The Meaning of Values

Some people think that because a garment is low in price it is a "value" This is not always true. "Value" means something more than low price. It means low price and high quality. Many low priced garments look well for the moment but second grade materials, skimmed seams, cheap trimming soon tell in poor wear. Such garments are not values. They are merely cheap merchandise, nothing more.

Real Values—Farrah Values

Are something quite different. They are garments that represent the best in material, in tailoring, in finish. They are garments that have quality and style, garments for which you would willingly pay more. But because our buying organization enables us to purchase at great concessions, because our volume of business enables us to sell on a smaller margin of profit, we are able to offer them at prices which means real and consistent values.

OUR MERCHANDISING POLICY IS TO SELL A LARGE VOLUME OF GOODS ON A SMALL MARGIN OF PROFIT THAT MEANS BETTER GOODS AT LOWER PRICES.— REAL VALUES.

To demonstrate this we are offering values in Women's Suits

The essential points to study in a suit are its style and its material. Is the suit smart? Is it correctly tailored? Does it fit the line of your figure? And is the material so firmly woven that it will retain its shape through all weathers and all wear? The suit values we are offering in this great demonstration meet every one of these demands.

Tricotine, Serge, Duvet de Laine, Duvetyne
Some with beaver and mole collars, others embroidered or plain.

FRIDAY & SATURDAY

Charles Jones in "Riding With Death"

NOTE.—Episode 1 and 2 of the new Serial "Breaking Through" will be shown owing to serial not arriving until Saturday last week.

Plans Made For Hockey League Championship

The executive of the New Brunswick and Prince Edward Island Amateur Hockey League met in the Dufferin Hotel, St. John, on Thursday, and arranged for the games to decide the supreme honors of the league. A schedule of games was arranged. Those present at the meeting were Dr. Sterling, Fredericton; G. T. O'Brien, and George M. Dade, Chatham; M. V. O. Stokes, J. D. McKenna and G. P. Bolton, Sussex; J. A. McEachren, Charlottetown. Jack Twaddle was named referee for the series, with Wetherbee of Springhill, as substitute.

Chatham and Bathurst have yet to decide the championship of this section, so the schedule names the North Shore instead of a town.

The schedule is as follows:
Feb. 22—Sussex at Charlottetown
Feb. 28—North Shore at Sussex
March 3—North Shore at Sussex
March 9—Charlottetown at Sussex
March 12—Charlottetown at North Shore
March 16—Sussex at North Shore

SNOWSHOEING

Snowshoeing this winter is becoming quite a pastime. Conditions for this sport are excellent and the young people are taking advantage of the opportunity. A number of snowshoeing parties have already been held, while others go on a tramp merely for the exercise. It looks like a fine time to see this delightful sport again coming into its own.

HERBERT A. McKEEN DIES IN OREGON

(The Herald, Hermiston, Ore. Feb. 3, 1923)

Herbert A. McKeen, one of the first to settle on the Umatilla project and Hermiston, died at Hot Lake Sanitarium last Sunday Jan. 28.

Mr. McKeen had been ailing in health for some time and had made the trip to Hot Lake in hopes of getting relief.

He was born in Halifax County, Nova Scotia, September 1st, 1869.

At the age of 19 he left the place of his birth and settled in Stoneham, Mass. While in Stoneham he mastered the carpenter trade and followed this vocation for some time in the above named city.

On April 4, 1895 he was united in marriage to Susan Cochran.

Soon after their marriage Mr. and Mrs. McKeen moved to Anaconda, Montana, where Mr. McKeen was employed as carpenter at the smelter.

In 1908 they purchased a relinquishment to a homestead and located on the Umatilla project which was at this time in the infancy of its development.

As contractor and builder, Mr. McKeen constructed some of the first buildings to be built in Hermiston. C. S. McNaught and company as foreman of their mill in this city.

Although Mr. McKeen has crossed over the great divide he leaves behind him a monument greater than human hands can carve upon stone or granite, that of an enviable character and a career remarkable for its praiseworthy achievements.

Funeral services were conducted at the home Tuesday afternoon, all business houses of the city closing their doors during this hour in token of respect and esteem.

He is survived by a wife and three children, two sons and a daughter. Edward who is employed by the Pacific Telephone Co., Harold who holds a position with Sisco's Confectionery Store of Hermiston and Bertha is teacher in the Pilot Rock schools.

(H. A. McKeen was a son of David and Isabel Ervin McKeen and was born at Gays River, N. S. He was only a small child when his parents moved to Musquodoboit, Hfx. Co. He leaves a brother, Sydney, on the old homestead, Sylvester in California and a half brother, John in Newcastle, N. B. He has several sisters, Mrs. Daniel Witham, of Bangor, Maine; Mrs. H. M. McMullin of Vancouver, B. C.; Mrs. Gould, of Newport, Maine; and two half sisters, Mrs. Isabel Call of Newcastle, N. B.; Mrs. Charles M. Bailey, of Malden, Mass.

Some residents of Newcastle will remember the late Mr. McKeen, when he lived here for about two years with his half brother John McKeen, leaving here in March 1891.

FUNERAL

The remains of Miss Victoria Farrah of Montreal arrived today on the Ocean Limited for burial in St. Mary's Cemetery. Deceased is a sister of Mrs. Leo Mitchell of this town and the funeral will be held from the residence of Mr. A. D. Farrah.

NEWCASTLE HOLDS HIGHLAND CUP

Sixteen rinks of Newcastle and Chatham curlers, eight rinks from each club, battled Thursday for the year's possession of the historic Highland Society trophy, with the result that Newcastle proved the winners by a total of 113 to 93 points or a margin of 20 to the good.

It was a Newcastle day and even on Chatham ice the visitors came within two points of tying the home players, while on their own ice they ran up big leads both afternoon and evening.

The ice was keen and very fast and there were many fine shots played during the game by both sides. The scores were:

Newcastle Ice—Afternoon		Chatham	
Newcastle	Chatham	Newcastle	Chatham
W. Crocker 18	R. A. Snowball 12	W. Gifford 17	H. Kennedy 8
Evening			
L. Jeffrey 13	H. Strang 9	J. Stewart 13	C. Stapleton 9
Chatham Ice—Afternoon			
D. S. Creaghan 9	Mel Jardine 13	Perley Brown 13	W. H. Snowball 13
Evening			
J. Sargeant 14	J. A. Irving 15	A. Ritchie 16	F. E. Jordan 11

GIRL CAUGHT POSING AS RED CROSS COLLECTOR

On Thursday afternoon last a young woman giving her name as Gertie McNeil of Fredericton, and claiming to be a collector for the Red Cross Society, persuaded several Newcastle citizens to give her donations.

Fortunately, through the quick action of Mr. Lawlor and Sheriff Doran she was stopped before she had proceeded very far on her self-appointed career, and a Red Cross Member was able to prove that she had no authority of any sort to solicit contributions. The girl was requested to leave town at once, and it is to be hoped that she has had sufficient warning not to attempt this sort of thing again. She is about 5 ft 6 inches tall, a dark well built girl of about twenty-five, with straight bobbed hair, rather large face, olive complexion, and wears glasses. She had on a bright blue hat, trimmed with feathers the same shade, cheap black fur coat, green sweater with pink crochet collar, dark skirt, and overshoes, and carried a black club-bag and black purse, the last two of good quality. She had an assured voice and a familiar manner.

The public cannot be too strongly urged, in view of this case, not to give money to persons unknown to them. The Red Cross Society never makes any door-to-door collections, with the exception of its annual membership campaign. This campaign is always undertaken by local people, authorized by the President of the Branch, each canvasser gives a receipt, and her authority to collect can easily be verified by consulting an officer of the Society.

OPPOSITION CONVENTION

The convention of the opposition party called to meet in St. John today is being looked forward to with considerable interest. The Convention has been called by Leader Palmer and all oppositionists are asked to attend. Some resignations are expected and many names are mentioned in connection with the party leadership.

PRESENTATION AT MIRAMICHI HOSPITAL

The Nurses' sitting-room at the Miramichi Hospital was the scene of a pleasant gathering on Wednesday evening when Rev. L. H. MacLean, on behalf of the Miramichi Hospital Aid, presented Miss Holland, R. N., with \$50 in gold.

