 WATERDOWN

W. A. A. Items

Burlington, and possibly Dundas and Bronte, with Waterdown will likely form the League at Wabasso Park this year. If so some good base ball can be expected.

Batting practice on Saturday, Apr. 2nd, weather permitting. The following players are asked to be on hand. Foster, Vance, R. and V. Willis, G. Weaver, G. Burns, Ribson, Newstedt Baker, Torrance, Gordon, Kirk and Nicol. Turn out in uniform if possible.

It is to be hoped that a large crowd will attend the Grand Ball Friday evening. The young ladies are again requested to be sure and furnish lunch. All the young men members are respectfully requested to bring their lady friends.

President Palmer attended the H. A. B. A. meeting last Tuesday and reports splendid progress. All the Leagues will soon be ready for registration.

The basket ball team plays the return match with the Doormats on Tuesday, April 5th at Hamilton.

Take the train to Economyville—Shop at Eager's next week.

S. S. No. 5 Report

Following are the term reports for S. S. No. 5, East Flamboro. Figures denote the percentage totals.

SENIOR ROOM
 Sr. IV—Evelyn Hopkins 74, Irvine Madden 70, Beatrice Bousfield 66, Kenneth Harper 57, Ruby Robinson 56, Florence Eaton 52, Jim Flannery 51, Gordon Gastle 44, Kenneth Hamilton 41, Edward Hamilton 40.

Sr. III—Annie McCartney 71, Neil Binkley 71, Grant Eaton 64, Mae Harris 59, Charlie Gilmor 53, Gerald Hamilton 48, Irene Robson 42, Roy Forde 37.

Jr. III—Jim Eaton 71, Douglas Tansley 67, Lillian Gastle 66, Constance Eaton 63, Gornel Fowluck 22.

Sr. II—Russel Eaton 65, Dorothy Campbell 63, Winnie Robinson 63, Florence Harper 62, Alex Zigmund 60, Evelyn Wetherelt 55, Harold Forde 53, Lloyd Wetherelt 52, Teddy Eaton 51, James Robson 51, Edith Eaton 49, Moley Hamilton 48, Jack Flannery 47, Michael Zigmund 46, Irene Kay 42, Bob Williamson 41, Dorothy Gastle 41.

Martha E. McAdam, Teacher.

JUNIOR ROOM (Promotion Report)

Jr. II—Agnes Williamson 82, Annie Tansley 72, Lyman Willet 72, Evelyn Bladen 67, Margaret Mills 60, Evelyn Alderson 53, Winston Harper 51, Stella Forde 50, Rozella Brown 34, Louisa Wise (absent).

Sr. I—Mildred Robson 70, Clifford Alderson 68, Marie Mills 60, Gerald Henry 50, Harry Bladen 58, Edna Williamson 50.

Absent on account of sickness—Edith Wise, Alice Eaton, Alvin Gray Oliver Livingston.

Primer A—Jim Campbell, Eleanor Hopkinson, Evelyn Forde, Kenneth Alderson, Lloyd Rasberry, Lorne Alderson, Minnie Gunby.

Primer B—Nellie Zigmund, Irene Gray, Alex Wetherelt, Thelma Beaumont, Clark McCartney.

Clementine Williams, Teacher.

Greenville

Mrs. MacFarlane of Hamilton is visiting her daughter here, Mrs. McK Morden.

Mr. Tom Surerus entertained a party of friends on Monday evening last.

Miss Nellie Hore of Oakville spent a few days last week in the village at the home of her brother.

Mr. Geo. Muirson of Galt has been spending a few holidays with friends here.

If your pocket-book is your guide Shop at Eagers.

Grace Church Vestry Meeting

The Annual Vestry meeting of Grace Church was held in the Parish hall on Monday evening last and well attended. The Wardens' report was read by Mr. R. C. Griffin, showing receipts of \$1330.33 and a balance on hand of \$53.57. The Sunday school report showed a balance on hand of \$52.81, and the Women's Auxiliary report a balance on hand of \$473.26. The report of Missions was read by Miss Nicholson and showed that the full apportionment had been raised leaving a balance of \$33.89 on hand. The Cemetery report showed \$570 with Synod on the perpetuity plan, also fund with \$161, leaving a balance of \$52.29 on hand. Mr. R. Smith and Mr. R. C. Griffin were appointed Rector's and People's Wardens respectfully. Dr. R. J. Vance was appointed Vestry Clerk. Miss Jean Davidson Missionary Secretary, and S. Feilde, A. J. Lovejoy, P. Gordon, J. Higginson, J. F. Vance, Earl Griffin and W. G. Spence as sidemen. S. Chaffe and W. G. Spence were appointed Auditors. Mr. Robert Spence was appointed Representative to the Synod. The various reports were very gratifying to the Rector, Wardens and people alike. Under the pastorate of the Rev. Mr. Leake the church has steadily gone forward. The attendance has greatly increased, and the finances never were in better shape. A still better report is confidently looked for at the close of the present church year.

Miss MacMonies to Wed

The New York Times announces the engagement of Miss Marjorie MacMonies, daughter of Frederick W. MacMonies, the sculptor, by his former wife, who is now Mrs. Will H. Low, to Donald D. Wyoming, the son of Dr. and Mrs. D. Preston Wysong of Port Washington, L. I. Mr. Wysong was an ensign in the navy during the war and is now in business in Port Washington. No date has been set for the wedding.

At present Miss MacMonies is living with her step-father and mother, Mr. and Mrs. Low, at Lawrence Park Bronxville. She has inherited much of the talent of her parents. Her mother studied painting both in this country and in Paris, and is well known in art circles. Miss MacMonies recently graduated from the School of the National Academy of Design here, and has painted several portraits which have won favorable comment.

The Sunday School Lesson

Lesson 1. April 3.
THE IDEAL CHRISTIAN

Lesson—Rom. 12: 1, 2, 9-12.
Golden Text—"As ye would that men should do to you, do ye also to them likewise" (Luke 6: 31).

The Lesson Text
1 I beseech you therefore, brethren, by the mercies of God, to present your bodies a living sacrifice, holy, acceptable to God, which is your spiritual service.
2 And be not fashioned according to this world; but be ye transformed by the renewing of your mind, that ye may prove what is the good and acceptable and perfect will of God.

- 3 Let love be without hypocrisy. Abhor that which is evil; cleave to that which is good.
- 4 In love of the brethren be tenderly affectioned one to another; in honor preferring one another;
- 5 In diligence not slothful; fervent in spirit; serving the Lord;
- 6 Rejoicing in hope; patient in tribulation; continuing stedfastly in prayer;
- 7 communicating to the necessities of the saints; given to hospitality.
- 8 Rejoice with them that rejoice; weep with them that weep.
- 9 Be of the same mind one toward another. Set not your mind on high things, but condescend to things that are lowly.
- 10 Render to no man evil for evil. Take thought for things honorable in the sight of all men.
- 11 If it be possible, as much as in you lieth, be at peace with all men.
- 12 Avenge not yourself, beloved; but give place unto the wrath of God; for it is written, Vengeance belongeth unto me; I will recompense, saith the Lord.
- 13 But if thine enemy hunger, feed him; if he thirst, give him to drink; for in so doing thou shalt heap coals of fire upon his head.
- 14 Be not overcome of evil, but overcome evil with good.

