HARTLAND ADOPTS HOUSING PLAN

Town Fathers in Special Session Name a Committee to Arrange for Loan of \$20,000

A special meeting of the Town Council was held on Tuesday evening for the purpose of receiving the report of the Housing Committee, appointed at the last regular meeting of the Council. Mayor McFarland and all the Aldermen were present.

Ald. White, chairman of the committee, reported that a meeting had been held and it was agreed to ask the Council to adopt the Housing Act, with certain modifications.

Ald. McQuarrie moved, seconded by Ald. H. R. Nixon, that the recommendation of the committee be adopted by the town.

Mayor McFarland, in speaking to the question, said he would like to see some real work done for Hartland, something that the present Council could look back in years to come with pride. Regarding the Act, His Worship had been following it since its adoption by the Federal government and believed it was a real benefit to the citizens. It gave towns an opportunity to borrow money at a low rate in order to build homes for their citizens, and ten or twenty new residences would be a big boost for Hartland during the coming summer. It meant an increased revenue for the merchants as well as additional taxes for the town. "Let us get the community spirit," declared His Worship "and look ahead to a bright future and work in unanimity in building up our town. The very best men possible must be secured to administer the Act, and if this is done the town will be taking no chances whatever." His Worship recommended J. E. McCallum, Frank Alton, Ald. Hatfield, McQuarrie and W. B. Nixon to comprise the local board, with A. E. Plummer to act as secretary.

Ald. McQuarrie asked that Ald. Hatfield be chairman of the Board and His Worship, building inspector.

Ald. Hatfield said he could not act on the committee in any capacity, as he was opposed to the town adopting the Act. He for one would not care to bind the town down to a twenty year contract, as the town was not

large enough for such a venture. It was unfair for the men who built homes last season and had to pay 3 per cent on borrowed money, and it would be an injustice in his opinion to loan money to prospective house-holders at 5 per cent.

Several motions, amendments and more amendments were put to the meeting, but it was finally moved, seconded, and carried unanimously that the committee as outlined by His Worship be adopted, and the Treasurer was authorized to apply at once to the government for a loan of \$20,000.

Mayor McFarland then called the attention of the Council to the incinerator at the lath mill, which was an alleged danger to the town. It was not his intention to knock any industry in the town, but the citizens were getting after him day after day and something must be done to remedy the matter.

Ald. Hatfield said it was news to him and he had heard no complaint. The company were taking all the risk at the present time. It was moved and seconded that the matter be referred to the Fire and Water committee, with instructions to interview the proper authorities so that the matter may be settled to the entire satisfaction of the citizens. Carried.

BABY LEFT IN HALL

AT WOODSTOCK

Woodstock, N. B., March 11—A young woman on her way to church early yesterday morning was attracted by a crying baby as she passed the police office at the Town Hall. A bundle in the alcove, on investigation, she found to contain a new born babe. On the quilt in which it was wrapped a piece of paper was pinned on which was written: "Take this baby to the hospital, its mother is dying."

The little one was cared for and afterwards taken to the hospital by Chief of Police Kelley for needed attention. It must have been placed in the doorway after 6 o'clock, as the night police came up Main street and went into the office at that hour before going home.

The authorities will make every effort to find those who left the child in the doorway. A similar case occurred not long ago and the guilty parties were never found. The child appears healthy and its two hours in the snow seemingly had no bad effect.

"The Queen of the St. Croix"

This is Mrs. James Innes of St. Stephen, who was first chosen as "Miss St. Stephen" and later selected from among three contestants as "Miss St. Croix" and was crowned last week as "Miss Canada." She was formerly Miss Louise Pierce, daughter of Rev. and Mrs. Thomas Pierce of Hartland. She has many friends here and all over the county. She may be a Hartland visitor soon.

AT THE BAPTIST CHURCH

The services at the Baptist church last Sunday were exceptionally well attended, and especially was this true of the evening service when the church was filled almost to capacity. The morning preaching service re-

cently begun is growing in interest and attendance. It is felt that when this service becomes well established it will prove a great stimulus to the religious life of the community. On Sunday at 11 a. m. the pastor, Rev. G. F. Bolster, will preach, taking for his subject, "They that were ready." The subject of the evening sermon will be "Knowing Christ." Every effort will be made to make these services a real inspiration to the people.

HARRY BELVEA LOSES AN EYE

On Monday a terribly sad accident occurred in the lath mill of Hatfield & Co., Hartland, when Harry Belvea of Windsor lost an eye and received other severe injuries.

A belt broke and a piece of it flying a considerable distance struck Mr. Belvea in the face with the result that the eyeball was knocked entirely out and crushed on his cheek.

