

CITIZENS REBEL AT ATTEMPTS OF CZAR AND CZARLETS TO GOVERN PEOPLE OF LONDON IN TORONTO

Technicalities Easily Found to Throw Out Break- water and Storm Sewers, Also Citizens' Will on Board of Control.

BUT ELECTRIFICATION HAS EASY PATH WITH WILLING MEMBERS

Londoners, particularly those living in the outlying sections of the city, are exercised over the treatment accorded their registered desires by a committee of the Ontario Legislature in throwing out of the city of London bill the clauses relating to the storm water sewer system combined, the permanent breakwater, and the board of control.

Many contend that it was an arrant piece of "fixing," and that the city reason those clauses were settled upon for defeat was because certain people wanted the electrification question to be without a rival when it went to the people.

Workmen in general are beginning to appreciate the fact that the men behind the "million-dollar luxury"—the electrification of the London and Port Stanley Railroad—in order that "the powers that be" may have some place to unload some of the costly electricity, are sacrificing everything in a selfish desire to have the decks clear.

WORKMEN DISCUSS "KNIFING."

A number of workmen on the rear of a Hamilton road car Thursday night discussed the question from all angles.

"It's a shame," said one of them, pointing to Horton street, with its lakes of mud and ruts, "to think that we cannot have our will. These streets are a disgrace to any city, and yet the Legislature throws out a clause providing for storm sewers, which would alleviate this situation, to make room for a wildcat proposition. This thing has been pretty thoroughly discussed in the shop where I work, and 90 per cent of the men are against it. They realize what they are up against."

"ARE WE POWERLESS?"

"We all realize that," said another of the men, "but what are we to do? We have elected men who are fixing things to suit their own purposes and we are powerless."

"Oh, no, we are not," said a third. "We will show them when the question is sent to the people. It will get the worst defeat any such proposition ever got in this city. At one time I was firmly convinced that it was a good thing for London, but since seeing to what extent some people were ready to go to further their ends I can readily see that there is something crooked about it. If the people who are agitating for electrification had gone ahead and let things take their natural course there would have been a good chance for it, but all this mysterious work has put the people upon their guard, and they now realize that there is something wrong."

WEST LONDON IS SEETHING.

To say that residents of West London are angry is putting it mildly. They are fuming, and in every store or shop the sole topic of conversation this morning is the action of the Legislature and the methods employed by certain people to swing things as they want them.

"Adam Beck and Mayor Graham, and their old scheme!" said one woman, the wife of a storekeeper. "We understand where we are now, and you can make sure we will sit on Adam Beck and his scheme when it comes up."

There was some talk this morning of holding an indignation meeting in West London, but nothing definite has been done about it.

Merchants and ratepayers all over the city expressed themselves decidedly when asked what they thought of the action of the Legislature.

MR. MANNING'S VIEWS.

Mr. W. N. Manning, of the Sherlock-Manning Piano and Organ Company: "I think good roads are the most important thing for a city. We have heard a great deal lately about giving the people a chance to vote on questions. No one objected to the voice of the people on the electrification of the London and Port Stanley; so why are they refused an opportunity to express themselves on the breakwater and storm water system?"

Mr. W. Gorman, president of Gorman & Eckert Company: "I think that a storm sewer system and a permanent breakwater are real necessities. West London has to have a permanent breakwater, and I would like to see the ratepayers have an opportunity to vote on the questions."

THE REAL NEEDS OF LONDON.

Mr. J. G. Pritchett, of Pritchett & Hind, grocers, Wharncliffe road, South London, said: "I think it is a mistake. London West needs and must have a permanent breakwater, and the rest of the city needs a storm water sewer system, but we do not need an electrified London and Port Stanley Railway."

Mr. W. H. Lister, druggist, Wortley road, South London: "A storm sewer system is London's greatest need. Our taxes are high enough without spending a lot of money on electrifying the London and Port Stanley Railway. West London needs a breakwater, and I think the necessities should be attended to first."

AGAINST ONE-MAN RULE.

Mr. W. W. Kaiser, butcher, Wortley road: "The action of the Legislature looks curious to me. I can't see why one man should be allowed to run things as he wants to in a city the size of London. Our tax rate is too high at present, and although we need a permanent breakwater and a storm sewer system, we do not need an electrified railroad, which is already up to its ears in debt."

Mr. W. Mullins, grocer, West London: "I think the city asked too much when it requested \$75,000 for a breakwater, because it could be built for much less. However, we need it badly, and as the rest of the city needs a storm sewer system I think those propositions should be taken up, and the electrification question abandoned for the present at any rate."

LIVES IN DANGER.

Mr. J. Clark, president of the West London Progressive Association: "It looks funny to me. London West wants a breakwater badly, and our lives are in danger every minute, and the rest of the city needs a storm water sewer system. Well, we know what we will do to certain pet schemes when they are sent to the people. Go into almost any house in West London this morning and ask any of the owners what they think of the deal we received. They will tell you."

Mr. E. A. Pocock, secretary of the West London Progressives: "A number of us discussed this thing Thursday night and this morning, and we know pretty well what has been handed to us. However, we hope to overcome that, and you can wager that we will be waiting for the electrification question."

GIVE PEOPLE CHANCE TO SAY IF THEY APPROVE COURSE OF LEGISLATURE, SAYS RICHTER

"They may have power to do it," said Ald. Richter today, referring to the action of the Legislature public accounts committee in throwing out the board of control clause in the city of London bill, "but it seems strange to pass so much without the sanction of the people, and throw this out on a technicality because it was voted on as a plebiscite rather than a bylaw."

"The people have declared for it twice, and now it is turned down as a result of a mistake made in submitting the question to the electors."

"However, it will come up at the council meeting Monday night. Something more will be heard of it, and an effort will be made to put things right, and give the people an opportunity to say whether they approve of the action of the Government."

Has Gone Beyond Summons of Police Court Magistrate

"Patrick Coyne," called Magistrate Judd in police court this morning. There was no reply, and those in the courtroom looked about expectantly. The staff-sergeant advanced and whispered a few words to the magistrate, who immediately proceeded to call the next case.

Patrick Coyne was the aged man who died in the county jail on Sunday and had to be taken to her home.

last. Through an oversight, his name was not erased from the police court blotter, and it was not until the magistrate had called his name that he realized that the prisoner had gone before a higher court.

Falls on Street; Removed to Home.
While attempting to cross Dundas street at Ashland avenue Thursday evening, Mrs. C. Ferguson, a resident of Mary street, tripped over an obstruction left on the road by employees of the street railway company, and fell into one of the numerous holes that are in the road in that section. She was considerably bruised and had to be taken to her home.

River Thames Is Again Rising

Early this afternoon the Thames River at the locks has risen three feet, and was still rising. Up to the time of going to press it had not assumed a dangerous height, but if the rains throughout the district continue, it is feared that the breakwater in its present weakened condition will be ill capacitated to withstand the pressure.

STAY JAIL ORDER AND ORDER VOTE IN SCHOOL CASE

Appeal Court Judges Give Decision in Favor of W. Nissouri Trustees.

Order For Commitment Held Up, and School Board Gets Power To Consult Electors.

In the appellate division at Osgoode Hall Thursday the long-continued West Nissouri continuation school litigation case, a decision embodying a signal victory for the trustees who were recently ordered to be committed for contempt was handed down. The effect is to stay the previous ruling and to order that a vote be taken if the township council refuse to comply with certain instructions. The complete decision is as follows:

Appellate Division—Before Mulock, C. J., Clute, J., Sutherland, J., Lettich, J. Re West Nissouri—G. S. Gibbons (London), and F. Aylesworth for appellants. W. R. Meredith (London), Ernest McCutcheon and Simon Bright for order of Latchford, J., of March 26, 1913, whereby on motion of appellants he found appellants guilty of contempt for disobedience to order of Middleton, J., of July 23, 1912, and ordered them to be committed to the common jail of Middlesex until they purge themselves of said contempt. Appeal partly argued and adjourned two weeks to enable township council to deal with the application of the school board for \$8,000, and if they refuse to pass bylaw to grant \$3,000 then to enable the school board to take such steps as are necessary in order to cause the township council to submit the proposed grant to the qualified ratepayers. The operation of the order of Latchford, J., stayed until this motion is finally disposed of.

Carnegie To Be Asked for Help To Buy Organ

Chalmers Presbyterian Church in Need of New Instrument—May Solicit Aid.

Chalmers Presbyterian Church of this city may apply to Andrew Carnegie for financial assistance in the installation of a new pipe organ.

A meeting of the congregation was held last night at which the matter of instrumental music for the church was considered, and a new pipe organ was the only solution. The board of managers was instructed to make the necessary arrangements.

The trust which handles the Carnegie Library and other philanthropic funds is to be communicated with to ascertain conditions under which such assistance is available for congregations requiring new church organs.

It is understood that the requirements are somewhat similar to those imposed in the case of municipalities where libraries are required.

PLEADED GUILTY

George Glein Admitted Stealing Goods From Knitting Company.

[Special to The Advertiser.]
Woodstock, April 4.—William George Glein, or George Glein, who was arrested in Toronto for the local police Wednesday, today pleaded guilty here to stealing \$120 worth of goods from the Oxford Knitting Company, by whom he was employed.

Judgment was reserved for a week, which Glein will spend in jail. He is an ex-army man, having fought in India, and is a pensioner.

THE WEATHER.

TOMORROW—CLEARING, COOL.

Forecast.
Toronto, April 4—8 a.m. Fog, clearing, cool.
Today—Strong southerly wind, with west winds; occasional showers and local thunderstorms.
Saturday—Clearing and cool.
Temperatures.
The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:
Stations. High. Low. Weather.
London. 59. 42. Cloudy.
Victoria. 54. 32. Fair.
Calgary. 48. 28. Cloudy.
Winnipeg. 48. 28. Rain.
Toronto. 56. 34. Rain.
Ottawa. 48. 36. Rain.
Montreal. 48. 38. Snow.
Quebec. 48. 38. Snow.
Weather Notes.
The depression mentioned yesterday now covers the Great Lakes, attended by heavy rains and local thunderstorms. It is also causing snow and rain in Quebec and the Maritime Provinces.
In the West the weather is fine.

EVERY boy was a newsboy and every girl a newsgirl today. Hundreds of them carried papers in bundles and bags and baskets, in wagon loads, and even on sleighs. It was a happy time for the children, and the above photograph shows children arriving with their donations at Princess avenue.

By Staff Photographer.

ST. THOMAS MAN PROVES HIS STATEMENTS ABOUT HIGH PRICES CHARGED FOR POWER

Manager of the Monarch Knitting Company of That City Discovers That Commercial Handbook of Canada Gives Figures to Prove That Rates Are Excessive—Others Follow in Protest Against Enormous Charges.

Mr. Philip Pocock, chairman of the waterworks commission, has stated that "it is absurd, etc." for The Advertiser to reprint an article from the St. Thomas Times, an ardent supporter of the Whitney Government, outlining the complaint of a St. Thomas factory manager that he could secure cheaper power in other places.

Much Cheaper Power.
Mr. A. K. Aker, manager of the Monarch Knitting Company, stated to the manager of the power department at St. Thomas that he could secure cheaper power in quite a number of places, and stated that it could be secured from Galt for \$13, from Port Arthur for \$17, from St. Catharines for \$15, and from Welland for \$12.50 to \$13.00.

The St. Thomas Times stated that Mr. Aker had sent a letter to the power department saying that his firm had received offers for power from the above municipalities. This was an error.

From Commercial Handbook.
Mr. Aker, in conversation with The Advertiser this morning, said that he had obtained his information concerning the power rate for the municipalities mentioned from no less an authoritative source than the Commercial Handbook of Canada.

"They have been talking about reductions and reduction until I wanted to know what we were going to pay for power," said Mr. Aker. "I went to the power department and told the manager that I would like to know what our power rates would be. I also said that we could get lower prices in other places."

Produced the Proof.
"This he denied, so I produced the handbook, and showed the official advertisements of the municipalities which I had mentioned. If their word were worth anything they would have said so power as they stated. The figures were as follows:
Galt \$13 per horsepower
Port Arthur \$17 per horsepower
St. Catharines \$15 per horsepower
Welland \$12.50 to \$13 per horsepower

RAILWAYS MAKE NO PROVISION FOR TRANSPORTATION OF PEOPLE WHO SUFFER FROM ACCIDENT OR ILLNESS

A correspondent of The Advertiser in Dutton agrees with the suggestion made by an English physician to the effect that all trains should be equipped with a compartment for invalids. The correspondent relates the case of a lady who was removed from her home, twenty miles west of St. Thomas, critically ill. Relatives were with her, and she was taken to a seat, and propped up with cushions. She had to be carried to the train, and the other passengers were harrowing to the other passengers. She was carried in a conveyance to the St. Thomas hospital, but it was another kind of vehicle that brought her home. She was in her coffin.

Cause of Suffering Humanity.
"I have read The Advertiser long enough to know that your pen is ever ready in the cause of suffering humanity," adds the correspondent. "I entreat you in the cause of suffering humanity to take up this suggestion and to see that the railway companies do provide a compartment on all passenger trains for the privacy and comfort of such cases as I have mentioned."

Need Proper Compartments.
It is an everyday sight at the London stations to see suffering persons carried from passenger and baggage coaches. Many times persons who are unable to sit up, and who are in intense pain, suffer greatly on journeys to the city.

"We provide for the comfort of everyone, but do little for the suffering," said an official. "There is scarcely a day passes but sees some sufferer carried from the trains to the ambulance. I think the railway companies would be glad to provide the compartments if they were legislated for."

REHOBAMITES TO BE INVESTIGATED IN UNITED STATES

Immigration Authorities at the Border Assure Woman's Relatives They'll Act.

Preacher Who Interviews the Leader of Cult Is Unpleasantly Received.

The American immigration officials may yet consider the question of whether the Rehobamites with their Canadian converts should be allowed to return to the United States. Local authorities who communicated with the Port Huron officials were assured that a lookout would be kept for the Rehobamites at border points, and if they have not yet crossed the line they may be held for an investigation. If they have already reached Chicago their case may be inquired into there.

Rehobam is a man who believes in saying as well as doing whatever the Lord dictates. For instance, when a local clergyman questioned him as to the kind of marriage certificate which he and Mrs. Rehobam jointly treasure, the gentleman of the cloth was emphatically consigned to an unpleasant place. Mrs. Rehobam intimated that she had been previously married to another man, and that she was the mother of a family, whom she visits once a year.

ELECTRIFICATION FATHERS STARTING TO SCENT DANGER

People Waking Up to Adam Beck's Effort to Found a Little Monarchy.

Will of the People Disregarded in Amendment and Mutation of Bill.

The dangerous game of trying to forestall a vote on storm sewers and the West London breakwater has aroused such a volume of protest that "the fathers" of electrification are beginning to back-pedal. By itself the amendment of the bill, by itself, although the clause providing for a breakwater in connection with the storm water sewers system, as asked by West London, was given the knife.

Must Wage Fight Alone.
The result is that West London is denied the hope it cherished of having its breakwater proposal submitted in a manner that would have an appeal to the whole city.

West London believes it can secure a breakwater if the proposal is combined with storm sewers. It does not feel certain of success if it comes up as a separate proposal.

The people of London were beginning to come to the conclusion that London was being run by Adam Beck as a little monarchy all his own, and the warning note came to his representatives.

Through the direct defeat of the people's will in the board of control (marked for slaughter because it was backed by the alderman whom the people elected at the head of the polls) they are convinced that they are being thwarted in their desires on technicalities.

Question of Legality.
It matters not that there is a serious question as to whether the Legislature has power to permit the issue of \$800,000 on electrification. That was never brought into doubt. The people had never asked for electrification, as they had for a board of control, yet it sailed through when "the master's voice" commanded.

That there was a determination to absolutely throw out the breakwater proposal in any form was indicated, the public will weakened at the last.

The effort is now being made to placate the people by offering to let storm sewers and the breakwater scheme go to the people before electrification, with a campaign of the usual kind conducted by the Free Press in an effort to kill both proposals.

Mayor Graham now says that in all probability the storm sewer question and the breakwater bylaw will be voted upon the last of May, and will probably be submitted to the people at the same election. He could not say under the electrification of the Port Stanley Railway would be voted upon at the same time.

The vote on electrification and the breakwater, Mayor Graham says, might possibly be later than May. Before the House is prorogued, it is requisite to the submission of these two projects to the people, after which the usual four weeks of advertising must ensue.

BOLD DECLARATION OF KING NICHOLAS

Says Montenegrins Will Capture Scutari and Mean to Keep It.

[Canadian Press.]
London, April 4.—King Nicholas of Montenegro is determined to capture and hold Scutari, according to a correspondent of the Pall Mall Gazette at Cetinje, who declares that the king made the following statement:

"I assure you that I and my people mean to keep the land we have taken during the war. We mean to take Scutari and mean to keep it. That is the dominating impulse of the Montenegrins, who know too well that it is far better to die fighting than to go on living as we are doing now."

The king pointed out that the possession of the fertile lands of the Zeta Valley was a question of life and death to his country, and that the people were prepared to defy the will of Europe and fight for victory or extermination.

"Scutari will be my capital in the future," declared the king in conclusion.

Paid \$3 For Assault.—Edward Johnston was convicted of assault upon a companion named Howell in this morning's police court. He was fined \$3 and costs. The two young men had a dispute over a game of pool in a local poolroom Thursday night. When Howell came out of the poolroom he was attacked by Johnston, who knocked him down on the sidewalk and kicked him.

POLICE CAPTURE GIRLS READY TO USE THE TORCH

Suffragettes Launch New Reign of Terror in Revenge for Leader's Sentence.

SCOTLAND YARD WARNS RAILWAYS

Some Empty Trains Greatly Damaged by Explosives Near Stockport, Cheshire.

[Canadian Press.]
London, April 4.—Two girls, suspected of being militant suffragettes about to commit an outrage, were arrested before dawn this morning. They tried to escape from the police by dropping bags they were carrying and running away. The bags were said to contain paraffin, paper saturated with oil, candles, matches, cottonwool, patent fire-lighters, etc. In each of the bags was a paper bearing the scrawl: "Behave how you treat Mrs. Pankhurst."

The girls were brought up at the police court, where they gave their names as Phyllis Brady and Millicent Dean. They were remanded on the charge of being suspected persons. They had explained to the policeman who arrested them that they were returning from their Easter holidays.

Scotland Yard Warns.
Warnings were sent out today by the directors of the railroad systems throughout the United Kingdom to the effect that militant suffragettes had threatened to burn stations in various parts of the country. Patrols were ordered to be organized at all stations and in the tunnels.

Some empty trains were greatly damaged by explosives near Stockport, Cheshire, in the course of the night, and suffragettes are suspected of having committed the outrage.

A canister of explosives had been placed under a seat in one of the cars with a quantity of fire-lighters, saturated with resin and oil. The first explosion splintered the sides of several cars, a number of doors being hurled long distances.

Try to Bomb Depot.

There was also an attempt during the night to blow up Oxford station in Surrey on the London, Brighton and South Coast Railway, but the damage caused by the explosion was inconsiderable, only the windows and doors of a lavatory being shattered. A travelling basket was found in the lavatory containing a clock timed to go off at 3 a.m., and some cans of petrol. A fuse had been set into a small package of gunpowder, which evidently exploded without igniting the petrol. A revolver was found outside the lavatory which apparently had been dropped during a hurried exit.

Methodists May Build Hospital and College Here

Some suggestions in favor of a new Methodist hospital and college were advanced at the Methodist council meeting on Thursday night. For some time there has been considerable talk amongst Methodism in this city to erect church institution buildings, although no definite plans have been made.

Rev. Richard Whiting is one of the most ardent supporters of the scheme, and spoke strongly in its favor. Judging from Mr. Whiting's remarks, it is very likely that a college and hospital will be erected in this city. It is known that leading physicians are in favor of and would support another hospital if erected in London. Owing to the lateness of the hour the matter was left over and will be discussed at a later meeting of the council.

The nominating committee to appoint officers for the next year's council were named.

The question of taking evangelical work amongst the foreign quarter of the city was also introduced and discussed. The majority of those present favored acting in conjunction with other Protestant denominations in this work. This subject was also laid over until more information could be secured on the subject.

FEARS SON MAY HAVE PERISHED AT DAYTON

Peter Taff Learns One Boy Lost Everything and Another Has Disappeared.

There is a possibility that at least one former Londoner perished in the flood which swept over Dayton, Ohio, a week ago. James Taff, son of Peter Taff, an employee of the city, who resided in Dayton at the time of the flood, has not been heard from since, and although another son, Mr. Joseph Taff, resides in the same city two blocks from where James lived, he has heard nothing of him.

Son Loses Everything.
In a letter received from Joseph, who resides at 123 Kirkham street, Dayton, Mr. Taff learned that his son had lost everything he possessed in the flood.

"He, with his wife and child, was up on the roof of a house for two days," said Mr. Taff. "In his letter he says that he saw women and children being washed down the streets in the water, and that after the flood subsided there were hundreds of dead horses lying on the streets."

"Food was very scarce there for the first few days, and at one time he and his family were in a starving condition," continued Mr. Taff. "And he also says that he saw a man and woman standing on the main street offering \$5 to another man for a loaf of bread which he was carrying."

Mr. Taff says that he fears for his son James' safety.

Brother Searches City.
"If he were all right I feel sure that he would write to me or notify me in some way," said he. "His brother has searched in Dayton for him, but so far has been unable to locate him, and I know that if James was all right he would turn up at his brother's home in Dayton."