Comments
Verse 1. In this lesson we change from the history of the life of Christ as lived by Himself to the practice of that life as lived by His followers. Paul was born in Tarsus about the same time as Jesus was born in Bethlehem. He wrote this letter to the Romans probably in A. D. 58. In this chapter Paul shows the need of the fourfold development expressed in Luke 2: 52. We must grow physically, mentally, socially and religiously.
Verse 2. Conformity to this world, or the present order of things, is destructive, because things are temporal while principles are eternal. The mind is renewed by truth, and Christ is the way, the truth and the life. Through obedience to Him we prove the perfect will of God.
Verse 9. The love here meant is the love of one Christian for another. Hypocrisy is an old-fashioned sin that dons new-fashioned clothes every generation. Through Christian growth we will be led to repel it as a dishonorable thing, while being attracted to that which is good. Sin is the greatest curse, the greatest disaster and the greatest fascination in the world.
Verse 10. "Let every brother be able to know that his good name, his every interest, is safe in every brother's hands." Our greatest exaltation is in exalting others.
Verse 11. Do not waste life's strength or dissipate its powers. Purpose and high ideals are back of every achievement.
Verse 12. Some one has said that the world has already half destroyed us when we are too busy to pray.
Verse 13. To the extent that poverty exists, alleviate it; to the extent that poverty is unnecessary, prevent it. Hospitality is getting to be a lost art. It is time to revive it.
Verse 14. The deepest injury that comes from wrongs done to us is that it provokes resentment and anger in ourselves. "A soul filled with hate is a sorry spectacle." On the contrary, doing good both requires and stimulates noble impulses.
Verse 15. Human sympathy is one of the finest qualities of the soul. The capacity to feel with others is

the tie that binds hearts in friendship and kindly affection.

Verse 16. No doctrine of the New Testament is more frequently stressed than that of the unity from the realization of His ideals as expressed in His prayer (John 17).

Verse 17. Paul's teaching throughout these precepts is a faithful reflection of the teachings of Christ in the Sermon on the Mount. Taking thought for things honorable puts life's programme upon a constructive basis.

Verse 18. You may not be able always to preserve peace, but you can refrain from provoking war.

Verse 19. Avenging justice is the prerogative of God, and not of men. We are not sufficiently able to know one another's motives to sit in judgment upon one another's acts.

Verses 20, 21. There is but one way to conquer an enemy—His unity will thrive upon your hatred, but will languish and die in the light of your good will. He desires your resentment; he does not know what to do with your kindness. Were the world to closely adhere to these teachings, it would banish war and bloodshed forever.

Topics for Research and Discussion.
I. A Renewed Mind (vs. 1, 2). 1. What change is made today in our lesson plan? 2. What do you know about the birth and early environment of Paul? 3. Of what fourfold development does Paul show the need in this chapter?

II. A Transformed Heart (vs. 9-16). 4. What kind of love is Paul talking about? 5. Why do people persist in hypocrisy? 6. What is the one great curse of the world? 7. What should the church of Christ do with the whole question of poverty? 8. Why are we yet so far from the New Testament idea of Christian unity?

III. A Changed Will (vs. 17-21). 9. Where did Paul get the wisdom he puts into these teachings? 10. What is the practical application of verse 18? 11. Discuss the wisdom of verses 20 and 21. 12. Why do we not practice this?

STOPS BRONCHITIS QUICKLY, HELPS IRRITABLE THROAT, ENDS SNEEZING, COUGHING

Relief comes at once when you breathe in the soothing vapor of Catarrhazone. Once its healing, pine essences strike the bronchial tubes, you realize that a powerful treatment is at work. Irritation can't live in the throat of a person inhaling Catarrhazone. It is so soothing, so warming, so full of concentrated healing power that you get results at once. Catarrhazone strengthens the weak throat, stops the cough, removes that hacking irritating necessity to clear the throat, makes even the chronic sufferer realize that at last he has discovered a real friend. For coughs, colds, catarrh and winter flus, nothing in the family could be better than the complete dollar outfit. Small size 50c, trial size 25c all dealers or the Catarrhazone Co., Montreal.

New Brunswick possesses some valuable mineral resources. Coal is now being steadily produced. In 1912 the output was 44750 tons; in 1918 it was 230,117 tons.

The Oil for the Farmer.—A bottle of Dr. Taorm's Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

FARM WORK OF THE MONTH

Hatch the chicks and hatch 'em—don't do anything more profitable than string a new line of fence while waiting for the ground to dry out. There's a pile of comfort in a good, tight fence.

Of course you have already planned the crops for the year. But your plans may be completely upset by the appearance of the stand on the new seeding. Better size it up now and see what promise it is holding out. Who will get the grain this year, you or Mr. Smut? Smut has been having its innings for a good long while. Why not take the profits yourself for a change? It pays to formaldehyde—and remember that corn will take the treatment as well as the small grains.

With the work in full swing let's give the horse an even break this year. See that he has a collar that fits. At least scrape and clean the old one, and then keep it clean. We can prevent sore shoulders with a little care and win the gratitude of the suffering animals, besides getting greater service from them all the season.

Ever chase hogs out of a 20-acre cornfield with the stalks 10 feet high and dripping with dew? Well, you

FINAL SETTLEMENT EXPECTED SOON

Canada's Share of Canteen Profits Not Yet Ascertained.

The Dominion Government has issued, through Major-General Eugene Fiset, Deputy Minister of Militia, the first clear statement in regard to the handling of the profits of the expeditionary force canteens.

Major-General Fiset after a preliminary statement, points out that an agreement was made with Britain for Canada to share in the profits of these canteens from the time the Canadians first began to deal in France up to the 30th of April, 1919, when the business of these canteens was transferred to the Navy and Army Canteen Board. Under the agreement arrived at the basis of settlement is to be the following:

- British troops for each man day, 1 share.
 - Canadian troops for each man day, 1 3-16 share.
 - Australian troops for each man day, 1 6-16 share.
- The above proportions are based on the spending power of the different bodies of troops.

No balance sheet has been issued up to the present time nor has any statement been received from the Expeditionary Force Canteen indicating the profits for any period. The Central Canadian Fund has, however, received an interim payable of £196,650 11s on account, up to the 31st December, 1917. Although, as stated above, the business was closed down on the 1st May, 1919, since the canteen operated in every part of the world, it will be readily understood that the liquidation of its affairs is bound to be a lengthy process. However, on the 27th November last, the War Office stated that it was hoped to be possible to notify the proportion of profits due to the Canadian forces in the course of a month or so, and the War Office is now being pressed in regard to this.

THE PLANNING SEASON.

The hour has come when winter is behind us and the farming season of 1921 is immediately ahead.

We are right in the most important season of the year.

What we accomplish in 1921 depends more largely upon the decisions we reach and the action we take this month than upon the rains and sunshine during the growing and harvesting seasons.

We know not with certainty whether the sunshine and rainfall will be copious enough or properly distributed, but our faith reassures us. In fact, if we were all as certain that we were going to plan our year as greatly to our advantage as we expect the rain and sunshine to be, we would have cause to be optimistic, indeed.

Those of us who milk dairy cows, unless we think quite carefully and logically, are apt to plan with too short a vision.

It is too often the case that we arrange our fields, plant, cultivate and harvest our crops with the hope of filling silos and corn cribs, grain bins and haymows, rather than in the hope of accomplishing that which brings us our prosperity, namely, the filling of milk cans.

We are passing through a period which should teach us a very valuable lesson. Growing grains and grasses, filling cribs, and bins and haymows has in itself never been very profitable and this past year it has been the basis of much loss to the farmers of this country.

Profiting by the lesson, it would seem that right now wisdom dictates that we should plan our farming operations on the basis of filling milk cans, because the most prosperous farmers in America today are those who are filling the largest number of milk cans. One need not fool himself; the same will be true next winter and still other winters to come.

During last year 1,392 vessels entered and departed from St. Lawrence River ports; tonnage, 4,472,130 tons.

CUTICURA HEALS BABY'S FACE

Could Not Sleep Eruption Itched and Burned So.

"I noticed a little pimple on my baby's face. I thought it was from the sun but it kept getting worse and the skin was red and very hot. He could not sleep or rest the eruption itched and burned so, and it caused him to scratch. I was quite discouraged.