The unfortunate man was taken to the office of Dr. Macintosh who was absent at the time and Dr. Belyea was called and rendered aid to the afflicted man. Later he was sent to the Fisher Memorial Hospital on a freight train, and while suffering a good deal his case is progressing favorably. Mr. Belvea has a wife and grown-up family. Mrs. Claude MacMullin is his daughter. The deepest sympathy of the community is extended to the man in his pitiful mishap.

A GOOD ANSWER

A farmer who was carrying an express package from a city mail order house, was accosted by a local merchant. "Why didn't you buy that goods from me?" he asked. "I could have saved you the express and besides you would have been patronizing a home store, which helps pay the taxes and build up this locality." With characteristic frankness, the farmer replied: "Why don't you patronize your home paper and advertise? I read it and didn't know you had the goods I have here, nor do I ever see your name in the paper inviting me to come to your store."

WILL POTATOES SOLVE IT?

A committee of the United States Senate having expressed a fear that unless the combines are broken, gasoline may go to a dollar a gallon, the Toronto Globe sees a possible great future for the potato. It says:—

"This may not be good news for the vast and rapidly increasing army of motorists, but it should cheer up the potato growers of New Brunswick, Prince Edward Island, Northern Quebec and Ontario, whose products have recently been shut out of the American market. Nowhere on the continent are potatoes grown more successfully than in our own northern regions, near the limit of cultivation. Long before gasoline reaches a dollar a gallon, alcohol from potatoes will take its place, and millions of tons of potatoes will be needed every year by the distilleries of industrial alcohol in the United States and Canada. It is said that alcohol can be produced profitably from potatoes at fifty cents per gallon and that it will compete very effectively as a motor spirit with gasoline. The man with the hoe in the potato patches of our Canadian Northland may soon exercise a far greater retarding influence on the soaring price of gasoline than committees of Congress or of Parliament."

REV. H. A. GOODWIN ON PROHIBITION

Speaks to Large Audience at United Baptist Church on Monday Evening

A large audience listened to Rev. H. A. Goodwin speak on the Temperance question at the United Baptist church Monday evening. Rev. G. F. Bolster acted as chairman. The members of the Baptist church rendered several musical selections during the evening.

Mr. Goodwin, on opening his remarks, claimed it was a pleasure far him to speak to a Hartland audience. A meeting of the Temperance Alliance was held in St. John on Jan. 2, and it was decided at that meeting to hold a series of meetings throughout the province to discuss the temperance question and see what could be done to strengthen the hands of the government so that the Act may be properly enforced. Mr. Goodwin dealt with prohibition from its infancy and showed how conditions had improved year after year. "We must keep on fighting," and he had a vision that within thirty years the battle would be won. The people opposed to the Temperance Act were the men who wanted an open saloon and men who made money out of the business. The Prohibition law as we have it today is a success, but not a complete success. The liquor interests control the government, and Premier Veniot was not playing the game fair. Why only a few days ago he was informed by a vendor that the Commissioners were getting after him for not boosting the sale of booze, and the province needed the revenue badly. The law has not had a chance, and he wanted to see a large delegation go to Fredericton on the 21 inst. and compel the government to enforce the Act, also ask the government to abolish the eight export and commission houses which are at present in the province. These houses are supplying the dealers and bootleggers with goods, and in order to enforce the act successfully, we must stop the source of supply. The Act was being used as a political issue and this was something which should be abolished by the present government. Political influences brought to bear upon Rev. W. D. Wilson two years ago and this gentleman was compelled to resign his position as inspector. Several editorial writers in the daily press were a disgrace to their profession, declared Mr. Goodwin, when they were trying to get the province to adopt the same law as that which exists in British Columbia. They were not sincere in their remarks. The people as a body should get behind the government and compel them to enforce the Act as it stands on the statute books of our province. Mr. Goodwin wanted to see a large delegation from Hartland to go to Fredericton on the 21, and assist the Temperance Alliance when they meet Premier Veniot on that date. The following were selected by a nominating committee: Mayor L. E. McFarland, Mr. and Mrs. S. S. Miller, Arthur Baird, Rev. E. W. Lester, Chas. Baker, Clyde Rideout, Fred Smith, J. E. McCallum and A. E. Plummer.

The full choir of Central Methodist was present and sang very sweetly, "Jesus Lover of My Soul," and "Rock of Ages," favorite hymns of the deceased. The pallbearers were Ald. Ambrose Wheeler, Ald. MRS. JAMES WATSON

The very sad death occurred on February 26 of Mrs. James Watson of Jacksonville Corner, after a few days' illness of pneumonia.

