Mrs. Clara McCallum, a former resident of Watford and vicinity, passed away in Saskatoon, Sask., on Thursday, May 11th, after undergoing an operation for appendicitis. Hume of Saskatoon, William of Petrolia and Ernest of the sixth line, Watford, and two sisters, Mrs. Ben. Johnston of Saskatoon and Mrs. Robert Campbell of Sarnia. The afternoon sewing class which was held in the Armory under the auspices of the Women's Institute completed its course of ten lessons on Friday, May 12th. Everyone who took advantage of the lessons speaks most highly of the teacher, Mrs. Foster, who is a very capable teacher and a lady of bright and charming personality. Permission was received from Mr. Putnam, Director of Institutes for Ontario, to hold an evening class which is now in progress for another ten lessons. The Institute is to be complimented on bringing this opportunity to our town, not as a money making proposition but to help those anxious to improve themselves in the very necessary art of sewing.

That physicians who fail to turn in a "physician's notice" of birth, will be prosecuted by the Attorney-General's department of the province, is the inference taken from a letter sent out from that department. The communication instructs the proper authorities to forward, along with the monthly returns, a list of physicians who fail to forward "physician's notice" within 48 hours after the birth, giving specific instances of such neglect with names, dates, etc. The department is endeavoring to improve the registration of births in Ontario, but notwithstanding their efforts approximately one to fifteen per cent. of the births are unregistered. It is, therefore, the intention of the department to institute legal proceedings against physicians neglecting this duty.

Regular meeting of the Women's Institute was held at the home of Mrs. George Shirtey, Wednesday evening, May 10th, President presiding. Meeting commenced in the usual way by singing the "Maple Leaf" and prayer. Thirty members answered to roll call by paying the usual fee. There was also six visitors present and three new members added to the roll. Mrs. C. Leigh favored us with a solo and Mrs. Fitzgerald a Scotch reading. The officers for the year are as follows:—President, Mrs. Henry Humphries; 1st vice-pres., Mrs. D. Gillies; 2nd vice-pres., Mrs. McIntosh; Treasurer, Mrs. Kinnell; Secretary, Mrs. Brown; District Director, Mrs. McKercher; Representatives, Mrs. Humphries, Mrs. Mitchell, Mrs. Dods. Meeting closed by singing the National Anthem. The hostess served maple sugar and candy. Next meeting at the home of Mrs. H. Humphries. Sec'y.

On Friday evening, May 19th, a grand concert will be given in Walnut Church by the following artists: Mrs. E. Dickson, soloist; Mrs. H. Utter, accompanist; Mr. Woollett, soloist; Mr. Dimond Swift, violinist; Miss Mary Axford, juvenile reader; Rev. Hager, chairman of Strathroy District, will give an address; Mr. McLean, Saxophone; Miss Campbell and Miss Irving, piano duett. Popular price, 25c.

The concert given by the Petrolia Citizens Band in the Lyceum on Friday evening, under the auspices of Lambton's 149 I.O.D.E. was musically a great success but financially almost a failure. The Band is to be commended on the excellent program furnished, both vocal and instrumental, some of the audience considering it the best concert heard here in some years. Every number was appreciated and duly applauded and the artists responded cheerfully and with pleasing selections. The one hundred or so people present were highly edified and hope to again hear the Band under more favorable conditions. But it is the old, old story—talented musicians do not receive the support that some ridiculous picture show or bum comedy company get.

Summer Millinery now showing at Brown's.

RUNDLE—WILLOUGHBY

A quiet but pretty wedding was solemnized May 3rd, at the home of W. G. Willoughby, when his only daughter, Mary Armena, became the bride of Charles Albert Rundle, son of the late Charles and Mrs. Rundle of Alvinston.

The ceremony was performed by the Rev. Mackintosh of Napier. At two o'clock the bride entered the parlor with her father, to the strains of the wedding march played by her cousin, Mrs. J. W. Hawes. She wore a dainty frock of champagne tussah silk and carried a shawyer bouquet of Ophelia roses, lilies of the valley and ferns. Both bride and groom were unattended. At the conclusion of the ceremony luncheon was served. Mr. and Mrs. Rundle left by motor for London, where they entrained for Niagara and other eastern points, the bride travelling in a navy blue tricot suit with hat to match.