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. I bought more and after using two cakes of Cuticura Soap and two and a half boxes of Cuticura Ointment he was healed." (Signed) Mrs. S. D. McGuire, Clarksburg, Ont., Dec. 18, 1918.

Use Cuticura Soap, Ointment and Takum for every-day toilet purposes. Soap 25c, Ointment 25 and 50c. Sold throughout the Dominion, Canadian Depot: Lyons, Limited, St. Paul, Montreal. Cuticura Soap shaves without lather.

GOOD JOKES

WHERE HE FELL DOWN.

Employer (to youth applying for situation)—And have you a knowledge of any foreign language?

Applicant—Yes, sir; a little.

"Do you know Latin?"

"Well, sir, I began to learn it and got on fairly well, but I had to throw it up in favor of shorthand because I couldn't pronounce some of the words.

"What were the words you couldn't pronounce?"

"Words like 'MDCCCXIV,' sir."

AND IT IS.

"Say, buddy, do you remember when we were over there they used to tell us that when we got back nothing would be too good for us?"

"Sure, what about it?"

"Well, they told the truth.

ON THE OTHER FOOT.

"So the affair is off, eh? Afraid you couldn't support her in the style to which she was accustomed, I suppose."

"Not at all. It was the girl who was afraid."

IF THAT'S RIGHT HE'LL GET LEFT.

"Don't you think Braggins puts on too much side?"

"Yes, and a good deal of front; but I don't think it has any real backing."

BRIDGET SCORES.

Mistress (heaping to prepare dinner)—It's an old saying, Bridget, that too many cooks spoil the broth. What do you think?

Bridget—Sure, ma'am, there's nothing to worry about; there's only one cook here.

HAD A LAST RECOURSE.

A villager had been confiding to a country clergyman some of the shortcomings of her husband.

"Certainly," agreed the clergyman, "he seems to treat you rather unkindly. But remember that you took him for better or for worse."

"Well, it has always been for worse, so far as I can see," replied the woman, dabbing at her eyes with a handkerchief.

"Have you ever tried heaping coals of fire on his head?" inquired the clergyman.

"No, I haven't," she answer, grateful for the new suggestion. "So far I've only tried hot water."

THE ORIGIN OF GALL STONES.

They are simply dried bile made up of crystalline constituents of that fluid. Very common is this disease among merchants, clergyman, shop girls, and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels, and this is speedily accomplished by using Dr. Hamilton's Pills. No person using Dr. Hamilton's Pills will be subject to bilious fits. Sound digestion, good appetite, a clear color will evidence the health giving properties of Dr. Hamilton's Pills which are safest and best for general family use. When a laxative is needed, when you feel out of sorts that's the time to use Dr. Hamilton's Pills of Mandrake and Euterpeut 25c at all dealers or The Catarrhazone Co., Montreal.

The vessels sold during last year in Canada to other countries had a total tonnage of 48,965 tons, their value amounting to \$14,612,333.

THE WATERDOWN REVIEW

Issued every Friday morning from the office, Dundas Street, Waterdown. Subscription \$2.00 per year. Papers to the United States, 50 cents extra. Advertising rates furnished on application. G. H. GREENE, Editor and Publisher. Member C. W. N. A.

THURSDAY, MARCH 31, 1921

Locals

Mrs. S. Frank Smith is confined to her bed with an attack of rheumatism. Mr. Jake Shelton is having a fine large ice-box put in his new butcher shop. S. Frank Smith, our genial auctioneer, has purchased the H. E. Hawkins' farm adjoining the village. Mrs. Geiger and little daughter of Hamilton has been visiting her aunt, Mrs. A. E. Alton, since Sunday last. Miss Edna Miller of Baden is visiting her sister, Mrs. E. Bechtold, Mill street. Mr. and Mrs. A. E. Richards of Hamilton spent the week end at the home of Mr. Chas. Richards. Mr. and Mrs. Albert Slater and Mr. Ed. Slater and son Hilton motored up from St. Catharines on Sunday last. Mr. and Mrs. J. W. Griffin spent Sunday with Mrs. Griffin's uncle, Mr. Robt. Buttrum of the Hamilton Road. Mr. and Mrs. H. Bevans, who recently moved to Toronto, were holiday guests of Mr. and Mrs. Stan. Carey. The Weaver store is putting on a Bean Guessing contest for the benefit of the W. A. A. A. The nearest correct guess to the number of beans in the jar will receive a five pound box of Laura Secord chocolates. Guess and guess often and help the boys. Contest closes Saturday April 15th. The regular monthly meeting of the Women's Institute will be held next Wednesday afternoon, April 6, at 2.30 in the Methodist Sunday school room. A baking contest will be held for girls under 19. Articles for competition will be lemon tarts and plain sponge cake with white icing. Miss Armstrong will give a paper on "Some Things that make Life Worth While."

The Mission Band will meet Sunday afternoon at 2.30.

Mr. Alex Davidson is spending his Easter holidays at his home here.

The agriculture meeting, to be held here next Tuesday, has been postponed on account of the presence of smallpox in the village.

Mrs. E. H. Slater of St. Catharines was in town a few days last week on business in connection with the sale of their property on Main street.

Mr. and Mrs. Keir and Miss E. Dale Sinclair, who have been spending the winter months in Florida and South Carolina, returned to their home here this week.

The Ladies Aid of the Methodist church held a very successful bazaar in the school room of the church on Wednesday afternoon and evening, considerably over \$200 being realized for the ladies.

At present there are four cases of smallpox in the village and vicinity, the homes of Principal A. E. Smith, Fred Carson, Geo. Post and Chas. Wilkinson being quarantined. All the cases are progressing favorably, with no new ones reported.

The Rector of Grace Church desires to express his appreciation of the generally good congregations lately, but more especially of the numerous attended and devout services on Easter Day. There were absentees of whom some were unavoidable. Let us not be satisfied until every member of every family for whom we are responsible shows in every possible way the outward and visible signs of a real inward and spiritual grace. We welcome our new members from whom we expect fine assistance in our great work. The Rector also appreciates the response to the financial appeals made by the church warden, and more especially the fact that though his stipend was increased by fifty per cent, yet without any house to house canvass there is a favorable balance of \$58. In the midst of our triumphant Eastertide read Isaiah 12, 3-5 "Therefore with joy shall we draw water out of the wells of salvation and in that day shall ye say, Praise the Lord, call upon His name, declare His doings among the people, make mention that His name is exalted, sing unto the Lord for he hath done excellent things."

H. J. Leake.

Sweet Lemons

We hear of fruits of foreign clime, And vegetables so rare; Of the kind and quality so good, They make our natives stare. Our luscious grapes and peaches too, Of which we well may boast; Are not to say the least we have, Or what we love the most. There is another juicy gem, With which our efforts have been crowned; A rare production of its kind, A Sweet Lemon has been found. The originator of this fruit, I should not tell you, but I will, And may his laurels never cease, It was California Bill. Bill came from the other side, You can tell it by his voice; He can show you fruits of various kinds, But a sweet lemon is his choice. He has them in the winter time, He has them spring and fall; He has them mostly all the time, No matter when you call. Now that's all the credit that's coming to Bill, We must not be one sided; He has a partner in the game, So praises are divided. It was she who found this noble fruit And kept it from the rest; She realized its richness pure, And loved it far the best. May all blessings fall upon her, While our glasses we drink the fill; May blessings fall on fruit to come, And on California Bill. So here's to you Bill in your snug little home, Next to the "Garden of Eden," Carry on your good work, nurse and judge your fruit, And anything else that its needin'.

Hoodwinked.

