A Week of Shirtwaist Selling

We have over 300 White Lawn Waists to sell and we are going to devote a week to getting them out.

No lady that we know, or ever heard of, has so many white lawn waists that she cannot grab at an opportunity to get one at a reduced price.

You are not particularly interested in WHY we are reducing them; what does interest you is the fact that they ARE reduced and that they are styled after the very latest modes of this season.

Lawn Waists

Made of Fine White Sheer India Lawn, Val. lace collar and cuffs, front trimmed with tucking, Val. lace and medallion embroidery, short sleeves, button up back, reduced to

CONSCIENTIOUS MEMBER

H. S. Clements M. P. Advocates Justice for Colored People in the House

WOULD GIVE THEM LABOR

Before Mr. H. S. Clements was elected to Parliament, and in his various pre-election speeches made in this city and vicinity, he pledged himself to carefully guard and advance the interests of every elector in his riding, regardless of politics, race, color or creed. It will be noted with satisfaction by the people who elected him that not once has he deviated from this course, and his speech in the House the other day, advocating more justice for the colored people of Western Ontario, shows that he makes the same speech in Parliament that he does on the election platform. This is surely the right stamp of a representative for Kent. It is a great contrast to the man who smiles at the electors at election time, jolies them along and shakes their hands in order to get their votes, and then, when he goes to the Legislature, forgets all about them and does positively nothing for them.

The following is taken from the press reports published in yesterday's Toronto papers:

When certain matters in connection with the Intercolonial Railway were under consideration, Mr. Clements, Conservative, of Kent, made an appeal in behalf of the colored citizens of Canada. They were an industrious, law-abiding class of people. They were making progress in education and several were members of the legal and the medical profession and others were engaged in school teaching. Others were well qualified for many positions that from time to time were open in the train service of the Intercolonial Railway. They were a fine set of people and excellent workers. It would be a good move on the part of the Government to appoint some of them to the Government service, especially as messenger clerks.

Mr. Clarke, of Essex, agreed with Mr. Clements as to the merits of colored people, and testified with pleasure to the fact that at a recent school entertainment he attended the two brightest scholars with the best record were colored children. Wherever they had equal opportunities, Mr. Clarke said, colored children made an excellent record.

WILL EXTEND LINE

The W. E. & L. S. Electric Railway May Take Their Line Through to Toronto

The following comment was made by the Hamilton Spectator on the W. E. & L. S. electric railway: "One can always depend upon getting more really surprising Canadian news from the American correspondents at Ottawa than he can from Ottawa."

"Another railway is coming this way. The London Free Press Kingston correspondent says that the Windsor, Essex & Lake Shore radial line has commenced laying tracks through Kingsville. This line, the correspondent states, is practically completed between Windsor and Kingsville by way of Essex, and will be in operation by the end of August. From Kingsville it will run to Leamington, then to Chatham, then to Ridgeway. It is proposed to extend it to London and then to Hamilton, in order to connect with Toronto."

"The track-bed and rails are equal to those of the steam roads in their general construction. Strong bridges, heavy rails and solid foundations characterize the work thus far, and the line will be the best equipped in Canada when completed."

"When Hamilton numbers Windsor among her suburbs, that dreadful place will have to be seriously reformed."

S. S. Cervona Ashore.

Montreal, July 11.—The steamship Cervona, of the Thomson Line, which sailed from here Saturday for London with 4,000 tons of general cargo, is ashore at Southport, Anticosti. She is not leaking, and it is expected to get her off. She was built in 1896, and is 165 feet long. The wrecker Strathcona has left Quebec to aid her. Southport is 418 miles below Quebec.

Athletic exercise should not be taken when the body is exhausted by business toil.

DEARER THAN WAS EXPECTED

New Isolation Hospital Will Have to Undergo Several Improvements

IT IS A DISAPPOINTMENT

The plans for renovating the new isolation hospital, as drawn up by the civic health officer's assistant, have been considered by the Board of Health. It is concluded that the proposed costly renovations, together with the purchase price of the building and grounds, will mean that Chatham will have to pay very dearly for her isolation hospital. It was hoped when the property was purchased, that the new hospital would be ready for use after a few minor repairs and alterations had been made. Since the purchase, the Board has discovered that the property was not a good one for the purpose it is intended to be used, and the inspector set to work to draw up plans to remodel it. The inspector proposed building on a grand scale, and the alterations to be made will not be the short of what it would cost to build a modest but entirely new hospital.

Mr. Charles Hadley, one of the members of the Board and a practical man in the building line, openly criticized the plans of the inspector at a recent meeting of the Board. He said he did not think much of them, and that he was directly opposed to the proposal to spend so much money in fixing up an old building.

Dr. Charteris remarked that although the property was not the most desirable for the purpose required, the Board would have to make the best of the present situation.

The plans of the inspector have been turned over to an architect, who will be asked to draw up specifications.

NOW IS THE TIME

All Weeds Should be Cut Down in Order to Preserve an Abundant Crop.

As the time for weed-killing has just commenced and the agriculturists of the county will no doubt welcome some useful hints on the successful treatment and extermination of several of the worst weeds and growths, we publish the following particulars from a circular just to hand issued by a big Toronto firm of seed dealers:

Controlled Dock or Red Dock is very liable to grow around the border of a field. After a rain it can be easily hand-pulled, or it too abundant, cut it to prevent it from ripening its seed.

For this and other weeds, do not leave the cut or pulled plants lying on the ground, as they store sufficient plant food in their roots and stems to ripen the seed and thus frustrate your work. Make a whole job of it and throw them on a stone pile or on the fence, where wind and sun may dry them and destroy them.

Red Grass, Narrow-leaved Plantain or Buckhorn is another bad weed in the Red Clover or Alsike fields. It is a very rapid grower and about five to six days after the first cutting of the Red Clover, it will show itself above the new growth, that is the time to get at it and either hand-pull it or squelch it below the ground. It is a prolific seeder, one plant producing over 1,000 seeds.

The Night-Flowering Catchfly is just as bad, especially in Alsike, the seed being of the same size and weight. It is easily recognized by its sticky stem and leaves. Cutting near the ground will destroy it.

Bladder Campion is a new weed which makes its appearance in different parts of Ontario, producing some 8,000 seeds, it should be carefully watched. The seeds are hard to distinguish from the preceding plant shoots from the base several branches, bearing white flowers and bladder-like calyx, height one to two feet. The purple stem has no hairs and the plant is ash grey in color. Only persistent squelching will kill it, as it is a perennial plant and the root is able to shoot up new stems. The same method applies to the Canada Thistle.

Timothy growing in Alsike is to be considered as a weed. Take your scythe and cut off the heads.

MUST LEARN TO ADVERTISE

A duck which faithfully stuck to business during the summer and laid several dozens of large fawn colored eggs, complained that she wasn't appreciated. "See that hen over there," said the duck, "she hasn't laid as many eggs as I have, nor as big, but she has books written about her and verses composed in her honor while nobody is saying a word about me." "The trouble with you is," said the wise rooster that was standing near, "that you don't tell the public what you have done. You lay an egg and waddle off without saying a word, but that sister of mine never lays one without letting everyone in the neighborhood know about it. If you want to cut any ice in this community you must learn to advertise."—Bartholme.

RISEBOROUGH SPEAKS OUT

Has no Hesitation to Talk About His Action in the Forbes' Case

HE MAY GIVE THE NAMES

Clerk Riseborough, of Harwich, who is and has been so closely identified with the East Kent license trouble, was in the city last evening. The Planet found him quite ready to be interviewed.

"I am willing to answer any question you may ask," he said. When questioned relative to the letter from the license commissioners, Mr. Riseborough admitted that he had received a letter from them, asking that he disclose the names struck off the petition, but he said that he did not see wherein the commissioners had any right to ask him to do so.

"I think I have been treated a little unfairly in this matter," he continued. "The liquor interests seem to be endeavoring to show me up in a rather bad light, while all I have been endeavoring to do, was what I considered my duty as a presiding Clerk when the petition was considered. I saw an interview in your paper, in which Mr. Forbes claims that I said that the names struck off the petition would never remain a secret. Now I never made any such statement. Furthermore, these people have charged many other things up to me which are untrue and unfair."

