CARVELL SAYS BAN ON CANADIAN COAL EXPORT IS NEEDED

Railways Have No Reserve Stock, and Industries in East Are Crippled.

ONTARIO'S NEEDS

Ottawa, Aug. 2.—(Special).—An embargo on Canadian coal exports is an absolute necessity, according to Hon. F. B. Carvell, chief of the railway board, who is also acting as fuel commissioner. Between Montreal and Sydney, the railways have no reserve stock. Industry is also seriously affected in eastern Canada, the large pulp mill at Bathurst, N.B., having shut down for lack of fuel, its supply being taken by the government. The Canadian mines have a home market at a fair price for their entire production, and it is probable that coal price control may follow the embargo on export. Canadian coal production in eastern Canada will not exceed five million tons, compared with seven million tons a few years ago, although there is an equal number of employees, and at higher wages, the output is claiming production per man has greatly decreased. It is stated that if present rate of production is maintained, there may be five and one-half million tons this year, but this will be one and three-quarter million tons below pre-war production. The production now shows an upward trend for the first time in five years.

The statistical department claims we do not require the imports of 1917. Ontario, most concerned in the shortage, received 40 per cent. of the anthracite coal imported in 1917. For the five months ending May 31, Ontario got 87.4 of the amount imported for the corresponding five months in 1917. Up to May, 1920, Ontario received 37.5 per cent. of the total amount of bituminous coal imported in all of 1917, and a total of 110 per cent. of what was received by that province during the five corresponding months in 1917. The total receipts were 14 per cent. under those received in the big production year 1917, and 10 per cent. more than last year.

TEN PERSONS HURT IN MOTOR SMASH

Large Truck Struck by Street Car at Queen Street and Pape Avenue.

Ten people were injured at 2.30 yesterday afternoon when a large motor truck on which they were going out for the day was struck by a street car at Queen and Pape avenue. The motor truck was half-way over the south car tracks when an eastbound Queen car struck it and turned it over on its side. The occupants of the truck were thrown in all directions and luckily none of them were pinned beneath the overturned vehicle.

Three of the people were so badly hurt they had to be taken to St. Michael's Hospital, while the others, who suffered from shock and cuts and bruises, were able to be taken to their homes after receiving medical attention.

The injured are: Miss McQuater, 185 Carlaw avenue; Margaret Gentles, 41 Poucher street, broken leg, removed by the police ambulance to St. Michael's Hospital; Alex. Gorman, age four years, 149 Jones avenue, admitted to the hospital, with deep cut on the back; George Gorman, 149 Jones avenue, injuries to the legs; Mrs. McClarty, 62 Pape avenue, suffering from shock; Mrs. Black, 70 Pape avenue, severe shaking up and shock; Mrs. Donald McLeod, 52 Pape avenue, suffering from shock; Mrs. Thomas Reid, 41 Poucher street, head injuries; Marjorie Dawes, daughter of the driver of the truck, arm broken in two places, taken to St. Michael's Hospital, and Mrs. Dunwoodie, 70 Pape avenue, suffering from shock.

Friends going to picnic. Charles Dawes, 27 Redwood avenue, owner and driver of the motor truck, was driving his friends out of the city for a picnic. He was north bound on Pape avenue and was crossing from the south to the north side of Queen street, when an eastbound street car struck the truck with terrific force. Eye witnesses of the accident stated to the police of Pape avenue division that the street car was traveling at a high rate of speed. Up until last night the police were unable to determine who was responsible for the accident, and no arrests were made.

The eastbound street car was in charge of motorist No. 2042 and conductor No. 487. Dr. S. C. Marlow, 617 Broadview avenue, was summoned by the police and rendered first aid to the injured people.

SENDS ULTIMATUM TO SOVIET RUSSIA

Vienna, Aug. 2.—Rumania has served an ultimatum upon Soviet Russia, giving the Soviets three days to withdraw their troops from Rumanian territory, according to a Belgrade despatch received here today.

In the event of Russia's failure to comply, it is added, Rumania will declare a general mobilization.

READJUSTMENT EVIDENT IN DISTURBED MARKETS

Stocks Sell Off Sharply in New York, Reflecting Tight Money and Unsettled Industrial Conditions—Grain Prices Rally After Fresh Weakness.

