Apply after five o'clock, 12 Dock, top floor. 26332-5-7.

Registry of Births. The U. S. Public Health Service calls attention to the fact that only twenty-three states have efficient birth registration laws; eighteen have imperfect ones; and five have none at all. Inability to prove age may cause all sorts of legal troubles later in life—in proving citizenship, in voting, and in inheriting, for instance. Don't forget to make sure that the new arrival in your home has been registered.

Never Wipe Their Feet. The scratch of a lion's claw is almost as deadly as his bite, for he never cleans his nails, and he always carries under them rotting meat that is rank with deadly germs. Files and water bugs do the same thing on smaller scale, and, "Don't forget," says the U. S. Public Health Service, "that they never wipe their feet."

Gilmour's "Publicity" Sale

Started Today Entire Stock of Ready-Tailored Clothing at Effective Price Reductions

J. Power, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

A FITTING CLOSE

Health Week in this city had a fitting conclusion last evening when steps were taken to form a provincial branch of the Canadian Association for the Prevention of Tuberculosis. A nation-wide organization to combat the white plague is needed. We in St. John have not been wholly negligent of our duty in this respect, as the County Hospital and the free dispensary bear witness. It is nevertheless a fact that there are many cases of tuberculosis not properly cared for because full advantage is not taken of the facilities offered, while all over the province the disease takes a heavy toll which is wholly unnecessary. The disease can be stamped out. The people need but to be educated and aroused to take advantage of the proper means of prevention and cure. The national association, with provincial branches having minor branches scattered over the province, can carry on this educative work, and the municipal authorities when fully convinced of the need will provide the means for treating cases requiring special institutional care. The conservation of health is a national as well as an individual need, and New Brunswick, which has already made so good a beginning, should be in the very forefront of progress.

MARITIME FEELING.

The remarks of Hon. Dr. Roberts at the manufacturers' dinner will attract a good deal of attention, the more so that he is a member of the government of this province. The maritime provinces are not getting a square deal from the rest of Canada. They are the victims of broken pledges. They are blinds them to the rest of Canada is sentiment. We talk of the development since the date of confederation, but who can measure the development that would have taken place if the three provinces, with their maritime position, their resources and their available markets had formed a union and remained separate from Canada, under the British flag? They went into the confederation, persuaded by assurances held out that their interests would be fully guarded and their rights respected. They are ever since that day they have been going as suppliants to Ottawa to ask that the pledges be redeemed. Today we see our representation at Ottawa decreasing, and we have less influence than ever before. There is no sentiment in the feeling of the rest of Canada toward these provinces. We provide a good market, and pay a great deal more for many lines of goods than if we were in a position to import them direct. Our old financial institutions have been swallowed up. We are at a constant disadvantage. Our manufacturers are hard hit by freight rates on the railroads. Traffic that should come here goes through American ports. When we say we have an interest in natural resources in the west we are told the west owes nothing to the east. We in New Brunswick find ourselves burdened with the Valley Railway, which should have been taken over and that burden removed. No amount of rhetoric about the marvellous growth of Canada, her achievements in the war, or her future prospects can turn the mind of the maritime province citizen from contemplation of the treatment this portion of the country is receiving from the other and larger portion. Hon. Dr. Roberts has put in words what is in many minds, and there is a steadily growing feeling that the time approaches when maritime province people will sit down together and ask what it profits them to be part of a confederation which regards them only as it finds them useful. There has been a very decided and general change of feeling in these provinces of late, and Ottawa would do well to take note of the fact.

HON. MR. ROWELL'S VISIT.

The visit of Hon. N. W. Rowell to St. John to address the Canadian Clubs on the League of Nations is an event of exceptional interest, because this will be the first opportunity the citizens here had to hear the subject discussed by one who had an active part in the negotiations and the formulation of the treaty. Hon. Mr. Rowell was not a mere looker-on, but participated in the discussion and represented Canada in a manner highly gratifying to his fellow citizens. He is a fluent and able speaker, and members of the Canadian Club will remember that he addressed them in January, 1919, on the subject of Democracy versus Militarism. Mr. Rowell was then leader of the opposition in the province of Ontario. In the six intervening years he has achieved much in public life and today enjoys an international reputation, as one of Canada's representative public men, competent to discuss both national and international affairs with the leading men of his time. Hon. Mr. Rowell is rendering good service. Not long ago Sir George Foster sent to all Canadian Clubs a letter urging the members to study the subject of the League of Nations, and Mr. Rowell's visit to the provinces will place the whole subject before the people in a clear light. He will be heartily welcomed to St. John.

Ottawa issues a warning that the income tax collector, like death, will get you sooner or later.

MAY TIMES

(Rev. George Scott)
Singing in the valleys, dancing o'er the ridges,
Comes the queenly Maytime fluting in the scedges;
Garland with posies, perfumed breezes
Blithely from the tree tops happy birds reply.
Tripping through the orchard, by the marshes stealing,
Subtlest of enhancers, glimmeries revealing;
Ever is she tender, glorious in her wooings;
Mortals needs must follow maddest moods outdoing.
Ever is she busy tapestries unfolding
Over all the landscape, wondrous in beholding;
Purple is her kirtle, and her dainty fingers
Comb her wonted tresses where the sunlight lingers.
In the silent places Peewees are a-calling,
Where the quivering shadows on the lakes are falling;
Violets and orchids, tender moss and grasses,
Weave their carpet duly where the moonday passes.

WELCOME royal Maytime; fairer than the fairest,
Regal is thy beauty, slight and sounds the rarest,
Splendid is thy promise, worthy of the praise,
Every fluttering courier from the woodland raises.
WELCOME royal Maytime! fairer than the fairest,
Princely is thy presence, rich the gems thou wears,
Merril thy strayest fluting in the scedges,
Nursing fragrant blossoms in the wayside hedges.

IN LIGHTER VEIN.

A man never realizes how mean he is until he has become a candidate for some office.

Essentially so. Our idea of a non-essential industry is a coalscrew factory.—Herald-Courier.

In which the "A's" Austria is sure to be among the first nations in the league — alphabetically speaking.—Columbus Dispatch.

Why? President Wilson gets \$40,000 for the Nobel peace prize. Jack Dempsey gets \$100,000 for a single fight. Why be a pacifist?

Warned. Clergyman (to his hat set down next to slightly intoxicated man): "Do you want a drunk on this car?" Conductor (low voice): "It's all right so long as you don't get noisy."—Globe.

WAGE PROBLEM CALLS FOR A FAIR SOLUTION

Reductions in Numerous Industries, But Process Not Fully Completed—Action Generally by Pressure of Necessity.

(Toronto Globe.)

There is no more important economic question at the present time than the matter of wages. In Canada, and elsewhere throughout America and Europe, the issue as to the division of the profits of industry has been brought up in countless instances. Diminishing prices and an even more important diminution of profits have brought up the question of wage reduction. It is becoming generally recognized throughout the continent that deflation of commodity prices cannot be brought about without a corresponding deflation in wages. The principal point at issue is the amount of the reductions. Labor, on the one hand, is unable to see that living costs, particularly rents, have been reduced sufficiently to compensate for a substantial decrease in the reward of toil. Employers, on the other hand, find that their selling prices have shrunk and are still shrinking, and that distribution is so inactive that it is almost justification for saying that full-time operations are the exception rather than the rule. Losses by reason of the lower replacement value of inventory stocks have been increased by actual losses in operations. The public has been clamoring for cheaper goods, and employees are equally anxious that their wages shall not be altered. One reason for reluctance to take small remissions is the apparent slow downward movement of retail prices. In explaining this situation, it is only fair to assume that the public's knowledge of retail trade problems is not as intimate as that of the merchants themselves, and that those issues are more intricate than is generally supposed.

Industries Need to Explain.

There is generally an aversion to accepting less for either services or commodities, except under the pressure of necessity. It is frequently the case that employees are not given sufficient information to convince them of the necessity of wage cuts. The policy of extreme frankness is always to be commended in negotiations of such character between employers and their men. An admirable example of the "cards on the table" policy was afforded recently when the International Harvester Company of Canada reached an amicable understanding with their employees on the matter of wages, through the operation of the company's Works Council. The eight representatives of the employees, together with the company's representatives, examined the corporation's books, and after investigations extending over five days, decided on a report. One paragraph of the document which is particularly illuminating is as follows: "We, the employees' representatives, find that owing to the lack of orders and account of the high cost of machines and large stock on hand, the company's proposed reduction of twenty per cent. on day and piece rates and 10 per cent. on salaries seems necessary, and wish to go on record as regretfully accepting in the

hope that the plant may be kept running." This affects approximately 1,500 men. It is anticipated that the reduction in wages will enable the plant to keep operating in the coming months.

Readjustments of 1921.

There are numerous other instances to hand of wage reductions that have been made effective in recent weeks. Detailed information sent to The Globe in December last by scores of manufacturers situated in all parts of the Dominion indicated that wage reductions were mostly in the future. Some were imminent at that time, and invariably the employers expressed the hope that when they did finally some they would correspond with the decreased cost of living.

The four months that have elapsed since the individual manufacturers' reports were received have brought many of the anticipated wage decreases, and those that have not been adequately adjusted yet are due for revision in the near future.

Credit Men's Announcement.

An announcement of policy was made last week by J. H. Tregoe, executive secretary of the National Association of Credit Men of the United States, in which he argued that labor should take its loss as well as manufacturers and wholesalers.

With the lowering of the price scale, coming in a rather disorderly fashion, manufacturers and wholesalers were forced to liquidate promptly and in such a situation liquidation is the very proper thing to do. We saw the prices of manufacturers and wholesalers in many lines tumble fast, and where this occurred room was made for later improvement and such more will surely come. The retailer was slower in action in liquidating commodities. He dammed the stream awhile, but this is a process which cannot be eternal, and after a time the retailer felt the pressure and the liquidation process gripped him. Labor costs reached a higher peak than commodity prices. To get things right, liquidation must affect every commodity, and we class labor as a commodity, so that proper basis for new operations can be reached and properly gradually brought about.

"Why should not labor stand a little of the loss if in doing the situation can be improved? We believe that labor prices generally can be reduced 15 per cent. without affecting the wage value, and now if the laborer were to realize his part in the situation, and be willing to take a little loss himself, beyond the amount that he can relate without any such effect of such a character would be tremendous on the nation, and much of the indignation would be removed which naturally comes to those who are also laborers and who increased cost of commodities and labor abroad from the upper and lower millstones."

Some Outspoken Declarations.

Pronouncements on the Labor Issues have been made very recently by some of the leading industrialists of the continent during the last week. Judge Cary's speech denouncing unbridled Labor drew fire from Mr. Samuel Gompers during his Empire Club speech in Toronto last week. Mr. Gompers' speech was eminently sane, and drew the applause of representative manufacturers and business men for his fair and humanitarian viewpoint on most of the issues concerning Labor and industry.

