**MAYOR WALLACE LET GO WAS NOT AT SCENE OF RIOT**

**Trial of Alex. McLaren and Police Officers Adjourned Till Dec. 5.**

Buckingham, Que., Nov. 28.—(Special.)—Mayor Wallace was honorably discharged to-day at the request of Crown Prosecutor Guerin. He was accused of neglect of duty in not preventing the riot of Oct. 8. It was proven that he was not at or near the scene.

Cyril Tourangeau, a union man, was arrested for perjury in connection with the case, as he swore the mayor was on the scene just before the fight. He appeared before Recorder Beaudry this afternoon, and his trial was fixed for next Tuesday, Dec. 4. Here, J. B. Clement and Hillarie Charter went back for him.

The trial of Alex McLaren and the police officers on the charge of manslaughter, was adjourned till Wednesday, Dec. 6, at 2 p. m. in Hill. Only nine witnesses were heard, and the defence was not ready to go on. Judge Choquette declared that the police officers, Keira, Picard, Engstrom, Cummings, had a certain right to use force, and that the proofs against them were rather weak.

**GENTENARIAN MINISTER DEAD**

**Rev. Wm. Howe Found Dead in Bed Had No Illness.**

Cambridge, Mass., Nov. 28.—Rev. William Howe, a centenarian, and the oldest Baptist clergyman in America, died at his home here to-day.

Dr. Howe had not been ill. He was found lifeless in his bed by a relative.

Dr. Howe had long been a unique figure in the Baptist denomination. Up to his last conscious moment he retained the use of all his faculties. Only a few months ago on the occasion of his 100th birthday he attended a meeting of Baptist ministers in Tremont Temple in Boston and delivered a stirring address.

**Dies at Prayer Meeting.**

New York, Nov. 28.—After relating some of his experiences to a class in St. Luke's M. E. Church, Long Branch, N.J., in the course of which he expressed himself as ready to go when the master called him, Edmund West, an octogenarian, expired last night just as he resumed his seat.

**THE SCOTCH ARE COMING.**

**Cream of Them Are Said to Be Heading for Canada.**

Capt. Thompson, who has been one of the most active immigration agents for the province, leaves in a few days for Great Britain.

He will call on the provincial agents at Liverpool, Peter Byrne, and the Dominion agent, Bruce Walker, in London. Special efforts are to be made in Ireland and Scotland where last year the immigration to Ontario was of an exceptional character.

A prominent Glasgow citizen declared that the cream of the people of Scotland were coming out and it is said the emigration rose to 1 in 250 of the population.

**Lost on His Stock Deal.**

The action of A. Keogh v. Bradey & Co. was dismissed by Justice Riddell on the non-jury assizes yesterday, without costs to either party. Keogh claimed he had paid in \$20 to Bradey & Co.'s branch office in Toronto, as a margin on certain stocks, and that Bradey had sold him out too soon, thereby preventing a profit of \$8750, for which amount Keogh was suing.

**HAMILTON HAPPENINGS**

**FIRE BYLAWS IN JANUARY**

**EXPENDITURE OF \$305,000**

**City Council Approves of Application for 15,000 h.p. From Hydro-Commission.**

Hamilton, Nov. 28.—(Special.)—The city council this afternoon decided to submit five bylaws to the ratepayers next January, calling for an expenditure of \$305,000, as follows: Annex sewer, fever isolation hospital, home for incurables, new waterworks pumps, and a new east end fire station.

H. L. Barr's application for promotion to the post of chief clerk in the city clerk's office, was referred back.

The kind of work's application to the Hydro-Electric Power Commission for 15,000 horse power, was approved of by the American Street Lighting Co. for 250 natural gas boulevard lamps was also approved of.

It is claimed that the Conservative workers are thoroughly alarmed over the landslide in the direction of Allan Studholme, the Labor candidate in East Hamilton, on account of the street railway trouble. Mr. Studholme had a good meeting in Green's Hall to-night.

**Woman's Move On.**

William Bedell, Byrne-street, was arrested by P. C. Loury this evening, while the street cars were being operated, on the charge of refusing to move on when ordered to do so.

At the police court this afternoon, Bert Laurence, a cripple, was tried on the charge of misbehaving himself by three small boys and a girl. He was sent down for three months.

There was a small fire in the basement of the public library this evening.

**Chairman Walker and George Wild** were appointed by the parks board this afternoon to wait upon the minister of railways, to protest against the application of the Hamilton, Waterloo and Guelph Railway, for a right of way thru the parks.

Hugh Cassidy, a noted character, who died yesterday, was buried by the veteran firemen this afternoon.

Benjamin Temple, another veteran fireman, dropped dead at his work to-day, at the Smart Turner Company's works.

**Roast for Cataract.**

The coroner's jury that investigated the death of T. B. Fairchild, who died at the following hospital, the Cataract Power Co. this evening.

We find that the deceased came to his death while attempting to enter a car of the Hamilton and Dundas line, and received such injuries as to cause his death. The jury finds that the accident occurred thru the negligence and incompetency of the crew of the said car, and strongly censured said railway for employing such men in a responsible position.

There were 15 witnesses examined. The accident happened on Nov. 13, after the strike started and the cap was in charge of strike-breakers, the conductor being Charles Mann or Scott, the youth who shot himself on July 20 last because his girl went back on him, the evidence showed that a car was started before Mr. Fairchild had a chance to get on, and he was jammed into a passing wagon.

R. R. Simpson, the manager of the Royal Hotel, Hamilton, is always up to date, and he has prepared an excellent menu for tonight, to be served between 6 and 8 p.m., for the American residents of this city in commemoration of the United States Thanksgiving Day.

See Billy Carroll's Pipes to-day at the Grand Opera House Cigar Store, delivered to any address in Hamilton before 7 a.m. daily, 25c a month; Sunday, 50c per copy. Hamilton office, Royal Hotel Building, Phone 965.

