WORK OF THE NAVY LEAGUE.

The Kentville Navy League branch is now well organized and will be heard from at different times. It is important that we recognize the protection that Mr. Strong has given us and that we do something for our blue jackets in recognition of same.

The Navy League of Canada has promised to pay the Navy League of England \$120,000 yearly or \$10,000 per month. Mr. Strong, Secty. of the League at Halifax has a letter expressing thanks from the Duke of Buccleuch for Canada's contribution. The money will be used for relieving distress among the suffering and wounded of the Navy and merchant seaman and their dependents, Kings County people cannot serve the Empire better than by contributing to such a worthy cause. You will have an opportunity to help the Navy June 11th. Watch for further announcements.

WOLFVILLE.

Mr. and Mrs. L. K. Payzant of Dartmouth have been at Wolfville visiting with Mrs. C. S. Barss, and closing exercises. Their daughter Claire is a student at the Seminary.

The Boy Scouts Band played out on the College grounds on Saturday evening.

Mrs. Edward Spicer of Parrsboro is here attending the closing. Her daughter graduates from Acadia Seminary this year and will enter Acadia University.

Mrs. Edward Mosher of Kentville is a guest of Mrs. E. S. Mason.

CLOSING AT ACADIA.

Beautiful weather and magnificent scenery has greeted every visitor to Acadia Commencement exercises. Never before had nature put on such a dress as at present. While the orchards in the vicinity are not in full bloom the pure white of the Gravenstein and the tents of the cherry, peach and other early fruit blossoms are shown amid the pink of the bursting buds of the later blossoms.

Such scenery as we now have in our county naturally attracts hosts of visitors and Sunday and the days since, numerous autos and other conveyances have been hastening over our streets in all directions, to view the country in its dress of beauty. Everything was so fresh and pretty that many were worshippers of nature on Sunday, rather than attend the Baccalaureate services.

Most Perfect Woman in the World's History
as Incomparably Revealed in

A Daughter of the Gods

"A Daughter of the Gods" glorifies the beauty of life, makes supreme use of the loveliness of the most wonderful woman in all the world; makes elves and fairies believable and real, and blends them with a story of gigantic proportions. Here is a story as pure as filtered air and as cleansed as the deep sea.

DILLON'S APPEAL.

Dublin, May 21—An appeal to all those of Irish blood in the United States to support the Nationalist party as "The one party in Ireland which is fighting for Irish liberty without bettering the cause of liberty in other lands" was made today by John Dillon, the Nationalist leader, in an interview with the Associated Press Correspondent

Mr. Dillon, in this interview denounced the policy of the Sinn Fein.

MACKEREL HAVE ARRIVED.

Yesterday there were mackerel in galore everywhere in town, actually being peddled at a moderate price. Yesterday the traps had a haul and it is said that 40 barrels were taken at the Allen trap alone. They are being shipped by the train route for Boston.—Yarmouth Post.

Omaha, Neb., May 20—A tornado at Bloomfield, Nebraska, on Saturday night, killed twelve and injured twenty-five.

HINDY DEAD AGAIN.

With The British Army in France May 21—The rumor that Field Marshal Von Hindenburg died recently has become current very generally among the enemy in the back areas as well as among civilians.

What basis if any there is for this rumor is not known here.

The production of an agreed history of the English-speaking world, suggested by a London newspaper, is approved by Prof. A. C. McLaughlin, of the University of Chicago. Prof. McLaughlin is now on a lecture tour in Great Britain. The suggestion is undoubtedly along the right lines. Prejudiced school histories account of much of the anti-British and anti-American feeling that stupidly opposes the progress of civilization.

CAMPAIGN FOR PATRIOTIC FUNDS.

To Cease After March 31 Next Will Rely on Government Grants.

There will be no further campaigns for the Canadian Patriotic Fund after the end of the present fiscal year, that is to say, after March 31, 1919.

This was the decision reached last week at the meeting of

the national executive of the fund, at Ottawa, when the whole situation was fully discussed. The attendance from all parts of the country was representative, the Governor-General presiding.

It was decided that the branch organization should carry on as before, each raising the annual quota as in previous years until the date mentioned, but after that no campaign for subscriptions from individual or municipal bodies should be requested by the head office.

It is hoped, however, that revenue will continue to come in, but such additional money as after April 1st, 1919 may be required to supplement the income will be sought in the form of a grant from the Government, to be voted by the 1919 session of Parliament.