Some Growing Children

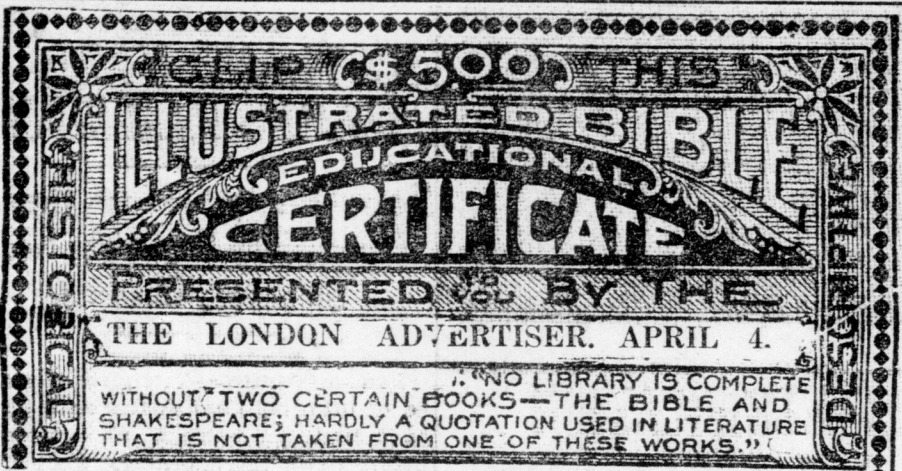

are under size—under weight. Some grow tall and thin, others are backward in studies—pale and frail—*improper assimilation is usually the cause.*

If your children are not rugged and ruddy and rosy—bubbling with energy and vim at all times, you owe them **SCOTT'S EMULSION**—nature's concentrated nourishment to build body, bone, muscle and brain.

Children need SCOTT'S EMULSION to progress.

SCOTT & BOWNE, TORONTO, ONTARIO. 12-24

Pelletier Scurrys To Cover When Questioned On Contract

But Opposition Is Determined to Sift Mail Bag Lock Transaction to the Bottom—Lemieux's Queries Remain Unanswered With Single Exception.

Ottawa, April 3.—Out of eight questions on the committee order paper today relating to Hon. L. P. Pelletier's three hundred and fifty thousand dollar contract for new locks for his majesty's mail bags, only one was answered. The Opposition intend to sift the transaction to the bottom, and to press the demand made by Hon. Rodolphe Lemieux for an investigation. Today's unanswered questions asked for full particulars as to the records of the postoffice department in regard to the purchase of locks, as to the experts who were consulted about the new locks, the reasons for suddenly deciding to replace all the locks now in use, etc. To all these questions Mr. Pelletier was unprepared with an answer.

ATTACK DELAYED IN ORDER TO BURY DEAD

Montenegrins Will Not Advance on Scutari For Few Days—Servians After Guns.

Vienna, April 3.—The Montenegrin attack on Scutari, according to advices received here, has been postponed to the end of the week, owing, it is said, to heavy losses. The Montenegrins are busy burying the dead and attending the wounded. The delay will also enable the Servians to bring up fresh siege guns.

Servia's determined support of Montenegro is causing increased agitation in Austria. The reported arrival at San Giovanni di Medua of a Russian steamer with guns, ammunition and clothing for the Montenegrins, gives the Austrian papers an opportunity to attack Russia.

Constipation Vanishes Forever

Prompt Relief—Permanent Cure

CARTER'S LITTLE LIVER PILLS never fail—Purify vegetable—act surely but gently on the liver. Stop after dinner—distress—cure indigestion—improve the complexion—brighten the eyes. Small Pill, Small Dose, Small Price. GENUINE must bear signature.

COL. HODGINS LOOKS OVER A NEW CAMP SITE

Attrill Property, at Goderich, May Not Be Used For Training.

[Special to The Advertiser.] Goderich, April 3.—Col. Hodgins, D. O. C., No. 1 district, was in town today, and in company with a few members of the council looked over some property suitable for the annual camp. The colonel would say nothing definite as to whether the camp would be here this year or not. It is thought that nothing will be done as far as the Attrill property is concerned. The trust company refuses to grant the use of the same unless the department of militia buys it. This the Government refuses to do as yet, claiming the price to be too high. The sum asked is \$40,000. The matter will be brought before the council tomorrow night at its regular meeting.

ALBERTA CAMPAIGN IS PROVING LIVELY

Warm Exchange of Personalities Between Sifton and Bennett. [Canadian Press.]

Calgary, April 4.—The controversy between R. B. Bennett, member of Parliament for Calgary riding, chief spokesman of the Conservatives of this province, and Hon. A. L. Sifton, premier of Alberta, is becoming acute. Bennett is quoted by an evening newspaper as saying the real issue in the Alberta campaign was whether people ought to remain in power who exploit office for their own personal purposes.

At a Liberal meeting the Premier replied to Mr. Bennett, styling him as a "hypocritical humbug." The Premier said Bennett's business partner had appeared before the Government in the interest of implement combines against the farmers. The meeting was a lively one, and there were frequent interruptions.

Clifford ofnes, Liberal candidate for South Calgary, stated that if elected he would guarantee equal suffrage for the women of Alberta.

PAID \$3,000 FOR HORSE. [Special to The Advertiser.] Milverton, April 4.—Mr. Stephen McEldan has just imported a fine black Percheron stallion for which it is rumored that he paid in the neighborhood of \$3,000.

TAX EXEMPTION TO BE INCREASED

Amount Will Be Raised From \$1,200 to \$1,500 in the Cities.

MARRIAGE ACT CHANGES

Penalty for Minister Who Performs Ceremony Knowing Either To Be Unfit.

[Special to The Advertiser.]

Toronto, April 3.—In the Legislature today Mr. Rowell succeeded in getting an admission from Mr. Hanna that a bill would shortly be introduced to carry out the recommendations of the special committee on assessment to increase the amount of exemption in cities from \$1,200 to \$1,500, and \$900 to \$1,200 in towns and villages, as well as to repeal the "farm lands" clause, under which unimproved lands in municipalities may be assessed as farm lands, although held for speculative purposes.

Marriage Act Changed. The proposed amendments to the marriage act were brought down by Mr. Hanna. Largely as outlined a week ago, the bill provides a penalty for the issuer of a marriage license or a minister who performs the ceremony if it is known that either of the parties is an idiot or insane or under the influence of intoxicating liquor. The penalty is \$500 or imprisonment for a term not exceeding twelve months.

Another amendment declared that a deposed clergyman, who performs a marriage ceremony after he has been deposed from his ministry shall incur a penalty of \$500, and be liable for twelve months' imprisonment.

Abolished Gretna Greens.

The procedure of procuring marriage licenses is amended so that where neither of the parties is a resident of the district, county or city for fifteen days prior to the application, the license cannot issue until an advertisement has been inserted for a period of three weeks. An affidavit must be made to this effect before the license can be produced. Where either of the parties is a resident for fifteen days the law remains as it is. Where special circumstances prevent this being carried out the circumstances may be reported to the registrar-general, and permission secured so that the license may be obtained within a space of two hours. In this event the registrar-general would have to be satisfied that the failure to produce the required evidence was not for the purpose of concealing any improper motives.

Mr. Hanna also introduced a bill to amend the public health act, to enable municipalities to install water and sewerage systems without the approval of ratepayers on the approval of the Provincial Board of Health.

Neglected Children.

Some important amendments are proposed to the existing law for the protection of neglected children. A bill introduced by Mr. Hanna from the statute revision commission amplifies the present act, and gives the superintendent of neglected children more authority. Charitable societies may apply to the court to be made guardians of deserted children. A new clause seeks to prohibit young girls selling smallwares on the streets or attending street pianos, and young boys from selling pencils, shoe laces, newspapers, etc., at late hours of the night. The principle is also declared that children should be in their homes or under parental control at 9 o'clock in the evening.

ASK FIFTH GRANT

Berlin Library Board Will Again Ask Carnegie for Money.

[Special to The Advertiser.] Berlin, April 3.—The library board will make application to Andrew Carnegie for another grant of \$25,000 with which to build two wings to the public library. The city has already received four grants from the Carnegie library trust, amounting to \$28,000. The library board is in a position to show that it will spend 10 per cent of the amount of these contributions on maintaining the institution care required by the trust before grants are made.

Hood's Pills

Best family physic. Do not gripe or cause pain. Purely vegetable, easy to take. 25c.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapiesin" Makes Upset Stomachs Feel Fine in Five Minutes.

If what you just ate is souring on your stomach, or if you have a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach—this is headache indigestion.

A full case of Pape's Diapiesin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient food in the house in case someone else in the family may suffer from stomach trouble or indigestion. Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation the food in all food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

FIRST APRIL SATURDAY SHOULD BE GREAT AND BUSY DAY

THIS is the heyday of fashion, and how many people say during the week, "I will wait until Saturday to select my new suit, hat, gloves, wrap, etc." There is an abundance of the world's best merchandise here for your choosing tomorrow. Doubtful if at any time later the variety will be so great, though new things are coming and going every day. Spring is here; no doubt about it. Nature is spreading her green mantle over the meadows, the early spring flowers are peeping, and the call of the out-of-doors is more incessant every day as well as the appeal for new spring clothes.

Millinery of Unusual Style

SMALLMAN & INGRAM Millinery is known for its originality and elegance. The inspiration is generally a much admired Paris model, sometimes copied faithfully, often simplified and adapted. Different types of faces need different types of hats to frame them, for not everyone looks well in an extreme style model.

Our artists aim in their adaptations to retain all the charm of the original, while forgetting the very extreme.

While there is little change to note since our last notice, close observers will note some crowns a bit higher and some brims a bit wider, but no less fascinating are they!

Another \$5 to \$12 Display Saturday

Moderate prices is a special feature in our millinery, and not in years has such variety been seen in popular-priced millinery. Special display Saturday \$5.00 to \$12.00

Second Floor.

Hosiery of Quality

3 Pairs for \$1.00 FINE quality Black Cotton Hose with balbriggan or natural wool sole; soft and easy on the feet. Also fine black Cotton Hose with double garter top, extra spliced heel and toe, all sizes. 35c, or three pairs \$1.00

Ladies' Pure Cashmere Hose, black (seamless), spliced feet. Special, pair 25c

Ladies' Pure Silk Hose, lisle top and sole, in black, tan or white, spliced feet and double garter top, extra quality. Sizes 8 1/2 to 10. 75c, or three pairs \$2.00

Children's Plain Black Pure Cashmere Hose, high spliced heel and toe, sizes 6 to 8 1/2. Prices, a pair 35c to 50c

Main Floor.

Saturday at Linen Counter

Main Floor.

MEN! NEW SPRING SUITS ARE HERE!

We Will Show Saturday 100 Special Suits for Men and Young Men, 50 in Tweed and 50 in Navy Serge, \$10.00 and \$15.00

IT IS the mark of a store that really serves not to deceive itself or try to deceive anybody else by saying things it doesn't mean. To the man who has promised himself a new suit "on Saturday," and who means to have it, this store pronounces that it has got the right Suits, and it means to prove it. This is a day for proving, not promising, when men want to see a little more and read a little less about the clothing they pay their good money for. If they won't stand criticism they should not be on sale. We ask to have ours seen.

50 Brown Tweed Suits at \$10.00

Sizes for men and young men, brown shade, the popular tone. Just in from one of the best makers. Made up in the standard three-button sack style. Vest and trousers correctly cut, not extreme, but we consider these suits far above the average. Sizes for young men, 33 to 37; men, 36 to 44. Special. \$10.00

50 Navy Serge Suits at \$15.00

Made in Canada from imported English serge (color guaranteed) Men's style standard three-button sack, plain style trousers, etc. Young men's two and three-button sack with cuff trousers, belt and straps, etc., sizes 33 to 42. \$15 Mail Orders From Out-of-Town Promptly Filled.

Men's Spring-Weight Underwear

STILL a good range of these light weights left in natural wool and wool and cotton mixtures. Watson's wool with a little cotton mixed in white and natural shades, fine elastic rib; regular \$1.25 and \$1.50. LONDON, FRIDAY, APRIL 4.

THE AUTHORS OF DIVISION.

In the year 1909 Canada presented to the world the magnificent spectacle of a parliament practically united on a great question of Imperial policy. Liberals and Conservatives joined hands in proclaiming that the time had come to render material assistance to the Empire's militant force, and that the assistance should take the form of a Canadian navy, manned and maintained by Canada, prepared to defend our own shores, but prepared also to go at the Empire's call whenever the Empire was assailed. It was a warning to the nations of the world that Britain no longer stood alone.

The Liberal Government of Canada at once prepared to carry out a policy which it supposed had been lifted out of the arena of party politics—a truly national policy of naval defence. But suddenly they found they had been mistaken. The Conservative statesman fell into the grasp of the Conservative politician. A so-called "Nationalist" party in Quebec claimed that we owed nothing to the Empire; and that the Canadian Parliament should do nothing without an express mandate from the Canadian people. Here was the politician's opportunity. These Nationalists were in Quebec, and that province is Laurier's stronghold. We will join with the Nationalists; we will have no specific naval policy; but we will agree to let the people decide. The Nationalists will help us to beat Laurier; and then—well, let the future look out for itself.

The election came off, and the Liberals were defeated. The Imperial Conservative and the anti-Imperial Nationalist united were in power. How should these divergent elements unite on a naval policy? A difficult problem; but a compromise can tide over the difficulty. We will not have a naval policy; but that off for the next fifty years. But in the meantime we will present the Empire with some money to build ships. And this is what the Conservative-Nationalist politicians offer in place of the original plan of Conservative-Liberal statesmanship. We will admit that the Nationalists have surrendered the most in this compromise. If they had all been like Mr. Monk, who preferred principle to office, no compromise would have been possible. But we are not wasting sympathy on them. They have their reward. Their leaders have office, and can provide smaller offices for their followers. But the Canadian unity, of which we were so proud in 1909, has gone; and the authors of the division are the Conservative politicians, who pandered to the anti-Imperial element. Liberalism stands today where it always stood. It stands by the Imperialism of the old Conservative statesman, Sir John Macdonald, who held that Canada was rendering the best aid to Britain when she developed her own resources, provided trans-continental highways for the Empire, assumed the charge of her land defences. Liberalism only advances another step when it says the time has come for our own ships to guard our shores, and relieve the Empire from some part of the burden it has so cheerfully borne in the past.

Canada is no longer united in its National-Imperial naval policy. The anti-Imperial tail has swung the Conservative body from its safe moorings. But Liberalism stands by the old policy. And our belief and hope is that the Canadian people are stronger than the politicians, and are still loyal to the best interests of the Empire.

A REPROACH TO PARLIAMENT.
"I know him to be one of the most upright and honorable men in the Dominion of Canada, and I don't care what anyone says."
This was the certificate of character given the member for South Ontario, Wm. Smith, by the Minister of Customs, Dr. Reid, in the House of Commons on Tuesday.

The "upright and honorable" Mr. Smith has a record more interesting than edifying. When Mr. Calder, who defeated Hon. John Dryden in South Ontario in 1898 was unseated because of corrupt practices by agents, Mr. Smith was a star witness and confessed to giving thousands of dollars to benchmen with which to buy votes. The late Justice Ferguson, one of the trial judges, turned upon Smith in the witness box, and angrily exclaimed, "It is the most glaring piece of corruption I ever heard of!" Smith's evidence and the judge's censure are to be found in the official court reports.

The majority of the electors of South Ontario did themselves no credit by afterwards returning this man to Parliament. He pleaded on Tuesday that he had atoned for his shortcomings by his long exclusion from the House, where he sat from 1887 to 1901, but he showed how little he had pro-

stituted by slandering, under cover of parliamentary privilege, two of his constituents. In December last he charged that the late collector of customs, at Oshawa, Mr. Lyman C. Smith, had bought that position from Mr. F. L. Fowke, the Liberal member for the riding prior to 1911. Mr. Fowke and Mr. Lyman Smith indignantly denied the allegation, and Mr. Fowke asked Mr. Borden to grant an inquiry. The request has been refused, and Dr. Reid, a cabinet minister, signals the refusal by handing a bouquet to Wm. Smith, self-confessed corruptionist and slanderer. As in the Coderre case, cabinet ministers show little regard for the honor of Parliament.

MONTENEGRO AND THE POWERS.
The refusal of the Montenegrins to raise the siege of Scutari has prompted the great powers to their first overt interference in the Balkan war.

It is hard to withhold some measure of sympathy for the hardy mountaineers. They were the first to challenge the Turk and set an army in motion, but they see all the fruits of victory going to their allies. The powers having agreed that the Turkish province of Albania shall be erected into an autonomous state, Montenegro is prevented from expanding southward, while to the east and southeast the jealousy of Austria and the claims of Serbia bar the way. The Montenegrins, numbering about 250,000, have made extraordinary exertions, and feel that they are being robbed of their reward because they are weaker than the other members of the Balkan League, though not less deserving.

Fortunately for the peace of Europe, Britain, France, Germany, Austria and Italy are in accord. Though Russia's sympathies will be with Montenegro on racial grounds, the Russian Government will not cross the other powers. They have concerted a naval demonstration which may bring Montenegro to time; failing this, Austria can pour troops southward and hem in the little country by land, though it cannot be easily penetrated even by an army overwhelmingly superior in numbers. For centuries its mountains protected the only unconquered remnant of the Servian race from Turkish oppression.

SHOULD BUY HINDQUARTER.
[Bobbycannon Independent.]
In a discussion of the high cost of living by members of the Ontario Legislature, Frederick Whitney said he had been paying 50 cents a pound for beef. It is time Sir James had a domestic royal commission. Someone is taking advantage of his preoccupation with state affairs. Sir James has admirers in the country who would be willing to send him a nice hindquarter at 10 cents a pound.

THAT'S THE QUESTION.
[Buffalo Express.]
"Here is a story of a Chicago woman who says that present marriage laws make woman the slave of man," said the square-jawed matron as she looked up from the newspaper.

Why don't they enforce the law, then?" meekly asked Mr. Henpecke.

CENTENARY OF TOP-HAT.

The centenary of the top-hat is to be celebrated this year. It is unfortunate that its vogue at the present time is really on the decline, even in England. Motoring, of course, is its principal foe. Apart from its ordinary ceremonial use the most frequent appearance of the tall hat used to be on the head of the modern Jehu. The good old cabby of the "four-wheeler," the bus driver, and the private coachman have all discarded their toppers and become flat-capped chauffeurs. And in an open car the silk hat looks out of place even on a passenger.

The hat has been known by many names—the tall hat, the silk hat, the top-hat, the chimney-pot, the stove-pipe, and in London as the "high top." In the country it is known as the box-hat, in Germany as the cylinder. In the South of Germany it is seldom seen, and the wearer is usually set down as an Englishman. But now it is even suggested that the boys of Eton and Westminster should discard their toppers. The one little revival the top-hat has had is that it is superseding the opera hat for evening wear, because, as one no longer carries one's hat about under one's arm, a collapsible one is not necessary.

HEARD AT A PARTY.

[Boston Transcript.]
Hostess: "Won't you sing something for us, Clara?"
Young Woman (modestly): "Well, I'll try."
Hostess: "Yes, do try, at any rate."

AN ADVOCATE.

[Washington Star.]
"Do you favor votes for women?"
"do," replied the London policeman. "It would be a great comfort to me to see a crowd of suffragettes marching up and quietly voting instead of making remarks and throwing dynamite."

THE WORD.

[Birmingham Age-Herald.]
"He pleaded with her to say the one little word that would make him happy for life."
"Tell me quick! Did she say it?"
"She did. It was 'No.'"

A BRITISH OPINION.

[London Daily News.]
The advantage of the Laurier policy seems indisputable from our own as well as from the Canadian point of view. It avoids the grave constitutional problems which the Borden scheme involves. It relieves us of the heavy cost of maintenance. It removes serious possibilities of friction over policy and control. It does not threaten us with such delicate problems as the question of the renewal in due course of the contributory ships. It simplifies our relations with the continental powers. So far as Canada is concerned, it is not conceivable that the contributory system could be permanently tolerable. It would be a constant source of irritation between the Dominion and the admiralty, and a permanent subject of conflict in the Canadian Parliament. It would have no finality. Ultimately Canada would insist on controlling the navy which it had built. Whatever its decision now, no one can doubt that in the end national pride as well as practical considerations will carry the day. It is because he realizes the strength of his position in this matter that Sir Wilfrid Laurier is offering such a stout resistance to the Borden scheme. He knows that Canadian opinion is with him and

he knows, too, that in this matter the enduring interests of the British connection are implicit in his policy.

HARROWING THOUGHT.
[Galveston News.]
Germs are bad, of course; but they could be worse. Suppose they sang at their work!

CHURCHILL'S ACID TEST.
[Manitoba Free Press.]
A Canadian who can read the Churchill memoranda without some feeling of indignation is a Canadian not worthy of the name. Canada has to thank the first lord of the admiralty for furnishing an acid test for true Canadianism.

PAST AND PRESENT.

[Punch.]
(Mr. Justice Banks has in public protested against the excessive wordiness of counsel.)
The world observes and notes with thanks
The views of Mr. Justice Banks.
But he, alas, is not the first
Whose fate has been to learn the worst.

To wit, how very prolix are
The speeches spoken by the Bar.

Yes, Counsel's tendency to bore
Has been remarked upon before
By their unhappy Lordships, who
Have been obliged to hear him through.

Since Judges first began to sit
They always have complained of it:
Nor were they more contented men
Or less inclined to grumble when

The Bar included in its ranks
The very learned Mr. Banks.

ON HIS OWN.

[Boston Transcript.]
On his way home from the Kirk the parson met Sandy Macgregor. Said the parson:

"I doubt, Sandy, that ye're growing remiss. I've no seen ye in the Kirk these three Sabbath's."

"It's no, that I'm growing remiss, parson," said Sandy, "but I'm just tinkering 'a' wi' ma' soul mase!"

A GREAT BOOK OF QUOTATIONS.