This \$50 in gold is a prize offered by the Miramichi Hospital Aid each year to the nurse who completes her course at the training school and passes the provincial exams for registered Nurses with the highest marks. Miss Holland was the only nurse from the hospital trying the examinations this year and also the first to receive this prize. Wednesday evening saw the fulfillment of an idea which, originating with Mrs. L. H. MacLean was unanimously supported and carried out by the members of the Aid and on this account it was very fitting that Mr. MacLean should make the presentation.

Miss Holland thanked the Aid very suitably for their gift and Messrs. G. P. Burchill, President and Dr. Nicholson, of the Miramichi Hospital Board, spoke, complimenting Miss Holland, the training school and Miss Keyes.

All the nurses and a number of the members of the Aid were present. After the presentation, dainty refreshments were served and the remainder of the evening passed quickly.

It was the desire of the Hospital Aid to make this affair a public one and thus help to induce the other nurses to follow Miss Holland's example, but owing to the space at their disposal, this was impossible.

The Round House Appointment At Newcastle

"Links and Pins" in the Halifax Herald of the 16th inst, says:

A few weeks ago I mentioned in this department of the Halifax Herald a rank partizan appointment or what looked like it on the Northern Division of the I.C.R., how a man competent to fill a certain position was passed over and the position given to a son of a member of parliament, a supporter of the government.

I am told that when Sir Henry Thornton read my statement he became indignant and set inquiries on foot, and of course found my statement to be correct. It may be that he got after certain officials having to do with the matter, and I hear they are anxious to learn where I got my information. Well I don't mind telling them, but first let me tell them that I did not get it from any employee on the road. There was no difficulty in getting the information for the incident was common talk all up and down the line, so much so, that he who can could read.

Little wonder in view of his "no politics" declaration that there is a report that Sir Henry is indignant over the affair for the incident was simply a case of setting his declaration at defiance. I am afraid that "no politics" declaration will be more or less of a joke before many more moons. However we shall see, what we shall see.

**FORMER N. B. MAN
IN BIG MERGER**

J. A. Loggie, Native of Loggieville Figures in \$1,000,000 Lumber Transfer

The Bellingham (Wash) Hera'd contains an account of a lumber and railway transfer from the McCoy-Loggie Lumber Company to the St. Paul and Tacoma Lumber Company, involving more than \$1,000,000. The late George W. Loggie was for many years president and J. A. Loggie, the secretary and manager for the former concern. Messrs. Robert and Francis P. Loggie of Loggieville and Andrew Loggie of Dalhousie, are brothers.

The Herald says: A timber and railroad deal involving more than \$1,000,000 and a presaging of the possible construction of a large fir sawmill in Bellingham was concluded at the offices of Hadley and Abbott yesterday afternoon when the Nooksack Timber company organized by interests identified with the St. Paul and Tacoma Lumber company, which operates a mammoth sawmill at Tacoma, purchased the holdings of the McCoy Loggie Timber company on the Middle Fork of the Nooksack river. The transfer includes between 300,000,000 and 400,000,000 feet of lumber, of which 75 per cent is fir and most of the rest cedar and hemlock; fifteen miles of railroad several miles of it recently laid, and all the camp buildings and equipment, which includes locomotives and donkey engines.

**AN ADJUSTMENT
IN THE HOUSE**

Plan to Cut Down Representation from Smaller Counties to be Considered

Hon. P. J. Veniot premier of the province stated that the question of readjusting the representation in the legislature would be discussed with members early in the coming session. He said that he had not gone fully into the matter, but he knew of a move-

**HELP FOR
YOUNG WOMEN**

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Viking, Alta.—"From the time I was 15 years old I would get such sick feelings in the lower part of my abdomen, followed by cramps and vomiting. This kept me from my work (I help my parents on the farm) as I usually had to go to bed for the rest of the day. Or at times I would have to walk the floor. I suffered in this way until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am recommending the Vegetable Compound to my friends. I surely am glad I tried it for I feel like a different person now that I don't have these troubles."

ODELIA HOLMBERG, Box 93, Viking, Alta.

Letters like this establish the merits of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking it.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Mrs. Pinkham's private text-book and learn more about it.

ment in the northern part of the province to have a greater representation there, as the population had largely increased. The premier said he felt that the better way to avoid expense would be to decrease representation in counties that had not increased so rapidly as others, if an adjustment were deemed advisable.

**PURCHASED THE
CARAQUET RAILWAY**

Ottawa, Feb. 17—Hon. George P. Graham, acting minister of railways and canals, said in the House of Commons today that the government had completed the purchase of the Caraqueet and Gulf Shore Railway, and that, with the exception of \$550, the purchase price had been paid. The Department of Railways and Canals at the request of the Department of Justice, had retained this \$550 of the purchase price to protect the claim of the Post Office Department against the railway for loss of registered mail before the road was taken over.

**Baby's First Year Is
His Important One**

His start in life depends upon the food he received during these twelve months. A food, to make strong bones and sturdy legs, must be wholesome, nutritious, at the same time, easily and completely digested. If you cannot nurse your baby Borden's Eagle Brand Milk should be your first thought. For over sixty years mothers have relied upon it. Eagle Brand is strongly recommended and prescribed by physicians because it is clean, safe, easily prepared and readily digested.

Eagle Brand is best for your table and household use—use it for all receipts and purposes that call for milk and sugar. Try it for rice pudding instead of milk and sugar.

In this paper from time to time you will find an advertisement of Borden's Eagle Brand Milk, a food that has raised more healthy babies than all the prepared infant foods combined. Cut out the advertisement and mail it to The Borden Company Limited, Montreal, and they will send you free of charge, what you want, either instructions in your own language for feeding your baby, or a baby book, or a receipt book, telling you how to make tasty dishes, with Eagle Brand. Ask for by name what you would like to have.

FOR almost fifty years Beaver Flour has been demonstrating to Canadian women that it is unrivalled as the best flour for general baking purposes.

The chief reason for this is that "Beaver" is a blended flour,—containing all the richness and goodness of the world-famed Ontario Winter Wheat combined with enough Western Hard Wheat to give it strength.

BEAVER FLOUR

enables any cook to produce bakings that are real food treats.

Bread made with Beaver Flour has that delicious, nut-like, homemade flavor so much sought after by all who appreciate good things to eat; while pies, cake and pastries are noted for their lightness, crisp flakiness and even texture.

Beaver Flour has earned its enviable reputation for superiority. If you are not using it now—try it! Sold by your grocer.

THE T. H. TAYLOR CO. LIMITED
Chatham, Ontario

Something New For Tonsillitis

Ontario Lady Adopts New Vaporizing Salve, Vicks

Miss Margaret Hooley of 86 Chesley Ave., London, Ont., says: "I am pleased to say Vicks Vapo-Rub has done me a lot of good as I am subject to colds in winter. I also found it a great relief to my throat when I had tonsillitis. Also my mother finds it good for headaches. I would not be without it."

"They used to treat colds externally with tallow, goose grease and camphor. Recently, internal dosing has been the habit and people naturally doubt the value of a salve."

For this reason, Canada druggists introduced Vicks Vapo-Rub, the vaporizing salve for all cold troubles last winter by giving away dozens of jars to responsible families and as the home remedy for croup, colds, sore throat, bronchitis, catarrh, neuralgia, cuts, burns, bruises and sores.

The above report is just one of a great many received from enthusiastic Canadian families. With such endorsement and a positive money-back guaranty, every household ought to give Vicks a thorough trial. At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

The Vicks is new in Canada, it enjoys a remarkable sale. Over 17 million jars used yearly.

Will Sell Assets Of Newcastle Man

Meeting of Creditors of George H. Morris Held

A meeting of the creditors of Geo. H. Morris, who was doing business in Newcastle under the name of Dickson & Troy, and who made an assignment on Jan. 30th, for the benefit of creditors, was held Thursday afternoon in the offices of the Canadian Credit Men's Association. J. A. Creaghan, B.C.L., of Newcastle was appointed solicitor, and T. M. Malby of Newcastle, inspector for the estate. The trustees were authorized to investigate the merits of a bill of sale and the trustees and solicitor to dispose of the assets to the best possible advantage, either by private sale, tender or public auction.

