Conservatives Make Hydro Straight Issue in Northeast Toronto Fight

MERCHANTS QUICK IN FILING ORDERS FOR TAX LICENSE

Must Be Ready on Monday Next to Affix Stamps to All Luxuries.

MACHINES FOR ALL

Ottawa, Oct. 28.—(Canadian Press)—Applications for licenses, as required by the new regulations under which the luxury taxes will be collected, are being received in great numbers by the district inland revenue offices, and it is expected that there will be few merchants without their licenses when they open their stores for trading on the morning of November 1. On that date the new regulations will be in force, and the merchants on selling any article on which the luxury tax is to be collected, must attach to the wrapper sufficient stamps to cover the tax. These stamps must be perforated in a special machine which is being supplied by the department of customs and inland revenue.

Special stamps for the purpose have been forwarded to all banks and inland revenue offices, and it is expected that the collection of customs on articles to be sold for use will be sufficient to supply the machines to supply every merchant in his district. No charge is made for the use of a sufficient supply of stamps, and use these for the collection of luxury tax on articles to be sold for use. The stamps are provided for those who fail to observe the new regulations by trading without a license and without using the luxury tax stamps on and after November 1.

GUELPH MAY ISSUE RADIAL LINE BONDS

Railway Question Back to People Again — Hydro Meeting in Toronto.

Guelph, Ont., Oct. 28.—(Special).—The net result of the visit of the deputation from this city to see Premier Drury and Sir Adam Beck is to place the question with respect to the local street railway in the same position as it was before the agreement was signed between the Hydro Commission and the city for the taking over of the railway by the Hydro, but which was blocked in its ratification by Premier Drury. The city officials realize that something must be done. It is proposed to submit a by-law to the council at the next election to secure the authority to raise a sufficient sum of money to go ahead with the work. Before the bonds can be sold, however, special legislation must be secured, but if the people vote favorably it is not expected there will be any opposition from the government. It is also possible that the city will ask the by-law to the people if they will ask the electors if they would prefer to have the management of the railway handed over to the city government, that more expert management may be secured.

LUSITANIA CARRIED MUNITIONS OF WAR?

So Says Former Collector of New York Port in an Address.

New York, Oct. 28.—The sinking of the Lusitania was dragged into the United States political campaign tonight, when Dudley Field Malone, Farmer-Labor candidate for governor of New York, and former collector of the port of New York, discussed federal issues. He declared that when the Lusitania was sunk by a German submarine she carried a consignment of 4,200 cases of cartridges for the British government, containing a total of nearly eleven tons of black powder. The president Wilson was perfectly right when he said the Lusitania was armed, said Mr. Malone. "She was not armed," he said. "The administration was deceived when they sought to keep from public knowledge all the facts about the Lusitania case."

Fight Over MacSwiney's Coffin; Relatives Resist Embarkation

Holywell, Wales, Friday, Oct. 23.—The sisters and brothers of the late Lord Mayor MacSwiney of Cork were forcibly expelled, with other mourners, from their railway carriage by police here late last night as a result of a fight over the coffin of the dead hunger striker. Members of the family objected to the coffin being placed on board a special boat which was to direct from this port to Cork, and a violent scene ensued. The fight lasted for five minutes. The coffin was placed on board the boat at last, and the steamer left for Cork at 1.07 o'clock this morning.

BIG ELECTION ISSUE

FOLLOWS HYDRO RADIALS

Point is Stressed at Rally in Support of Major Lewis—Candidate Vigorous on Attack on Dewar's Leadership of Liberals — Many Women Included in the Audience.

That the Northeast Toronto election is to be solely fought, so far as the Conservative party is concerned, on Hydro and Hydro radicals was made manifest last night at a meeting held in the Masonic Hall, corner Yonge street and Bayview road, in support of Major Lewis. This fact was dwelt upon and pushed home by Hon. Thomas Crawford, M. L. A., Capt. Joe Thompson, M. L. A., Tom Hook, ex-M. L. A., J. Russell Nesbitt, Reeve F. Richardson, of Pickering, Miss Constance Boulton and the candidate himself. All the speakers asserted that altho Mayor Kippen was supported by Hydro and Hydro radicals, he would really be at the beck and call of Hartley Wevart, who at heart was opposed to Hydro, and furthermore, that a vote for the Liberal candidate meant a vote for Premier Drury, who is doing his best to damage the reputation of the Hydro commission.

On the other hand, declared all the speakers, a vote for Major Lewis assured support for Hydro and radicals, and a continuance of the Conservative policy of supporting the Hydro commission. Many Women Present. In opening the meeting, which contained a big percentage of women, Tom Hook, the chairman, claimed that the Conservative party had given the people the best service and results politically they ever had, in fact it gave them just what they wanted. Hydro, he claimed, was the child of the Conservative party, and they would continue to nurse it and bring it up the way it should go.

Captain Joe Thompson said the people who opposed Hydro thirteen years ago were the same men who were trying to kill it today. He claimed, however, that in 1907 Major Lewis championed Hydro and he was of the same mind, only more so. In referring to Mr. Dewar, the speaker declared that he was not the leader of the Liberal party, but a group of Liberals. Mr. Dewar had made a cowardly attack on Hon. Howard Ferguson in connection with timber shoring, but he believed Mr. Ferguson was perfectly honest in all he did, and denied that dishonesty.

ADMIRAL APPOINTED REGENT OF GREECE

Coundouriotis Almost Unanimously Chosen by Chamber of Deputies.

London, Oct. 28.—The Greek chamber of deputies has elected Admiral P. Coundouriotis as regent of Greece, by a vote of 377 to 10. The London Times from Athens, Admiral Coundouriotis is minister of marine in the Venizelos cabinet. In September, 1916, Admiral Coundouriotis, then commander-in-chief of the Greek navy, accompanied Premier Venizelos and his followers when they departed from Greece from the island of Crete and set up a provisional government for the purpose of forcing Greece into the war on the side of Serbia and the entente allies. The admiral was a cosigner with Venizelos of the proclamation establishing the provisional government, the power of which later brought Greece into the war. The abdication of King Constantine. Despatches from Athens at the time said that the departure of Coundouriotis from Greece caused a deep impression on the people, and completely upset the morale of the Greek fleet, some of the vessels of which immediately left their anchorages and joined the allied fleet in the Aegean Sea. Since the end of the war Coundouriotis has been minister of marine. Regret at Constantinople, Oct. 28.—Profound regret is expressed here over the death of the Greek king, Alexander, which was displayed at half-mast on vessels, Greek shops, official buildings, schools and churches, and bells were tolled after the news became current.

QUAKE IN SOUTH PACIFIC

Victoria, B.C., Oct. 26.—Gonzales Observatory reports an earthquake recorded at 5.06 a.m. today, continuing thirty minutes, centred probably in the South Pacific.

Fight Over MacSwiney's Coffin; Relatives Resist Embarkation

Holywell, Wales, Friday, Oct. 23.—The sisters and brothers of the late Lord Mayor MacSwiney of Cork were forcibly expelled, with other mourners, from their railway carriage by police here late last night as a result of a fight over the coffin of the dead hunger striker. Members of the family objected to the coffin being placed on board a special boat which was to direct from this port to Cork, and a violent scene ensued. The fight lasted for five minutes. The coffin was placed on board the boat at last, and the steamer left for Cork at 1.07 o'clock this morning.

GOVERNMENT SHIP TO TAKE REMAINS DIRECT TO CORK

Government Will Not Permit MacSwiney's Body to Be Landed in Dublin.

DISORDERS ARE FEARED

London, Oct. 28.—The government has refused to permit the body of the late Lord Mayor MacSwiney of Cork to be landed in Dublin and has provided a special steamer to convey the remains to Cork. The reason assigned by the government for not permitting the body to be landed anywhere except in the lord mayor's native city was "the risk of political demonstrations, which might result in the loss of innocent lives." Dublin Arrangements Modified. Dublin, Oct. 28.—For a time tonight there were fears that the detailed arrangements for the funeral of the late Lord Mayor MacSwiney would be entirely upset by the announcement of an official notification to the effect that a special steamer would be available at Holyhead to convey the body of MacSwiney direct to Queenstown. The Sinn Fein chiefs, however, held a meeting to consider the situation and decided to proceed with the arrangements in part. These will include the mass at the pro-cathedral and the running of a special train to Cork.

PRODUCERS WILL DROP MILK PRICE

One Extra Pint Ticket to the Dollar is Decision Arrived at.

At a rather heated meeting of the Toronto and Peel County Milk Producers' Association, held yesterday afternoon at the Posters' Hall, it was decided after a long argument to reduce the price to distributors to \$2.90 per 8-gallon can. This, with the six-cent share of the surplus profits, will allow of one extra pint ticket to the dollar. The meeting, which was closed to the press and public, comprised practically all the farmers in the Toronto district, while as many as 75 farmers in outlying parts were represented through spokesmen. E. H. Stonehouse was in the chair. Farmers interviewed after the meeting said the gathering had been a rather stormy one, many of the members claiming that much money had been put into their pockets, while others asserted that they were only in favor of a drop to \$3 per can. Towards the close of the meeting better feeling prevailed and it was decided that after the good season they had, and the remarkable fall which had caused a saving in feed, they would favor a reduction until December.

CATALANS ATTACK BRITISH CONSULATE

Students Create Disorders in Barcelona Over MacSwiney's Death.

Barcelona, Oct. 28.—A large body of Catalanist and Basque students again made a noisy demonstration today before the British consulate, where they chanted "Down with England." A delegation of the students demanded an interview with the consul, which was refused. All the consulate windows were broken before the crowd could be dispersed by the civil guard. The British consulate has made official protest over the incident. Catalan clubs and institutions have hoisted the Catalan flag at half-mast on account of the death of Lord Mayor MacSwiney of Cork, and a printed request has been issued for all women to wear mourning. Mass for the dead mayor was celebrated in the parochial church today.

PRINCE ARTHUR SAILS TODAY

London, Oct. 28.—Prince Arthur of Connaught leaves tomorrow for South Africa to take up his position as governor-general of the Union of South Africa.

LABOR LEADERS JOIN IN EFFORT TO ENSURE "ORDERLY MARKETING"

Washington, Oct. 28.—Labor leaders participated today, with representatives of farmers from all over the United States in a further conference to devise ways and means of obtaining credits for "the orderly marketing" of farm products. Failure to secure such credits, speakers declared, might result in the inauguration of a general crop-holding movement until market prices would provide cost of production and a reasonable profit. A general committee was named to draw up a policy, and this was followed by a conference which appointed John Tromble of Kansas, as chairman. All the various agricultural interests were represented. It went into executive session immediately. Further conference might be sought with the treasury department and the federal reserve board, it was said, and congress asked for relief if it could not be obtained otherwise. The conference met on call of a committee appointed by a recent similar gathering to receive the answer. (Continued on Page 6, Column 3).

STRIKE SETTLEMENT EXPECTED IN WEEK

British Miners to Get Two Shillings Increase Till End of Year, When Wage Board Will Be Established — Miners to Ballot on Proposal — Will Insure Increased Output.

London, Oct. 28.—The prospect tonight is that the coal strike will terminate by the end of next week through the miners' acceptance of the agreement arranged with the government under which the miners will get two shillings advance unconditionally until the end of the year, and in the future their wages will be settled by the creation of a national wages board. In the event of any delay in starting the wages board, wages will in the interval be settled on the basis of increase or decrease according to surplus profits or otherwise from coal exports. This depends upon such complex calculations as to render it hardly possible for any mines to understand, therefore, in the ballot to be taken next Tuesday, and made returnable Wednesday, the miners must necessarily be guided by the recommendation of their leaders. The leaders favor a settlement on these terms. The agreement is skillfully arranged, so that all concerned, including the coal owners, will be interested in increasing the output, as in case of a decreased output, the owners will be penalized by a reduction in their ten per cent share of the surplus profits. Terms Proposed. The terms provide that the increased wages will remain operative until a permanent wages board is established, which will be operative by the end of March. The additional cost of the miners' claims will come out of the excess revenue obtained from the export of coal. The output for last September was the average of every four of the four weeks following the previous test period. The news of the solution of the coal strike, for the time being, at least, evoked loud cheers in the house of commons this afternoon, when Sir Herbert Horne, the president of the board of trade, announced the success of the negotiations.

YEAR AND A HALF FOR LORNE HELMER

Judge in Simcoe Court Sentences Man Who Caused Death of Aged Farmer.

Simcoe, Ont., Oct. 28.—(By Can. Press).—"18 months in an Ontario reformatory," was the sentence meted out to Lorne Helmer this afternoon upon the resumption of court, by His Lordship Justice Kelly, for the killing of James A. Maharg, an elderly farmer, in his remarks to the young man his lordship referred to his previous early age, the circumstances in his favor, and that if he were to consult his own feelings his lordship would have allowed him to go as a prisoner, but that the experience he had gone through would prevent him from committing further breaches of the law. Seventeen Recent Cases. But in the interests of the public and in the face of recent happenings, he felt that the discharge of Helmer would not be wise. Since the 20th of September until the beginning of next week, west and north Toronto, no less than 17 murder cases have come over or will come up for trial. An awful record for any section of province. Helmer's young wife, who sat near prisoner's dock, was a touching sight as she embraced her husband as he stepped out of the box, not the free man that she had been hoping against hope that he would be.

MAHARG CONTRADICTS MEIGHAN ON WHEAT BOARD SETTLEMENT

Saskatoon, Sask., Oct. 28.—"A deliberate misrepresentation," declared J. A. Maharg, M.P., commenting on a statement by Premier Meighan that the government had never been asked, inside or outside of the house of commons, for the reinstatement of the Canadian Wheat Board. Mr. Maharg was speaking at the Verwood convention of the Grain Growers.

SNOW AT COBALT

Cobalt, Ont., Oct. 28.—The first touch of winter was experienced here this morning. Rain yesterday afternoon turned to sleet in the evening and developed into snow in the night, about four inches of the last falling. The thermometer dropped to 28 degrees.

SEARCHING LABYRINTHS OF MINE IN SKIFF FOR PROFESSOR'S BODY

Peekskill, N. Y., Oct. 28.—Three men in a small skiff, guided by torchlight, paddled their way tonight through the labyrinths of the Manitou, an abandoned, water-logged copper mine near here, searching for the body of Prof. H. C. Schmidt, who stumbled and fell down the 276-foot shaft yesterday. Schmidt, a geologist, with a class of ten Hackley School students, was studying peculiar formations about the mine. Holding a lantern over his head, he preceded the party through the shaft, which leads to the mouth of the shaft. The students saw the lantern fly in the air, heard a gasp

DRURY TOPS MARKET ON SHROPSHIRE LAMBS

To top the Union Stock Yards market on 50 Shropshire lambs, averaging around 80 lbs. apiece, and selling them at 14 cents a pound when the average price was from 13 1/2 to 14 1/2, was the experience of Premier Drury on the exchange yesterday. They were a fine bunch and showed good breeding and care. The sale was naturally put thru the U.F.C.

FINANCIAL MONTREAL READY TO CONTINUE SECURITY EMBARGO

Bankers and Brokers Give Pledge, Following Address by Sir Henry Drayton. TOLD TRADE SITUATION. Montreal, Oct. 28.—(By Canadian Press).—Several hundred members of the banking, stock brokerage, bond house and other interests connected with the financial community here gathered today after close of business on the floor of the Montreal Stock Exchange, under the chairmanship of Sir Frederick Williams-Taylor, general manager of the Bank of Montreal, to hear Sir Henry Drayton, minister of finance, express his views on the necessity of continuing the so-called "embargo" on the importation and sale in Canada of overseas-held Canadian securities. Pass a Resolution. The meeting culminated in the adoption of a resolution, moved by C. Ernest Gault, approving of the action of the minister in his decision to continue the restrictions for the present, and pledging him the hearty support of all branches of business thru which the importation and sale of the securities would, in the ordinary nature of trade, be effected. The resolution was carried by a show of hands, there being only some half a dozen dissentients. Reviews Financial Position. Sir Henry, in reviewing the financial position of the Dominion, pointed out that a favorable balance of \$151,000,000 in the first half of 1919 had been turned into an unfavorable trade balance of \$25,000,000 in the second half of 1920. With the existing difficulties in the way of marketing the crops of 1920, the position would change almost overnight, said Sir Henry. Kiltam Contradicts. I. W. Kiltam, president of the Royal Securities Corporation, expressed disagreement with the minister's views. He said he was opposed to the principle of control in such matters and gave it as his opinion that the exportation of Canadian products would materially assist in the acceptance of British-held securities in part payment for goods shipped to Britain. He further stated that he would be glad to see the premium on the United States dollar go much higher in order that imports from that country might be discouraged. The question of the marketing of the grain crop was touched upon by C. J. McCuaig of McCuaig Bros. and Company, members of the stock exchange, and from Sir Henry's reply the meeting gained the impression that the government was not considering the re-establishment of the Canadian wheat board.