**DEFINE POWERS OF BOARD**

**If Act is Faulty, Amend It, Says Studholme.**

Hamilton, Nov. 28.—(Special.)—Allan Studholme, the labor candidate in East Hamilton, is one of those who believe that the Ontario railway and municipal board should immediately seize the street railway and hold it till the company fulfils its contract with the city. This would put an end to the present state of affairs, which is shocking Canada.

"The trouble," asserted Mr. Studholme, "the lawyers have taken up to question of the powers of the board and appear to be about evenly divided. The board itself does not seem to know what its powers are, and if it does it shows no inclination to act."

"There should be an immediate call for an amendment to the act to define the powers of the board. It should have authority to take over the road in the present circumstances. I believe in compulsory arbitration providing the board appointed be satisfactory to the workmen. In New Zealand, where there are no strikes and where all disputes are submitted to the arbitration of appointees of the government the principle works out satisfactorily. There they have popular government. The people have confidence in it, and its appointees always act in accord with the popular will."

"Unfortunately the laboring men of Hamilton have no confidence in the Ontario railway and municipal board. We could not agree to have the strike settled by men who are not in sympathy with the aims of the workmen. The London settlement discredited the board. While there may be no fault with the main terms of that settlement, we think the board was wrong in not compelling the reinstatement of the secretary of the carmen's union, who was discharged for no other reason than that he was secretary of the union."

"And we could not agree to the submission of the issue to some of our judges. Some of these men have formed prejudices which unfit them for the duties of arbitrator."

"The remedy is that the workmen must assert their rights, and they cannot do it by sending corporation lawyers to make their laws. In New Zealand the workmen, who form the great body of the electors, are the government, and in England 40 laborites in the house of commons are strong enough to compel the gov-

ernment to regard their interests. If the workmen of Canada wish to have part in their own government, they will have to stand together."

The feeling here is that the railway board missed a splendid opportunity to justify its existence when it failed to step into the breach at the earliest moment. Instead, however, it dabbled with the question and delayed so long that the people have become hopeless of securing any assistance.

**HAMILTON CAR STRIKE.**

Editor World: I should feel obliged if you would inform thru your columns, "What are the powers of the railway board appointed by the government, in respect to the present strike in this city?"—J. W. Bridget, 117 Hannah-street, W., Hamilton.

The board has power to arbitrate if asked by both parties.

**GIRL KILLED AT CROSSING.**

Daughter of Westminster Farmer Run Down by Shunting Engine.

London, Nov. 28.—While on her way to school this morning, Miss Eva Simpson, 16-year-old daughter of S. James Simpson, a farmer of Westminster, lost her life at the Colborne-street crossing of the Grand Trunk, being struck by a shunting engine, which she did not notice approaching. Death was almost instantaneous.

While driving south on Wellington-street, George Jones, a married man, employed as teamster by the London Box Co., was struck by the G.T.R. Owen South express at 10.40 this morning, and received such injuries as may yet prove to be very serious. He is now in Victoria Hospital.

**ORDERED OUT.**

And Board of Control Will See That Couple Leaves Country.

The board of control will pay the traveling expenses of Samuel and Jessie Troit to Halifax. This couple are to be deported to Britain as undesirable emigrants. The board has ordered the necessary expense of a constable to see the couple on board ship. The Troits have a police record in England.

Mill-street will be closed by the Wm. Davies Company, provided the city engineer consents, and that the company pay for the closing.

At the meeting of the fire and light committee yesterday afternoon, on the report of the chief of the fire department and the city architect, the application of Louis Gurofsky for permission to erect a blacksmith shop in the rear of 317 Yonge-street was allowed. The application of H. C. Ford for the retiring allowance of half-pay for life from the firemen's fund was carried. The Socialist party in Toronto will place its candidates in the field: Mayor, James Lindell; alderman Ward I. Harley Whitehead; board of education, James Simpson, Philippe Thompson, Winifred Gable, Frank Dale and Mrs. G. N. Robinson.

A communication to the board of control from the Associated Charities of Toronto contains a copy of the following resolution. Passed by his worship the mayor and council, to cause an investigation into the condition of the dwellings in the poorer parts of the city, and especially St. John's Ward, with a view to having the conditions, sanitary and otherwise, improved.

**CRUSADE AGAINST CROWDING**

**Chicago Police Will Regulate Traffic on Elevators.**

Chicago, Nov. 28.—A record of 132 persons killed and 2731 injured on the surface and elevated traction lines of Chicago since Jan. 1 last gave impetus to the crusade against the overcrowding of cars which was begun by the officials of the city yesterday.

The police, afoot and mounted, will assume a measure of control over the operations of traction lines. Granting the expected permission from the corporation counsel, the force under Chief Collins will from to-night undertake the task of preventing the overcrowding of all "L" trains and the blocking of surface cars.

It is planned to place uniformed policemen on every station of the loop. Just how many passengers will be permitted on each car has not been decided, but the suggestion was made that not more than one and one-half times the seating capacity of each car should be acceptable as safe.

**FAMOUS DOCTOR'S DEATH.**

London, Nov. 28.—While performing a delicate operation at Cheltenham last night Dr. G. B. Ferguson, ex-president of the British Medical Association, dropped dead.

EXPORT DUTY ON POWER

Continued From Page 1.

regulation of rates, and was apparently taken by the premier's subsequent declaration...

Loza Suffering. Mr. Maclean (South York) feared that if the people of Montreal were to suffer...

But certainly no further grants should be made for the purpose of buttressing some monopoly...

Prohibit Export. IT IS THE DUTY OF OUR GOVERNMENT TO FORMULATE A NATIONAL POLICY...

We have railways in Canada. Shall they continue to use steam power while American railways like the New York Central and the Pennsylvania are being electrified...

Mr. Maclean regretted that the Liberal party had become the ally of monopoly. The Ontario government in Ontario had endeavored to make Niagara power a trust...

