FUNERAL OF DR. MCGLYNN.

Large Attendance of Clergy, Both Catholic and Protestant, at the Impressive Service.

Newburgh, N.Y., Jan. 10.—The funeral of Dr. Edward McGlynn was held to-day in St. Mary's Church, which was crowded to the doors, and many could not obtain admission. The services were exceedingly impressive, and were presided over by most Rev. Archbishop Corrigan, head of the Diocese of New York. About one hundred priests of the diocese were present. Occupying seats in the church were all the Protestant clergymen of the city, who had been specially invited to attend the services. The city officials were also present by invitation. The musical part of the service was elaborate.

After the sermon the service was concluded by singing and the pronouncing of absolution by the archbishop.

After the service the remains were viewed by the people, and were then taken to the West Shore Station, where the coffin was put aboard the train.

A Verdict for \$1500.

In the Civil Assize Court yesterday Farmer Allen of East Gwillimburgh received a verdict for \$1500 from the Hon. Mr. Justice of the same townships, as damages for the seduction of his daughter, Alberta Allen, by J. R. L. Starr for defendant.

BOODLE AND BOODLERS.

The revelations of corruption, bribery, ballot-box stuffing, ballot-stealing, etc., in connection with the holding of elections in this country ought to turn the stomach of every decent Canadian. Where does the money come from? Not from the pockets of the candidates themselves, not from the ministers. Our belief is that it comes from the subsidies voted to railways, a large portion of it at all events. And this boodle money at times finds its way into the campaign funds of both political parties.

The new way of boodling is to buy up the dominant party which originates the grants and carries them through Parliament or the Legislature with a large sum of money, and to hush up the Opposition with a small contribution!

Every man connected with these disgraceful things, whether Liberal or Conservative, must, when exposed, go into retirement. It was a high crime for Mr. McNish to run again in Elgin, and on his own confession Mr. William Smith must be put down as an impossibility. This is the reason why is one way of stopping the business. But what about the men who supply the hundreds of thousands for these corrupt funds and the politicians who make the deals? Can't these men be made to answer and get out of public life? And men in the public service like Preston and Thompson ought to be hustled out of it the moment they are exposed.

If every man was discredited as fast as he was proven guilty of bribery the business would become too risky to follow. No mercy to the corruptors would soon change the situation.

THE MAYOR TACKLES THE GAS CASE.

The disclosures made before the Board of Control yesterday fully justify Mayor Macdonald in retaining independent counsel to advise him in the city's case against the Consumers' Gas Company. The recent administration appears to have stood in the gas company's shoes. This is the reason why a new case was not entered against the company in conformity with the finding of the Judicial Committee of the Privy Council. This is the reason why no action was made of the Gas Company's affairs in the city's case. It is a well-known fact that the late administration in regard to the audit for 1899. It was only recently that an auditor was appointed for that year, and it was only through the aid of being found.

WHEAT AT 58 DED NORTH LATH.

Mr. Ogilvie, the great Canadian miller, has just received a sample of wheat grown at Fort Vermilion, on the Peace River, Territory of Athabasca. Fort Vermilion is in latitude N. 58, longitude W. 116—one thousand miles north of Calgary, and 3104 miles west of Montreal. The wheat is hard and plump, and a very fair milling sample.

The World has from time to time called attention to the great possibilities of this district as a wheat country. It has been estimated that the Peace and Mackenzie basins contain enough wheat lands to raise 600 million bushels a year. As Mr. Ogilvie remarks in a letter to the Montreal Gazette, it is a well-known fact that the north-west wheat can be grown the richer it is in gluten and phosphates. According to this theory Canada ought to become the greatest wheat producer in the world, both in quantity and quality.

Why this wonderful activity on the part of the Department of Education, and why these sweeping changes? Are old friends being rewarded and old enemies placated by the appointments? Are friendly publishers now reaping the rich harvest of anti-bye-elections?

Has Mr. Ross paved his way to the Premiership with promises now in course of rapid fulfillment, for which the people must pay, or what is still more probable, is this the new policy of the new Minister of Education, Mr. Harcourt?

Premier Ross has stated that he has a plan to pay, or what is still more probable, is this the new policy of the new Minister of Education, Mr. Harcourt?

