Tube System Favored Only Means of Relief From Traffic Packing

City Council Appoints a Committee to Consider Underground System - Controller Hocken Takes Lead in Fight for Rapid Transportation to Suburbs.

The city council is to consider seriously the establishing of an underground street railway service, as a means of rapid transit from the centre to the outlying portions of the city.

Some months ago the Kearney Construction Co., London, Eng., asked City Engineer Rust to look into their proposition of an underground or subway system, which, it was estimated, would cost a million dollars a mile to build.

The project appeared to strike the board of control at that time as rather a visionary, but since then has come a realization of the hopelessness of getting the needed car line out of the street way, and the "tuber" idea has gained ground.

Relief From Congestion. In appointing a special committee to negotiate further with the company, it was unanimously agreed that the city should enquire into the practicability of seeking relief to the present congestion of traffic thru one of the few channels open.

The controller, after expressing confidence that the committee would be able to present a well-thought-out scheme, declared that there were enough surface tracks on the city to run a system of subways that I am sure will command the united support of the citizens, and council," he went on.

Only Solution. The controller declared that the subway solution was the only one. He wished the newspapers to withhold their criticisms until he had the details ready.

Mayor Impressed. Mayor Oliver himself impressed the proposal of an underground railway. The outlying districts were certainly much in need of a service, and he thought it might be possible to build a subway, say 2-1/2 miles up Yonge-street, and another out west. The railway having no surface street railway mileage of any city of its size in America, this condition could not be met.

Water Rates Adopted. The household water rates as recommended by the special committee were carried with Aid. Foster, as usual, dissenting. This means that for the future the rate will be 50c per room instead of 25c per room and 25c per inch of water.

U. S. Tariff Tinkering. The duty on structural iron and steel valued at more than \$-10 of a cent, a pound was increased by the senate from 3-10 to 4-10 of a cent per pound.

What Council Did

Special committee appointed to secure improved street-railway service, and to consider establishing underground railways.

Resolution favoring deepening of Welland Canal to 22 feet, or construction of a new canal of that depth, carried unanimously.

Call for tenders for 30,000 feet of 12-inch water mains.

Last Desperate Attempts Made To Frustrate City's Wish By the Issuing of Injunctions.

HAMILTON, June 28.—(Special.)—The expected happened this evening when an injunction was served on the mayor and city clerk to prevent the council from applying to the hydro-electric commission for a supply of power. The injunction was issued by Judge Monck this evening on the application of R. S. Morris, a stockbroker.

On the top of all that, Mr. Morris notified each member of the council thru Mr. Kerr, that he would hold each of them liable for any loss the city might sustain in or thru the making of a contract with the commission.

Council Will Wait. In the face of the interim injunction, the council decided this evening to delay making the application to the commission until the courts had decided the matter.

RETIREMENT OF H. D. LUMSDEN Thought To Be Due to Findings of Arbitration Board to Determine Cost of Construction of Notorious District F.

REVIVES THE OLD CHARGES OF OVER-CLASSIFICATION

OTTAWA, June 28.—(Special.)—To-day Hugh D. Lumsden, chief engineer since the National Transcontinental Railway Commission was organized in 1904, resigned his post. He gives no explanation.

"I have my reasons," he said, "but I am not going to say anything about them."

As his appointment was made by the government itself, his letter of resignation goes to the minister of railways, and as Mr. Graham will not return to town till Wednesday, its contents remain unknown. Hon. Mr. Parent, chairman of the commission, regards this fact as imposing on him an obligation to remain quiet.

This event comes at a juncture when the steady and persistent rumors of trouble over the classification on district F, the stretch from Winnipeg to Superior Junction, it was over the classification and the classification upon it, that Major Hodgins came to grief. His charges were succeeded by even more serious allegations of over-classification made by the G. T. P. Co. thru its assistant engineer, Woods. In the excitement over Major Hodgins' withdrawal of the personal imputations with which he complicated the real charge of over-classification, the more serious allegations made by the G. T. P. were lost sight of by the public.

Appointed Arbitration Board. More recently it became necessary for the cost of the section to be ascertained, as the time was drawing near for the G. T. P. to take it over. A board of arbitration was appointed, consisting of Collingwood Schreiber, formerly deputy minister of railways, and now government consulting engineer, and Mr. Keller, chief engineer of the G. T. P., and Mr. Lumsden, as members.

This board went over the section from end to end, making a careful examination, as the time was drawing near for the G. T. P. to take it over. A board of arbitration was appointed, consisting of Collingwood Schreiber, formerly deputy minister of railways, and now government consulting engineer, and Mr. Keller, chief engineer of the G. T. P., and Mr. Lumsden, as members.

When the Winnipeg rumors were published, it was exactly at the time when the G.T.P. could have learned from its engineer, Keller, the substance of the report which would have been made.

It is stated that there have been complaints as to the arbitrary methods of the board of arbitration, that, for instance, they have refused to give a hearing to contractors and engineers, and that the result of a proceeding would be that if the contractors took into court the matter of a disputed account, they were allowed by the court a higher payment than that allowed by the board, the government would be paying the full price, while the G. T. P. railway would only pay interest on the reduced amount. This procedure it is said has helped to bring about the strained relations between the board and in particular Mr. Lumsden, and the commission.

NO INCREASED FEES FOR KINRADE JURORS

Government Declines to Put Up-Council Further Delay in Approving the Account.

