### Women Close Doors Of Thousand Saloons

**Add Sixteen Illinois Counties To The Dry List**

**BAR LIQUOR FROM MANY PLACES**

In State Capital, However, Majority of Women, on First Vote, Support Bars—Five-Sevenths of Those Eligible Voted

(Canadian Press.)

Chicago, April 8.—Women voting for the first time in Illinois township elections demonstrated their power yesterday by closing the doors of more than 4,000 saloons outside of Chicago, adding sixteen counties to the thirty already dry and barring the sale of intoxicants in approximately 800 townships in which local option was an issue.

Their victory included eleven of the larger cities of the state, which, until the votes were counted last night, were wet territory.

Springfield, the state capital, voted wet after one of the most spirited campaigns in the history of the city. A majority of the women voted for saloons.

The vote in Chicago tallied nearly a half million. Out of a total of 217,614 women who had qualified, 128,686 voted. Only 72 per cent of men went to the polls.

The new council will be democratic, as it has been for the last several years. Of the successful candidates, only sixteen served in the last city council. Of the twenty-four who will be democrats, twenty-one Republicans, six Progressives and three Independents.

Notes of the women helped defeat a proposition for a comprehensive subway system to cost \$120,000,000. The subway proposition was lost by 30,000 votes.

London, Eng., April 8.—Premier Asquith today announced that he is master of the situation. The Gazette declares that the difficulties of the Irish question have not been made by any party, and cannot be removed by the ballot box. It expressed the hope that in the interval of comparative repose now ahead, Irish military sentiment will be strong enough to solve the six years' problem.

### ASQUITH AGAIN MEMBER OF HOUSE

**Returned Unopposed as The Secretary For War**

**THIS HIS ANNIVERSARY**

**Six Years Ago Took Reins of Government—Opposition Prone to Forget That They Are Not in Power**

London, April 8.—Premier Asquith again became a member of the House of Commons today, when he was returned unopposed by his old constituency of East Fife, Scotland. At noon, as no other candidates had put in an appearance, the returning officer declared Mr. Asquith elected. He has represented East Fife since 1886. An interesting coincidence is that today is the sixth anniversary of his assumption of the premiership.

While the premier was absent from the legislative chamber, Reginald McKenna was the leader of the house, and during this short period the home rule bill for Ireland passed its second reading. Favorable to Home Rule.

The Westminster Gazette, a Liberal evening paper, considers that the position after Monday's debate is relatively favorable. It takes Conservatives to task for forgetting that they are in opposition and not the government, adding "in these days no leader of the opposition ever comes to the table to make a speech without assuming that he is master of the situation." The Gazette declares that the difficulties of the Irish question have not been made by any party, and cannot be removed by the ballot box. It expressed the hope that in the interval of comparative repose now ahead, Irish military sentiment will be strong enough to solve the six years' problem.

### Lieut.-Governor Now The Only Hope of Preventing Raid on Treasury

### Will Second Serious Charge by Mr. Dugal be Ignored? --- Dictator From Maine on the Ground---Premier Attacks Carvell to Distract Attention From Himself

Fredericton, N. B., April 8.—President A. R. Gould, who was said by Hon. H. F. McLeod some years ago at a banquet in Malton, to be the forty-seventh member of the New Brunswick Legislature, became its real leader for a time last evening. He was in very truth the master of the administration, as edicts of doctors who ordered quiet for the shattered nerves of the premier of New Brunswick were as nothing to this persevering American who has handed millions of New Brunswick money and wants more of it.

The situation was most difficult, and required a man bold and reckless in his methods to cope with it. Gould was the man and he was right on the spot. At six o'clock, when it was announced that the premier would be unable to leave his room, Gould took a hand and had issued his commands. A hurried caucus of the government supporters was called, and Mr. Fleming's illness was put on the shelf for the time, for Gould said the Valley Railway bill was not to be abandoned, and that the government would stand by it to the bitter end.

The leaders knew that what meant. They could not disobey the command of the Maine magnate. The goods must be delivered, so all good and true honored Canadian and British parliamentary precedents were hushed aside, and with equal grave charges in connection with the railway company, which Gould is president, and members of the government who assented to the contracts for construction, made only a few hours before, the Valley Railway bill was brought down by a premier who arose from a sick bed at a late hour last night.

What was the rush? Was Gould afraid that Premier Fleming would throw up his hands and resign? That rumor was current throughout the day, and was anticipated by announcements of the usual nature in the government press. So the pressure brought by Gould must have been immense to have a measure involving this small province in a further obligation of two million dollars brought before the legislature despite the charges of guilt and over-kill.

It looks as if the main force of the main force has more influence with the government than all good British precedent and the governor of New Brunswick. He knows that when the leader of a government has personal charges made against him, he is expected to explain and give adequate proof to the chief executive that there is nothing in them before he proceeds with the public business.

The premier's appearance in the house pleased his supporters, and he received plenty of applause, but his speech was not long or masterly. It was full of figures and attempts to show this Lisman & Co. of New York were to blame for Gould's failure to carry out his financial undertakings. He had his usual slap at his political opponent, F. B. Carvell, M. P., who is here devoting his time and ability attempting to prevent this Gould's raid upon the depleted treasury and credit of New Brunswick.

The present outlook is that, while the charges against Premier Fleming will be investigated after the Easter recess, the government may refuse to grant the inquiry into the Valley Railway charges. They will surely refuse if the people of New Brunswick do not demand it. They dare not give even a partisan committee such as would be chosen from this house the power to probe the charges Mr. Dugal made yesterday in connection with the Valley Railway matters.

Governor Wood has only to say the word and there must be a complete investigation. He is now the master of the situation. Gould was able to have the legislation introduced, but he cannot sign the bill making it law. Governor Wood must do that, and it is felt that he will demand all the facts before he consents to imposing such a burden, mortgaging New Brunswick for two millions more, upon the people.

### THE STANDARD DEMANDS AN INQUIRY

In the course of an editorial in this morning's issue, while it expresses full confidence in Premier Fleming, the Standard says:

"It should not be supposed that Hon. Mr. Fleming or any other members of the Provincial Government will place obstacles in the way of the most searching inquiry into the allegations made by Mr. Dugal."

Again the Standard says:

"This newest development calls for an inquiry into every detail touched upon by Mr. Dugal and there can be no doubt that Hon. Mr. Fleming and his associates will afford every opportunity for such an inquiry. The present session of the legislature has already dragged out to sufficient length, but it will not be complete nor will the work of members be considered as finished until Hon. Mr. Fleming has answered personally and through the departments with which he is connected, the allegations made by Mr. Dugal. Short of this there must inevitably remain in the public mind a suspicion that all is not as it should be. Under the circumstances the duty of the legislature is clear. There must, and there will be, every opportunity for the development of such information as that for which Mr. Dugal asks."

### FIGHTING NOW NEAR TAMPICO

**One Report Says The City Is Taken**

**JUGGLING THE STATES**

**Mexican Government Making Re-arrangement—Still Deny Capture of Torreon—The Expelled Spaniards to Cross to Texas**

Vera Cruz, Mexico, April 8.—Fighting was general around Tampico on Monday. The rebels have captured Dona Cecilia and apparently another small point. The foreign women and children in Dona Cecilia have been removed to Tampico.

Rear Admiral Mayo does not expect a general attack on Tampico, as the rebels have no artillery, although they assert that they will receive some heavy guns soon. The gunboat Vera Cruz, of the Tamesi River bridge, has kept up a constant fire on the rebels.

Mexico City, Mex., April 8.—A bill was introduced in congress last night to take away statehood from Mexico and divide Chihuahua into two states and one territory, the latter being in the northern district, with the capital Juarez. This would give the Federal control of international questions. The cities of Chihuahua and Parral would be the capitals of the two states.

Major Arce, who arrived here today from Torreon, said that General Thomas Urbina, one of the rebel commanders, had been captured by the federalists. This was reported by the rebels. The newspapers here still deny that Torreon has been captured by the rebels. Juarez, Mexico, April 8.—Six hundred Spaniards expelled from Torreon by General Villa, arrived here at 8:15 o'clock this morning. They will be permitted to cross to El Paso.

Tampico Captured.

Later.

Mexico City, Mex., April 7.—Tampico has been captured by rebels, according to private dispatches received here today.

### English Suffragette Fights Like An Amazon

### "GENERAL" DRUMMOND

**Her Performance of a Few Days Outdone and After it All She Goes Free For Her Fine is Paid By Some One**

(Canadian Press.)

London, Eng., April 8.—Pandemonium reigned in Marlborough street police court today, when "General" Mrs. Flora Drummond, a militant suffragette, was brought up again and sentenced to pay a fine of \$10 or, as an alternative, go to prison for two months on charges of creating a disturbance in Hyde Park during the Unionist rally on Saturday.

Mrs. Drummond was so violent that three policemen had to pin her arms, remove her hat pins before the magistrate found the opportunity during a pause in the uproar, to pronounce sentence.

"The General" vehemently declared that she would never pay the fine and was then forcibly removed to the cells.

All the time Mrs. Drummond was in court, she kept up a fierce struggle with the police and wardens, and shrieked denunciations of every one present. Even a sister militant suffragette was the victim of a vocal attack because she did not storm the prisoner's enclosure and rescue the "General."

Seizing a policeman's metal whistle, Mrs. Drummond flung it at the magistrate's head and he escaped only by a narrow margin. Mrs. Drummond then seized a sister militant suffragette and was carried back shouting and struggling.

Several policemen were required to assist in dragging Mrs. Drummond to the cells, until she had been sentenced and then dragged her off to the cells.

When Mrs. Drummond had become calmer, she was released, as either she or some one else had paid her fine.

### PARLIAMENT TONIGHT TO TAKE WEEK'S RECESS

Ottawa, Ont., April 8.—After being in session since January 8, the House of Commons will adjourn this evening for a week's recess over the Easter festival. Not so much as was anticipated has been accomplished.

