### MEETING OF ST. JOHN RIFLE CLUB

At the annual meeting of the St. John Rifle Club held last evening in the City Market Building, Neil J. Morrison was re-elected captain of the club for the ensuing year. It was also decided to give the captain the power to choose a lieutenant to aid him in his duties. Armourer Sergt. James G. Sullivan was re-elected secretary-treasurer. The new committee of management is composed of H. Sullivan, Douglas McRobbie, Capt. Manning, George Dickson, E. F. Gladwin, Edward Sears the captain, and secretary-treasurer.

The usual reports and the minutes of the club were read and a considerable business was transacted. The shooting season will be opened with the usual Good Friday match and a programme of spoon and other matches will be arranged by the managing committee. On Victoria Day the club will shoot in the London Daily Mail's Overseas Contest, providing the required number of teams from the province, twelve are entered. The club will also have a team in the Canadian Military Rifle League. On the day of the match in this league there will also be a spoon match.

#### Moncton Challenge Shield.

Considerable discussion took place concerning the Moncton Challenge Shield Match which will take place next September, as the local club is the present holder of the trophy. It was thought that it would be well to have another match on the afternoon of the day of the match. The proposal was made that an effort be made to have the citizens or merchants of the city provide prizes for this match and have it called Citizens' or Merchants' Match. The following committee was appointed to take the matter in hand: H. Sullivan, Major McRobbie, Capt. Manning, George Dickson and Edward Sears.

The club decided to reclassify its members so as to give some of them better chances to win spoons. The reclassification was accomplished by dropping back those in the first three classes one class. These members will be advanced again according to their scoring.

No members of the club desired to exchange their Lee-Enfield rifles for Ross rifles. It was also decided that the club would not avail itself of the sub-target gun offered through Col. White, D.O.C.

A small balance is on hand in the treasury and a successful season for the club is in prospect. The membership is seventy-one. Last year the last match of the season was shot November 3.

### WEST SIDE HAS EVERY DAY CLUB

West Side organized its Every Day Club last night. The organization will have the same motto and aim as its prototype on the East Side of the harbor. Charles G. Brown is president of the new club. S. Herbert Mayes, 1st Vice-President, S. Merritt Wetmore, 2nd Vice-President and R. H. Parsons secretary-treasurer. The board of trustees is composed of the officers together with Ald. W. G. Baikin, W. L. Harding and J. Luster.

The organizing meeting was held in the Ludlow street Baptist church. Rev. Jacob Heaney being chairman and R. H. Parsons secretary. The feasibility of conducting such an organization as that proposed was thoroughly discussed.

About \$200 Wanted. It was decided to have collectors wait upon the citizens of the West Side and ask for financial assistance. The sum of \$200 is required to defray the cost of suitably equipping the room in the Carleton City Hall, which the city has donated to the club. The president and secretary-treasurer were appointed a committee to look into the matter of furnishing the room.

#### Meeting Friday Night.

On Friday evening next there will be another meeting to complete the organization of the club which is to be known as the West End Every Day Club. President A. M. Belding, of the Every Day Club, is expected to address the meeting.

### ST. JOHN VESSEL TOTAL WRECK, CREW SAFE

The schooner Ravola, lumber laden, from St. John, owned by J. Willard Smith, bound to New York, was driven ashore near Salem in the heavy gale that swept the north Atlantic coast, Thursday night.

The captain and the crew had great difficulty in getting clear of the vessel. Several attempts were made by them to launch a boat in the heavy sea. It was accomplished however, and they succeeded after a hard struggle against the mountainous sea, in reaching Salem, pretty well exhausted and drenched by the sea water.

The Ravola pounded to pieces soon after the men left her and it is believed that had they stood by the schooner much longer, they would have been lost.

The captain and crew were carried for on board a tug at Phillip's wharf, Salem and yesterday were none the worse for their terrible experience.

So far this year has been the best the St. John Business College has ever had in its experience of more than forty years. The rooms have been pretty well crowded, but several are discontinuing to take situations; this will make room for others. Several have already arranged to begin the first of April.

## OPPOSITION MEMBERS DUMFOUNDED BY SPLENDID, CONVINCING SPEECH OF SURVEYOR-GENERAL GRIMMER

Hon. Mr. Hazen introduced an amendment to the Act referring to real duary estates. After an estate has been disbursed under will of the testator any residuary estate goes to executors. Proposed amendment vests this residue in trustees.

Mr. Sweeney. Mr. Sweeney resuming the debate, referred to the reports of the Crown Land Office for the last three or four years. It would be seen that there was a gradual increase year by year. He did not see any items of \$200,000 which the Government said their predecessors had allowed the lumbermen to rob the province of. \$6,000 had been received from Bluebell Tract, but outside this the increase was only in ordinary way. It had been said that an operator on North Shore had not been paying full stumpage.

It was nothing out of the common for an error to be made in scaling. Most of the scaling was done by estimation. The province never had sufficient scalers to do their work properly and has not got them now. With regard to the Audit Act, it did not appear to alter the situation for money seemed still to be spent with as much want of legislative authority as ever. There could be no question whatever as to the desirability in change of system of bookkeeping and he was glad to see that the Government has carried out the recommendation of the late Premier in this regard.