\$2,000 Cash Prizes In Aid Of Forest Conservation

Frank J. D. Barnjum, of Annapolis Royal, N. S. and Montreal, who recently awarded \$5000 in prizes for the best treatise on the most practical methods of preserving Canadian timber from further destruction by the budworm and other insect pests, which have recently caused such great losses to our forests, is now offering \$2,000.00 in prizes for the most convincing argument in favor

SAID HE COULD NEVER BE WELL

"Fruit-a-tives" Restored Him to Health

159 AVENUE PINE IX, MONTREAL
"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured."

At this time, a friend advised me to try "Fruit-a-tives". After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid."

GASPARD DUBARD.
50c a box, 6 for \$2.50, trial size 25c. At Dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

of prohibiting the export of unmanufactured wood from Canada. One thousand dollars of this will be paid for the best argument written in the English language and \$1,000.00 for the best in French, in the following manner:—Five hundred dollars to the winner of the first prize in each language; \$250.00 to the second; \$150 to the third, and \$100 to the fourth. The competition is open to all residents of Canada. The essays must not exceed 600 words in length. The competition will close on March 15th and no entry will be eligible bearing postmark later than that date. Entries should be addressed to Frank J. D. Barnjum, New Birks Bldg., Montreal.

Que. Mr. Barnjum is a strong advocate of the policy of retaining Canada's timber supply in the country for the protection of Canadian industries and for the benefit of our own people and one of his purposes in instituting this competition is to start more people thinking and also obtaining Government action on what he regards as Canada's most vital problem, namely forest conservation.

Carvell Would Treat C. N. R. As A Company

Toronto, Feb. 15—"I think the time has come," said Hon. Frank B. Carvell, Chairman of the Dominion Board of Railway Commissioners, in session here today, "when this board must treat the national railways as a railway company. We can't listen to the claim every time that the Government has not got the money. We don't intend to be unreasonable but if it is shown hereafter that the construction of a public work is necessary we will not hesitate to give an order."

St. John, N.B.—The Canadian Pacific freighter, "Boilingbrook" recently brought from London the largest import cargo to reach St. John since the war. She was crammed to the hatches with more than 4,700 tons of general merchandise. Capt. E. Landy, who is in command, said that he had never carried a more valuable cargo and expressed great satisfaction that not a single package had been lost. Included in the cargo were silks and other valuable dress goods, dry goods of various descriptions, perfumes and many other expensive commodities. A cargo of this kind makes lots of work for the longshoremen.

Vancouver—Carrying a record shipment of Canadian apples to the Orient the Canadian Pacific 16,850-ton liner, "Empress of Asia" recently sailed.

On opening the crates in the Oriental ports the consignees of past shipments have found that the apples are as fresh as if taken from the tree. This is partly due to the fact that at this time of the year the perishable cargo only gets one day of tropical heat during the whole voyage across. The "Asia" took approximately 350 tons of this commodity in her holds, the largest consignment of apples to go through the Narrows this season for the Orient.

St. John, N.B.—Figures compiled at C. P. R. headquarters show that the port of St. John has handled very much more freight to January 19th this season, as compared with the corresponding period of last year.

Exports totalled 260,472 tons of all classes of freight handled by the C. P. R. officials through this port since the beginning of the winter port business. Last year during the same period 146,393 tons passed through St. John; showing an increase of 114,079 to date for the present year.

Last year's import business during the same period totalled 27,692, while this year 28,832 tons of import freight have been recorded, an increase of 1,140 for the present winter port season.

The total increase in both export and import business for the port's business to date shows 115,219 tons over that handled during the same period a year ago.

Victoria—Just what use to make of the forty-foot Indian war canoe preserved by the Canadian Pacific Company by the Alert Bay Indians is a problem that is giving Capt. J. W. Troup, manager of the B. C. Coast Service, considerable thought. Chief Johnnie, of the Alert Bay tribe, came down in person to make the gift to the Canadian Pacific officials, and in his native tongue expressed the appreciation of his followers to the company for the attention given them whenever travelling on the Princess steamers.

N. B. Representation On Board Discussed

Ottawa, Feb. 15—Whether or not the province of New Brunswick will be given representation on the Board of the Canadian National Railways will depend on whether "experience indicates the necessity for further additions," to the board.

This answer was given to Dr. Murray MacLaren, Conservative member for St. John, in the House of Commons this afternoon. Dr. MacLaren was told that, after consultation with the president of the Canadian National Railways, it was decided to begin operations with a comparatively small board representative of districts rather than provinces.

GOING TO TRY FOR

McLELLAN CUP
Moncton curlers will play Bathurst for the McLellan Cup, four rinks aside, probably this week. The Moncton skips are, E. W. Givan, C. S. E. Robertson, R. W. Simpson and W.

The Cause of Heart Trouble

Faulty digestion causes the generation of gases in the stomach which inflate and press on the heart and interfere with its regular action, causing faintness and pain. 15 to 30 drops of Mother Seigel's Curative Syrup after meals sets digestion right, which allows the heart to beat full and regular. 50c. and \$1.00 bottle at druggists.

"Raw From Eczema Doctors Do Their Best"

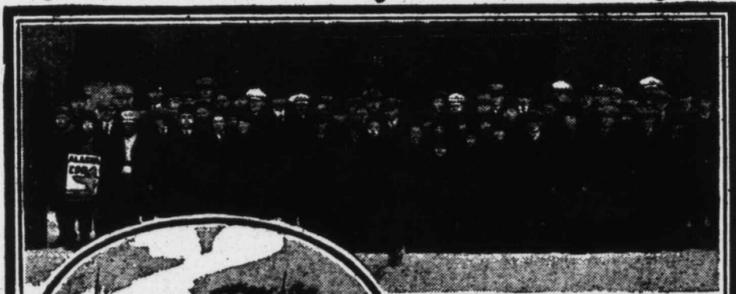

"Forty years I suffered. One day my eyes were so itchy. No living man could believe what I suffered. It was D.D.D. that relieved me, and for three years I haven't had a sign of eczema."

These words are taken from the letter of Mrs. Garrett, Chasterville, Ontario. Mr. Garrett will answer any questions you care to ask him. If you haven't tried the cooling, healing D.D.D. for skin diseases we shall be glad to sell you a bottle today on our personal guarantee. \$1.00 a bottle. Try D. D. D. Soap, too.

A BOYS' PILGRIMAGE TO ALASKA

George E. Buchanan and the fifty boys he will take to Alaska.

Between Vancouver and Skagway the Canadian Pacific steamer "Princess Louise" passes through hundreds of miles of such beautiful sheltered waterways as this.

The wonderful totem poles of an Alaskan Indian village.

GEORGE E. BUCHANAN, a Chatham, Ont., boy who is now a prosperous coal dealer in Detroit, attributes his success largely to an offer made him when he was a boy that he would have a trip to Europe if he saved up a third of the cost. The offer was made by a friend who promised to lend a third provided George's father lent the other third, the loans to be repaid when George could afford to do so. Here was a real incentive for saving, and when the trip was made it proved of an educational value that has stood him in good stead all his life. Last year Mr. Buchanan made a trip to Alaska, and the idea occurred to him of making the same kind of offer to other boys that he had himself enjoyed in his own youth. But the trip should be to Alaska and not to Europe. As soon as he made the announcement, he was inundated with applications, and a large party of Detroit boys has already been booked to sail from Vancouver on the Canadian Pacific steamer "Princess Louise" on July 15th. Mr. Buchanan will personally conduct the tour, which he is thus helping to finance. He says that such a trip would have been worth \$50,000 to him if he had taken it him-

self in his own boyhood because of its educational and broadening influences.