"Then under certain circumstances would you be willing to disclose the names?" asked the reporter.

"I would have no hesitation to do so," was his reply. "As I have nothing to fear, but I did not think it was in the best interests of the township that I should do so, when to give them out would only cause more wrangling and trouble. Mr. Forbes says that I stated that I would not give out the names because it would hurt the feelings of some of my friends. This is incorrect. What I did say was, that if I were to disclose the names it would only hurt the feelings of some people, meaning by that, some of the persons whose names are on the list, but who are not qualified to vote. The statute does not call upon me to divulge the names, and distinctly says that my decision shall be final. If I were to give in to the liquor faction and divulge these names at their request, how then would my decision be final? I am quite willing to do what is fair and right by both parties, but I do not intend to deviate one particle from what I consider to be my duty."

The Clerk said that he would be willing to divulge the names if he were asked to do so by the proper authorities, and he was ready should an investigation be ordered, but he did not think it would be right on his part to do so, when the matter would only be the cause of more expense and trouble.

Clerk Riseborough's action is roundly condemned in certain circles, but he is staunchly supported by the temperance party and his friends, who consider that he is doing nothing more than his duty.

ON RIGHT COURSE

Northern Life Benefited From Enquiry of Insurance Commission

The regular quarterly meeting of the directors was held today at the head office of the company, Masonic Temple Building. The out-of-town members, and present were: Matthew Wilson, K. C., Chatham; John Davies, Windsor; N. H. Stevens, Chatham; Malcolm McGugan, ex-M. P., Mt. Brydges.

The report of the progress made during the year 1905 is very satisfactory. This company is firmly established in public favor. The recent examination before the royal commission established the fact that its affairs were well and economically managed, and that in no instance had the interest of any individual been preferred to that of either the shareholders or policyholders.

The directors congratulate the manager that at the close of the examination by the commission nothing improper or illegal had been found to exist in the company's management and the manager had been complimented by the commission upon the satisfactory reports returned by him and upon the careful and economical management of his company.

The company's steady growth and increasing assets give proof that the right course has been pursued since its incorporation.

Stabbed in Drunken Quarrel.

Galt, July 11.—J. J. Groves stabbed William West in a drunken quarrel at the New Royal Hotel last night, and the injured man is in a precarious condition. A clasp knife was the weapon used, and seven or eight stabs were inflicted, one close to the heart. Groves is a gasfitter and West the hostler of the hotel. The man who did the stabbing fled.

It is the struggle to keep up appearances that keeps a great many people down.

AFTER THE INSPECTOR

Meat Brought to the Market Under Improper Conditions

AN IMPORTANT MATTER

Complaints have been made that outside butchers have been bringing meat on the Chatham market without proper covering. The meat which citizens must eat is thereby exposed to the sun, dust and dirt, and what is worse, to the flies, which at this time of the year accumulate in great numbers on any dead carcass. The result means a menace to the health of those who must eat such meat.

It is the duty of the health inspector to attend to such matters, and no laxity should be tolerated in such an important sanitary measure. Some of the members of the Board of Health have drawn the attention of the inspector to this loose state of affairs, and it is likely that the official will now take some steps to prevent further violations of this nature.

FACTS ABOUT ELECTRICAL COMPANY

The International Electric Co. own patents for Canada on an advertising device which has enormous earning powers.

The I. E. Co. have control of the stock of the Electrical Construction Co., who are manufacturers of Electrical Machinery and all kinds of Electrical Apparatus.

The Electrical Construction Co. have handled satisfactorily contracts for the Ontario Government as large as \$10,000 for one building and have had contracts for the Dominion Government amounting to over that figure.

The International Electric Co. will have their Agencies from Vancouver to Halifax.

The Electrical Construction Co. have sold more electrical machinery in Winnipeg than any other Canadian or American Manufacturer.

The Electrical Construction Co. is an industry that Chatham needs to help build up our City.

Build up Chatham by building more factories.

DARRELL.

This fine weather is making the crops look promising, and indications point towards a great harvest this year.

Miss Bertha French is visiting friends in Chatham.

Miss Irene Weaver spent Sunday with relatives in Chatham.

Married, at Louisville, on June 20,

by the Rev. Mr. McFarlane, Miss

Bertie Weaver to Mr. Roy Merritt

at the home of the bride's sister,

Mrs. Leslie Williston, only the nearest

friends and relatives being present.

Mr. and Mrs. Merritt left on

a short trip to points east before

taking up their residence at Louisville.

Their many friends join in

wishing them many years of happiness and prosperity.

The little son of Mr. Armand

Pugh was severely bitten on Saturday

evening by a vicious dog, but the

attending physician pronounced

him to be out of danger and doing

nicely.

Mrs. Will Cotton and children

visited Mrs. Geo. Goodridge at En-

netts last week.

Mrs. Ed. Jinks, of Chatham, visit-

ed her sister, Mrs. John D. McKay,

Jr., last week.

John Gray, who has been visit-

ing relatives up North for the past

two months, has returned home.

We are glad to hear that Rev. Mr.

McKelvie is going to stay on an-

other year with us.

Miss Violet French visited friends

in Chatham last week.

The 20th Century
Saline

ABBEY'S is the "salt of salts." It never had an equal. It has no equal to-day. It is the perfect product of ripe experience in the preparation of medicinal Effervescent Salts.

It is the ideal formula to correct the blood—strengthen the stomach—regulate bowels, liver and kidneys—keep the whole system actively healthy.

Abbey's
Effervescent Salt

A morning glass is a bracing tonic for the whole day.

25c. and 60c.
a bottle.

FLORENCE.

Promotion and entrance examinations are being held in town this week.

Miss M. Trotter, who has been

persuing her musical studies in De-

troit for the past nine months, has

returned home.

Mr. and Mrs. Harry Gosnell spent

Sunday and Monday with the lat-

ter's parents here.

Mrs. Davidson, River Road, is

spending a week with relatives in

Duane and vicinity.

Strawberries have been very plenti-

ful around here during the season.

Mr. and Mrs. James T. Webster

have returned from a pleasant visit

to Chelsea, Mich., and Chicago. They

were absent a month.

Mr. Bobbington, of Thameville, is

opening up a meat shop here and

will be ready to carry on business

in a few days.

W. H. Tweed has hired a first class

baker to conduct the work for a

few months. He purposes having a

bread wagon to go through the

country several days during the

week.

Mr. Doan, junior Methodist pas-

tor, delivered his farewell sermon

last Sunday evening. We understand

he returns to college.

Mrs. O. A. De Long is visiting in

London and other points for several

weeks.

Mr. R. McLevy and family have

moved into the house lately occupied

by W. P. Forshee.

Mr. E. F. Reeder left last week

for Regina, Man., for an indefinite

period. We hope the trip will bene-

fit his health.

Miss Dobbins and L. Walker spent

last week in London, when Miss

Walker went through her examina-

tion in music. We wish her every

success in this line.

The Presbyterian Ladies Aid gave

a very successful strawberry tea in

Miss Sangster's shop Saturday eve-

ning, June 23rd. The sum of \$18 was

realized.

An empty dignity is as valuable as

a hollow dollar.

A Pure Hard Soap

Is the best value for all kinds of washing; lasts longest; gives the finest results; is easiest on the clothes.

YOUR GROCER WILL SELL YOU

SURPRISE SOAP

A COAT OF ARMS.

How One May Be Acquainted For a Consideration In England.

The practice of granting arms is still in vogue in England, Ireland, Scotland, Austria, Spain, Portugal, Italy, Germany, etc., and at times the pope, as sovereign pontiff, exercises the power. Indeed, it is by patent or grant alone that a new family can legitimately acquire a coat of arms.