Deceased was 69 years of age, and leaves to mourn their sad loss, a husband, now stricken with years, being nearly ninety years old, one daughter, Mrs. Walter Kaye at home, two step daughters, Mrs. John Emery of Jacksonville and Mrs. Frank Baird of Bairdville, one brother, Herbert Burt of Minneapolis, besides a large circle of relatives and a host of friends.

Mrs. Watson professed religion in early life, lived faithful to her profession and as the end rapidly drew near gave strong evidence of her hope in the great beyond of a better home, and even expressed her desire to "Depart and be with Christ which is far better." We sincerely believe for her to "live was Christ, but to die was gain." Deceased was a daughter of the late Rev. Samuel Burt, whose memory is sacred to many because of his usefulness as a minister of the Gospel.

Funeral service was conducted from her late home, Rev. H. V. Bragdon officiating, assisted by Rev. F. S. Todd, L. A. Fenwick, H. S. Young. Very appropriate music was furnished by union choir of Jacksonville, Miss Tilley presiding at the organ. Pallbearers were John Emery, Frank Baird, Harley Hannah and Albert Burt.

Interment was made in Jacksonville cemetery. The large concourse of people in attendance and the beautiful floral offerings, bear silent testimony of the high esteem in which deceased was held. Much sympathy is felt for the aged, bereaved husband and family.

GREGG ROAD ITEMS

The community was shocked to learn of the death of Robert Wakem, a highly and much respected resident. Everyone appears to be wearing a pleasant smile since Jack Frost left for parts unknown. The last three weeks with such beautiful and clear evenings, makes this old life worth living.

Those who attended the party given by the Misses Georgia and Nellie Greene of Greenfield, report an excellent time.

Lee Thomas has returned from the far north, after an extended trip logging.

John Kinney has had the misfortune to cut his foot quite badly. He is doing nicely and will soon be able to be out again.

Our section of the road has been kept in good condition this winter. Much credit is due to those who kept the snow-plough busy.

Will Boyer and son of East Centerville have been doing much threshing here this winter. Just now they are finishing up the season's work.

In the limbo of forgotten things perhaps the dodo is about to be joined by that ancient evil bird, the gerry-mander.

Agonising! Weakening!

Before finding a remedy in Zam-Buk, many piles sufferers say that they hardly knew where to put themselves for the agonising, itchy, burning pain. Loss of blood made others so weak and ill that they despaired of ever being well again. But inflammation, pain and swelling vanish under the influence of herbal Zam-Buk that is why it is such a fine soothing remedy for hemorrhoids, piles, boils, eczema, ringworm, poisoned wounds, burns, scalds, etc.

PILES

"I suffered the agonies of piles for a long time," says Mr. J. A. Ruddy, of Killaloe, Ont. "I wasted lots of money on professed 'pile remedies.' But my weakening malady defied everything but Zam-Buk. To my joy, this great herbal healer speedily allayed the itchy, burning irritation. As I kept up the Zam-Buk applications the piles were gradually but completely banished."

Evangelist-farmer Fred Foster arrived in East Florenceville on Saturday last to conduct a series of revival services by the Methodist and Baptist churches. The campaign opened on Sunday night in the Methodist, the church being crowded on this occasion. The Florenceville Band rendered several selections during the evening. Between the acts the ladies occupied the time, selling home-made candy and pop-corn balls. BATH BREEZES

St. Patrick's Day, March 17, will recall to many an Irish immigrant, "The well beloved land where first they saw the light of day." Both they and their sons and daughters, Canadian born, will rejoice that the land of their forefathers, at present in rough sailing, is however fast approaching a harbor of calm, where the waves of unrest will no longer harass the ship of state and when Ireland with a replica of our own Canadian Constitution as a chart to guide her will progress by leaps and bounds, socially, educationally and commercially as a member of the British Commonwealth of nations.

Joseph Day, South Brewer, Me., spent Sunday here, the guest of his sister, Mrs. J. F. Commins.

Avon Nevors, prohibition enforcement officer, Hartland was in town Saturday on professional business.

Many here were shocked to hear of the death of Peter Millie of Glassville. Mr. Millie was well and favourably known here and the heartfelt sympathy of his many friends is extended to the bereaved members of the family.

Mr. and Mrs. Leo Kearney and son Charles are all confined to their homes by illness.

Mrs. John Murphy is also confined to her home by the prevalent flu.

The most universal and popular of sports, horse racing, seems to have ebbed out its life blood due to lack of co-operation. The promoters have done all in their power to keep enthusiasm alive. It is wonderful how many take an interest when they are not asked to contribute either by labor or money, but when either or all of these subjects are broached they seem to become instantly uncommunicated and uninterested as well.

