Drury Government to Spend \$35,000,000 on Hydro and T. & N. O. Another Sinn Fein Raid on Irish Barracks and Other Buildings

DEWART SEEKS TO REDUCE COST OF LICENSE BOARD BY DISMISSING TWO MEMBERS

Liberal Leader Thinks One Commissioner is Enough—Doctors Issuing Prescriptions Have Many Friends in Legislature—Government Tacitly Admits Imperfections in O.T.A.

The government's amendments to the O. T. A. were again debated in the legislature yesterday, and as usual there were some pretty hard things said about the administration of the present law.

The liberal leader announced that he would seek to have two of the members of the provincial board of license commissioners removed. One was sufficient, he thought, for the enforcement of the act.

Mr. K. Homuth (South Waterloo) thought an unjustature of the O. T. A. was the excessive penalty provided for a man found carrying liquor while if he had drunk it and became drunk the fine was nominal.

Another complaint was that it took days to get a prescription from the vendors for medical purposes. A respectable man in dire need of liquor for sickness might, while waiting his order to arrive, borrow some from a neighbor and be caught with it in his possession and heavily fined.

These doctors found contravening the act should not be struck off the rolls and prevented from practicing their profession. They should be simply prohibited from issuing prescriptions for liquor.

Mr. R. L. Brackin opposed the proposal that the authority to the board of license commissioners to control the sale of liquor in the province in the matter of the number of prescriptions for liquor may be increased from seven to ten.

GIDDY WHIRL FAGS ST. KITTS' SCHOLARS

St. Catharines, Ont., May 13.—(Special.)—In a public manifesto issued today, which declares that the past winter has been one continuous whirl of excitement for the young people, Principal Coombs of St. Catharines Collegiate institute prepares parents of pupils for many expected failures at the forthcoming examinations.

MISTAKE TO MAKE HYDRO DEPARTMENT, BECK'S DECLARATION

Intimates Early Securing of Rights to Develop Morrisburg Power on St. Lawrence.

Smith's Falls, Ont., May 13.—At a largely attended meeting of the citizens of Smith's Falls, at which there were representatives from many eastern Ontario municipalities held in the Rideau Theatre here tonight, Sir Adam Beck, chairman of the Ontario Hydro Power Commission, spoke on the Hydro-electric situation in eastern Ontario.

He incidentally stated during his address that there had been a fatal mistake to make the Hydro Commission a provincial department. He had been offered the position of minister of power but he had conscientiously turned it over down, notwithstanding the fact that a substantial honorarium was suggested with the position.

OBREGON SPARES CARRANZA'S LIFE; MAY LEAVE COUNTRY

Orders Sent to Officers Who Have Surrounded Him, to Give Him an Escort.

GENERALS CAPTURED

El Paso, Texas, May 13.—President Carranza of Mexico is surrounded and in desperate straits at Rinconada, near Esperanza station, in the state of Puebla, according to a telegram from General Alvaro Obregon, received tonight by Roberto V. Pesqueira, financial agent for the revolutionists here.

"Carranza has not been made prisoner," the telegram said. "He has been surrounded for the last three days, having fought at Rinconada, near Esperanza station, and I think he cannot stand much longer.

"Orders have been sent to the officers directing the attack that they notify Carranza that he can go out of the danger zone in order that his life may be spared, offering him a guard to escort him to Vera Cruz, that he may leave the country and be free to go wherever he wishes.

"Col. Orozco, noted for his criminal proceedings, has been captured at sea by one of our naval units, together with General Jose Murguia.

"As to the shooting of prisoners to which you refer, I can assure you that some of the newspapers talk as we do not yet know the circumstances on the enemy side.

Gen. Plutarco Elias Calles, commander of the Mexican revolutionary forces of the northwest, will arrive in Juarez according to an announcement tonight. It was expected here that General Calles would remain in Juarez a few days and would then proceed southward toward Mexico City.

Charges that President Carranza has used the nation's resources to suborn, to perjury and to other illegal practices," are contained in a manifesto issued by Gen. Obregon at Chilpancingo, capital of Guerrero, April 20. Copies of the document reached El Paso today.

CONGRESS IS ASKED TO HELP RAILWAYS

U. S. Senate Committee Recommends Granting Fifteen Years to Pay Advances.

Washington, May 13.—Congress was asked today to help the railroads overcome the freight congestion so as to keep production needed to put down the cost of living—going full tilt.

As a means of enabling the roads to provide equipment, shortage of which is said to be largely responsible for failure to move ocean freight piled high at the principal gateways in the east and middle west, the senate interstate commerce committee approved an amendment to the transportation act under which they would be given 15 years instead of five to pay back advances under the \$300,000,000 revolving fund.

Railroad officials said this would help, but they pointed out that the immediate trouble was not the lack of money to relieve congestion, but the carriers, for instance, required 226,000 cars to reach normal.

TO PROBE RIFLING OF GORDON'S OFFICE

Sensational Evidence Attempt to Gain Illicit Information About Senator's Affairs.

Sturbury, May 13.—The provincial police are to conduct an investigation into the robbery of the office of Senator George Gordon at North Bay some time ago. This action was directed by Justice Riddell at this afternoon's session of the timber probe, when it was brought to the attention of the commissioners by Crown Counsel Harding and an investigation ordered after the testimony of Miss Ethel Brown, secretary to Senator Gordon, had been heard.

PROBE INTO O.T.A. MAY RESULT IN LIQUOR RATIONING

Labor Members Said to Be Planning Coupon Books for All WITHOUT PRESCRIPTION

In all probability when the Ontario government probe into the working of the O.T.A. is over it will be found that the committee of inquiry will recommend a rationing scheme, by which Ontario householders may be allowed to purchase so much beer, wine or spirits each week or month.

Many of the Labor members, in fact, are strong prohibitionists, and are in favor of such a scheme. In fact, The World learned yesterday that some of the Labor members of the legislature have a tentative plan already prepared along the rationing line.

So far as The World could ascertain the scheme is broadly as follows: Every householder will be given a book containing a number of dated tickets, which will entitle him to purchase each week or month, as the case may be, a certain amount of either beer, wine or spirits from the government vendors. The householders who do not obtain beer and wine and spirits, he has to make one choice out of the three. The cover of the book will contain a photograph of the householder.

BORDEN ATTENDS CABINET COUNCIL

Caucus to Decide Leadership May Be Deferred Until After May 24.

Ottawa, May 13.—(By Canadian Press.)—Sir Robert Borden, who returned home from the south yesterday, is stated to be in good general health at the present time. The last three weeks or so he said to have had a very beneficial effect on his health.

It is intimated that any statement the prime minister may have to make with regard to his future plans and intentions will probably be made first to a gathering of the Unionist members of both houses. As the senate is adjourned until after May 24, there is said to be a likelihood of the caucus being deferred until after that time.

FIFTY IRISH POLICE BARRACKS DESTROYED IN SINI FEIN RAIDS OTHER BUILDINGS ARE ATTACKED

PRAISES BRAVERY OF IRISH POLICE

London, May 13.—Lord Birkenhead, lord high chancellor, speaking here tonight, referred to conditions in Ireland, and expressed his admiration for the courageous services of the Irish constabulary, who never knew when the bullet of a cowardly assassin was awaiting them.

He could not pretend to say that the government had reached any solution of the difficulties in Ireland, but he could say that it was the government's intention to reinforce those brave men by every measure in its power.