In Toronto the two Liberal organs are controlled by the electric companies and assassinate public ownership or cheap power for the people.

One of the Niagara Falls power companies had issued a statement a year ago showing that its plant had cost \$5,000,000, represented by bonds to that amount.

Mr. Maclean said: "Let Niagara power go to furnish light, heat and power for the farms of Ontario. Why do not members of government do this if they are the farmers' friend, and one of the farmers' friends is sitting on the left of the right hon. gentleman?"

Mr. W. F. Maclean: No doubt, if they are the farmers' friends, these gentlemen should see that the farmers get cheap light for their houses. Toronto has the water of Niagara, are making wheels go round in the City of Toronto some eighty miles distant...

Mr. W. F. Maclean: No doubt, if they are the farmers' friends, these gentlemen should see that the farmers get cheap light for their houses. Toronto has the water of Niagara, are making wheels go round in the City of Toronto some eighty miles distant...

Mr. W. F. Maclean: No doubt, if they are the farmers' friends, these gentlemen should see that the farmers get cheap light for their houses. Toronto has the water of Niagara, are making wheels go round in the City of Toronto some eighty miles distant...

Mr. W. F. Maclean: No doubt, if they are the farmers' friends, these gentlemen should see that the farmers get cheap light for their houses. Toronto has the water of Niagara, are making wheels go round in the City of Toronto some eighty miles distant...

matter for these men, with the great capital at their disposal to buy up legislatures, and city councils, and newspapers, and in this way secure their ends.

Unless a strong government is seized with the real situation and applies the remedy now, an electrical combine will possess the power of Canada, just as the coal combine got possession of the United States, and no legislature or parliament will be able to cope with it.

Mr. W. F. Maclean: Hear, hear! Sir Wilfrid Laurier: When I read his paper, The Toronto World, which I do every day, I find it is always very circular in his statements. But in this matter I am not so far apart from my hon. friend as I have the honor to be.

At this stage of the cheap power question the first and immediate duty of the municipalities is to pass the bylaws enabling the city councils to enter into the necessary contracts with the hydro-electric commission.

"I wonder," proceeds Senator Kearns, "if our statement, our publicists and those who make and administer the law, realize the vast influence which mineral mining in the United States has on the country's commerce."

It is not sufficient to say that the mining industry of the United States is the greatest, the most important, or is the most progressive, for while these things are true, it must also be said that the industry is embryonic.

But for the opening which the hydro-electric commission has preserved, the power consumers in the Niagara district would have been compelled to pay a price sufficient to earn dividends, not only on the proper cost of the enterprise, but on that of the watered stock which represents anticipated profits.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Bears the Signature of Dr. J. C. Watson.

such question as that of wages should be brought to demoralize trade and bring suffering on the innocent. The government should appoint receivers to control and operate the Lethbridge mines pending a settlement of the present trouble.

Ontario Minerals. In connection with the renewal of the efforts previously made by the United States Mining Congress, to procure the establishment of a federal department of mining, Senator Thomas Kearns of Utah, a Canadian, born near Woodstock has written a letter touching on various points important in themselves and in their bearing on the Canadian mineral situation.

Hospital Wing Opened. The Alexandra Annex to Western is now ready for occupancy. The new Alexandra wing of the Western Hospital was opened yesterday before a representative assembly.

THE CASE OF MR. FAY. Buffalo Express: "Street railroad strikes are almost invariably riotous. The fact has given the street car men's union a bad reputation. It will be prejudicial, so far as public opinion in this country is concerned, to the effort of the American labor leader, Fay, to obtain protection from his own government against threatened action by the Hamilton and other street car men."

BOOKMAKERS ACCUSED. In the police court yesterday Michael Stock, James Dwyer, Thomas Hare and Fred Allen pleaded not guilty to keeping "common gambling houses," at Dufferin race track for the receiving of bets.

Christmas in England. The C.P.R. Atlantic service will despatch their R.M.S. Empress of Ireland from St. John, N. B., to Liverpool, Friday, Nov. 30, and the R.M.S. Empress of Britain Dec. 14 from St. John, N. B., as the Christmas steamer.

**MINING STOCKS**  
 There are no investments which require more careful selection than Mining Shares. The services of an expert's advice more often than not means the difference between a loss and a profit. The Canadian Mining News Depot has correspondents in every mining camp in Canada and a special representative at Cobalt. We are prepared to furnish reliable and confidential information on any stock or company for the fee of \$2.00. Engineers' special reports on any district or property also contracted for. Prospectuses prepared. Information furnished upon mining laws and details of company promotion explained.

**Cobalt Dividends Guaranteed**  
 We have completed arrangements to get our customers into any non-producing mine at Cobalt considerably below current quotations. This does not include mines producing ore, but it includes practically all the recent flotations, or any properties under development and not now in a position to earn dividends.  
 We sell you a special co-operative dividend contract, whereby all dividends on the stock are secured to you and paid through a strong trust company, and you are allowed interest on your money by the trust company until dividends are paid.  
 Before investing in any but the leading mines, send for particulars. Our plan is new, safe and profitable.  
 This is a money saver, and therefore a money maker. Our special knowledge of Cobalt in every stage of its phenomenal progress enables us to place your money to the very best advantage. You can in fact buy from us cheaper than from anyone else. We handle all stocks in the ordinary way, but dividend payers are our specialty. Get particulars. Our "Treasure Vaults at Cobalt" is free.  
**GLARKE & CO.** McKinnon Building, TORONTO.  
 Telephone Main 2245.

**COBALT STOCKS**  
 Our own mining men are constantly in the camp, and this, together with our connections in the principal cities, gives us a thorough and complete knowledge of both mining and stock market conditions. This information is at the disposal of investors. Write us before buying or selling any Cobalt stocks.  
**B. B. HARLAN & CO., Limited**  
 14 LAWLOR BUILDING, TORONTO.

