The dredge New Brunswick arrived in the city Monday and is now being put in winter quarters. The digger has had a very busy season in the upper bay, and has dredged up a large quantity of the channel in many places so that steamers of the usual draught may pass through with safety. It is understood that H. A. Powell, K. C., ex-M. E., who is now practicing at St. John, will shortly move to St. John and permanently locate here. Mr. Powell is considered one of the leading barristers of the province, an energetic worker for his party, and his removal to St. John will prove an important addition to both legal and political circles.

WILL TAKE NO CHANCES.

Several members of the board of health had a consultation on smallpox question yesterday. Dr. Morris reports that all the vaccinations performed have been successful. The Grand Union has been in quarantine for ten days, but it is probable that nothing further will be done towards releasing the inmates until Sunday next, which will complete the fourteen days' term. While it is felt that perhaps the quarantine might not be raised without fear of any bad results, no chances will be taken.

CRYSTAL STREAM.

Tug Champion With Four Large Deal Scows Goes to the Scene of the Accident.

The tug Champion left Indiantown last night for the place where the Crystal Stream is aground near Perry wharf. She had in tow four large deal scows, one steam scow, and four pitch flats, each about 75 feet in length. A crew of men consisting of the tug's crew and several others were on board. If more men are needed they will be procured up there. It is expected they will arrive early this morning.

The plan is to sink two scows on each side of the grounded steamer and to put the timbers through her and rest them on the scows. The water will then be gradually pumped out of the scows by means of a rotary pump, and of course they will float and raise the steamer with them. The tug Champion will then take the whole thing in tow and leave for St. John. The tug does not freeze up too soon.

The Kitchener and str. Aberdeen arrived at Indiantown from the site of the grounded steamer yesterday morning. The str. Aberdeen will take the place of the Crystal Stream until navigation closes.

Several vessels are still in port looking for cargoes, but as the weather has been favorable for plying the farmers seem to be in no hurry to haul their produce to market. The steamer Institute has gone into the shipping business this year and is about sending away their third cargo to Sydney. They make it their business to ship produce of the best quality and already they have been the means of advancing prices for stuff at this port. A number of the members of the institute clubbed together this year and bought their parish green and binder twice at greatly reduced prices.

A vessel loaded by George Toole at Lower Montague last week sprung a leak shortly after sailing and had to put into Sturgeon for repairs.

The authorities of the Merchants Bank of P. E. I. were here on Saturday inspecting the books of the branch at this place.

STAR LINE WILL BUY BOAT.

It is understood the Star Line Steamship Company are seeking a new boat to take the place of the fire-damaged David Weston, and that the lateness of the season precludes the building of a new one. The winter will be spent in examining what steamers may be offered in various parts of Canada and the United States, and it may not be until late in the chilly season or early spring before the best available boat is secured. When the purchase is made the steamer Majestic will in all probability be brought off the main route and placed on a suburban route to accommodate the many who now make summer homes along the river.

PIMPLES SPOILED HER BEAUTY.

A SOCIETY BELLE OF KINGSTON CURED OF PIMPLES AND BLOTCHES BY USING

Ferrozone.

Mrs. Evelyn M. Gaetz of Kingston, writes: "I had an attack of blood disorder which broke out in horrid looking pimples. They were ugly red disfiguring blotches that ruined the appearance of my face. I tried all sorts of medicine, but the pimples didn't leave. I was recommended Ferrozone and gave it a trial. I noticed an improvement after the second box, and kept up the treatment which finally cleared my skin. As a result of Ferrozone I have a clear healthy complexion and can recommend it to all other young women similarly affected."

Another young lady well known in society circles of Springfield, who derived exceptional benefit from Ferrozone, says: "I feel it my duty to make known the value of Ferrozone. My trouble was poor, weak blood, and as a consequence my lips were pallid, and my cheeks had no color. I wasn't at all strong and required a bracing tonic. Ferrozone soon brought color to my cheeks, improved my appetite and made me stronger than I have been in years. I favor Ferrozone because it is so simple to take and works so quickly."

Just one Ferrozone tablet at meals—that's all. Easy to take, sure to cure, and not expensive. Better use Ferrozone and be beautiful and strong like others that employ this splendid tonic. Price 50c. per box or six boxes for \$2.50, at all druggists or by mail from The Ferrozone Company, Kingston, Ont. Don't fail to get a supply of Ferrozone today.

THE curse of mankind is constipation. Nintenths of the ailments we have can be traced to constipation. The bowels are for no other earthly purpose but to cleanse and keep clean and in working order our systems. Constipation is more prevalent among women than men, but it is too common in both. You may imagine you have dyspepsia, or chronic headache, or rheumatism, or heart affections, or bad blood causing eruptions—you may feel dull and aimless. Unless your case has been diagnosed and you know otherwise, the chances are your trouble is constipation.

Laxa-Cara Tablets, if taken after meals, draw nature into her natural course and keep the bowels regular and in healthy action. Ordinarily a short treatment will prove sufficient. In stubborn cases several boxes may be needed. It is only a question of a short time, however, when the whole intestinal system will be made strong and naturally active. Then Laxa-Cara Tablets should be stopped.

They come in small, chocolate-coated form, easy to take and palatable. From the first day you will feel their gentle but sure effect. Price 35 cents a box at your druggist's, or by mail postpaid on receipt of price.
