Russians Keep It Up; 6,000 More Prisoners

They Are Advancing Now Towards Zlochoff

KARENSKY'S FINE EXAMPLE

Told Hesitating Troops That, if They Did Not Attack, He Would March Alone Toward German Trenches—Demonstrations in Petrograd Over Victory

Petrograd, July 3.—The new Russian offensive has resulted in the capture of 6,000 more prisoners. The war office announced that the Russians are advancing towards Zlochoff, Galicia.

Twenty-one guns and several machine guns were captured. Prisoners continue to be brought in. The number of prisoners taken in the fighting south-east of Berezany on Sunday is given as fifty-three officers and 2,200 men.

Russian troops have occupied the Galician villages of Presovce, Zlochoff and Korshidiv. The Austro-Hungarian forces have retreated westward across the Little Svinjar River.

Petrograd, July 8.—Up to the hour of telegraphing, the advance of the Russian army in Galicia was still in progress. A despatch read by the war ministry, but unpublished, says that the staff of the Russian army in Galicia is more than satisfied with the progress. Never was an offensive so auspiciously begun. The local army staff was pleased with the speed of the advance as the operations which the staff had expected would take two days, was executed yesterday between the hours of two and five.

All the late telegrams to the war ministry agree that the soldiers are in excellent spirits and the ministry authorities. The statement that preparations are being made for the advance of the Russian army in Galicia was still in progress.

The new chief of the war ministry information department is Lieut. Perun, who is also a member of the executive committee of the council of deputies.

He has just returned from the front where he witnessed War Minister Kerensky's crusade in favor of an immediate offensive. The lieutenant told the Associated Press that the eloquence of Kerensky was largely responsible for the change in the army's mood.

The lieutenant was present when Kerensky had told the soldiers that if they would not attack they would march toward the enemy's trenches alone, was mentioned one division, especially known for its willingness to fight, which after the minister's speeches became the most militant on the front.

The minds of the soldiers, he said, are thoroughly permeated with Kerensky's new political program. War Minister Kerensky's merit, the lieutenant declared, is that he first realized that the Russians will fight only if they are convinced they are fighting not for imperialism, but for freedom at home and international peace.

Lieutenant Perun declares that deserters are returning more rapidly than ever and says that the condition of the army is markedly better than Petrograd thinks. Crowds of enthusiastic men marched through the streets of the city carrying posters and flags and banners.

On the western front since the attack. The demonstration started a score of men who got from the office the first news of the Russian success. It grew rapidly to large proportions. Large portraits of the war minister and the chief of staff were obtained and carried in the parade, each with a banner.

According to news received by the government the offensive on the southern front is developing in an absolutely favorable manner.

Petrograd, July 8.—Gen. Kaledin, who captured about 80,000 prisoners in a forward movement last year and is known as the breaker of the Luts front, has been chosen lieutenant or leader of the Don Cossacks.

Extent of the Victory. Petrograd, July 8.—Authorized details of the victorious Russian attack in Galicia state that a Finnish division participated in the victory at Konichy. All enemy trenches on the slopes of Mt. Sednaya Gora, east of Konichy, were occupied besides the village of Konichy and the forest west thereof as far as Kalf. All German trenches in the village of Schilbirn, were occupied.

Three lines of enemy trenches near Schilbirn, and two lines of trenches northwest of Zolokhki and similar positions southwest of Potutory and east and southeast of Nitchichow fell in the hands of the Russians.

London Comment. London, July 8.—The reawakening of Russian activity on the battle front is conspicuously featured by morning

DRAW NEARER TO CRISIS IN SPAIN

Believed Nation on Threshold of Important Events

LITTLE NEWS GIVEN OUT

Importance Attached to Absence of King and Queen From Polo Match and to Visit of Premier Dato to Palace

Paris, July 3.—The situation in Spain, from improving, appears to be going from bad to worse. The gravity of the crisis is confirmed amply by such news as many persons seeing in them proof that the government had not renewed the arrest in Spain. The fact that the heavily censored Spanish press publishes nothing concerning the internal situation seems to indicate that conditions are far from normal.

Great importance is attached in political circles to two facts, first that the king and queen cancelled an engagement to attend a polo game, second that a special cabinet meeting was held, at the conclusion of which Premier Dato went to the palace and had a long conference with the king. These circumstances have given rise to all sorts of conjectures as to the government's attitude toward the crisis.

E. Oristo Salmeron Y Garcia, president of the short lived Spanish republic, who has just arrived in Spain, also takes a serious view of the situation there. In a statement published in the Petit Parisien he says he is convinced that Spain is on the eve of important events.

Vain Effort To Win Back Ground

Germans in Desperate Attacks on Aisne Trenches Recaptured by French—No Success, Either, on Verdun Front

Paris, July 3.—The official French statement says: "After a renewed bombardment, the Germans had occupied 6.30 o'clock last evening a series of violent attacks on the trenches we had recaptured on both sides of the Aisne-Palmy road on the Aisne front. Very severe fighting continued throughout the night resulting in a complete shock of the enemy. We maintained all our positions."