He has visited a specialist in Toronto, but was told his case was a hopeless one. He quit the doctors, went to taking South American Kidney Cure, and today he is the best of health and has been for twelve months.

league with the Metropolitan Railway and that by the silence are helping that company to win its case at Ottawa, and thereby obtain jurisdiction over Yonge-street as against the city. As for Mayor Macdonald, we do not know what he has done in the way of advising counsel. There is no evidence, however, that he has not consulted with the legal gentlemen who went to Ottawa to represent the city's side of the controversy. The deputation left Toronto on the night of the first day of the new Mayor's accession to office. It would be hardly fair to condemn him for not taking this matter in hand on such short notice. But, as we have said, there is no evidence that he did not consult with Mr. Drayton and the city's special counsel. Even if he did not specially advise the counsel who represented the city, the latter, one of whom was Mr. Drayton of the City Solicitor's Department, fully understand the city's position. The case has been argued inside out during the past few weeks. If the city's counsel did not get a group of cases themselves no amount of advice from the Mayor could have helped them. Should the city lose its case it will not be because of Mayor Macdonald's failure to coach Mr. Drayton and Mr. Oster.

league with the Metropolitan Railway and that by the silence are helping that company to win its case at Ottawa, and thereby obtain jurisdiction over Yonge-street as against the city. As for Mayor Macdonald, we do not know what he has done in the way of advising counsel. There is no evidence, however, that he has not consulted with the legal gentlemen who went to Ottawa to represent the city's side of the controversy. The deputation left Toronto on the night of the first day of the new Mayor's accession to office. It would be hardly fair to condemn him for not taking this matter in hand on such short notice. But, as we have said, there is no evidence that he did not consult with Mr. Drayton and the city's special counsel. Even if he did not specially advise the counsel who represented the city, the latter, one of whom was Mr. Drayton of the City Solicitor's Department, fully understand the city's position. The case has been argued inside out during the past few weeks. If the city's counsel did not get a group of cases themselves no amount of advice from the Mayor could have helped them. Should the city lose its case it will not be because of Mayor Macdonald's failure to coach Mr. Drayton and Mr. Oster.

He beat with a revolver. Her father then the man down, and another man came and fired another shot.

Mr. Robbette questioned the child, and admitted that there was a watch on the room. She didn't know of Williams.

When Crown Attorney Curry was called out the ante-mortem statement of de- cided in evidence. Mr. Robbette objected the case of Queen v. Mitchell.

It argued that the actual words of de- ceased must be proved. He submitted Mr. Curry should have included in the state- ment the questions put to the dead man.

Mr. Robbette claimed a narrative state- ment was only hearsay evidence, and such testimony was very unsafe to put in, specially by the Crown. The objection is overruled, and Mr. Curry read the de- ceased's statement obtained just before his death.

By this the Crown attempted to show that both men fired at the deceased, and that there was no doubt of Williams firing in Mr. Varcoe's room.

Deadly 38-Calibre Bullet.
Dr. J. M. Cotton read the report of the autopsy made by himself and Dr. John Hew. He gave it as his opinion that death resulted from two 38-calibre bullet wounds, the third wound inflicted by a 32 calibre bullet was merely superficial.

After unimportant testimony had been given by Detective Cuddy, W. K. Colville, Dr. Hays and Detective Walter Duncan, Kerr announced that the case for the Crown was closed. The prisoners will be held in the box on their own behalf this morning, and it is expected a verdict will be returned by noon. The jurors were locked for the night.

Industrialists Were Weak, But Railroads Held Up Well—Canadian Stocks Are Firm in Toronto and Montreal—Latest Financial News.

Wednesday Evening, Jan. 10.
Stocks in Toronto are steady, with light trading. In Montreal market is quiet, and there was very little activity to-day.

Cables from London to-day quoted Grand Trunk first pref. at 8 1/2, second at 8 1/4, and third at 8 1/2. Hudson Bay is higher at 2 1/4. Anaconda unchanged at 1 1/2.

The general London market was reported strong to-day with fractional ad- vances following ease in the money market. Business was light with a heavy tone in the middle of the day, with the closing firm. Consols eased off slightly, closing at 105 1/2. The market for Indian currencies was firm, showing fractional ad- vances.

Montreal Street Railway earnings for Tuesday, Jan. 9, were \$4600, an increase of \$870.

Toronto Street Railway earnings for Monday, Jan. 8, were \$3700, an increase of \$200.