The prevailing view is that aid for the C.-N. R. will be forthcoming. The terms and the conditions remain unsettled. There is reason to believe, however, that in the final adjustment of the matter, the further expenditures will be directly supervised by the government, rather than being handed over to McKenna and Mann. If the latter course is followed it will be contingent upon adequate security being advanced. The session promises to run until the end of May.

### EAST AND WEST LINKED BY THE G. T. P.; LAST MILE HAS BEEN LAID

Nechako River Crossing, B. C., April 8.—Steel east and west on the Grand Trunk Pacific, was linked up today, the last mile being laid in the presence of Hon. J. Donaldson, vice-president and general manager and other officials of the company.

This point is 371 miles east of Prince Rupert and 1,275 miles from Winnipeg. A formal ceremony to include the driving of a golden spike, will take place later.

### SECOND CHARGE MADE BY MR. DUGAL

Following the explosion in regard to the timber charges, Mr. Dugal yesterday gave notice of another motion in which he accused that government members received money from Valley railway contractors. His notice of motion was:

"Mr. Dugal's formal notice of motion was as follows: 'Whereas Louis Auguste Dugal, a member of the legislative assembly of this province, for the county of Madawaska, from his place in the house this day has declared and states that he is creditably informed and believes he can establish by satisfactory evidence: 'That the St. John & Quebec Railway Company has already received in actual cash out of the proceeds of the bonds guaranteed by the government of this province the sum of \$2,728,873, and from the dominion government on account of subsidy the sum of \$643,000, amounting in the whole to the sum of \$3,371,873. 'That the railway company has actually under construction 117 miles of railway between Gagetown and Centreville. That the said railway company has therefore received about \$28,000 per mile for railway actually under construction; that the grading on said 117 miles, which is only problematic item in the cost of construction of a railway, is all completed, and therefore the actual cost of completion of said 117 miles ready for operation can be easily obtained. 'That it will require \$600,000 additional money to complete said railway between Gagetown and Centreville, and the said railway now owes its various contractors the sum of about \$200,000. 'That the said railway, when entirely completed as aforesaid, will not cost the sum of \$28,000 per mile. 'That the books of the said railway company and of Messrs. Kennedy & McDonald, the Hibbard Construction Company and James J. Corbett & Sons, who are the contractors under the said railway company, will show the actual cost to date, and James Taylor, inspecting engineer for the dominion government can tell exactly what amount will be required to complete ready for operation by the Intercolonial railway. 'CHARGES DIVERSION OF MONIES. 'That a large amount of said moneys so paid the St. John & Quebec Railway Company was diverted from its proper channel and has been used for purposes other than the construction of the railway. 'That contractors under the said St. John & Quebec Railway Company were compelled to pay and did pay large sums to members of the government of this province in the year A. D. 1912 before they obtained their contracts as aforesaid. 'Therefore resolved, that a committee of seven members of this house be nominated by Mr. Speaker to examine into the said charges, and to inquire into the actual cost of said railway so under construction to date, and the further amount necessary for completion between

### DAUG FRANK MAY TELL WHOLE STORY OF ROSENTHAL MURDER

Confession is Expected—Four Gun Men to Die on Next Monday

Ossining, N. Y., April 8.—A complete confession from one of the four gunmen convicted of the murder of Herman Rosenthal, and doomed to die on next Monday, is expected. The four prisoners have abandoned hope and as a result of Governor Glynn's refusal to grant them a reprieve pending the second trial of Becker.

It is said that several times Dago Frank has been on the verge of a complete confession, being deterred only by the arguments of his accomplices.

### CUT DUTIES ON TEA AND SUGAR IN OLD LAND?

Some Talk as to What Lloyd George Proposes to Do

London, April 8.—There is talk as to whether Chancellor Lloyd George, with a budget surplus of about \$3,750,000, will make any reduction in taxation. It has been rumored that he would reduce the duties on tea and sugar, but nothing is known.

Lord Lewis, parliamentary secretary for agriculture, speaking at Hitchin last night, announced that it was the intention in the coming budget to make considerable grants out of the imperial taxation—assist the rates in the country districts and thus alleviate the position of the farmers.

### CONCERTS LAST NIGHT

In Temple Building, Main street, last night, under the auspices of Dominion Lodge, I. O. G. T., with George McKelvie presiding, an enjoyable concert was given. In an entertaining programme, T. Williams, Mrs. Spragg, Charles McEachern, Mrs. Bernard, Miss Bertie Campbell, Peter Murray and Miss Greta Flewellyn, each sang a solo; Rev. J. D. and C. V. Wetmore sang a duet; T. D. Owens and Beanson in a Messrs. "Cohen's Divorce"; H. Wason, reading; Messrs. Owens and Gordon in a sketch, "Actor and Servant"; Alex. sketch; "Miss Dora Gibbs, dancing; Messrs. Owens and Beanson in a sketch, "The New Orator"; Miss Currie, reading; and Misses B. Campbell and J. McKenney, with Messrs. L. DeWolf, B. Kirkpatrick and Percival Williams, a sketch, "Unexpected Company." Commissioner Wigmore gave an address, and the concert closed with the singing of the National Anthem.

An enjoyable concert was given in Clayton's Hall, Brunside street, last evening, under the auspices of New Brunswick Lodge, Sons of England. There was a large gathering. Commissioner Wigmore presided and in an opening address gave a history of the society and referred to its aims. The programme was as follows:—Piano solo, T. H. Roberts; song, F. A. Beiding; mandolin solo, F. J. Punter; comic song, F. J. Punter; stump speech, T. Stack; stump speech and dance, George Duppilat; comic song and sketch, A. Wright and T. Farman. This was followed by a glee trio by G. Brindle and Mr. and Mrs. Bernard. Mr. Brindle also sang a solo. The programme was arranged by Ernest Gibbs and Harry Ricketts, who were highly complimented on the success of the evening.

A very entertaining concert was held in the Sunday school room, last evening, under the auspices of St. Matthew's Presbyterian church, under the direction of Mrs. J. J. McCaskill, repeated the Tom Thumb wedding, previously given in St. Matthew's. The children from the Carleton Sunday school also took part in the programme, and the entertainment proved a great success.

### PAY ROLLS FOR THE FALLS BRIDGE WORK SUBJECT OF INQUIRY

Hon. Mr. Morrissey, in answer to Mr. Pelletier's inquiry in the N. B. legislature, said:—

Q.—Is there any days work out side of the contract in connection with the bridge at the reversing falls, St. John?

A.—Yes, in the temporary stone piles cribwork surrounding the anchor pile and rocker pedestal for the erection of the 565 ft. steel arch.

Q.—If so, under whose supervision and under whose inspection?

A.—Under the department's organization and supervision.

Q.—Has the attention of the department been directed that a foreman or contractor sent in mens' time for a larger amount per day than was paid them?

A.—At this date some questions are involved between the department and contractor for this day's work and original contract, as to the details of his labor account not agreeing in some respects with the check thereon kept under the department's organization and supervision. Preliminary payments on original contract, have been made on this day's work account in accordance with the department's check, pending future investigation.

Q.—What were the allegations made, who made them, and what action has the department taken?

A.—Answered by No. 8.

### ITALIAN DUCHESS DEAD

Once Cause of Queen's Resentment Because of Humbert's Attentions

Milan, Italy, April 8.—The Duchess Eugénie di Litta, who played a prominent role at the court of the late King Humbert of Italy, died here yesterday at the age of seventy-seven.

Before ascending the throne King Humbert was so lavish in his attentions toward the late duchess, that Queen Margherita in 1875 returned her nuptial ring to her father-in-law, King Victor Emmanuel II, declaring that she would not wear it while the duchess was received at court. With time, however, this resentment wore away.

### LATE SPORTING NEWS

Bristol, R. I., April 8.—Delay in polishing the sides of the Resolute and in installing the deck fittings, will defer the launching of the cup defense candidate beyond April 17. The steeple's sail plan will show a lofty and narrow rig like that of the fifty footers built here last year. The mast will be seventy-four feet along the main boom, with a hoist of sixty feet and a spread of fifty feet at the head.

New York, April 8.—The English players for the international polo matches against the American team at Meadowbrook this spring were chosen in Madrid yesterday. They are: Captain H. Tompkinson, Major F. W. Barrett, Captain Vivian Lockett and Major C. Hunter with Major Matthew Lennox, Captain E. Palmer and Captain H. Ralston as substitutes.

### FAVOR INCREASED SUBSIDY

At a meeting of merchants interested in the bay service, in the Board of Trade rooms this morning, the application of the Bay of Fundy and Minas Basin S. Company for support in the application for an increased subsidy for the Margareville service was discussed. It was shown that the company had given more trips last year than called for by the subsidy arrangement and that the cost of operation was increasing. The committee decided that the service had been satisfactory and that its continuance would be a serious loss to the merchants here. Accordingly they decided to support the application and adopted a recommendation to the Board of Trade asking them to lay the matter before the authorities. It is understood that the board will act on the recommendation.

### GOING TO ENGLAND.

Royal mail steamer Royal Edward is due to sail this evening at 7 o'clock for Bristol with 400 passengers and mail and general freight. Among the saloon passengers will be Mr. and Mrs. Ernest H. Russell, and daughter, of this city; Captain and Mrs. Murray of Truro, and Miss Attenborough, who has been visiting friends in St. John.

### WANT \$30,000,000 FOR ONTARIO ROADS

Toronto, April 8.—The Ontario highways commission recommends a capital expenditure of \$30,000,000 on the roads in the province, extended over fifteen years; the province to contribute \$15,000,000, the counties \$15,000,000 and the cities \$5,000,000. Another recommendation is the creation of a highway department under the deputy minister, with a permanent chief engineer and a non-salaried advisory board of three. The commission would increase the tax on motor vehicles on a horse power basis so as to bring in \$400,000 a year; also a light tax on horse drawn vehicles.