The modus operandi in England, for example, is as follows: The applicant for a patent of arms (from the crown) may employ any member he pleases of the heralds' college and through him present a memorial to the earl marshal of England, who acts for the crown in these matters, setting forth that he, the memorialist, is not entitled to arms or cannot prove his right to such and praying that his grace the earl marshal will issue his warrant to the kings of arms, authorizing them to grant and confirm to him due and proper armorial ensigns, to be borne according to the laws of heraldry by him and his descendants. This memorial is presented and a warrant is issued by the earl marshal, under which a patent of arms is made out, exhibiting a painting of the armorial ensigns granted, the royal arms of England, the arms of the earl marshal and those of the college and describing in official terms the proceedings that have taken place and a correct blazon of the arms. This patent is registered in the books of the heralds' college and receives the signatures of the garter and one of both of the provincial kings of arms.

A grant or patent of arms is made to a man and his male descendants. This gives him a fee simple of them—that is to say, to him and to his male descendants equally and altogether and to his female descendants in a qualified manner—i. e., for life, to bear the arms in his lozenges or impaled with their husbands' arms (if the husbands have arms), as arms can only be brought in by arms, or, if they be heiresses or co-heiresses, on an escutcheon of pretence upon their husbands' shields, and in the last case their descendants inherit such material arms, but only as a quartering.—Nineteenth Century.

SMUGGLING.

It Was Considered a Legitimate Pursuit in Days Gone By.

A book by J. C. Wright entitled "In the Good Old Times" throws some interesting light on the ways of days gone by: "Of every three pounds of tea it was said that two were contraband. In fact, smuggling was considered a perfectly legitimate pursuit. Every body was ready to profit by it, from the squire, who filled his cellars with cheap wine, and his wife, who adorned herself in cheap silks, to the shopkeeper, who got cheap groceries, or the laborer, who got high wages for work that was secret, unlawful and perilous. Even Adam Smith confessed to a weakness for smuggling and nobody was above bargaining to have a pipe or a hogshead put in his cellar at a low figure. But smuggling on a large scale was not carried on without bribery, perjury, informing, violence and murder."

Of the old time London watchman: "He was wrapped in a wide skirted heavy coat, a useful garment for protecting him from the cold, but not adapted to enable him to cope with the bullies who assailed the weak and unprotected. He wore low shoes and a big broad brimmed hat, which could be turned up or down, worn forward or backward. The only means of defense which the watchman seems to have possessed was a staff something like a beadle's. In his left hand he carried his lantern."

In those primitive times pines were manufactured by hand and went through several stages of manufacture. Worker No. 1 formed the wire, No. 2 cut it into lengths, No. 3 smoothed it, the fourth man made the head, the fifth stuck it on, the sixth ground the point, the seventh washed and dried it, and it had to go through three more hands after that; hence it used to be a familiar proverb, "It takes ten men to make a pin."

Queer Judicial Decisions.

Some queer judicial decisions in Victoria are mentioned in the Australian Review of Reviews. A man who embezzled some money from a bank had received a sentence of nearly three years' imprisonment, while a man who murdered his mother by stabbing her to the heart received only one year, and another man, who shot his sister and killed her, was sentenced to only two years, and immediately after that a man who wrote a letter to another man threatening to kill him received three years' imprisonment.

Schoolboy Answers.

Here are some assertions from compositions by American schoolboys: "Franklin's father was a tallow chandler." "The climate of North America is embracing." "This song is in the key of B flat." "There are five bowels—a, e, i, o and u." "The snow is painting the town white." "He lived in Cambridgeport." "Man is in the muscular gender because it denotes a male." "They went to the foolish (Polish) church." Question: "What is geography?" Answer: "Geography is round, like a ball."

Fame.

It is an indiscreet and troublesome ambition that cares so much about fame, about what the world says of us; to be always looking in the faces of others for approval; to be always anxious about the effect of what we do or say; to be always shouting to hear the echoes of our own voices.—Longfellow.

Laws are like cobwebs—If any trifling or powerless thing falls into them they hold it fast, while if it is something weightier it breaks through them and is off.—Solon.

"They went to the foolish (Polish) church." Question: "What is geography?" Answer: "Geography is round, like a ball."

Fame.

It is an indiscreet and troublesome ambition that cares so much about fame, about what the world says of us; to be always looking in the faces of others for approval; to be always anxious about the effect of what we do or say; to be always shouting to hear the echoes of our own voices.—Longfellow.

Laws are like cobwebs—If any trifling or powerless thing falls into them they hold it fast, while if it is something weightier it breaks through them and is off.—Solon.

Here are some assertions from compositions by American schoolboys: "Franklin's father was a tallow chandler." "The climate of North America is embracing." "This song is in the key of B flat." "There are five bowels—a, e, i, o and u." "The snow is painting the town white." "He lived in Cambridgeport." "Man is in the muscular gender because it denotes a male." "They went to the foolish (Polish) church." Question: "What is geography?" Answer: "Geography is round, like a ball."

Fame.

The Secret
Is Out

Formula of Mi-o-na Made Public. A Cure For Stomach Troubles.

Our leading druggists are very anxious to have Mi-o-na, a remedy which they sell as a cure for stomach troubles, tested rigidly in every case of heart-burn, acute dyspepsia, wind on the stomach, loss of appetite, annoying dreams, sleeplessness, general weakness and debility, where the digestive organs do not act as they should.

Mi-o-na is composed of bismuth subgallate, by all odds the very best medicine known for intestinal diseases. It combines with the free sulphur compounds in the bowels forming a black substance which is passed off from the body without harm. It also has a soothing effect upon the nerve endings in the stomach.

With this is combined cerium oxalate, a standard remedy in the treatment of all irritations of the stomach and digestive organs.

Sodium bicarbonate is then added to overcome the excessive acidity usually present in stomach troubles, and nuxvomica for its general tonic and nerve-strengthening powers.

This combination of reliable remedies makes Mi-o-na a positive cure for all stomach troubles, and, perhaps the only one that can be sold under a guarantee that it costs nothing unless it cures.

A large box of Mi-o-na tablets is sold for 50 cents.

If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

RHEUMATISM GERM.

New York Doctor Discovers Bacteria of Painful Disease.

After eighteen years of unavailing search by scientists all over the world the germ that causes rheumatic fever, or acute articular rheumatism, has been discovered in the Presbyterian hospital laboratory in New York by Dr. Lewis Fox, Ph.D., attending physician to the Seton hospital.

Dr. Frissell has described to the alumni of the Presbyterian hospital his experiments. He first made an effort to isolate an organism from the fluid drawn from the joints of a rheumatic patient. This was injected into the veins of rabbits without result. Next cultures were taken from the tonsils of persons suffering from both tonsillitis and articular rheumatism. Failure again.

Finally the experimenter selected an alcoholic woman who was found in a hospital ward suffering from articular rheumatism of eleven years' standing. A culture was taken from her tonsils. Microscopic germs were found in the tonsils of persons suffering from both tonsillitis and articular rheumatism. Failure again.

THE BROWNIE CAMERAS

For several years Brownie Cameras have helped thousands of boys and girls all over the world to enjoy themselves.

The exceedingly low price, \$1.00 and \$2.00, makes it possible for anybody who has the least inclination towards photography to take pictures. We have seen any quantity of really fine photographs taken with these Cameras.

LOCAL

F. H. Brisco is in London on business.

J. Creamer, of Dresden, was a city visitor yesterday.

Miss Sadie Towle is visiting friends in Chesham, Mich.

J. A. Gibson was a city visitor from Ingersoll yesterday.

Mrs. John Turner and family have moved out to the Eau.

Miss Alice Stinson, of Ruthford, spent yesterday in the city.

Printer Wanted—Accustomed to ad. setting. Wire or phone

Miss L. Glassford, West street, is visiting friends at Mitchell's Bay.

N. H. Bowley, of Tilbury, was in the city on business yesterday.

Miss Lillian Bosworth, William street, is a Detroit visitor to-day.

Lorraine's Soda-Cream, the new drink. Try it in Central Drug Store in bottles and at fountain.

Officer Tom Groves, of the city police force, who is now on his holidays, is spending the day in Detroit.

Mrs. Daniel Anquetil, of Gray street, left last evening for Toronto, where she will spend a couple of weeks with her son Harry.

Miss Nora Ford, who has been visiting Mr. and Mrs. Thomas Lynch, Paisley street, has returned to her home in Chatham—Guelph Mercury.

