Mr. JOHN GRANT, of Woodstock, was in town this week, making arrangements for purchasing hives and tanbark on the Listowel market. We understand that Mr. Owen Wilson, grain buyer, will purchase for the Woodstock tannery.

A GENTLEMAN from Brampton thinks of establishing a greenhouse and nursery in Listowel. This town should be a good point for such a business, as at present this section is dependent upon outside for greenhouse and nursery products.

Parents, save 10 per cent. by sending your children to Brishin's for school books, etc.

A cow belonging to Mr. Wm. Smith, north of the town, was killed by the G. W. R. train last week. The fence is said to have been removed by the track layers on the S. & H. road, which accounts for the cow being on the property of the G. W. R.

LACROSSE.—A lacrosse match was played in the Agricultural park on Friday afternoon between the Listowel Stars and the Lennox of Stratford. The Listowel youths succeeded in defeating their opponents in three straight games. Time, 6, 35 and 45 minutes respectively.

Highest price for butter and eggs in exchange for goods, at Brishin's.

Listowel cricketers made a rather poor show at Stratford on Saturday in their encounter with the Grand Trunk club. The latter were victorious by 9 wickets and 13 runs. We would suggest fewer matches and more home practice for a season.

REV. H. BARTLETT, incumbent of Christ Church, Listowel, left here on Wednesday morning to take part in harvest festival at Berlin. The Rev. gentleman intended to deliver his lecture on "The Arts and Sciences of the Crystal Palace," in Berlin on Wednesday evening.

"ONE MORE WEEK TO CROSS"—True this song was once thought cheap, now 'tis wasted, worn and weary; tiresome it is deemed and dreary, let it not be laid to rest; drop it, for 'tis worn and tattered; sink it, for 'tis any song so hated; cheer it, it is old and shattered; stop it, it is best.

CHRIST CHURCH will be closed for the next three or four Sundays, while the improvements are being made. In the meantime, we believe it is the intention of the choir and perhaps part of the congregation to attend service at Shipley, where Rev. Mr. Bartlett preaches every afternoon at three o'clock.

Ready-made Clothing—Suits from \$8.00 upwards, at Roy & McDonald's.

ANOTHER "LIVE" DRUGGIST—Mr. Hacking wishes us to state that he has been supplying his customers with the past two years with King's Discovery and Golden Compound, and that he is selling the Electric Bitters at 40 cents per bottle. He has a full line of all the new remedies, at the lowest prices—33b.

REMOVE—S. Bricker & Co. have leased the fine brick store in the Moore block, and purpose removing their hardware store into the premises in the course of a few days. The first floor of this building will be occupied by Messrs. Bricker for their stores and ware department; it is now being fitted up for that purpose.

A LARGE number of our citizens are in Toronto this week visiting the Industrial Exhibition. About a hundred persons, including a number of the Listowel Oddfellows, left here yesterday morning. The reception of the Sovereign Grand Lodge to-day promises to be the grandest affair which has yet taken place in the annals of Oddfellowship in Canada.

TRACK LAYING.—The track-layers on the N. & H. R. are pushing forward vigorously. A hundred rods have been laid within about three miles of Palmerston, and it is expected that that place will be reached by Saturday night. We understand that the road will not be used for passenger traffic until the Durham line is completed, which will probably take about a month yet.

Beautiful room papers, only 10 cents per roll, worth 15c, at Brishin's.

A TEAM of baseballists, claiming to be the amateur champions of New York State, passed through here on Wednesday en route to Harrison, where they were defeated by the Harrison Browns by a large score. The Braves of Woodstock, amateur champions of Canada, also gave the Americans a couple of severe drubbings. The Republic should not allow its children to venture so far away from home before they are able to knock out their own with the boys of Canada.

"THE HUNN" has evidently struck the Listowel post office, that antiquated institution having counted a new citizen and suffered some minor improvements in its "internal economy." That the "Hunn" may ere long strike this ancient landmark with sufficient force to knock it into smithereens—or, at least, to grant us an office that will be in keeping with our progressive town, no doubt the devoted paper of more than one of Listowel's citizens.