**IS THIS WILD CUTTING?**  
 Pertinent Queries on the Prospective Flotation of J. B. G.  
 The two following communications on the J. B. G. or Coniagas, Mine have reached The World office, and are herewith published. The communications speak for themselves:  
 "One of the victims of the J. B. G. game asked a hearing. This was the slickest piece of business managed by a Cobalt crowd up to date, and the St. Catharines man who had the floor in The World office, and gave expression to his feelings, is above, claimed to have been 'done deep.' Browne and he blamed Trethewey and Leonard chiefly, and the New York associates of the latter. He intimated his rage of woe, how Tom, Dick and Harry, close personal friends in all cases, of the Canadian items in the combination, had been promised a look-in at the ground floor level, where the underwriters got off. These dupes passed it on to their friends, and all lost.  
 "Well, a perfect multitude begged close to their hearts the thought they were having a share in a good thing. But when the melon was ripe the New York crowd attacked it and left the Canadian crowd crying, enquiring for the stock. 'Oh!' said the St. Catharines man, 'it was a good scheme, and some of the good and hot, may have reason not to feel quite so sorry that the New York gang has the fruit. They may not be so sweet to some palate as they anticipated. Trethewey has cashed in his fourth interest for three quarters of a million, and he is now on Easy-street. But the other fellows may have planned the game too elaborately. Wait and see."  
 "What is wild-cutting? How about J. B. G. the Coniagas? We are told that the Toronto General Trusts Company undertook to float this with \$5 shares at \$3.75 per share, and instead of going to the register chartered mining brokers, they went to the curb and got the stock underwritten at \$2.75. There being none of this stock on the chartered market, the curb brokers are, it is said, holding up the public for \$7 and \$8 per share, which the Toronto General Trusts Company is selling out at \$3.75. Is this what you call wild-cutting? Of course, we have seen something in the papers of late about the methods of the Toronto General Trusts Company, and, therefore, ought not to be astonished at whatever course they take, but this case seems to be a good argument in favor of government inspection of methods of flotation. By-the-by, is J. B. G. a "mine" or a "prospect"? Has it produced anything to justify cent per cent, being asked for its stock? Let us hear something about this.

**CLEVELAND COBALT.**  
 Will install a Large Power Plant at an Early Date.  
 The new owners of the Cleveland Consolidated Mining Company are making extensive preparations for the working of their three properties. Machinery of a high-class order has been arranged for and will be set up on the property within the next sixty days. This company is making a new departure by putting in a 40-hp plant capable of generating 300,000 watts power, and the excess not required for their own workings will be disposed of to other companies. The intention of the management is to operate five shafts on the three properties, the initial work in each having already been commenced. The whole of the treasury stock of the company has been disposed of, and \$100,000 is now in the treasury for development purposes. Messrs. Parsons, Shuster & Co., and Messrs. Sweden, Cody & Co. of Cleveland, are the large shareholders. Mr. Cody was in Toronto Tuesday and endeavored to pick up some of the stock around \$1. He succeeded in getting 1000 shares, but the selling price was then advanced. Mr. Cody says a considerable amount of the stock has already been bought for London, England, accounts, and that when the mine receives the recognition it deserves the shares will sell very much higher.  
 The following extract from The Engineering and Mining Journal of August, 1905, is interesting, as the Cleveland Cobalt Company. New and valuable strikes of silver-cobalt veins are reported to have been made in the Cobalt district, and probably the most important, as well as the most unique, discovery this season has been made by W. J. Green of Toronto. His engineer, Major J. R. Gordon of Sudbury, after making a careful study of the formation of the district, concluded that a large vein was located under the waters of Clear Lake, and, to demonstrate this, a diamond drill plant was placed on a scow anchored in the lake, and drilling for the vein was commenced. As a result one of the largest veins of the district was discovered.  
 The mining inspector examined the discovery by running out the drill hole, showing five feet of vein matter in cross-section, demonstrating native silver in large quantities, and showing it to be one of the largest veins in the district. The drilling was continued by the inspector for several inches further, and when the core was brought up a large portion of it was found to be pure silver. It is needless to say the firm immediately passed inspection and patent was issued.  
**ERIE COBALT IN DEMAND.**  
 Judging by the results within the last two days, it appears that the recent acquisition of the Erie Cobalt property by the Beaver Company's property by the Erie Cobalt Silver Mining Company, Limited, is being welcomed by investors, not only in Canada and in the United States. Not only, as was anticipated, large numbers of new subscriptions to an allotment of 300,000 shares at par value of \$1.00 each have been received, but many investors are exchanging their interest in the Erie Company's stock. The confidence in the shipping facilities of the mine has been considerably heightened by the fact that the new machinery, which is on the way to the property, is of the most modern pattern for expediting mining operations. With this new outfit and the skilled operators at work, the mine will be placed on a basis able to accelerate the output. The Erie Company has issued a large illustrated prospectus, which may be obtained on application to J. H. Jewell & Co., 5 King-street West. The last day for receiving subscriptions is Wednesday, Dec. 5th, the lists closing positively at 12 o'clock.

**LITTLE NIPISSING**  
**THE BEST IN COBALT IS NOT TOO GOOD FOR YOU TO BUY**  
 All the large profits in Cobalt have been made on strictly inside properties, LITTLE NIPISSING SILVER COBALT MINING CO., LIMITED (No Personal Liability), owns the famous J. B. 2 property, comprising thirty-eight acres in the very heart and centre of the richest producing portion of the camp. It is surrounded on three sides by the original Nipissing, the McKinley-Darragh-Savage, the Temiscaming & Hudson Bay, and Silver Queen properties, and is believed to have the same system of veins. Authorized Capital only \$650,000. Par value of shares \$1.00 each. Fully Paid and Non-Assessable.  
**OFFICERS AND DIRECTORS ARE:**  
 SEVRIN FERLAND, Cobalt, mining man, former part owner of the original Nipissing Mine and part owner of the O'Brien Mine; P. J. FINLAN, Cobalt, mining man and Mayor of Cobalt; ROBERT B. YOUNG, Toronto, of the Crown Bank of Canada; ATWELL FLEMING, Toronto, of the Atwell Fleming Printing Co.; ROBERT RAY, Toronto.  
**BANKERS:**  
 Bank of Montreal, Toronto; Imperial Bank, Cobalt, Ontario.  
**SOLICITORS:**  
 Clark, McPherson, Campbell & Jarvis, Toronto.