RETIROING COMMISSIONER WILKIE SAYS MONEY NEEDED TO RETAIN EXPORT STATUS

Ottawa, Oct. 28.—(By Can. Press).—The organization in Canada of an efficient and business-like bureau of overseas trade is urged by J. H. Wilkie, who has recently resigned his position with the government as a member of the Canadian trade commission, and who is leaving the government service, Oct. 31. Mr. Wilkie declared that in order for Canada to hold the foreign trade she had obtained during the war, it will be necessary to have a trade and commerce department made a living organization. The amount allowed by the government for the expansion of the commercial intelligence branch of the department of trade and commerce has not allowed this branch to keep pace with the expansion of our export trade, Mr. Wilkie claimed. The government, Mr. Wilkie urges, should be prepared to pay its trade commissioners a salary sufficient to induce men with the necessary experience and qualifications to enter the work.

REFLOAT BIG TANKER

Montréal, Oct. 28.—The oil tanker Champa, of 4,533 tons, here from Mexico, belonging to the Imperial Oil Co., was refloated tonight after having aground since last Tuesday afternoon.

WILL INVESTIGATE SEIZURE OF BOATS

Minister of Marine Meets Representatives of the Steamship Companies. Representatives of the steamship companies whose five boats were searched for liquor, and who gave \$200,000 bond to the United States authorities, waited upon Hon. C. C. Ballantyne, minister of marine, in Toronto yesterday. The companies felt that they had been treated unjustly, altho their boats had been released, because people could smuggle liquor without their knowledge. "I shall look into the matter," Mr. Ballantyne told The World, "when I reach Ottawa, and if they have legitimate grounds for complaint I will do everything I can."

SPECIALY REDUCED

Prices on men's overcoats and hats are specially priced for two big selling days, Friday and Saturday. See goods displayed in Yonge street window and also look up the Dineen Co. display advertisement on page 4 of this paper. Never since the outbreak of the war has such value been offered in men's overcoats and hats of the highest grade and up to the minute in style.

CLEVER BURGLAR IS CAUGHT BY POLICE

Three Years for Jewelry Thief, Who Also Broke in Barber's Shop.

It is seldom a really clever burglar is captured in Toronto, but when one is caught he looms up large and bright like a good diamond from a bit of ordinary glass. In the police dock yesterday stood a Russian Pole named John Hoffman, who by his past actions evidently thought that a real burglar should be like the stage counterpart, clean-cut and well-groomed. Hoffman was badly in want of some jewelry and selected the City Hall Jewelry Co. as the firm who could supply all his wants. He hated to shop by daylight—at night the stones sparkle much brighter. Having thought out his expedition and counted his money, the burglar hired a sleeping room at the Municipal Hotel, and fearful that his personal belongings might be burnt if a fire occurred insisted that his window be near the fire escape. Mr. Hoffman retired to bed early and evidently slept until late at night.

Value Your Eyes?

Bon-Opto is a system of caring for the eyes at home. It is used by more than a million people who care for their eyes as they care for their teeth; to cleanse and preserve them. If you are not one of the million join their ranks today. Get a Home Treatment Outfit from your druggist and use as directed. Clean, fresh will make the world seem brighter and your day's work less tiresome.

to such an hour when he was ready to proceed on his expedition. Fearful of disturbing the other guests in the hotel, Mr. Hoffman with great consideration left the building, not by the usual way but via the fire escape, which landed him at the back entrance to a barber's shop.

Used Barber's Uniform. The man entered and lighted up the place to full blast. He next dressed himself up in barber's uniform and proceeded to shave, hair cut and generally to perfume himself. His toilet completed, he thought he would take his morning exercises, so he just cut a hole thru the wall between the barber's shop and the jewelry store. He next crawled thru the hole and as the jewelry clerks were absent he just did his shopping all on his lonesome and helped himself to about a thousand dollars' worth of gems. He then returned to his hotel a richer and happy man.

Next morning Mr. Hoffman found himself short of cash for transportation purposes, so he determined to sell some of his jewelry; whilst doing so he met a friend in the person of Detective-Sergt. C. Young, who, with every consideration for a distinguished foreigner visiting the city, offered him a house room at the city hall, and promised to introduce him to Colonel Demison. The detective kept his word, and the host of the police court expressed

such satisfaction in meeting Mr. Hoffman that he loaned him the use of a room in a penitentiary for three years from date.

WOULD TRANSFER POWER OF COMMERCE BOARD

Mayor Church has written to Sir George Foster, minister of trade and commerce, suggesting that the powers of the late board of commerce should be conferred on county court and high court judges and grand juries, so that an effort could be made to reduce the cost of living and stamp out profiteering.

BUILDING PERMITS ISSUED.

The city architect's department issued permits yesterday for the following buildings: Dunlop Tire and Rubber Goods Co. pipe tunnel in plant, 244 Booth avenue, \$13,000; Stuart J. Wilson, addition to dwelling, 82 Chestnut Park avenue, \$4,000; Davenport Methodist Church and dwelling, 1902 Davenport road, \$6,000; F. L. Ray, dwelling north side of Park drive, near Glen road, \$7,800.

QUEBEC STARTS OUT FOR FRIENDLY FIGHT

Provincial Minister Offers Ontario a Challenge in Trade and Finance.

"We are about to offer you in the fields of commerce and finance and industry a loyal and unceasing fight. Before the encounter Quebec cordially holds out her hand to you. Grab it! And in the struggle to come let us dominate and exclude as illegal war are the implements of fanaticism and prejudice. We have had enough interecnic quarrels, these religious differences. How much harm it has done both of us."

Thus spoke Louis A. David, K.C., provincial secretary and minister of education for the province of Quebec, in the course of an interesting address to the Empire Club at the King Edward yesterday.

to rival for financial superiority, while our sane and solid mentality, as well as our unshaken conviction, allowed us to make Montreal the third French city of the world."

OBJECT TO GAS INCREASE.

The Provincial Natural Gas Co. of Welland has recently raised its rates from 50c to 80c per thousand feet. A deputation protested against this to the Ontario government yesterday and consideration of the matter was promised.

PAYS COMPLIMENTS TO STOOL PIGEONS

Counsel in Police Court Sums Up Virtues of Liquor Case Witnesses.

Police "stool pigeons" are coming into their own and hearing exactly the estimation in which they are held by those they trap for their masters, the police, and by fair-minded citizens. Yesterday in a liquor case before Magistrate Cohen, Austin Ross, who defended, summed up the "virtues" of the stool pigeon thuswise: "These low-down—what shall I call them?" said the angry counsel—"these scum of the earth, these demagogues of sewers, come here and ask you to believe them. They have got no character; their whole life is a living lie; their evidence is a tissue of falsehood from beginning to end. It is almost a joke to convict anybody on them."

blushed badly at these "compliments" to their efforts. One of them confessed to having spent \$21 of marked money on the case before the court and got only half a bottle of whiskey and one of beer, but one of their assistants confessed to having had a lot of free drinks and a "good time" in the house before the police came.

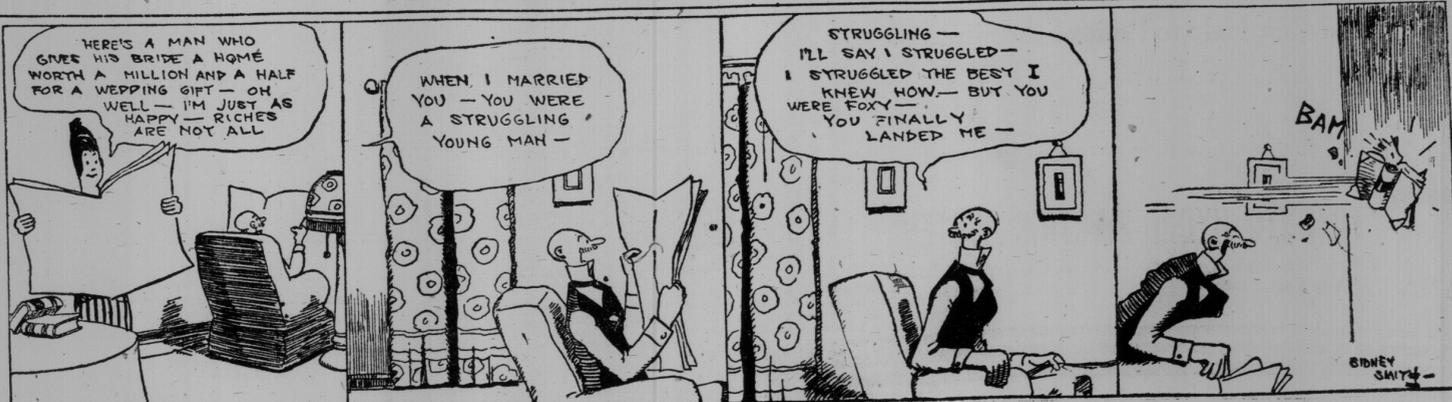

ARCHBISHOP SILENT ON MACSWINEY MASS

Archbishop McNeil yesterday declined to make any statement in connection with the proposed celebration of mass in one of the Toronto Roman Catholic churches for the repose of the soul of the lord mayor of Cork, Terence J. MacSwiney.

APPEAL DISMISSED.

Judge Morson yesterday dismissed an appeal against a police court conviction of Magistrate Cohen, who imposed a fine of \$50 and costs upon M. H. Thomas, for practicing medicine without a license, in August.

GOD'S REVELATION IS BROTHERHOOD

Speakers at Farewell Meeting Stress Significance of Movement.

The final local presentation of the work of the World Brotherhood Federation was given last evening in the Eaton Memorial Church by President William Ward and National Secretary Tom Sykes. Both speakers expressed appreciation of the reception which Toronto had accorded their message, and stressed the brotherhood movement as one of the most significant factors in the Christian world of today.

"Just as God revealed Himself centuries ago in Christ, I believe that He is revealing Himself today in the spirit of brotherhood that we find in so many countries," declared Ex-President J. O. McCarthy, the chairman of the meeting, adding: "Men and women in and out of the church are anxious to recognize the fatherhood of God and, as naturally follows, the brotherhood of man."

The predominantly lay spirit of the movement was emphasized by President Ward at various points in his address. He was himself, he stated, simply a plain man who loved his friends and was anxious to face them in conversational style with his message, and the policy of the organization was, to hold simple, unconventional meetings and to eliminate the sermons which experience had proven intolerable to its members.

A notable growth of the federation had first assumed a world aspect in 1907 when he had journeyed from the parent body in England and founded the first overseas branch in Cooke's Presbyterian Church of this city. Sir James Whitney, he stated, had been the first person to apply for membership in the branch thus formed.

President Ward reviewed at length the European progress of the organization, stressing particularly its record in the prosecution of war relief work in France and Serbia, and its share in assisting a revolt against Catholicism in Czechoslovakia.

Appealing phases of the brotherhood's message and more intimate details of the work of the organization in the British Isles formed the basis of Secretary Sykes' address. He represented as the fundamental attraction of the movement the insistence upon the common bond of humanity as compelling the closest sympathy between all people.

Incidents of the gathering were receiving by President Ward of a message from the British delegates to the late congress in Washington congratulating him upon his accession to the position of president, and the reference by several speakers to the forthcoming financial appeal to be made by the organization and the expression of their confidence in the generosity which Toronto people will manifest.

UNEMPLOYMENT GROWS, SAYS REV. J. S. MILLER

Rev. J. S. Miller, superintendent of the Ontario government's employment office, interviewed by The World yesterday, said that there was a considerable amount of unemployment in the city, both in offices and factories. Large firms, he said, were laying off workmen and office forces were naturally reduced also.

CAR TRAGEDY NOT DUE TO NEGLIGENCE

Coroner's Jury Finds No Blame Attached for Mrs. Beach's Death.

Dr. Graham's jury brought in a verdict at the morgue last night that Mrs. Mary Beach, aged 60, of 147 Booth avenue, came to her death in St. Michael's Hospital from injuries received while attempting to board a moving street car at Logan avenue and Queen street Saturday morning, Oct. 23, at 7.30. The street railway employees were exonerated from all blame.

Presumably Mrs. Beach caught hold of the hand rail, lost her footing, and after being dragged a short distance, was crushed by the front step of the trailer as it went past. Almost all her ribs were broken, and her death was caused by the shock and hemorrhage.

The car had just left Logan avenue when the accident happened, and was not moving fast. The motorman in charge said he saw no person beside the car until after the accident, and this evidence was corroborated by the returned soldier who was sitting in the front vestibule and could see the outside of the car thru the mirror, and by another motorman, who was standing behind the driver.

Robert Irvine, 205 Ashdale street, noticed a woman catch the hand rail and saw her trailed for a short distance.

Dr. King of the surgical staff of St. Michael's Hospital, said that the woman declared in the presence of witnesses that she had attempted to get on, that the car had moved and she was thrown off.

The twenty-sixth annual concert of the S.O.S. at Massey Hall, Wednesday, Nov. 3, promises to be one of the best ever presented by the society. Mari Mathewson, the Scottish contralto, recently out from the old land, makes her first Toronto appearance at this concert, while Anderson Nicol, "The Scottish Caruso," famous tenor, is also on the bill. Seats are on sale at Hall tomorrow morning and early booking is advised.

HABITANT IS NO ANNEXATIONIST

Fernand Rinfret, M.P., So Declares in Speech in Support of Major Kippen.

A large gathering of ladies attended the opening meeting of the Liberal Women's Association of Toronto at the Foresters' Hall last night, where the principal speakers were Fernand Rinfret, M.P. for the St. James constituency of Montreal; Mr. David, provincial secretary for Quebec, and Major W. H. Kippen, Liberal candidate for Northeast Toronto. Mrs. Beeton presided.

Speaking of the French-Canadian, Mr. Rinfret said the French-Canadian was really a son of and attached to the soil, and their every effort had shown love of the domain. People out side Quebec considered there was a lack of loyalty during the war, but it was not so, and despite the fact that there had been a mild revolution in Winnipeg, which even threatened the walls of Quebec. British rule was always good enough for them, and what the annexationists said regarding trade relations or benefits that might accrue thru annexation to the United States, it would be of no advantage to Quebec, for wherever British rule had prevailed it had proved itself.

Kippen for Radicals. Major Kippen, who was received with applause, said that after the strenuous time he had at the nomination he only felt able to have a quiet talk, and at once commenced to explain his position regarding the Hydro radicals, and argued that he was just as able to represent the electors on that point as Major Lewis since he was also in favor of Hydro radicals.

Regarding the gratuity question, he was quite against Mr. Flynn's cry of \$2,000 for every soldier, and did not think the man who was forced to join up should get more than he had already received. He considered the real heroes of the war were the Canadian women.

Regarding the present government, he was quite against the costly business of trying to run the country by commissions, which were costing the country huge sums of money. He considered that Toronto was not considering its population, sufficiently represented, and felt that this should have at least twenty members in the provincial government.

The meeting was also addressed by Mrs. Beeton and Mrs. Carpenter, who asked the audience to do their utmost for Major Kippen.

RUMANIAN ENVOY LEAVES PARIS

Paris, Oct. 28.—The Rumanian envoy, Take Jonescu, left Paris this afternoon. He will visit Prague, Warsaw and Belgrade before returning to Bucharest. It is expected that Jonescu will take steps toward the entry of Poland into the "Little Entente."