Last week Mr. Jas. MacMillan of Thamesville, bought and shipped to Toronto, the heaviest carload of 14 draught horses ever shipped from that place. The horses averaged 1735 pounds, the lightest weighing 1600 and the heaviest 2000 pounds.

There passed away on Monday at the residence of his son Henry, London road, Sarnia township, William Broughton, who was probably the oldest resident in the county of Lambton. Had he lived nine more days the late Mr. Broughton would have been 100 years old.

Death came to B. P. Overholt, principal of the Amherstburg High School, Sunday morning while he was engaged in reading his Bible in his home. Heart disease was the cause of death. Mr. Overholt was 44 years old and for the past 12 years had been at the head of the town's educational affairs.

There was an impressive dedication service in St. John's Anglican church Wednesday night when His Lordship Bishop of Huron dedicated a brass cross for the communion table of the church. The cross was presented by Mrs. Cowan, of London, "to the glory of God and in memory of Major Thomas Cowan," who was at one time a resident of Strathroy.

Canon Davis, who shortly retires from the rectorship of St. George church, Sarnia, had a strenuous day's work last Sunday. In the morning he preached to the Masons, then baptised twelve children. In the afternoon he officiated at a funeral and in the evening conducted the regular church service. A day of such activities would tax the physical endurance of a much younger man.

Twenty-five townships of Ontario have completed or nearly completed, the organization of farm loan associations to take advantage of the provincial scheme for giving short-term loans to farmers. When five farmers in a township petition for the formation of a loan association, the agricultural development board, Toronto, will take action.

Work was begun this spring in planting up the area in Vespra township, Simcoe county, Ontario, which the county council has acquired for a municipal forest. It will take several years to plant up the whole area of eight hundred acres, but the work will proceed year by year till it is done. It is possible that a nursery to grow part of the planting stock required will be started on the site.

Very Rev. Dean Carlisle, rector of Christ church Cathedral, Montreal, and dean of Montreal, will receive a further signal honor on May 26th, at London. On this occasion, a convocation of Western University will be held in Wesley Hall, First Methodist church, London, and Dean Carlisle, in company with Very Rev. Dean Tucker, of St. Paul's Cathedral, London, will receive the honorary degree of Doctor of Divinity.

Kingsville Methodist church will probably be the first church in Canada to have installed a radio outfit as part of its plant. A new Sunday school hall is about to be erected, and it has been decided to equip it with the best radio set which can be secured. The set had been donated to the church by a citizen, who is interested in this latest invention. It is the plan of the church authorities to turn on the radio at social and religious gatherings.

Ontario Agricultural College students completing their term at Guelph are not very optimistic about the farm. A large number admit they will not settle down on the farm because of long hours, hard labor, monotony and lack of intellectual or social intercourse. Of the 73 students in the graduating class, 15 have definitely decided not to go on a farm; 3 have not made up their minds and all the rest will seek some other occupation besides farm life. Half of the 15 give lack of capital or small returns for their decisions.

Radiophone fans in Windsor and district now number several thousand according to figures compiled by Sergeant Birtwistle, of the Royal Canadian Mounted Police, in that city, who is responsible to the Dominion government for collection of license fees for amateur experimental radio sets. More than 500 applications for licenses have been sent to Ottawa by border residents. Some of these applications, the Sergeant said, have been returned because the necessary \$1 was not included.

Peter Gardiner, former reeve of Sarnia township who was painfully injured about the feet and limbs in a runaway accident while at work on his farm last week, is making good progress towards recovery. Mr. Gardiner had been driving a team attached to a harrow, had just finished some work and was starting to unhitch when the team bolted. He clung to one tug which he had released and was pulled along between the team and the harrow until blows from the horses hoofs forced him to relinquish his hold and the harrow passed over him. His escape from serious injury under these circumstances was considered almost miraculous. A boy who attempted to stop the flight of the team was also knocked down but was not injured.

Sarnia Observer:—Mrs. Henry Conn gave a large reception tea on Thursday afternoon in her charming home on Vidal street, Sarnia, when about one hundred ladies called to meet an interesting newcomer to the city, Mrs. Daniel A. Campbell of Ottawa, wife of the new principal of the collegiate and technical school. Mrs. Campbell in navy blue crepe de chene, and wore a corsage of lovely sweet peas. Mrs. Neil McDougall of Petrolia, wife of the school inspector for East Lambton was also in the receiving line and was wearing black charmeuse and lovely corsage of pink sweet peas. Mrs. W. T. Goodison and Mrs. R. H. Cardy looked after the comfort of the guests in the living room, while at the dainty tea-table in the dining-room, Mrs. (Dr.) James and Mrs. (Col.) W. W. NOTE AND COMMENT

Handwriting and photographs have been transmitted across the Atlantic by radio.