HAMILTON, June 28.—(Special.)—The by-law to prohibit fruit pedlars from doing business on the streets was withdrawn in council to-night and the way of defining the area in which moving picture shows may locate was referred back to the committee. W. D. McJannet's bill for \$250 for taking evidence at the Kinrade inquest was passed, but the bills for the jurors were not presented, though it was stated that the government had declined to allow them an increase for Art School Situation.

The governors of the Hamilton Art School and the technical committee of the board of education met to-night to consider the question of taking over the art school by the board of education. A committee of three members of the city council, F. J. Orr, Howell, Thomas Hobson and J. Orr Callaghan, was appointed to meet a similar committee of the board of education, Adam Brown, city, Dr. Lyle and J. F. Lehman were appointed to represent the art school. They will report back to the board of education in a week from Thursday and some arrangement by which the board will take over the school will likely be made.

ONTARIO CROPS

Supplementary Report issued Owing to Late Season.

A supplementary crop report is being distributed by the Ontario Department of Agriculture, owing to the planting being too late for the May schedule. The present report promises a large yield of fall wheat, but it will be about ten days later than usual. Clover hay will be very valuable in yield. Oats and barley were being put in as late as June 10, and corn even later. Potatoes were planted late, but in a number of provinces the acreage will be greater than last year.

Mangold Crop May Be Light.

GUELPH, June 28.—(Special.)—The first crop of the year, the alfalfa crop, is being harvested at the Ontario Agricultural College to-day from a fine thirty-acre field.

Professor Zavitz says that crop conditions in the province generally are exceptionally good, with perhaps one exception, mangolds, which are not germinating as well as they should. The average crop of mangolds for the province is about seventy thousand bushels.

There are complaints heard from quarters about the need of rain, but these were not frequent and so far as this section of the province is concerned the growth is simply great.

OBITUARY.

George Ward.

At the residence of his son-in-law, 161 Howland-avenue, the death occurred Sunday of George Ward, who for many years was prominent in the public life of the north of England. Mr. Ward, who was in his 86th year, has been a resident of Toronto for 15 or 16 years. He was a well-known platform speaker, and was engaged in regard in the church defence movement as well as assisting in the home rule campaign. The latter years of his life were devoted to parochial work in St. Cyprian's parish in Toronto. He was a native of Norfolk. The late Mr. Ward had a large family, of whom five sons and seven daughters besides the widow survive him.

William Black.

COBourg, June 28.—Wm. Black, chairman of the board of license commissioners for West Northumberland, and chairman of the Cobourg College Institute Board, died to-day after a week's illness. Mr. and Mrs. Black were preparing to leave town for a month's outing when he was stricken. He was one of Cobourg's successful merchants and a few years ago retired from business. He leaves two sons, Arthur, confidential secretary of H. L. Black, one of New York's millionaires, and Alexander, banker at Saskatoon; three brothers, F. J. Black, Tweed; H. R. Black of New York; Robert Black, Arlson, and one sister, Mrs. Pringle of this town.

seated together with a small child perched on the knee of one whom I took to be the father. I was looking for something like this. I approached my friends in a don't-care-what-became-of-me sort of way and sat very close to the "father." I endeavored to enter into conversation with him, but he evidently knew his better half better than I did and preferred to leave me to myself. "Are you not afraid the boy may catch cold?" I observed. Papa looked at me and said "mind your own business" with his eyes. I did.

I sat for some time and listened to the ladies on the band stand. Soon, however, he left them and communicated a tip to me. I left and made my way to the scenic railway. I waited till I saw a number about to board a motor car, and then hurriedly purchased two tickets for Elsie, trusty maid, and myself. Once round was enough for Elsie.

On leaving the car I purposely left my handkerchief behind, which was my name "Dolly Dimples," worked in red by myself on all corners. Seeing that Elsie did not come to patronize anything at the scenic railway, I again suggested a ride on the small puff-puff. I counted five gentlemen and four ladies about. We returned in half an hour, without even a look of suspicion.

I had by this time returned to my usual state of confidence and was itching to play something good. My co-operator had promised to meet me among the crowd during the open air vaudeville performance. I noticed he again had company. A young, smart-looking fellow, presumably about 24 or 25 years of age, clean shaven and wearing a dark suit and straw hat. I was "signalled" to approach. Whereupon—

I was politely introduced to a Mr. Hay. He evidently was engrossed in conversation with my accomplice. I noticed he was wearing a watch and I noticed his white waistcoat was buttoned. (What a chance!) "Oh, what is this?" I said, referring to a pendant hanging from the gentleman's chain, replying as he promised to meet me more my friend had made a quick gesture towards the acrobats, who were looking on with interest at the gentleman in question resides at 12 Vermont-avenue and that my co-operator drew his attention to his loss by asking the time soon after my retreat. The watch will be at the World office and may be reclaimed, sir, at your convenience. Let everyone be on hand to-night.

WOMAN RUNS AMUCK

Crazed With Liquor Attacks Girl in Queen Street.

Crazed with liquor, Clara Simpkins ran amuck in Queen-street yesterday afternoon and before she was overcome by the police, she had attacked several able-bodied men and a little girl.

She ran out of the store in a wild state of excitement, slashing right and left with her hands, smashing the hats of and attempting to lay hold of the men about all of whom ran from her. Then she turned her attention to a girl, Paulina Bell, 129 Jarvis-street, grabbing her by the hair and pulling her down, finally banging her head on the sidewalk. Several men ran to the girl's assistance. She turned on them and they decamped, but at length a couple of policemen seized her and she was hurried off in a taxicab to the police station.