It is hoped that this state of affairs may be over come before St. Patrick's Day, when if possible a bumper meet will be held and which will wind up the season in ice racing. This present era is one that calls for co-operation, be it in business, fraternal organizations or the home and last but not least—sports. In fact co-operation is the heart of any sporting venture. Young and old would do well to bear this in mind and also that they should. "Boost for the town's advancement. Boost for the things sublime; For the chap that's found on the top-most round is the booster, every time."

Magnet's Lifting Power

A piece of hardened tool steel in the shape of a horseshoe can be magnetized to lift approximately ten pounds per square inch. As the cross section is increased, the length must be increased proportionately to retain this strength per unit area.

HOUSING AND THE
TOWN COUNCIL

As reported in our news columns
 the Town Council has decided to try
 out the housing scheme. In brief, the
 Housing Act is a provision to assist
 residents of incorporated towns to
 build houses and pay for them at a
 rate not much greater than ordinary
 rent would be. The government loans
 the money to the towns and the towns
 loan it to the builder, taking a mort-
 gage upon the property. The builder
 must put up a sum equal to 15 per
 cent of the amount loaned. Payments
 must be made monthly. Any failure
 of payments means foreclosure of the
 mortgage at the discretion of the town
 council.

The Observer can better discuss the
 wisdom of the town adopting this
 scheme after it has been tried out than
 it is now able to do. It surely will be
 a fine thing if there is building activi-
 ty on a sound financial basis. The
 town needs enterprises if it is to be
 a town at all.

Two weeks ago The Observer ap-
 plied to the town council for water to
 run a small motor. The cost of the
 power required by The Observer is at
 present \$600 or more a year. The
 town refuses to supply the water even
 though The Observer offers to pay per
 1000 gallons twice the cost of pumping
 it.

The town council aims to cripple
 the roller rink and moving pictures
 by practically prohibitive taxation.
 Both of these enterprises are legiti-
 mate, component parts of an up-to-
 date town.

The town council rather frowns up-
 on the enterprise of Hatfield & Co. in
 establishing a mill, with a pay roll of
 \$800 weekly. It seems shocked at the
 sparks that may be seen at night pour-
 ing skyward from the incinerator. It
 would be a thrilling sight indeed if
 our town fathers should visit some of
 the real industrial towns of Canada
 and see the blazing furnace stacks
 and coke ovens that operate night and
 day and Sundays.

The town council seeks to impose a
 tax upon people who come into Hart-
 land to do business. Twenty-five years
 ago Woodstock was a laughing stock
 as the one remaining town in the civi-
 lized parts of the earth that imposed
 taxes on commercial travellers. The
 town needs an influx of people for its
 development and for more general dis-
 tribution of taxation.

For several years the town has been
 handicapped for labor in all lines and
 the only local residents out of work
 are those who are not over-ambitious.
 Up to the present the town has no le-
 gal authority for levying tax upon la-
 borers coming into the town, but it has
 collected considerable money. The
 question arises if they had no legal
 authority to collect the money, have
 they authority to keep it—and will
 they keep it?

It is a noteworthy fact that one of the
 most outstanding acts of beneficence
 Hartland town council has yet per-
 formed is to vote a sum in support of
 a graveyard. This seems rather hu-
 morsque.

Recently the Town Council voted
 to purchase raincoats for the firemen.
 Hartland Clothing Co., who have built
 one of the most imposing buildings in
 town and are among the heaviest tax-
 payers, could have supplied the coats
 for \$12 each, making a decent profit,
 which they deserve. But it was decid-
 ed that the order be sent to an Ottawa
 firm that could fill the order at \$11
 each. The coats will last until the
 present council is in the limbo of the
 past, and the cost would increase tax-
 ation a fraction of a cent per capita.
 But the town chooses to withhold a
 possible \$25 or \$30 profit from a local
 firm and call it good business for the
 town. But of course the power of ad-
 vertising is hard to resist.

EIGHT CONTESTANTS
ARE IN THE FIELD

Watch for Results Next Week When Figures
 will be Materially Changed—More
 Contestants Needed

The Miss Carleton and Miss Victoria contest is coming along and
 gives promise to be the liveliest and biggest contest that has ever
 been carried out in this territory.

Already there are a large number of contestants, and they are
 making an even start. It is not too late for other contestants to start,
 and every village should have someone competing for the very attrac-
 tive prizes offered.

More Contestants are urgently requested. The pluckiest, luckiest
 most energetic girl will not wait for some one else to nominate
 her but will go right into the work by her own effort.

There are two prizes, one for Carleton and one for Victoria county.
 Someone will win in each county. Others will be left, but will be re-
 warded by the work they do. The girl who says "I can't" will be far
 down in the list, while the girl who says "I CAN" will be higher up;
 but the girl likely to see Niagara Falls will be one who shall have said
 "I SHALL!"