"Two attacks on small French posts farther west were repulsed with ease. "On the left bank of the Meuse (Verdun front) the artillery fighting between Hill 304 and Avocourt woods July 2 and 3, 1915, this morning the Germans attacked a front of 300 meters at the southeast corner of the woods. Their vain assaults were broken up by our fire and the enemy, unable to approach our lines, did not renew the effort."

"In a raid on German positions on the Verdun front, we blew up a blockhouse of the enemy. There is nothing to report from the remainder of the front."

SUGGESTS GLOVE FUND

To the Editor of the Times: Sir—I was thinking of purchasing a pair of gloves when I became rather interested in the suggestion that it would be better to go without gloves and give the money to help our soldiers. I am an anti-war, but shall always remain pro-soldier. Willingly would I go without gloves if by doing so would help smooth the rough road of war for those traveling that way.

TORONTO SHOULD ADD 5,000 HOUSES YEARLY

To Be Enough One-Family Homes When Men Return

Fighting Tenements - Women Must Study Radial Question to Save City From Slums

(Toronto Star) Among all the preparations Toronto is making for the day when our men come back to us, none is more important, and perhaps less thought of than the homes they are to come back to.

During the past seven years the slum problem in Toronto has been fought as far as the Hindenburg Line of inadequate transportation. When our men return in and help the health department to conquer that, they will have permanently barred the tenement house from throwing its evil shadow over the childhood of Toronto.

While the overcrowding conditions of growing Toronto will still hold in check even apartment ideas in Toronto at all, even apartment ideas in Toronto at all, even apartment ideas in Toronto at all.

### A BETTER OUTLOOK

The most cheering news of the day is that which comes from Russia. Gen. Brusiloff is on the move again, and has begun a drive toward Lemberg, capturing a fortified position, breaking the enemy's lines, and capturing more than 10,000 prisoners. Berlin claims there were sixteen Russian divisions in the fight, and Vienna says there were twenty. There were enough, at all events, to attain their objective, and they were well supplied with artillery. War Minister Kerensky led the attack, and inspired the troops with a new order addressed to the armies farther north, tells them of the victory on the southwestern front, and summons them to similar deeds. The Belgian minister of state, who is returning from Petrograd, after a tour of the Russian front, agrees with Premier Lloyd George and with M. Albert Thomas, the French minister of munitions, in expressing the fullest confidence in Russia; and today's news is a striking confirmation of their views. The Russian army is better trained and equipped than ever before, and therefore in a position to strike harder blows.

France rejoices at the arrival of the first American contingent, and we can well believe that the French and British, and especially the Canadian soldiers, received their comrades-in-arms with an enthusiastic welcome. These new troops had no difficulty in getting safely past the German submarines, as all of the Canadian troops have done. An American army on the western front will have a great moral effect, not only upon the soldiers of the Allies, but upon the German people.

Greece is also preparing to take a hand in the fighting game. Premier Venizelos has summoned the army chief to Athens to discuss the sending of an army into Macedonia. This would be a greater activity on the Macedonian front in the next few months than at any time since the war began. The news that Von Hindenburg and other German leaders are at the Austrian army headquarters, and will also visit Vienna, is evidence that Russia's new move and the entry of Greece into the war is causing the war lords a good deal of concern.

The German press is still boasting of what the submarines will do, but since they are not able to sink any transports, it is doubtful if there must be a good deal of doubt in the minds of the German people as to whether the campaign is as successful as the inspired press would have them believe.

The Germans have been more active than usual on the British and French fronts, but have not been able to prevent the latter from advancing their lines at intervals and strengthening their position. It is nevertheless true that the enemy is very strong on the western front, and gives ground very slowly. The British advanced post west of Lens were driven back yesterday. It is suggested that the need of success of some sort to keep up the spirits of the people is the explanation of the renewed German activity on the western front. At all events, they are fighting hard.

### INSPIRING MESSAGE.

How wholeheartedly the American people are throwing themselves into the war tasks of the time, and the clear vision they have of the significance of the war, is shown in a report of the National Conference of Charities and Corrections in Pittsburgh recently, at which Canada was well represented. We quote: "At a luncheon of the National Federation of Settlements, with over 700 delegates in attendance, some striking things were said in relation to the war. Mrs. Simkhovitch, of New York, told of a recent gathering at which her father, a veteran of the Civil War, had spoken. 'We fought in the Civil war,' he said, 'to make our country one and free. It is not easy for me to look beyond our beloved land, but I see that our task today is infinitely greater, and it is to help make the world one and free.' Amid great applause the speaker closed her address by stating: 'We are in this war to help in the establishment of a world order and a world fellowship.' 'We need not fear the hyphen,' declared Graham Taylor, of Chicago Commons, 'our cosmopolitan citizenship is no less American because it has much of its root in older lands. These immigrants are not reactionaries but men of adventurous spirit, who have dared to brave the seas; they are not the riff-raff, not the flotsam and jetsam of the tide, but the winnings of the nation, bringing to us their splendid contribution in art and music and culture in the establishment of the New America.' He told of a great gathering of over 4,000 foreigners who marched to a park in Chicago on one of their national days, and, planting a large American flag in the centre of the gathering, placed around it their smaller national flags, singing first the American national anthem, then their own songs. 'The world is in torment, in a life

and death struggle,' declared John Collier, of the People's Institute, New York, in a remarkable speech, 'in a struggle between the archaic type of civilization and democracy. We are in the war to save the world for democracy.' At this convention, representatives of the best thought of the United States, a gathering of humanitarians, men and women proverbially opposed to the spirit of militarism, it was agreed that the entry of the United States into the war on the side of the Allies was entirely justified by the issues at stake, and that every man, woman and child was called to be a volunteer in some form of national service. All the resources of the country must be unreservedly placed at the disposal of the nation. The man or woman of leisure is a relic of past days.