American railroads shares in London opened steady and above parity, and continued so throughout the session, with the settlement absorbing the attention of investors. The closing tone was dull. One failure was noted on the London market, the amount of \$45,000 was withdrawn from the Bank of England on balance to-day, and \$20,000 was transferred to the Indian currency account. Spanish Four closed at 60 1/2.

C. P. R. Earnings Still Increase.
Montreal, Jan. 10.—Special telegrams from the C.P.R. Company for the traffic week ending Jan. 7 were \$460,000. For the same week last year were \$420,000, showing an increase this year of \$40,000.

Wall Street.
The stock market was dull and narrow today. The railroads were the main feature of the session, and the market was generally steady. The closing tone was dull. VON MIQUEL IS PLEASED.

Says the Budget of Prussia is the Most Favorable That Has Ever Been Submitted.

Berlin, Jan. 10.—In introducing the estimates in the lower House of the Diet today, the Minister of Finance, Dr. Von Miquel, declared the budget was the most favorable ever submitted. He added that the surplus for 1899-1900 was \$3,340,000 marks, and the current year was expected to furnish equally satisfactory and favorable results. The new estimates were longer based on railroad receipts than the same extent as formerly. Dr. Von Miquel referred to the times of distress, and said debts amounting to \$80,000,000 marks had been redeemed during the last decade.

TOM MOORE'S HARP.

It is an Irish Dyalway and is Now the Property of a New York Soprano.

New York, Jan. 10.—There has arrived in this city, from Dublin, a musical instrument with an interesting history. It is the harp of Thomas Moore, the Irish poet, and is now the property of Marie Glover, the soprano soloist of the Church of the Sacred Heart of Jesus. The instrument belonged to her grandfather, the late Prof. Glover of Dublin, to whom it was given by the Messrs. Moore, the family of the Irish harp. It is about three feet in height and weighs, perhaps, ten pounds.

WHAT MIGHT HAPPEN.

If Lord Aya Dies an American Lady Would Be the Wife of the Successor.

New York, Jan. 10.—A London cable says that should the Earl of Aya, eldest son and heir of the Earl of Dufferin and Ava, die of his wound received at Ladysmith, the title and estate of the Marquis of Dufferin and Ava, would be inherited by the late Lord's daughter, the Hon. Mrs. Dufferin, who is married to an American, Mr. J. H. Davis, and was married in Paris six years ago.

A CRAZY DOCTOR'S DEED.

Caught a Child by the Foot and Swung It Round and Round Till Dead.

Hampton, Jan. 10.—Dr. G. M. Appleby for several years has been practicing at Bridport, Butler County, near Lima, a fit of insanity killed a ten months' old child of Henry Westcott of this place, while treating an examination of it in Dr. Appleby's office in this city. "Crazed by religious excitement," caught the child by one foot and swung it round and round till his head before the parent could interfere.

EPIDEMIC OF INFLUENZA.

From Royalty Downward the People of England Are Attacked.

London, Jan. 10.—The epidemic of influenza is spreading throughout the whole country. The newspapers contain long lists of notable sufferers from the disease, and death lists are abnormally long. The royal household at Osborne House, Isle of Wight, has not escaped. Many of its members have been removed to a sanatorium.

Grand Tour of Mexico.

On Feb. 14, 1900, the Wabash Railroad Company will run a personally conducted and select party of thirty people to Mexico, through all the principal cities of that country. This will be a chance of your life to visit this ancient land of the Montezumas. Every point of interest will be visited. The train will consist of dining car, sleepers, observation and baggage cars, built especially for this trip. The route will be over ten different roads, covering seven thousand miles of travel. Full particulars of this wonderful trip from J. A. Richardson, District Passenger Agent, southern corner King and Yonge streets, Toronto.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Electric Balm for Rheumatism, and it was the whole of my summer trouble. I was without crutches, and every movement caused excruciating pains. I am now and then troubled with rheumatism, but I have used a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me."

Lady Alice Montagu Dead.

London, Jan. 10.—Lady Alice Montagu, sister of the Duke of Manchester, died today at Daresbury, a health resort in Switzerland. She was 20 years old.

THE BOARD OF CONTROL IS AT WORK IN EARNEST

Continued from Page 5.

How Coady Gets Out.

Mr. Coady: I may tell you this, that the chief of the board was not at all of his own accord. Mr. Patterson took the board's word that it was not right. But I have got security for both.