The Government was not entitled to any more credit than the late Government for their expressed intention to develop the iron mines in Gloucester. That had been the intention of the late Government. More information was desirable in regard to fisheries. This province possessed some of the finest fisheries in the world, and it was high time that some steps should be taken to settle once and for all whether the Dominion or Provincial Government should have the duty of protecting them.

What the farmers wanted was better roads, more railways, larger markets, cheaper freights and better prices. It was to be regretted that the Government had discharged the best man the province ever possessed as game warden, Mr. John Robinson. Since his successor had been appointed, reports were common of the ruthless slaughter of game which was only to be expected when the experience of the present warden was considered.

#### Mr. Sweeney Worried.

He hoped that when the tuberculosis sanitarium was established people would not be refused admission because they were opposed to the Government, as was done with school book vendors. Money spent on the Central Railway Commission was public service.

The hon. gentleman who represented the laboring men of St. John had not been true to his trust. The only labor legislation worth anything had been enacted by the old Government, and then the laboring men had turned around and voted against them.

He respected a fair foe, but he had the utmost contempt for a man who would turn his guns on his own friends, and such a treacherous paper should not be quoted as justification for the present Government.

In the investigation which had followed the lamentable tragedy in public offices everything that could be done to smirch and blacken the old Government, but things that could throw light on many transactions had been suppressed and he had not once been asked for information.

#### Hon. Mr. Grimmer.

Hon. Mr. Grimmer said the speaker on the Opposition side had fallen foul of his Department. The Lieut. Governor had performed a very notable feat. He had furnished the material and matter on which the hon. gentleman had talked for more than a week. They had made broad their philacteries and enlarged their garments. The Opposition could say that two of their men had talked six hours about nothing. His predecessor had said that the Government had no reason to be proud of the fact that there had been no forest fires. It was a matter to be proud of for the history of a whole quarter of a century did not furnish conditions so favorable to fires as last season but for the admirable service the Government had in operation there might have been just as serious disasters as in Quebec and Maine. During his tenure of office his predecessor had appointed many fish and game wardens. It did not require much astuteness to see that game wardens might also act as fire wardens, and at the present time there were in the province 130 wardens scouring the country, all earnest hardworking men.

### ECONOMY AT CITY HALL WANTED

This afternoon there will be two sub-committee meetings at City Hall for the purpose of furthering the Treasury Board's intention of keeping down the assessment. One sub-committee will confer with the members of the Board of School Trustees with an endeavor to cut down the \$14,000 increase in school assessment for which the board has asked. The other sub-committee will attempt to

The Transcontinental Railway was under construction through the province, yet only 400 acres were all that had suffered from fires.

Forest Fires. The member for St. John county had dealt with any profit to fire wardens, like the rest of his party had made statements that he could not verify. He had told them that for one whole week fire was raging at Ludgate Lake and but for the efforts of the residents of the locality, it might have resulted in an enormous disaster. He had charged that the Chief Ranger, Mr. Dean had never come near the place, when as a matter of fact Mr. Dean was there every day directing the work of the fire fighters. His friend and predecessor was glad that the Government contemplated carrying out the provisions of the Domain Act.

#### A Public Domain Act.

This Act was passed in 1906 and if the hon. gentleman was so anxious to see the Act put into force, why for two years had he done nothing?

#### Stumpage.

The previous speaker had asked about the increase in the territorial revenue, and had stated that such increase was only in way of ordinary expansion. He might say in reply that the revenue last year had never been equalled before, and it did not accrue from anything which his predecessor or his government had done. The late Government had increased the mileage and stumpage fees, and it was no wonder that his returns began to expand. If his predecessor had applied the same business principles in the work of the Crown Land Department in the year 1907 as had been adopted by himself in 1908, there would have been much larger revenues still. When he (the speaker) assumed office there appeared to be a prospect of a decrease of \$18,000. This was a matter which gave rise to suspicion and on a re-scale, instead of decreasing they had an increase of \$11,000 in the revenue. Mr. Sweeney had referred to Wm. Kirk as a young man who was not qualified for scaler, but who had been assisted by the father who was the records of the department show that Wm. Kirk had not only failed to pass examination as scaler, but the hon. gentleman himself had, not withstanding an appointment as scaler on 18th November, 1905. He subsequently attended and passed a fairly satisfactory examination two years afterwards. When hon. gentleman had said that man, though not a scaler was assisted by his father, father had died some months before.

#### That Lost \$200,000.

The previous speaker had said the president of the council had stated that the province was out \$200,000. If conditions in the Crown Land office had all just referred the amount mentioned would probably not be far wrong. Mr. Barry, who had been placed in charge of investigations, had performed some exceedingly good work. He was of the same political stripe as Mr. Sweeney. Mr. Barry was honest enough no matter what his politics might be, to want to see that province got what was due it. There was in the Crown Land office permits signed by his predecessor authorizing the Miramichi Lumber Co. to cut undersized lumber. A large amount of this had been cut, and in the hon. gentleman's stumpage on it, the hon. gentleman had made the company a present of it. Although the estimated cut for this year was only 60 per cent of average, stumpage would be paid on \$180,000,000. Many charges had been laid against North Shore lumber men two years ago at the forestry convention. The leader of the opposition had stated that many lumbermen did not pay full stumpage and that the lumbermen were in Northumberland. The gentlemen might have been further from the truth. His predecessor had expressed approval of change in book keeping but probably not by the old government. He could not have known much about book-keeping or he would not have allowed the wretched condition which was afterwards disclosed. The last year's audit had called in an auditor who did not get or was not allowed to get at the bottom of things.