Some \$38,000,000 has been collected, and while the fund has a considerable reserve, it is desired to keep this intact for the demands which will continue during the process of demobilization.

A factor in the decision to suspend patriotic fund campaign is that the war loan and other Government purposes largely monopolize the usual sources from which the revenue has heretofore come.

OF MISSION.

Son of Canada's Former Governor General Arrives at an Atlantic Port.

An Atlantic Port, May 24—Prince Arthur of Connaught, son of the Duke of Connaught, former Governor General of Canada, arrived here today from an English port, as head of a British Mission to the United States. The Mission made the voyage aboard a British cruiser. Washington, May 24—Prince Arthur of Connaught, first cousin of King George of England, who is on a special mission from the King to the Emperor of Japan, came to Washington today and paid a call of courtesy on President Wilson.

VALCARTIER CAMP OPENS NEXT WEEK.

Quebec, Que., May 22—It is expected that Valcartier Camp will open next week, as Colonel Roger, commanding the camp, who was here yesterday and left last evening for Ottawa, will return to town next week and proceed to Valcartier. The ordnance corps has nearly completed work.

"A DAUGHTER OF THE GODS"

Wonderful Production will be shown at the Nickel Theatre, Kentville next Monday and Tuesday, June 3rd and 4th.

"A Daughter of the Gods" blends the Arabian Nights and "Never, Never Land" in a magnificent and stirring spectacle that should commend it to devotees of the motion pictures and to children who can live in a dreamland of gnomes, fairies, mermaids, Blue-beard, gallant warriors and fair ladies. The Lyric Theater, in which William Fox presented it last night, has been transformed into a setting in harmony with the fantasy which the camera depicts, and the musical score intensifies the illusion. Edison and other inventors have not yet succeeded in adding vocal parts to motion pictures, but the orchestra does bring such entertainments closer to the field of opera than was believed possible until recently.

Annette Kellermann as Antia, a daughter of the gods, displays her charms as a dancer, medmaid, diver and actress to the best advantage. In their varied roles Hal de Forest as the wicked sultan, Marcelle as Cleone, Edward Boring as a sheik, Violet Homer as Zarah, his wicked daughter, and beautiful Henrietta Gilbert as the Fairy of Goodness were strong and convincing.

The first night audience was moved by the vividness of those great scenes in which thousands appear to take part. The story is fantastic, but it touches the heart as a fairy tale well told, and it holds the interest of those who follow it. "A Daughter of the Gods" is something children can see and enjoy as well as grownups. Ex.

A means of making use of the electric magnet under water has been devised in Japan, and it promises to be of great assistance in locating sunken vessels, to recover which salvage operations on a big scale are expected after the war.

What Music is Doing to Help Win the War

The one paramount issue today is winning the war. Worry by the boys in the front line or by those in the second line at home will do more to lose the war than anything else. Music, the greatest of God given treasures, is "doing its bit" in making things right. Every troopship and every warship is supplied with pianos, players and phonographs. Music is heard continually in every training camp. In France music is as much the equipment of a unit as are its guns. The boys take their Phonographs right into the front trenches. The heaviest part of Y. M. C. A. work in France is dispensing music and hot coffee.

The Phonograph and Record plants in England are working day and night endeavouring to supply the demands from our boys in France.

The United States Army authorities fully appreciate the effect of music on morale. Wherever you find two or three Sammys there you will find the phonograph. Music is part of the rations.

If you are worried about your boy-if the extra strain which the war imposes upon you finds you at night tired in mind and body then turn to your Victor or your Edison and listen to the same music that our boys are listening to across the water. It's a tonic for them. It will do wonderful things for you. Your soldier boy will have no worries if he knows that things are right at home. It will be a pleasure for you to visit our store and see and hear the beautiful Victor and Edison machines. 18,000 Victors and a complete line of Edison records in stock.

Buy now, prices will never be as low again.

MISS WILSON'S VOCAL RECITAL.

Surely Mrs. Cora Pierce Richmond is entitled to the gratitude of music loving people, and further added to the debt, when she presented her pupil Olive Mary McCallum Wilson, at Opera House Wolfville on Wednesday evening, May 22nd.