Found Hanging by Wife.

OTTAWA, June 28.—P. Charbon of Gaitheau Point, aged 45, was found hanging in his bed by his wife. He had been in ill-health and despondent.

NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL.

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.

Doan's Kidney Pills are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural. They help the kidneys to flush away acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable and may be safely taken by young and old.

Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you.

Mrs. M. Bryanton, Spring Valley, P.E.I., writes: "I was troubled with my kidneys for two years. They were so bad at times that I could not cross the floor for the pain. I tried a doctor but he did me no good at all. I bought my nearest druggist and got four boxes of Doan's Kidney Pills, and I am glad to say that after taking them I have had no more trouble for nearly three years now." Price 50c per box, or 3 for \$1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

Tug Fireman Drowns at Soo.

SAULT STE. MARIE, Ont., June 28.—(Special.)—John Malmberg of the Michigan Soo, fireman on the tug Schenck, was drowned at Canadian locks this afternoon. The Schenck was towing the Manilla down to the canal and when the tug tied up at a pier at the upper approach the Manilla followed her down and pinched the tug against the pier. Malmberg, down below, heard the noise and ran up. It is not known whether the breaking of the line on the tug swept him over or whether he attempted to jump to the pier.

Painful Curiosity.

BROCKVILLE, June 28.—(Special.)—A led named Dowdall ran across a fog signal at the home of a railway brakeman and started experimenting by driving nail into it. In the explosion that followed, the hand was lacerated and one finger blown off.

The new illustrated calendar published by the Ontario Ladies' College at Whitby, is one of the most complete and artistic of the year. Various views are given of the exterior and interior of the college buildings, as well as of groups of students, members of the staff, &c. The Ontario Ladies' College is justly regarded as one of the most efficient and progressive educational institutions. The college stands for exact scholarship, pleasant home life, and that type of exterior culture that grows in a Christian atmosphere.

CITY TO ASK TENDERS FOR 30,000 FEET PIPE

Will Risk Suit With Canada Foundry—Contract For Centrifugal Pump.

By the close vote of 13 to 11 the city council yesterday decided to risk the danger of a suit for damages by the Canada Foundry and to advertise for tenders for the 30,000 feet of 12-inch water main, the construction of which was authorized by the ratepayers on June 6.

The trouble arose from the fact that last March the city contracted with the Canada Foundry to supply 30,000 feet of 12-inch pipe. Last year only 10,000 feet were used, and when the 10,000 feet were used, the city had no idea what the demands would be above the normal. The question to be solved was whether the city should be bound under the circumstances to pay for the unusually large supply at the rates, which, it is stated, other companies are willing to undercut by 10 per cent.

The debate was a long one, but the arguments were mainly the same. The mayor, Controller Hooker and the other pipe advocates stood by the contract, pointed out that the city solicitor advised it was binding, that the city's liability was at stake, and that there might be heavy damages to be paid. The other side, led by Controller Geary and Ald. Foster, contended that, as the contract did not contemplate the special demands, it should not hold, and that if the city could save \$10,000 or \$15,000 on the \$40,000 contract, it should be done.

Ald. Foster's motion was "that the board of control be instructed to call for tenders for the extension of the waterworks system as authorized by the bylaw sanctioned by the ratepayers June 6 last."

For-Controllers Harrison, Geary and Ward, Ald. O'Neill, Chisholm, Church, J. J. Graham, Adamson, Bredin, Elton, Welch, Foster and R. H. Graham—13. Against—The mayor, Controller Hooker, Ald. McGhie, Adams, McCullin, Dunn and Keeler—11.

Contract for Pump. After a hard struggle and much lobbying changes on both sides the John Inglis Co., Toronto, was awarded the contract for the centrifugal pump. The local company's tender was \$284 lower than that of its rival, the John MacDougall Co., Montreal, but because the latter guaranteed a higher pumping capacity, the city engineer recommended acceptance of its tender. Later the Inglis Co. offered to make an equal guarantee.

L. E. Gibbons, business agent of the local machinists' union, asked that the tender of the Inglis Co. be rejected unless the company would agree to give its workmen the nine-hour day.

"An immoral business proposition," was the cry against the tender, and the union proposed to allow the Inglis Co. to amend its tender so as to guarantee as high pumping capacity as that of the MacDougall Co. Ald. McCullin's motion to accept the Inglis tender was barely carried, as a two-thirds vote was necessary.

For-Controller Geary, Ald. Anderson, McCullin, Hilton, Welch, Dunn, R. H. Graham, Adams, Bredin, Church, Chisholm, J. J. Graham, McMurrich and Vaughan—15. Against—Controllers Hooker, Ward and Harrison, Ald. Keeler, Foster, McGhie and Baile—10.

Vote for New Schools. Controller Hooker, who is a consistent advocate of sending all capital expenditures on school buildings to new schools and enlarging others, was dealt with. He objected to the city council being made responsible for the Dominion Day table embracing five round trips, leaving Toronto at 9 and 11 a.m., 2.30, 4.30 and 10 p.m., with extra trips from Hamilton at 7.30 and 4.30 p.m.

Wm. Robinson, ex-M. L. A., Very Ill. KINGSTON, June 25.—(Special.)—William Robinson, ex-M.L.A., spending the summer at Sherbrooke, was taken suddenly ill and has undergone an operation at the General Hospital. It is not known yet whether he will stand the severe test. He is 87 years old and Kingston's veteran citizen. It was he who gave the casting vote that ousted the John Sandfield MacDonald government from power in Ontario and put Oliver Mowat into office.