This is a proposition of extraordinary merit and exceptional possibilities for large profits. It is in the same class as the properties that surround it and is believed to be as good as any of these, and that an investment in the stock at the starting price will prove as profitable as did investments in its neighbors.  
**FIRST OFFER OF STOCK**  
 We own and offer for sale a small amount of this stock at par, \$1.00 per share.  
**TERMS OF SALE**  
 All orders must be accompanied by remittance in full for the number of shares wanted. Each order will be filled as received until allotment is sold, and remittances received thereafter will be promptly returned to the senders.  
 Further particulars furnished on application.

Canada Permanent Mortgage Corporation HALF-YEARLY DIVIDEND

Notice is hereby given that a dividend of three per cent. (3%) on the paid-up capital stock of this Corporation has been declared for the half-year ending 31st December, 1906, and that the same will be payable on and after Wednesday, the second day of January next. The transfer books will be closed from the fifteenth to the thirty-first of December inclusive. By order of the Board.

WALL ST. STOCKS DRAG AND ACTIVITY WANES

Typical Pre-Holiday Trading on Wall Street—Domestic Shares Are Heavy.

World Office, Wednesday, Brooklyn, Nov. 28. The local stock exchange situation evinces no mentionable change. The dullness is pronounced as ever and if anything is more pronounced. The operations in the southern sections were less prominent, the rise falling back over a point from yesterday. Monday's gain, but inactive and little acquired for. Col suffered another decline dropping to 61 1/2. It is now generally believed that President Ross has made the struggle of his company with the Dominion Steel Company an almost personal one and that nothing short of a judicial decision will settle the differences of the two companies. Toronto Electric has not attracted the purchasing following that was anticipated and very little liquidation has occurred to force the price down several points. There was heavy selling of local money market today and some calling of loans was in effect. The heavy drain on savings accounts for the month and this in addition to the loanable funds and this in addition to the loanable funds taken at the end of the month is responsible for the current tightness in money.

Lackawanna directors declared an extra dividend of 10 per cent. payable to stock holders of record Dec. 20.

Copper stocks in London firm, and show strength.

London settlement proceeding satisfactorily.

Estimated A.C.P. will show \$80,000,000 net earnings next year.

Grain movement in Northwest delayed by car shortage.

No special stringency of money anticipated over holiday.

London expects to lose upwards of \$10,000,000 to Brazil between now and the end of the year, but continued to receive gold from Paris.

Interboro carried on all roads, 1,488,777 passengers on Nov. 26, the largest day on record.

There was a telegraph transfer this morning of \$300,000 from the sub-treasury to San Francisco.

Record prices of Monday maintained in domestic copper market and another sharp advance is expected.

Another important cut off is to be built in the Pittsburgh district by the Wabash.

Houston—It has been ascertained that there are legal objections to either Union Pacific or Southern Pacific for the proposed line, while other objections are being made.

London—The market is very active, but prices are generally lower than yesterday. The market is very active, but prices are generally lower than yesterday.

Joseph says: Northern Pacific stockholders will receive their Christmas bonus. The market is very active, but prices are generally lower than yesterday.

Expect to see further short covering of the market, and also some purchases of strength. American market is very active, but prices are generally lower than yesterday.

**British Cattle Market.**

London, Nov. 28.—Canadian cattle in the British markets are quoted at 11c to 12c per lb.; refrigerator beef, 8 1/2c to 9c per pound.

## NEW LINERS FOR DOMINION

Two Powerful Steamers Ordered—Interesting British News.

(Canadian Associated Press Cable.)

London, Nov. 28.—The Liverpool Daily Mercury says the Dominion Line contemplates ordering two new large powerful steamers to be built for the service. The Allan Line intend placing a new twin-screw steamer on the Liverpool-Montreal route. The C. E. R. will eventually place two more four funnels steamers on the transatlantic service similar to the Empress of Ireland. Another rumor aloft is that the G. T. R. will make a working agreement with an existing line.

## REMEMBLING TORONTO.

Bruce Walker is on a visit to York with the object of securing office quarters for Canadian emigration purposes. He was besieged by York house agents for an office scarcely large enough to hold a good-sized office desk, \$100 rent was asked; other rents asked were equally exorbitant. Walker declined all offers.

## CHILD IMMIGRANTS.

Mrs. Parkes, who recently returned from Canada, presented her report to the Aston Board of Guardians. She visited the boys and girls, formerly of the Aston Cottages, and found the children imbued with a healthy spirit of self-respect such as children of the same class do not usually possess in this country. This she attributed to the fact that the children lived with Canadians as members of their families.

## RECEIVING TORONTO.

Bruce Walker is on a visit to York with the object of securing office quarters for Canadian emigration purposes. He was besieged by York house agents for an office scarcely large enough to hold a good-sized office desk, \$100 rent was asked; other rents asked were equally exorbitant. Walker declined all offers.

## JOHN WOODHOUSE AND WALTER HINES WERE TRIED YESTERDAY FOR HIGHWAY ROBBERY.

James was dismissed, but Woodhouse got 60 days for stealing Robert Pollard's watch while the three named were walking along Toronto street Tuesday morning.

## GOT A PAIN IN YOUR BACK?

You get a pain in your back, and you wonder what is the matter. You perhaps pay no attention to it. Backache is caused by imperfect action of the kidneys, in fact, is the first sign of kidney trouble to follow.