[Montreal Gazette.]
It is noted that the Bible is now being frequently used by United States congressmen as an aid in preparing their speeches. Evidently the legislators know the book to look in when they want ideas. There is nothing to equal it as a thought breeder, and very little that comes near it, despite the stage since the works that made it up were collected and combined. Its wisdom is extraordinary.

AN EXAMPLE FOR CANADA.

[Victoria Daily Times.]
Australia has got off to a good start on her naval policy. Her big Dreadnought cruiser, built in the old country, will soon be in Australian waters to form the nucleus of one of the fleet units to be stationed there. Within a few years the Dominion will be building her own Dreadnoughts. And Canada—Mr. Borden is determined that we shall not even make a start with a naval organization such as Australia is doing.

ENTERTAINS AN OPINION.

[Washington Star.]
"What kind of an entertainment does our friend, Mr. Swelshed, prefer?"
"I think he manages to divert both himself and his friends by reading Miss Cayenne," by entertaining a remarkable opinion of himself."

A MISTAKEN MARRIAGE.

[London Correspondence of Brooklyn Eagle.]
The late King Edward is reputed to have said to Mrs. George Cornwallis West when she was Lady Randolph Churchill: "No woman ever yet married a man young enough to be her son that did not regret it."

The woman who married the young man replied airily: "I'll chance it, sir, and trust if I'm sorry I shall not complain."

Two nights before her wedding with young George Cornwallis West in 1900, a wedding which is reputed to have been the most interesting marriage of that summer, Col. Cornwallis West, the father, implored his son to reconsider what he was doing, and the prospective bridegroom, and the paternal sanctum with tear-stained eyes. He had declared stoutly that the woman of his choice was the one and only one he would ever love, and that no power in earth or in heaven could induce him to alter his decision to marry her.

Everything went amazingly well with this couple for years. Mrs. West's immense personality, wit and charm, not to speak of brains, held this ordinary young man as probably no other woman could have held him. The Cornwallis Wests and their daughters, the Princess of Wales and the Duchess of Westminster, received them freely, and "Mrs. George" used to be a centre of attraction at Rutin Castle, his people's Welsh seat. Now, having had to go to the divorce court for the restitution of conjugal rights, Mrs. George West is before everything trying to look brave. She goes to the opera and parties as if nothing unusual was on her mind, but those who know her best realize how she—the daughter of the late Leonard Jerome, of New York—feels at this tragic issue of her romance.

TRIAL MARRIAGES LEGAL.

New York, April 4.—Trial marriages for young women under 18 years of age are legal in New York, according to a decision by Supreme Court Justice Cohan yesterday. If she marries with the consent of her parents and leaves her husband before she attains that age the present law in effect permits her to come into court and obtain a decree of annulment as a matter of course, he declared.

"This is to all intents and purposes providing in such cases for trial marriages," he said, "but it is a condition the remedy for which lies with the Legislature, and not with the court."

The decision was in the case of Mrs. Iva Mundell Coster, who sued to annul her marriage with Norman B. Coster. The justice found that although Mrs. Coster's mother had consented to her marriage, as she was only 17 when she became Coster's wife, she was entitled to maintain an action for an annulment.

Free Treatment for Skin Sufferers!

Although Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with 25-page booklet on the care and treatment of skin and hair, will be sent, post-free, on application to "Cuticura," Dept. 32, Boston, U.S.A.

A Psalm to Matter

[By Special Arrangement With the Winnipeg Telegram.]

Idealists have had much to say in condemnation of this mechanical age in which we live. Read Ruskin's diatribes. If you want to know what it is to be thrown into a spasm of disgust at the sight of a steam engine. The majority of people, however, are too sensible of the advantage that we derive from locomotives and street cars and cotton looms to speak disparagingly of the inventions of mechanical man. And a voice to represent the great utilitarian majority and to speak up in praise of the age of steam and electricity has sounded through the pages of the Atlantic Monthly, in a remarkable article, "The Anthem of the Machine Life, a Psalm to Matter."

Gerald Stanley Lee tells us in this article that he went to a moving picture show recently to enjoy its mechanical reproductions of the Durbar. He watched the crowds of elephants swinging past, all being driven by little, faint, dreamy, sleepy-looking people. He kept thinking all the time, "Why don't their elephants turn around on them and chase them?" Then, reverting to western civilization, this thought came to him:

"Our elephants chase us, most of us. Who has not seen locomotives come quietly out of their roundhouses in New York, and begin chasing people, chasing whole towns? In the same way I have seen, hundreds of times, motor cars turning around on their owners and chasing them, chasing them fairly out of their lives."

He continues thus:
"The reason that most people are discouraged about machinery today is because this is what they think a machine civilization is. They blame the machine. They blame the locomotive."

"A better way for a man to do would be to stop blaming the locomotive and stop running along out of breath beside it, and get up into the cab. This is the whole issue of art in our modern civilization—getting up into the cab."

"It is somewhere in the region of this fact that we are going to discover the great determining secret of modern life. Of the mastery of man over his machines. Man at the present moment with all his new machines about him is engaged in becoming as self-controlled, as self-expressive with his new machines, with his wireless telegraph arms, and his railway legs, as he is with his flesh-and-blood ones. The force in man that is doing this is the spiritual genius in him that created the machine, the genius of imperious and implacable self-expression, of glorious self-assertion in matter, the genius for being human, for being spiritual, and for overflowing everything he touches, and everything he uses, with his own will, and with the ideals and desires of his soul."

Mr. Lee comes to the conclusion that the whole process of machine invention is itself the most colossal spiritual achievement of mankind. This will be a hard saying for Ruskinian idealists to understand, but it is worth thinking about.

For Two Years
SUFFERED SEVERE PAIN
IN THE BACK.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

Mrs. D. J. McInnis, Carleton, P.E.I., writes: "For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

Connaught Chapter
Gives Euchre Party

An enjoyable progressive euchre party was given Thursday evening by the ladies of the Connaught Chapter of the Society of Locomotive Firemen and Engineers, in Society Hall, East London.

Two prizes were offered, the ladies' prize being won by Miss Bessie Shortt, and the gentlemen's prize by Mr. Griffith. Mrs. Bourne delighted the company with an appropriate recitation entitled "The Switchman's Shanty," and instrumental numbers by Miss Shortt were also enjoyed. Refreshments were served by the ladies at the conclusion.

They have told you that success is a bauble, more or less, And that fame is dust and ashes to the taste, And they've babbled of content as a virtue heaven-sent And have warned against the fortune-seeker's haste;

But it seems to me that fame pays you richly for the game And success is mighty pleasant when it's won, And it's great to reach the height with the final goal in sight And to get the goodly pay for what you've done.

Let men flay it as they will, but ambition moves us still And there's joy in all achievement that is fair, And the dizzy heights of fame are not lonely as they claim; There's some great and goodly company up there!

If your feet are on the track, let no croaker hold you back— Keep your confidence and courage as you climb; For the prize is worth the race, and the race is worth the pace, And the game is worth the candle, every time!

WHAT EVERY WOMAN WANTS TO KNOW

The Nomad's Comment.
Hints For Summer Styles.
Cynthia Grey's Answers.

For a Bright
Summer Day's
Wear--This
Gown

Here is THE lingerie gown for 1913's summer.
The underskirt is made of embroidered batiste and held in with a velvet band at the bottom.
The tunic is the new one--that evolved from the old Russian blouse and belted loosely with a white silk sash.
With this frock is worn a lingerie hat made of white chiffon and trimmed with a large bow of white satin. A white parasol and white shoes complete this costume. The only bit of color is the brown velvet ribbon which holds in the skirt.

Parisian Vogue

Dictates of Fashion From Modistes of French Capital.

I. AS PAQUIN EXPRESSES IT.
Coats of three-quarter length, with triple godets.
Short skirts.
Normal waistline.
Bright waistcoats.
Silk serge for home-tailored suits.
Brilliant colors.
Many sashes.
Sleeves of various lengths and designs.
Frocks of flowered foulard with gathered skirts and scalloped edges.
Flowing sleeves.
Transparent lace flounces at the foot of evening gowns.
Extreme décolletage.
No sleeves for evening.
No scarfs.
Wonderfully filmy evening wraps.
White crepe embroidered in little flowers.
Silk with Oriental borders.

II. POINTS FROM POIRET.
Few slashed skirts.
Short tailored suits.
Russian blouse with lower part long and full.
Shorter jackets.
Gay little coats with black satin draped skirts.
Brilliant flowered linings.
Pipings and bias folds of bright checks.
Colored embroidery on dark dresses.
Suggestions of the overskirt.
A little "sweep on" afternoon gowns.
Many sashes and girdles.
Extreme décolletage.
Surplice effects in tulle or mousseline.
Short waistline.
Bindings of braid or silk.
Military touches.
Elaborate wraps.
All shades of yellow.
Also vivid green, red and wild-duck blue.

III. IN DRECOLL'S ESTABLISHMENT.
Raglan effects.
Few slashed skirts.
Few Russian blouses.
Modified Norfolk jackets.
Half-fitting short coats for afternoon wear.
Bright-colored coats with white or cream skirts.
Fine reps and serges for tailored suits.
Eponges for utility coats.
Wider evening skirts.
Fewer trains.
Cotton chiffon frocks with pleated skirts.
Surplice waists.
Blouses in tulle and point d'esprit.
Some all-black gowns.
No black and white ones, unless ordered.
Black, with green, orange, brick, etc.
Flat bows down skirts instead of buttons.
Rainbow colors.
Dark taffetas with flowers in gay tints.
Colored embroidery on dresses.
V-shaped necks for day wear.
Bright linen collars with dark gowns.
Great deal of lace.

IV. WHAT WORTH IS USING.
Narrow skirts.
Slashed skirts.
"Three-story" skirts.
Groups of fine plaits in tailored skirts.
Russian blouses.
Contrasting short jackets.
Long, plain lines.
Black gowns, trimmed with color.
No black-and-white gowns.
Colored embroidery on mousseline.
Very simple blouses in dressings, etc.
Sashes and girdles.
Rainbow colors.

V. NOTED AT BEER'S.
No slashed skirts unless colored.
Short tailored frocks.
Afternoon gowns a trifle longer.
Evening ones that barely cover the feet.
Many little short coats.

Comment

[By The Nomad.]

Women who were present at Mr. Powys' lecture on Goethe (one of the Women Teachers' Guild series) will perhaps be interested in this glimpse of the German poet's house in Weimar, written by a feminine visitor. She says:

"Although the kitchens of the houses where celebrated men have lived are generally not on view, it is possible to see the primitive kitchen of Goethe's garden house in Weimar.
"Almost a fourth of the room is taken up by the great brick or stone stove, built into one corner. This great cube has two separate fireboxes cut into it, the oven part being quite separate from the boiling part, and having an arrangement for an open fire under it. Over the stove is a great hood, which comes down rather low in the ceiling room. The sink is squarely cut out of solid stone.
"The old porcelain stove, as well as the room are most interesting, in each with the table with chairs around three sides, and the upholstered seat next the wall. One can almost see Goethe and his friend, Schiller, sitting down for a game of chess."

A most interesting review on that most fascinating subject--feminine fashions--appears in a recent issue of the Daily News and Leader (London, England), under the title of "The Weathercock of Fashion." Starting with the grotesque styles of the Marie Antoinette period, when such high feathers were worn in bonnet and head-dress that fair ladies were obliged to kneel in their carriages, the history of feminine dress for one hundred years is discussed. The year 1800 was marked by a craze for the "Classical" in dress, and the hoop skirts and pompadours of the preceding period were tossed away in company with the rouge-boxes and black beauty-patches.
"The early Victorian period was a time when healthy, rosy cheeks were considered common and vulgar, and young ladies starved themselves so as to become ethereal in appearance. This was a period, however when the costumes were pleasantly prim, with flounces, shawls, quaint but often becoming poke-bonnets and mantillas.
"Other peculiarities which have marked the dress of women within the past 50 years are the "polonaise," the "crinoline," the hideous "bustle," and more lately the gigantic "balloon sleeves" worn with a bell-shaped skirt and waist of small dimensions.

This is the season of the year when many women commence a rummage of their wardrobes, dresser drawers and closets for the purpose of weeding out the unnecessary articles and bits of rubbish and trash that has accumulated during the winter. Has it ever occurred to you that there is no season like the joyous spring-tide for rooting out harsh thoughts, prejudices and spite that have the power to enervate the soul and produce unhappiness? Cast away the unworthy and hurtful thoughts from your heart, just

as you discard the old rags and useless garments from your house. And once having "set your heart in order," let it fill to overflowing with generous, kindly feelings, and resolutely seek only that which is pure and lovely. So let us make our spring house-cleaning a spring "heart-cleaning" as well. Commence your rummage right away.

The Nomad

Eugene--This bookcase is an inch out of plumb. We must have that fixed. Imogene--Oh, dear. And I've heard those plumbers are so expensive.

DAILY HEALTHOGRAM

BY A PHYSICIAN.

HEADACHES in the back of the head are often due to eye strain. If these continue after the eyes are examined and the sight remedied by proper glasses a physician's individual, careful study should be given to the matter to discover the causes and possible cure.

KATHERINE LESLIE'S HOME CHAT

GAY NECK GARNITURE.

Fashion neglects no detail of dress, and in dress accessories for the incoming season she has sought out many inventions. Never have I seen so many fascinating fashions in neck gear. The effect still reigns in lacey loveliness, but I notice that it has dropped off the lace or net collar so that it may be worn effectively with the collarless bodice. But though the lace or net collar has been discarded a substitute has been made in the form of a piece of gaily colored narrow velvet ribbon which makes a tiny bow in the centre at the top of the jabot, and then encircles the neck, fastening at the back. This is distinctly new and pretty. Now, except for those to be worn with mourning, I saw not a single note of black! This is remarkable, since black is always so chic with lace. But it shows the craze there is for color. All the jabots have the gaily colored narrow band of violet-red, cerise, coral, green, or yellow and orange. I noticed the same absence of black in the small bows which are to be so extensively used to finish the lace garniture of the collarless bodice. All is color here. Very jaunty little bows of cerise, green, coral, and the ubiquitous violet-red are made with

the underbow of plisse satin with the smaller ribbon velvet bow on top. Pointed bird-wing bows come in Bulgarian colored silk with a binding of plain silk, and orange, yellow, cerise, magenta velvet ribbons are formed into bows less than a finger length long. Large bows are conspicuous by their absence. Newest of all are the small bows of gaily colored narrow velvet ribbon having miniature roses and a green leaf in satin on each side of the cross piece. Fashion seems to have given more attention this year to the neckwear of those wearing mourning than she has ever done before. The usual dainty cuff and collar bands of hemstitched sheer white linen are there, but those in plain hemstitched white net are very good looking and will relieve the sombre black of the mourning dress charmingly. There were some of these bands in white crepe that will be very new, and there were bird-wing ties of their white crepe having a very narrow fold of the white crepe to encircle the base of the neck. The jabots come cheaply in delicate black or white chiffon, hemstitched and plisse, and are very soft and pretty. There were also collars of fine white pique that turn down over a smart black stock tie that will be much liked, and the Robespierre eecet is shown in black Ottoman cord silk collars, lined with white and finished off with clear crystal buttons.

A Stylish Spring Costume, \$12.50

Problems of the Fair Sex Solved by Cynthia Grey

Lemon Biscuit Recipe.

Dear Miss Grey: Would you kindly publish in your column a recipe for lemon biscuit, also a means to remove rust from a steel nail file. Thanking you in anticipation, Sincerely,
"MAGNETY."
A--I wonder if this is the recipe you ask for: Six ounces of butter, 1 pound dry flour, 3/4-pound sifted sugar, grated rind of two lemons and juice of one, 3 eggs.
Rub the butter into the flour and work it lightly into crumbs. Add sugar the grated rind and juice of the lemon; then make into a firm paste with the three eggs; roll out, not too thin, and cut with cookie cutter. Bake in a moderate oven about fifteen or twenty minutes.
2. Dip into coaloil and let the file remain there for a few hours. Then remove, wipe dry, rub well with any good scouring powder and polish.

Face Cream Formula.

Dear Miss Grey: If not asking too much, will you kindly give me, through your column, in Advertiser, Billie Burke's recipe for face cream, and oblige very much. Yours truly,
FREDKES.
A--Here is Miss Burke's formula: White wax, 1/4 oz.; Spermaceti, 1/4 oz.; Lanolin, 1 oz.; sweet almond oil, 2 oz.; coconut oil, 1 oz.
Take off the fire and beat until cold, adding, little by little, two ounces of orange flower water into which five drops of tincture of benzoin have been added. Be sure to beat the ingredients constantly until quite cold. They must be of the best and purest quality and the druggist from whom

they are purchased must weigh them carefully.

Beautie's Budget.

Dear Miss Grey: This is the first time I've ever bothered you for information and would be pleased if you would answer in paper as soon as possible:
1. Is mercolized good for complexion?
2. Does talcum injure your face?
3. What color in clothes is the style this spring?
4. Are tan shoes "the go" this summer?
5. Do you think it proper when you take a girl home from the rink and asked by her to go in? Is it right?
6. Oblige. BEAUTIE.
A--1. As I have often stated in this column, the preparation is a patented article. I now nothing about it.
2. Not if used in moderation and carefully cleansed from the skin each night.
3. Please see answer to Bonny Jean in regard to this.
4. Tan in both high shoes and Oxford will be very popular.
5. Quite proper.

The Poet's Corner

Love's Philosophy.
The fountains mingle with the river,
And the rivers with the ocean,
The winds of heaven mix for ever
With a sweet emotion;
Nothing in the world is single,
All things by a law divine,
In one another's being mingle--
Why not I with thine?

See the mountains kiss high heaven,
And the waves clap one another;
No sister-flower would be forgotten
If it disdained its brother;
And the sunlight clasps the earth,
And the moonbeams kiss the sea--
What are all these kissings worth,
If thou kiss not me?
P. B. Shelley.

The Birthday Calendar

IF THIS IS YOUR BIRTHDAY

You will be successful and your ventures will be profitable, but you are warned against travelling or great changes; also do not be dazzled by false show, as it may cause you to overlook real friends.
Those born today will be generally fortunate and will attain wealth and position. They will have the power to control, but lest this descend to mere selfish tyranny, they should be taught to wait on themselves, and to regard the rights of others, and never should their selfish whims be indulged.

KNOTTY LEE SIGNS
FOUR CATCHERSHamilton Club Will Have
Plenty of Backstops This
Season.

Hamilton, April 3.—Manager Lee will be fixed for catchers this season, four good men being signed up.

Fisher, of last year's team will be on the job again this season, and the new men are McCarthy, Whalen and Brooks. The latter comes from Carleton University and is strongly recommended by Chief Garlow.

The following pitchers have been signed: Ted and Garlow, of last year's team; Smith, of Baltimore; Pawnett, of Montreal; Charles King, of Buffalo; Sutton, of Lockport, and Wayman, of Chicago.

Infielders—Thomas, of Saginaw; Mahoney, of Somerville, Mass.; Hurley, of Boston; Trent, St. Albans, Vt.; Killies, and two infielders from Jack Dunn, manager of the Baltimore International League team.

Outfielders—Sabulum, Montreal; Corns, Murphy and Cherry, of Providence.

LET PLAYERS PAY FINES
AND NOT LACROSSE CLUBS

Only Way To Do Away With Roughness in D. L. W. Games, Says Caron.

[Canadian Press.]

Montreal, April 4.—When the Dominion Lacrosse Union meets here tomorrow afternoon, A. L. Caron, president of the Nationals, will attempt to put through his six-club idea.

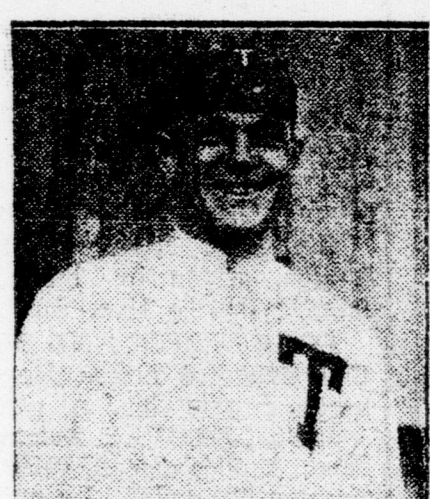

Mr. Caron favors the admission of Ottawa and Cornwall.

In speaking of the changes proposed in the penalty rules, Mr. Caron has stated that he would like to see them remain as they are with the fine system, if the clubs would make the players pay the fines themselves. When clubs pay the fines of players there is no punishment whatever to the offenders, while on the other hand, if they were made to pay them or have the amounts deducted from their salaries, it would eliminate roughness.

Canadian Leaguers Who Are in Faster Company

HARRY TROUT.

FRED HERBERT.

FRANK KUBAT.

Three former Canadian Leaguers with the Toronto International League team. Herbert and Kubat were Ottawa pitchers last season, while Trout caught the majority of Peterboro's games. Herbert and Trout are both making good, and will likely be kept, while Kubat will be farmed out for more experience. Kubat may come to London.

The Live Oak Hall

FOREST CITY MOTORCYCLE
CLUB TO HOLD BIG MOTOR
RACES ON VICTORIA DAYSplendid Program Will Be Given in Queen's Park on May 24—
Several Noted Canadian and American Racers Will
Take Part in the Events.

The announcement that the London Motorcycle Club was going to hold a series of motor races in Queen's Park on Victoria Day has been contradicted by members of the Forest City Motorcycle Club of this city. The city boasts of two motorcycle organizations at the present time, the London Motorcycle Club and the Forest City Motorcycle Club. Both are chartered clubs and have large memberships.

A Good Program.

The Forest City Motorcycle Club is going to make a specialty of racing and as a result they have planned a splendid program of motorcycle races for Queen's Park on May 24. Several prominent Canadian and American riders will compete, and the events will undoubtedly be the best of their kind ever run in this city.