#### The Fisheries.

The charge of his predecessor that no effort had been made to restock streams fell rather flat when it was known that under that gentleman's a stream had been fished out, and this government had only had a few months in office. An early effort would be made to restock them. He regretted that control of fisheries by THE DOMINION GOVERNMENT WAS ENTIRELY TO BLAME for the

delay in the settlement, and at any rate the late government had not been able to do anything. He thought the government was to be congratulated on the game protection of the last season. Mr. John Robinson had been dismissed as game warden because investigation showed him to be a STRONG PARTISAN WORKER AGAINST THE GOVERNMENT, and he did not think the ex-Surveyor General knew much about Chief Warden Knight's administration of game laws or he would consider the least said about that official the better.

Guides of the province appreciated the work of the department this year at least as expressed by the following resolution under date of March 23rd inst, at their meeting on that date. "Resolved that the guides assembled wish to put themselves on record as being thoroughly in favor of the splendid protection given to our forest, fish and game during the past year by the present government, signed, Charles Cremin, Geo. E. Armstrong, A. Pringle, Adam Moore, Rowland Allen, Fred H. Reid, James T. Summerville, T. H. O'Leary, John Connell, Wm. J. Dunca, H. H. Pringle, B. S. Moore, John Jarvis, W. H. Allen, David Cremin."

#### A Bluff Called.

In view of this resolution and testimony of people all over the province was his department deserving of ridicule and censure that the gentleman opposite sought to place on it? Referring to the charges against the character of the Crown Land officials, he said the member for Victoria had charged the Department with appointing criminals and other bad characters as game wardens. If the Hon. member knew of such facts it was surely his duty as a representative to acquaint the Department. He challenged the Hon. member to name those officials who were without character and every opportunity would be given him to prove his charges. The late Surveyor General had said that during his time no licenses were granted to hunting parties to go into the woods before the hunting season, but the records of the Department showed the contrary. Last year licenses were given to four responsible guides to go into the woods with hunting parties a few days before the season opened with their pledges that licenses would not be delivered until after the 15th September. One guide and the oldest and most highly respected one in the province, Henry Braithwaite, violated his pledge.

#### Twoeddale Backs Down.

Continuing Mr. Grimmer read letters and telegrams from Mr. Curless, refuting the statements made by the member for Victoria that a game warden by the name of Vassor had refused to pay as game warden and at the same time working in the Burgess & Davis mill.

It was the intention of Game Warden Vassor to come to Fredericton and face the Hon. gentleman and make him prove his charges or retract them.

#### Mr. Twoeddale replied THAT HE HAD NO PERSONAL KNOWLEDGE OF HIM.

Mr. Twoeddale replied that he had no personal knowledge of what his colleague, Mr. Burgess, had told him. Hon. Mr. Grimmer said that the member for Victoria, protected by his seat in the Legislature, had made contemptible attacks upon John B. Stevenson, a scaler. Mr. Stevenson had communicated with him (Grimmer), that the charges of the member from Victoria were ABSOLUTELY FALSE, that he HAD NEVER BEEN IN GAOL, THAT HE IS NOW CHIEF RANGER OF THE VERY ORDER OF FORESTERS WHICH MR. TWOEDDALE ACCUSED HIM OF EMBEZZLING FROM. Mr. Stevenson is school teacher at Arthurette, under license from the Board of Education, and he is a neighbor of the member for Victoria. If the latter knew or thought he was a criminal and bad character, as he had stated in the House, he was not doing his duty as a representative of the people by not calling attention of the department of education to it.

Hon. Mr. Grimmer went fully into the matter of game wardens in Victoria County which the member said was being withheld. He read from orders on file in the Crown Land office, for which the thirty-six game wardens were appointed on the order of Surveyor General Sweeney on March 22, 1908, THE DAY BEFORE THE PROVINCIAL ELECTIONS. He read the list of names and AND APPOINTED FOR POLITICAL PURPOSES, but he had allowed them pay for eleven days they served.

The address was then passed unanimously, and a committee appointed to lay it before His Honor the Lieutenant Governor. Hon. Mr. Fleming moved that the public accounts and Auditor General's report be laid before the accounts committee, and that the house go into supply on Thursday next. House adjourned until 3 p. m. Monday at 10.30 p. m.

### THE STANDARD

A well known business man writes: "Congratulations on the first appearance of The Standard. It is certainly a splendid edition, new and attractive. It was a pleasant surprise and relief for a host of long-suffering readers who have been compelled to read the indigestible literature handed out by the Journalistic Trust connected with the 'Federal Government.'" Fredricton Herald: "The Standard undoubtedly makes a good appearance." Moncton Times: The Standard, the made its appearance yesterday. Its geographic and local news service is up-to-date, and the editorial department, it is needless to say, is ably looked after by Mr. S. D. Scott, who left the Sun when that paper was bought by the Grits. The mechanical arrangements are not as yet complete.