OUR BOYS' AND GIRLS' CORNER

By Aunt June

Registered According to the Copyright Act

LEGISLATED TO EVERY BOY AND GIRL OF CANADA

My Dear Boys and Girls:—I am looking forward very much to my next mail that will bring me news of your holidays. We have had such lovely weather in this part of Ontario I feel sure those of you who live near will have had a happy time. Loving greetings to all our new members this week. Look out for a big list of names next week.

OUR LETTER BOX

Douglas.
Dear Aunt June—I am a little boy nine years old. I have been reading your Boys' and Girls' column for some time and would like to be a member too. I go to school every day and I am in the second book. On Saturdays I help my mother to wash the dishes and sweep the floor and bring in the wood and other chores. I was vaccinated last week and was at home from school.

LEO BUSTER.

Dear Leo—What a splendid little Helper you are for just nine years old. I am sure mother is glad to have you help her every Saturday as you do and I am sending you a badge to show you that I am very glad too.

St. Ann.

Dear Aunt June—I am eight years old and in the senior first class. My brother is in the primer class and we go to school when we can. I help my mother get meals, wash dishes, carry in wood, sweep the floor and make the beds. I have two sisters and two brothers. We have had the whooping-cough this winter. We have two pet kittens, their names are Peter and Pearl. Best wishes to you and the club.

ETHEL MOTT.

Dear Ethel—I am glad to be able to send you a badge for being such a good Helper. I am so sorry you have had whooping-cough and I hope that with the nice spring weather we should have at Easter you will get all better. Thank you for your good wishes for the club.

Jarvis.

Dear Aunt June—I would like to join your club. I wash the dishes, sweep the floor, dust the room, feed the baby and put him to sleep, practice my music lesson and go to school. I am eleven years old and am in the fourth class.

DORIS E. IONSON.

Dear Doris—What a busy little Helper you are. I am glad to send you a badge as you are such a splendid Helper and will be a good member of the League of Service. Let me hear from you again sometimes.

Six Nations.

Dear Aunt June—I am 10 years old and I do all the

PLEDGE FOR HELPERS.

"Do a little kindness to someone every day. Scatter rays of sunshine all along the way."

I pledge myself in the service of my King and Country to do my best in my daily work, whenever it may be, to help others whenever possible, and to endeavor in every way to make myself a good citizen.

Name.....
Age.....
Address.....
Date.....

boys' and girls' letters on your page I thought I would write. I am twelve years of age and am in the fourth book. I scrub, bake, darn, sew, help wash the dishes and mind the children, help get meals and go to school. Wishing you a happy New Year. If it is not too late.

GARNETTE ATKINS.

Dear Garnette—Thank you very much for your good wishes for the new year. I hope you have a very happy year yourself. I am sending you a badge and am glad to welcome you as a member of the League of Service.

West Montrose.

Dear Aunt June—I go to school every day I can. I am in the junior second class and I am 12 years of age. I have three miles to go to school. I have two younger brothers named John, age 8 years; James, age 6 years. They both go to school. When I come home I carry in wood, help to set the table and wash dishes. I help to work on Saturday when my mother has gone to Guelph. Sometimes I go over to my neighbors to mind the babies. They have three babies. Yours truly,

SARAH.

Dear Sarah—I am sending you a badge and am glad you are now a member of the League of Service as you are a really such a splendid little Helper. I am sure your neighbor must be very glad for you to go over and mind the babies and I expect you manage to have good fun with them when they are good. I hope when John and James are older they will join the League too.

Cayuga.

Dear Aunt June—I am a girl of fifteen years and keep house for my father and brother. I do all the

HERE am I, little jumping Joan,
Dancing a polka all alone,
Posing lightly on my toes,
Just the way Pavlowa goes.

Find two other dancers. Left side down, along arm, lower right corner down, along arm.

washing, ironing and baking. It is just splendid when you keep house. I also throw crumbs out to the birds and help to milk the cows.

HILDED GIRL.

Dear Hired Girl—You are the first of my Helpers to use this pennant. I am glad to be able to send a badge to such a splendid Helper and hope you will write to me again some time. I think it is lovely to be able to bake and do housework but I have not very much time to do all these things. There is so much to do all the time in a city when one is working that you cannot get round to do half the things you like best. I wonder what sort of things you bake for your father and brother. I should like you to tell me when you have time.

Owen Sound.

Dear Aunt June—I try to help my mother as much as I possibly can, though I take two music lessons a week, belong to a hockey team and a club, so I have not much time as I would like to help. Still, no matter where you are there is always a chance for some little deeds of kindness. I practice an hour a day and am dressing a doll for a poor children's school out West. As much as I can I try to help mother with the dishes, washing, etc. It is only a book to school. I am eleven years old and am in the senior third class. My favorite subject at school is composition. I do not like arithmetic. I have a dear little black kitten called Darkie. He is very mischievous. I like animals very much and hate to see them hurt.

VERA.

Dear Vera—I am sending you a badge and I feel sure you do quite a lot of little things to help mother that you have not mentioned and you are quite right about being able to do little kindnesses for others no matter where you are. If you follow this out you will be a splendid Helper and I am glad to have you as a member of the League. I wonder how far you are with your music. I should like you to write and tell me sometime.

Milton West.

Dear Aunt June—I have spent many happy minutes reading the Helpers' League and thought I would like to be a member also. Every night after school I have certain chores to do. I water the horses, feed the cows root and hay, carry wood and water. I also like to care for sheep. We have ten sheep, fourteen pigs, twenty head of cattle and six horses. For pets I have a dog, two cats, a rabbit and some bantams. I go to school as many days as I can. I am 12 years old and in the Junior fourth class. I would like to know if you can send drawings to this League?

CECIL THOMAS.

Dear Cecil—I am sending you a badge and am very glad to have you as a member of the League as you do so much to help others already. I am glad you like reading the corner and am sure the other members will enjoy reading your letter just as much as you have enjoyed reading theirs. I myself liked reading it very much.

Dundalk.

Dear Aunt June—I go to school every day and I like my teacher fine. I have to go two miles to school and it is not very nice in stormy weather. I am 13 years old and will be trying for the entrance in June. When I come from school in the summer I get the cows up and help milk them. I help mother feed the calves and do some chores. I feed the fowl and hunt the eggs. I help mother with the garden and pick berries. I help to do the dishes, get the meals and many other little things. When I get the work done I read and crochet.

I will close and wish the club every success.

MARY NIXON.

Dear Mary—I enjoyed reading your interesting letter and am sending you a badge which I hope will reach you safely. I expect you are glad when the spring weather comes so that your walk to school is more pleasant than in the winter. What sort of things do you make when you crochet? I should like you to write and tell me.

Dear Aunt June—I received my badge some time ago and like it very much. I will be trying for the senior third in June. I have a nice doll and I call it Minnie Dorothy. I have learned to sew by making clothes for it. I can knit and I helped to knit my own stockings this winter. I still have my pet kitten Snowball. I will close sending my love to you and all the Helpers.

CASSIE NIXON.

Dear Cassie—Thank you very much for your letter. I am glad your kitten is still well. When you write me again I hope you will remember to let me know how she is. I shall be very glad to hear if you get into the senior third and hope you will write and let me know how you are getting along.

Badjeros.

Dear Aunt June—I would like to join your club. Please send me a badge. I wash dishes, sweep floors, bake, scrub, make beds and set the table.

VIOLET.

Dear Violet—I am sending you a badge and am glad you are now a member of the League. What a very busy little Helper you are. I hope you will write to me again some time and let me know how you are.

AUNT JUNE.

Box 516, Station F, Toronto.

PAIN IN THE LOINS, DRIVEN OUT QUICKLY.

That dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent tissue. Because every drop rubs in, because it penetrates so deeply, Nerviline gives a wonderful result. More powerful because five times stronger, more penetrating because it strikes through soft tissue, more healing to pain, Nerviline Linctum should be always on hand. Sold everywhere in large 55 cent bottles.