The writer likes voices as people, to improve with acquaintance, and Miss Wilson is not only always satisfying but increasingly delightful. Such a lovely contralto voice is rarely heard. Even effusiveness is pardonable in the use of adjectives, and breadth, power, volume, arrange, intensity, feeling and wonderful cello like tone quality, with the added charm of femininity, are not two many to describe it. The requirements of a difficult and searching program were fully met. To properly describe all the numbers would take a lot of space. The recitative, "My heart is weary"

showed the interest strength and reliability of the voice, "Break Break, Break," its grandeur and power, "He was Despised" its solemnity and feeling, "L'Esclave" its cello like sustained tone quality "Shadows" its dramatic intensity and that of the singer, and "Ave Maria" its range and power of expression, with a valuable violin obligato by Lila Strong Bishop. Miss Wilson's many friends trust that the possibilities of Youth splendid physique, remarkable dramatic and interpretative ability with such a voice, may be fully realized in the future. Evelyn Irene Nelly, Soprano who assisted also deserves a lot of nice adjectives and as usual the brilliancy, versatility and sweetness of her delightful voice charmed the hearers, in the beautiful Duet, "Quis Est Homo" from a "Stabat Mater," With Miss Wilson and in her solo. Dr. Victor F. Connors accompanied with commendable discretion and ability. MUSIC LOVER.

Rev. W. C. Goucher of N. B. is among the visitors here.

The collection taken at the organ recital on Sunday afternoon was entirely for Red Cross.

Rev. C. W. Rose, B. A. new pastor of the First Baptist church Yarmouth has gone to New York to undergo an operation in one of the hospitals there.

The recital Friday evening by Miss Russell, pianist assisted by Miss Minnie Miller of Canning, violinist was especially fine. They were also assisted by the Seminary quartette: Misses Muriel Starr, Edith Staples Nettie Colpitts and Clara Payzant.

Mrs. S. S. Forrest has been in poor health since her arrival from Halifax.

Dr. Hoar while in town was a guest of Dr. J. F. Tufts.

Mr. D. C. Clark of St. John Governor of Acadia University is in town.

Mr. W. W. Clarke of Bear River is attending the closing at Acadia.

Prof Aaron Perry of Manitoba College Winnipeg is in town visiting his brother Prof. Horace G. Perry. The former graduated with the class of 1901 and took his M. A. degree here the following year. He has now been absent for sixteen years and sees many changes in the institutions since he roamed over the College grounds. The new buildings connected with the institutions were quite a surprise to him.

This morning at 10.30 o'clock the class day exercises of the Graduating class of Acadia University takes place. The class has been much thinned by enlistments since the war started, having a class honor roll of 25. Those who have finished the course and graduate are as follows:-

Frances Elizabeth Addison; Annie Durkee Allen, Villa Barker Alward, Margaret Rebecca Chase, Lily Barclay Chase, Ira Wallace Clarke, Harlan Levi Densmore, Jean Rettie Goucher, Esther Lee Gould, Anna Aruta Pickles, Cecil Clifton Robbins, Norman McLeod Rogers, Muriel Victoria Roscoe, Baxter Garfield Spracklin and Marion Ray Weston.

Miss Roscoe presents the class history, Miss Weston class prophecy and Miss Addison class valedictory. The class ode composed by Miss Esther Gould is as follows:- Into the dream time of the soul there comes The weary pleading of the world grown old, Grown old in misery and with her clothes Dyed red in her youth's blood and tears untold, She sits a mourner at the Future's gate And cries, O youth that still are mine Arise and come, O haste lest ye be late. Beloved all that I have I make it thine; My future too that now some seek to wreck. Rekindle my dead hopes, o'ercome the wrong, Reconsecrate my shrines, renew my life. O youth I trust thee all, be true, be strong.

And oft at twilight in these halls we hear The whisperings of the dead years winged away, The echoes of Acadia's honored past The seeds of the future now do say, My children hear ye not the world doth call, Thy brothers pleadings from the foreign grave Dost see the red dawn of a golden day. Go forth to meet that day, for she who gave Thee, much requires that thou shouldst keep her trust As sacred, for thou art so near her heart. But hark! our aged mother bids us come Our Alma Mater sends us; we depart.

HOME RATIONING TO BE VOLUNTARY.

Provincial Committee to be Asked to Draft a Standard.

Toronto despatch.—“The question of rationing the homes has been given a great deal of thought, Mr. H. B. Thomson, chairman of the Canada Food Board, told an audience of three thousand people in Massey Hall last night.