The course of stock and grain markets in the United States yesterday supplied further evidence that a period of great readjustment has been fairly entered upon. New York stocks broke with a good deal of violence, and while grain prices rallied, the upturn was but a natural rebound after a series of heavy declines, and did not come until prices had touched lowest levels of the year at the opening yesterday. Provision prices were weak through. Pessimism was rampant in Wall street, where losses in stocks extended from one to eight points. Lower commodity prices in many lines, a steady lessening in industrial activity and a pronounced tightening in credits as one of the first to predict a speedy industrial boom, is now quoted as saying that several years of prosperity lie ahead, but that commodity prices must come down first.

SLUMP IN STOCKS

New York, Aug. 2.—The stock market today was subjected to severe fluctuations, with final prices showing considerable losses in a large number of speculative favorites.

Announcement last Saturday, after the close of the market, of the rate increases granted the United States railroads, caused a wave of buying at the outset which swept prices upward at a rapid rate. All classes of shorts participated with gains ranging from one to three and a half points.

Expectations that the railroads would shortly be in a position to purchase large amounts of needed stock caused active buying of the equipment market. Popular industrials also moved forward.

Stocks were quickly supplied at the higher levels, and the trading element which had taken the long side, made haste to throw over its holdings.

Particular pressure was exerted against a great variety of shares, which are popular speculative mediums, including the steels, shippings, oils, motors, textiles, paper and food securities.

Advances under the flood of liquidation and short selling soon were canceled and the list crumbled away steadily, until many leading stocks were quoted at prices well below the low levels recently recorded.

Lack of any sustained buying power discouraged the bull faction, and encouraged the bears, who made drives against particular issues in an endeavor to uncover stop loss orders. Reactions ran anywhere from one to eight points. Sales approximated 1,000,000 shares.

Much stress was laid on the unfavorable character of the foreign news and the fact that call money continued to rule at stiff rates. Persistent heaviness of the principal foreign remittances also had a damaging effect.

Higher rates were quoted substantially higher despite weakness in other quarters.

SWINGS IN GRAIN

Chicago, Aug. 2.—Broader speculative buying, tempted by chances of a reaction from the big decline of late, did a good deal today to lift the price of wheat. Closing quotations were unsettled 1-1/2 to 2-1/2 cents higher with December 2 1/2 and March 2 1/2. Corn gained 2-5/8 cents to 3 1/2 cents and oats 5-8 to 1-1/2. In provisions there was a setback ranging from 1/2 to 2/2.

It was the first time since trading in future deliveries of wheat had been suspended that well defined speculative demand showed itself, and gave energetic support to values. The market opened weak, but absence of any important fresh liquidation made bears cautious, and then opinion appeared to spread that bottom prices had been reached for at least the time being.

Considerable trading pressure which was in evidence at times, was offset by gossip of export business with Italy and Belgium. Estimates of a three-billion-bushel crop in the United States this season had only a transient effect in checking the bulls.

Corn and oats sympathized with the upturn in wheat, and were further strengthened by complaints that dry weather was increasing the likelihood of the damage to corn, especially in Illinois and Indiana.

Provisions lacked support. Selling, however, was chiefly of a scattering order.

"CHEER UP, GET TOGETHER" PREMIER MEIGHEN'S MESSAGE

Portage la Prairie Speaks Warm Non-Political Welcome to New Premier, Who Appeals for Better Understanding With Quebec and for Strong Front Against Enemies of Law and Order.

Portage la Prairie, Man., Aug. 2.—(Canadian Press).—It was, in the words of the premier of Canada, a "great and memorable" reception which his fellow-townsmen of Portage la Prairie and his fellow-Manitobans gave Hon. Arthur Meighen, who, with Mrs. Meighen and their children, spent today in this city, where their home was for many years. Portage la Prairie first sent Mr. Meighen to parliament, and he still represents the constituency. Today's celebration was a non-political welcome to one known to a large number of those present as "Arthur." There was not much formality and the premier was able to mix freely with the crowds which gathered in Island Park from noon until late afternoon and to shake the hands of the large number of personal friends who wished to extend personal congratulations to the first premier to come from western Canada.

The premier and his party arrived in Portage at 11 a.m. and proceeded to Island Park in the front of a long parade of decorated motor cars. Large numbers of spectators were in the streets. A large party of invited guests, representatives of the official

PASSENGER FARES TO BE INCREASED AUGUST TWENTYETH

Freight Rates on U. S. Railways to Be Advanced Five Days Later.