## KEEN FIGHTING FOR SEWERS AND WATER

### Danforth and Eastdale Ratepayers Urge Co-operation on Local Improvements.

Hydro-Electric street and house lighting for the Danforth Park district and co-operation with eastern associations for sewers and water were the main topics discussed at a well-attended meeting of the Danforth and Eastdale Joint Ratepayers' Association in Second School, Barrington avenue, Wednesday evening. Superintendent Rowe, president, occupied the chair.

Many members expressed dissatisfaction regarding the installation of electric light by the Toronto Hydro-Electric Commission. J. Clark gave his report as a member of the deputation which recently interviewed the provincial Hydro Commission. He stated that an assurance was given that the matter would receive attention and that the commission would do everything possible to give electric light to the Danforth Park district in the near future.

## Want Roads Uted.

It was also decided to write the township council regarding the roads in the district and the granting of King Edward avenue, and requesting that a cinder sidewalk be placed on Westlake avenue owing to pressure of private business.

## UNLUCKY THIRTEEN HAUNTED EFFORTS

But President Rowe Finally Arranged for Theatre Party.

A peculiar coincidence was discovered when President Rowe of the Danforth Park Ratepayers' executive committee, visited Loew's Theatre office recently to make arrangements for a theatre party for the members of the executive, as arranged. Thursday evening was the night previously decided upon. It was found that the date was May 13, and the number of members 13. Mr. Rowe purchased 14 tickets to get away from the odd number. Calling afterwards at Young's Restaurant to arrange for the supper, the manager was staggered when told 13 plates would be required, and firmly but politely declined to cater for that number. The difficulty was overcome in the same manner as the theatre arrangement, and 14 plates were ordered. Mr. Rowe will find an extra guest for the evening, and sincerely trusts that the party will not be seated in room 13 during the supper.

## GENDRONS BUILDING PLANT IN EAST END

### RANEY'S BILL WOULD TEND TO DISRUPT BRITISH EMPIRE

#### Attorney-General Withdraws Measure Prohibiting Privy Council Appeals.

### COMPENSATION ACT

After a lengthy explanation of the advantages that would accrue, Attorney-General Raney withdrew his bill last night, prohibiting appeals to the British privy council. He explained how the Law Society and Toronto board of trade had represented to the government that the measure should be left over until the next session. The government was agreed, but would certainly reintroduce it. In any event, Mr. Raney added, the first step should logically be taken by Ottawa.

While telling the house that Canada was self-governed and self-governing, Mr. Raney, in answer to a question by R. R. Hall (Parry Sound), as to why this country did not choose its own governor-general, said the bill would not be far distant when he would be appointed on the nomination or recommendation of the privy council or parliament of Canada.

It had been said that prohibiting appeals to the British privy council would tend to hurt the British connection, but Mr. Raney contended that appeals acted as an irritant rather than a link with the mother country. He added also that there were just as great legal minds in Canada as there were in England.

Hartley Dewar could not understand why the time of the house should have been taken up with an explanation of a measure which it was intended to withdraw. He was decidedly opposed to the provisions of the bill, the adoption of which would do incalculable harm and tend to disrupt the British Empire. This province had no right to take away the age-long privilege enjoyed of appealing to the crown.

Hon. Geo. S. Henry agreed with the liberal leader. He had heard no complaints against the British privy council, and he did not believe that there was any public demand for the bill before the house.

The bill was withdrawn. The debate on the amendments to the workmen's compensation act was resumed at the evening session by Hon. G. S. Henry. The present act had been carefully prepared and stood as a model. The house should be very careful in making any changes. Personally he could see no reason for a change.

There was at present a vacancy on the workmen's compensation board, and whoever should be chosen to fill it, said Mr. Henry, should be a man with technical training.

Hon. Mr. McDonald, minister of mines, in urging increased compensation to workmen, said it was particularly necessary at the present time to do so, in view of the fact that the relations between employer and employee. Times were abnormal just now and there was throughout the country an undercurrent of unrest and unsteadiness. Everything possible should be done to allay this feeling.

The members should remember that the eyes of the country were on them in connection with this matter and when they went to their constituents there was a reckoning.

Mr. Dewar thought there was a threat in this last observation. The minister was intimating the members by suggesting that they should watch their step and he asked for a withdrawal.

Hon. Mr. Mills: I have nothing to withdraw. I am stating facts. C. F. Swayze (Niagara falls) said the passage of the bill would have the effect of inducing industry to locate in Ontario because it would tend to improve relations between capital and labor. Ontario should decidedly reap the advantages by passing the measure, which was one of justice and fairness.

Hartley Dewar moved the adjournment of the debate.

### WEST TORONTO MOOSE INITIATE NEW MEMBERS

Last night 17 candidates were initiated by West Toronto Moose Lodge, No. 577, at their lodge rooms at 2324 West Dundas street. ### HYDRO LEGISLATION TO BE DOWN NEXT WEEK

Premier Announces Much-Expected Bill—Morning Sessions of House.

It was definitely announced by Premier Drury in the legislature yesterday afternoon that the Hydro-Electric legislation would be brought down not later than next Monday. The bill had only been received by the government a couple of days ago, and it was now being considered by a committee of the cabinet.

In reply to Wellington Hay, Liberal whip, the premier said morning sessions of the house would be devoted to take up each case by itself, and make public the circumstances under which convictions were imposed, which afterwards were annulled or in which the duties returned to the convicted. They are convinced that in many cases they can prove that persons were convicted against whom very insufficient proof of guilt was lodged.

Game and Fishery Accounts. In probing the accounts of the game and fisheries departments, the committee learned from D. McDonald, the deputy minister, that Hon. F. C. Biggs is granting a new license to Capt. J. R. Brown of Elgin county, to fish in Lake Nipissing after his license had been cancelled last autumn for violating his contract with the government. Capt. Brown's contract provided that he should sell all his fish to the department, and he was caught selling to a private firm in Port Dover.

Hon. Mr. McDonald, minister of mines, in urging increased compensation to workmen, said it was particularly necessary at the present time to do so, in view of the fact that the relations between employer and employee. Times were abnormal just now and there was throughout the country an undercurrent of unrest and unsteadiness. Everything possible should be done to allay this feeling.

VISITOR AT HALL SPRINGS SURPRISE Enters Mayor's Office and Applies for Finance Commissioner's Job.

Giving himself the name of William Morgan, a well dressed man called at the city hall yesterday and after drifting around the corridors for a time and speaking familiarly to officials and reports, who apparently did not know him from a tale of hay, he went into the mayor's office and applied for the job of finance commissioner. He had spoken to a dozen persons in the hall including three porters, and Corporation Counsel Geary, but it remained for Robert Clewley, the mayor's private secretary, to law bare the plot on the second glance.

"This may be William Morgan," said Mr. Clewley, "but he looks uncommonly like Bill Smith." The ex-fire chief is just back from Los Angeles, where he spent the winter. The trip has caused a marked rejuvenation, and besides getting himself all dolled up, Mr. Smith has cut off his moustache.

PROTEST G. T. DEMAND FOR AMERICAN COIN

That a protest should be made against the demand of the G. T. R. for American currency for hauling coal over Canadian territory is the opinion taken by Commissioner Harrington, who, however, concedes the right of the American roads to ask U. S. currency for an American haul. The commissioner points out that on the present basis the cost of coal is being increased ten cents per ton to the Toronto consumer.