While playing baseball on the Park avenue grounds last night, Clarence Campbell had the misfortune to get hit with the ball in the left eye. The result, though painful, is not serious.

The Bitulithic Company have completed paving operations on Forsythe street. Joseph street was completed yesterday at noon, and the preparatory work for the laying of the same kind of pavement on Head street has been commenced.

The remains of the late Frank Sandison, whose sad death occurred at Winnipeg, were conveyed to this city yesterday, and the funeral took place this morning at nine o'clock from the residence of the deceased's mother, Mrs. Margaret Sandison, Park street, to Overy. Rev. Wm. Rutledge conducted funeral services at the house.

The G. T. R. are making alterations to their running system on the Glencoe to Windsor lines and in a short time trains will be run on the right-hand side of the track, as they do on all other railways in America and Canada. For many years the G. T. R. have been running their trains on the left-hand side in both directions and it has been a cause of wonderment why they pursued this practice. The standpipes at the Chatham and other depots are now being placed in position to admit of the change and in a few weeks the railroad will be run uniformly with other roads.

CASE WITHDRAWN

Walter Thrasher is Allowed to Go
After Paying Off Mortgage and
Costs of the Court

The case against Walter Thrasher, Collector of Inland Revenue, at Sarnia, who was charged by Robert Winters, of Leamington, with theft, was settled this morning, Thrasher having agreed to pay the costs of the court. He has already seen that the mortgage for \$200, which was the cause of the trouble, has been discharged, and the Crown Attorney consented to allow the charge to be withdrawn, upon the request of the private prosecutor in the case, Mr. Winters.

The Crown Attorney, Mr. Smith, explained that it was a rule of the court that no prosecutions were pressed when the private prosecutor did not wish to go on with the case. In this case Mr. Thrasher had set matters right as regards the \$200 mortgage and was willing to pay the costs.

Judge Houston allowed this arrangement to go through.

AFTER A TROPHY

Four Rinks of Chatham Curlers Take
Part in the Ridgeway
Tournament.

Four rinks of Chatham lawn bowlers attended the bowling tournament in Ridgeway yesterday. One rink has returned to the city, and the three others are still taking part in the competition to-day, with good chances of winning some of the trophies. There are three competitions in progress—the first for the College trophy, the second for the Association trophy, and the third for the Consolation trophy. Over 40 rinks are taking part in the contest, and the tournament is proving to be a great success.

For Chatham, the rink skipped by Harry Gilles has won three straights. W. Taylor's rink has also won three straights, and the Eau Claire rink skipped by Dr. R. V. Bray, has won two and lost one. J. W. Webb's rink had an off day, and, after losing two straights, and forfeiting the third, they decided to return home.

The local rinks who competed are as follows:

P. Cote, J. McCoig, W. E. Gundy, and Harry Gilles, skip.

Rev. A. H. MacGillivray, H. A. McGregor, F. G. Fleming and W. Taylor, skip.

W. W. Turner, W. R. Phillimore, J. E. Mitton, Dr. R. V. Bray, skip.

Willard Merritt, A. E. Jewitt, A. H. von Guntzen and J. W. Webb, skip.

HELD A RECEPTION

Mr. and Mrs. Nell Watson of Mull,
have Returned from their Honey-
moon Trip.

A large gathering of about three hundred persons assembled at Mull on Monday night, last, to welcome Mr. and Mrs. Watson home, after their trip to Duluth and other northern towns. The ladies of Bethel congregation, with whose work both Mr. and Mrs. Watson have been faithfully identified for many years past, provided well-spread tables on the lawn of their new home. To this place Mr. and Mrs. Watson were ushered on their arrival at eight o'clock, where they were welcomed by the members of the congregation and their many friends from the immediate neighborhood. After a very short program was followed by the presentation of a handsome chair to Mr. Watson and a beautiful cabinet to Mrs. Watson, accompanied by the following address:

The Mr. and Mrs. Watson:
It is with sincere pleasure that we, your friends and neighbors and fellow-workers in the Bethel congregation, meet with you to-night, after your return from your past few days of honeymoon. We welcome you back as now builders with us of those homes and hearths for which we all have greater cause to appreciate our land and love our Dominion. We recall to-night the years of service which you have both given to our congregation, and the generosity with which you have sought to stimulate the social life of our community, and we cherish the fond hope that these past years are but a prelude of a still greater usefulness and helpfulness in the future, seeing that you each have received that complement which nature designed and which a full-orbed happiness demands.

In memory of your past services, and as a small token of our warm friendship, we have brought to you, Mr. Watson, this chair, and to you, Mrs. Watson, this cabinet, trusting that in future years these may serve to recall to your sympathetic remembrance our past days of service and friendship together. We look forward to a long life of augmented happiness and prosperity for both of you and trust that when "out of this bourne of time and place" we each one are carried forward, the Great Master of the Vineyard shall welcome both you and us to that eternal home-coming now being prepared for the people of God.

In behalf of the congregation and friends.

JOHN J. McCOIG,
WM. SADDINGTON,
Mull, July 9th, 1906.

TO IMPROVE THE BANK

The Bank of Commerce staff will shortly vacate their present quarters in the bank building, and locate temporarily in the building formerly occupied by Dr. Radley, the druggist. The bank has leased the building for a couple of months, during which time extensive inside renovations will be made to the bank building.

The old vault will be torn down and replaced by a new one, and new furniture and fittings will be installed throughout. Some changes may also be made to the entrance to the bank.

GOES TO CLEVELAND

Dr. Fred. Hall, son of Dr. W. R. Hall, of this city, has received a letter from the trustees of the Lakeside Hospital, Cleveland, notifying him that on nomination from the visiting staff, he has been appointed to the position of Externship in the hospital.

The letter states that the trustees have been examined, and that he has been selected by the unanimous vote of the trustees.

Dr. Hall's new duties will commence August 1. The many friends of this young Chathamite will be greatly pleased to learn of his success.

THE NORMAL SCHOOL

Toronto, Ont., July 11.—In addition to the selection of Hamilton as a site for one of the proposed new Normal schools, it has been definitely decided that one will be located at Kingston. It is expected that a decision will be reached shortly as to the sites of the others contemplated under the year's program.

Centennial Harbison, in charge of the Chatham Normal, has been chosen Chatham and Sarnia, with the chances in favor of the former, and Owen Sound, Meaford and Collingwood, with the chances in favor of the first named. The intention is to build schools to cost \$50,000 each.

NEW ADVERTISEMENTS.

CATTLE ASTRAY.—From lot 24, Con. 18, Dover, five head of young cattle, between one and two years of age. Square cut off right ear and hole in same ear. A reward will be paid for their return or for information that will lead to their recovery. Address Capt. Stelmhoff, Wallaceburg.

FARM FOR SALE OR TO RENT.—12 acres cleared land, part of lot 12, Centre, in good state of cultivation, building all new, new brick house, new barn, etc., situated near G. T. R. station at Vossburg, five miles from Chatham, between two schools, ten minutes walk to Separate school and three minutes walk to Public school; fences all new wire. Possession given next fall. For further particulars apply on premises or address M. M. Mordoff, VanHorne P. O., Ont.

Chief Tinsley in Charge.

Toronto, July 11.—Chief Game Warden Tinsley, who is considered a safe and reliable man by the Minister of Public Works, will be placed in charge of the fisheries branch as a result of the removal from office of Deputy Commissioner Bastedo. The appointment is not intended to be a permanent one, but will give Hon. Dr. Reaume time to look about him. He stated yesterday that he had no one in mind at all in connection with the position.

A Graveyard Pleni.

Pickering, July 11.—In response to an invitation headed "A Graveyard Pleni," and sent out by some of the ladies of the Society of Friends, about forty people gathered in the Friends' cemetery and spent the day in fixing up the graves and beautifying the grounds. Dinner and tea was served on the church lawn.

C. AUSTIN & CO.

BY-LAW NO.

