G.T.R. Bill Meets Criticism in Senate, But Advances Stage
Germany Asks 21,500,000 Tons of Food and Materials

STILL DISSATISFIED WITH ALIEN CLAUSE OF FRANCHISE BILL

More Strong Criticism of Government's Amendment—Leave Matter Undecided. CLAIM OF INJUSTICES

Ottawa, May 6.—(By Canadian Press)—The house spent a couple of hours on the franchise bill this afternoon, but no further clauses were passed. Debate turned on enfranchisement of women of alien enemy birth, naturalized by marriage to British subjects. Under the original bill, such women were not given the vote. The government brought down an amendment to meet their case, but it was criticized this afternoon as being insufficient. W. D. Ewart declared that the government was trying to reconcile two irreconcilable things, and moved that the whole sub-section in question be struck from the bill.

PROVINCE'S CARS FOR JOY-RIDING?

Dewart intimates some officials are disposed to take liberties. Hartley Dewart, Liberal leader, in the legislature last night gave the government a little talk on economy in the matter of motor cars. He wanted to be assured that the cars owned by the province were not being used for joy-riding or private use. The government was asking about \$15,000 for maintaining the cars.

PENSIONS DISPUTE UP IN COMMONS

H. Cronyn broaches matter of Col. Peck's resignation—Matter deferred. Ottawa, May 6.—(By Canadian Press)—At the opening of the house this afternoon, Hume Cronyn, chairman of the pensions committee, rose to make a statement regarding the resignation of Col. C. W. Peck of Skeena, and the letter which Col. Peck wrote upon resigning. This letter, said Mr. Cronyn, had appeared in the public press. He then proceeded to quote from the letter at some length, and to follow this quotation with a statement regarding the proceedings of the committee.

WILL PAY AT POLLS FOR IMPERTINENT MESSAGE

London, May 7.—The London Times publishes a cablegram received by Lord Northcliffe from "The Loyal Coalition" of Boston, quoting a cablegram sent by that organization to Premier Lloyd George, in which the message of the American congressmen on the Irish question sent to the premier is termed "impertinent" and declaring: "These congressmen will pay at the polls for this middle-class interference."

PAR VALUE NOT YET FIXED, SAYS MORDEN

Montreal, May 6.—Col. W. Grant Morden, interviewed today on the point that no definite announcement had as yet been made in regard to the par value of the common stock, which, with the 7 per cent. non-cumulative securities, is to be exchangeable for the junior shares of the companies to be merged in the new \$500,000,000 British Empire Steel Corporation, stated that the question was still under advisement and that the opinion of the issuing of the common stock at a parity of \$5 or \$10 would be left to those exchanging their securities.

Fourteen Points to Explain Why Mme. Deschanel Refuses Hat

New York, May 6.—President Deschanel of France has refused to permit Mme. Deschanel to accept the \$5,000 hat offered her by 3,000 American milliners. The hat was made from material supplied by each of the 48 states and decorated with nine paradise plumes, each costing \$500. "Fourteen points," explaining why the wife of the French president could not accept the gift, were cabled by the Society for the Improvement of Millinery Art in France to the Millinery Jobbers' Association, in session here today. Some of the points are: Bad precedent—Paris only style centre. The United States took advantage of Paris during war. Americans dangerously resourful. Paris never produced so expensive a hat as \$5,000. Big & novelty as Eiffel Tower. Such gift is like carrying coals to Newcastle. America should not give away what it will not buy—paradise. America has no artistic atmosphere—nothing but colossal wealth. Rate of exchange gives America unfair advantage over Paris creators.

COUNCIL OF LEAGUE MAKES CONDITIONS REGARDING ARMENIA

Washington, May 6.—The council of the league of nations has refused to offer a mandate for Armenia to any power unless certain requested stipulations are embodied in the supreme council in the Turkish settlement. According to official information received here today, the league council, in a note to the supreme council, has insisted that the boundaries of Armenia be fixed; that a free port, preferably Batum, be accorded her; league council will be free to ask the new state be provided before the league council will be free to ask an independent power to assume mandatory powers over the country.

AMERICANS DISCHARGED FROM BRITISH ARMIES

Washington, May 6.—Forty thousand Americans, who in the early days of the war enlisted in the British and Canadian armies, have been discharged from the British reserve force by an order issued by the British war department and made public today by the British embassy here. Although the majority of these men were being carried on the British army lists as reservists, subject to recall in the colors in case of emergency.

Japs and Russians Conclude Armistice at Vladivostok

London, May 6.—An armistice has been concluded between the Russians and Japanese at Vladivostok, according to a wireless message from Moscow.

No Reflection Intended Gen. McLean is Emphatic

In Statement Given out at St. John, N.B., He Declares His Record on Pensions Committee Has Been One of Strong Sympathy Toward Soldiers and Dependents. Montreal, May 6.—Under St. John, N. B. date, The Montreal Star this evening carries the following statement from Gen. H. H. McLean, M.P., respecting the resignation of Col. Peck from the pensions committee and the cases which led up to it: "I am very sorry that Col. Peck has seen it fit to resign from the pensions committee, and that the pension committee should have been so unfortunate as to have had a resignation of Col. Peck. The official stenographer's report shows what I said. It was that 'most of the private soldiers who married servant girls were in that class who were earning their living before.' I am sorry that I did not make any meaning clearer, but my intention in referring to servant girls was merely to mention them as illustrative of the class of independent, industrious young women who had been accustomed to earning their own living, and who, if not burdened by children, should still be able to contribute to their own support. In saying that it is my opinion that it would be better for any woman to have some occupation or objective in life. I do not think that I am disparaging any individual or suggesting class distinctions. When the statement referred to was made, I was opposing the giving of increased pensions, or full pensions to

MEMORIAL PRESENTED TO REPARATIONS COMMITTEE THEY ARE REQUIRED TO KEEP EIGHTH OF POPULATION BUSY

Berlin, May 6.—The minimum imports needed by Germany for the year ending July 31, 1921, are given in a memorial to the reparations commission, as follows: Food and fodder, 5,500,000 tons; fertilizer, 300,000; coal, 2,000,000; mineral oil, 15,000,000; ores and metals, 2,500,000; wood, 2,500,000; raw textiles, 1,000,000; hides and leather, 150,000; miscellaneous, 1,500,000. This amounts to 21,500,000 tons, as compared with nearly 73,000,000 tons in 1913. The memorial points out the baneful consequences any reductions would have on the working population, as the workers in the above industries number 8,500,000, who, with their families, represent one-sixth of the entire population. The memorial places the total tonnage needed to import these materials at 18,500,000, or about one-quarter of that of 1913. Germany's pre-war mercantile shipping amounted to four million tons for this particular transport, and, therefore, at the same ratio for the 1921 imports about one million tons of German shipping would be needed. After the fulfillment of the peace treaty Germany will be left with only 300,000 tons and she would be obliged to engage 700,000 gross register foreign shipping. This, the memorial declares, Germany in her present reduced circumstances would be unable to do.