The Rev. Lynn Harold Hough, pastor of the Central Methodist Church, William Livingstone, president of the Dime Savings Bank, and Circuit Judge Joseph A. Moynihan have endorsed Buchanan's scheme as an unusual opportunity for boys to learn the value of thrift and industry. But the trip will have still other benefits, as Mr. Buchanan has said. These lads cannot cross the continent and take that wonderful trip on the island-sheltered waters of the I-

cific Coast without its having a tremendously stimulating effect upon their imagination, and upon their future modes of thought and life. From Vancouver up to Skagway and back is a nine-day trip that can never be forgotten. The yacht-like "Princess Louise" glides over a still sea among countless islands that rise forest-clad or mountainous on either side against a snow line of snow-capped mountains peaking. The Indian villages of Alaskan with their totem poles are many, and they too will have a special charm for these fifty fortunate boys.

Stormy Weather
Hard On Baby

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep its stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ICE A MENACE
TO NAVIGATION

Field 400 Miles Southeast Of Halifax

Boston, Feb. 19—A radio to-day from the steamer Eastern Coast, bound for Helsingfors for Boston, said that she had just passed the southern end of an ice field between forty and fifty miles long, which was a menace to navigation. She gave her position as latitude 43.08 north, longitude 58.15 west, or about 400 miles southeast of Halifax, N. S.

SUGAR FREAKY

The sugar market has been somewhat freaky during the past week. Over night sugar advanced \$1.00 per bag of 100 lbs. and the next day declined \$1.00, leaving this commodity as it was previously. The unusual jump was influenced by an erroneous estimate of the Cuban crop, which was corrected and in consequence the market dropped to its original point.

GLAD SHE DID AS
DOCTOR TOLD HER

Took Tanlac On Physicians Advice And It Put Her In Fine Condition, States Mrs. Coles

"Tanlac is certainly an ideal medicine," recently said Mrs. L. esie Coles, highly esteemed resident of 1851 Lorne St., Regina Sask.

"I was in such a badly run-down condition that I just felt miserable all the time. My appetite had failed to such an extent that I was losing weight steadily. My nerves were awfully unstrung; many, many times I couldn't get even an hour's sleep all night long, and I never felt like doing my housework at all.

"I was badly in need of something to build me up and when a physician advised me to take Tanlac, I lost no time getting a bottle. Now, I really don't feel like the same person, the medicine has done me such a world of good. My nerves have steadied down, I am sleeping like a child, eating heartily, have gained several pounds, and am feeling just fine. Knowing what a wonderful medicine Tanlac is, I can sincerely recommend it to anyone."

"Tanlac is for sale by all good druggists. Over 35 million bottles sold

ARE YOU IRRITABLE?

"The widespread idea that irritability is only a bad habit, and is always to be conquered through merely exercising one's will power, is a mischievously mistaken idea," declares H. Addington Bruce, in Forbes Magazine (N. Y.)

"Almost always, as a matter of fact, to be irritable is to be afflicted with some degree of ill-health, psychic or physical. As the Boston physician, Myerson, tersely states the case, 'irritability is a common reaction of the neurotic and the weak.' The really healthy, the mentally and physically vigorous, are seldom irritable and never grouchy. They are too full of a sense of organic well-being for grouchiness to take possession of them.

"But let a man become weakened from any cause and at once, if merely as a symptom of nerve fatigue he may begin to develop grouchy ways. Everybody has had the experience of feeling short tempered after a sleepless night, an attack of indigestion, or a few days total deprivation from outdoor exercise.

"In like manner, chronic ill-temper may have its origin in the persistent keeping of late hours, persistent overeating, or persistent failure of exercise. Thence results a nerve poisoning and exhaustion that may have grouchiness as its outstanding sign. There are numerous grouchy workers who need only change their living habits in order to banish their chronic irritability and simultaneously improve their business prospects."

ECZEMA

You are not experimenting when you use Dr. Chase's Ointment. It relieves at once and gradually heals the skin. Sample box Dr. Chase's Ointment free if you mention this paper and send 3c. stamp for postage. 50c. a box; all dealers or Edmondson, Bates & Co., Limited, Toronto.

CONTEST BIRDS
AFFECTED BY
COLD WEATHER

The hens taking part in the egg-laying contest at the Fredericton Experimental Station showed a blackening up in egg production last week because of the cold weather.

The total egg yield for the 200 birds was 450 and the grand total at the end of the fifteenth week was 6052.

Here and There

GLASGOW, Scotland. — The Glasgow Herald says: An agreement has been made between the Government of the Province of Ontario and the Overseas Settlement Committee for the acceptance by Ontario of a certain number of British settlers. The majority will consist of unmarried men, but there will also be a limited number of married men and of youths and girls over 16 years of age. Of the married men, about 2% have already been accepted by the Ontario authorities. In London from applicants now dwelling in the Hebrides, where agents on behalf of the Province have been carrying on a special canvass for some time past. The agents are also endeavoring to select from the same islands a number of female farm workers, and there is a proposal that a special ship shall be chartered to sail from the North of Scotland to convey these settlers in a body.

MEDICINE HAT, Alta. — The Moose Hall was recently the scene of what is probably the most important railway function in the history of Medicine Hat. The occasion was a banquet in honor of the late Henry Hardy, J. F. Fisher and Thos. Penhale, all engineers in the Canadian Pacific Railway service who have recently retired. There were more than 200 guests. A considerable number of the guests were from other railway centres throughout Canada.

CALGARY, Alta. — Belseker, a town on the C. P. R. and G. T. P., about 35 miles northeast of Calgary as the crow flies, is in the grip of an incipient silver boom. On Saturday and Sunday men from the local district and from points afield, where the news spread with the usual rapidity of such tidings, staked out claims covering several sections about four miles east of the town. These were registered at the federal land office in Calgary.

No assay has yet been made of the ore, but those interested in the property are sending a sample to Edmonton. It may be necessary to bore another test hole, the finders say, before sufficient ore can be obtained to get a reliable assay. The original find was made by crews drilling for water and much of the first ore taken out has been given away as samples. The first find was made about three months ago.

CALGARY, Alta. — "We cannot expect to recover in a year or so from the effects of abnormal circumstances the whole country has been suffering from," remarked W. B. Lanigan, of Montreal, freight traffic manager of the Canadian Pacific, in the course of an interview with The Herald in Calgary, "but I am safe in making this prophesy that this year will witness throughout Canada a revival of industry and agriculture, and that by 1924, the city of Calgary and its tributary to it, as well as the rest of Canada are going to enjoy a return of their former prosperity."

It was in these words that the freight traffic manager of the great transportation company replied to the question as to how he viewed present conditions. "No matter what pessimists may say," he continued, "the resources of this country in minerals and in the fertility of its soil has not been adequately touched and it has been inadequately advertised. The Province of Alberta, with its agricultural possibilities, its wealth of coal, and in my opinion, the waterpower of its streams and hills need only be brought into being these possibilities into wealth. How any person can survey all these natural conditions and still remain a pessimist, is something I cannot understand."

BROCKVILLE, Ontario. — Several retirements on pension are announced on the Canadian Pacific Railway in this vicinity. James Jolly, road master for the railway at Carleton Place for many years and a native of Leeds county, is retired on pension upon reaching the age limit. He entered the railway service as a youth and has seen the railway grow from small beginnings into the present great system. James Milliken, section foreman for the C.P.R. at Carleton Place, is also superannuated. For some years he was on duty on the Montreal-Toronto mainline and a number of years ago was transferred to Carleton Place.

After 28 years as station agent at Merrickville, and nearly 40 years in the company's service, James A. Angus has also retired on pension. He is being succeeded by K. S. Corbett, Terrebonne, Que. Mr. Jolly, who has been assistant division engineer of the C. P. R. at Smith's Falls, has been appointed division engineer, same road, at Schreiber.

Rails For Canadian
National Railways

Double Shift Started At Algoma Steel Company

Soo, Ont., Feb. 19—Last night the rail mill of the Algoma Steel Company started on double shift rolling rails for the Canadian National Railways, it was announced from the offices of the corporation yesterday. Most of the old staff of the corporation are back on the job. Altogether 1,000 additional men have been taken on since the orders were issued to get the mill ready for active operations.

Miss Blanche Glasier and her brother Arthur Glasier, a former M. P., from Sunbury Co., and latterly a sessional clerk at Ottawa, both died suddenly at Ottawa from flu. Their father was the late Senator John Glasier, who became known as "The Main John Glasier," an appellation which came into general use along the St. John river in designation of the chief of any work or operations being carried on, and they were the last members of the family.

