MAIN GERMAN ADVANCE HELD UP BY RUSSIANS

Sir Robert Borden Reviews His Trip to the Front --- Close Result in P.E.I. Election --- Federal Note Issue May Be Expanded Anglo-French Loan May Be Limited to Half a Billion

PROGRESSIVE NATIONAL FINANCING

HOW OUR GRAIN IS TO BE FINANCED

By a Staff Reporter. OTTAWA, Sept. 16.—The minister of finance has satisfied himself that abundant facilities exist for the financing of the western crop movement without undue acceleration. If the grain is hurried to market it will be for reasons other than lack of credit accommodation which would enable the grain to be held and gradually sold over a considerable period. The banks are in a much stronger and more liquid position for the crop movement than they were a year ago. Their liquid assets according to the last return, aggregate nearly \$350,000,000, of which over \$50,000,000 is in gold and \$90,000,000 in Dominion notes. They have an authorized but as yet unused circulation of nearly \$50,000,000. Entirely new facilities will be available under the new Bank Act issue additional circulation against their gold. They may also under the Finance Act, 1914, obtain to any amount desired Dominion notes against grain bill, warehouse receipts or other securities. So far as cash resources and currency are concerned there are, therefore, available the most ample facilities. Both by official letter and personal interview the minister has taken up the matter with the banks during the past month, and is satisfied that the duties devolving upon the banks towards the crop situation will be amply and readily met. A recent amendment to the Bank Act providing that the banks may take security upon grain remaining in the possession of farmers is expected to be of assistance. To facilitate advances by the government, the minister will arrange that the assistant receiver-general's office in Winnipeg will take and deal with, from time to time grain bills, warehouse receipts and other collateral, upon which advances in Dominion notes will be made to the banks. Notes Against London Gold. During the past few weeks exchange conditions have been such that it has not been possible for the Dominion to draw upon its sterling balances in London to meet the government's heavy war expenditure in Canada. Should such conditions prevail in the future as will make transfers to Canada unduly expensive it is probable that to meet the situation the minister may issue Dominion notes against gold held for account of the receiver-general in London. Such a policy would be precisely in accordance with that followed by the Bank of England last year, when exchange conditions were reversed, in accepting as part of its gold reserves gold delivered at Ottawa for its account. The minister will not arise for some time yet, as on the Canadian authorities for bottoms sufficient to carry the grain across the ocean; but we have Sir Robert Borden's word that this will be looked after as

NATIONAL CURRENCY AGAINST NATIONAL CREDIT THE BEST

That the minister of finance is beginning to move quite rapidly in a progressive way in dealing with the banking and financial situation in Canada is shown by the adjacent special from Ottawa. Hon. Mr. White announces that the bands, aided by the government and by recent amendments put on our statute book, will be able to finance the western crop, even though its transportation across the ocean be delayed by scarcity of tonnage. Many Atlantic steamers that formerly carried grain have been pressed into the service of the admiralty for war purposes, and as a consequence the grain may have to be stored for a time; fortunately the governments of the Dominion and the provinces, the big mills and other warehousing concerns, and especially the railways, have been providing immense accommodation for wheat and other grain in storage; and the announcement made by the minister is to the effect that if the grain has to go into these storehouses the banks will be in a position to carry the grain for the farmers or for the purchasers of it. The Dominion Receiver-General's office in Winnipeg, so we are told, will issue Dominion notes to the banks against grain warehouse receipts and other collateral and thus farmers and dealers will find themselves in funds. We imagine the amount advanced will be very near the market price of the grain, but just what the margin will be between the two we cannot at the moment say. Of course the only danger under these circumstances is that while the wheat may be stored and while advances may be made on it the price may go down pending opportunity of shipment, and in that case the margins may have to be made good; and eventually the wheat may be sold at a lower price than if it had been delivered across the ocean earlier in the season. But there might be the corresponding advantage that by storing the wheat the price may rise and in that case those owning it, whether farmer or dealer, would be benefited accordingly. The government, therefore, is to be commended for encouraging the construction of warehouses and elevators and for assisting the banks in financing the transactions. We have still to learn, however, just what the arrangements are or will be between the British authorities and the Canadian authorities for bottoms sufficient to carry the grain across the ocean; but we have Sir Robert Borden's word that this will be looked after as

OVERTHROW TURK PATROLS IN CAUCASIAN REGION

Cannonading Reported on Road to Olti, Rifle Firing in Coast Region. PETROGRAD, Sept. 16, via London, Sept. 17, 3:08 a.m.—The official communication concerning the fighting in the Caucasus issued today, says: "There has been rifle firing in the coast region. In the direction of Olti there has been cannonading at the village of Khistapoor. In the direction of Doussars our patrols have overthrown those of the enemy who reached Epeghash. "On the remainder of the front the situation is stationary."

SEVERE BRITISH LOSSES IN GALLIOLI FIGHTING

Nearly Eighty Thousand Men Have Been Killed or Wounded. LONDON, Sept. 16.—British losses at the Dardanelles to date total 79,238 in killed and wounded. Under-Secretary for War Tennant announced in the house of commons this afternoon. These losses were divided as follows: Officers: 1120 killed or died of wounds; 2371 wounded. Men: 16,478 killed or died of their wounds; 59,295 wounded.

MATHESON HAD CLOSE FIGHT IN PRINCE EDWARD

Conservative Ministry Returned With Majority of Only Four Seats. CHARLOTTETOWN, P. E. I., Sept. 16.—The Matheson government had a close call today, a majority of 26 in 1912 being reduced to a bare working majority of 4. Complete results give 17 Conservatives and 13 Liberals. The commissioner of public works, Hon. James McNeill, had a majority of only six in Summerside and a recount may possibly change the result, as it is stated that a number of spoiled ballots have been counted. Premier Matheson and his colleague had good majorities, but Speaker Wyatt was defeated by 32 votes, and two members of the executive, L. L. Jenkins and the Hon. J. B. Rogers, were defeated by 140 votes. Other members of the executive, Dalton, Rogers, the Liberal leader, in Charlottetown, Paton and Jenkins, Conservatives, won out by 96, and 35 majority, respectively, and 122 government majorities were 1063 and 369. Motor Car an Issue. In the House of Queen's, Chandler of Charlottetown, who took the anti-automobile pledge, was defeated by the activity of certain members of the automobile association by a majority of 14. In other districts the agitation against the automobiles assisted the Liberals, but dissatisfaction against the general policy of the government, especially among the farmers, was the main cause of the greatly reduced Conservative majority. Liberals Carried Queen's. Queen's county is represented by 10 Conservatives in 1912 with large majorities, returned four Liberals today. In King's County, Hon. Murdoch McKinnon, commissioner of agriculture, had only 7 votes to spare. ALL THAT'S NEW AND BEST IN MEN'S HATS IS SHOWN AT DINEEN'S. This will be a real big day of hat selling at 140 Yonge street. Every new fall style is represented in the showing, and all are unusually good value. The best makers in England, Canada, and the States help to make this assemblage the biggest and most representative that has ever been presented to the people of this city and district. Raincoats and fall overcoats are selling freely, and it would be well to scrutinize the displays. This will be a day of remarkable doings at Dineen's, for the display of new fall styles in hats for men is really great.

HALF A BILLION MAY BE LIMIT OF ALLIES' LOAN

American Financiers Reported Unwilling to Go Beyond That Amount. REAL BATTLE OF WITS "Splitting the Difference" May Prove to Be Ultimate Solution. NEW YORK, Sept. 16.—The proposed billion dollar loan to Great Britain and France shrivelled today, in the gossip of Wall street, to half its previous size. Five hundred million dollars was the sum set as the amount which American financiers would lend. This figure seemed to be uniform in half a dozen or more reports current in the financial section. At least one financier in close touch with the situation was quoted as saying that this sum would be loaned. The commission itself and its American financial aides had nothing to say as to this phase. Change in Situation. In some manner unknown tonight, the situation was different from the situation of yesterday. There was an almost unanimous opinion among bankers whose views could be obtained that a billion dollars was not needed, and that in naming this vast sum at the outset the commission sought to place itself in an advantageous trading position. Here is the way some financial authorities regarded the situation: The commission asked for a billion dollars. It did not expect to get the full amount. To this request, bankers would naturally make a counter offer—say half a billion. There would then follow a series of parleys. The commission would reduce the amount by \$50,000,000 to \$100,000,000, and the American bankers would add a few hundreds of millions to their previous offer. After a period of negotiations (Continued on Page 7, Column 1).

WELL, WHAT DO YOU KNOW ABOUT THIS?