A happy event of the past week was the fourth annual joint conference of officers and workers of the Standard Oil Company of New Jersey at Newark.

The company's Labor platform was outlined by Mr. A. C. Beard, Chairman of the Board of Directors and one of the outstanding industrial leaders of the country. Mr. Bedford went two better than ex-President Wilson by embodying his company's Labor policy in 16 clauses. Since Standard Oil has taken a place among the most advanced and considerate of employers on the continent, the statement is well worthy of careful perusal by Canadian employers.—Standard Oil Attitude.

1. No discrimination by the company or its employees against a employee on account of membership or non-membership in any church, society, fraternity or union.
2. Collective bargaining as to all matters of mutual interest, made effective through the industrial representation plan.
3. Paying at least the prevailing scale of wages for similar work in the community.
4. The eight-hour day or its equivalent.
5. One day's rest in seven, preferably on Sunday, or the equivalent of such period.
6. Sanitary and up-to-date working conditions.
7. Just treatment assured each employee, with opportunity for submission of all grievances for adjustment through the industrial representation plan.
8. Continuous effort to eliminate accidents through effective safeguards and active co-operation of employees and committees under expert supervision.
9. Payment of disability benefits in case of accidents incurred while at work.
10. Health supervision by a competent medical staff.
11. Payment of sickness benefits after one year's service.
12. Opportunity for special training for qualified employees, better work, with standard system of keeping record of service performed.
13. Promotion according to length of service and ability demonstrated.
14. Partnership through stock ownership made easily possible for the thrifty employee after one year's service, the company adding 50 per cent. to the amount invested by the employee.
15. Assurance of a generous annuity at the age of 65, guaranteed for life after 20 years of service, with special consideration for those who become disabled before that period.
16. Death benefits to insurance providing \$500 to \$2,000 for dependents of employees of one year or more of service.

VIOLATING CONFEDERATION.

(Moncton Transcript)
Is the government in allowing the application of the Railway Commission's decisions to the International acting within the constitution or at any rate the express agreement under which Confederation came into being? Premier Foster raised this point in the legislature when moving the resolution demanding a revision of railway rates on the I. C. R., and it seems well taken. The latter Government created the Railway Commission to act as a representative of the public interest between private railway companies and users of railway service. The justification for this was that railways were a natural monopoly and the Government had contributed largely to the cost of private railways. Only recently has the Railway Commission been given the power to fix rates on the I. C. R., the original government railway, and such power seems inconsistent with the

The Dunlap Silver Blade Cream Whip

Is the answer to your perplexing problem. It gives you stiffly beaten cream in a-jiffy. No more tired wrists and aching fingers.

No need to don an apron or confine the whipping to the kitchen sink. The Dunlap does not spatter and waste the cream nor does it slip around causing the receptacle to dance and shake.

Fluffy Whipped Cream..... 30 Seconds
Perfectly Mixed Mayonnaise..... 2 to 4 Minutes
Stiffly Beaten Eggs..... 1 Minute

That's the way your time is saved with a Dunlap.

The Bowl with the Non-Slip Bottom goes with the Dunlap Whip. Price, complete..... \$1.25

The Kitchen is the Key-Note of Comfort in the Home

If you want the best in your home, start in the kitchen by installing an Enterprise Range.

The time has now come when you can afford to buy that new Range you have needed so long, as a reduction in prices has just been announced by the makers, which we are passing on at once to our customers.

We invite every one interested to come in and look over our extensive stock which it is a pleasure to show.

Emerson & Fisher St.
25 GERMAIN STREET

SOME TIMES

You need a good hot stove with a coal fire, but very often a gas range is handier and more convenient. When you get both combined in one stove and the gas range equipped with a self-starter you have a pretty nice outfit.

Don't you think so?

So before deciding on that new range call and examine THE "SIMPLEX" COMBINATION. Let us demonstrate it for you.

RECENT WEDDINGS

C. Hazen McGee. Telegrams from St. George yesterday reported the death of Charles Hazen McGee, a well known and popular resident of the town. Mr. McGee, who had been in St. John for a few months, was forty-four years old, and had formerly been mayor of St. George. As a commercial traveler, he had been with Clark Brothers, St. Stephen, for four or five years—he was widely known throughout the province, his hosts of friends, who will regret to hear of his death. He is survived by three daughters and one son: Helen, at Mount Allison; Josephine, Alice and George, at home. His wife died some years ago. Mrs. Craig, St. George, is a sister.

Young-Russell. A wedding of considerable interest in St. John took place last Wednesday morning when Miss Muriel L. Russell, daughter of the late James Russell, of this city, was united in marriage to W. Young, son of Mr. and Mrs. F. Young, Seely street. Both of the wedding parties are well known in the city. Mr. Young served in the Canadian forces overseas during the late war, when he was wounded in the shoulder. After returning home he entered the local office of his majesty's customs and is still employed there. Mr. and Mrs. Young, after spending a few weeks in Ontario and other upper Canadian cities, return to St. John where they will set up their residence.

Armstrong-Wright. The wedding took place on the evening of April 28, at the parsonage of Portland Methodist church, of Miss Georgina Irene, daughter of Frederick J. Wright, and Kenneth Woodworth Armstrong, son of William Douglas Armstrong. The ceremony was performed by H. B. Clarke.

Ellis-Eagles. Mr. Simon Oram married Joseph Ben in Ellis and Edna Eagles at the parsonage on Thursday morning, at 9 o'clock, with nuptial mass. The groom formerly resided at Yarmouth (N. S.), the bride came here from Kentville. Both have been employees of the hotel.

TURE OF GIRL LEADS TO WEDDING

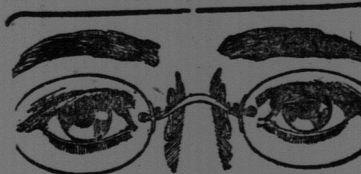

New York, April 30.—Marcus Daly, rman of Roundup, Mont., and Miss gina Madigan of 2864 Marion Ave., x, with whose picture he fell in love ks before he met the original, were rried in St. Patrick's Cathedral, Mr. rman, having read all the news, ed to the retrograde section and e Miss Madigan's picture as she apared in the title role of Jeanne d'Arc ordham University's pageant last y. Through a friend in this city, Mr. rman made Miss Madigan's ac- antance through the mails. Several eeks later he came here from Mon- a to see his ideal in real life. Soon after Mrs. Patrick Francis Mad- n of 2864 Marion Ave., announced her as Madigan's late father was known a bibliophile and publisher. She was eated in the Ursuline Academy and e S. Vincent convent.

Mr. Boardman is a lawyer at Roundup. He was graduated from Gonzaga Georgetown University.

The ceremony yesterday was per- mitted by Mr. Burke, pastor of the arch of St. Philip Neri. Miss Mad- gan was accompanied to the altar by brother, Thomas F. Madigan, and sisters, the Misses Josephine and Rita Madigan attended her. Dr. Joseph Zimmerman of Buffalo and pt. William Eter, U. S. A., of Rich- nd, Va., served as ushers, and Mil- an and his bride will make a trip e Pacific Coast before going to heir future home at Roundup.

Admiral Bowden-Smith Dead. London, April 30.—Admiral Sir N. owden-Smith died yesterday. He was orn in 1838. He entered the navy in 1852 and saw extensive service. He was e British representative at the Inter- ational Maritime Conference in Wash- ington in 1889. He was the sailing officer e South Atlantic from 1883 to 1886.

Lady Phillips-Woolley Dead. Victoria, B. C., April 30.—Lady Olive Phillips-Woolley, wife of the late Sir Olive Phillips-Woolley, poet, novelist and ig game hunter, died yesterday from heart disease.

TIME CHANGES ON CANADIAN NATIONAL LINES

Effective May 1 New Time Table Will Be Issued—Sunday Train to Moncton—Double Service to Prince Edward Island.

Changes of time schedules effective May 1 on the Canadian National lines affect only a few of the trains in and out of St. John station.

The double daily service to Prince Edward Island will start on Monday, May 2, and connections for the first trip of the steamer will be by No. 18 train leaving at 7.10 a. m. and connecting at Sackville with train for Tormentine leaving at 1.15 p. m. No. 14 train, which will leave at 1.30 p. m. instead of 1.40 p. m. will connect at Moncton with No. 2 Ocean Limited, and connection is made at Sackville with train for Tormentine leaving at 6.25 p. m.

No. 18 train from Halifax and Moncton will arrive at 5.40 p. m. instead of 5.35 p. m. No. 19 train, the Maritime express, connection from Moncton, will arrive at 1.45 p. m. instead of at 12.15 noon.

The Sunday trains between St. John and Moncton will be restored. No. 50

will leave St. John (Sunday only) at 9.30 a. m., arriving at Moncton at 1 p. m., making all local stops. No. 49 will leave Moncton at 4.45 p. m. and arrive in St. John at 8 p. m. These trains afford connection at Moncton on Sundays with the Ocean Limited both for Montreal and for Halifax.

Other trains are unchanged. The suburban trains will run one hour earlier on and after May 31 on account of the daylight saving time.

C. P. R. SUBURBAN SERVICE

Effective on Monday, May 2, partial suburban service will be inaugurated. Train No. 180 arriving in city from Welsford at 7.30 a. m. (Atlantic time.) Train No. 127 will leave St. John for Welsford at 6.10 p. m. (Atlantic time.) With the exception of Saturdays, May 7, 14 and 21, this train will be cancelled and suburban sent out leaving the city at 10.15 p. m., instead of 6.10 p. m. This arrangement on account of stores being open late during said period.

In addition, there will be noon sub-

"We are in a Black Business, but We Treat Our Customers White."

URGENT OPERATION OF OLD I. C. R. BY THE GOVERNMENT

Moncton, April 29.—Statements that unless freight rates were readjusted in the maritime provinces would be killed were made by speakers at a representative meeting of manufacturers and business men held here tonight under the auspices of the Maritime Board of Trade and the maritime branch of the Canadian Manufacturers' Association. A plea was made by resolution for the operation of that part of the Canadian National Railway known as the old Intercolonial Railway, under the department of the minister of railways. Excessive freight rates, prejudicial to artifice interests, was the keynote of any all the speakers, who said that a railway commission had no real jurisdiction over the old I. C. R., but that a matter of adjusting freight and passenger rates was still properly in the hands of the department of railways. Angus McLean, of the Bathurst Lim-

Spring days are not all sunshine! as victims of Rheumatism or Neuralgia or Neuritis bear sad witness! Dangerous changes from warm to cold and back again cause many an ache and pain. Fight those first symptoms with Templeton's Rheumatic Capsules.