### GUTELIUS TALKS TO I.C.R. MEN ON "SAFETY FIRST"

Moncton, N. B., April 8.—A meeting of railway employees well attended, and others, under the auspices of the "Safety First" movement was held last night in the Grand Opera House. General Manager Gutelius, J. E. Long, safety engineer, and officials and employees of the various departments were the speakers.

### RIVER OPEN AS FAR AS CARTER'S POINT

The river is now open as far as Carter's Point and several small boats were seen plying on the river today. The tug Winnie, in charge of Captain Harry Colwell, left Indian North about noon today and several North End citizens went up on her on the first excursion of the season. Among those in the party were D. F. Pidgeon, Alexander Rowan, D. J. Purdy, R. J. Holder, C. W. Colwell, G. W. Slocum, John Vanway and F. L. Potts. The party intend going up river as far as possible and will return to the city this afternoon.

Two motor boats came down river this morning, Fred McCluskey and James Boyd came from Land's End and John Whelpley from Carter's Point in another boat. Both boats brought country produce.

Although the main river is open for a considerable distance, ice in the Kennebecasis remains solid. A. P. Wetmore came to the city yesterday from Clifton and crossed to Robesay on the ice. He says it is more than a foot thick. Heavy loads of fertilizer were hauled from Robesay to Clifton on the ice today.

### WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The low area which was in the lower Ohio Valley yesterday is now near the middle Atlantic coast, with increased energy, while the northwestern high area is spreading over the Great Lakes. The weather remains cold in Northern Ontario and Manitoba.

Windy and Colder

Maritime.—Moderate strong winds with rain; Thursday, strong winds and gales from west and northwest, cold by night.

Washington, D. C., April 8.—New England forecast.—Unsettled and colder to night and Thursday, probably snow or rain, fresh, shifting breezes becoming northwest and strong Wednesday night.

**ELECTION CARDS**  
**ELECTION CARD ELECTION CARD**

I beg respectfully to inform the Electors of St. John (not overlooking the lady voters) that, in response to requests from citizens in the north, south and west sections of the City, I have decided to enter the field as a candidate for the office of Commissioner at the ensuing Civic election.

The new council will have to deal with some very important subjects, including the routing of the Valley Railway, to the terminals at East St. John, the completion of the paving of Main street, the paving of some other streets which the traffic is heavy, the care and maintenance of all of the streets, the providing of a more equitable system of taxation and the improving of the ferry service in Carleton by utilizing a slip extending to Union street, if the change should be found to be a practicable one.

In these and in several other important matters, as well as in departmental work, I should hope, if elected, to be of service to the City, and I would advocate the "open door" at City Hall and the taking of a plebiscite at an early date on a number of public questions not requiring expert knowledge for their decision.

I will be pleased to receive such support as may be accorded to me.  
G. FRED FISHER.

**ELECTION CARD**

To the Electors of the City of St. John, Ladies and Gentlemen:-

I take the opportunity of announcing my candidature at the coming election for Commissioners. To call upon each elector will be impossible, but I will endeavor to interview as many as possible. I fully appreciate the responsibility and duty which should rest upon anyone honored with your confidence. If elected I expect to discuss and act upon civic matters in such a manner as will meet with an intelligent and vigilant public opinion.

I am in favor of the open door, and giving of reasons for arriving at conclusions.

I respectfully solicit your support.  
CLARENCE W. DEFOREST.

**ELECTION CARD**

At the solicitation of a large number of electors, I will be a candidate for Commissioner at the coming civic elections, and beg to solicit the support of the citizens generally.

JAMES V. RUSSELL

**ELECTION CARD**

As I am not in favor of promises But in Doing, I again ask your liberal support in this coming election for commissioner, and if elected I will carry out your wish as far as your money will allow.

Yours obedient,  
WALTER W. ALLINGHAM  
4-13.

**ELECTION CARD**

To the Electors of the City of St. John, Gentlemen,-In offering as a candidate for Commissioner at the suggestion of friends in every division of the city, and in soliciting the support of all voters, I desire to present to you some of the reasons why I ask for your votes.

I am in favor of the Open Door-wide open-at City Hall.

I am in favor of a strong, independent stand by the Mayor and Commissioners when the interests of the city are being endangered by outside influence-No hedging.

I am in favor of a general revision of the assessment law, which in its present application bears too heavily and unjustly upon the citizen of limited income.

I am in favor of reduced ferry tolls until a harbor bridge has been built, as a matter of fair play to taxpayers in all sections of the city.

I will strenuously oppose all transportation agreements that discriminate against the port of St. John.

I am also in favor of any other measure that will tend to make St. John a bigger and more prosperous city and a better one for the average man to live in.

t.f. W. J. BROWN.

**Important to all Women Readers of This Paper**

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the organs to become diseased.

You may suffer a great deal with pain in the back, bearing down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular 75 cent and \$1.25 size bottles at all drug stores in Canada.

**ABOUT YOUR OWN VIGOR Sent Free to Men**

**MR. READER:**  
Have I something I have to offer you absolutely for nothing-a little private book of special information about the legitimate use and unsanctioned abuse of many vigor; about the preservation of many strength and his possible self-restoration; an illustrated pocket compendium of 8,000 words, 72 pages and 80 half-tone photograph reproductions-which I am very pleased to send by mail, absolutely free of charge, in a plain, sealed envelope, to any man, young or elderly, single or married, who writes for:

Over a million of these books have been sent to applicants all over the world since my first free offer appeared. Publishers are charging as much as \$8 for books on sex subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of many vigor, all put in perfectly plain, easy-to-read language, with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be-if you want to know the facts about this marvelous subject, given to you without a single cent, then fill in the coupon below, send to me and receive my book, sealed, by return mail. In one part of this little publication I describe a mechanical invention of my own, which I call the SANDEN Vitalizer, something you wear at night as an aid to the restoration of lost or waning strength; but you are not expected to get one of these appliances unless you decide for yourself that you want one. The book is complete, and there is absolutely nothing you are required to buy or pay, either now or in the future. Therefore, please send your names and address today.

**SANDEN, Author.**

**MANHOOD!** The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, this very minute. No matter what your years, whether you are 20 or 60, you must be either entirely in the race or entirely out of it. It is invariably the fellow who proves strongest in this human strength that forges to the front, while weaklings stand aside; it is he who who is in most demand and most sought after by women and men of his community, simply because he radiates that marvelous magnetic influence which only an abundant vigor and rugged manly health can radiate. I believe any man can hope to completely develop or restore this same vigor or manly strength, no matter what his past follies may have been, provided he is willing to REALLY MAKE THE EFFORT; and provided, of course, he is not weighed down by extreme old age or is not incurably diseased. To my mind, the road of the one who wants more vigor is perfectly plain, but it is a road that any man MUST travel if he attains the highest ideals in respect to his own manhood. See information in my free book.

As to the SANDEN Vitalizer, previously mentioned, will say it is a little mechanical appliance, weighing but a few ounces, which you wear at night. This Vitalizer generates and sends forth a certain sort, penetrating force which I call Vitality. It drives this Vitality into your nerves, blood, muscles and organs as you sleep. It is quieting to the nervous system-on, at least, so users say. Men write that it takes pain out of the back often at once and restores vitality in 80 days. Remember, the general information of the free book is independent of this Vitalizer, and you are not expected to get one of these little appliances unless you want to. You can write me later as to that if you so desire. With special attachments, my Vitalizer is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc. If you live in or near this city I should be most pleased to have you call in person at my office, where you may see and test the Vitalizer free of charge. Hours-9 to 6; or if inconvenient to call, do not fail to write for the free book.

**To Get Free Book Please Use Coupon**

If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 8,000 words, a complete compendium of useful information for men, young or elderly, single or married, who want the truth about the subject of vital strength, its preservation, its possible self-restoration and its legitimate uses and waston abuses. You get it all free.

**DR. E. F. SANDEN CO., 140 Yonge St., Toronto, Ont.**  
Dear Sirs:-Please forward me your book, as advertised, free, sealed.

STILL MORE CHARGES

Quickly following upon the charges made against Premier Fleming in connection with the leasing of the crown timber lands came yesterday further charges by Mr. Dugal against the government in connection with the letting of the contract for the St. John Valley Railway.

That a large amount of said money so paid the St. John & Quebec Railway Company was diverted from its proper channel, and has been used for purposes other than the construction of the railway; that contractors upon the said St. John & Quebec Railway Company were compelled to pay and did pay large sums to members of the government of this province in the year A. D. 1912, before they obtained their contracts as aforesaid.

Mr. Dugal further declared that the railway between Gagetown and Centreville will not cost the sum of \$28,000 per mile, and he calls for a complete investigation.

In the face of these charges, Premier Fleming calmly rose in his place last night and proposed a further bond guarantee of \$10,000 per mile, and an obelisk following rushed the bill through its first and second reading. This is the boldest and most amazing performance in the political history of New Brunswick.

The women of Illinois had an opportunity yesterday in the township elections to express their views concerning the liquor trade. As a result of their votes more than a thousand saloons outside of Chicago will be closed, adding sixteen counties to the dry list, and ensuring victory in two-thirds of the townships in which local option was an issue.

The Mr. Fleming who now asks the legislature to give the St. John and Quebec Railway Company an additional bond guarantee of \$10,000 per mile is the same Mr. Fleming who told the legislature and the province at large that sufficient funds had already been provided for the work.

The abolition of the use of liquor in the United States navy is significant of greatly changed views in that country in respect to its use. Not even the officers are to be permitted to have wine at their table.

When Mr. Fleming and the Glenier were yesterday denouncing Mr. P. B. Carvell and others, declaring that this was a last desperate effort to organize a scandal campaign to embarrass the government in carrying out its programme of Valley Railway legislation, they evidently did not know that the St. John Globe was publishing an editorial demanding a full investigation; and the Globe did this before the charges of Mr. Dugal concerning the Valley Railway were made in the house.

