

# RUSSIANS BLOW UP BATTLESHIPS

## EXPLOSIONS HEARD NEAR PORT ARTHUR

### DESPAIR OF ARMY TO DEFEAT IT

Admiral Togo Thinks They Are Destroying Ships Prior to Evacuation of Fortress.

Tokyo, May 11.—Admiral Togo reports that since May 6 many explosions have been heard coming from the vicinity of Port Arthur, but their cause has not been ascertained. The impression here is that the Russians, despairing of their ability to defend Port Arthur, are destroying their ships before evacuating the place.

**UNOFFICIAL REPORT.**  
Chefoo, May 11.—(6 p.m.)—An unofficial Japanese despatch has been received here to the effect that the Russians have destroyed their fleet in Port Arthur.

Viceroy Alexieff, in his report to Emperor Nicholas concerning the engagement of April 13, in which the Petropavlovsk was sunk and the Pobieda was seriously damaged, commends the effective squadron at Port Arthur as including the battleships Peresviet, Pobieda, Poltava, Petropavlovsk and Sevastopol; the armored cruiser Bayan, the protected cruisers Askold, Diana and Novik; two torpedo cruisers and five torpedo boat destroyers.

It will, therefore, be seen that on April 14, the day after the destruction of the Petropavlovsk, the Russians at Port Arthur had available three battleships, one armored cruiser and three protected cruisers, and on Feb. 11 they had seven battleships, one armored cruiser, five protected cruisers and one torpedo cruiser. The Russian fleet at Port Arthur had available three battleships, one armored cruiser and three protected cruisers, and on Feb. 11 they had seven battleships, one armored cruiser, five protected cruisers and one torpedo cruiser.

**JAPS GREAT EXPLOSIVE.**  
Vancouver, May 11.—Isa Tanimura of Tokyo, Japanese trade commissioner to Canada, just arrived on the Empress of Japan, gives details of the new explosive used by Japan. It is apparently a development of lyddite, the basis being picric acid. He declares it explodes under water, may be used in all weapons and is not subject to injury from dampness.

"Much of Japan's success in the engagements by land and sea," said Mr. Tanimura, in an interview here today, "is due to the superior qualities of the new explosive. Since hostilities commenced we have been manufacturing and using this new explosive exclusively. It was invented by Prof. Shimose, chief chemist of the imperial government university at Tokyo, just before the war commenced."

"The discovery has been kept very secret. After exhaustive tests, this new explosive, which is known as 'Shimose's powder,' was found to be equally adaptable for rifles, artillery or heavy guns, as well as for torpedoes and all kinds of submarine and contact mines. Its manufacture was at once commenced in large quantities and has been going on night and day ever since. A torpedo charged with this terrible explosive damaged the Retzian and the other Russian ships during the first attack on Port Arthur, and it was a contact mine filled with Shimose's powder and placed by Admiral Togo that blew up the Russian ship Petropavlovsk, with Admiral Makarov on board."

## ON MUNICIPAL MATTERS

### READERS DENIED FACTS

Reports of Council Meetings Garbled to Suit a Certain Set of Corporation Interests.

Ottawa, May 11.—(Staff Special.)—The people of Ottawa only partially realize the importance of the municipal issues, which in all probability will be decided at next Monday night's meeting of the city council. They have been denied facilities for correctly comprehending the stakes that two great franchise-holding corporations are playing for, and the far-reaching effects which the triumph of these corporations would mean upon the future of the City of Ottawa.

It is reported that a Japanese force consisting of about 14 to 16 miles from the Japanese army is concentrated in three groups, the two southern groups being on the lower section of the River Tayang at Honduhanya, on the left bank of the river at Dayan and at Domanyu, in the same locality, and the northern group opposite Habalina, on the road from Pengwangcheng to Saldan, 14 to 16 miles from Pengwangcheng.

It is difficult to obtain information from the local Chinese. In one case we discovered that the Chinese had warned Japanese troops of an ambush which had been planned by Cossacks.

**SMALL BRUSH.**  
Tokyo, May 11.—Details of the attack by Russian Cossacks at Anju, Korea, yesterday morning, were received here today. The Russian cavalry numbered 20 men, and their attack was spirited. The Japanese garrison retreated stoutly and succeeded in driving off the enemy. Later, Japanese reinforcements arrived from Pingyang.

It is believed that the 1st Japanese Army Corps is still at Pengwangcheng, and is crossing closely to Port Arthur.