RUSHING SCHEDULES

Washington, Aug. 2.—The new passenger fares probably will become effective August 20, and the advanced freight rates August 25, according to a program outlined tonight by Alfred P. Thom, general counsel for the Association of Railroad Executives.

Simultaneously with the effectiveness of passenger fares, the increases charged for Pullman travel and the new rates on excess baggage and milk also will be put into effect.

Railroad rate experts in the United States have begun the preparation of blanket rate schedules increasing the transportation costs on a percentage basis. These will be presented to the Interstate Commerce Commission five days prior to the proposed effective dates. The rate sheets will be supplemented by printed tariffs containing rates for all territories and on all commodities as soon as the physical task of working out the numerous details can be accomplished. Until this work is done, local rail officials will compute the new rates and changes for their respective territories on the basis of the existing rates, plus the percentage increase authorized by the commission.

While this method of putting new rates into effect would be unusual, railroad officials pointed to the suggestion of the commission that the (Continued on Page 5, Column 4).

TO FEED GERMANY IF SHE IS TO PAY HER DEBT IN COAL

Lloyd George Speaks in Favor of the Five Million Pound Advance.

LABOR WELCOMES IT

London, Aug. 2.—The vote for an advance of £5,000,000 for Germany in connection with the Spa coal agreement came up tonight in the house of commons. It was not seriously challenged, and was agreed to without revision.

Labor members welcomed in the proposition what they characterized as a "sensible change in the government policy toward Germany and a practical revision of the unworkable Versailles treaty."

In the course of his speech in defence of the plan, Mr. Lloyd George said the proposal for securing coal was much better than sending a large costly army for it. He argued that Germany must pay her debts either in gold or goods. She had no gold, he declared, but coal was the equivalent of gold or even more usable.

"However," added the premier, "Germany is unable to produce sufficient coal while her population is unit and ill-fed. Hence she must be helped."

"There is no doubt about the coal condition of Germany. We have important reasons for this. The report the people are not receiving within sixty or seventy per cent. of the food they consumed before the war."

SOLDIERS IN BATTLE WITH SINN FEIN GANG; PATROL IS AMBUSHED

Fifty Armed Men Attacked Six of Military, But Were Eventually Beaten Off and Pursued—One of Soldiers Severely Wounded and School Boy Killed—Search of Houses Revealed Dying Man.

Dublin, Aug. 2.—Details of a fight which assumed the dimensions of a small battle at Brurea, County Limerick, today, are given in an account issued by general headquarters. Fifty armed men ambushed a patrol of military cyclists, consisting of an officer and five men. One of the men was seriously wounded, but owing to the intensity of the attacking party's fire, his comrades were unable to assist him.

The raiders reached the wounded man, seized his rifle and used his body as cover. This prevented the soldiers from firing effectively, and the struggle lasted for half an hour before they were able with difficulty to rescue the wounded man and drag him to a cottage. Surrounding the cottage, the raiders poured in a heavy fire.

The soldiers' ammunition ran short, and one of them, disguising himself as a civilian, ran for reinforcements. At the arrival of which the raiders fled. Pursued by the soldiers into the centre of the village, they turned and resumed firing. A schoolboy, who got into the line of fire, was killed.

Finally the soldiers got the upper hand. They searched the houses in the town and discovered a man mortally wounded.

High Bill Completed. London, Aug. 2.—The cabinet at today's session is reported to have virtually completed the new Irish bill, providing for trial without jury in Ireland and giving the military and police wider powers for apprehending suspected persons.

The inability of the government authorities to arrest criminals and obtain juries in South and West Ireland caused the breakdown of the crown courts and was forcing the government, officials stated, to resort to the juryless courts.

The crown will appoint the high justice and other court officials, who will sit only in Dublin to obviate the possibility of attack if court sessions were to be held in remote localities.

The government gave notice today that it would introduce its bill, which is expected to be discussed on Thursday and passed finally on Friday.

Hold on to Your Bonds—Don't Trade for Water-Logged Stocks.

Because prices are dropping business does not stop, but must, for all the more reason, go on. It must, however, adapt itself to the new conditions that follow the disturbances and dislocation of the war.

Lower prices, lower profits, lower costs, lower wages and lower rents later on.

Higher freights, higher taxes, higher wages for railway men and some other lines of work. But less will be the exception than the rule.

But a decided move toward pre-war conditions in many respects.

Extravagance must be checked and in its place economy, saving, serving oneself more than ever, take the place of depending on another. The safety razor is still about and more women may have to wash their own stockings.