# NEW Princess Costumes

OUR REASON for adding a costumes department is that in all the leading cities including Paris and London Furs and Costumes are companion lines. Our premises are particularly adapted for the carrying of costumes and dresses. Comparatively little additional expense is necessary, and on this account we can offer high class and exclusive costumes at more moderate prices than would be possible under other conditions.

Our object is not to conflict with existing trades that supply the less expensive suits. Our costumes sell from \$15 to \$60. Every garment will be silk lined—the styles will be exclusive as we can make them—the range of patterns shown will be sufficiently large that duplication can be avoided, and your suit will not be handled, priced and seen by everybody before you purchase it.

We will be able to execute special orders in stunning models for made-to-measure costumes at \$25 to \$35. These will bear all the style touches of the leading fashion centres. We can execute orders in from ten to twelve days from a selection of over 350 patterns of the season's new materials and fashion's latest colorings.

We have engaged for this special work an expert designer and fitter from Boston. When you see our models you can judge pretty well if our plans meet with your approval and our facilities enable us to supply your special wants.

The best results can always be obtained when special fittings are possible. Our best advertising medium will be through well satisfied customers who receive finely made well fitting costumes—each garment bearing in every line and curve the trademark of the expert designer and experienced ladies' tailor.

We want your support and influence in the upbuilding of a business that should prove a benefit to every lady who has experienced the trials and delays incidental to dress making. If you have any suggestions that you think will enable the Dunlap-Cooke Co. Ltd. to make their store one that you'll be proud to send your friends to for their costume requirements we'll be glad to have the benefit of your suggestions, and when you buy here remember that it is under our guarantee, "Money refunded if not satisfied."

To facilitate the leaving of special orders for costumes we are allowing railway fare from points within 75 miles of St. John. Parties of ten ordering suits in St. Stephens, Woodstock, St. Andrews, Fredericton, Sussex and intervening points may have special designs and models submitted and fittings made by our special designer and fitter at their homes.

GOOD WORK OF IMMIGRATION DEPARTMENT

During the latter part of December, 1908, the Government of New Brunswick took the initial step towards placing this province in line with the other provinces of the States of the Empire as a desirable home for the settler...

During the past two months and down to the present time, Mr. Wilnot has directed his efforts with a view to giving the province the progressive and vigorous immigration policy called for by the Government.

Help Supplied. An effort is also being made to supply the farmers with much needed help. Farmers are invited to send their applications for labor to the Superintendent of Immigration, St. John, who at once forwards them to a reliable immigration office in Great Britain...

Advertising. Realizing that immigration follows advertising, the Provincial Government is considering the most effective method of bringing the attractions of this province to the attention of desirable citizens of other countries...

Other Systems Known. Mr. Wilnot has interviewed the officials of the Provincial Immigration and Colonization Departments of Nova Scotia, Quebec and Ontario...

It has been pointed out to the Dominion Superintendent of Immigration that New Brunswick does not share with the other provinces the Federal appropriation for the expenses of the Provincial Immigration Department...

C. P. Railway Helps. A few days ago C. P. R. officials were in conference with the Government at Fredericton and have promised to co-operate in all matters pertaining to immigration...

THE FAIRVILLE FIRE. It was a matter of grave concern what might have been the outcome of the recent disastrous fire at the Provincial Hospital. The proper safeguarding of the unfortunate there should be the first care of the Government...

That Missing Bureau. They had created a bureau of labor and had appointed their colleague Mr. Barnes to look after it. That gentleman spent most of his time hunting round to find the bureau. From Boctou from there to the Queen Hotel and from the Queen to the Departmental buildings where they chased him out.

POLICE CIRCLES

In the police court yesterday two drunks were fined four dollars each. Walter Morrison was fined \$3 for using profane language on Sydney street.

Michael McNulty was arrested early Friday morning by night Detective Lucas for wandering about the streets and not giving a satisfactory account of himself. The prisoner informed the court that he had no place to go and was a vagrant.

John Irvine was fined \$10 for smoking and being profane in the McLeod warehouse. The fine was allowed to stand against him.

THEY APPRECIATE IT.

St. John, N. B., Mar. 25, 1909. To the Editor of The Standard. Dear Sir:—Permit me to congratulate you on the general appearance of your paper. The report was issued for the first time this morning. The general makeup of the paper is splendid. Though we have so many daily papers, there is certainly room for another, providing that one will give us anything like correct reports. The reports of the meetings during the last campaign, in all papers, but The Globe, must have been nauseating to any fair-minded person. I know that I attended meetings and when I read the account of them next day, I began to think that I had not been at that meeting at all, so distorted and biased were the reports.

I shall do all possible to encourage the sale of The Standard. Wish you success, I am, Yours truly, KENDALL HALL.

HON. MR. MAXWELL IN SPEECH GIVES EFFECTIVE ANSWER TO FALSE CRISCS--EXPANS GREAT SAVING GOV'T HAS MADE TO THE PEOPLE

Following is the speech of Hon. Robert Maxwell delivered in the Legislature Thursday evening. It was counted one of the best heard there this session.

