Mr. Speaker reported, That when the House did attend His Excellency the Governor General, this day, in the Senate Chamber, His Excellency was pleased to make a Speech to both Houses of Parliament, of which Mr. Speaker said he had, to prevent mistakes, obtained a copy, which he read to the House, as followeth :—

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

On meeting you again I have the pleasing duty to perform of congratulating you on the sufficient harvest of last year and on the prosperity and substantial progress of the country.

Since the suppression of the insurrection in the *North-West Territories* peace and order have been restored and now prevail. After so serious an outbreak some disquiet and apprehension of the recurrence of those disorders may naturally be expected to linger, and it will be the duty of my Government to make such precautionary arrangements as will assure the present inhabitants, as well as intending settlers, of efficient protection against all disturbance.

I warmly congratulate you on the practical completion of the Canadian Pacific Railway, and on the announcement that it will be open for the daily carriage of passengers and freight from Ocean to Ocean, in the month of June next. This great work, so important alike to the Empire and the Dominion, cannot fail to increase the trade between *British Columbia* and the other Provinces, to ensure the early development and settlement of *Manitoba* and the *North West*, and greatly to add to the commercial prosperity of the whole country.

Should the negotiations between Her Majesty's Government and that of the *United States* for the appointment of a Joint Commission to adjust what is known as "The Fishery Question" and to consider the best means of developing our International Commerce, fail to secure any satisfactory result, you will be asked to make provision for the protection of our Inshore Fisheries by the extension of our present system of Marine Police.

The measure submitted to you last Session for the consolidation of the Statutes and for the introduction into the *North-West Territories* of a more simple and economical system for the transfer of land will be again laid before you for consideration and legislative action. The Acts of last Session will be found to be included in the first of those measures.

You will also be asked to consider the expediency of improving the judiciary system which obtains in those Territories.

Your attention will be invited to the propriety of amending the law relating to the business of the office of Queen's Printer and of providing for the more satisfactory working of the present system of Government and Parliamentary printing.

A numerical census of the *North-West Territories* has been taken and a measure based thereon, for the representation of the people in Parliament, will be laid before you.

Other measures will be laid before you, and among them will be found Bills for providing for a better mode of trial of claims against the Crown, for regulating Post Office Savings Banks in *British Columbia* and the *North-West Territories*, for expediting the issue of patents for Indian Lands, for the administration of the rights of the Crown in the foreshores of the Dominion, for the establishment of an Experimental Farm, and for the amendment of the Chinese Immigration Act.

Gentlemen of the House of Commons :

The accounts for the past year will be laid before you. You will find that the estimate of receipts has been fully realized, but I regret to say that the outbreak in the *North-West* has added largely to the expenditure of the country.

The Estimates for the ensuing year will be submitted to you. They have been prepared with due regard to economy and the requirements of the Public Service.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

I commend these several subjects and the others which may engage your attention to your best consideration, and I earnestly trust that the result of your deliberations may, under the Divine Blessing, conduce to the advancement and prosperity of *Canada*.

On motion of Sir *John A. Macdonald*, seconded by Sir *Hector L. Langevin*,

Ordered, That the Speech of His Excellency the Governor General to both Houses of the Parliament of the Dominion of *Canada* be taken into consideration To-morrow.

On motion of Sir *John A. Macdonald*, seconded by Sir *Hector L. Langevin*,

Resolved, That Select Standing Committees of this House, for the present Session, be appointed for the following purposes: 1. On Privileges and Elections. 2. On Expiring Laws. 3. On Railways, Canals and Telegraph Lines. 4. On Miscellaneous Private Bills. 5. On Standing Orders. 6. On Printing. 7. On Public Accounts. 8. On Banking and Commerce. 9. On Immigration and Colonization; which said Committees shall severally be empowered to examine and enquire into all such matters and things as may be referred to them by the House; and to report, from time to time their observations and opinions thereon; with power to send for persons, papers and records.

Mr. Speaker communicated to the House, The Report of the Joint Librarians on the State of the Library of Parliament. (*Sessional Papers No. 16.*)

And then The House adjourned till To-morrow.

Friday, 26th February, 1886.

PRAYERS.

The following Petitions were severally brought up, and laid on the Table:—

By Mr. *Rykert*,—The Petition of the Municipal Council of the City of *St. Catharines, Ontario*.

By Mr. *McCallum*,—The Petition of *Archibald Mac Donald* and others, of *Stromness* and other places.

By Mr. *Weldon*,—The Petition of the Bank of *New Brunswick*.

By Mr. *Ives*,—The Petition of *F. Paquette* and others, of the Townships of *Barford, Hereford* and *Auckland*, in the Counties of *Stanstead* and *Compton, Quebec*.

The Order of the Day being read, for taking into consideration the Speech of His Excellency the Governor General to both Houses of Parliament;

The House proceeded accordingly to take the said Speech into consideration.

Mr. *Everett* moved, seconded by Mr. *Ward*, and the Question being proposed, That an humble Address be presented to His Excellency the Governor General, to

thank His Excellency for his gracious Speech at the opening of the present Session, and further to assure His Excellency that we receive with much pleasure His Excellency's congratulations on the sufficient harvest of last year, and on the prosperity and substantial progress of the country.

That we feel great satisfaction in knowing that since the suppression of the insurrection in the *North West Territories*, peace and order have been restored and now prevail; and that we are aware that after so serious an outbreak some disquiet and apprehension of the recurrence of those disorders may naturally be expected to linger, and that it will be the duty of His Excellency's Government to make such precautionary arrangements as will assure the present inhabitants, as well as intending settlers of efficient protection against all disturbance.

That we are glad that His Excellency has occasion warmly to congratulate us on the practical completion of the Canadian Pacific Railway, and on the announcement that it will be open for the daily carriage of passengers and freight from Ocean to Ocean, in the month of June next. That we feel with His Excellency that this great work, so important alike to the Empire and the Dominion, cannot fail to increase the trade between *British Columbia* and the other Provinces, to ensure the early development and settlement of *Manitoba* and the *North-West*, and greatly to add to the commercial prosperity of the whole country.

