HISTORICAL ASSOCIATION

Annual Meeting Held in Annapolis Royal, Tuesday Evening, November 8th

(Spectator)

The annual meeting of the Annapolis Royal Historical Association was held in St. Andrew's Church on Tuesday evening with a good attendance. The officers were re-elected as follows: President, L. M. Fortier; Vice President, F. C. Whitman; Secretary, H. J. Armstrong. The Treasurer reported the following financial statement:

Receipts last year \$1,101. Disbursements \$1,044.42. Balance to this year \$56.58.

Receipts this year: \$399.67, making a total of \$456.25, less expenses \$237.65, leaving a balance on hand of \$218.60.

The President explained that all the receipts came from the contribution box at the Fort, but the amounts varied greatly. There were 4,700 visitors registered this year, but on one day when there were 222 the total was only 45 cents. In the two years that the museum had been established something like 16,000 people had been attracted to Fort Anne.

The principal event of the evening was a paper on Gen. Sir William Fenwick Williams, the hero of Kars and a native of Annapolis Royal. This paper had been prepared by Miss Effie May Ross, of Truro, but as she was not present it was read by Mrs. E. W. Robinson. After the paper, two of the General's swords, the loan of which had been obtained for the occasion, were inspected by those present, one being the sword he wore at Kars and offered to the Russian General at capitulation, this being now the property of King's College, Windsor; the other being the sword presented to the General by the city of London, with ivory handle and many jewels. The latter is now the property of Mr. R. V. Arnold, Nova Scotia Bank Manager in Bridgetown, a grand-nephew of the General, who himself brought it to the meeting and made some interesting observations as to the General's estate, his brothers and sisters, etc. Mr. Arnold's father, the General's nephew, had conducted the General's estate of 500 acres at Sussex, N.B., and died five years ago at the age of 84.

The inscriptions on the stones of General Williams's parents in the old cemetery here in Annapolis Royal were read by Miss Perkins, and after remarks by Dr. Robinson, Judge Owen, F. C. Whitman, F. W. Harris, Rev. C. A. Munro, and others, with votes of thanks to all concerned, the meeting adjourned.

TENTH ANNIVERSARY OF THE DEEP BROOK DORCAS SOCIETY

The annual business meeting and tenth anniversary of the Deep Brook Dorcas Society was held in the Baptist Church on Thursday, November 2nd, at 3 o'clock. The meeting was conducted by the President, Mrs. L. E. Sherman. Meeting opened with singing, scripture, reading, and prayer by the pastor. The Secretary, Miss E. A. McClelland, gave a most interesting report covering the work of the society for ten years. The Treasurer, Mrs. Howard Adams, gave a well prepared report of the finances for the past year, also amount raised by the society during the ten years. Cash report gave total receipts for the year, \$459.61. The society is indebted to the daughters of the late deacon and Mrs. John A. Vroom for \$700 of this amount which was given for pulpit chairs in memory of their father and mother who were among the leaders in Baptist work in the early history of this church. A very beautiful set of three oak chairs, leather covered, have been bought and placed on the platform. Money raised by the society during the ten years, \$2,575.07; amount paid on church repairs, \$1,295.89; for Belgian Relief and Red Cross, \$580.11. The Treasurer reported all bills paid, \$75.00 deposited in the savings bank, and \$1.33 in the treasury. The next business in order was the report of the nominating committee read by Mrs. J. M. Nichols. The report was accepted and the following officers elected for the ensuing year:

President, Mrs. L. E. Sherman.
1st Vice-President, Mrs. J. F. McClelland.
2nd Vice-President, Mrs. H. S. Vroom.
Secretary, Miss E. A. McClelland.
Treasurer, Mrs. Howard Adams.

The President then called on the pastor, Rev. A. M. McNitch, who gave a very interesting address, paying a high tribute to the place held by women in all branches of Christian work. The special guests of the society for the afternoon were Rev. A. M. McNitch and Mrs. McNitch, members of St. Matthew's Guild; Mrs. Marguerite Page and Mr. Dennis Wright. At the close of the business session the membership list was revised, a large number signing the constitution and paying their dues for the year. At 5 o'clock thirty-five members and special guests sat down to well laden tables and enjoyed a bountiful supper prepared by the committee in charge, Mrs. Dossie McBride, Mrs. Annie Copeland, and Mrs. Onslow Berry. The officers of the society are mindful and wish to give public expression of appreciation of the hearty co-operation and sympathy of a very large circle of helpers who have made these splendid results possible. "TREASURE ISLAND" MADE INTO FILM BY MAURICE TOURNEUR

Stevenson's Immortal Story Has Been Given Noteworthy Photo-Production.

Robert Louis Stevenson's immortal story, "Treasure Island," has reached the screen. Maurice Tourneur produced it for Paramount Artcraft release and it will be shown for two days commencing Monday next at the Primrose Theatre. All the color and spirit of high adventure that is in the Stevenson classic has been retained, and the photoplay has been mounted with Mr. Tourneur's mastery of artistic production.

The story, which is familiar to all, has been followed closely in the screen version. Jim Hawkins, Bill Bones, Long Silver, Ben Gunn—all the familiar characters appear in the life in the picture. The picture opens in "Benbow Tavern," where at Bill Bones' death young Jim comes into possession of the chart showing the location of Captain Flint's treasure. From there sails the old brigantine in which the Squire and his mutinous crew leave on the treasure hunt. Battles with the pirates, the kidnapping of Jim, the fight in the stockade, and the final success follow.

Playing the role of Jim Hawkins is Shirley Mason. Lon Chaney, Al Filson, Charles Ogle, and Wilton Taylor are included in the cast.

STMR. VALINDA DAMAGED

Stmr. Valinda, Capt. Merriam, which runs on the Bridgetown-St. John route, struck one of the bridge piers while coming through the new Granville draw last Saturday morning and was considerably damaged. She was beached on the Annapolis side, but

filled with the flood tide. A portion of her freight was discharged and she was again floated Saturday night, arriving at her port of destination in Bridgetown Sunday, where the remainder of her cargo was discharged. The damage is partially covered by insurance. While the boat will be repaired, the work cannot be done before navigation closes on the river, and therefore we understand that the before navigation closes on the river.

At the regular quarterly meeting of the Boys' Work Board held Monday evening, November 7th, the following were elected for the ensuing year: Rev. C. W. Robbins, President. Henry B. Hicks, Secretary-Treas. Board members:—Rev. E. Underwood, Rev. J. H. Freestone, Dr. M. E. Armstrong, W. A. Warren, J. T. Archibald, W. B. Price, A. B. Clarke, H. J. Dand, W. R. Longmire, M. C. Foster, O. A. Price, John Roberts.

It was resolved that a joint meeting of the various Taxis Squares be held every second month. The Secretary read the resolution adopted by the committee regarding the Inter-Town Taxis Debate.

The subject chosen for debate is—"Resolved, the ill effects to humanity resulting from the recent world war exceed the benefits."

Arrangements were made for local Inter-Square debating and Dr. M. E. Armstrong, R. V. Arnold and A. D. Brown were appointed judges to select the debating team for the coming debate with Middleton and Digby.

The first local debate will be held in the Vestry of the Baptist Church between the Torch Bearers of the Baptist Church and the Tri Mus Square of Gordon-Providence United Church.

The Board voted \$25.00 to be forwarded to the Nat. Y.M.C.A. Boys' Work.

This is a most important work and should receive the support of all men interested in the welfare of our town boys.

ICE IN ST. JOHN RIVER

Fredericton, Nov. 9—As a result of a light skim of ice which formed across the St. John River here and below here yesterday the steamer Annie Currier, which has been making trips with a cargo between Orancton and Fredericton this year, carrying passengers and freight, was forced to put back at Sewell's wharf, six miles below Fredericton, to-day, and thus did not complete her trip to this city.

"TRI MUS" TUXIS SQUARE

A Committee of Mothers Gave the Boys and Their Girls a Banquet Saturday Evening.

"Tri Mus" Taxis Square of Gordon-Providence United Church celebrated its second anniversary Saturday evening last by a banquet in the school room of the church where a fine dinner prepared by a committee of mothers was served at 7 p.m. Each boy of this 1st Taxis Group of Bridgetown was accompanied by his best girl and beside this jolly group there were a number of other invited guests, including the Mentor, Principal Archibald and wife, Rev. J. H. Freestone and wife, Dr. and Mrs. M. E. Armstrong, Messrs. W. B. and A. O. Price, and Mr. and Mrs. R. J. Messenger.