A By-law to authorize aid by the City of Chatham, for the promotion of a factory in the said City for the manufacture of Electric Generators, Motors and other Electric Machinery and Electric Advertising Cabinets, and to provide for the issue of debentures of the said City to the amount of \$20,000.00 and to raise the sum required therefor.

Provisionally adopted the 25th day of June, A. D. 1906.

Finally passed.....

WHEREAS, it is proposed by the International Electric Company, Limited, to acquire and equip and operate a factory in the said City of Chatham for the manufacture of Electric Generators, motors and other Electric Machinery and Electric Advertising Cabinets.

AND WHEREAS the said International Electric Company, Limited, has applied to the Municipal Council of the City of Chatham to grant aid for the promotion of such manufacture.

AND WHEREAS the said Council is desirous of aiding the promotion of such manufacture by way of a loan of \$20,000.00 to the said Company, to be advanced upon the equipment of the said factory, which shall be acquired by the said Company for such purpose, and forthwith after the beginning of operations therein to be repaid in twenty equal annual consecutive instalments of principal and interest which shall be computed at 3 per centum per annum, such payments of principal and interest being so calculated that the amount payable in each year shall be as nearly as possible equal, with the privilege to the said Company of paying off the whole principal sum at any time, and a free supply of water from Chatham Waterworks for the said factory (not to exceed, however, at any time 3,500 gallons per day) for the period of ten years to be computed from the time of the first use of such water in or upon the building or premises acquired by the Company for the purpose of such manufacture, and exemption from taxation other than school taxes and frontage rates of all the property occupied by and used in connection with the said factory for the period of ten years from and after the first day of January, 1907, the placing of such water mains and hydrants as will insure proper and adequate fire protection to the said buildings upon the following terms and conditions:

1. THAT the said International Electric Company, Limited, do acquire and equip in the City of Chatham during the years 1906 and 1907 a factory and plant, with suitable machinery, for the manufacture of Electric Generators, Motors and other Electric Machinery and Electric Advertising Cabinets.

2. THAT the said Company will expend in acquiring and equipping the said factory not less than \$30,000.00 and so that the same when completed shall be worth not less than the said sum.

3. THAT the said Company will, continuously, during the whole of said twenty years employ in and about the said factory at least 40 men, and shall pay weekly wages to its employees, not including officers of the said Joint Stock Company not less than \$20,000.00, provided, however, that this condition shall not be binding upon the said Company should it, at any time, or contrary to the will of its Officers or Directors, stopped or prevented from running by reason of strikes or other conditions not caused or contributed to by the said Company.

4. THAT the said Company shall have an authorized capital of at least \$100,000.00, of which not less than \$50,000.00 shall be subscribed and not less than \$40,000.00 shall be fully paid up.

5. THAT the repayment of the said loan of \$20,000.00 shall be secured by a first mortgage upon all the property, machinery and plant of the said Company in the said City of Chatham, and said mortgage shall contain the usual covenants and conditions, and shall provide for the insurance of the property against fire in favor of the Corporation of the City of Chatham to the full amount of said mortgage and shall be satisfactory in form to the said Council.

6. THAT should the said Company fail or omit to perform and comply with any of the terms or conditions above set forth, at any time or times during the currency of said mortgage, the said sum of \$20,000.00 or so much thereof as may be unpaid, at the time or times of such failure of performance shall, upon demand in writing being made therefor, by or on behalf of the Corporation or Council, at any time or times thereafter specifying the non-performance, become immediately due and payable by the said Company to the said Corporation, and upon the same of any similar event at any time or times thereafter the said Corporation or Council may, by giving notice in writing, terminate the period during which the said property shall be exempt from taxation and such exemption shall thereupon cease and said property shall forthwith become liable for taxes and upon the same or any similar event, at any time or times thereafter, the said Corporation or Council may completely stop the said free supply of water.

7. THAT the said Company shall at all times until the said sum of \$20,000.00 and interest shall have been repaid, permit full and free inspection of its premises and pay rolls by any person or persons appointed for that purpose by the Council of the said Corporation.

AND WHEREAS it is desired to authorize the entering into an agreement on the part of the Corporation with the said Company, providing for the giving of the said aid upon the terms and conditions above set forth.

AND WHEREAS in order to carry

out such agreement on the part of the said Corporation it will be necessary to issue debentures of the said Corporation for the sum of \$20,000.00 as hereinafter provided (which is the amount of the debt intended to be created by this By-law), the proceeds of the said debentures to be applied to the purpose aforesaid and no other.

AND WHEREAS it is desirable to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of twenty years, being the currency of the said debentures; said yearly sums, being of such respective amounts that the aggregate amount payable in each year for principal and interest in respect of said debt shall be as nearly as possible equal to the amount so payable in each of the other nineteen years of said period.

AND WHEREAS the total amount required by "The Municipal Act," to be raised annually by special rate for paying the said debt and interest as hereinafter provided is \$1,537.52.

AND WHEREAS the amount of the whole rateable property of the City of Chatham, according to the last revised assessment roll thereof, is \$4,510,188.00.

AND WHEREAS the amount of the existing debenture debt of the said Corporation is \$499,525.91 (exclusive of local improvement rates or special tax rates and assessments), no part whereof is in arrears.

Therefor, the Municipal Council of the Corporation of the City of Chatham enacts as follows:

1. The Municipal Council of the said City shall grant aid for the promotion of the said manufacture of the nature and kind and upon the terms and conditions hereinbefore set forth, and the Mayor and Clerk of the said Corporation are hereby authorized to execute an agreement on the part of the said Corporation having the Corporation upon the said terms and conditions to give such aid.

2. That for the purpose of raising the said sum of \$20,000.00 debentures of the said Corporation to the amount of \$20,000.00, in annual instalments of not less than \$100 each may be issued on the first day of September, 1906, each of which debentures shall be dated on the date of issue thereof, and shall be payable within one year thereafter at the Standard Bank of Canada in the said City of Chatham.

3. Each of the said debentures shall be signed by the Mayor of the said City of Chatham, or by some other person authorized by by-law to sign the same, and by the Treasurer of the said City of Chatham, and the Clerk shall attach thereto the Corporate Seal of the said Corporation.

4. The said debentures shall bear interest at the rate of four and one-half per centum per annum, payable yearly, and shall be payable in such amounts and at such times that the aggregate amount payable for principal and interest, in any year in respect of the debt shall be equal as nearly as may be to what is payable for principal and interest during each of the other nineteen years of said period.

5. During the currency of said debentures, there shall be raised annually by special rate on all the rateable property in the said City of Chatham the sum of \$1,537.52 for the purpose of paying the amount due in each of the said years for principal and interest in respect of the said debt.

6. This By-law shall take effect on the final passing thereof.

7. The votes of the Electors of the said City of Chatham shall be taken on this By-law at the following times and places, to-wit: On Friday, the 20th day of July next, commencing at the hour of nine o'clock in the forenoon and continuing till five o'clock in the afternoon of the same day, by the following: Deputy Returning Officers—

In and for Polling Sub-division No. 1, at the wagon shop of J. D. Thompson, N. S. Head Street, and that Joseph Northwood be Deputy Returning Officer.

In and for Polling Sub-division No. 2, at the office of the Chatham Motor Car Co., corner of Thames and Salter Streets, and that John Rice be Deputy Returning Officer.

In and for Polling Sub-division No. 3, at the old Police Station, south side of Thames Street, and that Bert Brunker be Deputy Returning Officer.

In and for Polling Sub-division No. 4, at the grocery of Fred Bousnall, corner of Murray and Adelaide Streets, and that David Holmes be Deputy Returning Officer.

In and for Polling Sub-division No. 5, at the residence of Mrs. Wills, N. S. Colborne Street, next Campbell's Fanning Mill Factory, and that Isaac Smith be Deputy Returning Officer.

In and for Polling Sub-division No. 6, at the grocery of Chas. T. Cherry, corner King and Princess Streets, and that Wm. O. Bentley be Deputy Returning Officer.

In and for Polling Sub-division No. 7, at the Weigh Scales Office on the Market Square, and that John Northwood be Deputy Returning Officer.

In and for Polling Sub-division No. 8, at the office of A. H. & Wilson, W. S. Fifth Street, and that James Richardson be Deputy Returning Officer.