That should the negotiations between Her Majesty's Government and that of the *United States* for the appointment of a Joint Commission to adjust what is known as "The Fishery Question" and to consider the best means of developing our International Commerce, fail to secure any satisfactory result, we shall be ready to make such provision for the protection of our Inshore Fisheries by the extension of our present system of Marine Police as may be necessary for that purpose.

That the measures submitted to us last Session for the consolidation of the Statutes and for the introduction into the *North-West Territories* of a more simple and economical system for the transfer of land which His Excellency informs us will be again laid before us for consideration and legislative action will receive our best attention; and that we learn with satisfaction that the Acts of last Session will be found to be included in the first of those measures.

That we shall willingly consider the expediency of improving the judiciary system which obtains in the *North West Territories*.

That we shall carefully consider the propriety of amending the law relating to the business of the Queen's Printer and of providing for the more satisfactory working of the present system of Government and Parliamentary printing.

That we are pleased to learn that a numerical census of the *North-West Territories* has been taken and that a measure based thereon for the representation of the people in Parliament will be laid before us.

That any other measures which may be laid before us, for providing for a better mode of trial of claims against the Crown, for regulating Post Office Savings Banks in *British Columbia* and the *North West Territories*, for expediting the issue of patents for Indian Lands, for the administration of the rights of the Crown in the foreshores of the Dominion, for the establishment of an Experimental Farm, and for the amendment of the Chinese Immigration Act, shall receive our earnest attention and consideration.

That we thank His Excellency for informing us that the accounts for the past year will be laid before us. That we learn with pleasure that the estimate of receipts has been fully realised, though we regret that the outbreak in the *North-West* has added largely to the expenditure of the country.

That we shall respectfully consider the Estimates for the ensuing year to be submitted to us, and that we thank His Excellency for assuring us they have been prepared with due regard to economy and the requirements of the Public Service.

That His Excellency may rest assured that the several subjects he has mentioned, and any others which may engage our attention, shall receive our best consideration, and that we earnestly trust, with His Excellency, that the result of our deliberations

may, under the Divine Blessing, conduce to the advancement and prosperity of Canada.

Ordered, That the Question be put on each paragraph of the said Motion.

And the first and subsequent paragraphs being again read, and the Question being separately put upon each:—It was resolved in the Affirmative.

Resolved, That the said Resolution be referred to a Select Committee composed of Sir *John A. Macdonald*, Sir *Hector L. Langevin*, Messrs. *Bowell*, *Everett* and *Ward*, to prepare and report the draft of an Address in answer to the Speech of His Excellency the Governor General to both Houses of Parliament, in conformity to the said Resolution.

Sir *John A. Macdonald* reported from the Select Committee appointed to draw up an Address to His Excellency the Governor General, That they had drawn up an Address accordingly, and the same was read as followeth:—

To His Excellency the Most Honourable *Henry Charles Keith Petty-Fitzmaurice*, Marquis of *Lansdowne*, in the County of *Somerset*, Earl of *Wycombe*, of *Chipping-Wycombe*, in the County of *Bucks*, Viscount *Caln* and *Calnstone*, in the County of *Wilts*, and Lord *Wycombe*, Baron of *Chipping-Wycombe*, in the County *Bucks*, in the Peerage of *Great Britain*; Earl of *Kerry* and Earl of *Shelburne*, Viscount *Clanmaurice* and *Fitzmaurice*, Baron of *Kerry*, *Lixnaw* and *Dunkerron*, in the Peerage of *Ireland*, Knight Grand Cross of the Most Distinguished Order of *Saint Michael* and *Saint George*, Governor General of *Canada*, and Vice Admiral of the same, &c., &c.

And then The House adjourned till To-morrow.

Friday, 2nd April, 1886.

PRAYERS.

The following Petitions were severally brought up, and laid on the Table:—

By Mr. *Hesson*,—The Petition of *William F. Smith* and others, of the County of *Brandon, Manitoba*.

By Mr. *Shakespeare*,—The Petition of the Chiefs, Councillors and Indians of the *Nes-cagh* tribe of the *Thempsean* nation of Indians, resident on the *Waas River, British Columbia*.

By Mr. *Mackintosh*,—The Petition of the *Ottawa* Board of Trade.

By Mr. *Sproule*,—The Petition of *D. Macarthur* and others; and the Petition of *S. J. Dawson* and others.

Mr. *McLelan*, a Member of the Queen's Privy Council, laid before the House,—Abstract of Statements of Fire and Inland Marine Insurance Companies in *Canada*, for the year 1885. (*Sessional Papers, No. 14a.*)

Mr. *Pope*, a Member of the Queen's Privy Council, laid before the House,—Reports of the Chief Engineer and General Manager, Government Railways, the Dominion Government Agent in *British Columbia*, and the Engineer who personally inspected the *Esquimalt* and *Nanaimo* Railway. (*Sessional Papers, No. 62.*)

Mr. *Beaty*, from the Select Standing Committee on Standing Orders, presented to the House the Ninth Report of the said Committee, which was read, as followeth:—Your Committee have examined the following Petitions and find the Notices given thereon sufficient, viz.:—Of *C. W. Moberly* and others; praying for an Act of Incorporation under the name of the *Kootenay Railway Company*; and of the *Napawnee, Tamworth* and *Quebec Railway Company*; praying for certain amendments to their Act of Incorporation.

Your Committee have also examined the Petition of *Murray Dodd* and others, praying for the passing of an Act authorizing the construction of a bridge across the *Lennox Passage, Cape Breton*, and find that no Notices were published, but as the necessity for the application has arisen at too recent a date to permit of the usual publication of notice, and as the proposed bridge, if constructed, will not interfere with any vested rights, but will largely facilitate the public interests of that part of the Dominion, your Committee feel justified in recommending to your Honourable House a suspension of the 51st Rule in reference to this Petition.

Your Committee have also examined the Petition of the *Montreal Board of Trade*; praying for the passing of an Act to extend their corporate powers, and for further amendments to their Act of Incorporation, and find that the Notices are short in point of time, but as the necessity for the proposed amendments arose at a very recent date, and as the application seems to have been made by mutual consent of all persons interested in, or affected by, the proposed measure, your Committee recommend that the Notice given be deemed sufficient.