FORM LABOR COUNCIL IN CITY OF BELLEVILLE

Belleville, Ont., Oct. 28.—(Special)—Belleville Trades and Labor Council held its organization meeting last night when the following officers were elected: President, Geo. E. Foster of steel workers; vice-president, A. E. Paquer of machinists; treasurer, Geo. McDonald of machinists; secretary, John Holley of plumbers; Trustees: Geo. Griffin of steel workers; D. Harrison of machinists and P. O. Hiney of letter carriers.

GOVERNMENT TO COMPLETE VESSELS

Reopening of Dominion Yards Will Give Work to Thousand Men.

Assurance of the reopening within the next two weeks of the yards of the Dominion Shipbuilding Company was said yesterday at Labor Temple by Business Agent Herbert Wright of the Shipbuilders' and Boilermakers' Union, to have been given by Hon. C. C. Ballantyne, minister of marine in the federal government. The yards, which have been closed since the company's assignment some two months ago, have in process of construction two vessels for the Dominion government, and the decision to complete them under the supervision of the marine department was provided, it is stated, a full winter's work for 1000 men.

W. H. Hertz, Herb Wright, T. Lambert and J. C. Ballantyne, who were present with Hon. Mr. Ballantyne, and announced the proposed opening of the yards as the result of their meeting in the Labor Temple had previously, it is understood, inspected the yard, and decided that it would be decided to complete the vessels, owing to the stage which had already been reached in their construction.

Acceptance from the members of the Builders' Exchange of a wage agreement, in which a rate of 85 cents per hour is stipulated, was decided upon at last evening's meeting in the Labor Temple of the Asbestos Workers' Union. The new agreement represents an increase of approximately five cents per hour over the old schedule, and will be incorporated into the blanket agreement for 1921, which this afternoon was signed by representatives of the union and the Building Trades Council, and a party.

Reports from the section of the Metal Polishers' Union, which seceded recently from the International movement, state that the members expect within the next few weeks to become affiliated with the National Trades Council under the Canadian Federation of Labor.

James Simpson, editor of The Industrial Banner, leaves Saturday for Owen Sound and the vicinity, where he will address meetings of the Northwestern Ontario Trades Union Association. This association has just lately been formed, and received in its organization stage much assistance from Mr. Simpson. He is concerned on his present trip with the best method of following up a survey of the non-union men of the district which the organization has recently completed.

The trophy won last Labor Day by the Civic Employees' Union for having the greatest percentage of their membership on parade, will be presented by Chairman Walter Brown of the games committee at the meeting of the Northwestern Ontario Trades Union Association, to be held on Thursday next, when the electricians meet.

The Labor-Farmer Cooperative store will open for business on Wednesday morning at 130 King street east. The experiment in voluntary home being watched with interest by many districts of the city, and duplication of the store is promised in many sections should it achieve success.

One hundred members of the A. S. E., a body which has been lately affiliated with the International Association of Machinists, were initiated at the regular meeting of the Toronto local of the machinists' union.

President Tom Moore of the Dominion Trades and Labor Congress has written Secretary A. W. Manoe of the Toronto District Council to the effect that he will address the council at its next regular meeting on Nov. 10.

The Canadian Federation of Labor reported that its section of hoisting and operating engineers, it now has sixteen locals, thirteen of which are situated in Alberta, and are holding a convention commencing on November 4, in Calgary, and will discuss matters relative to the material extension of the federation.

BIG ELECTION ISSUE IS HYDRO RADIALS

(Continued From Page 1).

ever existed in the forestry department when Ferguson administered it. Coming Conservative convention. Mr. Dewart was anxious to know who was the Conservative leader," said Capt. Thompson. "Well," he member the informant who was not compiled to him." The captain then compared Mr. Ferguson's and Mr. Dewart's war records, and said he followed the man who acted as a patriot.

In conclusion Captain Thompson said this was the second time in Toronto's history that there was a straight fight on the Hydro question, and Major Lewis should be returned if Hydro was to be sustained. Ald. R. Nesbitt wanted the election fought not on the question of which of the three candidates was the best soldier, but who was the best man for the legislature, and he claimed Major Lewis was that man. "If you defeat Lewis," he said, "you destroy Beck and Hydro."

The alderman challenged Mr. Dewart to set up Contra Maguire, a life-long Liberal, to speak Hydro from Major Kippen's platform. Commission Hostile. Hon. Thomas Crawford declared the people would not give their support to Hydro or radicals and he believed the radical commission was not friendly to Hydro and would treat the adverse report. Mr. Crawford said he believed the marriage between the U. F. O. and Labor would shortly end in a divorce.

Reeve Richardson of Pickering declared that Hydro and Hydro-radicals were in great peril from the Drury Government and claimed that Mr. Robertson appearing on behalf of certain municipalities before the royal commission had received his instructions from Mr. Drury to oppose the radicals. He declared that the steam railways were the real people pulling

OVERCOAT SALE TODAY AND TOMORROW

the strings against the furtherance of the radicals. He asked the people to vote for Lewis and thus help prevent Drury killing Hydro.

Major Lewis Speaks.

Major A. Lewis, the candidate, made a short speech in which he voiced a complaint that the Liberal canvassers were going about stating that this man had fought in France and that he (Major Lewis) only got as far as England. That was not true as the Conservative candidate fought in France and was wounded.

In dealing with Mr. Dewart as leader of the Liberals, he said: "If I had as much cause to be ashamed of my leader as Major Kippen has of his I should not be on a public platform."

After reviewing his own military record Major Lewis again made his pledge as regards his support of Hydro and was loudly cheered at the conclusion of his speech.

If Hydro Were Operated for Profit

---Increased demand for current might have meant greatly increased rates

But Hydro is operated on the principle of "service at cost." Consider Hydro rates:

In September, 1914, the average charge for electric current in Toronto was 1.998 cents per K.W. hour.

In September, 1920, with the new rates in force, the average charge for Hydro current in Toronto was 1.721 cents per K.W. hour.

Hydro rates today are 13.9% lower than in 1914.

The low rates have caused greatly increased use of electric power. The advanced cost of other means of illumination and sources of power has also resulted in a largely increased demand for Hydro current.

This increased demand is the real explanation of the so-called Hydro "shortage."

You Can Help to Relieve the Situation

Save all the current possible. Turn out every lamp not needed. Disconnect heaters. Don't let machinery run idle. Especially observe these suggestions on cold, dark days, when power shortage is most noticeable. In doing so you will cut down your own current bills, and you will save current which is greatly needed.

FLEMING CONFIRMS T. S. R. SHORTAGE

Made Fruitless Efforts With Bank to Handle Railway Percentages.

R. J. Fleming, manager of the T.S.R. yesterday confirmed the hint thrown out at the board of control meeting on Wednesday that City Finance Commissioner Ross had sought to satisfy himself whether the T.S.R. were really unable to borrow money or not. Mr. Fleming made the following statement:

"I noticed last evening a statement to the effect that the finance commissioner of the city had 'hooked' the Toronto Railway Company's bank account around to several banks and financial institutions in the city, but had not been successful in securing the money from any quarter. I wish to emphasize that either Mr. Ross or any other person has interviewed the banks or financial institutions upon any such matter or had any authority to do so. The statement has been made out of whole cloth."

"In an interview with Mr. Ross some time ago I advised him that I had made fruitless effort with our own bankers to handle our percentage payment proposition, but Mr. Ross apparently had some general claim about my statement, as I learned later that he had interviewed the manager of the bank, and much I think to his surprise, found my statement to him verified."

CHANGES IN STAFF OF NATIONAL RAILWAYS

Announcement is made by Gerard Ruel, general counsel of Canadian National Railways, that the jurisdiction of R. H. M. Temple as general solicitor at Winnipeg and as general claims agent, western lines, is extended to include the Grand Trunk Pacific Railway Company.

H. H. Hansard, solicitor of the Grand Trunk Pacific Railway, is temporarily attached to the Toronto office as assistant to the general counsel.

Messrs. G. M. Hair, J. M. Russell and J. R. Black, solicitors, are attached to Mr. Temple's legal staff, and Messrs. J. H. Parkinson and J. McCawley to the claims department.

RESERVES JUDGMENT IN APPEAL BY CITY

The appellate division yesterday reserved judgment on the appeal of the city from the award of a board of arbitrators who found the Home Bank entitled to \$1,700 and \$296 costs for injury to their property at the southwest corner of Yonge and Adelaide avenues, by the construction of the subway under the E. F. R. tracks. The city says the bank is entitled only to \$2,500, the cost of adapting the property to the changed grade.

EVERYBODY WANTS IT.

One might say that there is really a wild rush for the record "The Maid of the Mountains." The sale is proving something enormous. The price is \$1.65, and can be obtained in the Victoria Parlors of Ye Olde Firme of Heintzman & Co., Limited, 193-197 Yonge street, Toronto.

DIES FROM FALL.

Brookville, Oct. 28.—Falling down the stairs at her home last night, Mrs. H. G. Wemyss, an elderly woman, struck her head on a concrete floor in the cellar, and died before a physician could arrive. She leaves one daughter and one son, Ansley G. Wemyss, Toronto.

WESTERN FARMERS MAKE BIG WHEAT SHIPMENTS

"The western farmers have shipped to the lake ports 40,000,000 bushels, of which over 35,000,000 have been sold, and this has yielded big returns to the farmer than any price he has previously had," said Hon. Robert Rogers, who arrived in Toronto from Winnipeg yesterday.

"If Manitoba had had the same questions put to them in the vote as did British Columbia, Manitoba would have gone the same way," was Mr. Rogers' opinion on the prohibition voting.

PROTEST AGAINST BASEMENT CLASSES

Trustee Declares Lack of Heating in School Nothing But Criminal.

Vigorous protests against basement classes were made at the property committee of the board of education meeting at the administration building yesterday.

Chief Inspector Cowley reported that the only rooms available to relieve overcrowding in the regular rooms at McCaul and Dufferin Schools were in the basement.

The half-time system solution was referred to by Dr. Beer, chairman of the committee, as too indefinite.

Dr. Noble had the backing of the other members in opposing the use of the McCaul and Dufferin basements. Trustee Rawlinson considered transfers to Wellesley School would relieve McCaul School.

The committee passed the overcrowding of McCaul and Dufferin Schools back to the management committee to solve by the transfer method.

Ald. Bell's notice of motion for the appointment of a permanent engineer in all high and public schools if 23 class rooms or over was struck off the order paper on the motion of Trustee Laxton.

Trustee Laxton with considerable fervor declared that the conditions regarding the lack of heating preparations at Fern Avenue Public School were "nothing less than criminal."

Prompt hurry-up action was promised.

CITY DESIRES LAND FOR CAR LINE EXTENSION

City officials yesterday inspected the strip of land north of the Upper Canada College which chairman F. W. Ellis of the transportation commission has suggested should be annexed from the township by the city.

It is reported that the annexation is desired in order to bring a possible route of a carline extension up Avenue road within the boundaries of the city. It is proposed to take in the remaining piece of Oriole Parkway, Kilbarray road extended to Oriole Parkway and the piece of the Baldwin estate situated between the college grounds and the present limits, as well as a strip on the west side of Avenue road up to Eglinton avenue, for the purpose of widening the street to 86 feet. The officials will make a report to the board of control.

NEW PUMPING STATION.

A sewage pumping station is being erected near the corner of Lawton road and Chaplin Crescent to pump sewage from the Chaplin estate, where a number of houses are being erected across the ravine, and the belt line to the Gormley avenue sewer. The estate will bear the cost of the station, which will be about \$16,000, and also maintenance, while the city will construct the street sewers as a local improvement.

PLANS FOR WELCOME TO GENERAL BOOTH

Head of Salvation Army Has Busy Program During His Visit to Toronto.

General Bramwell Booth, head of the Salvation Army, will arrive in Toronto at 5.40 this afternoon from Montreal. The general is coming to Toronto for the conference of officers of the Salvation Army of Canada East, that is, from Fort William to Newfoundland. More than five hundred officers of the Army are coming to Toronto for the conference.

Those nearest to the heart of General Booth are the young people, and a meeting for them will be held in the Salvation Army Temple, Albert street, this evening. As there is a limit to the seating capacity at the Temple, invitations have been issued for this meeting.

Tomorrow afternoon, the Salvationists of Toronto will meet at the parliament buildings at 230, and accompanied by seventeen bands, will parade south on University avenue, east on College street, south on Yonge street and by way of Albert and James streets to the city hall, where there will be a civic reception for General Booth at 6 o'clock. Mayor Church officiating. Saturday evening, there will be a meeting by invitation only for Salvationists at Masey Hall.

OSGOODE HALL NEWS

ANNOUNCEMENTS

Judges' chambers of Friday, 29th inst., at 11 a.m.

McDonald v. Brown—T. E. Elmore and

Teeth Shine

When the film goes—watch and see

Learn now how teeth look—how they feel—when you combat the film.

Get from your druggist, without cost, this ten-day test. Note the instant results, then look in ten days.

Millions have already done this. Leading dentists everywhere advise it. Now show your home folks what clean teeth really mean.

The war on film

Dental science, the world over, is fighting a war on film. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. And most tooth troubles are now traced to it.

Those troubles have been constantly increasing. The ordinary tooth paste does not end film, so the tooth brush has proved inadequate. Millions know how well-brushed teeth have discolored and decayed.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And, despite all brushing, few escape these troubles caused by film.

Quick, visible results

Anyone can see and feel what Pepsodent is doing. No old method of brushing ever brought such effects. So we let this test convince you.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. The alkalinity of the saliva is multiplied also, and at once. That is to neutralize mouth acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

The effects of Pepsodent come with every application. We constantly combat, in efficient ways, the teeth's great enemies. And millions of teeth are given new protection and new beauty.

REGISTER DEED FOR CITY PROPERTY TRANSFER

A deed has been recorded at the Registry Office conveying about 60 acres of land on the north side of St. Clair avenue, near Dawes road, from the Toronto City Estates, Limited, to the Colbrigan Estates, Limited. The latter company is controlled by Right Hon. Lord Joicey, an English coal owner, and the consideration was \$185,000. Robins, Limited, acted as purchasers of the lots. The same company bought three large blocks in the New Toronto district last spring for \$350,000.

WRANGLER EVACUATES TOWN.

Sebastopol, Oct. 28.—The town of Alexandrovsk, situated on the left bank of the Dnieper 56 miles south of Ekaterinoslav, has been evacuated by the forces of General Wrangel, the anti-Bolshevik leader.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing, hissing, or ringing noises in your ears, are getting hard of hearing and fear Catarrh, Deafness, go to your druggist and get 1 ounce of Pepsodent (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should, open breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, cost little and is pleasant to take. Anyone who has Catarrh trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

FEDERATION'S GOOD WORK.

At the meeting of the Humane Society last night, M. C. McLearn, general secretary for community service, gave some details of the work the federation is accomplishing. Money is distributed at the rate of \$30,000 a month, and the 47 organizations in the federation express themselves as highly pleased with results.

Skin Troubles Soothed With Cuticura

Scalp Itching, Ulcers, Eczema, Sore Throat, Ringworm, etc. Sufferers with these troubles should use Cuticura Soap and Ointment. It is the only preparation that will soothe and cure these troubles. It is sold in 10-cent and 25-cent boxes. Write for free literature to Cuticura, P.O. Box 100, Montreal, P. Q., Canada.

Teeth Shine

When the film goes—watch and see

Learn now how teeth look—how they feel—when you combat the film.

Get from your druggist, without cost, this ten-day test. Note the instant results, then look in ten days.

Millions have already done this. Leading dentists everywhere advise it. Now show your home folks what clean teeth really mean.

The war on film

Dental science, the world over, is fighting a war on film. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. And most tooth troubles are now traced to it.

Those troubles have been constantly increasing. The ordinary tooth paste does not end film, so the tooth brush has proved inadequate. Millions know how well-brushed teeth have discolored and decayed.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And, despite all brushing, few escape these troubles caused by film.

FREE

This Week Only

At any drug store named below, a 10-day tube of Pepsodent. Simply present the coupon.

Watch the teeth whiten—note how clean they feel. Then think what such protection means to you and yours.

Get the free tube today.