Cole Is Coming.

H. Cole, the Toronto rider, who made ten miles in 13 minutes on a half-mile track in Toronto last fall, will be among those present. Cole is one of the most noted of Canadian riders.

Joe Baribeau, of Winnipeg, will be another racer who will feature the Victoria Day program. On a mile track last fall, Baribeau did ten miles in 10 minutes 4 seconds, and five miles in 4.34 minutes.

Clark Will Also Be Here.

Don Clark, of Detroit, will also take part in the Victoria Day meet. His fastest time for five miles is 5.25, while he has done 25 miles in 27.10. He made this last record in Toronto on a poor track.

Local Riders to Race Also.

The Forest City Club is sparing no effort to make the coming meet a big success. Several local riders will take part in the meet, the city boasting of a number of fast riders who will give Cole, Baribeau and Clark a great race. There will be several open events, and a number of closed ones open to London riders only.

Over fifteen cups have been donated to the club for the occasion, and numerous other prizes will be put up.

BOSTON TRIED TO GET
LEAF'S TRAINING CAMP

Stallings Made Effort to Get Waco Grounds, But Toronto Club Forestalled Him.

Macon, Ga., April 3.—The moment George Stallings, of the Boston Nationals, set eyes on the training field of the Toronto club at Central City Park here he became envious. He lost no time in trying to get the use of the grounds. Friends of the Toronto management tip that Stallings' action with the result of forces on both sides and a quick and decisive battle was fought for the possession of the park for next season. Toronto won the engagement.

PHILLIES BEATEN
AGAIN BY ATHLETICS

Mackmen Make It Three Straight Over Manager Dooin's National Leaguers.

Philadelphia, April 3.—For the third successive time the Athletics completely outclassed the Philadelphia Nationals and won today, 5 to 1. Only a ninth-inning rally, which was quickly nipped by Mack's men, saved the Phillies from a shutout.

Penneck, an Athletic recruit, held the Phillies helpless before his bend-ers, being especially good in the pinches.

Manager Dooin has begun to cut the strings to the extra men on his squad. Buck Taylor goes to Montreal and Catcher Loan and Pitcher Stanley to the Portland team of the Pacific Coast League in trade for Rowley, a backstop. There will be no releases in the Athletic camp until Connie Mack returns from his trip with the Yannis-gans.

Americans . . . 0 0 2 1 0 2 0 0—5 11 0
Nationals . . . 0 0 0 0 0 0 0 1—1 11 2

Batteries—Penneck and Egan; Brennan, Seaton and Doolin and Howley; Umpires—Klem and Connolly.

Outfielder Jack Leffelt, of the Highlanders is taking a course of treatment for a misplaced tendon in the thigh. If Leffelt could run fast he would be a star in any company.

COVERT COAT AT 100 TO 9
WON GRAND NATIONAL

Twenty-two Horses Started But Only Three Finished Owing to Fall Early in the Race.

[Canadian Press.]

Liverpool, April 4.—The Grand National steeplechase handicap was won today by Sir C. Ashton-Smith's Covert Coat, Irish Mail was second and Catsey third. Twenty-two horses ran.

American Horse Fell.

The American horse, J. R. Fell's High-bridge, fell early in the race in jumping a fence, and most of the field followed suit. Only three finished.

The betting was 100 to 9 against Covert Coat, 100 to 9 against Irish Mail, 25 to 1 against Irish Mail, and 100 to 9 against Highbridge.

The Grand National is a race for a prize of \$17,500 and a trophy valued at \$925. It is run over a distance of four miles and 856 yards.

BATTING NELSON WILL
RETIRE, SAYS HIS WIFE

Unless He Does Former Champion Will Become a Cripple—Visits Bonasetter Reese.

Pittsburg, April 3.—Battling Nelson and his wife arrived in Pittsburg yesterday afternoon from Youngstown, Ohio, where the pugilist was in consultation with Bonasetter Reese concerning an injury to one of his hands which he suffered in his last fight.

Nelson and his wife talked freely over their marital affairs. Both declared that their estrangement had been the result of a misunderstanding between them and that everything was now serene.

Mrs. Nelson declared that her husband would have to give up the prize ring. Unless he does, she said, he soon will be a cripple, as it has become necessary for him to visit Bonasetter Reese after each fight in which he participates. She said that the Battler had promised to retire and she intended to hold him to his word. Nelson and his wife are on their way to Washington, D. C.

Who's Who in Baseball

Daily Bulletin of Major League Players.

The Cincinnati public think that they have gotten their long-needed manager at last. A weak spot has existed at shortstop for many years, and Tinker can at least fill that and round out an otherwise first-class infield.

He is untired as a manager, though, and draws a tough proposition for his first berth, as Cincinnati is notoriously hard on a manager, if he isn't winning pretty regularly, and that has not happened of late years.

Frank Chance says Tinker is the smartest player that he has ever known and should be successful in his new job. He has a one-year contract only, and evidently his future at the head of the Reds depends on this year's results.

THE NEW WAY OF LOOKING THE BIKE OVER

See how that fellow who thinks of buying a bicycle is directing his first examination to the tires. "He wants Dunlop tires." He knows a bicycle equipped with those different tires has its less fortunate brothers handicapped in the quality race. See that your bicycle is properly tired—either with Dunlop Traction Tread or Special.

DUNLOP TRACTION TREAD

CHALLENGE COLLARS

Are a boon to every man who cares for his personal appearance.

Challenge Collars are not shiny rubber collars. They have a dull linen finish. In fact, you can't tell them from linen. Keep up appearances—keep down laundry bills.

Sold at all Gent's Furnishing and Dry Goods Shops, or send 50c for sample collar.

The Arlington Company of Canada, Limited, TORONTO

CANADIAN LEAGUE GOSSIP

Ottawa Free Press: It is quite notable that the fence busters of the Canadian League did not burn up the base lines during the season. Jack Fryer, of Guelph, for instance, nicked only 15 sacks.

Artie Schwind led the Canadian in sacrifice hits last season, having retired himself to advance a runner 36 times. Ottawa had the leading runner-getter in Sailor Burke, and premier baserunner in Mike Callahan as well.

Ottawa Free Press: If Rube Deneau can place a pennant-winner in London they will make him mayor. If he runs seventh or eighth, he might find a place in the scavenging department.

Johnnie Barthold is said to be combining the Pennsylvania coal fields for Peterboro recruits. They get some good ones down where Johnnie comes from, too.

Speculation is already rife among the Ottawa fans as to who will pitch the opening game there May 15. Renfer looks to be in line, though some of the other hurlers may be working well enough to have the honor.

Shaughnessy leaves on the 14th for Port Wayne, where he will arrange accommodation for the Ottawa squad. He will spend a week with the Central League team there, and, incidentally, practice with them. This will put him in condition to devote a great deal of attention to the young recruits.

The Ottawa Club has wired Chicago requesting that information as to Jimmy Louden's condition be chronicled daily. Nothing further has been heard than that the little second baseman was hovering between life and death. In a letter received from Mike Callahan Monday the outfielder, who lives in Chicago, said he called at the Kempf home and learned all hope for Jimmy's recovery was despaired of. He said even at death's door, Louden was holding on with wonderful tenacity.

Joe McManus pitched in twenty games last season and gave out 27 bases on balls. Erwin Renfer pitched in nineteen contests and passed 63. Most of Renfer's wildness, however, was at the start of the season. Donovan, of Brantford, walked 92 in 30 games. Renfer's slugging percentage was the best in the league. He sent on an average five and a half men back to the bench each game.

Hamilton Herald: Manager Jack Dunn, of the Baltimore Club, in a letter to Lee this morning, stated that he would like to secure a game with the Hamilton Club in this city on May 20. Renfer is scheduled to play here on that date, and as yet Lee is undecided as to whether he will bring the Orioles here. However, they may be accommodated on another date. Toronto will also play here in June.

Hamilton Herald: Bill Cristall, the former Hamilton outfielder and pitcher, who is now piloting the Appleton Club in the Wisconsin-Iowa League, has written to Lee asking for Red Fisher. He wants to trade Cosgrove, an outfielder, for the big Hamilton catcher. The proposal does not meet with the approval of Knott, despite the fact that Cosgrove hit .340 in the Wisconsin-Iowa League last year. Cristall is hard up for catchers, and he is willing to lose Fisher. "That he was wrong is evidenced by the reply Lee made. Here it is:

Friend Bill—Why don't you come up after May 24 and take my gate receipts? That would be just as even.

St. Thomas Journal: Bill Cristall, last year with Hamilton, now manager of the Appleton team, of the Wisconsin and Illinois League, has sent in an offer to the Saints for a deal by which he would secure George Kiefer. He names an outfielder who by his records is almost sure to make good in the Canadian League, but who is tired of the affairs in Appleton, where he is now playing, and would be glad of a change in some other clime. This outfielder hit at the rate of .365 last year in the 131 games he secured 172 hits and 102 runs. Cristall also mentions incidentally that this player is the fastest man in the league.

DETROIT TIGERS HELD TO ONE RUN TIE GAME

Harry Covalskie, the Former Big Leagues, Blanks Jennings' Men After First Innings.

Chattanooga, Tenn., April 4. — Another left-hand pitcher made the Tigers roll over, play dead, and go through a whole other cute and entertaining antics at the Chattanooga ball yard this afternoon.

That this troublousouthpaw did not hand them a beating is due solely to the excellent pitching of Edgar Willett, by holding the Lookouts to one run in nine innings, and the big Kansan, with Boehler as his proxy in an overtime game, succeeded in getting a tie for the Junglers, but had there been a momentary let-up on the part of Jennings' pitchers, the home club would have celebrated a victory instead of being content to call it a draw at the conclusion of the tenth session.

The Detroit's team play was featured in a feebleness with the stick that was most discouraging, when one contemplates the formidable list of left-hand batters who adorn rival clubs in the American League. Willett cannot be expected each day to curb the running tendencies of opponents so successfully, while the Tigers will strike a lot of tougher twirling from the port side than Harry Covalskie showed them.

FRANK CHANCE ARRIVES WITH TEAM IN NEW YORK

Is Greatly Encouraged Over the Material He Has on Hand—Pitchers Look Pretty Good.

New York, April 3. — Frank Chance and the New York Americans, who have been training in Bermuda, arrived home on the steamship Arcadia tonight after a rough voyage.

The men were all in fine physical condition. Chance ordered them to report at the Polo grounds tomorrow afternoon for practice. He said that he was greatly encouraged over the material in hand and announced that Hal Chase would play second base in Brooklyn on Saturday. Chance also said that he would play first base himself regularly. Chance has much confidence in his pitchers and believes that Keating and Schulz are the best of the young twirlers.

BROOKLYN DODGERS BEAT GRIFFITH'S TEAM

Senators Were Handled a Beating on Their Own Field by Dahlen's Superbas.

Washington, D. C., April 3.—Timely hits when men were on the bases resulted in Brooklyn defeating Clark Griffith's team, 6 to 2. Ragon started the game for the Superbas and during the five innings he worked but

CUB RECRUIT TWIRLER ISSUES 16 PASSES

Handed Out Eight Walks in One Inning and Eight in Another—Result: Cubs Lost.

Kansas City, Mo., April 3. — The Blues rose up and whaled the Cubs, 13 to 4, in seven and a half innings today.

Most of the blame for this humiliating defeat may be loaded on the shoulders of B. Powell, formerly of the Blues. Bill was shy on control. In two stanzas Bill emitted eight of the very best passes and the Blues stacked up seven tallies with the aid of three hits among the passes.

Richie then went in and the Blues bunched him for a mess of ten hits and six runs. The Cubs wrenched seven swats from Ragon and Schlitz and were glad to get them.

CHRISTY MATHEWSON BATTED FOR A HOMER

Three Men Were on Bases at Time Fence-Clearing Smash Was Made.

Norfolk, Va., April 3.—Christy Mathewson celebrated his return to this city, where he first played in organized baseball, twelve years ago, by allowing the Norfolk team to score three of the four runs they made in today's game against the Giants.

The New York team finally won 10 to 4. A freak home run by Shrader resulted in three runs discredited against Mathewson. In the first inning Keller beat out an infield hit, McCracken was safe when Meyers tried to catch Keller at second and then Shrader met a slow one, pushing it to the centre-field fence. The ball took a bounce, cleared the fence and departed for regions unknown. Mathewson then retired the side.

JAMESTOWN RESULTS

Norfolk, Va., April 3.—Small fields of only moderately rated horses featured in the third day at Jamestown. Favorites fared badly, too, though the interest was well sustained throughout the afternoon. The scratching of Star Gift in the third race was a disappointment as the Anderson filly and

INGERSOLL SOCCER PLAYERS MEET TONIGHT

Town League Will Be Organized, It Is Expected—Season Will Open Today.

[Special to The Advertiser.] Ingersoll, April 4.—The soccer players of the town will meet in the council chamber this evening to discuss the outlook for the coming season. Much enthusiasm has been aroused on the part of the several teams, and the indications point to a very representative meeting. It is expected that the town league will be reorganized at the meeting and arrangements made for opening the season at an early date.

BOSTON RED SOX WIN A CLOSE GAME

University of Illinois Team Held Them to Score of 2 to 0, O'Brien Only Allowing One Hit.

Champaign, Ill., April 2.—Larson, pitching his first game on Illinois field, held the Boston Red Sox to a score of 2 to 0 today, and also fanned Manager Jake Stahl.

Stahl, who had secured two of the six hits the champions secured off the youngster, was fanned in the ninth when Larson slipped a third one over to the delight of the rooters and the discomfiture of Big Jake.

Boston bunched hits in the fifth and sixth innings, but the score was cut down by sharp fielding by Huff's juveniles. "Buck" O'Brien held the collegians to a single hit and Prindiville, who singled, was the only Illini to penetrate to second base.

LEADER OF PIRATES IS SERIOUSLY ILL

Pittsburg Club Has Been Placed in Charge of Alms Wagner.

Hot Springs, Ark., April 3.—Manager Fred Clarke, of the Pirates, and his wife have left for their home at Winfield, Kansas. The Corsair leader is reported very ill, and will not be able to be with the team for several days at least.

Alms Wagner will be in charge of the team during Clarke's absence.

THE JUST AND THE UNJUST

By Vaughan Kesler
The Prodigal Judge

CHAPTER XVII.
An Unwilling Guest.
Montgomery told himself he would go home; he had seen the last of the gambler and Marsh. He would look out for his own skin now and they could look out for theirs. He laughed boisterously as he strode along. He had fooled them both; he, Joe Montgomery, had done this, and by a master stroke of cunning had tied the judge's hands. But as he shuffled along down the street he saw the welcoming lights of Longan's saloon, and suddenly remembered there was good hard money in his ragged pockets. He would have just one drink and then go home to his old room, still mindful of his original purpose, however, he reeled across the Square on his way home. He had been a heavy hand descended on his shoulder and he found himself looking into Andy Gilmore's dark face.

"Where have you been?" demanded Gilmore. "I thought I told you to stay about tonight."

"I've been down to Longan's saloon," faltered Joe, his courage going from him at the sight of the gambler.

"What took you there?" asked Gilmore angrily. "Don't you get enough to drink at my place?"

"Lots to drink, boss, but it's mostly too rich for my blood. I ain't used to bein' so pampered."

"Come along with me," said Gilmore briefly.

"Where to, boss?" asked Montgomery, in feeble protest.

"You'll know presently."

"I thought I'd like to go home, maybe," said Joe irresolutely.

MRS. WM. ARCHER

Tells Mothers What To Do For Delicate Children.

"My fourteen year old daughter was very thin and delicate. She had a bad cough so that I became very much alarmed about her health. She was nervous and did not sleep well, had very little appetite and doctors did not help her. Having heard so much about Vinol, I decided to give it a trial. It has helped her wonderfully. She can sleep all night, now without coughing once, in fact her cough is gone. Her appetite is greatly improved and she has gained in weight. Vinol is a wonderful medicine and I will always keep it in the house. I wish every mother knew what Vinol will do for delicate children." Mrs. Wm. Archer, Long Branch, N. J.

This delicious cod liver and iron preparation without oil is a wonderful body builder and strength creator for both young and old. We promise to give back your money in every such case where Vinol does not benefit. This shows our sleep in Vinol. Anderson & Nelles, druggists, 288 Dundas street; W. T. Strong, druggists, 184 Dundas street, London, Ontario.

and Marsh ain't to keep me here no longer!"

His voice rose into a wall, for blind terror was laying hold of him. There was something, a look on Gilmore's handsome, cruel face, he did not understand, but which filled him with miserable foreboding.

"What's that about Marsh and me keeping you here?" inquired Gilmore.

"You got to leave me loose—"

"I had to tell him something. My old woman made an awful fuss! They had to throw water on her. Shrimpton took her home in an express wain. Say, boss, I'm a married man—I got a family! I know what I ought to do, and I'm goin' home, the judge says I got to! Him and me talked it all over, and he's goin' to speak to Marsh about keepin' me here!"

"So you told him we keep you here?"

And the gambler glowered at him. He poured himself a drink of whiskey and swallowed it at a gulp. "Well, what else did you tell him?" he asked over the rim of his glass.

"That's about all; only me and the judge understand each other," said the handy man vaguely.

"Well, it was enough," rejoined Gilmore. "You are sure you didn't say anything about North?"

Montgomery shook his head in vigorous denial.

"Sure?" repeated Gilmore, his glance intent and piercing. "Sure?"

A sickly pallor was overspreading the handy man's flame-colored visage. It began at his heavy, puffy jaws, and diffused itself about his cheeks. He could feel it spread.

"Sure?" said the gambler. "Sure?"

There was an awful pause. Gilmore carefully replaced his glass on the table, then he roared in a voice of thunder:

"Stand up, you hound!"

Montgomery realized that the consequences of his treachery were to be swift and terrible. He came slowly to his feet, but no sooner had he gained them than Gilmore drove his fist into his face, and he collapsed on his knees.

"Stand up!" roared Gilmore again.

And again Montgomery came erect, only to be knocked into a sitting position, with a long gasp across his jaw where the gambler's diamond ring had left its mark.

"I tell you, stand up!" cried Gilmore.

Reaching forward he seized Montgomery by the throat with his left hand, and jerked him to his feet, then holding him so, he coolly battered his face with his free hand.

"For God's sake, quit, boss—you're killin' me!" cried Joe, as he vainly sought to protect his face with his arms.

But the gambler had a primitive prejudice in favor of brute force, and the cruel blows continued until Montgomery seemed to lose power even to attempt to shield himself; his great hands hung helpless at his side and his head fell over on his shoulder, seeing which the gambler released his victim, who, limp and quivering, dropped to the floor.

Still crazed with rage, Gilmore kicked the handy man into a corner, and turning poured himself still another drink of whiskey. If he had spoken of what was uppermost in his mind, it would have been to complain of the rotten luck which in so ticklish a business had furnished him with fools and sots for associates. He should have known better than to have trusted drunkards like Montgomery; he should have kept out of the whole business.

To Be Continued.

MONTREAL MERCHANT SLAIN IN SALOON

Killed by Three Bullets From Revolver in Hand of Telegraph Operator.

Montreal, April 1. — Crazy by drink and apparently suffering from the effects of cocaine or some other drug, Jean Deroche, alias Jack Roach, a telegraph operator, shot and killed Eugene Venne, a grocer, in the bar-room of Gaspard Thoutin's restaurant, 204 Mount Royal avenue east, late this afternoon.

Three bullets were fired into Venne's body, and he died within a few minutes of the shooting. Constable Croteau, of the traffic squad, who was on duty nearby, rushed into the barroom, where he found Deroche standing over his victim with the smoking revolver still in his hand. Croteau struck him a blow on the

WILSON'S INVALIDS' PORT WINE

A BIG BRACING TONIC

ALCOHOLIC BEVERAGE

Three Glasses A Day Will Chase Ills Away!

A brimming wineglass of Wilson's Invalids' Port taken faithfully just before every meal will nourish, tone-up and gently stimulate the digestive and assimilative organs to healthy action without causing depression or other undesirable after-effects. Owing to the high percentage of albumenoid and nitrogenous food-properties contained it possesses valuable reconstructive and blood-forming qualities that render it a powerful ally of the disease-resisting forces of the body.

The modern, practising doctor recognizes in Wilson's Invalids' Port Wine a rational, salutary preparation that constitutes one of the greatest conquests of modern therapeutics, and he sees that it is included in the diet of every patient whose condition indicates a restorative tonic for nerves or tissues or both, because he has personally tested and proved its efficacy, purity and unvarying reliability. Doctors know!

INCREASE FOR WARD FOREMEN PROBABLE

Suggestion That Street Watering Inspection Be Added to Duties.

ADDITIONAL 25 CENTS

Board of Works Anxious About Report on Storm Sewers.

The ward foremen were recommended by No. 2 committee last night, on the motion of Ald. Glass, to increase the salary of the foremen from \$18 per week to \$23 per week. The committee also recommended that the foremen be given the duty of inspecting the street watering and street cleaning. The committee also recommended that the foremen be given the duty of inspecting the street watering and street cleaning. The committee also recommended that the foremen be given the duty of inspecting the street watering and street cleaning.

Foremen Willing. Ald. Glass suggested that the ward foremen might, in addition to their present duties, be assigned to the inspection of street watering and street cleaning. Chairman Bennett stated that the ward foremen were willing to try the plan. But Mayor Graham held that in their new work foremen would likely neglect their present duties.

Is a Ward Foreman a Working Foreman? Ald. Glass, for whom he stands supervising, said, "They will not be doing it." "That is often the case," said Chairman Bennett. "Except for additional men for the spring cleaning, the ward foremen in No. 3 ward will have only four men under him."

