NATIONAL W. C. T. U. CANADIAN BRIEFS.

Proceedings at Yesterday's Session at Fort Worth, Texas.

FORT NORTH, Tex., Nov. 18.—The fourth day's session of the National Women's Christian Temperance Union had under consideration in the morning, the dead of the year; work among colored people; work in penitentiaries and reformatories and among soldiers and sailors.

An encouraging feature of the session was a statement from the chair that the amount of money pledged and collected at this meeting is the largest ever realized at any gathering of the W. C. T. U.

Resolutions were made asking Divine guidance and insisting first as the basic principle of temperance reform that prohibition is fundamental to an enduring national life; second, denouncing any direct or indirect system of license or legal sanction of the liquor traffic, as contrary to gospel and unconstitutional in law. The resolutions oppose the manufacture, sale or transportation of alcoholic liquors in any state or territory under the jurisdiction of the U. S.

Third, approving the action of congress in passing the anti-liquor law and declaring "that we shall continue to urge upon congress the necessity of appropriating a sufficient fund to provide a comfortable amusement room and an improved ration."

Fourth, calling earnestly upon the Church of Christ by whatever name known, "to help actualize in law, in custom and in political institutions the teachings of our Lord and Master Jesus Christ."

FATAL RAILWAY ACCIDENTS. CHICAGO, Nov. 18.—One person was killed and twelve injured in a rear end collision between two Metropolitan elevated trains early today. The collision was due to dense fog. Another collision was reported on the Lake Street.

Other collisions were reported on the Northwestern, the Lake Street and the South Side elevated roads, and on some of the surface lines, but it was stated that in these no one was seriously hurt. The fog was one of the most dense Chicago has experienced in years. People standing on the sidewalks could scarcely see passing vehicles, and street cars kept their gongs clanging constantly. The Metropolitan "T" collision was between a train carrying factory workers and an express train, both running east. Both trains were crowded, and Thomas McLeary, 18 years old, standing on the rear of the first train, was crushed to death.

POTTSVILLE, Pa., Nov. 18.—By a collision of two Philadelphia and Reading freight trains near Tamaqua, one of the men was killed and two others fatally injured. A heavy coal train crashed into the rear of the Newberry freight, piling cars up in wild confusion, while others were thrown into a side track on the Jersey Central railroad freight, the engine was also wrecked. Engineer Chas. Keating of the latter train, was killed outright and his fireman, terribly injured. Immediately after the crash the doberis took fire, the flames destroying several cars.

BRIEFS BY WIRE. An unconfirmed report is in circulation at Hong Kong that Tao Mu, viceroy of the province of Kwang Tung and Kang Si, is dead.

The great building erected by the Darmstadt gymnastic scientists, which was opened with great pomp Oct. 6th by Grand Duke Ernest Ludwig, was destroyed by fire this morning. Four servants employed about the building were burned to death. Seven hundred pianos, valued at about \$300, were picked up on Park street, Portland, Ore., and have been identified as part of the \$10,000 diamond collection stolen Sunday night from Mr. Towhenhall's room at the Portland hotel.

Charles D. Felix, a merchant of Shamokin, Pa., committed suicide today. He seated himself in a chair and placing a shot gun between his feet, pulled the trigger. The entire top of his head was blown off.

Henry Martin, publisher and editor of the Philadelphia Daily News, died today at the University Hospital of hydrostatic pneumonia, following a surgical operation. Mr. Martin was 35 years of age.

The jury has been obtained and the trial of "Queen" Jeppa, of the Italian colony in Auburn, N. Y., for the murder of John Rosenbergs is in progress. The murder was the result of a feud which ended in the woman giving her victim a mortal stab.

DECLINE IN PLATE GLASS. CHICAGO, Nov. 18.—A reduction of 15 per cent in western and of 10 per cent in eastern territory on plate glass for the year of 1901-02 was agreed upon at a meeting last night between the Pittsburgh Plate Glass Company and the executive committee of the other association.

MONTREAL.

Steamship Service Ends This Week.—Sir Charles Tupper—Railway Dispute Settled.

MONTREAL, Que., Nov. 18.—Before the end of this week the last outward bound vessel will have left port. The last boat to sail will be the Elder Dempster line steamship Banania, which is not yet reported, but which is expected to arrive in time to leave for Bristol next Saturday. The last passenger ship to sail from Montreal is the Beaver line steamship Lake Ontario, Capt. Evans, which will leave Friday morning.

