CITY'S WELCOME TO HYDRO POWER

Toronto Pioneer For Cheap Power.

Hon. Adam Beck said: On behalf of the Hydro-Electric Commission and the municipalities who first assumed the responsibility of undertaking the Hydro-Electric power project in the Niagara district, I wish to express appreciation to Toronto and its citizens, whom we must always consider the pioneer municipality in the cheap power movement. It was the City of Toronto that sought legislation in 1903 to undertake the development, transmission and distribution of power on her own behalf. The citizens, the municipal council and the press have always extended their common support. No partisanship has ever interfered with the public spirit and enterprise that has dominated her co-operation with the other municipalities in this great public undertaking.

"Whether it was ex-Mayor Urquhart, Oliver, Controller Spence or the present incumbent, Mayor Geary and the board of control and council of to-day, there was but one desire on the part of the representatives of the City of Toronto, and that was to carry out the wishes of the citizens in the best interests of the city.

"The development of the original project has been marvelous. While but thirteen municipalities assumed the large liability and responsibility, the commission now has contracts with twenty-six municipalities for the supplying of 44,000 horsepower. The commission has made contracts for and has available 156,000 horsepower to meet the ever-increasing demands in all sections of the Province of Ontario. We have now applications from sixty-two unincorporated villages, which will give an idea of the great growth of the undertaking.

"The power policy, as it exists to-day, is not the work of any one man, government or municipality. It has grown out of the co-operation of the municipalities, the government and citizens of all parties.

"Electricity supplied by the Hydro-Electric Commission, because of its cheapness, will, in the course of a few years, become one of the common commodities of the people. Centralization is the tendency of the times. The power policy has prevented the exploiting of one of our great natural resources; has made electricity available to large and small communities alike, as well as to large and small users. And whether a large industry or a small one, the boon of cheap manufacture will assure the retaining to Ontario of its industrial supremacy within the Dominion.

"The success of the whole project is assured beyond the most sanguine anticipations of all interested. The reward to those who have given their time and labor in promoting this greatest undertaking of its kind in the world will be in the fact that the province will be a better province to live in, that the burdens of its people will have been lightened and the comfort that electricity brings will be available to the humblest home in the land."

SCOPE OF ENQUIRY WOULD BE LIMITED

Hon. Frank Oliver Makes Statement in Regard to McGill-Cuddy Charges and Premier in Moving for Special Committee Limit to Question of Privilege Raised by Minister.

OTTAWA, May 2.—No enquiry into the charges made against Hon. Frank Oliver by Dan McGill-Cuddy, formerly editor of The Calgary News, is intended by the government. A motion made by Sir Wilfrid Laurier in the commons to-day would seem to infer that there would be an enquiry, but a close observation of the question of privilege raised by the minister of the interior, taken in conjunction with the premier's motion, shows that nothing of the kind is meditated. Mr. Oliver did not pay any attention to the McGill-Cuddy charges, but instead, on a question of privilege, read an Ottawa despatch in The Toronto World, which stated that the minister referred to anonymously by The Toronto Telegram was Hon. Frank Oliver. He asked that a special committee be appointed to enquire into any charge which might be made "in connection with this transaction." Following this the premier moved the following carefully worded resolution: "That a committee of five members be appointed to investigate the matter of Hon. Mr. Oliver, a member of this house, on Tuesday, the 2nd day of May, such committee to have power to send for persons and papers and to report from time to time."

Puts It Up to Oliver.

EDMONTON, May 2.—The Edmonton Capital will today publish an editorial asserting that the Hon. Frank Oliver should throw his bank accounts open to public inspection. The Capital cites the waterways question in regard to the Ruthven Government as a precedent, and in conclusion says: "Frank Oliver's political life is in his own hands. If he can explain where he got the money and what he did with it, that is all he has to do. If he cannot, as a public man his time has come."

Lively Discussion Expected.

It is understood that there will be a lively discussion in the house to-morrow over the limitation of the investigation. Some friction exists also because of the attitude the speaker assumed. He ruled Glen Campbell out of order when the member of Dauphin was merely asking questions, and when he was within the rules of the house. So far as can be gathered to-night, the opposition will not allow, if it is possible to prevent it, the investigation to proceed until its scope has been limited.

ended. The debate may be prolonged, shortly after the house opened to-day, Mr. Oliver said:

"Before the orders of the day are called, I desire to read a despatch from Ottawa, which appeared in The Toronto World of Friday morning last."