Suggested Citizens. "The citizens will make the best street inspectors," said Ald. Glass. "They will not be doing it." "That is often the case," said Chairman Bennett. "Except for additional men for the spring cleaning, the ward foremen in No. 3 ward will have only four men under him."

Were Too Late. A deputation of Nelson street residents who petitioned for a sewer on their street, asked to have their names withdrawn, but were told that it was too late. Engineer Ashplant asked for power to employ corporation laborers after hours on a time and a half basis. The garbage collection problem was laid over, while the engineer writes to Ottawa, Westmount, Hamilton and Toronto, to learn how collections are made there.

Want Storm Sewer Report. City Clerk Baker was instructed to write to Engineer Chipman to hurry along his report of storm sewers. He asked for ten days' grace, but the board is impatient.

dent, and wants to know something about the matter at once. Ald. Glass moved that the city engineer report on the condition of the streets in relation to the street railways tracks. On the motion of Ald. Saunders the committee endorsed the plans for the east end fire hall.

A USEFUL ARTICLE FOR ALL READERS

Some Say It's Worth Its Weight in Gold, and All Are More Than Pleased With It.

What is it? What do you suppose it is? There are many useful things, but not many of them are worth their weight in gold. This is not intended to be a "guessing contest," so you are to be given the answer at once.

The one thing known to be useful to every family is the new kind of Bible which The Advertiser is presenting to its readers on the popular plan explained in the certificate printed elsewhere in this issue.

The reason for calling it a "new kind" is because it is entirely different from others in that it contains like six hundred "eye-teaching" pictures adorning its pages. These pictures have been made alone for this great work. They cost more than \$50,000, and the publishers brought together the world's greatest artists for the purpose. Each picture brings out a point in the particular verse illustrated and makes it plain to the reader.

This explains why it is so useful. Some bibles are said to be "illustrated" when they contain only a few meaningless pictures. But the illustrations in The Advertiser's Bible are printed in with the type and accompany the text. In addition to these subject illustrations, there are numerous text illustrations, making this the most useful gallery of art of the rarest educational value to every body. A reader who got it the other day says it is worth its weight in gold. Praises come from all sources, and everybody that sees it is pleased with it. You can have it if you clip today's certificate and follow the directions explained therein.

BANKERS DISLIKE M'LEOD'S SCHEME

Do Not Approve of Selecting Auditors by a Board of Managers.

CALL IT RIDICULOUS

Also Surprised at Proposal to Abolish the Emergency Contribution.

[Canadian Press.] Toronto, April 3.—The statement H. C. McLeod read before the banking and commerce committee at Ottawa meets with some approval and some criticism from banking officials in Toronto, where he has long lived as a general manager of the Bank of Nova Scotia. One banker here remarked that Mr. McLeod is no longer in the business and would not have to live under the conditions which would be brought about by his proposals. An official of the Canadian Bankers' Association declared that he would rather have Government inspection than see the adoption of such a scheme. "In every gathering of general managers," he said, "there are always a couple of men who dominate the situation, and the result would simply be that one man, or two men would choose the auditors. The suggestion is ridiculous."

Objection was also made to Mr. McLeod's recommendation that legislation be passed to especially safeguard the savings deposits in the banks. "These deposits are not in reality savings deposits at all," said one bank president. "We simply use the phrase 'savings department' for advertising purposes. What are called savings deposits are merely deposits upon which we pay interest. The proposal to do away with emergency circulation created great surprise among the bankers interviewed. "Mr. McLeod says that the banks are overburdened now," he said. "If that is the condition now, what will it be next fall if we were unable to put out a panic on our hands and reserve deposits and everything else would be endangered, to say nothing of the banking business."

FINE GAS WELL WAS SHOT AT WYOMING

Flow is Sufficient to Keep Many Homes Plentifully Supplied. [Special to The Advertiser.] Wyoming, April 4.—T. L. Borrow-

man's well was shot yesterday and resulted in a splendid gas well, sufficient gas, it is claimed, to supply twelve houses.

Miss Myrtle McIntosh, violinist, of the Mack Musician Company, who has been ill at her home here for some weeks, is improving. Her sister, Miss Rose McIntosh, nurse, from Port Huron, is attending her.

Miss Lottie Lucas, second line, is very ill at her home with inflammatory rheumatism.

Friends of Malcolm Ewart were pleased to hear that he is safe. He was a resident of the Ohio flooded district and fears were entertained for his safety.

A bee was held yesterday to replace the barn roof belonging to Mr. D. M. Robertson. It required ten men and jackscrews to raise the roof back into place.

William McLeod, Old Timer in London Tp., Dies Aged 89 Years

One of the pioneers of London Township, Mr. William McLeod, died on Monday, Monday, 89 years ago. He was born in Tipperary, Ireland, 89 years ago. He came to this country when quite young and settled in "Little York," where he resided many years. Then he moved on a farm in the London Township. London Township, where he remained until the time of his death. He was a plasterer by trade.

Nineteen years ago, by an unsuccessful effort, he lost his sight. He is survived by his wife and two daughters and two sons—Margaret and William, of this city, and Mrs. G. S. Hudson and John, of London Township. The funeral took place on Wednesday, March 26. Burial was made in Silem Cemetery. A large number of friends and acquaintances attended.

Mayor Won't Tell About Telephone Deal at Toronto

A vexed telephone subscriber wrote to the board of works Thursday night complaining that her telephone was out of order, and that the company told her it could not be remedied until permission was secured from the city to erect new lines and poles. He was told by the board of works that the company had a long conference with the Bell Telephone folks in Toronto Thursday, and that a speedy settlement of the matter would be effected. "I can tell any of you, yourselves," the result of the conference," he stated to the board, "but I am not yet in a position to announce it publicly."

LEGAL QUERIES

READER.—Is a certain sum of money required of all immigrants to Canada? Answer.—Yes, for each person over 18 years of age, between March 1 and Oct. 31, \$25, in addition to ticket or money to purchase transportation to his or her destination in Canada; \$12.50 for each member of family over 5 years and under 18 years of age, between Nov. 1 and last day of February, double the amounts.

MIDDLEMISS.—A spark from a passing railway engine set fire to a barn on said railroad. Is said company liable for damages to owner of said barn? Answer.—Yes. If sparks from said burning barn is carried by wind and sets fire to two or more buildings situated within one-half a mile of said burning building, is railroad company liable for damages? Answer.—Yes.

TOWN HALL.—A town hall is built in an unincorporated village by public subscription, and deeded by the owners of the land, to John Amos and others, as hall trustees. Can their successors in office sell said hall property if they apply said money for purchase of another site for said hall? Answer.—If the deed provides for the appointment of successors and does not forbid it, consult a lawyer.

Can school and hall trustees build a school and hall under same roof, school to use lower floor and hall upper floor? Answer.—No; but the hall trustees might build and rent it to the school trustees the lower floor.

What distance must a public school building be from all others? Answer.—Thirty feet at least.

ST. MARYS MAY YET GET A NEW SCHOOL

Trustee Gives Formal Notice of By-law to Raise \$40,000. [Special to The Advertiser.] St. Marys, April 4.—At the regular meeting of the public school board last evening the secretary presented several communications, one from Inspector Lechin re the Government grant to the public school.

The secretary stated that the finance committee of the town council requested an approximate idea of the public school estimate for the year, and he said he re-

Cured My Cough In One Night

Relieved Me of a Throat Weakness That Resisted Every Treatment.

"SUFFERERS, FOLLOW MY PLAN."

"After being loaded down with a chronic hacking cough for months, you can imagine my joy at finding even a relief from it," writes Mrs. O. A. Tooker, of Monson, Mass., U. S. A. "I was troubled with an irritable throat weakness and asthma that simply defied every medicine I ever used. I was discouraged until the aid of Catarrhoxone, I have kept perfectly well. I have also used Dr. Hamilton's Pills for constipation with grand results, and consider your remedies have done wonders for me."

Thousands of wonderful cures are reported every year. Catarrhoxone does all that is claimed for it, and is certainly most efficient for colds, bronchitis, throat trouble, asthma and catarrh. The two months' treatment (large size), price \$1, is guaranteed; smaller size, 50c, sample size, 25c, at all storekeepers and druggists, or The Catarrhoxone Company, Buffalo, N. Y., and Kingston, Canada.

DAYTON IN DANGER OF ANOTHER BIG FLOOD

A Ten Hour Downpour Causes Section of City To Be Inundated.

[Canadian Press.] Dayton, Ohio, April 4.—Ten more inches of water in the Miami River will give Dayton another flood. A ten-hour downpour, which did not end till 1 o'clock this morning, together with clogged sewer intakes, flooded many streets in the city last night. Monument avenue, Thirteenth street, parts of the business section, east and west of the business section, and other thoroughfares stood upwards of one foot deep. Much apprehension was felt in Riverdale because of the washed condition of the levees, and guardsmen assisted by many residents kept a constant vigil. Adjutant-General Wood directed that special attention be paid to patrolling the levees.

The same condition prevailed in Edgemont, because of the deep gash cut in the levee near the Washington street bridge. Telephone reports from Epina, Bellefontaine, Troy and other places north indicated that there had been incessant rains, and Dayton will get the issue. The situation is at a standstill now, yet Dayton citizens are uneasy, because the weather forecasters declare that a recurrence of the flood is possible.

It was necessary today to dynamite a number of rubbish piles along the river that the accumulation might float away.

LEVEE GIVES WAY BEFORE THE WATERS

Indiana Near Evansville Is From Six to Ten Feet Under Water.

[Canadian Press.] Evansville, Ind., April 4.—The Howe levee, protecting 200 families in Ingleside, between Evansville and Howe, gave way today, and the Ingleside district is now inundated with depths of from six to ten feet. Heroic work for three days to protect the levee failed, and its breaking was expected. Minute men had been posted all along the dangerous line, and when the water began to pour over the top, the alarm was sounded, and bells were rung in Howe to warn the people in Ingleside to flee. There was no loss of life. Street car service with Howe is cut off. The Ohio River continued to rise slowly here today with a stage at 7 o'clock of 48.2 feet, practically fourteenth above the record of 1884, and no signs of abatement before late today.

Conditions in the Wabash bottoms, where the flood spent its greatest force in the last three days, are somewhat ameliorated today. Relief boats from here reached Uniontown, Ky., and the 2,000 people there who have been marooned in the fair grounds without food and with only the shelter that the animal stalls provides, are better situated now.

TILLSONBURG AFTER BIG SHOE FACTORY

Bylaw To Be Submitted To Loan De-[Special To The Advertiser.] Tillsonburg, April 4.—A bylaw is to be submitted shortly to loan the Sneed-Hathaway Boot and Shoe Company, of Detroit, \$25,000 on condition that a new three-story factory, to employ 60 hands to start, and 100 later, is built. Members of the board of trade and council were strongly in favor of the project.

MORGAN'S BODY AT HAVRE

Military Honors Accorded During Transfer From Train. [Canadian Press.] Havre, April 4.—Military honors were accorded during the transfer of the body of J. P. Morgan from the train to the station. A column of infantry formed an escort headed by the regimental band, which played "Chopin's Funeral March." The regimental flags draped with mourning emblems were carried behind the coffin. Col. Eon was in command of the troops.

A mortuary chapel had been arranged on board the France for the reception of the coffin. It was hung with black velvet fringed with gold. The ceremony was of the most extreme simplicity, but very impressive.

ETHEL ROOSEVELT WEDS

Daughter of Progressive Leader Becomes Bride of Physician. [Canadian Press.] Oyster Bay, N. Y., April 4.—Miss Ethel Roosevelt, daughter of Theodore Roosevelt, was married in Christ Episcopal Church here at noon today to Dr. Richard Derby, of New York. Two hundred close friends and relatives of the bride and bridegroom witnessed the ceremony. Rev. Dr. George E. Tolmidge, pastor of the local Episcopal church, officiated. Dr. C. C. Smith, of Washington, and Rev. Dr. Endicott Peabody, of Groton, Mass., performed the ceremony.

Dr. and Mrs. Derby will sail for Europe to-morrow.

John Barleycorn Presents Clients In Police Court

John Barleycorn was at the bottom of all but two charges in police court this morning. Joseph Tait had two charges of drunkenness laid against him. Owing to numerous previous offences he was severely dealt with, a fine of \$10 or one month in jail being imposed in each case.

Another offender, who some time ago went to Winnipeg to escape the hardships of the prohibitory list, came back to the city last night and celebrated his arrival by getting drunk. "10 or 21 days," said the court this morning.

A similar sentence fell upon the ears of another biter. An Italian, who with free vengeance in his heart, explained his broken English to the court that he wasn't drunk at all—he was just arrested for nothing," was allowed to go.

Almost Didn't Appear.

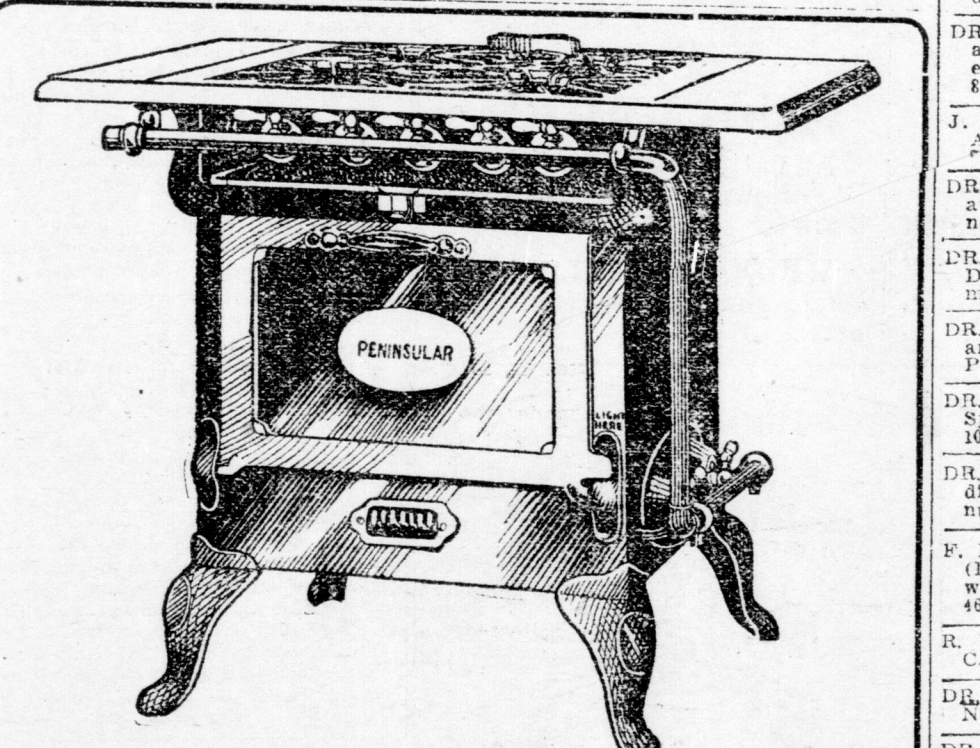

George Nakh is small of stature, and his head could scarcely be seen above the prisoner's dock. Moreover, by some oversight, his name was not found written in the book, and it was not until it was time to remove the prisoners that he was discovered. The discovery was unfortunate for George, for the nature of his offence necessitated a fine of 10 or 21 days. J. H. Hall failed to answer, his name was called, and a warrant will be issued for his arrest.

Never, No Never Again.

A woman, Charlotte Vandecar, who was arrested for being drunk, was discharged after promising that she would not appear again. The court informed her that if she did she would have her amount so large that it would necessitate her going to jail.

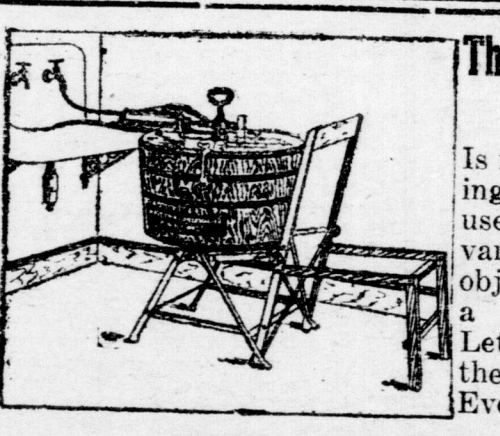

TOO MUCH TURKEY TROT

Mayer Gaynor Will Endeavor To Stop the Vicious Dancing. [Canadian Press.] New York, April 4.—Broadway restaurants which have not yet recovered from the shock of Mayor Gaynor's order prohibiting the selling of liquor after 1 a.m., are about to be attacked on another point. Special officers from the police department are now investi-

gating places where tea-time turkey trotting is regarded by some as the proper thing.

The plain clothes men have found that within the hours of 4 and 5 in the afternoon the ballrooms attached to about twenty restaurants are thronged with girls and men, dancing the turkey trot. Between dances they sit at tea tables, and some of them do not confine their drinks to tea exclusively. Cocktails enter into the list.

Under the present law any public place that has 50 rooms may claim to be a hotel, and may have dancing without any special permit from the city. There are a number of places where dancing is conducted under this law that the mayor believes to be endangering the morals of the women who frequent them.

A bill is being prepared in the offices of the corporation counsel, it is said, which will give the city control of dancing held in hotels. There is no desire to restrict dancing in the first-class hostilities, but in order to put a stop to the vicious dancing that has been going on in certain resorts, a general bill has been drawn. This bill has been sent to Albany, it is said.

Skin Diseases ARE PAINFUL AND UNSIGHTLY.

Among the most prevalent are Salt Rheum, Eczema, Tetter, Rash, Boils, Pimples and Itching Skin Eruptions.

These troubles always arise from the blood being in a bad condition and it is absolutely impossible to eradicate them from the system unless you put your blood into good shape. This you can do without the slightest trouble by using Burdock Blood Bitters.

It drives out all the humor from the blood, and makes it pure and rich. Thousands of people have used it during the last thirty-five years and have been cured.

Mr. Robert Gamble, Jones Falls, Ont., says: "I write with the greatest of pleasure to recommend your great blood purifier, Burdock Blood Bitters. My wife and I had itching sores on our face and ears, and tried everything to help them, but found no relief. We saw your B.B.B. advertised and got a bottle, and before it was half gone we both were getting better, and when it was all gone we were cured."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BAND OF FOREIGNERS INDICTED FOR MURDER

Ten Rounded Up by New York State Police Charged With Many Crimes.

[Canadian Press.] White Plains, N. Y., April 4.—The grand jury today indicted for murder ten men declared to be members of an organized band of foreigners that has for many months been engaged in committing crimes of violent character. According to District Attorney Winslow the gang is responsible for blackmailing, white slavery, dynamiting, bomb throwing, robbery and murder. Twelve men, besides those under indictment, are in jail.

At the door of the men is said to lay the responsibility for the reign of terror that existed for a time in the Pocantico Hills estate of John D. Rockefeller, at Tarrytown.

The scene of the band was picked up by officers investigating the murder of Philip Carida here on Feb. 26, and of Tony Marro, in Fortchester, the following day. The indictments returned today accuse the men named of these crimes.

AMUSEMENTS

"Robin Hood" Return Engagement.

The revival of "Robin Hood," which comes to the Grand Monday evening, will be made notable by the appearance of three singers who were formerly at the Metropolitan Opera House in New York, one who is famous at the Royal Opera, Covent Garden, in London, and two who hail from La Scala, in Milan. The De-Koven Opera Company will be headed by Bessie Abbott, who won success in Paris at the Grand Opera, and at the Metropolitan Opera House in New York. Henrietta Wakefield and Herbert Watrous were also noted members of the latter institution. Walter Hyde is the greatest of all English tenors, and he is one of the mainstays of the Royal Opera, in London. Anna Bussert and Mische Firenze have both sung in Italy. Seats on sale now.

The sale opened yesterday and from present indications they will have another large house.

Nazimova in "Bella Donna."

Local theatregoers will appreciate the splendid acting of Madame Nazimova have much to look forward to in her coming engagement in the Fagan-Hichens play, "Bella Donna." Of the many roles in which this talented woman has been seen since she became famous among English speaking actresses, the title role in "Bella Donna" offers her by far the greatest opportunity. Her acting is always intensely vivid, but her present role offers her greater scope than anything she has ever done, and her impersonation is said to be a triumph of her art. The play itself is colorful, full of incident and the dramatist has followed the plot of the novel closely. Madame Nazimova's engagement in "Bella Donna" is scheduled for Tuesday evening. Seat sale opened today.

A Spring and Summer Style Show Beyond Compare

You Men and Young Men who know the advantages of early choosing—of getting first choice of all that's new and good in clothesdom—certainly have a rare treat in store for you here. BRUSSELS.

Brussels, April 3.—James Houston, an old-time resident of concession 16, of Grey Township, was buried on Wednesday. He was 72 years of age, and leaves a wife and grown-up family. He was ill for some months, and was a great sufferer with rheumatism.

A brick cottage on Turnberry street, owned by John Walker, Seaforth, has been bought by Mrs. James Ferguson, who recently sold her residence in another part of the town.

J. J. Gilpin, who fell at his home and broke two of his ribs close to the breast-bone recently, is getting along nicely.

By a fall on the icy sidewalk, Mrs. Alex. Strachan strained one of her shoulders quite seriously.

Dr. Fred and Mrs. Gilpin, of Chicago, were here this week on a visit to the former's parents.

Rev. W. E. Kerr, of Welland, spent a few days with relatives here recently.

Auctioneer P. S. Scott has had a great sweep this season of auction sales of farms and farm stock. Prices have been high.

DORCHESTER.

Dorchester, April 4.—Mrs. Edwards has moved into the house lately occupied by Mr. Nichol, and Mr. R. Harris is moving into the farm from which she has moved.

Mr. Chas. Connor and family are moving this week on to the farm recently owned by Mr. David Gilmore.