Hon. Mr. Maxwell. Hon. Mr. Maxwell said it was wonderful with what unanimity the Opposition side avoided any reference to the record of the old Government. It was also remarkable with what unanimity they declared their willingness to do all possible to assist in framing legislation. Yet they spent hours in criticising everything the present Government had done and proposed to do.

Mr. Copp had gone out of his way to sneer at the great services which rendered at the disastrous fire at the Provincial Hospital. It was well known that the Premier was on the ground and active in directing efforts to subdue the fire and to secure the safety of the inmates.

Mr. Copp has also sneered at the references to the fisheries claim and had been particularly offensive in his sneers at gentleman appointed by Sir James to confer with the province in regard to settlement of this claim. He had also referred to the Commission of Agriculture in a particularly insulting manner.

Mr. Copp would try to make the House believe he was the most righteous and independent member of the House. Many members present would remember the position he took when he proposed to guarantee bonds for the Central Railway. He made a very critical speech, but when auditor general's report was published the reason was plainly seen. Sitting here as a member of this House he was also in receipt of large sums of money from the federal Government.

He had taken up an hour discussing the audit act but last year when this act was before the House he lent no help to try and perfect it. The Hon. member for St. John Co. had stated that a string of horses could be driven through it, but he could not find a gentleman that would not be driven through it, and if he ever became attorney general again he would not be able to get such large and extravagant advances for imaginary services as had been done in the past. The leader of the Opposition criticised the Government severely but when Robinson was Provincial Secretary, what was the condition of the province?

There were suspense accounts and over drafts, and when he told of the financial position he was either ignorant or willfully deceiving the people. He had engaged special auditors to make a statement of provincial finances which he put forward as true, yet in that statement there was not one tittle of the suspense account. The attorney general or of the Crown land Department which accounts must have been deliberately withheld from the auditor.

The Liquor License Act. It would be expected that he should say something in regard to the proposed amendments to the liquor license act. He had been twice as having undergone a course of front and he would tell them just where he stood. He was just as strong a prohibitionist as ever and he believed the prohibition must ultimately come. A good deal of ill-natured criticism had been directed against the executive and it had been insinuated that the Premier was against prohibition and had overridden them all. He regretted that the Premier had not been in his seat because he had a lot to say and was loud in his complaints that prohibition formed no part of the Government's program. He had claimed that the Opposition were the only ones who had any regard for the homes of the country. He, Maxwell, had hailed with delight the advent of the junior member for Restigouche into the House. He had seen the signature of another supporter. In the session of 1907 he, Maxwell, had moved an amendment to the liquor license law providing that a majority of persons voting and not the majority of the total number of voters should decide as to the issue of a license and he approached the junior member for Restigouche to second the amendment in the interest of temperance, but he found that his party feelings interfered with his temperance principles. He told him that the matter had been discussed in caucus and he would have to support the resolution which they had come to. The leader of the Opposition would see that where the question of temperance was concerned, it had to take a second place to party interests with the Hon. member for Restigouche. No one would say that the Premier was against the change in the law. When his (Maxwell's) amendment was ruled out of order the present Premier said that the ruling was wrong and they appealed to the House from the Speaker's ruling. In the vote which took place on the Hon. member for Restigouche's vote was not counted. The present Premier's position was against the change in the law.

Two transfers from the Newfoundland conference to this, Rev. John Durand and Rev. Ernest Pugh are asking permission to make the move. Rev. Mr. Young is well known in St. John, having been for some years, pastor of the Fairville Methodist church.

General E. L. and S. S. Committee. During the same time, the general committee on Epworth Leagues and Sunday Schools of the Canadian Methodist church will be meeting. Rev. G. M. Young will represent the N. B. and E. Island conference, and Dr. Woodbury, of Halifax, will go from Nova Scotia.

REV. G. M. YOUNG LIKELY TO JOIN NOVA SCOTIA CONFERENCE

If his resignation and application for transfer is accepted, the Methodist conference of New Brunswick and Prince Edward Island will lose one of its most prominent and capable clergymen in the person of Rev. G. M. Young, of St. Stephen. A Popular Minister. Rev. Mr. Young has received an invitation to the Brunswick St. church of Halifax, and has accepted it conditional on his release by this conference. His application will be considered by the transfer board of the General Methodist Church of Canada, which meets in Toronto next week. Rev. S. Howard of this city will attend the sessions of the transfer board, as president of the N. B. and P. E. Island conference. Rev. Dr. Carman is chairman of the board, with the presidents of the various conferences as members.

Another interesting application for transfer to go before the board is that of Rev. H. W. Weddall, now of the

again and up to the time of the present Government relieving him of his trouble he was still looking for the bureau. The policy of the Government was in strong contrast. They had appointed a practical farmer who also had some knowledge of law to the position of Superintendent of Immigration and he was ably qualified to advise the newcomers in their best interests. His efforts would be supplemented by practical men on the other side and he hoped to see in a very short time this province flourishing like a garden.