The despatch set forth two distinct statements. One was to the effect that an order in council, dated May, 1908, gave the Canadian Northern Railway the privilege of transferring their choice of 600,000 acres of land earned them a railway subsidy grant, from Manitoba to the wheat lands of Saskatchewan. The other was that subsequently two amounts, one for \$50,000 and the other for \$19,000, had been deposited to the credit of Hon. Mr. Oliver in the Imperial Bank, Edmonton, his money having come from the Manhattan Bank of New York City.

After reading this newspaper statement, Mr. Oliver noted that no direct statement of any charge against him had been made. No connection was alleged or inferred between the transfer of the land and the alleged deposit of the money to his credit but the statements were placed side by side for the purpose of creating connection.

Claims No Foundation.

Mr. Oliver declared that there was no foundation for such insinuation. The order in council had been passed on his recommendation and he had made that recommendation in the public interest. No money had been paid to him or anyone, in connection with the order in council.

No special charge had been made, declared Mr. Oliver, nevertheless he would ask that a special committee of the house be named to enquire into any charge which might be made in connection with this matter.

Sir Wilfrid Laurier: I would like to ask the first minister the name of the man who made the charge to him, that has been referred to by the minister of the interior to-day.

Sir Wilfrid Laurier: Mr. McGill-Cuddy.

Mr. Campbell: Will the prime minister lay on the table of the house all

HOUSE REFUSED TO CENSURE FIELDING

Motion in Regard to Issue of Charter to Farmers' Bank Voted Down by 97 to 63—Granting of Certificate "Unfortunate," Said the Minister.

OTTAWA, May 2.—By 97 to 63, or a majority of 34, the government to-day voted down a motion by Haughton Lennox to pass a vote of censure on Hon. W. S. Fielding and the treasury board in connection with the Farmers' Bank failure. The motion read as follows: "The house regrets that in permitting the Farmers' Bank of Canada to commence and to continue business, the minister of finance and the treasury board failed to exercise such proper care and to take such reasonable precautions as were necessary to prevent evasion of the law and to protect the public interest."

The arguments brought forward were somewhat similar to those used when the opposition recently moved for the appointment of a royal commission to enquire into the affairs of the defunct institution, which motion was also defeated. Mr. Lennox said that without imputing to the minister of finance any wilful wrong or misconduct or want of good faith, he did deserve in his public capacity the censure of the house for inflicting a great wrong on a deserving class of people in this country. Mr. Fielding had been repeatedly warned that the promoters of the bank were not the best class of people to whom to grant a certificate, and he was also warned that there was an evasion of the Bank Act.

A "Regrettable Transaction." Mr. Fielding replied that it was much easier to be wise at a later stage than at the beginning. After all that had occurred, however, they must come to the conclusion that it was a most regrettable transaction. The granting of the certificate was not the only step that was unfortunate, and for others parliament also was responsible. Four and a half years ago Travers was a reputable citizen. Accordingly, when Travers swore the affidavit regarding the deposit of money to the Farmers' Bank, it was accepted. If Travers was known to be a criminal, was it conceivable that the Province of Ontario would have deposited \$25,000 in the Farmers' Bank? he asked. However, nobody had suffered any loss thru the notes being irregular.

INSANITY THE PLEA ON BEHALF OF EARNGEY

Barrister Not Accountable For Forging of Mortgages, It Will Be Urged.

When D. G. Earngey, K.C., comes before Judge Denton in county judge's criminal court this morning he will plead guilty to forging, uttering and carrying out a mortgage, K.C. Earngey is the lawyer who made two false mortgages, upon which two of his clients made loans which never found their way to the alleged borrowers. The amount involved was \$2,500. It is understood that when the plea of guilty has been entered, H. H. Dewar, K.C., will appear for Earngey, will urge that the lawyer's mind had been weakened until he was not properly accountable for his action.