The new storekeeper, Mr. Marco, has moved into the store lately occupied by Mr. C. W. Vollek, Mr. Vollek still has the hardware store joining.

Mrs. W. E. Wilson is not as well, being confined to her bed.

Mrs. E. Rogers, who recently broke her wrist, is doing nicely.

FERGUS.

Fergus, April 4.—Mr. Joseph Tindale, Jun., has left for Midland, where he has secured a situation. Before leaving his fellow-employees in Mr. C. S. Ewing's

store presented him with a pair of military brushes and case.

Mr. and Mrs. James Murphy have left Lloyminster, B. C., where they will in future reside.

Rev. Father Cushing, of St. Michael's College, Toronto, spent a few days with his niece, Mrs. Michael Bergin, recently.

Mr. and Mrs. Robert Ferguson, of Regham, and Mrs. (Capt.) Beattie, of Fergus, have returned after a two months' pleasant visit in the South. Mrs. Ferguson will remain here with her mother for a few weeks.

Mr. George Cornie has returned home for ten days, prior to going to Whithy, where he will superintend the drainage of the asylum grounds.

Misses Carmen Farrow, Jacqueline Wilson, Bella Shortreed and Irene Davis were each operated upon for appendicitis recently, and are doing nicely.

Mr. Fred A. Black, who has been accountant in the Imperial Bank here for some years, has severed his connection, having been appointed manager at the branch in Pontiffril, and leaves this week.

An enjoyable dance was held in the council chamber on Wednesday night, under the auspices of the W. B. D. Club. About 25 couples were present.

Mr. and Mrs. William G. Beatty moved into their beautiful new residence this week, situated on St. David street.

THAMESFORD.

Thamesford, April 4.—Mr. Alex. Hossack and Mr. McFarlane, who left a short time ago with three carloads of stock for the Northwest, encountered a snowstorm a few miles from White River, and had to stay in a snow bank for over three days, the trains being unable to get through.

Mr. W. H. Sutherland and sister visited friends here yesterday.

Mr. John Parsons has moved into the house lately vacated by Miss Scellian, which he purchased, and Miss Orr has moved into Mr. Parsons'.

Mr. Henry Filmore has sold his coal business to Mr. Quait, of West-Nisouril, who takes the business over today.

Mr. Howard, who has been very ill for the past few weeks, is able to be about again.

Miss Bab, of the Macdonald Institute, Guelph, visited recently with her brother, Dr. Bab.

Miss Taylor, of Pottersburg, visited on Sunday with Mrs. E. T. Dundas.

Mr. S. A. Morrison, traveler for R. C. Struthers & Co., London, is staying with his mother and sister, after spending four weeks in Victoria. Hospital for throat trouble. He expects to resume his work in a short time.

Mrs. E. Sturges is improving slowly.

LUCAN.

Lucan, April 4.—Mr. J. J. Hodgins, who has been laid up with la grippe for

the past couple of days, will soon be able to be around again.

Mr. Oscar McCall moved into town yesterday.

Mr. Ernie Abbott has sold his drayage business to Mr. Marshall McCall.

Mrs. O. L. McComb is ill at present with inflammatory rheumatism.

WIARTON.

Warton, April 4.—Glen Shaw, of the Bell Telephone Company, has been transferred to the Toronto office, and Miss McCartney will take charge here.

Public School Inspector McCool is visiting the school.

Walter Holler leaves this week for Chatham, to sail on the Ossifrage, which runs between Chatham and Detroit.

Mrs. James Symon and Miss Eileen are in Toronto for a few days.

Maple syrup is a failure in this district this season. Mr. Cecil Swale, who has the best bush around here, had it badly damaged by the storm.

LAMBETH.

Lambeth, April 4.—Mrs. Heard and Miss Gregory, of London, are the guests of Mrs. Eber Patrick.

Miss Tyler, of Delaware, is visiting Mrs. T. Hamlin for a few days.

Mr. and Mrs. Geo. Copeland are guests of Mrs. A. G. House.

Mrs. Haslam and son Lyle, of Comber, are visiting with Mr. and Mrs. A. Copeland.

The traction depot is being repaired as quickly as possible, but it will be some little time before it will be ready for use.

GLENCOE.

Glencoe, April 4.—Mr. Earle Foster visited his mother, Mrs. J. J. Foster, recently.

Miss May Sitzer, of Brantford, is visiting her brother, Stanley Sitzer.

Mr. Isaac Waterworth, Mosca, had a sale of farm stock and implements recently. He intends residing in Toronto.

G. H. Thomas, of Newbury, was here yesterday.

John McLaughlin is moving into the house formerly occupied by F. Dobson. James Wilson has resumed his position at the postoffice.

A. E. Archer has purchased the residence of Mrs. Hopkinson, King street.

EXETER.

Exeter, April 4.—Preparatory services will be held in Caven Presbyterian Church this evening, and Communion will be

dispensed on Sunday. In the evening Rev. Mr. Fletcher, of Thames road, will preach.

The Ministerial Association of South Huron will meet in Caven Presbyterian Church on Monday afternoon, April 7.

Rev. Mr. McMillister will give a paper on "The Marks of the Apostolic Church."

Mr. Joseph Wambold, of Dashwood, has purchased the confectionery business of J. P. Wilson. He took possession this week. He will live in the brick residence on Main street recently occupied by Mr. Marchand.

Gerald Hurdon has taken a position in Buffalo, where he has been visiting for a few weeks.

Ernie Hurdon will take the position of junior in the Molsons Bank, Clinton.

Percy Webber has moved his family to Centralia, and Frank Sweet has moved to Sarnia.

FINGAL.

Fingal, April 4.—Mr. Scott, of Highgate, and Mr. Ross Peace, of Rodan, visited recently with Mr. and Mrs. Fordham.

Mr. Donald McNish is somewhat indisposed at present.

Masters Willie and Jimmie McLandress have returned to West Lorne, after spending the week here.

Miss Winnifred Harris has returned to Toronto after spending Easter here.

Misses Campbell and Smith returned from their respective homes to take charge of their work in the school here.

Rev. George Gilmore will preach his farewell sermon next Sunday morning.

Rev. Mr. Harris, of the Methodist Church, will preach in the interests of the proposed radial line.

Mr. Fergus Cron is quite ill at present.

Miss McMillan is in West Lorne for a few days.

Mr. Earl Neville has returned from London, not much improved in health.

Mrs. Lorne Smith was brought home from the hospital recently and is improving steadily.

Mrs. Duncan Campbell is quite poorly at present.

MOUNT BRYDGES.

Mount Brydges, April 4.—Mr. Homer Snegrove is steadily improving from the effects of his severe injuries.

Mr. Veale, who has been very ill for some time at the home of his daughter, Mrs. S. Bond, is able to be out again.

Messrs. Perry, of Watford, have moved to the butcher shop here.

Mr. Wm. Kettlewell, Mr. G. Webb and

Mr. F. Davidson and their families, have moved to Windsor.

Considerable changes have been made in the rural mail delivery routes here. A great many new boxes have been added.

PARKHILL.

Parkhill, April 4.—Mr. Robert Cavanagh has commenced carrying the daily mail between Springbank and Parkhill.

Mr. Sturdock McLellan was presented with a gold watch on Tuesday evening on the eve of his departure to his new home on the Nairn gravel road. Mr. L. C. McIntyre made the speech of the evening.

Mr. Angus O'Hattley's plowing bee was postponed on account of the heavy rain on Thursday.

The Regan brothers have rented the Green farm on the townline, West Williams, for a term of years, and moved on Thursday.

Mr. R. Kavanagh has moved to Parkhill, where he has rented a house there for the present.

The People of Bornish, who had their church sheds blown down during the recent storm, are rebuilding them.

Mr. J. H. Morrison is moving to the Currie farm, which he purchased lately from Mr. Schafer, of Parkhill.

Mr. John Leslie has left for the West with a carload of settler's effects.

Miss Kate Morrison has returned to the Stratford Academy, after spending the Easter vacation with her parents on the Centre road.

BLENHEIM.

Blenheim, April 4.—Mayor I. H. Edmonds and Reeve A. Denholm were in Toronto, yesterday, to represent this municipality in the interview with the hydro-electric commission.

Mrs. T. S. Little, of Fort Francis, is visiting with her parents, Mr. and Mrs. W. E. Biggar.

Mr. E. W. Knight, who has been ill for several days, has now recovered and is able to be at his business again.

Messrs. Nathan Flater and Richard Leitch have commenced operations for

the construction of gutters for Talbot. The gutters are to be from three to four feet in width, and to extend on both sides of the street from Chatham to Marlborough streets.

It is reported that Mr. P. C. Little has sold the building now occupied by Greenwood & Vester, to Mr. J. B. Pickering.

Mr. L. Fitzgerald has returned to Tupperville, after spending several days with relatives here.

Mrs. Thos. Higley and daughter, of Walkerville, are spending a few days with Mr. and Mrs. P. Labadie.

The members of the Methodist Ladies' Aid held their monthly meeting in the schoolroom of the church yesterday afternoon. The annual election of officers was held. Mrs. T. B. Shillington was chosen as president.

The Rebecca Lodge held a special meeting last evening.

Duncan Carmichael, for many years a resident of Blenheim, and now residing at Hamilton, is spending the week here renewing acquaintances.

The Chancel Guild of Trinity Church served a hot supper in the basement of the church last evening.

E. W. Knight is building an addition to his seed store on Talbot street. The new part will be used as a warehouse.

turning two months from date of issue.

Through coaches and Pullman Tourist Sleeping cars are operated every Tuesday in connection with Settlers' and Homeseekers' excursion, leaving Toronto 11 p.m., and running through to Winnipeg via Chicago and St. Paul without change. Reservations in Tourist cars may be secured at a nominal charge on application to Grand Trunk agents.

The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg-Saskatoon-Edmonton, with smooth roadbed, electric lighted sleeping cars, through the newest, most picturesque and most rapidly-developing section of Western Canada.

Through tickets sold and reservations made by all Grand Trunk agents. Costs no more than by other routes. Trains now in operation Winnipeg to Saskatoon and Regina, Yorkton and Canora, Sask., Camrose, Mirror and Edson, Alta., also to Fitzhugh and Tete Jaune, B. C.

Before deciding on your trip, consult any agent of the Grand Trunk Railway for descriptive literature, timetables and particulars, or write C. E. Horning, District Passenger Agent, Union Station, Toronto, Ont. April 11-vx

ARE YOU GOING WEST THIS SPRING?

If so, exceptional opportunities are now being offered by the Grand Trunk Railway System in connection with Colonist, Homeseekers' and Settlers' excursions.

The Colonist rates are one-way tickets applying from stations in Ontario to Vancouver, B. C., Victoria, B. C., Prince Rupert, B. C., Seattle, Wash., Spokane, Wash., Portland, Ore., San Francisco, Cal., Los Angeles, Cal., San Diego, Cal., and other points in Arizona, British Columbia, California, Idaho, Montana, Nevada, Oregon, Utah and Washington, and are on sale daily until April 18, inclusive.

The Settlers' excursions apply from stations in Ontario, Port Hope, Peterborough and West to points in Alberta and Saskatchewan every Tuesday until April 29 inclusive at low rates.

Homeseekers' round-trip tickets will be issued at very low rates from stations in Canada to points in Manitoba, Saskatchewan and Alberta and are in effect each Tuesday until Oct. 28 inclusive via Chicago and St. Paul, and will also be on sale on certain (Tuesdays) during above period via Sarnia and Northern Navigation Company.

The Homeseekers' tickets are good re-

turning two months from date of issue.

Through coaches and Pullman Tourist Sleeping cars are operated every Tuesday in connection with Settlers' and Homeseekers' excursion, leaving Toronto 11 p.m., and running through to Winnipeg via Chicago and St. Paul without change. Reservations in Tourist cars may be secured at a nominal charge on application to Grand Trunk agents.

The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg-Saskatoon-Edmonton, with smooth roadbed, electric lighted sleeping cars, through the newest, most picturesque and most rapidly-developing section of Western Canada.

Through tickets sold and reservations made by all Grand Trunk agents. Costs no more than by other routes. Trains now in operation Winnipeg to Saskatoon and Regina, Yorkton and Canora, Sask., Camrose, Mirror and Edson, Alta., also to Fitzhugh and Tete Jaune, B. C.

Before deciding on your trip, consult any agent of the Grand Trunk Railway for descriptive literature, timetables and particulars, or write C. E. Horning, District Passenger Agent, Union Station, Toronto, Ont. April 11-vx

WOMEN'S INSTITUTE

Members of Birr Society Heard Many Instructive Papers.

[Special to The Advertiser.]

Birr, April 4.—The regular meeting of the Birr Women's Institute was held at the home of Mrs. Angus Ferguson, on the 15th concession. Miss Guest presided. There was a good attendance. The meeting was opened by singing "O Canada," and after the minutes of the previous meeting were read by Miss Dora Stewart, Mrs. McTurk, of Lucan, gave a very interesting and instructive address, suggesting many valuable ideas. Miss Gertrude O'Neill gave a reading, which was much appreciated. The meeting in May will be held at Mrs. F. Scott's

turning two months from date of issue.

MIDDLESEX MEMBER HAS MANY BILLS

Mr. Elliott Presents Four Measures for Consideration of the Legislature.

ALL OF IMPORTANCE

To Encourage the Breeding of Fur-Bearing Animals Would Allow Trapping in Close Season.

[Special to The Advertiser.]

Toronto, April 3.—Mr. J. C. Elliott (West Middlesex) in the Legislature today secured the adoption of the principle of his bill to amend the game and fisheries act, which was given a second reading and sent to the legal committee. This bill is designed to encourage the breeding of fur-bearing animals and allows these animals to be caught for breeding purposes during the close season.

Mr. Elliott explained that several farms were being established in Middlesex County for the breeding of black foxes, whose fur was exceedingly valuable. In Prince Edward Island a staple industry has grown up in this way. It was only during the close season that young animals could be successfully captured and tamed, and if the industry was fostered he firmly believed that the ultimate effect would be a substantial reduction in the price of these skins. The act will also apply to other animals, and from the favorable consideration the bill received it is hoped that the bill will be reported by the committee.

Sir James Whitney was somewhat credulous. He wondered if the members of the fair sex would appreciate furs as highly as they do now if the price was reduced.

Arbitration Act.
Mr. Elliott's second bill was to amend the arbitration act, and provided that when an award was set aside the court or a judge may direct as to the costs of the reference and award; further, that when the court or a judge has set aside an award without directing as to the costs of the reference and award, and an arbitration relating to the same subject matter is subsequently had between the same parties and the costs of the abortive reference and award shall be added to and dealt with in the same manner as the costs of such subsequent arbitration and award.

Mr. Elliott introduced his third bill to amend the searching of titles. He explained that it had been presented in the form suggested by a man largely interested in the conveyancing of titles. Referred to the legal committee.

Another Elliott Bill.
The West Middlesex Liberal's fourth bill made provision for regulating the size and mode of construction of culverts and bridges which cross any drain or watercourse situated on a public highway. Referred to committee.

Upon the suggestion of Hon. Mr. Hanna, Mr. Elliott withdrew his bill to amend the Ontario companies act, which aimed to prevent persons who are directors of two different companies from buying raw material for one company from the other company. When such a transaction involved loss by the small shareholders of either company, Mr. Hanna thought the bill proposed would prove inadequate.

Mr. Anderson (Bruce) moved for a return showing correspondence relating to the appointment of Mr. W. H. Whiteside, police magistrate of Denison, Ont., and was told by Hon. Mr. Foy that the communications were private and confidential.

The bill introduced by Mr. Rowell to incorporate the British Methodist Episcopal Church was given a second reading.

Mr. Allan Studholme (East Hamilton) commenced at 4:30 p.m. to talk about his bill respecting fair wages and hours of labor regulation and was "going strong" when the House adjourned at 6 o'clock.

DIED OF PNEUMONIA.

REV. MR. McCULLOCH INDUCTED AT CRANBROOK

Moderator Bell Was Pleasantly Surprised by Gift of Purse of Gold.

[Special to The Advertiser.]

Brussels, April 3.—Rev. Mr. McCulloch, late of Chatsworth, was inducted into the pastoral charge of Cranbrook and Ethel Presbyterian Churches, on Tuesday. Rev. Mr. Mann, of Brussels, preached the new pastor, and Rev. Mr. Lundy, Walton, delivered the charge to the congregations. Rev. Mr. Bell, Molesworth, presided as moderator. He was presented with a purse of gold for the care he took as interim moderator.

An evening gathering of a social character was held. It is 36 years since Rev. D. B. McRae, Mr. McCulloch's predecessor, was inducted. He resigned last fall to accept a call to Armoor. Next Sabbath the new pastor will preach his inaugural sermon. Mrs. McCulloch is a daughter of the late Rev. Professor Torrance, of McMaster College, Toronto.

ELECTED OFFICERS

Brussels Will Have a Strong Football Team This Season.

[Special to The Advertiser.]

Brussels, April 4.—The football team has been organized for 1913, with the following officers: Honorary president, Dr. McRae; president, Dr. Bryans; vice-president, F. H. Gilroy; secretary, W. C. McKinnon; treasurer, W. Long; coach, G. McDonald; manager, James Ballantyne; executive, C. McMillan, W. S. Scott and A. Anderson. A team will be entered in the W. P. A. Brussels has a notable record for football victories.

GOLDEN WEDDING

Mr. and Mrs. Henry Penfound Were Wedded Fifty Years Ago.

[Special to The Advertiser.]

Brucefield, April 3.—A most enjoyable golden wedding celebration was held at the home of Mr. and Mrs. Henry Penfound, in Stanley Township, near here recently in honor of the fiftieth anniversary of their wedding. Relatives, children and grandchildren, to the number of thirty were present. Mr. and Mrs. Penfound were presented by their children with handsome leather-covered chairs, and also received a purse of gold. A most enjoyable time was spent by all, and many hearty good wishes were extended to Mr. and Mrs. Penfound.

HORSE SHOW

Brucefield Annual Spring Exhibition Easily Broke All Records.

[Special to The Advertiser.]

Brucefield, April 3.—Brucefield held its annual horse show today. Good weather prevailed, which brought out a large number of competitors. Not for many years has there been a larger entry, especially in the heavy horses, and it is safe to say that no better class of horses could be seen anywhere. The fact that Seaford, Brucefield and Clinton are holding their shows on consecutive days may have made the entry list larger, but it is a good idea, so that horsemen can go directly from one show to another without any extra fitting of their horses. In the aged stallion class there were 6 entries, as also in the brood mare class there were the same number, and the judges had quite a time to decide on the winners, as they were all good. There were not so many entries in the carriage and roadster class, but what were entered were good. Most of the horses go to Clinton tonight for the show tomorrow.

MET AT WARTON

Trinity Church Vestry Heard Most Satisfactory Annual Reports.

[Special to The Advertiser.]

Warton, April 4.—At a meeting of Trinity Church vestry last evening there was a record attendance for an annual meeting. The vestry, Rev. C. May's report, and the wardens' financial statement, were both highly satisfactory, showing marked progress in every way.

Mr. Cecil Swale was nominated by the vestry as his warden, and Mr. Robt. Nelson was elected people's warden. The following were elected to the select vestry by the vestry: Messrs. Holland, Webster and Aston; by the rector, Messrs. Carver, Fisher, Buckland and R. H. Rathwell.

FENTON—CHITTICK

Popular Dorchester Young Couple Celebrated Their Nuptials.

[Special to The Advertiser.]

Dorchester, April 3.—A very pretty wedding was solemnized in St. Peter's Church, Dorchester, on Wednesday, when Miss Ethel Chittick, eldest daughter of Mr. George W. Chittick, was married to Mr. Lloyd Fenton, also of Dorchester. The rector, Rev. Harold Sutton, officiated.

The bride, who was given away by her father, looked very charming in a gown of white embroidered marquisette, with veil and orange blossoms, and carrying a bouquet of white roses.

As this was the first marriage celebrated in the new church, on appearing from the vestry, after the signing of the register, the bride was presented by the minister's warden, Mr. John Parker with a Bible from the church. The wedding party then proceeded

to the residence of Mr. Geo. W. Chittick, where a reception was held, about 45 guests being present. The groom's gift to the bride was a very beautiful pendant, and to Mrs. (Rev.) Sutton, the organist for the occasion, a pair of pretty gold beauty pins.

The A. Y. P. A. and Ladies' Guild of the church gave a splendid shower for Miss Chittick, the Monday evening previous, at the home of her aunt, Mrs. Peter Tapham, practically all the church people being present. They gave her a large table set of beautiful china in one design, besides silver-plated cutlery and fine linen.

After a short trip Mr. and Mrs. Fenton will settle in their home near Dorchester village.

T. Q. SEABROOKE DEAD

Comedian Who Appeared in Many Comic Operas.

Chicago, April 3.—Thomas Q. Seabrooke, a well-known comic opera comedian for twenty years, died today in a Clark street hotel, after a brief illness. He was 54 years old. His home was 102 West Eighty-fifth street, New York City. He had been in ill-health for several years.

Seabrooke, who was born at Mount Vernon, N. Y., frequently appeared in Toronto and other Canadian cities. "The Isle of Champagne," "Tabasco," "A Chinese Honeymoon" and "The Red Feather" were among the operas in which he had principal parts.

HEAVILY SENTENCED

Disorderlies Were Severely Dealt With By Windsor Magistrate.

[Special to The Advertiser.]

Windsor, April 3.—Magistrate Leggett, refusing to grant leniency to William Shorts, a negro convicted of conducting a disorderly house on Mercer street, sentenced him today to six months at hard labor in the Central Prison, and in addition imposed a fine of \$50 and costs, and in default of payment of the fine two months more in prison.