In and for Polling Sub-division No. 9, at the office of J. & J. Oldershaw, N. S. King Street, and that Henry Robinson be Deputy Returning Officer.

In and for Polling Sub-division No. 10, at the grocery of Harry Jaques, corner of Ross and Raleigh Streets, and that C. Hancock be Deputy Returning Officer.

In and for Polling Sub-division No. 11, at the store of Willard McKay, corner of Queen and Richmond Streets, and that John Turner be Deputy Returning Officer.

In and for Polling Sub-division No. 12, at the residence of Carrie Calmeyer, corner of Queen and Gray Streets, and that John R. Snell be Deputy Returning Officer.

In and for Polling Sub-division No. 13, at the residence of Adelaide Lawrence, E. S. William Street, near Park Street, and that James Sterling be Deputy Returning Officer.

In and for Polling Sub-division No.

Killed by Trolley Car.

Bowmanville, Ont., July 10.—Citizens were shocked yesterday by the news that Thomas Hoar was killed by a trolley car at Compton, Cal. Mr. Hoar carried a wife, Mrs. E. G. Harris, for many years. He has visited almost every part of Canada, the United States and Great Britain, and has written many interesting accounts of his travels for the local press. About ten days ago he left here intending to visit some American cities. He was 77 years of age, and leaves a wife, who at present is visiting their son, Mr. Arthur Hoar, Barrie, and two daughters, Mrs. A. Mitchell of this town and Mrs. H. Goodman, Toronto.

THE ROOT OF NEURALGIC HEADACHE.

Is an irritable condition of the nerves caused by cold. Relief comes quickly from Nerviline, the great pain reliever of today. I consider Nerviline a magical remedy for neuralgia," writes Mrs. E. G. Harris, of Baltimore. But I never worry if Nerviline is in the house. A few applications never yet failed to kill the pain. I can also recommend Nerviline for stiffness, rheumatism and muscular pains. In use nearly fifty years. Try Nerviline yourself.

Killed at Work.

Toronto, July 10.—John Wilson, fireman at the Don Valley Brick Yards, did not die of heart disease Saturday morning, as was first stated, but was killed in the act of taking out the Scotch block from under the wheels of a brick car, previous to letting it run down the incline. As the block was pulled away, the car must have started suddenly and pinned Wilson's neck against the top.

PROVED IN MOUNT FOREST.

Every doctor in this town tried his best to relieve Mrs. J. Witham, of Asthma, and none succeeded. "For years," she states, "I was a dreadful sufferer; nothing gave relief. At times I found it necessary to have all the doors and windows open to get my breath. When in despair I heard of Catarrhoxone. I used it and now am perfectly cured." This proves beyond doubt that any case of Asthma is curable with Catarrhoxone. No remedy so pleasant and so absolutely certain to thoroughly cure: try Catarrhoxone yourself; it's guaranteed.

FRATERNAL INSURANCE

Commission Investigates Ancient Order of Foresters.

Record of the First Fraternal Organization to Be Investigated Was Found to Be Clean—The Different Funds Maintained by the Order—A Loan to Cover Cost of High Court Meeting—The Policyholders' Association.

Toronto, July 10.—The Dominion Insurance Commission resumed its session in Toronto yesterday morning. The Ancient Order of Foresters, through Mr. William Williams, the permanent secretary, gave evidence. The evidence revealed no improper transactions such as were found in the history of some of the straight life companies.

Mr. Geary, legal representative of the Ontario Government, informed the commission that at the opening of the session that the officers of the Policyholders' Association of Canada had expressed a desire to present certain views to the commission. Mr. Tilley said that the commission would be glad to obtain information from any source. Mr. Geary said a memorandum was shown that 350 policyholders in 38 different cities and towns, representing over \$2,500,000 insurance in twenty-nine different companies, had already joined and signed their intention of doing so. The commission will appoint representatives to the board of the parent associations.

The Ancient Foresters.

Mr. William Williams, permanent secretary of the Ancient Order of Foresters, said that prior to 1911 his society was under the control of the High Court of the British Foresters. In that year, however, a subsidiary High Court for Canada was established, and the Canadian business became self-sustaining and self-managed.

The witness described the different funds maintained in connection with the order, such as the special levy fund, for the relief of impoverished courts, the maintenance fund, the defraying of general expenses, the ancient Forester fund, for the maintenance of the official journal, the guarantee fund, for protection against loss; the sick and general fund, and the straight insurance fund. In 1907 there was not enough in the management fund to cover the cost of the High Court meeting. To supply the deficiency \$2,500 was taken from the insurance fund and handed over to the management.

Mr. Williams admitted that the loan of insurance funds for the purpose of meeting the expense of conducting the order was in contravention of the act of incorporation. He maintained, however, that it was an act of necessity to keep the order alive. The conditions of the loan were one fund to the other were that 5 per cent. interest should be paid.

Amount Repaid.

The total amount had been repaid, with interest, to the insurance fund, by Dec. 31, 1905, \$1,000. The witness said that the Dominion act was passed, which expressly forbade any such use of insurance funds. This, however, was the only loan of the kind made from the insurance funds. Both insurance and management funds were sold under the control of the Executive Council, but it was practically impossible for such a transaction to occur again.

A Raise in Rates.

Mr. Williams then told of the raise in rates made by the A. O. F., which change brought loud protests from the majority of the members. "The officers of the company," he said, "were told that the rates were raised the order would have to close up. There was never any deficit, and in fact there had been always a surplus in the insurance account, but the officers of the order were looking ahead."

Mr. Williams said that a new organization could operate on low rates for a time, but new blood had to be continually brought in to keep the business going. Sooner or later, however, the rates had to go up.

Gave Endowment Values.

The limit of insurance upon the life allowed the A. O. F. under its act was \$5,000, but the largest policy issued up to the present was \$2,000. The act of incorporation of the society also gave it power to issue only straight life policies. Mr. Williams found, however, that the order was issuing a "beneficiary fund policy," which he declared was in effect an endowment policy. Mr. Williams said that he did not consider it an endowment policy. A beneficiary fund policy produced showed that under a certain rate the policy would produce in fifteen years \$1,000 in cash, with profits, or a paid-up policy, for \$1,050.

The witness said he thought the insurance department of the A. O. F. came under the general insurance act and that the investment by the company in the bonds and debentures of the Huron & Erie Loan Co. was quite justified. As a matter of fact the investment had been made years ago and had always proved profitable. The order has made no loans to officers and other members of the order were directors.

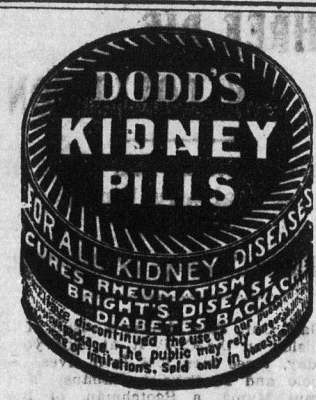

Capital Above Reserve.

The A. O. F. have \$5,000 capital over and above reserves, of which \$4,000 is set aside on the suggestion of the permanent secretary, for the benefit of the old members, who might not be able to keep up the pace in the raise of rates.

Mr. Williams received a salary of \$1,500 a year. Agents received a bonus of \$4 for every \$1,000 or over procured, thirty per cent. for the first quarter's premium, 5 per cent. on the next three months, and 2 per cent. renewals after the second year.

The cost of business was \$10 per thousand, or about one-third of the first year's premium.

The committee on investments was composed of the high chief ranger and permanent secretary, and Mr. Button. The lapse rate in 1905 was 10 per cent.; in 1904, 11 per cent.; in 1903, 12 per cent. The company had gone out after new business since 1903 pretty hard, and

hence some of the business might have been forced.

Struck It Pretty Good.

The rates of premium were fixed by Dr. Record, who, although not an actuary, witness thought he struck it pretty good.

Dr. Record, chief medical officer, said that the premiums were fixed on the mortality table of the Canada Life with a fifteen per cent. loading, plus \$2. This loading was put lower than other companies, because, it was obvious that, business could be obtained in a fraternal way much cheaper than any other way. Sentiment was a great factor.