The man that must economize and still has an expensive motor car will wisely take a cheaper one. But motors will be sold. And the mad gasoline whirl may have to slow down. So will the price of gasoline.

But keep on doing business with those from whom you bought; buy what is produced on our farms and in our factories, but see that the prices are reasonable. The great things for Canadians to do now is to help one another to carry on. But don't let the water-logged stock market unbalance you.

Let the men who hold the paper stocks, the sugar stocks, all highly inflated stocks keep them. Let them reap the big profits that they promise. You hold on to your Dominion bonds and mortgages. If a man comes round and offers you his watered stuff and displays knowledge that you have Dominion bonds, and he has something better, don't listen to him. Ask him who told him you had bonds or a mortgage.

POLES AND SOVIET NOW NEGOTIATING FOR AN ARMISTICE

Bolsheviks Began by Demanding Brest-Litovsk, Which They Already Occupy.

DELEGATES MET FRIDAY

London, Aug. 2.—The Polish and Bolshevik armistice delegates met Friday evening at Kobryn, on the railroad east of Brest-Litovsk, and the negotiations began Saturday morning. Karl Rade reported to the Bolsheviks, says a despatch to The Daily Mail from Berlin. It is stated that the Bolsheviks began by demanding the surrender of Brest-Litovsk, which already was in their hands.

A despatch to The Times from Warsaw, dated Monday at noon, says a staff officer who accompanied the Polish delegation to the Bolshevik front has returned to Warsaw, and reports that the delegates arrived at the point where the armistice is to be negotiated.

The despatch adds that no news has been received from the delegation, either by the foreign office or military headquarters. The silence, presumably, is being imposed by the Bolsheviks. The Polish government has been informed that the Bolshevik high command has issued orders that the hostilities shall continue until Aug. 4.

The Times says it learns the Lithuanian government has accepted the Russian proposal for a mixed commission representing the two governments, to sit at Vilna and arrange for the execution of the clauses of the peace treaty of July 12.

Expects Further Fighting. Berlin, Aug. 2.—General Rozwadowski, recently appointed Polish chief of staff, is quoted in a despatch from Warsaw as admitting, in the course of a newspaper interview, the gravity of the situation. He said Poland must be prepared for more serious fighting, but that the Polish command had taken measures to withstand the onrush of the Bolsheviks, which was aiming at the capture of the River Bug before the opening of armistice negotiations.

A special despatch to The Neue Berliner Zeitung states that allied (Continued on Page 2, Column 5).

WELCOME AWAITS PRESS CONFERENCE VISITING TORONTO

Entertainment and Pleasure Begins When Delegates Arrive Next Monday.

SOME PERSONAL NOTES

The overseas delegates of the Imperial Press Conference are assured of a hearty welcome when they arrive in Toronto on Monday next. They have already seen much of eastern Canada, inspecting steel works, visiting the beautiful Evangeline spot, the harbor of St. John, N. B., re-visited in the antiquated and historic scenes of old Quebec, and this week they are being shown the best sides of the wicked city of Montreal. They are being feted and feasted everywhere, and by this time they must have formed a fairly good idea of Canadian hospitality. Toronto has much to show and do for them.

As at present arranged the delegates will arrive here by motor from Hamilton at six o'clock next Monday night, the first item on the program being a banquet given at the King Edward by the corporation of Toronto. The visiting ladies being included in the function. On Tuesday morning the party will again be under the civic wing in a drive round the city, and at 1:30 the mere men delegates will be entertained by the governors of the university at a luncheon in the great hall at Hart House, while at 3 p.m. a special convocation will be held in Convocation Hall, at which honorary degrees will be conferred on four of the visitors. The ladies of the party will be entertained to tea in the afternoon by the Toronto Women's Press Club at Sherbourne Club. Any of the visitors desirous of indulging in golf are invited as guests of the Toronto and Lambton clubs. The evening will (Continued on Page 6, Column 2).

GEN. SEELEY COMING

Authoritatively Stated Distinguished Soldier Will Visit Canada in September.

Montreal, Aug. 2.—It was learned here today from an authoritative source that Major-General the Right Hon. J. E. B. Seeley will be a visitor to Canada some time in September.

General Seeley was British secretary of state for war from 1912 to 1914 and commanded the Canadian cavalry brigade from 1915 to 1918. He is now the vice-president of the British Air Council.