Your Committee have also examined the Petition of *E. M. Upton* and others; praying for an Act of Incorporation under the name of the North-American Telegraph Company, and find that Notice was published (for the full time required) in the *Canada Gazette*, only, but as the operations of the proposed Company, if carried into effect, would affect the country as a whole, rather than any particular district or locality, your Committee recommend that Notice in the *Canada Gazette* be considered sufficient.

Your Committee have also examined the Petition of *John McDougald* and others; praying to be permitted to lay before the House a Petition for an Act empowering them to construct a railway from a point on the Canadian Pacific Railway, near *Columbia River*, to *Gold River*, and thence to the head of the said river. notwithstanding the expiration of the time for presenting Petitions for Private Bills, and the reasons given by the promoters for the delay in presenting their Petition justify your Committee in recommending that the necessary permission be granted.

Mr. Taylor, from the Joint Committee of both Houses on the Printing of Parliament, presented to the House the Third Report of the said Committee, which was read, as followeth:—

The Joint Committee of both Houses on the Printing of Parliament beg leave to present the following as their Third Report:—

Jamieson*, of *Belleville*, journalist, used his influence with the Government of which he was a parliamentary supporter, to obtain, and did obtain, an Order in Council and an agreement for a grant, for colonization purposes, of 51,200 acres of choice lands near *Batoche*, in the *North-West Territories*, with the intention of trafficking with such grant, by the formation of a Colonization Company, the members of which should give the said

White and *Jamieson* special advantages and profits in consideration of the procuring of the said Order and agreement, and of assistance and promotion of the interests of the Company in the past and in the future;

That subsequently they formed the Company called the *Prince Albert Colonization Company*, and got the other shareholders to agree that for the said considerations each of them, Messrs. *White* and *Jamieson*, should be entitled, without payment out of their own pockets of any money, to a free gift or bonus of one twelfth part of the expected profits, which were estimated to be very great; and they each accordingly received what were called "blind shares" to the amount of \$33,000 nominal value, on which they were not to pay, and did not pay, any sum out of their own pockets to the Company or otherwise than out of the expected profits, while the other shareholders were to pay, and did pay, their calls in cash, to the extent of \$20,000 and upwards;

That the affair was conducted with the knowledge of the Honourable *Mackenzie Bowell*, then and now Member for *North Hastings*, and Minister of Customs, the father-in-law and associate in business of the said *James C. Jamieson*; and Mr. *Bowell* was consulted during its progress, and when Mr. *Jamieson* ultimately sold his "blind share," Mr. *Bowell* received from Mr. *Jamieson*, upon some transaction between them relating to the affair, \$500 out of the price of the said "blind share;"

That Messrs. *White* and *Jamieson* fulfilled their agreement further to promote the interests of the Company, and the Company subsequently obtained from the Government an Order in Council for a very favourable exchange of part of their land for other land on the shore of the South *Saskatchewan*, in what is known as the Parish of *St. Louis de Langevin*;

That in 1852 Mr. *White* applied to the Government for another lot of choice lands near *Edmonton*, in the *North-West Territories*, which he subsequently offered to procure from the Government, for the paying stockholders of the *Prince Albert Colonization Company*, upon the same system of the allowance to him of a profit or "blind share" for his services;

That in 1882 Messrs. *White* and *Jamieson* procured from the Government an agreement for another lot of choice lands in the *North-West Territories*, for the *Shell River Colonization Company*, on the same system of the allowance to them of profits or "blind shares" for their services;

A Select Committee be appointed to enquire fully into the said allegations, with power to send for persons, papers and records, and to examine witnesses upon oath or affirmation, with instructions to report the evidence and all proceedings of the said Committee, and that the said Committee be composed of Messrs. *McCarthy*, *Laurier*, *Hall*, *Weldon*, *Tupper*, *Davies*, *Girouard*, *Patterson* (*Essex*), and *Lister*.

Sir *Hector L. Langevin* moved in amendment thereto, seconded by Mr. *Thompson* (*Antigonish*), That the words "A Select Committee be appointed to enquire fully into the said allegations with power to send for persons, papers and records, and to examine witnesses upon oath or affirmation, with instructions to report the evidence and all proceedings of the said Committee and that the said Committee be composed of Messrs. *McCarthy*, *Laurier*, *Hall*, *Weldon*, *Tupper*, *Davies*, *Girouard*, *Patterson* (*Essex*), and *Lister*," be left out, and the words "The above statements be referred to the Select Standing Committee on Privileges and Elections, with instructions to report the evidence and all proceedings of the said Committee, and their finding thereon, with power to send for persons, papers and records, and to examine witnesses upon oath or affirmation," inserted instead thereof.

And the Question being put on the amendment: It was resolved in the Affirmative.

Then the Main Question, so amended, being put; the House divided: and the names being called for, they were taken down, as follow:—

2. Resolved, That it will materially lessen the necessity to borrow foreign capital if mortgages on improved farm property be made a negotiable security by an issue by the Government of *Canada* of Dominion Notes equal to any such mortgages on improved farm lands to the extent of one half the actual value thereof, such notes to be redeemable in Government bonds based upon such real estate mortgages, and bearing interest at the rate of 4 per cent. per annum.

Resolved, That in order to prevent any clashing of interests between such farmers' banks and ordinary chartered banks, as well as for the general convenience of the public, it is expedient that there be uniformity in the circulating medium, and that all banks be compelled to circulate only Dominion of *Canada* Notes; and in order to compensate chartered banks for any profit they may derive from the issue of their own bills, there shall be an estimate made of such profit up to the expiration of the charter of all such banks by properly authorized actuaries, and the amounts so arrived at shall be paid by an increased issue to said banks of Dominion of *Canada* Notes.