#### Lecture on Dinosaurs

Dr. W. D. Matthews of the American Museum of Natural History, New York, gave an interesting lecture on Canadian dinosaurs before the members of the local society last evening. The lecture was illustrated by photographs from the geological survey of Canada. The following were admitted to membership of the society: Miss Grace Allingham, Miss Dorothy Hopkins, Miss Marjorie V. Milligan, Miss Florence Bailey. Announcement has been made of donations to the museum from the estate of Mrs. Lawrence McLaren, Mrs. Harvey P. Hayward, Miss Lizzie Perley, Mrs. A. L. Holman, Mrs. Mary Sheffield, R. N. Bryson, of Scott Brook, Charlotte county, N. B., Joseph Merritt, Mrs. A. Lander, Dr. T. D. Walker, W. H. Mowatt, and a number of photographs from the geological survey of Canada which were presented by Dr. Matthews who lectured last evening.

### IF HEAD ACHE AND YOUR EARS BUZZ YOU SURELY HAVE CATARRH

It doesn't matter how long you have suffered, or how often you have failed to get relief—even though Catarrh may affect every organ in your body, you can be permanently cured by inhaling the soothing vapor of Catarrhose. A few breaths through Catarrhose Inhaler clears the phlegm out of the throat and stops your cough. The nostrils are cleansed of offensive mucous discharges, and sneezing and sniffing stop at once. Partial loss of hearing and headache (very common symptoms of catarrh) are quickly cured, and in a short time every trace of catarrh disappears.

Nothing can be simpler or more pleasant than Catarrhose. It's healing piney vapor sends a warm cleansing sensation through all the air passages in the head and throat—makes you feel better in half a minute.

"My ears, buzzed by the hour and I had frightful head noises," writes J. P. Purdy, from Port Huron. "Catarrh fairly filled my whole head and throat. I got relief mighty fast when I tried Catarrhose; it hit the spot instantly. You bet Catarrhose has cured me and I simply swear by it."

Get the complete \$1.00 outfit; it does the trick in a hurry—never fails; small size 50c; trial or sample size 25c, sold by dealers everywhere.

### THE MAN IN THE STREET

Commissioner McLellan proposes a fine modern fire station at the corner of King Street East and Carmarthen streets. Certainly the barn now there is no adornment to so attractive a location.

Winter port business here away off; immigrants through this port fewer by thousands than a year ago; the I. C. R. used by the Borden government to injure St. John; surely on local grounds alone this city has cause to regret what the dominion at large may well weep over—the placing of a Tory government in power.

Thirteen are out for civic honors in St. John. Well, the tall-enders can say the number was their hoodoo.

Temperance speaker says "Saloons are run to make men drink." Suppose he was afraid some one might think they went in for a bath.

The age of chivalry is not ended. A Missouri woman who has buried nine husbands is said to have another brave enough to take a chance.

From the pictures of some people in the public press, we're inclined to agree with Solomon, since deceased, when he said that "all is vanity."

Physician says to live to the age of 100, "exercise before breakfast." Yes, but we're just thinking of going to bed then.

Headlines say "wild geese waiting for spring." Maybe wild, but they're wise ones, tho.

Watchful waiting again: Russian waits five days and five nights at entrance to land office in Edmonton to claim \$8,000. The Mexico policy hasn't much on that lad.

If it is true as a lecturer said a few nights ago that "the right woman can make a fool of any man," we're not anxious for an introduction.

Will He Do It Again?  
Each autumn time we hear  
The hunter's tale so bold  
Who fires upon a deer—  
The old, old tale is told  
The bells are also tolled  
We're mourning at the Bier.

Each winter brings the gink  
Who fears on his skate  
On ice goes to the brink,  
He's jolted too well, Fate,  
No more he'll stay out late,  
Been gobbled in the drink.

In summer time we dote  
It's coming soon, give heed,  
But I doth grieve our guest  
When in the press we read  
A hearse is what we need,  
The fool has rocked the boat!

Premier Flemming is not the only Tory who is not feeling well since Mr. Dugal made his charges.

The Valley Railway grab, the mysterious foreboding bill, and now the timber limit—seems to be getting just a little reckless.

S. L. Peters suggests that the Mistake is an appropriate name for the place chosen as a site for the Valley Railway bridge.

New York Times remarks "the judge must be like Caesar's wife; he must be all things to all men." That is a new light on the latter character.

The Ulster women who were studying first aid to the injured might on their training profitably by regarding as an auxiliary branch of the saltitans' army.

St. John voters are allowed two guesses as to who will survive the primary election and two guesses regarding the victors in the

Colored wigs have arrived in St. John. It is a shame to let the ladies keep anything like that for themselves; how would grand-pa look in a green one?

### LOSS OF APPETITE IN THE SPRING

Loss of appetite is accompanied by loss of vitality, vigor or tone, which is a more serious loss. It is common in the spring because at this time the blood is impure and impoverished, and fails to give the digestive organs what they need for the proper performance of their functions.

Ask your druggist for Hood's Sarsaparilla. It makes the rich red blood your whole system demands. It is not simply a spring medicine—but it is the best spring medicine.

### Buying A Habit

A countryman passing through town was attracted by a notice in a shop window which read—"Good Habits for Sale." After studying it for some time he went inside.

"Well, sir," said the assistant, "what can I do for you?"

"I want to get a good habit, please," said the countryman.

"What kind would you like, sir?" said the assistant.

"The one of getting up early in the morning," replied the countryman. The assistant looked astonished; then, setting a joke, wrote on a slip of paper, "Please give bearer some self-rising flour," and then he directed him to the grocery shop next door.

S. T. Overlock of Liberty, Me., has a swarm of bees in his kitchen which has been feeding since the middle of February.

### DRUG CLERK TELLS HOW TO CURE INDIGESTION

Recommends to Sufferers the Best Stomach Remedy in St. John Today.

"It is a wonder some of us have stomachs left," remarked a well-known drug clerk recently. "While all drug stores sell a score or more of stomach remedies for which there is wide demand, most of them are just pep pills, which digest the food that is in the stomach at the time. They have no curative or strengthening effect on the stomach at all, and of course do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice, I swear by and recommend ordinary bisulphated magnesia, which does not digest the food at all but just acts as an antacid and sweetens the sour, fermenting contents of the stomach. That stops the pain, heart-burn, sour rising, wind, bloating, fullness, etc., in just a few minutes, and the stomach digests its food without help or trouble, which is the proper way."

"Doctors make mistakes sometimes, too," he continued. "My own aunt had all kinds of trouble with her stomach for years. She bought and used several styles of digestive pills but got worse right along, as naturally she would. Finally she went to a doctor, who nearly scared her to death by telling her she had cancer of the stomach. She came to me with his prescription and told me what he said. I thought it was nonsense. I sent her to another doctor whom I knew very well and he didn't tell her anything, but just gave her this same thing, bisulphated magnesia. She took it two weeks and never had any stomach trouble since and that's three years ago. She's my own aunt and I know this for a fact. Yes, a lot of bisulphated magnesia is sold in St. John. All the druggists have it. I suppose, and all you take is a teaspoonful after every meal. It's all right."

At the Authors' Club in New York one evening several members were swapping stories, when one told a tale, during the course of which he had a better one. Once in San Francisco, when I was nearly down and out, I received a money order from home in the sum of \$40 and the only man who could identify me was one to whom I owed \$58." —Lippincott's.

### Every Wife's Duty

Watch Husband's Hair—If This Full of Dandruff Insist On His Using Parisian Sage

Men give but little thought to the care of the hair. Not until the first bald spot appears do they really take notice. If your husband's hair is getting thin; if he has dandruff or itching scalp, take immediate action—do not let him become a bald head.

Get from any drug or toilet counter a 50-cent bottle of Parisian Sage. The first application stops itching scalp, and removes dandruff—the great hair destroyer. A little Parisian Sage rubbed well into the scalp for a few nights will work wonders. When the hair stops falling and the new growth appears a frequent use of this invigorating tonic is all that is needed to make the hair perfectly healthy, thick and beautiful.

Surely try Parisian Sage always sold with agreement to refund your money if not satisfied. It's a delightful hair tonic for men and women.

A Sure Test  
A foreman in a sawmill named Sandy, who was very miserly in his habits, had two fingers taken off by one of the saws. Some of the workmen were searching among the sawdust for the lost members when Pat, one of the men, came on the scene and asked what was wrong? "Sandy's lost two fingers," said the others. "Have any of you got a two-shilling piece?" demanded Pat, who dropped it in the sawdust, exclaiming, "Now, begorra, Sandy's fingers will soon be on that."

### PREMIER URGES THE GUARANTEE OF TWO MILLIONS

Despite Charges of Craft in Connection With Valley Railway Hon. Mr. Flemming Would Rush Through Supplementary Aid

Fredericton, N. B., April 7.—When the house met at 7:30 p. m., going into committee, a bill relating to Bathurst and the establishment of a pulp and paper mill there was agreed to. Any dam to be built must not be more than twenty-five feet deep.

The bill to exempt the St. John harbor master from liability in certain cases was agreed to.

Hon. Mr. Flemming appeared in the house this evening after having been confined to his room through illness during the day, and was heartily greeted by his followers. He spoke at some length upon the Valley Railway, and despite the grave charges made, introduced a bill to give the project further aid—a procedure probably without precedent in parliamentary annals. He gave the total spent on the road to November 30 last as \$8,542,276. Estimates presented to federal government engineers and the provincial engineer were satisfactory and sufficient to complete the road. The company had statements showing what was necessary to complete the work, the amount being put down at \$707,000. He read telegrams from F. J. Lisman & Co. and others regarding the standing of the company and spoke of the financial depression through which they had passed, showing the obstacles with which they had had to contend. The reason why further assistance was being asked, he said, was that the company had failed to finance the scheme as they had expected.