CONCENTRATING TROOPS AT MEXICO CITY, WITH INTENTION TO TRANSFER CAPITAL. RAILWAYS BEING CUT

Washington, May 6.—Concentration by Carranza of troops at Mexico City caused rebel representatives here to believe today it might indicate the president's determination to gather about him a force sufficiently strong to enable him to transfer his seat of government. The obvious purpose of such concentration, it was explained, would be the defence of the capital, but, according to military experts, Mexico City is so difficult to defend that Carranza might be expected to employ the same tactics he did when Villa gained the ascendancy in 1914, and again set up his capital at Vera Cruz. It would be possible for Carranza to take with him Vera Cruz, or to some other point, the officials of the supreme court and a considerable quantity of supplies and money, but observers asserted, his position would then be no stronger than that of Villa or any other leader conducting independent operations. The possible success of such tactics, they declared, depended wholly upon a radical change in popular opinion.

U.S. GRAIN EXCHANGES DESIRE REMOVAL OF BARS, BUT ASK GOVERNMENT'S PROTECTION AGAINST THE OPERATION OF FOREIGN GOVERNMENTS' FORCE.

Chicago, May 6.—Plans for re-establishment of an open market in wheat, following expiration of the wheat quantity act on June 1, will be discussed here tomorrow at a meeting of representatives of boards of trade, country and terminal elevator associations, grain buyers, exporters and bankers, called by Julius H. Barnes, wheat broker. "The open market, including trading in futures, was suspended early in the war at the request of Herbert Hoover, and has never been restored, even though government-guaranteed price for wheat remains in effect until June 1. The Chicago Board of Trade and other exchanges throughout the country desire to resume trading in futures, it is stated, but want assurances from the government to safeguard their market. They particularly wish, they state, governmental protection against the pool of foreign governments, which has been buying grain for export. Present exchange rules forbid a corner in grain in the United States, but unless the government will give its support, the exchange men say, there is nothing to prevent foreign governments from cornering the market and manipulating prices at the expense of the farmers. The only way this can be prevented, the boards of trade will tell Mr. Barnes, is for the United States to notify the foreign governments that the embargo section of the Lever act will be applied to the necessary, and that contracts executed in violation of American laws will be nullified. Pool's Immense Power. An estimate of the immense power of the pooled resources of all the allied governments was furnished early this year, according to Elmer F. Gates, president of the Chicago Board of Trade, when the allies by agreement remained out of the American market for four weeks. The resulting shortage of wheat, 50 to 70 cents in the price of wheat. The allies then came back and executed future contracts at the low price, the farmers losing the difference. The board also objects to the allies' practice of reselling the wheat purchased here at less than cost, according to Gates. Under the normal operation of the law of supply and demand, he points out, a high price for grain encourages more planting and the shortage that produces the high price is automatically remedied. Under the allies' practice, however, he says, the allied peoples get cheap grain and one effect of the high price is thereby lost.

Liberal Leader Urges Government to Recover Arrears of Taxes. Hartley H. Dewart, Liberal leader, in the legislature yesterday afternoon, called for prompt action on the part of the government, with a view to instituting proceedings against the big nickel interests to recover arrears of taxation. He has given notice of the following motion: "This house is of the opinion that it is the duty of the government to institute proceedings under the mining tax act to recover from the Canadian Copper Company (or the International Nickel Company of Canada, interested in the arrears of taxes properly payable by it (at \$40,000 per year), and that the necessary ancillary legislation be passed, authorizing the recovery of the arrears of the taxes to which it is entitled, and which have not been paid."

BRITAIN AVERSE TO POLAND'S ACTION

Giving Neither Material Nor Moral Support to Attack on Reds. London, May 6.—Great Britain is not giving moral or material support to the Polish attack on the Bolsheviks. It is authoritatively stated that Great Britain stands on what Premier Lloyd George told the Polish foreign minister, Stanislas Patek, when the latter was in London, that Britain looked with disfavor on Polish aggression, but was willing to help Poland if she were attacked by the Bolsheviks. There was no new conversation between Poland and Great Britain immediately prior to this offensive. Answering a question in the house of commons as to whether it was advisable to point out to Poland that the boundaries laid down by the supreme council could not be changed by fighting, Mr. Bonar Law, the government leader, said that Poland was fully aware of that fact.

Winnipeg, May 6.—The Manitoba Free Press tomorrow will publish the following special from Jackson, Miss.: "Governor Russell states that he has given no assurance, either verbally or in writing, that Mississippi will extend a welcome to the colony of 800 Mennonites in Canada who desire to move to this state; that he had the matter under consideration, and is therefore not prepared to say what he will do in the matter. PLAN MEMORIALS TO SOLDIER DEAD

Federal Committee Recommends Expenditure of Million and a Half Dollars. Ottawa, May 6.—(By Canadian Press)—Memorials to Canada's fighting dead will be erected at eight historic battlefields in France and Flanders if the recommendations of the special committee on war memorials is adopted as submitted to parliament today. Representatives of Canada's returned soldiers, of Canadian colleges and architects societies and government officials have completed their investigations and submitted their proposals for war memorials. The total cost of the work is estimated roughly at \$1,500,000. Select Eight Sites. The committee has selected eight sites for the memorials. In Belgium, sites at St. Julian, Crest Farm, Passchendaele and at Hill 62, Observatory Ridge, have been accepted as gifts from the Belgian government. A site at Bourlon wood has been accepted as a gift from Comte de Flandre, major at Bourlon, and four other sites, at Hill 145, Vimy, at the cross roads of Bury, at Courcellette and at Hospital wood between Caix and Le Quesnoy, have been acquired by the committee. It is recommended that \$250,000 be provided in the supplementary estimates this session to cover the cost of roads and of the competition for designs. Expect Drayton Will Bring Budget Down Wednesday. Ottawa, May 6.—(By Canadian Press)—It is expected that Sir Henry Drayton, minister of finance, will bring down his budget on Wednesday. The definite date, however, has not yet been decided upon. Announcement in the house will probably be made tomorrow.