After full attention had been given to the splendid dinner a number of toasts were proposed by the boys and responded to in splendid style and with here and there sparks of eloquence and humor that promises still greater things from this group for the future. The speakers for the boys were James Todd, Ellis Hicks, James Little, James Fay, Harry Mack, Aubrey Price and Owen Armstrong.

Many references were made by the speakers to the benefits derived from the Taxis organization on its four fold program with numerous expressions of loyalty and good wishes for its continued success.

Letters were read from two absent members—Maurice Armstrong and Mark Fair, expressing their regret at their forced absence and expressing their good wishes for all.

At the close of the various toasts remarks were made by several of the guests congratulating the Mentor and the boys on the success of their second birthday banquet and their very successful year's work. Judging by the way the boys brought in the girls from the other town churches one would think there was likely to be further UNION in our churches very soon.

Later in the evening the tables were removed and a number of social games enjoyed for the balance of the evening and the evening's entertainment was brought to a close by all joining hands and singing "Auld Lang Sayne."

BOYS' WORK BOARD

At the regular quarterly meeting of the Boys' Work Board held Monday evening, November 7th, the following were elected for the ensuing year: Rev. C. W. Robbins, President. Henry B. Hicks, Secretary-Treas. Board members:—Rev. E. Underwood, Rev. J. H. Freestone, Dr. M. E. Armstrong, W. A. Warren, J. T. Archibald, W. B. Price, A. B. Clarke, H. J. Dand, W. R. Longmire, M. C. You can have all these helps on the farm

IN the best lighted farm homes, brilliant, clean electric light floods every room, cellar, stairways, stables, and other buildings at the touch of a button. These folks also have running water in bathroom, laundry, kitchen and outbuildings by turning a tap. No one turns the separator, grindstone, fanning mill, or churn—the "F" Power and Light Plant does all these jobs as quickly and easily as it pumps water.

The womenfolk are not slaves to the wash tub, and there are no lamps to fill and clean—the "F" Plant ends such drudgery. They save time and labour by using an electric iron and vacuum cleaner. The farm help is contented, does more work and becomes attached to the place.

You can live under the same happy and prosperous conditions.

Call in the first time you are near and learn how the "F" Power and Light Plant will save dollars, and work for you.

Buy New Edison Re-Creations

The 20th is Music Day

Do you know that on the 20th of each month, Edison issues a fine supplement of new RE-CREATIONS? It includes operatic and classical selections by world-famous artists, and popular songs and dance numbers by favorite vaudevillians and orchestras.

Make it a point to come in every month on the 20th and hear the new RE-CREATIONS.

When it comes to Broadway's newest song and dance hits, Edison does not wait 'til the 20th. These are speeded through in Mr. Edison's special department for manufacturing hits. *Edison Now is First with the Hits.* If you want to keep up with Broadway, watch our window for "Flashes from Broadway", and get in the habit of visiting our RE-CREATION department.

PROTECTION OF PLANTS FOR WINTER

(Experimental Farms Note)

A little protection will of course bring plants safely through the winter, when, if they are left exposed, they may either be killed outright or badly injured and, in the case of fruit, the crop may be much reduced. Plants are also protected from mice in winter. The plants usually protected from the weather are strawberries, raspberries, grapes and roses.

It has been found by experience that, although strawberries will often go safely through the winter without being mulched, there are winters when it pays well to have the plants protected by a light mulch as in such winters if the mulch is not there the plants will be killed. In mulching strawberries the plan is to wait until hard frost or just before winter sets in, and then spread a light covering of loose straw over the plants. All that is necessary in most places is enough to prevent sudden thawing and freezing, or just enough to cover the plants. A thick mulch may do more harm than good. The cleaner the straw the less work there will be in eradicating weeds next summer. Marsh hay, where it can be obtained, is good as it is comparatively free of weed seeds, and it will not lie too compactly over the plants.

Where raspberries are injured in the winter, they will be much protected and will, taking one year with another, come through much better if the canes are bent over just before winter sets in and the tips held down with soil. The snow will cover them sooner than if they are not bent down. Where there is very little snow and the winters are very cold it has been found desirable entirely to cover the canes with soil.

Except in districts where the grape can be grown commercially, it is necessary to protect the vines to ensure a crop. A few days before the ground is expected to freeze up, the vines, having been previously pruned, are bent down and covered with soil, which is left on until the following May as it is spring frosts which may cause the loss of the crop.

Roses must be protected in most places in Canada to help ensure their coming through the winter alive, and protection is not always successful. The most reliable method of protection is to cover the plant with soil. Where this is not easy or possible, the base of the plant can be mounded up with soil to a height of twelve inches or more, and the top then bent over and held down with soil. Then if boughs or leaves are thrown over the top to help collect the snow and give greater protection it is desirable. In the case of climbing roses, a good plan is to cover them with a box filled with dry leaves, making the top water tight so the leaves will keep dry.

Each winter many trees are injured beyond recovery in Canada by mice. This can be prevented by wrapping the trunks of the trees with building paper just before winter sets in, having the paper come close to the ground and putting a little earth about the lower end of the paper so they will not get at the tree from below. Mice will not usually eat through the paper and, as in most cases they are close to the ground, the paper need not be more than eighteen inches to two feet high. The paper should be tied after wrapping so that it will not come off.

Miss Gladys Wright returned to Moschelle Tuesday.
Mrs. Annie E. Fraser spent Tuesday with Mrs. Alice Bell, Clements-ville.
Mrs. Adeline Rice, of Bear River, was a week end guest of her sister, Mrs. Annie E. Fraser.

A number from here attended the funeral of Mrs. Harlin Trimmer, Clements-ville, Monday.
Mr. Watson Barteaux and son Harry motored from Williamson Monday and were guests of Mr. John Beeler.

A DISTINGUISHED RAILWAY VISITOR

Mr. J. Smith Carder, New England Passenger Agent of the Pomfion Atlantic Railway, returned to Boston last week from an extended observation trip over his company's system in Nova Scotia. During the greater part of the tour Mr. Carder was accompanied by Mr. Rupert U. Parker, General Passenger Agent of the Dominion Atlantic.

Messrs. Parker and Carder visited Yarmouth, Digby, Smith's Cove, Annapolis Royal, Kentville, Wolfville, Halifax and other important vacation centers of the system, one of the most interesting side-trips being to the fishing and hunting camp at Kedgema-Kooge Lake. At this latter place the visitors found a number of big-game hunters from Boston, New York and other American cities.
Mr. Carder also viewed the famous Annapolis, Cornwallis and Gasperaux Valleys, and saw there the final stages of the harvesting of the 1,300,000 barrel apple crop, a goodly percentage of which has this year found its way to the Boston market. He also inspected the railway company's hotels in Digby and Kentville. Mr. Carder found the D.A.R. system in excellent shape for the handling of its large passenger and freight business. At the Kentville headquarters he called on Mr. George E. Graham, the energetic General Manager of the system.

GOING TO TORONTO

L. A. Buckley, Secretary of National Council, Y.M.C.A., who has for a long time been associated with the Y.M.C.A. work in Halifax, has left for Toronto where he has been appointed Secretary of the Canadian National Boys Work. The departure of Mr. Buckley and his family will occasion great regret among their many friends in Halifax. Mr. Buckley has been prominent in local sport circles and in many public activities in the city and in many parts of the province.

RUM RUNNING DOWN THE BAY

A Yarmouth despatch says: Officers of the Royal Canadian Mounted Police have been in this vicinity investigating reports that vessels have been running rum into ports along the southern coast of Nova Scotia. One captain was arrested, and admitted to bail in \$1,000. He is to be given a hearing on Wednesday. The captain is commander of a fishing vessel owned here. It is said other arrests are likely to follow.
Quantities of liquor have been seized.