### SCORES THE TORIES IN BUDGET DEBATE

Hon. A. K. MacLean Charges Them With Sacrificing the People For the "Interests"—J. C. Turriff in Telling Speech

Ottawa, April 7.—The old struggle between progressive endeavor and conservative reaction, between protected privilege and the interests of the common people has developed in the budget debate.

The Liberal speakers gave the people's side of the case today. A. K. MacLean, in a thoughtful and telling speech, bespoke the Liberal determination to fight for improved economic conditions on the lines of free foodstuffs, free wheat and free agricultural implements, with a view to bettering the conditions and increasing the opportunities of the toilers in the factories and on the farm. He gave a complete and compelling review of the financial aspects of Mr. White's budget and the results of the dash-aways-and-spend-the-money policy of the

**"In the Midst of Life"**

Not long since a prominent young business man was granted \$5,000 insurance in The Imperial Life.

He passed the rigid medical examination required, and so expected to enjoy many years of good health.

A few days later he was drowned, and in less than a month from the day his insurance was issued his father had been paid the proceeds.

Perhaps you expect to live for many years—and you may. But suppose you the next week. Will your widow then have to face a life of drudgery? Or, will you, while you still have the opportunity, provide for her an income as long as she lives?

Write today for free information as to how this can be done.

**Easy Way to Stop Hair From Coming Out**

A harmless home remedy, compounded principally from the powerful juice of the Peruvianubrub of Peru has been found highly effective in promptly checking the falling of hair from the scalp. Men and women whose hair is growing alarmingly thin and falling out badly every day should try it without fail, as the ingredients are perfectly harmless and very inexpensive and the whole thing can be prepared at home or by any druggist. Merely mix together in an 8 oz. bottle 2 oz. Lavona de Compose, 5 oz. Bay Rum and 1-2 drachm of Menthol Crystals. Shake well and allow to stand for an hour, when it is ready for use. The Lavona in the above is the pharmaceutical name of the Peruvianubrub as diluted and scientifically prepared for medicinal purposes. To stop the hair from coming out and to quickly start a fine growth of new hair all over the scalp, rub this lotion briskly into the scalp with the finger tips or a medium stiff brush for about five minutes each night and morning. After three or four days' use in this way you can expect to find a single loose or straggling hair. Dandruff will disappear and itching cease and in about ten days you will find a fine growth of new hair, which will grow with amazing rapidity.

**ABANDON HOPE FOR THE SEALER SOUTHERN CROSS**

St. John's, Nfld., April 7.—A public meeting tonight started a fund to relieve the sufferers of the sealing disaster. The steamer Southern Cross is virtually abandoned. The death toll totals 250.

The administrator, Chief Justice Howard, presided at the meeting. The speakers were the Anglican Bishop Jones, the Catholic vicar general, the superintendent of the Methodist church, the minister acting as premier, the leader of the opposition, the president of the executive council. The speaker of the council, the speaker of the house of assembly, president of the board of trade, and the deputy mayor.

The meeting decided in view of the magnitude of the disaster to appeal for help to Newfoundlanders and other friends of the colony residing abroad.

The deputy premier read a message from Premier Borden offering proposed votes of the Canadian parliament toward the fund. The offer received grateful appreciation. Other general contributions were also received. The administrator read a message from the governor and premier now in England intimating the making of an appeal to the British public through the London Times.

It escaped the notice of the public that the steamer Southern Cross, which has proceeded so far today that she is out of reach of the Cape Race Marconi station. The Kyle returns tomorrow night, unless otherwise ordered.

The steamer Newfoundland, a victim of the ice foe disaster, returned tonight with the remnant of her crew, and only 600 seals.

The Floral, with 16,000 seals, the Bohaventure, 18,000 seals; the Adventure, 19,000, also arrived. The Floral brought 130 men of the sealer Eagle's crew, returning home owing to the unfavorable prospects for the rest of the season.

**TRANSFERRED TO ST. JOHN OFFICE.**

Cornwall, Ont., April 7.—W. R. White, who has been paymaster at the Canada Cotton mill, of the Canadian Cottons Limited for over twenty years, has been transferred to the Cornwall & York mills, at St. John (N. B.), and will leave on Sunday next. Tonight the overcasts of the Canada and Dundas mills tendered him a farewell, and presented to him a club bag.

**THE FORSHORES BILL.**

To the Editor of the Times—

Sir—The question, who conceived and drew the forshores bill, like Banquo's Ghost, will not down. Though introduced as a government measure, it apparently was not inspired by the premier. Every sentence shows it was the emanation of a trained legal mind. Attorney General Clarke, the standing legal adviser of the government, could not have made sad havoc around the winding recesses, bays, beaches and islands of his constituency, had he not been the emanation of Colonel Baxter is the surprise of every citizen. He is paid to guard the interests of our city, and represents the County of Saint John, and his passage would naturally affect the interests of the people along a coast line extending from Dipper Harbour to Salmon River.

It has been suggested that Recorder Baxter did not nip in the bud the forshores bill, which on the ground of urgency was being railroaded through the house with indecent haste, was that he was so vigilantly engaged as president of the Barristers' Society in unearthing the racially doings of some members of his profession, in cases under the compensation bill. The colonel gravely stated, when the amendments to the bill were under discussion that some had come under his notice "so rankly unjust, he would like to prevent repetitions of the same." He further stated "he had compelled one member of the profession to return embezzled money." Such detestable skill would be of great service in ferreting out the legal gentleman who drove the forshores bill.

**SWEEPING OUT IN WESTERN FREIGHTS.**

Ottawa, April 7.—Some substantial reductions from five to thirty per cent in the freight rates on nearly all classes of goods on all railways in the dominion operating from Winnipeg to the Pacific coast are ordered in the judgment in the western freight rates case handed down by the railway commission this afternoon. The reduced schedule of rates will go into effect on Sept. 1, of this year.

A standard scale of maximum freight rates is fixed by the judgment for each of the three western sections of the railways in the west. The lowest scale in the west, now known as the Manitoba standard, has been amplified to show rates up to two thousand and one hundred miles, and will apply throughout the entire section and on the British Columbia lakes, abolishing the higher scale now charged in Saskatchewan and Alberta. What will be known as the Pacific scale is a somewhat higher basis and will govern in Pacific territory.

Mrs. Chas. Schriefer of 138 Himrod St., Brooklyn, N. Y., says: "My little girl was frail, sickly and all run down after having had the grippe. I was advised to give her Vinol and after the first bottle noticed an improvement. She has taken four bottles and has picked up rapidly, having gained six pounds in three weeks."

The reason Vinol builds up weak, ailing children so quickly is because it contains in a delicious combination the two most world famed tonics—i. e. the strength creating, body building elements of cod liver oil, with all the useless grease eliminated, and tonic iron for the blood added. If you have a weak, puny, ailing child, try Vinol on my offer to return your money if it fails to benefit your little one. Wasson's drug stores.

**Easy Way to Stop Hair From Coming Out**

A harmless home remedy, compounded principally from the powerful juice of the Peruvianubrub of Peru has been found highly effective in promptly checking the falling of hair from the scalp. Men and women whose hair is growing alarmingly thin and falling out badly every day should try it without fail, as the ingredients are perfectly harmless and very inexpensive and the whole thing can be prepared at home or by any druggist. Merely mix together in an 8 oz. bottle 2 oz. Lavona de Compose, 5 oz. Bay Rum and 1-2 drachm of Menthol Crystals. Shake well and allow to stand for an hour, when it is ready for use. The Lavona in the above is the pharmaceutical name of the Peruvianubrub as diluted and scientifically prepared for medicinal purposes. To stop the hair from coming out and to quickly start a fine growth of new hair all over the scalp, rub this lotion briskly into the scalp with the finger tips or a medium stiff brush for about five minutes each night and morning. After three or four days' use in this way you can expect to find a single loose or straggling hair. Dandruff will disappear and itching cease and in about ten days you will find a fine growth of new hair, which will grow with amazing rapidity.

### Tory Promise and Performance As Exemplified In Saint John What About Hopes Held Out By Rogers and Hazen in Reply to Board of Trade Requests of Last November?

Some interesting promises were made to the citizens of St. John by Hon. Robert Rogers and Hon. J. D. Hazen at the meeting held in the Board of Trade rooms on November 12, last. This was five months ago, and a comparison between the promises and the fulfillment furnishes a reminder that the citizens still have some work ahead of them if they are to secure the benefits indicated by the promises.

The occasion of the meeting was the protest of the entire city against the L. C. R. C. P. R. agreement and it was recognized that the improvements which the ministers promised to provide were in the way of a recompense for the loss of the Empire steamers. These promises were thought necessary then to supplement the arrangement under which the Royal line was brought here, and a comparison between the traffic which the port received through the visits of the C. N. R. steamers and the loss experienced by the lack of the big C. P. R. boats emphasizes the fact that some additional compensation was needed to balance the bargain.

The winter season of 1913-1914 is now nearing an end, and it will not be long before the opening of a new season will be the occasion for a demand for better facilities. It will then be too late to provide them and if results are to be secured in time an early start must be made.

The recommendations of the Board of Trade cover improvements which are needed even more now than they were at the time they were made, and the urgency of the demands should be no less pressing. If the government has failed "to deliver the goods" it is again time to remind them of the commission and to make the reminder as insistent as the agitation which brought two ministers of the crown here last November to attempt to satisfy the demands of the electors.

Some of the requests of the Board of Trade, which were submitted to the ministers at that time, and the promises which Hon. Mr. Rogers made in reply are quoted below.

**New Berths**

Our board transmitted to you last month a resolution asking that ten new berths be immediately constructed on the West Side of the harbor. In order to meet the growing requirements and to carry out the plan of development entered into by the government, we suggest

that two additional piers be provided for and constructed on the West Side by next winter, in addition to those now under contract.

"The development of this port must be viewed from the standpoint that St. John is a great national port and that its development is in the common interest of the whole dominion. From that point of view the recommendation seems to be a necessary one, and I will carry it back to Ottawa and take it up."

