SUFFERING CATS!
GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called Frezzone, applied directly upon tender, aching corns, instantly relieves soreness, and soon the entire corn, root and all, falls right out.

This drug is a sticky ether compound, that dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of Frezzone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

MEMORIAL SERVICE TO FALLEN HEROES

Opera House Crowded to Doors Sunday Evening to Take Part in Service.

The Campbellton Opera House was crowded to the doors Sunday night, after the regular service in the various churches, with the citizens and take part in the Ypres memorial and intercessory service under the direction of the members of the Great War Veterans of Restigouche.

The stage was very tastefully draped with bunting, and seats were provided for the clergy and a very large union choir.

The centre row of seats in the auditorium was reserved for the soldiers, of which there was a large turnout. The Citizens Band, which also played several numbers in a very creditable manner during the service.

His Worship Mayor C. A. Alexander presided. In his opening remarks he read the names of Restigouche boys, ninety-six, who had fallen in defence of their country. These were as follows:

ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pain in the Back, Eczema and other Skin Affections, is because it is the only medicine in the world made from fruit juices.

It is composed of the medicinal principles found in apples, oranges, figs and prunes, together with the herbs and antiseptics of proven repute.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

HON. MR. VENIOT ON BUDGET DEBATE

Severely Criticizes Record of Old Government and Asks Questions.

Hon. Mr. Veniot on order of the day being called, resumed the debate on the budget. He said that when speaking the previous evening he had made reference to the over zealousness of certain politicians which he felt if not checked at the proper time might lead to serious consequences in this province to the relations which exist between the two races. He had observed that Hon. members on both sides of the House had applauded his remarks and that led him to the conviction that Hon. members opposite might do more in the future than they had in the past towards putting a stop to an agitation calculated to disrupt the population. Knowing the English speaking representatives on his own side of the House, he felt that the interests of the Acadians would be safe in their hands, and as he looked at the Hon. members opposite he also felt convinced that they would put forth every effort to put a stop to racial prejudice. He would ask all to join hands and stand shoulder to shoulder in putting down all attempts to introduce such a condition of affairs in the public life of the province. He appreciated the remarks made on the subject by the Hon. member for Queens and could assure him that the French people of the province were willing to do their part in the promotion of greater harmony. He was aware that there were narrow people on both sides who took advantage of their racial conditions to stir up strife, but he thought the time had arrived when a stop should be put to that sort of thing. In his connection he hoped Hon. members opposite would make an effort to bridge the press, which supported them.

Influence of the Press.

Many things said by politicians in the heat of an election campaign could be excused, but the real harm was often done in the seclusion of an editorial sanctum. Instances of the kind of which he complained had occurred in this province quite recently and he would be remiss in his duty, if he did not call attention to it. A newspaper published in Fredericton had on the 19th of March called upon the Premier of the Province to ask for the resignation of the Minister of Public Works, because he had the minister of lands and mines by the throat and was seeking to get control

CHANGE IN N. B. BIG GAME LAW

Close Season for Partridge Till 1921—Caribou Must Not be Killed.

Fredericton, April 22—Drastic amendments to the game laws will be made by an act introduced in the legislature last week by Hon. E. A. Smith, minister of lands and mines. It will be passed this week. Under its provisions the number of game animals which may be killed under a non-resident license is reduced to one moose and two deer. A close season for partridge is imposed until September, 1921 and caribou until October of the same year. The penalty for violation of the section relating to partridge is a maximum fine of \$50 and a minimum fine of \$25. The bounty on wild cats is increased from \$1 to \$2 and other bounties are fifty cents for each porcupine and twenty-five cents for each owl or hawk. The selling of carcasses of moose or deer is prohibited.