Ireland is free. Then what's the fight about? To settle which Irishmen shall have all the freedom—Catholic or Protestant Statesman.

If Conan Doyle be right in his assertion that the spirits marry, but do not have children, a comparison of a record of the old-time families with those of today will show that the world is getting more like heaven.

Among the chief subjects slated for discussion at the coming meeting of the General Assembly of the Presbyterian Church in Canada, which meets in Winnipeg on Wednesday, June 7th, is that of church union.

Persons may insure themselves against sudden illness which require operating under the terms of a scheme evolved by a firm of London brokers. The insurance covers the expenses of the operation and income during convalescence. The scheme has been underwritten by Lloyds.

Dancing in England to-day is a pastime which its devotees think worth while taking seriously. They not only dance, but they do their very best to dance well, and in 1922 to dance well does not mean that you can do countless difficult steps, but that you can do a few simple steps, smoothly, unostentatiously, and in perfect sympathy with the rhythm of the music.—London (England) Chronicle.

Kingston Standard:—A lighted cigarette butt can be compared to a fuse; it will smoulder, and if thrown into combustible matter will act as one, causing a fire. It should be put out, or at all events put somewhere where it cannot possibly do any harm; but the best plan is to see that it is out. We have no desire to be alarmists; but this question of lighted cigarette butts is a serious one to the whole of Canada.

Brandon Sun:—We live too close to the beginning of this land to fully

appreciate what the founders did. They were not men in a hurry and possessed a patience in overcoming obstacles that would seem appalling in these dainty days of mechanical laziness. It is easy for us to accept the beauty and advantages of our environment without recognizing the strength of pioneers who made our progress possible.

Canada is larger than the United States by 250,000 square miles; contains one-third of the area of the British Empire, is as large as 33 United Kingdoms, 18 Germany's, 33 Italy's; is larger than Australia and twice the size of British India; has a boundary line of 3,000 miles between it and the United States; its seacoast equals half the earth's circumference 3,500 miles wide and 1,400 miles from north to south. Canada is the land of opportunity.

You remember the old days in Canada when we had excursions. Sundry schools chartered trains. The farmers had an outing to the O.A.C. People went here and there on very cheap rates. Those excursion trains disappeared with the war. They do not know even yet that the war is over for they have never come back. They may come back now, however. T. L. Church has introduced a bill at Ottawa to restore the old holiday fares.

Christian Herald:—The American people spend annually \$750,000,000 for face powder, cosmetics and perfumeries, and \$1,000,000,000 for education. It is interesting to note that the amount America spends annually for face powder and its accompaniments is almost as much as she spends for her entire educational system. Looks as if America thought about as much of the outside of her head as of the inside. And as a matter of astounding fact, the amount actually spent by America for face paint annually exceeds all she pays for the salaries of the teachers in all the high schools who are trying to get something into the heads of pupils in between times, while they are applying the paint on the surface.

CATARRHAL DEAFNESS is greatly relieved by constitutional treatment. HALL'S CATARRHAL MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRHAL MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. CHANGE IN BASIS OF SCHOOL GRANTS

A change in the clause of the Department of Education Act governing the apportionment of special school grants, is proposed in a number of amendments to the school laws contained in a bill introduced in the Ontario Legislature by Hon. R. H. Grant, Minister of Education. The change would add the words "and special circumstances of any particular school" to the list of bases on which all sums of money appropriated as a general grant for the rural public and separate schools are to be apportioned, subject to the regulations. A departmental summary explains that the purpose of the amendment is "to give the minister power to make use of any unearned surplus or part thereof for the relief of the more needy public and separate schools."

The purposes of the other amendments are outlined in the summary as follows:

To allow arbitration proceedings for setting up a new union school section to be renewed after a period of two years from the date of the first award.

To make it compulsory on the School Board to remit to the parents the amount of the fees charged them for the attendance of their children at a neighboring school instead of allowing it to be optional as at present.

To provide for cases where an award has been made through error and not corrected in time, and where the practical difficulties of bringing such award into operation are so great as to make it impossible.