In addition to this case a number of other criminal charges will be heard. Lee Jim, the East Queen-street Chinese mercantile, will be tried for keeping opium for sale at his premises there. More than \$1,000 worth of the drug, in a crude state, was found by the police when they raided the place. James Tony will appear upon a charge of bigamy. It is alleged that he was married in Macedonia and then took a wife in this country. Bazyl Natrepka, another Macedonian, is charged with theft of pig iron.

C. K. Lennon is charged with theft of two sums of \$5 and \$20. Joseph Horner is also charged with theft of several sums aggregating \$8,000, from the Copland Brewery, for which he was a traveler. George Norpan appears to answer three charges of forgery.

P. J. Rillingier, a lad who has pleaded guilty to housebreaking, will appear for sentence and William Whitton will be tried for obtaining \$100 by false pretences in a mining deal.

ARCHDEACON CLARK IS NEW BISHOP OF NIAGARA

BISHOP-ELECT CLARK.

APPLIED "GAG" TO CON. MEMBER

George Taylor, M.P., Denied Privilege of Criticizing Paterson's Statistics on Technical Ground of "Previous Debate."

OTTAWA, May 2.—(Special)—The government showed its hand to-night when Sir Wilfrid Laurier permitted the "gag" to be applied twice to George Taylor, the Conservative member for Leeds, during his speech in the reciprocity debate, which was resumed late this evening.

At the outset he objected because the two ministers responsible for the agreement and the prime minister were not in the house. He intimated that he would not proceed in their absence. Sir Wilfrid Laurier came in to the chamber while Mr. Taylor was voicing his objections, and later on Mr. Paterson took his place in the house.

Mr. Taylor then announced that he proposed to perform a surgical operation on certain figures which Mr. Paterson submitted to the house late one night after Dr. Reid of Grenville had submitted several pages of statistics dealing with prices of articles affected by the agreement in Canada, the United States and other countries affected. Mr. Paterson had assured the house that all of the statistics submitted by Dr. Reid were to be found in the blue book. This Mr. Paterson significantly denied. If Mr. Paterson could prove his previous debate to contribute \$100 to any public institution in the minister's constituency.

Referred to Previous Debate.

Mr. Taylor was proceeding to deal with Mr. Paterson's figures, when he was reminded by chairman McIntyre that when Mr. Paterson had endeavored to quote these figures on the motion to go into committee of ways and means, he had been ruled out of order because they referred to the reciprocity agreement already before the committee. It was therefore a previous debate to which Mr. Taylor could not refer.

Mr. Taylor appealed to the prime minister, who thought it only fair that the same rule should apply to both Mr. Paterson and Mr. Taylor.

Mr. Borden said he had never known the rule as to a past debate to be carried to such an extent. It was odd that Mr. Paterson was permitted to put ten pages of matter on the record, and yet Mr. Taylor was ruled out of order because he referred to the reciprocity agreement already before the committee. It was therefore a previous debate to which Mr. Taylor could not refer.

Sir Wilfrid drew the distinction that the matter was not in committee when Mr. Fielding introduced the resolution. He admitted that when the rule had been applied to Mr. Paterson, he thought it was a little severe. However, it was the part of wisdom for the members of the house to bow to the ruling of the presiding officer, even if they could not always agree that he was right.

Mr. Taylor finally decided not to appeal to the Speaker, and proceeded with his speech along other lines.

Later on Mr. Taylor started to read the open letter recently addressed to Mr. Fielding by Sir Charles Tupper, but the Deputy Speaker ruled him out of order, pointing out that he could not read a letter by an outsider reflecting upon a member of parliament.

VICTIMS OF CELEBRATION

Several Ladies Fainted in Crush in Front of City Hall. There were four casualties at the hydro-electric celebration yesterday evening. Mrs. Cole fainted in a somewhat serious nature. Mr. F. Sutton, 79 Devon road, fainted from a weak heart and was carried into the city hall. Eliza Sutton, 66 Clifton street, also suffered from heart failure and was removed to the county judge's chambers. The most serious case was that of Mrs. Eliza Butler, 27 Hallam street, who was taken with convulsions and was seized with an epileptic fit. She was removed to a hospital where she is recovering. The injured were attended by Drs. Orr, Hastings (M.H.O.) and Herrick.