Conductor and Passengers Of C. P. R. Train Held Up

Calgary, Alta., Aug. 2.—Three men, who are described as foreigners, held up at Sentinel, near the British Columbia boundary, the conductor and passengers of the C.P.R. train running from Lethbridge thru the Crow's Nest pass shortly before 6 o'clock this evening. They suddenly appeared with guns shortly before 6 o'clock this evening. They suddenly appeared with guns and passed thru the passenger cars, leisurely taking all the money they could abstract from passengers. It is not known how much money they got, but the conductor had a considerable amount of money on him, which they got.

The three men were passengers on the train from Lethbridge and are known to the police. They are Calgary men and are amateurs.

LEAGUE DISCUSSES ECONOMIC BLOCKADE

Seek Ways for Using Weapon With the Promptest Effect.

San Sebastian, Spain, Aug. 2.—The council of the league of nations divided its attention today between public health and public order, taking up a plan for organizing a permanent international hygienic organization and ways and means for using the economic blockade with the promptest effect in case of violation of the covenant of the league of nations by a member country or belligerency by a non-member country.

Signor Tittoni reviewed the considerations that led to the view that, whereas the league of nations could only recommend the use of military and naval forces to suppress aggression, the economic arm is one that the members have pledged themselves in advance to use against any offender. He pointed out that a central coordinating authority was necessary to make the use of the economic arm prompt and effective and insure mutual support among the members of the league in order to minimize losses and inconveniences resulting from a blockade.

INDIAN LEADER BURNED ON PYRE

First Cremation of the Kind in Memory of Present Generation.

Bombay, Aug. 2.—Solemn funeral ceremonies were held late yesterday afternoon over the body of Gangadhar Thakur, national leader and editor of the newspaper, Maharashtra of Poona, who died yesterday morning. In the presence of an enormous crowd, the body was placed on a funeral pyre erected on the sea beach at Poona, and was burned. This is the first cremation of this kind in the memory of the present generation.

ALIEN IS STABBED; DYING IN HOSPITAL

Detroit Man is Accused, But Alleged Assailant Eludes the Police.

Hamilton, Aug. 2.—John Tegzas, a boarder at 9 Wood street west, was removed to the General Hospital in a dying condition this afternoon, the outcome of a stabbing affray at the above address. John Mantioni, who came from Detroit last Tuesday, was accused by Tegzas at the hospital. Mantioni made his escape before the arrival of the police, and on until a late hour tonight had not been apprehended. George and Annie Garbo, proprietors of the boarding-house, are being held as material witnesses. Tegzas was stabbed in the back, shoulder and head. Gin and whiskey in copious doses preceded the stabbing, the police declare.

Edmonton, Aug. 2.—Three of the four United States army aviators which are being sent on the trail for the Mineola to Nome aerial trip, arrived at Prince George, B.C., at 11 a.m. Plane No. 3 burst a tire when landing, but the weather was well and the weather ideal. Captain Street, whose plane caught fire and forced him to return to Jasper, wired Prince George that he would start again in the afternoon.

NEW GOVERNMENT FORMED IN TURKEY

Is Composed Largely of Members Friendly to British Interests.

Constantinople, Aug. 2.—Damat Ferid Pasha, the grand vizier, has announced the formation of a new cabinet, composed largely of members friendly to British interests, according to political observers who are well acquainted with the affiliations of the new men. Damad will be minister of foreign affairs and acting minister of war in this ministry, of which he is the only member brought over from the old cabinet, the objections of which to the terms of the peace treaty are reported by The Times' correspondent to be of the opinion that if the government insists on making a martyr out of the Australian archbishop, the bishops will virtually be compelled to champion his cause, and their genuine ecclesiastic, the church will have an opportunity to acquaint him quietly with its difficulties and probably will be able to influence his course of action.

DOUBT THE WISDOM OF BANNING MANNIX

Moderate Opinion in Ireland in Favor of Permitting Him to Land.

London, Aug. 3.—Moderate opinion in Ireland, says a Dublin despatch to The London Times, is seriously questioning the wisdom of the government's decision to exclude Archbishop Mannix from Australia. Many arguments are used against it. In the first place, it is pointed out that the Sinn Fein need no encouragement from anybody and that Archbishop Mannix probably has no sympathies in the United States that if given the freest hand to preach an anti-British crusade in Ireland.