FERTILIZER

is one of the things which there is no necessity of importing either on account of the price or quality. The latest report covering the year ending March 31st shows that during the preceding twelve months there was imported from the United States goods of all kinds to the amount of over \$800,000,000.00, or an average of \$2,197,540.00 every day in the year. These figures of course do not cover imports from other countries, which add twenty-five per cent. to these totals.
There can be but three reasons for buying imported goods of any kind. The first of these is that the required goods are not made in Canada, the second is that the imported goods are of better quality and the third the price is more favorable.
Of the above three reasons, not one applies to fertilizer. Fertilizer is made in large quantities in Canada with the manufacturers ready to increase their capacity as the demands of the farmers require it or as the tendency develops to buy "Made in Canada" goods rather than those imported.
The quality of fertilizers made here is up to the highest standard. This is not only based on the claims of the manufacturers but by the official Government analysis of fertilizer collected and analyzed yearly, with the results of these tests published annually in the official reports.
The price of fertilizers, a most important consideration, is the last point and one in which the imported brands show no advantage. If Canadian farmers bought fertilizers on the price lists for 1922 quoted by U. S. Companies, paying exchange, sales tax and surtax, etc., which the Canadian fertilizer manufacturers must pay, the cost delivered would be higher than he can buy "Made in Canada" fertilizers.
The "Made at Windsor, N. S." fertilizers meet the requirements and price.

HALLOWEEN SOCIAL

The Paradise B.Y.P.U. entertained the B.Y.P.U. of Clarence, at a Halloween social in the Vestry of the church on Monday evening.
The Vestry was decorated in orange and black, black cats, owls, bats, witches, with shaded lights, Jack o' lanterns and candles, gave the Halloween effect. The guests were received at the door by two ghosts.
A short program was rendered as follows:
Chorus—"The Harvest Time"
Reading—Miss Leone Banks.
Solo—Miss Bessie Darling.
Solo—Miss Marion Bishop.
Dialogue—"Taking the Census" by the Clarence young people.
Solo—Mrs. Stuart Elliott.
Reading—Mrs. A. W. Whitman.
Solo—Mr. William Donat.
Solo—(Eccore)—Mr. William Donat.
After which a social hour was much enjoyed by all. A dainty lunch of coffee, sandwiches, doughnuts, miniature pumpkin pie, and cake, was served on individual trays decorated with Jack o' lanterns, etc.
The guests dispersed with "God Save the King."
About one hundred and twenty-five were present.

WOMEN'S INSTITUTE

The annual meeting of the Women's Institute was held in Board of Trade rooms, Thursday afternoon. Principal business, election of officers, which resulted in the old officers being re-elected, which are: Mrs. R. J. Strong, Vice-President; Mrs. J. Stevens, Secy.-Treasurer; Mrs. E. Bath, Cor. Secy.
The year's report was read by Mrs. F. W. Stevens, Secy.-Treas. showing good work done, financial standing good and income increasing. The Institute and friends were treated to refreshments during the afternoon by the officers and committees. All felt the social part gave them an inspiration to go forward with a determination to better work next year. The Institute is meeting now every Thursday afternoon for sewing.

N. S. A. C.

The regular session of the Agricultural College opened on Tuesday, November 1st, with an enrollment of 85 students, of whom 41 are in the junior year and 27 in the senior year. This is some 12 less than the corresponding number at this date one year ago, but the extra 12 were composed mainly of returned soldiers whose expenses were paid by the S. C. R.

It is expected that there will be a considerable increase in this enrollment in the course of the next few weeks.

Short Course classes which are usually attended by several hundred students will not be held until after the beginning of the year.

L. O. O. F. OFFICIAL VISIT

The officers and members of Autumn Leaf Rebekah Lodge, No. 41, will hold a special meeting in their lodge room this (Wednesday) evening at 8 o'clock to receive an official visit from and entertain Mrs. Annie McBean, of Inverness, Vice President of the Rebekah Assembly. During Mrs. McBean's stay in Bridgetown she will be the guest of Mrs. Fred E. Bath, Church street, Grand Conductor of the Assembly. Next Monday evening at a regular session of Autumn Leaf Lodge, it is said that eight candidates will be initiated. The work will be put on by the regular degree staff, one of the best in the Maritime Provinces.

METHODIST DISTRICT MEETING

The Annapolis and Digby District meeting will be held in Bridgetown next Monday afternoon and evening. Rev. C. A. Monroe, of Annapolis, President, will occupy the chair. Rev. (Dr.) C. A. Goodwin, Provincial Secretary, will also be present and give as usual an interesting address. Among other clergymen expected are Rev. A. R. Reynolds, Berwick; Rev. John Hawkins, Middleton; Rev. H. T. Jones, Lawrencetown; Rev. H. P. Patterson, Granville Ferry; Rev. W. H. Watts, Digby; Rev. H. C. McNeill, Digby Neck; Rev. H. H. McNeill, Caledonia, as well as a number of laymen from the surrounding towns and villages.

In her last will and testament Lady Laurier bequeaths her late residence in Ottawa to the Liberal Party to be used as a permanent residence for successive leaders of the party. It is understood that this disposal of the property was the wish of Sir Wilfrid.

Local Happenings

Don't forget the dance in the Court-house Hall tonight. See adv. in another column.

On Friday, November 8th, from 2 to 5 p.m., a general clinic will be held in Bridgetown, Dr. L. R. Morse, of Lawrencetown, and other local physicians will be in attendance.

Bishop & Bishop are certainly putting on some good shows at the Primrose Theatre. The one Saturday night was one of the best of the season and was enjoyed by a full house.

Friday afternoon Miss May daughter of the American Consul, Newfoundland, gave a very happy address to the Junior League groups of the Anglican and Non-Providence United Churches.

We wish to call particular attention to the G.W.V.A. advertisement which appears in another column in reference to the annual meeting of this important organization at which we trust there will be a full attendance.

We wish to call special attention to the Christmas ads. in this issue. There are only five more issues of the MONITOR before Christmas in which our up-to-date merchants will tell the public what they have to offer for the holiday season.

A miscellaneous shower, under the auspices of the Girls' Guild, was given Miss Margaret Greenleaf at the Baptist Parsonage Monday evening. The gifts were many and useful, the girls served refreshments and a very enjoyable evening was spent by all who were there.

Rev. J. H. Freestone preached the first of a series of services for young men in the Gordon-Providence United Church last Sunday evening, his subject being "Conscience." This series will be continued the first Sunday evening in each month, subjects of which will be announced later.

We have received a copy of the Chronicle, a paper published by the Church of the Incarnation of Lynn, Mass., of which Rev. Wm. Inglis Morse is rector. It contains a lot of interesting items and many bright pieces of wit and humor. Mr. and Mrs. Morse who have a beautiful summer home at Paradise, N.S., spent last summer in England and on the European continent. Their many friends here look forward with pleasure to again meeting them in Nova Scotia in 1922.

WEDDING ANNIVERSARY

Mr. and Mrs. Edwin Messenger, of Centrelea, celebrated their wedding anniversary at their pretty home Wednesday evening, November 9th, in the presence of fifty guests. Among the number were Dr. Stella Messenger and her mother, Mrs. Troop Messenger, of London, England; also Mr. Bacon, of Montreal. The evening was passed very pleasantly in music, games and conversation. At 11.30 o'clock a delicious luncheon was served by the two daughters, Mrs. Parker Whitman and Miss Leta Messenger. After wishing the bride and groom many more years of happy wedded life the guests wended their way homeward, declaring Mr. and Mrs. Messenger ideal host and hostess.

ONE PRESENT.

THE NEW GRANVILLE BRIDGE

The minister of highways will officiate at the opening of the fine new bridge which spans the Annapolis River, between Annapolis town and Granville Ferry, tomorrow (Thursday) at 1.30 p.m. The town of Annapolis and Granville Ferry are preparing for the event, which marks a milestone in the history of the county and a large number of people are expected to take part in the opening ceremonies.

WEDDING BELLS

SLOCUM-BENT

One of the prettiest country weddings ever witnessed was that of Miss Susie Adelaide Slocum and Mr. Avard Laurence Bent, at the home of her mother, Mrs. Sadie Bent, East Arlington, on Wednesday evening, Nov. 9th.