4. *Resolved*, That in order to provide for the interest on any bonds issued by the Government of *Canada* to redeem notes issued to farmers' banks there shall be a special stamp marked upon such Dominion Notes characterizing the particular farmers' bank to which said notes have been issued, and such farmers' banks shall provide the interest to the Treasury Department of the Government to meet that of any bonds issued by the Government of *Canada* for the redemption of such notes. 1. That the growing practice in the Canadian House of Commons of delivering speeches of great length, having the character of carefully and elaborately prepared written essays, and indulging in voluminous and often irrelevant extracts, is destructive of legitimate and pertinent debate upon public questions, is a waste of valuable time, unreasonably lengthens the Sessions of Parliament, threatens by increased bulk and cost to lead to the abolition of the official report of the Debates, encourages a discursive and diffuse, rather than an incisive and concise style of public speaking, is a marked contrast to the practice in regard to debate that prevails in the British House of Commons, and tends to repel the public from a careful and intelligent consideration of the proceedings of Parliament.

2. That it is expedient to adopt the following rules to apply in future to the mode of conducting debates in the House of Commons of *Canada* :

(1.) The speech of the Finance Minister, the reply to the same, or the speech of a Member moving a motion or resolution shall not exceed two hours each, except by consent of the House obtained at the opening of the debate.

(2.) With the exception of the Budget Speech of the Finance Minister, the chief reply to the same, and the mover of a motion or resolution, no Member shall in any debate speak at greater length than one hour and a half, except the acting leader of the Government, or of the Opposition, who shall not exceed two hours each, except by the unanimous consent of the House.

(3.) After any question shall have been under the consideration of the House for three days, speeches upon the same shall be limited to one hour each, except in the case of the acting leader of the Government, or of the Opposition, who shall not exceed two hours each, except by the unanimous consent of the House.

(4.) After any question shall have been under the consideration of the House for five days, the House may, upon the motion of any Member, and by a three quarters vote of the Members present, restrict the time to be occupied by any Member, except the acting leader of the Government, or of the Opposition, to not less than fifteen minutes each.

(5.) The above restrictions as to time shall apply to the proceedings of the House when in Committee, as well as when Mr. Speaker is in the Chair, but shall not be held to abridge the privileges of a Member, when the House is in Committee, except as to the length of time he may speak upon each occasion when he is entitled to address the Chairman.

(6.) The foregoing rules as to restriction of time may be suspended for one speech in the case of any individual Member, by the unanimous consent of the House.

(7.) No Member shall be allowed to read his speech from MSS., but this shall not be held to deter from the use of memorandum, and notes of the character of headlines and suggestions.

3. It shall be the duty of Mr. Speaker to enforce the foregoing rules.

(*In the Committee.*)

1. *Resolved*.—That it is expedient to confirm the agreement made, subject to the approval of Parliament, between Her Majesty the Queen, acting for the Dominion of *Canada*, therein represented by the Honorable *A. W. Mc Lelan*, Minister of Finance, therein called the Government, and the Canadian Pacific Railway Company, therein called the Company, represented by the Chief Executive Officer thereof, in the following form and words:—

“(1). That inasmuch as the amount actually advanced to the Company by the Government on account of the sum of \$20,000,000 secured by the first mortgage bonds of the Company, to the amount of £4,109,500 sterling, is \$19,150,700, it is agreed that the Company shall repay to the Government, with interest at the rate of four per centum per annum, as provided by the Act 48-49 *Victoria*, Chapter 57, the said sum of \$19,150,700, such payment to be made in two equal instalments, the first of which shall be paid on the first day of May next, and the second thereof on or before the first day of July next, both with interest as aforesaid.

“(2.) That upon full payment of the said two cash instalments and interest as hereinbefore provided, the land grant of the Company shall be reduced by such number of acres as shall be sufficient, computing the value thereof at \$1.50 per acre, to extinguish the balance of the loan of \$29,880,912, mentioned in the Act 48-49 *Victoria*, Chapter 57, that is to say, the sum of \$9,880,912, with interest at the rate aforesaid to the first day of May next; and such reduction shall be effected by the retention by the Government of lands of equal average quality and value with the lands constituting the portion of the Company's land grant not heretofore disposed of by the Company.

“(3.) That upon the settlement of all accounts respecting the said authorized loan of \$29,880,912, and payment and settlement as aforesaid of all sums of money due thereon, all the bonds of the Company secured exclusively upon the land grant of the Company, commonly called land grant bonds, now held by the Government in excess of the sum of \$5,000,000 of such bonds held by the Government under the construction contract of the 21st October, 1880, shall be cancelled, and the debenture stock of the *Ontario* and *Quebec* Railway Company held by the Government under the Act 47 *Victoria*, Chapter 61, Section 1, shall be returned to the Company; and the Government shall authorize the Company, under section 10 of 48-49 *Victoria*, Chapter 57, to mortgage the *Algoma* Branch to such amount per mile as is authorized by the charter of the Company with respect to the main line.

“(4.) That upon the settlement, in manner aforesaid, of the indebtedness of the Company to the Government, the Company may issue first mortgage bonds upon the remaining lands granted to them under their said contract, in such manner as is provided by their charter in respect of the issue of land grant bonds, and to such amount per acre as they shall deem fit, not to exceed \$2 per acre, subject to the approval of the Governor in Council, all of the outstanding land grant bonds obtainable being first duly cancelled, and a reserve being made from the new issue to cover such outstanding land grant bonds as cannot be obtained for cancellation. And in the event of the Company making such issue, the Government will accept in exchange for the said \$5,000,000 of the said land grant bonds, a like amount of the new issue of bonds, such bonds to be held and dealt with in the same manner as the Government were, by 44 *Victoria*, Chapter 1, intituled: “An Act respecting the Canadian Pacific Railway,” authorized to hold and deal with the said \$5,000,000, so exchanged.”

"(5.) That all necessary legislation required to carry the provisions hereof into force shall be asked for from Parliament at its present Session."

2. *Resolved*, That it is expedient to provide—

(a.) That the Government and the Company be authorized respectively to carry out and perform the conditions of the said agreement, according to their intent and purport; provided that the Governor in Council may extend the time for the payment of the first instalment and interest mentioned in the said agreement, to a date not later than the first day of July now next.