Best Place to go in Winter

1. Parliament Buildings, Victoria, B.C. 3. Famous Malahat Drive, Vancouver Island.
2. Golf may be played every day in the year. 4. Vancouver is a beautiful modern city.
5. Magnificent mountain scenery en route.

Nature has dealt most generously with Canada in respect to her climate. While in the East we have winter weather worthy of the name, with lots of snow, which nowadays proves an attraction to thousands who revel in the bracing winter atmosphere and enjoy our winter sports of tobogganing, skiing, skating, etc., there are many who seek a warmer clime. We have this in Canada also.

With the last few years thousands of our Canadian people have been making their annual winter pilgrimages to the Pacific Coast, many to avoid the snow of winter, and many simply to indulge in a winter vacation.

Victoria and Vancouver, on our own Pacific Coast, offer ideal retreats. Here flowers bloom in winter, and the grass and trees are always green. South-westerly breezes prevail throughout the year, reaching the land warmed by their passage across the vast breadth of the Pacific, whose waters on this coast have a temperature of 52 degrees.

In Victoria, 49 degrees has been the warmest annual temperature for the last thirty years, while Vancouver is a little colder, but extremes in weather are never experienced. Golf and other outdoor sports may be engaged in all winter. The best of the Pacific Coast's scenic natural settings, and hundreds of miles of the finest roads on the continent invite motoring. You have the grandeur of mountain scenery, glorious seascapes, luxurious evergreen forests and invigorating sea air, with all the advantages to be found in a modern metropolis, for Victoria and Vancouver are two of the finest cities in the Dominion.

The mountains en route through the Canadian Rockies are magnificent in their somber winter dress—a fairytale of surpassing beauty. The Canadian National Railway passes through the mountains at the lowest altitude and highest grade of any transcontinental railway in America.

Mrs. A. H. Cole is the guest of friends in St. John.

Mr. D. S. Creaghan is a visitor to Montreal this week.

Mrs. H. T. Ball, is visiting friends in Stanstead, Quebec.

Mrs. Harold A. Russell is visiting friends in Campbellton.

Chas. M. McLaughlin returned last week from a business trip to Detroit, Mich.

Mrs. John McKeen is the guest of Mrs. J. H. Phinney, who has been seriously ill.

Mr. J. A. Whelan left on Saturday for Fredericton, where he has accepted a position.

Mr. Fred Robichaud of Inkerman, Gloucester County, was a visitor to town last week.

Mr. J. W. Spurden of Fredericton was in town last week making an audit of the Town's books.

We regret to state that Rev. L. H. MacLean has suffered another chill and is again confined to his home.

Miss Helen Whyte of the T. Eaton Co., Staff, Moncton, is spending a two week vacation at her home here.

Messrs. Leroy White and Thos. Maltby spent several days of last week in St. John on business and while in the city attended the ice at Lily Lake.

Mr. J. L. Stewart, Editor of the "Chatham World" who has not been in good health for several weeks, left for the New England Sanatorium Melrose, Mass., on Friday.

Health For Weak Despondent People

From End to End of Canada Dr. Williams' Pink Pills Doing Good Work

There is not a nook or corner in Canada, in the cities, towns, villages and on the farms, where Dr. Williams' Pink Pills have not been used and from one end of the country to the other people sound their praise. You have only to ask your neighbors and they can tell you of some run down man, suffering woman, ailing youth or unhappy anaemic girl who owes their present health and strength to Dr. Williams' Pink Pills. The success of this medicine is due to the fact that it acts directly upon the blood, making it rich and pure, and thus brings new strength to every organ and nerve in the body. Mr. Andrew F. Webb, Melanson, N. S., tells what Dr. Williams' Pink Pills have done for him as follows:—"I was in a run down condition from overwork and what the doctor called a nervous breakdown. My sister urged me to try Dr. Williams' Pink Pills. After taking several boxes I improved wonderfully and feel like a different person. I sleep well, eat well, and my nerves are stronger and with confidence I can recommend these pills to all weak, run down people."

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

BEING TOO FUNNY

Oversupply of Humor Not a Thing to Be Desired.

According to Writer, if One Would Succeed in Life, Cultivate Bearing of Solemnity.

"Never make people laugh. If you would succeed in life you must be solemn, solemn as an ass." That advice to a young and ambitious member of parliament is quoted in Ralph Nevill's "Mayfair and Montmartre." Michael Dane writes in the continental edition of the London Mail. It is advice which every young man who wants to make himself a great figure in the world must take to heart, and act upon.

When I read that instruction I thought at once of a man whom I was privileged to know a few years ago. He was a member of parliament. Although few realized the fact, there were in the heart of him some flaming enthusiasms, some determinations to right wrongs, and to make for the following generations a better world than his own pampered youth had known. He was a man who might have made this world a better, saner, and cleaner place to live in—but comparatively early in life he had made the mistake of displaying himself as a funny man.

That man was the late Spencer Leigh Hughes. There will always live in my mind the memory of one talk I had with him when, putting aside the cap and bells of the jester, he spoke of the things which lay near his heart, and I realized the nature of the man who was usually so thoroughly disguised. He had vision and—which is still more rare—he had the constructive mind. But he had shown himself to the world as a jester, and the world, which will never forgive a jester who turns from his jesting to serious affairs, compelled him to remain a jester to the end.

The world has so deep, so insatiable a need for laughter that it believes it cannot spare any of its clowns. It is compassed about with serious people, and it has a cranky belief that serious people are alone to be trusted with its serious work. But once a man has revealed his possession of a trace of the spirit of the clown it will not allow him thenceforward to appear as anything else.

You have only to look round the life of today to see how violently true this is. There is W. W. Jacobs. He began to write funny stories, and the world will take none but funny stories from him. In the "Monkey's Paw" he showed that he could equal if not surpass Edgar Allan Poe in grimly tragic writing, but the world does not want him to write yarns about fat sailormen and impossible villagers.

Then there is the case of the late R. G. Knowles. The world which wants to laugh knew him as an admirable music hall comedian. Only a few were aware that he was an explorer of note, and that he only went on the stage to earn money enough to finance the expeditions which earned him the fellowship of the Royal Geographical Society.

If you are born that way the world will quite possibly pay you a lot of money for being funny. But it is perfectly certain that it will forbid you to follow any other trade than that of the clown, and will forbid you any enduring fame. Shakespeare is venerated for his tragedies, not for his comedies. Hogarth is honored as an artist and not as a humorist. John Sebastian Bach, funniest of all musicians, is praised mainly because in odd moments he wrote solemn music. The funny man may earn money at the moment. He never earns anything else.

A Terrier Decorated.

A terrier named Peter, belonging to Rev. W. Adams of Liverpool, has been awarded the medal of the National Canine Defense League. While on holiday at Borrowdale in the lake district Peter was locked in a garage adjoining the hotel and started the guests by barking violently. Mrs. Adams went to soothe him, and in searching for the cause Mrs. Adams discovered that a young man named Arnold had fallen 50 feet down the hillside and was pinned by the rocks which had fallen with him. His leg was fractured and there were many severe wounds on his body. Mrs. Adams attended to the injured man until the arrival of the nearest doctor who lived four miles away. Had Peter not given the alarm the young man would probably have died before he was discovered.—Manchester Guardian.

Use for Old Boot Soles.

Many devices have been suggested for the utilization of old army boot soles, the chief being concerned with fuel production. But a periodical, the Fertilizer, proposes to use them for stimulating the growth of beans and peas. The plan suggested is that of carbonising part of the leather into lamp black and extracting sulphate of ammonia from the residue. It sounds rather like putting one's foot in one's mouth; but even that is a way of making both ends meet.—London Chronicle.

The Difference.

Young Son—Father, what is the difference between robbery and pilage? Father—Perhaps, I can explain it, my son, by saying that a dentist's bill is robbery, while a doctor's bill is absolute pilage.—Wayside Tales.

OBITUARY

ROBERT FLEMING

Word has been received by Miramichi relatives of the sudden death of Robert Fleming, at his home in Oronto, Wis. He is survived by one daughter, Mrs. Percy Williams. His wife, who was formerly Miss Margaret Flott, of Nelson, predeceased him about five years ago. Mr. Fleming formerly belonged to Chatham Head.

