ANNUAL REPORT

The Secretary realizes the embarrassment of his position in offering so imperfect a substitute for the Missionary Report of the year ending June, 1874.

The want of organization has been keenly felt in this departmeni of the Church, as the Mission work was so completely under the management of the auxiliaries that only local interests could be reached. The revised method, and the new Constitution adopted with the provision of Incorporation, and the appointment of a competent Board, as given on another page, will show the design of the Church through the Missionary Society. The Annual Conferences, or their auxiliaries, in conformity to the Discipline, will order the Missionary affairs in their several stations.

The methods of collecting are still with the Presiding Elders and Pastors, and all the affairs of the current year to be concluded by the several Annual Conferences.

The new Constitution, and its provisions, will come into operation at and after the Conferences of next Spring.

A little crudeness will appear in the reports of these several balance sheets by the respective Treasurers; a brief summary of which is here subjoined for a ready reference:—

This is lost to the missionaries, as no further debt is allowed until the debentures are paid.

If no other debt had existed in Niagara, or if all the funds had been appropriated in payment under existing arrangements, the income would have met the expenditure of the year.

We hope that every charge will raise this year at least \$1.00 for each member, or that average in the aggregate. Arise and be doing.

It is earnestly desired that some new and foreign field may be opened, or at least selected, so that the friends of Missions in connection with the M. E. Church shall be able to choose the sphere in which to expend their contributions, and upon the body may concentrate to labor for the extension of Christ's kingdom. Devout acknowledgements and generous gifts are a fitting offering to present for the many blessings attending our feeble efforts in the past, and a stirring of the whole body to a greater activity and liberality in the future of our Missions.

RECENT LEGISLATION.

The following items were adopted by the General Conference to regulate the Mission work for the ensuing four years:—

That the present state of the Mission work of the Church needs to be strengthened and enlarged.

It is therefore recommended that the administration in this department of the Church be changed so as to place the business in the care and management of the Missionary Society.

The Board of Missions shall be competent to appropriate the amounts to be expended by each Annual Conference, and to state the amount expected from each Conference as an annual contribution to the funds. All other appropriations and disbursements to be determined by the Board.

Resolved, That we recommend the election of a Missionary Secretary to raise funds, search out and explore new fields, and arrange for their cultivation; to visit the Missions of the Church, and in all proper ways to promote their interests.

The collection of funds by the Secretary shall not interfere with the Annual Conferences, which shall continue to regulate the Sunday Schools and Churches, and their officers in collecting moneys; but in no case shall the Secretary be regarded as a substitute for the officers and pastors of the churches in this work.

Rev. J. Gardiner is elected Missionary Society Present address, Hamilton, Ontario.

STANLEY MISSION.

My labors on this mission during the past year have been crowned with reasonable success. Souls have been saved. We have a membership of 81, four churches, and five appointments. Church property has increased \$115. Two Sabbath Schools. This Mission is in an excellent condition.

J. A. DARK.

RONDEAU MISSION.

I have labored on this Mission during the past year with a goodly measure of success. Notwithstanding much opposition, I have succeeded in erecting a church and a parsonage. There are now two churches and a parsonage on the Mission. To God be all the praise. And we hope for a good future for Rondeau Mission.

SAMUEL WOOD.

DUNNVILLE

has one church, neat and comfortable, also a good parsonage. The membership is small, but reliable. Over \$225 have been raised during the year for church purposes. The weekly offering system is in successful operation. There is a good Sabbath School, with an efficient staff of teachers. On the whole, the station stands well compared with former years.

T. ATHOE.

SEAFORTH MISSION.

This Mission is in a prosperous condition. There are two appointments, one in the village of Seaforth, the other ten miles south, in the Township of Tuckersmith, with a good frame church at each place, and a very good parsonage at Seaforth. The Society is in a healthy state, and steadily growing. Seventy-three members are returned, fourteen of whom have been taken in during this year.

MADOC.

We have received twenty into the Society. We report 170 members. There is in subscription \$100, and some of the materials for building a church at Hart's Corners. What is called "hard times" has diminished the finances to a little extent, yet we are thankful and hope in the J. EGAN. Lord.

This Mission embraces parts of the Townships of Percy, Seymour, Belmont, and Dummer. It has 10 appointments, with a membership of 158; several having removed during the past year, whose places have been supplied by others taken into full connexion. While on this mission field we have many things to discourage, we also have great reason to thank God and rejoice that we labor not in vain. Twenty-one have been received into Society as the result of two Four have removed and two died. Our congregations considerably increased, holding steady year's labor. during all the seasons. They have paid to the College, \$5.90; for Episcopal Fund, \$1.73; Superannuated, \$1.55, Mission, \$32.81; the pastor, \$154.88. We had arranged for the erection of a church on the north section of the work, and secured some subscriptions, but were compelled to lay it over for the present.

D. M. BILLINGS.

QUEENSVILLE.

During the past year this field of labor has received some manifestations of God's presence and blessing, the revival interest has been felt in some of the classes, sinners have been converted to God, and the members, while laboring for God, have been blessed and encouraged to trust in Him. Eighteen have been received into the Church. To God be all We have suffered greatly by removals. During the year twelve members have left the bounds of this charge, eight have been dropped, and one dear sister has gone to be with Jesus, which is far better. At the Elm Grove Appointment the little flock intend building a meeting house (God willing) in the summer. The land is promised, and several brethren from the other appointments have promised to help. We hope soon to see the work in progress. The Lord bless and prosper Zion.

J. WILKS.

CREEMORE

has enjoyed a good degree of prosperity during the past year. The circuit has been considerably enlarged, one new church built, and other connexional property improved. All claims of the Conference met except the percentage for the College. This is a large field, and requires more laborers and an increased missionary appropriation. Membership, 118; appointments, 10; a full quarterly board. Our interests are enlarging in this important section of the Province.

W. M. Pomeroy.

MEAFORD

has been somewhat prosperous during the past year, especially in the town of Meaford. We have a membership on the work of 146. There was raised on the Mission, the last year, for the Missionary Fund, \$121.78. The Church property has been considerably improved. The preachers' salaries have been nearly all paid. On the whole the Mission is improving. However, it still remains to be a hard field of labor, and will, no doubt, require assistance from the Missionary Fund for some years.

There are two principal appointments, and two minor ones; for all practical purposes only two, Centreville and Enterprise. At the former place, our church this year has been entirely remodeled; having spent over \$500 on it, it is now really nice. only point of grievance is the site—it is a mile out of the village instead of in it. At Enterprise we have enlarged our church property, and built a splendid shed 80 ft. long, which is a great boon both to man and beast; to the former, conveying ease of mind during the service; to the latter, comfort of body. In both these places, I am happy to say, that grim bugbear called Debt has no existence. Our Connexional claims are all met, showing, in some cases, an increase of over two hundred per cent. The P.