The kidneys, proper, are composed of a close network of fibrous tissue, interlaced with tiny elastic fibres. Their object is the excretion of the uric acid, and other poisonous matter composing the urine, from the blood.

They are continually at work to preserve the general health of the body and most people are troubled with some form of kidney trouble, but do not suspect it.

Some of the symptoms are: A feeling of weakness in the small of the back, sharp pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as suppressed urination, excessive urination, cloudy, thick or highly colored urine, etc.

Mr. J. L. Whiting, Oshawa, Ont., writes: "I suffered for two years with kidney trouble. I had terrible pains in my back, and legs. I could not sleep and had a poor appetite. I took four boxes of Doan's Kidney Pills, and the pains left me, my appetite returned, and I was well. I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mail direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

# COBALT MERGER

LIMITED

## NO PERSONAL LIABILITY

Authorized Capital Stock - \$3,000,000  
 Shares, Par Value - \$1.00 Each  
 Treasury Reserve - 500,000 Shares

THIS CORPORATION is the result of the merging of the Major Morrison and the McCormack Silver Cobalt properties—agreements having been closed and deeds deposited in escrow with The Trusts & Guarantee Company of Toronto for the purchase and merging of same into the above Corporation.

**NO. 1**—The Major Morrison claim, containing twenty-eight acres, five veins have been located and uncovered upon the property; one almost solid metal Cobalt silver vein from ten to twenty inches wide has been uncovered for a distance of four hundred and ten feet. The same vein crosses the Right-of-Way into the Government Reserve where it has been located and uncovered and Prof. Miller, Ontario Government Geologist, has had a gang of men sinking upon and developing same. Another calcite silver vein from six to sixteen inches wide has been uncovered two hundred and twenty five feet. J. B. Woodworth, one of the foremost and most reliable mining engineers, and one of the pioneers of Cobalt camp, gives this opinion in writing—"I consider the Major Morrison claim is about the best available one I know in the camp and has great possibilities. I examined it about two months ago."

By referring to plan it will be seen that adjoining on the east is the Right-of-Way and the Government Reserve (for the mineral right of which it is reported \$15,000,000 has been offered). To the northeast is the Nipissing, and McKinley-Darragh and to the north The Silver Queen, the Temiskaming, and Hudson Bay Company's properties. Par value of which shares were one dollar each now selling for over one hundred dollars each.

To the northwest and south are also some properties which may soon be heard from. Already it is reported the Guggenheims have purchased The Gleason property adjoining the Major Morrison to the southwest.

**NO. 2**—The McCormack Silver Cobalt properties containing ninety-two acres. As will be seen by referring to the plan of the Camp these properties are situate in the very heart of the richest part of Cobalt Camp, some of the best-known and richest shippers forming almost a complete circle around them, viz: University, Foster, Lawson, Kerr Lake (or Jacobs), Hargreaves, Badger; while a little further south lie the Temiskaming, Beacon and other good shipping properties. On the McCormack properties some three thousand feet of work has been done, uncovering about seventeen veins. On one vein a shaft about twenty-five feet has been sunk, showing at bottom a strong, positive calcite vein fourteen inches wide. Certified assays of this surface work have been filed in the Government Department of Mines, showing values running from two hundred to four hundred and forty-one ounces of silver [only], no assay having been made for any other mineral. On the property are the usual camp buildings, in good condition, together with necessary tools, etc., for operations.

FOR BIGAMY AND THEFT.

Donald Ferguson Sentenced to Two Years on Double Charge.

Donald Ferguson will serve concurrently in Central Prison two terms of two years less one day, on the charge of bigamy and theft.

OBITUARY.

The death of David H. McMillan, eldest son of the late John McMillan of Niagara Falls, took place yesterday morning at 1289 West Queen-street. Mr. McMillan had carried on a storage and cartage business in Toronto for the past twenty-five years, where he was popular as a singer and churchman. He was a prominent member of the Independent Order of Foresters. He leaves a widow and one daughter, Vida, and four sons, W. H. and George B. of Detroit, Mich., Harry B. of Winnipeg and Charles at home.

North Toronto

Yesterday morning a northbound Glen Grove car neared Eglington-avenue, when a southbound freight car left the switch at the town to back up against the Davisonville switch.

YORK COUNTY AND SUBURBS JUDGE AND HIS PRIVILEGES IN DISCHARGING CONSTABLE

County Council Wants Him to Refer Such Matters to High Constable.

Did Judge Winchester exceed his powers when he discharged York County Constable Peter Heron without first consulting High Constable Ramsden? The county council discussed it yesterday. Councillors Baird, Pugsley, Rogers and Evans took the ground that the high constable should have been consulted. It appears that the attention of his honor was drawn to a newspaper article reflecting on the conduct of the officer who had, it was stated, arrested several parties along the lake shore presumably for robbing orchards, and on the premises being made to settle with the farmers the arrested parties had been released. The blackmailing suspicion was attached. The judge instructed Constable Burns to investigate, and he subsequently reported to Judge Winchester and not to his chief, County Councillor Woodcock objected that the high constable, a little high-handed, and that the members might be exceeding their jurisdiction, but the council thought otherwise, and a resolution was unanimously adopted, "That the county council request the county judge not to discharge any county constable without a consultation with the high constable." Special constable fees were \$264.23 last year, exclusive of the warden's and crown attorney's expenses. No statement in lawlessness is shown, and concerted action between the county and the suburban municipalities is suggested. About \$1000 had been expended in a bridge over the Holland River, without any notice the government engineer began the erection of a swing bridge to cost \$10,000. East Gwillimbury is said to be out \$1000 on the deal, and the revenue wants to enlist the sympathy of the council to that extent. S. T. Hummerstone and Eugene Rowan were appointed auditors for the year.

Toronto Junction.