New York World Suggests That Canada Be Put Up For Security on Loan. Special to The Toronto World. NEW YORK, Sept. 17.—The World this morning says: "It takes Wall street to bring the Anglo-French loan proposition down to brass tacks. "Let England put up Canada as collateral," a financier of this city remarked—(he probably lit a cigar as he said it)—"then we'll talk business with her." "And this ought to tickle us even as it takes our breath away. Why not? The World, it is true, never yet saw a dominion of over three million and a half square miles and 7,000,000 population deposited as security for a 'little' accommodation. "We are not prepared to say it could be done. But if Wall street looks into the matter and thinks it feasible, what better assurance do we want? "The proposed pledge is gilt-edged. We are familiar with it. It lies close by where we can watch it. Suppose the idea is unheard of, so are others to which civilization has had of late to adjust itself. "By all means ask England to give our bankers a mortgage on Canada. The worst came to worst, it would be the easiest ever to foreclose."

BORDEAU MOVED DEEPLY BY HIS VISIT TO FRONT

Everywhere He Found Canadian Troops Held in Greatest Respect. YPRES DEATH VALLEY More Than One Hundred Thousand Men Have Been Buried There. OTTAWA, Sept. 16.—In a review of his experiences and impressions gained during his recent important visit to Great Britain and the battlefields of France and Belgium, given before a gathering of hundreds of members of the Ottawa Canadian Club this afternoon at a luncheon in the Chateau Laurier, Sir Robert L. Borden expressed his pride in what the Canadian troops have done for the Dominion and the empire at the front, in the splendid spirit shown by the Canadians at Shorncliffe and the wounded in the different hospitals of the old country and France, in what the British navy has done and is still doing to keep the seas open for commerce, of confidence, that the victory is assured to the arms of the allies. Canadians' Fine Showing. Speaking of the great review of 17,000 Canadians at Shorncliffe, he said: "An officer of Lord Kitchener's staff—Sir Archibald Murray—took me, as we rode away from the camp, that he had seen over 400,000 troops of the new British army under review, but he had not seen such a fine body of men as the Canadians who had just passed before him that day." Continuing, Sir Robert said that later he was given an opportunity to visit France. On arrival on French soil he and his party were met by French officers. From Boulogne he went to visit a cemetery where some of the Canadian officers who had fallen in battle were buried. He planted seeds of Canadian maple trees on the graves of the late Major J. S. Ward, P.C.L.I.; Capt. Gerald Munts, 3rd Canadian Infantry; Capt. A. S. Allen, 5th Canadian Infantry; Lieut. F. W. Campbell, 1st Canadian Infantry, and Lieut. S. A. Reddock, 3rd Canadian Infantry. Ypres Vast Cemetery. Next the trip extended to the headquarters of Gen. French. Then the visitors went to Hill 60, behind the City of Ypres, which is of special interest to Canadians. "I do not think that any Canadian, or indeed, any Briton or Frenchman," said the premier, "could look upon that valley without being greatly moved. In the country toward which we looked, around Ypres, and to the right and left of Ypres, away to Messines and the right, and another town on the left which limited our vision, we were told that at least 100,000 men, perhaps 150,000 men, had fallen and found their graves since the commencement of this war. "I have spoken of Britons and Frenchmen being moved in looking down upon that valley. I hope there will never come the day when any Canadian can look down upon it without feelings of emotion. While we realized that altho the history with regard to their achievements has perhaps been more fully told than the story of the achievements of any British troops during the war, still we realize that it has not been completely told—that perhaps it has not been half told. Picture to yourself for a moment the condition. The Turks and Algerians, who were holding that line next to the Canadians, believed verily that the deluge which came upon them had really come from the lower regions, from hell itself. "No one who has not been thru the hospital can realize the effect of that awful gas attack. Stood Supreme Test. "Then was the time when the test came to the Canadian troops. Men taken, mark you, from the civil avocations of life and having had no previous experience of war. Then came a test to them such as perhaps has never been applied to any troops in the world before. And to those who prophesied that our race was decaying, let me point to the fact that the Canadians stood firm, not for hours, but for days. Men lay down in agony under the action which was poured upon them, but they did not retire, they held on; and from those who are best qualified to judge, from the military commanders of the British and French forces, from Lord Kitchener himself, from the King, from the president of the French Republic, I have heard but one word as to what the Canadians (Continued on Page 2, Column 2).

CZAR'S ADVANCE SOUTH THROWS OUT FOE'S PLANS

Russian Stroke in Galicia and Southeast Poland Surprises Germans. HINDENBURG HELD UP Necessity of Sending Reinforcements South Will Relieve Muscovite Centre. LONDON, Sept. 16.—Stern battles are being fought all along the eastern front from Riga to the Roumanian border, and while the Germans continue to advance slowly in the north and centre, the Russians in the south are repeating their successes against the Austro-German armies, which are now being driven back across the River Stripa in Galicia and have been forced to retire westward, north of the Galician frontier. While these Russian victories naturally are welcomed in Russia and the allied countries as an evidence that the Russian armies are still able to take the offensive when well supplied with ammunition, there is no inclination to exaggerate their importance. The engagements, however, keep the Austro-Germans busy and make it imperative to send reinforcements southward, which could be used to better advantage in the north where operations of much greater moment are being directed by Field Marshal Von Hindenburg. Not Yet in Line. This general, who began his offensive against the Vilna-Dvinsk railway a week ago, has not yet established himself on the line. His cavalry, which did reach it, has been driven back. Nevertheless, he has driven the Russians across the Dvina River, north of Dvinsk, placing that city in (Continued on Page 2, Column 2).

JUSTICE IS ASSURED MUNITION WORKERS

Committee Will Take Steps to Lessen Strain Endured in Plants. TO HELP EFFICIENCY Noted Scientists Appointed by Lloyd George to Handle Problem. LONDON, Sept. 16.—David Lloyd George, the British munitions minister, has appointed a committee "to consider and advise on questions of industrial fatigue, hours of labor and other matters affecting the health and physical efficiency of workers in munitions factories and workshops." The committee appointed by Mr. Lloyd George numbers seven. Sir George Newman, chief medical officer of the board of education, will be the chairman of the committee, which will be composed of, in addition to Sir Thomas Barlow, physician extraordinary to King George; Dr. Arthur Edworthy, professor of pathology, University of Manchester; Dr. Leonard Erskine, director of the department of applied physiology of the National Health Insurance Institute of Research; J. R. Lyness, laborite member of parliament for Manchester; and two women—Mrs. Harold J. Tennant, wife of the parliamentary under-secretary for war, and Miss R. E. Squires, a committee apparently is the outcome of the recent discussion in the British association for the advancement of science concerning the best methods for increasing the productivity of workmen. In this discussion it was strongly contended that the desired improvement could not be attained by prolonged hours of labor but rather by the adoption of periods of rest and relief from the continuous nervous strain and by nourishing food and healthful recreation.

TWO BABIES WERE DROWNED IN BAY

Fell Into Water While Playing With a Baby Carriage. MISSED FOR AN HOUR Parents Then Identified the Two Bodies at the Morgue. Playing around the waterfront at the foot of Bathurst street about noon yesterday, Marie Maroney, aged two years, and Teresa Pare, aged six, both of 607 West Wellington street, fell into the bay and were found floating in the water over an hour afterwards. The two children were playmates, and with a doll carriage were amusing themselves in the vicinity of the National Yacht Club property. The caretaker of the club told the police that he saw the children playing around there at noon and that for a short time they claimed his attention. Then he lost sight of them and forgot about the incident until he learned that they had fallen into the water. The supposition of the police is that the smaller child slipped in and that the older girl was thrown into the water while endeavoring to save her small companion. It was not until 2 o'clock that a woman noticed the bodies floating in the western bay at the foot of Bathurst street. They were taken to the morgue and were identified a short time afterwards by their parents. The chief coroner was notified and decided that an inquest was not necessary.

TURKS CLAIM SUCCESS IN A SURPRISE ATTACK

Dispersal of Enemy Forces Near Anafarta Reported by Constantinople. CONSTANTINOPLE, Sept. 16.—The following statement on operations in the Dardanelles was issued today by the Turkish war office: "Near Anafarta, on the night of the 14th, our troops, by a bold surprise, succeeded in dispersing enemy forces. "Near Seddul-Bahr, we prevented the enemy from throwing up zig-zag trenches by bombarding the troops engaged in the work. On the same wing our artillery silenced enemy batteries. "On the 13th, our straits batteries successfully bombarded enemy troops near Cape Helles, the landing place at Teko Burnu and hostile batteries at Hisarlik. A battery at Hisarlik was silenced. On the 14th our straits batteries dispersed an enemy battery near the landing place at Seddul-Bahr."