UPKEEP OF PARENTS

(Halifax Chronicle) The Ontario Legislature is enacting a Bill to provide that children in comfortable circumstances shall be liable for the maintenance of indigent parents. As one member observed, it is regrettable that any Parliament should find occasion for enacting a measure of that nature. But experience teaches that many persons who receive loving care in their tender years fail to make such provision for the comfort of their parents in old age as is within their power.

WE MAKE PIPES

of all diameters and lengths, in tin and other sheet metal, to fit any of your requirements. Piping carefully cut, reamed, soldered and fitted in our shop ready to apply on the job. Let us figure on your needs. Gavel Roofing. Vaughan & Leonard 43 Marsh Rd. Phone 4473.

HAREM PASSING

Poverty and Need of House Room the Reasons—Silk Hangings and Fine Rugs Go Under Hammer.

Constantinople, April 29.—(Associated Press by mail).—The Turkish harem is passing as a part of the Turkish home. Poverty and the need for house room are the causes. The Turkish pashas, effendis, beys and all the well-to-do of other days whose homes were divided into the harem and the haremlik, that is, one half of a mansion or palace for the women and the other for the men, are parting with this luxury as they have parted with their carriages, horses, jewels and lands. The pashas still keep a division of their houses for the privacy of their wives and daughters and children. Many Turkish women deplore the necessity which compels them to live like the "poor European." They declare that they were happier when living apart, that the home was easier to manage and their husbands, too.

PROTEST AGAINST EXPENDITURE FOR ST. JOHN BUILDINGS

Estimates of \$88,000 for Public Buildings Here — Most for Partridge Island Immigration Depot.

Ottawa, April 29.—After the house had sat until daylight this morning, the government this evening decided that on and after Monday it would have daylight by moving the hands of the parliamentary clock an hour forward, in common with the rest of the clocks in Ottawa. Daylight saving time will be in vogue on and after Monday, the prime minister announced tonight. In the evening the house took up public works department estimates. Mr. Leeger (Kent) protested that of an item of \$86,500 for public buildings in the province of New Brunswick, \$35,500 was being spent in St. John. He wished to know why St. John was so favored. Hon. F. B. McCurdy replied that it was found this year that most of the essential work was in large centres. No work was being undertaken which was not essential this year. Mr. McCurdy emphasized the need for improvements at the quarantine station at Partridge Island. Buhonic plague and typhus were raging in Europe and special care must be taken to prevent their entry into Canada.

Pimples Have Now All Disappeared

WHY MANITOBA MAN PRAISES DODD'S KIDNEY PILLS. His Pain in the Back is Also Gone After Taking One Box of Dodd's Kidney Pills.

Sifton, Man., April 29.—(Special).—Mr. John Yallowage, a well-known resident here, is a new addition to the ranks of Canadians who sing the praises of Dodd's Kidney Pills. Like all the others, he has tried Dodd's Kidney Pills for kidney troubles, and found them good. "I took half a box of Dodd's Kidney Pills," Mr. Yallowage states, "and they made me feel much better. When I had finished the box the pain in my back had disappeared. I was also much troubled with pimples on my face. It was as rough as paper bark. Now the pimples are gone and my face is smooth." Dodd's Kidney Pills strengthen the kidneys and put them in shape to do their work, straining the impurities out of the blood. With pure blood there is good health all over the body. Ask your neighbors about Dodd's Kidney Pills.

TO BE DYSPEPTIC IS TO BE MISERABLE

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat three square meals a day and not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes much torture and is digested so imperfectly that it does little good. Before you can eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments. For over forty years Burdock Blood Bitters has been toning up and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after effects. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes much torture and is digested so imperfectly that it does little good.

ECZEMA SUFFERER GETS INSTANT RELIEF

The following letter is a testimonial to the power of Swalekema. This came from the son of a well-known man who had suffered no expense. "My son was afflicted with eczema on the face and body for three and a half years, during which time he had him constantly under treatment, having had him to specialists in the United States and Canada, also to a private dermatologist, none of which effected a cure. Was advised to try SWALEKEMA, one bottle of which healed up the skin, and he is now free from the disease." Swalekema is guaranteed and sold by all druggists. Manufactured by C. E. Swalekema, Mfg. Chemist, Kitchener.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD. 129 Avenue Plus IX, Montreal. "For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but did not improve and finally the doctor told me I could not be cured. At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved, and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'." GASPARD DUBORD. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

CHEATS SENTENCE BY DEATH

Chicago Dentist and Hotel Owner Was Convicted of Bootlegging. Chicago, April 30.—Dr. J. Newton Roe, formerly part owner of the New Southern Hotel, who was recently sentenced by Judge Landis to serve eighteen months in the Federal Penitentiary for bootlegging, died on Wednesday at Lake View Hospital. Dr. Gilbert Wynne, attending physician and Roe's friend, declared that death had been due to a hemorrhage caused by cancer of the stomach. Dr. Roe, formerly secretary to the President of the Valparaiso University and prominent in Chicago dental circles, was accused of storing more than \$100,000 in liquor in the hotel of which he was a former owner. At the trial he contended that this was his "private stock."

WOMEN TELLERS AS LURE. Bank President Says It Pays to Employ Women at Such Posts. Philadelphia, April 30.—It pays to have women in tellers' cages in savings banks because men will leave a short line in front of a male teller's window to stand in a long line to wait to be served by a young woman teller, Raymond H. Frazier, president of the Washington Mutual Savings Bank of Seattle, said in an address before the Second National Conference of Mutual Savings Banks. "The day of low wages for bank employees is gone," said Mr. Frazier. "The paying teller must now get as much and a little more than a motorman." Victor A. Lerner of Brooklyn told the delegates that less promptitude and efficiency and more courtesy would pay the banks of the present day. "We are woefully lacking in this quality," he said, "and why women 'hate banks and banking.' He suggested a primer in the back of every bank book, telling the 'whys, wherefores, and hows' of banking, so that the customer could understand. Cardinal Dougherty, who opened the conference with prayer, said: "Savings brings self-denial, industry and honesty. It trains men to forethought, promotes good order and teaches self-respect. The saving man is diligent in his work, conservative in thought, and anxious for governmental stability."

CURFEW FOR CHICAGO MAY 5

Parents of Children Found on Streets After 10 P. M. To Be Arrested. Chicago, April 30.—Chicago's curfew will ring for the first time on the night of May 5, when the new ordinance goes into effect. Mayor Thompson did not sign the ordinance, but his failure to veto it at Monday night's meeting of the council makes it a law, said City Clerk Isaac Alderman Malesky, author of the ordinance, said all principals and teachers of public and private schools throughout the city would be requested to explain the law to the children. The ordinance provides that all children sixteen years of age and under must be off the streets between the hours of ten o'clock at night and six o'clock in the morning. It directs policemen to warn parents on first violation. Further violation will mean that the father or mother or both can be brought into court and punished.

A KIDNEY REMEDY

Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 20 drops of Extract of Roots, Syrup, and your kidney disorder will promptly disappear. Get it genuine.

NEW DISCOVERIES BY FAMOUS CURIE FAMILY

Paris, April 30.—The brilliance of the Curie family is remarkably demonstrated by announcements of new discoveries by the Academy of Sciences. Madame Curie has succeeded in determining the respective proportions of radium and mesothorium, which has hitherto baffled the savants who have considered mesothorium as more powerful. Professor Laporte, a cousin of Curie, it is announced, has discovered a new method for measuring the speed of ions. Madame Curie, after months of study, has succeeded in determining the atomic weight of chlorate in the raw mineral state. The three discoveries are considered most important by scientists. Madame Curie will be feted at a great gala opera on Thursday on the eve of her departure for America.

MILLERAND PRESENTS VASE FOR BOXING CHAMPIONSHIP

Lyon, France, April 30.—President Millerand has sent to the French Boxing Federation a beautiful Sevres vase, which is to be awarded to the winner of the French amateur lightweight title in the boxing championship bouts to be held here in June. "There is no scarcity of good little men in France," the President told Paul Roussin, the President of the federation, explaining why he desired his gift to be donated in the lightweight class. "What we want now is to develop more good big men."

WOMEN TELLERS AS LURE

Bank President Says It Pays to Employ Women at Such Posts. Philadelphia, April 30.—It pays to have women in tellers' cages in savings banks because men will leave a short line in front of a male teller's window to stand in a long line to wait to be served by a young woman teller, Raymond H. NEW DISCOVERIES BY FAMOUS CURIE FAMILY

Paris, April 30.—The brilliance of the Curie family is remarkably demonstrated by announcements of new discoveries by the Academy of Sciences. Madame Curie has succeeded in determining the respective proportions of radium and mesothorium, which has hitherto baffled the savants who have considered mesothorium as more powerful. Professor Laporte, a cousin of Curie, it is announced, has discovered a new method for measuring the speed of ions. Madame Curie, after months of study, has succeeded in determining the atomic weight of chlorate in the raw mineral state. The three discoveries are considered most important by scientists. Madame Curie will be feted at a great gala opera on Thursday on the eve of her departure for America.

MILLERAND PRESENTS VASE FOR BOXING CHAMPIONSHIP

Lyon, France, April 30.—President Millerand has sent to the French Boxing Federation a beautiful Sevres vase, which is to be awarded to the winner of the French amateur lightweight title in the boxing championship bouts to be held here in June. "There is no scarcity of good little men in France," the President told Paul Roussin, the President of the federation, explaining why he desired his gift to be donated in the lightweight class. "What we want now is to develop more good big men."

What the Edison Tone-Tests mean to you

Consider the famous Edison Tone-Test! It has piled triumph upon triumph for the New Edison and made it the most talked of subject in music circles. But the real value of the Edison Tone-Test is its practical service to you. It proves beyond question that—the New Edison, and the New Edison alone, can bring to your home great music, exactly as it is sung or played by great artists.

The NEW EDISON

"The Phonograph with a Soul"

Bring or mail the coupon for a proof on offset paper of Franklin Booth's famous etching of Mr. Edison, as he looks to-day. Bears Mr. Edison's fac-simile autograph. No advertising matter. Size 12 x 19 inches. Suitable for framing.

FULL AMOUNT OF INCOME TAXES MUST BE PAID

Montreal, April 29.—"No person liable to income tax is going to get away without payment of duty. He may dodge income tax one year, or two years, or even three years, but eventually he will be caught up with and then he will have his full income tax to pay for the whole period, plus penalties and interest," said R. C. Graham, chief inspector of taxation, Ottawa, who was in the city today looking into the work of income tax collection here.

Mr. Graham, explaining the method of a card index system, was used by which an income tax history of all persons was compiled showing what their resources were and how they had met their income tax calls. While the record for Montreal was very good, it was known that a number of persons were evading liability. It was stated that between two and two and a half millions were taken in here today.

A KIDNEY REMEDY

ADVISE BUSINESS POLICY OF CAUTION

Keynote of Addresses at Annual Banquet of Credit Men's Association, But Business Here is Fundamentally Sound.