Brishin is selling satin-finish wall paper for 15 cents per roll.

ANNIVERSARY SERVICES will be held in the Primitive Methodist Church of this town on Sunday the 20th inst. Rev. W. Higgins will conduct the service in the morning; in the afternoon, at 2.30, and in the evening, at 6.30, Rev. J. Markham, of Wingham, will officiate. On Monday evening following an anniversary tea-meeting will be held in the church. Tea will be served from 6 to 8 o'clock. Addresses, interspersed with music, will be delivered by ministers of the town and others. All are invited.

The Palmerston Horticultural Society is putting forth laudable efforts to make their show a success. We notice that the Wallace Council made the society a reasonable grant, and with an active set of officers who are deserving of the most hearty support and co-operation of the citizens of Palmerston, the efforts to make the show a success will no doubt be rewarded. The annual supper in connection with the society will take place on Monday evening, Oct. 14th. The Secretary, G. S. Davidson, Esq., has our thanks for complimentary invitation.

A POISONING mania seems to have taken possession of a number of persons in town, quite a number of canines having been laid out "stark and stiff" during the last month or two. While it may be well enough to rid the town of a lot of useless curs, at the same time it is decidedly reprehensible for anyone to make a practice of indiscriminate dog poisoning. Several of the dogs poisoned lately have been valuable animals, and their owners have consequently suffered quite a loss. Should the guilty party be found out, he need not expect much leniency.

BAZAAR.—The ladies of Christ Church are making great preparations for the Bazaar which they purpose holding during the days of the Elm & Wallace Fall Show. A large amount of both useful and ornamental needlework, etc., will be exposed for sale. The chief attraction of the Bazaar will be an exquisite wrought Cleopatra chair, which will undoubtedly be disposed of by ticket. The chair is a magnificent piece of workmanship, and will be a valuable treasure for the person who is lucky enough to secure it. The ladies purpose having refreshment tables in connection with the Bazaar, where hot coffee, sandwiches, etc., will be procurable at all hours.

ADVERTISING PAYS.—It is sometimes questioned by merchants whether advertising pays. The question will hardly bear discussion in the light of the following facts, rates for transient advertisements being figured. "The Chicago Tribune," it is said for a column a year, receives \$250.00. The New York Herald receives for its lowest priced column \$30.72, and for its highest \$48.00. The New York Tribune for its lowest, \$27.75, and its highest \$35.64, and these papers are never at a loss for advertisements to fill their columns. Their patronage comes not from any lead held by the respective papers, but from business men who find it profitable to advertise.

CARELESS.—The habit which many farmers have of leaving their horses unattended in front of stores while they are doing their shopping is a very bad one, and is liable at any time to bring those who make a practice of it into trouble. However good an animal may be, it is not safe to leave it unattended and alone on a public street where people are constantly moving about, and which is likely to be more or less occupied with vehicles. Only a day or two ago, we witnessed a team that had been left unattended at the hub of the wagon to which it was attached encountering a lighter vehicle, smashing one of the wheels of the latter, besides otherwise wrecking it. We believe that it is an infraction of the law to leave horses unattended in streets, and that there is a heavy penalty attached to the offence. There appears to be plenty of posts and stings for fastening horses to along our thoroughfares, and the constable should see to it that life and property are not put in jeopardy by people being too careless to make use of them.

Palmerston Telegraph: The Listowel Town Council, which is composed chiefly of Reformers, has just given the Rev. a genuine sample of Grit morality. A large job of printing was to be done for the town, and tenders for the work were asked for. A Guelph firm offered to do the work for \$70 and the Conservative local printer tendered for \$85, but the Reform did not put in a tender. Now, mark the result. Under the plea of economy, fresh tenders were asked for, and the proprietors of the Reform paper, who must have known of the work, tendered to do the job for \$75, and although this was \$5 more than the Guelph firm asked, the contract was awarded by the economical Council to the Listowel Grit paper! And they call themselves Reformers! Heaven save the mark!