Sir Charles and Lady Tupper, who have been spending several days in the city on their return from Nova Scotia, left today for Toronto, where they will stop for a short time before leaving for Winnipeg, where they will spend the winter.

The South Shore-Grand Trunk difficulty has been adjusted. Trackage arrangements were completed yesterday, giving the South Shore railway freedom over the Grand Trunk tracks to Bonaventure station. Beginning tomorrow, South Shore trains will be run solid between stations on the South Shore line and Montreal.

RUSSIA'S POWER. NEW YORK, Nov. 18.—A despatch to the Tribune from London says: The representative of the Daily News in Vladivostok has discovered that there is no English consul there. So he called upon an American, Theodore Greenock, whose position is that of commercial agent for the United States. Mr. Greenock informed him that besides France, Germany, Holland and Japan were commercially represented. Americans and Germans, he went on to say, had most of the trade. "No man," he said, "can come through Siberia to such a place as Vladivostok and give thought to what Russia has done in a generation without being amazed. England may criticize Russian manners and growl at Russian diplomacy and wonder how people can live under an autocratic government. But Russia has laid hold of the east."

PRINCESS STUDIES MEDICINE. CHICAGO, Nov. 18.—The Princess Sophie, daughter of the late Maharajah Duleep Singh of India, entered the Woman's Medical college of the North-Western University in Lincoln street Chicago, yesterday, and attended her first classes as a freshman "Medico."

The princess says she came to Chicago to carry out a long cherished desire to become a physician. According to her present plans, she will remain here four years—the length of the prescribed course. Because of the trouble with the government Maharajah Duleep Singh, father of Princess Sophie, was not wanted in India by the British, and was placed under arrest and sent to England, where he was kept under espionage. This accounts for the secrecy of the princess's movements and her failure to visit India, as was said to be her desire.

EUROPEAN TARIFF. NEW YORK, Nov. 18.—The Perseverance of Milan, quoted in a despatch to the London Times and New York Times from Rome, published an article which is believed to represent ex-Minister Lazzarini's views. It advocates that the continental commercial treaties be prolonged for a year and revised, not denounced. The article says it would be wise to await reciprocity proposals from the United States before plunging half of Europe in a tariff war.

VERY CHEAP SUGAR. CHICAGO, Nov. 18.—"Congress will remove the duty on raw sugar within a year and the refined product will sell at three cents a pound," said W. A. Haymes, ex-Chicago representative of the American Sugar Refining Co., in an interview in which he discussed the reciprocity convention which will meet at Washington today. He said that the action of congress would be inevitable.

A COLLOSSAL FAKE. VANCOUVER, Nov. 18.—The San Francisco story of an alleged conspiracy in the Yukon to overthrow Canadian rule there and to establish a republic is declared by prominent Klondikers who have come to Vancouver for the winter to be a "colossal fake," in Seattle, Washington, the story is regarded in the same light. The Post-Intelligencer of that city characterizes the report as absurd.

THE WEATHER. WASHINGTON, Nov. 19.—Forecast—Eastern states and northern New York—Cloudy tonight, probably snow in interior; Wednesday, fair; fresh northerly winds. Western New York—Light snow tonight and probably Wednesday, except fair in interior; Wednesday, fresh northerly winds.

MISS MARY WINSLOW. Miss Mary Winslow, eldest daughter of the late Sheriff Winslow, died at the old homestead Upper Woodstock, on Saturday in her 72nd year. Miss Winslow had been in poor health for some months suffering from a nervous disease, which developed into paralysis. In early life Miss Winslow taught a private school.

Miss Winslow leaves four brothers, Francis E. Winslow, formerly manager of the Bank of Montreal at Chatham; Wentworth Winslow, who lives on the homestead at Upper Woodstock; T. Bradshaw Winslow, of the Board of Works Department, Fredericton; and E. Byron Winslow, barrister, Fredericton. The late John C. Winslow, for years postmaster of Woodstock, was another brother.

THE ELLA IS ALL RIGHT.

NEW YORK, Nov. 18.—The Associated Press received a telegram today from Wm. Coyne of the Dominion Coal Co., Glace Bay, N. S., denying the report the E. S. Ella was lost. The telegram said that the Ella was taking cargo at Montreal when the rumor of her loss was first started.

WILL HANG FOR ROBBERY. BIRMINGHAM, Ala., Nov. 18.—Will Dorsey, a negro, has been sentenced to hang for highway robbery. The consensus of legal opinion here is that the sentence will establish a precedent which will be the means of bringing order into many settlements in this state hitherto given over to lawlessness.

