Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

- Coloured covers/  
Couverture de couleur
- Covers damaged/  
Couverture endommagée
- Covers restored and/or laminated/  
Couverture restaurée et/ou pelliculée
- Cover title missing/  
Le titre de couverture manque
- Coloured maps/  
Cartes géographiques en couleur
- Coloured ink (i.e. other than blue or black)/  
Encre de couleur (i.e. autre que bleue ou noire)
- Coloured plates and/or illustrations/  
Planches et/ou illustrations en couleur
- Bound with other material/  
Relié avec d'autres documents
- Tight binding may cause shadows or distortion along interior margin/  
La reliure serrée peut causer de l'ombre ou de la distortion le long de la marge intérieure
- Blank leaves added during restoration may appear within the text. Whenever possible, these have been omitted from filming/  
Il se peut que certaines pages blanches ajoutées lors d'une restauration apparaissent dans le texte, mais, lorsque cela était possible, ces pages n'ont pas été filmées.
- Additional comments:/  
Commentaires supplémentaires:
- Coloured pages/  
Pages de couleur
- Pages damaged/  
Pages endommagées
- Pages restored and/or laminated/  
Pages restaurées et/ou pelliculées
- Pages discoloured, stained or foxed/  
Pages décolorées, tachetées ou piquées
- Pages detached/  
Pages détachées
- Showthrough/  
Transparence
- Quality of print varies/  
Qualité inégale de l'impression
- Includes supplementary material/  
Comprend du matériel supplémentaire
- Only edition available/  
Seule édition disponible
- Pages wholly or partially obscured by errata slips, tissues, etc., have been refilmed to ensure the best possible image/  
Les pages totalement ou partiellement obscurcies par un feuillet d'errata, une pelure, etc., ont été filmées à nouveau de façon à obtenir la meilleure image possible.

This item is filmed at the reduction ratio checked below/  
Ce document est filmé au taux de réduction indiqué ci-dessous.

10X	14X	18X	22X	26X	30X
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12X	16X	20X	24X	28X	32X

The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public  
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives  
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

**Eclipses, 1878.**

In the year 1878 there will be two Eclipses of the Sun and two of the Moon, viz.:

I.—An Annular Eclipse of the Sun, February 1, 1878, invisible at Greenwich.

Begins on the Earth generally, Feb. 1, 17h 56m, 2, Mean Time at Greenwich, in Longitude  $29^{\circ} 2' W.$  of Greenwich, and Latitude  $54^{\circ} 4' S.$

Central Eclipse begins generally, Feb. 1, 19h 38m, 5, in Longitude  $103^{\circ} 0' W.$  of Greenwich, and Latitude  $75^{\circ} 8' S.$

Central Eclipse at Noon, February 1, 19h 43m, 8, in Longitude  $112^{\circ} 27' W.$  of Greenwich, and Latitude  $84^{\circ} 3' S.$

Central Eclipse ends generally, February 1, 21h 16m, 8, in Longitude  $149^{\circ} 25' E.$  of Greenwich, and Latitude  $40^{\circ} 58' S.$

Ends on the Earth generally, February 1, 22h 59m, 1, in Longitude  $112^{\circ} 31' E.$  of Greenwich, and Latitude  $12^{\circ} 28' S.$

II.—A Partial Eclipse of the Moon, February 16-17, 1878, invisible at Greenwich.

The first contact with the Shadow,  $82^{\circ}$  from the Northernmost point of the Moon's limb towards the East.

The last contact,  $30^{\circ}$  towards the West; in each, for *direct* image

III.—A Total Eclipse of the Sun, July 29, 1878, invisible at Greenwich.

Begins on the Earth generally, July 29, 7h 18m, 2, Mean Time at Greenwich, in Longitude  $141^{\circ} 53' E.$  of Greenwich, and Latitude  $41^{\circ} 21' N.$

Central Eclipse begins generally, July 29, 8h 24m, 4, in Longitude  $117^{\circ} 42' E.$  of Greenwich, and Latitude  $54^{\circ} 14' N.$

Central Eclipse at Noon, July 29, 9h 22m, 9, in Longitude  $139^{\circ} 10' W.$  of Greenwich, and Latitude  $60^{\circ} 27' N.$

Central Eclipse ends generally, July 29, 11h 9m, 6, in Longitude  $69^{\circ} 45' W.$  of Greenwich, and Latitude  $17^{\circ} 33' N.$

Ends on the Earth generally, July 29, 12h 15m, 8, in Longitude  $91^{\circ} 11' W.$  of Greenwich, and Latitude  $3^{\circ} 37' N.$

IV.—A Partial Eclipse of the Moon, August 12, 1878, visible at Greenwich.

The first contact with the Shadow occurs at  $109^{\circ}$  from the Northernmost point of the Moon's limb towards the East.

The last contact at  $157^{\circ}$  towards the West; in each case, for *direct* image.

A Transit of Mercury across the Sun's disc, May 6, 1878, partly visible at Greenwich.

---

NOTE.—The Tide Tables (in the Calendar pages) may be rendered applicable to various other places on the coast, by simply adding or subtracting as the case may be, the difference between the times of High Water on the full and change of the Moon at St. John's, and the time of the full tide at any other harbor; for example, to find the time of High Water at any of the principal harbors of Conception Bay, add 45 minutes to the time at which it will be high water at St. John's; for Placentia Bay add 2 hours; for St. Peters, 1h. 50m; for Ferrolle, on the French Shore, 4 hours, &c.—See table LVII of Norie's Epitome.

