WOMEN THE VICTIMS OF MURDEROUS ASSAULTS

One Woman Killed in New York and Her Husband Arrested for Murder—Another in Critical Condition at Kenosha as the Result of Forty Wounds—Her Assailant Caught.

New York, Sept. 10.—Believing that Mrs. Rose Zellar was murdered and her helpless body left in the kitchen of her apartment in West 103rd street, the coroner today caused the arrest of Albert Zellar, the dead woman's husband and Mrs. Lena Giegler, a sister of Mrs. Zellar. The husband was charged with homicide and Mrs. Giegler with some unknown purpose. Zellar reported to the police as a suicide, but Mrs. Giegler said that Mrs. Zellar was infatuated with Dr. Jacob Hochman, who formerly employed her as a housekeeper. In Mrs. Zellar's effects was found a note from a lawyer who promised to send Mrs. Zellar \$250 for some unknown purpose. Zellar is an engineer and his wife was a handsome woman about 34 years old.

It is impossible to forecast when the trial will be resumed.

The picture, known as 'The Girl with the White Rabbit' (Head of a Child) was cut out of its frame in the gallery on Count Harrach in Vienna on August 24. A day or two later a cable message was received at the consulate from the prefect of police in Vienna saying that Count Harrach had offered 1,000 crowns for the return of the painting. A photograph of it has been received here and printed notice announcing the theft and offer of the reward. According to the letter of the Count to the Consul the painting is valued at "Many thousand crowns."

ELECTIONS IN WASHINGTON

Seattle, Wash., Sept. 10.—Returns from the primary elections are far from complete, at least sixty per cent. of the total vote being reported. The selection of Wesley Jones as the Republican candidate for U. S. senator is assured. Heated returns increase the returns of Mr. Jones over Senator Levy Ankeny. The defeat of Senator Ankeny is a result of a fight for several years standing which has been led by former U. S. Senator John L. Wilson. There are indications that Senator Primrose will be sure of Republican election for governor.

THE TIMES NEW REPORTER

Another outrage. Our esteemed fellow citizen Mr. Jamesey says that some thing must be done to rid this city of the policemen who go about the streets getting in the way of citizens and obstructing the course of justice. Many of our best citizens and leading taxpayers have been jostled by these policemen in blue coats, who act as if they had a right to interfere with the pleasure of the people. One of them went up to a group of well-dressed gentlemen last evening and insolently demanded why they were blocking the sidewalk. Another eminently respectable taxpayer was told he must not spit on the sidewalk. This is intolerable. If these characters are permitted to go abroad in this manner and the city council takes no action there will undoubtedly be a resort to the course of the law. It is really an evidence of great forbearance that such action has not already been taken. It is stated on excellent authority that several estimable gentlemen were actually told last week that if they did not cease shouting and dancing on the public street they would be arrested. By what right does any man with manners conduct himself in this manner? Jamesey says that unless the aldermen get rid of the policemen he will go out and canvass against every one in this free country is freedom of the subject to do what he likes. Jamesey is quite hot about it.

He told of instructing the Bank of Liverpool to forward \$9,000 to W. H. Goody & Co., brokers and agents of D. C. Clinch, doing business at 74 Broadway, New York City at Mr. Clinch's request. The \$9,000 was to be invested by Mr. Clinch in United States steel stock preferred.

Fruit Juices Clear the Skin

The skin mirrors faithfully the state of the blood, and the blood shows how well or how badly the liver, bowels, kidneys and the millions of tiny hands in the skin are doing their work.

Plenty of ripe fruit helps more than any other food to cure this condition, but even more effective, as well as less expensive, are "Fruit-a-tives." These are little tablets of concentrated fruit juices, combined in such a way as to many times increase their action on those organs that eliminate impurities.

OLICE GO AFTER BIG ST. JOHN FAIR STRIKERS ON ONLY TWO DAYS AWAY

Crowd Which Attempted Demonstration Against New Workmen at Angus Shops Dispersed by Police.

Montreal, Sept. 9.—Another hostile demonstration by the strikers against the returning workmen from the Angus shops was attempted this afternoon, but was again prevented by the energetic action of the police. It had been rumored that the C. P. R. strikers were planning a demonstration, and the labor special leave the works was supplied with plenty of police. As soon as it cleared from the shops a crowd of about 100 strikers gathered around the train cars. Once stopped the engine, and fifty police, with "baw chubs" got off. The crowd on once broke for the nearest streets and were chased a quarter of a mile by the police, who had no chance to strike a blow, so anxious were the strikers to get away.

With the opening of the exhibition only two days distant, the workmen at the big building are redoubling their exertions to have all in readiness when the fair is formally declared open by Premier Hazen on Saturday evening next. A visit to the fair grounds yesterday showed that preparations are well advanced. In the industrial building exhibitors were busy with their decorations and in some cases the booths were practically completed. As far as can be judged from appearances at present, the exhibits this year will greatly surpass all previous attempts.