of Crown Lands to be used, not for returned soldiers but for French settlers. The same paper had stated in its issue of March 15th that he (Veniot) was endeavoring to secure control of a block of land in the County of Queens for the use of French colonists, and the paper had urged the English-speaking people to rise against the threatened French domination. He had said that there were bigots on both sides of politics and proof of his statement was furnished by the fact that while a Fredericton paper was criticizing him for doing too much for the French, the Moniteur Acadien, of Shediac, was condemning the minister of lands and mines for not doing enough for them and was holding him up as a Protestant bigot, who was strangling the French colonists. It looked to him (Veniot) as if it was a concerted attempt on the part of the English and French Conservatives press to stir up prejudice, with the hope of gaining some political advantage. He noticed in The Standard's report of the speeches of the Hon. leader of the Opposition there was a sub-heading referred to "Hetherington's Break." He wished to say that his Hon. friend from Queens had made no break but he was inclined to think that he had caused a break among his Hon. friends opposite. It would be good for the province if it had more men like Dr. Hetherington who were not afraid to stand up and denounce those who are seeking to create racial prejudice among the people.

Unity in Empire's Interests.

A number of speakers who had preceded him, had made reference to the great war and the Hon. leader of the opposition had stated that the situation was critical. He (Veniot) while he had every confidence that the Allies would achieve success, thought that in reviewing the situation there was every reason to fear the result. Surely when the boys of the province of all creeds were fighting for peace and laying down their lives in far-off Europe, those at home should be able to settle their little differences and work hand in hand for the good of the Empire. While he personally could not go to the front, he was represented there by a member of his family and had an offer, which he made to the Government, been accepted he would have been there now fighting alongside of his son. In the face of such things he thought the people of the province should make the sacrifice by giving together and throwing down on those who have so little respect for their positions as to seek by such despicable means to gain selfish political ends.

He had listened with a great deal of interest to the two speeches delivered during the session by the Hon. leader of the opposition and he had been somewhat attracted to that Hon. member when he had said on the opening day that he did not intend to engage in carping criticism. Before the Hon. member had concluded his speech, however, he was using such phrases as "indiscriminate waste of public money" and "great extravagance." In all of the criticism which the Hon. member had levelled at the department of public works he was only able to cite one instance where

FUNERAL OF PTE. GREEN ON FRIDAY

Impressive Service at Christ Church—Military Funeral—Large Attendance.

The funeral of the late William Green of the Alberta Battalion took place Friday afternoon at 2 o'clock in Christ Church.

The church was crowded with citizens to pay their last respect to a soldier who had died far away from loved ones.

The service was very impressive, and was conducted by the Rector Rev. J. H. Barnes, assisted by Rev. Pte. Henderson, one of his comrades.

The casket was covered with flowers from his comrades and citizens.

Members of the Alberta Battalion stationed here and the members of the G. W. V. A., marched in a body, the firing party under command of Lt. F. O'Leary, leading the procession. Comrades of the deceased acted as pall-bearers. After the service at the grave three volleys were fired by the firing party and the trumpeter sounded "Last Post." Interment was made in the Rural Cemetery.

he claimed that the money had been wrongfully spent. Considering the fact that the department during the year had handled no less than \$4,123,000 and the Hon. member was only able to find fault with one item of expenditure, he (Veniot) had reason to be proud of the showing made.

Standing out prominently in the speech was a question which Hon. Mr. Veniot asked, a question which he left to the leader of the opposition to answer and the answer will be awaited with keenest interest by Mr. Murray's followers and opponents alike.

The question was: "Where did the money come from?"

The minister of public works had reviewed the history of the patriotic potato deal already famous in the annals of the province. When he had the sequel. When the potatoes which were the gift of the province to the motherland, had been shipped, there was a large surplus left in the hands of the government, and this stock was disposed of by Mr. A. C. Smith & Co., agents for the government, by shipments to the West Indies. The last of the potatoes were shipped in February and March of 1916, but when the books of the province had been closed on November 10th, the proceeds, a matter of \$32,860 had not been accounted for. The books were kept open until December 22nd, and on that date the province received a promissory note signed by A. C. Smith & Co., for the amount, which was entered as cash received. The note was discounted and by the time it was due Smith & Co., had failed. The note was met, in March 1916, by a check forwarded from Montreal.

When these statements were made the opposition leader was not in the chamber, and Mr. Veniot remarked: "If the leader of the opposition were here he might be able to tell who forwarded that check and who furnished the money to repay the check."