Millions now show the effects

In every circle nowadays you see glistening teeth. Ask the owners. You will find, we think, that they are using Pepsodent.

Get this free tube and try it for yourself. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Then let the children use it. Their teeth need it most. Very few children reach the age of 15 without some tooth decay.

Let the man who smokes see how it takes the stained film from his teeth.

Let all find out how much cleaner teeth feel, how much safer, when brushed in this new way. Then this ten-day test may bring to your home some lifetime effects.

10-DAY TUBE FREE

Present this coupon, with your name and address filled in, to any store named. It is good for a 10-Day Tube of Pepsodent.

Your Name.....

Address.....

Out-of-town residents should mail this coupon to the Pepsodent Company, 1104 So. Wabash Avenue, Chicago, and the tube will be sent by mail. Toronto World

NARROWLY ESCAPED LOSING THEIR MINES

Owners Failed to Pay Taxes and Secured Government Relief.

After months of advertising that arrears of taxes must be paid, the department of mines yesterday forfeited a number of mining claims in New Ontario. However, by order-in-council passed at the eleventh hour several valuable holdings were saved to their owners.

Deputy Minister of Mines T. W. Gibson explained that under the mining act \$6 per acre per year is levied on mine lands granted in unorganized territory. The act also provides that when the tax is two years in arrears the lands are liable to forfeiture to the crown. During the war and in fact since 1912 a lot of locations have fallen into arrears for taxes. The department advertised months ago this fact widely, and notified the owners to pay up or in default their holdings would be forfeited and reopened for staking as provided for under the act on 12 o'clock noon, October 28, 1920. Two months ago a list of owners in arrears and letters were sent to them informing them of the proposed forfeiture. In many cases the arrears were paid, while others again ignored the notice, probably thinking their property was not valuable. In some cases thru carelessness and ignorance valuable property was lost to their owners. The Kirkfield Lake and Hudson Bay mines were among this latter lot. However, they were returned by order-in-council passed yesterday.

The claims of the Solid Silver Mining Co., in Burke and Kane townships, were also similarly treated.

SOME SHORTAGE OF CARS IS REPORTED FOR WHEAT

Ottawa, Oct. 28.—(By Canadian Press)—While the western movement of grain is on the whole regarded as satisfactory, there being no signs of congestion, some complaints are being received daily by the government as to the shortage of cars. In the majority of cases they are from the smaller points of shipment. All complaints when received are at once referred to the department of railways, which is co-operating with all the railways in an effort to have the crop moved with as little inconvenience to western farmers as possible.

Irritated Itching Skins Soothed With Cuticura

Bathe With Cuticura Soap Dry and Apply the Ointment

These super-creamy emollients usually soothing, clear away pimples, redness and roughness, remove dandruff and scalp irritation and heal red, rough and sore hands. If used for every-day toilet purposes they do much to prevent such distressing troubles. Nothing better, surer or more economical at any price.

Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal.

Write for free literature to Cuticura, P.O. Box 100, Montreal, P. Q., Canada.

SAFETY DEPOSIT BOXES

The value of a Safety Deposit Box is in the protection it affords.

Once your important papers, jewelry or other valuables are deposited in one of these boxes—they are safe from fire, theft or accident.

Don't run unnecessary risks. For a moderate sum you can rent a Safety Deposit Box at any one of our branches.

FRIDAY MORNING, OCTOBER 29, 1930

Politics Make Strange Bedfellows.

Curiously enough the capitalists and the anarchists are equally anxious for the success of the Republican party at the presidential election on Tuesday next. The capitalists want Harding because they believe he will be a second McKinley and give the big interests full sway. The Socialists, the anarchists and the Reds will be for Harding not because they expect anything from him and his administration, but because they are vindictively hostile to President Wilson and his candidate.

The Socialists' candidate for president is Eugene V. Debs, and the Socialists will vote for him in states where it makes no difference how they vote or whether they vote at all, but in states where there is a real fight on the Socialists will vote for Harding. Big business has a queer bedfellow at each election. They will jaw at each other a good deal but there will be no need to call in the police. The flannel-mouthed Socialist is the best friend that Big Business has. He may be trusted to drive people inclined to be progressive back to the camp of reaction. Big Business may not altogether like the bedfellow provided for him by politics, but he will not kick him out of bed.

Mr. Crerar in East Elgin.

Hon. T. A. Crerar is to speak in the East Elgin by-election. Mr. Crerar is said to be too honest for a politician, and we may therefore take it for granted that he will speak his mind freely on the tariff question. If he is able to carry the farmers of East Elgin with him on the tariff issue he may take it for granted that a real organic union has been effected between the Grain Growers of the west and the United Farmers of Ontario.

Up to date our people have taken it for granted that nothing of the kind was possible. The Farmers' victory last October was regarded as a purely provincial affair. Fraternal greetings were exchanged with the western grain growers but few seriously believed that the Canadian farmers east and west would be able to unite in a national political party.

Has such a union been effected? Two Ontario ridings are represented in the house of commons by gentlemen who acclaim Mr. Crerar as their leader and who belong to the Farmers' party. Will East Elgin send him another parliamentary supporter and what will that mean? Will it mean that the farmers of that district have turned their backs on the National Policy?

Much, of course, will depend upon what Mr. Crerar says in the campaign. Heretofore he has spoken mainly as a private member of parliament or as a spokesman for the farmers' co-operative organizations in the west. Now he will be called upon to speak as the leader of a national party which everyone can see will run at least second in the general election. He can no longer say in an academic way what he would like to see or what the farmers of the west would bring about if they could, but he must tell his audience as a matter of fact what he would do with the tariff if he became the next prime minister of Canada.

Will the Ontario farmers who follow Mr. Drury in provincial affairs fall in behind Mr. Crerar in the federal field? Can he make headway with his free trade doctrines in this province peculiarly devoted to protection? Can he carry into the free trade camp the Ontario farmer who in the past has been a staunch supporter of the National Policy? It will be observed that Mr. Drury, the one to hear an ardent free trader, is giving East Elgin a wide berth. Are his benches leading Mr. Crerar into an ambush?

No-Par-Value Shares.

The World has on several occasions drawn attention to a change in the capitalization of our companies, by which the shares have been changed from a par-value to that of no-par-value. This is an innovation brought in from the United States, and The World surmises that it has for object other motives than appear on the surface. The Toronto Globe has been requested to express its opinion as to the necessity of government oversight of capitalization of this and other varieties, but is still to be heard from. In the meantime, The Journal of Commerce, of which Hon. W. S. Fielding, former minister of finance, is editor, has taken up the subject. The explanation is satisfactory as far as it goes, but will Mr. Fielding kindly continue the discussion and the possibilities of tax evasion by this modern method of stock watering? Here is Mr. Fielding's explanation:

Several clients of Royal Securities Corporation have asked that

some explanation be given for the issue by many Canadian corporations of common shares having no par value. The question might very much better be asked, Why should common shares have any par value?

Shares represent ownership of a business. Mortgage securities, bonds and debentures are certificates of indebtedness and represent money loaned to a company and secured by a mortgage on a company's assets. Possession of a bond does not, therefore, so long as the borrowing company fulfills its obligations, carry with it any ownership rights. Bonds and such securities are repayable at their face value, and represent the investment of approximately that amount of capital. Common shares, on the other hand, representing as they do the net worth of a business, naturally vary in value as the company's assets and earnings are reinvested or decreased according to the success of its operations.

Until recently the various incorporation laws of the Dominion government and the Canadian provinces required that common shares when issued should have a stated par value, and this was usually fractional in a great many cases, as a result of the reinvestment of earnings in the undertaking, the intrinsic value of the shares has increased in excess of the amount of their par value, and the amount of investment which they actually represent bears no relation to their nominal or par value. Similarly, it is an admitted fact that when many corporations are organized, common shares when issued, they have a par value of, say, \$100, do not represent an investment of anything like this sum of money. Frequently it is many years before the corporation, thru the reinvestment of its earnings, is able to acquire assets having a total value equivalent to its nominal capital.

It is, in some cases, a much simpler and more logical process to issue a number of shares, each one of which represents an equal fractional part in the ownership of the company, and to give these shares no par value at all. Their value from time to time depends upon the actual value of the company's assets and its earning power. Shares of this kind are bought and sold at so much per share, and the earnings are expressed in many dollars per share, and not at such and such a percentage of the par value, par value having but little real significance.

Marked in Passing.

Chicago barbers are demanding a dollar for a hair cut. First thing we know somebody there will start a "have-your-hair-cut-at-home" campaign.

Since we've got to have some cold weather, we might as well be cheerful about it and remember that it helps business, anyhow.

An actor named George Kaiser has been arrested in Germany. This seems like carrying resentment against the emperor very far.

Two thousand Russian Red troops were routed in a battle with twelve hundred Chinese. Goodness, how the Bolshevik stock is going down.

A report states the Wisner distillery at Prescott has been sold to Montreal interests. Merely in order to beat out an evening rival, we hasten to say that in view of recent western referendum results, they probably thought it wiser to sell now.

A carload of government goods were last week stolen from the Kingston penitentiary. That new commission on prisons should hurry up and find out if the building is properly fastened down.

To judge from local contemporaries, it would seem as though the fight in Northeast Toronto is going to be fought on soldiering records overseas rather than on questions of provincial and public interests.

An increase in the price of \$6 to \$18 per barrel on Canadian apples on the way over to England is enough to set travelers wondering if ocean freight haulers have to be tipped as liberally as stewards and waiters.

Public meetings in Berlin have been cheering wildly a proposed return of the Hohenzollern monarchy. Ontario people need not be surprised. There are people here who would cheer even for the smashing of Beck's Hydro.

A reader complains that The World basely insulted MacSwiney in this column on the day of his death. We would point out that the remark referred to was in no sense ill-natured or insulting and that it appeared many hours before the news of his death, then unexpected, reached Toronto. Our correspondent goes on to express the hope that The World will now observe the old advice and say nothing but good of the dead. As far as this page is concerned, we are content to leave the late Lord Mayor MacSwiney with the observation that it is all too great a pity that such courage and steadfastness of purpose as was his should unnecessarily be wasted with the life that he might in a better way have consecrated to his country's good.

WANTON DEER SLAYING NORTH OF HULL COUNTY

Ottawa, Oct. 28. — Hunters who have gone into the bush north of Hull County report a tremendous waste of deer meet in the woods. The hunters claim that the wasteful practice is being followed by non-resident sportsmen. Dozens of carcasses, it is stated, are rotting in the bush, the slayers having taken the heads off and left the meat to decompose on the ground.

Two Vancouver Murderers Sentenced to Be Hanged

Vancouver, B.C., Oct. 28. — Found guilty last night of the murder of Joseph Morrison, a Campbell river logger, in a hotel in this city, May 17, Joseph Scanlan, aged 24, and Mike Molyneux, aged 29, were sentenced by Mr. Justice Gregory to be hanged on January 27.

JOHN BULL: NOW!

CATHEDRAL THROGGED AT MACSWINEY FUNERAL

Thousands Attend Solemn Requiem Mass and Throng the Streets—Labor Party and Irish Societies Represented—Carried Out Without Disorder.

London, Oct. 28.—A pontifical requiem mass was celebrated this morning in St. George's cathedral over the body of the late Lord Mayor of Cork, Terence MacSwiney, who died in Brixton prison Monday morning after a hunger strike which lasted more than 78 days. Church dignitaries, the lord mayor of Dublin, the deputy lord mayor of Cork, and deputations representing the British Parliamentary Labor party and various Irish political and civic organizations attended. Thousands thronged every available space in the large cathedral, scores standing on chairs in the aisles, straining for glimpses of the casket which the Cork brigade of the volunteer army, the British Parliamentary Labor party and various Irish political and civic organizations attended. Thousands thronged every available space in the large cathedral, scores standing on chairs in the aisles, straining for glimpses of the casket which the Cork brigade of the volunteer army, the British Parliamentary Labor party and various Irish political and civic organizations attended.

The chancel rails and a large part of the adjacent floor were strewn with elaborate floral tributes, one of them inscribed, "A soldier comes nearer than a king to the pattern of Christ."

Bishop Presided. The Right Rev. Peter E. Amigo, as bishop of the diocese of Southwark, in which the cathedral is situated, occupied the throne, presiding over the obsequies. The mass was celebrated by the Right Rev. William T. Cotter, bishop auxiliary of the diocese of Portsmouth, assisted by the Most Rev. Anselm Kenaly, Archbishop of Simla, Archbishop Daniel J. Mannix, of Melbourne, Australia, one of the prelates who attended, sat by the side of Bishop Amigo.

Crowds Thronged Streets. From early morning crowds had stood in the streets adjacent to the cathedral awaiting admission to the funeral proceedings. The victims became so great that squads of constables were required to clear the way for holders of cards of admission.

The funeral procession, which was about a mile in length, started at 2.30 o'clock from the cathedral, marching to Euston station. It was estimated that 2,000 persons took part in it. A priest at the head of the procession recited prayers. Great crowds lined the streets thruout the route to the station, and a respectful attitude. The Sinn Fein colors were plentifully in evidence, but no banners were displayed. The whole procession was assembled and carried thru without any trouble developing.

Three of the nine cars composing the train bearing the body of Lord Mayor MacSwiney were loaded with police as the train left Euston station.

BILLION DOLLARS CREDIT IS ASKED

(Continued From Page 1).
The Federal Reserve board to the plea for more credits. The statement of the board was declared by this committee to be unsatisfactory.

Billion Loan to Germany. A loan of a billion dollars by the United States to Germany was one plan laid before the policy committee. William W. Brauer of New York, who asserted that he represents the German government, asked the committee to endorse legislation by congress authorizing such a loan to Germany. He said the German government was prepared to repay such a loan priority over all reparations payments under the Versailles treaty. Property of the German government and the alien property custodian, and claims arising from the seizure of German shipping would be offered as additional security. Mr. Brauer said Germany was ready to purchase two hundred million dollars of agricultural products immediately, he asserted, on such an extension of credit. Mr. Brauer said he held a contract with the German government authorizing him to secure the billion-dollar loan, and would have sole charge of spending for.

Frank Morrison, secretary of the American Federation of Labor, and William J. Johnston, president of the International Association of Machinists, in addresses promised their cooperation with the farmers. Mr. Johnston declared Warren S. Stone, president of the Brotherhood of Locomotive Engineers, had authorized him to give his support to the effort to secure credits for orderly crop-marketing.

Texas in Combine. Fort Worth, Texas, Oct. 28. — The wheat holding movement has reached Texas and most of this year's crop, especially in the Panhandle district, is being held off the market, according to wholesale dealers in Fort Worth. Most of the producers are said to be members of the Wheat Growers' Association, which is backing a movement to hold wheat in

DENIES THE STATEMENT THAT ALBANIA IS ATTACKED

Ottawa, Oct. 28. — A telegram received here from the Serbian minister at Washington denies the accuracy of a despatch from Montreal, stating that a cable had been received here from Col. E. Burnham, of the Red Cross in Albania, declaring that the Serbians were destroying Albania and Montenegro with fire and sword. Dr. Grutch wires: "There is only a small number of Jugo Slav soldiers guarding the frontier between Albania and the southern part of the Kingdom of the Serbs, Croats and Slovenes. Everything quiet now. No Jugo Slav army has invaded Albania. Montenegro also quiet, and inhabitants being all Serbs, do not form a separate nation."

MONTREAL DRUGGIST SUCCEEDS TO ATTACK

Montreal, Oct. 28. — Louis A. Hoerner, aged night clerk for J. E. Tremble, druggist, who was shot twice by an armed bandit Tuesday morning at the drug store, 614 St. Catherine street west, where he had worked all night, died at the Montreal General Hospital this morning. The victim, who was 62 years of age, was operated upon and had both bullets removed.

DOLLAR HAIRCUT IN CHICAGO

Chicago, Oct. 28. — The central executive council of the master barbers' association, representing 1700 barbers in the city, today decided upon a raise to \$1 for a haircut and 85 cents for a shave, to become effective January 1. The explanation given was the increased expense of operating a barber shop.