BURIED TREASURE. KINGSTON, Ja., Nov. 18.—It is now asserted that the treasure found by the Grand Cayman Turtle hunters in October last amounts to \$12,000 in old Spanish gold coins. The money was buried in a reef off the island of Jamaica. It has been sent to Mobile for sale.

ST. JOHN STAR.

ST. JOHN, N. B., NOVEMBER 13, 1901

AN IDEA FROM PARIS.

Parisian women appear to be anxious for a revival of a modified form of the famous French salon. A cable from Paris says the women have started an organization to induce elections, and support by money and influence the candidates who will uphold their platform, which rejects socialism and internationalism, demands recognition of the rights of French mothers to choose the teachers of their children, and winds up with a reference to recent legislation as follows: "We desire that all consciences may be free on French soil. Functionaries and priests, monks and nuns also have consciences, and we demand liberty for them."
The cable further says: "An influential committee has been formed under the leadership of the wife of Admiral de Cuverville and recruiting is actively proceeding. The women distinctly disclaim any championship of feminism, or that they are seeking to obtain 'impossible liberties or ridiculous equalities.' They will devote special attention to men of the better class who do not take the trouble to vote, and contemplate excluding from their drawing rooms all who are unable to prove that they have exercised the right of franchise."

The cable further says: "An influential committee has been formed under the leadership of the wife of Admiral de Cuverville and recruiting is actively proceeding. The women distinctly disclaim any championship of feminism, or that they are seeking to obtain 'impossible liberties or ridiculous equalities.' They will devote special attention to men of the better class who do not take the trouble to vote, and contemplate excluding from their drawing rooms all who are unable to prove that they have exercised the right of franchise."

SPRUCE STILL ADVANCING.

Spruce lumber is still advancing in England. The Timber Trades Journal of Nov. 9 says: "As an indication of the sharp upward trend of the spruce market, we may say that a West Bay cargo has been sold this week to the Bristol Channel by a London agency house at £2 10s. Less than a month ago such a price would have been deemed absurd. The sale of a parcel of Halifax, N. S., spruce, to come forward by the liners to Liverpool, is also reported this week at £7 7s. 6d. a price showing a further upward movement when the character of the deals from this district is duly considered. No transactions in which are reported, and possibly most of the St. John, N. B., production is now on this side."

HARD ON BRITISH RAILWAYS.

The British railways appear to have had a bad two years business. The London Mail refers to the present conditions as unfavorable, and another journal says of last year's business: "From the railway returns for 1900, which have just been published by the board of trade, it is evident that the railway companies have fallen upon bad times. From a proportion of 85 per cent. of the net earnings in 1899, the working expenses had grown in 1900 to 82 per cent., while the fuel bill, which amounted to £3,491,000 in 1899, last year rose to £5,967,000. On the basis of train mileage, the receipts per train mile, which figured out as \$3.124 in 1899, had increased to \$2.614 in 1900; but after deduction of working expenses upon the increased ratio the net returns shrank from 25.90d. to 22.47d., a decrease over the 10 years of 13.62d."

SQUEEZED OUT A BUG.

Brantford Man Operates on a Growth on His Face.
BRANTFORD, Ont., Nov. 15.—There is much talk in connection with the strange case of Mr. Francis Reid, who was under medical treatment for a growth on his face. A couple of days ago the pain became so severe that he squeezed the growth with both hands and to his surprise a live insect dropped to the floor. It was about the size of a ten-cent piece, and many tiny beetles protruded from the body. The patient has since rested much more easily.

AN ALLIGATOR'S CORNS.

A reptile is the last member of the animal kingdom to receive the benefits of modern surgery. A big alligator in Central Park, New York, had corns as a result of grinding his paws against the concrete bottom of the tank where he has been confined, and at last he suffered so severely that he was helpless in one corner, seldom moving about. His corns were as large as a good-sized potato and quite as heavy, for after extracting they were found to weigh about half a pound each.

THE TREATY SIGNED.

The new Hay-Pauncefote treaty was signed at Washington yesterday. Great Britain withdraws from the joint guarantee of the neutrality of the canal, but all commerce through it is to fare alike. With this understanding the United States has power to construct the canal.

THE THIRD CONTINGENT.

An Ottawa despatch says: "It is not likely that any official announcement will be made in regard to the cables that are now passing between the Imperial and the Canadian governments respecting another contingent until the return of the premier tomorrow night or Wednesday morning." Hon. Dr. Borden is in Boston and will not be back for some time.

Doctors Order It.