WOULD EQUALIZE RATES FOR ELECTRIC POWER

Kingston, Ont., Aug. 1.—(Special)—R. F. Elliott, chairman of the civic utility commission, is a strong advocate of the equalization of electric power rates throughout Ontario. Mr. Elliott says that the equalization of the power rates is very desirable, in as much as it is decidedly unfavorable to eastern municipalities that rates as high as \$75 a horse-power should be charged, while power in St. Catharines and other places near Niagara Falls can be secured for a few cents over \$11. To have equalization of the rates, he claims, would stimulate the industrial development of eastern Ontario.

FIND TORONTO MAN'S BODY IN RIVER BED

Remains of J. O. Mackenzie Found After Lapse of Two Years.

Parry Sound, Ont., Aug. 2.—The finding of a body lying on the shore of the north branch of the Magnetawan River, at Stovepipe Rapids, recalls a tragedy nearly two years old, and the body has lain under the waters of the river since Nov. 16, 1918, when J. D. Mackenzie and A. Latimer of Toronto, while on a hunting trip attempted to ascend the Stovepipe Rapids in a canoe, were capsized and drowned. The body of Latimer was recovered, but the friends of Mr. Mackenzie, after prolonged search, had not the satisfaction of recovering his remains. Last week, when the stop logs of the dam had been removed, following the passing of the Holt Timber Co.'s drive, an employee of the company, who was sweeping the river banks for logs that might have been stranded, made a gruesome discovery of the badly decayed remains of a man.

UNVEIL MEMORIAL TO LATE DR. YOUNG

Mayor Church Pays Tribute to Life and Work of Former Beach Resident.

Kew Beach memorial to the late Dr. William D. Young, a water fountain with four basins, was unveiled yesterday afternoon in the presence of a large gathering of the Beach residents, who contributed the funds for its erection. Thomas Clayton, a friend of Dr. Young, who officiated in the unavoidable absence of Sir John Eaton.

Rev. T. W. Hickett, a retired minister and member of the organizing committee, opened the meeting with prayer and after the veil had fallen Mayor Church accepted the memorial in the name of the city.

The mayor, who knew Dr. Young personally, said that the physician had done good, unselfishly, and with far-reaching results. "It is not only in times of crisis," he said, "that men become heroes and do noble deeds. Dr. Young was a peace hero, whose life work consisted of one noble action after another. He has left his footprints on the sands of time and the city is proud to honor his name. This memorial will stand as a lasting tribute to a life of self-sacrificing devotion to the highest ideals of charity and Christianity."

No Thought of Reward.

"While other men took advantage of the abnormal conditions produced by the war to profiteer and grow rich on the fat of the land at the expense of his fellow creatures," continued the mayor, "Dr. Young devoted his whole time to the welfare of the sick and needy. His one ambition seems to have been to serve the poor and our residents of Kew Beach know well how generously he administered to the physical and spiritual needs of poor families without hope of reward or thought of glory."

The appreciation of the Beach residents was fittingly expressed by Mayor Joseph Oliver, who is a member of the organizing committee. Dr. Young's father, a superannuated Methodist minister, his mother, a sister, Dr. George Young, were on the platform and were deeply impressed by the ceremony. The thanks of the family were expressed by a friend and member of the committee, James Gregory. The committee, which made all the arrangements and drew up the plans, was convened, and under the chairmanship of W. E. Nugent.

of the country must present an irresistible front to the enemies of law and order." The premier spoke his gratitude to the people of Portage la Prairie for what he termed a "most brilliant" performance in the past, and for the day's reception. The city's formal address to the premier was read by Mayor J. H. Metcalfe, and was signed in addition by E. H. Muir, reeve of the rural municipality; Dr. Wood, president of the board of trade, and W. H. Richardson, secretary of the citizens' committee. It was from all the people of the province, and from the municipalities, that the premier received the keener appreciation of the honor done them thru his elevation to the premiership. It was a choice, said the address, based upon absolute merit and capacity, and much was expected of the new premier.

Norris Gives Greetings.

Hon. P. C. Norris, premier of Manitoba, appeared to extend his personal greetings and, he said, speaking from a knowledge of the vicissitudes of political life, his sympathy also, Canada was passing thru crisis and it was due time and good time that a man from the west should be at the helm of the ship of state.

Among those on the platform behind Premier Meighen as he spoke were Premier Norris, Dr. P. H. Manning, M.P., Robert Cruise, M.P., R. L. Richardson, M.P., Senator W. C. Sharp, Senator Robert Watson, R. C. Henders, M.P. The premier spoke for less than 45 minutes and was cheered very heartily. Just after he concluded, an electrical storm broke over the city and a light shower fell.