### The Royal Family of Great Britain.

ALEXANDRIA VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, only daughter and heir to the late Prince Edward, Duke of Kent, fourth son of King George III. Her Majesty was born at Kensington Palace on the 24th May, 1819; baptised on the 24th June, 1819; ascended the throne on the demise of her uncle, King William IV., 20th June, 1837; proclaimed 21st June, 1837; and crowned at Westminster on the 28th June, 1838. Her Majesty was married at St. James's Palace, on the 10th February, 1840, to her cousin, his late Royal Highness, Francis-Albert-Augustus-Charles-Emanuel, Duke of Saxe, Prince of Coburg and Gotha, who died at Windsor Castle on the 14th December, 1861. Children:—

Victoria-Adelaide-Mary-Louisa, *Princess Royal*, born 21st Nov. 1840; married 25th Jan., 1858, at the Chapel Royal, to His Royal Highness, Prince Frederick-William-Nicholas-Charles, of Prussia.

Albert-Edward, *Prince of Wales and Earl of Dublin*, born 9th November, 1841; married 10th March, 1863, at Windsor, to Princess Alexandra, daughter of Prince Christian, of Denmark.

Alice-Maud-Mary, born 25th April, 1843; married 1st July, 1862, at Osborne, to His Royal Highness, Prince Frederick-William-Louis, of Hesse-Darmstadt.

Alfred-Earnest-Albert, born 6th August, 1844; married 26th February, 1874, to Her Imperial Highness, Marie-Alexandrovna, daughter of the Czar of Russia.

Helena-Augusta-Victoria, born 25th May, 1846; married 5th July, 1866, to His Royal Highness, Prince Christian, of Schleswig Holstein Sonderburg Augustenburg.

Louisa-Caroline-Alberta, born 8th March, 1848; married 23rd March, 1871, to the most noble the Marquis of Lorne.

Arthur-William-Patrick-Albert, born 1st May, 1859.

Leopold-George-Duncan-Albert, born 7th April, 1853.

Beatrice-Mary-Victoria-Theodore, born 14th April, 1857.

Keeper—Mrs. Born.

## LIGHT HOUSES, HARBOR LIGHTS, &amp;c.

The Lights in the following list are exhibited nightly, from sunset to sunrise.

No. 1, 1876. *Long Point Trillingate, (Toulinguet)*—Revolving white light, attaining its greatest brilliancy every 30 seconds, visible in clear weather 27 nautical miles; 335 feet above sea level. Latitude 49° 41' 0" N., long. 54° 40' 0" W. The light tower is painted red and the keepers dwelling (detached) is painted white and the roof red. Samuel Roberts, Keeper; Jas. H. Preston, Assistant.

No. 1874. *Can Island, Seldom-come-By*—A fixed white light at an elevation of 85 feet above the level of the sea, visible 12 miles in clear weather. The tower and dwelling are of wood and

Sheet Iron, Galvanized Iron and Copper Stove Pipe at J. COOPER'S, 312 Water St.

OUTPORT People should not fail to call at J. COOPER'S American Stove Depot.

attached, and are situated in lat.  $49^{\circ}35'05''$  N., and long.  $54^{\circ}10'35''$  W. The apparatus is dioptric, of the 8th order, with a single argand burner, and illuminates an arc of the horizon of  $270^{\circ}$ . John Hednott, Keeper.

*Offer Wadhams Island, 1858.*—This is a *fixed white* light, produced by a two-wick burner, burning on a circular Brick Tower, 100 feet above the level of the sea, and can be seen in a favourable state of the atmosphere 15 nautical miles. The keepers house is of wood, painted white and detached. Situated in Latitude  $49^{\circ}16'0''$  North, Longitude  $53^{\circ}45'0''$  West.—Charles Prowse, Keeper; Henry Waterman, Assistant.

*Puffin Island, Greenspond, 1872.*—This Light house is built of granite. The tower and keepers dwelling are attached. The illuminating apparatus is dioptric, of the 4th order. The light is a *fixed red* one, produced by a two-wick burner; it is 85 feet above the level of the sea and in clear weather should be seen a distance of 12 miles. The light is visible from North by East, through South to West by North, by compass, and is situated in  $49^{\circ}3'37''$  North lat., and  $53^{\circ}32'27''$  West long. Fred. W. Oakley, Keeper.

*Cape Bonavista, 1843.*—Situate in lat.  $48^{\circ}41'50''$  N., long.  $53^{\circ}5'20''$  W.; is a revolving light, showing alternately every 90 seconds a *white* and *red* light. It is produced by 16 argand burners and reflectors, at an elevation above the sea of 150 feet, and in favourable weather it can be seen 18 nautical miles. By keeping this light open with Cape L'Argent, it will carry you clear the Flower Rocks. Nicholas White, Keeper; Matthew White, Assistant.

*Green Island at the entrance of Catalina Harbor, Trinity Bay, 1857.*—Situate in latitude  $48^{\circ}30'16''$  N., long.  $53^{\circ}2'40''$  W. A *fixed white* light, at an elevation of 92 feet above high water, which in favourable weather will be seen from E.N.E seaward, to S.W., 15 nautical miles. Vessels bound Northward by keeping this light open with the North Head of Catalina until Bonavista light opens with Cape LeJean, will give the Flower Rocks an ample berth—or when coming from the Northward and bound for Catalina, by giving the N. head a moderate berth, you will clear the Brandies Rocks by steering for Green Island light. Peter Woods, Keeper; Peter Martin, Assistant.