Mrs. Patterson McCowan, a white woman who has a negro husband, convicted of being an inmate of the house, was fined \$11.50 or 60 days in jail. "Only for the sake of your five children will I be lenient with you," said the magistrate.

Mrs. McCowan said she preferred to take the term in jail, but her husband said he would try to raise the money with which to pay the fine.

Farmer Burr—How do you like your automobile, Ezra? Farmer Root—Wal, I can't go to sleep on my way home from town, at wake up in the barnyard, like I could with old Dobbin.—Puck.

A Wonderful Discovery

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill.

Then again, As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mother should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This is the secret of the healthy tissue below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. It is why Zam-Buk cures are permanent.

Only the other day, Mr. Barsh, of 101 Delorimier avenue, Montreal, called upon the Zam-Buk Company and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. Today—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c a box, or we will send free trial box if you send this advertisement and a 1-cent stamp (to pay return postage). Address Zam-Buk Company, Toronto.

Makes Rheumatism Promptly Disappear

Crippled-Up Sufferers Find Relief After Few Doses of Croxone Are Taken.

It is needless to suffer any longer with rheumatism, and be all crippled up, and laid out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped up, inactive kidneys, so they can filter all the poison from the blood, and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all misery and suffering will end.

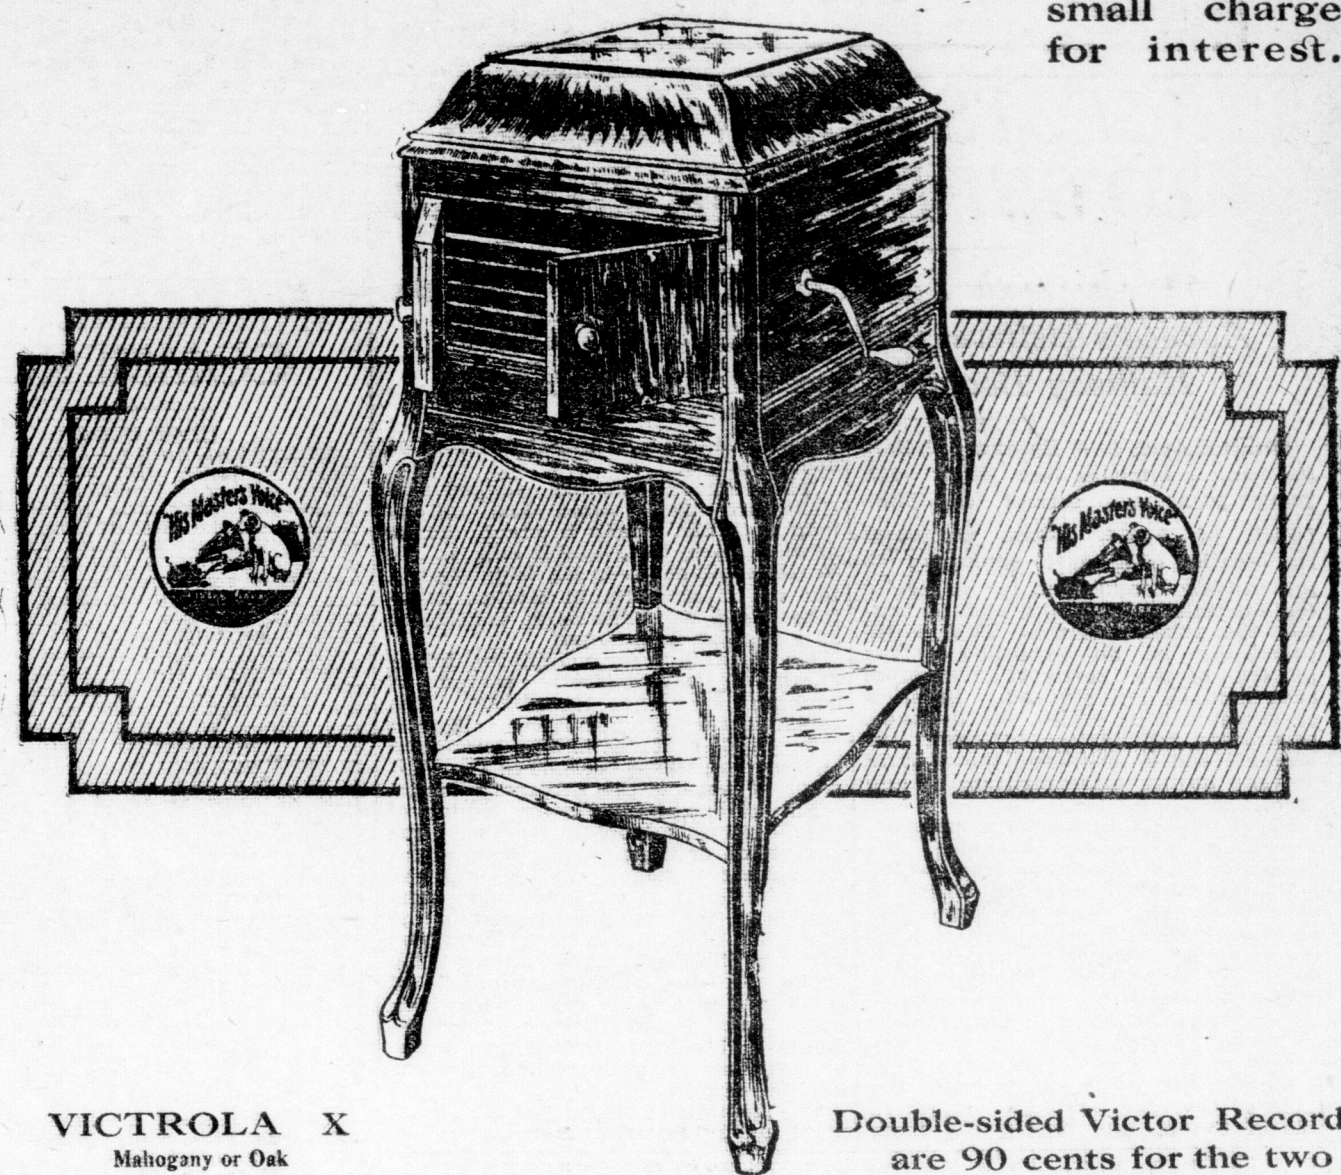

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to overcome the worst backache or urinary disorders.

Symptoms Warn to Remove the Cause

The ordinary doctor spends his efforts in arresting symptoms rather than removing the cause of trouble. He is often compelled to do this against his better judgment in order to satisfy the demands of his patients.

Symptoms are removed at a dreadful expense to the organs of the body. As an example, consider the effect on the nervous system of drugs so powerful as to immediately stop headaches and other bodily pains.

The reaction is most exhausting on the system, and the result is that the pains and aches return, and the system constantly grows weaker and weaker.

Dr. Chase's Nerve Food cures by removing the cause, gradually and naturally, this food curvitalizes the feeble, wasted nerves, and by invigorating the system drives out pains, aches and disease.

This is Nature's way of curing disease. It is the only way. The treatment of symptoms is only a makeshift way of avoiding pain. It overlooks the importance of symptoms as a warning of impending trouble.

To get well and keep well use Dr. Chase's Nerve Food until the blood is rich and red, the nerves steady and the body filled with health and vigor.

Dr. Chase's Nerve Food

50 cents a box, 6 for \$2.50, at all dealers, or Edmanston, Bates & Co., Limited, Toronto.

She's a wonder

is Mrs. Edwards, when she gets going in the kitchen. She pops that home-made Irish soup of hers on the stove to boil, and then sets to work. Out come all the little bits of cold meat and cold potatoes. Into the stewpan they go. Over them she pours the boiling soup. And in half an hour or so she's turned out a tasty, appetising stew, piping hot and ready to serve; the two-or-three-helpings kind, you know; or you soon will, if you lay in a supply of Edwards' Soup.

EDWARDS' SOUPS

50c per packet.
Edwards' Desiccated Soups are made in three varieties—Brown, Tomato, White. The Brown variety is a thick, nourishing soup prepared from beef and fresh vegetables. The other two are purely vegetable soups. Lots of dainty new dishes in our new Cook Book. Write for a copy post free.

KILLED HIS WIFE GOT SEVEN YEARS

Thomas Riley of Hamilton Was Found Guilty of Manslaughter After One Day's Trial.

Hamilton, April 3.—Having been found guilty of manslaughter with a recommendation for mercy, Thomas Riley, a teamster, was sentenced to serve seven years in Kingston Penitentiary by Mr. Justice Middleton at 10 o'clock tonight. Riley was charged with murdering his wife, who had deserted him for a man named Durfee. Riley was married to her for only a few years. The trial lasted for only one day. C. W. Bell, counsel for the prisoner, pleaded insanity at the time of the shooting, but Dr. Russell, superintendent of Hamilton Asylum, and Dr. Durfee testified that Riley was sane. Donald C. Gwyn conducted the case for the crown.

FINANCIAL COMMERCIAL

Mr. Peter McArthur and Mr. Albright, of Farmers' Advocate Believe Tribunal Similiar to That of Railway Board Is Necessary in Canada.

Ottawa, April 4. — Speaking before the bank committee last night Mr. Peter McArthur, farmer and journalist, of Appin, Ont., suggested the creation of a court analogous to the railway commission to supervise the operations of banks and to protect the public interests. This would practically be an extension of the powers of the board of inspectors advocated by Mr. McLeod.

Mr. McArthur attacked, for instance, the practice of banks, or of journals which criticized them, or to prevent unjust discrimination of any

kind.

There was stated a criminal prosecution should follow.

The witness further alleged that Canadian banks often had on call more money than they had in larger amounts than their statements to the Government showed. He suggested a tax on all amounts in foreign countries above what should be considered a reasonable amount.

Mr. McArthur advocated the introduction of "a co-operative system of banking in rural localities." The witness said that this was one of the chief obstacles to the promotion of local industries, because of the difficulty of getting the necessary credit.

Mr. Albright, managing editor of the Commercial Appeal and Advertiser, suggested the previous witness form a tribunal analogous to the railway commission to insure adequate protection of the public interest in the operation of the "legalized combine" of the Bankers' Association. He spoke of the "concealed profits" of the banks, and of the manner in which the banks had been able to advertise in the paper following a series of articles criticising the present banking system.

LIVE STOCK.

Premier Confers With Sir Wilfrid Laurier, But There Is No Possibility of a Compromise—Opposition Helps Advance Public Business.

Ottawa, April 3. — There was no navy bill in the House today. Present indications are that there will be no naval bill in the House this week. Instead the public business on the order paper had the right of way, and the members spent the whole day in making progress upon the bill to ratify Canadian concurrence in the recent Anglo-Japan treaty. Liberalism evidently enjoyed the situation. It made the most of the fact that a Tory party which violently opposed the Laurier Government of 1905 was proposing concurrence of a character less advantageous to British Columbia in 1913. It is mooted today that the Japan treaty bill will be followed tomorrow by the West Indies treaty bill. The emergency session of the "emergency" has again been postponed.

Shrewd politicians connect the failure of the naval bill to make its promised vote, mustered the opposition and today with the fact that there was a Liberal caucus this morning. Liberal members fresh from their constituencies assembled to take counsel and not have been in inspiring conference. It was marked by outbursts of enthusiasm which rang through the corridors at five minute intervals like broadsides from Dreadnought. The speaker, Sir Wilfrid Laurier, Chief Whip Pardee and the four captains of the twenty-four-hour day relays of three weeks apiece, partook of the nature of orations.

tions. **Liberals unchanged.**

Two significant features followed the conclusion of the caucus. Mr. Pardee gave out the brief official statement that unanimous decision had been made to follow precisely the course of the proposals which had been followed from the first. It is not known what the Government proposes to do, but Liberalism plans to be prepared for any situation. If there is to be continuous session, the same measures will be taken as before. The relays will resume the struggle confidently and earnestly. It is anticipated that "The Chief" himself will resume the debate with a speech which will cover the new phases of the situation developed in Britain and Canada since the matter was before Parliament.

Conservatives carried five out of the seven British Columbia seats on campaign for Asiatic exclusion, but now when in power they did nothing.

"This Government," said Mr. Knowles, "has established a remarkable record of broken promises. In British Columbia its supporters screamed for Japanese exclusion, and it has done nothing; in Ontario it fought on the more temperate ground of the Lancaster bill; it voted down Mr. Lancaster's bill; it has pledged itself to repeal the navy act, and the measure still adorns the statute books."

WASHINGTON SATISFIED

Nothing Further To Be Done in View of Report Received

Following the adjournment of the caucus Premier Borden visited Sir Wilfrid Laurier in the latter's office and the two leaders were engaged in conference for some time. It is taken for granted that the Premier is assured that there was no possibility of compromise. Liberalism is battling for a traditional Liberal principle of self-government and sound Canadianism within the Empire, and will battle to the death that the Canadian people must be consulted.

When the House adjourned at midnight the Japan bill was put through the committee stage, with a notice by Hon. Frank Oliver that upon the third reading he would submit an amendment.

Washington, April 3.—The State Department today received a complete report on the case of Miss Zeigler, the American student at the University of Emerson, the American student following who is in the American prison following participation in a window-smashing episode, from Irvin B. Laughlin, charge d'affairs of the American embassy in London. The report was sent on the direction of Secretary Bryan, to the members of the State Department including Senators Townsend and Smith, of Michigan, had appeared in her behalf.

Mr. Laughlin reports that, if anything, Miss Emmerson is being treated more leniently than the English prisoners who are in prison with her, for the same offence. He states

MONTREAL, April 2.—East Canada market: Receipts, 4,000; market steady; calves, \$5; lambs, 1.90; sheep and lambs, 200; hogs, 1.00. Trade was slow but prices for good quality stock were the highest in the country. A few calves were paid in Montreal for many years. A few of the best brought 7.40, but the bulk of the lot was sold at a sacrifice. Calves, 3c to 6c; sheep, 3c to 5 1/2c; lambs, 7c to 7 1/2c; spring lambs, \$5 to \$7; ewes, 10c to 1.00. **CHICAGO, April 4.**—Cattle Receipts, 10,000; market strong; beefs, \$7.20 to \$7.40; calves, \$5.00 to \$5.25; yearlings, \$6.00 to \$6.25; steers and feeders, \$5.10 to \$5.15; cows, \$4.00 to \$4.25; heifers, \$3.75 to \$3.85; calves, \$5.00 to \$5.25. Receipts, 2,000; market 10c to 10c lower, dull; pigs, \$5.55 to \$5.10; roughs, \$5.55 to \$5.70; heavy, \$6.85 to \$5.10; butchers, \$6.00 to \$5.75. Receipts, 7,000; market steady; native, \$6.10 to \$7.15; yearlings, \$7.50 to \$8.10; butchers, \$6.00 to \$7.00.

EAST BUFFALO, April 4.—Cattle—Receipts, 400 head; for active and steady. Veal—Receipts, 400 head; active, 25¢ higher, 95¢ to \$1.15. Hogs—Receipts, 7,200 head; active, 15c lower; heavy and mixed, \$9.60 to \$9.65; Yorkers, \$9.65 to \$9.75; pigs, \$9.70 to \$9.75; roughs, \$8.50 to \$8.75; stags, \$7 to \$8; dairies, \$9.40 to \$9.75. Sheep and lambs—Receipts, 3,400 head; active and 15c to 30c higher; lamb, \$6.50 to \$9.40; yearlings, \$5.50 to \$5.50 where, \$5 to \$6.50; ewes, \$3.50 to \$4.00; yearlings, \$2.75 to \$3.75.

—The Run here today totalled 70 cars with 638 head of cattle, 162 calves, 100 sheep and 100 lambs.

Trading, although perhaps not so keen as at the markets during the forepart of the week, was brisk and prices advanced with prices quite steady to strong at the slight advances of a few days ago. The quality of the stock was good and the prices as high as usual, and more choice for cattle were in demand. The hog market was easier, and prices were about \$9 and \$10 and watered stock and \$10. for hogs off cars. For the first time in several weeks the run in the market was a light figure for butchers' cattle was \$7, this price being paid for a bunch of half-acre yearlings and a few head of 2-year-olds. Steers also brought within 10c of this quotation. Medium good animals were steady between \$5 and \$6. The run of cattle was the lightest this week, a good part of the stock being sold as usual to a number of a sheep and lambs sold small. A quiet demand was noticed for stock of all kinds.

Choice butchers' cattle brought from	\$8 50 to \$7, mediums from \$6 to \$6 50, and common butchers' from \$5 to \$5 50.
Bulls ranged from	\$3 to \$5 25.
Butchers' cows from	\$4 75 to \$5 50.
Canners sold from	\$2 to \$2 50.
50 lbs. Milkers and springers	went from \$40 to \$70 each, according to quality. Feeders went from \$5 to \$5 50.
25. Stockers brought	\$4 to \$5 25.
yearlings from	\$3 to \$3 50.
Good yearlings	changed hands from \$10 to \$15.
and poorer stock down to	\$3 50.
Light ewes were bought for	\$6 to \$7 25, and heavy ones from \$7 to \$10.
Went from	\$8 50 to \$9 75.
On the live market quotations were	\$9 35 for fed and watered stock, \$9 50 for b. and f. o. b. and \$9 75 for car cases.
Quotations were:	
Butchers' cattle choice	\$ 6 50 to \$7 50
do medium	6 00 to 6 50
do common	5 50 to 6 00
Butchers' bulls	3 00 to 5 25
Butchers' cows, choice	5 00 to 5 50
do medium	4 75 to 5 00
do common	3 50 to 4 50
Feeders	5 00 to 5 50
Stockers	4 00 to 5 00
Yearlings	3 00 to 3 50
Light ewes	2 00 to 3 00
Milkers and springers	40 00 to 70 00
Calves (good veal)	8 00 to 9 00
do common	5 00 to 6 00
Light calves	5 50 to 6 50
Light ewes	6 00 to 7 00
do heavy	7 00 to 8 00
Butchers' cattle	9 00 to 9 50
Boxed, fed and watered...	9 35 to 9 50

TORONTO, April 3.—The grain market continues active, with wheat getting lighter. Prices show little change. Cables from Liverpool are a trifle easier. In Winnipeg and Chicago the markets for futures were stronger. Flour—There is a quiet trade in flour; prices are steady. Wheat—No. 1 soft \$30.90; No. 2 \$29.75; No. 3 \$28.75. Corn—No. 2 \$1.05; No. 3 \$1.00. Oats—No. 1 \$1.05; No. 2 \$1.00; No. 3 \$0.95. Montreal or Toronto freights, Manitoba are steady. First patents, in 3 bags, \$5.20; second patents, in 3 bags, \$4.80; strong bakers, in 3 bags, \$4.60. Flour—No. 1 \$4.60; No. 2 \$4.40; No. 3 \$4.20. With some export demand. No. 1 northern quoted at 97½c, on track, bay port. No. 2 at 94½c. No. 3 at 92½c, bay port.

WASHINGTON SATISFIED

Nothing Further To Be Done in View of
Report Received

Report Received. State Department today received a complete report on the case of Miss Zerk Emerson, the American suffragette, who is in a London prison following her participation in a window-smashing episode, from Irwin B. Laughlin, charge d'affaires of the American embassy in London. The report was sent to the direction of Secretary of State Bryan, to whom friends of Miss Emerson, including Senators Townsend and Smith, of Michigan, had appeared in her behalf.

dealing with the case. Laughlin reports that, if anything, Miss Emmerson is being treated more leniently than are the English suffragettes who are in prison with her for the same offence. He stated that Mrs. Emerson, the young woman's mother, has been in London for a week, and has informed the embassy that she has no charges to make against the feeding of her daughter by means of a stomach tube has been applied in a manner to cause discomfort inseparable from its nature. It is not expected that anything further will be done by the State Department in the case in view of the embassy's report.

The American embassy has had Miss Emerson's case under consideration since Feb. 18, when she was sentenced to two months' hard labor for breaking windows in a suffrage agitation. The embassy then informed friends of the young woman that no action could be taken unless it could be shown that the British authorities were discriminating in her case to the disadvantage of an American citizen.

The Question of Your Spring Suit Can Be, and Must Be, Settled Here

And where is the man who does not desire a new suit of clothes for this spring of 1913?

And where is the man who is willing to deliberately pay more than a suit of clothes is honestly worth?

Because nearly every man in this prosperous city requires a new suit, and because none of these men honestly want to pay more than the honest price for it, the Scotland Woolen Mills Company has laid itself out for the largest spring trade in its history.

We wouldn't be just the big guns we are, looking so serenely towards another prosperous spring, if we didn't know that we always have the goods. We stand alone—competition with us assumes the destiny of the proverbial wooden hoop in hades, and worries us about as much.

For you can't get past the fact that we are the biggest thing on the map in our particular line. Because we are big, we have exceptional facilities for expert cutting and tailoring. Because we are big, we can afford to hire real artist cutters, who know every detail of fine modeling and finishing. Because we are big, we can make for you, to your measure, a suit or overcoat for fifteen dollars that you cannot purchase beyond our doors for twice the sum.

Not single webs of cloth, but carloads of superb patterns from which to choose.

Choice of Any Material

MADE TO ORDER

Suit or Overcoat

SOMETHING ABOUT FASHION-
ABLE CLOTHES.

SOMETHING ABOUT FASHION-
ABLE CLOTHES.

I have received many inquiries asking what changes are noticeable in men's fashions for 1913. My recent trips abroad and to New York have placed me in a position to state that, apart from a more snugly-fitting coat, with natural shoulders, there does not appear any marked difference from those of last fall.

Each season, of course, brings something new in pockets or in the cuffs or lapels of the coats. These are not generally in vogue for the man who selects his own style of garment, but are pressed on the public by the large manufacturers of ready-to-wear suits, and naturally, being sold extensively in New York and London, are even noticeable in the crowds in both these cities. This is not to say that these extreme designs are either stylish or popular with the man who is particularly anxious to conform to the dictates of style, however, are cheerfully furnished by the Scotland Woolen Mills Company on demand.