HOW SUGAR PRICE ADVANCES

Ottawa, Oct. 28. — (By Can. Press) — That eleven cent sugar in the United States meant a rise of one cent by the time freight, duty, exchange and importer's profits were added, was the statement made to Canadian Press this morning by an Ottawa man interested in the retail sugar trade.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters from our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

GIRLS AND PAINT.

Editor World: Referring to Mr. Rupert Hamilton's letter in your paper about the young ladies who are being decorated with powder and paint, and their preference for gentlemen with motor cars, I certainly think Mr. Hamilton is very unjust in his criticism. He may be the class of young man who attracts the powdered and painted ones, but that is his lookout. He must be a very wonderful young man if he cannot find a suitable wife in our Dominion, without sending across the Atlantic for one. Why did he not bring one back with him? Possibly he thinks he is more persuasive on paper than in person.

It must be very unpleasant for Mr. Hamilton to have to live in a city with such a class of young ladies. Personally, I think he would be much happier if he were to make his home amongst the bonnie Scotch lassies. There is not much room in Canada for grouches like he is.

I have been in Scotland for some time myself, and am in a position to compare the Canadian girls with the Scotch girls, and must say that I do not think that the Canadian girls suffer by comparison. There is an old saying, you know, that "Distance lends enchantment to the eye." There are some very fine Scotch girls, but I have yet to see the one that I would leave home for.

When Mr. Hamilton brings across his model of perfection, I trust her influence may improve the Canadian girls to such an extent that Mr. Hamilton will not feel that they are so far beneath him. "A Lady's Friend."

DRAYTON IN MONTREAL

Ottawa, Oct. 28. — (By Canadian Press) — Sir Henry Drayton, minister of finance, has gone to Montreal to hold a conference with the representatives of financial institutions similar to the interview with business men that took place in Toronto on Monday.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XIII Continued

But the tocsin failed to reach the ear for which it was intended. The village produced every live inhabitant except Marguerite Ogilvie.

"Was Miss Meg friendly with the Burts?" inquired Armathwaite, when he and Betty realized it was useless to give expectancy either as a corner of the roadway visible from the porch, or at such small cross-sections of the village "street" as could be seen at irregular intervals between the houses.

"Yes, sir. She'd often walk over there," said the girl, gazing at once in the direction of the Castle Farm, which was the name of the holding.

"She would know that breakfast was on the way?"

"Oh, yes, sir! I axed her meself when I brought her cup of tea. She said that nine o'clock would suit."

Betty turned involuntarily to consult the grandfather's clock in the hall. The hands stood at ten minutes past nine; but, in the same moment, she remembered that the clock was not going. Armathwaite followed her glance, and looked at the clock, he answered, with a laugh. "The old clock is right to a tick. Was it in use while the Sheffield lady remained in the house?"

"No, sir. It stopped at that time when the old man died."

Then she giggled. There is hardly a man or woman in Yorkshire who does not know that the words of a famous song were suggested by the behaviour of a clock which is still exhibited in an inn on the south side of the Tees at Pierce Bridge, and the girl had unconsciously repeated the tag of verses and chorus.

Armathwaite had yet to learn of this treasured possession of the county of broad acres, so he eyed Betty rather disapprovingly. Moved by this nothing more which he regarded as unduly levity, he strode into the hall, found a key resting on a ledge of the clock's casing, wound up the heavy weights, and started the pendulum.

"Perhaps our ancient friend may be more accurate than you, Betty," he said. "You mean, I suppose, that it stopped at that time because it was not wound. How do you know the hour, or even the day, any other died here?"

"Well, I don't, sir, an' that's a fact," she admitted. "But what about breakfast?"

"Attend to Mr. Whittaker—I'll wait!" He went out again, and saw Smith hobbling down the bye-ward.

"Hi!" he cried, "if you're going into the village you might ask if anyone has seen Miss Meg?"

Smith replied with a hand wave. He was thinking mainly of begonias, planning a magician's stroke, because his new master had told him to spare no expense. Within ten minutes he returned, but not alone. Four able-bodied rustics came with him, each carrying a spade or a garden fork. But he had not forgotten Armathwaite's request.

"Miss Meg hasn't gone that way, sir," he said. "Plenty of folk saw her in 't' garden, an' they couldn't have missed her had she been in 't' street. But she's comin' 't' now. No fear of her bein' lost, stolen, or strayed 't' Elmdale. These chaps are good for a day's diggin' at four shillin' an' two quarts o' beer each. Is that right, sir?"

LIMIT OPERATIONS IN MOROCCO.

Madrid, Oct. 28.—Military operations in Morocco will be limited for the present to the consolidation of gains already made, it was decided by the cabinet at its meeting yesterday.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XIII Continued

"Make it five shillings and no beer," said Armathwaite.

The laborers griven. "No beer is even to be bought during working hours," he added sharply. "You can work harder and longer of tea. You may have all the tea, milk, bread and cheese you want, but not a drop of beer, this day or any other day, while at work here. I know what I am talking about. I am no teetotal fanatic, but I've proved the truth of that statement during many a day of more trying labor than digging soft earth."

The terms were agreed to without a murmur. The incident, slight as it was, had its bearing on the day's history. Smith was leading his cohort to the attack, when one of the men, apparently bethinking himself, approached Armathwaite and touched his cap.

"Beg pardon, sir," he said, "but was ye axin' about Miss Meg?"

"Yes."

"Well, I see her goin' up 't' moor road nigh on half an hour s'p' (since). The Grange itself was the only house on the moor road for many a mile, and it was most unlikely that Marguerite would take a protracted stroll in that direction at such an hour. Somehow, Armathwaite was aware of a chill in the air which he had not felt earlier. It was his habit to disregard those strange glimpses of coming events generally of misfortune, which men call premonitions. When confronted by accomplished facts, he acted as honor and experience dictated; for the rest, he said, with Milton:

"I argue not Against Heaven's hand or will, nor bate a jot Of heart and hope; but still bear up and steer Right onward."

But this all-sufficing rule of conduct had availed him little from the moment he crossed the threshold of the Grange. Right well had it served him in the strenuous years of vigilance governance now so remote; since his coming to Elmdale he seemed ever to be striving against shapeless phantoms. He had sought quiet and content in that peaceful-looking village generally of misfortune, which men call premonitions. When confronted by accomplished facts, he acted as honor and experience dictated; for the rest, he said, with Milton:

"I argue not Against Heaven's hand or will, nor bate a jot Of heart and hope; but still bear up and steer Right onward."

THE WEATHER

Meteorological Office, Toronto, Oct. 28.—(8 p.m.)—Pressure is relatively low tonight on the middle Atlantic and New England coasts and in Saskatchewan and Alberta, and high from Lake Superior south to the Gulf of Mexico. Rain has fallen today in portions of the Maritime Provinces, and a few showers have occurred in Alberta and in portions of Ontario.
Minimum and maximum temperatures: Dawson, 14, 24; Victoria, 45, 56; Vancouver, 42, 50; Calgary, 32, 46; Edmonton, 28, 42; Banff, 28, 45; Prince Albert, 28, 42; Medicine Hat, 40, 52; Moose Jaw, 28, 39; Regina, 25, 36; Winnipeg, 15, 42; Port Arthur, 24, 34; White River, 18, 28; Fort Snodgrass, 40, 48; London, 42, 52; Toronto, 44, 52; Kingston, 48, 58; Ottawa, 48, 54; Montreal, 54, 62; Halifax, 54, 58.
—Probabilities.—
Lower Lakes and Georgian Bay, Ottawa and Upper and lower St. Lawrence, heavy northerly winds; mostly fair and cold, but light showers or snow-furries in a few localities.
Gulf and North Shore—Strong winds; mostly cloudy, with showers.
Maritime Provinces—Variable winds, gradually shifting to west and northwest; cloudy with rain.
Lake Superior—Variable winds; fair; light change in temperature.
Manitoba—A few local showers, but for the most part fair.
Saskatchewan and Alberta—Some light falls of rain or snow, but partly fair.

COMMISSION HOUSES GIVE ARGUMENTS FOR SECESSION
GIVE SATISFACTION FAVOR MOTOR BUSSES
Owners Pleased With Homes Erected and General Treatment Received.
Favor Motor Buses as Solution of Present Transportation Problem.

The York Township Housing Commission which has constructed 125 houses in the southern part of the township, made an inspection on Wednesday of about half of them, now occupied by the purchasers, and found that the contractors had done their work in a very satisfactory manner. All the owners visited, seemed entirely pleased with their homes and the treatment received from the commission before the expiration of the housing act on December 31.
About one hundred houses have been completed and good progress is being made with the other twenty-five. They will all be ready for the owners before the expiration of the housing act on December 31.
All the houses erected by the York commission have been of solid brick except two frame and less than half a dozen brick veneer dwellings. Letters have been received from purchasers by the commission commending them for their work and the provincial department has also expressed gratification over the efficiency of the York commission, which is said to have given less trouble to the provincial housing inspector than any other commission in the province.
The new township houses are located in about equal numbers, in the east and west, southern sections of the township and along the northern border of the city.
Following are the members of the commission: T. Griffith, chairman; John T. Watson, Thomas Abram, J. B. Harris, and Reeve Miller.

TOWNSHIP LAYS NEW TWELVE-INCH MAIN

The township of York is laying a 12-inch main along Kilbarray road, immediately north of the Upper Canada College grounds, as an auxiliary to the 24-inch main which runs west on Eglinton avenue from the city system.
Both these mains tap the city's 36-inch North Toronto main, which goes north under Oriole Parkway and is to insure a service for that section of the township in the event of an interruption to the Eglinton main.

ADD TWO CARS TO ST. CLAIR SERVICE

Commissioner Harris replies to Mayor Church's complaint about the car service on St. Clair avenue with the statement that two large cars have been added to the service, providing a two-minute service and this he considers adequate.
The senior branch of the Holy Name Society of St. Clare's Church entertained a banquet in the parish hall last evening in appreciation of the way the boys turned out, and the enthusiasm shown, when the Holy Name Society held their annual field day on Oct. 2, and when St. Clare's carried away the gold cup for the third consecutive year. The cup was donated by Mr. Murphy of Spaulding Bros.

BUSINESS MEN'S ORGANIZATION.

The residents of Westmount, Humbermount and Scarlett road have circulated all their societies in a call to form a business men's association tonight. This society, which is west of the Humber, at Weston, has many business men from the city among its new residents.

STREET CAR DELAYS

Thursday, Oct. 28, 1920.
King cars, both ways, delayed 6 minutes at 12.25 p.m., at G.T.R. crossing by trains.
Avenue Road northbound cars delayed 8 minutes at 3.45 p.m., at Avenue road hill by auto on track.
King cars, both ways, delayed 5 minutes at 2.53 p.m., at G.T.R. crossing, by train.
Dupont cars, eastbound, delayed 12 minutes at 5.12 p.m., at St. George and Dupont, truck stuck on track.

WEST TORONTO HOLD RUMMAGE SALE.

Weston Sanitarium Club, an organization of about seventy women in the west end of the city for auxiliary work in connection with the Queen Mary Hospital of the Provincial Sanitarium, Weston, held a rummage sale yesterday afternoon at Queen and Dovercourt, and realized \$155. The club applies \$50 yearly to the Queen Mary Hospital, as well as supplying regularly bedding and garments etc., from home at home. The annual meeting will be held on the third Thursday of November at High Park Presbyterian Church.
Yesterday a consignment of left-over goods was given to assist the Weston Sanitarium Club, under Canon Dixon of Holy Trinity Church. Mrs. T. Bowes is president.

MOOSE LODGE MEETS.

Moose Lodge, No. 87, of West Toronto, held a meeting last night in their club rooms on West Dundas street, and initiated sixteen candidates and received applications from fifteen for membership. An address on "Moose" was given by Organizer Wm. Riddell, whose field has been enlarged to include West Toronto, New Toronto, Weston, Etobicoke and Peterboro, all of which were inaugurated Moose lodges recently. Wm. Scully of Toronto was visitor.
It was decided to hold a mass meeting at Mavety Theatre on the 11th to decide upon building a club house.

ENJOYABLE DANCE.

Ravina Ribekah Lodge, No. 134, and Peerless Encampment, No. 104, held their first of a series of monthly dances last night in Colvin Hall, West Toronto. There were 60 couples present. David Thompson was chairman, and Mrs. F. McMillan secretary.

CANDIDATES INITIATED.

Manchester Unity, No. 6968, I.O.O.F., initiated two candidates last night in St. James' Hall, West Toronto, and initiated Lady Alexandria Lodge with carpetball, defeating them by 15 to 10. Among the visitors were H. B. Gilbert, P.P.M., and W. Brown, G.M. R. H. Taylor was in the chair.

BIRCHCLIFFE OFF TO LOS ANGELES.

Sidney Salmon, real estate broker, stop 18, Kingdon road, with his wife and child, has left to spend the winter in Los Angeles, Cal.
Mr. Salmon's partner, W. G. Allen is conducting the business in his absence.

BENEFIT ENTERTAINMENT.

A successful benefit entertainment was given for the Boy Scouts in St. Aidan's Church last night. Caro Goutrie, aged 10, who is a graduate pupil of Miss Storchberg's dancing school, was ably assisted by Piper Fraser of the 48th Highlanders, in her Scotch and clog dances. The proceeds will be used in buying an ambulance for the troop.

BEACHES HARRY WHITEHORN GIVES AN ADDRESS

Harry Whitehorn, special correspondent of The Westminster Gazette, gave an interesting address on the brotherhood movement at a meeting of Beach Avenue Methodist Men's Brotherhood, in the Sunday school room, last night. Members of similar organizations in the district were also present. Rev. A. T. Addison, pastor, presided.

EAST TORONTO HOPE METHODIST CHURCH LADIES ARE ENTERTAINED

N. B. Cobblecluck and Mrs. C. J. Bell entertained the Ladies' Aid of Hope Methodist Church at a humble tea, held in the church parlors, Danforth avenue, yesterday. The room was made attractive with Halloween decorations, dahlias and ferns. A splendid program of music was provided.

EARLS COURT REPRESENTED EARLS COURT.

The Earls Court branch of the Navy League of Canada, at the King Edward Hotel luncheon yesterday, was represented by John R. MacNicol and R. A. Everett.
The thank offering subscribed at last Sunday's special services in Hope Methodist Church, Danforth avenue, amounted to \$1800, according to Rev. Dr. Ferguson, pastor.

Northview Lodge, No. 463, I.O.O.F., held its regular meeting in the west end of the city for auxiliary work in connection with the Queen Mary Hospital of the Provincial Sanitarium, Weston, held a rummage sale yesterday afternoon at Queen and Dovercourt, and realized \$155. The club applies \$50 yearly to the Queen Mary Hospital, as well as supplying regularly bedding and garments etc., from home at home. The annual meeting will be held on the third Thursday of November at High Park Presbyterian Church.

YORK APPLIES FED TO PIGS.

So abundant is the apple crop in Concord, just fourteen miles from Toronto city hall, that the ground is covered in all directions, and the farmers are feeding the fruit to their pigs. Apples are being sold to all and sundry at practically "carrying away" prices.

MOUNT DENNIS CHURCH NEARS COMPLETION.

The Mount Dennis Presbyterian Church building is about completed, there being a special opening service arranged for Nov. 7, with Principal Gandler of Knox College as speaker. A bazaar and corner store laying are scheduled for the 11th. Reeve P. H. Miller and Counsellor James Symes are to officiate. The building was begun early in the war period and continued as a basement church until the present effort to complete it. New furniture is being installed this week. The men have arranged a campaign on Saturday to build the fence and clean up the grounds. Rev. C. A. Gowans is pastor.

WESTON MISSIONARY'S ADDRESS.

The Young People's Society of the old Presbyterian Church of Weston, held Wednesday night as missionary night. An address was given by Dr. R. J. McPierson of Toronto University, on the Des Moines convention. R. R. Connor of Knox College gave an address on missionary experience in north Ontario, also, having been stationed at Matheson. There was a large attendance.

YORK APPLIES FED TO PIGS.

So abundant is the apple crop in Concord, just fourteen miles from Toronto city hall, that the ground is covered in all directions, and the farmers are feeding the fruit to their pigs. Apples are being sold to all and sundry at practically "carrying away" prices.