Tea is more susceptible to foreign influences than even butter. This is why it should never be exposed to the air or sold in bulk form. The sealed lead packets of "Salada" tea preserve the tea in all its native goodness. Insist upon "Salada."

Oil For Sprinkling. The city will expend \$400 on 10,000 gallons of crude oil to be used on macadam roadways in allaying the dust. Dr. Fisher has been already experimenting along this line with satisfactory results. Ald. Foster and Dunn objected to the alleged offensive odor, but had no support.

SCHOOLS SHOULD BE RUN AS A MUNICIPAL BODY

Paper by Prof. Gill Before Joint Educational, Health and Physical Training Conference.

A joint educational, public health and physical training conference was held in the physics building, Lady Aberdeen and Lady Grey being present. A paper by Prof. Wm. Gill of Philadelphia was read by Mrs. Loring Spence. A proposition to revive corporal punishment, he said, made by 17 per cent of the principals of the New York public schools, was refused by the board of education of that city. Public sentiment favors nothing calculated to lower the moral tone of the school and would not sanction corporal punishment.

The schools should be conducted as municipal cities with regular municipal officers elected by the pupil citizens. The pupils become interested in the self-government and when the people are interested in public affairs wrongdoing cannot flourish. The aim of the school city is the development, not only of the school in higher lines, but ultimately of ideal citizens. The study of the science of government is the best means of this.

The United States military government of Cuba placed this method in the 3600 public schools of that city. The Hawaiian territorial government has put the method in use in all its schools.

Reading for the Child. Miss Maud Edgar said upon the parents' influence by the young is the responsibility for the moral tone of the public schools. The importance of literature for the young could not be over-estimated. The personal of a sensational novel may be fatal to the moral views of a young reader. The craze for excitement by the young is evinced by the multitude who attend weekly matinees and "what frenzied mirrors their minds must be before the days of childhood are past!"

Hon. Mrs. Franklin, Great Britain, spoke on moral instruction in schools. "Too often," said Mrs. Franklin, "we worship the apparatus of teaching and lose sight of the spirit which should underlie it." Leaving aside the question of Bible lessons, the method of teaching morality by special lessons in honesty and truthfulness lacks a spirit which is to be found when children are placed with the fine literature of the world.

"We pervertize the mental food to an extent which no doctor would regard as safe for our children's physical food." Moral teaching to be effective must reflect the home life as well as of the school.

In spite of our over-strenuousness there must be possibility for an age which has seen the founding of the International Council of Women.

Don't Deceive the Boy. Rev. Dr. Sylvanus Stoll of Philadelphia addressed the conference on "Infant children, beginning to talk, ask their parents regarding their topic. Hundreds and thousands of parents would tell their children if they knew 'how.' He would first give an explanation of difference between creation and the power to perpetuate as illustrated in vegetation, as in the transmission of the groten in the ear of corn. He warned parents against giving children false ideas. "When you deceive your child you teach a lesson in deceit which he or she will repeat upon you with success."

Delegates in Muskoka. Fifteen leading delegates of the International Council Women paid a visit to the Muskoka Cottage Sanatorium and Muskoka Free Hospital for Consumptives on Saturday. Among distinguished visitors were: Lady Aberdeen, Ireland; Mrs. Jessie McEwen, Brandon; Kate-Walter Barrett, Alexandria, Va.; Anne Guich, Denmark; Dr. Alice Salomon, Germany; Emily James, Great Britain; Emily Dobson, Hobart, Tasmania; Evelyn Gough, Melbourne, Australia; Constance Pim, Dublin, Ireland; Alice Younger, Glasgow, Scotland; Mrs. Sanford, Hamilton, and Sir William Thompson, physician to the Countess of Aberdeen.

Dr. W. R. Kendall, physician-in-chief, and Miss Lucy Hurlbut, lady superintendent, together with Mr. W. J. Gage, Hon. W. A. Charlton and Am-

brose Kent, trustees, met the visitors at the sanitarium wharf and escorted them thru the buildings of the cottage sanitarium, and afterwards those of the free hospital. Lady Aberdeen, who is making a special study of the tuberculosis problem, was watchful of every detail, in her desire to gather information to be of service to her on her return to Ireland.

Eleven years ago Lady Aberdeen visited Muskoka in the beginning of the work of the National Sanitarium Association.

Social Work. W. F. Archibald, Dominion parole officer, addressed the social work section of the Juvenile Delinquents Act. He said the confession must be made that society was still in a state of siege by an army of criminally disposed persons. On the line of public sentiment favors nothing calculated to do good. The City of Hull and Ottawa have made application, and Alberta, Saskatchewan and British Columbia have appointed probation officers.

in Society. The marriage of Miss Margaret Grant Eason, daughter of Mr. and Mrs. R. F. Eason, to Mr. Joseph Hodder Stovel, was celebrated Saturday evening in the home of the bride's parents in Willock-street. The ceremony was performed by Rev. Dr. Neill, pastor of Westminster Presbyterian Church, in the presence of a small gathering of relatives and family friends. The bride wore a handsome traveling costume of Edith Neelands of Lindsay. The groom was supported by William E. Drysdale of Schenectady, N. Y. After the reception Mr. and Mrs. Stovel left for a reception to the eastern cities. They will make their home in Cobalt.

Mrs. Farncombe of Trenton and the Misses Kirkpatrick have left for Niagara Falls, N.Y.