Waits for Answer.

In Mr. Murray's absence he was forced to wait for a public answer, but he assured his hearers that the transaction was a disgraceful and dishonest one, and one which, when fully revealed would show how hollow was the claim that the former government had left office without a stain on the hands of the members.

There was another transaction of which the late administration had no reason to be proud and which will require some explaining from the former minister of public works. This is the contract made by Hon. B. F. Smith with the Smith Foundry Company of Fredericton for the White trucks on the basis of twenty per cent. profit, at a time when another contract was prepared to sell them to the government on a ten per cent. profit, a contract made only a few days before the general elections. When Hon. Mr. Veniot entered office he took steps which resulted in cutting down the price and effected, a saving to the province of \$7,200 on the transaction.

No Answer.

B. F. Smith answered Hon. Mr. Veniot, but made no mention of this matter. He talked for half an hour, quite evidently sparring for the process and laboring heavily in the process. The blow apparently has nearly been a knockout. At 11 o'clock Mr. Smith moved the adjournment of the debate. If he has an answer prepared by the morning the province will be glad to hear what it is.

The first morning session is being held to-day when the house will convene at 11 o'clock a.m., sessions will be continued in the afternoon and evening and the members will be at work again early on Monday morning.

"SUPPORT AND SUBSTITUTION."

"Support and Substitution" is a phrase that is being heard more and more, these days, on this side of the Atlantic. For more than a year its meaning has been realized in both England and France and every month finds these nations coming nearer and nearer to a practical realization and cheerful acceptance of the duties involved in that meaning.

At the very basis of this new war slogan lies the conviction that our boys in the trenches must be supported by a constant and dependable stream of reinforcements. Men must be released from civilian life. Furthermore, our boys must be supported by a practically unlimited supply of ammunition which is up to standard in every particular.

The third item of support is food. This, too, must be of the best and unadorned. There must never be an anxious moment "over there" because of a possible shortage of food. If there is to be a shortage of food it must exist here in Canada, first. An unfailing supply of men, ammunition and food constitutes the whole matter of support. From the very beginning of the war our men have been pleading for the first two things. They must plead no longer and, under no circumstances, must they be forced to call our attention to the matter of food supply.

Support can be given only by substitution of labour. In Canada the logical solution lies with the women of each nation. Already English and French women have done nobly. Canadian women are more than willing to do their share in this work which, by far, the most important of any war work yet undertaken by women, is it too much to say it is the most important work undertaken by either men or women?

Canadian women have already done much in munitions. Last summer found the pioneers in this substitution movement doing work on fruit farms and dairies. Gardening was also carried on successfully. The winter months have been devoted to preparation for a more vigorous substitution on the land. Practical farming has been studied, demonstrations attended, courses taken in poultry-raising, gardening and dairying. Like their English sisters Canadian women are training so that when the first call comes they can press themselves thoroughly equipped as to training.

It is interesting to note that in practically every instance the world over, where women have been called upon to do the work of men, they have done it with a willingness and a spirit of sacrifice that has made their work excellent and praiseworthy. The verdict of the farmers themselves at the end of their first season with "farmerettes" is that they are far superior to the typical "dread man" who is, too often, content to be simply "the man with the hoe." When told to do a piece of work the girls do it as directed and have no theories to offer. They expect to work and are careful of the materials. College girls apply the discipline gained through their studies to their work in the fields.

VINOL MAKES GOOD BLOOD

Positive—Convincing Proof
Many so-called remedies for anemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain. The only way to be certain with the people is to let them know what they are getting for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

By Cod Liver and Beef Extracts, Iron and Manganese Phosphates, Free and Ammoniacal Chlorides, Lactic Acid, Glycophosphates, Calcium.

Any doctor will tell you that the ingredients of Vinol as named above will enrich the blood and banish anemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

It will prove that the money you pay for Vinol does not improve your health.

A. McE. McDonald, Druggist, Campbellton. Also at the best drug stores in all New Brunswick towns.

ough study, and the feeling that what they are doing is helping the men in the trenches carries the work to a successful finish.