James B. McKillop Addresses Canadian Fraternal Association. Twenty-one fraternal societies were represented at the annual meeting yesterday of the Canadian Fraternal Association and the delegates were tendered an address of welcome by the mayor on behalf of the city.

ST. ANDREW'S QUARTERLY MEETS. Rev. William Muir Auld, a well-known lover of the great poet, Bobbie Burns, was to have addressed St. Andrew's Society at the Queen's Hotel last night, but was too ill to attend. Major H. M. Mowat addressed the meeting in his stead.

CHINAMEN AT LAW. Justice Rose reserved judgment in the action brought by Wah Tom against Wong Sing for possession of certain goods and laundry equipment at 325 Jarvis street, under a chattel mortgage. Plaintiff also asks an injunction restraining defendant from carrying on business at this address. Defendant counter claims for \$2000 for malicious prosecution.

DEFENDANT GETS VERDICT. After a two days' trial before Justice Loeble and a jury, a verdict was brought in for the defendant in the action brought by Vernon G. VETERANS SALVATION ARMY FULLY ORGANIZED

Forty Teams Already Lined Up for Jubilee Self-Denial Appeal.

Already there are 40 teams lined up for the Salvation Army jubilee self-denial appeal, May 15 to 22. This announcement was received with enthusiasm at yesterday's meeting in headquarters, King and Church streets.

Major (Rev.) A. L. Burch, chaplain "D" unit, D.S.C.R., makes an appeal to public sympathy for Mrs. Leadbetter, a veteran's daughter, and sister of soldiers, in the following letter, the original of which she bears: "To the Public: The bearer, Mrs. Leadbetter, is the daughter and sister of soldiers. She is caring for a blind mother and four children, and can see no way to meet her distress immediately, and am taking this means of introducing her to the press of Toronto, hoping that this housing situation will be of sufficient interest to them, and this woman's stress sufficiently illustrative of the problem to make some use of it, and thus directly assisting her as well as the very section situation in this city in respect to housing."

CHURCHES OBSERVE SUNDAY. Sunday, May 16th, will be observed as Salvation Army Jubilee Self-Denial Sunday throughout Toronto. All the churches through the city have been asked to co-operate. The ministers have been asked to make reference to the campaign from the pulpits and in some cases Salvation Army officers will speak. There is to be no appeal made nor will there be any collection taken in connection with the campaign.

ATTEMPTED FRAUD. In yesterday's police court, Joseph Mendelsohn and Victor Nathanson were remanded for one week on a charge of attempting to obtain from the North British American Assurance Company and others a sum of \$18,500. It is understood the charge is in connection with the attempt to obtain the insurance money for damages caused by a fire in New Toronto.

HUSBAND GIVEN JAIL SENTENCE

Three Months for Shooting at Wife's Paramour—Wrote Filthy Letters.

Sentence of three months at the jail farm was imposed by Judge Coatsworth this the sessions yesterday on George Gurley, convicted of shooting at Reginald Cave. Prisoner was also bound over to keep the peace.

Accused, who served three and one-half years' over-sea, when he was gassed and shell shocked, told the court he was exasperated at the time of the shooting, and that he had no mind, and he was not in his right mind.

According to the evidence adduced before Judge Coatsworth, the prisoner was married just prior to his going overseas. He lived for about ten days with his wife. The wife got letters from him containing filthy disclosures of prisoner's doings overseas. She decided to have nothing more to do with him, and she took up with Cave, with whom she cohabited, and two children were born. The returning husband offered to forgive the erring wife, take her back and provide as best he could for her and them. This arrangement materialized, but only to be broken. The wife went back to Cave, who admitted that he and Mrs. Gurley had cohabited after the shooting on April 20 last.

When prisoner ascertained the name of the man with whom his wife was cohabiting, he shooting followed. Thought of Divorce. Mrs. Gurley, in the witness box, said she thought she could get a divorce from her husband, which she repeated so often that Judge Coatsworth and the crown attorney reekingly pointed out to her the futility of such a proceeding.

At the point the crown attorney despatched an officer for Mrs. Gurley of the morality department, in whose charge, at the close of the case, Mr. Gurley and Cave left the court. Mrs. Gurley further admitted that she got prisoner's assigned pay, etc., amounting to \$45 a month, while before her marriage she was only earning \$4 a week. "I was good, church-going girl until I got the letters from my husband. It ruined my life," deplored the witness.

In cross-examination, witness said she had asked her to go to the prisoner had asked her to go to the old country, but she was afraid of being tormented. When her husband came back, she stayed with him for four or five days. "I do not think he had the right to stop me from going to Cave. He would not give me money."

ROYAL ARCH MASONS LEAVE FOR QUEBEC

Create Precedent by First Interchange of Visits in Masonic Circles. About thirty-five members of the St. Patrick Royal Arch Masons No. 145, Toronto, left Yonge street, C.P.R. station last night en route for Montreal, where they are to be entertained by the Grand Lodge No. 5, Quebec. This is the first time in the history of Ontario masonry that an arch lodge from this province has officially visited Quebec province.

On Friday evening the Royal St. Pats will give a big Masonic banquet by their brothers of Montreal. In addition to the function a series of amusements have been planned for the entertainment. Among those who left for Montreal were A. G. Cowan, F. Smith, W. Croft, Dr. W. G. Smith, and M. Ledger, who are high officers of the Ontario lodge.

CROWN IS PLAINTIFF

Sues Halliday Estate for Occupation, Rent, and Hay Crop. A special sitting of the exchequer court yesterday at the Osgoode Hall, with Justice Audette presiding, when the claim of the crown against the Halliday estate to recover occupation rent for property adjoining the site of the new March 22, 1915, to May 27, 1918, was partly heard. The crown alleges that Peter Brass, who married a Miss Halliday, occupied the property removed the hay from it, and collected rent for the cottage, amounting to \$780, after he got notice to quit.

Refused Oath as Admitting George V. King of Ireland

New York, May 13.—Elizabeth Leahy, a young stenographer, refused here today to take the oath required by law to make her an American citizen because in it she would have to admit that George V. was king of Ireland. She said she preferred to remain a "citizen of the Irish republic" rather than take the oath which requires applicants from Great Britain to renounce allegiance to "George V., King of Great Britain and Ireland."

Give Kent Society the Right To Salvage Two Proctor Ships

Ottawa, May 13.—The Kent (Ontario) Historical Society has been given permission to salvage two vessels which formed part of Proctor's fleet and were lost during his retreat in 1813. The vessels are now reported to be lying at the bottom of the Thames River, Kent county, Ontario. The right of ownership in the vessels and of any other material salvaged is given to the Kent Historical Society, in trust for the Dominion.

TWO FEDERAL DEPARTMENTS.

Ottawa, May 13.—Joseph Oakes, of Point Edward, Ont., is appointed superintendent of the fish hatchery at Thurlow, Ont., according to announcement by the civil service commission today. William F. Matthews of Fort Erie, Ont., is appointed immigration inspector at that place. ASSAULT CHARGE DISMISSED. Charged with assault on a man who was delivering a \$17.25 pair of boots, s.o.d., at his house on 39 Howard street, George Scarfe appeared in yesterday's police court. After hearing the evidence, Magistrate Ellis dismissed the charge.