Doctors see at once the advantage of taking a medicine right to the part that is sick. You see the doctor orders his own medicines for the disease, and has his patient use Vapo-Cresolene at the same time. It destroys all germs of diphtheria, scarlet fever, measles, and other contagious diseases; and there is no remedy its equal for croup, sore throat and hard colds. You now see why it often cures whooping-cough in a few days. Vapo-Cresolene is sold by druggists everywhere. Vapo-Cresolene is a natural product of the forest, which should last a life-time, and a bottle of Vapo-Cresolene costs but a few cents. It is the only medicine that does not contain any of the poisonous and harmful ingredients of the "patent" medicines. Vapo-Cresolene is the only medicine that does not contain any of the poisonous and harmful ingredients of the "patent" medicines.

They are talking of municipal steamboats in London. The rivers committee, after exhaustive enquiry, have decided to recommend that the city council provide a municipal steamboat service on the Thames.
The fund for extending Glasgow University has reached £23,000, out of a total £100,000 required.
HORSING FOR SOUTH AFRICA.
Str. Montmouth, Capt. Troop, from Cape Town, which arrived at Norfolk on the 13th, will leave that place today for St. John via Newport News, where she will take in coal and get her pilot, R. Cline, of St. John. On her arrival here, some five or six days hence, she will be fitted up for the South Africa, and the representative of Elder Dempster & Co. at Montreal, Dr. Arthur Leather, R. C. V. S., of London, arrived here yesterday to look after the horses. Dr. Leather, who is stopping at the Royal, will go out to South Africa on the steamer.

CITY CORNET BAND.

There was a good attendance at the City Cornet Band fair at the assembly rooms of the York Theatre last evening. The fair, which has entered on its second week, has been but poorly patronized, and it remains for the friends of the band to come to the front and pull them out of their present difficulties.

LIFE STORIES OF PLANTS.

A very good attendance gathered at the City church school room last evening to the fourth lecture on the "Life-Relations of Plants" by G. D. Hay. The topic was treated in a very instructive way and illustrated by numerous specimens of living and mounted plants. The lecturer was especially interesting, as every stage of growth from the planting of the seed to the bale of cotton, prepared for export, was illustrated by specimens. Hay's next and last lecture will be devoted to the "Influence of Sunshine and Air Upon Plants."

THE LONDON "BOBBY."

He is Good Natured, Polite and Inconspicuous.
(By Julian Ralph.)
The "bobby's" main merit, in my opinion, is his inconspicuity, and his next attractive quality is his politeness, courtesy and good nature toward the public. He is the only policeman I have ever known who seems to be oblivious of his own power. And he is the most powerful of all constables, because of the respect for law which is inbred in the Anglo-Saxon. "Bobby" displays no weapon. He has only to say "move on" or "there, that will do now," and the disorderly move away.

Occasionally the police courts disclose a story which outshines the efforts of the most imaginative novelist. Such an one was recently unfolded at Mitham.

Under an old yew tree just off the Fitzbarn road an old man was observed sitting. He seemed to be asleep. Hat and stick were beside him, and a newspaper was unfolded on his knee. The old man sat there in the sleep of death for six days. People passed and looked at him, but no one disturbed him, and there was nothing to his appearance to cause comment.

A NOTABLE EVENT.

Chalmers Church, Rev. G. Colborne Heine, Pastor, Celebrates Twentieth Anniversary.
The Montreal Witness of Saturday, has the following about the church presided over in Montreal by Rev. G. Colborne Heine, a native of Norton, Kings Co., N. B.:
"Twenty years ago the Rev. G. Colborne Heine was ordained and inducted into the pastorate of Chalmers Church and last evening there was held the twentieth annual congregational social in honor of the event."
The pastor presided and in his opening address he extended a hearty welcome to all who were present to take part in the rare celebration. In a very interesting address he recounted the history of the church since its establishment and especially during his pastorate. Vocal and instrumental music was contributed by local artists and addresses complimentary to master and people were delivered by the Rev. Prof. Scrimger, of the Presbyterian College; W. R. Cruikshanks, of Montreal West; J. Ross, of Lehigh; the Rev. Dr. Macdonald, principal of the Presbyterian College, and the Rev. James Fleck, the veteran pastor of Knox church.

A NOTABLE EVENT.