The Contestants entered at this date are:

| | |
|---------------------------------------|-------------|
| HILDRED DELONG, Centreville, | 10000 votes |
| FERN MCGOLDRICK, Hartland, | 10500 votes |
| FRANCES JENSON, Bristol, | 5000 votes |
| LILLIAN O' REGAN, Grand Falls, | 5000 votes |
| GRACE KIRKPATRICK, Grand Falls, | 5000 votes |
| ALICE O' REGAN, Grand Falls, | 5000 votes |
| TRESSIE BELL, Grand Falls, | 5000 votes |
| MRS. JAMES FOLSTER, | 5000 votes |

The rules governing this contest are few and simple, and the win-
 ner shall be determined by the number of subscriptions which they
 can secure during the month of March. Anyone may nominate any
 girl in Carleton or Victoria counties and the cost of nomination is
 only the filling out of the blank below and mailing it properly signed
 to The Observer.

Each girl nominated will receive 5000 points at the outset. For
 each new subscription at \$1.50 she will receive 1000 points. A new
 subscriber that pays \$3.00 for two years in advance will count as 5000
 points. And a subscriber who pays \$4 for three years in advance
 will not only be getting a big reduction, but will favor the candidate
 of his choice with 10,000 points. Those who are already subscribers
 may assist the contestants by paying up arrearages and future years,
 but the point-count value is just half that of new subscribers. That
 is to say, one year at \$1.50 counts 500; two years at \$3 counts 2500,
 and three years for \$4 will count 5000 points.

No person employed in The Observer office can enter the con-
 test, but its correspondents or any one else within the two counties
 will be eligible.

Every contestant must do her best to help herself to secure sub-
 scriptions, and the ones who show the pluck and energy that is re-
 quired will be surprised at the encouragement they will receive from
 their friends. We expect everyone in the two counties will do some-
 thing to aid the contestants of their choice. The winners shall be
 judged by three individuals of unquestionable veracity. But they
 will not only be getting a big reduction, but will favor the candidate
 of his choice with 10,000 points. Those who are already subscribers
 may assist the contestants by paying up arrearages and future years,
 but the point-count value is just half that of new subscribers. That
 is to say, one year at \$1.50 counts 500; two years at \$3 counts 2500,
 and three years for \$4 will count 5000 points.

THE REWARDS

The winners of the contest will be outfitted with a travelling suit
 fully worthy of the style they are to travel in. They will be pre-
 sented with silver medals bearing a designating inscription and these
 will be of Birk's quality. The date of their tour will be left to them-
 selves, but it would be necessary that they travel together. They
 will go to Montreal by C.P.R., by standard sleeper, and will remain
 one full day at Mount Royal Hotel, the largest hotel in the British
 Empire. There will be a tour to the chief points of interest and up-
 on the famous Mount Royal, concluding the day with theatre or oper-
 a entertainment. Next morning they will leave for Ottawa having
 a cafe parlor car accommodation, and arriving at that city "red cap"
 will escort them through the tunnel to the House of Parliament and a taxi
 Ottawa there will be a visit to the House of Parliament and a taxi
 drive to Rideau Hall and other chief points. On the following
 morning they will go to Toronto which they will reach at night and
 have accommodations at King Edward, a magnificent hotel of fourteen
 stories. The following day will include a taxi drive to the parliament
 buildings, university grounds and other points of interest with a rest
 period when a visit may be made to Eaton's store. Late in the after-
 noon of the same day the party will proceed to Hamilton the Beauti-
 ful, and the following morning to Niagara-on-the-Lake. From Ni-
 agara return will be made to Toronto by boat and thence directly
 home by the C.P.R.

The Observer wants earnest, bright, attractive, energetic young
 women to enter this contest and enter it right away. Names at least
 of two contestants will be printed next week. Every contestant will
 be supplied with necessary forms and working outfit. While only
 contestants may win the trip prize and the distinction of being Miss
 Carleton and Miss Victoria respectively, prizes will be awarded to
 every other contestants who remain in to the finish, the value and
 nature of the prize depending upon the value of the service rendered.

We are already away to a good start, and for the next four weeks
 the Miss Carleton and Miss Victoria contest will be the big feature.
 ON YOUR TOES—EVERYBODY. GO TO IT AND WIN!

HAPPY MOTHER
PRAISES TANLAC

Mrs. Cooper Declares It Restored
 Health of Delicate Daughter—
 Gains 11 Pounds

"Six months ago Tanlac brought ro-
 bust health to my daughter Stella,
 is seventeen, and I wish I could tell
 every mother what a wonderful treat-
 ment it is," declared Mrs. Lillian
 Cooper, 24 Sauter St., Toronto Ont.

