TIGHT MONEY MAKES ANXIETY

Activity Curbed by World Wide Stringency SIR EDMUND WALKER'S VIEWS Banks Caring for Regular Customers But Discriminating as to Loans—Toronto Financier Advises Caution in Spending Money

(Canadian Press) Toronto, March 25—That the general stringency in the money market will have a serious effect upon industrial operations for the next few months and probably all year is the opinion shared by local bankers and financial men. The Canadian banks are rigorously refusing funds to commercial concerns for building or expansion. Payments are poorer this year than last in the Canadian west. Building returns of western cities are unimpressive and real estate transactions have declined.

MONTENEGRO ACTS WISELY

Gives Way to Austrian Demand—Outer Defences of Adrianople Reported Captured (Canadian Press) Cetinje, March 25—The Montenegrin government in reply to the Austro-Hungarian note agrees to stop to permit the civilian population of the fortress of Soutari to leave the city. At the same time, Montenegro informs Austria that the Montenegrin government has addressed a note to the European powers in which it asks them to pressure Austria to stop its action which it calls a breach of neutrality. London, March 25—According to a news agency this morning from Sofia, the Bulgarian besiegers today captured the first line of defence around the Turkish fortress of Adrianople after a severe bombardment lasting several hours. After a very heavy bombardment with all the siege guns at their disposal, the Bulgarians carried out a general assault on all of the fronts of the fortress. The works to the east of the city were captured by the Bulgarians in a few hours and driving out the Ottoman defenders at the point of the bayonet. The fortress on the north, west and south resisted the attacks successfully. Constantinople, March 25—The military government of the Turkish capital published a notice in the newspapers today warning all Turkish officers absent from the army to leave or for other reasons to return forthwith and report their posts.

DRYDEN'S CASE IN MONCTON POLICE COURT

Railway Town Sending Bowling Team to Tournament Here (Canadian Press) Moncton, N. B., March 25—Howard Dryden, arrested in St. John charged with non-support of his family, appeared in the Moncton police court this morning and was released on \$200 bail furnished by his parents. He is to appear again on Saturday morning. If he supports his wife and pays back to the city money expended in buying his two children, whose death occurred recently while he was in St. John, it is said the charge will be dropped. As a meeting of the Moncton Victoria club was held this morning, it was decided to send a team to St. John and participate in the bowling tournament—Jones, Ted, McMillan, Bedford and Weldon. The Victoria Club was organized last fall.

THE CARLETON WHARVES

Messrs Connelly & Charleau have completed their preparations for vesting work on the new government wharves at West St. John as soon as the timber arrives and the depends on the river. They have contracted for a large quantity of birch and hemlock and as soon as the river opens and the material begins to arrive they will be able to get to work. About 600 feet of cribwork for the 1,200 foot wharf and a start was made on two additional cribs. This season they will complete the cribwork for the 1,200 foot wharf and, if the weather is favorable, also will complete the concrete superstructure. Shipping men have remarked that the completion of this structure will not do much to relieve the congestion at the West St. John wharves as the face of the wharf will be too much exposed to be used with any degree of satisfaction during the winter and it will not be available until the next parallel wharf has been built, thus forming a slip which would give protection to the steamers. It is reported that the federal government has practically decided to proceed with this work but it could not be done in time to help the situation here next season. When asked about the probability of additional construction being undertaken this year Mr. Charleau said this morning that he had heard nothing definite about it.

(Canadian Press) Montreal, March 25—Tom L. Johnson, Cleveland, March 25—Tom L. Johnson, late mayor of Cleveland and champion of Cleveland street cars, died practically a poor in spite of the wealth once had and the political prestige he attained. According to a report of the appraisers his estate, Mr. Johnson left only \$52,070.12. Mrs. Margaret Johnson, the widow, obtained \$4,000 for a year's support. Johnson lost the bulk of his fortune in poor investments and spent a large sum fighting for low carfare in Cleveland.

DOCTORS HIMSELF AND NOW IS STONE DEAF

Spokane, Wash., March 25—Because he believed his ears needed doctoring and that someone, who had been recommended by a friend, would clean them, C. F. Dugan, a railroad man of Tekoa, Wash., is today stone deaf, and his physician says he may never recover his hearing. Mr. Dugan poured a quantity of kerosene in each ear and commenced to scrub. A few hours later he was unable to hear ordinary conversational tones, and in a few hours was totally deaf. He suffered great pain, and was brought to Spokane for treatment.

Little Beauty Chats

By BLANCHE BEACON

Lemon Juice Beautifiers

There is not the slightest doubt that lemon juice plays a very important part in the preservation of woman's beauty, yet, sad to say, it is seldom seen on dainty toilet tables.

Perhaps, however, you, being a girl of good complexion, will no longer disdain it, once you realize the great assistance it can give you in your fight for beauty.

Suppose you call lemon juice to your aid if your blonde tresses persist in growing darker, day by day.

As a result of this novel treatment your grey locks will become as bright and glossy as you could desire.

Papers were read by Mrs. Robert Armstrong on mission work in the West Indies; Miss Van Wart, on work among the non-English speaking people of the North-West; and Mrs. Duncan Langley on work among the Italians. The subjects were thoroughly dealt with. The speakers were listened to with great attention.

LUMBERING

A. F. Bentley, St. Martins is in the city today. He says the lumbering operations in his district were not undertaken on as large a scale as in some other years but his firm will get out about the same quantity as last year and the total output will be fair size. Some of the logs will be left in the woods on account of the rapid disappearance of the snow but as the roads dry in summer some of this will be gotten out.

THE RIVER

The water at Indianton keeps steadily rising. Many who take their fishing into consideration have an idea that the freshest this year will be much greater than in some years. Word from up country is that the ice is fast leaving the river and that the water is rapidly rising. Steam driving has already been started in some sections. It was reported this morning that the steamer Champlain was to go up the Bellefleur this week, leaving on Saturday morning.

HOME FROM CHATHAM

Some of the members of the cast of "A Rose Among Thorns," who presented that play in Chatham Opera House last evening, returned home today. They were very well satisfied with the trip, and spoke of it as a scale as in some other years but that the ice is fast leaving the river and that the water is rapidly rising. Steam driving has already been started in some sections. It was reported this morning that the steamer Champlain was to go up the Bellefleur this week, leaving on Saturday morning.

BIG WATER MAIN

CONTRACT GOES TO CARLETON MAN

The contract for laying the twelve inch water main from the Marsh Bridge to the new sugar refinery has been awarded by the Atlantic Sugar Refinery Company to James E. Kane, of West St. John. The work will be commenced immediately and the contractor expects to have it completed by the end of the summer. The city engineer's estimate of the cost of the job was in the vicinity of \$70,000.

The plans for the job were submitted to the commission this morning and approved. The line starts from the Marsh Bridge and joins the I. C. R. right of way at Haymarket Square and follows the railway line to the site of the refinery.