To exempt consolidated school areas from the tax levied for the township grant and at the same time to cancel their sharing in this grant.

Giving township councils the same power to set up provisional schools in a union school section as they now enjoy in the case of an ordinary section.

To enable school boards to determine the hours and places at which special meetings of ratepayers are to be held.

To give to police villages and certain suburban school sections the right to conduct elections by ballot on the same day and hours as municipal councillors or alderman are elected.

To allow of a union school section being set up between a city and a town and a suburban school section.

To provide for the appointment from year to year of a board of arbitrators to adjust the assessment in the rural portion of such a union school section.

To make the board of a township school area responsible for the obligations of the included school sections.

To make accessibility rather than distance the fact of admission to the school in a neighboring section.

PETROLEA

There are four G.T.R. employees in Petrolea who have been deprived of their pensions as a result of the order issued by the Grand Trunk prohibiting pensions to be paid to the men who walked out in the 1910 strike. A movement is on foot in the Commons to have all the men who participated in this strike restored.

John Sinclair, on the 10th inst., passed his 89th milestone. Mr. Sinclair was born in the County of Peel on a farm now within the corporation limits of the Town of Brampton on May 10, 1833 and has been a resident of Petrolea since 1866.

One of the oldest residents of Petrolea, Thomas Wilson, passed away in the hospital on Tuesday, 9th inst., in his 73rd year. Mr. Wilson was born in Smith Falls and came to Petrolea in 1867 where for many years he followed the occupation of building under-ground oil tanks at which he was an expert. He was married twice but both wives predeceased him. There were no children. Of his own family of nine boys and three girls, only one brother ex-ald. W. A. Wilson, of London, survives. The funeral was held Thursday afternoon to Hillsdale cemetery, under the direction of the Oddfellows of which order he was a member.

Mrs. Margaret Kirk, an old residence, Eureka street on Wednesday of last week after a few days illness from apoplexy. Deceased who lived alone was born in Ireland on August 1, 1850 and came to Canada in 1870 locating in Sarnia, where she remained for a few years and then came to Petrolea. Her husband predeceased her a few years ago. The surviving members of the family are: Mrs. Thos. Taylor, Sarnia Township; Alex. Kirk, Sarnia Leslie of Conquest Sask, and Elmer of Moore Township. Mrs. Jas. Glover of Petrolea is a sister. The funeral took place on Friday to Hillsdale cemetery.

The death occurred in Sarnia on Wednesday, May 3rd, of Minnie wife of John Waldham, aged 52 years, 10 months. She is survived by her husband and five daughters, Mrs. R. McKenzie, Petrolea; Mrs. G. Smith, Mrs. F. Pell, Jean and Rita and one son, William, all of Sarnia. The funeral took place on Friday afternoon to Hillsdale cemetery, Petrolea. Many beautiful floral tributes were received. The pall bearers were deceased's four brothers, Messrs. Herbert Jones, of Sarnia, Wm. in London, Levi of Wyoming and Lewis of Petrolea.

HANEY—CHENEY

Sarnia, May 11.—The secret wedding in Toronto of Wilfred S. Haney, prominent Sarnia attorney and war veteran, and Miss Joan Cheney of London, England, was made public here tonight. The ceremony was performed Tuesday, May 2, at St. Stephen's Anglican Church, Spadina and College street, with Rev. Mr. Robinson officiating. Among those who attended the service were: Kenneth Lucas, son of the Hon. I. B. Lucas, and John Robinson, son of the owner of the Toronto Telegram. Following the wedding ceremony, Mrs. Haney left for London, England, to return to Canada during the latter part of July. Enlisting when he was seventeen years old, W. S. Haney served with distinction with the British Flying Corps in the Far East, Russia and France. His bride is the member of a prominent London, England, family.

Children Cry FOR FLETCHER'S CASTORIA
LORD LISTER & Zam-Buk

Lord Lister's discovery of antiseptic surgery has saved the world a lot of lives, but it has been left to Zam-Buk to bring into millions of homes the full benefits of antiseptic healing. Zam-Buk is the greatest antiseptic healer the world has ever known. Being of a natural vegetable origin Zam-Buk has distinct and positive advantages over old-style mineral ointments. Zam-Buk is a compact and highly-refined herbal balm with an antiseptic power many times greater than that of any ordinary salve or ointment. Zam-Buk kills and excludes disease germs, and instantly allays pain and irritation. It first cleanses a sore place and then grows over it new healthy skin. As a first-aid dressing for injuries, and for rooting-out such troubles as eczema, ulcers, ringworm, abscesses, poisoned wounds and piles, Zam-Buk is used the world over. It has the high endorsement of Dr. Andrew Wilson and other well-known doctors, surgeons and nurses. 50c. box, \$ for \$1.25, all dealers.

