goods without losing their amateur standing.

JOE YEAGER REWARDED BY MONTREAL CLUB

Given Unconditional Release—Many Looking for Managerial Jobs.

MONTREAL, Jan. 27.—Joe Yeager will be given his outright release by the Montreal Baseball Club, so that he can secure a managerial berth, according to President Lichtenhein, who returned this morning from New York, where he was attending the International League season.

Yeager was loaned to the Jersey City club by the Royals last season, and acted as manager for the Skeeters. Now that the Jersey City team is no more, the Royal veteran is as likely as not to secure a berth at Richmond, to which place the Jersey franchise has been transferred.

The Royals are likely to train at Hackensack again this year, President Lichtenhein said. He has secured Jack LaCrosse, the big right-handed pitcher from Brooklyn and has Sammy Smith and Paul Olson. The Royals got first call on Jimmy Dowd if he fails to make good in the big show.

There are likely to be many new managers in the International next season. Matty McIntyre, John Gansel, Ed. Barker, Larry Schaffy, Tommy Leach, Harry McCormick, Joe Birmingham and Heinle Wagner are all looking for either the Newark team or the Providence club. The Montreal club has an offer from any club, whether it be as manager or player. With the sixteen-player limit, club managers will be in vogue in the International this season.

Washington fans are seized with mid-winter gloom. They see the Griffins slipping out of the first division, unless the capital team is strengthened by Boston, Detroit, and Chicago finished ahead of Washington last season, and in the new year they promise to be as strong or stronger than in 1915. Now Washington has a new menace, the Browns, who have already been acclaimed as pennant contenders. With Fielder Jones at the head, and bringing with him the best of the league, the Browns will be considered first division material, so the scare of Washington fans is justified.

"In my opinion," says Lee Magee, "the two best pitchers in the Federal League, the two men I'd go further to get if I were a big league manager, were two jumpers from the Reds, Dave Davenport and Gene Packard. They outclass all other pitchers. If you want to win, both were getting better all the time during the past season, too, and both should be top-notchers during the coming summer."

FORD AND GOODYEAR WIN THEIR FIXTURES

Down United Drug and Business Systems in Commercial League Games.

Ford Motor Car and Goodyear Tire outclassed their opponents in the Commercial League last night. The motorists, downed United Drug 8 to 1 and Goodyear defeated Business Systems 8 to 4. A new goal-minder made his appearance in Gene Dopp, the Riverdale forward. Gene was between the posts for Goodyear and tried to hook some of the H's. Dopp had an awful battle with himself to keep from rushing the puck down to the Beaches. Gale was on the United Drug defence.

The teams: Ford (G)—Goal, Foy; defence, Edwards and Shea; rover, Horsfield; centre, Warwick; right, Nichol; left, Woodcock. United Drug (G)—Goal, Mader; defence, Carter and Gale; rover, Labetti; centre, Davis; right, French; left, Douglas.

Business Systems (G)—Goal, Hewson; defence, Adams and Stephens; rover, Couper and Morrow; right, Boothroyd; left, Philpot. Goodyear (G)—Goal, Dopp; defence, Couper and Morrow; right, Boothroyd; left, Philpot. Macdonald; right, McNally; left, Dumas. Referee—Jimmy Labetti.

Ed. Barrow Wants Bobby Vaughn Back in Buffalo

PORTLAND, Ore., Jan. 27.—President Barrow of the International League has protested the sale of second baseman Bobby Vaughn, formerly of the St. Louis Federals, to the Portland, Pacific Coast League club.

Vaughn jumped from the Buffalo International League club when he joined the St. Louis Federals, and Barrow demands that he be returned to Buffalo. The Portland club bought the player from the new St. Louis Federal American combination.

President McCreedie of the Portland club said today: "I don't believe Barrow has a leg to stand on as a result of the baseball peace pact."

FIVE MONTREAL HUNT MEN KILLED IN ACTION

MONTREAL, Jan. 27.—The reports presented at the annual meeting of the Montreal Hunt, held at the Windsor Hotel yesterday afternoon, showed that out of a membership of 50, 45 are now on active service in the European war, while five have been killed in action.

These reports showed that the club had enjoyed a successful season, while the outlook for next season is much brighter than one first brought to a close. The majority of the officers of a year ago were re-elected by acclamation, as follows:

Master—Major Hooper. Hon. secretary—Guy L. Ogilvie. Secretary—James R. Miller. Directors—W. R. Miller, Robin Adair, A. Piddington, P. M. Mathias and E. F. Sise.