*Fort Point, Trinity, No. 3, 1873.*—A *fixed white* light upon a wooden tower, painted white, and at a height of 75 feet above the level of the sea, visible in clear weather for 11 miles. The erection is situated in  $48^{\circ}21'55''$  North lat., and  $53^{\circ}20'51''$  West long. The apparatus is dioptric, of the 8th order, with a single argand burner, and illuminates an arc of the horizon of  $320^{\circ}$ .—In entering the harbor the light must be kept on the port hand. Keeper, Wm. Rowe.

*Baccalieu Island*—The Light-house is situated on the northern end of the Island—Latitude  $48^{\circ}8'51''$  North, long.  $52^{\circ}47'50''$  West—the tower is of brick, the keeper's dwelling (a square building detached from the tower,) is painted white, with the roof red. The light is a catoptric, first class Holophotal revolving *white* light, shewing a flash every twenty seconds. It is

elevated weather bears N. than 8 Keeper

elevated 443 feet above high water, and can be seen in clear weather 30 nautical miles. When the southern end of the Island bears N.N.E., the light will not be visible when nearer the Island than 8 miles. It was first exhibited in 1858. John Ryan, Keeper; Michael Ryan, Assistant.

*Harbor Grace Island*—The light at this station is revolving, showing in every direction two *white flashes*, followed by one *red flash*. Each flash attains its greatest brilliancy every 30 seconds. This light, in a favourable state of the atmosphere, will be seen 25 nautical miles. It is situated in lat.  $47^{\circ}42'45''$  N., and long.  $53^{\circ}8'15''$  W. Austin Oke, Keeper; P. Houlahan, Assistant.

*Harbor Grace Beach Beacon and Light, 1850.*—A *fixed white* light in a white painted wood Tower stands on the point of Beach at the entrance of Harbor Grace. Entering with a fair or leading wind, bring it to bear W. or W. by S., and by keeping the light or building a little on the starboard bow it will bring you clear of the Bar, on which at low water there is not more than 8 feet of water. It is situated in lat.  $47^{\circ}41'28''$  N., and in long.  $53^{\circ}12'35''$  W., elevation above the sea level 40 feet; in clear weather it may be seen at a distance of 11 nautical miles. George Brown, Keeper.

*Cape St. Francis, No. 2, 1876.*—Lat.  $47^{\circ}48'30''$ , long.  $52^{\circ}46'50''$ . A *fixed red* light at an elevation of 123 feet above sea level; under favorable circumstances it will be seen 12 miles. The illuminating apparatus is dioptric, of the 5th order, with a single argand burner.

*Cape St. Francis Fog Alarm, No. 1, 1877.*—A powerful *Siren Trumpet* will be sounded during the continuance of thick weather and snow storms. It will be sounded five seconds and silent five seconds—sounded five seconds and silent forty-five seconds in each minute. The buildings at this station are of wood, painted white—the roofs flat. On the higher roof is the lantern, elevated above it on a square block. The lower building is the Fog Alarm house. Jno. Hagan, Keeper; Jonas Soper, Engineer.

*Fort Amherst, at the entrance of St. John's*—A light was first established at this station in 1813; in 1850 a new House, Lantern and apparatus were erected. The Light, a *fixed white* one, burns at an elevation of 114 feet, is produced by a double argand burner placed in the focus of an annular lens of the fourth order, and in favourable weather can be seen 16 nautical miles. When Cape Spear is enveloped in fog a heavy piece of ordnance is also discharged at this Fort every hour during daylight, to assist vessels in making the harbor. It is situated in lat.  $47^{\circ}35'54''$  N. and long.  $52^{\circ}40'18''$  W. John Shepherd, Keeper; Thomas Moore, Assistant.

*St. John's*—Two *red* lights intended as leading marks for vessels entering the Narrows. The lower light will be hoisted on a mast on the roof of the Custom House. The upper light (400 yards in the rear) in a small Tower, near the N.E. angle of the Congregational Church, and 180 feet above the level of the sea. As leading marks during the day there will be a disc on the

OUTPORT ORDERS punctually attended to at JOSEPH COOPER'S, 312 Water Street.

mast head on the Custom House and another on the apex of the Tower roof—the discs are painted *red*. By keeping these lights or discs in line the largest vessels will clear all dangers.

*Cape Spear, 1835.*—This light is produced by seven argand burners and silvered reflectors, at an elevation of 204 feet—it revolves, shewing a bright *white* light every minute, and in favourable weather can be seen 26 nautical miles. It is situated in  $47^{\circ}.31'.11''$  N. lat., and  $52^{\circ}.30'.59''$  W. Longitude. James Cantwell, Keeper; Dennis Cantwell, Assistant.

*Ferryland Head, 1871.*—A *fixed white* light of the 3rd order, burning on a brick tower 200 feet above the level of the sea, visible in favourable weather 16 nautical miles. Lat.  $47^{\circ}.00'.58''$  N., and long.  $52^{\circ}.51'.07''$  W. The tower is of red brick; the keepers dwelling, detached from the tower, is painted white and the roof red. Michael Kearney, Keeper; Phillip Kough, Assistant.