Chalmers Church, Rev. G. Colborne Heine, Pastor, Celebrates Twentieth Anniversary.
The Montreal Witness of Saturday, has the following about the church presided over in Montreal by Rev. G. Colborne Heine, a native of Norton, Kings Co., N. B.:
"Twenty years ago the Rev. G. Colborne Heine was ordained and inducted into the pastorate of Chalmers Church and last evening there was held the twentieth annual congregational social in honor of the event."
The pastor presided and in his opening address he extended a hearty welcome to all who were present to take part in the rare celebration. In a very interesting address he recounted the history of the church since its establishment and especially during his pastorate. Vocal and instrumental music was contributed by local artists and addresses complimentary to master and people were delivered by the Rev. Prof. Scrimger, of the Presbyterian College; W. R. Cruikshanks, of Montreal West; J. Ross, of Lehigh; the Rev. Dr. Macdonald, principal of the Presbyterian College, and the Rev. James Fleck, the veteran pastor of Knox church.

about completed the contract for the

schoolhouse, intends to locate in Cham-
ham, says the *Chatham World*.

The marriage will take place this evening

St. John Railway company, to Miss
Jessie Rupert, daughter of Mrs. D.
Rupert, Brook street.

Says Monday's Halifax Recorder—
"Recorder Skinner, St. John, is at the
Halifax. Hon. William Fursley, attor-
ney-general of New Brunswick, arrived
in the city yesterday and left for New
Glasgow this morning."

The David Weston started this
morning at seven o'clock for Frederic-
ton. On her last trip she was unable
to reach the capital, but it is hoped
that she will reach there today. She
had a large freight.

Invitations have been received in
Ontario for the wedding of Miss Sul-
livan of Charlottetown, P. E. I., and
Wm. Sullivan, C. E., son of Senator
Sullivan of Kingston, which is to take
place in Charlottetown on November
28th.

The Fredericton Boom company have
commenced the construction of a new
tug for the river service. She is being
built at St. Mary's, says the *Herald*,
and already the keel has been laid
and a portion of the planking put on.
The new tug will be sixty feet long,
and will be ready for launching early
in the spring.

R. A. Estey returned Saturday evening
from the head of the river, says
Monday's *Gleaner*. He reports consid-
erable snow and says the lumbering
prospects are excellent. All operators
have good crews at work, and it is ex-
pected that the total cut on the Upper
St. John, the Tobique and the Aroost-
ook will be about the same as last
year.

Two weeks from last Saturday the
sardine season comes to an end and
the season has been one of the best in
the past fourteen years for the working
people, says the *Frontier News* of East-
port. The packers had had to pay a
large figure for their tin, otherwise
they would have cleared considerable
money.

The death is reported of John
Charles Burrell, which occurred this
morning at his residence on Prince
street, West End. Mr. Burrell was
forty-two years of age, and had been
for many years band-master of the
Carleton Cornet band, which position
he has for some time been unable to
fill on account of illness. He leaves a
wife and two sons.

The canvass for the new Y. M. C. A.
building is meeting with good success.
It is hoped to commence operations
next spring, but before work is begun
on building \$50,000 must be secured. In
all \$50,000 is needed. Nothing definite
has yet been done toward the selection
of a site, although several have
been spoken of. No action will be
taken in this matter until the required
amount of money is secured.

A lady who had a ticket for St. John,
but wanted to get off at New Brunswick,
did not tell the conductor of the Mar-
time express today that she wanted to
get off at the latter place, and, as there
were no passengers to get on the train
at that station it did not stop. After
it had passed the platform the lady
jumped off. She fell, of course. The
train was stopped and backed up, but
she did not appear to be at all serious-
ly hurt. The trainmen were not at all
blame.

A CAT THAT WON'T COME BACK.
After a fruitless appeal to the mercy
of a stony-hearted public, the cat
which for two days occupied a position
on the pavement at the head of King
street, slowly giving up its nine lives,
became disgusted with the conduct of
passers-by and with its last life man-
aged to crawl as far as the old Bury-
ing ground. Here in a grassy nook it
again lay down, and feeling convinced
that even though help was denied it,
while living, a decent burial might
be granted, it passed away. There are no
pussy willows in the burying ground,
but the cat does not care. It is still
unburied.

ACCEPTS THE OFFER.
The owners of the McLeod wharf,
for which property the city has lately
been negotiating, today notified the au-
thorities that they would accept the
city's offer of \$40,000. The offer is con-
ditional on the receipt of a two-
thirds vote of the council for the issue
of bonds. The matter cannot come
up now until the next meeting of the
council.

SMALLPOX.

No new cases of smallpox were
reported today at the board of health of-
fice. All of the patients are said to be
doing well. The board will do nothing
further in regard to obtaining an em-
ergency hospital until after the meet-
ing of the municipal council today.
The matter will come up for discussion
there.