THIS FARMER PLOWED LONELY FURROW IN LOCAL LEGISLATURE

U.F.O. Member From Lambton Alone Opposes Civil Service Bill. The measure under discussion provided that \$38,500 would be collected from the civil servants themselves and a similar amount would be voted by the government. In ten years the scheme would be self-supporting. Some of the higher paid officials, under the scheme would really contribute more to the fund than they would get out of it. However, there would be very few such cases. The entire permanent staff of the buildings, the premier said, in answer to a query, would come under the scheme.

THREATENED BY WHIP?

The government's bill respecting the superannuation of civil servants was freely discussed in the legislature yesterday and received general approval from all groups of the house. One U.F.O. member, J. M. Webster of Lambton, created a small ripple on the legislative sea by declaring the insurance withdrawal for the present.

UP AND UP GOES PRICE OF WHEAT

St. Louis, May 6.—Cash wheat sold above \$3 in St. Louis today for the first time since the government took over the control of wheat in the summer of 1917. Red winter wheat No. 2 sold on the Merchants' Exchange at \$3.02 a bushel. The new high price was said to be due to a strong demand for export in a market containing but little grain because of the yardmen's strike. Only about 25,000 bushels of wheat of all kinds arrived here today, it was said.

FRANCE HAS PLAN TO CONTROL ROADS BY JOINT BOARD

Council to Include Workmen, Chambers of Commerce, Deputies and Government. MAY SETTLE STRIKE. Paris, May 6.—The strike of railwaymen, which has extended to the miners and dockers and to the metal workers in the Paris district, with the threat of a possible general strike, has caused the government to hasten its promised plan of reorganization of the railroads as forecast in the chamber of deputies on February 24 last. It is considered that this plan giving control of the transportation systems to a committee representing all interests, will furnish the probable basis for a settlement of the strike, which is a continuation of the May Day demonstration with nationalization of the railroads as its chief object. Unofficial details of the government's project show that it provides for a controlling council composed of delegates representing the technical and administrative personnel of the railroads, the workmen, chambers of commerce, parliament and the government. Under the plan this council would have authority to order improvements, and, if necessary, have the right to suspend the operations of the companies. The council's control was to cover operation of the roads and (Continued on Page 2, Column 6).

BRITAIN AVERSE TO POLAND'S ACTION

Giving Neither Material Nor Moral Support to Attack on Reds. London, May 6.—Great Britain is not giving moral or material support to the Polish attack on the Bolsheviks. It is authoritatively stated that Great Britain stands on what Premier Lloyd George told the Polish foreign minister, Stanislas Patek, when the latter was in London, that Britain looked with disfavor on Polish aggression, but was willing to help Poland if she were attacked by the Bolsheviks. There was no new conversation between Poland and Great Britain immediately prior to this offensive. Answering a question in the house of commons as to whether it was advisable to point out to Poland that the boundaries laid down by the supreme council could not be changed by fighting, Mr. Bonar Law, the government leader, said that Poland was fully aware of that fact.

MISSISSIPPI MAY BAR MENNONITES

Winnipeg, May 6.—The Manitoba Free Press tomorrow will publish the following special from Jackson, Miss.: "Governor Russell states that he has given no assurance, either verbally or in writing, that Mississippi will extend a welcome to the colony of 800 Mennonites in Canada who desire to move to this state; that he had the matter under consideration, and is therefore not prepared to say what he will do in the matter. PLAN MEMORIALS TO SOLDIER DEAD

Federal Committee Recommends Expenditure of Million and a Half Dollars. Ottawa, May 6.—(By Canadian Press)—Memorials to Canada's fighting dead will be erected at eight historic battlefields in France and Flanders if the recommendations of the special committee on war memorials is adopted as submitted to parliament today. Representatives of Canada's returned soldiers, of Canadian colleges and architects societies and government officials have completed their investigations and submitted their proposals for war memorials. The total cost of the work is estimated roughly at \$1,500,000. Select Eight Sites. The committee has selected eight sites for the memorials. In Belgium, sites at St. Julian, Crest Farm, Passchendaele and at Hill 62, Observatory Ridge, have been accepted as gifts from the Belgian government. A site at Bourlon wood has been accepted as a gift from Comte de Flandre, major at Bourlon, and four other sites, at Hill 145, Vimy, at the cross roads of Bury, at Courcellette and at Hospital wood between Caix and Le Quesnoy, have been acquired by the committee. It is recommended that \$250,000 be provided in the supplementary estimates this session to cover the cost of roads and of the competition for designs. Expect Drayton Will Bring Budget Down Wednesday. Ottawa, May 6.—(By Canadian Press)—It is expected that Sir Henry Drayton, minister of finance, will bring down his budget on Wednesday. The definite date, however, has not yet been decided upon. Announcement in the house will probably be made tomorrow.

GENERAL McLEAN NO FIT PERSON

Is Resolution Passed by Riverdale G.W.V.A. Calling for Resignation.

The following resolutions were unanimously adopted at the regular meeting of Riverdale branch, G.W.V.A., held in Broadview Hall, Broadview avenue, last night. A. W. Marshall, president, before the meeting.

Moved by Comrade Fenny and seconded by Comrade Daymond, that: "The Riverdale branch, G.W.V.A., vigorously condemn Brig-General H. H. McLean, M.P., for his remarks before the pensions committee with reference to the fallen comrades who served in the rank and file, furthermore, being firmly convinced that Brig-General McLean is not a fit and proper person to represent returned soldiers on the pensions committee or any other committee affecting returned soldiers. We demand his immediate resignation from the said pensions committee."