The house was most beautifully decorated for the occasion, the parlor being done in white, the sitting room in rose, and the reception room in yellow. The bride looked sweetly pretty in a dress of white silk trimmed with imitation pearls with over skirt and sleeves of silk embroidered lace wearing the conventional veil and orange blossoms. She carried a bridal bouquet of pink and white roses tied with white ribbon. The ceremony was very eloquently performed by Rev. D. W. Dixon (of whose church Mrs. Slocum is a member) in the presence of fifty invited guests, the double ring service being used. The wedding march was played by Miss Vera Graves, a friend of the bride. After the ceremony and congratulations were over, the guests were ushered to the dining room where a bounteous repast was spread before them, of which all did ample justice. The room, who has spent most a year in the United States, looked very nice, as well as his bride, and happiness shone on both of their faces. His gift to her was a very handsome set of furs, and to the organist a long string of pearls. They were the recipients of many lovely presents, including silver, cut glass, linen, china, and quite a large sum of money including a gold piece, among them was an exceedingly handsome silver cake plate also bread plate from Pearson Bros., where Avard boarded in Brighton, Mass. This goes to show what kind of friends he made while away. This couple is also held in very high esteem by their neighbors, also friends in this place and vicinity, and all join in wishing them a long, happy and successful married life. The boys and girls came later in the evening and serenaded the newly married couple. After showing them with rice they were treated to cake, after which they left very quietly for their homes.—Com.

ARMSTRONG-VANBUSKIRK

The home of Mr. and Mrs. Edward VanBuskirk, Melvern Square, was the scene of a pretty wedding when their daughter, Charlotte, was united in marriage to Mr. Hallett Armstrong, of North Kingston, Rev. J. H. Puddington, in the presence of a large number of guests, performed the ceremony.

The bride was attended by her sister, Mrs. Sumner Brown, while Mr. Sumner Brown supported the bridegroom. Mrs. Harold Gates, another sister, played the wedding march. A bounteous luncheon was served, after which the bride and groom left by auto for Yarmouth and other towns on the South Shore. Mr. J. G. Masters acted as chauffeur. Mrs. Masters also accompanied them. The gifts were numerous and costly.

O'BRIEN-WEIR

Miss Freda Beatrice Weir, daughter of Mr. and Mrs. Joseph Weir, of Bear River, and Joseph Leo O'Brien, of Milltown, N.B., were married in St. Stephen's Church in that town Thursday. The ceremony was performed by Rev. M. T. Murphy. The bride wore a suit of brown broadcloth with black hat. She was attended by Miss Alice McNamara, of St. Stephen. The groom was supported by Edward Breshnahan, of Milltown. At the close of the ceremony a wedding breakfast was served at the home of the groom's parents, after which the couple left on a honeymoon trip.

CLARKE-SCHNEIDER

A wedding took place at the home of Rev. G. A. Clarke, pastor of the First Baptist Church, Edmonton, on November 5th, when Anna M. Schneider, Oswego, New York, was united in marriage to Carrel E. Clarke, of Bear River, who is principal of the Stony Plain Consolidated School. As there were no relatives of the bride or groom in the city the wedding was simple and the couple left for the Corona Hotel where they remained a few days before going to Stony Plain to take up their residence.

GOLDEN WEDDING

Mr. and Mrs. John Reese, of Upper Granville, on Monday celebrated the fiftieth anniversary of their wedding. The occasion was marked by a sumptuous repast given at their home at which there were a number of invited guests. Henry Felicitations were the order of the day, and they received some nice gifts from those present on the occasion, and in the evening the guests took their leave after enjoying a very nice entertainment, with good wishes for many years of blissful wedded life.

LOCAL DEATH ROLL

MRS. E. K. LEONARD

On Thanksgiving morning, November 7th, Gertrude Rebecca, loved wife of Edwin K. Leonard, of Clarence, passed from this life to join the loved ones who have gone before.

She had been in failing health for some months, but her family and friends hardly realized that the end was so near. She went to sleep naturally about twenty hours before the end and never awakened, passing away without a struggle.

She was a daughter of the late Robert Marshall, of Clarence, and leaves behind a sorrowing husband, two daughters, Mrs. T. B. Akin, of Windsor; Mrs. C. A. Bishop, of Brooklyn; three sons, Vernon B., Robert and Stewart, all of Clarence, and one sister, Mrs. H. F. Williams, of Bridgetown. They mourn the loss of a loving and faithful wife, mother and sister.

Mrs. Leonard was in the 71st year of her age, and was a member of the Paradise and Clarence Baptist Church. It can be truly said that her life was one of faithful service and was spent in doing for others, not thinking of herself.

The funeral service was held from her late residence on Tuesday afternoon, conducted by Rev. W. S. Smith and Rev. J. H. Balcom, the burial at Lawrenceton. The pall bearers, her three sons and one son-in-law, Clarence Bishop. The casket was covered with beautiful flowers from her relatives and friends.

REV. DONALD MacKAY FARQUHAR

Word reached here early Monday morning of the death of Rev. Donald MacKay Farquhar, pastor of the Wolfville and St. Mary's Bay Methodist Churches. The deceased had enjoyed good health up to about three weeks ago, when he was taken suddenly ill. He was taken to the Yarmouth hospital for special treatment.

On Saturday morning he underwent an operation, but owing to the very severe complications discovered, little could be done for him. He lingered until an early hour Sunday morning, when he passed away.

Rev. Mr. Farquhar was a minister of great worth to the Nova Scotia conference and by his death the Methodist denomination suffers a distinct loss. He was sixty-five years of age and during his career as a minister held the pastorates of Aylesford, Port Greville, North East Harbor, and others.

Mr. Farquhar is survived by his widow, who was formerly Miss Muggah, of Sydney, C.B., and one daughter, Miss Grace, who is a teacher in a ladies college in Dunman, near Montreal. The body was sent via the D.A.R. to Weymouth and later to North Kingston for interment.

MRS. ETTA DOANE

The many friends of Mrs. Etta Doane were shocked to hear of her death, which occurred at Gloucester, Mass., October 29th. She was a daughter of the late Benj. Prince, of Lawrenceton, and is survived by two brothers and two sisters: Mr. Wm. Prince, of Lawrenceton; Mr. Chas. Prince, of Lynn, Mass.; Mrs. J. O. Marshall, of Gloucester, Mass.; Mrs. Mary Wheelock, of Lawrenceton. She will always be remembered for her kindness of heart and attractive personality. Her husband and she made many visits to her old home in Nova Scotia during summer vacations until he died and her failing health prevented.

An impressive funeral service, conducted by the Rev. Albert A. Madsen, of the Trinity Congregational Church, assisted by the Rev. Arthur W. Warren, of the first Baptist Church, was held at the home of Gloucester, Mass. J. O. Marshall, of Gloucester, Mass. friends, and relatives from both Massachusetts and Nova Scotia, expressed their sorrow and appreciation by beautiful flowers. She was buried at Orleans, Mass., beside the body of her beloved husband.

MRS. GEORGE MEDICRAFT

The funeral took place at Dalhousie Wednesday afternoon of Mrs. F. A. Chas. wife of Mr. George Medicraft, aged 59 years. After an illness, which had extended over a long period, Mrs. Medicraft passed away at ten o'clock Sunday morning. She was a member of the Episcopal Church and had a large circle of friends. She was a daughter of the late Mr. and Mrs. Thomas Anderson, of Dalhousie, and is survived by one sister, Mrs. Leona Hattie, of Wainpige, and one daughter, Mrs. George Durling, also of Dalhousie. The funeral services were conducted by Rev. J. Recks, rector of Round Hill, the pall bearers being Abraham Medicraft, Frank Buckley, Leo Smith, and Avarad Anderson.

MRS. HANNAH HENSHAW

The death took place Friday of Mrs. Hannah Henshaw, of West Springhill, Annapolis County, aged 86 years. She was a daughter of the late Henry Banks, and leaves to mourn their loss,

The funeral service was held Sunday afternoon from the residence of George Brown, West Springhill.

MRS. HARLIN TRIMPER

The death occurred at Clementsville on Saturday, October 29th, after a lingering illness of Lillias, wife of Harlin Trimper, aged 41 years. She is survived by her husband, two sons, Kenneth and Denton, an aged father, Mr. John Beeler, one brother, Brannan Beeler, and sister, Miss Cassie Beeler.

The funeral services, which were largely attended, were held from her late residence on Monday, conducted by Rev. O. E. Steeves, with interment in Clementsville cemetery.