Mr. Tilley then took up the first profit and loss statement that the witness had prepared since his connection with the company. The total profits shown was \$2,535 and the total loss \$1,455.

Dr. Shoop's Restorative brings lasting relief in Stomach, Kidney and Heart troubles through the inside nerve. No matter how the nerves become impaired, this remedy will rebuild their strength, will restore their vigor. Remember it does no good to treat the ailing organ—the irregular heart, rebellious stomach, diseased kidneys. They cannot be blamed. Go back to the nerves that control them—treat the cause—use a remedy that cures through the inside nerves.

Sold by C. H. Gunn & Co.

Fall Seventy Feet.

Quebec, July 10.—Louis Gosselin, aged 22 years, an employee on the new Quebec bridge, was 70 feet up in the air, when he lost his balance and fell headlong to the rocks below and was killed. This is the third workman killed on the Quebec bridge since it was commenced.

5,000 Visit St. Anne's.

Quebec, July 10.—Over six thousand pilgrims, the largest number on any day this summer, proceeded by steam to visit the shrine of St. Anne de Beauspre.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Keeping Up the Joke.

In an English village there lived a dull-witted boy. It was a great local joke to offer him the choice of a penny and a three-penny piece. The lad invariably chose the penny. A stranger one day saw him choose the penny rather than the three-penny bit and asked him for the reason.

"Naw," was the response, "not 'cause it's the biggest. But if I took the three-penny bit they'd soon stop offering it."

Snails and Odors.

A professor in the University of Geneva says that snails perceive the odor of many substances, but only when not far away. In order to prove this it is necessary merely to dip a glass rod in a strongly smelling substance and bring it near the large tentacles of a snail in motion. If it is put close to these horns the tentacles are violently drawn out. As the snail perceives the odor it changes its course. Snails also smell by means of their skin.

It is wonderful what a little careful grooming will do for a woman. It's delectable and bewitching. The effects of Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets.

ADVERTISING.

One of the Many Marvels of This Progressive Age.

Among the many marvels of this marvelous age there is none more striking and none more characteristic than the art of advertising as developed in modern times. We talk much about the wonders of the telephone and the phonograph, about the astonishing expansion of railroads and telegraphy, but here we have an industry as remarkable for its extension and as wide and varied in its applications as anything of man's device in any era of the world's history. When there is brought into consideration the vast amount of money expended in advertising in our day, the novel and ingenious methods employed and the expert skill and artistic talent engaged in the business one may begin to realize that a wide field has been opened for some of the highest and most useful forms of human endeavor.

With all its abuses—and they are not a few—it remains true that advertising is one of the greatest of popular educators and one of the chief promoters of human happiness and prosperity, and there are yet many ways in which it may be extended to the still greater benefit of the world. No good reason exists why the churches, the Sunday schools, the missionary societies and other agencies of good should not advertise far more than they do and thus add to the membership and their power in the community. To set their advantages, aims and benefits before the public in a proper way and form would involve no loss of dignity or prestige, while it would almost certainly widen their influence.

The time must come, too, when the absurd code which prohibits physicians and other professional classes from advertising themselves must be abolished. There is nothing but a sentiment to prevent it and a very weak sentiment at that. It should be no more trifling for a physician or a lawyer to seek patients or clients through the medium of print than it is for teachers, insurance men, real estate dealers or the members of any other honorable trade or calling.

IMMORTALITY.

One Theory of the Condition That Comes After Death.

Our life does not begin with birth, nor does it conclude with death. It is only a section of the development of mankind before and after us. We existed before we were born, and we reap what the factors of our being have sown. So our life leaves its after effects, and they will be what we have made them.

"The truth is that while there is no immortality in the sense in which most religions hold it if we accept their doctrines in their literal meaning, conditions in life are such in many respects, as if these doctrines were true. For, while our bodily existence is wiped out with all its physiological functions, the essential part of our own being (the thoughts themselves) remain, and thus our immortality—not as a concrete individual and bodily incarnation, but our soul, our character, the impulses which we have given in life to others, our aspirations and most characteristic features—cannot be wiped out."

A man who keeps this thought in his mind, either intuitively by realizing the power and justice of the religious instinct or by having fathomed the problem philosophically in its very depths, will not live for the present moment, but in consideration of the after effects which his life leaves on the world. And I would say that one of the best tests for right action in a critical situation is for a man to ask himself, if I had passed away from this life what would I wish that I had done in this emergency? I am confident that the answer given to this question would help us in the most difficult circumstances to find the right solution.

—Dr. Paul Carius, Author of "The Son of Man," "Chinese Philosophy," etc., in Monist.

F. MARX

What the Best Citizens Say--

The following are the opinions given by the leading business men as to what they think of the Elms Sub-Division at the head of King St. opposite St. Joseph's Hospital in Chatham. We could have secured many more had we had the time to solicit them. Why not buy now at the present prices, not wait until the prices are advanced from 25c to 50c per cent.

ROTHWELL & CO.,
General Agents,
The Elms Sub-Division

James Simon—I consider the Elms Sub-Division a residential property.
H. S. Northwood—I cannot but think other-wise than all who purchase lots in the Elms Sub-Division at from \$500 to \$1000 per foot, will make a handsome profit on their investment.
George Massey—The Elms Sub-Division is certainly the growing part of our city.

Ed. Wm. Stone—I would not be surprised to see King St. extension through the Elms Sub-Division built up within two years as handsomely as the blocks east of your property.
Smith & Smith—A saving bank for the young man or woman earning moderate salary, I could not imagine of either plan to save than investing \$500 in a lot in the Elms Sub-Division and taking advantage of your easy terms of \$5 a month. It encourages the young to be saving. Real Estate cannot "Bust" or "run away." It's a safe investment when properly selected in a growing locality such as The Elms.

Fred. H. Brisco—The restrictions you have put on the Elms Sub-Division as to cost of houses, uniform building line, no business of any kind, etc., is all in the interest of the sub-buyer and will keep your sub-division a choice residential section.

SMITH & SMITH,
Local Agents.

Building and Quantity Surveyor.
I have pleasure in announcing to the inhabitants of Chatham and surrounding country that I am opening an office in above building, and that by doing the highest class work and strict attention to business, to obtain a share of the public patronage. I shall be pleased to submit sketch plans and estimates for any class of building whether of a private or public character free of cost to clients.

THREE DIE IN COLLISION

Dozen Italians are Hurt in a Railway Wreck At Galt.

THE "CALAMITY CURVE"

Galt, Ont., July 11.—As a result of a collision on the C. P. R. at noon yesterday, three men lost their lives, V. Nicolo and F. Ravello, Italians, and Samuel Muma, a Scotchman, of Inverkerk, foreman of the gang of 10 navvies, of whom the dead men were members.

About a dozen other Italians were hurt.

The accident was caused by a ballast train backing into a pile-driver on the track, at work near the bridge. The injured are in the hospital. An inquest will be held to-day.

The accident is the seventh, and perhaps, the worst that has occurred at this point on the road, a sharp curve with a steep grade. The spot has aptly been termed "calamity curve."

The wrecking train from Toronto cleared the track before 6 o'clock.

The wreck occurred near the home of Mrs. Dietrich, who showed herself possessed of unusual nerve and presence of mind under trying circumstances. She telephoned for doctors and for priests to minister to the injured.

The wreck occurred near the home of Mrs. Dietrich, who showed herself possessed of unusual nerve and presence of mind under trying circumstances. She telephoned for doctors and for priests to minister to the injured.

Killed in Belting.
Quebec, July 11.—While playing about his father's mill at St. Casimir, County of Port Neuf, yesterday morning, 4-year-old Joseph Trotter had his clothing caught in the belting and was carried around the pulley at a rapid rate of speed, his life being crushed out.

Drowned in Ottawa River.
Ottawa, July 11.—Phillip Biala, aged 3, son of Wilfrid Biala of Ottawa, was drowned in the Ottawa River yesterday afternoon. He was playing on the logs and one rolled tumbling him into the water. His companions got him out, but too late to prevent death.