KOWKASH DISTRICT FULL OF PROMISE

Prospectors Believe Large Quartz Beds Exist Below Surface. TO DO MUCH DIGGING New Discovery Taken to Prove Widespread Nature of Deposits. Special to The Toronto World. COCHRANE, Sept. 16.—Men who have returned from the Kowkash gold field are today confident that the whole district is full of promise as a gold mining camp. The discovery of a new vein 15 miles from the King Dodds property is taken as a strong indication that ore-bearing quartz underlies the entire district for miles around. The chief difficulty in the way of immediate discoveries of large extent is that the rock exists some distance below the surface in most of the district. For this reason considerable strips of the earth's surface, which geologic knowledge affirm that the prospects are good, that the bulk of the formation contains gold-bearing ore in payable quantities, and rumors of the unearthing of other samples near Kowkash are rife, but owing to the distance from here it is difficult to secure immediate positive confirmation. Men continue to proceed to the camp over the National Transcontinental, which is also forwarding considerable quantities of supplies for the maintenance of prospectors, who are just beginning to make extensive investigations. It is more and more realized that to do justice to the district considerable spade work is necessary.

OTTAWA IS AWAITING NEWS OF STEFANSSON

Messages on Way to Government From Nome, Alaska. OTTAWA, Friday, Sept. 17.—It was stated here early this morning that a message was on its way to the government from the Stefansson expedition by way of Nome, Alaska. Receipt of the despatch is being anxiously awaited by officials here and hopes that it may contain news of the safety of the young explorer sent north by the government are entertained.

THREAT BY LABORITE TO TIE UP RAILWAYS

Thomas Says Adoption of Conscription Will Mean Industrial Revolution. LONDON, Sept. 16, 6:50 p.m.—During the discussion in the house of commons this afternoon, James Henry Thomas, laborite, and assistant general secretary of the Amalgamated Society of Railway Servants, declared that every lodge of the railway union had informed the executive committee that on the introduction of conscription the men would stop work. "If the conscriptionists want an industrial revolution," he said, "let them proceed with their agitation."

MEN MUST FIGHT FOR WOMANKIND

Rev. Bell Smith Shows Young Men Why They Should Enlist.

COMMUNITY HONORED

Hundreds of Mothers and Wives Have Sacrificed for Empire's Cause.

The residents of Rhodes avenue and the surrounding locality were deeply stirred at the recruiting meeting held in the Roder School grounds last night under the auspices of the Toronto Recruiting League.

Rev. Bell Smith in a direct appeal to the young men emphasized the fact that he had enlisted, his application had been ready and willing to go to his capacity as a minister.

In paying tribute to those people of the midway, who have sent hundreds to France, he said: "I honor this community, I have heard of the noble self-sacrifice of hundreds of mothers and wives. I know one mother who sent her four sons, they were all she had."

Only Half Men. Mr. Smith then arraigned the "Johnnies" who parade up and down the streets, but who are only half-men—only made in the form of men.

Mr. Smith then arraigned the "Johnnies" who parade up and down the streets, but who are only half-men—only made in the form of men.

Speaking to the mothers in the audience, he said: "You should be proud of giving your sons to your country; that is the spirit we want, not the spirit that cringes at the sight of a uniform."

Controller O'Neil, in asking for recruits, urged those present to give it. He said: "They are not only your own sons, they are the sons of the Empire."

Weston Fair opens with big features. Parade of school children followed by their program of events for today.

Weston Fair opens today and the outstanding feature will be the parade of school children, the athletic events following their arrival on the fair grounds.

Organizing band for women's home guard. Five hundred turned out at parade at Dundurn Heights last night.

Harvest festival. Caledonia church. Grand concert and supper followed by auction sale of the decorations.

Hotel Teck. Telephone for reservations for dinner parties after the races. Ideal surroundings for lady and gentleman diners.

Think that reward would help police. Certain persons might be tempted to disclose information.

Cost of war reaches colossal proportions. France will soon issue national loan—how outlays compare.

ADVISE NO CHANGE IN CHURCH'S NAME

Delegates to General Synod Would Not Make Alterations Now.

TENDERED A RECEPTION

Representatives From United States Received Yesterday, Introduced by Primate.

No change will be made in the name of the English church in Canada. After considerable debating it was decided at the sessions yesterday of the Anglican synod to leave the name as it is.

The prevailing opinion was that the historical connection between the church of the mother country and the church of Canada should not be lost sight of.

The election of officers resulted in the returning of the entire executive. American Delegates.

A reception was tendered to the American delegates at yesterday afternoon's session. The American delegates were Dr. Nelson, Bishop of central New York, Rev. Dr. Goodwin of Rochester, and Bishop Lloyd.

The primate introduced the delegates and said he regretted that the presiding bishop of the church in the States had not been able to come.

Dr. Nelson of New York said that he was greatly impressed with the missionary work of the English church in Canada.

In speaking of the war he said the people of the United States had cautioned to beware of what they said one way or another.

Archdeacon Cody spoke for the clerical side of the house and Judge Fitzgerald for the lay side.

A missionary meeting in connection with the general synod will be held in the Church of the Holy Trinity, Trinity square, this evening.

With the provision that he pays an annual sum of \$200 to his mother, Agnes Sell Kennedy, and that he provides a home for her, John Frederick Kennedy will receive the estate of \$125,000 left by his father, Thomas Kennedy of Birchcliffe.

The estate consists of a \$2350 interest in a store at 224 East Queen street, a lot on Kingsway road valued at \$12,450, mining lease amounting to \$1242, and mining stock worth \$2500.

Major C. H. C. is asked for the will of Capt. Harold Christopher Richmond of the First Gloucester Regiment, who was killed in action at La Bassée. The estate is valued at \$26,832, and it consists mostly of stocks.

Mrs. Louise Nash of Bradford, Pa., will receive the estate of her brother, Henri Normandeau, a Montreal life insurance man, who died Aug. 15. The value of the estate is \$16,273.

The estate of Mrs. Sarah Barclay, amounting to \$12,778, is left to her daughter, Mabel McGee, with the exception of small bequests to two sons and two grandchildren.

The estate consists of a house on Shaw street valued at \$3800, and mortgages amounting to \$8434.

SALVATION ARMY CHANGES ARE MADE

New Appointments Affecting Many Officers Announced by Commissioner

TO GO AFTER CONGRESS

Arrangement Effective After Big Convention to Be Held in Massey Hall.

Commissioner Richards of the Salvation Army some time ago announced that a number of the leading officers in his command would change their appointments. The arrangements are now complete, and the following officers are affected:

- Lt.-Col. Chandler (Toronto division), to Hamilton division.
Lt.-Col. Taylor (training college), to Edinburgh, Scotland, as divisional commander.
Lt.-Col. Hargrave (young people's secretary), to international headquarters, London, Eng.
Brigadier Bell (England), the training college, Toronto.
Brigadier Bettridge (London division), young people's secretary.
Brigadier Green (Pacific coast division), the trade department.
Brigadier Aaby (Hamilton division), to Toronto division.
Brigadier Rawling (Montreal division), to London division.
Brigadier Morehen (Newfoundland division), to Montreal division.
Brigadier Taylor (St. John division), to Canada west territory.
Major Barr (Halifax division), to St. John division.
Major Crichton (property department), to Halifax division.
Major Coombs (St. John, chancery), to Canada west territory.
Staff Capt. Burrows (subscribers' department, Montreal), to Hamilton division, chancery.
Lt.-Col. Otway of London, England, has been transferred to Newfoundland, which is also under the jurisdiction of Commissioner Richards. He will visit Toronto before proceeding to Newfoundland to confer with the commissioner.

The officers whose names are given above will go to their respective appointments immediately after the great congress, which will be held in Toronto, Oct. 12 to 20, when five immense public gatherings will be held in the Massey Hall.

NEW C. N. R. OFFICIAL. W. A. Kingsland has been appointed general superintendent of the Quebec lines of the Canadian Northern Railway with headquarters at Montreal. He succeeds the late F. M. Spaidal.

Postman Sentenced. A minimum penalty of three years in Kingston Penitentiary was imposed by Judge Winchester at the sessions yesterday on Herms Hastings, a young postman who stole a letter containing \$141. The prisoner was a young man of respectable family who had a wife and one child. T. C. Robbette said that an appeal would be made for executive clemency.

AUSTRIAN DESTROYERS ARE REPORTED SUNK Italian Submarine Surprised Two of Enemy's Small Craft.

TURIN, Italy, Sept. 15, via Paris. Sept. 16.—An Ancona despatch to the Stampa says: "The captain of the steamer Cometta reports that he was chased by two Austrian torpedo boat destroyers off the Gargano Peninsula. An Italian submarine which appeared suddenly engaged and sank the torpedo boat destroyers."

BRITISH SUB. IS LOST OFF THE DARDANELLES Admiralty Report E-Seven Missing Since Fourth of September.