*Cape Race—A revolving white* light, which will be visible to seaward from N.E. by E., round by the S.E. and S. to W. The light is elevated 180 feet above the mean water level of the sea, and may be seen in clear weather 19 nautical miles from a ship deck. The tower is striped red and white vertically. It stands close to the old Beacon, which has been cut down. Lat.  $46^{\circ}.37'.30''$  N., long.  $53^{\circ}.4'.30''$  W., and was first exhibited in 1856. Michael J. Hally, Keeper; James Simms, Assistant.

*Cape Race Steam Fog Alarm*—A powerful *Steam Whistle* has been placed on Cape Race, about 250 feet south of the Light-house. It is sounded during thick or foggy weather or snow storms, for ten seconds, with intervals of silence of fifty seconds, in each minute. The Whistle will probably be heard in calm weather 20 miles; with the wind 30 miles; and in stormy weather against the wind, from seven to ten miles. P. Myrick, Engineer.

*Cape Pine*—This tower is of iron, built by the Imperial Government in 1849—50, and first put into requisition on the 1st January, 1851. It is a *fixed white* light, has 17 argand burners and reflectors—elevated above the level of the sea 314 feet—situated in lat.  $46^{\circ}.37'.4''$  N., and in long.  $53^{\circ}.31'.48''$  W. In a favourable state of the atmosphere it can be seen 26 nautical miles. George Hewett, Keeper; Wm. Costeloe, Assistant.

*Cape St. Mary's, 1860.*—A revolving catoptric light of the first order, producing alternately every minute a brilliant *red* and a *white* light, burning at an elevation of 300 feet above the level of the sea, and will be seen in a favourable state of the atmosphere 26 nautical miles from a vessel's deck; situated in  $46^{\circ}.49'.30''$  N. lat.,  $51^{\circ}.11'.34''$  W. long. The tower is of brick, and on each side stand the dwellings of the keeper and assistant, the sides of which are painted white, roofs red. John Rielly, Keeper; Wm. J. Collins, Assistant.

*Dodding Head, Great Burin Island, 1858.*—This light is *revolving*, catoptric, of the second order, producing a brilliant *white* light every minute, burning at an elevation of 430 feet above the level of the sea, and in favourable weather can be seen 29 miles—situated in  $47^{\circ}.0'.27''$  North latitude,  $55^{\circ}.8'.47''$  West longitude. Austin Sheppard, Keeper; John Churchill, Assistant.

*Brauet Island, Mercer's Head, Fortune Bay*—A powerful flashing white light, and attains its greatest brilliancy every ten seconds. It burns at an elevation of 408 feet above the level of the sea, and in clear weather may be seen at a distance of 35 miles, and be visible in every direction from North round East and South, to W.N.W. Mercer's Head is a bold headland and situated in long.  $47^{\circ}16'.0''$  W., and lat.  $55^{\circ}59'.30''$  N. Martin Sparrow, Keeper; Jas. Gaulton, Assistant.

*Garnish, Fortune Bay*—A Beacon Tower of wood, carrying an Octagon and Lantern, in which a red light is exhibited. Lat.  $47^{\circ}14'.0''$  N., long.  $55^{\circ}24'.0''$  W. (approximate). John Grandy, Keeper.

*Belloram, Fortune Bay, No. 1, 1873*—A fixed white light, at an elevation of 35 feet above the level of the sea, and in clear weather should be visible seven miles. The building is a wooden tower, painted white, and is situated in lat.  $47^{\circ}29'.0''$  N., and  $55^{\circ}27'.15''$  West long. The apparatus is dioptric, of the 8th order, with a single argand burner, and illuminates an arc of the horizon of  $270^{\circ}$ . In entering the harbor the light must be kept on the port hand. Samuel Clewett, sr., Keeper.

*Rocky Point, Harbor Breton, Fortune Bay*—Situated in latitude  $47^{\circ}27'.30''$  N., longitude  $55^{\circ}47'.45''$  W. A square wooden tower, carrying an Octagon and Lantern, in which a fixed white light will be exhibited. The apparatus is dioptric, of the 8th order, with a single argand burner, with a red light to mark the Harbor Rock. Wm. Lorenzen, Keeper.

*Beacon, Ireland Eye, entrance of LaPoile Bay*—A square building of wood, painted white, with three black bands, has been erected on this Island. It is 75 feet high and is supported on four chains.

*Bour Island, Burgeo, No. 2, 1874*—A fixed red light, at elevation of 240 feet above the sea, visible 17 miles in clear weather. The tower and dwelling are of wood and attached, and are situated in latitude  $47^{\circ}36'.12''$  N., and longitude  $57^{\circ}35'.13''$  W. The apparatus is dioptric, of the 6th order, with a single argand burner, and illuminates an arc of the horizon of  $270^{\circ}$ . Edward Dicks, Keeper.

*Rose Blanche Point, No. 2, 1873*—This Light house is built of granite, upon the eastern head. The tower and keepers dwelling are attached. The illuminating apparatus is dioptric, of the 4th order, and a fixed white light will be produced by a two wick burner, at an elevation of 95 feet above the level of the sea. It should be seen in clear weather 13 miles. The light illuminates the horizon from East by South, through South to West, by compass, and is situated in lat.  $47^{\circ}35'.48''$  N., and  $58^{\circ}41'.30''$  W. long. Shag Island Black Rock bears West from the light and distant about one mile. Rose Blanche shoals W.S.W. half a mile, and Petites Black Rock E. by S. three miles. Reeper, John A. Roberts.