The keynote sounded at the annual banquet of the Maritime Division of the Canadian Credit Men's Trust Association, Ltd., held last evening in the Y. W. C. A. cafeteria, was one of caution to the business man. H. W. Rising was in the chair and an informal talk was given by W. J. Ambrose, manager of the Bank of Montreal here. Several members made short speeches and the annual report of the manager was received.

ed in the general public not being in a position to buy so much as formerly. He described optimism as having faith in the future. He said that this spirit prevailed in the maritime provinces. With a reasonable amount of prudence and co-operation between the debtor and creditor merchants could be nursed along and eventually become successful.

In concluding, he said that the policy that should be pursued by merchants was to go slow and play safe.

Other Views.

W. Matthews, of Moncton, agreed with the former speaker's policy of caution. R. T. Hayes, M. P. P., said one cause of the depression had been the lack of good faith by those they dealt with in cancelling orders. He could not see any prospects of a speedy revival.

J. G. Harrison said the advice given was sound. Most of the merchants were over-stocked and while the grocers had liquidated stocks pretty well, other lines had not.

Need of co-operation was voiced by P. W. Roush. It was in the best interests of the debtor and creditor. The debtor should not be forced to much but given a chance to turn around.

E. L. Rising thought that wholesalers should go slowly for the next six months. He attributed the setback to business to the luxury tax. He expected better conditions, however, in about six months.

About eighty per cent of the business of George A. Horton was in the maritime provinces and his salesmen had reported caution on the part of customers in buying. Merchants had bought largely last year and were hurt by the depression, as they had not expected such a falling off in business. Conditions did not look so bright as he would like to see them and he advised a conservative course.

charge for an excess of reports between branches which would bring in the needed revenue. Twenty-three assignments had been received by the association, which was an authorized trustee under the bankruptcy act, all of which had received careful attention. The services of Frank Whelpley, of the Winnipeg branch, had been secured to aid in dealing with these cases.

The report showed the importance of the judgment given by Chief Justice Harris in Nova Scotia in respect to the Bulk Sales Act. A similar act for this province was recommended.

The financial statement showed a balance of \$490.95 on the year's operations. Several failures had taken place during the last three months but few had been important in amount and there was a hopeful feeling that business interests would not suffer severely from the prevailing depression. The report strongly urged that adequate accounting was necessary to success. While the business of the Maritime Provinces was regarded as in a healthy state, expenditures should be limited to absolute needs.

The unemployment situation was hurting trade and collections, but it was urged that creditors should give consideration to worthy debtors.

The report was received and adopted. The president, H. W. Rising, said that when collections were good members did not use the association as much as when they were bad, consequently members had dropped out. He asked that all be loyal to the organization as it was useful to all wholesale firms and manufacturers.

The following were announced as elected to the board of governors for two years: T. N. Campbell, of Moncton; J. F. Edgett, of Moncton; H. W. Emerson, W. A. Harrison, C. P. Humphrey, F. W. Roush and E. M. Smith, of St. John; elected for one year, E. J. Murphy, of Halifax.

In his talk on business conditions in the Maritime Provinces W. J. Ambrose said that the banker's view point sometimes differed from that of the merchant. The banks had been preaching caution and prudence. They had advised that only such purchases be made as were necessary for actual business in view. Those that had followed this advice were now reaping the benefits.

Business in the Maritime Provinces was fundamentally sound, he said. They were, however, suffering from the general effect of the world war. Prices received for the potato crop had been unsatisfactory, as had fish prices, and it had been a bad year in the lumber industry. The cut had been fifty per cent less than last year and the wages paid for this cut were considerably smaller. This result-

PATIENTS ENTERTAINED.
Sandy McGregor of Montreal, gave a Scotch entertainment, consisting of songs and stories and an exhibition of rapid change of costume, at the St. John County Hospital yesterday for the benefit of the soldiers there. The entertainment lasted for about two hours and was much enjoyed. Mr. McGregor has been doing this work for the last two years, often times paying his own expenses. His idea is that the war is not yet over for those soldiers that are in hospitals and they need entertainment. His partner, Miss Jean Thompson, was not able to be with him yesterday on account of illness, but will probably take part in another concert to be held in the hospital next week.

ARE SUPERANNUATED.
The superannuation of three veteran C. N. B. carpenters, Neil Johnson, Beverly Vincent and Andrew Crozier, was announced yesterday. The superannuation is to be effective as of May 1. The three carpenters have been attached to the local carpentry department of the railway. All of them have been in the service of the road for a great number of years and by the high quality and faithful character of the years service they have given have well merited the consideration given them. It is understood that the men will be ret on approximately two-thirds pay.

More Speed—A New Gear
for
Ford Truck

THE 7-1 Standard Worm-Gear used exclusively on the Ford Truck was designed for carrying heavy loads under all conditions. It has proved entirely satisfactory.

Experience has shown, however, that owners operating on smooth country roads or city pavements with light, bulky loads often desire to operate at a speed of over 15 miles per hour.

To meet this condition we have designed a new gear which permits greater road speed without undue increase of engine speed. Equipped with the new gear your Ford Truck will develop a speed of from 20-25 miles per hour.

The New 5-1 Gear is now optional equipment on all Ford Trucks, or can be obtained from Ford Dealers and Service Stations for Ford Trucks now in operation.

British and American Capital Looking Toward Canada.

After a visit to the United Kingdom during over six months, F. W. Field, the government trade commissioner, has returned to Toronto with optimistic impression of conditions here. Mr. Field said in an interview the labor situation was gradually improving. Many employees were offered lower wages and others more inclined to listen to reasonable proposals of manufacturers as to the possibility of reducing costs in order to compete in the world markets. He gave great faith in the triumph of the opinion in the Old Land, said Field, "This year will probably be one of readjustment, but conditions are gradually improving and we expect to see John Bull take a much more intimate interest in the Canadian situation."

the country against "old stagers who seem to be organizing crime."

Reprisals. Cork, April 29.—The military authorities today, issued the following announcement:

"Owing to the burning of houses on two Loyalist farms at Cross Barry and neighborhood, April 27, three farmhouses of prominent active Sinn Feiners have been burned as official reprisals. It is the intention to carry out official reprisals in that proportion, or if that proportion does not have the desired effect, in a greater proportion. That is to say, if they continue to burn two, we will burn three, and if that doesn't stop the thing, we probably will burn six."

K. OF C. ASSEMBLY.

The Knights of Columbus held their weekly assembly in their hall, Coburg street, last evening when about 100 guests spent a very enjoyable evening. Dance music was provided by an orchestra and during the evening refreshments were served.

representatives of numerous British firms visiting Canada this year to gather first hand information about the business prospects here.

(Toronto Globe.)

The amount of foreign capital coming to Canada thus far in 1921 is comparatively small. The disadvantage of depreciated exchange in some directions is complementary to the hesitancy due to trade depression in countries that have currency at parity or better as compared with Canadian funds. A few months ago there was a fair prospect of a substantial amount of British and American money being invested in Canadian industries. Some opportunities were placed before British capitalists to develop Ontario resources, and the interested parties were willing to proceed. One man who had securities worth hundreds of thousands of dollars sought to raise money from a London banker. He was unable to realize one-eighth the value of the securities because the bank in question objected that the funds would be sent out of the country for investment.

A position of merit was brought before an American syndicate not long ago, and negotiations were conducted up to the point where the bargain was practically sealed. Then the unsettled economic conditions of recent months loomed up as an obstacle to definite action at this time.

The Canadian Export Trade Pioneer calls the attention of British manufacturers to the situation in this Dominion as follows: "There is only one effective way for exporters in the Mother Country to meet American competition in Canada and from Canada, which is to say, by the establishment of British branch factories in the Dominion. British manufacturers are losing golden opportunities by reluctance to act along these lines."

It calls attention to the fact that a trade bulletin issued in New York states that since 1919 American investments in Canada have been more than doubled. They are now equal to about one-half the amount of British investments in the Dominion. In 1919 American investments in Canada were estimated to be about \$225,000,000, of which \$185,000,000 were invested in industrial undertakings. At the end of 1919 these industrial investments alone amounted to \$205,000,000, the total investment of American money then being one and a half billion dollars.

The importance of Canada as a market to American manufacturers is, of course, the principal reason for this influx of American capital and the building of branch factories, but the movement has a motive in connection with American export trade. An American factory in Canada is in a position to profit by any trade preferences granted to the Dominion by other parts of the British Empire. This consideration exists also in relation to trade with the Far East, where finance and credit are so largely under the control of British interests.

IRISH REPUBLIC WILL NEVER BE ESTABLISHED

(Canadian Press Despatch.)

Belfast, April 29.—Cardinal Logue, primate of Ireland, speaking at a confirmation service in Clonoe, County Tyrone, yesterday, warned the people against the commission of any crime. According to reports of Cardinal Logue's talk, he said a great many persons, both in Ireland and England, including some with influence, were making every effort to establish peace, and that he knew for a fact that if the people of Ireland abandoned crime they could obtain anything that was necessary for the country. An Irish republic would never be achieved so long as Britain had a man able to light, the cardinal declared. He said if the Irish got a full measure of self government, with control of the taxes, that would give them all they asked for. The cardinal warned the youth of

CHALLENGE FOR LIQUOR LAWS

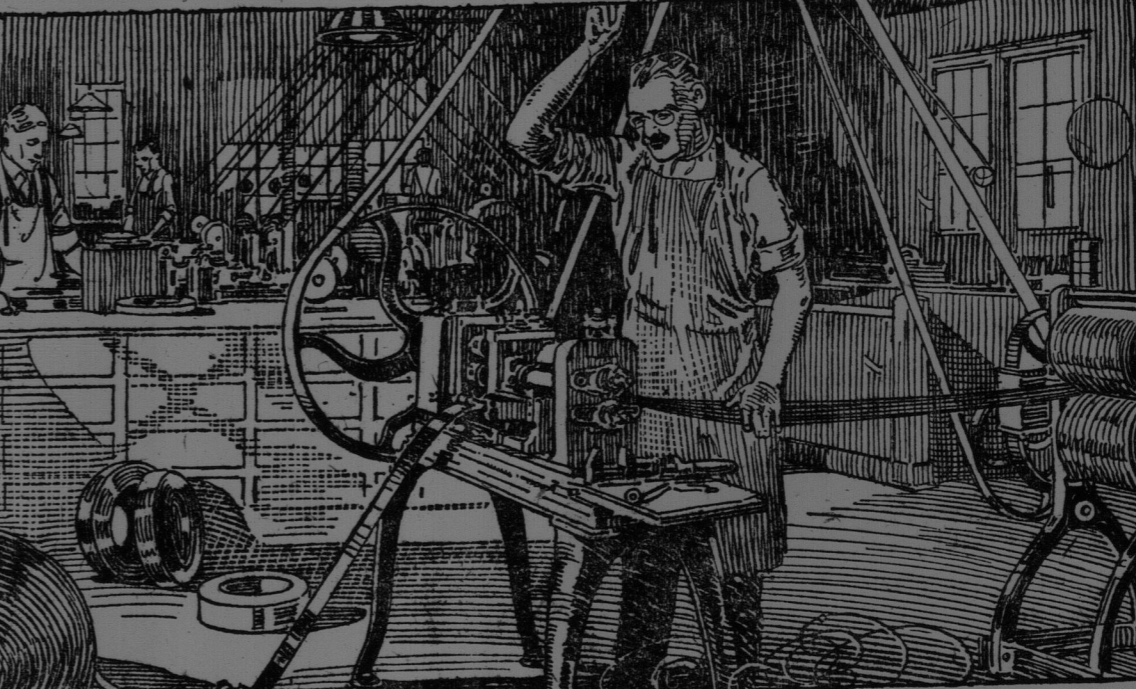

(Canadian Press Despatch.)