Miss Wilson's department in the high
school, of which Miss Lord was a pupil,
was thoroughly disinfected last night,
and will probably re-open in a few
days.

There are now fifteen houses under
quarantine, and twenty-two outside
patients under Dr. Morris's care. Mrs.
Alward, at Haymarket Square, and
Herbert Long, at the lower end of
Waterloo street, are the most serious-
ly ill. Young McNamara, on the barge,
is also seriously affected.

There are twenty-four cases in the
epidemic hospital, some very serious.
Dr. Bayard states that no beds are
being reserved in the epidemic hospital,
which, as a matter of fact, is already
over-crowded. Under recognized hy-
gienic rules it should only have ten
patients in the space where there are
twenty-four.

Mrs. B. J. Wilkins is now quite re-
covered. It is possible that after pa-
tients leave the epidemic hospital they
may be detained elsewhere for a short
time as a general precaution.

Ralph Roscoe, son of School Inspect-
or W. E. Roscoe, of Wolfville, Nova
Scotia, is dangerously ill with smallpox
in Boston.

IN HALIFAX.

(Recorder, Halifax.)
There is one case of smallpox in the
city. A child from a house at the west
end of South street, was removed to
the small-pox hospital last night. The
other patients at the hospital are all
recovering. The house on South street
has been quarantined. The quarantine
will be raised from Lawlor's Island on
Wednesday or Thursday. All the pa-
tients have fully recovered.

IN ROCKPORT, N. Y.
ROCKPORT, N. Y., Nov. 19.—Samuel
Bourgeois, who was taken ill about a
week ago with small-pox, is dead. No
other cases have been reported, but
there is a general uneasiness. Bour-
geois is said to have contracted the
disease while on a hunting trip near
Montreal.

PERSONAL.
P. E. Helne, of Moncton, is in the
city today.

Mrs. P. H. Warneford, of Hampton,
is in the city today.

William Blair, representing the
Robert Bedford Company, arrived in the
city today to look after their winter
port business. He is at the Dufferin.

Mrs. A. Dunn presided at the organ
in St. John's Presbyterian church yes-
terday evening. Mr. Dyer, of this
city, returned home on Saturday.

Ralph Fowler and Miss Fowler of
Cuba, who spent the summer at Rother-
say, have taken part of M. S. Hall's
house, Fredericton, and will reside there
this winter.

HON. H. A. McKEOWN MARRIED.
Hon. H. A. McKeown of this city
and Miss Edith S. Perkins were united
in marriage at noon today at the resi-
dence of Frank Perkins of Wilming-
ton, Mass., uncle of the bride. The
ceremony, which was a very quiet one,
was performed in the presence of only
a few friends of the parties by the
Rev. H. W. Nelson, Methodist clergy-
man of Wilmingon. After the cere-
mony luncheon was served and Mr.
and Mrs. McKeown left on a trip to Ni-
agara and western Canadian cities. They
will return to St. John in the latter
part of December and will reside on
King street east.

Mrs. Whetsel was the recipient of
many beautiful presents, conspicuous
among them an elegant case of sty-
lish silver, presented by Mr. McKeown's
colleagues in the government execu-
tive.

MRS. WHETSEL'S MARRIAGE.
Invitations are being sent out by Dr.
and Mrs. Gordon of Worcester, Mass.,
to be present at the marriage at their
house of Mrs. Georgina Whetsel, of St.
John, to Egerton Moore, of Somerset,
Bermuda, on the 28th November, in-
stant.

Owing to the bride's objection to
living in Bermuda, Mr. Moore has de-
cided to sell out his business in that
place and reside at Bedford, N. S., where
Mrs. Whetsel has built a very hand-
some and commodious dwelling.

Mrs. Whetsel's numerous friends in
St. John will join in wishing her much
happiness.

APPROACHING MARRIAGE.
The wedding is announced to take
place on the 27th of this month of Ar-
thur Sisson, until lately of Ottawa,
to Miss G. Looby. The marriage
ceremony will be performed in Christ
church, Campbellton, New Brunswick.
Miss Looby is the granddaughter of
Mr. and Mrs. O. A. Barbic of Camp-
bellton. Mr. Sisson was a member
of the Ottawa hockey team, last year's
Canadian champion, and a prominent
member of the Ottawa hockey team.

RECENT DEATHS.
Mrs. Frank L. Thurber, who with
her husband, left St. John two and a
half years ago for Cleveland, Ohio, died
there on Nov. 17 of heart failure.