50,000 CLUB DAY

This Appeal Must Bring IN Half a Million Dollars TO-DAY

The Soldier's Boy

"Heavy fightin'—'ere y'are, sir!
 Extra speshul—Evenin' Noos!"
 Cried a bright-eyed little urchin,
 Boasting neither hat nor shoes.
 I watched his perseverance
 As he shivered in the cold
 And tried to count the coppers
 For the papers he had sold.
 He must have seen me standing,
 And came over with a run.
 "'Ere y'are, sir, extra speshul!"
 Yus, the British troops 'as won.
 Thankee, sir, it's worth a penny,
 And it won't go to the 'Pub.' ;
 There's kids and muvver waiting
 Till I fetches home the grub.
 Wot! Half a dollar! S'elp me!
 Are you the Prince of Wales,
 Or maybe 'Mr. Rofschild,'
 What they writes about in tales?
 Gaw'd bless yer, Colonel!
 This y'ere means a bit of fire for weeks
 And summat 'ot for muvver."
 And the tears ran down his cheeks.
 "The old gal won't fink I pinched it,
 'Cause she knows I'm runnin' straight;
 Why she'd get a fit o' fright, sir,
 If I only stayed out late.
 Battle, sir? Well, I believe yer!
 Here's a full list o' the dead.
 My farver's out there fightin',
 So I 'elps to earn the bread.
 No, sir, I ain't no scholar,
 But I get's a pal to see
 'Afore I takes the paper home
 For seven-nine-sixty-three.
 Would you mind a-lookin' for me?
 Hullo! What makes you cry?
 Have you found you've lost a pal?
 Well—some 'as got to die!
 What! You got my farver's number!
 No! For Gawd's sake say you're kiddin'!"
 He dropped his papers on the street;
 His little face was hidden;
 Then, lifting up his head, he cried,
 "Oh, tell us—it's another;
 I can't go 'ome, and break the news;
 It's bound to settle muvver."

The incident described in these lines was bitterly true—years ago, and it may yet be true in Canada unless you help to keep the wives and children and other dependants of those who are fighting for us.

Surely when some women have given their men, and when some men have given their lives, you—in the comfort and security of your home—will not see the children of our soldiers forced away from school on to the streets to help earn a living for "muvver and kiddies."

The very least we can do for each soldier who has gone to fight for us is to give him positive assurance that, no matter what happens, his wife and family will be taken care of as nearly as possible in the same standard of living to which they have been previously accustomed. We have reasoned with you, argued with you, pleaded with you. You surely cannot refuse us. If you do—then you must answer to your conscience.

That is, one dollar a month for the duration of the war from fifty thousand people.

Don't think, because you can only give one dollar a month that your contribution is so small it doesn't count—every dollar counts.

If you can truthfully say to yourself—"I can't afford 25 cents a week"—then give as much as you can but, if you can afford 25 cents a week, in the name of all that is noble and generous in you, GIVE IT. Remember it's only

DRIVE PIRATES OUT OF THE LIQUOR BUSINESS

Hotelmen Who Do Not Obey Law Will Get Little Consideration From License Board.

INDEPENDENT OF CRITICS

Object Not to Knife License-holders, But Protect Them—Consider Renewals.

Toronto hotel keepers and licensees conducting shops where spirituous liquors are sold may be congratulated on the conduct of the hotel business in Toronto, judging from the remarks of Chairman J. D. Flavelle of the license commission, which met at the city hall yesterday afternoon, the occasion being the opening of the board's sittings in Toronto and York County.

The meeting was scheduled to be held in committee room No. 1, but so many temperance advocates and licensees attended that the room was found to be far too small, and it was moved to court room No. 2, and even there all the available standing room was occupied.

Those present to urge upon the board the desirability of reducing the number of licenses in the city were headed by Ben. H. Spence, while J. P. Haverson, K.C., and several well-known hotel men spoke for the liquor interests.

Mr. Spence occupied considerable time in advocating the closing of tenement houses, and had with him representative citizens from various parts of the city, asking that the licenses of certain hotels be either cut off or transferred to some other location.

The one request made was that the board consider the question of segregating the liquor business in the downtown district, the boundaries named being Queen street, subway on the west, Queen street on the north, with the exception of Yonge street, on which street the district is as high as Severn street, Sumach street on the east and south to the Bay front.

W. A. Lamport asked for the removal of the Ocean House and Parkdale House. Geo. T. Lee asked for the removal of the Brockton Club Hotel, as did David H. Ward of Chalmers Church, and W. T. Stone of College Street Methodist Church. A. S. Milne asked for the removal of the Brunswick Hotel; H. E. Reesor, the Rosedale Hotel; and John McDonald also thought the Rosedale Hotel should be transferred. Dr. W. F. Bryans appeared against the Winchester Hotel; E. Wallace against the Gerrard; H. Walker against the Royal Hotel, and H. W. Curtis against the Shamrock.