"I think I can promise that, if we cannot build two additional piers, we can at least immediately see to the construction of one."

**Passenger Dock**

In order to meet the requirements of passenger traffic we would suggest that berth No. 1 should be taken over from the city of St. John and fitted up as a modern accommodation for all classes of passengers.

"This is a new proposition to me," he said. "It is probably a point which the government might be able to do something with. I will have the matter carefully looked into, but it is one for engineers to examine and give their opinion as to what would be the best means of accommodating the passenger traffic as it passes through this port."

**Revetment Wall**

We would also request your government to proceed with the construction of the revetment wall in accordance with the agreement with the Canadian Pacific Railway, in order that the Canadian Pacific Railway Company may without delay construct their yard room, terminals, etc.

"I see no objection to this," said the minister of public works. "I will be glad to take immediate steps to have this revetment wall constructed. I saw this morning that it was certainly necessary, and I think the government have been behindhand in this matter." (Applause)

**The Breakwater**

We also recommend that the extension of the Negrotown breakwater to the island, for which an appropriation has already been made, be pushed forward without delay; also that a breakwater be built on the northeast side of Partridge Island, extending in a northeasterly

direction to the Island rocks; that on the end of this breakwater a small lighthouse be built with a machine bell, which would take the place of the gas buoy and bell now there. This breakwater would render more safe the berths now being constructed at Sand Point and also the proposed deep water berths to the south of Sand Point.

"From my personal observation," said Mr. Rogers, "I am free to confess that I think from the manner in which I was looked about in the harbor this morning, though it was not a rough day, that this

is one of the most important parts of the work suggested in this memorandum.

"It strikes me that this extension of the Negrotown breakwater to Partridge Island is an absolute necessity. I understand that it will be a very extensive and costly operation, but one of my first expenditures should be applied to the construction of that breakwater which will be a great benefit to the harbor.

**Lack of Facilities**

These recommendations are made in view of the lack of facilities for meeting the requirements of the

trade which is knocking at our doors, and which we are assured by steamship and railway men cannot be built too quickly to prevent the congestion which has occurred for the past two years.

"Recognizing as I do the great possibilities of the port of St. John—realizing as I do, and knowing as I do that this is Canada's great winter port—(Cheers), I am fully aware of the necessity of developing this port in a proper and efficient manner, and though we are somewhat late in starting, and we seem to want everything in a great hurry, I

think that we can push forward the development of Canada's great national winter port in such a manner as will prove satisfactory not only to St. John but to the whole dominion." (Renewed cheering)

**Dry Dock Extension**

In regard to the proposed dry dock, this board has made representation to the dominion government as well as the local government and the council of the city of St. John, as they were pledged to aid the construction of dry docks in the city of St. John, the desirability of extending the length of the dry dock to 1,160 feet so as to provide a dock for the largest type of steamers now so numerous in the Atlantic trade, and that it be done in such a manner that there will be no delay in the final completion of the whole contract. A dock of this kind has become a necessity on the Atlantic coast, and we trust the government will take this into consideration, and if possible have a larger dock constructed.

New York was a small field for general Mrs. Siegel's gifts. London attracted her. Mrs. Arthur Paget became her sponsor, the influence of the Duchess of Sutherland, of Joseph Chamberlain and others were her spoils. Paris came next, an easy conquest, after the difficult London campaign a fit success.

And where was Henry Siegel's Europe's capitals laid their fashion, coronets and their crowns at the feet of his wife? In New York, mostly, in a counting room of his store. And she is suing him for divorce. For the lovely vision had faded from his eyes he sought solace in the company of other women. So he had lost the companionship of his wife and she the life of her husband—it was a poor bargain after all that was made in the Siegel store between the pretty newspaper writer and the department store owner.

**ROMANCE IN THE LIFE OF HENRY SIEGEL OF NEW YORK**

Department Store Owner Married Pretty Writer on Fashions

**SHE HAD SOCIAL AMBITIONS**

Now Seeking a Divorce—How She Conquered and Won Way to High Places in the Social World

The romance in the life of Henry Siegel, the proprietor of a string of big departmental stores in several cities of the United States, who recently failed in business and whose wife is now suing him for divorce, is told in The Brooklyn Times.

There is much that is ordinary in the career of Henry Siegel. Unromantic business gave him his start. Shrewd management brought him success. But there was room in his figure-ridden heart for romance. And he was not too much engrossed in counting room affairs to ignore its knocking at his door.

It was in 1896 that a New York newspaper sent one of its fashion writers to report an "opening" at the Siegel store. She was the widow of Rear Admiral Wilde's brother, a southerner, strikingly beautiful, remarkably clever. Siegel offered her a position. A year later he married her, and when he became aware of the fact that his charming bride had social ambitions, he gave her carte blanche with his check book.

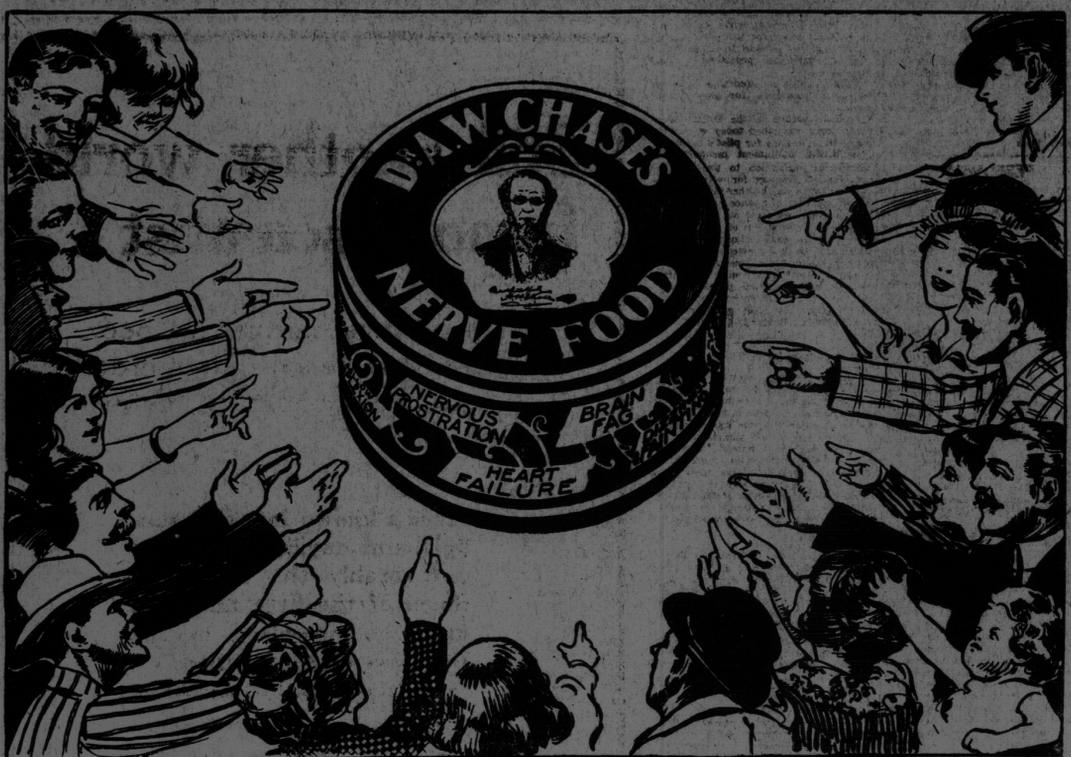

To Conquer New York

The poor widow, the humble fashion writer, the wife of a merchant of his means but no social standing, thereupon made her plans. There were many things against their success and had she laid them before any one of society's arbiters, he would have smiled with pity at the ridiculous ambition of a "climber." But Mrs. Siegel had a backing to her husband's bank account that no money can buy; personality. And she started upon her campaign.

An American Napoleon in frills and fineries! First she set out to conquer New York. Her lieutenants were her stepdaughter and her own two daughters. Siegel's money bought costly city houses and country places and filled them with art objects. Small soirees followed but Mrs. Siegel hid her bright hopes under modest covering; she studied law, earned her degree and secured newspaper notoriety. Then came her first great social coup. At the cup races of 1903 she met Sir Thomas Lipton. Others had the claim of standing to his favor, but Mrs. Siegel had—personality. And within the year Driftwood, the Siegel

**SUCH LETTERS AS THIS EXPLAIN WHY Everybody Uses Dr. Chase's Nerve Food as a Spring Tonic**

We have on file thousands of letters telling of similar cures by Dr. Chase's Nerve Food.

Mrs. Jules Scarbo, Moulinette, Stormont Co., Ont., writes:—"I think it is my duty to write and let you know the great benefit I received from taking Dr. Chase's Nerve Food. Early last fall I became greatly run down, could scarcely eat anything and could not sleep at night. The least sound would make me start and I was so nervous I could hardly bear to have anyone talk to me. I tried many medicines but none helped me and I was in this extremely nervous condition for five months.

"I read in the almanac about Dr. Chase's Nerve Food and bought 3 boxes from Mr. Armstrong, druggist at Mille Roches. Before completing the first box I felt the benefit and now believe the cure to be thorough and complete. I am feeling fine and eat and sleep well, thanks to the wonderful good, accomplished by Dr. Chase's Nerve Food. I wish everybody troubled as I was knew of this grand medicine, which is so quick in action and so permanent in results. It will always have my praise."

You can avoid the feelings of fatigue and depression which make spring so dreaded by very many who are not in robust health. Sleeplessness, irritability, indigestion and headaches soon disappear when you increase the vitality of the mind and body by using Dr. Chase's Nerve Food. 50 cents a box, 6 for \$2.50, all dealers or Edmondson, Bates & Co., Limited, Toronto. CURIOUS LEGACY TO EDITOR

A wealthy and eccentric Swiss living at Moscow, who died recently from an accident, left a novel will. Perhaps the most curious clause is that a certain sum every year should be paid to the present editor of the Journal Wochenzeitung of Winterthur, in Switzerland, "to drink to my health."