**INSPIRE ROADSTEAD.**  
Fossett, Siberia, May 11.—A Japanese torpedo boat made its appearance in the roadstead two days ago, and a cautious light was kept on it. Everything is quiet here, but all is in readiness to meet any landing of the enemy, whose probable purpose is the cutting off of Vladivostok.

**CANADA CALLS.**  
(Canadian Associated Press Cable.)  
London, May 12.—Viscount Knutsford, presiding at the annual meeting of the Society for Promoting the Employment of Women, attached great importance to special training for the colonies. There was a good opening in Canada and South Africa for women trained in cookery, poultry keeping and gardening.

**TRADE PROTECTION.**  
(Canadian Associated Press Cable.)  
London, May 12.—A meeting of the Association of Trade Protection Societies urged the appointment of a minister of commerce with cabinet rank.

**COMING TO CANADA.**  
(Canadian Associated Press Cable.)  
London, May 12.—The Archbishop of Canterbury leaves in the middle of September on a tour for six weeks thru the principal cities of the United States and Canada.

**TORONTOIAN THERE.**  
Buffalo, May 11.—At the close of the afternoon session of the Y. M. C. A. convention, J. J. Garshoff of Toronto presented a large Canadian ensign to the convention. The delegates sang "God Save the King" and "America," followed by "Blessed Be the Tie That Binds."

**Broderick's Business Suits, \$22.50**  
118 King-street West.

**MEETS CANADIAN RATE.**  
Albany, N. Y., May 11.—Governor Odell today signed a bill reducing from 2 to 1 per cent the tax on pre-war contracts. This is to meet the Canadian rate.

**THE COUNTRY.** They can't beat him on his merits—and I'll see, by jing, they don't jockey him.

# TWO CENTS A MILE

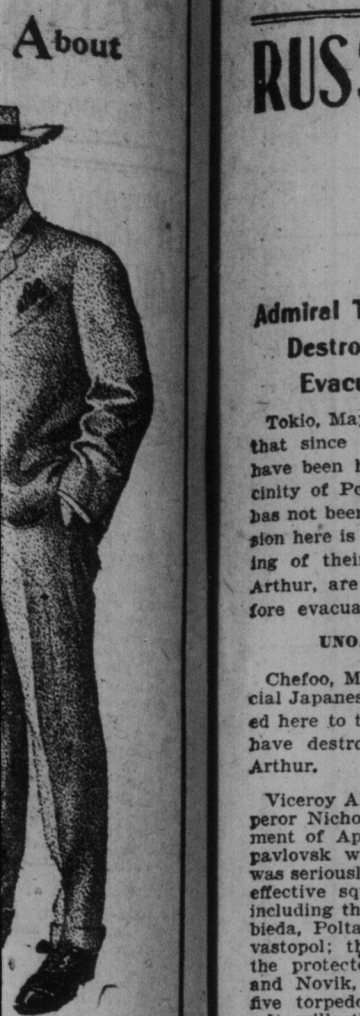

## FOREIGN MILLIONS COME IN TO PAY TORONTO'S LOSSES

### Insurance Payments Will Bring Some \$8,000,000 From Britain and the United States.

The work of the adjustment committee continues steadily. Yesterday the losses on the Canada Cloak Company, Thomas Norman, W. H. Payne & Co., Blackhall & Co., L. J. Thomas and The Metropolitan Soap Company were reported adjusted. The only new sub-committees appointed were on Drickert, Hoff & Raffner, William Jessop & Sons, and The Educational Book Company.

Secretary Garrow is authority for the statement that by the end of the week all claims filed will have been handed over to the adjusters. From the manner in which the reports of the latter are being received and turned over to the companies involved for settlement, it is evident that the general committee will not be required to sit much longer. "One aspect of the insurance matter that does not appear to have been generally considered," said an insurance man yesterday, "is the amount of capital the fire is bringing into Toronto. Practically all the insurance companies involved certainly have their headquarters in the United States or Great Britain, and following the usual procedure are drawing upon the home reserve funds."

Inquiry of several of the large companies bore out the assertion that the sums of war was being almost wholly supplied from outside. It was estimated that from \$7,000,000 to \$8,000,000 would be diverted into Toronto in this way. This was based on an estimated loss of \$10,000,000, with a 75 per cent. proportion of outstanding claims introduced for the satisfaction of claims, which would be a conservative calculation.