“We know the people of Canada do not want any direct order for rationing their homes,” he added. The best solution of the difficulty, he went on, had seemed to the Board to be to ask the resources committee of each province to draft a standard of voluntary regulations for the homes of their respective provinces.

The Government, said Mr. Thomson, had agreed to supply Great Britain and her allies with large quantities of wheat and flour, between now and July 1st. If they did as he hoped they would between the beginning of the year and that date, they would have shipped more than in the average past three years. Of the 1917 wheat crop, to date, sixty-two per cent more than the average of the past three years had been sent. Shipments of pork had increased by 122,000,000 pounds, beef by 72,000,000 pounds, butter by 12,000,000, cheese by 30,000,000 pounds, eggs by 15,000,000 dozens and wheat and flour by 55,000,000 bushels.

There was still a lot to be made up. Of the total requirements of the Allies the 1916 record showed that Canada had supplied of beef only 2.14 per cent, pork 8.12 per cent, butter 1.1-2 per cent condensed and milk 1.1-4 per cent.

Sir William Hearst, who presided read a letter he had just received from Sir Arthur Currie, thanking him for the patriotic resolution of the Legislature forwarded to him, which had been promulgated to the Canadian Corps. General Currie said in part—“The days to come will undoubtedly demand the fullest measure of sacrifice, not only from the field, but from all the people at home, and in order to achieve victory the full weight of the Empire, both in men and resources, must be thrown in. It is therefore a source of the greatest encouragement and satisfaction to us all to know that the people at home are fully alive to the situation, and resolved to do their full part towards attaining the great result.”

GREAT DRIVE AGAINST ITALY.

Washington Hear^s That Austria Is About To Launch Big Offensive.

Washington, May 21.—Further evidence that another great Austrian drive against Italy is impending came today in an official despatch from Switzerland and saying information from Vienna showed Austria had planned to suppress all military operations in the East on May 20, to concentrate forces for the Italian front.

Austrian newspapers are quoted as saying this step marks the institution of civil administration again in Bukovina and in Galicia, and that similar measures are to be taken in Hungary towards Transylvania. The military importance of the

decision is emphasized because it enables the withdrawal of a considerable military force from Galicia and Bukovina, while the Austrian General Staff will be able to turn all its attention to the operations against Italy.

MACKEREL ON THE COAST.

Mackerel struck in with a rush on Monday. It is very unusual for the first catch to run into barrels—it is usually less than a dozen fish but this time there were 122 barrels taken, 47 by the Sandford trap and 75 by Burns Point. The fish are No. 1's in splendid condition, and run about 2 1-2 lb. each. Yesterday the Sandford trap took seven barrels and Burns Point fifty.—Yarmouth Times.

CANADIAN ARCHIVES.

One of the most efficient educational agencies in Canada is the Archives at Ottawa under the management of Col. Doughty. Though scarcely known in the Maritime Provinces half a dozen years ago, it has since then given a large amount of historic material for publication to the press, relating to the Maritime Provinces. It is the only agency that is systematically engaged in collecting old documents and records for the benefit of future generations. This work is important because in a wooded country like ours, where there are frequent conflagrations, family and official documents relating to the past are apt to be scattered, lost or burned.

Persons or families possessing such records might do well to place them with the Archives in order that they may be preserved for the use of the future students of history.

GREATEST SHIP LAUNCHING DAY IN HISTORY.

Washington, May 22.—Every shipyard in the United States was asked by telegraph tonight to speed up production and make July Fourth the greatest ship launching day in the history of the world. Commissioner Colby and Chas. M. Schwab, Director General of the Emergency Fleet Corporation will be in San Francisco for the launching of nine ships in the yards there.

MARRIED MEN MAY NOT BE CALLED.

Toronto, May 22.—Present indications are that class one will more than provide the 100,000 men which were to be raised for overseas duty under the provisions of the Military Service Act of 1917, according to information here. It is pointed out that the authorities originally figured on raising the requisite 100,000 men from six classes under the Act, but this will be done without calling on married men.