Miss Katherine Proctor has arrived from New York to spend a few weeks' visit. Miss Proctor recently concluded a season as leading woman with the western "Zaid in Full Company."

Mrs. John Miles, Mr. Henry Bethune and Mrs. Walter Andrews have left town for the Neponon on a fishing trip.

Mrs. John Arnold is spending a few days in Muskoka, with Major and Mrs. Arnold.

Miss Fannie Sherria has left for British Columbia and California, where she will remain for some months.

Captain Douglas Young, R.C.D., has returned from England. Captain and Mrs. Young are in their home in Glenora.

Mrs. John O'Connor and her daughter, Miss Gladys of Pittsburg, are spending a few days in the city, the guests of Mr. and Mrs. R. J. Copeland, in Westminster-street.

Mr. E. G. T. Hitchman, registrar National Live Stocks Records, Ottawa, and Mrs. Hitchman, registrar, Ottawa, and Mrs. Hitchman are the guests of the former's parents in 181 Denison-avenue, en route from the Western States. They will leave for their home in Ottawa on Thursday.

Miss Louise Robertson of Montreal, who has been in Buffalo for the past three months visiting her sister, Mrs. Walter E. Sarant, and who has been in the city for a few days, has returned home.

Miss Ada Michie of New York is spending the summer at 241 Jarvis-street.

Mrs. E. Fletcher Copp of Boston spent the week-end at Stony Creek. Mrs. Fletcher will speak to-morrow at the International Congress upon the therapeutic value of music.

Dr. J. T. Clarke has returned from Petawawa camp.

Mr. and Mrs. George Spence and family of 84 Huntley-street have gone to their summer residence, Elbertha, near Port Carling, Muskoka.

Miss Olga Strauss of New York is home on a visit to her parents, 137 Macpherson-avenue.

J. E. Atkinson, managing director of The Star and Mrs. Atkinson, have returned from London. Mr. Atkinson was a delegate to the Imperial Press conference, but he was unable to stay for the conclusion of the conference.

The County Chairman To-Night. The box office at the Princess Theatre opened yesterday morning for the sale for the production of "The County Chairman" this evening. The announcement of the return of the popular George Ade comedy has been received with much pleasure by a large section of Toronto theatregoers, and it is assured that a large and critical audience will be present on the occasion. The wonderful impression made by the Macklin Anabelle company when here four years ago, has greatly whetted the curiosity of those who were unable to see the production, and an strongly impelled those who had seen it, to see it again. It may be confidently expected that the local production, which is under the auspices of the Sons of Canada Benevolent Association, will be entirely satisfactory, as the rehearsals have been under the direction of a fully capable stage director, and the talent engaged is of a high order. There are 250 people on the stage in the convention scenes, and their enthusiasm and zeal will render the picture a highly realistic one. Popular prices will rule with the best seat obtainable for a dollar.

Holiday Week at Beach. Scarborough Beach was a very gay amusement center last evening, with a free open air show, a long and varied program of music, and an impromptu "hop" on the verandah of the Scarborough Inn, and a series of special celebrations in honor of the opening of the holiday week. The hippodrome show was exceptionally good, and several of the acts were quite up to the standard of the best circus features. One of these was the riding exhibition given by Miss Rose Wentworth, who performed some startling feats on the backs of three magnificent horses. Most important of the outside offerings was the exhibition of animal training, given by Flo Irwin's leopards, who performed some amazing evolutions in a steel-barred cage.

MUST CLOSE SOAP FACTORY. Neighbors Didn't Like and Health Board Orders It Away. BRANTFORD, June 25.—(Special.)—The board of health has ordered the factory of the United Soap Company on Clarence-street to close its doors as the business is regarded as a nuisance to the neighborhood. The company is controlled by three clergymen, and was formerly located at Owen Sound.

Prosecution for the Sunday sale of the cream has been begun against the proprietor of a store on Colborne-street.

William B. Hawkes, engineer, aged 42, is buried in a boiler explosion at the Ungar Williamson laundry here, has succumbed.

Hot Weather Good. The hot weather is good for steamboat traffic, judging by the number who are taking advantage of the popular trips on the Hamilton steamers, Modjeska and Maccasa. And why should anyone sweater in the torrid heat and dust of a big city who has time to take the steamers such delightful cool outings on the lake. On Wednesday the steamers make special trips and Toronto citizens will have the benefit of the Hamilton excursion rate of 50 cents return on the moonlight 5.30 p.m. trip, which returns to the city again at 11 o'clock. The Dominion Day time table embraces five round trips, leaving Toronto at 9 and 11 a.m., 2.30, 4.30 and 10 p.m., with extra trips from Hamilton at 7.30 and 4.30 p.m.

Wm. Robinson, ex-M. L. A., Very Ill. KINGSTON, June 25.—(Special.)—William Robinson, ex-M.L.A., spending the summer at Sherbrooke, was taken suddenly ill and has undergone an operation at the General Hospital. It is not known yet whether he will stand the severe test. He is 87 years old and Kingston's veteran citizen. It was he who gave the casting vote that ousted the John Sandfield MacDonald government from power in Ontario and put Oliver Mowat into office.

Tea is more susceptible to foreign influences than even butter. This is why it should never be exposed to the air or sold in bulk form. The sealed lead packets of "Salada" tea preserve the tea in all its native goodness. Insist upon "Salada."