LONDON, Sept. 16.—The admiralty announced today that in all probability the British submarine E-7 had been sunk off the Dardanelles. The statement follows: "The enemy claims to have sunk the submarine E-7, Lieut. Commander Archibald D. Cochrane, off the Dardanelles, and to have taken three officers and 25 men of the crew prisoners. As no news has been received from this submarine since Sept. 4, it must be presumed that this report is correct. The E-7 was a 1012 boat, 725 tons displacement (aftoat) with a speed of 15 knots above water. She carried four torpedo tubes."

PRIZE COURT RULES AGAINST PACKERS Four Meat Cargoes for Copenhagen Condemned by Sir Samuel T. Evans.

BOUND FOR GERMANY Rubber Found Shipped as Gum Under Fraudulent Manifests.

LONDON, Sept. 16.—The British prize court today condemned the greater part of the American products forming the cargoes of four Norwegian steamships seized last November. The products, valued at \$15,000,000, are declared forfeited to the crown.

The judgment was delivered by Sir Samuel T. Evans, president of the court. All the goods, consisting principally of American meat products, are confiscated with the exception of a small proportion which the court released to claimants.

Sir Samuel said it was plain these goods were intended for Germany. One circumstance throwing light on the real destination of the goods, Sir Samuel said, was that the exportation of lard by one American company alone to Copenhagen in three weeks after the outbreak of the war was 20 times more than in periods of peace.

Referring to consignments of rubber, described as gum, the president said: "Gum is not a true commercial description for rubber, and it was in fact in the prize court, in order to avoid the difficulty which would result in its capture by a belligerent. An concealment of this sort will, while it is in the prize court, be heavily against those who adopt such courses. Neutrals are expected to conduct their neutral trade in a straightforward manner, and with candor, and belligerents are entitled to expect from neutrals a frank course of conduct."

As to the meat cargoes he held that their eventual destination was the German Government for the use of its naval and military forces. To rule otherwise "would be to allow one's eyes to be blinded by theories and technicalities." The court disallowed sixteen claims, including those of the Morris, Armour, Hammond, Swift and Sulzberger Companies. It allowed eight claims, including that of the Cudahy Company of Chicago. The others were city hall, and the Scotchman at the front came in for many words of praise by the speakers, who urged the young men of the city to hasten and enlist. Music was supplied by the 48th Highlanders' Band and Alexander Fraser occupied the chair.

RECRUITING RALLY HAD SCOTCH FLAVOR

Hon. F. G. Macdormid Chief Speaker at Open Air City Hall Meeting.

Yesterday was "Scotch" day at the noonday rally of the Citizens' Recruiting League, held in front of the city hall, and the Scotchman at the front came in for many words of praise by the speakers, who urged the young men of the city to hasten and enlist.

"This is not a war of nations; it is a war of ideals," said Hon. F. Macdormid, Ontario's minister of public works, who was the first to speak to the audience. "The only line of cleavage is that between democracy and militarism. It is not a war of Slav against Teuton, but of freedom against oppression. The responsibility that rests upon the people of this country is great. Canada has done nobly. She has sent her best, and when the war is over there will be no brighter page written than that of the bravery of the Canadian soldiers. Freedom and liberty is the issue on the battlefield of Europe and it is up to us to say what we will do. The government of Ontario has done what it conceived to be its duty, and the government will continue to reflect the people's desires in the future as necessity arises."

As we are under the voluntary system, Herbert Mowat, K.C., vice-president of the Citizens' Recruiting League, declared that 80 per cent of those who had enlisted in Berlin or Paris would be in uniform. "We cannot be forced to fight because this is a democracy, but we cannot continue as a free people unless we fight. Moreover, we cannot enjoy our freedom unless we do more than we have done," said the speaker.

Rev. Dr. Strachan of Rosedale declared that one Canadian with a machine gun was worth three thousand Germans. "We have got to grit our teeth and tackle this as the biggest job the world has ever seen," said he.

Draft Made for Reinforcements to Proceed to England to Finish Course.

Special to The Toronto World. KINGSTON, Ont., Sept. 16.—A call has been made upon Barriefield Camp for 100 men from the 32nd, 33rd and 34th Batteries to go to the front.

James Laughern, 70, fell off the roof at Tete De Pont Barracks gun shed and is not expected to live over night. Aid. H. C. Nickle believes that there is no need of 21 aidmen for Kingston and will ask that the ratepayers be allowed to vote on a bylaw to reduce the number to nine, including the mayor.

BRITISH SUB. IS LOST OFF THE DARDANELLES Admiralty Report E-Seven Missing Since Fourth of September.

LONDON, Sept. 16.—The admiralty announced today that in all probability the British submarine E-7 had been sunk off the Dardanelles. The statement follows: "The enemy claims to have sunk the submarine E-7, Lieut. Commander Archibald D. Cochrane, off the Dardanelles, and to have taken three officers and 25 men of the crew prisoners. As no news has been received from this submarine since Sept. 4, it must be presumed that this report is correct. The E-7 was a 1012 boat, 725 tons displacement (aftoat) with a speed of 15 knots above water. She carried four torpedo tubes."

Decorations Received by Western Officer. Capt. Arthur Invested With Distinguished Service Order at Buckingham.

Canadian Associated Press Cable. LONDON, Sept. 16.—Capt. Arthur, 10th Battalion, was invested with the D.S.O. at Buckingham Palace.

Lieut. Churchill, 1st Battalion, who died on Sept. 7 of wounds, received the previous day, was aged 24. He was a son of E. H. Churchill of Bridge-water, and enlisted in Canada as a private in the dragons, with whom he went to the front, and received a commission in the trenches later. He commanded a machine gun section in his battalion. He played three seasons with Clifton School Rugby Club.

The Capt. Arthur referred to is probably Captain Christopher Geoffrey Arthur, formerly of the Calgary Rifles, who was reported wounded on May 1. He is English by birth, coming from Kent County.

Admiralty Report E-Seven Missing Since Fourth of September.

LONDON, Sept. 16.—The admiralty announced today that in all probability the British submarine E-7 had been sunk off the Dardanelles. The statement follows: "The enemy claims to have sunk the submarine E-7, Lieut. Commander Archibald D. Cochrane, off the Dardanelles, and to have taken three officers and 25 men of the crew prisoners. As no news has been received from this submarine since Sept. 4, it must be presumed that this report is correct. The E-7 was a 1012 boat, 725 tons displacement (aftoat) with a speed of 15 knots above water. She carried four torpedo tubes."

Established 1847 The Journey As a small boy Sir John A. Macdonald once spent three unhappy weeks journeying from Montreal to Kingston. That was when his family first arrived in Canada, and bad weather was the chief cause of the delay and discomfort. Modern facilities have reduced that journey to a few hours, and weather doesn't matter. Life is a journey, and that stage lying beyond the 65th birthday in most cases is made dreary if not embittered by need. You have, at the best, one chance in five of escaping the pinch of poverty in old age. A Monthly Pension for life, such as is offered by the Canada Life is the modern scientific method of guaranteeing that your stage will pass in ease and comfort as benefits one whose work is done. More than that, from the first day it is in force a Monthly Pension Policy is protection to those dependent upon you. It is protection for your family plus protection for your old age, plus good, sound investment, and it is issued by the CANADA LIFE Herbert C. Cox, President and General Manager, Toronto. Let us send you more information about this new policy and the reasons why every man should have one. It is interesting and important.

OFFER OF A REWARD MADE BY THE POLICE

Information Regarding Car Which Struck Veznia Will Be Paid For.

Hundreds of so-called clues have been followed up but to no avail by the detective department as to the discovery of the drivers and occupants of the motor car that ran down and killed Joseph Veznia on the Kingston road recently.

Sergeant of Detectives Mackie stated yesterday afternoon that although there had been no public announcement regarding a reward to the person furnishing the police with information that would lead to the arrest of the occupants, he understood the government would be only too glad to reward any-

body who could help locate the motor car. In any case the police would take it upon themselves to do so. Detectives are still working on the case, but so far have not met with any success.

WANTS STUDENTS' RETURN. Dean Clarke of University Wants Medical Students to Finish Course.

Dean Charles Clarke of the faculty of medicine of Toronto University has sent a cable to Lord Kitchener, asking that the fourth and fifth year medical students be permitted to return to Canada to finish their medical course. In view of the recent order issued by the war office to the effect that fourth and fifth year medical students could return to try their examinations, it is expected that a favorable reply will be given and that between 70 and 80 Toronto students will come back.

HEARD OF LITIGATION; DOCTOR DOUBLED BILL Mrs. Kathryn Penman Sues for Injuries by Motor Car.

When he found out that there was to be litigation, Dr. James Johnson changed his bill of \$50 for attending to the injuries received by Mrs. Kathryn Penman to \$100. Two motor-cars collided on Yonge street and the plaintiff claims that she received permanent injuries as a result of the accident. Damages amounting to \$3000 are now claimed. Expert medical testimony was called yesterday to ascertain just how serious the injuries were. The defendant in the action is A. Rosenthal, a jeweler. Dr. Johnson said that it was his habit to charge a \$50 bill to \$100 if he had to wait for payment. The case will be finished today.