"And we embody in this resolution our indignation at the resolution of the Riverdale branch, G.W.V.A., and Colonel R. C. Cooper, M.P., for their splendid and patriotic example in resigning from the pensions committee in protest and in defence of the widows of our gallant comrades who gave up their lives on the battlefield. Also that the branch disapproves of the recommendation of the pensions committee with respect to the continuation of pension below 20 per cent. by a cash payment. Comrade Turley stated that he was in accord with the aforesaid resolution, but pointed out that in his opinion Col. Peck and Col. Cooper did not resign on account of Brig-General McLean, and that McLean only expressed the opinion in the minds of the pension board, and that the returned men can expect but a consolation from the pension board. The meeting decided after some consideration to endorse as petition of the Tax Reform League of Eastern Canada in the matter of tax reform. The campaign expenses of Comrade Jesse Wright and the proportionate contribution to the same from the branch. It was pointed out that moral support, but not financial support, was promised by the pension board to the candidates of the Ontario riding in the Ontario parliament and of the House of Commons. The members of the campaign, Big Four fund, proposed purchase of Palmer House and other reports were submitted and discussed.

A WESTON WEDDING.

At the home of the bride's parents, Mr. and Mrs. William Campbell, 158 Main street, Weston, the marriage of their third daughter, Vera, to Thomas Coxhead of Toronto was quietly solemnized at 2 o'clock on Thursday afternoon. Rev. J. M. Anderson, of the Andrew's Presbyterian Church officiating. The bride was attired in ivory Dutch satin and georgette and carried a bouquet of American beauty roses. The happy couple will live in Long Branch.

FIRE BRIGADE AT WELAND.

The Weston Volunteer Fire Brigade, at a meeting held last night, decided to attend in a body the last night of the convention of the Ontario fire chiefs, to be held on Aug. 4 at Weland. Three delegates, George Fisher, Gordon Coulter and James Gardhouse, were deputed to be present on Aug. 2 and 3 also. The brigade are carrying the whole expense themselves.

BOYS HEAD CUT BY AUTO.

Jack Finemore, a lad of 6 years, whose home is at 277 West Dundas street, received a bad cut on the forehead when struck by an auto on Keele street about 8 o'clock last night. The auto was driven by Chas. A. Aubrey, 47 Church street, Weston, who was going south on Keele. Dr. Christian of Annette and Keele streets gave aid and had the boy taken home.

WESTON LIBRARY PROGRESS.

The April report of the Weston Public Library gives a total circulation of 2139. There were 23 members added, making a total of 1383. The most popular subjects for adults ranged as follows: Natural science, 32; fiction, 38; travel, 34; fiction, 38; juvenile literature, 128; philology, 19; natural science, 125; fiction, 507.

HAMILTON

Hamilton, Ont., May 6.—A request from the teaching staff of the Fairfield School, situated in Homeside district, recently annexed to the city, that they be paid the city scale of salaries from April 1, was turned down by the internal management committee of the board of education this evening.

The tender of the city engineer at \$4,616 for the draining of Scott Park was accepted by the controllers today. No action was taken, however, on the engineer's request for permission to move the military buildings north of Cannon street.

An entire trainload of road oil is promised this city as soon as conditions are right. This was the assurance given by City Engineer G. W. Leach, 74 Stuart street, was knocked down and rendered unconscious when he ran in front of an automobile belonging to Dr. Green, 777 East King street, this afternoon.

A branch of the Brotherhood of Railway Employees, comprising T. H. & B. Railway clerks has been formed here.

Mortgages on property at 6 per cent interest are, in this city, a thing of the past. The rate has been advanced to 7 1/2 per cent in some cases, but generally the rate is 7 per cent. The potato boycott apparently has not had the desired effect of reducing the price of tubers. The quotations on the market today were from \$6.50 to \$7 per bag.

SCHOOL SECTION NO. 7, YORK TOWNSHIP

YORK COUNTY AND SUBURBS

WANT SPUR LINE ON KEATING STREET

A deputation of the Riverdale Trades Map's Association recently waited upon the harbor commissioners to find out the present status of the spur line along Keating street. The tracks have been laid a considerable distance and are being used for construction work. At the request of the association the board of control also took the matter up with the harbor commissioners, and it is now recommended that as soon as conditions permit the track will be completed and the industries served thereby. The whole arrangement will be subject to the approval of the Dominion Railway Board.

Shelving Girl Labor Problem Not Satisfactory, Says Hanna

"Shelving the question of female labor into the compensation act is not satisfactory and we expect a straight showdown," said Albert Hanna, secretary of the North Riverdale Liberal Association to the World yesterday. "I would ask myself whether the Liberal party is paralyzed or afflicted with dry rot. Take as an example," said Mr. Hanna, "girls employed in stores at \$12 a week. The solution of the girl labor problem is solved largely by giving full citizenship to these girls, who may not have the privilege of home-making."

RECITAL FOR MISSION.

About 200 were in attendance at a piano recital in Weston Town Hall last night in aid of the Grenfell Mission of Labrador, \$35 being realized. The program was given by the pupils of Miss Margaret Gillette, ten in number, each of whom has won one or more certificates from the Toronto Conservatory of Music. The following make the list: Misses Madeleine Cowan, Betty Burton, Elinor Morrison, Doris Lambert, Mildred Wallis, Ruby Funnay, Marjorie Campbell, Evelyn Marth, Theresa McDonald and Master Horace Sainsbury. Beautify School Grounds, Say Todmorden Trustees

A meeting of the school trustee board of S. S. No. 27, Todmorden, was held last night in Torrens Avenue School. Deputy Reeve J. A. Jackson, president, presided. He decided to lay out the front lawn and approaches at Chester School, Don Mills road, and Torrens avenue, with grass plots, flower beds, shrubs. It was also decided to prepare the pupils' and for garden produce. The overcrowded condition of the school was briefly discussed, and the opinion was expressed that the question of further accommodation should be taken up at an early date.

MUMPS IN TODMORDEN.