WANTS HEARING HURRIED CITY REFUSED INJUNCTION RESTRAINING POWER CO.

Defendant Won Case, But Money Tied Up, Pending Appeal. Application is being made at Osgoode Hall on behalf of Sergt. Harry Weinberg to have the hearing of the appeal by the plaintiff in the action brought by Mrs. Ada Dina Donn against him for payment of about \$900, alleged due to her, expedited. Already there have been four extensions granted to appellant, who lost her case before Justice Rose. Weinberg states that his money, about \$900, is needed to pay for the expenses of his defence, and he is desirous of having these moneys released so that he can proceed to a sanitarium in Alberta, according to his doctor's orders.

Stole Rugs While Under Influence of Bay Rum. Found guilty of stealing automobile rugs and being drunk from the effects of drinking bay rum, Gordon Meighen, was, in yesterday's police court, sentenced to six months in jail for a former offence and fined \$200 and costs or three months for the latter offence. Accused said he was under the influence of the bay rum when he stole the rugs.

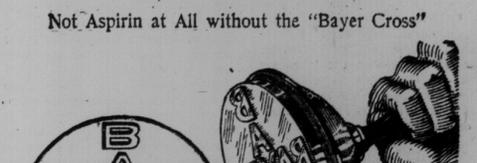

Pulpwood Worth Half Million Is Swept Out into Atlantic. Sydney, N. S. May 13.—Pulpwood valued at nearly a half million dollars, the property of the Cape Breton Pulp and Paper Company, went thru the boom on the North River at Murray, C. B., last Sunday and was swept out to sea. The pulpwood will probably become a total loss to the company. The break in the main boom across the river occurred while the river was swollen to a high level by Sunday night's rainstorm.

TOOK BETS ON STREET. In the police court yesterday Sam Greisman was fined \$20 and costs for taking bets at the corner of Yonge and Adelaide streets, and Walter Wright, who, thru his counsel, J. W. Curry, K.C., pleaded guilty was fined \$100 and costs for a similar offence.

COMMITTED FOR TRIAL. Charged in yesterday's police court with obtaining sums of money by fraud from Herbert Varley and stealing \$200 from Mrs. Phyllis Perry, a musician named Maestro Ernesto Sestero was committed for trial.

An application has been made at the city hall for a permit for the erection of a co-operative apartment building at the southeast corner of Jarvis and Erie streets, by the Merrill system. The plan calls for the construction of one unit this year and another next year. The site was recently purchased from the city.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN Not Aspirin at All without the "Bayer Cross"

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monach, manufacturer of Aspirin. While it is well known that Aspirin means Bayer, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FRIDAY MORNING, MAY 14.

## Washington Post.

A choice friend on Melinda street waxed exceedingly wrath at the suggestion that Sir Robert Borden might become British ambassador to the United States. The objection was that it would be an infra dig for a Canadian prime minister to become the servant of another country, in any capacity. A Canadian minister to Washington is to be appointed. Ultra-imperial London papers, like The Morning Post, which cannot understand all this talk about nations within the empire, describe the impending official as "the Canadian agent," as if he were going south to sell tickets. The notion is spreading that Sir Robert Borden would represent us very well at Washington. But it is a less dignified idea than the other.

The Canadian "agent" at Washington is to have his office in the British embassy. For extra-Canadian matters he is to be understood to Sir Auckland Geddes. He is to be, not a British minister, but a substitute for one whenever the minister chooses to take leave for a day or two. For an ex-prime minister this won't do for Melinda street or for anywhere else. When is an ambassador not an ambassador? When he is a Canadian. We are assuming national dignity on the most remarkable instalment plan ever devised, in affectionate tribute to the diplomatic unity of the empire.

## We Don't Want What We Ask.

The head of Acadia University in Toronto this week has been giving healthy samples of the breeziness that lives in the Fundy hinterland. Dr. Cutten has called for originality in Canadian thinking, and for strong leadership in Canadian doing. It is good preaching, but perhaps in this part of the country it needs a British word, followed by much Christian utility) some preliminaries.

Original thinking, to do any good, must have receivers of the thought. Strong leadership can't lead unless there is a readiness for followership. The melancholy truth is that in Canada we have always put heavy discounts upon original thinking, and strong leadership.

We lionize visiting men and women who tell us the things that have become commonplace whence they came. But we make it our particular business to freeze any of our own people who have the nerve to think originally and to declare boldly what they think.

As for leadership—you often hear yourself saying how much we need a Lloyd George, and that sort of man in Canada; and, just as soon as anybody says something you haven't heard before which might make you sit up and really think; or proposes to do something that hadn't occurred to you or to the revered leader of your party, you tell yourself how unsafe that man is.

Oh, yes; we want leaders, all right; but the kind we have in mind are leaders who don't see more, and haven't courage to propose to do more than we ourselves see and are ready to do. We want to be led, but we don't want to follow. And so the leaders are killed before they get their mouths well opened. You know that.

## Organic Fencing.

Some religious and theatrical circles in London are said to be much exercised over a crisis in the affairs of a Baptist organist, who, driven to choose between playing in church and playing in a theatre, chose the theatre—no doubt because it paid him more. It was not, it is said, a leading churchman, or an organist, to belong also to a theatre orchestra.

Why should it not be seemly for the one man to hold the two jobs? The Methodist Church has a theatrical department, with (it is said) a dramatic editor of The Christian Guardian, in training. If it is not wrong for Christians to visit the theatre, can it be wrong to listen to a "cellist on Friday who is a pealodist on Sunday?"

Setting rigid frontiers for godliness is rather a risky business these days. It was in the earliest Christian era, as some of our fathers learned when they found one sitting with the wine bibbers, and eating with publicans and sinners, some of whom, no doubt, furnished part of the theatrical staffs of their day. What is and what is not a proper engagement for a man who lives by his music? Where are the apostolic successions' confines of respectability? Would it be morally reprehensible for a pastor starting on about thirteen dollars a week, to conserve his sermon-power by selling pills at a fair—good pills? Would a great operatic singer be refused the privilege of singing in the choir of her childhood's church, because she works on the stage? If she shouldn't why should a godly organist be deterred from flitting where she regu-

## Self-Denial That Isn't.

The only danger that can beset the Salvation Army belongs to its state when all men speak well of it. Next week will be the Army's jubilee self-denial week, and all good citizens are asked to deny themselves a little in order that others may receive much.

Old General Booth and his magnificent wife started the self-denial week when it was not fashionable for the great world to hall the nobilities of the poke bonnet and the red jersey—when, indeed, the Salvationists were battling for the right of free speech, in the name of the Lord against the mighty—often the mighty in church as well as in state. But there came a day when the world saw that there was vastly more in the Salvation Army than the fanaticism of a creed—there were good works which always abounded, and that knew nothing in their bestowal, but the urgency of need.

Of pure religion and undefiled, which succeeded the sick and restored the morally broken, the Salvationists have always had abundant store. Their condemnations were always reserved for a distant time, and for a hand that was always proclaimed to be filled with mercy. They preach and they practise salvation from the woe that now is, as well as from the woe that come.

It will be no self-denial to help the Salvation Army self-denial week—except for Salvationists themselves, who give freely of their time to collect the money, and deprive themselves of things they ought not to go without.