### A DECIDING FACTOR.

Air fighting may win the war. At least it will contribute very largely to that result. Lord Derby says that for every bomb the Germans are now able to drop behind the British lines on the western front the British drop a hundred behind the German lines. When to present British superiority is added that which the United States will contribute, the enemy will be practically robbed of his eyes for the purpose of land fighting, and his armies will be subjected to a constant rain of death from above, as well as from the big guns and lesser guns along his entire front. Mr. Howard Coffin, chairman of the aircraft production board of the American Council of Defence, recently gave out a very interesting interview on this subject. He said:

"We may as well realize now that the domination of the air will in all probability prove the deciding factor. Military authorities of the allied nations are agreed that unless the allies can obtain a preponderance of aircraft, the war probably will drag on for years. We believe now that we have worked out a programme which will make it possible for the United States to secure to the allies next year the permanent supremacy of the air, and with that we hope to become an immediate deciding factor in ending the war. A superiority in numbers of several hundred thousand men on the western front means little, comparatively, under modern conditions of fighting. A vast superiority in aircraft means the complete blinding of the enemy. If his machines are driven out and kept out of the air it means that he has no facilities for sighting long-range guns; it means that he has no means of getting charts and photographs of the opposing lines, nor of preparing and meeting attacks properly, and it means that his own communication lines are constantly subject to damaging raids, and even to complete destruction. In the present struggle between Germany and the allies the fight for supremacy in the air is practically even; they are constantly struggling for the advantage. This is America's one chance for turning the scales next year. To do this we must be prepared to spend not a few millions, but hundreds of millions of dollars."

Confirmatory of this statement a despatch from Washington says: "There is not a factory in the United States engaged in the manufacture of automobiles or any of the parts used in the assembling of automobiles, that may not be called upon by the officials of the government to divert either their product or their activities from their present uses to the manufacture of aircraft. Aeroplanes and hydro-planes are needed by thousands, and they are needed immediately by the United States and its allies, and officials of the government have answered that they intend to make use of every available facility in the country."

Let us add the testimony of a French writer as to what will happen when the Allies have gained complete mastery of the air: "No enemy machine then will be able to rise without being overwhelmed. The heavy artillery of the enemy will be blinded and aeroplanes will sow terror, devastation and death in the Hindenburg lines. With the enemy craft out of the fight the aeroplanes can use machine guns on enemy infantry on days of attack and at the instant of defeat throw the enemy into rout or compel his surrender."

Greece has at last severed diplomatic relations with the Central Powers. Her action will have a marked effect for good, in relation to the operations of the Allies on the Macedonian front. It improves the prospect of more vigorous action on that front.

The British food controller has been clothed with arbitrary powers. There is no doing things by halves, in the mother country, in this hour of the Empire's need. Canada must follow the British example to a far greater degree or stand shamed before the world.

The attitude of organized labor toward conscription is a matter of deep concern to the whole country.

CHINESE EMPEROR CLAIMS THE THRONE  
Shanghai, July 2—Huan Tung former emperor of China deposed in the revolution which made China a republic today announced his succession to the throne again and assumption of the government. At Peking martial law throughout the empire was formally proclaimed.

ALMON B. FOLTAPE, of Amherst, died yesterday, aged sixty-nine years. He was a foreman with the Rhodes Curry Co. for many years, but since the great war had been a shell inspector at the International Eng. works. His wife, one son and one daughter survive.

IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable, distended feeling, it is because of insufficient food supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many hospitals and advised by many eminent physicians of taking a teaspoonful of pure bisulphated magnesia in half a glass of water, as hot as you can comfortably drink. The hot water draws the blood to the stomach and the bisulphated magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water and travelers who are frequently obliged to take hasty meals poorly prepared, should always take two or three five-grain tablets of Bisulphated Magnesia after meals to prevent fermentation and neutralize the acid in their stomach.

**WIFE HALTS TRAFFIC TO WHIP POLICEMAN**

Ruben, Accused by His Family, is Beaten With His Own Club

(New York Times.)

No one has accused Isaac Ruben of singing, "The Policeman's lot is not a happy one," but several persons know that W. S. Gilbert's words have his heartiest indorsement. Ruben knows, too, because he is a patrolman of Traffic Squad 2. He also lives at 48 Convent avenue.

Ruben's unhappiness began at 7:30 o'clock last night. He was off duty at Sixty-fifth street and Broadway, which is Lincoln Square, and a busy place. In fact, Patrolman Ruben, Winegar, and Healey had their hands full, what with several hundred automobiles taking persons down town, a like number going north, and a whole lot of hard-working New Yorkers just going home. Sorely 7:30 found Patrolman Ruben a busy man.