Protests were also entered against the Duke of York, the Norway, Ben Lamond, Empringham, Edmund Broadview and O'Rourke. In replying to Mr. Spence and his delegation, J. P. Haverson, solicitor for the liquor interests, stated that as no specific charges had been made, he was only prepared to defend the general interests of the liquor business. He did not think that ten hotels were necessary to provide accommodation in Toronto for the travelling public.

"No man could stand up and say that such was actually the case," he thought, however, that the people who did not wish to take a drink in their homes, but who desired a drink, should be considered and that some provision should be made for the drinking public of the city.

In a somewhat lengthy address George Wright of the Walker House endeavored to explain the position of the hotelkeepers in the city, and urged upon the board that it was unfair to wipe out the hotel business without some remuneration. This statement causing the chairman to later state that the board would not consider remuneration where they thought it necessary and wise to cut off a license.

to knife them, and to kill the man who is a licensee at this time. We are not opponents of the man who keeps the law, but we are unalterably opposed to the man who makes a contract and deliberately violates it. The license-holders will have the protection of the present board, and I think the license-holders will agree that the men who injure the trade are the law-breakers, who have entered into an obligation and deliberately paid no attention to that contract.

"We have found that the breaking of the law has been looked on very lightly all over the province, even in Toronto, during our regime. The board intend to deal with these matters exceedingly strictly.

"We don't intend to do away with police justice, but we may, if we see fit, form a court and bring any matter before the board in that way. There is no limitation to the time dating from an offence that delinquents may be brought before the board, and those who try to do this with the police court are only jumping from the frying pan into the fire, and will have scant chance of retaining their license if anything is proven before the board."

When is a Man Drunk? In defining the term "drunk" the chairman said that any man who has taken sufficient liquor to act in a manner other than when he is sober is a drunken man. He wanted the license-holders to understand that this was the board's interpretation. He also informed them that agents of the board would visit the various hotels and report the number of intoxicated men found, and conditions as regards the soldiers.

In regard to drunken men he declared, "If licensees were a little more careful in not giving more liquor to men who had had enough there would not be the odium attached to the trade that there is at the present time."

Since they have been in the city the members of the board have visited four bars, at each of which they found approximately 150 men. They looked with exceeding favor on the way the businesses were being conducted, the chairman declaring that they were being run a great deal better than he expected them to be.

"I want to impress upon you, and I don't think there is any better way to further the interests of the business," said Mr. Flavelle, "that you take seriously the question of allowing men to become 'drunk.' One definition given me of a drunken man is 'when his pockets are empty,' but don't imagine that is going to modify the offence before this board."

Strict Regarding Soldiers. The chairman was careful to give caution in regard to supplying soldiers with liquor. "We are vitally interested in anything that will tend to keep the men in the King's uniform as efficient as possible," he declared. "There is no intention on the part of this board to prevent a soldier from eating or sleeping in a hotel, but he has no right to drink except during the hours provided, and our course in regard to drunkenness is intensified in regard to soldiers. Soldiers cannot even enter a bar or pass thru it during prohibited hours."

Shopkeepers were also given some special advice in regard to soldiers, and they were warned not to sell to that class known as "bootleggers." "No hotelkeeper who gets drunk himself is given much consideration, as in the opinion of the board such a man is not a fit person to have a license. The hotelkeeper at the present time must have all his wits about him, and if he has not he will be short-lived as a licensee under this board. We intend to protect the men who obey the law by driving the pirates out of business."

There are 178 licenses to be renewed, 110 to taverns, 50 shops and 18 clubs.

SUEZ CANAL FORTIFIED IN ELABORATE MANNER

British, Indians and Canadians Reported Taking Part in Work.

BERLIN, Jan. 27.—A despatch from Naples to The Cologne Gazette transmits a description of the extensive fortifications and other works along the Suez Canal, as told by travelers arriving at the Italian port aboard the steamship Montebello from Bombay.

The work of constructing the fortifications is said to be in the hands of British, Indians and Canadians. Trenches and several rows of forts parallel the canal and a road is being built from Suez toward Ismailia, an Egyptian town equi-distant from the Red and the Mediterranean Seas.

Winter Tours to Florida, Louisiana, Mississippi, California, Etc. The Canadian Pacific Railway offers particularly good service to Detroit where direct connection is made for Florida, via Cincinnati and Atlanta, Ga. Jacksonville, Florida, is reached second morning after leaving Detroit. Excellent connection is also made at Chicago for points in California, Utah, Nevada, Texas, Arizona, etc.