THE WORLD'S ANTISEPTIC HEALER

OFFICIAL'S FEES INCREASED

Considerable changes in the fees which Crown Attorneys, Division Court clerks and Division Court bailiffs are entitled to, are proposed in two bills introduced in the Ontario Legislature by Hon. W. E. Raney. Under the old Act, Crown Attorneys, not on straight salary, were called upon to pay over to the Government 10 per cent. on fees totalling for the year over \$2,000 and up to \$2,500; 20 per cent. on amounts from \$2,500 to \$3,000, and up to 50 per cent. on \$3,500. The Government now proposes to allow the attorneys to retain all fees up to \$3,500, while in addition, a special payment of \$50 per quarter is to be paid in consideration of general services not hitherto covered. As far as Division Court clerks and bailiffs are concerned, the Government proposes to increase its percentages on the higher amounts of fees, owing to the fact that certain increases in the scale of fees have made the receipts of a few officials unduly large. Mr. Raney remarked that one or two clerks had been placed on the level of Chief Justices of Ontario as far as salary receipts were concerned, owing to the change in the schedule.

PETROLEA BAKER STEALS ANOTHER MAN'S WIFE, CHILD AND CASH

For the next six months Camille Conserrierie, an erstwhile resident of Petrolea, has leisure enough to review his misdemeanors, which in their sequence, consisted of eloping with Marie Varconteren, the wife of his landlord, taking Varconteren's little boy with him, helping himself to the hard earned savings of the injured husband, and lastly, but very important in helping to send the saucy absconder down the line, penning a letter to the victim advising him to "go back to Belgium and make the best of it." Judge A. E. Taylor in the county criminal court Friday after hearing the charge against Conserrierie of stealing \$250 from Albert Varconteren, of Petrolea, imposed a sentence of six months at the Ontario reformatory, and on Marie Varconteren, the erring lady, pleading guilty to the same offence on a separate count, suspended sentence.

Domestic Felicity

Albert Varconteren is a peaceful and industrious Belgian residing in Enniskillen township on the outskirts of Petrolea. Living with him and his wife Marie, were the latter's sister and her husband, the two little Varconteren children, and lastly the lodger and snake in the grass, Camille Conserrierie, a compatriot, and a baker by trade, and generally known in the locality by the name of Baker. Up to March 30, there was peace and tranquility at the Varconteren home. The head of the family was unaware that his friend the lodger was insidiously plotting to break up the family circle. Then the blow fell.

Unkindest Cut of All

On March 30, Marie the wife and mother of two children, disappeared along with Conserrierie and the three year old son. This was not all. The unhappy husband found that the hard earned savings from the beet fields were also missing. That was madder still. In his rage the husband laid an information with the authorities and a warrant was issued for the arrest of the baker. He could not be found. Meanwhile a letter had been received by Varconteren in Conserrierie's handwriting and bearing the signature Baker.

You Know Me Al. This letter was the last straw and it is some consolation to the husband that it played an important part in the conviction of Conserrierie yesterday following his not guilty plea.