(b.) That so soon as the payment and settlement of the sum advanced on the said sum of twenty nine millions eight hundred and eighty thousand nine hundred and twelve dollars, and interest, shall have been effected, as provided by the said agreement, the Company, under the authority of a special general meeting of their shareholders, called for the purpose, may issue mortgage bonds, secured upon the branch of the said railway known as the *Algoma* branch, constructed and to be hereafter constructed, completing the connection between the main line of the Canadian Pacific Railway and the River *Ste. Marie*, which issue shall constitute a first mortgage and privilege upon the said branch railway, constructed and to be thereafter constructed, including the rolling stock and plant applicable thereto, and upon the tolls and revenues thereof, after deduction from such tolls and revenues, of working expenses and of such rolling stock and plant appertaining thereto, as shall be declared and described in any deed of mortgage securing such bonds, which shall be executed by the Company, in conformity with its charter. And before the issue of such bonds, the Company shall make by-laws prescribing the mode in which, in case of default in the payment of the interest on such bonds, or of the capital thereof, the rolling stock and plant (if any) included in such mortgage as appertaining to the said branch, shall be identified, and the tolls and revenues derivable from such branch, ascertained and distinguished from the tolls and revenues of the main line, and making such further provisions as may be just and expedient for the protection of the holders of the bonds secured upon the said branch line, without interfering with the rights of the holders of other securities of the Company. Mr. *Daly* reported from the Committee of the Whole House to consider certain proposed Resolutions respecting the Canadian Pacific Railway Company, several Resolutions, which were read as follow:—

1. *Resolved*,—That it is expedient to confirm the agreement made, subject to the approval of Parliament, between Her Majesty the Queen, acting for the Dominion of *Canada*, therein represented by the Honourable *A. W. McLelan*, Minister of Finance, therein called the Government, and the Canadian Pacific Railway Company, therein called the Company, represented by the Chief Executive Officer thereof, in the following form and words:—

“(1). That inasmuch as the amount actually advanced to the Company by the Government on account of the sum of \$20,000,000 secured by the first mortgage bonds of the Company, to the amount of £4,109,500 sterling, is \$19,150,700, it is

agreed that the Company shall repay to the Government, with interest at the rate of four per centum per annum, as provided by the Act 48-49 *Victoria*, Chapter 57, the said sum of \$19,150,700, such payment to be made in two equal instalments, the first of which shall be paid on the first day of May next, and the second thereof on or before the first day of July next, both with interest as aforesaid.

"(2.) That upon full payment of the said two cash instalments and interest as hereinbefore provided, the land grant of the Company shall be reduced by such number of acres as shall be sufficient, computing the value thereof at \$1.50 per acre, to extinguish the balance of the loan of \$29,880,912, mentioned in the Act 48-49 *Victoria*, Chapter 57, that is to say, the sum of \$9,880,912, with interest at the rate aforesaid to the first day of May next; and such reduction shall be effected by the retention by the Government of lands of equal average quality and value with the lands constituting the portion of the Company's land grant not heretofore disposed of by the Company.

"(3.) That upon the settlement of all accounts respecting the said authorized loan of \$29,880,912, and payment and settlement as aforesaid of all sums of money due thereon, all the bonds of the Company secured exclusively upon the land grant of the Company, commonly called land grant bonds, now held by the Government in excess of the sum of \$5,000,000 of such bonds held by the Government under the construction contract of the 21st October, 1880, shall be cancelled, and the debenture stock of the *Ontario and Quebec Railway Company* held by the Government under the Act 47 *Victoria*, Chapter 61, Section 1, shall be returned to the Company; and the Government shall authorize the Company, under section 10 of 48-49 *Victoria*, Chapter 57, to mortgage the *Algoma Branch* to such amount per mile as is authorized by the charter of the Company with respect to the main line.

"(4.) That upon the settlement, in manner aforesaid, of the indebtedness of the Company to the Government, the Company may issue first mortgage bonds upon the remaining lands granted to them under their said contract, in such manner as is provided by their charter in respect of the issue of land grant bonds, and to such amount per acre as they shall deem fit, not to exceed \$2 per acre, subject to the approval of the Governor in Council, all of the outstanding land grant bonds obtainable being first duly cancelled, and a reserve being made from the new issue to cover such outstanding land grant bonds as cannot be obtained for cancellation. And in the event of the Company making such issue, the Government will accept in exchange for the said \$5,000,000 of the said land grant bonds, a like amount of the new issue of bonds, such bonds to be held and dealt with in the same manner as the Government were, by 44 *Victoria*, Chapter 1, intitled: "An Act respecting the *Canadian Pacific Railway*," authorized to hold and deal with the said \$5,000,000, so exchanged."

"(5.) That all necessary legislation required to carry the provisions hereof into force shall be asked for from Parliament at its present Session."

2. *Resolved*, That it is expedient to provide—

(a.) That the Government and the Company be authorized, respectively, to carry out and perform the conditions of the said agreement, according to their intent and purport; provided that the Governor in Council may extend the time for the payment of the first instalment and interest mentioned in the said agreement, to a date not later than the first day of July now next.

(b.) That so soon as the payment and settlement of the sum advanced on the said sum of twenty-nine millions eight hundred and eighty thousand nine hundred and twelve dollars, and interest, shall have been effected, as provided by the said agreement, the Company, under the authority of a special general meeting of their shareholders, called for the purpose, may issue mortgage bonds, secured upon the branch of the said railway known as the *Algoma branch*, constructed and to be hereafter constructed, completing the connection between the main line of the *Canadian Pacific Railway* and the *River Ste. Marie*, which issue shall constitute a first mortgage and privilege upon the said branch railway, constructed and to be

(*Sessional Papers, No. 66e.*)

Mr. Blake moved, seconded by *Mr. Mills*,

That an humble Address be presented to Her Majesty, respectfully to assure Her Majesty, that the interest and concern felt by the Commons of *Canada* and the people whom they represent, in the condition of *Ireland*, and their desire that some means may be found of meeting the expressed wishes of so many of Her Majesty's Irish subjects, for the grant to *Ireland* of a measure of local self-government, still continue as warm and earnest as in the year 1882, when they were humbly signified to Her Majesty by an Address to the terms of which this House affirms its abiding adhesion;

Humbly to inform Her Majesty, that this House hails with joy the submission by Her Majesty's Government, to the Parliament of the United Kingdom, of a measure recognizing the principle of local government for *Ireland*.

And humbly to express to Her Majesty the earnest hope of this House, that the principle of the said measure may be affirmed, and that it may form the basis for such a settlement of this great question as shall conduce to the peace, happiness and prosperity of the Empire.