At 7:32 he was still more busy, for one woman grabbed Ruben's hands, knocked off his hat, while another and older one stepped in front of him, gave him one withering glance, and then drew from under a coat a long slim package wrapped in brown paper. She tore the paper off and then she brandished a patrolman's stick, which landed on Ruben until Ruben's cries brought Patrolmen Winegar and Healey to his aid. Ruben tried, with their aid, to dodge the stick—it was his own dress brush, brought from his home by his wife and mother-in-law—but the stick continued to land.

Meanwhile traffic became congested from Sixty-fifth street to Seventy-second. There was no one to tell the automobiles to stop or to go, and, as usually happens in such cases, they stopped in tangles. In one of the cars was a rather heavy man with black hair and a dark moustache. It was Police Inspector Faurot on his way home to dinner. He sent one of his aids back to find out what the trouble was. His aid reported that Ruben was having some family trouble. Back went from the inspector peremptory orders that family or no family, troubles or no troubles, if the traffic policemen in Lincoln Square didn't open up traffic so he could go along there would be trouble at headquarters.

Ruben and his fellow-policemen were scoring a poor second at Sixty-fifth

street and Broadway, where the inspector's command was received, but they went to their posts. By the time traffic was moving again Ruben asked Winegar and Healey if they would arrest his wife and mother-in-law, who were approaching with verbal explanations that they were by no means through with a man who paid attentions to other women than his wife. Winegar and Healey told their friends of the sub of which Ruben, with his wife and mother-in-law, stood a short time later before Lieutenant Hamlin in the west end of the city. The lieutenant was not pleased at length. Mrs. Ruben succeeded in making herself understood to the effect that Ruben was too friendly with another woman.

"He would let me starve and my baby, too, for that other woman," she told the lieutenant. "I could forgive him if he would even tell me about it, but he won't do that."

To Mrs. Ruben and her mother the lieutenant said:

"I advise you to go down to the Domestic Relations Court, and tell your troubles there." To Ruben he said: "I advise you to go back to your post."

To Mrs. Ruben he added: "You mustn't bother your husband while he is on duty." Ruben left first.

**RECENT WEDDINGS**

**Hannah-Cunningham.**  
The wedding of Charles Gordon Hannah, of this city, to Miss Agnes Frances Cunningham, daughter of Mr. and Mrs. William T. Cunningham, of Lorneville (N. B.), took place on Friday last at the residence of the bride's father, the Rev. Mr. McLaughlin, of the Methodist church, Rev. Neil McLaughlin officiating. Mr. and Mrs. Hannah will reside in this city.

**Ward-Cox.**  
A pretty wedding took place on Monday afternoon, July 2, at the home of Mrs. W. J. Cox, 15 Hanover street, when her daughter, Mary Retta, was united in marriage with Luther S. Ward, of this city. The ceremony was performed by Rev. J. H. A. Anderson, in the presence of friends and relatives of the contracting parties. The bride was dressed in white silk with the traditional orange blossoms, and carried a handsome bouquet of American beauty roses. There were no attendants, the bride being given away by her cousin, Arthur Linnick, away by her cousin, Arthur Linnick, after the ceremony the guests sat down to a sumptuous repast. The presents were many and valuable, testifying to the high esteem in which the recipients are deservedly held. The bride is well and favorably known to the patrons of P. W. Daniel & Company, where she has been saleslady for several years, while the groom enjoys the confidence of the public as traveler for Percy B. Evans, South wharf. The out-of-town guests included Mr. and Mrs. Arthur Linnick and Miss Kelly, of Fredericton. Mr. and Mrs. Ward left on the evening train for a short honeymoon trip and on their return will reside in this city.

**HALIFAX MAN ARRESTED HERE**

The local police did a quick piece of work last evening when, on the strength of a telegram from Halifax, they arrested Charles Hargraves, an Englishman, charged with the theft of \$1,000 in silver city. The matter was placed in the hands of Sergeant Journey and Acting Detective Biddiscombe at 8:30 o'clock last evening. Armed with a description of their man the officials went out and at 10:10 o'clock returned to police headquarters with their man, whom they had arrested in Union street. The prisoner, who denied his guilt but admitted his identity, had in his possession when searched \$227.18, two watches, two chains, two rings and a bunch of keys. An officer is expected to arrive from Halifax today.

**BUILDING PERMITS FOR JUNE**

Building permits for the month of June, ten in number, total \$62,750, as compared with \$56,250 for the corresponding month last year, a gain of \$6,500. The total building permits for the year to date amount to \$457,150. In 1916 permits issued till the end of June totalled \$301,950, \$155,200 behind this year.

**NURSE HAD POOR HEALTH**

Suffered Much Pain, Yet Had to Work. Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Toledo, Ohio.—"I am a widow and go out nursing. I suffered from a female trouble that caused a great deal of soreness across my back, and through my abdomen. Sometimes it would be very painful after a hard day's work. I read about Lydia E. Pinkham's Vegetable Compound and tried it and it helped me wonderfully, so the soreness is all gone now. I believe Lydia E. Pinkham's Vegetable Compound is just the remedy for female troubles."—Mrs. ELIZABETH JOHN, R. F. D. No. 4, Toledo, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today is regarded as the most successful remedy for female ills. There are thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., to prove this fact.