The Swiss was a native of Winterthur and the paper was his favorite one, but the editor, who has accepted the gift to drink to a dead man's health, never saw or heard of the man.

There is only one condition attached to the bequest, the "ceremonies" must take place on Jan. 1 and Aug. 1, every year until the editor's death.

BURDOCK BLOOD BITTERS CURED A BAD ATTACK OF ECZEMA.

All skin diseases such as Eczema, Salt Rheum, Tetter, Rash, Boils, Pimples, and itching Skin Eruptions, are always caused from the blood being in a bad condition, and it is impossible to eradicate them from the system unless you put your blood into good shape. This you can very easily do without the slightest trouble by using Burdock Blood Bitters.

It drives out all the humor from the blood, and makes it pure and rich, and not only are the unsightly diseases removed, and a bright clean complexion produced, but the entire system is renovated and invigorated at the same time. Mrs. G. A. Day, Somerville, N.B., writes: "Last spring I had a bad attack of Eczema. I tried several patent medicines as well as the medicine of a physician, but they seemed to make the disease worse. I was advised to try Burdock Blood Bitters, and I did so with the result that in two weeks time the sores began to disappear. I continued to take it until I had taken three bottles and they worked a complete cure."

DROVE CARD SHARPS FROM THE ATLANTIC LINERS

Bold Fleecing of Indian Prince Caused Banishment

HE LOST \$100,000

Handsome Blonde The Lure of Swindlers to Get Him Into Game—Stacked Cards Used to Fleec Dupes

(New York Herald.)

With the passing of "Doc" Owen, "Whitey" Lewis, "Con" Riley and Martin Ryan, adventurers and card sharps of the sea, the ship news reporters have lost a prolific source of news. Graphic descriptions of games of chance staged in the smoking rooms of Atlantic steamships, in which fortunes were won or lost, are no longer written, for such games are a thing of the past.

Officers of the Cunard, the Hamburg-American and the White Star lines are authorized by the statement that the operations of professional card sharps have practically been stamped out. It had been the result of a campaign which was started several years ago following the scandal which ensued when a prince from India lost nearly \$100,000 in a "friendly" game.

The decline of the Ohio and Mississippi River steamboat traffic was the means of flooding the transatlantic steamships with scores of gamblers—men of surface polish and pleasing personality. They were at ease in any class of society, familiar with continental capitals and fluent linguists. Frequently their operations were facilitated by the help of women associates who were equally proficient in the games of chance—games where the only element of chance taken was by the dupes who lost their money.

It was a woman who did the "steering" when a coterie of these sharps robbed the Indian prince. In his native land the prince was famed for having gone into a cave with no other weapon than a dagger and fought a duel with a tiger. Soon after this feat he went to Paris on the first leg of a journey around the world.

One of the card sharps was tipped off that the prince was soon to leave for America. He had a particularly attractive blonde acting as his lure whom he sent to the hotel where the prince was staying.

This woman soon made the acquaintance of the prince, and by a "strange coincidence" left for New York on board the same steamship. In board she surprised to learn that several "friends" were passengers. These, of course, were her good playing confederates. Not a word was spoken about gambling until one day, when other amusements began to pall, the girl nonchalantly mentioned that a little game of cards would revive their spirits.

The card sharps pretended to be reluctant to enter the game and agreed to play only at the prince's earnest request. The play was started two days before the steamship was due to arrive in New York, but quick results were obtained. The prince was fleeced before he realized that he had been duped. On finding there was little likelihood of getting back his money he fled little and at the matter drop.

Poker and bridge were favorite methods for swindling the dupes. Dutch hands, however, were often relied upon when quick action was necessary. It usually came at the end of a poker game. Some one would remark that he had won a few dollars and would "double or quit" with any one in just one round of "blind hooky." New cards were brought and the pack opened in view of every one. As a matter of fact these cards had been carefully prepared for use by the sharps, those higher than the seven being longer than the others, and those below the seven narrower.

Most persons cut cards by the sides, which with a pack prepared as above will give low cards in ninety-nine cuts out of a hundred. The confederates always cut by the ends and got high cards. In a game of Dutch bank on board the Lucania several years ago \$8,000 is said to have changed hands in less than twenty minutes, just before the smoking room closed on that night. Before the steamship was due at Queenstown.

The Part That Flies "Pa, what's a theatrical angel?" "A man whose money has wings, my son."

I AM A MAN!

No matter how weak you are; how full of aches and pains; how feeble and old in your actions, you can be made a stronger and better man by wearing my Electric Belt while you sleep.

Pick out the men who have worn my Belt. See them with heads erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you "I am a man."

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches with a tired, stupid feeling? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory, and lacking in spirit and self-confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. What you lack is just what electricity supplies. My Belt will cure you, and if you will come to me you will soon be one of "DR. McLAUGHLIN MEN."

I believe that the best evidence is the word of an honest man, who says "YOU CURED ME."

F. W. NEWCOMBE, Box 2861, Montreal, says: "I purchased a Belt from you last year and am pleased to say it did what was required."

L. S. ADAMS, Southampton, N. S., writes: "I received your Belt on the 1st of September, and tried it that day. The Belt is doing the work, and I am much pleased with it. The losses at night and at stool, which were getting worse every day, are now checked, and I am already feeling better."

Come and see me, if you can, and I'll fix you up, or if you can't call, write to me. I've got a nice book on that I'll send sealed, free, if you enclose this ad.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Agent: Wasson's 3 stores.

Learning Piano at 100.

London, Ont., April 8.—Thomas Collins, of Biddeford, Township, who will soon celebrate his hundredth birthday, has just commenced taking music lessons on a piano which he bought recently for the purpose of studying music, of which he has always been very fond, but never learned. He can play well on a melodeon and sings fairly well.

Troubled With Weak Back and Kidneys For 10 Years.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mrs. Ed. Boyer, Nokomis, Sask., writes: "I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and they helped me. I sent for two more, they put me on my feet, and I have been able to work ever since."

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

MAXIM GORKY CURED.

Says That Roentgen Rays Drove Away His Tuberculosis.

London, April 8.—The St. Petersburg correspondent of the Daily News telegraphs that Maxim Gorky, in a letter to the Ruskoe Slovo, asserts that he has been completely cured of tuberculosis by the application of Roentgen rays by Dr. Manukhin's system. He says many correspondents have asked him how he was cured, and he has answered that he suffered from tuberculosis of both lungs when Dr. Manukhin visited him at Capri last October and made four applications of his treatment up to December.

Although Gorky is now living in St. Petersburg, in a damp climate, he is no longer following any medical treatment, has put on weight, and feels no trace of the disease. He says he experienced no pain during the treatment, or any nervousness or other after effects.

MADE MONEY FARMING.

What a farmer may do in Skowhegan Me., and adjoining towns was finely illustrated by a speech made there the other night by Grever D. Eaton, of Waterville. He said that fifteen years ago George E. Foster of Cornville, was working for him on his farm by the month. At that time he bought a farm of 100 acres with a poor set of buildings, paying \$800. This same man now has forty Guernsey cows that are worth \$200 apiece and he has sold several at that price recently. He has remodelled the buildings upon his farm and the farm is now valued at \$4,000; his cattle at \$1,000. He said that this man now has property worth \$15,000 and he has acquired it by just farming. He sells his cream to the Skowhegan Jersey creamery and he ships some of his cattle at high prices as far west as Wisconsin. Mr. Eaton showed that there was not a farmer in Skowhegan or Cornville but could do what Mr. Foster has done.

A Noble Action.

His mother was holding an extra special afternoon tea, and Tommy was arrayed in all his Sunday glory half an hour before the guests arrived. He was sent out to the confectioners, to remind them that the cake hadn't arrived, and he returned a few minutes later beardless and looking decidedly the worse for wear.

"You naughty boy!" said his mother, "you're being naughty; his coat is innocent."

"How did your clothes get torn and your face scratched?" his mother asked.

"Well, you see, mother," confessed Tommy, "I tried to keep a bad boy from hurting a good little boy."

"That was very noble," said his mother, softening. "Who was the good little boy?"

"Tommy eyed her anxiously for a moment, then answered: 'Me.'"

The Real Cause of Most Bad Complexions

It is a stern fact that no truly beautiful complexion ever came out of jars or bottles; the longer you use cosmetics the more the complexion becomes. Skin, to be healthy, must breathe. It also must expel, through the pores, its share of the body's effete material. Creams and powders clog the pores, interfering both with elimination and breathing. If more women understood this, they would be fewer self-willed complexioners. If they would use ordinary soap instead of cosmetics, they would have natural, healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogs the pores, restores the fresher, younger under-skin is permitted to breathe and to show itself. An excellent complexion gradually peeps out, one free from any appearance of artificiality. Get an ounce of mercurochrome at your druggist's and try it! Apply liberally like cold cream, for a week or so, washing it off morning and night. To eradicate wrinkles, here's a marvelous effective treatment, which also acts naturally and harmlessly. Dissolve 1 oz. powdered saxatilis in 1/2 pt. which hasel and use as a wash lotion.

Bismarck—the Greatest of the Germans

BISMARCK, like all Germans, prized Personal Liberty as the breath of life—a NATURAL RIGHT to be guarded and defended at any cost. Among our millions of law-abiding German-American citizens there is not a man who does not consider it insolent tyranny of the most odious kind for any legislation to issue this command: "Thou shalt NOT eat this—thou shalt NOT drink that." Germans know that there is no evil in the light wines and beers of their fathers. EVIL ONLY IS IN THE MAN WHO MISUSES THEM. Fifty-seven years ago ANHEUSER-BUSCH founded their great institution upon the tenets of the Constitution of the United States. During these fifty-seven years they have honestly brewed an honest beer—the kind that has added to the temperance of nations. Their great brand—BUDWEISER—is demanded throughout the world. Its sales exceed any other beer by millions of bottles, proving it to be in a class by itself.