Mumps is prevalent in the Todmorden district among the children at the present time, and as many as 10 and 12 children in each class room are now absent suffering from the complaint, according to the statement of Hartman Jones, principal.

Danforth Park Residents Want Hydro Electric

Owing to the Danforth Park section being still without hydro-electric house and street lighting, a deputa-tion of the ratepayers, headed by W. C. Curtis, will approach the York township council to urge that the matter be placed before the Toronto Hydro Commission for early attention.

SCHOOL MEETING POSTPONED

The meeting of school trustees and ratepayers of school section 7, Danforth Park, called for this evening, to discuss the selection of a school site, has been postponed until next Friday, May 14. The situation is becoming increasingly acute in the section, owing to the turning away of about 40 children thru lack of accommodation.

ASK GENERAL'S RESIGNATION

At a meeting of the Earlscourt branch of the G.W.V.A. last night, at Belmont Hall, various matters were discussed pertaining to the welfare of the branch, and the following resolution passed: "That, in view of the fact that General McLean had disparaging remarks against the private soldiers and their wives in connection with the pensions committee, he be asked to resign his position, and those who had resigned be reappointed." Comrade Major was appointed delegate to the committee at headquarters re the big membership drive on June 11. Comrade Godfrey presided. Comrades James Sykes, Wickham, Major and others took part in the discussion.

A GOOD CONCERT.

A large audience attended the thirty-second annual concert of the Excelsior division of the Sons of Temperance, held in the local Orange Hall at the corner of Euclid avenue and College street, last night. A play called "Aunt Susan's Visit" was given and was much appreciated by the audience. One of the contributing artists was Miss Myrtle Gridal. She sang and also did some eccentric dances.

SAY CONSTRUCTION AT HOSPITAL GOOD

Architects Defend Barton St. Work—To Drain Scott Park.

Hamilton, May 6.—The tender of the city engineer at \$4,616 for the draining of Scott Park was accepted by the controllers today. No action was taken, however, on the engineer's request for permission to move the military buildings north of Cannon street. Controller Davis urged the need for emergency hospitals, while the location of a military unit here was held also to be probable. Stewart and Witton, architects, in a letter to the board of control, referred all the charges of faulty construction at the Scott Park hospital as complained of by the board of hospital governors. Instructions, they stated, had been given for the discontinuance of the work at the entrance. They suggested a visit of inspection by the controllers, which it was decided to make early next week.

FRENCH RIVER WATERWAY BIG NATIONAL ENTERPRISE

North Bay, Ont., May 6.—The international deep waterway commission will meet here on Friday, and the north country citizens are ready to present their views as to the most necessary work in this connection. It is certain that the claims of the improvement of the French River waterway will be brought before the commission. TURKEY MAY DEMAND PLEBISCITE IN SMYRNA

London, May 6.—There is reason to believe that Turkey will make a counter-proposal to the entente when she is officially informed that Smyrna has been handed over to the Greeks, says a despatch from Constantinople to the London Times. She will propose that the Greek troops be immediately withdrawn from Smyrna province and that a plebiscite be held under the auspices of an allied force. Should the majority decide in favor of Turkish rule, the despatch adds, the Porte will guarantee to make Smyrna a free port and grant large political and municipal concessions to the Greek element. Moreover, it will guarantee its ability to keep the nationalist forces quiet during the plebiscite.

QUESTIONS PROPOSED TAX ON UNLICENSED COMPANIES

Ottawa, May 6.—On the orders of the day in the commons Fernand Rinfret (St. James, Montreal) drew the attention of the government to an item in a Montreal newspaper regarding a proposed tax on unlicensed mutual fire insurance companies. The news item in question suggested that this tax might be imposed, but would be less than fifteen per cent. Sir Henry Drayton replied that the government was looking for revenue. No decision, however, had been arrived at regarding a tax on unlicensed mutual fire insurance companies, if any action was to be taken, it would be announced when legislation regarding it was brought down.

BUCK STOVE WORKS BURN IN BRANTFORD

Loss of Seventy-Five Thousand Dollars—Factory Operation Interrupted.

Brantford, May 6.—(Special.)—The worst fire sustained by Brantford since the Crompton store fire in 1916 broke out this morning in the second story of the mounting rooms of the Buck Stove Works. The building was half gutted, and it was only because of the hard work of the firemen that total destruction of the entire plant was prevented. The loss is approximately \$75,000. Factory operation will be interrupted for some little time. The origin of the fire is mysterious. Fireman Scott sustained a bad gash over the eye when a piece of loosened iron hit him, and Fireman Curtis and Mayes, by a hair-breadth, escaped when one of the walls fell. Insurance was carried and the building will be rebuilt.

MANITOBA MENNONITES DECIDE TO LEAVE CANADA

Plum Coulee, Man., May 6.—The Mennonites of Manitoba after an all-day conference held on Tuesday by the members of the Mennonite church at the village of Rinsland, decided to leave Canada and seek new homes in the state of Mississippi, where they have secured options, along with the Mennonites of Saskatchewan, large tracts of uncultivated lands. They hope to be permitted to have their own schools, conducted under the direction of their own church at which German is the only language and the Bible the lesson book.

The washerwomen demand \$8 and \$8.50 a day.

FAVORS SIX-CENT FARE.

Regina, Sask., May 6.—Superintendent D. W. Houston of the street railway department has written the city commissioners recommending the adoption of a six-cent fare on the street cars unless the people are prepared to endorse the operation of one-man cars as a measure to meet the increasing cost of running the system. It was announced by Commissioner Thornton.

MOVIE TO VERA CRUZ IS BELIEVED LIKELY

(Continued From Page 1.) Indicated interruption of traffic over the railroads between Mexico City and Vera Cruz, Puebla and Tachuca, and the main lines north to Toluca and west to Guadalajara. Mexican rebel agents here tonight announced receipt of a telegram from Mexico City saying the president of the municipality was organizing a civilian guard for the purpose of protecting the city in the event of its evacuation. The information, the agents said, was confirmed by them to mean that Carranza had determined to abandon the capital, since the organization of such a force probably would not be undertaken without his consent and certainly not without his knowledge.