**The Transformation**

Right in the heart of the great city of Toronto, in the centre of the principal business district, close by the cross-roads of main traffic, stands the "second longest bar" in all Canada. Observers say they used to count hordes of men entering this stronghold of the Traffic. Were the frequenters of the bar better men when they came out?

The hotel is now the "Y.M.C.A. Soldiers' Club," one of the Young Men's Christian Association's long chain of clubs, marquees, huts and "dug-outs" extending from Vancouver to the firing line in France—those helpful sentinel-posts that safeguard our precious soldier men and boys wherever soldiers are congregated. To the Y.M.C.A. Canada owes a debt of gratitude she never can adequately repay.

Like New Brunswick, the Traffic in Ontario has the opportunity, after the war, of putting Prohibition to the test at the polls. But Prohibition in Ontario is being enforced, and the old strongholds of the Traffic—the long bars we mean—are one by one being turned to useful purposes. Many of the hotel buildings that depended for existence upon bar trade are now devoted to commercial enterprises—constructive instead of destructive.

Does New Brunswick want to return to the destructive license system, and again be partner in the old firm of John Barleycorn and Company, Limited?

Or does New Brunswick want to maintain Prohibition for ever? If so, Enforcement must be province wide, must be both strict and effective.

**Help to Enforce Prohibition**

Every man and woman in this province shares the responsibility for the proper enforcement of Prohibition—not the officers of the law alone. Your duty is clear.

WRESTLING Interest in Match Boston, June 26—The world's championship wrestling match between Lewen and Zivkoski should have been a fight with enthusiasm was to be expected, but promoter George Tuohy says that he has never seen so much interest in any event ever held in the east. The fact that both men are on the spot training hard gives the followers of the sport a chance to see the condition of these marvelous athletes, so that the contest is likely to attract a crowd that will test even immense Braves' field to the limit on the afternoon of July 4. Sandow, manager of Lewis, is backing his man heavily to win. Jack Curley, manager of Zivkoski will undoubtedly pull the strap from his bank roll. Curley would have been on hand before except for the fact that he is busy with court proceedings with Jess Willard, whom he developed into a world champion. Miscellaneous Notes John K. Tener, president of the National League, is preparing to re-open the McGraw interview repudiation case in connection with the request of the

THE TURF. Wins at Halifax. Halifax, July 2—After a gruelling six heat race of the exhibition track today Tronas, game pacer, owned by "Kid" Dyer, of St. John, defeated King Olaf, owned by L. R. Acker, of Halifax. Rain fell during the day and the track was heavy, but despite this handicap the time was fast. The heats were half mile, and Acker's horse drew the pole. He won the first two heats and the second being 1.05. The third heat was a thriller. Hood with Tronas made a great drive in the final quarter and the two horses came down the stretch neck and neck. The judges declared it a dead heat. Tronas took the next three heats and the race. A blanket would have covered the horses in any of the last three heats, one of which would have been a victory for Acker's horse. The race was for \$250 a side.

"CAN THE KAISER" London, June 30—The newspapers declare today that the soldiers and marines of Pershing's army have already found a slogan, which is "Can the Kaiser!" The Daily Express, commenting on the American use of the word "can" pompously explains that it is used in the sense of hermetically sealing the Kaiser to prevent his further activity.

"Returned With Thanks." An interesting variant on the curt and too-familiar formula "Returned with thanks" (says a writer in the Westminster Gazette) is to be found in the May issue of Cassell's Book Talk. It is said to be the translation of a Chinese publisher's letter of rejection; and it reads:—"I have read your work and am delighted with it. Nay, I swear by the sacred ashes of my forefathers that never in my life have I read anything to excite my raptures. That is why I am afraid that His Majesty our exalted Emperor and I, would become so enthused over it, should we print the work; that he might forbid us ever to have anything printed hereafter that did not approach this superb masterpiece. And since in the next one thousand years another work of equal merit can hardly be expected, we herewith return your divine manuscript to you with infinite regret, and beg your forgiveness for doing so."

The best examples of the English literary ballad are Coleridge's "Ancient Mariner" and Tennyson's "Revenge."

There were 861 votes in favor of the resolution of confidence and 68 against. The vote was taken after Premier Bosselli had declared that if the country had been able to hear the secret debates it would have been overjoyed and comforted.

The Sunday school teachers, the members of the Altar Society and other workers of St. Peter's church, numbering about fifty, were the guests of Rev. Peter Costello, C. S. R., at Chapel Grove yesterday. It was the annual picnic given by the rector to the church workers and it proved a most enjoyable event.

There was no special outstanding celebration to commemorate the fiftieth anniversary of Confederation. Window dressings were in keeping with the occasion and without doubt the windows of the Imperial theatre had the best feature of the lot. In both large windows were displayed souvenirs of Confederation.

The special patriotic service prepared by the general assembly's Sabbath school board for use in all the Presbyterian Sunday schools in Canada was held by the united Presbyterian Sunday schools of the city on Sunday afternoon in St. Andrew's church.