The School Books. One would think the Government had been guilty of the most grievous crime in Canada because they had reduced the price of school books not more than 40 per cent. From the remarks of the Hon. member for St. John County on the subject it is pretty evident that he has no idea of seeking re-election. He, the speaker, although very much interested in the remarks of the Hon. member for Gloucester, Sormany, was surprised to find him falling into such anti-logical positions as to suggest that the Government should find free clothes and boots as well as books. The Government was not charged with clothing the children of the province but it was charged with their education and although they were not directly finding children books, indirectly they were for the saving on the cost of books which pay for their boots.

The Flood Contract. The Opposition seemed to think that the importance of horses was a crime because the Government had not lost any money. Had the same resulted in a deficit they would have had nothing to say because such a result would have been in line with their own experience. He, the speaker, might tell the Hon. members that if they had had three carloads of horses instead of one they would have been as readily disposed of. Many farmers thoroughly approved of the importation and some of them were disgusted at the utterances of the members of the Opposition and their press organs.

Gloucester Iron Mines. With regard to the development of the Gloucester iron mines, a commission had been appointed to inspect them, of which he was a member and he was agreeably surprised to find their enormous possibilities. But he was rather surprised at the attitude of the member for Gloucester, Byrne, who seemed to consider that some deal was being engineered. The speaker hoped that the hon. member would see the error of his way and be willing to help.

Small Lumber Cut. He regretted the paragraph in His Honor's speech stating that an increase was anticipated in the revenues from Crown lands. The inference abroad was that the Government expected an increase of the department of the matter of fact the cut on the amount of lumber was not published and posted early enough in the season and not until after some of the operators had made their arrangements for the season's work and this had necessitated and some instances considerable loss to the operators. He would suggest that next season the rules and regulations of the Surveyor General's department be made public early so that the lumber operators may govern themselves accordingly.

Liberal Support Government. He recognized that there are a large number of Liberals in Northumberland county who are supporters of the present administration. He would warn the Government that at the moment they tried to make the affairs of the province or the administration serve the purposes of the Conservative party at Ottawa in this province, that moment he was ready to oppose them. So far he had no reason whatever to complain in that regard. He had the support in the election contest of the Commissioner of Public Works and he thought that gentlemen had the right to support him. Reports had been circulated and canvassed made that there was a deal on between him and the Hon. member for St. John who wished to be the honorable minister, but to such statements. There was no deal nor agreement of any nature between them. He believed that the Surveyor General was sincere in his desire to give his department the best possible administration and he could excuse members of the Government if they had made mistakes in the first year of their administration because they were not familiar with their duties and what he now had to say was in the way of friendly suggestion rather than criticism. It was said in Northumberland that the regulations of the department regarding cutting lumber on Crown lands were not published and posted early enough in the season and not until after some of the operators had made their arrangements for the season's work and this had necessitated and some instances considerable loss to the operators. He would suggest that next season the rules and regulations of the Surveyor General's department be made public early so that the lumber operators may govern themselves accordingly.

Rich Prefers to be Tried Without Jury. R. Earl Rich, charged with obtaining money fraudulently from F. S. Farris, provincial manager of the Excelsior Life Insurance Co., and who was committed for trial by Magistrate Ritchie on Wednesday, was tried before His Honor Judge Forbes before the Speedy Trials Act on Monday morning next at ten o'clock. C. H. Ferguson will prosecute and D. Mullin, K. C., will appear for the defence.

PERSONAL. J. Willard Smith left last night for Salem, Mass., to look after the wrecked schooner Ravola. Dr. and Mrs. A. Pierce Crockett and Miss Austin left yesterday on the Empress of Britain for a visit to Europe. Rev. C. D. Schofield, his mother, Mrs. George A. Schofield, and Miss Schofield are arranging to visit England during the coming summer. Judge MacLeod returned to the city yesterday. C. C. Flewelling returned from Woodstock yesterday. Dr. J. P. McInerney, M. P. P., returned from Fredericton yesterday. A. H. Hanington came in on the Boston evening yesterday. Dr. J. E. McIntyre, Douglas Avenue, returned to the City yesterday. H. B. Robinson returned from Montreal yesterday. Samuel McCord, who has been visiting his parents at their home, Belle Vue avenue, North End, returned to Amherst yesterday. Col. H. H. McLean, M. P., came in from Ottawa yesterday. Garfield White, of Apple River, who has been in the city for the past few days, left for his home yesterday. Capt. James Howden and H. Stewart, of Halifax, are registered at the Victoria. N. L. Rand, of Moncton, was at the Victoria yesterday. Mrs. A. K. Thompson, and Mrs. John White and daughter are at the Victoria.

POLICE ARE CONFIDENT. Hamilton, Ont., March 26—Not since they took hold of the case have the police been more confident of solving the Kinrade murder mystery than they are at present. Provincial Detective Miller, of Toronto, who was here yesterday, declared the investigation now under way was proving very satisfactory. A complete new plan of the Kinrade home is being prepared for use at the next session of the coroner's inquest.