Make Time on the Estimates.

Aid, Spence: There is another matter would be bringing up at our first meeting. I would like this board also to pass a strong resolution with reference to estimates. I do not know why there should be a delay of two months in getting the estimates ready. There is not a department that does not know what was done last year and ten years back, and that could not in a short time get the estimates in shape for the new year. We should pass a strong resolution to-day instructing everybody with whom we have to do to send in the estimates not later than 1st February. I am willing to meet every day to push this.

The Mayor: The reason might sink deeper if the money was not paid.

Mr. Patterson: The statute says they shall also send in their estimates not later than a certain day, and they may do so earlier. The statute further says that it shall be the duty of the Board of Control to prepare the estimates. Although that is our business, it has never been done. They have been prepared by the Treasurer's department, and they have always been wrong on somebody or something from day to day. Now, in getting the estimates from every department, we should be particular that the overruns from last year are not included, but are sent in separately. And, with reference to the estimates, would like the Treasurer to lay before the Board of Control a detailed statement showing why each estimate was over or under the estimate in every department should be placed along with the estimates. Our practice is to have that department for the year, and the items of expenditure of the preceding year. That has never been done. Everything should be ready by the 1st of February.

Sheppard Talks Sense.

Aid, Sheppard: I am always a sign of good city government to be able to know early in the year what expenses are to be required for the year. Our practice is to begin expenditure and wait for the estimates until the middle of the year. We have no chance of dealing with them. The 1st of February is late enough.

Mr. Coady: I wish the best I can in the matter.

Mr. Sheppard: I do not intend to say this in the least offensively. Mr. Coady, but I think the very best you can do is to have the estimates ready by the 1st of February.

The Order Made.

The following order was then made: Ordered: That the secretary of this board be instructed to forthwith notify the heads of the various city departments, the Public, High and School Boards, Free Library Board, and the Board of Police Commissioners, that the Board of Control desires to have full estimates of expenditure for the current year forwarded to the secretary of the board by the 1st of February. The secretary is instructed to further advise the heads of the various departments, and to request them to show separately and distinctly: (1) the amount of expenditure for the current year; (2) the amount required in detail for as far as possible; (3) the amount of expenditure for the current year, such information as to the current year's requirements and the amount of expenditure for the current year for convenience in considering such estimates.

The board adjourned till 2 p.m.

The Afternoon Session.

On resuming in the Mayor's office Mr. Littlejohn said he had looked up the statute and found that in certain bodies are required to send in their estimates before the 1st March.

Controller Sheppard re-opened the Bennett and Wright drawback matter. He said: I understand there is a settlement of the matter. I am not assuming. There is but \$200 worth of work under the contract. It is a small matter, and men are kept here under the architect. The unfinished work may not be done for some time.

Mr. Taylor Overworked.

Mr. Taylor, City Relief Officer, wrote to the effect that the Medical Health Department had thrown upon him temporarily, some of the work of the Health Department, and suggested that such an appointment be made under the Medical Health Department.

Controller Sheppard said the work was very important. Many of the applicants were quite new arrivals in the city from outside places.

The Mayor: Would you let a man die if he was not a resident of Toronto?

Controller Sheppard: I think you should not ask me that question.

Mr. Patterson: It is the alternative of your statement.

Controller Sheppard: I think not. We have either the power to charge cases up against the municipality to which they belong, or we should apply to the legislature for the power.

Mr. Caswell did not think the statute at present gives the power.

The matter was referred to Dr. Sheard for a report.

After the Gas Company Again.

The Gas Company affair was again considered. Mr. Patterson and Mr. Caswell being present.

The Mayor: We broke at where we were trying to find out what authority the Attorney-General in 1897 refused to give a decision about waiting him out with the City's suit against the company.

Mr. Patterson Explains.

Mr. Patterson gave a history of the proceedings. On July 7 the matter was argued before the Attorney-General, Mr. Blake appearing for the Gas Company, Mr. Patterson for the City, and Mr. Fleming and others being present. Subsequently, when there appeared to be some delay about the

decision, Mr. Patterson made an enquiry of Mr. Patterson, who could give no reason for it, but Mr. Patterson, and gave in late last week goods, pianos, organs, bicycles, horses and wagons, call and see us. We will advance you any amount from \$10 up same day you apply for it. Money can be paid in full at any time or in six or twelve monthly payments to suit borrower.