Montreal, April 29.—The constitutionality of the new Quebec liquor law will be challenged before the local courts early next week, as soon as it has been put in force, according to reports today which stated that a fund of \$500,000 is already subscribed by the wholesale liquor merchants' and distillers' agents, for the purpose. It is claimed the new act conflicts with the common law of the Dominion and would not stand the test of the courts.

WALTHAM THE SCIENTIFICALLY BUILT WATCH

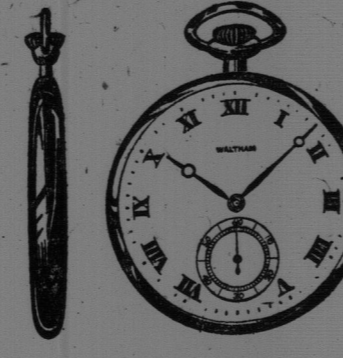

Made in Canada. Literature on request. House of Waltham 189 St. James St. Montreal.

THE mainspring is the power of a watch. It is a piece of specially hardened and tempered steel, about twenty inches long, coiled in a barrel between the upper and lower plates of the movement. It is subjected to varying conditions of service in temperature and tension. The variation in thickness of two one-thousandths of an inch, or lack of uniformity in hardening, and tempering will decide the time-keeping quality of your watch.

The Waltham Watch Company produces fourteen tons of mainsprings every year. It is the largest mainspring maker in the world. The Waltham mainspring is cut from long rolls of steel of uniform and special quality, then tempered in resilient form by a secret process, and is placed in the watch coiled into a hardened and tempered steel barrel. This is exclusively a Waltham practice.

An inferior mainspring means an inferior watch—no matter how much you pay for it. The uniform superiority of the Waltham mainspring is one of the reasons why the horological experts of the leading nations of five continents chose Waltham in preference to watches of any other make.

LOCAL NEWS

BASEBALL.

A meeting of the Wolves baseball team will take place at 8 p.m. on Tuesday, May 3, at 40 Brook street. All interested are asked to attend.

BANK CLEARINGS.

St. John bank clearings for April were \$12,298,310, last year \$14,929,029. Half-fax clearings this month, were \$17,831,632. In Moncton they were \$4,945,921.

NEARLY EVEN.

Six marriages were solemnized in the city this week. During the same period twenty-five divorces were recorded—twelve boys and eleven girls.

THEIR CHILD DEAD.

Friends of Mr. and Mrs. John D. Maxwell will sympathize with them in the death of their infant son, Parker D., which occurred today. He leaves, besides his parents, two sisters.

PANTHYSALE.

The Ladies' Aid of the Central Baptist church conducted a very successful pantry sale today in the lobby of the Imperial Theatre. The sale was under the general convenship of Mrs. J. H. Bond, who was ably assisted by a committee composed of Mrs. Z. G. Allwood, Mrs. L. A. Belyea and Mrs. M. E. Campbell.

FEWER DEATHS.

The number of deaths in the city during the week ending today is less than for some weeks past. This week there were only sixteen, from the following causes: Semilly, three; diphtheria, three; myocarditis, three; pneumonia, chronic nephritis, cardio renal disease, aortic stenosis, cancer of liver, broncho pneumonia, pulmonary tuberculosis, one each.

IN THE MARKET.

Prices obtaining at the city market this morning were about the same as those of last week with a few cents variation here and there. Beef was 19c to 25c; veal 18c to 30c; pork 20c to 30c; ham and bacon 25c to 40c; chicken 70c to 90c; butter 60c; eggs 80c to 85c; potatoes 40c; turnips 25c; parsnips 60c; beets 55c; carrots 30c; apples 40c to 50c; lettuce 8c to 10c; parsley 8c; tomatoes 40c; cucumbers 25c each; celery 30c to 35c; rhubarb 18c; maple sugar 45c; maple syrup 60c.

CUSTOMS MATTERS.

W. M. Campbell and W. G. Haslam of the local customs staff will this afternoon for Ottawa to attend a meeting of the Dominion Customs Officers' Association. Mr. Campbell is a member of the dominion executive and Mr. Haslam goes as a representative from New Brunswick and Prince Edward Island. One of the matters to be discussed is the question of the re-organization of the patronage system in making appointments and filling vacancies. The general opinion among the customs officials here was said to be against it.

TRAFFIC MATTER.

Arthur McLean and Edward Chisholm appeared in the police court this morning to answer a charge of allowing mud and straw to fall from their teams in Charlotte and Union Streets and across the sidewalk in Charlotte street. After their explanation a fine of \$8 was stand.

William Ward was charged with exceeding the speed limit in Main street on Thursday in his auto truck and was fined \$10. Magistrate Ritchie spoke of the number of accidents resulting from speeding and said that he would have to strike a fine.

SURPRISE AND PRESENTATION.

A pleasing event took place yesterday afternoon just before closing time in the store of F. A. Dykeman, Charlotte street, when the bride and groom and staff gathered to say farewell to Miss Lillian Garnett, of Silver Falls, one of their number, whose marriage will take place soon in Winnipeg. A beautiful traveling bag was presented to her by her associates and Mr. Dykeman presented the fittings for it. Last evening at the home of Mrs. J. Neidham, 135 Orange street, Miss Garnett was guest at a delightful surprise party given in her honor. Many beautiful gifts were received by the bride-to-be. The evening was delightfully spent with cards, dancing and other amusements.

FOLLOW UP ON THE MONCTON CONFERENCE

Board of Trade Plans in This Connection—Secretary Armstrong Speaks of Meetings.

R. E. Armstrong, secretary of the board of trade returned today at noon from Moncton where he was attending a meeting of manufacturers and business men as well as representatives of the maritime governments. To a Times reporter Mr. Armstrong said it was hoped to have some of the speakers at the meeting come to St. John on Monday to attend a meeting of the St. John Board of Trade but this was found to be impossible. The meeting therefore would be postponed until a week from Monday night when it was hoped to have some of the representatives of the New Brunswick and Nova Scotia governments, notably R. E. Finn of Halifax and Mr. Rand, here to speak on the subjects that were discussed with a view to having the subjects followed up and something definite accomplished.

The meeting was very successful in point of attendance and much enthusiasm and interest was shown. One important matter that was discussed was the subject of transportation. It was felt that the freight rates as they stood at present were working a great hardship to the industries of the maritime provinces and it was essential to the preservation of the industries that something be done toward having them lowered.

Another matter, said Mr. Armstrong, which received considerable attention was the development of agriculture areas in the maritime provinces and increasing the agricultural population. It was the intention of some present to start an organization to this end but it was thought to be advisable to get the viewpoint of the maritime immigration authorities. It was decided to ask the three maritime governments to appoint committees to meet a delegation and go into the matter thoroughly.

If it is not possible to get the representatives of the governments who were at the Moncton conference to come to St. John for the board of trade meeting the matter will be dealt with by the representatives from St. John who were present at the meeting. W. S. Fisher, J. W. Simms, F. E. Sharpe, W. A. Nicholas and R. E. Armstrong were present from St. John.

LAST HOUR RUSH TO PAY INCOME TAX

More Than \$600,000 Received Here Up to This Morning and Tide Still Rising.

More than \$600,000 in checks, money orders and cash has been sent in to the office of the local inspector of federal taxation to cover payments on income tax returns for the present year, so Norman P. McLeod, the local inspector said this morning. Today, the last day for making the returns under the law, the money continued to pour in and there was a continual line of people outside the office all day.

Much comment has been made by the public regarding accommodations at the local office, which is claimed to be much too small to handle the work. The only waiting room is on the stairs and the offices themselves will not permit more than one or two people being attended to at one time. Besides the inspector there are four assessors handling the work and they are feeling the strain of the rush of the last few days.

Mr. McLeod said that returns made by mail bearing a postmark of April 30 would be accepted as having been returned on that date.

FOURTEEN YEARS IN DORCHESTER FOR PREACHER

Judge Barry Says He Could Have Given Steeves Life and Whipping With Easy Conscience.

Woodstock, N. B., April 30.—At the opening of the circuit court this morning Judge Barry sentenced James McDonald, convicted of breaking, entering and stealing, to seven years in the maritime penitentiary at Dorchester.

Rev. Charles Steeves, a Pentecostal preacher, for having carnal knowledge of Etta Brooker, a girl under fourteen years of age, was sentenced to fourteen years in the same institution. The judge remarked that he could not give him a life sentence and a whipping and let him down to sleep tonight with a clear conscience.

ARTHUR FLEMING OF 26TH AND MISS M. STARKEY WED

In the presence of invited guests, ushered to their places by DeWitt Clarke and Fred Brookings, and with the body of Victoria Street Baptist Church well filled by friends of the popular bride, Miss Mabel M. Starkey, eldest daughter of Mr. and Mrs. E. D. Starkey of 147 Main street, was married by Rev. G. D. Hudson, pastor of the church, at three o'clock this afternoon to Arthur R. Fleming, son of Mrs. Margaret Fleming of 25 Letters street. The double ring service was used.

The bride made a charming appearance in a very lovely dress of white duchesse satin, with white point d'esprit hat trimmed with orange blossoms, and carrying a shower bouquet of opheila roses. She was attended by her sister, Miss Vera D., daintily gowned in pale blue silk, with pretty hat of blue to match and carrying a bouquet of pink carnations. The groomsmen were Ewing Sandall.

During the ceremony and at the signing of the register, appropriate music was nicely played by the church organist, Arthur Burd.

Out of town guests present at the ceremony were Mr. and Mrs. George Lockhart of Boston, Mr. and Mrs. Albert Fleming of Chatham and Mr. and Mrs. Ernest Hills of Fredericton.

After the ceremony the bridal party drove to the home of the bride's parents where a dainty luncheon was enjoyed. Mr. and Mrs. Fleming then left on the Boston train on a honeymoon trip which will include Boston and Fitchburg, Mass., in which latter city they will visit the bride's brother, George G. Starkey.