Toronto Junction, Nov. 28.—The town council discussed the street paving question re Dundas-street, and also the block paving of Keele-street. The latter work is at a standstill because the street railway have not raised their track to the proper level. Manager Royce was present and said he would do what he could. A special committee will confer. The paving of Dundas-street has not yet been decided. The penalty clause re the Stark T. L. and P. system was not enforced, as the company have done the best they can bring to having not sufficient machinery yet installed.

Big preparations are being made for the Conservative smoker and picnic to be one of the best ever held in town.

The Canadian Order of Foresters will hold a benefit concert on Wednesday night of next week. Over 1000 tickets have already been sold.

At 9 o'clock last night Jas. Begley, 34 Hoskin-avenue, was arrested on a warrant charged with seducing Mary Margaret Thoman. The charge was made by the girl's father.

Woodbridge.

Woodbridge, Nov. 28.—Solomon Ellis, son of T. Ellis of Kleinburg, passed away very suddenly. Having been at Kleinburg at 6-45, he went home to supper and went to the barn to get a load of grain for chop ready for the morning and expired immediately. He was a member of Blackwood Lodge 311, A. F. and A. M. His remains will be taken to King City for interment on Friday at 1.30 p.m.

East Toronto.

Magistrate Hyslop yesterday fined John Hewitt \$1 and costs for disorderly conduct, and Hy Vickers and Ben Allison \$2 and costs for cruelty to animals.

Jameson Ashbridge, who lives at the Halfway House, fell from his wagon in crossing the G.T.R. bridge and a wheel ran over his face, fracturing his jaw. Constable Tidberry carried him into Hixson Hotel, and Dr. Brittain attended him.

Auction sale of very valuable household furniture, oak dining and bedroom suites, sewing machine, stoves, and other effects, the property of Albert Smythe, Scarborough, Village, N. of No. 8 schoolhouse. The undersigned has received instructions to sell by public auction on Monday, Dec. 2, 1906. Terms cash. Sale at 1 o'clock. D. Beldam, auctioneer.

When a southbound freight car left the switch at the town to back up against the Davisonville switch. Between Roehampton-avenue and Eglington-avenue, a distance of 125 yards, the freight car passed several loads of hay, but each time the car came up to the horses the motorman gave one or two shrill whistles, which caused the horses to shy and nearly upset the hay loads into the mud.

James Holden went to Hamilton yesterday as a special constable while the street car strike is on.

While the entertainment was in progress on Tuesday evening at the Davisville Methodist Church, some vandals entered the Sunday school room and abstracted the best of the edibles and destroyed crockery. The culprits are known, and unless they make the amends honorable they will find themselves in trouble.

A sacred concert will be given under the auspices of the Ladies' Aid of the Eglington Methodist Church, Wednesday evening. The choir of Trinity Methodist Church, Toronto, will assist.

The congregation of the Eglington Methodist are considering the advisability of building a new church with better Sunday school facilities next year.

The following officers were elected for the branch of the Anglican Young People's Association in connection with Christ Church, West Park E. Willmott, president; Miss Mabel Bowers, vice-president; H. Swash, second vice-president; Miss Sifton, secretary; Miss Maud Bowers, treasurer; Miss Phillips, recording secretary.

Chester. Tomorrow being St. Andrew's Day service will be held in the Anglican Mission Church of St. Andrew in the evening at 8 o'clock.

Todmorden. The funeral of the late Miss Annie Dart took place yesterday at the churchyard of St. John the Baptist at Norway. There was a very large assemblage at her late home of old residents of this place; also a large number of young people among whom Miss Dart had been very popular.

The house known as Gibson's Folly on the corner of Beech-street and Logans-avenue, which has been on the market more or less for the past sixteen years, has been sold at last by Alex. Wheeler, the last owner, to the property, to Wm. Burgess, for \$3700.

The funeral of the late Pearl Playter, the second daughter of J. L. Playter, will take place from her late residence, 122 Danforth-avenue, to St. Barnabas Church on Friday afternoon, from thence to Mount Pleasant Cemetery. Miss Playter was 23 years of age, and an enthusiastic worker of St. Barnabas Church and teacher of the Sunday school. Her husband was of a hugging character, yet the end came rather suddenly.

Dovercourt. Dr. Hardy of West Bloor-street gave a lecture on first aid to the wounded to the boys of Davenport-road Presbyterian Church. One of the boys was placed on the table and was used to illustrate the different treatments. The attendance was large and the attention very close.

The pupils of Miss Lena Stephens will give a musical recital in the school house of the Davenport-road Presbyterian Church at 8 p.m. on Friday, Nov. 30.

Three firemen seriously affected by inhaling poisonous smoke, and a property loss of about \$45,000 resulted from a dangerous fire which burned out the greater part of the upper two floors of the premises of the United Factories Limited, 85 York-street, just below King. The loss by scorching will not be more than \$5000, but water and smoke rolled up losses, divided among the firm burned out and the adjoining premises of Stewart & Wood and the Crompton Corset Co.

It was just after 6 o'clock when a still alarm was sent in, followed by a fire in the upper part of the building. When the fire broke out, the flames had firm possession of the two upper floors of the four-story building occupied by the United Factories. The contents, consisting chiefly of brushes, brooms and wood-ware, blazed fiercely and fanned by a strong wind, threatened a conflagration.

Aerial 2 and the water tower from Bay-street were drawn up in front of the building, and ladders were also run up. Aerial 1 from Lombard-street could not get into action for a while on account of the network of wires, but finally managed to get away and it was raised in readiness if the fire should spread. The lack of modern hoisting equipment in Aerial 2 was noted, and the chief's recommendations to have it improved ought to be carried out.

The firemen on the ladders had to take a fearful punishment from smoke. Mason Saunders of Truck 2, Portland-street, was laid out, and had to be carried into an office, where Dr. Cotnam administered to him. Firemen of Hose 2 and Peter Hurd of Truck 2 were also badly knocked out, and at midnight Hurd was delirious and receiving medical attention. The three men will have to lay off for some days. They suffered really from poisoning from carbonic acid gas, due to the absence of oxygen. As a rule, deep breathing of pure air brings a quick recovery, but the men last night stuck to their work too long, one going back against doctor's orders only to be laid out again.