NOW---Phone the Pure Milk Number For the White Wagon to Call. The FIRST thing to do when you arrive home from your holiday—insure a regular supply of the purest, freshest, richest milk you can get. So phone Adel. 400 and the white wagon will call every morning with milk that will appeal to your whole family—to the kiddies because of its rich, fresh flavor—to your husband, because he knows you are getting greater value for your money (this milk costs the same as ordinary milk)—and to you because you know The Farmers' Dairy Milk is pure, fresh, and rich in body-building butterfat. As Pure and Fresh As the Milk You Got in the Country—and Scientifically Pasteurized. Just as it comes from the sealed cans—pure, fresh, rich—then scientifically pasteurized and delivered to you immediately. No time to lose its freshness. Not an atom of cream removed. And scientifically pasteurized for double safety. Yet The Farmers' Dairy Milk costs no more. 23 THE 367 QUEEN ST. WEST Tickets \$1.00 FARMERS' Phone Adel. 400 DAIRY

ALLIES' LOAN TO BE HALF BILLION?

Big Financiers at New York Are "Jockeying for Position."

(Continued from Page 1)

they would reach a common figure, say by splitting the difference. This would be agreeable to both sides, and definite terms as to the interest rate, the term of the loan, and other details could be fairly quickly disposed of.

The men who have come over here from Great Britain and France, in the opinion of Wall Street, are master players in the game of world finance. Like all good players, they do not betray their words what their intentions are, nor do they place all their cards on the table at once, as Wall Street views it. Consequently, it is expected that there will be many more developments before it will be seen what they are really striving for, and whether they will win.

A dozen or more prominent New York bankers talked over the situation today at a meeting place where their whereabouts was not disclosed.

J. P. Morgan and two partners, Henry P. Davison and Dwight W. Morrow, were among the number. Who the others were, was not disclosed.

Schiff Visits Hill. Considerable importance was attached to a visit made today by Jacob Schiff of Kuhn, Loeb & Co. to J. P. Hill, the western railway builder and financier, at Mr. Hill's office. Removal of the report that the so-called German financial interests of New York might participate in the loan followed their talk. Neither would discuss it, except to say that Schiff had called to extend birthday congratulations to Mr. Hill. Mr. Hill was quoted as afterwards saying that the commission would obtain half a billion dollars here.

PRINCIPAL MCKAY WILL REGULATE EXERCISES

Head of Technical School Given Power to Arrange Morning Devotional Services.

Dr. Noble made a vigorous protest at the board of education meeting last night against the holding of a religious service at the Central Technical High School in the general assembly room every morning.

Trustees Houston and Vokes said that the hymns should be cut out, as they were objectionable to some foreigners. The board decided to give Principal McKay a free hand respecting the religious services.

The board decided to have the envelopes for contributions to the Sick Children's Hospital and the seals for the National Sanitarium placed in the schools on Dec. 1. The envelopes will be collected on Dec. 6, and the seals will be taken up a day later.

FLYING BOAT TEST.

Russian Aerial Officer Pleased With Trial Flight of "K" Boat.

Lieut. Upgoff, the Russian representative, made a successful test of the "K" boat yesterday in company with Pilot Macaulay. He was quite pleased with the machine, which has powered all requirements. Mr. Upgoff left last night for Buffalo but will return to Toronto shortly to test out "K" by all type of machines built by the Curtiss Aviation and Motor Works.

SIR WILFRID SUFFERS GREAT DEAL OF PAIN

Sultry Weather Has Bad Effect on Patient in Ottawa Hospital.

By a Staff Reporter. OTTAWA, Ont., Sept. 16.—Sir Wilfrid Laurier is reported as not quite well today and is suffering a good deal of pain. The sultry weather of the past few days has affected him somewhat and he will not be able to leave the hospital until next week.

After that it is expected that Sir Wilfrid will take a long holiday in the south.

Lady Laurier is the only visitor who has been allowed to see him.

Sir Wilfrid is reported as having addressed a meeting at Smith's Falls tonight but Hon. George F. Graham is taking his place.

BISURATED MAGNESIA

For dyspepsia, indigestion, souring of food, gas and hyperacidity of the stomach. Acid stomachs, indigestion, and souring of food, gas and hyperacidity of the stomach. Acid stomachs, indigestion, and souring of food, gas and hyperacidity of the stomach.

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, Sept. 16.—(8 p.m.)—Light rains have occurred today over the larger part of Ontario. Elsewhere in the Dominion the weather has been fine. The temperature has been higher than yesterday in the western provinces and maritime provinces and slightly lower in Ontario and Quebec.

Minimum and maximum temperatures: Prince Rupert, 50-55; Victoria, 50-53; Vancouver, 56-58; Kamloops, 59-74; Calgary, 30-50; Edmonton, 38-50; Medicine Hat, 40-55; Saskatoon, 38-71; Regina, 38-66; Winnipeg, 42-60; Port Arthur, 46-58; Parry Sound, 50-72; Toronto, 62-73; Kingston, 56-75; Ottawa, 52-75; Quebec, 61-63; St. John, 54-78; Halifax, 62-82.

Probabilities: Lower Lakes and Georgian Bay—Moderate to fresh west and northwest winds; mostly fine and warm. Ottawa Valley and Upper St. Lawrence—Fresh westerly winds; fair. North Shore—Moderate winds and showery. Maritime—Moderate to fresh southwest and west winds; mostly fair and warm; light rains by night.

Upper St. Lawrence to fresh west to north winds; fair and cool. Saskatchewan and Alberta—Fine and warm.

Funeral Friday at 2:30 p.m. at Prospect Cemetery.

A. W. MILES UNDERTAKER

396 COLLEGE STREET. Motor Hearse and Limousine to any Cemetery, or direct to Mausoleum. Cost does not exceed horse-driven vehicle. Call, 1752.

PETROGRAD WORKMEN ASKED NOT TO STRIKE

PETROGRAD, Sept. 16.—Gen. Froloff, commander of the Petrograd military district, has issued an appeal to workmen to refrain from strikes, which he says have appeared in certain Petrograd factories. In his appeal he requested the approval of the declaration of Gen. Ruzsky, commander-in-chief of the northwest front, that strikes in works preparing military stores are treason to the country. Russian military successes in the southwest are exerting a reassuring effect in Kiev. Gen. Ivanoff has ordered landowners and peasants to sow grain as usual. The duma deputies from Kiev have received assurances from Minister of War Polovoff, that Kiev and the surrounding districts are in no danger, and that there is no reason for their evacuation. Gen. Billaef, assistant minister of war, is quoted as declaring that the Petrograd workmen must continue to work at full speed. The ministry of finance has taken measures to secure the financial position of the southwestern territory.

THE Private Patients' Building is a separate unit. Part of the main organization, yet apart from it, this building gives patients the benefit of a superlative organization and the most modern equipment as homelike as those of the best private sanatorium.

Rates, \$16.50 a week and up. Private Patients' Building, Toronto General Hospital.

BOYS' FAIR GOING AT A RAPID PACE

Col. Noel Marshall Officially Opens Excellent Exhibition in East End.

A SPLENDID DISPLAY Lads Have Prepared a Show Unique in Character and Attractiveness.

Generally conceded to be the largest boys' fair on the continent, the Broadview Boys' fall fair, held in the Broadview Y.M.C.A., was formally opened last night by Col. Noel Marshall. This is the fourteenth successive year that the fair has been held and this year it is larger and better than ever. No less than 1893 entries have been made in the different classes.

Remarkable enthusiasm has been shown by the boys of Riverdale, and among the industrial crafts exhibits were models of airplanes, steamboats, sailing craft, rowboats and canoes, of a character which proves beyond doubt the abundance of inventive genius among the younger generation.

Live Stock Exhibits. Perhaps the live stock exhibits attracted most attention and in one class, pigeons, the boys claim to have more entries than the Canadian National Exhibition. The entrance to the live stock tents was guarded by a white goat, one of three, who all assumed formidable attitudes on more than one occasion. Twenty exhibits in this year as compared with six in 1914, and these will figure prominently in the athletic meet on Saturday afternoon.

Heading the live stock entries are 169 rabbits and caviar, 282 pigeons, 241 poultry and 20 ponies. In the vegetable tent there were 99 exhibits. Inside the Y. M. C. A. the art and manual training exhibit, caused much attraction, some excellent samples of penmanship and drawing being on view.

The women, sooner or later, found themselves in the department of domestic science, and many envious glances were made at the triumphs of the male sex in the art of cooking, played on tastefully decorated tables. Every entry in the fair was made by boys under 18 years of age.