President of Co-operative Association Describes Objects

Bradford Peck, president of the Co-operative Association of America, is in the city. He arrived yesterday for the purpose of addressing a number of business and professional men on the advantages of co-operation in industrial effort. He is not a member of the Socialist party, he believes in the principles of socialism, and it is upon its fundamental principles that he has founded his association, and this is the platform:

"Collective ownership of all railroads, mines and public utilities, with the initiative and referendum and the imperative mandate and equal suffrage, selecting for public service persons who have demonstrated their works by their fitness to serve."

A grand national convention of the association will be held at St. Louis on June 17.

**ESO A SHOT.**

**£10,000 Vanishes When the Japanese Fleet Fires Its Guns.**

The enormous cost of modern naval warfare has been amply demonstrated by the recent battles in the east. On certain ships the costliest single shots have entailed an expense of \$80 each. These are from the 12-inch guns, and if every shot of the Japanese battleships and cruisers was discharged but once, the total would amount to over \$10,000, to be correct, \$10,311,750.

Take as an example the Mikasa, the flagship of Admiral Togo. The Mikasa is armed with four 12-inch guns, fourteen 6-inch guns, twenty 3-inch guns, six 2-pounder guns and six 1.2-pounder guns. These 12-inch guns each cost \$500, and every shot costs \$80. Two shots can be fired in a minute, and thus in a short quarter of an hour the Mikasa's four guns can discharge 120 shots at a cost of \$9,600. But while her 12-inch guns are booming, other guns keep up an incessant fire. Her fourteen 6-inch guns throw some 28 shells of 100 pounds weight each every minute, and, as each shell costs \$10, the total for 60 seconds is \$282. With her 20 3-inch guns she can hurl 240 shells a minute at a cost of \$2,400. The 6-inch guns, which are mounted on the deck of the ship, cost \$10 each, and fire 20 shells a minute at a cost of \$200. She has eleven 6-inch guns and twenty 3-inch guns (12-pounders). She also carries 25 one-pounders, the cost of firing all her guns once being \$54.

**Rankin's End-of.**

Bruce Camp Sons of Scotland held a banquet last night in the Temple Building to honor their past chief, Mr. Rankin, who is going away. Present Chief D. Ross was in the chair, and a large number of the members and friends were given by the following: Mr. Allen, bagpipes; Misses Duncan, in Highland dances; Bert Lloyd, humorist; Miss Wilson, John Alexander, Mr. Galacher, Mrs. Galacher, Master John Royce and Mrs. Farquhar, who made a great hit with her songs, "Will You No Come Back Again," and "Rolling Home to Bonnie Scotland," all present joining in the chorus.

**Office Furniture—A little better grade at a much lower price than you have seen is that sold by The Adams Furniture Company, Limited, City Hall Square.**

**Missed.**

Wednesday, May 11.—There was shooting in the park, but it was a very poor success of which that much-derided individual, the window peeper, was the only beneficiary. The shooting was done by Douglas Thompson, who lives next to Chief Zest's, and it was his misfortune that the peeper was looking. The shot was fired, the trigger pressed for several more shots, but the gun would not work, and the bystander made off seatless.

**DEFEAT ANOTHER MISSING**

Mrs. McNicol Left Her Home Tuesday Afternoon and Has Not Been Seen Since.

**TRAMPS DEMANDING A REWARD.**

Found Parole of the Late Charles Buckley—Conductor's Death an Accident.

Hamilton, May 11.—(Special.)—No tidings have been heard yet of Mrs. Thomas McNicol, 380 North Hughson-street, who left her home yesterday afternoon. To-night a man named Anderson saw a woman acting strangely at the high-level bridge. While he was notifying the police she disappeared. Mrs. McNicol's mind had been deranged by the death of her five children from diphtheria, and her friends fear that she may have jumped off the bridge into the canal.

**Accident Caused Death.**

A distressing incident was revealed at the inquest on the body of Charles Buckley, the G. T. R. conductor who fell off his train yesterday morning between Stony Creek and Whiston and was killed, two months ago, when the tramps turned up at the house with it. The jurors found that the conductor came to his death as a result of an accident. The remains will be forwarded to London tomorrow for burial.

The outlook for the mountain parks and drive does not appear to be very bright. The Parks and Recreation Commission is trying to secure options on the property that will be needed, and his report is not encouraging. Many of the owners are refusing to give options, and others are holding out for what the commission considers exorbitant prices. When Mr. Richardson has filed his report to make a special meeting of the board will be called.