## Slogan of Dafoe's.

Mr. Dafoe, editor of The Manitoba Free Press, in his address to the Regina Canadian Club on Canadian national status lightens and answers a challenge which inheres in the scheme for the next Imperial conference. He says, "Status before Conference" would be a very good slogan for the dominions at this time.

Canada should decline to enter the Imperial Conference in 1921 without assuring certain conditions that are as yet anything but assured. What does this mean, coming as it does from the representative of the Canadian press at the peace conference?

Mr. Dafoe makes it clear that, as between the nations of the British empire, the position of Canada is inferior to her position as between the nations within the league. It is equally clear that the status with which Canada entered the peace conference was not welcomed by Downing Street. In this connection a very important fact is thrown into strong relief by Mr. Dafoe. He says that among the demands made by Canada and conceded by Downing Street, was "(2) The issuing of full powers direct to the Canadian plenipotentiaries by the King, under the authority of an order-in-council by the Canadian government."

This issuing of the King's authority direct to the Canadian plenipotentiaries, thru a Canadian order-in-council, should be fully elucidated in parliament, because it is one of the most dramatic milestones in the evolution of Canadian self-government that has been set up. The fullest information about all the negotiations should have been long ago elaborated and discussed in the house of commons. How can the Canadian people appreciate their advances in nationality unless events are interpreted to them popularly and persistently, as well as parliamentarily?

But this direct authority to Canadian ministers to represent the King's Canadian majesty separately to the peace conference is specially important just now because of its bearing on subsequent manifestations of the centralizing temper. That temper persistently refuses to leave the London stage, and is encouraged to assert and reassert itself every time foolish counsellors, like Mr. Fielding, and The Mail and Empire, decry Canadian national self-government.

When it was proposed to submit the peace treaty to the Canadian parliament for ratification (this had been specifically stipulated for at the peace conference) an attempt was made in London, and countenanced by Lord Milner, the colonial secretary, to have it accepted in Canada that if the King signed the treaty for the whole empire on the advice of his Downing Street cabinet, of course there was no need for parliamentary sanction in Ottawa or elsewhere. If Canada had accepted this position everything gained by the assertion of our nationality at the peace conference would have been thrown away. We should finally have acquiesced in an inferior status within the empire, which would have made a farce of our allegedly equal status within the league. That such a proposition was countenanced by the colonial secretary merely shows how hard it is for Downing Street to appreciate what a demerit of the nationality really is.

Having been defeated as to the ratification of the treaty by the Canadian parliament the centralists are still trying to put their views into effect, by contending for positions which lead Mr. Dafoe to raise the slogan of "Status before Conference". How are they doing it?

In London one day Lord Atholstan propounded the doctrine that Canada is "obliged" to join in any

imperial war. Among his hearers was the colonial secretary, who, on the next day, declared unequivocally that an imperial conference next year will decide the constitutional relations of Canada. This Ministerial declaration was made at the very time that the Canadian government was about to invite a conference of provincial governments to share its view that all Canadian constitutional questions should be decided in Canada and by Canada, without reference to what is concocted in London. In line with Lord Milner the funny press of Canada objects to Canada being as self-determinative as Australia and South Africa are.

Within a few days of manifestations like these, questions are asked in the British house of commons concerning the suspended meetings of the imperial cabinet. During the war an imperial war cabinet took cognizance of co-ordinated efforts for the war. When the war ended it was understood, in Canada at least, that the imperial war cabinet had ceased to exist. But when it is asked why the imperial cabinet has not gone on meeting, Mr. Bonar Law flatly blames the dominions for being too busy with their own war for being too busy to meet. This shows that the idea is still cherished that there must be a central cabinet which shall decide things for the whole empire—the very thing The Mail and Empire was clamoring for a few days ago.

In view of these remarkable conditions, and realizing that the Canadian status within the league is not yet recognized as the Canadian status within the empire, Mr. Dafoe counsels us to declare to Downing Street that we will join no imperial conference unless the league status is extended formally and irrevocably to the empire status. One implication of this is that, inasmuch as when Canada entered the peace conference she did so on a document signed by the King, placed directly before him by the Canadian cabinet without intervention of the colonial secretary, there can be no further need for a colonial secretary in Canada's affairs, for the greater includes the less.

No other counsel is consonant with the self-respect of a nation, which among the nations in the greatest court ever assembled in human history says it is the equal of all and the subordinate of none.

assured his hearers that everything had been done by the commission to stimulate the development of electric power thruout Ontario, equally as much in the east as in the west, all the perhaps more work had been done in the west. He wished to cite the case of Ottawa, however, to emphasize just what the commission was doing in the eastern part of the province. When the necessary legislation was secured by the city of Ottawa to go ahead with a scheme to procure its own power, the commission made a contract with the Ottawa and Hull Power Company to obtain 20,000 horsepower for fifteen years. The result was that electricity was soon available to the people at very low cost and the company competing with the commission had to reduce its price, the rate for electricity having been brought down by the commission from 15 cents to 10 cents.

St. Lawrence Development.

Referring to the important question of the development of the St. Lawrence power for provincial consumption, Sir Adam told of representations which had been made to the Dominion government by the New York and Ontario Power Company, some time ago, in favor of the request to develop St. Lawrence. The government refused to grant any rights on the river because government would upset the levels of Canadian canals. The company had suggested undertaking to make alterations that would obviate any such consequence, but still the government had refused this company the request to develop St. Lawrence power. Sir Adam referred to the export of power to the States, it was lamentable that there should be such a great export of power from Quebec to the United States. He spoke of the Cedar Rapids Company.

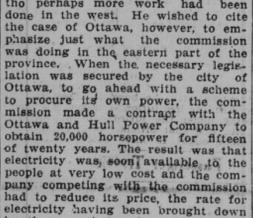

Retain Power for Canada.

He spoke of the Cedar Rapids Company in Quebec, a company which had been formed solely for the purpose of exporting power from the St. Lawrence to the United States. The company, with headquarters in Messena, N.Y., which company in turn had been making great profits out of the power thus obtained. All this power should be retained in Canada, he urged, and the Dominion government to retain it here, as far as the commission could ensure that power developed in Canada would be retained in Canada, it would go, he said.

40 Minutes to Answer This.  
No. 137

There are various methods of dissecting a six-pointed star with a view to re-forming the pieces into a square, but, of course, the "best" answer would be that requiring the least possible number of pieces. So let us see who can re-form the pieces into a square in the "best" way.

Answer to No. 136.

There must have been 12 cuffs and 18 collars in that package of laundry, so Charlie's lot would amount to 39 cents—12 cuffs, costing 2 cents each, cuffs 24 cents.

## THE GIRL WHO SMILED THRU

By MARION RUBINCAM

IT CANNOT BE.

CHAPTER 33

"Can we be friends and only friends, after all that has happened?" David repeated her question, looking past Alice and far down the shining silver surface of the river.

"Can we?" Alice asked again.

"The man turned to her, his gray eyes steady and compelling. "I can. We can. We have to be," he answered.

They sat for a long time, saying nothing. The embers of the fire blew a dry stare into short pieces and tossed it on the bed of glowing ashes. The cold river wind blew sparks and smoke about, and gusts of heat occasionally over the two people who sat on the flat rock. Another party out for a winter's walk tramped past and were lost along the winding path.

"The sun was as cold as ice and as the eyes of a heartless woman. But neither Alice nor David noticed each other's thoughts.