Oil For Sprinkling. The city will expend \$400 on 10,000 gallons of crude oil to be used on macadam roadways in allaying the dust. Dr. Fisher has been already experimenting along this line with satisfactory results. Ald. Foster and Dunn objected to the alleged offensive odor, but had no support.

Controller Hooker, who is a consistent advocate of sending all capital expenditures on school buildings to new schools and enlarging others, was dealt with. He objected to the city council being made responsible for the Dominion Day table embracing five round trips, leaving Toronto at 9 and 11 a.m., 2.30, 4.30 and 10 p.m., with extra trips from Hamilton at 7.30 and 4.30 p.m.

By the close vote of 13 to 11 the city council yesterday decided to risk the danger of a suit for damages by the Canada Foundry and to advertise for tenders for the 30,000 feet of 12-inch water main, the construction of which was authorized by the ratepayers on June 6.

The trouble arose from the fact that last March the city contracted with the Canada Foundry to supply 30,000 feet of 12-inch pipe. Last year only 10,000 feet were used, and when the 10,000 feet were used, the city had no idea what the demands would be above the normal. The question to be solved was whether the city should be bound under the circumstances to pay for the unusually large supply at the rates, which, it is stated, other companies are willing to undercut by 10 per cent.

The debate was a long one, but the arguments were mainly the same. The mayor, Controller Hooker and the other pipe advocates stood by the contract, pointed out that the city solicitor advised it was binding, that the city's liability was at stake, and that there might be heavy damages to be paid. The other side, led by Controller Geary and Ald. Foster, contended that, as the contract did not contemplate the special demands, it should not hold, and that if the city could save \$10,000 or \$15,000 on the \$40,000 contract, it should be done.

Ald. Foster's motion was "that the board of control be instructed to call for tenders for the extension of the waterworks system as authorized by the bylaw sanctioned by the ratepayers June 6 last."

For-Controllers Harrison, Geary and Ward, Ald. O'Neill, Chisholm, Church, J. J. Graham, Adamson, Bredin, Elton, Welch, Foster and R. H. Graham—13. Against—The mayor, Controller Hooker, Ald. McGhie, Adams, McCullin, Dunn and Keeler—11.

Contract for Pump. After a hard struggle and much lobbying changes on both sides the John Inglis Co., Toronto, was awarded the contract for the centrifugal pump. The local company's tender was \$284 lower than that of its rival, the John MacDougall Co., Montreal, but because the latter guaranteed a higher pumping capacity, the city engineer recommended acceptance of its tender. Later the Inglis Co. offered to make an equal guarantee.

L. E. Gibbons, business agent of the local machinists' union, asked that the tender of the Inglis Co. be rejected unless the company would agree to give its workmen the nine-hour day.

"An immoral business proposition," was the cry against the tender, and the union proposed to allow the Inglis Co. to amend its tender so as to guarantee as high pumping capacity as that of the MacDougall Co. Ald. McCullin's motion to accept the Inglis tender was barely carried, as a two-thirds vote was necessary.

For-Controller Geary, Ald. Anderson, McCullin, Hilton, Welch, Dunn, R. H. Graham, Adams, Bredin, Church, Chisholm, J. J. Graham, McMurrich and Vaughan—15. Against—Controllers Hooker, Ward and Harrison, Ald. Keeler, Foster, McGhie and Baile—10.

System Poisoning CONSTIPATION

Do not be satisfied with temporary relief—Cleanse the system and make life lasting with DR. CHASE'S KIDNEY-LIVER PILLS.

Constipation begins with the bowels, but it does not end there. It affects the liver, the kidneys, the digestive system and in fact the whole human body. Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements and the most serious diseases imaginable often have their beginning with constipation of the bowels.

There is one treatment which has direct and combined action on the bowels, the liver and the kidneys and cleanses the system into good working order in remarkably quick time, and they afford relief quickly, but lasting more than that. They positively cure constipation, and insure lasting regularity of the bowels by setting the liver right.

Policeman Peter C. Morris, 10 Wascana-avenue, Toronto, Ont., states: "I was troubled for years with habitual constipation and have spent considerable in so-called remedies and can't say that I have been completely cured by using Dr. Chase's Kidney-Liver Pills and shall be pleased to personally recommend them to any person who wishes to interview me."

It scarcely seems wise to trifle with medicines, which merely afford temporary relief, when you can get a permanent relief by using Dr. Chase's Kidney-Liver Pills. You not only get prompt relief but also a thorough cleansing of the whole excretory system and lasting benefits by the restoration of the health and activity of the liver.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box at all dealers, or Edmondson, Bates & Co., Toronto.

LIKE TO BE A BOY SCOUT?

St. Catharines First to Have a Baden-Powell Corps.

ST. CATHARINES, June 25.—(Special.)—St. Catharines may claim the distinction of having the finest troop of Baden-Powell boy scouts in Canada. It was organized last January, and has not only shaped for work and instruction while troops are just being organized elsewhere.

The troop is composed of boys from all the schools, and comprises four patrols of seven men each. H. Nelson is scout master, with W. Griffin as second in command. Patrol leaders are S. Lovelace, E. Caverhill, James McMenamy and A. Ireland. The boys are for instruction in woodcraft, tracking and staiding, fire-lighting, cooking, straw mattress making, tent and camp erecting, knot-tying, signaling and Morse code telegraphing, life saving, first aid and general ambulance work.

Men Who Buy Imported

"Two-for-a-quarter" Cigars

Because the imported cigars that cost only 3 1-2c in Cuba sell for two-for-a-quarter in Canada.