Minard's Linctum For Dandruff.

ADVICE TO GIRLS

BY MISS ROSALIND

Registered According to the Copyright Act.

Miss Rosalind welcomes letters from young women asking for advice on any subject. All you have to do is to address your letter to

MISS ROSALIND,

34 King William St., Hamilton, Ont.

Dear Reader!—For a few weeks I shall be obliged to publish only the answers to letters sent in to me. If I do not do something, those who wrote me a month ago will forget what they asked about. So until I get caught up with my correspondence, will you look for your answer under your own pen-name.

ROSALIND.

Jean—Honestly, I think you are foolish to think so much about this young man. In the first place you hardly know him and in the second place, while you are worrying over him you may be overlooking some very good friends among the people you know already. Make yourself a real friend to everybody and if fate wills it, you will see more of the young man you are so anxious to know.

Friday—You would be very foolish to consider matrimony without being absolutely sure that you love the girl. Would certainly advise your friend to write. He seems to have a very bad case.

Dear Telegrapher—I shall give your name and credentials to some of the girls and boys who are seeking good letter-friends.

Pat—It is quite all right for a girl to invite a man to call. It is the only way she can get acquainted with him properly.

It is not correct to accept as escort home, a young man you have not met. Ask the hostess or person in charge of the party about it.

Introduce the young man to your mother and get her consent before you go driving with him.

Go into the store with him and consult your candy.

Tish—Write one letter, friendly and full of interesting home news. If it does not bring a quick reply do not write again.

Munchaha—I would consider the question very seriously, before breaking the engagement. If you like, tell the older man and ask him to give you time to decide—but be very cautious.

Black Eye—I quite agree with you that young folks can have a heap better time being jolly good chums than thinking themselves seriously in love and "pining out."

Why don't you tell the other fellows your ideas on the subject? I find that chop and lots of water, and skin milk, if you can get it, is as reliable a fat fattener as any. Feed the chop dry.

I shall give your address to some of our fair correspondents. You write quite a good letter. Tell your sister when a young man thanks her for a dance, just to smile and say, "I enjoyed it, too," or something like that.

Judd—I think your ideas are fine. Just keep on thinking as you do, and you'll be all right.

Blue-eyed Helen—It will be all right to write to your friend while he is in Toronto and then you will know

just when to expect his return and whether to meet him or not.

School-girl—Steam your face over a basin of very hot water. Then rub in a good cleansing cold cream. Do this before going to bed and leave the cream on all night. Drink lots of cold water and avoid eating candy and fatty foods.

Reader, Southington, Connecticut—Will gladly give your name to some of those nice Canadian girls you admire. It is surprising how many letters we get from our consins over the line.

Puzzled Quintette I have you remember your nine questions, because my answers have to be brief and very much to the point.

Surely a girl may ask a boy friend to call and see her just as she would ask a girl friend to run in for a chat. He may call as often as the girl's mother thinks proper.

When skating with a boy, let it last as long as it is enjoyable for both; the girl suggests stopping.

When a girl is being proposed to, she knows by instinct how to act. There are no fixed rules.

Boys and girls do exchange photographs. A girl does not take a boy's arm when walking with him unless she is a cripple and needs support.

If three girls are out together and a boy friend comes along and wants to walk home with one of them, it depends on whether the girl wants him to do so, whether he does or not.

A girl may go to church with a young man.

There is no such thing as a gooseberry among nice people.

Unsettled—Write to the young man, once. Do not reproach him, but write as though you had just remembered he might like to hear from your home town.

Marguerite—When a boy takes you to a dance or a show, you should surely thank him for the pleasure he has given you.

I cannot advise you as to your other question; but would suggest that you consult your family doctor.

Dimples—Cannot you just have this boy for a friend? Let him understand that you have no intention of keeping company with any one person for years yet—but just want to have a circle of young friends, boys and girls, all having good times together.

Perplexed—You are so young that I think you should do exactly as your mother wishes in every respect.

You can improve your memory by deliberately setting out to memorize some reading matter every day—four lines of poetry or a verse out of the Bible will do splendidly.

Smiling May—You should dance with others. It makes a girl too noticeable to dance with one partner all evening. You are too young to talk about being very much in love.

If your mother approves, you may entertain callers on Sunday evenings.

Peggy—Games such as Wink, Post Office and the like belong to the very woodiest part of the Backwoods. They simply are not done any more. I am quite sure lots of girls always disliked them just as much as you and I. Dancing has taken the place of all those horrid games.

Peggy Dear—I do not know what nice girls and boys can do to see each other when a girl's father is so unreasonable as to not let her entertain her friends in her own home. If

fathers only knew the harm they do when they act so. I can only say, try to talk it over with your father and see if you can make him understand that home is a place to be happy in and young people should be allowed every possible freedom and happiness right under the home roof.

Indian Head—Your question is hard to answer, because everybody answers it according to the way he has been brought up. This is the question: "Is it right to dance and play cards?" Some say yes, and some say no.

You must decide for yourself if it is right for you to do these things. Personally, I think it alright. I dance and play cards and enjoy both very much. I am exactly the same person when I am dancing or playing bridge as I am when I am singing in church or writing these letters of advice. If you can look at it that way, then it is right for you—but if by doing these things you might hurt another person, then you would do well to pause and consider carefully. The things themselves are harmless, it is each person's attitude towards them that makes them right or wrong. ROSALIND.

GLAD HE TRIED THE TONIC TREATMENT

THROUGH ITS USE STRENGTH AND VIGOR WAS RESTORED.

To be tired after exertion is natural. Rest and food restore the body to normal after such fatigue. But to be tired all the time is a symptom of an anaemic condition that will not be corrected until the blood is built up.

Such an anaemic condition is so gradual in its approach and generally so lacking in acute pains that it is often difficult to persuade the sufferer that he needs a tonic. It is not a condition that corrects itself. If the blood is not enriched the trouble will increase. The nerves will be undernourished and neuralgic pains will follow. Digestive disturbances often result from this blood. Sleep is disturbed and a general breakdown may occur.

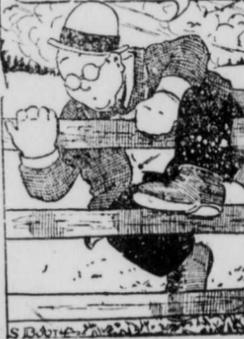

Mr. Wilson Johnson, Nineveh, N. S., says: "A few years ago my system was in a badly run down condition. My nerves seemed always on edge, and I found myself so weak that I could hardly do any work."

I suffered from headaches and from pains in the back and under the shoulders, and was often so sleepless at night that when morning came I felt as tired as when I went to bed. I was taking medicine all the time, but it was doing me no good. Then I read the testimonial of a man whose condition had been similar to mine, and who strongly recommended Dr. Williams' Pink Pills. I decided to give this medicine a fair trial, and when I had taken six boxes I felt much better. I continued taking the pills until I had taken six more boxes, and I can only say I am glad I did so, as I am now enjoying the best of health, and I advise all men who feel run down to give these pills a good trial."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Uncle John's Job

DO THOSE NEW PAPER SUITS HAVE A SHEET OF SAND PAPER ON THE SEAT OF THE PANTS.

DOMINION WOOL MARKET REPORT.

The general tone of the wool market is very dull. There is very little demand and thus little movement in stocks. Sheep raisers who have been holding wool are now consigning for co-operative sale. 1,800,000 lbs. of graded wools sold since January 1st of this year have averaged 20c per pound, as against an average of 23c for sales made during 1920.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Remover is within reach of all.

We pay all your shipping expenses and charge no commission.

LEVIN FUR COMPANY

DEPT. F., 172 KING STREET EAST, TORONTO, CANADA.