The Women's Canadian Club placed a wreath on the statue of Sir Leonard Tilley in King Square on Sunday morning, the occasion being the celebration of the fiftieth anniversary of Confederation, for which he stroved so earnestly. Greetings were also sent to Lady Tilley.

## Dozen Dead In Niagara Gorge

Niagara Falls, N. Y., July 2.—The list of the trolley wreck on the Gorge Route on Sunday afternoon was practically unchanged today. There are ten known dead, three persons are missing, and probably dead, and there are from 8 to 16 unknown missing. There is great disagreement over the number of passengers on the wrecked car. Measurably the cash register of the car has not been produced.

## 75 Killed In St. Louis Riots

New York, July 2.—Despatches to the Associated Press at midnight indicate that the estimate of loss of life in the race riots in East St. Louis (Ill.), were somewhat exaggerated. The death list, however, may reach seventy-five, according to the latest estimates, and the property loss, it is believed, will reach \$8,000,000. The torch has been applied to four negro settlements in the city and the glare of the flames illuminate the city and surrounding districts.

## CANADIANS OBSERVE DOMINION DAY WITH HALF MILE ADVANCE

Canadian Headquarters in France, via London, July 2.—(By Stewart Lyon, Special Correspondent of the Canadian Press)—On the sector of the front to the west and south of Mercurcourt during the past two nights our outposts have been advanced almost one thousand yards along a front of over a mile and a half, practically without opposition from the enemy. There has been on this part of the plain a wide stretch of “No Man's Land” between the trench systems of the opposing armies. Encounters between patrols occasionally have taken place out there, but the territory was not effectively occupied either by the enemy or ourselves.

## POWER BOAT CRUISE

About sixty boats, with others from the R. K. Y. C., comprised the fleet which left the St. John Power Boat Club at Marble Cove yesterday morning at 10 o'clock on the annual cruise. The party taking in the picnic included twenty-four sick and invalid soldiers from the Paris' Home and the military hospital and the entertainment of these guests engaged the special attention of the club members. The day was one of the best spent in years. It was one continual round of pleasure until the return at 10 o'clock at night.

## Good News From Eastern Front

Russian Armies, Led by War Minister, Deliver Smashing Blow—Capture 10,000 Prisoners

Prisoners exceeding 10,000 and the capture of the village of Konichy and strongly fortified positions southwest of Brezany are the first fruits of the new offensive movement of the Russian forces in Eastern Galicia.

North of Konichy the Russians have attacked, and fresh battles are in progress.

The Russian artillery, long inactive from lack of shells, played an important part in the defeat of the Austro-Germans at Konichy. For two days a rain of iron was thrown into the German positions and Berlin says officially that they were turned into a crater field. The Russians not only carried three lines of German trenches and Konichy, which was strongly fortified but also advanced to the Konichy stream south of the village, which is on the Zlota Lipa river.

Around Brezany the fighting was most bitter and Berlin claims that sixteen Russian divisions were thrown forward. The Russians carried the fortified Teuton positions at several points in face of a desperate resistance by Austrian, German and Turkish troops.

Petrograd, July 2.—The brilliant Russian advance, the news of which has spread like wildfire through the entire country, was led by War Minister Kerensky in person.

British Army Headquarters in France, June 30.—Serge Bassac, a distinguished French war correspondent attached to the British army, was killed yesterday by a rifle fire while watching the fighting about the Lens salient.

## RECENT DEATHS

Mrs. George J. Smith.  
The death occurred on Sunday evening, July 1, at her home, 132 Princess street, of Ada M., wife of George J. Smith, in the forty-ninth year of her age. Always of a kind and loving disposition, she was a devoted wife and loving mother. Mrs. Smith leaves, besides her husband, Geo. J. Smith, two daughters, Mrs. Fred G. Nixon, Camarthen street, and Miss Hazel A., at home; also one sister, Mrs. Ward P. Colwell, of Boston.

## CHILD'S SEVERE STOMACH TROUBLE

Harrison (Ont.) Father Says Dr. Cassell's Tablets Saved His Child's Life.  
Mr. Corby, Harrison P. O., Ont., writes: “Our little girl was weak from birth, and though we tried doctors' medicine and other things she got no better. She just lay in her cot and cried, and neighbors all said we could not save her. The doctors said she had stomach trouble, and that her chances were small, yet Dr. Cassell's Tablets cured her. They have been worth their weight in gold to us, for we were just giving up hope of saving our little daughter. I don't think there is any other medicine for children like Dr. Cassell's Tablets. Publish this letter if you like; it may help others as the Tablets helped us.”

## THE HARRIS CASE

Interest in the Robert Harris case is revived. Dr. F. L. Kenner, instead of into the death when Mrs. Robert Harris, mother of the unfortunate young man, will tell her story. It is understood that she has a great deal to tell and that her evidence will be the most startling of the inquiry. Since the adjournment of the inquiry the police have taken no definite action. Although they are working steadily on the case nothing has matured. Definite action is expected, however, at the close of the inquiry.

SPORT NEWS OF THE DAY HOME AND ABROAD

**BASEBALL** Cannot See Red Sox

It may have been his rage at seeing Thrasher laid out that provoked Connie Mack to declare that the Red Sox do not size up as well this spring as they did last, and that they do not begin to compare with his old world's champions.