Elected on the Fifth Ballot—Rev. Dr. Paterson Smyth of Montreal, a Close Competitor—Rural Outvoted City Parishes—New Bishop is Sixty Years of Age.

HAMILTON, May 2.—(Special)—Venerable Archdeacon W. R. Clark of this city was to-night elected Bishop of Niagara to succeed the late Bishop DuMoulin. This result was attained at 10:30 p.m. on the fifth ballot. He had 49 clergy and 33 lay votes, 38 clergy and 32 lay being required to elect. Rev. Dr. Paterson Smyth of Montreal was second in the balloting, with 20 clerical and 25 lay votes. All other candidates whose name had been mentioned for the office received enough support to make them serious factors in the election.

The results of the third ballot were announced at 8:30 as follows: Clergy—Archdeacon Clark, 42; Dr. Paterson Smyth, 25; Rev. Canon Tucker, 9; Bishop Thornloe, 2; Ven. Archdeacon Forrester, 1; total, 73; necessary for choice, 37. Lay vote—Clark, 37; Abbott, 4; Tucker, 3; Thornloe, 1; spooled, 1; total, 62; necessary for choice, 32.

Fourth ballot: Clergy—Clark, 44; Smyth, 28; Abbott, 1; Thornloe, 1; Forrester, 1; spooled, 1; total, 74; necessary for choice, 38. Lay vote—Clark, 30; Smyth, 27; Abbott, 7; Tucker, 1; Forrester, 1; spooled, 1; total, 62.

Fifth and deciding ballot: Clergy—Clark, 48; Smyth, 20; Abbott, 1; blank, 3; spooled, 1; total, 73. Lay vote—Clark, 35; Smyth, 22; Abbott, 1; Tucker, 1; total, 62.

One of the greatest surprises of the balloting was the apparent weakness of Rev. Canon Almon Abbott. It was believed all along that he would make a good showing, especially among the laity. That he should have been elected was made evident on the first ballot. While his votes steadily declined after that, he was still in the running with both clergy and one lay vote on the last ballot, being the only other candidate except Dr. Paterson Smyth, to have a vote from each category after the third ballot was cast. It is conceded that the slump in Canon Abbott's support was caused by the doubt existing as to his eligibility to the office of bishop on account of his age, he being now under thirty. The canon law fixes the minimum age of a bishop at thirty.

Letter Spoiled His Chances.

While Rev. Canon Tucker of London made no showing with the clerical vote after the first ballot, he did better with the laity as the balloting progressed, it is said that his support among both classes was strong until the appearance of a few days ago of a letter circulated in his favor. This unfortunate letter killed his chances of being elected, and he was not even mentioned in the final ballot.

When the voting began Canon Tucker's support went to Rev. Dr. Paterson Smyth. Mr. Borden would the election be narrowed down to a contest practically between the city and country delegates, with the rural members casting their papers for Dr. Smyth. As a result, he numbered the city men about five to one, the supporters of Archdeacon Clark were kept on the anxious seat until the last ballot, when the result announced. On the second ballot Ven. Archdeacon Clark obtained enough clerical votes for his election, and as he continued to receive both clergy and lay votes, it was thought that the fourth ballot would surely determine the choice of the delegates.

On the third ballot, however, Archdeacon Clark still lacked two lay votes, and another ballot was found necessary. After the announcement of the result of the final ballot, Dean Houston formally announced Archdeacon Clark elected Bishop of Niagara, and by a standing vote the delegates made the election unanimous.

The New Bishop.

Venerable Archdeacon William Reid Clark, the bishop-elect of Niagara, was born in Russell County in 1851, and is therefore 60 years of age. The early years of his life were spent on his father's farm. His education was received at Bishop's College, Lennoxville, Que., and in Trinity College, Toronto. In the latter institution he took his M. A. and B. A. He was ordained deacon in the cathedral at Ottawa in 1874, and two years later was priest in the cathedral at Hamilton. Afterwards he was principal and mathematical instructor in the Xaverius High School. For 18 months he was missionary at Palmerston, and for two years curate-in-charge at Burlington, while for the next three years he served as rector of Barton and Glanford. Then for the long term of twenty-one years he lived at Ancaster as incumbent and rector. He then came to Hamilton and has been archdeacon of diocese for the last eight years. For three years he acted as secretary of the Provincial Synod. He is at present secretary of the General Synod of Canada. Archdeacon Clark's natural qualities and long experience eminently fit him for the high office to which he was elected to-night. His humble piety combined with zeal for the best interests for the church, has distinguished him among his fellow-men, who he is admitted to possess executive ability has been placed beyond question by the manner in which he has discharged his duties since his election to charge of the diocese of Niagara. It is the general feeling with respect to a better man could not have been chosen.