OPPOSE REDUCTION IN STREET LIGHTING
Riverdale Business Men Suggest Limitations on Downtown Electric Signs.

Many resolutions were adopted in connection with various district improvements for the Riverdale district at a well-attended meeting of the Riverdale Business Men's Association held in the Broadview Boys' Y.M.C.A. building last night. Dr. C. R. South, president, was in the chair. The following were the resolutions adopted: A resolution protesting against the proposed reduction in street lighting to conserve electric power, and urging upon the proper authorities the wisdom of shutting off the overhead electric light signs in preference to the other method of conservation and the resolution urging the co-operation of the various organizations in Toronto to ensure the carrying of the bylaw to be submitted on January 1 next for the erection of a new high-level bridge at Gerrard street crossing the Don.

Dangerous Corner.

A special committee was appointed to bring in recommendations to be presented to the transportation commission in reference to the very dangerous intersection of the corner of Danforth and Broadview avenues. Major Mitchell, principal of the association in obtaining additional classroom for the school. The major pointed out that when the school was erected in 1907 there were only 25 students in attendance, and today there are 370 students and with the new adolescent act in force next year the school will be hopelessly overcrowded.

Residents of the Beaches district are asking why the grading of Woodbine avenue is not started. The bylaw has been carried, assessments made and everything is ready for a start, but the works department is silent. Ward Eight ratepayers will take prompt action at their next meeting and request an explanation from Works Commissioner R. C. Harris.

HOPE METHODIST CHURCH LADIES ARE ENTERTAINED

N. B. Cobblecluck and Mrs. C. J. Bell entertained the Ladies' Aid of Hope Methodist Church at a humble tea, held in the church parlors, Danforth avenue, yesterday. The room was made attractive with Halloween decorations, dahlias and ferns. A splendid program of music was provided.

EARLS COURT REPRESENTED EARLS COURT.

The Earls Court branch of the Navy League of Canada, at the King Edward Hotel luncheon yesterday, was represented by John R. MacNicol and R. A. Everett.
The thank offering subscribed at last Sunday's special services in Hope Methodist Church, Danforth avenue, amounted to \$1800, according to Rev. Dr. Ferguson, pastor.

Northview Lodge, No. 463, I.O.O.F., held its regular meeting in the west end of the city for auxiliary work in connection with the Queen Mary Hospital of the Provincial Sanitarium, Weston, held a rummage sale yesterday afternoon at Queen and Dovercourt, and realized \$155. The club applies \$50 yearly to the Queen Mary Hospital, as well as supplying regularly bedding and garments etc., from home at home. The annual meeting will be held on the third Thursday of November at High Park Presbyterian Church.

MOUNT DENNIS CHURCH NEARS COMPLETION.

The Mount Dennis Presbyterian Church building is about completed, there being a special opening service arranged for Nov. 7, with Principal Gandler of Knox College as speaker. A bazaar and corner store laying are scheduled for the 11th. Reeve P. H. Miller and Counsellor James Symes are to officiate. The building was begun early in the war period and continued as a basement church until the present effort to complete it. New furniture is being installed this week. The men have arranged a campaign on Saturday to build the fence and clean up the grounds. Rev. C. A. Gowans is pastor.

WESTON MISSIONARY'S ADDRESS.

The Young People's Society of the old Presbyterian Church of Weston, held Wednesday night as missionary night. An address was given by Dr. R. J. McPierson of Toronto University, on the Des Moines convention. R. R. Connor of Knox College gave an address on missionary experience in north Ontario, also, having been stationed at Matheson. There was a large attendance.

ASPROLAX NOW HAVING ENORMOUS SALE HERE

Thousands Now Using New Scientific Cold Remedy With Most Astonishing and Gratifying Results.
RESULTS FROM USE ALMOST IMMEDIATE
Druggists Instructed to Refund Money in Every Instance Where Satisfactory Results Are Not Obtained After First Few Doses.
The next time you have a cough or cold go to your nearest drug store and ask for a bottle of Asprolax. Have the clerk open it on the spot, take a teaspoonful, repeat the dose in an hour and again the second hour. If you are not surprised and delighted with the results, then go back to your druggist and he will refund your money without question. Asprolax is manufactured by a million-dollar corporation, composed of successful, level-headed business men, and the fact that they are willing to stand back of every bottle sold is convincing evidence of their absolute confidence in the preparation. Those who have taken Asprolax find it difficult to describe the wonderful feeling of relief and exhilaration they experience. The volatile parts of the solution penetrate deep down into the air passages. The head is unstopped, sneezing, sniffing and coughing usually cease at once, and headache and other distressing symptoms almost invariably disappear with the first few doses. Only one bottle is usually sufficient to break up the most obstinate cold.
This new scientific discovery is rapidly becoming the sensation of the drug trade in Canada, and thousands are now using it with the most astonishing and gratifying results.

Ask the Dealer Who Sells Dominion Rubber System Rubbers

HE will give you the reason—founded on practical experience—why he recommends that you have each pair of shoes fitted with its own style of rubbers.

He will tell you why rubbers are a sound economy—protecting new shoes against the wet, enabling you to wear old shoes in bad weather, keeping the feet dry, preventing you from slipping on icy sidewalks.

He will explain why he is able to supply rubbers to fit every shape of shoe worn by men, women and children.

He will tell you why he feels such confidence in the quality of Dominion Rubber System products; why he knows that Dominion Rubber System rubbers will give every satisfaction to his customers.

Ask him. He knows.

BALLANTYNE DEFENDS OUTLAY ON THE NAVY

Replying to Criticisms of William Duff, M.P., Minister Declares It is Duty of Canadians to Assume Share of the Cost of Sea Defence—Warm Eulogy of Work of Navy League.

"I want to thank the Navy League for the magnificent assistance rendered me in my position as minister," said Hon. C. C. Ballantyne, minister of marine and fisheries, at the Navy League luncheon in the King Edward Hotel yesterday.

"I don't know of any organization that is doing so much for the people and that has incited the minds of the lads such a love for the merchant marine, and I am pleased to see the interest taken by the ladies in naval affairs," said Hon. Mr. Ballantyne.

The speaker replied to the criticisms voiced by William Duff, Liberal M.P. for Lunenburg, N.S., in a speech at Saskatoon on Wednesday night regarding Canada's naval policy. Mr. Duff's views, in Hon. Mr. Ballantyne's opinion, were peculiar.

Mr. Duff wanted to close the naval college and the docks both at Halifax and Esquimaux, and thought that the minister of naval affairs should ask the mother country to shoulder the burden of Canada's defense because she had an enormous war debt of two billions of dollars, not of course, taking into consideration that Great Britain had one which dwarfed that of Canada.

Mr. Duff's opinion that Canada, if she were not to look after her own defence, should seek protection under the wing of the Monroe Doctrine would not appeal to Canadians, declared Hon. Mr. Ballantyne, who said Canada did not desire to shirk her naval obligations, and that it was the bounden duty of Canadians to assume a share in the maintenance of the defense of our own shores.

Not a Party Issue. Hon. Mr. Ballantyne did not want to get mixed up in a controversy, but such a national problem should not have been treated as a party question.

In reviewing the history of the Canadian navy, he said that both the Niobe and Rainbow were built, and it was inadvisable to allow expenditures year after year of \$50,000 and \$25,000, for ships that were unable to go to sea or be used as training ships. No more boats were to be attached to one party than to the other for such a condition of affairs.

His object in issuing demobilization orders was to put youth and efficiency into the service. Many of the appointments were political, and as a result 182 men were let out of the service, and the Niobe, Rainbow and two submarines were sold. This was done because Great Britain had presented Canada with the nucleus of a new navy consisting of the Aurora, an oil-burning cruiser with complement of 318 men, two destroyers, the Patricia and the Patria, and two modern submarines. All the officers, with the exception of seven imperialists, were to be Canadians.

Fifty lads had been sent to England for training in the handling of the ships, and 27 had been recruited in Toronto. The officers of the Canadian ships would be exchanged with those of the British fleet, that as a result, the discipline and efficiency of the Canadian ships might be equal to that in the fleet of the mother country.

These cruisers would shortly leave England for Halifax, and would proceed to the West Indies to join the Atlantic squadron. From there via the Panama Canal, they would go to the Pacific, afterwards alternating between the two seaboard.

"The 65 graduates of the naval college have given a good account of themselves," said the minister, "and after a permanent naval policy is decided upon for Canada, following the imperial conference in 1921 or 1922, we will have a good foundation upon which to build."

"I want to thank the navy league," he continued, "for the assistance given me thru the influence exerted upon the members, when I was trying to put thru the two-million naval estimate. It will cost the country about two million and a half dollars a year."

No Extravagance. "The navy today," he declared, "is not costing one shilling more than in pre-war times, and when my political opponents talk about extravagance, I challenge them that no more money is being spent now than before the war. As Canadians we cannot understand that any member should have any reason to oppose our naval policy, but some gave no commendation for putting this policy of the government on a more efficient basis."

In the navy during the war there were 6542 Canadians, 1,700 of which were recruited from the volunteer re-

serve, and 714 were contributed from Toronto. In the R. N. A. S. at Sydney and Dartmouth, there were 32. The motor boat patrol service had 376 and the naval air force 382, making a total of 8,992 Canadians.

"No city has done so much for the navy as Toronto," said Hon. Mr. Ballantyne, "and I wish to thank the league for the assistance given to the dependants of the merchant marine and for the establishment of sailors' homes at different points. I think it appropriate that my thanks to Commodore Aemilius Jarvis should be expressed for the work he has done."

"The reason for our merchant marine is to expand our export trade. We have ships on the West Indies line, carrying full cargoes each way, and will have many more in the near future. D. B. Hanna should have a free hand in managing our railways and merchant marine," he said. "There is one chance of success, and that is when we divorce our national problems entirely from politics."

Results of Campaign. Thomas Roden, vice-chairman of the Navy League campaign, in announcing the results, said that they had a great deal more labor than was anticipated, and that the reaction due to the war had made it necessary to obtain a wider vision of Canada's naval policy.

Up to noon the league in Toronto had collected \$78,101.48, of which \$3,803.50 was outstanding. This was not the final amount because subscriptions would continue to come in for several weeks.

Out of 2,000 employees of the C. N. R. Express Co., 1,542 had contributed. The Canadian Bank of Commerce had given \$1,000, D. B. Hanna, \$1,000; Bank of Toronto, \$500; Imperial Bank, \$500; J. J. Gibbons, \$500; Home Bank, \$500; United Typewriters, \$100.

Weston had collected \$1,200, although the objective was only \$1,000, and the campaign was not finished.

KING ALEXANDER LIES IN STATE

Funeral Service for Late Monarch to Be Held Today.

Athens, Oct. 28.—Funeral services for the late King Alexander, which will be held Friday, will be attended by the Crown Prince of Sweden, according to present arrangements.

The body of King Alexander was conveyed today from Tatol to the cathedral in Athens in his own motor car, which was driven by his great friend, Lieutenant Stavro Mataxas. The coffin was draped in the royal flag. The improvised hearse was followed by several motor cars, in the first of which was Dowager Queen Olga with a lady-in-waiting, while in the second was the widow of the king, Madame Mano, accompanied by M. Gryparis, grand marshal of the court.

Members of the cabinet and high officials awaited the arrival of the carriage at the cathedral, in which the body was placed on a catafalque guarded by a special detail of soldiers and officers. After short prayers the mourners withdrew and the public was admitted to the cathedral. The crowd was so dense that it was extremely difficult to maintain order.

Commission Meets; Discusses Penitentiaries. Ottawa, Oct. 28.—(By Can. Press) The Royal Commission named recently to draft new regulations governing the administration of Canadian penitentiaries with the object of bringing about better conditions has held its preliminary meeting in Ottawa. The commission will probably visit the majority of the penitentiaries and will likely give particular attention to the Kingston and St. Vincent de Paul prisons.

FALLS OVER BANNISTER. Winnipeg, Oct. 28.—J. G. Horseman, of Walkerville, representative of Peabody Overall Company, Walkerville, met with a serious accident here this morning when he fell over the banister in the Graham and Horse Building, a distance of 20 feet to the tile floor below. He was rendered unconscious and it is feared that he sustained a fractured skull.

PHILADELPHIA TEXTILE MEN Have Begun Weeding Out Process. Philadelphia, Pa., Oct. 28.—J. L. Benton, managing director of the Philadelphia Textile Manufacturers' Association, in a statement today, declared the manufacturers had determined to "free themselves from radical unionism," as well as of a large number of inefficient workers.

"Between 110,000 and 125,000 employees of textile mills in Philadelphia will be out of work this winter unless they watch their step," said Mr. Benton. The weeding out has already begun. Approximately 40,000 have already been dropped. Whether the remainder will follow depends to a considerable extent upon the workers themselves.

"The textile manufacturers are not opposed to unions. They believe labor organizations have done and will do good. But they are opposed to radical leaders and are going to the mat here and now with them."

Mr. Benton predicted a general stabilization of the textile trades within the next sixty days, followed by a marked reduction in prices to the consumer. "Wages will not be cut," he added, "until the purchasing power of the dollar is as near as possible to normal."

There are approximately 700 textile mills in Philadelphia giving employment to about 225,000 workers, with a normal weekly payroll of more than \$2,000,000.

GLASGOW MEN AT DRILL. Glasgow, Oct. 28.—The police surprised a body of civilians doing military drill during a dense fog at two o'clock this morning near Bothwell, eight miles southeast of Glasgow. Shots were exchanged and one policeman was wounded seriously. Several of the civilians were arrested.

BRITISH MUNITIONS' SUIT AGAINST U. S. CONCERN

New York, Oct. 28.—King George V. of Great Britain is the plaintiff in a suit filed here today against Manning, Maxwell and Moore, Inc., for an accounting in connection with alleged overcharges resulting from munition contracts given the Remington Arms Co. by the British government in 1918.

The plaintiff charges that the defendants were engaged by the Remington Company to purchase machinery for use in the manufacture of 2,000,000 rifles contracted for by the British Government. Under the agreement, the complaint alleges, Manning, Maxwell and Moore were to receive five per cent. of the value of the machinery as compensation. It is alleged by the plaintiff that the supplies were billed at higher prices than the actual value, the exact extent of which has not been determined and the accounting is asked to decide this.

Kiel Canal Must Be Free To World Traffic, Say Germans

Paris, Oct. 28.—Germany, according to dispatches submitted to the Council of Ambassadors, will strictly observe the allies' interpretation of the clause in the peace treaty providing that the Kiel Canal shall be free to international traffic. This is a reversal of the German Government's previous attitude under which vessels carrying arms to Poland were stopped.

NAUGHTY JOHN MCGRAW. New York, Oct. 28.—John J. McGraw, manager of the New York Giant, today was indicted by the federal grand jury on a charge of violating the Volstead act.

The indictment was procured on evidence presented by Assistant District Attorney Edward H. Reynolds, who investigated the case at the Lamba Club last August between McGraw and John C. Slavin, a musical comedy actor. The indictment charges that on that date McGraw had illegal possession of a bottle of whiskey.

FALLS OVER BANNISTER.

Winnipeg, Oct. 28.—J. G. Horseman, of Walkerville, representative of Peabody Overall Company, Walkerville, met with a serious accident here this morning when he fell over the banister in the Graham and Horse Building, a distance of 20 feet to the tile floor below. He was rendered unconscious and it is feared that he sustained a fractured skull.

COMMITTEE OF 100 WARNED BY GEDDES

Tells Them That Their Investigation Will Lead to Much Propaganda.

New York, Oct. 28.—In announcing that the "American Commission on Ireland" would meet in Washington tomorrow and Saturday to plan its public inquiry into conditions in that country, the "Committee of One Hundred on Ireland" today made public a letter from Sir Auckland Geddes, British ambassador, in which he expressed doubt as to whether "the truth can be established there until there has been a period of quiet in Ireland."

In his letter to the committee, which accepted the commission, Sir Auckland said: "I venture to say that no one who realizes what the present position in Ireland involves in the sorrow and suffering of mere women and children can fall to be anxious that a way should be found to bring tranquility to that country. The British government has more to gain than anyone in ensuring that the truth is made known to the whole world."