CHIEF CLARK MUST DEFEND HIMSELF IN DOBS CASE

City Council by a Vote of 8 to 7 Decided Not to Back Him Up--Ludlow Accident Goes to Supt. Glasgow.

At a meeting of the common council yesterday afternoon an interesting discussion took place on the recommendation of the safety board that Chief Clark should not be provided with counsel to defend him in the suit threatened by Thomas Dobson for false arrest. The recommendation was adopted by eight votes to seven. A recommendation to take over the lease of the Green House property at a cost of \$8,500, was carried. The report of the ferry investigation created a warm discussion. The report was referred to the superintendent of the city. The mayor presided and with the exception of Ald. Lewis and Elkin, the full council was present, with the common clerk.

MINE FLOODED TO QUENCH A BIG FIRE

Fire Discovered in the Nova Scotia Coal Company's Mine at Sydney Makes Flooding Necessary.

Sydney, N. S., Sept. 8.—No. 1 colliery of the Nova Scotia Coal Company today had a serious reminder of the big colliery fire of 1881 when half the mine was drowned out. About 2 o'clock today fire was discovered in the extreme southern part of section 5, and a message was at once sent to the surface for aid. Supt. John Johnson, Manager Greenwell, Inspector Nicholson and several officials were quickly on the scene and found the section filled with smoke, and found it impossible to get within 100 yards of the fire where the fire originated. It is supposed the miners, after firing their shot of coal, as is their daily custom, left some burning, and after returning from lunch were unable to put out the fire and let it get headway before calling for assistance.

UNION JACK CLUBS

The First Opened by King Edward—An Imperial Scheme—"The Flag" in Canada.

On July 1st, 1907, King Edward opened, with a felicitous speech, the Union Jack Club for Soldiers and Sailors in London. The Union Jack Club is located near Waterloo station, the most suitable place in London for such an institution, and during the first nine months it has provided sleeping accommodation for over 18,000 sailors, 22,000 soldiers and 3,000 marines. It aims to give the men and women of the navy and army the advantage of a place in London where they can feel that they are at home, and where they will find unexceptionable accommodation at moderate rates. The figures given above show that the club was well received by the men and women who appreciate its advantages. Besides sleeping accommodation, the Union Jack Club has dining room, library, smoking-room, and all the conveniences of a thoroughly equipped modern club.

EXPECT THAT COMING WINTER WILL BE HARD ONE

The first meeting of the associated charities since June was held yesterday afternoon. Mrs. C. H. Hall, presented her report and the prospects for the coming winter were discussed. It was said that the signs indicate that the approaching season will be a hard one. In many cases families had been unable to meet their needs during the winter of 1906-7, and it was expected that many more families would be in a similar predicament this year. The committee decided to provide relief work to meet the needs of the winter and suggested that the following figures for July and August: Number of applications, 200; sewing employment, 40; and six boys; twelve applications from outside the city for sewing employment; and seven applications for transportation; seven stragglers wanted either relief or work and seventeen children in the police court, that the chief was not altogether to blame.

A Lesson Naughty Nat Will Not Forget

BY WILLIAM WALLACE, JR. Not Brown was not really a wicked boy. He was thoughtful and nice, often doing things which he would not have done had he taken time to think them over. For instance, he would bring home a pocketful of nuts, and he would give them to the birds in a pool of water. Nor did he do this to be cruel, but for the excitement of seeing the pocket animals run. Also he would return for the birds when ready to go home. But one day Nat had an experience which he will never forget, and which doubled his care to realize the enormity of his naughtiness in more ways than one. He had gone out fishing one afternoon, and after having caught a nice string of fish he hung them in a pool of water and wandered off through the woods in quest of adventure, intending to return for the fish when ready to go home.

LISTENING

Sitting by the seaside. Of storm-tossed boats a-sailing; Of monstrous sea and deluges of rain; Of little white-winged schooners On Ocean's breast that play. Of little blue gulls hidden Among strange rocks and uprocked ledges; Of many strange and unexplored bays; So, sitting by the seaside Are little what they may tell; To hear what they may tell. Never trifle with your luck. Ingratitude is the one vice which good luck will never pardon.

The residents of the city experienced another water famine for a time this morning and from shortly after six o'clock until eight o'clock the bucket brigade was busy. The cause of the trouble was a burst in No. 3 main, on the McDonald farm, near the One-Mile house. It was discovered about 6.15 and the water was at once shut off and about 8 o'clock it was restored, the supply being secured through the No. 2 main.

A gang of men were at once set to work to repair the broken pipe and it is expected they will finish this evening when the supply will again be normal. Nearly all portions of the city were affected, the high levels at first and later the lower levels.

What water remained in the pipes was very quickly drawn off by householders on the lower levels who were fortunate enough to be able to get some. In many instances citizens had to go to their work after a toilet performed with about a spoonful of water and some whose supply was cut off entirely borrowed a pail or can full from more fortunate neighbors.

The broken main was laid in 1874 and is about one inch thick, while the number 2 main from which the supply is now being received was put down over fifty years ago.