BURIED YESTERDAY. The funeral of Mr. Charles Murray took place yesterday afternoon from his late residence, Pond street. The remains were taken to the Cathedral of the Immaculate Conception, where the prayers were read by Rev. W. Duke. Interment was in the new Catholic cemetery. The remains of Mr. George Worton were interred in the new Catholic cemetery yesterday morning. The services in St. Peter's church consisting of High Mass of Requiem, were largely attended. Rev. E. J. Holland, C. S. S. R., celebrated Mass. The funeral was from the residence of Mr. Worton's mother on Main street. MOVED TO TORONTO. Toronto, March 26—All the members of the Kinrade family reached this city last night from Hamilton. The party secured a cab at the Union Station and were driven to a boarding house on Sherborne street, where it is expected they will remain pending the resumption of the coroner's investigation into the murder of Ethel Kinrade.

### LATEST GOSSIP AMONG THE PEOPLE WHO ENTERTAIN US

DeWitt Cairns, St. John's pleasing baritone, has been engaged to sing in Keith's magnificent theatre, The Bijou Dream, Boston. Illustrated songs are not used in this house.

Emma Felix, soprano heard at the Nickel, in this city during two different engagements, is working in a repertoire company now touring the south. She mailed cards to St. John friends from Lexington, Ky., this week.

Frank Stanton, of this city, who managed the Cameraphone engagement at the Nickel, has organized a clever little company to tour Lower Canada with talking picture and short comedy sketches.

Mr. Edouard Auger, local representative of the Kinetograph Co., is in Nova Scotia and Cape Breton on business.

Fred Winter, of the hustling firm of Moncton showmen, Torrier & Winter, was in town Wednesday. He says his new \$50,000 theatre will be opened April 12th, by the Klark-Urban Co., and as a modern show-shop it will make sister cities rub eyes. Among other bookings are the Myrtle-Harder Company, Kirk Brown's Co., Torrier & Winter. Will continue to conduct their picture theatre as well.

Harry Bennett, the Lauder impersonator at the Nickel, is an Englishman from Cooks. Mr. Bennett while in this city by Mrs. Bennett, who is a Halifax lady. Mr. Bennett while in this city has received numerous calls from his city of adoption, Toronto. Enthusiastic Scots find him out too, and "have a grip of his hand."

From time to time showpeople's circles in St. John are started with rumors of the opening of vaudeville theatres, but so far nothing definite has been given out. Already three parties—or three combinations of parties—are bringing acts to this section of Canada. These people are: Aker, the Halifax manager; Torrie & Winter and a Sydney-Halifax, Nickel partnership. Other houses use the acts after the importers are through with them. It is stated should vaudeville ever become a reality in St. John that surprising developments would quickly arise from other quarters—a bombshell with the fuse all ready to touch off.

The singing team of Holmes & Buchanan is in New York resting and taking in the current musical features for their future adoption. On leaving St. John, Miss Holmes, Mrs. Buchanan, went directly to Worcester, Mass., to settle some property mat-

ters. She rejoined her husband in New York at Mr. Buchanan's parents' home, yesterday, where on Sunday the 28th, they celebrated their first wedding anniversary with a family reunion. Mr. Buchanan's father is Joseph C. Buchanan, politician and newspaper man.

Considerable comment has been created about town this week at the rather novel act presented by Miss Andrietta at the Princess, whose sweetly peculiar Italian accent and singing method was quite striking.

The Nickel has discovered another convenience for its patrons; a broad, easy stairway exit from the eastern side of the auditorium, leading out to the street through the large fence at the entrance. The exit is well-lighted, is strong and as easy to navigate as a home staircase. The new accommodation was used Thursday for the first time and patrons were delighted with the easy and rapid manner in which they reached the street.

F. G. Byardford, formerly manager of the Nickel in this city two years ago, has opened a second picture house in St. John's, Newfoundland.

Joseph Kilcoyne, F. G. Spencer's magnificent basso at the Unique, Charlotte street, created quite a furor among music critics this week, by his remarkable rendition of the old sea song, "Rocked in the Cradle of the Deep." Aside from big concert specialists Mr. Kilcoyne is possibly the richest basso ever heard here.

It is stated A. K. Mundeel will reopen St. Andrew's rink as the Happy Half Hour again when the curlers are finished with it for the season. Mr. Mundeel has been home from his American trip about two weeks.

The Star Theatre, in Union Hall has made a decided impression upon the people of that section of town since its opening, nine weeks ago, by the quality of its pictures, its special travel tours and bright music. Despite rumors of opposition the Star is planning on some radical developments, backed by theatrical magnates friendly to the owners.

UPON SAME FOOTING.  
WASHINGTON, D. C., March 26.—After consideration at the cabinet meeting today, President Taft ordered the restoration of marines on board naval vessels upon the same footing that they were before the Roosevelt order, relieving all of them from ship duty, was issued some months ago.

### SUSSEX MAN HAS LEG BADLY FRACTURED

SUSSEX, March 26.—Major Guy S. Kinnear is suffering from a fracture of one of his legs, sustained a few days ago. Mr. Kinnear is manager of the Kinnear Poultry Company and at this season of the year the accident means much to him. The injury was the result of a twofold accident, the first resulting in the breaking on one of the smaller bones of the leg below the knee. In its weakened condition the limb was snapped off a few days later by a fall.