MUSICAL COMEDY AT OPERA HOUSE TOMORROW

The personnel of the New York Tabloid Musical Comedy Company which opens its engagement at the Opera House tomorrow evening is a guarantee that a performance of much merit will be given. The list includes such well known people as Johnstone Flynn, who created the original "Sunny Jim" character; Miss Mabel Day, prima donna of the Tabloid Opera Company; Francis Carraway, bass-baritone; Dan Hopper, and others; the number of twelve players, and an orchestra of five pieces which have been heard by the musical comedians who are presented as "Princes of India," "Blue Beard," "Belle and the Beast," "The Merry Widow," "The latter will be the attraction tomorrow. The maritime province tour is under the direction of Messrs Torrie and Windsor.

In order to restore foliage to the streets of New Haven that have been bare in the ravages of mths, the city has ordered 2,000 young trees from nurseries in Holland and France. These will be offered to property owners cheaply, to be planted under the supervision of the city forestry department.

AWFUL DEATH OF HALIFAX LINEMAN

Halifax, March 25-Wm. Lawlor, employed in the engineering department of the Maritime Telephone and Telegraph Company as lineman, came into contact with a live wire while at work at the top of a pole today, falling to the ground and breaking his neck. He was about thirty years of age and single.

CONDENSED DESPATCHES

San Francisco, March 25-Direct communication between San Francisco and London, England, by cable and telegraph was established yesterday in a test which they are today willing to vote the financial clause provided the same conditions are attached to it which they attached in the resolution stage. They also say that if they voted for it on the resolution stage the government and its followers voted against it at the same time.

There will be raised the point that the chair on March 15 killed the naval bill by taking the house out of committee on the Liberal side. Nothing is likely to come of this unless the government decides to drop the bill and seek to throw the Liberal side in opposition of doing it. If the matter is put to a vote and the government persists in forcing the measure through, its voting majority is sufficient to defeat the declaration that the bill was killed by the speaker's action.

Like to Get Out of Trouble

There is a wide spread report that the government would like to find a good way out of its present position by dropping the bill for this session. At the same time it would like to place the responsibility for this action upon the shoulders of the Liberal side. If the speaker is not made the subject of discussion today the debate will be upon supply and this will likely be the order of debate for several days this week.

ST. JOHN GUESTS AT THE WEDDING

Fashionable Event in Fredericton

The River - Death of Mrs. John Owens

Fredericton, March 25-In St. Paul's Presbyterian church this afternoon Miss Kathleen, eldest daughter of Mr. and Mrs. George W. Hodges, became the wife of Duncan Cameron Davidson, manager of the Royal Bank in Dalhousie, Alberta, formerly of Highway, Rev. Dr. Smith performed the ceremony in the presence of invited guests. The bride, who was given in marriage by her father, was attended by her sister, Miss Jean Hodges and Miss Marjorie Massey, John Brock of Highway, groomsmen. Miss Helene Everett presided at the organ. Luncheon was served at the home of the bride's parents. The bride was the recipient of many valuable presents including a check from her father. The groom's present was a pearl pendant and to each of the bridesmaids a set of solid gold beads. His gift to the groomsmen was a topaz pin. Out of town guests included Mr. and Mrs. Rupert Turner, Mr. and Mrs. Jack Davidson, Miss Brock, Highway, Miss Muriel Massey and Miss Gilbert, St. John, Mr. and Mrs. Davidson will leave this evening for Dalhousie.

It has been raining steadily all day here and the river is coming up quite rapidly. Does not look as if ice could hold much longer. River is reported to be open below Gagetown.

Mrs. Owens, wife of John Owens, died last evening. She is survived by one son, Dr. John Owens of Belleville, and one daughter, Mrs. J. H. Barry of this city.

ALBERTA AND THE BIG IMPLEMENT COMPANIES

Drastic Legislation Being Considered by the Law Makers

Calgary, Alta., March 25-Believing that the large implement houses of Alberta with headquarters at Calgary have acquired too much power in the province, drastic legislation is being introduced to curtail their power. It now being considered by the provincial legislature.

The bill declares that no written agreement between an implement house and a farmer will be considered binding unless determined by a court of law, and that if a farm implement purchased by a farmer does not prove satisfactory in every respect it does not come up to the guarantee of the house selling it, the farmer will not be liable for payment unless a court of law rules to the contrary.

Two large implement houses with headquarters in Calgary, the Massey-Harris Company and the International Harvester Company, are preparing to withdraw their products from the Alberta market if this act becomes a law. The latter company has already sent out circulars to its agents throughout the province, warning them that the company's products may be withdrawn from the market at any moment, and warning them to govern themselves accordingly.

The managers of these implement houses say that it will be impossible for them to do business further in this province should the bill become a law. They declare only useless and expensive litigation will result from the passage of this act.

NEW PREMIER'S POLICY

Paris, March 25-The declaration of the policy of the new French cabinet under the leadership of Louis Barthou, was submitted to parliament today. It urged the adoption of the system of three years service in the active army and of the other military and naval measures and treated some attention. The Liberals say they are today willing to vote the financial clause provided the same conditions are attached to it which they attached in the resolution stage. They also say that if they voted for it on the resolution stage the government and its followers voted against it at the same time.

There will be raised the point that the chair on March 15 killed the naval bill by taking the house out of committee on the Liberal side. MR. BORDEN'S PROBLEM

It is useless for Mr. Borden to assert that Sir Wilfrid Laurier is receding from the position he took when he approved of the expenditure of \$35,000,000 for naval purposes. Sir Wilfrid's amendment declared that the money should be spent in Canada as the beginning of a permanent policy of naval defense. He has not receded from that position, but has forced Mr. Borden to modify his assertion that Canada could not develop a navy in twenty-five or thirty years, and to throw out a suggestion that, after the vote of \$35,000,000, as an emergency contribution has passed, Canada might take up the question of a permanent navy. Sir Wilfrid Laurier wants that question taken up now. He wants this \$35,000,000 used in carrying out a permanent naval policy for Canada. He does not believe it would take twenty-five or thirty years to build up a Canadian navy. He knows there is no emergency, just as Mr. Borden knows it, and that therefore Canada should keep faith with Australia, and proceed to carry out the fleet unit policy which the Liberal government of Canada had begun to carry out, and which Mr. Borden himself declared in 1909 and 1910 to be the best policy in the interests of Canada and the Empire.

In the new manifesto which he issued last night, Mr. Borden makes another statement which is not borne out by the facts. It is that important measures are being delayed and hindered by the obstructive tactics of the opposition. The Liberals have not been blocking the public business. They are ready to consider it. Mr. Borden is free to go on with the transaction of public business at any time. That which the Liberals have opposed and will continue to oppose is a radical change of policy concerning Canada's relations with the mother country, which has not been endorsed by the people. Mr. Borden will have no difficulty in putting through all the public business, including a redistribution bill, and then going to the country to ask the views of the people on the naval question. The trouble with Mr. Borden is that he is afraid to go to the country, and even threatens to introduce closure in his effort to avoid that course.