"NOBLEMEN" Cigars are two-for-a-quarter because they have the weight, the quality, and the delightful flavor of the cigars that sell two-for-a-quarter in Cuba.

Buy known quality—buy guaranteed value—get your money's worth. Smoke "NOBLEMEN" Cigars.

SOCGER GAMES THIS WEEK.

Toronto and District soccer games this week are as follows: Wednesday—Eastern—Royal Hearts v. Don Valley (J. Dobb), 6:45.

THE LENOX MARATHON.

Aurora Lacrosse Club are displaying the cup in Baxter's Sagar Store that they are offering for the Lennox Marathon Race (15 miles) on the 1st of July. It's a beauty.

QUERRE CAN'T PLAY IN TO-DAY'S MATCH

Whitehead Will Replace Him on the Home—Lacrosse News and Gossip.

Tecumsehs, two goals behind, go into the game to-day with New Westminster in their last attempt to lift the cup minus Querre, their best player, general Lawson Whitehead taking his place. This will be the only change in the team from the first game. Feller of the Tecumsehs having improved enough to play in today's match.

WATCH US THIS WEEK!

Every horse that we will hand out for our One Best Bet will get the money. We have weighed matters pretty thoroughly before coming out with this announcement, and could not figure where there was a possible chance for a throw-down. We have put six straight winners over the plate time and again, and from the information which we have on hand concerning the horses that will receive the play of our One Best Bet Clients, we feel as certain of turning the trick this week as we ever were of anything in our lives.

Start With Us To-day

and see how it feels to make one good bet each day and watch the horse that is carrying your money sail home an easy winner with the boy sitting still in the saddle. If you care to make more than one bet, our full message will put you next to some of the best things that

Keefe's ALE
is put up in "Crown" Stopped Bottles
"Crown" Stoppers are absolutely air-tight, yet may be removed with scarcely an effort.
The metal top prevents glass from being broken. The cork disk is specially sterilized to preserve the purity of the contents of the bottle.
There are no cork-screws necessary—no chips of cork nor paste-y tinfoil in the ale—no danger of the neck of the bottle breaking and gashing the hands—with "Crown" Stoppers.
Both "Gold Label" and "Special Extra Mild" Ales are supplied with the "Crown" easily-opened stoppers.
These Ales could not be improved, so we made it more convenient for you to enjoy them, by bottling them in these "Crown" Stopped bottles. Your dealer will supply them.

DR. PRINGLE STICKS TO IT Will Meddle in Politics So Long as the Devil Does.

HALIFAX, N.S., June 28.—(Special.)—Rev. Dr. Pringle addressed a very large congregation in St. Andrew's Church, Sydney, Sunday evening, on the work of the Presbyterian General Assembly, and gave an explicit statement of the position which he took in the assembly on the question of social and moral reform, saying: "A great many things have been said about me and my speech on this occasion, and that the preacher has no business to meddle in politics. My answer to that is that I shall meddle in politics as long as the devil meddles in politics. It is the business of Christ's ministers to destroy the works of the devil, whenever they appear. I shall not cease to denounce vile characters in public offices and the vile things done by them. I exaggerated nothing, but stated the plain cold truth."

SUSPECT FOUL PLAY. WINDSOR, June 28.—The badly decomposed remains of John J. Kenny, aged 22, a former employe of the Detroit River Tunnel, who disappeared last February, were found in the Detroit River this morning. Relatives are sure foul play was committed, as Kenny was last seen alive in company with two strangers at an hotel. He had a small amount of money and a gold watch at that time. To-day the money and watch were missing, although letters were found in the pockets. "Coroner Labell has deemed an inquest unnecessary."

Penalties in Police Court. Sam Foster and Tom Dennis struck and otherwise abused Policeman McCreary.

Liquor & Tobacco Habits A. McTAGGART, M.D., C.M., 75 Yonge St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. R. Meredith, Chief Justice, Hon. G. W. Ross, ex-Premier of Ontario, Rev. N. Burwash, D.D., President Victoria College, Rev. Father Feary, President of St. Michael's College, Toronto, Rev. Wm. MacLennan, D.D., ex-Principal of Knox College, Toronto. Dr. McTaggart's vegetable remedies for the liquor and tobacco habits are healthy, safe, inexpensive home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Consultation or correspondence invited. 287

ROGERS COAL HEAD OFFICE 4155 MAIN ST. TORONTO. Kine while that officer was arresting Foster for disorderly conduct at King street and Spadina-avenue. Both were fined \$10, which they paid to avoid a month in jail. This transpired in police court yesterday morning. Daniel Fyne will answer a week hence to the charge of attempting to stab George Berry a week ago. Jas. Franklin, charged with theft of money in an east end hotel, where he was employed to attend to the furnace, was remanded for sentence. George Leary was given ten days for theft of tobacco from a Queen-street store. A SECOND DISAPPOINTMENT. KINGSTON, June 28.—(Special.)—The desire of the 14th Rifles to celebrate July 4th at Elmira, N.Y., won't be gratified. First the militia department objected. Then permission was given, but the entertainment committee at Elmira have written that on the first refusal of the invitation they called off the military review. Entertained the Children. The Young People's Society of Deer Park Presbyterian Church entertained about 50 children from the Children's Aid Society last Saturday to a picnic at Reservoir Park, the Toronto Railway Co kindly furnishing a special car. After a series of games and races the children sat down to a sumptuous lunch, at the conclusion of which three prizes were given to each child; a book, a kerchief and a pair of suspenders to the boys, and hair ribbons and dolls to the girls. This is the first occasion when kind friends have taken the children from the Shelter on a summer outing. 287

The Simpson House-Furnishing Club Re-Opens To-Morrow

Members of our Former Clubs are prima facie members of this July Club. Five hundred new members will be admitted. Join at once if you need Carpets, Rugs, Window Draperies, Furniture, or any goods sold in those respective departments.