Many visitors joined the local crowds, hundreds of motor parties arriving from Brandon, Winnipeg and nearby towns. The city was lavishly decorated.

Re-Echoes Taschereau's Appeal.

The premier appealed for a better understanding between English-Canadians and French-Canadians, and in this connection he said:

"We ought to have to get away from differences that really are not differences at all from the standpoint of the vital concerns of the country. We have two great races. The funda-

Christened on Slender Girder Fourteen Storeys Above Street

New Orleans, La., Aug. 2.—Fourteen storeys from the street, on a slender girder of steel, Ole Peterson, structural iron worker, held his five-month-old son at noon today while the Rev. William Reese performed a christening ceremony. Fifty members of Iron Workers' Union, No. 55, were named god-fathers. They occupied positions on nearby girders.

Below the christening party there were no floors and thru the network of steel could be glimpsed the concrete basement. The baby apparently was bored.

Members of the union had suggested that it would be appropriate to have the child of a structural iron worker christened while his father was "on the job."

Mr. Taschereau, said a few nights ago that the time had come when he described as the isolation of Quebec, should cease, and when that province should take its full part in the government of this dominion. He appealed for a spirit of co-operation to take the place of a spirit of estrangement. I re-echo that appeal. I believe it to be my duty to answer that appeal to the utmost of my power. I hope it receives a warm and cordial response in every end of this country. Neither side feels or will admit responsibility. If we wait until either side admits responsibility for what estrangement has existed, we will never get anywhere. Let the question of responsibility go by and let us look to the future."

When the tendency gets too strong the beginning of the end has come. If we do not come together and reach a better understanding and a better unity on things that are vital and essential to the state, there will be a heavy penalty paid."

Forces of Distribution.

"My struggles still are mainly in front and not behind," he said. "It is by performance and not by accession that all men in public life are judged." He spoke of the war and what it had meant to Portage homes. The war was won, but there was need for a lot of real patriotism before the happiness of the years returned. The war developed epidemics of unrest and disorder. Grievances were intensified by suffering.

"Extremists in some countries had brought millions to poverty and death. Even on this continent and in this country there is the forces of destruction at work. I am afraid we are blind if we do not believe that they are a lot stronger than they were and that the menace is real," he said.

"We should be quick to remedy injustice wherever it appears. We cannot all agree as to where injustice does appear. What one person honestly thinks is right, another person honestly thinks is wrong. But we should be more alert than ever to examine, both as citizens and as voters, the forces of injustice that have any real foundation."

higher charges be put in force "at as early a date as practicable."

By putting the increased rates into effect prior to September 1, the draft on the treasury under the guarantee provisions of the transportation act will be ended before expiration of the government's guarantee of earnings to the road. Officials estimated today that by September 1 the guarantee provisions would have cost the government approximately \$500,000,000 for the six months since the passage of the present railroad law.

Rental Payment Continued.

The government has been obliged to continue the \$75,000,000 monthly rental payment which was in effect during federal control, as well as to meet deficits, not covered by the rental amount, sustained by the individual carriers, included in the charges which will fall on the treasury in these deficits is that portion of the \$600,000,000 award covering labor costs from May 1 to Sept. 1, when the guarantee expires. This was officially estimated at \$205,000,000. Thus the people of the United States will pay one-third of the increased wages for railroad employes this year in taxes.

With the amount guaranteed, the carriers this year, and the claims of the lines for compensation under their contracts with the railroads administration, the roads will have cost the government approximately a billion and a half dollars since the president took over the properties Dec. 28, 1917.

Operation of the roads after Sept. 1 under the new rates will yield, according to accounts sent to the department of the carriers, an annual return of about \$1,580,000,000. While these figures were of a preliminary sort, the experts believed the freight revenues to be derived under the new charges would amount to \$1,300,000,000, and the income from passenger traffic \$283,000,000. Their estimates, it was explained, were based on the assumption that interstate rates would be increased correspondingly with the advance authorized by the federal commission interstate rates.

The need for increases in intrastate rates was set forth in a report forwarded today to various state railway and public utility commissions by the three state commissioners who sat in the interstate commerce commission during its hearings and consideration of the rate case.

In announcing that the applications for intrastate advances would be made of state commissions, Alfred P. Thom, general counsel of the Association of Railway Executives, said these increases would not enlarge the gross income to be received by the roads under the decision of the federal commission, because in presenting their case the carriers had based their estimates on corresponding intrastate state advances.