CO-OPERATIVE SELLING

That co-operative selling is the hope of the fruit trade is the view of Mr. Alex. McNeill of the fruit branch at Ottawa. That there is great need of a change in the system in the province of Ontario was clearly pointed out recently to the agricultural committee of the house of commons at Ottawa, by President Johnson of the Ontario Fruit Growers' Association. He declared that in Western Ontario fully 25 per cent of the fruit went to waste last season. Apples lay on the ground or hung on the trees unpecked, while consumers in the western provinces were paying unreasonable prices for fruit. Mr. Johnson pointed out that while the average price paid by the dealers last season was \$2.25 per barrel, some farmers got less than \$1.75. As an illustration he told of a woman whom a dealer offered \$125 for the crop in her orchard. She consulted Mr. Johnson, and he arranged for her to join the association. The result was that she received \$1,035 instead of \$125, which the dealer had offered her for her apples. Mr. Johnson also pointed out that there is no uniformity in standards among the inspectors, and he recommended the Nova Scotia system where there are central packing houses and the same standard of grading is applied throughout. He also urged the Ontario co-operative associations to send representatives to the old country markets, as has been done by the fruit growers of the Annapolis Valley.

Dealing with the markets of Western Canada, Mr. Johnson pointed out that the Ontario shippers were at a disadvantage in the matter of railway rates, not only as compared with shippers from Nova Scotia, but from Oregon and Washington. Until a system of co-operative marketing was adopted he did not look for much improvement in the conditions.

Mr. Alex. McNeill, in an interview published in the Toronto Globe, declares that the farmers are paying far too much attention to growing, and leaving the selling entirely to private enterprise, with the result that the profits in almost every case go entirely and directly into the pockets of the middlemen. Mr. McNeill tells of the remarkable change that has come about in Nova Scotia since co-operative companies took the place of the private dealers, who were making very large profits every year out of the apple trade. It was only in 1907 that the co-operative movement began in that province, but within three years there were twenty such societies in the Annapolis Valley, and the number has steadily increased. He predicts that in five years a man in Nova Scotia will hardly be able to sell his apples unless he is a member of some co-operative association. Contrasting the conditions of fruit growing in Nova Scotia with those in Ontario and British Columbia Mr. McNeill says:

"What is the result when the Agricultural Committee of the House of Commons call representatives from each of the three great provinces to testify as to the conditions of the fruit industry in their provinces? The representative from British Columbia has little to say. Conditions are not at all satisfactory with his

BIRTHDAYS OF NOTABILITIES

TUESDAY, MARCH TWENTY-FIVE

The Hon. Sir Thomas Taylor, chief justice of Manitoba from 1887 to 1888, and now living retired in Hamilton, observes his eightieth birthday today. He was born in Kilschire, Scotland. He was knighted in 1887.

Professor C. W. Colby, formerly of McGill University, was born on this date, in the year 1847, in Stansfeld, N. B. He is a graduate of McGill and of Harvard and on graduating became lecturer in English and history at McGill. In 1885 he was appointed Kingford professor of history in the same university. From this position he resigned in 1910 to enter business.

Ernest J. Girardot, who has represented Canada at the Legation, Milan, Dublin, London, and Seattle respectively, was born on March 25, 1849 in Sandwich, Ont. He at first took up school teaching and then became a school inspector. Later he went in for grape growing and the manufacture of wine.

LIGHTER VEIN

The girl who thinks no man is good enough for her may be right, but it is more likely that she is merely spoiled.

THE TRUTH

Doctor—Why don't you settle your bill? You said when I was treating you that you could never repay me for my efforts. Hardup—I meant it, doctor.—Boston Transcript.

TERRIBLE

Of all the terrible things that can happen to a woman, the worst undoubtedly is to be forced to drive past a store window full of new Easter millinery when she has a stiff neck.—Florida Times-Union.

WHY HE KNOWS

"I'll bet she's a suffragette."
"Why?"
"She passed right by the ice cream and cake counter and took a boiled dinner for her lunch."—Detroit Free Press.

TAKE A LOOK AT YOURS NOW

Managers probably do a pretty good business, but there is small prospect of them getting caught up with their work.—Albion Globe.

THE SCANNY SOOT

Two friends, a Welshman and a Scot, happened to be lunching together recently in a certain restaurant. The latter kept turning round to see that his coat and vest remained still on the peg where he had left them. "You are a suspicious chap," said his friend at last, "do you think I am going to walk in here and steal your coats?" "Can't say," replied Scotty, "but I'll take good care nobody gets mine; yours went ten miles ago."

HOW HE DID IT

"What's the trouble now?" demanded his employer, when the office boy came in half an hour late.
"The ice on the pavement," said the lad. "Every step I took, I slipped back two."

WOULDN'T TAKE A CHANCE

Robert W. Chambers, author, says that a certain man, who lives in a suburban town in North Jersey, is no beauty. He is not only long and angular, but has a face and complexion that pale blue, sky yellow or any other color in dress effect will not atone for.

Tomato Culture
Almost anyone with a garden or farm in a temperate climate can grow tomatoes with greater or less success, but there is a great difference between the extent and quality of the crops grown by different persons in the same locality. This difference is due to several causes among which the varieties grown and methods of cultivation practiced are perhaps the chief.

According to experiments carried on for years at the Experimental Farm at Ottawa, Exeter, of which there are several strains, is the best early but Bonny Blue and Chalky Early Jewels, also are good early kinds. Of later varieties, Matchless Trophy, Livingston's Globe and Plantal rank high.

It is the early fruit that makes the profit. In growing plants what should be aimed at is the production of a stocky, sturdy plant which will have some fruit set upon it when set in the field. After planting, the chief work is cultivation which should be done both ways in the plantation.
In order to protect tomato plants from diseases, of which there are several, they should be repeatedly sprayed, even when quite young, with Bordeaux mixture. These and many other points, which cover practically the whole field of tomato culture in the green house as well as in the garden and field, are fully treated in pamphlet No. 10 of the Central Experimental Farm prepared by the Dominion Horticulturist, W. T. Macoun. This work is for free distribution to all who apply for it to the Publication Branch of the Department of Agriculture at Ottawa.

GIPSY SIMON SMITH

Gipsy Simon Smith, evangelist, spoke in the Portland Methodist church last evening before a large audience. The subject was The Love of God. His talk was greatly appreciated. Mr. Smith will spend about two weeks in the city. The speaker told of his early life and recalled the time when he had passed through the city for the first time. He was then twelve years of age and was on his way to Ontario. He said that he noted a great difference in the appearance of the city and would hardly recognize it as the same place. The evangelist will spend the next two months in New Brunswick and Nova Scotia.

THE SECRET

All true success is the outcome of real personal interest and genuine endeavor. You may be desiring a business or you may be thinking out a bright idea for a 15-cent toy, controlling a commissariat or pushing and experimenting with fruits and spices in order to perfect a new recipe for the home table, but the real road to success is just the same in one case as in each of the others.

How Immigration Helps

"Canada is in a quite abnormal position. While there have been depressions in other countries, Canada has not had a depression since 1880 and the following three or four years. The reason is immigration and the consequent building operations.

RECENT DEATHS

Frank Angvine, son of the late Daniel Angvine of St. John died yesterday in Montreal, and his body will be brought here for burial. He was for many years engaged as an electrician with the Royal Electric Co., and afterwards as draftsman with the General Electric Co. and had to do with the installation of many of the big electric plants about Montreal.