"Two years ago Stella began losing
 ground. Her cheeks faded, she was
 dreadfully run-down and so thin she
 was just a frame. Her nerves were
 so excited I feared I would have to
 take her out of school, for while doing
 her lessons she could hardly keep still
 and at times couldn't write at all.
 Her appetite was so poor she scarcely
 ate enough to sustain life, and her
 sleep was so restless she was always
 tired and worn out.

"I bless the day when I bought the
 first bottle of Tanlac. My daughter
 has gained eleven pounds, eats hearti-
 ly, sleeps soundly and her studies are
 like play. The Tanlac treatment is
 grand, and I believe it should be in
 every home."

Tanlac is for sale by all good drug-
 gists. Over 35-million bottles sold.

Complete Fertilizers

While the word "complete" in describing fertilizers is one that is
 very much used and very long used, it does no harm in going over it
 again and telling just what it means.

If you read a book written about fertilizer or go to a lecture on
 that subject, you will rarely or possibly never see or hear any reference
 made to a complete fertilizer. This is because they are still dissem-
 ing and experimenting with one element chemicals the same as Experi-
 ment Farms and Agricultural Colleges were doing approaching fifty
 years ago.

A complete fertilizer is one that contains the three elements of
 plant food, Ammonia, Phosphoric Acid and Potash. These are the
 elements removed from the soil by the growing plants and the ones
 which nature does not replace. They appear to be the ones that go
 into the actual fruit or vegetable or grain that goes into food.

Not only does a complete fertilizer furnish these required ele-
 ments, but it furnishes them in the proper form. Merely feeding the
 plant Ammonia from Nitrate of Soda, Phosphoric Acid from Acid
 Phosphate and Potash from Muriate of Potash is not enough. Plants
 require a mixed ration as much as animals. This is shown by nume-
 rous series of experiments in all countries all of which point to the
 conclusion. This conclusion is that fertilizer to give the best results
 must obtain their plant food from varied sources.

The mere fact that a certain analysis can be obtained is not the
 final test as to whether or not you have a real fertilizer. What your
 fertilizer costs is not measured by the cost of some fertilizer chemicals
 on your barn floor in the spring, but the crop yield on your barn floor
 in the fall.

This is the theory of the fertilizer manufacturer, that fertilizer is
 made to stand the test of the crop yield on the farm and not only the
 test of the analyst in the laboratory.

A report of the results of numerous experiments at the experi-
 mental farm at Ottawa concluded by saying "A FERTILIZER CON-
 TAINING THE THREE ELEMENTS OF PLANT FOOD HAS IN THE
 MAJORITY OF CASES PROVED THE MOST PROFITABLE." Similar results are reported from Ohio, West Virginia, Pennsylvania
 and even from China.

WE ADVISE ALWAYS FOR ALL CROPS COMPLETE, HIGH
 GRADE, MIXED FERTILIZER, COMPLETE BECAUSE IT CON-
 TAINS THE THREE ELEMENTS OF PLANT FOOD, HIGH GRADE
 BECAUSE THEY ARE THE MOST ECONOMICAL TO USE AND
 BUY, AND MIXED BECAUSE MIXED MATERIALS ARE MADE
 FROM THE BEST MATERIALS AND NOT THE CHEAPEST, AND
 UNLESS MIXED THE PLANT FOODS CANNOT GET THEIR
 SHARE OF THE DIFFERENT ELEMENTS.

We offer particularly low prices in carload shipments, draft with
 bill of lading. We suggest you write us before buying this year's
 fertilizer.

DEBATE ON SWIM HANGING

T. W. Caldwell, Carleton-Victoria; R. B. Hanson, York and P. Michaud, Take Part in the Discussion—Mr. Caldwell Says that the Investigation Did Not Go Far Enough

While Parliament was considering supply for penitentiaries on Friday, reference was made to the hanging of Benny Swim at Woodstock last year. The Hansard report of that part of the debate is as follows:

Mr. Caldwell: I would like to call the attention of the Minister of Justice to some things that have happened during the past year in connection with capital punishment. We have had capital punishment in this country for a long time, and it is possible we shall not abolish it at the present time. We had a case during the last year, in the county in which I live, of a man being executed in such a bungling manner that it was commented on, I think, by all the papers in Canada. I know there is a very strong feeling in my province, and I think in other provinces of Canada, that capital punishment should not be carried out at the county gaols, but that some provision should be made for executing prisoners who are condemned to death in the penitentiaries or at some central place in the province where proper arrangements can be made to carry out the law in this respect. Living in the county in which this bungling occurred last year, I feel that I would be remiss in my duty if I let this opportunity pass without calling the attention of the Minister of Justice to the matter. I have no doubt that he has received communications on the subject, and I should like to know whether it is the intention of his department to have executions carried out in future at the penitentiaries in Canada.