Exhibits were flowers, dogs, miscellaneous and natural history collections, amateur photography, oratory and literature.

Special Features. Special features were provided by the Red Cross Society, whose health department, whose exhibits were further illustrated by moving pictures in a tent on the lawn. One of the Red Cross ambulances, now in Flanders was on view. The provincial government supplied mine and vegetable exhibits, and the Ontario Company a number of pictures illustrating the different phases of the war.

Commenting on the satisfactory financial condition of the Broadview fair, he recalled some humorous situations which occurred at board meetings of the Red Cross Society. He referred to one meeting when there was no cash in the treasury, and the members present were ordered to dig down into their pockets to provide postage money. "At the beginning of the war," he said, "letters were sent to hundreds of branches of the Red Cross Society in Canada. The large majority of these were returned marked 'Owner Dead.'"

He stated that 80 motor ambulances, costing \$160,000, had been sent to Flanders, and the Duchess of Connaught Hospital built in England, at a cost of \$200,000. "According to Sir Robert Borden," he said, "the hospital is the finest in England."

Col. Marshall concluded by urging the boys to do their duty to the Empire.

Jack Clifford, the managing director of the fair, said he was very proud of his position. It had been quite an interesting experience, and he had learned a good deal from his talks with some of Toronto's prominent business men. He pointed out how indebted they were to the department of forests and mines, medical health department, and the Red Cross Society for their help and exhibits they supplied.

Oratorical Contest. The oratorical contest for a silver cup was won by Walter Hughes. His subject was "Evolution of the War." A Buchanan was second, and was presented with a silver medal.

A Buchanan won the recitation contest. Len MacCormick secured the second prize.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Lady Borden is giving a shower and tea on Tuesday in Ottawa in aid of the Red Cross.

A meeting of the ladies' committee of the United Empire Loyalist Association was held yesterday afternoon at Mrs. Norman Allen's house. The patronage of the association has been given to the military tattoo being held at the Exhibition in front of the grand stand on Saturday evening, the 25th inst. by the Recruiting League. The members of the association will attend the recruiting meeting and provide the speakers on Tuesday morning in front of the city hall, when the band of the Q.O.R. will play. During the meeting Mrs. W. de Courcy King spoke on aviation, as a valuable assistance to the men in the trenches, and Mr. Geo. D. B. on Saturday night at the grand stand on Saturday evening, the 25th inst. by the Recruiting League. The members of the association will attend the recruiting meeting and provide the speakers on Tuesday morning in front of the city hall, when the band of the Q.O.R. will play. During the meeting Mrs. W. de Courcy King spoke on aviation, as a valuable assistance to the men in the trenches, and Mr. Geo. D. B. on Saturday night at the grand stand on Saturday evening, the 25th inst. by the Recruiting League. The members of the association will attend the recruiting meeting and provide the speakers on Tuesday morning in front of the city hall, when the band of the Q.O.R. will play. During the meeting Mrs. W. de Courcy King spoke on aviation, as a valuable assistance to the men in the trenches, and Mr. Geo. D. B. on Saturday night at the grand stand on Saturday evening, the 25th inst. by the Recruiting League. The members of the association will attend the recruiting meeting and provide the speakers on Tuesday morning in front of the city hall, when the band of the Q.O.R. will play. During the meeting Mrs. W. de Courcy King spoke on aviation, as a valuable assistance to the men in the trenches, and Mr. Geo. D. B. on Saturday night at the grand stand on Saturday evening, the 25th inst. by the Recruiting League. The members of the association will attend the recruiting meeting and provide the speakers on Tuesday morning in front of the city hall, when the band of the Q.O.R. will play. During the meeting Mrs. W. de Courcy King spoke on aviation, as a valuable assistance to the men in the trenches, and Mr. Geo. D. B. on Saturday night at the grand stand on Saturday evening, the 25th inst. by the Recruiting League. The members of the association will attend the recruiting meeting and provide the speakers on Tuesday morning in front of the city hall, when the band of the Q.O.R. will play. During the meeting Mrs. W. de Courcy King spoke on aviation, as a valuable assistance to the men in the trenches, and Mr. Geo. D. B. on Saturday night at the grand stand on Saturday evening, the 25th inst. by the Recruiting League. ARE A GARDENS MAY BE CLOSED TO HOCKEY

THRILLS GALORE WITH RICHMOND

Leafs Had Trouble Winning the Double-Header Yesterday.

The grand wind-up continues. The Clymer Cheries won another double-header from the Leafs yesterday, and sent them away without a victory in four efforts. The first game went eleven innings before the Leafs won, 4 to 3. The second was won by the same score, Richmond staging a thrilling finish, scoring two runs in the seventh.

It took the Leafs seven innings to win the first game, 4 to 3. They looked to have it won entering the ninth, but Cook faltered and Dunneles pushed over a run to tie it. Rath and Gilbert produced hits to score the winning run in the ninth. The Leafs fought to the front right at the start. In the first inning a walk started the trouble for Cottrell, brought out and went to third on Pick's hit, and then the old double steal was worked successfully. Twombly scored.

The Dunn crew added another in the second. Dunn singled safely and Sweeney found a hole in the infield to hit through. Arragon's single counted the run. The Leafs worked on the third and then breezed over two runs to tie the score. Cook walked and rode home on Rath's double. Sweeney brought out and scored when Gilbert beat out one.

The Clymer Cheries went to the front in the fifth and it looked all but certain Williams supplied his usual homer for the run.

Cook got into trouble in the 9th and Richmond tied it up. Dunn walked and stole, and went to third on a sacrifice. Haskley, battling for Cottrell, brought the run home.

Both lined over short in the 11th, went to third when Dunn fumbled, and scored on Gilbert's hit.

Military May Use The Arena Gardens

It will sound premature to state that the Toronto Arena Gardens may be closed to hockey the coming winter. The local prospects are not the best, as headquarters in Montreal, where the two Toronto clubs are owned, is not at all satisfied with the outlook here. Indeed, it is announced that the best to be allowed in the pro line in Toronto will be the two clubs rolled into one.

Whether or not the amateur games will be sufficient to warrant starting the ice plant at work and keeping the same going from December to March, is a question the Arena management is now taking under serious consideration.

It is a fact that Manager Solman is considering a proposition from the military authorities, whereby the big Mutual street amphitheatre would be used for training for overseas contingents during the approaching season of snow and ice.

Should the military take over the Gardens, O. H. A. games would be decided at the Riverdale Arena, and in the good-sized rink at the Junction.

Soft Hats For Autumn Wear

"The Hat Shop"

The weather may not warrant it, but fashion decrees it, that, so far as a gentleman's headress is concerned, "it's time for a change."

"Fairweathers" stocks of fine Soft Hats make it easy and bearable to change off from the Straw or Panama.

Light weight English—American—French—and Italian makes—

Pearl grey—green—navy—brown—and other shades—besides black—

\$2.00 to \$8.00

Derby Hats—\$2.50 to \$6.00
Silk Hats—\$6.00 to \$10.00

Light-weight, London-tailored Top Coats — \$25.00 to \$35.00
Raincoats—\$8.50 to \$30.00
Rugs — Gloves — Umbrellas

Fairweathers Limited

Montreal Winnipeg

BISONS AND GRAYS PLAYED THE GAME

Each Club Scored Three Runs in Eleven Innings—Leafs Gain on Royals.

At Buffalo—(International)—With only two days left to play before the season ends the Bisons retained their lead of 2 points over the Champion Providence Grays last night, and the result of an 11-inning game, which was ended by darkness with the score tied at 3 to 3. The teams will be unable to play off the game as Providence goes to Toronto today to finish its season while Buffalo entertains Jersey City.

The Bisons started off with a three-run lead in the second, but Schutte, who succeeded him, kept them scoreless for the remainder of the encounter. The Grays scored in the fourth and tied the game in the ninth. The pitching on both sides, with the exception of Pennock's disastrous start, was of high order, but the Grays' fielding was loose. Score: Bisons..... 300 000 000—3 R. H. E. Providence..... 000 100 000—3 R. H. E. Buffalo..... 300 000 000—3 R. H. E. Batteries—Schutte and Pennock; and Halsey; Gaw, Bader and Onslow.

At Rochester—Jersey City and Rochester broke even yesterday, the home team winning the first game 2 to 0 and the visitors taking the second. The Skeeters out-hit Rochester 3 to 1 in the first game, but their miserable fielding enabled Rochester to score without hits. Jersey City pounced on Delaney at the outset of the second game and, in three runs, a lead which proved safe. Score: First game—R. H. E. Jersey City..... 000 000 000—2 R. H. E. Rochester..... 010 100 000—3 R. H. E. Batteries—Crawford and Traverser; Herche and Williams. Second game—R. H. E. Jersey City..... 300 100 000—4 R. H. E. Rochester..... 000 000 100—1 R. H. E. Batteries—Shutte and Schwert; Delaney and Wanmaker.