Mrs. Elizabeth Jones, who left St.
John for San Jose, California, some
twenty years ago, died at the latter
place recently. Two children survive.

Arthur H. Whitcomb, son of George
T. Whitcomb, formerly of St. John,
died at Hatfield's Point yesterday,
aged 21 years.

WELLAND, Ont., Nov. 19.—Matthew
Beatty, founder of the Welland Iron
works, and for many years a promi-
nent resident, is dead, aged 85 years.

LETTERS FROM THE PEOPLE.

DRY DOCK AND OTHER MATTERS.
To the Editor of the Star:

Sir—Can any tax payer see the utility
of the suggestion acted upon by
our city council, that a committee from
that body go on a pleasure trip, hunt-
ing for dry docks. What does any
member of our present council know
about the construction of a dry dock?
Could they discern the difference be-
tween a dry or wet dock, or a floating
dock from a dredge, scow, or coal
barge? If the provincial government
thinks it necessary to have a report
brought before our citizens as to the
best practical kind to build, let them
pay for it. Then they will appoint
practical men such as Engineers Pe-
ter and Cushing with G. S. Mayes and
those men will do just what the United
States government did when they wish-
ed a practical dock to repair their war-
ships a short time ago—they would go
to further than Halifax and inspect
that dock. If the provincial govern-
ment wishes to do some good they had
better suggest that the three doctors
now in the council form themselves in-
to a committee and take the present
board of health to the Full Islands
board of health to make a complete
study and sanitation in all its present
bearings. Then in their absence pos-
sibly the board of trade and the mun-
icipal council would have installed a
new board of health, who would go to
work to do something practical, by
buying the "Red Castle" and estab-
lishing an epidemic hospital, there-
by quieting the present unrest in our
community.

The other day our civic board had
to be pushed to wake up our two Ot-
tawa representatives with a live wire
to the fact that Canadian horses were
actually to be exported to our imperial
forces through a foreign port. They
then saw the ridiculous situation and
had it rectified so that now the horses
are to go through via "Canada's wint-
er port" where all exports and imports
should go and come for Canada, Alas-
ka, Japan and China. An alarm clock
is sufficient to awake some men, but
it will take a thunderbolt to arouse
our fossil ancient governed city to its
actual needs and necessities.

Tours, always for progress,
D. M. RING.

POLICE COURT.
John O'Leary was arrested for being
drunk and fighting on Smythe street
last evening. He came out second best
in the fight, and in addition was fined
eight dollars or thirty days.

Lemuel Rose has a thirst out of propo-
sition to his years, and last night he
showed evidence of being highly in-
toxicated. Lem quietly settled down on
Main street, but rose with the assist-
ance of Officers Semple and Burchill.
He was fined four dollars.

Another drunk who was badly bruised
about the head was remanded pending
examination by a doctor.

James Docherty, arrested for using
profane and threatening language to
his wife, was let go, the complainant
not appearing.

James Burns, who was remanded
some days ago on the charge of as-
saulting Cassie Cain, was brought in.
He described his manner of living, told
how he pays rent for one room which
the landlord charges is two rooms,
only the partition is not built. It
would make a mess of his residence
to divide the room in any but a horri-
dous manner for three is scarcely
space enough now for a bed and stove.

Jimmy has no further use for Cassie.
He "won't leave nothing more to do
with her now," and as for the tender
feeling in his heart, it is all gone.
At least he says so. Upon making a
promise to avoid Cassie in the future,
whether she calls herself Cain or Gal-
lachier, Jimmy was discharged, and
with an elaborate bow to the magis-
trate backed out of court.

Frank Martin, the man who was de-
termined to find a resting place in the
jail, and who, in order to do so, stole
a coat from Emanuel Rubins, appears to
have changed his mind and wanted to
be let go. Frank has an impediment
to his speech which enabled the court
to take up other matters while he was
struggling with a word. After some
time it was learned that Frank was
without money, but was quite willing
to walk. He would set out at once.

"Where will you go today?"
"To Ha-ha-ha"—court took recess—
"mpton."

Frank managed at length to state
that he could walk to Hampton, N. B.,
about five hours and having had his
breakfast would start at once. The
magistrate thought that as walking ap-
pears to be a favorite amusement in
these days, Frank might wish to St.
John the time of his arrival in Ham-
pton in order that a record might be
established.

EQUITY COURT.