"There's nothing else to do," David said, expressing aloud the thoughts they had both been busy with. "I'm tied hand and foot to Lois. She's my wife whether she likes it or not. She wouldn't free me—even if you would ask me to be free, even if you believed in that sort of thing."

"Divorce?" Alice asked. "I don't know what I believe in, any more. Everything is so mixed up." Her tone sounded dreary enough.

"But now I've seen you again, I can't get along without you," David cried. It was Alice felt deep in her mind, an expression of David's weakness. Mere friendship, after the love that had been between them, must be a sacrifice on her part as well as his. He was ready to make the sacrifice because he had to see her, and a sacrifice for the man she loves is a sacred privilege.

"You did so much for me," Alice said dreamily after a time. "I never did anything—except hurt you," David answered.

"You gave me an ideal," Alice went on, as she had not spoken. "I never had one before. I'd been too busy baking and cooking and cleaning and doing garden work. I knew there were people and things I didn't like, but I never knew why. I never knew anything better. I never saw the way to better my own condition. Then I met you—and you were different. You were my ideal of a man. The man I stirred at this, and started to protest.

"Then I began to see the way out. Being an overworked slave could never help me. I had to open up my mind, to learn things, to educate myself so I could command what I wanted. From the time they talked of that Model Farm I knew what I wanted—to work there, to learn how to turn barren earth into productive soil, to teach other overworked people who toiled for a starvation living, how to get more for less labor by using efficient methods—

"Then your books came and I had the key to all the knowledge I needed right there. I would never have been able to afford them, and I would not have known which ones to buy anyway. It was the greatest consolation for losing you."

"Then you rightly took a chance with your little sum of money and came here to finish your education," David ended the story for her. "And so we met again and opened up the old problem. Do you think we can be friends again, Alice? I need you so much. You've been my ideal, too, but a real ideal. I've always kept the idea of your courage and your unfailing goodness and good temper before me whenever my heart went wrong. I don't deserve to have you now as a friend."

Alice smiled at him. "It will be a sweet and wonderful friendship," she said.

"So we will be friends?" David cried joyously. Alice nodded.

"I'll pull my hands on it?" He pulled his hand from his overcoat pocket and held it out. Alice extended her own, warmly protected by a wool glove. And they shook hands, sitting there on the rock. Their hands dropped apart. But even as David released her hand, he caught it back again and pulled off the thick glove. And he held it in both of his, tightly, staring wide-eyed over the river. Then he raised it to his lips.

And Alice had not the power to draw her hand away, but sat there while her heart beat so hard she could feel every pulse of it, and the hot blood ran thru her. Suddenly she jumped up, pulling herself away.

"No," she said, white faced and frightened. "I can't be! You know it can't. We never could be friends, it would be all—or nothing. Take me back, please."

"Alice, dear—" David began.

But Alice was already starting back on the path over the cliffs.

**"LIFE INSURANCE is too much of a gamble," you say.**

All business success depends largely upon shrewd guessing as to what the future has in store.

But with an Imperial Policy it's different. You know exactly how much you will have to invest in it each year. You know what it will yield to your estate if you die—or to yourself if you live to old age.

There's no gamble about an Imperial Policy. It's as safe as the Bank of England.

We would like to send you a copy of our interesting booklet "Penniless Old Men." It's worth reading. Write for it today.

### AUSTRALIA FEARS THE YELLOW PERIL

#### Question of Anglo-Japanese Alliance Brought Up by Commonwealth Treasurer.

London, May 13.—The question whether there is to be a continuance of the Anglo-Japanese alliance is being brought before the British public by the presence of W. A. Watt, treasurer of the Australian commonwealth, in England. Mr. Watt arrived in London this week and has given out a number of interviews in which he urged closer co-operation between Great Britain and her dominions with regard to foreign policies and emphasized Australia's determination to remain a "white man's country."

At a dinner given in his honor, which was attended by Viscount Milner, secretary for the colonies, and numerous other men in public life, Mr. Watt, in an address said: "The dominant thought in our minds has been that in southeastern Asia five hundred million people are being brought into a contact with whatever can be done to keep our country for such as the British and their children should be done. We know that we could not repel an assault by the great yellow or brown nations, but we believe that in the fulness of time the statesmen of the empire will understand our attitude and assist us to enforce it."

"If there are conversations in the near future between the empire of the Mikado and the British government, the Australian people want their views registered before the responsible thinkers in the home of our empire."

### LATE CROWN PRINCESS BURIED AT STOCKHOLM

Stockholm, May 13.—The kings of Norway and Denmark, Prince Arthur of Connaught, the Earl of Onslow, representing the King of England, and the diplomatic representatives of other countries attended the funeral services of the late Crown Princess Gustave Adolph of Sweden this afternoon.

Enormous crowds were massed along the flower-strewn route from the royal castle, where the procession started shortly after 2 o'clock to the cathedral, where the services were conducted by the Archbishop of Upsala and a British chaplain. Both British and Swedish rituals were read.

The cortege was headed by a squadron of royal life guards, the band was escorted by the crown prince's aides, the crown prince with his children immediately following. Hundreds of white-clad girls carrying garlands of primroses, marched in the procession, flanked by lines of grenadiers. The church was profusely decorated, the catafalque being almost hidden by scores of wreaths from all parts of Sweden and neighboring countries.

### ONCE COOKED FOR KAISER, WOULD NOW POISON HIM

Chicago, May 13.—Paul Koenig, who said he once cooked breakfast in Hanover, Germany, for the former Emperor, William said today that he stood today that were the experience to be repeated now he would "put poison in his coffee."

Koenig was being examined in the "trial" of William Brose Lloyd, wealthy communist, and 23 others charged with attempting to overthrow the government by force. When Koenig told of his experience in Hanover several years ago he was asked by one of the attorneys: "How would you like to prepare a meal for the Kaiser now?" "I would enjoy the experience very much," Koenig answered, "but I think the Kaiser would not appreciate the meal because I'd put poison in his coffee."

### BRITISH DEATH RATE LOWEST ON RECORD

London, May 13.—The registrar general's annual report shows the lowest record and the death rate the lowest. While the birth rate has not yet had time to recover from war effects it is steadily improving and fewer children are dying in infancy. Twice as many marriages were dissolved in 1918. Illegitimate births are the highest for fifty years. The registrar suggests that the drastic liquor restrictions during the war are responsible for the death of males from alcoholism being reduced from 1969 to 339 and the death of females from the same cause from 819 to 95.

### APPOINT DAIRY INSTRUCTOR

### "What's in a Name?"

Facts about your name, its history, its meaning, whence it was derived, its significance, your lucky day and lucky jewel.

By MILDRED MARSHALL

### VIRGINIA

The real origin of Virginia is curious and somewhat unexpected. It means "flourishing," and comes from an old Latin name, which was derived in turn from "virgo," meaning "to flourish," and was corrected to the word "vir," translated as "spring." Virginia was the name of the first American colony established in the time of Queen Elizabeth, when Sir Walter Raleigh named his American colony Virginia, in honor of the Virgin Queen.

It was under a similar belief that Bernard de St. Pierre called the heroine of his tropical Arcadian romance, "Virginia." The widespread popularity of this story in England, France and Germany brought Virginia into enormous vogue throughout Europe. France still adores her Virginia, and her popularity in England is assured forever out of sentimental memory of the famous queen.