The grain market is now fairly opened, the farmers in the county being got pretty well through with their fall sowing and consequently have time to turn their attention to marketing their produce. As Listowel is a factoring town, we may look forward with assurance that the coming fall and winter will witness a lively air on our market. Last season, notwithstanding the comparatively short crop and absence of sleighing, the amount of grain handled by the Listowel buyers was very considerable. With fully as many buyers this season, and an unusually prolific harvest having been secured, it is reasonable to conclude that there will be a proportionate increase in the amount of business done this year. At present fair prices are obtaining for all descriptions of farm produce, and as it is questionable whether there will be any appreciable increase in prices during the season, farmers will be on the safe side in converting their surplus produce into cash without too long waiting for a possible rise.

GARDEN PARTY.—The garden party and Conversations held at the residence of Mr. John Campbell on Monday evening last, evinced very successfully, notwithstanding the weather, which was rather cool and damp for outdoor enjoyment, the very attractive programme rendered making up for any "unpleasantness" occasioned by the elements. The Conversations was very ably presided over by Mr. Rothwell, who made a few happy and interesting remarks. The musical part of the programme was very efficiently sustained by Mrs. and Misses Bell, Miss Guebara, Rev. Mr. Bartlett, and the Church choir, while the elocutionary recitations of Mr. D. B. Dingman, Mr. B. Rothwell, Rev. Mr. Bartlett and Mr. A. B. McMillan, B. A., were of such an order as to merit the warm appreciation of all present. During the intermission in the programme, cakes and fruit were passed round by the young gentlemen. The gathering being unusually large for an entertainment, perhaps a slight degree of crowding may have been experienced, but all appeared to enjoy themselves thoroughly. The grounds were very tastefully illuminated during the evening with Chinese lanterns. We understand that the proceeds amounted to the very handsome sum of \$25, which will be applied towards the purchase of a new organ for Christ Church.

RUNAWAY ACCIDENT.—On Saturday night last, Mr. Philip, editor of the *Perth Valkyrie*, accompanied by his wife and a young friend named Anthony Kipper, from Wingham, was driving over the hills in the vicinity of Glendon, the horses ran away, overturning the vehicle and throwing its occupants out. Mr. Kipper was considerably injured; the others fortunately escaped with only slight bruises. Another runaway accident occurred on Monday last, the "unfortunates" being Messrs. H. Goddard and J. A. Hacking of this town. These gentlemen drove into Elma, partly on business and partly for the purpose of having some sport with their guns. When returning home, in the vicinity of R. Clelland's, Esq., their horses took fright and started off at a break-neck speed. Mr. Hacking jumped, but Mr. Goddard was not so well. He remained in the vehicle endeavoring to control the runaway animals until approaching a hedge, when he also jumped. Unfortunately he fell with his back across a log, bruising himself badly, and for a time it was thought that he was seriously injured. He had to be conveyed home, when medical aid was procured. We are pleased to be able to state that under the care of Dr. Philip he is recovering much faster than was at first thought possible. The vehicle, a brand new democrat, was considerably damaged; we understand that Mr. Hacking's gun also came in for serious fractures.

DOSEAL.—Our streets will not be lighted by gas this fall. He was a tramp. He walked into the creek—saw down—and got wet.

Messrs. Harvey, Rice, and McClennan have returned to St. Catharines Collegiate Institute.

A prominent Grit grocer in Listowel has been making some of the simple minded believe that the Y. U. doubled the price of preserve jars, thereby giving the N. P. a heavy blow and losing some good customers for himself, as people are not so slow, however tritely they may be—Com.

Mr. Moore, of Gadsahill, went shooting partridge a few days ago, when he came across a bear, which the dog tracked. Mr. Moore thought he would try conclusions with his bearship. Aiming the gun at him, he let drive, and down came Bruin at his feet dead. One good load of powder and shot settled him.

ON THE WAR PATH.—For the past two Saturday nights License Inspector Clinie, of Listowel, has been on the war path in Stratford. The licensed hotel keepers were not found violating the law, but two unlicensed vendors were caught, and as it was their second offence were sent to jail for two months each.