**CENSORS WITHOUT KNOWLEDGE**

Some of Whittier's poems are blackguardly enough to be destroyed," said Magistrate Kingsford, in disposing of a prosecution for exposing for sale obscene books. No doubt Mr. Kingsford meant some other poet than the gentle Whittier, but even so, his comment robs his penalties of all their force. Judgment from an authority who does not know enough about English literature to prevent him characterizing Whittier as blackguardly, will command little respect, even if it does not inspire that dangerous attitude towards judicial process known as contempt.

Like master like man, and when the magistrate on the bench so far commits himself in spite of the protests of a well-read crown attorney, one need not expect very intelligent or consistent action from the staff inspector.

The World and other newspapers have called the attention of the staff inspector to much worse books than those he has proceeded against. But he seems disinclined to take action except where the publicity given the volume attacked is likely to benefit the publisher who holds the copyright. One book which was seized has been selling for four years without protest. After that time the revival of interest due to a prosecution will be very welcome. For it is to be noted that nowhere else in Canada but in Toronto has any step been taken to prohibit it. In Toronto where our police magistrates consider Whittier blackguardly, anything may happen to the book trade.

The World called specific attention to passages in Byron's "Don Juan," which are much worse than anything the staff inspector has brought up in court, for they are on sale in every bookstore and accessible at cheap prices to all. The Evening Star thinks we are as guilty as the bookstores which sell "Don Juan," in calling attention to it, and consider it "just as bad" as the books the staff inspector has seized.

The Globe thinks we are "fostering a Byron boom," and declares that "Don Juan was none too decent for people a century ago." It is impossible to imagine the language which our police magistrate would apply to "Don Juan," when Whittier is denounced by him as blackguardly. But why the hearing of the staff inspector about seeing this fearful piece of depravity of which our second greatest poet, as some rate him, was guilty? The Globe and the Star have declared its wickedness to be found. Must we really conclude that as Shakespeare phrased it, "the law is an ass" or that the staff inspector only seizes books when the notoriety thereby occasioned becomes commercially profitable to individual publishers who hold copyright?

Those immaculate contemporaries of ours, The Globe and the Star, who never read "Three Weeks," and much less "Don Juan," may rest assured that we have no desire to introduce puritan literature to their notice. Our wish is to have a sensible law sensibly administered, and we have neither the one nor the other at present.

The bookkeeping trade is at present at the mercy of the police, whose magistrate is so ignorant of English literature that he considers Whittier blackguardly. The victim or captive of any informer may be the occasion of anything any of our respectable bookkeepers baled before a court and fined, or even imprisoned, for having upon his premises a volume which no one up to the time of the seizure had known to be under ban.

We have already appealed to the minister of justice to establish some reasonable censorship and to serve some reasonable notice on the book-sellers, thru their trade journals or otherwise, of forbidden books. There is no difficulty about obscenity. But puritanical standards which are not conformed with decency at all, but with problems which permeate the whole range of literature and art, are surely not to be imposed upon policemen acting on the inspiration of informers or magistrates who denounce Whittier as blackguardly.

**CHURCHES AND THE CIVIL LAW.**  
 Rev. Father Mea criticizes Bishop Farthing for objecting to the "No Tobacco" section, when the bishop himself objected to the deceased wife's sister's set not long since. Father Mea's point is well taken, and there has been a good deal of inconsistency and loose thinking over the problem. And church has a perfect right to make laws for its own members if it please, and its members must abide by those laws or get out. Once this position is

clearly understood and Roman Catholics realize that if they do not wish to be excommunicated, they must not marry Protestants, and vice versa, young people will no more think of such marriages than they now do of other prohibited alliances. The effect upon the Roman Catholic community will be similar to the parallel practice in the Jewish community. And this is apparently the object the hierarchy has in view, to set apart a chosen people with no heretic admixture.