MRS. R. OSGOOD MORSE

The death of Mrs. R. Osgood Morse wife of Rev. R. Osgood Morse, occurred at her residence at St. John Sunday evening. The late Mrs. Morse was 56 years of age and had been suffering from cancer for the last two years. Besides her husband, she leaves one son and three daughters. The body will be taken to Lawrenceton, N. S., for burial this Wednesday morning.

MRS. JULIA JONES

The death occurred at the residence of her daughter, Mrs. Isaac O'Neill, at Barton, Digby County, of Mrs. Julia Jones, in the 94th year of her age. Mrs. Jones is the relict of the late Philip Jones and before her removal to Barton lived for many years at New Tusket. She was a Miss Prime before her marriage. The funeral was held on Sunday.

Following the decline in wheat values, flour has dropped another thirty cents per barrel or nearly fifteen cents per 98 pound sack.

In The Court Of Probate

PROVINCE OF NOVA SCOTIA
COUNTY OF ANnapolis

In the Estate of John Tyler, late of Inglewood, in the County of Annapolis, deceased.

To be sold at Public Auction,

—ON—

Thursday, the First Day of December, A. D. 1921

At the hour of 2 o'clock in the afternoon, the Court House at Bridgetown in the County of Annapolis, pursuant to a license to sell, granted by the Court of Probate for the County of Annapolis, dated the 18th day of October, A. D. 1921, all the right, title, interest and equity of redemption of said deceased John Tyler in the following real property:

All that certain piece or parcel of land and premises situated, lying and being in Inglewood, in the County of Annapolis, bounded and described as follows:—Beginning on the east side of the Bay Road so-called, at the southwest corner of land of Judson Chate, thence along said land to the lands of Edward Marshall; thence turning and running south along the lands of the said Edw. Marshall to the lands of Annie Brown (nee Clements) thence westerly along the lands of the said Annie Brown to the Bay Road so-called, thence along said Bay Road to the place of beginning, containing by estimation six acres more or less.

Also all that other certain piece or parcel of land and premises situated, lying and being on the west side of the Bay Road so-called, commencing at the said Bay Road on the west side thereof where the same is intersected by the southeast corner of lands of Stanley Marshall; thence running westerly along the south side of lands of the said Stanley Marshall to the lands formerly owned by Walter Phinney under bond for deed from the Anderson Estate, thence turning and running northerly along the said Walter Phinney lands until it comes to the north side of the road leading from the Walter Phinney lands to the Bay Road so-called, thence running along the north side of the said road until it comes to the west line of lands of Stephen F. Jackson Junior; thence turning and running northerly along the west line of lands of Stephen F. Jackson Jr. thence turning and running easterly along the north line of the said Stephen F. Jackson Jr. to the Bay Road so-called, thence turning and running northerly along the said Bay Road to the place of beginning, containing eight acres—be the same more or less.

Also that other piece or parcel of land and premises commencing on the west side of the Bay Road where the same is intersected by the south line of lands of Mrs. William Brown, thence running westerly along said Mrs. William Brown's south line to lands of Walter Phinney now owned by Wheelock Marshall, thence turning and running southerly along the east line of said Wheelock Marshall's land to lands now owned by William Jackson, thence turning and running easterly along said William Jackson's north line to the Bay Road, thence turning and running northerly along said Bay Road to the place of beginning, containing four acres more or less.

Also all that certain lot, tract, piece or parcel of land situated lying and being at Hampton, in the County of Annapolis, being part of lot No. 123 bounded and described as follows, beginning at a certain stake and pile of stones standing in the east line of lot 127; thence southerly on the said line to the lands purchased by Perry Sims (nee Joseph Mitchell); thence easterly at right angles along the north line of the lands purchased by Perry Sims to the west line of lot 129 owned by Elias B. Foster; thence northerly to the said Elias B. Foster's west line to a certain point at right angles opposite to the place of beginning; thence westerly across lot No. 123 to the place of beginning.

Also that certain lot, piece or parcel of land and premises situated in the township of Granville, in the County of Annapolis on the west side of the James Road so-called now called the Bay Road, leading from Bridgetown to the Bay Fundy bounded and described as follows:—Beginning on the west side of the said James Road at a point ten rods north from the northeast corner of lands of the Estate of the late Thomas L. Bishop, and running northerly on the said road until it comes to the southeast corner of land formerly owned by the late James R. Smith, Esq., thence westerly on the said Smith's south line until it comes to the east line of land formerly owned by William G. Hart, thence southerly along said Hart's line until it comes to the northwest corner of said lands of the Estate of the late Thomas L. Bishop; thence easterly on the said Bishop's north line until it reaches a point sixteen rods off the said James Road; thence northerly parallel to the said road ten rods and thence easterly on a straight line to the place of beginning, containing nine acres more or less.

Also all that certain piece or parcel of wood land situated on the north Mountain at Hampton, in the County of Annapolis, bounded and described as follows:—Beginning on the west side of the said Elias Foster's lands where the same is intersected by the north line of Joseph Mitchell's lands and thence running westerly along the said Joseph Mitchell's north line or about ninety rods or until it comes to the lands belonging to the Wheelock Estate; thence turning and running easterly along said land thence until it again comes to the said Elias Foster's lands to the place of beginning, containing about sixteen acres more or less.

Also a certain lot or parcel of land situated in Granville aforesaid on the west side of the James Road so-called, leading from Bridgetown to the Bay of Fundy and bounded and described as follows:—Beginning on the west side of the said road at the northeast corner of land of the Estate of the

westerly in said Bishop's line eight rods; thence northerly the course of the said road ten rods; thence westerly parallel with the said Bishop's line eight rods to the said road, and thence southerly on said road ten rods to the place of beginning, containing one half of an acre and the buildings, sashments, hereditaments, privileges and appurtenances to the same belonging.

Also all the right, title, and interest of the said John Tyler in that certain other piece or parcel of land and premises situated in the township of Granville, in the County of Annapolis and bounded and described as follows: On the north side of lands owned by Menasseh Litch at the highway; thence along the road nineteen rods or less to the Burial Ground; thence south five rods; thence east five rods; thence westerly along the brook to lands owned by Menasseh Litch to lands owned by the late A. L. Delap; thence north along said line to place of beginning, containing forty acres more or less, the same being the lands and premises conveyed to Henry Tyler, of Litchfield, in the County of Annapolis, by J. H. Woodworth of Granville, in the County of Annapolis, by deed dated the 30th day of July A. D. 1894, and recorded in the Registry of Deeds Office at Bridgetown in the County of Annapolis on the 18th day of January A. D., 1896.

REGULAR MEETING TOWN COUNCIL

Means Being Devised to Increase
Bridgetown's Water Supply
in the Near Future

The regular monthly meeting of the Town Council was held in the Council Chamber on Friday evening, November 4th, at 7.30, Mayor Warren in the chair.

Councillors present: A. L. Anderson, H. B. Hicks, C. A. Bent, J. S. Moses, C. B. Longmire.

Minutes of last meeting of the Council read by the Clerk and confirmed.

The following bills were read and on motion ordered paid:

M. H. Todd	3.90
Bureau of Vital Statistics	6.00
Victoria Gen. Hospital	40.50
Gutta Percha and Rubber Co.	256.29
T. McAvity & Sons	15.43
T. P. Calkin & Co.	42.68
Pay Sheet for October	98.30
J. H. MacLean, for labor and material, \$45.69, tabbed for a more definite and more detailed explanation.	

Arthur M. Foster, surveyor, taking levels and distance between the Foster and Crookill lakes, \$10.00, showing the Foster lake to be 74 feet lower than the Crookill lake and the distance between the two lakes, 100 rods.

A telegram was read from Electrical Engineer Sammut, stating that he would be at Bridgetown Wednesday, the 4th inst., to inspect the electric light plant.

Read a communication from Harry Ruggles, Esq., requesting the council to give their immediate attention to surface water being drained from the public street on to his property. After the matter had been fully discussed it was moved by Coun. Anderson, seconded by Coun. Hicks, and passed that the street committee take up the matter with Mr. Ruggles and make the best arrangement possible and report to the council.