Child Eats Deadly Tablets.
Kingston, July 11.—Yesterday morning a sad death occurred in the Township of Pittsburg. A young lady, Miss Orr of New York, who has been visiting a relative, Wm. Patterson of Dufferin, has been in the habit of taking sugar-coated tablets. In some way a child of Mr. Patterson's secured some of these tablets and before he was observed, ate them. The tablets contained a deadly poison, which should be taken only in small doses. Soon the little fellow was suffering intense agony, and, before medical aid arrived, was dead.

Aged Man's Bad Fall.
Deseronto, July 11.—Levi Gould, an aged resident of Tyndings, while purchasing some hardware in W. H. Stafford's store yesterday, met with a serious accident. He slipped and fell about 15 feet to the basement, fracturing his skull. He is 73 years of age.

Victim of Lightning.
Toronto, July 11.—The lightning which accompanied Monday's storm did considerable damage throughout the country. John Davis, a farm hand, in the employ of John Biewart, living in the second concession of West York, was struck and instantly killed, as he was crawling under a haystack.

MURDERED PRESIDENT.

Brazilian Revolutionists Have Seized State of Matto Grosso Capital.

Rio Janeiro, Brazil, July 11.—The revolutionists in the State of Matto Grosso have occupied the capital of the state, Cuyaba, murdered the President of the state and seized the Government.

TILBURY

July 11.—Miss Winnie Lambart, of Woodville, is the guest of Mrs. Coutts. The Misses Olive Mather and Floe Bartley, of the Ursuline Academy, are spending vacation at their respective homes.

Miss Donna McLean, of Windsor, is the guest of Miss Ellen Callwood, at Willow Beach.

Miss Bessie Currie, of Detroit, is visiting Miss Ella Anderson.

Mrs. Chas. Powell is visiting relatives at Stewart.

Miss Jessie Alexander, of Essex, visited friends here yesterday.

Miss Bertha Coatsworth, who has had charge of the millinery department in J. S. Richardson's store during the past season, returns to her home in Chatham to-day.

Mrs. Frank Beno is recovering from a severe attack of muscular rheumatism.

Acquitted of Murder.

Montreal, July 11.—Mrs. Edward Tracey, tried Monday at Sweetburg for the murder of F. Howard, was acquitted by the judge. It was proven that Howard had gone to her house and tried to assault her, and that she shot him in self-defence. The crowd gave three cheers for Mrs. Tracey, much to the anger of the judge.

Goldwin Smith Remains.

Toronto, July 11.—Dr. Goldwin Smith has yielded to the solicitations of Premier Whitney, and will remain on the board of governors of Toronto University for the present at least. Premier Whitney said that he hoped to have Dr. Smith's co-operation until a president was chosen for the university.

LOW SUMMER TOURIST RATES WEST.

During the entire summer the Chicago and North Western Railway trip tourist rates to Colorado, Utah, California, Oregon, Washington and British Columbia points. Choice of routes going and returning with favorable stopovers and time limits. Especially low excursion rates to the Pacific Coast from June 25th to July 7th. For further particulars, illustrated folders, etc., write or call on B. H. Bennett, General Agent, 3 East King Street, Toronto, Ont.

AN UPRIGHT MAN TO PROROGUE

Death Robs Raleigh Of One Of Her Honored and Respected Men

The death of James Woods, farmer, concession 8, Raleigh, on the 2nd inst., removed from that locality an upright and obliging neighbor, and one whose industrious career from early boyhood to the late spring of this year when he was laid aside by fatal illness, might well be accepted as a worthy example by the young men of this day who enjoy many advantages and opportunities for becoming good citizens and successful farmers which were not within the reach of young men in our country fifty years ago.

Mr. Woods was born in 1845 in the adjacent township, Harwich, and was thus in his 61 year when he became the victim of the disease which carried him off so prematurely, superinduced no doubt, by the strenuousness of the duties he performed in his earlier years in aiding in the redemption of woodland and forest what are now three of the finest farms in the townships named.

His devotion to his occupation and to his family prevented him from taking any active part as a citizen in any public matters, municipal or otherwise, but his kindness of disposition and his willingness to oblige a friend at all times won for him the high esteem of all who ever became in any way associated with him.

Mr. Woods left behind him in comfortable circumstances, his wife, a daughter, the late George Gill, of Raleigh, and three children, all of whom are married and settled near his old home.

THE SUNDAY BILL

Senate Changes the Title of Bill Known as "Lord's Day" Bill.

Ottawa, July 11.—In the Senate yesterday, Senator Power moved that the phrase, Lord's Day be stricken out wherever it may occur in the bill, and the word Sunday substituted. The amendment carried—yeas 31, nays 13.

Senator Mitchell very sagely remarked that every day was the Lord's day, but the first day of the week was commonly known as Sunday.

This point disposed of, the Senate made short work of Senator Cloran's objection to the definition of Sunday, and it still extends from 12 o'clock on Saturday afternoon to 12 o'clock on the following afternoon.

Amendments moved led Senator Landry to say that it was evidently out of the question to change the entire Dominion by a consistent Sunday law. The matters involved were those for localities, and should be referred to the provinces. He moved that the committee rise.

Senator Scott pointed out that, to carry this motion, would "kill the bill," and it was defeated, only Senators Landry, Godbut, Bolduc and Montplaisier, all of Quebec, voting in the affirmative.

The Senate committee reported the bill and virtually nullifying the provisions by amendment. There will be no prosecutions except upon order of the Attorney-General of the province. The prohibition of work Sunday and Sunday excursions are made subject to all provincial acts and laws, public and private, heretofore or hereafter passed. Exemption is granted to "all vessels."

When you want BLACK silk, you don't say "a spool of silk."

When you want Windsor Table Salt, say so—"WINDSOR."

A man must become wise at his own expense.

To be entirely tolerant we must tolerate those who are intolerant.

Some people never tell the truth because nobody would believe them if they did.

VISIT THE BALMORAL

Antiseptic Hair Dressing AND Shaving Parlors.

To accept good advice is but to increase one's own ability.

TO PROROGUE ON THURSDAY

Dominion Parliament will Cease its Labors on That Day

MR. CLEMENTS IN DEBATE

Ottawa, July 11.—In answer to a question in the House yesterday by Dr. Sproule, Sir Wilfrid Laurier stated that prorogation would occur on Thursday afternoon.

The supply bills presented last night appropriate for last year's supplementary estimates \$2,329,562. The estimates for the nine months ending March 31, 1907, amount to the tidy sum of \$54,642,468.

The Senate bill respecting the sale and marking of manufactures of gold and silver, was passed by the Commons yesterday morning. It will not go into effect for a year.

No Compensation For M. P.'s.
The committee on election laws reported a bill providing that no member of Parliament can practice before committees of the House or receive any compensation directly or indirectly in relation thereto. The imprisonment feature of the punishment was struck out and the fine made not less than \$500 nor more than \$2,000. Instead of \$10,000. A clause was added providing for the punishment of anyone who offers compensation to such a member for such services.

Opposition.
The Government set a trap last night for the Opposition. Upon the second reading of Mr. Fielding's bill to repeal the pension grab, Sir Wilfrid Laurier intimated that he might be willing to let the matter go over till the autumn session. This all the Liberals sat tight and let the Conservatives do the talking.

Mr. Turiff (East Assiniboia), Mr. Clements (East Kent), and Hon. Geo. E. Foster debated the bill briefly.

DISTRICT BLENHEIM

July 11.—Miss Nellie Shillington is visiting at Mr. McCullough's, Ridgetown.

There is no such thing as preparation after the event.

What Isn't Put Into Clothes Won't Come Out of Them,

And it's as plain as a pikestaff to the man who thinks. We are selling more clothing every day to men who think. You will find better fit and better style than in any other clothes hereabouts, and such permanent shape and durability as will bring you back here the next time you want clothes.

It stands to reason that when we make and absolutely guarantee the clothes we sell you, making ourselves responsible for stitch, style and service, that we are going to do the very best we know how, and after sixteen years experience in clothes making for our customers we ought certainly to know how.