*Channel Head, Port-au-Basques, No. 1, 1875*—A fixed red light, at an elevation of 90 feet above the level of the sea. The light tower and keepers dwelling are of wood and detached. Lat.

47°33'.47" N., and long 54°07'.10" West. In clear weather the light should be visible twelve miles. The illuminating apparatus is dioptric, of the 8th order, with a single argand burner. The whole horizon is illuminated. Timothy Pike, Keeper.

John T. Nevill, Inspector of Light-houses.

*Light Dues.*—One Shilling per ton on all vessels entering any port or harbor of the Colony, except coasting, sealing, or fishing vessels; but not to be levied more than once in one year. Sealing and coasting vessels—sixpence per ton on registered vessels of 40 tons and upwards; fifteen shillings per ton on all vessels less than 40 tons.

The 19th of Victoria, Cap. 5, Sec. 5, enacts,—“That no greater sum than £25 sterling shall be in any year levied for Light Dues on any steamer or vessel entering any port of this Colony; and no steamer plying between Europe and any port of North America, and entering any port of this Colony as a port of call, shall be liable to pay any Light Dues, or other port charges, except pilotage.”

*Gallantry Head, Island of St. Peter's*—The fixed Light on Gallantry Head, (Island of St. Peter's) since the 10th August, 1862, has been replaced by a Flash Light, with intervals of twenty seconds, and by one red flash after two white flashes; situated in lat. 46°45'.36" N., long. 58°27' W.; elevation above high water, 64 metres, (204 English feet). Distance at which the light is visible, 18 miles. The light is hidden at the Northward by the high land of St. Peter's.

*Light at the South entrance of St. Peter's*—Since 1st October, 1862, the entrance of the harbor of St. Peter's, called South Channel, has been marked by two small fixed Lights, one of which is a white Light, illuminating three fourths of the horizon and placed on the Battery—and the other a red light, on the plain at the north of the town. The white light has an elevation of 11 metres, and is visible 6 miles. The red light is elevated 19 metres, visible 3 miles distant. The line connecting these two lights indicates the middle Channel.

The position of the red light has also been so determined that as soon as it is seen on the left of Cape Eagle, vessels coming from Columbiar in beating into the N.E. entrance will have nothing to fear from the shoals of Cape Rouge.

*Light on the South West Point of the Island of Dogs, called Pointe a Leconte*—Commencing on the 1st August 1874, a light will be exhibited on the South West Point of the Island of Dogs, at the place called Pointe a Leconte at 400 metres (437 English feet) above the level of the sea. It will be seen in clear weather 7 miles. The extent of the Light is circumscribed in a sector of 163° presenting two cones of Light, one white, of 40°, will light the passage of the S.E. so as to permit vessels which maintain position within this cone to avoid at the right the shoal Bataille, and to the left the rock of Cape Noir and the rock Bertrand. The second cone will be red, of 123°. It should be avoided by vessels entering by the S.E. passage, and will enable them, when they shall have quitted the white cone, to

come to anchor in the roadstead or in the Barachois, in following the line of the white light from Pointe aux Canons, and of the red light from the interior of the city.

A Light House has been erected by the Government of Canada, on the Western side of Cape Ray, on the South-west coast of the Island of Newfoundland. Latitude  $47^{\circ}37'$  N., long.  $59^{\circ}18'$  W. A powerful flash White Light is exhibited, making a complete revolution in two and one quarter minutes, and flashing every ten seconds; at a long distance, however, it has the appearance of a steady light. The light can probably be seen at a distance of twenty miles in clear weather.

The Tower is a wooden building, hexagonal in shape, forty-one feet high, and painted white. The keepers dwelling, also of wood, stands at a little distance from the Tower, and is also painted white.

The illuminating apparatus is catoptric and consists of twelve lamps and reflectors.

A Fog Whistle is in operation at Cape Ray. It will be blown in thick and foggy weather and during snow storms, for ten seconds in each minute, leaving an interval of fifty seconds between each blast. It can be heard from 3 to 15 miles.

### Post Office Department.

Postmaster General—John Delaney, Esquire.

First Clerk and General Accountant—George LeMessurier.

Superintendent Money Order Office—Thomas S. Dwyer.

Second Clerk and Assorter—John Freeman.

Third Clerk and Assorter—George Gaden.

Letter Carriers and Messengers—John Higgins, Edward Deveaux and John Kinella.

Office hours—From 9 a.m., to 4 p.m., Sundays excepted.

#### POST MASTERS.

Harbor Grace, Andrew T. Drysdale; Carbonear, Nicholas Nicholle; Brigus, Sarah Stantaford, (Post Mistress); Trinity, Anne Cross, (Post Mistress); Bonavista, H. Martin; Greenspond, William Lang; Fogo, James Fitzgerald; Twillingate, Jos. J. Pearce; Bay Bulls, H. J. Williams, (Post Mistress); Ferryland, John Morry; Placentia, Mrs. Hannah Bradshaw, (Post Mistress); Burin, Thomas Winter; Harbor Breton, Thomas Birkett; Burgeo, Francis A. Parsons; Little Placentia, Alex. Burke; New Perlican, Francis Howell; LaPoile, Thomas Read; Channel, Nathaniel Smith; Bett's Cove, E. McCurdy.