CANADA

MILITARY SERVICE ACT, 1917

PUBLIC NOTICE is hereby given that, by the effect of the regulations of the Governor General of Canada in Council of the 20th of April, 1918, and the Proclamation of 4th May, 1918, recently published, every male British subject resident in Canada, born on or since the 13th of October, 1897, who has attained or shall attain the age of 19 years and who is unmarried or a widower without children must, (unless he is within one of the classes of persons mentioned in the schedule of Exemptions to the Military Service Act) report as hereinafter directed on or before the 1st day of June, 1918, or within ten days after his 19th birthday, whichever date shall be the latter.

Such report must be in writing and must give his name in full, the date of his birth and his place of residence and also his usual post office address.

The report must be addressed to the Registrar or Deputy Registrar under the Military Service Act of the Registration District in which he resides (see below) and shall be sent by registered post, for which no Canada postage is required.

Young men so reporting will not be placed on active service till further notice. They must, however, notify the appropriate Registrar or Deputy Registrar of any change of residence or address.

On receipt of the report an identification card will be forwarded by the Registrar which will protect the bearer from arrest.

Punctual compliance with these requirements is of great importance to those affected. Failure to report within the time limited will expose the delinquent to severe penalties and will in addition render him liable to immediate apprehension for Military Service.

ISSUED BY THE DEPARTMENT OF JUSTICE, MILITARY SERVICE BRANCH, this 15th day of May, 1918.

NOTE: The men required to report should address their reports as follows:

TO A MOTHER.

It is hard, perhaps impossible, anything that will help to forget your loss or that all the sense of emptiness your heart for the boy who is gone. That consolation it is beyond the power of words to bestow, but it will come to you of itself, unsought and unexpected—a light from the glory of the great cause that has taken him.

You are his mother, and therefore, have had a mother's dreams for your son. You taught him to be honest—with himself as with others. You his feet in the difficult path of courage and helped him to walk in it. You encouraged him to think little of himself, but much of others, and to hate injustice and cruelty; and you made him see that for us the live of country is not love for a mere set of geographical boundaries or a political system, but for a body of moral principles, a creed of justice and liberty.

In the years have passed you a supreme happiness—enduring affords—satisfactions take form and express themselves in your son's character, and of knowing that it is your dream and your guidance and teach that have made him what he is. When the call came, he heard it and was ready. He went in the purity of his youth, with his visions all undimmed and his heart on fire with noble passion. So, for you, he will always remain.

It is your high privilege—and in the years to come it will be your proud comfort—to remember that having made him worthy, you also gave him the great opportunity that he took so gladly, and by your sacrifice set the seal of success on both your lives. Your reward and your peace are the assurance in your heart that now and forever "it is well with the child."

GERMANY READY TO STRIKE MOST DECISIVE BLOW.

Edinburg, May 24—That Germany straining every nerve to strike a decisive blow before the American armies can be brought into the field, was the statement made today, by David Lloyd, the British Prime Minister, in an address on the occasion of his being tendered the freedom of the City of Edinburg. The Allied commanders, who knew best what the prospects were, he declared, felt most confident about the result.

Mr. Lloyd George said that while the United States was rushing its men into France, the present strength of those armies was not the equivalent of one-fifth the fighting strength which was gained by the Teutonic Allies through the collapse of Russia.

The Premier was most optimistic as regards the submarine campaign of Germany. He said that while the menace of the under-water boats had not been entirely removed, the Allied nations were now building ships faster than they can be sunk, and that the unrestricted submarine warfare might be disregarded as a vital danger by the Entente Nations.

The Allies Prospects Bright.

The prospects of using the entire force of the Allies were very bright, said Mr. Lloyd George, in discussing the united command of the Entente armies in France. He sounded a note of warning during his address regarding Germany's proposals, saying that the Prussian autocracy did not intend to bring the war to an end "until its basket is as full as it can hold."

Reverting to the shipping situation the Premier said that in April the output of shipping for the first time exceeded the losses. This statement was greeted with great enthusiasm.

his hearers rising and cheering again and again.

Tribute to the Navy.

The Premier paid a tribute to the gallantry of the Navy and the mercantile marine, "whose invincible valor overcame the marine difficulties."

"Besides protecting our ships of our Allies," said Mr. Lloyd George, "they had to undertake the difficult task of harrying, pestering, chasing and pursuing submarines day and night. They never ceased until they conquered that pest and blocked two of their nests—Ostend and Zeebrugge. These were thrilling deeds which gave new hearts to our people."

The Premier read a report which he had just received from the Admiralty, "as regards the meeting of enemy submarines—that it was going on satisfactorily."