WAS WEAK AND RUN DOWN. NOT ABLE TO DO HER WORK.

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung. Day in and day out they have to go through the same routine of work, sweeping, dusting, cooking, etc. No wonder their work gets on their nerves and they become run down. When a woman gets into this state there is only one thing for her to do, and that is, to get something that will build up her system. For this purpose there is not an equal to Milburn's Heart and Nerve Pills. Their restorative action is felt on every organ and tissue of the body, and in a short time the weakness will give place to strength and vitality, and make life worth living. Mrs. Henry McIntosh, Oliver, N.S., writes: "I would recommend Milburn's Heart and Nerve Pills to anyone who is weak and run down. I was not able to do my work, nor rest at night for four years. After taking seven boxes, I am entirely cured, and can recommend them to anyone suffering from heart or nerve trouble." Milburn's Heart and Nerve Pills are 50 cents per box; 2 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WORLD CENTRE FOR THE HANDLING OF MATTERS AFFECTING NATIONS

Ambitious Project of Young Architect is Finding Favor

Rome, March 22.—Hendrik C. Andersen, a young American sculptor of Norwegian descent, has conceived and put on paper plans for a world centre, where all international interests might be discussed and handled. Mr. Andersen's proposal is to have this centre, which would probably grow into a large city, on quasi-neutral territory, such as Belgium, Switzerland, or even the direction of Brno, Bohemia, an architect of the French government. There would be a monumental building to store all documents relating to international topics. The plans are about to be exhibited in the principal cities and in addition Mr. Andersen has had 500 copies with explanatory text published in an edition to be sent to all the heads of the nations, the libraries and universities of the world and to a few individuals. Leaders in the cause of international unity have shown their sympathy with the part of the project which has thus far become known. Also it has the good-will of the international bodies represented at the Bureau Central Des Institutions Internationales in Brussels, which unites about 100 associations. Edwin Sinn, of Boston, the giver of the world peace foundation, has shown himself most enthusiastic.

PRIZES OFFERED TO SWELL BIRTH RATE

Los Angeles, Cal., March 22.—Venice, the seaside suburb of Los Angeles, with a population of 10,000 permanent residents, had six births during February, and three of these were credited to foreign parents. Mayor Harbock, who has long been known at the condition of affairs and the Venice Exposition Bureau has offered a premium to all parents of babies born before April 1, 1914. Dr. Frank Palmer offers his services free, and Mrs. Nettie Harbock, a nurse, also offers her services free. The offers are available to American parents only.

Was Afraid OLD WOULD DEVELOP INTO Bronchitis.

Bronchitis begins with a tightness across the chest, difficulty of breathing, and a wheezing sound comes from the lungs. There is also a raising of phlegm from the lungs, especially in the morning. This is at first white, but later becomes of a greenish or yellowish color, and is occasionally streaked with blood.

VIRGINIA HARNED WIFE OF WILLIAM COURTNEY

New York, March 22.—It has become known that Miss Virginia Harned, actress, formerly Mrs. E. H. Sothorn, has for several months been the wife of William Courtney, who well known as a player. Mr. Courtney announced the marriage at a dinner party given on Sunday night at the wife's home to their friends. It is not known when and where the ceremony took place.

SAYS MONEY WILL BE EASIER IN APRIL

New York, March 22.—Sir George Armstrong, Bart., a noted London newspaper man, who has been visiting Canada and sailed for home on Sunday, said: "I had a private cable from London from a reliable source stating that the tightness in the money market, which has been the case for some time past, will be relieved at the beginning of April. This will be especially noticeable in Germany. Money has also been a favorite stock to sell by the bears. The unfavorable condition of the money market deters many people from buying stocks. There is a lot of money waiting for investment. World buy stocks on re-issues."

THE MARATHONS

When the local baseball season opens it is probable that the local fans will find several of the old friends in the Marathons uniform once more. The management is determined to have a first class team that will be able to contend for the championship of the province. The team is now in touch with most of the 1912 team, and it is possible that this year's program will include such popular players as Pinkerton, Dutton, McGovern, O'Brien, Riley, O'Donnell and Tarbell, and possibly Steve Wild, who has a nucleus there are indications that St. John will have a team which will do credit to the city.

MRS. SARAH FRISBEE DEAD

The death of Mrs. Sarah Frisbee, occurred this morning at her home in Main street. She was in good health up to yesterday afternoon when she suffered a hemorrhage of the brain, from which she died this morning about two o'clock. She was very much respected by many friends about the city. Mrs. Frisbee came here some years ago from Sussex. She is survived by two sons, Herbert and Percy, and by two daughters, Mrs. George Frisbee and Mrs. Thomas Connel. The funeral will be held on Wednesday afternoon.

WELCOMED GYPSY SMITH

OFFERED KING A JOB

The Story of a Chicago Man and The Murdered Ruler of Greece

The death of King George of Greece recalls a true story told in Paris a few years ago. King George, democratic in the extreme, was exceedingly shrewd in business affairs, loved a joke and thoroughly appreciated a mutual situation. On one of his unheralded trips to Paris, the monarch made the acquaintance of a Chicago stock broker, who soon discovered that his traveling companion was as well posted on matters of finance as he was. "Say," exclaimed the Chicago man after the stranger had expressed a keen opinion on some shares then prominent in the market, "you seem to be a pretty clever sort of chap. Where do you live?" "Oh, I live in Athens," quietly answered the King.

DON'T GROW BALD, YOUNG MAN!

Take Care of Your Hair While You Have Hair to Take Care Of

It's a safe bet to one that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald. There's a reason for that, and it's a very good and sufficient one. Dandruff germs cause falling hair, and falling hair means thinner hair, and in due time baldness. PARISIAN Sage prevents baldness, by destroying the cause of baldness—the persistent dandruff germ. If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN Sage. It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant. Many young women as well as men are growing bald for the same reason. Use delightful, refreshing PARISIAN Sage; it nourishes the hair roots, it keeps the scalp cool and moist, and it keeps the hair free from dandruff and itching. Large bottle for 50 cents at drug stores and toilet counters. See that you get PARISIAN Sage. All druggists guarantee it.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 18 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50. Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat trouble, etc. Mix two cups of granulated sugar with one cup of warm water and stir for two minutes. Put 2½ ounces of Pinex (City cents) worth in a 16-ounce bottle, and add the sugar syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours. Pinex is one of the oldest and best-known remedial agents for the throat membrane. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gulfonol and all the other natural healing elements. Other preparations will not work in this formula. The Prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully. A quantity of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

The signatures were as follows: West side: Manchester Robertson Allison, Ltd., J. M. Robinson & Sons, Bank of British North America, Schofield Paper Co., Ltd., W. H. Thomas & Co., Ltd., New Brunswick Telephone Co., Ltd., Joseph A. Likely, Margaret S. Hamilton. Commissioner Agar has announced that, owing to the number of protests received, the paving programme has been abandoned and the property owners who wish work done will have to send in petitions signed by the owners of fifty-one per cent. of the frontage, asking that the council undertake the paving and agreeing to pay one-third of the cost. The petitions will then be referred to the council for consideration. The work of the common council of November 25, 1912, with reference to the offer of the John F. Gleason Company to purchase the fee simple in lots now under lease to it was amended to read as follows: Lot 1038 and 1061 originally leased to S. B. Hayes \$1,500, part of lot 1038 leased to Daniel Toth \$750, part of lot 1038 leased to Ellen Hinds \$750, part of lot 724 leased to J. F. Gleason \$500. This makes a total of \$2,500 to be paid for the properties. There was a mistake made in the original order and the new order yesterday was that made necessary. The protests against the paving of Union street, between Waterloo street and Chipman's Hill, German street between King and Princess, and Princess street between Germain and Charlotte, were presented to the commissioners and referred to the commissioner of public works. The application of the people of Prince William street was then read and referred to the commissioner of public works. The commissioner of water and sewerage said that it was intended to put down a new sewer in Prince William street and he announced that he would immediately make arrangements for the beginning of the work. John W. Pierce applied for a position as city constable. The application was referred to the mayor.