WILL NOT GIVE UP PRESIDENCY.

Mexico City, May 6.—Refusal to abandon the presidency in face of the menace of rebellion featured a manifesto issued yesterday on the occasion of his national holiday by President Carranza. The president announced that he would fight to a finish to put down the rebellion, and that he would not give up the presidency to anyone except a legally-elected successor. He enunciated the principle of non-resignation, asserting that the presidency must not be a prize for military luck. In the manifesto, President Carranza declared it would be impossible to hold the reins of government until the rebels were set for July 4. Also, he traced the events in Mexico, which, he charged, represented a plot by the rebel forces to gain the presidency thru means of violence.

BURBERRY TOPCOATS—

THE COATS ONE PUTS
ON A PLANE WITH
THE BEST OBTAINABLE—
Have Just Arrived
From England.

Burberry Coats Are Not as Plentiful Today as in Former Days, One
Reason is That the Output is Lessened

ANOTHER REASON is that there are many men who, when
they see a coat that carries an air of quality, and is
particularly well draped and styled, they say: "Ah! A very smart
coat indeed, it looks like a Burberry." And so the word 'Burberry'
becomes better known every day as a word that stands for the
elite in Topcoats.

At \$60.00 Are Burberry Spring Topcoats
That Have Been Specially Treated So as to Render Them Shower-proof

They are of an all-wool Lovat shaded Scotch
tweed, in 3-button, single-breasted style, with neatly
notched lapels, patch pockets with flaps, regular
shoulders and full-fitting draped back. Lining in
yoke and sleeves is of silk. Sizes 36 to 44. Price,
\$60.00.

At \$65.00 are Burberry Spring Topcoats of all-wool
yarns, in medium grey shade, with large faint check, or in
fawn and greenish fawn mixtures. They are in 3-button,
single-breasted style, with close-fitting collar, notched lapels
and outside patch pockets, having flaps. Yoke and sleeve
linings are of silk. These coats are also showerproof. Sizes
36 to 44. Price, \$65.00.

At \$50.00 Are English Topcoats
Of the Aquascutum Brand

THEY are Waterproof Coats of all wool and wool and cotton
cheviot finished materials and Scotch tweed fabrics, in plain
dark green and light green herringbone twill patterns, and in
regular shoulder styles, with notched collars, 3-button, single-breasted
fronts, and 2 outside patch pockets with flaps. Some are in Lovatt
and brown shaded Scotch tweed, in raglan shoulder styles, with slash
open-through pockets, which allow access to inner pockets; notch
lapels, close-fitting collars and cuff effect on sleeves. Yoke and sleeve
lining is of silk or silk and cotton. Sizes 36 to 44. Price, \$50.00.

At \$26.00 is a motor style Burberry Raincoat of dark brown
and drab colored cotton gabardine fabric, which has been put through
a waterproof process. It is in single-breasted style, fastens close up
to the neck, has slash open through pockets and wind strap on the
outer sleeve, and dome fastener on the inside, making a coat that is
specially suitable for driving. Sizes 36 to 44. Price, \$26.00.

At \$35.00 is a Burberry Raincoat of either light or medium
fawn shade union wool and cotton gabardine, in single-breasted
English style, with notched lapels, raglan shoulders, and slash pockets
that allow access to inner pockets. Sleeves have wind shields and
straps on the outside, yoke and sleeves have lining of artificial silk.
Sizes 36 to 42. Price, \$35.00.

"Brogue" Boots and "Brogue" Oxfords Are
Very Popular

Here's a "Brogue" Oxford

Lloyd George Will Ignore
Message on Ireland as
Political Manoeuvre.

London, May 6.—Premier Lloyd
George will not take cognizance of
the message from American con-
gressmen relative to Ireland.
"This sort of thing has ceased to
cause any stir here," an official at 10
Downing street told the Associated
Press this morning. "We long since
have come to believe that resolutions
and messages coming from America
are political manoeuvres and that
they do not represent American sen-
timent. Consequently they have
little weight."

Some of the London newspapers do
not publish the congressmen's mes-
sage, while others print it incon-
spicuously. The only editorial refer-
ence to the message thus far was in
the Pall Mall Gazette, which did not
publish the cablegram, but referred
to it under "notes of the day."
Eighty-eight members of the

United States Congress have inform-
ed Premier Lloyd George of their ob-
jections to the detention of Irish
prisoners without trial, the Pall Mall
Gazette said. "That they do not re-
proach him with murdering the lord
mayor of Cork must be set down to
the nice sense of international deli-
cacy which distinguishes their spee-
ches."

Stratford Merchant is Thrown
Thru Store Front by His Motor

Stratford, Ont., May 6.—F. F. Kas-
tner, well known merchant, was se-
verely hurt this morning when jam-
med by his auto into his store front.
He had left the car in gear and when
he cranked the car it ran away, car-
rying him on the bumper. The car
crashed into a nearby store, com-
pletely smashing the store front and
throwing Kastner thru the window.

PAID IN FULL.

Middletown, N. Y., May 6.—Lewis
Bauscher, a Spring Valley merchant,
added insult to injury when, after
having been fined \$15 for speeding, he
asked the judge for a receipt.
"Your record on the book is your
receipt," said the judge. "You may
look at it whenever you wish."

TURKS INDISPOSED
TO OPPOSE REBELS

Grand Vizier Will Send En-
voys to Effect Compromise
With Nationalists.

Constantinople, May 6.—After con-
sultation with the entire cabinet, De-
mad Perid Pasha, the grand vizier,
decided today to send Nazim Pasha,
former chief of staff, and Nourredine
Pasha, formerly governor of Smyrna,
to Ankara for the purpose of effecting
a compromise with Mustapha Kemal
Pasha, the nationalist leader.

The efforts to induce Turkish troops
to oppose Mustapha Kemal's forces
appear to be becoming more difficult
daily. Three thousand Turkish pris-
oners, who had just been repatriated
from Egypt, mutinied when they were
told they would be sent to Anatolia
for this purpose. In another case, of
three thousand recruits under training
in the war office compound one-third
drew a month's pay and asked to go
home to say good-bye to their fam-
ilies, but return to return. The re-

mainder are now being kept locked in
the compound.