Output Greater Than Losses.

That, said the Premier, is official language. Since the beginning of the year, he added, the Royal Navy had been confident that the Allied navies were sinking more enemy submarines than the enemy was able to build.

"We have reached the position where we are sinking German submarines faster than they can build them. We are building merchant ships—that is the Allies as a whole—faster than they can sink them."

Record Destruction of Submarines. The Premier said that from

data at present available the Admiralty held the opinion that in the month of April there was a record destruction of enemy submarines. When it came to the increase in shipbuilding, the month of April was the record month since the ruthless submarine warfare commenced. For the first time the output exceeded the losses and that, he said, was not a bad record for a government whose faults were so freely advertised.

Mr. Lloyd George said the submarine was still a menace, that it no longer was a peril. As a means of inflicting injury it was still formidable, "but as a danger which can cause the loss of the war we can rule it out."

BRITISH ARMED MERCHANT TROOPSHIP MOLDAVIA TORPEDOED BY GERMANS

The Steamer Carried American Troops and Fifty Six are Missing—It is Feared That They Were Killed in One Compartment by the Explosion.

LONDON, May 24—The British armed merchant troopship Moldavia, with American troops on board, has been torpedoed and sunk, according to an official bulletin issued by the Admiralty this evening. The text of the Admiralty statement follows:—

"The armed merchant cruiser Moldavia was torpedoed and sunk yesterday morning.

"There were no casualties among the crew, but of the American troops on board, fifty-six, up to the present, have not

been accounted for. It is feared they were killed in one compartment by the explosion."

Torpedoed Without Warning.

The Moldavia was torpedoed without warning. It was a moonlight night and although a good lookout was kept the attacking submarine was not sighted before the torpedo struck.

Most of the men aboard were in their hammocks when the explosion occurred amidships. The sailors and soldiers alike showed no panic. They fell calmly into line and awaited orders. When it was seen that the Moldavia was settling down all on board were taken off by the escorting ships.

The men lost all of their belongings, but were supplied with new clothing at the different naval ports where they were taken.

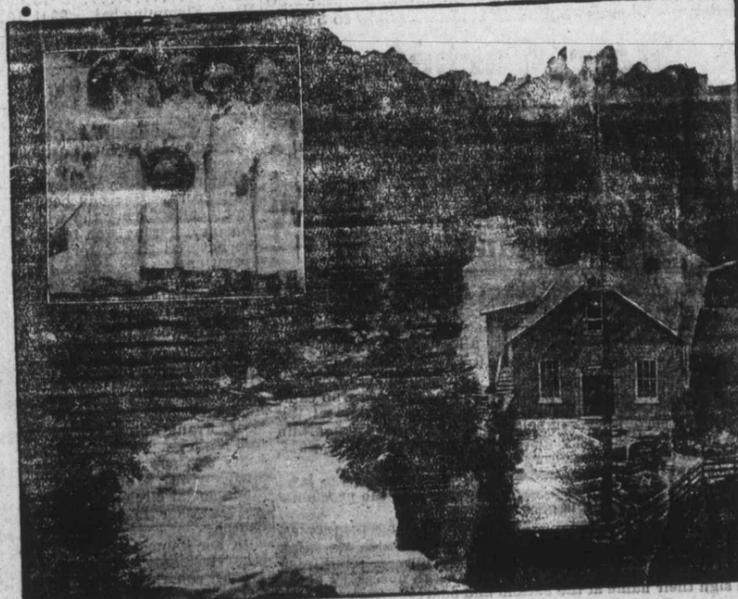

The vessel was struck below the bridge. She steamed ahead for some time after being struck and at first it was hoped that her watertight compartments would enable her to reach port.

The Moldavia was of 9,100 tons gross tonnage, built at Greenock, in 1908, and is 520 feet long.

The Eastern Townships

(1) A Group of Girl Campers at Waterfall, Knowlton's Landing. (2) Scene on Magog River, Sherbrooke.

There were troublesome times for loyalists of British stock in America at the close of the eighteenth century; they saw the decline of their beloved motherland dwindling in the new world; they went through the turmoil of war, witnessed the defeat of their cause, saw the triumph of George Washington, and their anxiety culminated in despair when, in 1776, the signature of the American Declaration of Independence threatened to destroy the last tie to their mother country. Wearing of life amongst those who had torn down the Union Jack and hoisted a new emblem, the loyalists of Vermont and New Hampshire left their accustomed haunts and emigrated to the neighboring country where the British flag was still aloft.