TWO NOTED CROOKS CAUGHT IN MILWAUKEE

Milwaukee, Wis., March 24.—The ring leader and one other of the what is said to be one of the cleverest gangs of crooks in the country are, the Milwaukee police department believes, now at the central station, charged with complicity in a jewelry store burglary at Rochester (N. Y.) on February 14. Two others made their escape when a raid was made on their room at a local hotel. One of the men arrested is known to the police as William Anderson, alias Geo. Brown, alias "Dutch," alias "The Swede," alias Ed. Bauer, alias Ed. Brown. The other is George Mitchell, alias L. E. Pope. Each is thirty-two years of age.

CANADIAN CHOR IN ENGLAND

(Times' Special Correspondence) London, March 11.—Canada's musical reputation is well known here, and there is universal satisfaction at the prospect of the Toronto chorus visiting London this year. Dr. Charles A. E. Harris of Ottawa brings the welcome news that the Canadian singers probably will be here to perform on Dominion Day, and he is convinced that the valuable work inaugurated by the visits of British choirs to Canada will be well rewarded. "Empire reciprocity in music," Doctor Harris termed his work some years ago, and even the results already experienced prove this term to be not too ambitious. Now he purposes taking the imperial choir of 200 members to the Great Exhibition, at which Canada is to have a pavilion. As from members of the congregation, Evening services were held in the church on the day of its erection. As there was no money to hire the carpenters, it was necessary for the members to build the church.

FURTHER DETAILS OF EARL GREY'S PROJECT

Empire Centre in London—Basement of Two and a Half Acres Gives Idea of Size

(Times' Special Correspondence) London, March 11.—One feature of Lord Grey's proposition for the dominion government offices in London which commends itself very strongly to Canadian visitors is that accommodation shall be provided for a lecture hall for empire gatherings, and a residential club for visitors from the dominions. This something that is urgently required, there being at the present time no central gathering place for the thousands of visitors from overseas who come each year.

The size and character of the proposed building can best be realized when it is noted that Lord Grey proposes a basement of two and one half acres, which would be an exchange and mart for the merchants of the empire. The idea of having all the Canadian London offices contained in one building is not a new one and about a year ago Sir George Reid, Australian high commissioner, advanced the proposal to have all the dominion government buildings housed under one roof on the Strand site; but Lord Grey's idea of grouping the whole representation empire in one centre is a step even beyond this. There has been very little said either in support of or against Lord Grey's proposal, working confidently in the hope that when the full benefits are realized, there will be sufficient access of interest to insure the success of his plans.

JURY ASKS THAT RODNEY WHARF BE MADE SAFE

The inquiry into the cause of the death of Thomas Ford, who was drowned in Rodney wharf on the evening of March 20, was conducted by Coroner Kenney on Friday and Saturday evenings last. The jury brought in the following verdict: "Thomas Ford came to his death by drowning in Rodney wharf, St. John, N.B., between 10 and 11 o'clock on the evening of March 20, 1913. The manner in which he met his death is accidental. We would respectfully ask that the improvements which the law directs for the protection of the wharf be immediately put in force by the proper authorities."

MILITARY VETERANS AT ANNUAL DINNER

The New Brunswick Military Veterans held their annual dinner last evening in Wasmaker's restaurant. There was a large attendance and the speeches dealt chiefly with patriotic subjects and the military and naval events that have given the Regiment their present standing at the head of all nations of the world. After dinner there was a very pleasant programme of short speeches and musical numbers. Messrs. Robertson, J. Brown and H. E. Cocher. There were musical numbers by Messrs. D. McArthur, George, Baddeley, and Rogers. F. L. Poole also sang. The gathering broke up at midnight with the singing of Auld Lang Syne, and God Save the King.

LT.-GOVERNOR WOOD TO OPEN MOTOR SHOW

Visitors to the big automobile show recently held in Boston and New York are enthusiastic over the fact that the New Brunswick Automobile Association have so fortunate as to have completed arrangements for the holding of the first annual Maritime Motor Show in St. John. It will afford an excellent opportunity for those who were not fortunate enough to visit the large shows in the States and Upper Canada, of witnessing of the greatest sights that could be desired. Lt.-Governor Wood is expected in the city Saturday to officially open the motor show in the Queens rink, which is at present being transformed into a most brilliant palace, and when completed will prove a great credit to those who have the show in charge.

MR. BORDEN'S "MANIFESTO"

Ottawa, March 24.—Premier Borden has issued a second "closure manifesto." Instead of saying as in December last, that it would be impossible to and impracticable to provide a Canadian navy, he nibbles now at the suggestion, and says that the three Dreadnoughts to be immediately contributed by the people of Canada, become later on a part of a Canadian naval force. This is one of the fruits of the liberal fight in parliament. He says that the Liberals have blocked the passage of the bill, but such is not the case for the government followers are the real obstructionists, as they have refused to ask the commons to consider any other public business. Sir Wilfrid Laurier's reply to the obstructions of the Tories in 1911 was an appeal to the country on the reciprocity issue. Mr. Borden's manifesto that the Liberals have already voted for the appropriation of the \$35,000,000 and are now obstructing the passage of the bill in the committee stage. He thus ignores the fact that the Liberals voted for the clause only in its qualified form, that is as concerning Sir Wilfrid's amendment that the sum be spent in Canada towards the organization of a Canadian naval force in co-operation with the imperial fleet.

MATTERS FOR RIVER COMMISSION

Hon. O. F. Fellows, of Bangor, of counsel for the United States before the International St. John River Commission, has received instructions from the war department of the United States to ascertain whether or not there are any objections to the proposed international bridge connecting Van Buren, Me., with St. Leonard's, N. B. A hearing in the matter will be held at Van Buren as soon as it can be arranged. On account of the two hydro-electric power schemes which are proposed on the St. John River and which have been referred to the commission, it is said that the Ashburton treaty, which requires that the river shall be kept clear and free from obstructions will have to be revised.