MRS. JANE SUTHERLAND

The death of Mrs. Jane Sutherland occurred at her home in Cassilis on Tuesday morning, February 13th, at 9 o'clock. Deceased, who was 76 years of age, was ill about a month, having never recovered from the shock of her daughter's death, Mrs. Wilfred Reid. Mrs. Sutherland was formerly Miss Jane Allison, daughter of Mr. and Mrs. Hugh Allison, of Allison Settlement. Her husband predeceased her one year ago.

She is survived by four sons, Finley of Balcarres, Sask.; George, Joseph and Irving at home, to whom sincere sympathy is extended. Also surviving are ten grand-children.

The funeral was held Thursday afternoon at 2 o'clock. Services were conducted by Rev. Wm. Girdwood and interment was in St. Stephen's cemetery. The pall-bearers were: Wm. Sherrard, Thomas Allison, Clifford Keyes, Jgd Sutherland, John Sutherland and George Sutherland, all nephews of deceased.

A TREATISE

on the Horse-FREE!

This book is one of the best ever written for the horse and driver. In plain, everyday, understandable English, it deals with every aspect that has to do with the horse and his carriage. It has chapters on shoeing and shoeing, breeding and feeding. The book is worth many dollars to the holder of horses. But all you have to do is to ask your druggist for it. It is absolutely free. Here is one opinion: "Please send me by mail your GREAT book showing positions and actions of sick horses. Have been using your Kendall's Sports Treatment for years and think it is a great treatment." PERLY-ORKUM. If your druggist has not a copy of the book let us write us direct: DR. B. J. KENDALL CO., Enosburg Falls, Vt., U.S.A.

OPponents OF CHURCH UNION

Display Enthusiasm at Toronto Meeting

Toronto, Feb. 13.—A meeting of the provincial executive of the Presbyterian Church Association, whose purpose is to oppose the proposed union of the churches, was held yesterday. The chair was occupied by Thomas McMillan, Toronto, and prominent Presbyterians from various cities of Ontario and Quebec were present.

The meeting was characterized by great enthusiasm in the campaign against what the association deems, the extinction of the Presbyterian church, and it was stated that there are thousands throughout Canada opposed to union with the inevitable result of disruption and strife which now threatens the church if the general assembly at its next meeting in June proceeds to consummate the union.

Foot Sores in 4 Days!

"Nothing but Zam-Buk could have done it," says Mrs. A. Berryman, 190, John Street, North, Hamilton, in describing how her right foot, crushed by a wagon wheel, was healed. "The flesh was terribly bruised, blackened and inflamed, and I fainted away with pain. When it was quite impossible for me to move about, my husband's mother got me to try Zam-Buk. It was surprising! Within TWO DAYS all swelling and discoloration had disappeared and pain was banished. In FOUR DAYS, though this usually use of Zam-Buk, I could go about as usual; the injured foot was thoroughly healed."

Zam-Buk is the powerful anti-pyric healer which quickly frees the skin of corruption and disease and grows new healthy tissue. No common ointment or salve can possibly compare with Zam-Buk. Get a box to-day! 50c. all dealers or FREE SAMPLE for 1c. Postage from Zam-Buk Co., Toronto.

Winter Care of Sheep to Ensure Clean Wool

The most common cause of lowered value in western domestic wool is the presence of foreign vegetable matter. Such wool is graded "burry and seedy," but as a matter of fact neither burrs nor seeds are commonest offenders, but rather chaff. Very considerable loss has been borne by Western farmers due to the amount of wool lowered in grade by having chaff in it. This costs the manufacturer a considerable amount to get out and some of the particles are impossible to remove. These get into the cloth and as the vegetable matter will not take the dyes used for wool, they remain as unsightly specks in the cloth. So the manufacturer turns the loss back to the grower by lowering the price. A reasonable amount of care will make it possible for a farmer to have a season's clip without any going "burry and seedy." Some of the leading sheep men in Manitoba have accomplished that objective this past season.

Sheep should not be allowed to run to a straw stack. This is the commonest way in which wool gets dirty. The sheep burrow in to the stack and the straw falls down over their backs and fills the wool with chaff. If clean wool is to be marketed the sheep must be shut away from the stack.

Many farmers feed their sheep by spreading the hay or straw on the packed snow in the yard during winter. This may be a very clean way of feeding if one precaution is taken. That precaution is to shut the sheep away from the feeding yard while the feed is being spread. If that is

done and the sheep turned into the yard after the feed is all spread out on the ground they will eat it without getting any into their wool. But if the feed is spread with the sheep crowding around the man who is feeding them it is impossible to avoid getting their fleeces chaffy.

Where the feeding is done in racks, care should be exercised to see that the rack is of such a construction that feed cannot fall on the necks and shoulders. This may be done in either of two ways. First by having the front of the rack straight up and down so that it does not slope over the sheep and having the slats so close together that the sheep can only put their noses through. Or second, where it is desired to have more feed within their reach a sloping front may be made but it must be absolutely chaff-tight from the top down to the feeding good matched lumber or double lumber as ordinary boards, even if closely placed at first will shrink warp or crack so as to let chaff through.

HARD BATTLE FOR POSSESSION MCLELLAN CUP

Halifax, last Wednesday gave the Bathurst curlers the hardest game of the winter for the possession of the McLellan trophy, emblematic of the curling championship of the Maritime Provinces. The total score, three rinks a side, was Bathurst 53 and Halifax 47.

The game was the closest and most exciting played in Bathurst rink for the McLellan cup this winter, the result being in doubt up to the last few ends. The score by rinks:

Halifax	Bathurst
H. C. Shirley	A. Stultz
J. E. Donahue	Wm. Dick
S. St. C. Silver	Geo. Cameron
C. J. Kerr	J. G. Stout
Skip—19	Skip—12
F. O. Robertson	F. McLaughlin
W. R. McInnis	E. R. Shirley
C. L. Torrey	R. G. Duncan
Wm. Hall	N. Thibideau
Skip—11	Skip—19
A. R. Grant	S. L. Hatton
C. J. Burchill	D. Connelly
J. A. McInnis	E. P. McKay
W. McNeill	J. E. Connelly
Skip—17	Skip—22
Totals—47	53

TO WIND UP THE ROBB COMPANY

AMHERST, N. S., Feb. 14.—Notices have been sent to the shareholders of the Robb Engineering Works for a meeting to be held in Montreal, Feb. 21, to consider the winding up of the company. President G. H. Duggan stated that the net result of the operations for the year ending December 31st, was a deficit of \$89,000.

Prohibition Act And Its Enforcement

Representatives of temperance organizations are to be given an opportunity to meet the legislature in Fredericton on March 21. This announcement was made Tuesday by Hon. Peter J. Veniot, Premier. There had been some criticism of the act, but he was going to see if it could be enforced. Prohibition would be given a good trial. He did not contemplate any changes in the act at the coming session of the legislature. The Premier said he expected the legislature would assemble early in March and that the business would be transacted in five weeks.

For the present at least J. B. Hawthorne would carry on as chief inspector.

FILLING THE COOKY JAR

ADMIT MARY'S COOKIES

DEEP COOKIES

CRISP, crackling cookies—the children's never-tiring delight! And even grown-ups find they fill a vacant place most pleasantly.

"I Was Terribly Weak After Baby Was Born"

Mrs. H. McClure, Norwood, Ont., writes:

"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."

Annual Meeting of the
Miramichi Hospital Aid

The Annual Meeting of the Miramichi Hospital Aid, was held on Monday afternoon, January 22nd, in the Board Room, the President, Mrs. C. C. Hubbard presiding.

Considering the inclement weather a representative number of members were present. After routine business was over, a resume of the work of the year was given by the Secretary Mrs. W. F. Copp, showing a year of splendid achievement, in supplying the many needs of the Hospital.

The Treasurer, Mrs. Bate, gave a detailed report of the monies received and disbursed during the year. Mrs. James Stables reported the amount of mite collected for the year amounted to \$238.33.