Some correspondents ask about the material! Well, it's so wide in the range of texture and pattern that it would be hard to say what is the most popular. I noticed light gray effects of soft material and the ever-impressive blue serge holds out well against a hundred other shades and patterns of green, brown, and mixtures.

One thing most striking about men's fashions, which affects our business only indirectly, is the remarkable popularity of the soft felt hat of rough or smooth finish. At the present outlook it is safe to predict that the time is not far distant when the stiff felt Derby hat will be an historical curiosity. The fact that the soft felt hat can now be furnished in any tint to match the wearer's suit or overcoat has given "the sane clothing" idea a big boost in the direction of soft hats for men.

G. MILLER,
President, Scotland Woolen Mills Co.

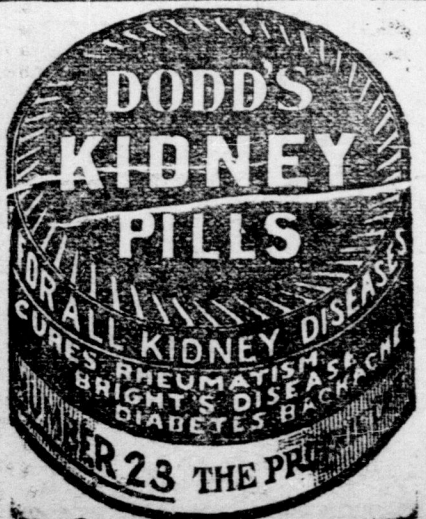

To visit our store is to realize what contributed to the success of the Scotland Woolen Mills Company, and wherein the men who attempted to copy us failed so miserably. It is to realize the meaning of "all-wool" material, and high art in the weaving of cloth, and the making of suits and overcoats for men. It is to realize that our method of direct dealing between the mills and the wearer of the cloth makes it possible for us to give you a twenty-dollar suit for fifteen.

Remember, above all, the material you purchase comes direct from the mills in Scotland; that you have whole carloads of superbly new patterns from which to choose; and our guarantee goes with everything we make. If you are not satisfied with the clothes when completed, ask for any money back you have paid.

CIGARETTE STARTS BLAZE SWEEPING TOWN IN WEST

Langdon, Alberta, in Peril of Being Destroyed By Fire; Help Has Been Rushed in From Calgary Twenty Miles Away.

[Canadian Press.]—Calgary, April 4.—A town 20 miles east of Calgary, is burning. A telephone message was received in Calgary at 1 o'clock this morning, stating that a fire, starting in a livery stable, had consumed that structure and spread to a hotel. A strong wind was blowing, and the roof of the hotel had just fallen as the operator was telephoning. Help

was asked for. The motor truck of the Calgary fire department left a few minutes later for Langdon. The roads are good, and the firemen expected to make the run in 25 minutes. A later telephone message said the fire had consumed the hotel and jumped across the street, where there were several business places directly in its path. It is thought to have been caused by a cigarette.

POLICE SHOOT DOWN SIX IN AUBURN STRIKE RIOT

[Canadian Press.]—Auburn, N. Y., April 4.—Riots at the Columbian Rope Company plant were renewed this morning. The police were rushed, and when a prisoner was forcibly taken from their hands they drew their pistols. They fired one round above the heads of the strikers, and then when attacked again fired into the crowd. Six strikers, two women and four men, dropped. Four were taken to the city hospital. Two will die. One is a woman. The mobs are now clamoring to get into the gates and the police are outnumbered.

After the shooting the mob re-formed and made another attack on strikers. Police shot and killed one of the mob. The riot was broken up.

A MINISTER who wears disguises when attending Toronto burlesque shows.

Rev. JOHN COBURN, a Methodist minister of Toronto. In order to obtain a seat in a burlesque theatre without being recognized, Mr. Coburn donned smoked glasses and a false mustache, and was successful in getting past the doorman. Indeed he passed several of his friends in the street without being known. The moral reform people of Toronto are conducting a campaign against the class of shows given in the burlesque houses, hence Mr. Coburn's desire to see the show as regularly as possible.

DELEGATION ADVOCATES THE SOUTHERN ROUTE

Western Ont. Deputation Waited on Commission Re Hydro To Windsor.

Toronto, April 4.—Urging the advisability of adopting the southern route for the proposed hydro-electric transmission line from St. Thomas to Windsor, a deputation of eighty or more men from the Counties of Essex, Kent and Elgin waited on the hydro-electric power commission at the Parliament Buildings yesterday afternoon.

In replying for the commission Hon. Adam Beck stated that as yet no surveys had been made for the new line, but that several routes were under consideration. He promised the deputation that their suggestions would be considered before anything definite was done. Among those who spoke in favor of the southern route were Mayor Price, St. Thomas, and Mayor Edwards, Glenholm, Oliver Wilcox, M. P. for North Essex, opposed the deputation's suggestions, and maintained that the line should take the northern route through Rochester and tap the smaller towns and villages.

Jury of Farmers For Hamilton Murder

[Canadian Press.]—Hamilton, April 4.—Another man was placed on trial for his life at the assizes here today when Wasi Boyka, accused of hacking to pieces with a hatchet Casimir Linkewitz, fellow-countryman, during a drunken orgy last February, faced a charge of murder. The crown and defence challenged every city man called, and Boyka's fate will be settled by a jury of farmers. Witnesses at the morning session described the scene in the house the night of the tragedy. They told how the two men sat up late conversing, and how at midnight they heard a heavy object being dragged across the floor. In the morning they found a trail of blood that led into the yard where the victim had been dragged. Boyka, the police said, admitted the crime. Boarders told how he said he would cut up everyone in the house. The case will probably go to the jury late this afternoon.

DEATH OF MRS. CARPENTER. Mrs. Carrie Carpenter, wife of J. W. Carpenter, 834 Dundas street, died in Victoria Hospital on Thursday afternoon. Mrs. Carpenter, who was a native of the State of New York, had resided in London many years. She survived by her husband and one daughter, Mrs. C. W. Hopkins, at home. The funeral will be held from her late residence at 10:30 on Monday morning to the C. P. R. station. The remains will be forwarded on the 11:30 train for Chatham, where interment will be made. The services will be conducted in this city by Rev. E. Appleyard.

SCUTARI MUST GO TO THE ALBANIANS SAY AUSTRIANS

Will Act Independently Against Montenegro if Demonstration Fails.

Bulgars Reported Falling Back Before Turk Movement at Tchataldja.

[Canadian Press.]—Vienna, April 4.—Austria-Hungary is determined to deal independently against Montenegro unless the naval demonstration on the coast of Montenegro should prove that more serious measures are necessary to enforce the will of Europe, according to the newspapers of the Austrian capital, which are apparently inspired.

The Neue Freie Presse adds that the city of Scutari must belong to the future State of Albania, with or without the consent of Europe.

The Reichs Post declares that if Russia prefers to see things arranged otherwise the whole work of the ambassadors' conferences in London will be null and void.

It is stated here that during the recent fighting in the vicinity of Ecu-tari the Montenegrin and Serbian besieging armies lost about two thousand killed and about the same number wounded.

Bulgars Retiring.—London, April 4.—The Bulgarian troops in front of the Turkish lines at Tchataldja have begun to retire under cover of a series of skirmishes. A dispatch from the Constantinople Telegraph Company's dispatch from Constantinople.

ORANGE LODGE HELPS IN MARRIAGE SUIT

Contributes Towards Expense of Appeal, Although Both Parties Are Catholic.

[Canadian Press.]—Ottawa, April 4.—The grand master of the Orangemen of British North America, Lieut.-Col. J. M. Scott, of Walkerton, has, it is understood, forwarded to Montreal the balance of the amount of the security required by the judgment of the court of review of Quebec to be deposited within fifteen days, for appeal to the privy council in the Tremblay-DePatie marriage case. Arnold Wainwright, K.C., of Montreal, has the now famous suit in charge. Although both parties are Roman Catholics, it is felt by the Orange Order that the cause is one of justice to Mrs. Tremblay. The limited time set for the appeal to the privy council necessitated immediate action, and the response to Mr. Wainwright's appeal has been prompt. J. H. Burnham, M. P. for West Peterborough, contributed \$500 to the fund earlier this week.

POPE PIUS PROTESTS

Says the Church Has Little Liberty in Some Catholic Countries.

[Canadian Press.]—Rome, April 4.—Pope Pius made strong complaint against the laws of religious liberty existing in some Catholic countries in the course of an address, written by him, but delivered on his behalf to a large body of Italian and French pilgrims here today. In the address it was declared that in those countries to which he referred the laws of Liberals were intended to work against the Catholic Church, while plenty of liberty was granted to the other Christian churches. For instance, the Catholic Church, unlike other citizens, does not enjoy the liberty to possess property. In this the pontiff evidently alluded to the laws against the religious orders.

Cost of Living Going Away Up Now Predicted

The cost of living is again advancing, according to local brokers, who have been advised that the fruit-growers of California have organized and have fixed a price on all "spot" goods and "futures." Seeded raisins have been going up for some time, and brokers report that they will soar considerably higher in the next few months. Prunes, well, they are advancing, too. A short time ago they were on the decline, and perhaps it was the prayers of the denizens of boarding-houses that were responsible for the increase in price. Coffee still remains about the same, it seemingly being a drug on the market. Several months ago it took a big drop, and since then it has been steadily going down, until it seemed as if the bottom would drop out, but brokers report that they expect to see it take a sudden leap skyward some of these days.

Ridout St. Methodists To Erect New Church To Cost \$25,000

At the meeting of the Methodist church held in the First Methodist Church on Thursday evening, sanction was granted to the congregation of the Ridout Street Methodist Church for the erection of a new building costing \$25,000. A committee will be appointed to take the matter in hand and prepare plans for a campaign for funds throughout the city. At present the Ridout street body is not self-sustaining, but is backed by the Methodist council. Since it was established on Ridout street 18 months ago, it has grown remarkably. Rev. A. E. Lloyd was indicted as minister there nine months ago, and during his pastorate the membership has increased one-third. If the growth continues at a corresponding rate, the congregation hope to be self-sustaining within a couple of years. The new church, which will be built this summer, will be placed on the corner of Ridout street and Garfield avenue, and facing on Ridout street. The present building will be placed in the rear, and will likely be used as a Sunday school room.

Closing Exams. At the Park School

The closing of the winter term took place in the Park school, Public Library building, on Friday morning, when the results of the Easter examinations were posted, the following students coming first in their respective divisions:

Senior.—Third year, Ruth Young, second year, Catherine Sabine, first year, Shirley White. Junior.—Grade VIII, Irene Wood; VII, Margaret Glass; VI, Alleen Doomer; IV, Eleanor Ross; III, Helen Percival; II, Kathleen Moore; I, Andrew Tooley. The usual meeting of the Literary Society was held at 11 o'clock. The program was presided by the senior division, who produced a play entitled "Crawford at Home," adapted from Mrs. Gaskell's novel. The characters were excellently well done by the following young ladies: Kizzie McCormick, Helen Moore, Enid Fisher, Catherine Sabine, Susie Nickle, Isabel Ivey, Honor Cronyn and Julia Butler. Shirley White, and Dorothy Percival, and Priscilla Hall, as treasurer of the charity society, reported \$20 in the bank for the Victorian Order fund.

A UNIQUE ESCAPE

Prisoner Regains Liberty By Leaving Jail in a Packing Case.

[Canadian Press.]—Hartford, Conn., April 4.—Curtis Dewey, serving a seven-year term for forgery, made a sensational escape from the state prison at Wethersfield yesterday. He concealed himself in a packing case supposed to contain the product of the prison shirt factory. The box was taken into a freight car, where Dewey hid himself. The escape was not discovered until the van returned to the prison from the depot, and an investigation disclosed the empty box in the freight car. It is suspected that Dewey was in collusion with "trusties," who carried out the boxes. It is supposed he escaped to the neighborhood of New Britain. William Gardner, a burglar, saved his way out of the prison last Sunday.

DUTTON.

Dutton, April 4.—Miss Lydia McCallum has returned after spending a week with friends in Toronto. At the monthly meeting of the directors of the Dutton Insurance Company the business transacted was the receiving of applications, it being presented by M. Fager, amounting to \$22,250, and eight by J. H. McIntyre for \$7,650, which were accepted.

A. Wrightman has resigned as watchman at the M. C. R. and P. M. crossing gates, and Joel Sutton has been appointed in his place. W. C. Senior and Rev. Mr. McKay, representing the Baptist Laymen's Missionary Movement, addressed a meeting in Baptist Church last night. The ladies of the congregation provided a banquet for the occasion. Daniel Link, of Halesbury, is spending a few days with friends here. Miss Myrtle Phelps, of St. Thomas, is visiting relatives here. Robt. Kay, of St. Thomas, is spending a few days here. Miss Alice Morris, of St. Thomas, spent the past week here the guest of her uncle, J. H. McIntyre, at the McIntyre House. Miss Edith Hodder has returned to London to attend the Normal school, after spending the past three months at her home here. Miss Edna Pangborn, of Rodney, and Annie Nichol, of Ridgeway, were the guests of Miss Jean Crawford this week. Miss Mary C. McCallum was successful at the Easter examination at the London Normal school. She has been engaged as teacher of a school near Chatham.

JOHN REDDICK DIES IN HIS 79TH YEAR

The death of Mr. John Reddick occurred at his home, 1053 Talbot street, on Thursday evening. Mr. Reddick, who was in his 79th year, was a well-known resident of the north end of the city, having resided there the greater part of his life. He had been ill for the past three months. He is survived by his wife, four sons and three daughters, Samuel, William and Charles, of this city; George, in Detroit; Mrs. Charles Hendrich, Los Angeles, Cal.; Mary and Annie, at home.

Pat (lurching) made the trench. "Here comes Father Ryan. Put yer hat on." Mike—"An phay should I?" Pat—"So ye can take it off to his riverline, ye fool."—Boston Transcript.

EX-MAYOR SPENCER BANQUETS POLICE

Members of London Force Attend Event in Large Numbers.

MARKS ANNIVERSARY

Christian Police Association Founded Twenty-one Years Ago.

The largest number of police officers who have ever attended such an event were present Thursday afternoon at the Young Men's Christian Association building at a banquet given by Mr. W. M. Spencer to commemorate the 21st anniversary of the inception of the London Christian Police Association. Every man who was not on duty was present, and enjoyed the thoughtful preparations which had been made for them.

The devotional part of the gathering was conducted by Mr. William Gibson, who dwelt briefly upon the great future in store for Canada. The men then adjourned to the dining-room, where Mrs. Spencer, her daughter and a few friends, had prepared a substantial supper, which was much enjoyed by the bluecoats. Mr. Spencer delivered a short address on the aims and objects of the Christian Police Association.

FIRST PHOTOGRAPH OF DR. FRIEDMAN INJECTING HIS "ANTI-TUBERCULOSIS SERUM" INTO PATIENT'S ARM.

This remarkable photograph is probably the only one ever taken of Dr. Friedrich Franz Friedman performing the intramuscular operation of injecting his anti-tuberculosis serum into the arm of a patient in Bellevue Hospital, New York.

Field Engineers Will Study Destruction of Bridges by Explosives

Members of the Seventh Field Engineers of this city are planning an outing for Saturday afternoon, at which a number of practical manoeuvres will be carried out in the vicinity of Broughs bridge. They will also receive instruction in the use of explosives for blowing up bridges, etc. Several practical tests of this nature will be carried out in the vicinity of Broughs bridge. Instructor Sallows, of Ottawa, will continue his classes of instruction at the armories, one being scheduled for tonight. At a recent drill a bridge nearly 50 feet in length was constructed on the floor of the armories. Not a nail was used in the structure, which was completed in about an hour's time.

YOUTHFUL TRAMP CAUGHT STEALING BICYCLE HERE

Youngster Tells Police He Came on a Freight Train—Slept in Barn.

A boy about 14 years of age was arrested at Richmond and Dundas streets by P. C. Blade this morning charged with attempting to steal a bicycle from in front of Wolf's tobacco store on Richmond street. A son of Mr. Wolf, to whom the bicycle belonged, saw the youngster making off with the wheel, and went in pursuit. He captured him and turned him over to the policeman. To the police the lad stated that he beat his way to London on Thursday on a freight train, spending the night in a barn on the outskirts of the city. He seemed quite unperturbed by his arrest.

OFFERS TO SECURE INDUSTRIES AND MEN

Mr. George Smith Believes He Can Benefit London and Middlesex in England.

The publicity committee of the Greater Middlesex Association met at the county buildings at 2 o'clock this afternoon to hear a proposal from Mr. George Smith of William street, an Englishman, who believes he could secure many settlers for the county by making a trip to England.

Mr. Smith has travelled as a lecturer in England for many years, and he is confident that he could convince many splendid farmers and their families to come to Middlesex. He explained his proposal to the association, and they will take the matter into consideration.

Mr. Smith also thinks that he could secure a number of English branch factories for London, and would agree to act for both city and county jointly for practically nothing more than his travelling expenses.

Ald. Spittal, chairman of the manufacturers' committee, has appointed a time for an interview with Mr. Smith, and there is a possibility that he will be sent to England to represent the county and city together.

Mr. Ross To Speak On The Libel Case

[Canadian Press.]—Hamilton, April 4.—On Sunday evening in the James Street Baptist Church, the pastor, Rev. J. J. Ross, will give the Hamilton public a statement upon the libel action brought against him by Pastor C. T. Russell, of the Brooklyn Tabernacle. Mr. Ross has not yet given a statement on any aspect of this case, which has attracted such wide interest. He says he regrets the case did not go to trial, and in order that the facts known to the defence may be given to the public he feels that he should freely discuss the matter on Sunday night. He has invited followers of Russell to attend the service.

Personal Mention

Miss Isabel Coles, daughter of Major W. G. Coles, 239 Princess avenue, returned to Loretta Academy, Niagara Falls, for the balance of the term, on Thursday. Miss Kate McColl, of Fort William, who has been visiting Miss Ethel Meerey, 886 Dundas street, during the holidays, has returned to Alma College. Miss Marcia Gould has returned after spending two weeks with friends in Woodstock.

Mr. Edward Colles, of Lake Geneva, Wis., formerly of The Advertiser staff, is spending a few days in the city prior to going to Ottawa, where he will visit for some time. Dr. Percy A. Scollick, house surgeon, Hotel Dieu Hospital, Windsor, is spending a few days with his parents, Mr. and Mrs. George H. Scollick, 553 Grey street. Mr. Charles Taylor, of Wallaceburg, is visiting his niece, Mrs. Richard Sanders, of Ealing.

WILL ENTER AN APPEAL. [Special to The Advertiser.]

Clinton, April 4.—The local option opponents will appeal the decision of Judge Holt and make another effort to defeat the recent bylaw.

"I do not see how you justify your claim that your model is an advance over any street car ever built," said the traction magnate. "I have provided double the number of straps," explained the inventor. (Buffalo Express.)

"It is half-past one o'clock," severely said Mrs. Gungaway. "What kept you from getting home until this untimely hour?" "I was detained at the office, making out statements," replied her husband. "And that is one of the statements, I presume?"—Judge.

SOME SHOULD PLAY WHILE OTHERS STUDY ADVOCATES DR. SHAW

To divide classes of school children into sections, and allow each division to make use of the school playground at stated periods during the day, while the remainder were being taught in the classroom was the theory advanced by Dr. Shaw, of the board of education, last night at a meeting of the Union Mothers' Club in the Alexandra school. The outdoor session would be supervised by Dr. Shaw, who believed the children would accomplish more and retain more, than to sit steadily through school hours and endeavor to concentrate in an overcrowded, poorly-ventilated room.

Prevention of Disease.

Dr. Shaw voiced this opinion at the close of an address on "The Use and Abuse of Drugs," in which he charged mothers to take preventive methods against illness in children by means of fresh air, regular sleep, and overstrain, mentally and physically. He also warned mothers against the indiscriminate use of soothing syrups and other sedatives, and also of patent medicine for themselves and children.

The latter were sometimes composed of good prescriptions, but although they seemed for a time to alleviate, often served to irritate rather than cure in the end.

Mrs. M. F. Irwin spoke briefly on behalf of the playground association, stating that a request had been made to the board of education asking the members to vouch for supervisors of play centres if the association provided equipment. It was thought that the petition would be granted, and if so, efforts would be made shortly to install play apparatus in a number of schools.

Cheaper Street Railway Fares. Another matter discussed was that the London Street Railway Company be asked to furnish cheaper fares for school children at certain hours, but no action was taken.

The question of holding a concert under the auspices of the Union Mothers' Club for the purpose of raising funds to equip additional playgrounds was left in the hands of a committee.

Enjoyable features of the meeting were violin solos by Miss Westman and a song by Mr. Cooper.

Police Catch Alleged 'Joy Rider' Who Took North London Auto

The police believe they have located the man who took an automobile from a garage in the north end of the city Thursday night, and the owners of the car have declined to prosecute the case. The police may decide to prosecute the man, because of the fact that there have been numerous complaints of cars being taken out of garages in the dead of night and driven around the city for an hour or two. Within the last week five or six cars have been taken out on "joy rides," and in some cases left by the roadway. The owners have not known that the cars were taken until they were notified by the police.

The gang that has been "joy riding" has been bold, opening garages and taking out cars while there were lights in the houses. The owners remembered hearing the starting of the car, but believed it came from the street. The young man who took the car in the north end used the machine to take some friends around the city for a couple of hours.

"What is a political leader?" "Well," replied Senator Soignum, "sometimes he is very much like the orchestra leader; the man who provides the gesticulation and general excitement while somebody else is doing the real work."—Washington Star.