PRESENTS FARMERS' SUN ATTACK ON SIR ADAM

All "Rot," Says Premier Drury of Charge That Back is Dictator.

The suggestion made in the Farmers' Sun that "Sir Adam Beck is the political and power boss of this province" and that "Tammany Hall in its palmy days never had such power" was very forcibly turned down by Premier Drury. The prime minister said that as a Government official, responsible for a very important department, Sir Adam Beck was very frequently consulted. There was not the slightest ground for suggesting that he dictated or tried to dictate to the Government. The utmost good relationship existed. There were differences of opinion on some matters, but there was friendly feeling and co-operation between the Government and the Hydro-Electric Power Commission.

Col. D. Carmichael, minister without portfolio and the representative of the Drury Cabinet on the Hydro Commission, described the attack made in The Farmers' Sun as "all rot" and that "nobody deplors such attacks more than I do." There was not the slightest foundation, he said, for the suggestion that Sir Adam Beck was trying to boss the Cabinet.

A BIRD IN THE HAND, ETC.

Aunt—Don't be in too great a hurry about choosing a husband, my dear. I don't think much of the young man of today.

Niece—Yes, but many a girl remains single all her life by waiting for the young man of tomorrow.

Minard's Liniment for sale everywhere

A MISNOMER.

"So the French girl who came over to marry one of our doughboys has gone back home?"

"Yes."

"What was the trouble?"

"She discovered that 'dough' was the one thing he didn't have."

GERMANS MURDERED OVER 7,000 BELGIANS.

According to official figures just made public, 7,473 Belgian civilians died as the result of the German occupation of their country. Of these 4,624 civilians were shot by German troops or executed by order of the German military authorities; 1,331 died in prisons, in which they were confined by Germans; and 1,228 died in the course of the enforced deportations to Germany and the French front.

During 1919 Newfoundland sold more goods to Portugal than to any other country, namely, goods to the value of \$7,836,372. The greater part of the exports consisted of cured fish, principally dried codfish.

It has Many Qualities—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a pain, relieve the most persistent sore and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

The ungranted Crown Lands of the Province of New Brunswick amount in area to about seven million acres, or nearly one-fourth of the total area of the Province.

The Original and Only Genuine

Beware of Imitations sold on the Merits of

MINARD'S LINIMENT

WANTS TO MARRY FOR THREE MONTHS ONLY

"I want a marriage license for only three months," a resident of Hamtramck announced in the marriage license department of the Detroit county clerk's office.

The clerk asked reasons for limiting the license to three months.

"I don't want to be married for good," the man said. "I have a wife living in Europe. When she comes to America I want to live with her. But I don't like living alone, and I thought you could fix it for me to have a wife for a short time."

The man expressed disappointment when informed the Michigan law did not countenance any such proceedings.

CORNS BETWEEN THE TOES PAINLESSLY REMOVED.

A real sure, dependable remedy that has been lifting out corns for the past fifty years will surely lift yours out. Putnam's Corn Extractor is the old reliable corn remedy—it stands the test of time and never fails, 25c everywhere.

Quebec contains 114,600,000 acres of forest preserves, valued at \$45,000,000.

"Rheumatism Routers" relieve rheumatics.

You Can't Put Flavor Into Ham

Curing and packing conserve and develop the natural flavor of Ham. It adds nothing to it. Duff's Special Cure retains all the natural juices and flavors. Duff's Cooked Ham for instance—ready to serve and slice—owes its popularity entirely to its superior flavor—flavor due to expert curing and just the right amount of cooking. All skin, bone and surplus fat is removed, it is economical, every ounce is good food. Fine for sandwiches, lunches or regular meals. Your grocer and butcher have it or can get it from us to-day.

OUTSTANDING CEREALS

O.A.C. Bred Varieties of Oats, Barley and Wheat.

In Actual Competition They Lead All Rivals—This Means an Annual Gain of Millions of Dollars to the Country.

(Contributed by Ontario Department of Agriculture, Toronto.)

Approximately five million acres are devoted annually to the grain crops in Ontario. About three-fifths of this acreage is used for oats.

Oats.—Although there are about one hundred varieties of oats grown in general cultivation in Ontario about two-thirds of the entire oat crop consists of two varieties, viz., the Banner and the O. A. C. No. 72. The Banner variety of oats was introduced at least two score years ago under the name of Vick's American Banner. It was the leading variety of oats in Ontario for a number of years, and is still prominent in some localities.

The O. A. C. No. 72 variety of oats originated at the Ontario Agricultural College from a single seed in 1903. It has been included in the regular College experiments for the past thirteen and in the co-operative experiments over Ontario in each of the past seven years. The average results for the thirteen-year period, in bushels of grain per acre per annum, has been 86 for the O. A. C. No. 72 and 75 for the Banner. In each of the past nine years the O. A. C. No. 72 variety has given a higher yield per acre in the average results than any other kind with which it was tested throughout Ontario. Within the past four years the standing field crops of the O. A. C. No. 72 oats have taken from three to four times as many first prizes as those of the Banner variety in the Field Crop Competitions throughout Ontario. The grain of the O. A. C. No. 72 variety of oats has taken the Championship prize at the Ontario Provincial Winter Fair in each of the past five years.

The O. A. C. No. 3 variety of oats is about ten days earlier than the Banner, produces a medium length of straw and grain which has a lower percentage of hull than any other named variety tested at the College. It is particularly well suited for mixing with barley when it is desirable to grow these two grains in combination, a practice now being followed by many stock farmers throughout the province.

Barley.—Forty years ago the Common Six-rowed barley was grown almost exclusively in Ontario. In 1889 the Mandischeuri barley was tested at the College for the first time. After proving its worth in an experimental way it was distributed throughout Ontario, through the medium of the Experimental Union, and became generally grown over the province. This was a decided improvement over the former variety.

The O. A. C. No. 21 barley originated at the Ontario Agricultural College from a single seed in 1903. As the then popular Mandischeuri was an improvement over the Common Six-rowed so the O. A. C. No. 21 is an improvement over the Mandischeuri. Largely through the introduction of these varieties the average yield per acre of barley has increased 20 per cent. in the last eighteen years as compared with the eighteen years previous.

Spring Wheat.—The Wild Goose variety of spring wheat which has been grown in Ontario for many years is a high yielder of grain. It is, however, a durum wheat, and is more suitable for the manufacture of macaroni than for bread production.

The Marquis variety of spring wheat is a hybrid which originated at the Central Experimental Farm, Ottawa, from crossing the Calcutta Hard Red and the Red Fife. It is not only a good yielder, but it is a wheat of excellent quality for bread production, and one which is increasing substantially in the Western Provinces and in Ontario. In the Experiments at Guelph it occupies fourth place in average yield per acre of twelve varieties of spring wheat grown for flour production over a period of six years.

Winter Wheat.—The Dawson's Golden Chaff variety of winter wheat was started from a single seed in 1881, and has been grown extensively throughout Ontario for many years. It has a stiff straw, beardless head, red chaff, and white grain of only medium quality for bread production. It is, however, a high yielder and has been very popular with the farmers of Ontario.

The O. A. C. No. 104 variety of winter wheat originated at the Ontario Agricultural College as a cross between the Dawson's Golden Chaff and the Bulgarian varieties. It possesses a tall comparatively stiff straw, bearded head, red chaff and red grain of good quality. It is a vigorous grower, and in the experiments at Guelph has given a larger yield per acre and has killed out less in the winter than either of its parents. In the co-operative experiments throughout Ontario for the last four years it has proved decidedly the most popular of the five varieties tested, and has headed the list in yield per acre in each of these years.

A Russian inventor has developed a method of making felt boots and knit goods from dog hair.

