CHICAGO, July 14.—Bowles, the man in th conspiracy against the Burlington Road against whom the testimony given yesterday was most conclusive, has, it is stated, made full confession of his share in the conspiracy.

Another of the arrested men, Godding, it is said, has also concluded to come into camp and tell all that he knows about the plo against the Burlington. The cases of Chair man Hoge and Murphy, which were to have

come up before Justice Lyon this morning, were postponed for one week.

It is understood that Bowles has told the prosecution facts which will make the conviction of Hogs certain. Charman Hoge, it would seem, is the man they are really after, not only as a blow they wish to strike at the Brotherhood, but because the road officials dislike him personally. The other defendants they are favorably disposed towards.

The text of the "squeail" was not made public, but it was important enough to necessitate the postponement of the case before the Federal Court as well as in the State tribunal. It is certain that when the three jail prisoners,

THE SUNDAY DISCUSSIONS. he Police Clear the Band Stand Because of the Young Rowdy Element—The Masses Want Free Talk and Should be Allowed it—Yesterday's Scenes.

One of The World's young men was assigned, as usual, to the Park preachers yesterday There was a large crowd to hear them, and considerable interest manifested in the discussion at the band stand. Socialists, Chris tians, atheists and labor reformers, one and all, deprecated the proposition to prevent disputation and speeches from the stand. They were all in favor of freedom. The World is also of the same mind, and if the police do their duty there need be no disturbance or any desecration. At one time yester-day the police had to clear the platform and day the police had to clear the platform and keep is clear the rest of the day, allowing thereafter only speakers and reporters up. The disturbance was caused by half a dozen young hoodlums, under command of a big Irishman who is a porter in the Barber & Ellis Company. These youths hooted and jeered Chizen Duval, the agnostic Frenchman. There were several policemen in plain clothes there; if these had picked out the hoodlums and cautioned them first and arrested them if they persisted, there would have been no shoving or need to clear the platform. Let the police try this next Sunday; spot the hoodlums and make an example of them. It is not the disputants who cause the trouble. On Thursday last the trank in question, which belonged to Miss Lillie Easton of 44 McPherson-avenue, was brought down to the station by an expressman named Hall, and left at the baggage-room. Hall claims that he left it in charge of a G.T.R. baggageman, but now fails to identify any of the staff employed at the station as the man to whom he gave the property. Thursday night was the last time the trunk was seen until Saturday morning, when it was found minus its contents in the vacant lot near the Cyclorama building. It contained \$30 worth of jewelry and clothes to the value of another \$50. It is a question whether the company or the expression will have to pay for the atolen property.

Its chief features were the combined play of Toronko's home men in their frequent assaults on the visitors' goal and the foul by Walker on Xielding, whereby the latter secured a free throw. Mr. Fleury Makes 11e Runs for Terento While the Resedule, Elevon Make has 4.

A match was played on the Toronto club's grounds on Saturday afternoon between Rosedale and the Toronto club, which resulted in a victory for the latter by 152 runs and 4 wickets to spare. The Rosedale men batted first, but only succeeded in making 64 runs, to which Ledger contributed 15. Bowbanks 18 and Lyons 11. Dickey and Jones bowled with great effect, the former claiming 4 wickets for 4 runs, and the latter 5 for 34.

The Toronto men then wielded the willow and succeeded in putting together no less than 216 for the loss of 6 wickets when "time" was called at 6,30 p. m., and the match ended in a disastrous defeat for Rosedale, 3 Goldingham and Blerry made a great stand, the former getting 54 before they were separated. Fleury obtained 110 before he was dismissed just on the call of "time." He hit terefineally hard and gave no chances, and his innings is likely to be the highest secred on the Toronto grounds this year. Since 1884, when G. N. Morrison made 132 against the Trinity College School Rovers, no one has succeeded in gaining the much desired three-figure innings, and Fleury deserves to be congratulated for his fine crickes.