They were a hardy race, those British-Americans who settled in the Eastern Townships of the Province of Quebec. They were mainly of English or Scotch birth or of English or Scotch descent, and they came across the border in groups. Many of them forsook comfortable homes, and there were few who had brought many earthly possessions with them. But they were all equipped with indomitable courage and a covering industry. That part of Canada to which they came was then

but scantily explored. They knew little of what it offered, yet they were not dismayed as they came through the rugged hills and vales and past immense forests. They pitched a camp wherever they found a fertile tract of land. Every resourceful United Empire Loyalist, who by his loyalty to Great Britain had suffered a substantial acreage. Forty settlers made what was called a township, and a township covered about ten square miles. Each township elected an agent, or representative, to negotiate with the Canadian Government. A Constitutional Act was passed in 1791 where the settlement of the district was encouraged.

The United Empire Loyalist pioneers of the Eastern Townships soon became attached to the new country into which they were welcomed, and where they lived, still cherishing the ideals which had been handed down to them by their ancestors. Beautiful scenery surrounded them everywhere; there was plenty of big game in the woods, millions of fish dwelt in the lakes and rivers, and virgin soil awaited the request of the plough and spade in wild whole-some crops. Log built houses made sturdy homes, and log fires made cosy hearths in the chilly winter days. But the course of life cannot

be all smooth in a new and rough country. There were no roads, and members of families had often to travel long distances through wilderness in search of some of the necessities of life. It is recorded that Henry Lawrence, a youthful lad, travelled forty miles for fifty pounds of salt. A traveller discovering himself lost in the woods was no unusual person in those days.

About the year 1807 the settlement of the Eastern Townships was begun by the French Canadians. They multiplied rapidly, and now they form the greater portion of the population of the locality. Some years ago, when opportunities for success in Western Canada were being widely advertised, many of the English-speaking inhabitants of the Townships sold out their holdings, and proceeded to take up larger homesteads in the West.

Some of the towns of the Eastern Townships are centres of prosperous manufacturing industries and considerable traffic. The towns and villages also provide many of the amenities of life in the summer months. The beauty spots of the Eastern Townships are much frequented by residents of Montreal, who, on account of their proximity to them, can conveniently go there for week-end holidays.

YOUNG MEN OF NINETEEN YEARS ARE NOW OBLIGED TO REGISTER.

By a proclamation dated May 4th all young men of 19 years of age, born on or since October 13th 1897 are obliged to register in the Province in which they are residing. This proclamation did not seem to convey the order for those who came of age after the date of Proclamation May 4th, to register. But instructions issued later compels all young men when attaining the age of 19 years to register on or before June 1st, 1918, or within ten days after reaching that age.

Our young men of that age must now confirm to the law. No forms seem to be provided for registration but the proclamation tells what the person is obliged to answer.

We have already gladly assisted many young men to register their names and below we give a form which we think meets all the requirements of the Proclamation. Young men of the above age may copy this, filling in the necessary blank spaces sign their name at the bottom and address envelope to E. Hart Nichols Esq., Provincial Registrar Halifax. Take this letter to your Post Office and the Postmaster will register the letter free of charge.

DIED.

MRS GEORGE LAYTON.

Mrs. Layton, wife of George A. Layton, of H. M. customs, passed away suddenly on Monday morning at the Ainsley hospital Truro. She had been in poor health during the winter, and on Saturday was taken to the hospital preparatory to an operation. She rested fairly well on Sunday, but the following morning she took a bad turn and, without suffering, passed peacefully away.

Deceased was a daughter of the late William Eaton, of Kentville. She came to Truro about forty years ago, keeping house for her brother, the late Prof. Frank Eaton, of the Normal College. About thirty years ago she was married to Mr. Layton. She was popular in social circles and was an active worker in the Anglican church.

In her immediate family she is survived only by her husband. An only son, Capt. Paul Layton, fell in action on the western front some two years ago. Four of her brothers survive: Dr. Arthur Wentworth Hamilton Eaton, the well known litterateur, historian and poet; Rufus and Leslie, in Vancouver; and Harry, a lawyer in San Francisco.—Truro Citizen.