Don't Add Another Burden to the Taxpayer's Load

Ontario's Burden

Public Debt - - \$1,153,000,000

(Federal, Provincial and Municipal)

Annual Taxation - \$185,000,000

(Federal, Provincial and Municipal)

Ontario's Drink Bill - \$36,000,000

THE MAELSTROM

BY FRANK FROEST.
Late Superintendent of the Criminal Investigation
Department of Scotland Yard.

He liked to have the salient facts of an investigation clear-cut in his mind. That often saved time in an emergency as well as being an aid to definite thinking. Presently he began to make his Greek notes with a stubby pencil on the back of an envelope. Some of them would have surprised Hallett had he chanced to see them.

"Statement of P. Greye-Stratton clearly incomplete. Knows much more than she says. Certain that Errol has been for many months constant visitor at her flat in Palace Avenue. (Could report interview with maid at her flat.) Yet she denies that she has spoken to or been in communication with her brother for nearly a year. Lift attendant remembers man calling on her the evening of the murder. Left after short interview, and immediately after she went out hatless in a hurry."

He commenced a string of question marks across the paper. "I see that lift man myself," he murmured, and continued:

"It was the maid's night out. Lift attendant does not remember having seen man before, but he knows Errol. Description vague. Think possible P. G. S. alarmed. Must handle cautiously and keep under constant surveillance. If can induce Hallett to cultivate her may learn something."

A sharp tap at the door interrupted him. He snapped an irritable "come in" and pencil in hand, surveyed frowningly a young man with a badly bruised eye.

"Well, Jake," he demanded impatiently, "who's been decorating you? What's the trouble?"

"I got this from Mr. Hallett, sir. He—"

Menzies's feet dropped from the table with a crash. "What the blazes! Some muddle, I'll be bound! Where's Gordon?"

"Down below, sir. We—"

"Then you've lost the girl?" He smacked an angry fist down on the table. "Oh damn your explanations! I beg your pardon—you confounded idiot!" He sprang to the door and roared down the green-painted corridor: "Royal! Royal!" That individual popped out of a door like a rabbit out of a hole. "Come here, Royal. These two cabbages have let Miss Greye-Stratton dodge 'em. Take Smithers and get along to her flat, number seventy-four Palace Avenue, and see if you can pick her up. She may have gone straight home, or she may not. I've got to come there myself presently, but I'll hear what this dough-witted jackass has got to say."

Ordinarily Menzies was courteous to his underlings, but when anything like stupidity interfered with his plans he let himself go. "They remember it and it's better than putting 'em on the M. R.," he explained once to a colleague, which was his way of saying that he preferred a few hot words to putting the culprits on the morning report for judgment and punishment. "Only I sometimes wish that I didn't swear so much at them."

Royal had slipped away to carry out his instructions with the swiftness of the well-trained man. Menzies turned with a snarl to the young detective who was trembling nervously and as ill at ease as any young clerk, "carpeted" before his department chief for the first time.

"Let's have it," he said shortly.

The young man squared his shoulders. "They lunched at Duke's, in Piccadilly, sir. I went in with them, but could not get near enough to hear what was said. The lady most of them was close behind. Gordon about twenty paces behind me. They turned into Regent Street and then sharp back along Jermyn Street. When they reached St. James Street he said something to her and came back toward me. I would have passed him, but he caught me by the shoulder and asked what I meant by molesting a lady."

"I pulled myself free and told him I was a police-officer. She had turned the corner by this time. I would have gone on, but he pulled me back again, and Gordon came up—"

"And stopped to see what the matter was instead of going straight on," commented Menzies bitterly. "I know. Go on."

"He stopped to help me. Mr. Hallett was giving me a fair rough-house. He took the two of us to tackle him properly. He kept it up for about three minutes, and then gave in."

"And by that time the girl might have been in Timbuctoo. He put up a plant on you, and you both fell into it."

"Yes, sir."

"No. We thought it ought to be reported to you before we did anything."

"That's the only gleam of common sense you showed in the whole business. Go away. I'll think it over. And the next time you're shadowing, young man, remember you're got to stick—if the heavens fall, you've got to stick."

He whistled softly to himself when the other had gone. "I thought as much. She's put the com-cher on him—and Hallett is a brainy man."

He revolved the matter steadily in his mind as he walked to Palace Avenue. Hallett, if he could be persuaded, would be a valuable ally in discovering what information Peggy Greye-Stratton had withheld. Menzies used the instruments to his hands; and there was no reason why he should have scruples.

If he had troubled at all to formulate the edicts of the question he might have argued that when a crime was committed a person who deliberately withheld or evaded giving information could not fairly object to any means adopted to break her taciturnity. That the role he proposed allotting to Hallett was actually that of a spy did not concern him. That would be Hallett's own affair if he accepted the commission.

Royal appeared out of nowhere as he neared the corner of Palace Avenue. "Not come back yet," he reported laconically.

"Well, there's plenty of time yet," said Menzies, with a resignation that had been conspicuously absent in his talk with the delinquent officer. "She's bound to turn up. You'd better phone for Gould to relieve you, and get down to the court to charge Smith."

He strolled on to the block of flats, sent his card in to the manager in a sealed envelope, briefly explained as much of his errand as was necessary and was presently confronted with a weedy, pale-faced youth who nervously twisted his cap in his hands as the detective questioned him. His

story varied nothing from the statement Gould had put in.

"Now, don't get flustered, old chap," said Menzies with that naive, bluff air he knew so well how to assume. "Are you sure you wouldn't know the man again? Try and think for a moment. Was he tall or short, fat or thin?"

"Just an ordinary looking man," said the attendant. "I didn't pay any notice."

"No, of course not. Do you remember if he had a beard or mustache, or was he clean-shaven?"

The youth wrinkled his brow and after a moment's thought shook his head. "Couldn't say, sir. I rather believe he was clean-shaven."

It was hopeless to try to extract a description from him. Menzies had expected as much. Observation is not the most meticulous training, and many and laborious are the hours spent in teaching recruits to the C. I. D. staff the art of noticing. He switched to another point.

"When the man came out of her flat did he seem in a hurry?"

"No, sir, not particularly. He rang for the lift."

"Didn't say anything?"

"Not to me. At least he had something in his hand. He dropped it, and when it rolled down the shaft he swore. I offered to go and get it, but he said it didn't matter—it was only a half-penny."

(To be continued.)

SPRING WEATHER HARD ON BABY

The Canadian spring weather—one day mild and bright; the next raw and blustery—is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is so often over-heated and badly ventilated. He catches cold, his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or banishing colds, simple fevers, colic or any other of the many minor ailments of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ENORMOUS SUMS MADE ON MOVING PICTURES

THE MIRACLE MAN HAS EARNED MORE THAN ANY OTHER PICTURE PLAY SHOWN TO DATE.

Some idea of the enormous profits made out of moving pictures can be gained by reading the following list of productions and the amounts they have made for their owners.

The following "batting averages" of great money-making photoplays have been compiled as carefully as possible from various sources. Round sums are given. While some of the producers may have exaggerated their profits and some plays probably have increased their earnings within recent months yet an earnest effort has been made to tally up estimates secured from various sources.

From this list some of the successes now running have been omitted because it was impossible to gauge what they eventually would make in profits. In a year or two it may be possible to rank in the list below:

The Miracle Man.....	\$2,475,000
The Birth of a Nation.....	2,125,000
Traffic in Souls.....	1,260,000
A Dog's Life.....	1,140,000
Where Are My Children?..	990,000
Tarzan of the Apes.....	902,700
Shoulder Arms.....	880,000
My Four Years in Germany	833,300
The Beast of Berlin.....	810,000
Broken Blossoms.....	800,000
The Heart of Humanity....	775,000
Civilization.....	768,000
A Daughter of the Gods....	750,000
When the Clouds Roll By..	700,000
Daddy Long Legs.....	542,000
Neptune's Daughter.....	480,000
Mickey.....	468,000
Eyes of Youth.....	426,000
The Right to Happiness....	407,000
The Romance of Tarzan....	405,000
Blind Husbands.....	341,000
Enlighten Thy Daughter....	321,000
The Turn of the Road.....	306,000
Cabiria (1912).....	280,000
Quo Vadis (1912).....	210,000

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

WOMEN'S INSTITUTES

NEWS ITEMS COVERING THE ACTIVITIES OF WOMEN IN ALL PARTS OF ONTARIO.