The dining, parlor and sleeping car service between Toronto, Detroit and Chicago is up-to-date in every particular. Connecting lines also operate through sleeping and dining cars. Those contemplating a trip of any nature will receive full information from any C.P.R. agent; or write M. G. Murphy, District Passenger Agent, Toronto.

MONTREAL, Jan. 27.—"Lord Shaughnessy of Montreal, Canada, and Ashford, County Limerick, Ireland," is the title that the newly created peer president of the Canadian Pacific Railway will assume.

BRITISH HARD PRESSED AT ADEN, SAYS BERLIN

Combined Arab and Turkish Forces Are Reported Attacking Strongly.

BERLIN, Jan. 27.—Twenty thousand British troops defending the Arabian seaport of Aden are under heavy attack by combined Arab and Turkish forces and in a dangerous position, according to reports received here today.

Quoting from Volks Zeitung the Overseas News Agency says: "A wounded British major declared that at the beginning of the war the British were in possession of 25,000 square kilometers in southern and southwestern Arabia all of which has been lost. All the Arab chiefs joined the Turks, and are now using successfully against the British the arms supplied by them."

The Zeitung publishes a despatch from Cairo stating that the British in southern Arabia are in a dangerous position as a result of fierce attacks by Arabs and Turks. It is stated the British casualties up to Dec. 30, amounted to 15,000 killed and 20,000 wounded.

Aden, near the entrance to the Red Sea, must be held if the southerly approach to the Suez Canal is to be protected. A situation quite similar to that outlined in the foregoing despatch was reported thru German agencies several weeks ago, but London then announced officially that no apprehension was entertained of the outcome of the operation, which had been merely in the nature of skirmishes.

FEDERAL PARLIAMENT DEBATE INOPPORTUNE

Bonar Law Intimates, However, That He is Considering Subject.

LONDON, Jan. 27.—Andrew Bonar Law, secretary for the colonies, was asked in the house of commons today if during the approaching visit of the Premier of Australia to London the question of a federal parliament would be discussed.

"I may be considering it," replied the secretary, "but I do not think the time has come for debate on the subject."

A Record Revenue

In 1915 the Canada Life income was \$9,333,632. This marks a new record in the Company's history.

The Canada Life funds are largely invested in Bonds, Debentures and Mortgages, a good rate of interest being assured for a term of years, with the safety of the principal carefully guarded.

The large interest returns, together with economical management and careful selection of lives are the principal factors in the earning of the record surpluses of recent years. In 1915 the surplus earned was \$1,480,866.

The full Report of one of the most successful years in the Canada Life's history is being printed and will gladly be sent you.

Herbert C. Cox, President and General Manager.

ISLES OF GREECE USED AS SUBMARINE BASES

Lord Hugh Cecil Corroborates Reports of German Misuse of Hellenic Territory.

LONDON, Jan. 27.—The reports that Greek islands have been utilized in connection with the operation of German and Austrian submarines were corroborated in the house of commons today by Lord Robert Cecil, parliamentary under-secretary for foreign affairs.

"We have reason to think that the enemy on several occasions endeavored to utilize the Greek islands as bases for hostile operations," he said, "but it is hoped that measures taken by the Hellenic Government in conjunction with the British and French naval and military authorities will effectually stop this practice."

MONTENEGRO BEATEN THRU LACK OF FOOD

King Nicholas Says Little Grandson Summed Up the Situation.

PARIS, Jan. 27.—"My presence and that of my family and my government here," said King Nicholas of Montenegro, to a special correspondent of The Journal in Lyons, "shows my unbounded confidence that France will protect me from calamity. I do not need to make any apology. My grandson Prince Humbert, Crown Prince of Italy, when I saw him in Rome the other day, asked me why I was said. I replied, 'Your grandfather is a beaten man.' "The child, saddened, then asked: 'You had nothing to eat in your country?' Thus my 11-year-old grandson summed up the causes of our defeat better than the diplomatists and the chancellors have done."

A Well Thought Out Bargain List for Today

What the Home Lovers' Club Means!

The enrolment of Club members that began yesterday means that hundreds of our customers are eager to take advantage of our offer to householders, which is—

That they may choose their Furniture and have it delivered immediately at the close cash prices quoted here—but they may spread payments for it over the rest of the year, without paying one cent for the accommodation.

At this time, when there are so many calls for "cash," it hurts to invest the major portion of one's cash surplus in homefurnishings. The Home Lovers' Club solves the problem, without costing you a cent extra. See Secretary, Fourth Floor, before beginning your buying.