The first American colony established the name in this country. Likewise, the first white child born on American soil, and named Virginia Dare did much to spread its vogue. The south has always abounded in Virginias, which, unfortunately, has been contracted to unusual 100,000 lire for the Regiopolis College fund, which amounts to \$20,000 in Canadian money.

The emerald is Virginia's talismanic stone. It promises her wisdom, prophetic vision, long youth and charm. The Hawthorne bud, England's spring flower, is Virginia's flower. Wednesday is her lucky day, and 3 her lucky number.

### ENGINEERS DECLARE STRIKE IN HAMILTON

#### Resent Action of Steel Company of Canada—Fear Sympathetic Walk-Out

#### SITUATION CRITICAL

Hamilton, May 13.—(Special)—The general meeting of the Steam and Operating Engineers' Union held this evening, voted in favor of general strike and a committee of ten was appointed in that connection. It was also decided to call on Friday night a strike of contractors' engineers, Controller O'Heir (Labor) and Controller Davis who were present to address the meeting, had rather a stormy time. The Steel Co. of Canada had declined to confer with a committee representing the Steam and Operating Engineers' Union whose members employed at the steel plant have been on strike since May 1. The decision of the company was considered at a general meeting of the union held this evening, and which is made more interesting by reason of the fact that Frank Healy, of Niagara Falls, Ont., international organizer of the union, is here today from Washington, and that during the day there also came from international headquarters sanction to call a general strike of 25 licensed steam and operating engineers.

**May Be Sympathetic Strike.**  
The meeting held tonight was called some days ago for the purpose of discussing a general strike by calling out in sympathy with the men now out, the engineers employed at the city waterworks plant, the three hospitals of the city and the Dominion Power and Transmission Company, which would make a very serious situation. Up to this morning hope was entertained that the Steel Company would consent to talk over the situation with a committee of the union, especially in view of the conference held yesterday afternoon between the mayor and the controllers and Robert Hobson, president of the company, and Mr. Wells, the works manager. The representatives of the company then promised to think over the matter of receiving a union committee.

Today Mr. Hobson wrote Mayor Booker to the effect that as every man who quit work on May 1 was paid off he was no longer an employee. The company could not consent to meeting a committee of the union, but would confer with one representing the union and non-union employees. He also said that striking engineers at the plant would be taken back under exactly the same conditions which existed on May 1, and that these men would not lose their seniority or be debared from participating in the pension scheme of the company. Mr. Hobson further intimated that the company's inability to secure the quantity of coal necessary to operate its plant—2000 tons a day—was hampering its activities and might eventually make the closing down of the entire plant compulsory.

### SCAFFOLD GIVES WAY; FOUR MEN INJURED

When the scaffold on which they were working collapsed at the new Pantages Theatre yesterday afternoon, four men received injuries which necessitated their removal to St. Michael's Hospital. They were: James Gledhill, 10 Vankoughnet street; Samuel Duggan, 292 Church street; William Taylor, 222 Church street; and Timothy Pickles, 205 McRoberts street.

The scaffold was constructed against the wall on the inside part of the rear end of the building, and fell from the ground. When it collapsed, the police say, there were about eleven men on it in addition to a quantity of heavy material. It was the added weight of the load that caused the accident.

### ARRESTS FOLLOW COURT PROCEEDING

Morality Officer Apprehends Reginald Cave and Mrs. Geo. Gurley in the Sessions.

Reginald Cave, 1649 East Gerrard street; Susan Gurley, 648 Dundas street; and George Garner, 491 Main street, father of the latter, were arrested yesterday in the sessions by Morality Officer Cathers. The former two are charged with contributing to juvenile delinquency, and the latter is held as a material witness.

Cave and Mrs. Gurley, the police state, have been living together since George Gurley, the woman's husband, went overseas. Two children were born during the time, and when Gurley returned from overseas he shot Cave, altho he did not seriously injure him. Gurley was sentenced by Judge Coatsworth yesterday to three months at the jail farm for the shooting.

### SUSTAINS FRACTURED LEG.

Dalton Patterson, aged five, 135 Berkeley street, sustained a fractured right leg yesterday afternoon, when he was knocked down by an auto driven by Charles Kiefer, 815 Eastern avenue, at the corner of Queen and Berkeley streets. The lad was removed to the Hospital for Sick Children in the police ambulance.

### PEANUT VENDOR ARRESTED.

Joseph Zamon, 18 Kensington avenue, was arrested yesterday afternoon at the Island by Sergeant Lundy on a charge of theft. Zamon, who is a peanut vendor, was charged by the police to have received a \$5 bill from a would-be customer and on the presence of making change is said to have made for the ferry boat. His progress was impeded, however, by the police officer, who promptly placed him under arrest.

### SUSTAINS HEAD INJURIES.

Thomas Coats, 132 Lippincott street, received injuries to his head late last night, when struck by a motor car driven by Thomas H. Best, 11 Biggar avenue, on Avenue road, north of Deseronto road. The police state that Coats suddenly ran out from the side of the road to catch an Avenue road street car and was struck by the auto. The driver was not held, as the police were convinced that it was purely an accident.

### GEN. MCBRIEN TO SUCCEED CURRIE?

Ottawa, May 13.—(Special)—General Sir Arthur Currie will sever his official connection with the Canadian military forces on his assumption of the principality of McGill. It is practically assured he will be succeeded by General J. H. McBrien, now in England, but shortly returning to Canada. He commanded the Twelfth Infantry Brigade, and is recognized as one of Canada's most efficient and popular military leaders.

### AID TO GRAIN TRADE IN DEEP WATERWAYS

#### Joint Commission Hears Report of Fort William and Port Arthur Regarding Plan.

Port William, May 13.—(By Canadian Press.)—The international joint commission on deep waterways met in the auditorium of the city hall this morning, with C. A. Magrath, Ottawa, acting as chairman.

The session was arranged under the joint auspices of Fort William and Port Arthur, the boards of trade and councils having prepared a report which covered the case for both cities. The memorandum dealt with the advantages that would accrue to the two harbors and to Canada by the completion of the deep waterway to the ocean, especially the grain trade. The harbor frontage of the two ports can be developed to thirty or forty miles with a depth of water of 26 feet, steamers carrying 15,000 tons of coal having no difficulty in docking. Two thousand one hundred and sixty-nine cars of grain having a total capacity of 2,704,000 bushels, with present-day facilities 3000 cars or about 4,000,000 bushels, can be handled.

**Advantages of Water Route.**  
After giving acreage figures of the west, the report continues to show how important it is for transportation facilities to grow with the needs of country and to lower transportation costs and alluded to the car shortage and advantage of water over rail transportation. The necessity of water transportation for carrying Canadian coal to the western Canadian ports was emphasized, as well as the necessity for bringing ocean tonnage nearer to the coal, iron, copper and other mineral fields of the west. The lowering of freight rates on all commodities would result from improved water routes, as shown by the fact that a bushel of wheat costs seven cents by water to Montreal, and 18 cents all rail. Another advantage would be the elimination of all transfers from ship to ship or from car to ship.

**To Accelerate Canada's Growth.**  
With the final inspection of all grain at Fort William and Port Arthur, a cargo of grain loaded here for Liverpool would keep its identity until it reached its final destination. The report concludes: "Considering therefore, the immense traffic of the Great Lakes and the future possibilities of development of our agricultural and mineral areas, and the need of keeping our transportation facilities up to the mark, we believe that the making of these two ports ocean ports, will do much to push forward the economic and financial growth of Canada and the United States."