Doubt is expressed among observers
here if the two emissaries the grand
vizier is sending to Ankara will ever
return to Constantinople.
Colonel Jafar Tavar, the command-
ant at Adrianople, who recently de-
clared Adrianople independent, has re-
turned to that place from Constanti-
nople. He was received with a great
ovation, and is reported to be prepar-
ing to resist the Greek occupation.

IDENTIFY MAN WITHOUT MEMORY.

St. Catharines, Ont., May 6.—The
man without a memory, who a week
ago was found lying in a stump in
Connor's bush, south of this city, was
today identified by relatives as Wat-
son Meagows, a wealthy farmer of
Thamesville, who once escaped from
the London asylum, and was later ad-
mitted to the Guelph sanitarium. In
April of this year he was permitted to
go home for a week and disappeared
after the first day.

SPREES COST MORE.

Passaic, N. J., May 6.—The cost of
getting drunk like the cost of every-
thing else, is going up in this town.
The fine used to be \$5, but Police
Judge Costello has raised it to \$25.
The judge says there is no law against
putting prices still higher.

FEAR CAUCASUS
BECOME BOLSHEVİK

Allied Occupation of Batum
is Probable on Account of
Attitude of People.

Batum, Caucasus, May 6.—Azer-
baijan troops, which were holding
Baku when that city was approached
by Russian Bolshevik forces, failed to
make any serious defense of the place,
according to reports reaching here.
Bolshevik gunboats fired a few shells
over the city, but there was little
attempt to do actual damage.

Two British lieutenants and some
British sailors, who were captured by
the Soviet army at Baku, will be held.
It is said, until an equal number of
Turkish Nationalists are released from
Malta by the British.

All American women workers with
the American committee for relief in
the near east, have been ordered in-
to Tiflis by Col. Wm. N. Haskell, in
charge of operations, as a result of
the capture of Baku. A few women
engaged in relief work north of the

Caucasus mountains, have been sent
here.

Georgia has refused to permit Ar-
menian railroads to obtain oil. In
consequence railway traffic has been
virtually suspended, and the ship-
ment of relief supplies has been in-
terrupted. Labor unions here have
announced they will refuse to allow
stores of clothing, food and supplies to
be taken out of the city.

Danger of the entire Caucasus re-
gion turning Bolshevik is causing great
uneasiness among business men here.
Alligments of Georgia with the
Bolsheviks is expected soon, and there
are indications that allied occupation
of this city may be abandoned be-
cause of the hostile attitude of the
people. If allied forces do not take
over control here, it is believed
Armenia may form an alliance with
the Soviets. Conversations between
Moscow and Erivan are now in pro-
gress. It is declared.

CAT BURIED WITH OWNER.

New York, May 6.—The favorite cat
of the late Maria Louisa Ewon was
buried in the same coffin with its
owner. Miss Ewon died a year ago,
but her devotion to the cat was not
made public until recently, when a
nephew, John Ewon, a lawyer, of
Yonkers, N. Y., started to contest his
aunt's will on the ground that she had
been mentally incompetent.

CARING FOR DEAD
IN REGIONS OF WAR

Hundreds of Thousands of
Graves Have So Far Been
Identified and Registered.

Montreal, May 6.—In France and
Belgium up to mid-April there have
been 425,000 graves identified and reg-
istered. In addition 147,000 burials
have been reported. Scattered and
isolated graves to the number of 128-
000 have been attended to and re-
interment made. Another 100,000
graves in other theatres of war have
been identified and another 50,000
burials outside France and Belgium
have yet to be dealt with.

These facts were given by W. L.
Griffith, secretary of the high com-
missioner's office in London, England,
who is here on departmental affairs
and who shortly before leaving Eng-
land for Canada, visited France and
Belgium in connection with the war
memorials, which are to be erected on
the battlefields there.

Widely Cut Down.
However bony dry Ontario may become there will be thrifters in the desert for whose comfort others will risk their freedom. The new bill to amend the Ontario temperance act is well conceived generally and implements, on the whole, the experience that has been gained in a difficult field.

Bret Onlooker.
Next issue we are to know who edits The Onlooker, the new monthly review mentioned here the other day. It was believed, from the announcement, that the review is the venture of its printers. But The Onlooker himself, whose letter in another column is one of the choice morsels of modern journalism, intimates that he is not only writing the review, but that nobody else can have a look in because he has no money to pay for contributions from other able men, and has no paper on which to print the observations of gratuitous commentators. If the circulation at 20 cents a copy goes up—and The World cheerfully passes on The Onlooker's information to those whose subscriptions are to furnish the money for the contributors—we may really see things in this organ of critical opinion, played by one hand.

O'Leary's Win.
More workers in public service than James Simpson can learn something from the successful libel suit brought against the redoubtable ex-controller by ex-President O'Leary of the Toronto Trades and Labor Council. Mr. Simpson, on his personal responsibility, and to a spectacular gallery accompaniment, accused President O'Leary and Secretary Hevey of going to employers for money to start a labor paper of moderate views, in opposition to The Industrial Banner, which Mr. Simpson edits. The charge was based on information brought from a meeting of employers, and was persisted in after action was brought for \$10,000 damages.

Musical Hath Woes.
In one church, at least, music is to be born again—it is to be immersed anew in the laver of regeneration, after an immortal once called the foolishness of preaching. Pastors who have thought their choirs are prone to fill an ungodly magnitude in worship may feel that there is more hope for the spoken as well as the sung word than there has been for some time, now that the Jarvis Street Baptists have decreed that the minister is to order the order of service, and that the choir is to be the servant rather than the lord of the church.

Other People's Opinions.
The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

The Onlooker Explains.
Editor World: The only reason why the editor of The Onlooker must decline manuscripts is because he has no money to pay for them. The only reason why he must refuse letters on any and every subject is because space is limited and the cost of paper high. If he were in a position to enlarge his boundaries and pay decent compensations to budding genius he would gladly do so. He himself writes "Con amore," and gets out of the job simply the satisfaction of the accomplished task. But if the circulation should go up to dizzy heights it is his intention to show his prosperity with his younger brethren of the pen. (Please pass the news along to the 50,000 young poets in Canada, and get them to subscribe). The Onlooker has this in common with The Brastander. It is an organ of critical opinion, and the pen of the obligator is unpaid. He has no party obligations, no political axe to grind.

something to say and to be able to say it with conviction and clarity. Mr. Shields has carried his congregation because it knows him for one of that kind.