But Father Mea misses one or two points. He states that the church only recognizes the law of the land in matters temporal. So far as Bishop Farthing is concerned he belongs to a branch of the Anglican church, established by law. As long as it continues to be such it must recognize the regulations the state imposes, whether governing deceased wives' sisters or deceased husbands' brothers or any other defunct issue.

But the Roman Catholic Church, nor the Anglican Church, nor the Mormon Church, nor any other church can be permitted to interfere in the operation of the laws of the state respecting marriage or any other question. This question has been fought to a finish in the British Empire generations ago, and the Italian hierarchy is altogether mistaken if it imagines it can intrude its medieval codes upon a twentieth century civilization.

Those who dislike the Roman Catholic Church are only too pleased to see it blunder as it does in attempting to subvert Canadians to principles which have long been outgrown, and which countries with governments less supine before the hierarchy refuse to accept. Those who cherish the ancient church of Rome regret the folly which cuts off her influence from the intelligent people of the nation, and reserves her authority to those whose mental attitude is too passive ever to add strength to the body in whose views they acquiesce. It may be said that the message of the church is chiefly to these, and that not many wise, not many learned are to be expected in her ranks. But if the church be truly not of this world, it should be the more consistent in rendering to the state the loyalty which its moral laws demand.

**RAISING SALARIES.**  
 Taxpayers need not be alarmed about the raising of city hall salaries. Bigger salaries mean better men, and better men are badly needed as the dimensions of the city and the city's problems increase.

What taxpayers need to be alarmed about is their own apathy over civic improvements. Things which are absolutely essential to the city, and which would add immeasurably to the value of all property owned by taxpayers, are side-tracked or mis-handled, merely because the aldermen think, and often with too good reason, that the taxpayers would rather save a cent than make a dollar. Liberal salaries to highly competent officials, and enlightened aldermen and controllers are the means by which the taxpayer will receive the best value for his money, and the enhancement in value of his property in the city. Those who do not wish to live in a progressive city of the metropolitan character towards which Toronto is rapidly advancing, should sell out and retire to one of our smaller municipalities, where the current of life does not run so fast.

A vicious principle was adopted in determining to buy books for the public libraries, with money raised by debentures. The library board should have its revenue fixed at half a mill, as the present quarter mill has proved inadequate. The city council might as well buy coal to heat the building on debentures as books.

There was some evidence in the council meeting on Monday, of a desire to revert to the old game of procrastination when necessary improvements are proposed. After demanding a committee of experts and receiving their report, nothing could be more silly than to refuse to do what the experts recommended.

**MUNICIPAL BOND SALES FALL OFF.**  
 The municipal bond sales for April as compiled by The Monetary Times, were \$2,910,238 as compared with \$5,805,078 for the corresponding period last year, and \$4,023,988 for April, 1909. The following is a summary: Alberta, \$1,044,821; British Columbia, \$1,560,000; Manitoba, \$700; New Brunswick, \$50,000; Ontario, \$284,505; Quebec, \$20,000; Saskatchewan, \$588,450; total, \$2,910,238.

**Family Troubles in Court.**  
 James Smith was in the police court yesterday with his wife and children two years, according to the wife, who had attempted to garrote his wages and had failed, because he drew them in advance. The court finally decided that he couldn't do anything to help the family and the charge was dismissed.

Jerry Shampine, who was arrested Monday night by Detective Cronin, will be sent to Prescott to answer a charge of theft against him there.

Berlin, of 8th November, 1910, and to establish a prior will of 11th October, 1910, on the ground that testator was not competent to make a will on that date was obtained by fraudulent conspiracy and undue influence of his sons Allan and Albert.

Judgment—I decline to consider the latter phase of the action. The testator reached the age of 70, and was possessed of an estate of about \$19,000. Of his six children, three sons and three daughters, three sons were no issue, but one of his sons made an assignment for the benefit of his creditors in 1905. It was for the brothers Allan and Albert to establish to the satisfaction of the court that the instrument put forward as the last will of their father was executed while he was in a free and untrammelled state of mind. Where a person gives instructions for a will under which he takes a benefit that is a circumstance that ought generally to excite the suspicion of the court, and calls upon it to be vigilant and zealous in examining the evidence in support of the instrument in favor of which it ought not to pronounce unless the suspicion is removed, and it is judicially satisfied that the paper propounded does express the true will of the deceased.