At Montreal—After shutting out Harriburg 2 to 0 in the first game Montreal won the second in the 11th, 2 to 0, getting only four hits off Chabek, bunching the offense in the opening inning to score their two runs. Fullerton held the former Indians safe throughout. Harriburg was the only pitcher to be consistent hitting, although the Royals made a gratifying rally in the seventh, being stopped when within run of tying. Score: First game—R. H. E. Montreal..... 000 000 000—2 R. H. E. Harriburg..... 000 000 000—2 R. H. E. Batteries—Crawford and Reynolds; Fullerton and Madden. Second game—R. H. E. Montreal..... 001 020 1—1 R. H. E. Harriburg..... 010 000 2—3 R. H. E. Batteries—Crawford and Reynolds; and no. 2; Dowd and Howie.

No man likes to be thought 'behind the times'

YET some men earn that reputation through their clothes—they fail to recognize the fine distinction between conservatism and dulness.

WE have achieved a high specialization in developing dignity and smartness in "the same breath." And we accomplish it at any price a man elicits.

Suits Overcoats \$12.50 to \$25 \$12.50 to \$35

The World's Selections BY CENTAUR

—LEXINGTON.— FIRST RACE—Dr. Carmen, Lady Jane Grey, Charmeuse, Bank Bill, 107. SECOND RACE—Volary, John Bunny, Cossick.

—HAVRE DE GRACE.— FIRST RACE—Stelleria, Sand Mark, Benjamin, Enoch, Petelus, 109. SECOND RACE—Brush, Meshach, Kneelut, 98 Guy Fisher, 108 His Nibs, 108 Cotton Top, 109 Brave Conqueror, 107 Lazuli, 112.

—DORVAL.— FIRST RACE—Galeswinthe, Rose Water, Col. Gutelius, 103. SECOND RACE—Melless, Puritan, Lass, Hendrick Van.

FROM DUFFERIN TO GOOD OLD WOODBINE

Old Jack Nunnally Won Ninth Race on Closing Day, His Third Straight.

Nine races were run off get-away day at Dufferin Park yesterday afternoon. The weather was warm and a large crowd was in attendance. Two favorites were successful, while the remainder of the card went to short-priced horses.

Old Jack Nunnally made it three straight wins when he won the last event of the day. The apprentice, Jenkins, and McCullough each won three races.

The horses, or rather the talent, will take two days to move from Dufferin to the track at Okolona on Saturday. Summary: FIRST RACE—Purse \$300, for three-year-olds and up, selling, about five furlongs: J. Jno. MacGinnia, 112 (McCullough), 2 to 1, 4 to 5 and 2 to 1.

—HAVRE DE GRACE.— FIRST RACE—Stelleria, Sand Mark, Benjamin, Enoch, Petelus, 109. SECOND RACE—Brush, Meshach, Kneelut, 98 Guy Fisher, 108 His Nibs, 108 Cotton Top, 109 Brave Conqueror, 107 Lazuli, 112.

—DORVAL.— FIRST RACE—Galeswinthe, Rose Water, Col. Gutelius, 103. SECOND RACE—Melless, Puritan, Lass, Hendrick Van.

—HAVRE DE GRACE.— FIRST RACE—Stelleria, Sand Mark, Benjamin, Enoch, Petelus, 109. SECOND RACE—Brush, Meshach, Kneelut, 98 Guy Fisher, 108 His Nibs, 108 Cotton Top, 109 Brave Conqueror, 107 Lazuli, 112.

—DORVAL.— FIRST RACE—Galeswinthe, Rose Water, Col. Gutelius, 103. SECOND RACE—Melless, Puritan, Lass, Hendrick Van.

—HAVRE DE GRACE.— FIRST RACE—Stelleria, Sand Mark, Benjamin, Enoch, Petelus, 109. SECOND RACE—Brush, Meshach, Kneelut, 98 Guy Fisher, 108 His Nibs, 108 Cotton Top, 109 Brave Conqueror, 107 Lazuli, 112.

Coquette, Favorite, Wins Royal Handicap

BALTIMORE, Sept. 16.—The races today at Havre de Grace resulted as follows: FIRST RACE—Selling, 3-year-olds and up, 6 furlongs: Squealer, 109 (T. McTaggart), 7 to 2, 7 to 5, 7 to 10.

SECOND RACE—For 2-year-olds, 5 furlongs: 1. Col. Vannie, 114 (McCabe), 6 to 1, 2 to 1, 4 to 5. 2. Adroit, 107 (T. McTaggart), 4 to 5, 1 to 2, 1 to 1.

THIRD RACE—Selling, Maiden 2-year-olds, 5 1/2 furlongs: 1. Ambrose, 108 (Steward), 18 to 5, 5 to 2, 3 to 1. 2. Robinetta, 108 (Turner), 7 to 2, 6 to 5, 3 to 1.

FOURTH RACE—Royal Handicap, 3-year-olds and up, 6 furlongs: 1. Coquette, 110 (Turner), 2 to 1, 4 to 5, 1 to 2. 2. Etruscan, 110 (T. McTaggart), 7 to 1, 2 to 1, 3 to 1.

SCIENCE MEN WANTED

A number of science men are wanted for overseas service as non-commissioned officers of artillery. They may obtain the necessary recommendation to enable them to take the course at the Royal School of Artillery, Kingston, by applying to Capt. E. A. MacNachtan, O.C., 14th Battery, C.F.A., at 54 1-2 Homewood avenue.

INCOME TAX REDUCED.

The income tax fixed upon J. T. B. Rowell, 74 Vaughan road, was cancelled by the court of revision yesterday on the grounds that he resided out of the city limits.

SIX MONTHS FOR THEFT.

Six months in the Ontario Reformatory to run concurrently with a 30 day sentence which he was already serving at the prison farm, was the sentence meted out to James Fletcher, a waiter, who was charged with the theft of two diamond rings from Edward Sibley.

ON SUSPENDED SENTENCE.

Joseph Harlander, a recent employee of the Ornamental Bronze and Iron Work Company, was allowed to go on suspended sentence yesterday when brought before Judge Winchester in the sessions on a charge of cashing the firm's cheques.

RESULTS AT LEXINGTON.

LEXINGTON, Ky., Sept. 16.—Today's race results are as follows: FIRST RACE—Six furlongs, 3-year-olds and up, selling: 1. Colie, 100 (Robinson), \$9.40, \$4.40 and \$2.70.

That Son-in-Law of Pa's

YOU MAKE ME Tired, MA THINKIN' THAT FOL SON-IN-LAW'LL EVER MAKE A DETECTIVE? I'D LIKE 'T SEE 'TH' MYSTERY HE COULD SOLVE

BUT I'VE PUT 'EM ABLE 'X' TO THE TEST, PA? DO YOU REMEMBER THE BEST I GAVE YOU FOR YOUR BIRTHDAY? THE ONE THAT DISAPPEARED BEFORE YOU EVER HAD A CHANCE TO WEAR IT?

WELL, IT WAS ALWAYS A MYSTERY TO ME WHERE IT WENT, SO I PUT CEDRIC ON THE TRAIL, AND HERE IT IS!

HE SAYS HE COULD TELL ME HOW AND WHY IT DISAPPEARED, BUT HE'D RATHER NOT.

GOSH-BLINK THAT BONE-HEAD! HE KNEW I HAD THAT BLAMED THING 'T KEEP FROM WEARIN' IT, AN' NOW I GOTTA WEAR IT, MA'S FEELIN'S'LL BE HURT—OH, JUS' LET ME GET MY HANDS ON HIM!

Y. STOCK MARKET NOTABLE STRENGTH

Reports of Progress in Billion Dollar Loan Sends Up Value... U.S. STEEL SOLD OFF... Bethlehem Steel Registered... Net Loss of Five Points... Other Issues Strong.

NEW YORK, Sept. 16. — Stocks moved tentatively today on a volume of operations in which specialties figured to the good. Large volume of trade broke in that it embraced a greater number of issues than have recently been quoted. Foreign stocks were active buyers and because of substantial progress asserted to have been made in negotiations for the Anglo-French billion dollar loan. Prices closed buoyant at 1 1/2 to 2% net advance, with December at 98 1/2 and May at 99 1/2. Corn gained shade to 1 1/4 and oats 1-3/4 to 7-8c. In provisions the outcome was 12 1/2 to 2 1/2% net.