Mr. Drury and Equal Rights in Legislation.

The Mount Pleasanters and their municipal street car line got a death blow in the legislature yesterday, presumably because it was a public ownership service. Had it been a charter for a private-owned line, the Farmers' legislature, following its predecessors, would have granted it with unlimited bonding powers. But because the great city of Toronto asked power to issue debentures for a much-needed public service at the cheapest fares charged in Canada, the bill was defeated. Probably no better fate will attend the city's other bill, asking leave to appoint a street railway commission, with powers of issuing securities for construction. Mr. Drury himself had better have a look into this discrimination. The Toronto Star glories in this triumph over public rights.

Day in Parliament.
Ottawa, May 6.—(Special).—In the senate today the Grand Trunk bill passed the third reading tomorrow and the royal assent next week. There was little opposition except from the Quebec wing, led by Senator Casgrain, who declared every day the government postponed taking over the Grand Trunk they were saving the country \$80,000. He made the gloomy prophecy that the deficit next year on the Grand Trunk system would be \$30,000,000. He brought up the question of pensions for the 1919 strikers, and while declaring himself a friend of labor, expressed the view: "If there were no strikers but leaders and walking delegates would have to go to work," concluding by expressing the wish that a man would arise in this country that would free labor from the tyranny of the unions."

Report Abnormal Demand for Phones.
Main Reason Given by Bell Co. in Requesting Increase in Capitalization.
Ottawa, May 6.—(By Canadian Press).—Abnormal increase in the demand for telephones and the prospect of even larger business during the next five or ten years was the main reason given by C. F. Sise, vice-president and general manager of the Bell Telephone Company, who appeared before the railway committee of the commons today in respect to the company's application to increase its capitalization from \$35,000,000 to \$75,000,000. The application was passed by committee.

Casgrain Doleful About Taking C. T. R.
Brampton.
Senator Casgrain, who has been in the Commons today in respect to the Grand Trunk bill, expressed his disappointment at the prospect of the government's taking over the Grand Trunk system. He said that the government was acting against the interests of the province and that he would continue to oppose the bill.

To Assist Germany to Purchase in U. S.
Washington, May 6.—A bill designed to assist Germany's purchase in the United States of such materials as are necessary to the United States of that country and which would help meet reparation demands, was introduced today by Senator France, Republican, Maryland. It would authorize loans to a total of \$250,000,000 to be the finance corporation to German purchasers of foodstuffs and raw materials in the United States. The corporation being authorized to accept German six per cent securities which its approval in payment.

DRURY: "Go to it, boys! I intend to help the man build his own home by putting the tax on the fellow who does nothing with his vacant land."

WILL NOT GO BACK ON IRISH POLICY

Lord Chancellor Says It is Impossible to Concede Demands of Sinn Fein.

London, May 6.—In a debate in the house of lords today concerning conditions in Ireland, Baron Birkenhead, lord high chancellor, on behalf of the government, said it was intended to continue the policy of giving to the Irish executive all possible assistance and support. He added that in no conceivable circumstances would the government concede the demands of the Sinn Fein, and that the proposal to invite the Sinn Fein to another Irish convention was a proposal wholly out of contact with any living reality.

Watch This Stock. There is a Reason Why.

OUR STRENGTH GROWS OUT OF OUR WEAKNESS!

The wise man throws himself on the side of his assailants. It is more his interest than it is theirs to find his weak point. I hate to be defended in a newspaper. Blame is safer than promise. As long as all that is said is said against me I feel a certain assurance of success. But as soon as honeyed words of praise are spoken for me I feel as one that lies unprotected before his enemies. In general, every evil to which we do not succumb is a benefactor.

I have personally made a thorough investigation of The Youngblood Electric Heater and have in my employ one of the most eminent mechanical engineers of the United States. He has investigated the claims of The Youngblood Electric Heater. After his investigation I signed contracts to supply our appliances to United States concerns that will run into Hundreds of Thousands of Dollars. If you have never studied the man who has made a success of life through hard, uphill fighting, you have missed an interesting and instructive observation of life. Most every day you meet men whom people call lucky. Some of them are lucky; some of them have become wealthy through no effort of their own--it has been left to them by relatives. Others earned the nickname "lucky" because those that call them lucky cannot conceive how anyone can make a success of life without being lucky. If you had the opportunity to investigate the careers of many of the most successful men of the world today, you would find that their success was not due to "luck," but to hard work and good judgment. In other words, they had minds of their own--minds that could not be swayed this way and that way at the will of anyone else. I had a mind capable of doing my own thinking and investigating and making my own decision and I decided to secure control of The Youngblood Electric Heater Corporation of United States and five days afterwards secured control for the Canadian Corporation. Nearly every normal person has been gifted with a fair amount of ability and intelligence, and some education, but few are fortunate enough to have minds of their own--minds with conviction that do not totter and fall at the suggestion and criticism of others. We have the goods and court the fullest investigation. Shrewdness in trade is not a mark of wisdom. Men suffer all their lives under the foolish superstition that they can be cheated. The Youngblood Electric Heater is a great invention and no fake, and its greatness makes it look impossible. Don't be misled, but come in and see for yourselves what a great invention this Electric Device is and its unending possibilities. Remember this Company has control of the United States Company and that means unlimited earning powers for the Canadian Company, and that the stock value is low at Fifteen Dollars per share.

The Youngblood Electric Heater (Canada) Limited

Par Value \$10.00 per share.

Price for this Month, \$15.00 per share.

\$50.00 ore in Herrick shaft

Ore running \$50 to the ton has been opened up in the shaft of the Herrick Gold Mines to a depth of 60 feet.

The results of such drilling indicate that the vein runs almost straight down. This means that the shaft can be sunk in ore to great depth and suggests the ease with which a large tonnage of ore can be opened up quickly.