Moved by Coun. Longmire, seconded by Coun. Moses and passed that permission be granted Messrs. J. H. Hicks & Sons to put a sewer drain through Granville street to the west end of the town.

The matter of defining and revising water tax was ordered to be left in the hands of the Public Works committee to arrange for presentation to the Public Utilities Board.

The proposition of building a dam 50 or 60 feet in length at a height of 2 feet at the Crookill lake for the conservation of water was discussed and was left with the Public Works committee to investigate and report the probable cost.

The idea of connecting the lake water by pipe with the reservoir at some far distant date met with general favor.

In response to a letter from Dr. W. H. Hattie, Provincial Health Officer, the council was of one accord in expression that the health clinics, under the supervision of a district nurse, were of such vital importance in lessening and preventing illness and where the maintenance was jointly between the towns and the municipalities of Annapolis and Digby Counties, it was desirable that the same arrangement would be continued.

A lease for the right to run a water pipe from the main pipe to the packing houses on the D.A.R. station grounds was presented and approved by the council, and on motion of Coun. Longmire, seconded by Coun. Bent, it was ordered that the lease be signed and that the \$5.00 charge for preparing the lease including one year's rent be paid.
Minutes read and approved.
Council adjourned.
J. E. LLOYD, Clerk.

HINTS ON TURKEY REARING

(Experimental Farms Note)

It is a regrettable fact that the turkeys raised during the last few years have rather deteriorated both in quality and numbers. The greater part of all failures that occur in the business is due to inbreeding and careless selection of turkeys for breeding purposes, which includes the practice of killing the largest and best specimens for market, and keeping the culs for breeders. The result is a lack of vitality in the young turkeys which means the failure of a large proportion to grow to maturity. There are two general methods of maintaining and increasing vitality in a flock of turkeys. One is by the continual introduction of new blood into the flock and the other is by the selection of the best specimens in the flock for breeding purposes. The best results are obtained by a combination of these two methods. Too much new blood cannot be introduced into the flock, provided it is of good quality and from the same variety. Above all things, immature turkey hens should never be selected for the production of eggs for hatching. Hens two years old or older, of good average size for the variety

HE COULDN'T ASK ANYTHING BETTER

"Didn't Take Me Long To See Tanlac Was What I Needed,"
Says Winnipeg Man.

"I'm one man that will always believe in Tanlac for it has certainly proved its worth in my case," said J. C. Erin, 688 Sargent Ave., Winnipeg, Man.

"I was in a bad fix, in fact was in such a shape that every now and then I had to give up and lay off from work and rest. My stomach and kidneys were all out of order and I was all the time having headaches that nearly drove me frantic. I could hardly eat a thing but what it would sour and gas would form and cause such an awful pressure against my heart that I became alarmed for fear I had heart trouble.

"My back ached and pained me a lot and my nerves were so shattered that many a time I would lie awake nearly all night long rolling and tossing. I went down in weight and got so weak it took all the nerve and will power I had to keep going.

"Well, it didn't take me long to see that Tanlac was just what I needed and by the time I finished my second bottle my appetite was so big I could hardly get enough to eat. I have taken five bottles now and I don't believe there was ever a day in my life when I felt better. I have picked up in weight, feel strong and healthy and can't wait for Tanlac to do any more for me than it has."

Tanlac is sold in Bridgetown by S. X. Veare and by leading druggists everywhere.

to which they belong, will lay eggs that will hatch out much stronger, better poult than can be obtained from hens one year old or younger. The eggs can be hatched in incubators or by hens, but as a general rule the poult do better if brooded by the turkey hens. Poult will thrive well if given the same care and attention that is required for the best development of young chicks when old enough they should have almost unlimited range of pasture or woodland. They should be fed in the morning before they are allowed to wander away, and a liberal supply in the evening given to them to return regularly to their roosting quarters. Turkeys require a plentiful supply of fresh water at all times.

The feeding of turkeys for market should commence as soon as the cold weather begins in the fall, which will usually be in October. They will take on flesh then more rapidly if the range can be limited somewhat more than during the growing period.

A ration consisting of equal parts of finely ground oats, cornmeal and middlings, mixed into a crumbly mass with boiling hot water or milk and fed while a little warm, is excellent for fattening for market. All turkeys intended for breeding purposes should have been selected and separated from the fattening birds before commencing the fattening rations for the latter.

The advantage of keeping but one variety of turkeys on a farm is that a more uniform grade can always be produced for market.

THURSDAY MORNING'S FIRE

A fire broke out in a small barn at 3 o'clock Thursday morning, situated on the corner of Washington and Rink streets and owned by J. Holmes Lee. The firemen responded very promptly and with a good stream of water kept the fire confined to the one building, which was destroyed beyond repairs. Its contents were also lost, which included a cow and pig. The insurance on the entire property, including the house, was only \$800.00. The loss to Mr. Lee will be keenly felt and is much regretted by his friends.

PURITAN WILL BE BUILT AT ESSEX

Gloucester is Out to Win the Cup.
All the Money for Challenger
Subscribed

The Gloucester contingent that took shares in the proposed fishing schooner, the Puritan, are very much in earnest and desire that work on the vessel be started at the earliest possible moment. They have attacked the matter in business fashion, possibly through the initiative of Captain Ben Pine.

In Halifax on October 22nd when the Yankee schooner Elsie was defeated by the Bluenose, the Canadian Flyer, in the first race of the International series and it was apparent that the Elsie was no match for the bigger and newer craft, Captain Pine and others determined to build a schooner for next year's contest and within a short time the necessary funds were subscribed.

Designer Burgess has the Puritan's plans so well in hand that they will be ready for delivery this week. The building contract has been awarded to J. F. James and Sons, of Essex, who turned out the Esperanto, winner of the trophy in 1920, and the Mayflower, which was barred from the elimination trials of October 12th on the ground that she is not a practical fishing vessel.

The Puritan, although shorter on the waterline than the Mayflower, which is quite close to the hull, bears a striking resemblance to that vessel in important characteristics. She has a bow similar to the Mayflower, and the midship section is a bit harder and the stern at the waterline a trifle flatter.

The Mayflower proved herself fast and able when looked up with vessels of about her length and may contest the Puritan's right as the 1922 challenger in next season's elimination trials. Captain Brophy desired to defend the trophy in the series recently held, but the Yankee was not eligible in that she had not put in a season on the fishing banks.

A revision of the Deed of Gift is forthcoming, but it may be several weeks before the final draft is announced. The trustees have expressed themselves as desirous of changes and will work in conjunction with the United States race committee, it is stated.

SAVED BABY'S LIFE

Mrs. Alfred Tranchemontagne, St. Michel des Saints, Que., writes: "Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

CHEAP GRAIN PRODUCTS EASE FEED SITUATION

The glut of grain at Canadian ports, while a severe blow to the western farmer, is bringing relief to the East. Bran can now be bought for considerably less than \$30 per ton at centers such as Truro, while the quotations on hay exceed this figure by quite a margin.

The difference in favor of feeding bran, as heavily as it can safely be fed, is much greater than its advantage in price. For one thing, pound for pound, bran will produce at least a half more milk or flesh than hay. Another factor that is often overlooked is the superior manurial value of grain feeds. The farmer who purchases these is really buying fertilizer supplies of high value as well as a superior stock feed.

Analysis shows that a ton of hay contains 25.2 lbs. nitrogen, 10.6 lbs. phosphoric acid and 18 lbs. potash. A ton of wheat bran contains 53.4 lbs. nitrogen, 57.8 lbs. phosphoric acid and 32.2 lbs. potash. These are the important ingredients, say in a bag of potato phosphate.

At current prices the quantities of these substances contained in a ton of hay and one of bran would be valued at \$9.60 and \$22.35 respectively. Not all would be reclaimed in the manure, but about 75% would be so reclaimed, or \$7 worth from a ton of timothy and \$16.00 from a ton of bran.

The fertility of many Nova Scotia farms has been greatly increased through the use of mill feeds, and experienced men will testify that manure from grain fed cattle will give practically twice as good results as equal quantities from roughage feeding.

Schooners Valdaire, for Bear River, and Annie C. Ross, for Hillsboro N.B., sailed from Boston on the 5th.