Consolidated inland steamship companies and electric railway lines are permitted under the interstate commerce commission's decision to raise their freight rates. Nothing was said by the commission as to passenger rates on the steamboat lines, but the decision did say specifically that the freight rates increase granted by the decision of the federal commission be construed as an expression of approval of increases made or proposed in the regular manner, in the passenger fares of electric lines."

While the commission authorized separate freight rate increases to the railroads in the four separate territories, the increase on freight moving from one territory into another will be 2 1/2 per cent.

The commission said that the carriers in New England had brought to its attention the "peculiar financial situation" of the railroads in that territory and in its general conclusions regarding the freight increases it said:

"While the New England carriers are included in the eastern group and are subject to the percentage of that group, the evidence as to the disproportionate needs of the New England lines make it desirable that the carriers give careful consideration to the divisions of joint rates accruing to these lines."

The surcharge of 5 per cent. on sleeping and parlor car space is to accrue wholly to the railroads. This charge was opposed by the Pullman Company, on the ground that it would reduce the travel in cars of that type. The commission held, however, that a charge of this character "has much in its favor," as "unquestionably the service is more valuable to the passenger and more expensive to the rail carriers."

On Wednesday morning the harbor commissioners will take the entire party for a sail around the water front, following which a luncheon will be given at the Royal Canadian Yacht Club.

The visiting newspapermen will return to Toronto on Wednesday, September 5, to see the world's greatest exhibition. They are due to arrive at the Exhibition grounds at 8.30 a.m. when the directors will entertain them to breakfast and subsequently to lunch.

A large number of overseas delegates are proprietorial rather than working journalists in the ordinary acceptance of the term, but no doubt they will do their share in the business end of the conference.

Much has been said and written about Lord Burnham, president of the Empire Press Union, and proprietor of The London Daily Telegraph, who is the greatest of the British journalists.

Lord Apsley represents the big interests of The London Morning Post, which is the fashionable society daily of the metropolis. It also wields some political influence.

Robert Donald, chairman of the Empire Press Union, who owns The Yorkshire Observer, published in Bradford, was formerly editor of The London Daily Chronicle, with the proprietors of which, it was said, he had some disagreement over the policy of the paper.

H. T. Cadbury, a member of the famous Quaker family, perhaps better known to drinkers of cocoa, represents the proprietors of The London Daily News, famous in having Charles Dickens as its first editor.

C. D. Leng, one of the proprietors of The Sheffield Telegraph, is the son of Sir W. C. Leng, who was one of the greatest and most fearless writers the Midlands have ever produced.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XIX. BUD LEE BEERS CROOKED CHRIS QUINNION.

Going down the knoll to the bunk-house, Bud Lee cursed himself at every stride. He cursed Carson when the cattle foreman, turning to follow him, addressed a merry remark to him concerning his "lady-killing clothes."

"A feller called you up a while ago," said Carson, still bright-eyed with interest, but pretending that that interest had to do with the new wall telephone recently installed. "Sandy Weaver, it was. Said 'what's eating you, Bud? You ac' mighty suspicious, like a man that had swallowed poison or else was coming down with the yellow jaundice, or else was took sudden an' powerful bad with love. They all treats a man similar."

"Damn it," growled Lee irritably, "can't you tell me what Weaver said? He said call him up, real pronto, re-plied Carson cheerfully. "Say, Bud, where in heck did you get that outfit? By cripes, if I had a reg'lar like that I'd be riding herd in any 'vry Sunday! On the square now—"

"But Lee wasn't listening to him and Carson knew it. He had gone quickly to the telephone, had rung the bell for 'Central,' and a moment later was speaking with Sandy Weaver of the Golden Spur saloon. Carson eyed at his pipe and kept his eyes on Lee's face.

New! Velour Hats

Sound the Autumn Note

And Present the Smartest Ideas for Sports Wear Now. The Moderate Prices Are by No Means the Least of Their Attractiveness.

We have sketched two of the styles to show you how chic they are—the mannish small sailor with roll brim, and the new large roll sailor with ribbon streamers. Clever tam-et-foots are also featured, and the colorings are lovely—navy, brown, beaver, taupe, capucin (nasturtium), jade and beige. The thick silky qualities will appeal, particularly at the modest prices, \$10.00 to \$15.00.