"They did not look especially good against Bush," Connie is quoted as saying, "and the only reason we lost was because of the breaks and some erratic fielding. If I had just two more pitchers to go along with Bush and Meyers I'd like to play the Red Sox every day in the week. I believe I'd beat them regularly."

The Red Sox are a great team in some respects, but are not in the same class with my old club. They have a wonderfully strong defense, where any individual on the field is liable to pull a sensational play at any moment, but their offensive power is not what it should be. They can be beaten by any club which will match, or come close to matching the pitching shown by Ruth, Shore, Leonard, Foster and May—and that's something no one could say of the Athletics of a few years ago."

**To Aid Minor Leagues**

Minor leagues forced to suspend before the close of the regular season will not lose their player or territorial rights, according to a ruling of the governing board of the National Association of professional baseball leagues received by President Terney of the Three I League on Friday night.

The ruling was issued by John H. Farrell, secretary of the national association.

The board ruled, however, that players would be permitted to seek employment wherever possible for the remainder of the season, but must report next spring to the club holding their contract this season. The board also ruled that leagues desiring to suspend shall fix a date for closing and that all players must be paid in full.

"It is the policy of the national board to help our league members in view of the conditions that have not existed for 30 years and the unusual financial sacrifices already made," the statement said. "It is hoped, however, that the leagues will exhaust every possible effort before giving up the struggle."

**St. John and Amherst Divide.**

Amherst, July 2.—(Special)—Amherst and St. John split even in the two games of baseball played here this afternoon and evening. St. John, in a sensational finish, clinched the afternoon game to the tune of 9-8, but in the evening went down to defeat 10-7. In the afternoon session the men from the "foggy city" faced a lead of 8-2 at the sixth inning, but with a bunch of hits and a little loose playing by the picked players from the shiretown of Cumberland, the visitors came through with a win. In the evening the Amherst boys outbatted the pill-chasers from St. John, although the visitors pulled out a couple of heavy wallops. Batteries: Afternoon—Rattray and Stewart, for Amherst; Dever and Hanson, for St. John.

Evening—Carter and Stewart, for Amherst; Dever and Doyle, for St. John.

Binghampton, N.Y.—Nineteen runs were scored in the first inning of a game recently between the Binghampton and the Utica teams of the New York State league. It was called at the start of the fourth inning because of darkness. Anker's wildness and errors coupled with three hits gave Utica 10 runs in Binghampton's half of the inning. Kapp and Ferguson sought to hold Binghampton, but the locals scored nine runs. It required 55 minutes to play the inning.

Seven pitchers worked in the three innings that were played. Brewer, the Utica first baseman was pitching when the game was called.

**COLDBROOK CHURCH**  
On Saturday evening, June 30, a meeting of those interested in the welfare of St. Bartholomew's church, Coldbrook, was held in the new church building. Rev. R. J. McKinn, rector of St. Mary's, presided and briefly outlined the objects of the gathering. David Hipwell, representing St. Mary's, spoke regarding the present and the future welfare of the new church and offering the hearty cooperation of St. Mary's. The meeting present decided to meet at the home of Mrs. F. Ledford, Glen Falls, for the purpose of organizing a ladies' society for church work. A board of three trustees was elected to meet in conjunction with three from St. Mary's vestry. Services are being held in St. Bartholomew's every Sunday at 7 p.m., with Sunday school at 4 p.m.

**AT THE CATHEDRAL.**  
Rev. A. P. Allen celebrated his first high mass in the Cathedral of the Immaculate Conception on Sunday at 11:15 o'clock. Rev. Miles P. Howland acted as deacon and Rev. Francis Walker was sub-deacon. His Lordship Bishop LeBlanc was present in the sanctuary as were the other priests of the Diocese. Rev. William M. Duke, prior to the sermon, took occasion to felicitate the young priest on behalf of the bishop and the priests of the St. John Diocese. He referred to the great privilege of his exalted position and to his celebrating mass in the very church wherein his father and mother had been wedded and where he himself had served as an altar boy for many years. Father's extended wishes for a long, happy and fruitful life for the newly ordained priest.

**ST. DAVID'S CHURCH CAMP**  
"Camp Galahad" has become a fixture in the programme of St. David's church and is this year encamped on Holder's Point on the St. John river. About twenty-five boys are present under the leadership of A. R. Crookshank as director, Rev. J. A. MacKeigan as chaplain and E. J. Punter as chef. The tent leaders are Ken Cairns, Ken Willet, Charles Burpee and Howard Jamieson who in turn are assisted by other capable boys. A good outfit has been secured and a good time expected. Baseball will figure largely in the day's programme while instruction will be given in woodcraft, swimming, boating, lifesaving and Bible study. Mr. MacKeigan will return for Sunday and his place will be taken by K. B. Baid, a medical student destined for the Chinese mission field. The camp is promoted by a strong committee of St. David's Brotherhood.