The regular monthly sitting of the
Equity Court was held today. In the
Bank of Montreal v. Maritime Sulphur
and Fibre Company, motion of H.
F. Puddington, ordered that the plain-
tiffs have leave to amend the bill in
this suit by adding the maritime liqui-
dators as party defendants, also leave
to amend bill of complaint as council
might advise, and further the liqui-
dators may set up such defence as they
may be advised.

Perry v. Hanson, to stand until Fri-
day at six date. Simpson v. Johnson,
set for Tuesday, the 26th. Fairweather
v. Lloyd and Robertson, set for next
court, A. H. Hamilton, K. C., for
Robertson, A. G. Earle, K. C., for
Lloyd; C. J. Coster, K. C., for Fair-
weather. Travers v. Sweeney, on mo-
tion of A. I. Trueman, K. C., for the
attorney-general, stands. Thompson v.
Thompson, set for December court.

In the estate of the late John W.
Nicholson v. Geo. W. Waterbury, E.
J. Rising and Fred W. Gibbon, the bill
was taken pro confesso, the amount,
\$2,324.22. Ordered that lots be sold sep-
arately, costs to be taken out of the
amount or all the funds. Each mort-
gagee to be against each piece of prop-
erty. Trustees leave to bid on behalf
of the estate. J. D. Hazen, K. C., for
the plaintiff.

QUERBEC, Nov. 19.—The first grain carry-
ing vessel to enter this port direct from
the west wharfed cargo at the Great Northern
railway elevator today with remarkable
facility. The vessel was a member of
the Ottawa hockey team, last year's
Canadian champion, and a prominent
member of the Ottawa hockey team.

ST. JOHN MAN INJURED.
A man giving his name as Jack Mar-
tin from St. John, met with a bad ac-
cident Friday afternoon at the Inter-
national Steamship Co.'s wharf. East-
port, says the *News*. Martin was a
passenger on the State of Maine for
Boston, and when the boat made her
landing here, went ashore. On return-
ing to the boat he attempted to jump
aboard, but missed the rail which he
attempted to grasp, and fell some ten
feet, striking upon the railing of the
lower deck, resulting in a bad scalp
wound and other injuries. The man

was taken to the hotel and a doctor
called who dressed the wounds, which
are of such a character that Mr. Mar-
tin will be compelled to remain in town
a few days before going west.

TORONTO, Nov. 18.—Mayor Morris of
Ottawa was here today looking for pardon.
The lieutenant-governor in council will be
asked to remove the disability under which
he now labors and will continue to do for
two years to come unless the government
relieves him. There is no precedent for
this.

QUERBEC, Nov. 18.—Gaspar Rosette,
boot and shoe manufacturer, assigned today
with assets estimated at \$150,000 and liabil-
ties at \$125,000.

DYKEMAN'S

3 Entrances 97 King,
58 Charlotte, and
6 South Market Streets.

We have sold more than double the COATS and CAPES
that we did last year up to this time.

There is a reason for this. The
styles we have are exclusive, that is
to say, you are not likely to find the
duplicates of the garments shown in
this store in any other place.

Then again the price has something
to do with it. Our customers have told
us, after looking around that these \$10
and \$10.50 three quarter automobile
coats of ours are equal to anything
they have seen in any other store at
\$12 and \$15.

These coats are made from all wool
trios, well lined, have the new style
pockets, new cuff on sleeve, velvet col-
lar and are perfect fitting. We also
have the shorter length coats and just
at the present moment, we are hav-
ing a special sale of a number of black
coats. Prices range from \$4 to \$5.

ST. JOHN MAN INJURED.
A man giving his name as Jack Mar-
tin from St. John, met with a bad ac-
cident Friday afternoon at the Inter-
national Steamship Co.'s wharf. East-
port, says the *News*. Martin was a
passenger on the State of Maine for
Boston, and when the boat made her
landing here, went ashore. On return-
ing to the boat he attempted to jump
aboard, but missed the rail which he
attempted to grasp, and fell some ten
feet, striking upon the railing of the
lower deck, resulting in a bad scalp
wound and other injuries. The man

was taken to the hotel and a doctor
called who dressed the wounds, which
are of such a character that Mr. Mar-
tin will be compelled to remain in town
a few days before going west.

TORONTO, Nov. 18.—Mayor Morris of
Ottawa was here today looking for pardon.
The lieutenant-governor in council will be
asked to remove the disability under which
he now labors and will continue to do for
two years to come unless the government
relieves him. There is no precedent for
this.

QUERBEC, Nov. 18.—Gaspar Rosette,
boot and shoe manufacturer, assigned today
with assets estimated at \$150,000 and liabil-
ties at \$125,000.