Five new members were enrolled during the year, making the enrollment now about 71, of which 19 are life members.

The Cutting and Work Committee gave splendid service throughout the year, always present at the meetings and always ready for emergency sewing. They have cut, and had made up, the hundreds of articles, necessary for Hospital wants, and now at the close of the year, the Convener of these Committees, is able to report, that nearly everything is completed.

The Reserve Closet, is a source of much pride to the Aid, as it is the fruit of their labors, beautifully kept by a member of the Hospital staff, it contains such a large supply of bed linen, blankets, towels and other hospital requisites that they have just reason to feel proud of it.

It was pleasing to hear the Buying Committee report that all the needs of the Hospital had been met, and all bills paid to date.

A new Auxiliary Aid was organized in Douglastown shortly before the close of the year, making now, six in all. The President has been in touch also, with the women of Tabusintac, and Bay du Vin, and it is probable that Auxiliaries will be formed in both these centers at an early date. All of the Auxiliaries have done splendid work during the year, assisting much with their generous donations, in successfully carrying on this splendid work. Special mention must be made of the Chatham Auxiliary however, whose gifts (as will be seen by their reports) ever since its inception have been magnificent.

The retiring President, in her closing address, advocated very strongly, that if any Soldiers' Memorial, was thought of by the people of our town or county, in honor of "Our heroic dead and valiant living," it take the form of a Nurses' Home for the Miramichi Hospital, to be called the "Soldiers' Memorial Home," and the Miramichi Hospital Aid, placed itself on record, as strongly and unanimously favoring her splendid suggestion.

The officers, and committees of last year, were re-elected for the ensuing year, en bloc. Mrs. L. H. MacLean asked to be relieved from the personnel of the House Committee, Mrs. O. Nicholson, was appointed Convener in her place, with Mrs. W. A. Park added to this committee.

The prize of \$50.00 offered at the beginning of the year, to the graduate making the highest marks at the Provincial Examinations, in St. John has been awarded to Miss Holland of Red Bank, a recent graduate from the Miramichi Hospital, and was presented to her last week. It was a source of much pleasure to know that her examinations were of a very high standard, thus reflecting much credit on the Hospital where she received her training.

This year also, the Aid has purchased about 141 dozens of fine semi-porcelain dishes, for use in the Hospital, and they are now in the making in England, to be delivered in the course of two or three months. These dishes will have a badge on them, the design and coloring of

which, will harmonize with the design and coloring of the Hospital Aid pin, and have the name of the Hospital inside this design and will cost approximately about five hundred dollars.

To cover the cost of the above two amounts, the Aid has reserved six hundred dollars in the Bank from this year's work, with all bills paid to date, and they will still have a small balance on hand, to begin next year's work with.

Officers of Miramichi Hospital Aid Society for Year 1923

President—Mrs. C. C. Hubbard
1st Vice President—Mrs. L. H. MacLean

2nd Vice Pres.—Mrs. O. Nicholson

REPORT OF CHATHAM
AUXILIARY

To The Officers and Members of the Miramichi Hospital Aid, Newcastle, N. B.

The following is the report of the Chatham Auxiliary of the Miramichi Hospital Aid for the past year:—
There have been held seven regular meetings, one special meeting and two Annual Meetings. During the summer months the regular meetings were discontinued. Our Annual Meeting has been held in June, but it was deemed advisable to change the time to January in order to make the preparation of reports less difficult. This change has just been made, and the Annual Meeting was held last week.

Our membership list numbered 49, of whom three are Life Members. While trying to ascertain what would be the most acceptable way of

increase the efficiency of the Hospital, it was suggested that the need of an Emergency Operating Room was very great, so it has been our pleasure during the year to equip a room for this purpose which we plan to maintain, thus giving our Auxiliary another permanent interest in the Hospital. Equipment to date is to the value of over \$500.00. The room is a tribute from her former home own to the memory of Mrs. Jennie Sheriff Eddy whose assistance to the Hospital is evidence of her deep interest in its maintenance. A door plate with suitable inscription as being procured.

A kindly thought for the comfort of the nurses prompted the purchase of verandah chairs for this use, and we were glad to share with Loggieville and Newcastle Societies in procuring these.

One of the graduating class being a girl from our town we felt we felt we could not allow the occasion to pass without evidence of our good wishes, and we "said it with flowers". We are planning to hold a Sale of Home Cooking on February 17th and hope to further increase our funds during the Exhibition in September.

At present, garments for use in the Baby's Room are being prepared. In April, the bassinets were re-lined. The following articles have been sent for the Baby's Room:—

- 29 Dresses,
- 35 Gertudes,
- 118 Napkins,
- 24 Pillow Cases,
- 8 Bows,
- 8 Spreads,
- 8 Bassinet Linings,
- 2 gross Safety Pins,
- 3 doz. Soap (Baby's Own)
- 3 doz. Talcum (Johnson's)
- 1 doz. Hot Water Bottles

For general use the following have been given:—
1 Castle Rochester Sterilizer (electric)
1-16 Slice Electric Toaster
The Treasurer's report is attached showing financial standing.

Respectfully submitted,
MURIEL ELLIS,
Secretary
FRANCES A. TWEEDIE,
President

REPORT OF LOGGIEVILLE
AUXILIARY FOR 1922

The Loggieville Auxiliary of the Miramichi Hospital Aid Society has an enrollment of 23 members and held 11 meetings during the year 1922, with an average attendance of ten members. Meetings are held from house to house the third Monday evening in each month at eight o'clock, three new members were added during the year.

This auxiliary made six glove sterilizing cases and 12 Hospital shirts, also donated two beautiful chairs to the Hospital which were highly appreciated.

At the Nov. meeting it was decided to solicit Jam, Pickles, Vegetables for the Miramichi Hospital and following is the result of the soliciting:—

- 138 bottles of jam and pickles,
- 31 cans of goods,
- 4 Pumpkins,
- 2 gal. Cranberries,
- 2 lbs. Butter and a quantity of Vegetables.

The officers for 1922-23 were appointed in May at a special meeting. Following are the names of officers and Committees:

President—Mrs. Robt. Loggie
1st Vice Pres.—Mrs. J. W. S. Babbirk.
2nd Vice Pres.—Mrs. A. D. Gillis
Secretary—Mrs. C. J. Blake.
Treasurer—Mrs. J. N. Clarke.
Buying Committee—Mrs. W. J. Loggie, Mrs. N. R. Edge.

TROUBLESOME COUGHS
indicate that the powers of resistance to disease are lowered. If you take cold easily or the cough lingers, take rich, nourishing

of pure vitamine-bearing cod-liver oil. It helps build up the body and strength to overcome the troublesome condition. Be sure it's Scott's!
Scott & Bowne, Toronto, Ont. 22-35

Cutting Committee—Mrs. Jos. McLean, Mrs. Wm. Coltart, Mrs. Tait.
Work Committee—Mrs. R. L. Johnstone, Mrs. Elroy Percy.
House Committee—Mrs. R. L. Cox, Mrs. J. R. Johnstone.
Respectfully Submitted,
ZINA J. BLAKE,
Sec'y Loggieville Auxiliary of the Miramichi Hospital Aid Society.
Jan. 22nd 1923.

REPORT OF MILLERTON
AUXILIARY

To the Officers and Members of the Miramichi Hospital Aid, Newcastle, N. B.
We have not held any meetings this year, but we sent the following donation to the Miramichi Hospital. 24 bottles Preserves and Pickles, 1 Pumpkin, 1 basket Potatoes, 1 basket Beets.

JEAN SIMPSON, Sec'y.

REPORT OF BLACK RIVER
AUXILIARY

Black River Branch, of Miramichi Hospital Aid reports thirty-one members. We held five meetings during 1922 and made up the following and sent as donations:
73 Towels,
16 Pillow-slips
4 Holders,
7 T. Binders
A large donation of preserves and canned fruit, was also sent to the Hospital.
GRACE B. McRAE,
Secretary

REPORT OF WHITNEYVILLE
AUXILIARY

Whitneyville branch of the Miramichi Hospital Aid, reports twenty-four members, with nine meetings held during the year. Early in the year we sent the Newcastle Aid the sum of thirty Dollars in money, and we have \$8.50 on hand at the close of the year. We intend holding a tea in March when the roads get better to add to the funds we have on hand, after which we will send you another donation of money.
Respectfully submitted,
F. A. McKAY,
Secretary

Local and General News.