"Any inquiry undertaken just now, more especially any inquiry undertaken by persons of less than the greatest experience of the laws of evidence and without power to compel the production of books, papers, records, etc., would, in my opinion, lead to a mass of statements, unsupported by verifiable facts, being made for propaganda purposes."

BANDED TO FIGHT RADICAL UNIONISM

Philadelphia Textile Men Have Begun Weeding Out Process.

Philadelphia, Pa., Oct. 28.—J. L. Benton, managing director of the Philadelphia Textile Manufacturers' Association, in a statement today, declared the manufacturers had determined to "free themselves from radical unionism," as well as of a large number of inefficient workers.

"Between 110,000 and 125,000 employees of textile mills in Philadelphia will be out of work this winter unless they watch their step," said Mr. Benton. The weeding out has already begun. U. S. WILL DEPORT LEPER TO AZORES

Immigration Officials Have Difficulty in Securing Transportation.

Boston, Mass., Oct. 28.—A man afflicted with leprosy was taken tonight in an ambulance furnished by the Red Cross to New York, where he will be deported on a ship sailing tomorrow night for his native home in the Azores Islands. The immigration officials encountered much difficulty in securing transportation for the leper, who has been in an isolation ward at the City Hospital, and finally appealed to the Red Cross.

Upon delivering the patient at New York the ambulance will be driven into a large gas chamber and disinfected, making it perfectly safe, officials say, for further use.

The leprosy victim, who had lived in the United States for about four years, agreed to return to his home-land instead of going to Penick Island, the leper colony in Buzzard's Bay. The expense of his transportation will be borne by the government and the state will furnish transportation for his wife and child to accompany him.

Cork Hunger Strikers' Friends Give Up All Hope of Release

Relatives of the hunger striking prisoners in Cork all said that hope had been abandoned that the government would release the men.

Three of the prisoners, Michael Burke, John Power and Sean Hennessy, are suffering acute pain, but have refused medical treatment.

"YES, you are strong, all right, and I find after a careful examination that there is no indication of organic disease."

"Then what does seem to be the trouble?"

"It is your nerves, the internal nerves which control the action of the vital organs such as the heart, the stomach, the liver, the kidneys, etc. This is called the sympathetic nervous system. It is not at all uncommon for strong, healthy-looking people to suffer from this form of nervous trouble."

"I never thought I was nervous."

"How do you act in the dentist's chair?"

"Well, I generally keel over in a faint."

"That is just it. Your sympathetic nervous system is affected by the thought that you are going to be hurt. Your digestive troubles are due to the run-down condition of your nerves."

"I never thought of that."

"No, and not many people realize the all-important part played by the nerves in the digestion of the food and the functioning of the vital organs. The flow of the digestive fluids in the stomach, the filtering of bile from the blood by the liver,

FILES LABEL SUIT AGAINST EDITOR

Franklin D. Roosevelt Accuses Providence Journal of Circulating False Charges.

New York, Oct. 28.—Franklin D. Roosevelt, Democratic candidate for the vice-presidency, today filed papers in suit for \$500,000 against John B. Rathom, editor and publisher of the Providence Journal, and Scott C. Bone and Edward B. Clark, manager and assistant manager of publicity for the Republican national committee, charging the defendants with circulating false and defamatory libel.

An editorial in the Providence Journal charged that Mr. Roosevelt, while secretary of the navy, had requested or destroyed navy department records and that he had sought personally to return to the ships of the navy men convicted of various crimes. Mr. Roosevelt made public denial of the charges and then Mr. Rathom sent him a letter outlining specific cases referred to in the editorial. The letter also was published in the Providence Journal.

Mr. Bone and Mr. Clark are made defendants because it is charged by the letter widely as Republican propaganda.

Another editor entered the campaign limelight tonight when George H. Loring, editor of the Saturday Evening Post, issued a statement replying to charges of partisanship made by Governor Cox at Dayton, Ohio, earlier in the day. The gist of the statement is found in this paragraph:

"Governor Cox personally is of secondary importance in this campaign, but the Democratic candidate weighed in the balance of his public utterances has proved himself merely a politician using the methods of the sensational journalist. The record of the Democratic party since the armistice has been one of incompetence, waste and failure to do the things that are necessary to the salvation of the country."

Canadian and Proud of It, Greenwood's Spirited Reply

London, Oct. 28.—The incident of last night's debate in the house of commons was the spirited reply by Sir Hamar Greenwood, chief secretary for Ireland, to Joseph Deylin, Nationalist M.P., who had spoken of the Irish administration as that of a Canadian chief secretary. Sir Hamar declared that the record of Canadian empire history was one to be proud of, and no part of the empire was more favorable to home rule. He regretted, and hoped every newspaper in Canada would repeat his statement, that the first Canadian in the position of chief secretary for Ireland should be attacked because he was a Canadian.

HALLOWEEN AT MOSHER'S ARCADE.

Every evening there will be a big surprise at Arcadia, when Toronto's own boy, Harold Rich, opens a long engagement with the Brite Band, which is composed of six jolly serenaders and kings of syncope. He will next entertain a novelty after another, each one of which is labeled a "musical crime." There are a number of special surprises, including the new fox trot hit, "Murder." Those who desire may go in costume, but this is not compulsory. The biggest crowd of the season is expected to welcome Mr. Rich back to Toronto.

"What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

By MILYD MARSHALL

AURELIA.

Of old and most distinguished Roman ancestry is Aurelia. It means "golden" and comes from the Latin "aurum," the term for the rich and much-to-be-desired metal. The Aurelian gens was an old Sabine one, occupying a unique place in early history.

The feminine Aurelia came into vogue thru the charming poetic idea of taking the name from the glistening golden spots on the cases of some of the butterfly pupae. It represented chrysalis and what more exquisite thought than to bestow it upon some lovely Roman maid who should shortly develop into a beautiful butterfly.

Since the Aurelian gens was an old Sabine one, Aurelia was given in baptism as a mark of great honor. The most famous woman to bear the name was Aurelia, the mother of Julius Caesar. It soon became a favorite thruout all Italy and spread into France, thence crossing the channel into England, where it named many a proud English beauty and received great vogue at the hands of the literary geni of the time.

The diamond is Aurelia's talismanic gem. It will bring her wealth and splendid marital attainments; likewise it will protect her from contagion. Sunday is her lucky day and 3 her lucky number.

SOCIAL EVENTS

Items Intended for This Column Should Be Addressed to The World City Editor.

The home of Mrs. M. J. Brown, Parkway avenue, was on fête last night for a bridal shower and dance given in honor of Miss Margaret Rayley, whose marriage to Mr. Edward V. Griffiths is one of next week's events. The hostess received in Burgundy velvet and the bride-to-be was in orchid mauve crepe.

Miss Esther Barker, Walkerville, is visiting in the city. Mrs. O'Boone is visiting in Ottawa. Mrs. William Taylor, Arthur, Ont., has returned home after a brief visit here in the city.

Mrs. Mackay is visiting in Bradford. Mr. and Mrs. Elmer Gallagher and family of Shelburne, Ont., are now residing in the city.

Mrs. J. J. McKibbin and daughter Alice have returned from a visit to Shelburne, Ont.

Miss Kathleen Moore has returned from a visit to Tavistock, Ont.

A very successful "bridge, euchre and tea" was held in the auditorium of St. Joseph's College yesterday afternoon under the auspices of the Alumnae Association, about 200 taking part in the entertainment.

Members of the Canadian Nursing Mission returned to Toronto at a farewell tea given by the president and committee of the hospital, Mrs. Madeline Parfitt, in the art gallery of the Grange yesterday afternoon. The three who are soon to start for the mission in which they will work are Miss Dorothy Cotton, matron, Miss Ethel Carter and Miss Irene Savage.

Miss Cotton who is a graduate of the Royal Victoria Hospital, Montreal, served in France, Russia and England during the war. Short addresses were given by Mr. Lloyd and Sir Edmund Walker, members of the mission committee, who pointed out the value of the mission, which is carrying Canadian methods and ideas to central Europe and placing Canada before Rumania in a very helpful manner. A flag was presented to the mission by the Lord Nelson Chapter of the Imperial Order Daughter of the Empire.

At the regular monthly meeting of Toronto district of the W.C.T.U. yesterday, a memorial service was held for those who have passed away recently. Those remembered were Mrs. Charles, Mrs. H. Tucker, Mrs. Burgess, Miss Ruthin, Mrs. Scott, Mr. Cork, Mr. Shead, Miss Milloy, Mrs. Dugan, Mrs. Mott, Mr. Wilson, Mr. Rowson, Mrs. D. Scott, Miss Christie, Mr. Armstrong, Mr. Tunkie, and Mr. Ferguson. An extra function for new members will be held on Thursday, November 4, when Annex and Bathurst unions will be the hosts.

A beautiful bunch of mums was presented to Mrs. Greenfield upon her 80th birthday. Mrs. Greenfield is the wife of the late Mrs. Gordon of the All Saints' Church performed the ceremony. Mr. and Mrs. Cornick will spend the week-end at the Clifton before proceeding to Winnipeg.

The marriage was solemnized on October 27, at Holy Rosary Church, Toronto, of Elizabeth McCarron, daughter of Mr. and Mrs. Martin McCarron, to Mr. David M. Smith of Winnipeg, the Rev. Father Christian officiating. The bride, who was given away by her father, wore a lovely gown of champagne color, charmeuse, with chiffon coat embroidered with insets of fillet lace, wooden beads, and brown velvet hat, and carried a bouquet of ophelia and sweetheart roses. Miss Edna McCarron was her sister's only attendant, wearing a blue charmeuse tunic and black chiffon velvet under-skirt embroidered in black jet, and black picture hat. Mr. James Deacon was best man. A reception was held at the home of the bride's parents, Thorncliffe avenue, in Winnipeg, the latter wearing a travelling coat of antique cloth, with silver fox collar and brown hat.

"BABES IN THE WOOD." Stuart-Whyte's fifth pantomime, "The Babes in the Wood," is said to excel in its predecessors. It will be the offering at the Grand Opera House all week with matinees Wednesday and Saturday. The company contains the names of many prominent in musical productions in England, and the children's parts are portrayed by British favorites, artists Dorothy Mackay and May Strachan. The scenic equipment is especially attractive and beautiful, and the production a marvel in medieval effect. The dancing is a special feature of the production, for Mr. Whyte brought over the Van Vliet family, a group that is recognized as leaders in this particular line in the old country. George Summers, the Canadian comedian, is said to have a part that fits him like a glove—that of "Captain Kidd"—and he gets all the humor out of it that it is possible to obtain.

APPOINT SOLDIER TO BRANT JAIL

Posting of T. Symington, War Veteran, to Be Turnkey, Seems Likely.

Brantford, Ont., Oct. 28.—(Special.)—That T. Symington, veteran of the "Mad Fourth" Battalion, with a splendid war record, will be appointed turnkey of the county jail, succeeding J. Cook, promoted governor, is the well-defined rumor here. This would mean that Hon. H. C. Nixon kept his promise that a veteran would get the post, though the Brant County Council asked that Caretaker John Belyea be promoted and a veteran given the job of caretaker.

"Retractors of painful platitude and peripatetic politicians flashing from here to there" was the comment of Rev. Dr. Carter Helm Jones, pastor of the First Baptist Church, Philadelphia, in addressing the noonday luncheon of the Rotary Club today on the political situation.

PLATTSVILLE WOMAN DIES FROM INJURIES

Succumbs to Self-Inflicted Wound—Was Temporarily Despondent.

Woodstock, Ont., Oct. 28.—(Special.)—Mrs. Annie Thomas of Plattsville was brought to the local hospital on Monday suffering from a deer gash in the throat, self-inflicted with a butcher knife. Every effort was made to save her life but death took place this evening. She was suffering from a temporary fit of despondency and mental depression. Mrs. Thomas was only 22 years of age and is survived by her husband and three-months-old baby.

KITCHENER THEFTS TRACED TO A GANG

Epidemic of Shopbreaking Mystery Being Solved—Arrest Three Boys.

Kitchener, Oct. 28.—(Special.)—Local police authorities think they have solved the mystery behind the epidemic of shopbreaking that has prevailed here for a week by the arrest this morning of three boys, all under 12 years of age, who admitted they burglarized James's stationery store on Thanksgiving Day. It is expected the boys will reveal the names of a gang who are using the youngsters in their criminal operations.

LO, THE POOR INDIAN DOESN'T CALL FOR PITY

Winnipeg, Oct. 28.—Manitoba Indians are well and happy, according to information received at the Indian office here. So far there are no indications of epidemics in any part of the country.

MASS FOR MACSWINEY.

St. Patrick's Church, McCauy street, will hold solemn requiem high mass and liberia at 10 a.m. on Wednesday next for the repose of the soul of the late lord mayor of Cork.

ANNOUNCEMENTS

Notices of future events, not intended to raise money, 2c per word, minimum 50c; if held to raise money solely for patriotic, church or charitable purposes, 4c per word, minimum 1.00; if held to raise money for any other than these purposes, 5c per word, minimum 1.25.

GOVERNMENT TO HELP NAVY LEAGUE

Minister of Marine Makes Promise on Training Ship in Toronto.

"When I return to Ottawa," said Hon. C. C. Ballantyne, minister of marine, to the boys' brigade of the Navy League, on the training ship at the foot of York street last night, "I shall recommend that an adequate appropriation be set aside to aid you in this splendid work of the Navy League of Canada. I am glad to see that your officers are getting results and I hope that you appreciate their efforts."

"The training is more technical and extensive than in any I have seen," added the minister, "and our hope is that you lads will become officers and men in a navy that should be manned by the Canadian people. The money necessary to carry on the organization on this training ship has not been contributed by the government, but voluntarily by the Navy League, but I shall try to lift that burden from their shoulders."

The officers in charge of the band, guard and various classes were: band, M. Montague; guard, W. Johnston; signalling, R. Roffey; gym class, Petty Officer R. E. Lee; quarter point compass, F. Jackson; compass, C. Banks; Benson hitches, Instructor E. Coates; wire splicing, W. Newton; rifle range, Mr. Johnston; navigation, Capt. E. Redfern; wireless, W. Bennett; nautical terms, Mr. Ness.

THROWN OFF TRUCK.

Hymie Apfelbaum, 182 York street, was seriously injured yesterday morning when he was thrown off a truck on York street. He was conveyed to the General Hospital.

Rinso

Soak the clothes—that's all!

Cold water and a package of Rinso—a few hours' soaking—and the week's washing is done. No need to heat water—Rinso washes as well in cold water as in hot. And because there is no rubbing or boiling, your clothes last longer and are cleaner and more fresh in color than when washed in the old way.

At Night—Soak the clothes in the rich cleansing Rinso suds.

Morning—Rinse them out, that's all!

Is this hard to believe? ONE package of Rinso, enough for a week's wash, will prove it.

At your grocer's.

RUGBY Games Today And Tomorrow

FISHING SCHOONER RACE IS GREAT ERA IN LIFE AND DEATH OF HALIFAX

It is Best Two Out of Three With the First Between Delaware Representing Canada and Esperanto of Massachusetts Tomorrow to Windward and Return.

Halifax, N.S., Oct. 28.—"We hope the Delaware will win the international ocean race with the Gloucester schooner Esperanto on Saturday," said W. C. Smith of Lunenburg, managing owner of the Nova Scotia boat, to the Canadian Press, over the long-distance telephone tonight.

The Delaware will leave Lunenburg at eight o'clock tomorrow morning, and with a fair wind, she is expected to arrive here at two o'clock in the afternoon. Previous rulings announced as subject to confirmation went by the board at the meeting of the general committee this afternoon. The limitation of those on board each ship to "twenty-five bona fide fishermen and one official observer" was discarded, and the ruling as definitely and finally agreed to call for "a crew of twenty-five men, including the master," with the official observer to be two guests, making a total of twenty-eight souls on board each of the contesting craft.

Announcement of this decision was contained in a formal statement of the conditions governing the race, issued to newspaper men, when the meeting was over.

Other revision of the conditions include announcement as to the course for the race, which will be on the bar route, "best two out of three." If possible, one of the first two races will be a "windward or a leeward." The others will be over one or more of the four courses already laid out.