Mr. *Costigan* moved in amendment, seconded by Sir *Hector L. Langevin*, That all the words after "That" to the end of the Question be left out, and the words "the Commons of *Canada* desire to express their deep and abiding interest in the prosperity and happiness of their fellow subjects in *Ireland*, and their adhesion to the sentiments expressed in the Joint Address to Her Majesty of both Houses of the Canadian Parliament passed in the Session of 1882;

"That in such Address Parliament suggested, that *Canada* and its inhabitants had prospered exceedingly under a Federal system, allowing to each Province of the Dominion considerable powers of self-government, and expressed a hope 'that if consistent with the integrity and well-being of the Empire, and if the rights and status of the minority were fully protected and secured, some means might be found of meeting the expressed desires of so many of Her Majesty's Irish subjects in that regard.'

"That in answer to the said Address the then Secretary of State for the Colonies was commanded to state that 'Her Majesty will always gladly receive the advice of the Parliament of *Canada* in all matters relating to the Dominion and the administration of its affairs; but with respect to the question referred to in the Address, Her Majesty will, in accordance with the Constitution of this country, have regard to the advice of the Imperial Parliament and Ministers, to whom all matters relating to the affairs of the United Kingdom exclusively appertain.'

"That this House, having reference to the tenor of the said answer, does not deem it expedient again to address Her Majesty on the subject, but earnestly hopes that such a measure or such measures, may be adopted by the Imperial Parliament as will, while preserving the integrity and well-being of the Empire and the rights and status of the minority, be satisfactory to the people of *Ireland* and permanently remove the discontent so long unhappily prevailing in that country," inserted instead thereof.

Mr. *McMullen* moved in amendment to the said proposed amendment, seconded by Mr. *Weldon*, That the words "the Commons of *Canada* desire to express their deep and abiding interest in the prosperity and happiness of their fellow subjects in *Ireland*, and their adhesion to the sentiments expressed in the Joint Address to Her Majesty of both Houses of the Canadian Parliament, passed in the Session of 1882.

"That in such Address Parliament suggested, that *Canada* and its inhabitants had prospered exceedingly under a Federal system, allowing to each Province of the Dominion considerable powers of self-government, and expressed a hope 'that if consistent with the integrity and well-being of the Empire, and if the rights and status of the minority were fully protected and secured, some means might be found of meeting the expressed desires of so many of Her Majesty's Irish subjects in that regard.'

"That in answer to the said Address, the then Secretary of State for the Colonies was commanded to state that 'Her Majesty will always gladly receive the advice of the Parliament of *Canada* in all matters relating to the Dominion and the administration of its affairs; but with respect to the questions referred to in the Address, Her Majesty will, in accordance with the Constitution of this country, have regard to the advice of the Imperial Parliament and Ministers, to whom all matters relating to the affairs of the United Kingdom exclusively appertain.'

"That this House, having reference to the tenor of the said answer, does not deem it expedient again to address Her Majesty on the subject, but earnestly hopes that such a measure or such measures, may be adopted by the Imperial Parliament

“as will, while preserving the integrity and well-being of the Empire and the rights and status of the minority, be satisfactory to the people of *Ireland* and permanently remove the discontent so long unhappily prevailing in that country,” be left out, and the words “this House is confirmed and strengthened by the events which have occurred since the passage of the said Address, in its conviction that the true interests of both *Ireland* and the rest of the Empire will be served in the highest degree by the grant of Home Rule to *Ireland*,” be added to the original motion, after the word “adhesion.”

And a Debate arising thereupon ;

And The House having continued to sit till after Twelve of the Clock on Friday morning.

Friday, 7th May, 1886.

the persons who respectively owe the balances on account of the Slides and Booms in
the District of the *Saguenay*, to the amount of \$5,850.54, as appears in the Report of
the Department of Inland Revenue for the year 1885, at page 18.

On motion of Mr. *Casgrain*, seconded by Mr. *Paterson (Brant)*,

Ordered, That there be laid before this House, a Return showing the names of the
persons who respectively owe the arrears of \$43,860.95, on account of Cullers' Fees,

Mr. *Costigan*, a Member of the Queen's Privy Council, presented.—Return to an
Order of the House, dated this day, for a return showing the names of the persons
who respectively owe the arrears of \$43,860.95, on account of Cullers' Fees, which
appear to be according to the Report of the Department of the Interior, for the year
1885, at page 23. (*Sessional Papers, No. 61b.*)

Mr. *Blake* moved, seconded by Mr. *Davies*, That Mr. *Blake*, the Member repre-
senting the Electoral District of the West Riding of the County of *Durham* in this
House, having stated in his place in The House that he is credibly informed, and
believes he can establish by satisfactory evidence, that at and for many years before
the 3rd July, 1884, the date of the last election for *Cape Breton*, one *Matthew Roche*, of
Lingan, was a voter for the District and was also a Government official, as a member
of the Pilotage Board comprising *Sydney*, one of the greatest ports in *Canada*, to which
were attached two comparatively unimportant outports;

That during the election, *Murray Dodd*, Esquire, then and now a Member of this
House for *Cape Breton*, pressed Mr. *Roche* to vote for Mr. *McDougall* because he was
the Government candidate, brought out and selected by them to carry the county, if

possible, in their interest; and stated to him, as a reason for his so voting, that it was the invariable rule that where a Government officer voted against the Government candidate he ran the risk of being turned out, and warned him that, if he should so vote, such would be the consequence in his case;

That subsequently, *H. F. McDougall*, Esquire, then and now a Member of this House for *Cape Breton*, and *Mr. Dodd*, M.P., proposed to the Government that *Mr. Roche*, who they believed had, notwithstanding such warnings, voted against the Government candidate at the said election, should be, in consequence of his vote, superseded in his office, and some progress was made in the attempt;

That rumors got abroad, and the Government was made aware of the facts and of the rumours, and hesitated to act;

That Messrs. *McDougall*, M.P., and *Dodd*, M.P., continued to press for the removal of *Mr. Roche*; and in the end a plan was devised for the accomplishment of their object, by the remodelling of the Pilotage Board, and the creation of a new Board for the comparatively unimportant outports, on which minor Board *Mr. Roche* was to be put without his consent, and the constitution of a Board for the great Port of *Sydney* on which *Mr. Roche's* name was not to appear;