REPORT ON DAIRY CATTLE RECORDS

Great Increase in the Animals Admitted to the Record of Performance

At the annual meetings of the Ayrshire and Holstein-Friesian Breeders' Associations in 1920 it was decided to add to the Record of Performance a 365-day record with a four hundred day calving limit and to cut out the calving requirement in the 365-day record. This arrangement came into effect on April 1st, 1920, and this classification therefore appears in the thirteenth report of the Record of Performance for Pure Bred Dairy Cattle, covering the year from that date to March 31st, 1921, recently issued by the Live Stock Branch at Ottawa. From this report it appears that, in all, 329 Ayrshires were entered, of which 127 were in the mature class, 3 being in the 295-day division, 35 in the 4-year-old class, one being in the 365-day division, 70 in the 3-year-old class, three in the 365-day division, and 97 in the two-year-old class. The 365-day division in Ayrshires is termed the Honor Roll. The number of Holsteins entered was 385, of which 129 were in the mature class, including 3 in the 365-day division, 57 in the 4-year-old class, 59 in the 3-year-old class, one being in the 365-day division, and 129 in the 2-year-old class with two in the 365-day division. The Jerseys entered numbered 139, namely, 28 mature, 21 four-year-olds, 39 three-year-olds and 57 two-year-olds. The Shorthorns entered totalled 102, namely, 40 mature, 12 four-year-olds, 29 three-year-olds, and 30 two-year-olds. Of French-Canadian cattle 8 mature, 3 three-year-olds and one two-year-old were recorded. Of Guernseys, 4 mature, one four-year-old and 6 two-year-olds proved eligible. Every breed shows an increase in the total number of entries over the previous year. Ayrshires of 150, Holsteins of 160, Jerseys of 84 and Shorthorns of 59. Perhaps the best indication of the growth of the Record of Performance system for pure-bred dairy cattle is to be found in the fact that 336 breeders are represented in the thirteenth report against 247 in the twelfth.

seed is apt to hull easily in threshing, the result, of course, being the appearance of a certain percentage of hulled grains in the threshed seed. In other instances the presence of hulled seed is due to the fact that the timothy crop contains a number of plant types which are characterized by hulling easily. It has been shown that there exist timothy forms, representing distinct varietal types, which lose the hull in threshing much more easily than others.

Whatever the cause of the hulling may be, the presence of hulled seed in large quantities in a sample is lowering its trade value. It being generally conceded that hulled seed is apt to show a poorer germination than unhulled seed. While this is hardly true of freshly harvested seed, it certainly does apply to old seed, as has been repeatedly demonstrated long ago. As a result of the impaired germination, lower-yielding crops are likely to be obtained from seed which contains much hulled grain.

In the spring of 1917, the Central Experimental Farm, Ottawa, received from the Seed Branch, Dominion Department of Agriculture, two lots of timothy seed, viz., one sample of hulled seed and another lot of unhulled seed, both picked out from a seed sample harvested in 1916. Small portions of the two lots have been sown yearly in comparative test plots at the Central Experimental Farm, care being taken that the plots were as identical as possible in respect to condition of the soil.

The hay yields per acre from the hulled and the unhulled seed harvested 1916 and sown 1919 and 1920 respectively, have been as follows.

Unhulled Seed:—Sown 1919, 2 ton 840 lbs.; sown 1920, 2 ton 1254 lbs.
Hulled Seed:—1 ton 1375 lbs.; 2 ton 53 lbs.

From these figures the deduction may be made that hulled seed, 3 or 4 years old, is likely to produce a much smaller hay crop than unhulled seed of the same age. Under the circumstances it is obvious that timothy seed holding only a small percentage of hulled seed is always preferable to seed containing a larger percentage and that, if badly hulled seed is the only one available, it is good policy to have a sample tested or germination before sowing and to increase the rate of seeding in proportion to the percentage of hulled seed.

M. O. MALTE,
Dominion Agronomologist.

GLAD HE TRIED THE TONIC TREATMENT

Through Its Use Strength and Vigor Was Restored

To be tired after exertion is natural. Rest and food restore the body to normal after such fatigue. But to be tired all the time is a symptom of an anemic condition that will not be corrected until the blood is built up.

Such an anemic condition is so gradual in its approach and generally so lacking in acute pains that it is often difficult to persuade the sufferer to do anything for it. But it is not a condition that corrects itself. If the blood is not enriched the trouble will increase. The nerves will be undernourished and neuralgic pains will follow. Digestive disturbances often result from thin blood, sleep is disturbed and a general breakdown may occur.

Mr. Wilson Johnson, Nineveh, N. S., says: "A few years ago my system was in a badly run down condition. My nerves seemed always on edge, and I found myself so weak that I could hardly do any work. I suffered from headaches and from pains in the back and under the shoulders, and was often so sleepless at night that when morning came I felt as tired as when I went to bed. I was taking medicine all the time, but it was doing me no good. Then I read the testimonial of a man whose condition had been similar mine, and who strongly recommended Dr. Williams' Pink Pills. I decided to give this medicine a fair trial, and when I had taken six boxes I felt much better. I continued taking the pills until I had taken six more boxes, and I can only say I am glad I did so, as I am now enjoying the best of health, and I advise all men who feel run down to give these pills a good trial."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

HULLED VS. UNHULLED SEED OF TIMOTHY

(Experimental Farms Note)

Practically every sample of timothy seed contains more or less of so-called hulled seed, that is to say naked grains which have lost their silvery-white hull. There are several causes which are responsible for the loss of the hull in timothy seed, the most common ones perhaps being unfavorable weather conditions during harvesting time and delay in cutting until the seed is too ripe. Over-ripe

BAPTIST NOTES

The regular services will be held in the Bridgetown Baptist Church next Sunday, November 20th. The subject of the morning sermon will be: "How to Open the Windows of Heaven," and of the evening sermon: "The Price of Redemption."

All the men of the church and congregation are invited to join the Brotherhood which meets with the Bible school each Sunday morning at 10 o'clock. The class discussion on the Life of Paul is being led by the pastor. Plans are under way to make this new organization of the men one of the strongest in the church.

Each Friday evening all the young people of the church are gathering for a full program. For 45 minutes a devotional service, under the leadership of the B.Y.P.U., is held. Then the various groups separate to carry out their respective programs. The Tuxis boys 15-18 meet under the leadership of Mr. M. C. Foster, the Trail Rangers boys 12-15, under the leadership of Mr. A. B. Clarke, the Senior Canadian Girls in Training, 15-18, under Mrs. C. W. Robbins, the Junior C.G.I.T., under Mrs. Charles Lockhart, the choir to rehearse under the direction of Mr. George Dixon. The remaining group, young men and women 18 and over, meet for the study of the Life of Christ, under the leadership of Mr. Robbins.

An increasing number of the young people are assembling each Friday evening for this devotional educational and expressional program.

Rev. Z. L. Fash, a former Bridgetown boy, was elected President of the Maritime United Baptist Convention at its recent session held in Fredericton. The meetings of that Convention were held in the Brunswick street Church of which Rev. G. C. Warren, formerly of Bridgetown, is pastor.

ELECTED A VESTRYMAN

Algeron A. Osborne, assistant attaché of the American Embassy in Rome, has been elected a vestryman of the American Church in Rome. Mr. Osborne is well known in the western part of the province, having spent the summer at Digby from the time he was a boy up to a few years ago. Yachting circles in the western counties remember him well as a racing enthusiast. He is a son of the late Rev. Louis Shreve Osborne, for many years rector of Trinity Episcopal Church, Newark, N. J. The two Osborne summer cottages at Digby are still visited by members of the family each year.

VALUABLE GIFTS

Dr. Walter Chipman, of Montreal, who has always been deeply interested in Bridgetown, his native place, has presented the local lawn tennis club with a life-long lease of a piece of property on the east side of the new cemetery street, at the rear of Mr. Elias Messenger's property. As we have already reported in our columns, Dr. Chipman made the town a present of the street referred to and is ready to prepare it for grading when the town is ready to take it over officially and complete the work in making it a first-class entrance to Riverside cemetery.

MARINES GUARD UNITED STATES REGISTERED MAIL

Boston, Nov. 9.—Armed marines stood guard over registered mail pouches on trains leaving this city for the north and west to-night. Men were being assembled as readily as possible, officials said, to be assigned to other mail trains operated out of Boston.