**The Girls' Home.**

The annual meeting of the girls' home was held this afternoon. During the year 70 girls were admitted. The receipts were \$2312 and the expenditures \$2207. The following officers were elected: President, Mrs. F. M. Wilson; secretary, Miss Walker; recording secretary, Miss Walker; treasurer, Mrs. M. J. O'Connell; and Mrs. J. H. O'Connell, president of the board.

**Boxing vs. Prize Fighting.**

As to the correctness of the manager's contention that nothing can be done to stop a boxing bout, there is room for a great deal of doubt, according to views held by certain officials connected with the attorney-general's department. As yet there has been no statutory prohibition between boxing and prize fighting. The criminal code specifically provides against prize fighting, and the following definition of it is given: "Prize fight is, in sections 95 to 97, inclusive, the expression prize fight means an encounter or fight with fists or hands, between two persons who have met for such purposes, by previous agreement made by or on behalf of the parties, and in which the object is to win a prize, and which is not a boxing match." There is no definition given as to boxing, with the exception of in the index, where the word "boxing" appears.

**Police Has Orders to Stop.**

Since the agitation has been commenced and the law thus revealed on this point, it is becoming a matter of grave concern to what is the distinction between prize fighting and boxing, if, in fact, there is any distinction at all.

That there is none is held by many in a position to express an opinion. At all events, Chief Magistrate of the Ontario courts at Niagara Falls, which has been notified to stop the fight, which is understood by the attorney-general's department to be the intention of the Ontario government, is in a position to express an opinion. At all events, Chief Magistrate of the Ontario courts at Niagara Falls, which has been notified to stop the fight, which is understood by the attorney-general's department to be the intention of the Ontario government, is in a position to express an opinion.

**OLD LAW MAKES IT CRIME TO COME TO A TEND FIGHT**

Has Never Been Repealed and May Effectively Stop Intended Contest at Fort Erie.

Considerable interest is centered now in the assertion that the attorney-general's department intends prohibiting the fist encounter, advertised for May 16, at Fort Erie. The department received notification some time ago that a prize fight was going to be pulled off there on that date, and immediately notified the police there that under no conditions were they to allow it. A statement was made by Manager Carey of the International Athletic Club yesterday to the effect that the fight would be held on the day advertised. He further stated that there would be no danger of its being stopped, as this point had been fought out in the courts, and judgment was sufficiently clear to show that there could be no interference. He pointed out that this show will be a boxing bout, which, he adds, is perfectly legal in Canada. He further states that there is not an American interested in the club, the stock being held by Canadians.

CITY SLOW IN PREPARING FOR EXPROPRIATION CASE

Commissioner Fleming Opposed to Acquisition of Property on Front Street.

Commissioner Fleming has no fear that any of the city's tenants in the burned district will leave on account of a probable increase in their rentals. The majority of the leases do not expire for years, but he is waiting for the plans showing the property wanted by the G. T. R. before making any calculations. He has not yet figured on any price to be placed on the property by the city at the meeting of the railway commission on the 17th inst., when the matter will come up.

The question of rentals can be settled by arbitration if the tenants think we are charging them too much," said the commissioner, "but the city is not going to hold anybody up. Some of them think they can get better terms now than in a year or two hence, but they will see that all is to be treated in the same way. There have, not long ago, been rentals fixed which will form a basis for future negotiations."

Mr. Fleming was of opinion that the railway company would use the property for three lines and would probably desire to close the Esplanade between Yonge and York and start a new street running from Station-street to the lane between the custom house and the examining warehouse on the east. This would close Bay and Lorne streets below the new street and afford good shipping facilities for the warehouses to be erected on Front-street.

The commissioner was opposed to the acquisition by the company of all of the property to the Front-street line. "If you want to know what effect it would have on the street," said Mr. Fleming, "look at Front-street west of Simcoe. The only ground upon which I would favor it would be that there should be erected on the property a new union depot."

Mayor Urquhart also took this position, but had not considered the question, as the board of control was awaiting the reports of the commissioner and the city solicitor. "We could not use the money received from the expropriation for current expenditure," said his worship. "It would have to be placed to the credit of capital account, and all that could get would be the interest, which would likely be less than the amount we have been receiving from the rentals."

It is impossible as yet to say what the attitude of the city will be when the question is brought before the railway commission on Tuesday next. There has been apparently nothing done as yet to protect the city's interests, and the board of control will be compelled to act quickly in order to have the matter presented properly before the commission.