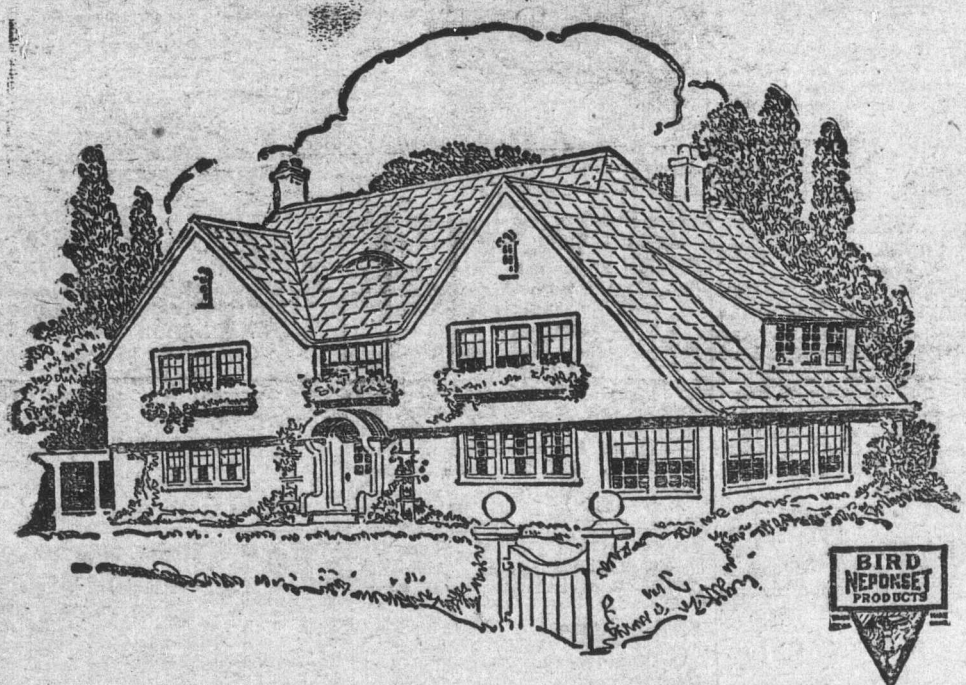

Here it is:— Petrolea, March 30

Friend Al, I let you know I cannot wait no longer to write you a few lines and I say you must not think bad about the boy. I do the best I can for him. For me and Marie we can't help it that we love each other.

Albert, I thought it good over what you told me that it wasn't any good for a man to go around with a woman with children but it was then too late. Albert you mustn't think that the baby would not have good care and if it is possible we will do all we can for Madeline. You must not think to follow me, there ain't no man knows where we are or will either, and you don't have to be mad because I took all the money. I have to go and hunt for a place yet and you have one. I end my letter now and if I was in your place I would go to Belgium and I hope you make the best of it and take care of the man, Good bye for ever.

Baker. The couple were arrested at Toronto some weeks ago and brought to Sarnia. Crown Attorney F. W. Wilson conducted the case.

I HANDLE the Toronto Hip Roof Silo because I want to give my customers the biggest value. You can't have good ensilage unless you have a good silo. And Toronto Silos are good silos. Made of wood—the best non-conductor of heat and cold. Sturdily built from double tongued and grooved staves of selected spruce impregnated with creosote, they give adequate protection against air and frost. Their special Hip Roof provides more space for filling. I can show you where a Toronto Silo will mean more productive cattle, bigger profits, a more valuable farm—dollars in your pocket. Good News for Under-Nourished

Hundreds of people are literally starved in the midst of plenty because the system is unable to obtain sufficient nourishment from foods lacking Vitamines. Modern methods of preparing foods destroy those health-giving, strength-producing, body-building elements known to Science as "Vitamines" with the result that health is impaired, people are under-nourished, have indigestion, boils and skin troubles.

NYAL VITAMINE TABLETS supply Vitamines in concentrated form. They contain Yeast, Iron and other valuable agents for building up firm, healthy flesh, purifying and enriching the blood and strengthening the mental functions.

dress, which speaks for itself. All the residents of the section deeply regret the removal of the Pollocks from the township where they have been residents for so many years and wish them every prosperity and happiness in their new home to which they moved on Tuesday.

To Mr. James Pollock, Miss Adeline Pollock and Mr. John Pollock:

"A number of friends have assembled here, prior to your departure to a new home, to give expression to the feelings of regret we have at your removal from among us, and to recognize, in a measure, your many good qualities, and the esteem in which you are held by your neighbors on the 12th line, which has been your lifelong home.

"While you have lived here, your obliging neighborliness, together with your many other most estimable qualities, have won for you many friends whom neither time nor distance can sever.

"Before your departure, we ask you to accept these gifts as a mark of appreciation and regard on behalf of your many friends.

"In conclusion we all join in wishing you only joy and contentment in your new home, and all the blessings, both spiritual and temporal, which this world affords."

Signed on behalf of your 12th line friends.

WHAT CAUSES SO MUCH SICKNESS

Constipation Responsible for 90% of Disease

"FRUIT-A-TIVES" Corrects It. It is generally recognized among the medical profession that Constipation or Insufficient Action of The Bowels, produces more disease than any other one cause.