It was not until wheat had suffered a material decline that the market began to display a tendency toward a steady upward swing. Better weather conditions for threshing and shipping the spring crop had given the wheat a rather lively rate, both cash wheat and future deliveries. Loan Helps Market. Optimistic rumors in regard to improved chances of success for the billion dollar loan, and as to the use of the proceeds in buying American products other than war munitions, led afterward to a great increase of bullish sentiment and to an interrupted advance during the rest of the day. September wheat felt the tightening of prices more severely than was the case regarding other options. The reason was that there seemed to be no limit to the demand for track lots of wheat available for September delivery, and that arrivals here remained unusually small for this season of the year. The actual amount of cash contract wheat in store in Chicago today was only 24,000 bushels.

Corn was helped upward by the strength of wheat. First the market was easy owing to the warmer temperatures prevailing. The report by the weather department that shipping was a source of firmness, as other cereals turned up. Country offerings were small.

STOCKS ARE BUOYANT ON MINING EXCHANGE

New York a Buyer, and Nipissing, Timiskaming, Dome Extension and Others Are Strong. The movement initiated in Nipissing spread yesterday to other mining stocks, and the complexion of the Standard Exchange was entirely changed. The buoyancy in the market was largely due to orders from New York, and it was impossible to execute orders for thousands of shares owing to the withdrawal of offerings. Bear scalpers, as stated a few days ago, also took over a rich group of shares, and yesterday these traders nonchalantly stood aside and refused to be put short of the market. Nipissing improved its price to \$7.10 a share, and Crown North was bid at \$2.25, simultaneously disposed of on the New York Exchange at 22 1/4. Timiskaming sold up to 45 1/2, and McIntyre was bid at 44 1/2 at the close. The rise in Timiskaming was due to a new find on the property. After the close sales of McIntyre were made at 49 and of Timiskaming at 38. Dome Extension rose to 23, and 25 1/2 was bid for a block of 10,000 shares. Bailey was in unusual demand on a rumor that the suit would be decided in the interests of the shareholders. The market broadened out materially, the sales for the day being nearly 100,000 shares.

TRADING WAS DULL PRICES IRREGULAR

Dealings on Toronto Stock Exchange Small and Some Figures Are Lower. On the Toronto Stock Exchange yesterday trading was dull and prices irregular and in some instances easier. The president of the Steel of Canada Company has made a statement that many of the bullish rumors regarding the company are much exaggerated. These shares were in less demand at a price of 110. The market for Canadian Chlorophane shares was quiet and without change, and in the unlisted issues the dealings called for no special mention.

QUARTERLY STATEMENT OF BEAVER COMPANY

The directors of the Beaver Mine report for the quarter ending Aug. 31, 1915. The main shaft is down to a depth of about 110 feet. As stated in previous reports, your directors deem it advisable to continue sinking the shaft until the lower contact between the diabase and Keweenaw formations is reached. There is a great deal of ground yet to be prospected on the upper levels of the property, and the main shaft is being sunk to a depth of about 300 feet in order to reach a small vein from one of the main shafts, which was encountered at a high-grade and mill rock. From the following statement it will be seen that we have quite an amount of bullion in storage in New York which can be sold very quickly should the price of silver advance to warrant its sale. Bullion in storage in New York, 235,015.4 ounces; bullion due from smelters, 22,801.8 ounces; ore bags, 10,000; 56,334 ounces total, 314,511.42 ounces; cash on hand, \$116,017.25.

WHEAT MARKET

CHICAGO, Sept. 16.—Notable strength developed in the wheat market today as a result of reports that foreign buyers were active buyers and because of substantial progress asserted to have been made in negotiations for the Anglo-French billion dollar loan. Prices closed buoyant at 1 1/2 to 2% net advance, with December at 98 1/2 and May at 99 1/2. Corn gained shade to 1 1/4 and oats 1-3/4 to 7-8c. In provisions the outcome was 12 1/2 to 2 1/2% net.

BUYING FOR EXPORT

News of Heavy European Purchases Stimulated Chicago Pit. It was not until wheat had suffered a material decline that the market began to display a tendency toward a steady upward swing. Better weather conditions for threshing and shipping the spring crop had given the wheat a rather lively rate, both cash wheat and future deliveries. Loan Helps Market. Optimistic rumors in regard to improved chances of success for the billion dollar loan, and as to the use of the proceeds in buying American products other than war munitions, led afterward to a great increase of bullish sentiment and to an interrupted advance during the rest of the day. September wheat felt the tightening of prices more severely than was the case regarding other options. The reason was that there seemed to be no limit to the demand for track lots of wheat available for September delivery, and that arrivals here remained unusually small for this season of the year. The actual amount of cash contract wheat in store in Chicago today was only 24,000 bushels.

Corn was helped upward by the strength of wheat. First the market was easy owing to the warmer temperatures prevailing. The report by the weather department that shipping was a source of firmness, as other cereals turned up. Country offerings were small.

BETTER QUALITY OF FRUIT CAME

Markets Was Heavy Again, But Goods Were of Higher Grade. PEACHES FLOOD MART Unusually Large Supply and Some Still Unsold as Evening Came.

The wholesale fruit market receipts were again heavy yesterday, the general quality of the fruits being better than Wednesday, the quite a large quantity of high quality peaches being brought to market. The 11-quart flat baskets bought from 25c to 35c, and the leno covers from 40c to 50c. The 6-quart choice bringing 60c to 75c, while the 6-choice bringing 60c to 75c, and the leno at 25c to 30c; a large quantity of 11-quart flat baskets, Dawson, Niagara; Robt. Lock, St. Catharines, and A. C. May, St. Catharines, shipped especially fine ones to Clemens Bros., and A. Ramsay, Niagara, shipped 1000 baskets of choice ones to H. Peck.

Plums of choice quality were in good demand and sold at 25c to 35c per 11-quart basket. The poor quality blue plums to McBride, and Long of Water-down section, 25c to 30c per 11-quart basket. Peaches were not generally of very good quality. 11-quart flat baskets selling at 25c to 30c, while some fancy quality Bartlett's in well-filled leno baskets brought as high as 75c. W. F. Farninger, St. Catharines, shipped choice Bartlett's to McWilliam & Everist.

ST. LAWRENCE MARKET

There were a few farmers and market gardeners in the wagon section of the St. Lawrence Market yesterday, apples selling at 25c and 30c per 11-quart basket, and \$2.50 per 100. New potatoes at 50c per bushel; (Clappa Barette) at 40c and 45c per 11-quart basket. This section was again quiet, and, as usual, just like a horse stable. If the potatoes are going to sell in the market as a stable they will have to flush it out every day to keep it clean. There were fifteen loads of hay brought in, selling at unchanged prices. 22c. Spring chickens are now selling at 20c to 22c; fowl at 15c to 18c, and ducks at 25c to 30c per 11-quart basket. Butter and eggs advanced on the wholesale during the week, the butter one cent per lb. and the eggs one cent per dozen.

WINNIPEG GRAIN MARKET

WINNIPEG, Sept. 16.—Irregular and unsettled were the conditions on the wheat market today. Nowwithstanding prices showed an advance over yesterday. Cash grain were in good demand, wheat of Nos. 1 and 3 northern being most asked for. Oats were wanted and barley was in fair inquiry. Flax was quiet. In sight for inspection today, 800; inspections amounted to 480, as against 1250 a year ago. 10 1/2c.

Fresh Bargains Today at the Simpson Store

Store Hours 8.30 a.m. to 5.30 p.m.

300 Persian Rugs, Mostly Antiques, at \$15.00 Each

Here's a great bit of luck. With the supplies of Oriental Rugs practically cut off, we ran across a rare shipment that circumstances forced the owners to sell instantly. Under normal conditions this would be a splendid chance; under present conditions, it is quite extraordinary. Come early tomorrow, Fourth Floor. You'll never have a better chance than this to make an absolute safe Oriental Rug purchase.

That seems almost incredible, but "there is a reason," and this is it. Realizing that the sale of Oriental Rugs this year is somewhat curtailed, we decided that the Simpson policy of quick turnover and small profit would enable us to take the whole shipment. Don't miss this fact. These are the real genuine Persian Rugs, everyone different; splendid mellowed soft colors, an effect entirely unobtainable except in the genuine antiques. This kind of rug is getting more and more scarce, and they are the natives' own handwork. A great many of them considerably worn, but all beautiful in their soft subdued shades, and good for many years of hard wear. Sizes range from about 4.0 x 3.0 to 6.10 x 4.0.

- Antique Feraghan, 6.2 x 3.7 15.00
- Daghestan, 5.3 x 3.7 15.00
- Antique Kurdistan Runner, 8.6 x 3.6 15.00
- Antique Mosul, 6.11 x 3.2 15.00
- Antique Cabistan Prayer Rug, 5.4 x 2.3 15.00
- Antique Mosul, 5.10 x 13.2 15.00
- Extra Heavy Mosul, 5.11 x 4.1 15.00
- Feraghan, 6.10 x 4.0 15.00