FAULTS AMONG MINISTERS ALSO AMONG CHURCH-GOERS

Rev. Mr. Pigeon Believes That Societies and Organizations Are Submerging the Church.

Yesterday morning the Presbyterian synod reassembled in Knox Church, the new moderator, Rev. J. A. McKee, presiding. The treasurer's statement of the synod fund showed receipts \$24 and expenditures \$33. Rev. W. R. McIntosh reported on the Young People's Societies. The total number was 166, a decrease of 6; 56 were Christian Endeavor societies and one a literary society. Toronto had 21 societies, an increase of 7.

"Uniformity is not good Christianity any more than good art," said the report. Rev. Mr. Potter, Peterboro, would establish Young Men's Guilds, and Rev. J. R. Robinson, Guelph, wished to support field secretaries. Rev. J. B. Fraser, D.D., Assan, presented the report of the Sunday school committee. The adoption of improved methods of equipment and to further the efficiency of the schools was dwelt upon. Toronto has 36 schools, with 153 teachers and officers, and 15,221 scholars.

Wylie C. Clark presented the augmentation fund report. The receipts amounted to \$185, about \$100 increase. Only six congregations out of 330 support the fund, and 45 congregations had been assisted. Rev. Dr. Lyle spoke at some length on the administration of the fund, and the synod after hearing him passed a resolution in favor of raising the minimum of \$50 paid to weak congregations.

Ministerial Adaptability. Rev. George Bruce, D.D., opened the afternoon discussion on "Ministerial Adaptability." In their call to the ministry they require the skill and tact of the fisherman with the devotion of the map. Paul's desire that he should by all means save or catch some was a literal application of the idea. He would not place on the minister the study of the Bible and theological knowledge. Yet they had not the familiarity with and knowledge of the people to whom they preached which was necessary in order to reach their hearts.

Dr. Bruce referred to the work of the Salvation Army, with the submerged tenth. They used methods which he would rather do without, but he knew what it was to stand where it seemed complete. Church members were bound to ritual and missals they were bound by ecclesiastical formalities and tradition, which prevented them entering into the hearts of the people.

Loss One Among the Many. Rev. Alfred Gandier thought that none of them valued as they should the individual soul, individual cases being lost sight of in the mass of church work. They were satisfied with a large and successful congregation without getting the personal grip.

Dr. McTavish said that independently of all other things they must have a love for men. Naturally there were men he could not love, and would stand away from, and it was only by being possessed of the passion for men inspired by the love of Christ that they could come into touch with such ready ones. Belief in their message should take the place of literary study and attractiveness.

EVERY WEDNESDAY

In addition to the usual complete and reliable reports of the live stock and provision markets that always appear in

THE TORONTO DAILY WORLD

A special page prepared by experts will be devoted each and every Wednesday to the

LIVE STOCK AND FARMING INTERESTS OF THE COUNTRY.

Every Farmer, Every Breeder, Every Dealer, Every Livyman, Every Dairyman, Every Horseman

In particular should subscribe for a paper that, while paying special attention to their industries, is yet

PUBLISHED FOR ALL.

and is acknowledged to be at once first in giving

THE WORLD'S NEWS

and in SAFEGUARDING THE INTERESTS OF THE WHOLE COMMUNITY

IN THE WEDNESDAY EDITION

the agriculturist will especially find exactly the information he is looking for and that will protect his interests in disposing of his products, as well as tell him where and when to find THE MOST ADVANTAGEOUS MARKET. By consulting

THE TORONTO DAILY WORLD

not only on this particular day, but every day, he will SAVE MANY DOLLARS and become possessed of

All the News All the Time The Subscription Price

is \$5 a year, both for The Daily World and The Sunday World, or for 365 consecutive days, with one throw in this year. Fractional periods for both papers can be subscribed for at proportionate rates. The Sunday World gives all the news up to the latest moment on Saturday night, 35 hours ahead of any other paper in Ontario, and makes a special feature of many matters of general and public interest. Its cable news, its sporting news, its society news, its local news, its special articles, its market reports and its general comments are bright, comprehensive, trustworthy, original and close up to the moment.

As an Advertising Medium THE DAILY WORLD THE SUNDAY WORLD and THE SPECIAL LIVE STOCK WORLD

are all unexcelled and unequalled, reaching

Forty Thousand Subscribers

While THE SPECIAL LIVE STOCK EDITION each and every Wednesday will afford exceptional facilities to the BREEDER, DEALER, FARMER, DAIRYMAN and PRODUCE MERCHANT.