**MACKIN-QUINLAN.**  
An interesting event was solemnized in the church at Black River on Wednesday, June 27, at ten o'clock, when Rev. William Harrigan, with nuptial mass, united in marriage Miss Mary Luella Quinlan, eldest daughter of Mr. and Mrs. William Quinlan, of Willow Grove, and Daniel Mackin of this city. The bride was given away by her father and was becomingly attired in a tailored suit of navy serge, with hat trimmed with portrait satin of pinkorgette, and carried a bouquet of bridal roses. She was attended by her sister, Miss Lillian Quinlan, who was neatly gowned in blue taffeta with hat to match and carried a bouquet of white carnations. The groom was supported by his brother, Edward Mackin. The groom's gift to the bride was a diamond ring; to the groomsmen a scarf pin and to the bride a substantial check. Following the ceremony the bridal party, which consisted of intimate friends and relatives, went by auto to the home of the bride's parents where a dainty luncheon was served. The many valuable presents received included cut glass, silver, china and linen, and testified to the esteem in which the bride and groom are held.

## THE EXODUS TO RIVER RESORTS

The Ocean could not carry all who wanted to go up river on Saturday afternoon. The captain had to close the gangway and refuse to take any more. About seventy-five were turned back, and these were accommodated by the May Queen, which made a special trip for them. "If it was necessary to carry them all to get them away from the Germans, we could do it," said Capt. Taylor, "but the law sets a limit and we must obey it." "And if you took them all, and something happened, you'd get no thanks," said a passenger. Of course this passenger was on board, and not clamoring to get there. But he was right. They say there were more automobiles at Brown's Flats on Sunday than ever before. Whether any of the occupants came under the guns of the Germans is not known. A farmer at Public Landing said yesterday that he could not begin to supply the demand upon him for milk, butter, eggs, potatoes and vegetables from now till September.

Some potatoes are in blossom on river farms, but only a small proportion, although the crops are coming along well. The grass thickening up at a remarkable rate and pastures are excellent. Wild strawberries are ripening, and some were picked yesterday at the Landing. Anemones, lilacs, blue flags, daisies, buttercups and other wild flowers make handsome bouquets for the cottagers' tables. It is said that nearly fifty city families and week-end parties are served at Public Landing wharf, scattering up and down the shore. Yesterday was fine, after a little rain in the forenoon, and the river presented a very animated picture. There were large excursions, numerous motor boats, a number of sailing yachts, and all along shore were small boats, or outing parties enjoying the day. The Ocean made an early trip this morning and brought a large number of people back to town in good time for work. The river is falling rapidly and the beaches are beginning to show. The shores are lined with driftwood at high water mark. The cottagers who have the opportunity are doing more gardening than ever before, and many of them know a potato bug from a freckle.

## VETERANS' LETTER TO WIDOWS OF GALLANT CANADIAN SOLDIERS

**Pensions and Patriotic Fund Allowances—Effort For Pension Increase—A Lady Visitor**

The Times has been asked to publish the following matter of interest: To the Widows of Canadian Soldiers Killed in Action or Died on Service. From the Great War Veterans' Association of Canada (St. John Branch). Dear Sisters:—We call you this, having had the honor of fighting side by side with you in love ones as our brothers in arms. And we wish to extend to you our deepest sympathy in your irreparable loss. But sympathy is cheap consolation, unless otherwise provided for. We wish, therefore, to bring to your notice that in cases where you are not receiving your proper allowance of pay, etc., to note the following: If your pension is not adjusted properly, call on Major Markham at Room 48, Canadian Life building, Prince Wm. street. He is the district pension officer and a member of our association, and will give you an interview any time and give any information you may require. Also we wish to point out to you that you should also draw your patriotic allowance until your pension is adjusted, and we are going to try to get the allowance carried on for you, as we feel a widow requires the allowance as much as ever she did. We are also fighting for you and have already been promised amendments to the pension scheme. We have asked for \$12 instead of \$6 for your children; orphan children, \$20 instead of \$12; and a father or mother depending on you to be treated as a wife as to allowances.

If in need of special advice, send to the secretary of the War Veterans' Association. We have a lady visitor of our own, who will be pleased to call on you in case of sickness or temporary assistance required. She is for the boys' and your welfare. Treat her as a confidential friend. Yours truly, THE G.W.V.A. E. J. Puddy, secretary.

## GOING TO ENGLAND

**Four Rothersey and Five St. John Young Ladies—Mrs. Kuhring in Charge**

Several St. John and Rothersey young ladies are going to England to work in hospitals. The St. John Ambulance Brigade of Canada some time ago was asked for volunteers to go forward as probationer nurses, or assistants to trained nurses, in military and naval hospitals. There was a prompt response from all over Canada, and word has now come that the following are among those accepted: From Rothersey: Misses J. L. Daniel, Dorothy Purdy, Annie and Dorothy McKen. From St. John: Misses Edith Schofield, E. Coughlan, M. Flagler, E. A. Adams and Alice Wilson. Mrs. G. A. Kuhring has been asked to accompany them to England as officer in charge. The party will be some time this month. All these young ladies are among the youngest members of the V.A.D., and have been tested in the work of the military and convalescent hospitals here. It is worthy of note that there is no salary attached to this work. It is purely a patriotic endeavor on the part of the young ladies; for while their actual expenses will be paid, any personal expenses must be paid by themselves. They therefore deserve the very highest credit for their fine patriotic spirit.