As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowel muscles are weak or the liver inactive, then this waste matter remains in the body and poisons the blood.

"Fruit-a-tives" has been wonderfully successful in relieving Stomach Troubles, Nervous Troubles, Liver Troubles, Kidney Troubles, Skin Troubles and Blood Troubles, because "Fruit-a-tives" positively and emphatically relieves Constipation.

SHORT HOURS AND HIGH WAGES CAUSED COAL MINE TROUBLES

When James Woodsworth, Labor M.P., for Centre Winnipeg, stated in Toronto that "in Alberta I found most of the men were working only two days a week, and although they received \$12 per day, they only made a living at that," he gave the crux of the situation responsible for the present crisis in coal mining.

The revenue from Motor Vehicle License Fees last year was approximately \$3,000,000.00. This revenue is increasing from year to year and if \$2,000,000.00 annually is set aside by means of a bond issue for construction work, there will still be upwards of \$1,000,000.00 remaining each year to provide for maintenance.

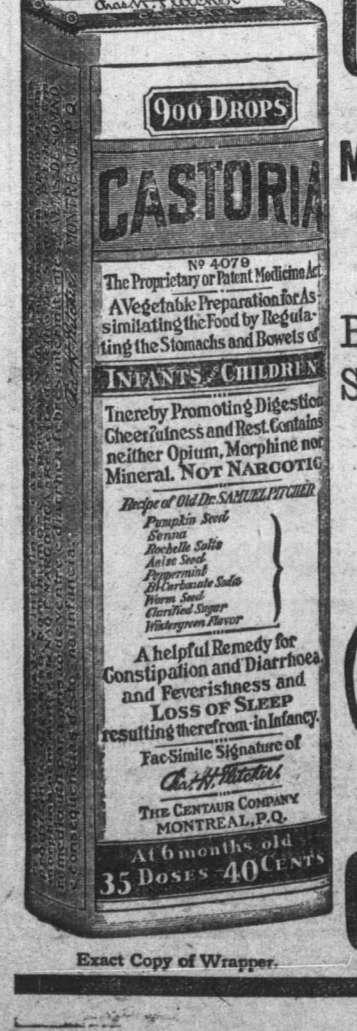

SHORT HOURS AND HIGH WAGES CAUSED COAL MINE TROUBLES

The situation in Alberta appears to illustrate in an aggravated way the conditions prevailing throughout the industry in America. Short hours and high wages have brought about a situation which is economically unsound. The industry cannot maintain such a large number of short-day

J. G. Lethbridge, member of the Legislature for West Middlesex, introduced a bill in the house which has for its object the serving of jurors by registered mail instead of by personal service as at present. That the new system, if adopted, would effect a big saving is apparent from the fact that last year in Middlesex county it cost \$607.95 for mileage for personal service of 305 jurors. Figuring the cost of service by registered letter at 25 cents each for postage, etc., a clear saving of at least \$530 is shown in this one instance.

The death occurred in Sarnia General Hospital Friday of John Crockett who, on Tuesday last, was seriously injured while at work in the Imperial Oil Limited refinery. He is survived by his widow and two sons, Charles and John, of Sarnia, and two sisters, Mrs. Gregory of London, and Mrs. Klue, of Sarnia. The interment took place in London on Sunday.

RHEUMATIC TREATMENT

This Trouble Can Only be Got Rid of by Enriching the Blood.

In no disease does the blood become thin so rapidly as in rheumatism. Not only does it become thin, but it is loaded with rheumatic poisons. Without proper treatment these poisons increase, the general health is undermined, the inflamed joints swell, and are very painful, and often the sufferer becomes crippled.

Dr. Williams' Pink Pills build up the blood and enable it to cast out the rheumatic poisons with the natural secretions of the body, thus driving out the pains and benefiting the general health. Sound proof of these statements is offered by Mrs. George Stanley, Sparta Ont., who says:—"For a number of years I was troubled with rheumatism, which at times was very painful. My general health was also affected, and I could scarcely drag myself around. I had been doctoring a good deal, but did not get any better, until one day my daughter brought me a box of Dr. Williams' Pink Pills. By the time these were used I could notice a slight improvement, and I continued taking the pills until I had used about a dozen boxes, by which time I felt like a new person—and looked like one. I could do my work with ease, and have since recommended Dr. Williams' Pink Pills to several others

who received the same benefit as myself."

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