\*Between Garnish and Harbor Breton, calling at English Harbor, by boat.

\*Between Harbor Breton, Pushlithrough, Rencontre, Romeo, Burnt Islands and Petites, by boat.

Besides the above mentioned routes, Mails are made up and despatched by steamer, after arrival of steamer from Halifax.

Routes marked thus \* are fortnightly in summer and monthly during winter.

Postage on Letters addressed to the United States, the Dominion of Canada and England, are as follows :

For letters under  $\frac{1}{2}$  oz., 5 cents, and 5 cents for every additional  $\frac{1}{2}$  oz.

Letters for the British West Indies, 10 cents per  $\frac{1}{2}$  oz., and 10 cents for every additional  $\frac{1}{2}$  oz.

Newspapers to United States, the Dominion and West Indies, 2 cents, and to England 1 cent.

Foreign Newspapers re-mailed for transmission to the Outports, are charged 1 cent each, prepaid by stamp.

All correspondence adressed to the United Kingdom, United States, the Dominion, New Brunswick, Nova Scotia and Prince Edward's Island must be prepaid, or it cannot be forwarded.

INLAND POSTAGE

For Letters—Under  $\frac{1}{2}$  oz. . . . . 3 cents.  
 Under 1 oz. . . . . 6 cents.  
 3 cts. for every additional  $\frac{1}{2}$  oz., prepaid by stamps.

For book packets, pamphlets, magazines and periodicals, not exceeding three pounds in weight, transmitted by post within the Island are charged 5 cents for every quarter pound of their weight.

PARCEL PGST.

Parcels closed at the ends and sides, but not sealed or closed with gum, may be posted at any Post Office in Newfoundland

for conveyance to any other Post Office (not Way Office) in the Island, at a rate of Postage subject to the following conditions:—

- 1—No letter or letters shall be concealed.
- 2—The parcel shall not contain any explosive substance, glass, liquid or other matter, likely to injure the ordinary contents of the mail, under penalty of forfeiture of the parcel.
- 3—The weight of the parcel should not exceed 3 lbs, nor the size exceed one foot, in length, or breadth, or six inches in thickness. It must be so put up that the contents may be examined, to prevent letters or other communications being enclosed.

4—Parcels must be prepaid at the following rates :

Under $\frac{1}{4}$ lb.....	4 cents.
Over $\frac{1}{4}$ lb. and not exceeding $\frac{1}{2}$ lb....	8 cents.
Over $\frac{1}{2}$ lb. and not exceeding $\frac{3}{4}$ lb....	12 cents,

and so on, adding 4 cents for every  $\frac{1}{4}$  lb., or fraction thereof.

5—The parcel may be registered on payment of a fee of five cents in addition to the postage.

6—If the name and address of the sender be written on the parcel, it will, if delivery should fail from any cause, be returned unopened to the sender, on payment of an additional rate of 16 cents for the return conveyance.

7—The parcel should have the words "by Parcel Post," plainly written over the address. It should be well and strongly put up, and be legibly addressed to the Post Office address of the intended receiver, including the name of the district in which the Post Office is situated. The following is an example of the mode of address recommended:

BY PARCEL POST.

STOVES, of all kinds, REPAIRED at ALLEN, GOUDIE & Co's., 270 Water Street.

For a packet above two ozs. and not exceeding 4 ozs., 4 cents.  
 not exceeding 8 ozs., 8 cents.  
 over 8 ozs. and not exceeding 1 lb., 16 cents,  
 and so on, adding 4 cents for every additional 4 ozs., or fraction  
 thereof, when the packet exceeds two ounces in weight.

Books, trade patterns, or samples, and all printed papers,  
 other than newspapers, not exceeding *two ounces in weight*, are  
 forwarded to the United Kingdom at the reduced rate of :

For a packet not exceeding 2 ozs. . . . . 2 cents.

Unpaid Books for the United Kingdom are forwarded, charged  
 with double the prepaid rates of postage.

Letters for officers serving in H.M. service abroad are charge-  
 able with the ordinary rates of postage.

*Rates of Postage on Letters posted in Newfoundland for the following  
 Countries and places.*

United Kingdom, Dominion of Canada and the United States,  
 5 cents per  $\frac{1}{2}$  oz. rate.

France, Spain, Portugal, Italy, Holland, Belgium, Germany,  
 Switzerland, Russia, Denmark, Sweden, Norway, Malta, Gibralt-  
 ar, Ionian Islands, Greece, Larnica, Mitelene, Azores, Algeria,  
 Tunis, Turkey, Egypt, and Bermuda, 10 cents per  $\frac{1}{2}$  ounce rate.

Aden, Africa, (South and West) Ascension, Australian Colo-  
 nies, Bourbon, Brazil, Borneo, Cape de Verde, Cayenne, Cape of  
 Good Hope, Ceylon, China, Falkland Islands, Fernando Po,  
 Gambia, Gold Coast, Gaudaloupe, India, (via Southampton)  
 Java, Japan, Liberia, Martinique, Mauritius, Reunion, Singapore,  
 Sierra Leone, 17 cents per  $\frac{1}{2}$  oz. rate.