Going away, the bride wore a very pretty traveling dress of wisteria.

From her associates with D. & J. Paterson, from friends in the city, province and United States, presents in notable array were sent to the happy bride, while several showers were given in her honor. She enjoys a wide acquaintance and has been an active member of Victoria Street church, of the Sunday school and secretary of the Young Ladies' Class there. From many sources letters and telegrams of congratulation have come. The groom gave three years of his life in the service of his country in the great war, as one of the original members of the 29th Battalion and he won the military medal for special war service. The groomsmen, too, is an overseas man, who served in the medical corps. Mr. and Mrs. Fleming will have the best of wishes for a long and happy married life.

INJUNCTION IN FREDERICTON RE DAYLIGHT TIME?

Fredericton, N. B., April 30.—"Unless we can make some headway by petitioning the city council to make ineffective the resolution which time effective in Fredericton from May 22 until Labor Day, the Labor Council will make an application for an injunction to prevent the order being made operative upon the ground that the city council has no right to take such action in defiance of the vote of the people on the subject at a plebiscite held two years ago and which vote has never been reversed," is a definite announcement made today by E. C. Barry, chairman of the ways and means committee appointed by the labor council to devise some means of making the daylight saving time order inoperative in this city.

Been in to See the Kroehler Daven-o Yet?

For those who like the utmost in comfort in a Chesterfield the Kroehler Daven-o will at once appeal. But more than a Chesterfield the Kroehler is made to serve as a bed also. A mere touch will unfold it and a mere touch will fold it again.

Made to accommodate the thickest mattress and to neatly take care of the bed clothes and pillows the Kroehler might be said to be a whole suite in itself.

But a personal inspection is in order—and cordially invited.

TIMES DULL ON NORTH SHORE

Unsatisfactory Condition in the Lumber Trade An Important Factor.

It is doubtful if times along the North Shore of the province have ever been much quieter than this spring, owing mostly to the unsatisfactory conditions existing in the lumber trade, and the uncertainty as to what extent the saw mills are to operate in the coming summer.

lets do not look inviting, nor is there any definite reason to suppose conditions in that regard are likely to improve a great deal within the next few months, so it looks as though the sawing done this year will be comparatively light.

REFERENDUM VOTE LIKELY IN OCTOBER

The council of the New Brunswick Temperance Alliance met in the Y. M. C. A. building yesterday afternoon with the president, Donald Fraser, in the chair. A report from the executive committee was received and a discussion of the coming referendum took place.

Rev. W. D. Wilson, general secretary, gave a report of his trip to Ottawa in regard to the settlement of the date of the referendum to be held on the importation of liquor. He said that it would probably be held in the middle of October. He also reported that 1,860 new members had been secured for the alliance under the new plan at an annual fee of \$1 each.

Rev. Z. L. Fash, of Fredericton, recording secretary, read the report of the

executive, which was approved. In part it was as follows:

"In Dorchester your executive instructed your general secretary, Rev. W. D. Wilson, in reference to the new plan of enrollment of members for the alliance. The general secretary immediately undertook this work and found a very ready response on the part of the people. He is able to report up to the present time that he has secured 1,860 names at an annual fee of \$1 each.

"Early in February last the general secretary, with a delegation from the Temple of Honor, interviewed Hon. Dr. Roberts in connection with the introduction of the resolution dealing with the importation of liquors into the province. He also arranged with R. K. Tracey, M. P., to second the resolution. Both of the honorable gentlemen gladly acceded to the request. In due time the resolution was introduced into the legislative assembly and passed without division. The alliance owes a debt of gratitude to these gentlemen for thus giving substantial encouragement to this resolution.

"Your general secretary was instructed to proceed to Ottawa in connection

lows: Solo, Miss Isabelle Jamieson; solo, Miss Jean Ald; recitation, Miss Flora Macdonald; piano solo, Miss Lillian Clarke, and tableaux from story land by the members of the Onaway group of C. G. I. T. girls. A sale of candy by the Skylark group and a sale of ice cream and cake netted welcome sum that is to be given to the missionary fund of the groups. Attractive decorations in the C. G. I. T. colors, white and blue, were much admired and the girls wore their "middies."

NEW SECRETARY FOR THE Y. W. C. A.

Miss Iness MacKenzie, of Hamilton (Ont.), has accepted the appointment as general secretary of the local Young Women's Christian Association and will arrive in St. John on May 16 to take up her duties here. Miss L. Tapscott, the present secretary, resigned a short time ago for home reasons.

PAGEANT PRESENTED

The Jessie Chipman Mission Circle of the Portland Methodist church repeated its splendidly successful pageant, the "Striking of Canada's Hour" under the auspices of the Queen Square Methodist W. M. Auxiliary in the school room at Queen square last evening and delighted a capacity audience. Rev. Neil MacLaughlin, the pastor, presided. Other items in the programme were a piano duet by the Misses Chown and Craft; a reading, by Miss Laura Fanjoy; piano solo, Miss Vera Corbett; vocal solo, Mrs. Blake Ferris; piano duet, Mrs. Rayworth and Mrs. Robertson. The accompanists were Miss Vera Corbett, Miss Price, Mrs. J. C. Rayworth and Miss Vera McLaughlin. A considerable sum was realized and will be divided between the two organizations.

New Life for discarded Pots

Those leaky pots and pans have not outlived their usefulness. They await the renewing touch of Vol-Peek. Vol-Peek will mend any leak inside of two minutes and put those discarded articles of Granite-ware, Aluminum, Copper, Brass, Tin or iron back into service. 25c is all it costs for thirty mends.

No tools, no trouble with Vol-Peek. Fill up the hole like putty, wait the hardening time in two minutes into a solid, lasting repair. Can't work loose. No rivets or bolts. No washers—nothing to rust.

Get a packet and cut dollars off your hardware bill. At your dealers or send 25c to us.

with the coming referendum. No reports to the executive that, after consultation with Colonel Biggar, chief returning officer for Canada, he learned that the date chosen by your executive, June 27, 1921, was impossible, because of the vast amount of preparatory work in getting out the lists. The date suggested by your secretary for the referendum was the middle of October.

"Your executive would recommend that the most careful preparations be made in the way of organization, and that a chief organizer be appointed as in the campaign of July 10, 1920.

"The outlook is for a strenuous campaign, and we should prepare for it."

Organization.

The importance of having a large membership was dealt with by W. G. Clark, of Fredericton. Michael Kelly spoke on the importance of the churches taking the lead in this matter. A general discussion followed on the necessity of getting properly organized for the referendum campaign and a resolution was passed that the general secretary be the chief organizer and that he be given power to associate with himself others to help in the organization of the campaign and in the securing of new members.

Rev. A. L. Tedford, of St. John, who was in Saskatchewan during the referendum campaign in that province, also spoke on the need for proper organization. Hon. R. J. Ritchie, Rev. Z. L. Fash, J. Willard Smith and others remarked on the necessity of striking hard at the liquor interests in this province now, as there was likely to be a bitter fight and every one should be on the job.

Thomas Clark, of Newcastle, spoke of the looseness of the enforcement of the prohibitory law in his section of the country and others gave evidence to the fact that the prohibitory act was not being enforced properly throughout the province.

It was moved by Rev. A. L. Tedford and seconded by Mrs. David Hipwell that the alliance appoint a committee to put out in the best form all facts available for presentation to the people of the province the true position of conditions in reference to the enforcement of the

prohibition law. The motion was carried and the following committee appointed: Rev. W. D. Wilson, Rev. Thomas Marshall, Rev. A. L. Tedford, Willard Smith and Mrs. David Hipwell.

A motion by Rev. Thomas Marshall, seconded by J. Willard Smith, was carried that in view of the many complaints received at the meeting from different parts of the province as to the lax enforcement of the prohibitory law, the council should instruct its executive to lay before the government at the earliest possible date those facts relative to present conditions and urge upon the government that steps be taken to have the law efficiently enforced.

A motion was passed that a delegation be appointed to wait on the commissioners of St. John to protest against the granting of any permit or license or the renting of any city property for purposes of liquor business and that this delegation consist of J. Willard Smith, Rev. A. L. Tedford, Rev. G. F. Dawson, S. B. Bustin and Rev. W. D. Wilson.

It was also resolved that the committee appointed to wait on the government be authorized to protest to the government against the granting of any licenses for the export of liquor.

ST. DAVID'S C. G. I. T. GIRLS ENTERTAIN

The C. G. I. T. groups of St. David's church gave a most successful entertainment in the school room of the church last night. Miss Frances Campbell was the chairman for the evening and the first item on the programme was a debate on the resolution that books make better friends than people. The speakers on the affirmative were the Misses Elvira Pike, Isabelle Somerville and Bernice Somerville. The negative was upheld by the Misses Hazel Thompson, Helen Clark and Margaret Kerr. The judges, who were Mrs. J. A. MacLellan, Miss Helen MacMurray and Miss Helen Hannah, gave the award to the negative and praised highly the manner in which both sides had handled their arguments. Other numbers on the programme were as fol-

ELEGATES TO GOOD ROADS CONVENTION

Speakers Will Give Addresses at Other Meetings in Halifax.

The arrangement of the final details for the eighth annual convention of the Canadian Good Roads Association at the Technical College, Halifax, on May 10, 11 and 12 by the executive committee is rapidly nearing completion, and the forecast made some weeks ago, when the official invitations were sent out, that this gathering of men and women interested in improved highways would be the most important yet held, is proving true in every particular. The big distances to separate one part of the Dominion from the other will be no deterrent to all representation of all the Provinces at the convention, and the delegates from the middle West and beyond the Rockies will be one who will surprise even the enthusiasts of the Maritime Provinces. The Province of Manitoba is following the example set by British Columbia and Saskatchewan and Alberta, and is sending an official representative of the Government to participate in the convention—the Hon. T. H. Johnson has been appointed by the Manitoba Government to be present, while 7 delegates from municipalities and good roads organizations including Henderson, president of the Nova Scotia Good Roads Association will come from the middle West. The Union Government are sending A. Campbell, the Commissioner of Highways from Ottawa to attend. Several additions have been made to the program: Paul D. Sarcelle, Highway Engineer of the State of Maine will speak on "How to improve and maintain earth, clay and gravel roads," while Alex. Fraser, the Quebec Provincial engineer, will speak on earth, gravel and asphalt roads. George Hogarth of Ontario Government highways department, will give an address on the design and handling of modern road machinery, and A. Fullerton, of the Ontario Branch of the Ontario Government will tell the delegates something about colonization roads. The Nova Scotia Motor League are having their annual meeting on the eve of the convention, and as a large number of the delegates will be arriving in Halifax by that time, arrangements are being made by the association for addresses from the delegates of the Motor League, of Ontario, Ohio, and Russia. T. Kelly of Hamilton, will be the speaker on roads at the special luncheon on Tuesday, given by the Halifax Rotary Club to visiting Rotarians. The Western delegates will join the Halifax delegates at Toronto on Saturday morning, and will proceed with them to Montreal, where the American delegates and those from the Montreal area parties travel down to Halifax on the "Ocean Limited" of the Canadian National Railway, leaving Montreal on Saturday evening and reaching Halifax on Sunday night. The annual dinner and entertainment of the Association has been fixed to take place at the Hotel on Wednesday evening at 8 o'clock, and an array of eminent speakers will give brief addresses there. The exhibition of road materials and machinery, run in conjunction with a convention will be well worth seeing for many of the largest firms in the Dominion are sending exhibits and have representatives to explain all the intricacies of modern road making to the delegates.