THINK FIRES WERE SET

Three alarms were sounded last night within an hour, and the police are of the opinion that the fires were the work of incendiaries. The first alarm was from box 145, about 10 o'clock, for a fire in the rear of a house in Main street owned by James Kelly. About ten minutes later another alarm was sent in from the same box. This time the blaze was in a warehouse owned by the I. C. R. on Long Wharf, and caused damage amounting to about \$600. The last call was sent in about 11 o'clock for a slight fire in the cellar of a house owned by James Kinman at the corner of Parliament and Middle street. This fire was extinguished without much difficulty. The department was called out yesterday afternoon about four o'clock to extinguish a fire in the house owned by Robert Wood and occupied by James Dinmore, near the lower end of Princess street. The damage was slight.

THE HENWOOD CASE

(Denver News, March 19). District Attorney John A. Rush yesterday won his first skirmish in the fight of Attorney John Rodden to free his client, Harold F. Henwood, from the charge of murder for the killing of George E. Cope, a St. Louis, Mo. man. On a motion by Rush, Judge C. O. Butler, in the west side court, ordered that ten sections of the indictment be stricken out. The sections stricken out are declared by Rodden to be "disgraceful" in his brief. Henwood's attorney had maintained that as the killing of Von Phul was the main cause and as the client had been freed on these charges he could not again be placed in jeopardy by facing a jury on the killing of Cope. These were the main reasons for the paragraph objected to by Rush remains in the bill.

Is Health Only a Game of Chance?

If you are accustomed to look on health as a gamble you will probably prove a loser early in the game. Some may hold on to health and life for considerable time and duty the lives of others, but there are many rules of the game which are conducive to health and long life. Take nervous diseases, for example. There are many symptoms to warn one of the approach of nervous exhaustion long before there is danger of locomotor ataxia or some dreadful form of paralysis. But they seem such little things, and their danger signal is not taken notice of.

SPORT NEWS OF A DAY; AT HOME AND ABROAD

BOWLING

On Black's Alleys. The games scheduled for tonight are: City League: Sweep vs. Insurance. Commercial League: T. McAvity & Sons, Ltd. vs. T. S. Simms & Co. Ltd. The weekly roll-off on Black's alleys last night, was won by Allan Beatty, with a total of 97. There were twenty-one in the contest. The prize was a set of razors.

The Balke-Calendar tournament will begin in Black's on Wednesday morning at 10 o'clock. Two new entries have been received lately from Montreal and the Essex Institute, and the Y. M. C. A. alley has dropped out. On account of these changes the schedule will have to be rearranged.

The teams entered in the tournament now are: Halifax, Unique (Essex), Institute (Essex), Fredericton, Moncton and Black's (St. John).

Waterbury & Rising took four points from W. H. Thomas & Co. Ltd. in the Commercial League on Black's alleys last night. Featherstone of the winning team, was high man with 94 1/3 and Merritt in the losers with 84 1/3. Total pinfall was 1245 to 1133.

On Victoria Alleys. The weekly roll off in the Victoria Alley was won last night by Harold MacMichael with a score of 96. The prize was a valuable pipe.

THE TURF. Fredericton Training Stable. William Shearon, trainer and driver, is to move to Fredericton from Woodstock in a few weeks and open a public training stable at the Fredericton Park Association's track.

Provincial Horses Entered. Several Provincial horses are entered in the \$10,000 Pine Tree Circuit promoted by E. W. Banks for Lewiston, Me., July 2-Aug. 2; Bangor, Aug. 30; Augusta, Aug. 16. Frank Adams, Halifax, has entered Frank Patch in the 234 pace, \$1,000 stakes (20 entries). W. H. Magrath has entered Baring's Comet, \$1,000 stakes (20 entries); 2:18 trot, \$1,000 stakes (20 entries); 2:18 trot, \$1,000 stakes (20 entries); and the 2:17 trot (42 entries). Baring, formerly with the Leaman stable, Halifax, is in the latter stakes, which are \$5,000 in each place. Baby Logan, owned by Dr. Johnson, Tignish, P. E. I., is in the 2:17 stakes, and also in the 2:18. Harvey Cecil, owned by R. H. Gray, Thornburn, N. S., is in the \$1,000 stakes for 4-year-olds with 23 others.

BASEBALL. The Conley Brothers. Gleason—Hardly a day passes away without some word of the members of last year's champion team. The latest to be heard from are the Conley boys—Larry and "Bobby."

Both are now attending the Boston college, and are sure to get positions on the team there this spring. Larry, whom the Boston Post characterizes as "the well known all-around Dorchester athlete," will take care of center field for the team while "Bobby" will be at short stop.

According to Coach Stanton, who is in charge of the Boston College nine this spring, Bob is regarded as their premier infielder. The Boston Post also hands out a few bouquets to Bobby, saying: "he will be remembered as the premier third baseman of the high schools around Boston for a few years ago. Besides being a classy fielder he is a powerful batter and will add a tower of strength to the infield."

The Boston College squad began training last week, so both Larry and Bob ought to be in good shape when the N. E. and Maine League season starts.

The Gleason says that Jack Nelson, former backstop for the St. John Maroons, would like to join Fredericton for 1913. The Fredericton team will have new uniforms this year. The old colors of grey with blue trimmings probably will be retained.

The Toronto Team. Toronto, Ont., March 24—President McCaffery of the Toronto Club, left last night for Macao, Ga., via New York. While in New York he will likely have a conference with Tim Jordan and it is expected that it will be definitely known within a few days, whether or not Jordan will join the club.

The Philadelphia Americans won their second victory in the series with the local team of the American Association at Louisville, Ky., on Sunday by a score of 7 to 6. Danning and Brown were in the box for the Athletics, with Thomas receiving. The game was featured by the hitting of "Home Run" Baker, who secured a triple, a double and a single.

THE RING. Klaus Has Succeeded. The United States had a formidable quartet of middleweight champions in Jack Dempsey, Bob Fitzsimmons, Tommy Ryan and Stanley Ketchell, in ability each was a world's champion, but technically not one of the four held the world's title because of failure to arrange a match with the champion of the middleweight division of England and Australia.

Where the four great fighters failed, Frank Klaus, the Pittsburg underdog,

and holder of the American and world's championships, has succeeded, says "Cross Counter," who goes on to remark that he will not advance the proposition that Klaus as he stands today at his best is the equal of any one of the great quartet named.

In fact, had Klaus been in his prime when his famous predecessors held sway, he doubtless would have been swept into the Queenberry ring.

But there is not a shadow of doubt that Frank Klaus is today the best middleweight in the world, and the recognized world champion in that class. Some say question the right of France to stage a bout for the world's championship, but that country has just as good a right as England and America, the only condition being that the contestants were qualified by their ability and performance to contest for the title.

Papke and Klaus when they met in the French capital on March 5, were two of the three leaders in the hunt for the championship and the action of the French Federation of Boxing in declaring Klaus the title-holder will be generally accepted.

McDowry, the third contender for the honors, should have no trouble in getting on a match with the champion. If the Oakland man has the ability, he can take all the emoluments and glory attaching to the championship.

There may be some fault-finding because the decision by which Klaus defeated Papke was based on a foul. An Willie Ritchie man has the ability, he can take all the emoluments and glory attaching to the championship.

It was in 1909 that Klaus began to show his calibre. He went to Boston and got a 12-round decision over Porfy Flynn, who has since developed into a heavyweight of no mean pretensions.