That having heard that he was by some such scheme to be turned out, *Mr. Roche* communicated with *Mr. Dodd*, M.P., who told him that the fact was so; reminded him of his requests and warnings about voting against the Government candidate and told him that he must submit to the consequences;

That the substance of this statement was communicated to the Government, which, however, proceeded to carry out the plan, and created the two Boards accordingly; thus accomplishing the end sought of displacing *Mr. Roche* from the main functions of his office in pursuance of the threat of *Mr. Dodd*, M.P., and the determination of *Mr. McDougall*, M.P., to punish him for voting, as they believed he had voted, against the Government candidate;

A Select Committee be appointed to enquire into all the circumstances connected with the said charges, with power to send for persons, papers and records; and that the witnesses be examined on oath or affirmation; and that the Committee do report in full the evidence taken before them, and their proceedings on the reference; and that Messrs. *McCarthy*, *Davies*, *Colby*, *Cameron (Huron)*, *Coursol*, *Langelier*, *O'Brien*, *Weldon*, and *Townshend* do compose the said Committee.

And a Debate arising thereupon;

And it being Six o'Clock P.M., *Mr. Speaker* left the Chair, to resume the same at half-past Seven o'Clock P.M.

Half-past Seven o'Clock P.M.

The House, according to Order, again resolved itself into a Committee on the Bill further to amend "An Act respecting Insolvent Banks, Insurance Companies, Loan Companies, Building Societies and Trading Corporations," and after some time spent therein, *Mr. Speaker* resumed the Chair; and *Mr. Daly* reported, That the Committee had gone through the Bill, and made Amendments thereunto.

Ordered, That the Bill, as amended in the Committee, be now taken into consideration.

The House accordingly proceeded to take the Bill into consideration.

Ordered, That the Bill be now read the third time.

The Bill was accordingly read the third time.

The House, according to Order, proceeded to take into consideration the Amendments made by the Senate to the Bill intituled: "An Act to amend the Criminal

Law, and to declare it a misdemeanor to leave unguarded and exposed certain holes and openings," and the same were twice read and agreed to.

And the Question being put, the House divided: and it passed in the Negative.

Also, The Senate have passed the Bill intituled: "An Act to incorporate the *Winnipeg and North Pacific Railway Company*," with several Amendments, to which they desire the concurrence of this House.

Also, The Senate have passed the Bill intituled: "An Act respecting the *Montreal Board of Trade*," with several Amendments, to which they desire the concurrence of this House.

Also, The Senate have passed the Bill intituled: "An Act to amend the Act to provide for the granting of a Subsidy to the *Chignecto Marine Transport Railway*"

"Company (Limited)," with an Amendment, to which they desire the concurrence of this House.

And also, The Senate have passed the Bill intituled: "An Act to punish Seduction and like offences, and to make further provision for the protection of Women and Girls," with several Amendments, to which they desire the concurrence of this House.

The House proceeded forthwith to take into consideration the Amendments made by the Senate to the Bill intituled: "An Act to punish Seduction and like offences, and to make further provision for the protection of Women and Girls," and the same were twice read and agreed to.

Ordered, That the Clerk do carry back the Bill to the Senate, and acquaint their Honours, That this House hath agreed to their Amendments.

The Order of the Day being read for resuming the further consideration of the proposed Motion which was, on Monday, 10th instant, proposed, That Mr. *Blake*, the Member representing the Electoral District of the West Riding of the County of *Durham* in this House, having stated in his place in The House that he is credibly informed, and believes he can establish by satisfactory evidence, that at and for many years before the 3rd July, 1884, the date of the last election for *Cape Breton*, one *Matthew Roche*, of *Lingan*, was a voter for the District, and was also a Government official, as a member of the Pilotage Board comprising *Sydney*, one of the greatest ports in *Canada*, to which were attached two comparatively unimportant out-ports;

That during the election, *Murray Dodd*, Esquire, then and now a Member of this House for *Cape Breton*, pressed Mr. *Roche* to vote for Mr. *McDougall*, because he was the Government candidate, brought out and selected by them to carry the county, if possible, in their interest; and stated to him, as a reason for his so voting, that it was the invariable rule that where a Government officer voted against the Government candidate, he ran the risk of being turned out, and warned him, that if he should so vote, such would be the consequence in his case;

That subsequently *H. F. McDougall*, Esquire, then and now a Member of this House for *Cape Breton*, and Mr. *Dodd*, M.P., proposed to the Government that Mr. *Roche*, who they believed had, notwithstanding such warnings, voted against the Government candidate at the said election, should be, in consequence of his vote, superseded in his office, and some progress was made in the attempt;

That rumours got abroad, and the Government was made aware of the facts and of the rumours, and hesitated to act;

That Messrs. *McDougall*, M.P., and *Dodd*, M.P., continued to press for the removal of Mr. *Roche*; and in the end a plan was devised for the accomplishment of their object, by the remodelling of the Pilotage Board, and the creation of a new Board for the comparatively unimportant out-ports, on which minor Board Mr. *Roche* was to be put, without his consent, and the constitution of a Board for the great Port of *Sydney*, on which Mr. *Roche's* name was not to appear.

That having heard that he was, by some such scheme, to be turned out, Mr. *Roche* communicated with Mr. *Dodd*, M.P., who told him that the fact was so; reminded him of his requests and warnings about voting against the Government candidate, and told him that he must submit to the consequences;

That the substance of this statement was communicated to the Government, which, however, proceeded to carry out the plan, and created the two Boards accordingly; thus accomplishing the end sought of displacing Mr. *Roche* from the main functions of his office, in pursuance of the threat of Mr. *Dodd*, M.P., and the determination of Mr. *McDougall*, M.P., to punish him for voting, as they believed he had voted, against the Government candidate;

A Select Committee be appointed to enquire into all the circumstances connected with the said charges, with power to send for persons, papers and records; and that the witnesses be examined on oath or affirmation; and that the Committee do report.

in full the evidence taken before them, and their proceedings on the reference; and that Messrs. *McCarthy, Davies, Colby, Cameron (Huron), Coursol, Langelier, O'Brien Weldon*, and *Townsend* do compose the said Committee.