WE take pleasure in announcing to-day that on Wednesday next we will re-open our Housefurnishing Club for the entry of 500 new members. Ex-membership also will be renewed upon application.

It may seem somewhat superfluous at this date to enlarge upon the immense advantages to which this announcement refers. Our Housefurnishing Club plan is now so well known in Toronto, and, indeed, throughout Canada. But we will briefly explain its features for the better understanding of those who have never as yet taken advantage of Club membership.

We offer 500 responsible people the free privilege of a charge account in the Carpet and Curtain Department, and in the Furniture Department, for all goods ordered during the month of July.

The only extra advantage we look for is increased business among house-owners. We make no charge whatever for the convenience, and Club members are charged cash prices—not one cent more.

The times and terms of payment are privately arranged as mutually satisfactory to the Club customer, and our Club Secretary, the general agreement covering six months, and including 25 per cent. down and the balance in six monthly payments.

We are absolutely candid when we say there is no extra charge in any way. All we want is a reasonable assurance of Club applicants' intentions and responsibility. Home-owners have in this Club the most liberal proposition ever made—Simpson cash prices with time to pay at convenience.

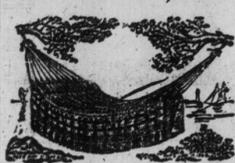

Our stock of Housefurnishings was never so complete. The increased area of this enlarged store enables us to supply variety and choice as never before. July 1, being a holiday, we open June 30, so as to take in a full month. Those who join to-morrow have a full month in which to choose goods. So join now.

The Secretary's office is at the James Street end of the ground floor. Consult him and learn any fuller particulars you may desire.

Meanwhile we repeat:

Simpson's Housefurnishing Club is open for July.

Hammocks, Hammocks, Hammocks

NOTHING is more nerve-restoring in the summer time than a Hammock. A half hour in the Hammock RESTS one. A Hammock or two should be part of every household's equipment, like the bath and the beds. When you are tired-right out, run down, nervous and hot, it means you must have either a holiday or a Hammock. We advise both. Take a holiday and take a Hammock with you. At any rate, keep a Hammock handy in your home. Every home should have a verandah and every verandah should have a Hammock.

To encourage the Hammock habit we are making some special prices for Wednesday.

Canadian Open Weave Hammock, red and gold and red and green; regular \$1.00, Wednesday 80c.
Canadian Close Weave Hammock, good colors, strong, full size; regular \$1.50, Wednesday \$1.19.
Same Hammock, with valance; regular \$1.75, Wednesday \$1.45.
Palmer's or Canadian Hammocks, closely woven, large assortment of colors, full size; regular up to \$2.50, Wednesday \$1.98.
Palmer's or Canadian Hammocks, very strong, full size, good colors, with valance; regular up to \$4.50, Wednesday \$3.48.
Palmer's Heavy, Close Weave Hammocks, extra large size, one of the strongest hammocks on the market, full assortment of colors; regular up to \$6.00, Wednesday \$4.95.

Holiday Suits and Dresses

COME to our Cloak Department. Time is too precious to waste, and the weather is rather too warm. We have what YOU want—why waste time looking among things intended for another class of trade entirely? Come to Simpson's—everything here is in the best of style and taste, and moderate prices prevail throughout to cap the other advantages.

We Want to Sell 3,000 DOLLAR Shirts This Week

THIS is the Big Week in one way of speaking. It's the holiday week. It is the week of biggest demand. But Thursday comes out—Dominion Day. And Saturday is only half a day. That leaves only four and one-half days of the week. Three thousand shirts divided by four and one-half means 667 shirts per day. That's "some" selling, but the shirts are worth it. They are growing in fame every day. As value for a dollar no wonder!

We have Outing Shirts in this contract lot as well. Every sort of soft shirts, almost. Madras, Zephyrs, Percals, Cambrics, Cashmerettes, Nets, Oxfords, Vestings, Ducks. Coat styles and ordinary. Pleated or plains. Cuffs detached or attached.

300 different effects to choose from. Sizes and half sizes, 14 to 18.

Semi-Annual Clearance in the Custom Tailoring Department

Men's \$24.00 to \$30.00 Suits for \$18.95

THESE are genuine Custom Tailored Suits, not the loudly advertised "made-to-measure" Suits that never see a real tailor-shop from the time they are sold in a store till they are sent home to the customer. These are not Factory Made-to-Order Suits that we offer. They will be cut, made and finished by our own skilled journeymen tailors by hand. Particulars are these:

We have 150 Suit Lengths left, which were marked to sell at \$24.00, \$26.00, \$28.00, \$30.00 and \$32.00. On sale Wednesday, made to your order, for \$18.95. The lot consists of the imported materials, English and Scotch tweeds, chevrons and fancy worsteds; the most popular designs and colorings, smoke and brown tones, also a number of the new grey shades; all high-class materials, which were selected specially for our custom tailoring trade. We will make your choice from measurements taken on Wednesday, with best trimmings to match, and first-class workmanship, for \$18.95. Fit and workmanship guaranteed of your money refunded.