A detail of 300 marines for duty in New England was asked by post office and railway mail officials after a conference to-day.

The value of the Nova Scotia apple crop for 1921 is estimated at four and a half million dollars.

DIGBY COUNTY NEWS

Mrs. Ella Burnham, of Annapolis Royal, is visiting Mrs. C. E. Kiley. Dr. Read left Thursday to spend a few days in Wolfville with his daughter. He returned Monday.

Mr. and Mrs. J. F. McLarren have arrived at Los Angeles and their address is now 6114 South Moneta Avenue.

Mr. and Mrs. C. H. Carty and daughter, Miss Mildred, motored to Halifax last week and were guests at the Carleton Hotel.

Her many friends will be pleased to learn that Mrs. W. E. VanBlarcom, Montague street, is steadily improving in health.

Mr. C. L. Bowly, relieving manager Bank of Nova Scotia, Perth, N. B., spent the week end in town, a guest at the Waverly Hotel.

Mr. Llewelyn Thurber and Mr. Gordon Copeland, of the Royal Bank staff, both spent the week end at their homes. Mr. Thurber in Yarmouth, Mr. Copeland in Weymouth.

Berwick Register: Mr. Elkanah Trask is erecting a bowling alley on the east side of the Depot Garage, Mill street. Construction work, which is now in progress, is in charge of O. S. McNeill. (Mr. McNeill is a son of Mr. and Mrs. Barnard McNeill, of Barton, Digby County.)

Rev. H. H. Powell, of Gardiner, Mass., was the preacher at Charlotte street church, St. John West, the past two Sundays. Mr. Powell is a Digby County boy, being a son of Capt. David Powell, formerly of Friesburg, who now resides in Boston. We understand that his services were very acceptable to the Charlotte street people. Mr. Powell is one of many of our young men across the border who may well be sought by our pastorless churches as pastor.

THE WILLET FRUIT COMPANY'S NEW BRANCH

The Willett Fruit Co., of St. John, N.B., announces that they are opening a modern fruit warehouse at Moncton, N.B., and that Mr. R. E. Healy will be in charge of the Moncton district as Branch Manager. The Willett Co. also says in a letter circular to the trade: "Mr. Healy has been connected with the business almost since its inception and has most satisfactorily and efficiently represented us in the territory, of which the city of Moncton forms an important part." Mr. Healy, who is Secretary-Treasurer of the company, is a son of Mrs. A. T. Morse, of West Paradise, N.S., and is another Annapolis County man who has made good in one of our sister provinces.

WEYMOUTH

OF INTEREST TO WOMEN

This is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound.

Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial."—Mrs. W. J. Brady, R. R. 2, Bothwell, Ont.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, beneficial influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

with sensitive skins, but what dread another Canadian winter? Yet chapped hands, chilblains, cold-sores and frost-bites are readily overcome by Zam-Buk.

This famous balm keeps the skin smooth, healthy and flexible under most trying conditions. Zam-Buk's pure herbal essences are so highly refined that the pores and tissues absorb them readily.

They take out smarting pain and irritation instantly, heal roughness and soreness, and prevent eczema and blood-poisoning.

Miss B. Strojka, of East Hamford, N. S., writes:—"My hands blue and became so painfully chapped that I dare not put them in water. Zam-Buk caused smarting pain and soreness to quickly disappear and I continued to use it until my hands were thoroughly healed."

Miss A. Lepard, of Beaverdale, Ont., writes:—"Where other remedies all failed, Zam-Buk soon rid me of chilblains. It speedily ended the itching irritation, drew out the inflammation and healed perfectly." Also splendid in eczema, ulcers, abscesses, piles, poison, wounds, cuts, burns and sc. 15c. 30c. all dealers

SCHRE. E. P. THERIAULT WRECKED

Three Master III Reef Off New London, And Crew Swam Ashore In Boiling Surf.

The three-masted schooner E. P. Theriault, which is on a reef off Race Point, Fisher's Island, off New London, Conn., was bound to St. John with coal. The vessel was caught in a heavy storm and when she hit bottom the six men on board jumped into the sea. They managed to reach the island after a terrific struggle.

The men are being cared for by the crew of the Coast Guard Station while the employees of the Scott Wrecking Company are waiting for the waves to sub-side before they attempt to pull the schooner from her perilous position.

The Theriault struck during the height of the gale before daylight and the crew, expecting the vessel to sink momentarily, took their lives in their hands and jumped into the boiling water.

The E. P. Theriault was built at Bellevue's Cove, N.S., in 1919.

MARINE NEWS

Tern schooner Peaceland, Capt. W. E. Wasson, was at Newark on Sunday, ready to load hard coal for a provincial port.

The ocean going tug Otis Whack, Capt. Baird, sailed from Yarmouth Monday afternoon for Windsor, N. S., to go in commission.

Tern schooner Stewart T. Salter, Capt. Charles Salter, arrived at Vineyard Haven on the 4th, bound from New Haven for Hillsboro, N.B.

Captain George M. Morrell, Sandy Cove, Digby County, was master of the tug, Lord Beatty, which was destroyed by fire at St. John Monday.

Completing her maiden round trip, the new Munson liner Southern Cross, Captain Leander H. Porter, Port Wade, is at New York from Buenos Ayres.

The tern schooner Leo LeBlanc, Capt. Oliver Comeau, is in Digby from New York. She will load lumber there for that city, the cargo being shipped by H. T. Warne.

Tern schr. Ronald C. Longmire, Capt. Trahan, sailed yesterday from Bridgetown for Parrsboro to load lumber for Boston. She was towed down the river by the stmr. Vallada.

Stmr. Bay Queen, Capt. E. H. Lewis, arrived here yesterday to load freight for the Valinda's place until the close of navigation.

Mrs. (Capt.) Wilfred Wyman received a wireless Tuesday from her husband, stating that the stmr. Canadian Explorer was then 100 miles s.w. of Bermuda bound for New York.

During the present extra lobster season the St. Marys Bay steamer Lottie and Marguerite will make trips on Tuesday, Friday and Saturday, to accommodate lobster shipments for Boston boats.

Capt. Edward E. Manning, of Bridgewater, formerly master of stmr. Canadian Sower, is now in command of stmr. Canadian Harvester which sailed from Montreal November 5th for the West Indies.

Part of the cargo of the new stmr. Southern Cross which is in command of Capt. Leander H. Porter, of Karlsruhe, Annapolis County, consists of 22,000 bags of coffee, loaded at Santos, from which port she sailed October 31st for New York via Rio Janeiro.

Capt. Wm. McFriede, master of the Shipping Board stmr. Hoxis, arriving at Baltimore October 28th from Glasgow, arrived in Yarmouth on Tuesday and was accompanied by his son John W. McFriede of stmr. East Chicago. They proceeded to their home at Kentville.

It is feared that the schooner towed bottom up into Jacksonville may be the former Weymouth tern schooner M. A. Bellevue and which has been operated out of Tampa since she was old to southern parties. The Bellevue's bottom was recently painted red and the vessel towed in has a red bottom.

The steamer Bernard M., which formerly ran on the shore route between Halifax and Yarmouth and sold to parties in the West Indies was ready to leave New York on Sunday for Kingston, Jamaica. Capt. McKinnon, of Yarmouth, is master of the vessel and he will return home after delivering her to her new owners.

The three masted schooner J. Scott Hankinson, recently purchased by George O. Hankinson from Beazley Brothers, Halifax, left Weymouth in tow of the steamer Bear River Saturday for Yarmouth, where she will take on a cargo for New York. Capt. Donald Barkhouse went as far as Yarmouth. Capt. Arthur Moore of the steamer Bear River will be in command when the vessel sails from Yarmouth.

The tow boat, Lord Beatty, owned by Nagle and Wigmore, of St. John, was totally destroyed by fire at that port Saturday night. Her hull now lies submerged in McAvity's Slip. The loss is estimated at \$30,000, of which about \$15,000 is covered by insurance.

It is thought that the fire started from spontaneous combustion in her coal bunkers. This tug was built at Hawkesbury, England, in 1915, and had been owned and operated in St. John harbor by the present owners for about two years.

The total apple production of the Annapolis Valley for 1919, 1920 and 1921 is estimated at upwards of four and a quarter million barrels.