Deputy Chief Noble was an early arrival, and directed the operations to excellent effect, with District Chief Villiers assisting. The firemen worked splendidly, but it was after 11 o'clock before all was over. The premises are narrow and deep, and the fire was hard to get at. About one-quarter of the burned floors were saved. The "Fleming" engine from Lombard-street got a lay-off because of the rival company from Bay-street and pumped water for an hour for the water tower, which hasn't been in service for about five years.

The damage to building and contents was estimated by Emil Boehck, one of the firm, at \$45,000. The buildings on either side were damaged by water and smoke. Stewart and Wood lost between \$7000 and \$8000, and the Crompton Corset Company \$6000.

The United Factories Limited have taken an office in the Northmeier Building on York-street, and will be ready for business to-day. Their warehouses on Adelaide-street, and they have also branches in Montreal, London and Newmarket. The fire originated on the third flat, but the cause is at present unknown. The building is owned by the Bocksch estate.

Overcoats--Men's and Boys'

75 Men's Heavy Winter Overcoats, navy blue and black beaver cloths, chevots and fancy striped tweeds, in light and dark shades, single-breasted Chesterfield style in knee length, also the longer style, neat velvet collar, sizes 36 44, 6.50, 7.00, 7.50 and 8.00, Friday.....

3 "SMOKE EATERS" LAID OUT AT SERIOUS YORK ST. FIRE

MADAME SCHUMANN-HEINK Famous Singer Delights a Large Massey Hall Audience.

Madame Schumann-Heink has sung her way into the highest esteem of the musical world over the vocal highways--grand opera, light opera and concert, and to one who has heard her in all three comes the realization of her versatility. It was the same genial, wholesome personality in concert last night at Massey Hall that characterized her in the "Love's Lottery" in which she surprised us two years ago. No less than fifteen numbers composed the program, but, nevertheless, the artist generally accorded to the numerous recalls. All were in German, except one number.

Schumann-Heink's splendid voice has been fittingly likened to the pipe organ, but the rich, mellow and voluminous tones of the perfected human voice heard last night overshadowed the king of instruments. Yet there, hindered by the late-comers, some hundred or so, who were ushered in between the numbers, causing a wait for the artist. Numbers by Hugo Wolf, Liszt and Schumann were rendered with much feeling and a buoyancy and warmth of tone that were convincing. A cycle of six delightful Hungarian gypsy songs followed in that fineness of expression which make the voice almost descriptive when such artistic phrasing is used to portray human feeling. They served, too, to show that remarkable flexibility of voice which allows a quick transition from fortissimo climax back to the tender chest-tones. The prison scene from "The Prophet" was full of dramatic color and direct embellishments, the intricacies of which never for once inched on the preservation of perfect tenderness of tone. But there seemed something wanting when the voice filled the hall, and one unconsciously wished for the support of a full orchestra.

The ovation won by the lightsome drinking song from "Lucretia Borgia," was genuine. The pianist of the evening was Miss Helen Schaul. She rendered with excellent feeling and execution two numbers by Liszt, including the "Rhapsodie Hongroise." She was well received and accorded to appreciative recalls.

St. Andrew's Hall. In view of the fact that so many have been disappointed at not being able to secure tickets for the Earl Grey banquet to-night, the committee announce that owing to ill-health of the purchasers, four tickets have been returned. These are on sale at the King Edward to the first applicants.

Gaelic League. The Gaelic League will meet in the I.C.B.U. Hall, at King and Jarvis-streets, to-night at 8 o'clock.

The SIMPSON Company Robert Simpson Limited

3 "SMOKE EATERS" LAID OUT AT SERIOUS YORK ST. FIRE

MADAME SCHUMANN-HEINK Famous Singer Delights a Large Massey Hall Audience.

Madame Schumann-Heink has sung her way into the highest esteem of the musical world over the vocal highways--grand opera, light opera and concert, and to one who has heard her in all three comes the realization of her versatility. It was the same genial, wholesome personality in concert last night at Massey Hall that characterized her in the "Love's Lottery" in which she surprised us two years ago. No less than fifteen numbers composed the program, but, nevertheless, the artist generally accorded to the numerous recalls. All were in German, except one number.

Schumann-Heink's splendid voice has been fittingly likened to the pipe organ, but the rich, mellow and voluminous tones of the perfected human voice heard last night overshadowed the king of instruments. Yet there, hindered by the late-comers, some hundred or so, who were ushered in between the numbers, causing a wait for the artist. Numbers by Hugo Wolf, Liszt and Schumann were rendered with much feeling and a buoyancy and warmth of tone that were convincing. A cycle of six delightful Hungarian gypsy songs followed in that fineness of expression which make the voice almost descriptive when such artistic phrasing is used to portray human feeling. They served, too, to show that remarkable flexibility of voice which allows a quick transition from fortissimo climax back to the tender chest-tones. The prison scene from "The Prophet" was full of dramatic color and direct embellishments, the intricacies of which never for once inched on the preservation of perfect tenderness of tone. But there seemed something wanting when the voice filled the hall, and one unconsciously wished for the support of a full orchestra.

The ovation won by the lightsome drinking song from "Lucretia Borgia," was genuine. The pianist of the evening was Miss Helen Schaul. She rendered with excellent feeling and execution two numbers by Liszt, including the "Rhapsodie Hongroise." She was well received and accorded to appreciative recalls.

St. Andrew's Hall. In view of the fact that so many have been disappointed at not being able to secure tickets for the Earl Grey banquet to-night, the committee announce that owing to ill-health of the purchasers, four tickets have been returned. These are on sale at the King Edward to the first applicants.

Gaelic League. The Gaelic League will meet in the I.C.B.U. Hall, at King and Jarvis-streets, to-night at 8 o'clock.

Cash Absolutely Free