DULLDOG'S DEVOTION CAUSES MISTRESS DEATH

Orange, N. J., April 30.—A bulldog's devotion to his mistress indirectly caused the death of Miss M. Louise Foster here today. When Miss Foster's clothing caught fire the dog stood guard in the doorway of her home and snarled so savagely that women who ran to the rescue were afraid to enter. Finally a man dashed into the house past the dog, seized the animal by the neck when it attacked and locked it in a room. Then he snuffed the flames, but the delay was fatal.

AUTO STRIKES GARAGE, BOYS' DEATH FOLLOWS

Arrest Revere Driver on Manslaughter Charge.

Revere, April 30.—Lawrence Primitello, aged 4, of 63 Thorndike St., was fatally injured while playing on the street near his home. He died in the Chelsea Memorial Hospital at 12:35, probably from a fractured skull and concussion of the brain. The child was playing on the sidewalk, near 52 Thorndike St., and Antonio Sorbea, 46, married, of 80 Thorndike St., was backing an auto truck out of the garage at 52. The machine, according to the police, struck a part of the garage and dislodged some of the material. The material struck the child on the head. William Sullivan, of 80 Spring Park, Jamaica Plain, who was there to make some repairs on Sorbea's machine, took the child to the hospital in his machine. The boy was the son of Mr. and Mrs. Achilles Primitello.

PRETTY ACTRESS TOOK \$5,000 BRACELET AS "JOKE," SHE SAYS; JUDGE CALLS IT "SERIOUS"

Pretty Clara Carroll, an eighteen-year-old member of the "Two Little Girls in Blue" Company, now playing in the Colonial Theatre, appeared before Judge Dowd in Municipal Court this forenoon charged with larceny of a platinum bracelet set with thirty-three diamonds and thirty-three sapphires, valued at \$5,000, from Patricia Clarke, a dancer with the company. Miss Carroll told the court that she took the bracelet only as a joke and entered a plea of guilty. The judge remarked: "Yes, it was a very serious joke." He continued the case until next Saturday for a hearing, fixing bonds at \$5,000. It is alleged that the bracelet was stolen from Miss Clarke's room in the theatre April 14. Miss Carroll was arrested last night by special officer Sullivan of the LaGrange street station, who went to the Hotel Avery where she had a room, and says he found the bracelet in a trunk.

Deposit Your Coupons

WHEN you cut the coupons from your Victory Bonds or other securities, the logical place to put them is into your savings account.

At any branch of this Bank, you can open a savings account with your coupons, or we will cash them for you without making any charge.

USES SUN HEAT ONLY, IN NEW COOK STOVE

Dr. Abbot Explains to Scientists His "Concave, Parabolic, Cylindrical Reflector," Used at Mt. Wilson.

Washington, April 29.—Advantages of the old Sol Cook Stove, operated twenty-four hours a day on sun heat alone, were explained to the National Academy of Sciences here by Dr. G. G. Abbot of the Smithsonian Institution. The device was as yet a luxury, he admitted, but everything but fry on the Solar Cook Stove at Mount Wilson, Cal. He displayed a can of beans, saying they were Solar Cook Stove canned, looking good, and "tasted better."

The apparatus, Dr. Abbot said, was a "concave, parabolic, cylindrical reflector," through which ran a tube of ordinary cylinder oil to absorb heat from the reflector and apply it to the cooking compartment, insulation retaining heat in the oil overnight. Cooking temperatures were automatically regulated by a float device, he said, while a simple clock work mechanism kept the reflectors pointed to the sun.

WAITERS ASK INCREASE TO REPLACE VANISHING TIP

Toronto, April 24.—Tips to hotel waiters and waitresses in Toronto have fallen off until some of them receive nothing at all from this source, according to Richard Russell, business agent

of the Waiters, Waitresses and Cooks' union, and on May 15, when the agreement between the union waiters, waitresses and cooks expires, wages averaging ten per cent. of an increase will be demanded. At present union waiters receive \$60 a month and union waitresses \$46.

TRIPLE-SERVICE
(ECONOMIC-HYGIENIC-STYLE)
Makes Nemo Corsets Indispensable

The Meaning of Nemo Corset Service
MILLIONS OF WOMEN DEPEND ON IT

Nemo Corsets comprise many hygienic features of great scientific value and are divided into three distinct services:

- Hygienic Service**—Style Service—Economic Service

Their Hygienic Service has become invaluable and indispensable from a humanitarian and health point of view. The medical profession fully recognizes its preventive and curative qualities.

Their Style Service is necessarily different from that furnished by other corsets. The scientific and hygienic results can be obtained only when Nemo Corsets fit the figure accurately, comfortably and properly.

Their Economic Service, on which the first two depend represents the long-wearing qualities of Nemo Corsets. No amount of ingenuity in conceiving these valuable inventions would avail if the corsets themselves were not extremely durable. Their intrinsic value production cost of the corsets is based exclusively on themselves. Their Hygienic Features, although worth much more than the corsets are given entirely free.

The Circlet
does for the figure above the waist what the corset does below.

Not Another Winter of Stoves

Get This Book At Once—Learn All About This Modern Heating System That Costs Less to Install and Less to Run

You'll save yourself a lot of money next winter if you install a "Hecla" Pipeless Furnace at once. It will cost you less to install than any other efficient heating system. And because of its patented Steel-ribbed Firepot, it will quickly pay for itself. For this exclusive feature, added to the pipeless principle of heating, cuts down fuel bills amazingly. In short, with coal at present prices, you can't afford to do without a "Hecla" Pipeless—a furnace we guarantee absolutely to heat any home of any size with complete satisfaction.

In a Class by Itself! Study these Features! FREE Estimate!

Wherever "Hecla" Pipeless Furnaces have been installed they have been an unqualified success. Not one of the thousands of owners throughout the Dominion has had cause for complaint. No gas or dust with this heating system—it has the famous Hecla Patented Fused Joints that make the radiator absolutely tight against leaks. No pipes in the cellar. That item alone means big saving. Only one register in the whole house. Only one day's labor to install complete. Every room in the house cozy—the air healthfully moistened—because the "Hecla" Pipeless has the big Circular Waterpan.

Individual grate-bars—easy to shake down. Cast-iron combustion chamber—guaranteed for five years. A cool cellar no matter how big the fire. A POSTCARD—TO-DAY! Whether your home is old or new, your cellar complete or not, you can have the comfort and health of the modern heating system. A booklet will bring you by return mail: (1) Book of Testimonials; (2) "Business Winter Comfort"—a booklet that describes the heating system fully; (3) "Sketch plan" forms from which our heating engineers can submit an estimate of cost and determine the correct installation for your home. Write to-day—no obligation, of course. The literature and information is given FREE—and gladly.

HECLA PIPELESS FURNACE

NORTH END TO HAVE ATHLETIC GROUNDS SOON

Meeting Last Night Authorized Committee to Have Baseball Field Prepared at Once—Will Seek Incorporation.

The North End Improvement League empowered its grounds committee last night to take immediate steps towards the realization of the League's improvement programme which contemplates the building of an athletic field with baseball diamond, running track, quail pits and tennis court together with a club house. The League took this action at an enthusiastic meeting held last night in Dufferin School of which C. F. Stevens was chairman and Thomas A. Armour, secretary.

on the Armstrong & Bruce property near the site of the old Shamrock grounds. The general sports committee was instructed to have the baseball diamond prepared at once. The league also decided to ask for incorporation and named as provisional directors J. Fraser Gregory, R. P. Hamm, George B. Day, C. F. Stevens and W. H. Turner. A 50-foot flagpole has been donated to the League by James F. Gregory and a 20-foot Canadian flag was given by F. S. Heams. The flagpole will be erected at once.

Y. M. C. A. SECRETARY HAS RESIGNED

Captain S. B. Stokes, general secretary of the Young Men's Christian Association has tendered his resignation to the board of directors as he intends taking up other work. The resignation has been regretfully accepted and will take effect on June 1.

Vapo-Cresolene
A Vapor Treatment for Coughs and Colds
The time for Vapo-Cresolene is at the first indication of a cold or sore throat. It is simple to use, you just light the little lamp that vaporizes the Cresolene and place it near the bed. The soothing antiseptic vapor makes breathing easy, relieves the cough, eases the soreness and congestion, and protects you from epidemics. Recommended for Whooping Cough, Bronchitis, Croup, Hoarseness, Catarrh and all other throat ailments. Cresolene has been used for the past 40 years. The benefit is unquestionable. Send for descriptive booklet. Sold by drugstores.

MAYOR'S SPORTING OFFER TO MEMBERS OF BOYS' CLUB

The South End Improvement League gave a much appreciated treat to the South End boys club last night and it was one of the most thoroughly successful events in the club's history. S. B. Bustin entertained the boys with an illustrated talk on flags, scripture pictures and a fairy story. He used his own lantern to show the pictures on the screen. Charles Cronwell played the bag-pipes, gave a demonstration of Indian club swinging and told some stories. Mayor Schofield and Hon. J. R. Ritchie each addressed the boys and gave sound advice as to their conduct when they are on the playgrounds this summer. Mayor Schofield, who on his previous visit had warned the boys of evil results of cigarette smoking, made them a sporting offer. Every boy who could say that he had not smoked up to that date he would take to the Imperial theatre on May 24 and every boy who had smoked before but would stop smoking and could say on June 8 that they had not smoked up to that time he would take to the Imperial on that day. The members of the executive served cake and fresh milk to the boys who numbered more than 100. Three hearty cheers from the boys at the close of the evening gave ample testimony of their delight in the entertainment.

CANADIAN PACIFIC GENERAL CHANGE OF TIME.

PLAYERS INDICTED FLEE THE COUNTRY

Some Reported in Mexico—Two Said to Be in Canada—Start General Round Up.

Chicago, April 29—A general roundup of men indicted in connection with the 1919 world's series baseball scandal has been started by state officials, and federal aid will be sought in apprehending several persons who have not yet given bond, it was announced at the state attorney's office, following reports that some of the alleged conspirators had fled to foreign countries.