Mr. Hanson: I would like to add a word along the same line as the honorable member for Victoria and Carleton. This matter has been brought very forcibly to the attention of the country by reason of the terrible bungling that took place in an execution in the county of Carleton, New Brunswick. A capital crime of some enormity was committed down there, and the death penalty was imposed upon the accused. I quite appreciate the fact that under the constitution the carrying out of the punishment for that offence is imposed upon the provincial authorities, and that in consequence a constitutional question arises in connection with my honorable friend's suggestion. The sheriffs are appointed by the provincial government and for the most part they are very fair officials and carry out their duties with a certain degree of exactness but in the case of capital punishment almost invariably they refuse to perform their duty. I am not casting any reflections upon the sheriff of Carleton county. He probably did what any other sheriff in the county would have done. He endeavored to get some other person to perform the task that the law had imposed on him and so far as he failed to do it himself, with the result that the whole community, the whole country in fact, was shocked at the manner in which the punishment was inflicted in that case. It is not perhaps any business of the Dominion, strictly from a constitutional point of view, but it does occur to me that a convention or arrangement might be made with the provincial authorities whereby the imposition of capital punishment might very well be carried out by officials of the Dominion in the penitentiaries at the various centres. I hope that the Minister of Justice to which I have already spoken about this matter will give it his best consideration. The country will not stand for a repetition of what took place in Carleton, New Brunswick last year.

Mr. Michaud: I want to emphasize the remarks made by the honorable member for York-Sunbury (Mr. Hanson) in connection with a hanging that took place in New Brunswick summer. What took place on that occasion was very unfortunate; someone is to blame, and I hope the Minister of Justice (Sir Lomer Gouin) in

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. ELLEN A. RITCHIE, 83 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable on such conditions. It has in many cases relieved these symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

the near future will have the law of our province altered so that a man convicted and sentenced to be hanged will be hanged in the yard of the penitentiary, and not in the yard of the county jail. Moreover, the sheriff of a county is not a competent man to hang one of his fellowmen. The man who should look after these serious matters ought to be appointed by the government of this country, and he ought to be the only man required to assume the duty.

Mr. Caldwell: In view of the discussion that has taken place regarding where the blame is to be attached for bungling the execution of a man in Carleton county, I should, perhaps say another word. Our sheriff spared no effort to get a competent hangman and secured a man recommended to him by the sheriff of Montreal as being competent. On the day before the execution was to take place, the sheriff received a telegram stating that on account of an accident this man would be unable to attend. Our sheriff would not hang the man, and I would be very sorry if he had to undertake such a duty. I do not think the sheriff of a county should be compelled to do the hanging for that county. He is an official who must perform his official duties and meet the people of his county in his very day official work.

Mr. Bolvin: This is part of his official duties.

Mr. Caldwell: Yes, but we should change it so that it should not be part of his official duties. Later on, he had the sentence postponed, because otherwise, under the Criminal Code, should the execution not have taken place on the day appointed, the man would have got off and could not be hanged afterwards. The sheriff came to Montreal and, for fear of a slip-up the next time, employed two men, each recommended to him as competent to perform the hanging. He took them both down, and I believe the hanging was carried out in a very efficient manner. The trouble was that the man was cut down before he was entirely dead. An investigation was held and the sheriff was exonerated from all blame in the matter. I think the investigation did not go deep enough; it did not place the blame where possibly it rightly belonged. Several surgeons were present, who were testing the man to find out whether he was dead or not; but whether the surgeons pronounced him dead and he was accordingly cut down was not made clear. As the sheriff would not perform the hanging and had to employ another man, he must pay that man out of his own pocket. This is not fair. I do not think a sheriff is a competent man to hang a person; he is a man selected to do the duty of sheriff of a county in enforcing the law, and unfortunately this is, at the present time, part of his duties. If executions were carried out at provincial penitentiaries, it would be well to have an efficient man to officiate for a province, possibly for two provinces. I would not say that. You cannot expect every sheriff in every county to be an efficient hangman. Capital punishment is part of the law that I have never approved myself; but as it is to be carried out, it should be carried out in an exemplary manner without a hitch, and this is not always the case at the present time. I hope the Minister of Justice (Sir Lomer Gouin) will see to it that this is arranged.