The issue lay upon the sons who gave the instructions for the new will, and both Allan and Albert were, I am convinced, parties to the instructions, to change the alleged will of 5th November, 1905, to the will of 11th October, 1910. This will accordingly be judgment deferred. The judgment of 5th November, 1905, will accordingly be judgment deferred. The judgment of 5th November, 1905, will accordingly be judgment deferred. The judgment of 5th November, 1905, will accordingly be judgment deferred.

 Scott v. Vining—J. M. McEvoy (London), for plaintiff. M. K. McEvoy (London), for defendant. An appeal by plaintiff from the judgment of Meredith, C.J., of Oct. 30, 1905, with interest from date of appeal. Judgment was given to plaintiff with costs.

**RHEUMATISM AND COMMON SENSE**  
 Father Morrissey's No. 7 Eliminates the Uric Acid.

Many treatments will relieve the aches and pains of rheumatism, but there is only one way to cure that dread disease. The common sense method is to remove the cause, and the effects will soon disappear. Rheumatism is caused, as is well known, by the failure of the kidneys to perform their function of filtering the uric acid out of the blood and eliminating it from the body through the bladder. When the kidneys go on strike, the uric acid is carried to the joints and tissues, where it causes stiffening of the muscles, and the excruciating pains of rheumatism.

Father Morrissey, the learned physician, after much research devised a prescription which would act directly on the kidneys, and by doing them up vigorously, cause them to clear the system of the uric acid. This remedy, known as No. 7, has been used successfully in thousands of cases.

 "Cascarets are certainly fine. I gave a friend of mine a box of Cascarets for a present. He had a very bad case of constipation. He then got a box of Cascarets. He used them for a few days and he was cured. He says he never felt so good before. I use them myself and find them beneficial for most any disease caused by impure blood."—Chas. E. Condon, Lewiston, Pa. (Giffin Co.)

**Court of Appeal.**  
 Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Magee, J.A.; Henderson v. West Nisour—W. R. Meredith (London), for school board for defendants. J. M. McEvoy (London), for plaintiff. Motion by the school board, on consent, for order dismissing the appeal and judgment reserved.

Stuart v. Hamilton Jockey Club—C. A. Moss, for defendants. W. J. Elliott, R. C. H. Cassels, for J. L. Counsel, a board of directors for plaintiff. J. F. Meredith, for John Stuart, a third of Middleton, J., of Feb. 2, 1911, by defendant, against plaintiff, and also set aside plaintiff's judgment, and to increase the amount of the indemnity ordered to be paid by the third parties, the defendants, and a cross appeal by the third parties, to indemnify the defendants against plaintiff's claim, and to pay the amount of the transfer of two shares of a certain defendant company, held by plaintiff's husband, is invalid and of no effect, and the defendants be ordered to register plaintiff as the owner thereof, and also to pay dividends which would have been received on the said stock from Oct. 30, 1905, with interest from date of judgment was given to plaintiff with costs.

Re Raven Lake National Trust Co. v. Trusts and Guarantee Co.—W. Laidlaw, K.C., for the liquidator, defendant. G. Oster and R. C. H. Cassels, for National Trust Co. (plaintiff). An appeal by the liquidator of the Raven Lake Portland Cement Co., under sec. 101 of the Winding Up Act, from the order of the Winding Up Court, of Feb. 14, 1911. The order complained of dismissed the appeal from the order and certificate of an official referee, made on Nov. 20, 1910, dismissing the action of defendant, and to cancel the certificate leave to plaintiff to bring this action. Appeal argued and judgment reserved.

Life is thoroughly characteristic of men holding positions in the gift of the people. Judges, members of parliament, lawyers, physicians, clergymen and others all take leading part in the work of the society.

Not only is the I. O. F. the strongest fraternal insurance society in the world, but it operates the most complete system of fraternal insurance offered by any society, and perhaps the most complete system of insurance by any company.