LEAMINGTON.

The community meeting in the Town Hall notwithstanding the unfavorable weather, was largely attended and a great success. The gathering was held under the auspices of the Women's Institute, and was presided over by Rev. W. F. McConnell.

Twenty minutes of community singing opened the proceedings, led by a chorus of thirty young ladies from the High School, under the direction of Miss McKenzie. Old-time melodies were chosen and the whole audience joined heartily in the singing.

Brief addresses were given by Rev. Mr. McConnell, Rev. F. G. Burrell and Rev. L. W. Hill. Mrs. Harrington sang a solo with splendid effect, and the Misses DeLaurier gave a piano duet which was encored.

The chief speaker was Dr. Mary Rutman who spoke on community welfare. She explained the object of Women's Institutes and told of the good they are doing. They are spreading to every country, even in far off Ceylon, Dr. Rutman's home, where a splendid work is being done among the natives.

After a couple of readings by Miss Winnifred Pickel, Mrs. Getty, president, on behalf of the Leamington Women's Institute, presented Dr. Rutman with a beautiful bouquet as a token of appreciation of the excellent work accomplished by her here.

The National Anthem closed the meeting.

At the Leamington Women's Institute's last meeting, 43 members answered the roll call. Report of "Home Nursing and First Aid" course under Dr. Rutman read. Report \$39.15 for treasury.

Rev. Mr. McConnell gave a sketch of the life of St. Patrick. Mrs. Gibb gave a paper on "Canadian Authors and Their Work."

Music by little Miss Jean Ferguson and Wilda Irwin.

MARY NOBLE.

DEVLIN.

The Devlin Women's Institute held their March meeting at the home of Mrs. Cook. Topics discussed were a new flag rope for the large flag floating from the top of their soldier monument, more books from the Fort William Public Library of which we are a branch, also the accepting of the invitation from Burris Institute to join them at the Summer Series.

Burris Institute held a box social March 18th.

Devlin and Burris Institutes both have purchased sanitary drinking fountains and individual cups for the schools in vicinity.

Emo made approximately \$400 when they served meals at the Emo Fair last fall.

Lash have had sand piles and swings put at the schools in their vicinity.

Barnhart are improving their neighborhood hall and have bought new books for their library.

The Sewing Instructor, Miss Olive Campbell, is in Rainy River District holding classes at the following points: Fort Frances, Lavalle, McIrvine, Devlin, Burris, Emo, Stratton, Pine Wood and Rainy River.

Many of the institutes of this District are assisting the Canadian National Institute for the Blind by purchasing brooms and yarn.

Emo Institute has unveiled a bronze tablet in memory of their soldier dead, cost \$200. Also gave a big banquet to the returned soldiers.

Barnhart gave each returned man a rocking chair when he arrived home.

MRS. A. D. WHIDDON.

COBDEN.

The Lakeview Women's Institute varied from its regular routine of meetings lately by holding their meeting at 7:30 p.m. in the Memorial Hall, Cobden, instead of at 2:30 p.m. in one of the homes. To this meeting the members' husbands and brothers were invited and with the exception of two or three all were present. The meeting was carried on as usual. After the business a good programme was given, a number of the guests being asked to address the meeting. They did so and all complimented the women on the

very businesslike manner in which the meeting was conducted. The roll call was responded to with commendations. This afforded much amusement. Then in honor of the guests a supper, more elaborate than usual was served.

The principle business transacted was the donating of fifty dollars to the Chinese Famine Fund and ten dollars to the Navy League. A letter from the Renfrew Children's Shelter was read thanking the Institute for a large box of clothing and cooking which had been sent there. A number of pairs of stockings which had not been knit in time to go with the box were brought to the meeting and it was decided to dye them black before sending them to the little ones of the shelter. The two following resolutions were drawn up signed and sent to the Deputy-Minister of Education:

1. That instead of less grammar being taught in our public schools that more grammar be taught and that we believe it impossible to teach grammar satisfactorily to a fourth class in the form of composition.

2. That the public school history course be continued as it is and not confined to modern history as advised by some and also that history be more definitely taught to the third class.

MRS. J. PRICE.

"END YOUR RHEUMATISM

Like I Did Mine" Says Pastor Reed; Wife Also Rid of Neuritis

Suffered Tortures For Years—Now Telling Good News To Others.

"Don't Believe That Old Humbug About 'Uric Acid' Being the Cause of Rheumatism—It's Not So!

Emphatically asserting that thousands of unfortunate sufferers have been led into taking wrong treatments under the old and false belief that "Uric Acid" causes rheumatism, Pastor W. H. Reed says:

"As do some of our highest medical authorities, I now know that 'Uric Acid' never did and never will cause rheumatism! But it took me many years to find out this truth. I learned how to get rid of my rheumatism and recover my health and strength through reading 'The Inner Mysteries of Rheumatism,' a word written by an authority who has scientifically studied the cause and treatment of rheumatism for over twenty years. It was indeed a veritable revelation!

"I had suffered agony for years from rheumatism and associated disorders, and Mrs. Reed was tortured with the demon neuritis almost beyond endurance. We had read and talked so much about 'Uric Acid' that our minds seemed poisoned. But the 'Inner Mysteries of Rheumatism' made it all clear to us and now we are both free from the suffering and misery we endured so many years. I believe I was the hardest man in the world to convert! For me to discard the old 'Uric Acid' theory, and what I now know to be absolutely false for the new scientific understanding of the causes and cures of rheumatism, was like asking me to change my religious beliefs! But I did change, and it was a fortunate day for me and mine when I did so."

NOTE: "The Inner Mysteries of Rheumatism" referred to above by Pastor Reed lays bare facts about rheumatism and its associated disorders overlooked by doctors and scientists for centuries past. It is a work that should be in the hands of every man or woman who has the slightest symptoms of rheumatism, neuritis, lumbago or gout. Anyone who sends name and address to H. P. Clearwater, 355-W Street, Hallowell, Maine, will receive it by mail, postage paid and absolutely free. Send now, lest you forget the address! If not a sufferer, cut out this expansion and hand it to some afflicted friend.

In the last six months 50,000 German war prisoners have been transported home from Russia via the Baltic and 50,000 via Vladivostok.

The Young Mother

Youth with its vitality makes for the young mother's health and happiness. But later maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering and to make convalescence a slow and weary process. Many women — perhaps your own neighbors — have had beneficial experience with Dr. Pierce's Favorite Prescription which prepares the prospective mother. It promotes the appetite, ends nervousness and sleeplessness, and gives a consciousness of buoyant health. It is unexcelled as a strength-giving tonic for mothers during the period of convalescence. This Favorite Prescription was used by Dr. Pierce with great success over 50 years ago. It's still good today. Ask your neighbor!

HAMILTON, ONT.—"I was advised by a practical nurse to take Dr. Pierce's Favorite Prescription as a tonic during expectancy, and I have every reason to be grateful for her advice, because it kept me in perfect health and I had practically no suffering. The 'Prescription' not only benefits the mother, but I am positive the child is benefited, too. I would not hesitate to recommend it to every expectant mother."—Mrs. C. SPIKE, 46 Hess Street, N.

Send 10 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., or branch Laboratory in Bridgeburg, Ontario, for trial package.