Sir Lomer Gouin: No one regrets more than I do this painful incident which was referred to; but as has been admitted by all honorable members who have spoken, the carrying out of capital punishment is a matter in the jurisdiction of the provinces. We are told that it should be the duty

of a sheriff to carry out capital punishment. That may be so; but that is for the province to see that the sentence is carried out. A proposition is made that the executions should take place in provincial penitentiaries. First of all, there are no provincial penitentiaries. All our penitentiaries are Dominion. It has been suggested that, if possible, one penitentiary, where executions should take place, should be chosen for each part of the country. This is another matter that must be decided first by the provinces, and if the provinces ask us to lend a penitentiary for such executions, this is a matter which we might discuss and agree upon. I am disposed to do anything possible to prevent a repetition of such an incident. I understand that an investigation has taken place to find out where the responsibility for its rests. I have no comment to make as to the decision which was reached; but it is my intention to communicate with the different provinces to try to find some way to give satisfaction to the people of Canada on this point.

LOCAL AND PERSONAL ITEMS

The lucky coupons at the picture house, when the drawing takes place will entitle the holder not only to a free pass to all the shows held in April, but likewise a year's subscription to the ever-popular Observer. In event of the holder already being a subscriber, he or she may award this to any friend. The votes in either instance will be awarded to the Centreville representative in the Miss Carleton contest. Take a chance, "lightning never strikes twice in the same place."

Friends here are glad to know of the entry of Miss Mildred DeLong of Centreville into the Miss Carleton contest, and will wish her the best of luck in her coming campaign. We know of no other paper as easy to get subscriptions for as The Carleton Observer. Natives of the county, both at home and abroad clamor continually for their copy of this most popular weekly. The contest will narrow down and be awarded eventually to the young lady who has the most backbones for—

"Pinck will win, its average is sure. She wins the fight, who can the most endure. Who faces issues, she who never shirks."

Who waits and watches, but who always WORKS."

Quilt suppers seem to be the main head-liners each week of late. On Tuesday evening at the supper hour, the ladies of the Methodist church held their affair at the home of Mr. and Mrs. A. C. Gibson. This supper is an annual episode and fortunately so, otherwise the 75 hearty souls and appetites who attended would be fit subjects for a beautiful little headstone with "Gates a Jar" engraved thereon. The editor wouldn't give us room to particularize so we forbear to give a menu of the menu from soup to nuts. The sum of \$33 was netted for church purposes.

Mrs. and Mrs. F. J. Eatabrooks returned on Saturday from Greenwich where they spent the past month with the latter's parents.

Mr. Lutes, representative of the Maritime Picture Corporation, a purely Canadian company, and making all their films on Canadian soil, was calling on the business men this week soliciting orders for stock in his concern.

B. L. West has been on the indisposition list, but is able to be about again.

The High School Basket Ball team plan to go to Fredericton for two or three games in the near future.

"Smiles are trump" on Tuesday evening was a picture of an extraordinary, snappy character, and gave the 10 episode of "Bride 13" shown

on the same bill a good run for its money in the way of thrills. The story was representative of life among construction camps in railroad building and was pregnant with fights and fistuffs, and a good live battle in every reel. Maurice Flynn in the leading role got admirable support from Ora Carey, the only lady in the picture, Myles Mearthy and others. The picture was well assembled and each time that a mean man deserved a heavy trouncing, he got it. On Saturday evening we were thrilled with the vivid and truthful portrayal of a home life, representative of a great many throughout this busy, pleasure-loving country. "Remembrance" furnished Claude Gillingwater a mighty vehicle in which to show how many a head of a family is only a treadmill on which to tramp out dollars for shiftless and thoughtless children. The author, through an illness which overtook the old man, very subtly shifted the attitude of all the children toward him and painted a pretty moral. Cullen Landis and Patsy Ruth Miller, with a good cast gave admirable support. A scenic, "The Wanderlust" with a good comedy, "Money Talks" completed the bill. On Saturday, 17 inst, the feature film will show Thomas Meighan in "A Prince There Was" a recent release and on Tuesday watch for Dustin Farnum in "Strange Idols." "Bride 13" is still running at this theatre. Be sure and save all coupons for the drawing for April's free pass on Saturday evening, 31 inst. You may be the lucky one this time.

The members of the U. B. church guild gave a supper in the church parlors on Friday evening to about 50 guests. The proceeds went to swell the fund of the guild.

JOHN CARPENTER

John Carpenter, a highly respected farmer of Bloomfield, died at his home Tuesday night, at the age of 84 years. He leaves his wife and nine sons, Charles, Delbert, John and William in the west; Spurgeon, Lakeville, Edgar at Hartland, Jesse at Bloomfield. He leaves a number of grandchildren and great-grandchildren. Mr. Carpenter was a highly esteemed customs official for many years. The funeral was held Thursday afternoon.

Open Child's Bowels with
"California Fig Syrup"

Even a sick child loves the "fruit" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother!