Sanitarium's Good Work.
The afternoon session of the supreme court of the I. O. F. was devoted to the consideration of the report presented by the committee, who had visited the Tubercular Sanitarium, at Rainbow Lake, N.Y.

The various members of the order who had visited the sanitarium expressed their pleasure at the state in which they found it and the good it was doing, and it was with a unanimous vote that the work in connection with the tubercular sanitarium was endorsed.

List of Committees.
The committees convening are: Committee on constitution and laws—W. H. Hunter, C. Ont.; A. W. Fraser, E. Ont.; Jud. Gillen, Minn.; W. H. Miller, W. Ont.; J. A. Bernhardt, W. New York.

When the premier had finished speaking the impatient populace could be restrained no longer. As Hon. Adam Beck ascended the rostrum they surged forward with such force that those who occupied the steps were swept by the speaker and into the hall, and only by the aid of the police could order be restored.

As the crowd surged forward Mayor Geary attempted to loosen a wire which was strung across to keep them back. He succeeded, but his hand was caught and badly crushed as the wire, which had become unfastened around the speaker with which he grappled, was mangled with a resolute force, and in a few minutes they were so densely packed that the speaker could not move around.

**MONEY IS TIGHT HERE**  
AND WILL BE TIGHTER

Banks Keeping Stiff Rein on  
Funds, So Say Business  
Interests.

According to members of the stock exchange and others in financial circles, Toronto is experiencing a period of financial stringency for which no definite reason can be assigned. The tightness of the money market is admitted to be remarkable when the ease of money in Wall-street is considered, also with the general low rate of American call loans.

Certain it is that, from all commercial and manufacturing circles, comes the complaint that money cannot be secured on business assets, or any security except real estate. Circulars have been sent around in many of the banks, informing the managers of the branches that no more loans of any kind are to be made therefrom. Evidently the smaller banks are going slow for fear of getting beyond their depth and duplicating recent failures.

A man of the opinion that there will be a near future, be a still greater stringency, declared one member of the stock exchange to The World, "but it is almost impossible to assign any reason for the closeness of the market. Real estate has not been affected to any great extent as yet, but it is evident that if the tightness continues it is bound to be.

Asked why the local market was so close, when money was so free in Wall-street, he replied that the markets here generally took some months to follow the lead. "But it is chiefly call loans that are so free over there," he said. "Some of the brokers' accounts showed a 1-2 per cent. last month, which is very high."

"Deal estate mortgages have gone up from 3 to 6 per cent., and if it is the general opinion that this market will be affected unless the money flows more freely in the next few months, it is financial circles, however, it is thought that this is unlikely, as the many new developments and dotations have emptied pockets of loose change and bank books of their balances.

**LICENSE RENEWAL CANCELED.**  
Hon. W. J. Hanna is making vigorous application of the power extended to the government last session to veto any liquor license. In recognition of the strong local sentiment against the license granted Charles Healy's hotel at Atherton, it has been cancelled. Being in the borders of Orillia it nullified local opinion there.

**Postoffice Improvements.**

**HYDE WILL RESIGN**

Pleads Not Guilty to Bribery and Taking an Unlawful Fee.

NEW YORK, May 2.—Charles H. Hyde, a native of Truro, N.S., will resign as city chamberlain at once. Under indictments and under the fire of practically every newspaper in New York, he announced to-night that, although he is the victim of "one of the most wicked conspiracies in the history of the city," he will relinquish his position as custodian of the city's millions in order not to embarrass the Gaynor administration.

Indicted secretly last yesterday, on two counts, one charging him with bribery, the other with taking an unlawful fee, the city chamberlain pleaded

#### 5,000 Picture Frames at 50% off Reg. Prices

Until the entire lot are disposed of, "FIRE" at one of America's leading picture frame factories gave our buyer a remarkable opportunity to secure 5,000 high-class frames at his own price.

Space prevents stocking them to sell at regular prices, hence the discount of 50 per cent.

The shipment includes all sizes from 3 1/2 x 5 to 16 x 20, in every style and finish.

We are of opinion that this shipment is the largest ever delivered in Canada.

As the numbers in some designs are limited, we suggest that you make your selection at once.