LOCAL BANKS GET PINKERTON NOTICE

A circular letter has been issued by the Pinkerton National Detective Agency of New York warning the public that solicitors for Pinkerton and Company's United States Detective Agency have been calling on bank officials, merchants and manufacturers attempting to secure contracts for handling collections. The issuers of the letter deny that they have any connection with Pinkerton and Company and have no collection agency in connection with their work as detectives. They say that people have been endeavoring to secure business on the strength of their name and reputation and a bill has been filed in the circuit court of Cook county, Illinois, to restrain and enjoin people who have been soliciting collections under the name of Pinkerton, from continuing the scheme. The case is still pending trial. The warning has been received by several of the banks in the city.

THE BAPTIST MINISTERS

(Maritime Baptist.) Rev. Neil Herman, of Truro, has received a call to the pastorate of McPhail Memorial Baptist church of Ottawa.

We are indebted to Rev. T. H. Siddall, of the finance department, Ottawa, for papers respecting the McPhail Memorial meetings. Brother Siddall was for many years pastor of Free Baptist churches in Nova Scotia.

Rev. Gideon Swim writes from Petuocodac, April 4: "My friends at Corn Hill recently gave me a donation in cash of \$20.00, a very acceptable gift at this time. May the Giver of all good reward the donors. I am feeling a little

better, and I hope to get my strength back after a while."

Rev. C. B. Lewis wishes, through the Maritime Baptist to thank his many friends of Wickham and Hampstead for their great kindness and generosity to him during his recent illness. May the author of the unspeakable Gift richly reward those who have so cheerfully given of their kindness and sympathy in so practical a manner.

A farewell banquet was tendered to Rev. Dr. J. H. McDonald, by the congregation of McPhail Memorial Baptist church, Ottawa, and an address read testifying to the high esteem in which he is held by them. At a dinner given previously in honor of Dr. McDonald, at the home of Dr. A. A. Cameron, the Ot-

FEW MOMENTS! NO INDIGESTION OR SICK STOMACH—PAPE'S DIAPEPSIN

Digests All Food, Absorbs Gases and Stops Fermentation at Once

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy, and upset, and what you just ate has fermented into, stubborn lumps; your head aches and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take Pape's Diapepsin, and in five minutes you will wonder what became of the indigestion and distress. Millions of men

and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help; remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a case at drug stores. It's truly wonderful—it digests food and sets things straight so gently and easily that it is astonishing. Please don't go on and on with weak, disordered stomach, it's so unnecessary.

A woman came into the general store with a jar of butter. She desired to exchange it for another jar of butter. In churning, she explained, she had discovered a mouse in the churn.

"It didn't injure the butter," she said to the storekeeper, "and to any one who did not know the circumstances it would taste all right."

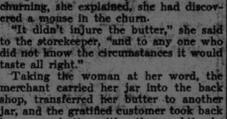

Taking the woman at her word, the merchant carried her jar into the back shop, transferred her butter to another jar, and the gratified customer took her mouse butter with a thousand thanks for the accommodation.

Think Duffy's Success Good

Hamilton, Ont., is led by some of the Canadian sprinters as a possible winner of the Boston A. A. Marathon on Patriots' Day. As said to be the best Canadian runner in the Boston marathon and as strong as Tom Longboat was in best days.

Duffy's past performances have gone a long way toward making him one of the favorites. In the 1912 Olympics in London, Duffy took fifth place in the 1000 yard race and during the same year lowered the Hamilton Herald record over a distance of nineteen miles, 169 yards, from 1:46:42, made by Jay, of Toronto, to 1:41:15. Neither neighbor nor Hans Holmer was able to touch Duffy's record.

Duffy will be under the care of Bobby Kerr, a famous Canadian sprinter, and Jimmy Murray, of Jamaica Plain. He will be the guests of J. B. King, a sporting old man who has many friends in St. John.

Olney, survives, with two sons, Frank and Freddie, both children at home. Mrs. Spearin was in her 47th year. The funeral will be held on Friday afternoon from 10 Hammond street.

**MAY BE EXTRA MONTREAL TRAIN THIS SUMMER**

One of Matters to Be Taken Up in Montreal This Week By C.P.R.—New Railways Commission Official Here

The matter of summer service on the C. P. R. is to be considered tomorrow in Montreal by divisional superintendents and other officials of the road at a conference to be held in this connection. Nothing definite can be said before the conference. H. C. Groat, superintendent of this division, will leave this evening to attend.

There is a possibility that another train to Montreal may be run from St. John this summer, and other questions in connection with passenger traffic will also be dealt with. There has been a large increase in passenger traffic to Montreal during the last few years, and some have thought that another train is necessary. In such an event it would probably leave the city an hour or two before the present or regular train, thus relieving the traffic on the latter. Just what the summer service will consist of will be decided tomorrow.

Mr. Groat returned to the city last evening after a trip over this division, accompanying George Spencer, newly appointed chief operating officer of the Railways Commission. This was Mr. Spencer's first visit to the maritime provinces since his appointment a short time ago. He came here over the I. C. R., visiting different centres and also getting over the beach lines. Mr. Spencer formerly was in the employ of the C. P. R. in Toronto, in the same office with Mr. Groat, but was appointed on the vacancy occurring in an advisory capacity to the Railways Commission. Mr. Spencer was taken by Mr. Groat to Woodstock, Aroostook, and other places, and then continued to Ottawa.

**THE STEAMERS**

**HARKINS BUSINESS IN WEST INDIES GOOD**

A letter received from A. K. Mundeis, who is travelling as a business manager with the W. S. Harkins Co. in the south tells of excellent business being done by the troupe in all points on their tour. The letter was written from Port of Spain, where they played to most satisfactory business. All previous records had been broken in Bermuda and Barbados. After leaving Port of Spain the company were to travel to Colon, then Panama, to Jamaica, back to Barbados and then would return to New York. "With the aid of white duck suits and Panama we're trying to keep cool," were his closing lines.

**MAY BE EXTRA MONTREAL TRAIN THIS SUMMER**

One of Matters to Be Taken Up in Montreal This Week By C.P.R.—New Railways Commission Official Here

The matter of summer service on the C. P. R. is to be considered tomorrow in Montreal by divisional superintendents and other officials of the road at a conference to be held in this connection. Nothing definite can be said before the conference. H. C. Groat, superintendent of this division, will leave this evening to attend.

There is a possibility that another train to Montreal may be run from St. John this summer, and other questions in connection with passenger traffic will also be dealt with. There has been a large increase in passenger traffic to Montreal during the last few years, and some have thought that another train is necessary. In such an event it would probably leave the city an hour or two before the present or regular train, thus relieving the traffic on the latter. Just what the summer service will consist of will be decided tomorrow.

Mr. Groat returned to the city last evening after a trip over this division, accompanying George Spencer, newly appointed chief operating officer of the Railways Commission. This was Mr. Spencer's first visit to the maritime provinces since his appointment a short time ago. He came here over the I. C. R., visiting different centres and also getting over the beach lines. Mr. Spencer formerly was in the employ of the C. P. R. in Toronto, in the same office with Mr. Groat, but was appointed on the vacancy occurring in an advisory capacity to the Railways Commission. Mr. Spencer was taken by Mr. Groat to Woodstock, Aroostook, and other places, and then continued to Ottawa.

**PROBATE COURT**

In the probate court today in the matter of Ada Anthony Foley, Samuel Street, James William Foley and Roland Goodhart Foley, infants, James W. Foley of Simonds, potter, the father of the children, having died leaving the infants and their mother, Charlotte W. Foley, on the petition of the infants the mother is appointed guardian of their estates. There is no real estate, personally not exceeding \$2,000 each. Clarence H. Ferguson is proctor.

The will of Mrs. Charlotte Ann Olive, widow of William George Olive late of Carleton, showright, was proved. She gives all her estate to her two daughters Catherine A. and Charlotte H. Olive and nominates them as executrices. They were duly sworn in as such. There is no real estate; personally \$1,000. Dr. Silas Alward, K. C., is proctor.

**MIGHT DEVELOP HORSE TRADE**

Gypsy Simon Smith, who is now in the city, has had a very interesting career. He has driven a cab in the streets of London, was a "broncho buster" in Texas, saw bull fights in Mexico, and has crossed and recrossed the Atlantic so many times that such a voyage is now commonplace. Speaking to the Times about horses, he expressed the opinion that a good business could be done importing horses into Canada from the old country. There has been a complete change in the conditions which exist in a quarter of a century ago. The motor car has replaced horses to a very great extent. Twenty-five thousand horses went off the streets of London in one year. Horses which bring a high price in Canada can be bought in England at a price which in his opinion would make it worth while for Canadians to look into the prospect of trade in that direction. Mr. Smith has decided to settle in Ontario.

**KERR-STEEL**

At the residence of the officiating clergyman, at 10:30 o'clock this morning, Rev. J. D. Wetmore, pastor of the Tabernacle Baptist church, united in marriage William Henry Kerr, of Silver Falls, and Miss Alice Louise Steele, of Barnesville, Kings county. The ceremony was performed in the presence of relatives and friends. After the ceremony, Mr. and Mrs. Kerr left on a short visit to the home of the bride's parents. They will make their home in the city. The bride received many useful presents.

**MRS. CATHERINE TAYLOR**

The death of Mrs. Catherine M. Taylor, widow of Converse Taylor, in her eighty-first year, occurred this morning. Mrs. Taylor was of Loyalist descent. Her father, James Reynolds, was born in St. John. She is survived by one brother, George B. Reynolds, of Clarendon street, and one sister, Mrs. Mary A. Fletcher, of King street East. The funeral will be held on Thursday from the residence of John M. Jenkins, 247 King street East, the service commencing at 2:30 o'clock.