SPECIAL ARRANGEMENTS

will be made for season announcements of STALLIONS, BULLS, RAMS AND BOARS

while advertisements of sales, either auction or private, of farms to be disposed of and of announcements of any kind, whether or not referring to the live stock or farming interests, will receive liberal treatment and prompt attention.

SPECIAL NOTICE

NEWS NOTES, REPORTS OF SALES and facts referring to the state of the Live Stock and Produce Markets are invited from all parts and sections of Canada. They should reach The World office on Monday and not later than Tuesday of each week, and should be addressed to

LIVE STOCK DEPARTMENT, DAILY WORLD

83 YONGE-ST., - TORONTO, ONT. to which address all subscriptions and enquiries should also be directed.

Schlitz Beer is Good for You When the patient is weak, the doctor says "Drink Beer." When the nerves need food, beer is the usual prescription. So in insomnia; so in nervousness. The doctor knows that malt and hops are nerve foods and tonics. And he knows that most people drink too little fluid to rid the system of waste. He knows that pure beer is good for you. That is why he says "Schlitz." He knows that Schlitz beer is brewed in absolute cleanliness. It is even cooled in filtered air. And every bottle is sterilized. Half the cost of our brewing is spent to insure absolute purity. Ask for the brewery bottling. R. K. Barker, 27 1/2 Front Street, East, Toronto.

**AT 10**  
Great Values in Ladies' Fawn Cloth and Tweed Coats

Expected Revenues Judiciously Boosted and Estimated Expenditures Lowered for Economy's Sake.

The city treasurer yesterday submitted to the board of control the draft estimates for the current year, fixing the tax rate at 17-8 mills. The total revenue was placed at \$3,322,119, of which \$2,798,410 would have to be raised by taxation. The total assessment for the year is \$11,668,154, an increase of slightly over \$3,000,000 above last year. In order to reduce the rate to 19 mills, the board found it would be necessary to account for \$124,000, either by adding to revenue account or cutting down expenditures.

The first process was taken up and \$20,000 was added to the estimates. Rentals from water-takers. The mayor stated he had assurances that the Industrial Exhibition would yield a revenue of between \$30,000 and \$40,000, but the city accountant promptly assured him it would not affect the taxation, as any surplus must be applied to the liabilities of the association. The board also added \$5,000 to the estimated rentals of city property, \$2000 to city licenses, \$1000 on police court fees, and \$10,000 to the estimated receipts from the Toronto Railway Company. This made the estimate from this source \$255,500 as against \$206,932 actually received in 1903.

Other additions were in fees funded to the city, \$500; receipts from other sources, \$400; estimated amount to be received in excess of estimates, \$500. The board decided that any exhibition surplus might be included in the general receipts for the year, and included \$30,000 on this account, the total additions to revenue amounted to \$380,000. From this, however, should be taken \$12,000 decrease in cattle market fees. A reduction of \$1500 was made in the estimated expenditure of the law department, \$1000 coming of counsel fees, and \$500 off law costs. In the water-works department, an item of \$10,000 for miscellaneous expenditures was reduced by \$1000. The board desired to cut \$10,000 out of the board of education's appropriation. The school rates is now 5-8 mills, against 5-3 mills last year. It was decided to consult the other board before taking any action.

On motion of Controller Shaw, it was decided to increase the salaries of the members of the court of revision from \$700 to \$900 per annum. The board will meet again to-day, when it is expected a rate will be struck.

**WESTERN HOSPITAL TO ENLARGE.**  
Plans Under Way for Extensive Additions to Be Made Occasionally.

The site of the Toronto Western Hospital, of four acres, on Bathurst-street, has now been purchased. The hospital has now over 100 patients, and will soon have beds for 150 patients. It will then rank among the large hospitals of the United States. There has always been a connection with the hospital a training school for nurses. E. J. Lennox is now drawing a plan for a hospital of at least 400 beds, a portion of which will be erected from time to time.

Several donations have been received recently. E. B. Osler, \$1000; H. C. Hammond \$500; C. D. Massey \$100; M. Langmuir \$50; Elias Rogers \$50; E. B. Crane \$25; A. C. Crane \$25; W. L. Tomlin \$100; C. Powell \$25; Mr. Fasken \$100; Dr. G. McKibbin \$50; James C. McGehee \$25; Drs. Galloway and Mackenzie \$50; Dr. J. A. Beatty \$50; Dr. G. H. Carveth \$50; Dr. J. Henderson McPaul \$50; Dr. J. Bascom \$50; B. B. Bounby \$25. The Women's Auxiliary Board has been instrumental in raising at various times amounts to the amount of \$3000. The Western Hospital has made extensive use of the tent system of treating patients, with the most gratifying results.