And the Question, on the said Motion, being again proposed;

Mr. *Orton* moved, in amendment, seconded by Mr. *Kranz*, That all the words after "That" to the end of the Question, be left out, and the words "the Order for the second reading of the Bill to amend 'The Canada Temperance Act, 1873,' " be now read," inserted instead thereof.

Mr. *Bergin* moved in amendment to the said proposed amendment, seconded by Mr. *Taylor*, That all the words after "That" to the end of the Question, be left out, and the words "the adjourned Debate on the proposed Motion of Mr. *Taylor* for a Committee of the Whole to consider a Resolution declaring it expedient to bring in a Bill to regulate the sale and manufacture of Oleomargarine, Butterine and other substitutes for Butter, be now resumed," inserted instead thereof.

And a Debate arising thereupon;

And The House having continued to sit till after Twelve of the Clock on Tuesday morning;

Tuesday, 18th May, 1886.

And the Question being put on the amendment to the said proposed amendment, the House divided: and it passed in the Negative.

And the Question being put on the amendment to the original Question, the House divided: and it passed in the Negative.

Then the main Question being put, the House divided: and the names being called for, they were taken down, as follow:—

PRAYERS.

Mr. *Rykert*, from the Select Standing Committee on Public Accounts, presented to the House the Fourth Report of the said Committee, which was read as followeth :—

Your Committee have, in accordance with the Order of the House, of the 20th instant, enquired into the matter of the indebtedness of Mr. *Herman H. Cook*, as dues for timber cut on Indian Reserves on certain Islands in the *Georgian Bay*, in the years 1872 and 1873, and the remission of \$1,486.24, together with the interest thereon ; and in connection therewith have examined certain persons, and, for the information of the House, append hereto copies of the evidence given and of the exhibits filed by them. (*Appendix No. 5.*)

Mr. *Colby*, from the Joint Committee of both Houses on the Library of Parliament, presented to the House the First Report of the said Committee, which was read, as followeth :—

The Joint Committee of both Houses on the Library of Parliament have the honour to report as follows :—

That the attention of the Committee has again been drawn to the necessity for limiting the number of persons having the privilege of the Library during the recess, and for preventing loss and mutilation of Books. It has been ordered that the names of all persons found, or suspected of committing a breach of the rules of the Library, be reported to the Speakers, and that the privilege of such persons be cancelled pending the action of the Speakers.

That the Committee has learned with regret that, during the present Session, the Journals, Public Accounts and similar documents, have been mutilated by persons desirous of saving time in copying, and that a whole page of the bound copy of the *Montreal Gazette*, containing the Letter of Archbishop *Taché* on affairs in the *North-West*, was deliberately torn from the volume. The Committee desire to express, in the strongest way, their disapproval of conduct which cannot be guarded against and which threatens to destroy the usefulness of the Library.

That the Canadian Section of the Library is now so full and so important, and the Catalogue so crowded and imperfect, that a re-print of the latter has become necessary, and the Committee recommend that the sum of Two thousand dollars be provided for that special purpose.

That a Sub-Committee to consider certain letters and petitions concerning the status and salaries of certain of the Officers and Messengers of the Library, was appointed ; and the report of the said Committee, which is appended, was adopted.

That it was considered fitting to order that the works of the principal German writers be obtained in the original, for the use of those to whom that language is native or familiar.

APPENDIX A.

MAY IT PLEASE YOUR EXCELLENCY:—

The Commons of *Canada* have voted the Supplies required to enable the Government to defray the expenses of the *Public Service*:—

In the name of the Commons, I present to Your Excellency a Bill intituled:—

“An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the *Public Service* for the financial years ending respectively “the 30th June, 1886, and the 30th June, 1887, and for other purposes relating to “the *Public Service*;” to which I humbly request Your Excellency's Assent.

To this Bill the Royal Assent was signified in the following words:—

“In Her Majesty's name, His Excellency the Governor General thanks Her loyal subjects, accepts their benevolence, and assents to this Bill.”

After which His Excellency was pleased to deliver the following Speech to both Houses:—

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I desire to convey to you my best thanks for the earnestness and assiduity with which you have performed your important duties.

The legislation of the Session has been of an eminently practical character, and cannot fail to aid in the promotion of the material progress of the Country.

The grant of representation in the House of Commons to the *North-West Territories* will, if sanctioned by the Imperial Parliament (of which there is no reason to doubt), give the people of that vast region an interest and voice in the affairs of the Dominion, and enable them to lay the wants and requirements of their young country, with authority, before the great council of the nation.

You have at the same time conferred upon them the boons of an efficient judicial system and a speedy and inexpensive mode for the transfer of property in land.

The measure for the establishment of a Central Experimental Farm, with auxiliary stations for the Provinces, will be greatly appreciated by our agricultural population.

I congratulate you heartily on the completion of the Canadian Pacific Railway and on the repayment in money and land of the advances made in its aid from the public Treasury.

The future prosperity of this great enterprise and the consequent advantage to the best interests of the Dominion, I now consider as fully assured.

The appropriations in aid of various railways will tend largely to increase the trade and develop the resources of the districts traversed by them, and I am especially pleased to know that by the provision made for the construction of a Railway through *Cape Breton*, that historical Island will at last be brought into connection with the Railway System of *Canada*.

Among the many useful measures you have passed may especially be noticed the Amendments of the Franchise Act, rendering its working more simple and less expensive; the Consolidation of the Statutes; the arrangement for the organization of a better and more economical system of Parliamentary and Departmental Printing; and the Amendment of the Dominion Lands Act.

Gentlemen of the House of Commons:

I thank you in Her Majesty's name for the supplies you have granted for the public service.

Honourable Gentlemen and Gentlemen:

In bidding you farewell until next year, I rejoice to be able to congratulate you on the general prosperity of the Country and the good promise of a plentiful harvest.

Then the Honourable the Speaker of the Senate said:—

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Monday, the twelfth day of July next, to be here holden, and this Parliament is accordingly prorogued until Monday, the Twelfth day of July next.