Mr. Ernest Hendrie, who is Gloucester's representative on the general committee, was appointed a member of the sailing committee, Commodore Hendrie and Mr. Ernest Hendrie, the two Boston yachtsmen, who came here on the Esperanto, will sail on her in the races.

It was announced that the inspection committee, W. J. Rouse of Halifax, Mr. Millett of Gloucester and Captain Daniel Zink, who represented the Lunenburg committee at the meeting yesterday, will visit the Esperanto at Lunenburg tomorrow afternoon.

Formal announcement that a United States torpedo boat destroyed would be here for the race, and that it would be available for any purpose that the general committee might desire, was made by Mr. Millett.

The committee expressed its appreciation of the appointment of Capt. H. Thomas of Gloucester to sail on the Delaware, and of Mr. Ernest Hendrie as an official observer. Russell Smith, representing the winners of the Esperanto, asked if his ship would be allowed the privilege of carrying a pilot, a quantity of fuel, and a quantity of food. The pilot will go on as one of the two guests allowed each ship under the conditions.

There was a full discussion of the matter of keeping the course clear, and arrangements were made for this purpose, by the Delaware.

The work of the Canadian contender was also proceeded with, Captain Himmelman making some changes in the location of the wharves, according to present plans, will sail at daylight tomorrow morning for Halifax.

At a meeting this afternoon of the general committee in charge of the series it was decided that Delaware should carry twenty-eight men in all, to consist of:

KITCHENER HOCKEY CLUB ALL SERENE

Rival Factions Meet After Annual Meeting of K. and W. A.A.A.

Kitchener, Oct. 28.—(Special).—The annual meeting of the Kitchener and Waterloo Amateur Athletic Association was held tonight in the city hall, and after the reports were read and adopted, the following officers were elected: President, R. Lang; vice-president, D. C. McIntosh; secretary, Geo. Stewart; treasurer, Geo. McKay. Committee, O. Ritz, A. E. Fernus, P. Pierce, J. J. McCallum, G. Lang, Jr., W. A. Rollins, H. Starns, E. Knitz, E. Schloffer, Waterloo; Dr. Bill Box, Geo. Hillier, O. Rumpel, H. W. Brown, H. Bingham, C. Kaplan.

Afterwards those interested in hockey, including the rival factions of the Kitchener Hockey Club, including Trushinski and Parkes, met at the residence of Goalkeeper Hainsworth, Peter Street, when they decided to bury the hatchet, go ahead and endeavor to win another senior championship.

WOODSTOCK'S BEST RUGBY EXHIBITION

Woodstock, Oct. 28.—(Special).—The senior team of Woodstock College defeated the Collegiate rugby outfit in an exhibition match this afternoon by 7 to 0. It was the best exhibition of the season, despite the wet grounds. The College secured its points on a try which was neatly converted by Armstrong, while a notice made the score seven. Two touchdowns and a kick to the dead line counted for the Collegiate's three points.

All the senior games will start at 2:15 sharp, and the junior contests will follow. The following games are scheduled:

BASBALL Barrow With N.Y. Yankees

PRELIMINARIES TO TORONTO BOXERS

Only Three of Eleven Bout Go the Limit at Riverdale Rink.

The Toronto boys had things all their own way last night in the preliminary bouts of the international boxing tournament that is being staged at the Riverdale Arena by the Classic Athletic Club. Corry of Buffalo, in the 125-pound class, was the only one of the invaders to go the limit, and he only got thru because Hancock of Riverdale was too green to put him away. The judges had an exceptionally easy evening, as only three of the seven bouts put on went the limit. There were only two knockouts, but the referee wisely stopped the remainder to avoid unnecessary punishment.

In the 100-pound class, J. Dohg gave Sherman of the Arlingtons a rough time for two rounds, but was up against it in the third. His early lead got him the decision. Collins, Arlington, had an easy mark in Robinson, unattached, and the bout was stopped in the first round. In the 110-pound class, the Maitlands was putting it all over Dohg when the referee called a halt, and Miller of Buffalo was having a good battle when Pollard slipped over a right in the second round. His early lead got him the decision. Berlow of Buffalo had no chance against Adams of the Classics, and was sent to rest in the second round.

W. Newton was up against a good boy in Lanekin of the Classics at 125 pounds. Pollard, Riverdale, was held tight in the first, but in the last two rounds tired badly, and was lucky to stay the distance. Hancock of the Classics gave Colquhoun of Buffalo rather easily, while Colquhoun made Pocher of Buffalo quit in the second round. Coyne, Riverdale, was up against a job in Kayfitz of the Classics, and the bout only went part of a round, the referee called a halt, and Miller of Buffalo was having a good battle when Pollard slipped over a right in the second round. His early lead got him the decision. Berlow of Buffalo had no chance against Adams of the Classics, and was sent to rest in the second round.

His early lead got him the decision. Berlow of Buffalo had no chance against Adams of the Classics, and was sent to rest in the second round.

BAN JOHNSON SOON OUT OF BASEBALL

Chicago, Oct. 28.—President Ban Johnson of the American League and his five loyal club owners will vote here tomorrow on the proposed reorganization of baseball control. The clubs represented will be Philadelphia, Washington, Cleveland, Detroit and St. Louis. The meeting will be held at the Waldorf-Astoria Hotel, and will be held at 125 Shuter street on Wednesday evening, Nov. 10, 1920, at 8 o'clock.

Two courses are open. The five may refuse to join the new organization which will mean a baseball war, or they may decide to go in, in which will mean the dismemberment of Johnson as "baseball czar." Friends of Johnson said tonight that the five club owners would probably like the latter course, which would mean that they will attend the conference with the eleven clubs set for Nov. 8.

T.A.H.A. MEETING

The executives of the Toronto Amateur Hockey Association met on Wednesday evening at Moss Park and laid plans for the holding of the annual meeting, which is to be held at 125 Shuter street on Wednesday evening, Nov. 10, 1920, at 8 o'clock.

All leagues are requested to send two delegates for each series which they operate, one of whom will have voting power.

Nominations for the offices of president, vice-president, secretary, treasurer, and councilors must be in the hands of the secretary one week before the annual meeting.

The attention of the leagues is also drawn to the fact that all notices of motions and amendments to the constitution must also be in the hands of the secretary not later than Wednesday, Nov. 3, at 12 o'clock.

Address all communications to A. W. Steel, 68 Devon street, city.

KID WILLIAMS WON

Baltimore, Md., Oct. 28.—Kid Williams of Baltimore won the decision over round bout here tonight. It was Williams' fight all the way.

ABE ATTELL WILL BE READY—NEVER

Montreal, Oct. 28.—Abe Attell told a local newspaper today that no extradition proceedings would be needed to get him to go to the United States to testify in the baseball scandal case. "When I am ready," he said, "I will go back of my own free will, and tell all

BARROW NO LONGER RED SOX MANAGER

Excitement In Halifax

News Comes on Announcement of His Appointment on Yankee Business Staff.

New York, N.Y., Oct. 28.—Col. Jacob Ruppert, part owner of the New York American League Club, today announced that Edward G. Barrow, who resigned as manager of the Boston Americans two days ago, had signed as business manager of the Yankees.

Miller Insignia will sign a contract to manage the New York team another year upon his arrival here tomorrow. The announcement that Edward G. Barrow had resigned as field manager of the Red Sox to become business manager of the New York Yankees came as a surprise to the Boston supporters of the team. Speculation as to his successor ran a wide field. President H. H. Frazee, who is here, said he had two or three men in mind.

The club still carries on its rolls Ed Carrigan, manager of the world champion of 1915 and 1916, now a banker and promoter of Lewiston, Maine, whom Frazee has previously endeavored to bring back to the game. Jack Barry, who succeeded Carrigan as manager of the Red Sox, relinquishing the position to join the navy, is in the garage business at Worcester, and is considered available. Harry Hooper, crack outfielder and captain of the present Red Sox team, has had the confidence of the club owner, and is believed to be among those under consideration.

BRITON TO DEFEND TITLE

Louisville, Ky., Oct. 28.—Jack Britton, welterweight champion, will defend his title against Jack Perry of Pittsburg in a twelve-round no-decision contest here November 8, at a local athletic club.

Conserving Power
 With the call to conserve power comes the opportunity to install HYATT ROLLER BEARINGS. For Hyatt quiet means quiet—conserving power, friction load, oil, your engineer's time and all trouble through hot bearings.

HYATT Bearings are not only theoretically proportioned, only four parts to a bearing, but they are a PRACTICAL Bearing for the every-day condition of manufacturing plant, shop or factory. Where you find End Thrusts, sudden load, where the grime and dirt of every day is found, that is where the HYATT ROLLER BEARING remains on the job for five, ten, fifteen and even twenty years, every day reducing your power and oil bill. Gives you back 75 per cent of your engineer's time, time formerly spent in oiling, taking care of that hot box. There is no better or cheaper installation than the HYATT. Deliveries are made from our Toronto stock. Write us for prices. For the story of the HYATT as it makes good every day.

 Under and by virtue of the powers contained in a certain mortgage, which will be offered for sale by public auction at the Auction Rooms of Chas. H. Henderson and Company, 12 King Street East, Toronto, on Saturday, 30th day of October, 1920, at the hour of 12 o'clock in the forenoon, the following property: Premises known as No. 33 Ashdale avenue, on which is said to be erected a storey and a half frame and stucco house in good condition, comprising four rooms and bath. For further particulars and terms and conditions of sale apply to HUNTER & HUNTER, Temple Usherway, Toronto, Solicitors for Mortgagee.

IRISH ORGANIZATIONS IN U. S. HAVE QUARRELLED
 New York, Oct. 28.—(By Canadian Press) — In a statement dated Oct. 27, and published in The Monitor, a Newark newspaper published in the interest of the "Irish Republic" Harry Boland, secretary to "President" De Valera, announces that the Irish Republican Brotherhood has severed its connection with the Ian Ny Gael because of the attitude of Supreme Court Justice Cohan who has been at loggerheads with De Valera.

COAL QUEST STILL ON IN SHELburne
 Indications Are Reported Promising, and Diamond Drilling Will Be Tried.
 Shelburne, Ont., Oct. 28.—Work on the farm of J. P. Lyons, where coal operations have been going on for some weeks, is now at a standstill. Activities ceased this week after reaching the rock at a depth of 33 feet, and all is in readiness for the diamond drill which is expected to arrive daily.
 Victor Elves of Owen Sound, a practical mine operator, and a man experienced in the mining of this product, has been engaged by the syndicate to superintend the work. An engine and pump are being purchased to keep the excavation clear of water until such times as the diamond drill may be set to work. The situation, according to the promoters, was never more promising. The rock they claim, is indicative of that found in all established coal mines.

REGENT'S PARK
 The plan showing exactly where the new electric line will be laid is registered at the Registry Office for the County of York.
 It crosses Regent's Park just south of St. Clair avenue; buyers of lots on this property will be able to get down town quicker than from any lots selling at this price in Toronto.

WHOLESALE FRUITS AND VEGETABLES

Peaches About Done, But Receipts of Grapes Are Liberal.
 Receipts continue pretty heavy at the wholesale fruit market of all domestic and foreign stuff, and the commission men generally report a good business along all lines. A few peaches continue to dribble in, but the season is now practically over for this class of 1921. Heavy shipments of grapes came in yesterday, but the market is holding steady and, if anything, was a shade firmer yesterday.

LOW PRICE RECORD BY DOMINION STEEL

Common Stock of Corporation Touches New Low of 49—Attribute Fall to Strike Talk.
 Montreal, Oct. 28.—Common stock of Dominion Steel Corporation, which touched a new low of 49 this afternoon, and closed at 49 1/2, excited little comment here today. Reason for the heavy fall in the stock are given generally as connected with the threat of a strike on the part of the workers of the Scotia millers to come out. The general weakness of all stocks connected with the British Empire Corporation merger is another reason. Further it is pointed out that the decline in the price of the stock is not shared alike and with even greater force by all stocks that were at one time in the decline on the market. Thus the paper group is shot to pieces these days for no other reason than general weakness. If the New York market declines in the afternoon, the local egg trade is fairly active. The potato market is unchanged. A better feeling prevails in the butter and cheese markets.

MONTRÉAL PRODUCE MARKET.

MONTRÉAL, Oct. 28.—The market here today for cash grain was weaker in sympathy with decline in the Winnipeg market. The flour market is fairly active. There is no change in the milled market. The baked goods market is quiet. The local egg trade is fairly active. The potato market is unchanged. A better feeling prevails in the butter and cheese markets.

EGGS REACH DOLLAR PRICE.

OTTAWA, Oct. 28.—(Doon. Live Stock Branch).—There is no change in the export situation, except that the price of two shillings below exporters' value. Imports of States eggs are arriving in Toronto, costing from 47c to 47 1/2c f.o.b. These are coming chiefly from Minnesota, and are said to be better than Colorado standard. Dollar stock-eggs appeared on the Toronto, Montreal and Vancouver markets.

LIVERPOOL PRODUCE.

LIVERPOOL, Oct. 28.—Beef—Extra India mess, nominal.
 Pork—Prime mess, western, nominal.
 Hams—Short cut, 14 to 16 lbs., 21s.
 Bacon—Cumberland, 14 to 16 lbs., 21s.
 Bellies, 14 to 16 lbs., 20s.; long clear middles, light, 23 to 25 lbs., 19s.; short clear backs, 16 to 20 lbs., 19s.
 Lard—Prime western, in tins, 14s. 6d. unrefined, 15s. 6d.
 Turpentine—Spirits, 130s.
 Rosin—Common, 46s.
 Petroleum—Refined, 2s. 3d.; war kerosene No. 2, 2s. 4d.

BOARD OF COMMERCE PROSECUTIONS GO ON

Cases Started, Alleging Profiteering, Not to Be Affected by Members' Resignation.
 Ottawa, Oct. 28.—(By Canadian Press).—Prosecutions which have been commenced as the result of hearings conducted by the board of commerce, will not be affected by the resignation of the board members, it is stated by the board. In the cases where the documents are already under way, the documents taken by the board of commerce in the first hearings have been turned over to the attorney-general of the province. Provincial department was laid, and that the charge now has the cases in hand.

MINORS ARE OPPOSED TO THE LASKER PLAN

Borrowers of Short Money Unwelcome to Chamberlain
 London, Oct. 28.—(By Canadian Associated Press).—Speaking at a luncheon tendered to the Australian Commonwealth Bank, the Australian Commonwealth Bank, Austen Chamberlain, the chancellor of the exchequer, said that while he could not welcome Australian corporations as borrowers of short money under the present circumstances, which would make them competitors with himself in Great Britain, he would need, they would always have the British government's goodwill when they invited investors to take up long term issues for the development of the commonwealth. Mr. Kell mentioned that the commonwealth's total indebtedness was \$700,000,000, and was carried by the ordinary budget. This was a greater burden than was borne by Great Britain before the war.

DEFICIT IN GERMAN BUDGET.

Berlin, Oct. 28.—In the reichstag yesterday the minister of finance announced that the ordinary budget amounted to 40,000,000,000 marks, while the budget for state controlled works showed a deficit of about 10,000,000,000 marks.

CATTLE CLOSED UP JUST ABOUT STEADY

Lambs Eased a Bit, But Hogs Look Lower.
 With around 400 fresh cattle on sale yesterday at the Union Yards about all that can be said is that the market is holding steady with the rest of the week. The market for cows and bulls is very weak and good to choice cows seem to be hard to sell. The buyers apparently grudgingly pay for them from western points at greatly reduced prices. The bull market is slow-about at a standstill.

Sheep and Lambs.
 With a light run of lambs yesterday the market held steady in the forenoon, but sales in the day came off a little, with a few buyers appearing. The market for choice yearlings sold from 3c to 12c; choice light sheep, 7c to 7 1/2c; heavy sheep and wethers, from 6c to 6 1/2c. With 225 fresh calves the market was very slow on all classes. Choice calves sold from 12c to 15c; good, 12c to 14c; choice light calves, 12c to 14c; heavy calves, 11c to 13c. At the close everything was cleared up, except a few heavy calves. There is a fair demand for the choice veal at these prices.