**CAUGHT IN AN AMBUSH.**  
Seventeen American Officers Slaughtered by Moros.

Manila, May 11.—Lieut. Winfield Harper and 39 men of F Company of the Seventeenth U. S. Infantry, were caught on May 8 in an ambush by seven hundred Moros. Two American officers and fifteen men were killed and five men were wounded. The ambush occurred at Simpatan, on the east shore of Lake Liguanan, Island of Mindanao.

**CANCEL PASSAGES.**  
London, May 11.—(C.A.P.)—W. T. R. Preston has received many letters regarding the truth of the statement contained in a Montreal cablegram to the Chronicle yesterday, which stated that a dozen Londoners returning from Canada were disgusted with their experience. They complain that they have been misled by land speculators. The writers of the majority of the letters Mr. Preston received declare their intention to cancel their passages to the Chronicle cable.

**BELIEVE IN JOE.**  
London, May 11.—(C.A.P.)—The Duke of Sutherland, interviewed at Liverpool yesterday, said that during his visit to Canada he had met strong expressions in favor of the Chamberlain plan, and that there was an earnest desire that Chamberlain should visit Canada. The Duke said there seemed some danger of Canada becoming Americanized, and that the Canadian and Imperial governments should devise some means of inducing Britons to settle in Canada. Canadian manufacturers were willing to work in co-operation with English manufacturers in order not to interfere with each other's prosperity.

**Missed the Safe.**  
Port Dalhousie, May 11.—Murphy & Scott's general store was broken into and rifled of small change, but the safe, where the money was placed, was not troubled.

**Bought Two Cruisers.**  
Santiago de Chile, May 11.—The Chilean cruisers Esmeralda and Chacabuco have been sold to Charles B. Flint of New York. The contract price is \$5,150,000. Both are fast vessels.

**Fourteen and Married.**  
Sandwich, May 11.—Lucier, 18 years of age, is under arrest on a charge of abduction. He induced Eva Major, said to be 14, to marry him in Detroit. Lucier will be prosecuted.

**Sixty-Four Dwarfs.**  
New York, May 11.—The steamer Rotterdam, which arrived to-day from Rotterdam and Boulogne, brought as second cabin passengers 64 dwarfs, who are trained performers.

**Smiler and Suicide.**  
Menominee, Mich., May 11.—With a razor Fred Zimmerman of Neenah, Wis., murdered his wife to-day and committed suicide.

**Leaves Newfoundland.**  
St. John's, Nfld., May 11.—Gov. Boyle left Newfoundland last night for New York, whence he will sail next Wednesday for England.

**CASTORIA.**  
The Kind You Have Always Bought  
Beware of cheap imitations.

**SAFFORD'S**  
Mechanical and Scientific Reason

find their highest fulfillment, their most practical application and their complete and world-wide acceptance in that unique and most successful of all heating systems, the "SAFFORD" RADIATOR AND "DAISY" BOILER.

If you ask us the why and the wherefore, in reply we point with pride and satisfaction to the fact that every civilized country in the world using this class of heating appliance has adopted the "SAFFORD" as its leader and used it in their finest and most expensive buildings. This has been accomplished upon actual merit alone, and it is a record to which no other radiator under the sun can point. The secret of this unparalleled success lies in the perfection of the mechanical processes and the application of mechanical skill based upon scientific facts and long experience. Upon this subject of perfection of mechanical construction we shall have more to say in "SAFFORD" Article No. 4, which will appear in this paper on Saturday next.

Illustrated Catalogue, with full description and designs, sent on application.

**Sweep Out the Night Before**  
Or Police May Find it Necessary to Warn Shopkeepers.

Street Commissioner Jones started last night his flushing system to prevent the dust nuisance. Eleven miles of pavement were covered by the water carts and four bush sweepers. The work is confined to the streets on the east side and the entire downtown district is included. The commissioner expects to have the work completed at 6:30 or 7 a. m., and the army of white wings was instructed to first remove from the curb the sweepings of the night force.

Many storekeepers, however, sweep out their shops in the morning, after the brushes have gone over the streets, and this creates much dust. The commissioner is therefore warning shopkeepers to sweep out their premises before the water carts pass, and to have the work completed at 6:30 or 7 a. m., and the army of white wings was instructed to first remove from the curb the sweepings of the night force.