Following the reading of the joint report, a short discussion was held in which F. B. Allen and Mayor Matthews of Port Arthur, and G. R. Duncan and J. Delamater of Port William, took part. Mr. Allen claimed that the route of the canal did not matter, so long as these ports had access to the ocean and Mayor Matthews dwelt on the value of the power development along the route.

Sir William Hearst took part in the discussion and asked Mr. Delamater whether the National Transcontinental was being hurried by business and Mr. Delamater replied that he did not know what it was burdened with, but it was not business.

### SLASHED WITH KNIFE FROM EAR TO EAR

While sitting in a pool room at 103 West Queen street, last night, George Moleto, 46 Teraulay street had his face slashed from mouth to ear by a knife in the hands of an unknown assailant. Moleto stated to the police that he was unaware of the identity of the man and did not suspect anyone of the act. He was removed to the General Hospital in the police ambulance.

### COPPEN TO KINGSTON.

George Coppen, who was sentenced to hang for killing his wife, and who was granted a reprieve, was taken to the Kingston Penitentiary yesterday to commence his life sentence. With him went Joseph Kelly, sentenced to fifteen years for shooting at a policeman, and Edward Toller, a pickpocket, who will serve two years.

### STRIKE IN EFFECT ON PORT STANLEY LINE

London, Ont., May 13.—With the exception of one train, which will be run tomorrow morning in the interests of humanity by the employees of the London & Port Stanley Railway Commission, the strike declared by the men last night became effective when the last car reached the barns at midnight tonight.

The car which will be run tomorrow morning will be the usual mail car, leaving here at 1 a. m., and it will carry as its special passenger a London woman who is being rushed to the United States for an operation in that effort to save her life. She will be transferred at St. Thomas to the Michigan Central Railroad for Detroit.

### Earlier Arrival at Toronto of Grand Trunk Train No. 82.

For convenience of passengers from suburban points and to conform with daylight saving, commencing Monday, May 17, train No. 82, now leaving Hamilton 6:50 a. m., will leave at 7:50 a. m., arriving Toronto 7:20 a. m., instead of the 7:30 a. m. standard eastern time, making stops at intermediate stations.

### TWO LIVES ARE LOST IN AN OTTAWA FIRE

Ottawa, May 13.—Two lives were lost in a fire which broke out at an early hour this morning in Dr. Hagar's Maternity Hospital. The victims, who were both patients at the time, are: Mrs. B. Morris, 121 Le Breton street, and Mrs. J. Morris, 22 St. Joseph street, Ottawa. Both were suffocated by smoke. The bodies were discovered by the firemen; they were found lying across one another. All the babies were taken out by nurses. The private hospital, which is a three-story brick structure situated at the corner of Elgin and Somerset streets, was fully occupied so far as bed room was concerned.

Mrs. Mitchell, one of the victims, is the mother of five children. The dead woman was 37 years of age.

Mrs. J. Morris, the other victim, was 26 years old, and had one other child. She went to the hospital last Sunday. The origin of the fire is unknown.

### AGAINST BICKFORD FOR POLICE CHIEF

Because of the persistent rumor that Brig.-Gen. Bickford is to become chief constable when Chief Grassett resigns next month, the police union has called a special meeting for this morning at 10 o'clock, when a statement will be given out.

Deputy Chief Dickson is the men's choice. It is understood, and they strongly resent an outsider, whether a soldier or any other person, being brought in over the head of men in the department.

The union will also discuss why they have not received the \$100 extra increase promised by the commissioners and passed by the board of control.

### SEEK FUNDS IN NEW YORK FOR CANADIAN ROADS

New York, May 13.—The Canadian government is seeking funds here with which to purchase equipment for its railroads. It was announced tonight, William A. Reid & Company, bankers, who have been associated in the past with Canadian railroad financing, admitted negotiations had begun, but stated no definite plan had been formulated. It was learned the Canadian government is considering an issue of \$150,000,000.

Approximately \$27,000,000 of Canadian equipment securities already have been distributed to investors thru this market, it was said.

**CURRIE IS GIVEN SWORD OF HONOR**

Officers Who Served Under Him Make Presentation in Montreal.

Montreal, May 13.—Officers who served under General Currie in France took advantage of his presence in Montreal yesterday in connection with his appointment to the principality of McGill University, to present him with a sword of honor and an illuminated address at a banquet at the University Club last night. The historic significance of the latter is apparent when it is stated that it bears the signatures of every officer who held an important command or appointment in the Canadian troops when the "cease fire" sounded.

The sword bears on its blade the following inscription: "To General Sir Arthur William Currie, G.C.M.G., K.C.B., commanding Canadian Army Corps, from officers holding commands and staff appointments on November 11, 1918, as a token of their regard and deep admiration for his magnificent services to Canada and the empire in the great war."

CATTLE MARKET CLOSES STEADY TO STRONG. High Prices for the Week Fully Maintained.

With a light run of cattle at the Union Yards yesterday, around 500 head.

There are some who credit the market during the last two days with ranging from 25c to 50c higher.

We are passing through a period of very strong prices undoubtedly, as everybody knows, but there must be some limit to the price at which cattle can sell locally.

The Toronto market is out of line with the American market as a well known fact, but there is no apparent let-up, or was not this week.

Top prices are running around \$15 and \$15.50 for extra choice lots of good butchers and some good prices have been paid for cattle 50c back on the grass to freshen up, \$12.50 to \$14.

Some good loads of butchers and feeders sold around from \$12.50 to \$14.50, and a feature of the market is the strength of choice butcher cows and butcher bulls, the buyers for some of the plants paying up as high as \$12, and one cow sold by Rice & Whaley brought \$13.50.

There is also an active demand for breeder steers and thin young cows for the grass, despite the fact that the outlook for grass is not very promising in the near future.

As far as can be judged the outlook for steady prices unless we should have a heavy run on Monday, and this is not at all likely.

In the small calf market there is not much change to report. The sheep and lamb market has eased off from 25c to 50c and the pig market remains steady.

A heavy decline in prices on Monday of anywhere from 25c to 30c a pound, has held about steady since that time.

The calf market is weak and slow and a packing contract to a week or two ago was unsettled, there is no justification for saying that these conditions have obtained late on Wednesday.

While the hog market on Wednesday is unsettled, there is no justification for saying that these conditions have obtained late on Wednesday.

Every foot the shaft Goes down, adds to the Value of shares in the

Herrick Gold Mines

Shaft sinking in \$50 ore is about ready to begin on the Herrick property. A contract has been let to sink this shaft to 300 feet.

Every foot the shaft goes down adds to the value of the stock. The main vein has been tested out to a depth of 800 feet by diamond drills.

The results of developments to date indicate the existence of 600,000 tons of ore. The assays show this ore will run at least \$15 to the ton.

Figure the possibilities of the property for yourself. We regard the stock as a bargain at 45 cents a share. Orders should be placed with us before another advance in price takes place.

This property is not to be confused with others in the prospect stage. In fact, it may be regarded as a proved mine. This is a good time to acquire a holding in this fine company.

Write for descriptive booklet, maps and full information. Simply fill in the coupon.