LATHS ARE ACTIVE
The Lath market is still active. It is understood that the manufacturers are receiving \$5.00 to \$5.50 per thousand.

OCCUPIED PULPIT
Owing to the illness of Rev. L. H. MacLean, the pulpit of St. James' Church was occupied at the Sunday evening service by Rev. F. E. Bishop.

ENGAGEMENT ANNOUNCED
The engagement is announced of Mrs. Ruby Lindsay, Newcastle, to Walter DeVinne, St. John, the marriage to take place in Boston at an early date.

FIRE ALARM
The Fire Department were called out at 7 o'clock, Friday evening, for a fire in the old court house building, near Harkins Academy, but on arrival the firemen found no fire to extinguish.

HOCKEY MATCH
A Bathurst hockey team crossed sticks with the locals, on Friday night, a good game was played with the locals winning by the score of 4 to 3. At the end of the first period Bathurst was leading, in the second period the teams were even, and at finish the locals lead by one point.

SUSPICIOUS
The Chatham World says that the Temperance people are very suspicious of the Premier, and think that his prohibition enforcement zeal is only a prelude to his discovery that the law cannot be enforced and must be amended so as to interfere less with the liberties of mankind.

The World might also have added "and with the much needed revenue."

SMELT AND TOM COD FISHING
Since Tom Cod fishing has been permitted between Newcastle and Chatham some large catches have been made. About 7000 barrells have been taken between Jan. 28th and the present time, representing about \$15.00 distributed among the fishermen. The greater bulk of the catch has been made in the restricted district. The smelt catch this year has been a small one, while the price is a good one, from 14 to 15 cents been paid per pound on the ice. The season has been extended to the 20th inst. The catch of smelts this year is estimated at about 50 per cent of last year. The market for Tom Cods has been a good one, the province of Quebec taking the entire output.

TEMPERANCE DISCOURSES
Rev. Mr. Goodwin of St. John occupied St. James' Presbyterian Church pulpit at last Sunday morning's service, and the Methodist Church pulpit at the evening service, when the Baptist and Methodist Congregations were united. At both services the reverend gentleman delivered able temperance discourses which were attentively listened to by the large congregations. These meetings are a series of Temperance meetings which are to be held in the province under the auspices of the Dominion Temperance Alliance, the object of which is to send a large delegation to Fredericton in March, to urge upon the members of the Provincial Legislature their wishes regarding future temperance legislation.

Puny?
If your baby is not gaining, he needs this nourishing, digestible milk.

COLD IN THE HEAD

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System and render attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous surfaces of the System, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

GOOD BASS CATCH

The Bass is not yet extinct, 20,000 pounds of this species alleged to have been caught in the Kouchibouguac River already this winter.

A BEAN SUPPER

On Friday evening the Junior Women's Club of St. James' Church held a Bean Supper for the benefit of those who were hungry after rink.

EXPENSE ACCOUNT

Keeping a personal expense account enables one to look back at the end of the year and observe what a lot of useless things he bought.

VOCATIONAL WORK

The Vocational School Department has made arrangements to open in "hatham three classes in plain sewing, elementary dress making and cooking. A class in general education also is to be held.

LUMBER CUT

The latest estimate of the lumber cut on Crown Lands of New Brunswick, which is probably the final estimate, places the cut at 210,000,000 feet. The checking of the estimates are about complete. The figures are twice those of 1921.

IMAGINATION

The grouchy old bachelor says he sees by the papers where Tom Edson says that a newspaper reporter needs to have lots of imagination, and says if that is so there are a lot of people in Newcastle, who would make excellent reporters.

STRIKE ENDED

The Sydney Steel workers returned to work yesterday morning following a large majority vote Saturday afternoon to end the strike. The British Empire Steel Corporation, owners of Sydney steel mills have agreed to an enquiry in the matter.

HOCKEY

In the N. B. and P.E.I. hockey league, Sussex, Chatham and Charlottetown won out in their respective sections. The play-off games will now be scheduled and some fine hockey in this series should be in store for the fans.

INFLUENZA

New Brunswick is so far escaping the flu epidemic which has been raging in Upper Canada and United States cities. The only two cases reported to the Department of Health as flu from this province have been two cases from Charlotte County, neither of which proved fatal.

CARD OF THANKS

The Miramichi Hospital Aid, and the Red Cross Society take this opportunity of thanking the management of the Rink, for giving them the use of it, for their carnival, free of charge; also the Curiers for the use of their room for serving lunches and the judges for their good work.

MORE SNOW

Vilhjarmur Stefansson, Arctic explorer, who is now in Minnesota, says that there is more snow there than in the Arctic region. He states that he had often been ice-bound with his ship in the far north, but never snow-bound. He said it did not snow enough there and one could always get about.

APPOINTMENT

Mr. William J. Black of Lower Derby has been appointed a Provincial Constable.

THE FINISHING TOUCHES

Education begins the lady of gentleman, but good reading, good company and reflection must finish them.

HAS MANY OFFERS

A St. John commercial man is authority for the report that "Miss Canada" has been offered \$14,000 by a Halifax firm for the use of her photograph to advertise brands of Chocolates, and that she has also been offered \$40,000 by a cigar manufacturer of Montreal for the use of her photo for a "Miss Canada" brand of cigars. Neither offer, he said has been accepted by Miss Blair, as she wished to do nothing to cheapen the honor of the position conferred upon her.

California Ranch Used For Settings Of African Scenes.

Director Melford Stages "The Woman Who Walked Alone" in Great Style

Bringing South Africa to Southern California!

That was the formidable task of fered to the technical department for George Melford's production of "The Woman Who Walked Alone," featuring Dorothy Dalton, which will be shown Wednesday Feb. 21st at the Empress Theatre.

On the large tract of land which is known as the "Lasky Ranch," was built a street of a South African town. Though there are only a dozen houses, built of corrugated iron or plaster finish, after the native fashion, they have been so placed as to give an effect of great length, and are in such perspective relation to the adjacent foothills as to represent perfectly the Cape mountains of Africa. For "atmosphere," several big wagons with six or eight oxen to each, were procured. Fifty men and the same number of horses appeared as the South African Constabulary.

An unusual feature was the construction as one unit of the exterior and interior of the grocery store to which Mr. Sills, as Clement Gaunt, comes to buy provisions. It is customary to build the exteriors of such sets at some suitable place out-of-doors, while the interiors were built and "dressed" inside the studio.

Besides Miss Dalton and Mr. Sills, the large cast of this feature includes E. J. Radcliffe, Wanda Hawley, Mayme Kelso, Frederick Vroom, John Davidson, Charles Ogle, Mabel Van Buren, Harris Gordon, "Lefty" Flynn and Cecil Holland.

MR. W. F. TODD SUCCEEDS LIEUT. GOV. PUGSLEY

Hon. Wm. Pugsley, Lieutenant-Governor of New Brunswick, received word from Ottawa Friday that his resignation as Lieutenant-Governor had been accepted to take effect the end of February, and that W. F. Todd, of St. Stephen, had been appointed to succeed him. It has been known for some time that Lieutenant-Governor Pugsley would not accept appointment for another term, and it has been intimated that Mr. Todd would be his successor. Hon. Dr. Pugsley's resignation was submitted to take effect Feb. 28th and the message he received from the Secretary of State said his request had been granted.

A SHORTAGE OF 80,000,000 POUNDS

The Tea Business, like nearly everything else, has been having its hard times since the War. Unfavorable tea growing weather, labor troubles on the plantations, and the unsettled political atmosphere generally, have so seriously reduced this year's crop, that the world is now faced with a shortage of over 80,000,000 lbs., or more than two years supply for the whole Dominion of Canada. The inevitable result has been steadily increasing prices, until today, tea is bringing higher prices than ever before in the history of the industry. In Canada, the Salada Tea Company, our largest concern, has been forced by this condition, to recently increase the price of all their blends, in order to maintain their standard of quality.