George E. Gorman, assistant state attorney, said tonight that he had information that Abe Attell, former world's champion featherweight fighter, and Joseph U. (Sport) Sullivan, known in the east as a gambler, had fled to Canada. Others in the case were reported to state officials, Mr. Gorman said, to have made plans to go to Mexico or to be there now. Mr. Gorman declared that since there were no treaties with Canada under which a man could be extradited for a misdemeanor, federal officials would be asked to request the Canadian government to deport Attell and Sullivan as undesirable if they are found in that country. President Dan Johnson of the American League is now en route to Washington to make this request. Detectives will be sent tomorrow to San Jose, Cal., to bring back Hal Chase, arrested there. Eddie Cloutie, once the American League's leading pitcher, sent word from his Detroit home that he would come to Chicago within a few days to give bond. Similar news was received from Louis Levi and Ben Levi, alleged gamblers. Charles Risberg, George Weaver, Fred McMullin, Joe Jackson, Oscar Felsch and Claude Williams, White Sox players, and Carl Zork and Ben Franklin of St. Louis, have given bond, Mr. Gorman said. Local attorneys for Rachel Brown, Sullivan and Attell said that if these men had fled the country "it was news to them." Chick Gandil, another player, is reported in Texas, and has sent word that he will come to Chicago to give bond. None of the men who have promised to come here will be given longer than May 1 to report, it was said. Leonard G. Edwardson, Chicago correspondent for a New York paper, was fined \$1 and costs today by Judge Thomas Taylor on a charge of criminal libel against Judge Charles A. McDonald, chief justice of the superior court. The case resulted from articles written by Edwardson in which he was alleged to have misquoted Judge McDonald and others concerning reports that the 1919 world series scandal cases would not be brought to trial. Edwardson apologized publicly, and it was understood the case was to be dropped, but he then changed his plea to not guilty and stood trial.

A WEEK OF SPORT.

At Tuesday afternoon's council meeting of the Halifax Board of Trade, it was decided to ask the athletic and aquatic clubs of the city to hold a conference with a view of having a week of sport during the coming fall. In view of the fact that there will be no exhibition this year, it was felt that it was probably an opportune time to hold one of the old fashioned aquatic meets which were so popular some years ago.

Sentenced to Jail.

Boston, April 29—James J. Connor, a bartender, was sentenced today to a year

in jail for the killing of John B. (Doc) McLean, a former major league baseball player, in a barroom row several weeks ago. He had pleaded guilty to manslaughter after being found not guilty of second degree murder in connection with the shooting at the same time of John P. McCarthy. The district attorney recommended light sentence, saying that evidence showed Connor to have acted in some degree in self-defense. McLean was a native of Fredericton (N. B.) and was well known through the maritime provinces.

Canadian National Railways
TIME CHANGES. Effective May 1st.
PRINCE EDWARD ISLAND SERVICE
S.S. F. E. Island will, after May 1st make two round trips daily (except Sunday). Connections via Sackville made by No. 15 train leaving at 7.10 a.m. and by No. 14 leaving at 1.30 p.m.

Fawcett
Imperial Double High Oven Range
Transforms the ordinary kitchen into an ideal modern workshop for the housewife.
Two "Daylight" Ovens
Of Large capacity, that can be used at the same time with equally good results. One fire will accomplish double work. No stooping, with its attendant backache, in order to use the ovens. No burned hands or arms and no opening of oven doors in order to see how the bread is cooking or if the roast is ready for the table. Coal or wood can be used with equal success.
Fawcett Hot Blast Fire Box, used in every Fawcett Range, is a feature which can't be equalled, much less excelled.
The Fawcett Imperial trims them all as a Cooker and Baker. You can't beat it.
Ask your dealer to show you the Fawcett Line or write direct.

ATHLETIC

Portland Boys' High Scores.
In the national athletic contest staged
on Thursday night in the Y. M. C. A.
hall, Portland, Queen square, Ger-
man street and Trinity squares took
part, and some splendid work was done.
The shutout was very closely con-
tested, James Chown of Portland scoring
124 points and Don Robertson, Queen
square, scoring 122. In the three-pat-
oat race, Theo. Yeomans, of Portland, was
broad jump was won by Jim Chown
of Portland, with a score of 95, with
Don McLaughlin, of Queen square, sec-
ond with a score of 94. The running
high jump was won by Horace Field, of
German street, with a score of 97.
The high individual scores were: Jas.
Chown, 475; Theo. Yeomans, 461; Ho-
race Field, 442; Harold Holder, 440; Bob
Cohner, 435.

As the Portland square stands, it is
higher than last year's Dominion cham-
pions of Hampton, which should give
them a splendid chance to hold the Do-
minion championship in New Brunswick.
The following are the averages: (these
are open to correction): Portland,
394.8-5; Queen square, 367.1-5; Ger-
man street, 307.2-5; Trinity, 70.1-3.

Boy Scouts
Wolf Cubs
Rover Scouts
Sea Scouts
LITTLE FRIEND OF ALL THE WORLD

11th St. John (St. Luke's) Troop.
Last Thursday evening a large gather-
ing of parents and friends witnessed a
snappy concert and display of scout work
which was given by the Boy Scout
Troop and Wolf Cub Pack of this church.
The programme consisted of
exhibitions of first aid, bridge building,
and other features of scout training. A
number of articles of carpentry and
wood-working qualifying for the cap-
tainer and pioneer badges were exhib-
ited. A feature of the evening was a play
entitled "Turning a Raw Recruit into a
Tenderfoot," in which Scout Ed. Belyea
very cleverly interpreted the part of the
raw recruit. During the evening the fol-
lowing badges were presented by the

scoutmaster, Cyclist, to Scout Nelson
Deane; King's Scout, to Troop Leader
R. Edgar Adams; First Class to Second
Edward Belyea. As each boy went for-
ward to receive his badge the scout-
master explained to the audience the
tests qualifying in each case. Other
pleasing features on the programme were
a mandolin solo by Scout Alfred Sibson;
piano and violin duet by Scouts Rourke
and Wakeham, the Grand Howl and
Snake Dance by the Wolf Cubs.

Baseball Challenge.
St. Luke's Troop have organized a
baseball team with Patrol Leader R.
Edgar Adams as captain and Patrol
Leader George Green as manager. The
team is anxious to arrange games and ac-
ceptances of this challenge should be sent
to the team manager.

13th, St. John (Coburg St.
Christian) Troop.
The regular meeting of the troop took
the form, this week, of a social which
was prepared by Miss Anna Hughes and
Miss Grace Dugley, assisted by Asst.
Scoutmaster Russell Clarke and Fred
Putnam. The troop was joined by the
Wolf Cubs and light refreshments were
served. Badges were presented as fol-
lows: Second Class, Scout Ronald Ger-
vey and Fred Bridgen; Tenderfoot, Er-
nest Boyne; Tenderpad, George Coker.
The boys thoroughly enjoyed the even-
ing, which was closed by singing the
National Anthem.

Cubmasters—Try these at your next
meeting:—Are Ye There Moriarty?—
Two Cubs are blindfolded. They land
on the ground about two feet apart. One
Cub is Moriarty, the other O'Flynn.
O'Flynn holds a firm roll of newspaper,
as a club. He cries, "Are you there,
Moriarty?" and Moriarty cries "yes,"
and ducks his head or puts himself in
any position in which he imagines his
head will be out of the range of the
swipe he expects from Moriarty, though
he must not move his knees from the
given spot. O'Flynn lets fly at the place
where Moriarty's head is to be from
the sound of his voice, but must not
move his knees either. The one given
a one minute round and O'Flynn scores
a point each time he smacks Moriarty's
head with his club. They then change
about, and Moriarty takes the "club,"
and gets his own back on O'Flynn, the
one who scores the most points wins.

Another way of playing this game is
for the two boys to hold left hands, each
to be armed with a paper club. They
call alternately.
Dumb Crambo—This leads up to act-
ing unprepared plays. The Cubs are
divided into two sides—one party out
while the party inside decides on a word
—say, "fat." They then send a mes-
senger to tell the outside people that the

word they have thought of rhymes
with "hat." The outside party then
take every rhyming word they can think
of, and going in acting dumb show—for
instance, a rat hunt—boys with sticks.
Other representing dogs: As soon as
the inside party recognizes the word the
actors are acting, they hiss, if it is the
wrong one. The actors then retire, and
think of another word rhyming with hat.
For instance, "bat," when they would
come in and act a cricket match. When
at last, they stuff themselves with cas-
hions, or anything else that is available,
and come in representing "fat," the in-
side party clap, and then go out them-
selves and wait to be given a rhyming.

(Moncton Transcript)
W. V. B. Riddell, Ottawa, dominion
organizer for Boy Scouts Association, is
a visitor in the city. Mr. Riddell an-
nounced this morning that a scout's
camp will be held this summer at Grand
Lake, on the St. John River (dates
August 1st to 15th, inclusive). At this
camp it is the intention of the officials
of the Boy Scouts Movement to have
experts in all branches of scout work
address the boys, who, it was hoped,
would have a representative present
from every troop in the province.

At present in Moncton there are five
troops, four of which are operative and
one in course of organization. One pack
of wolf cubs has also been organized
here. In St. John city, sixteen troops
are in operation, all of which are very
active bodies. Six packs of wolf cubs
have also been organized there and it
is expected that in the month of May at
least eight additional troops would be
organized.
Speaking of the Grand Lake Camp,
Mr. Riddell pointed out that the two
weeks could be spent by every boy for
the small sum of \$7, not including his
railway fare.

DAYLIGHT TIME IN
MONTREAL ON SUNDAY.
THE TRAINS AS NOW.
Montreal, April 30—At two o'clock on
Sunday morning time in Montreal and
district will, by civic by-law, automati-
cally leap forward one hour and this will
be in effect until the fall.
The railways, however, will be run as
at present on straight standard time, so
as to keep in touch with the international
business across the border. The C. N.
R. are putting in red hands indicating
both times, and at the offices of the C.
N. R. more than 100 clocks are being so
fitted.

BASKETBALL
Mysteryettes Won Again.
A local girls' team, known as the
"Mysteryettes," played the Mount Al-
lison girls' team at Sackville on Thurs-
day evening, defeating them by 68 to 49.
The "Mysteryettes" returned home to-
day. This is the second victory for the
local girls over the Mount Allison team
as the teams played here last week on
the Y. M. C. A. floor, on which occasion
the score was 48 to 38 in favor of St.
John. The "Mysteryettes" are Misses K.
McAvity, A. Hazen, A. McLeod, B.
Jack, G. Flemming and P. Hennessy.

You can pay more
than 7c for a cigar
but you can't get a
better cigar than
the Pippin.
We claim it the best
7c cigar in the land.
Four of them cost a
quarter.