Most storekeepers, however, sweep out their shops in the morning, after the brushes have gone over the streets, and this creates much dust. The commissioner is therefore warning shopkeepers to sweep out their premises before the water carts pass, and to have the work completed at 6:30 or 7 a. m., and the army of white wings was instructed to first remove from the curb the sweepings of the night force.

**BATTLE OF THE YALU RIVER**  
362 RUSSIANS ON FIELD

Most of Japs' Enemies Who Surrendered at Hamatau Were Wounded—Much Munitions.

Antung, May 11.—An official report of casualties at the battle of the Yalu River shows a list of thirty-one Japanese officers killed and twenty-nine wounded, one hundred and sixty-two killed and six hundred and sixty-six wounded. On the Russian side, 1307 men were found dead on the field, four hundred and seventy-five wounded are in Japanese hospitals, and one hundred and thirty-eight men were taken prisoners.

Most of the Russians who surrendered at Hamatau were of Chinese descent, where the Japanese charged the Russian rear guard, were wounded. Russian soldiers who have since died in hospitals are buried on a hill-top near Antung, and were followed to the grave by a Japanese guard of honor. A Danish missionary, the only foreigner living at Antung, read the funeral services over the remains, and the captured Russian munitions of war being brought into Antung, include twenty field pieces, ten machine guns, much small arms ammunition, twenty transport wagons, two ambulances and band instruments, the latter performed with bullets. Most of these things were abandoned in the precipitate flight of the Russian troops.

**A Remarkable Special**

We are making a very decided sacrifice of one of our splendid lines as an advertisement, giving our customers some of the money we would otherwise spend with the newspapers.

**Style "H" Walnut "Morris"**

4 feet, 8 inches high (same size as our 4 ft. 10 in.), Colonial finish. Regular \$425.00. Special \$315.00.

This is an opportunity that seldom comes to get a high class piano for a very small price.

**All Used Up By Headaches.**

Could Not Eat or Work—Powder and Quick Cures of No Avail—Lasting Cure Obtained From

**Dr. Chase's Nerve Food.**

This case of Mr. Barber well illustrates the way in which Dr. Chase's Nerve Food cures headache, "nerve" and "brain" troubles. He tried the usual "quick cures" first, but without obtaining benefit. It is a well known fact that such remedies when they do bring temporary relief do so with a tremendous waste of nerve force and consequent injury to the system.

Dr. Chase's Nerve Food cures by enriching the blood, vitalizing the nerves and building up the system. Headache as well as all other symptoms, disappear as the system is restored. Headache as well as its influence, its cure is lasting, because it removes the cause of trouble.

Mr. C. Barber, Simco, Ont., writes: "Dr. Chase's Nerve Food is a splendid medicine. I was troubled for a long time with headaches, which would come on about once a week with such violence that I could not eat or do my work. I tried headache powders and quick cures, which did no good. "About eight months ago I took six boxes of Dr. Chase's Nerve Food, and I have not been troubled with headache since. It made a thorough and lasting cure."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

**LOSS BY FIRE**

Many of the losses in the recent Toronto fire could have been avoided if valuable securities had been placed in a box in our safe deposit vault, which is positively fire and burglar proof. Boxes to rent from \$2 a year upwards.

Montreal, 12th April, 1904.

**SHOT BY HIS SON.**

Paris, May 11.—St. Denis, in the east end of Paris, was the scene of a sad tragedy yesterday evening.

M. Trome and his son John, 17 years of age, had been to a funeral in the afternoon, and after leaving the cemetery had visited a number of wine shops.

When they finally reached home, M. Trome received a letter with violent threats from his son, who was in a state of intoxication. The father held the blame on his son, and the son asserted that it was his father's fault.

A quarrel ensued, in the course of which the young man suddenly exclaimed, "I see I am not wanted here. Good-bye, mother." At the same moment he reached for a revolver and fired two shots, one of which entered his head, while the other lodged in his chest.

This terrible scene had taken place so quickly that neither of the unfortunate boy's parents had time to interfere, and before they could recover from their horror the victim raised himself from the floor and called out to his father, "You are the cause of my death, and you shall die also. There was another shot, and the father, shot in the back, fell heavily to the ground.

The condition of the son leaves no hope of recovery, and it is feared that the father must likewise succumb to his injuries.