Buenos Ayres, Coasta Rica, Grey Town, Gautemala, Hayti,  
 Hong Kong, Labuan, Mexico, Monte Video, Penang, St. Helena,  
 St. Croix, United States of Columbia, (New Grenada) 29 cents  
 per  $\frac{1}{2}$  oz. rate.

As the postal rates for Foreign countries are often changed,  
 it would be well to inquire at the Post Office if the amount of  
 Stamps on Letters is sufficient to prepay to destination.

Letters sent via Brindisi are charged 4 cents additional per  
 $\frac{1}{2}$  ounce rate.

Per Packet, via Halifax, Bermuda, 10 cents; United States,  
 Dominion of Canada, Prince Edwards Island, 5 cent per  $\frac{1}{2}$  oz.

*Rule of Rating Letters by British Packet.*

For all countries, under  $\frac{1}{2}$  oz. one rate; under 1 oz., two rates;  
 under  $1\frac{1}{2}$  oz. three rates, and so on, adding one rate for every  $\frac{1}{2}$  oz.

Letters Posted in Newfoundland for delivery at any place  
 within the Island, are charged 3 cents for every  $\frac{1}{2}$  oz., if prepaid,  
 and 6 cents unpaid.

REGISTRATION.

Any Letters found to contain Coin, as well as any having the  
 word "Registered" written upon them, which may be posted in  
 Newfoundland, will be forwarded, charged with a double regis-  
 tration fee.

All sorts of Repairs in Tinware, &c, done with dispatch at Allen, Goudio & Co's.

40

## THE NEWFOUNDLAND ALMANAC.

### MONEY ORDER BRANCH.

Thomas S. Dwyer, Superintendent.

Office hours—From 9 a.m. to 4 p.m.

Money Orders are now interchanged with the United Kingdom, Dominion of Canada, P. E. Island and the United States, at the following rates of commission:

*Scale for United Kingdom*—Orders up to £2 stg., 1s. stg.; from £2 up to £5, 2s.; from £5 up to £7, 3s.; from £7 up to £10, 4s.

*Scale for the Provinces*—Orders up to £5, 1s.; from £5 to £10, 2s.; from £10 to £15, 3s.; and from £15 to £20, 4s. No single Order can be granted for more than £20. No half-pence to be introduced in the Orders.

Business of Money Order Office closes one hour before closing the Mails by the Halifax Steamer.

### SYSTEM.

1—Money Orders are made out in forms supplied for the use of the Money Order Offices.

2—Persons applying for Money Orders are recommended to use printed "Application Forms," printed for that purpose.

3—Place of payment of a Money Order may be changed in accordance with instructions provided therefor.

4—Alteration of payee's name may be effected by issue of a new Order and payment of commission thereon.

5—Applicants for Money Orders are expected to observe due care in the examination of the same, relative to filling and stamping; defect in Orders, when presented for payment, may cause difficulty and delay, for which the paying office is not to be held accountable.

6—Postmasters should be particularly careful to obtain from the person who presents a Money Order, whether the rightful owner or not, full information as to the Christian name, surname and address of the party who originally obtained it, unless such party be a firm, when the name of the firm will suffice. *The only exception to this rule is*—When an Order is presented through the Bank, in which case it will suffice that the Order, being properly signed, be also crossed with the Banker's name.

7—As however, *after once paying a Money Order, by whomsoever presented, the office will not be liable to any further claim*, the public are strictly cautioned,—

1st—To take all means to prevent the loss of the money Order.

2nd—To be careful on taking out an Order, to state correctly the Christian as well as the surname of the person in whose favor it is drawn.

3rd—To see that the name of the person taking out the Money Order is correctly known to the person in whose favor it is drawn.

8—Payment of a Money Order must be obtained before the

end of the sixth calendar month after that in which it was issued, otherwise, a new Order will be necessary, for which a second commission will be charged; and if the Order be not paid before the twelfth calendar month after that in which it was issued, all claims to the money will be lost.

Neglect of the foregoing instructions will risk the loss of the money, besides leading to delay and trouble in obtaining payment.

The Money Order Offices are:—General Post Office, St. John's; Post Offices at Bay Bulls, Bonavista, Brigus, Burgeo, Burin, Channel, Carbonear, Ferryland, Fogo, Greenspond, Harbor Breton, Harbor Grace, Placentia, Trepassay, Trinity, Twillingate.

9—Postmasters should recommend the use of Money Orders for the transmission of money, in preference to such transmission otherwise.

### Suggestions to the Public.

Facility will be given to the Post Office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:

Post all Letters and Newspapers, &c., as early as practicable, especially when sent in large numbers.

When a number of Newspapers are addressed to the same office, put them up in one parcel.

When a number of circulars are posted, tie them up in a bundle, with the addresses all in one direction.

Address letters, papers, &c., in a legible and complete manner, always giving the name of the Post Office; and if there be more than one Post Office of that name, the name of the district in which situated. In case of letters going abroad, the name of the country, as well as of the town and city, should be given in full. Letters, for example, intended for London, England, if simply addressed "London" would be forwarded to London, Canada West, and thus be delayed.