In 1910 Klaus again journeyed to Boston and outpointed that emphysematic Jack Sullivan in 12 rounds.

Klaus then met the champion, Stanley Ketchell, in a six-round bout in Pittsburg on March 23, 1910 and got a draw.

Boston had taken a shine to Klaus, and he was called to meet Frank Mantel, whom Klaus knocked out in nine rounds. Immediately Klaus took to Jimmy Gardner, and outpointed him in 12 rounds.

Klaus also outpointed Leo Hook in 12 rounds and Sullivan in three rounds in the same year. Klaus then met the champion, Stanley Ketchell, in a six-round bout in Pittsburg on March 23, 1910 and got a draw.

Ring Surprises Were the General Order The Past Week

By TOM ANDREWS

There were several real surprises in the fight world recently, which only prove again that the dope very often goes wrong. Pal Moore, the Philadelphia 150-pounder, who gave Charlie White such a hard battle at Kenosha, Wis., early last fall, was expected to retrieve his laurels but just when he began to look good, to the fans around the ring the Chicago lad shot over a hard right which caught Pal back of the ear as they were coming out of a clinch and it put him to the canvas for the count of nine. Poor Pal was all but out then, but he struggled to his feet and finished the round after taking two more knockdowns. It looked like 1,000 to 1 that the Quaker boy would never go the fourth round, but he not only stayed through the fourth, but through the tenth, and in the final round fought so hard that he got an even break, for his effort in the tenth, although losing the battle by a big margin. He was beaten all the way from the knockdown in the third and seemed unable to gain his speed after that, Moore was too light for White and would have looked better at 125 pounds.

White was fast as chain lightning and clever, still he lacked a knockout punch, which will be very necessary if he ever expects to lag over on Johnny Kilbane for the featherweight title.

Another star in the distance appeared at the same show, Matty McGuire of Racine, 134-pounder, who knocked out George Horton of Denver in three rounds. Horton is coming and he knows the game too, but the Racine boy behind his blow, even with eight-ounce gloves, and put his opponent to sleep with right and left, swings to the jaw after he had backed with alps and stung him with straight shots to the stomach, to get his guard down. McGuire is coming, and as I have mentioned before in these columns, just watch him.

It must have been disconcerting to Joe Mandot and his manager, Tommy Walsh, to have Leech Cross, the New York dentist, put over the sleep producer for tenth round after the New Orleans youth had outpointed the easterner all the way. It means a big loss to Joe, for he had been figuring on getting into another match with Joe Rivers in the coast, and also looked forward to a match with Willie Ritchie. This defeat puts him out of it for a time and brings Cross into the limelight. It may mean another meeting between Cross and Murphy and we will have a real welter weight champion. It is about time the dispute as to who is champion was settled.

effect was made this evening on behalf of Secretary McCormack of the club. A copy of the reply of the committee of the New York Yacht Club to the Royal Ulster Yacht Club's request for a reconsideration of the recently declined challenge of Sir Thomas also was made public.

MORNING LOCALS. C. L. Burgess of the Department of Agriculture, Ottawa, is in the city superintending the shipment of 1,700 barrels of Canadian apples to the agricultural exhibition to open in Ghent on April 26. The exhibit includes some New Brunswick apples.

The reports presented at the annual meeting of the Maritime Air Glass Company last evening were gratifying. The company has had a most successful year, the increase in output necessitating the enlargement of the plant. The prospects indicate another big year and the officers were authorized to make what additional extensions may be needed to the plant. The former officers were re-elected.

The work of remodeling the big ocean going tug Muscalonge for the Norton Griffin Dredging Company has been completed by F. S. Heasler. The tug is now ready for work. She is in command of Captain John Williams.

The civil non-suit case of Chesley Stevens vs. Thaddeus E. Lynch came up for hearing before Judge Forbes yesterday afternoon. This was a suit brought to recover \$212.50 for eighty-five cords of wood sold and delivered by the plaintiff, against the defendant. The case was heard, the attorneys in the case arrived at a settlement of the claim and the judge's help appears to be unnecessary. J. B. M. Baxter, K. C., for the defendant.

LOCAL NEWS

BURIED TODAY.
The funeral of Edward L. Harrison took place this afternoon at 2:30 o'clock from the Home for Incurables. Rev. J. L. Dawson conducted the services at the home and interment was in Fernhill.

SPECIAL AT COLDBROOK.
An enjoyable picnic was held last night in the Coldbrook school house by the congregation of St. Joachim's church, Silver Falls. There was a large number present, many of whom drove out from the city. The affair was a financial success and was greatly enjoyed by all. After the picnic was a pleasant time was spent.

DEATH OF MRS. HARRY L. MCKEAN.
Many friends will be sorry to learn of the death of Mrs. Jessie McKean, wife of Harry L. McKean of the local C. P. R. freight department, which occurred this morning at the home of her father in Rock street. She had been ill for some time, but the news of her death will be a shock to all. Mrs. McKean was the daughter of William Callan, of the I. C. R., and, besides her husband and father, leaves two brothers, Charles and Arthur, at home, and two sisters, Misses Hazel and Mary, at home, and Mrs. Mabel Thompson, wife of G. Fred Thompson of the Daily Telegraph. The bereaved young husband and father, brothers and sisters, there will be general sympathy in their great loss.

CHARLETON ENTERTAINMENT.
A musical and literary entertainment was given last evening in Ludlow street Baptist church by the Glendinning Mission Band, of which Miss Angela Bonborn is president. Rev. W. R. Robinson presided and the entertainment was in aid of the missions. The programme was opened with a chorus and the following contributed numbers: Piano solo, Miss Avisa Cooper; vocal solo, Miss Elida Best; recitation, Miss Margaret Anderson; Willie Harrod; Miss Margerie Bonborn; Miss Hazel Campbell; Miss Audrey Campbell; Miss Hazel Colwell; Miss Grace Campbell and Miss Constance Campbell. There were also dialogues and a pretty drill. The Glendinning Mission Band is supervised by Mrs. M. E. Colwell with Miss Muriel Stewart as assistant.

GOES TO DORCHESTER

Duffy Sent up For Two Years and Four Months - Today's Police Court

In the police court this morning, George Duffy was sentenced by Magistrate Ritchie to two years and four months in Dorchester for stealing a watch, the property of the prisoner's brother. In sentencing him, the magistrate said that he hoped it would be a lesson to those who were acquainted with Duffy, as he was sure that it was all on account of drinking that he got himself into his present position. He trusted that when his term expired he would turn over a new leaf.

The hearing in the case of George Watson, arrested on suspicion of breaking into Mr. O'Hara's barber shop in Mill street, was continued this morning. Edward O'Hara, son of the proprietor of the store testified that he locked the store secretly at five minutes after twelve o'clock on Saturday night and on returning to the shop on Sunday morning was told by Policeman Ward that it had been broken into during the night. He obtained from Policeman Rennie the key to the police lock that was on the door and on entering found that the lock had been broken but there was nothing missing. Watson was remanded until tomorrow morning.