By the death of Squire Dennison, who passed away at Bloomfield on Monday, one of the oldest residents of the county is no more. He was a resident of Sussex for some years before a few months ago removed to Bloomfield. He was 82 years of age and when in business at Passakeag some years ago was asked to become a candidate for the legislature. He declined the honor preferring private life. He was very generally esteemed by all who knew him. His niece, Mrs. Robert McFee and her husband have been at Bloomfield attending the funeral. Mr. Dennison was a staunch follower of the late Sir Leonard Tilley.

Word has been received from White's Cove of the destruction by fire of the Bruce's house and barns at Waterborough. The property was one of the best known in that section of the county.

LeRoy Ferguson, son of Robert Ferguson, who left here some time ago for the West with a big shipment of cattle has arrived safely at Edmonton. The shipment consisted of a lot of Holstein cattle, which were sent out on an experiment.

Rev. H. H. Saunders, of Paradise, N. S., who preached here a short time ago, has accepted a call to the Main Street Baptist church here to succeed Rev. G. Kennedy who goes to Woodstock.

H. B. Price, for twenty years connected with the Sussex Mercantile Company and S. H. White & Co., leaves shortly for Washington, D. C., where he will be associated with his brother, who is a well known contractor. Mr. Price has been prominently connected with the Church Avenue Baptist Church and was president of the parish Conservative association.

A shooting case is being ventilated in the local police court. The principals are residents of Sussex Corner. The plaintiff alleges that the young man who threatened to use the gun and later pointed it and snapped the hammer, went to his house and caused trouble. The defendant has issued a counter writ and alleges assault and battery. The next hearing is set for Saturday morning.

Ald. W. H. Hayes has closed a deal by which his livery stable business is transferred to William McLeod, brother of S. A. McLeod. The purchaser has been in Montana for some time and recently decided to return to Canada. Ald. Hayes intends taking a trip to Calgary and other western points.

### LITTLE CHANGE IN THE MARKET ON WALL ST.

New York, N. Y., Mar. 26.—The dullness of the stock market was accentuated today, but the character of the market was but little changed. The professional observers of the dealings are inclined to argue favorably from the power of resistance manifested. Reaction is postponed in spite of the running out of the demand and from this it is inferred that there is no inclination to sell stocks. The demand remains, however, at a very low stage. Interest today centered chiefly in a few lower grade stocks and the movements in these had no other reason, so far as was revealed than the suspected operations of pools in the stocks. The stocks in which the Hawley interest is dominant showed some life and from this it was inferred that additional railroad deals are intended by that operator.

### Some More Reasons For Our Success

Our long experience has taught us just what the public needs. Our course of training is kept up-to-date, and meets just these needs. Our graduates' good work has been our best advertisement. The public has confidence in our statements. Catalogues to any address.

white crepon trimmed with white satin, she also wore a bridal veil and orange blossoms and white carnations. There were no bridesmaids, but she was attended by the little Misses Lillian Codner and Gladys Lilley, as flower girls. Both were dressed in white silk organdie, and carried bouquets of white roses. Rev. Neil McLaughlin officiated. A wedding supper was served, after which the nuptial festivities were kept up until midnight. The presents received were numerous, some of them coming from England. A congratulatory cable was also received from London, England. Mr. and Mrs. Jones are natives of London and have only been in St. John for about eighteen months, but during that time they have made many friends.

### CUT HIS THROAT.

Bangor, Me., Mar. 26.—In what is supposed to have been a temporary fit of insanity, Fred Palmer, a traveling vendor of spectacles, who hails from Beverly, Mass., cut his throat with a small pocket knife about three o'clock this afternoon, at the home of his father-in-law, John Mulligan, 301 Main street. Death resulted a few minutes later.

TEA TRAYS 545 PRIZES---\$890. DOLLS--FREE Until July 1st, 1909, Mandarin, Eagle and Tiger Tea. W. F. HATHEWAY CO., Ltd. Packagers of Tiger Indo-Ceylon Teas. Dear Sir:—Our choice at home of Tiger Tea is grade—at—c. per lb. It is true that the tiny dried, whitish buds in Tiger Tea give it that fine delicate flavor? We used to drink China T a years ago, but prefer the Tiger Tea in 1-lb. packets, as it looks clearer, and because Tiger Teas are prepared and packed by machinery instead of by the nasty, sweaty hand-treatment as in China. The pretty blue and white label is enough to make one wish to taste a cup of Tiger Tea. The tiger paws on the label show how strong the Tiger Tea is. I am very glad to send you this letter about Tiger Tea, and if you wish I will send you a sketch of a tiger which would perhaps be fiercer than the tiger on your label. The rich cherry color of Tiger Tea pleases everyone, and I hope that you will always keep the quality of it as good as it is now. I enclose the 12 cards required, and tell you truly this is my own handwriting. Every Canadian should buy a 1-lb. packet of Tiger Tea, for, besides the good quality we know that the work of blending, labeling, boxing, packing, etc., is all done by Canadians in St. John. My age is my last school teacher was Hoping that this letter will win a Tiger Tea prize. I am, respectfully yours, W. F. Hatheway, Co., Ltd. February, 1909. St. John, N. B., Canada.