Letters, Papers, or Parcels for Outports should have the name of the District, the Post or Way Office, distinctly written as part of the address. For instance, Letters for Bonne Bay, French Shore, are sometimes sent to Bonne Bay, Fortune Bay District, being simply directed Bonne Bay—there are several settlements named Broad Cove, Little Bay, English Harbor, Blackhead, Balline, Caplin Cove, Deer Island, Flat Islands, Fortune, Fox Cove, Freshwater, Island Cove, Long Harbor, Burgeo, New Harbor, Salmon Cove, Seal Cove, Ship Cove, and unless properly directed, are liable to go to wrong office for delivery. The loss and inconvenience arising from imperfect directions, is caused by the carelessness of the sender, and no blame can attach to the Post Office—other places beside those named, have settlements with corresponding appellation, hence the necessity of being particular in addressing all letters, &c.

See that every letter, newspaper, or other packet sent by post, is securely folded and sealed. Every such packet has to

A variety of Stoves for Parlors, Halls, Churches, Schools, &c., at Allen, Goudie & Co's.

be several times handled; and even when in the mail bag, is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break.

Fasten the covers of newspapers firmly, so as to prevent them from slipping out.

When dropping a letter or newspaper into a letter box, always see that the packet falls into the box, and does not stick in its passage.

Never seal letters for the East and West Indies and other hot climates, with wax. Such a practice is attended with much inconvenience, and frequently with serious injury, in consequence of the melting of the wax, and the adhesion of the letters to each other. In all such cases use wafers or gum and advise your correspondents in the country referred to, to do the same.

Never send money or other articles of value through the Post Office, except either by means of a money order, or in a registered letter. "Any person who sends money or jewellery in an unregistered letter, not only runs the risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter carrier to moral ruin." Carefully secure every letter or packet containing money or value, first with gum and afterwards with good sealing wax, on which mark the clear impression of the seal.

On posting a registered letter or packet, always obtain a receipt for the same at the office where posted.

When letters or newspapers are delayed or missing, at once communicate the fact to the Postmaster of the Division in which is situated the Post Office at which the delayed or missing letters were posted. In case of a missing letter enclose value, state the exact contents, the exact address, and the office at which posted; the name of the person by whom posted, and the name of the person by whom received at the office. In the case of a delayed letter or paper, send the cover or wrapper in an entire state, in order that the place of delay may be ascertained by an examination of the post marks.

Trouble and loss occasionally arise out of the carelessness or dishonesty of parties employed in the Post Office service; yet instances are not wanting in which it has been shown to the satisfaction even of the complainants, that the fault at first attributed to the Post Office, in truth rested in other quarters. Theft by private hands, although very difficult of proof, have not unfrequently been brought to light; and it is greatly to be desired that those who suffer loss should, in the first instance, and while the circumstances are fresh, endeavor to ascertain with the utmost precision all particulars respecting the despatch or receipt of the lost letters or papers, and lose no time in communicating this information to the Postmaster. Indeed, generally speaking, it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant of a department or not.

The Post Office is a department which admits of constant im-

provement and expansion. The public, by sending to the Postmaster General, clear and correct information respecting faulty arrangements, may materially benefit the service. It must be remembered, however, that changes in machinery so extensive and intricate as that of the Post Office, must be made cautiously and with much previous consideration.

Time is generally required to carry out any material change in postal arrangements; for even when decided upon, old-contracts, requiring notice of termination, may have to be got rid of, and tenders for new contracts invited by public advertisements, before the decision can take effect.

New Post Offices are established by the Department wherever it is ascertained that a sufficient number of inhabitants can be accommodated, and a sufficient amount of postal revenue collected to warrant such a measure. When a new Post Office is required, a petition should be addressed to the Postmaster General, signed by as many of the inhabitants as can conveniently subscribe the same. The petition should state the name of the settlement and district in which it is desired the office should be established; the distance from the neighboring offices; whether at the sight of the proposed Post Office there is a village; the number of mills, stores, taverns, and houses thereat; the extent of the settlement to be served and the probable cost of the mail; together with any other facts which may form any ground for the accommodation applied for.

### Post Office Directory for Newfoundland,

It shall not be lawful for any Importer of dried Fish to Warehouse the same in any of the Ports in this colony or its Dependencies, without the payment of the duty hereinbefore imposed; and the provision of any Act of this Colony with regard to the Warehousing of Goods on the first entry thereof, or to the allowance of drawbacks upon exportation, shall not in either case apply to or be construed to apply to such fish: Provided, that the section shall not apply to such fish of British catch and cure, unless otherwise declared by Proclamation of the Governor, published in the *Royal Gazette*.

All Yachts sailing under Warrant of the Lords of the Admiralty, or belonging to the Royal Yacht Club, shall be exempted on view of the said Warrant, from payment of all local Duties whatsoever.

**Harbor Dues.**

The following amounts, as Harbor Dues, shall be paid by Vessels arriving at the Port of St. John's, at the time of their being entered at the Custom House, except Ships of War and Vessels engaged in the Coasting trade and Fishing, viz.:

Every vessel of Sixty tons and upwards, and not more than One Hundred tons, \$2.

Every vessel of more than One Hundred tons, and not more than Two Hundred tons, \$3.

Every vessel of more than Two Hundred tons, and not more than Three Hundred tons, \$4.

Every vessel of more than Three Hundred tons, and not more than Four Hundred tons, \$5.

Every vessel of more than Four Hundred tons, \$6.

Provided, that no vessel shall be compelled to pay Harbor Dues more than once in every half-year viz.: Once between the First day of January and Thirtieth day of June, and once between the Thirtieth day of June and First day of January.