Robert Donald, of Protection street, west end, given in charge by his wife on charge of assault was remanded. Mrs. Donald told of her husband coming home drunk and beating her. She said that it had been a common occurrence but she did not wish that he be sent to jail. Jeremiah Daley, charged with drunkenness and being a vagrant, was lectured and remanded.

An Austrian named Husted, who was arrested last night on charge of wandering about and not being able to give a satisfactory account of himself, explained to the court that he had come here from Fredericton to get work at Courtenay Bay and, having no money, he could find no place to sleep. He was cautioned that if he was found around again he would be able to two months in jail. He was allowed to go.

Four men were fined \$4 or ten days in jail, one \$8 or thirty days and one \$8 or two months for drunkenness and three were remanded on like charges.

ARTILLERY SCHOOL OPENED

The provisional school of artillery for the non-commissioned officers and men of the 3rd N. B. Regt. C. G. A., opened last evening, the first meeting being held in the rooms of the 82nd Officers' Club. There was a good attendance and fifty non-coms and men joined.

The lectures in connection with the course will be given in the officers' club rooms, corner Germain and Duke streets, and the drills will take place at the drill shed. Monday is a voluntary night and the uniform will be drill order. Uniform for other nights is optional, but 50 per cent of the attendance must be in uniform.

O. M. Sergeant, Instructor Cox arrived yesterday from Quebec and Lieutenant Acland will arrive on Wednesday.

The school will be divided into three classes, without reference to batteries and each man join whichever class he wishes.

WINTERPORT NOTES

Elder-Dempster steamer Borna, Captain Dutton, sailed from Newport News on Saturday morning at 10 o'clock for St. John with cargo of sisal.

S. S. Toronto, under charter of the Elder-Dempster Company, arrived in port yesterday from Hull and will load here for South Africa.

Steamer Rakia arrived in port last night from Philadelphia and will load for Australian and New Zealand ports.

The royal mail steamer Virginian docked this morning. Her passenger list included 818 men and 491 cabin and 670 third class passengers, 700 of whom landed at Halifax. She also landed at Halifax 2,800 bags and 701 packages of mail matter. The Virginian encountered rough weather.

The steamer Toronto, owned by Mr. Thin, of Liverpool, and under charter of the Elder-Dempster line, arrived on her first trip to St. John yesterday and will load at the I. C. R. pier for South Africa. The steamer came from Hull and had a fair passage.

NO BUSINESS FOR THE GRAND JURY

Unnecessary to Take Men From Their Offices

COMMENTS BY JUDGE

Rodney Wharf Also Has Reference at Opening of Circuit Court—Very Few Cases—Two Matters in Probate

The March sitting of the circuit court opened this morning, Mr. Justice White presiding, with no criminal case on the docket and an unusually small civil docket. In addressing the grand jury, His Honor said that he did not know whether or not it was a surprise to the grand jurors themselves to be summoned when there was no business for their consideration but it was a surprise to him. A few years ago, he said, he had taken occasion to review the history of the grand jury in the court room here and had pointed out then that some of the functions exercised by the grand inquest many years ago had now become obsolete.

A few years ago, he mentioned incidentally, a presentation was made recommending that protection be made at Rodney Wharf but this was evidently lost sight of in officialdom and now, through negligence, another victim had suffered recently by reason of want of protection.

Referring again to the time when he reviewed the grand jury system, he mentioned that the grand inquest on that occasion made a presentation to the court to the effect that the grand jury should not be summoned unless there was some business to come before them. This was followed by a similar resolution in Kings county and another in Albert county. Mr. Hazon, who was attorney-general at the time, introduced an act embodying these resolutions and with this law now in force, His Honor was at a loss to understand why the grand jury had been summoned this morning when there were no special matters for their consideration. He regretted that they had been called away from their business.

The docket was as follows:—

Remand.
McVay vs The Motor Car & Equipment Company Limited, D. Mullin, K. C. McKay vs Furness Withy Co, Fred R. Taylor.
New Docket.
Valley Steamship Company Limited vs Robert and Percy W. Thomson, H. H. Pickett.
The first case on the remand was stowed over until the next term. The court adjourned until tomorrow morning at 10 o'clock.

The petit jurors were as follows:—
Alfred B. Wetmore, John E. Gleason, Charles F. Kierstead, George McAulay, Dick, D. Carleton Clinch, John H. Vaughan, Charles McDonald, William H. Sadler (absent), Joseph M. Roche (absent), Peter Campbell, James H. Puleo, Andrew Jack, Foreman, James M. Queen (absent), James J. Wilcox, Edward J. Byles (absent), James Stirling (absent), Robert M. Thomas, W. Alexander Porter (absent), Harry O. Peters, Henry Finlayson, L. Garter (absent), James S. McGivern, Patrick J. Mooney (absent), Arthur S. Godee.

The grand jurors were as follows:—
Frank A. Kinnear, Daniel B. Griffiths, George G. Kierstead, George McAulay, William V. Hatfield, C. Springer Cozman, John F. Byrne, Christopher J. Kane (absent), Harold P. Cunningham, William G. Dunlop, Robert Murray, Frederick J. Emery, Thomas Merriman, Howard D. Godner, Frederick Quinlan, John Power (absent), Jeremiah Donovan, John Jackson, William Tait, Charles Parise, John Chipman.

PROBATE

In the matter of the estate of Captain Charles W. Brannen, there was return of a citation to pass the accounts of the executors, Rev. George F. Scovill and Fenwick W. Tapley. The accounts were gone into and found satisfactory. The receipts as they came in from time to time are placed on special deposit on interest in the bank. All the specific legacies have been paid, but the estate not yet being ready for closing, it was recommended that a partial distribution of the unannounced available therefor be made among the residuary legatees. Barnhill, Ewing & Sanford are proctors.

In the matter of the estate of Mrs. Rebecca Armstrong, widow, there was return of a citation to pass the first and final accounts of Hon. Harrison A. McKean, the sole executor. The accounts as filed proved to be in every way satisfactory. The executor does not ask for any commission, and it was ordered accordingly. The balance on hand, which has not already been distributed, is now ascertained and ordered to be paid to the residuary legatees, a sister, Francis Kerr is proctor.

YOUTH VERY ILL AFTER POTOMAINE POISONING

It was said today that Roy McAfee, the only son of Mr. and Mrs. Robert J. McAfee of Cranston avenue, was very ill and that grave fears were expressed for his recovery. The boy, who is about seventeen years of age, has been ill for some time, but it was thought a few weeks ago that he was getting better. About six months ago he was taken ill with potomaime poisoning caused by something he had eaten, but after being laid up for a few weeks he seemed to have recovered. He again became sick, presumably from the effects of the poisoning, and this time was taken to the hospital.

A consultation was held by three doctors as to his case. Later he was removed to his home in Cranston avenue and has been gradually sinking. He has a great number of friends amongst the juniors about the city, who are very sorry to learn of his illness. He has been one of the most popular students at the High School, and a very bright lad.

COLONEL BLAINE'S ILLNESS

Colonel Blaine, who was taken seriously ill towards the end of last week, showed some improvement yesterday and was able to be up for a while in the afternoon. Unfortunately the improvement did not continue and he is in bed again today and his condition is causing his friends some anxiety.