Not all women can substitute by making munitions or doing land service. But the talents of every woman can be substituted for the talents of some other woman and a grand interchange of work will result which in the aggregate supports the men overseas. The woman who cannot farm but is a model housekeeper can give her services in that line to the housekeeper who can farm. The one who can cook can contribute her services for those dependent on the cook who can also farm. The one with training or instincts of the kindergarten can devote herself to the care of the children of the mother who can farm, and so on down the line of occupations and workers. The escape from work that may have become monotonous or even distasteful to work that is congenial will be, in itself, a real rest and recreation.

The city woman is as closely linked up to this system of substitution as the country sister. She can substitute her training and leisure as an exchange for work at which she would not be a success. She can organize committees or whole campaigns, can conduct successful registration bureaux and place workers where they "count for most." She can organize whole villages or country sides into co-operative living that will be real welfare work and pave the way for future nation-wide campaigns which must come later if life is to be lived as effectively and honestly as it should be.

The city woman who can demonstrate successfully could organize community canning centres and here again the garden can give of his surplus, the work of her leisure and a store of winter foodstuffs can be put by for the one who is forced to forsake home for a while and substitute in order to support. The one who is an expert caterer should find a place where her talents count for the utmost in conserving food even though she has never catered for her own family. Not one talent must go unused. Substitution is the great work from this time until the war ends. No one must claim exemption and, in a very real sense, the one who substitutes must be supported while she in turn supports.

SUBSTITUTE! SUPPORT! CARRY ON!
Glory is of little consequence to the man with a large family of starving children.

There's Nothing Like

Zam-Buk's soothing and healing power. Zam-Buk has been our household balm for fourteen years, and we could not do without it.

All doctors or Zam-Buk Co., Toronto. 60c. box, 3 for \$1.25.

Zam-Buk

THICK, GLOSSY HAIR
FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Dandruff.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Dandruff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy healthy hair if you have dandruff. This dandruff scrubber gets the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; the hair falls out fast. Surely get a small bottle of Zam-Buk's Dandruff from any drug store and just try it.

ANSWER TO THE SAME OLD CHARGE

Red Cross Society Says Socks Are Not Sold to Soldiers.

Most of our Branches have been confronted with the sock selling story, not all have as yet heard of the stolen sweater. We thought this peculiar "scandal" (or shall we call it "landmark") was peculiar to the packing Department of the Head Office, but we find we have not the monopoly. It is shared by more than one Ontario Branch, among them Ottawa. The witty President of the Ottawa Branch dealt with the scandal and slew it with his pen in the columns of the Ottawa "Citizen", so that it could not hope for a resurrection.

We gladly quote parts of his letter for the entertainment and encouragement of other Branches. Dr. Robertson writes:

A rumour has been running around Ottawa about a Sweater—a hand-made Sweater. Everybody has heard all about it and everybody knows anything about it. Hence this letter. Sometime, so I am told, the Sweater is in the colours of a well-known college, sometimes it has its knitter's name under the label, sometimes it proves its identity by the peculiar shape of its pockets. Dame Rumour reports that the maker of the Sweater has a son or a husband or a brother or a nephew at the front. The Dame is certain, quite certain, that he (the man at the front) is related to her, or to the maker of the Sweater or to the sweater; but she is not sure of the exact nature of the relationship.

Dame Rumour further alleges that the maker of the Sweater forwarded it by express, or sent it by her daughter or by someone else, or carried it herself or caused it to be delivered in some other way, to the Red Cross Rooms at Ottawa. The place of delivery or destination at Ottawa is the Union Bank Building, or the Plaza Building or the New Customs Building, or some other building or all of them at the same time or at different times. The Sweater was to be sent forward to her son or husband or nephew at the front or fronts, or training camps or elsewhere. Sometimes it was sent in, in a box which contained also cakes or puddings or tinned meats or chocolate or tobacco. Sometimes it was sent alone.

Dame Rumour received a message from the man at the front or fronts or elsewhere. Sometimes she received the message in a letter direct from the man at the front or fronts, sometimes she received a letter from the maker of the Sweater; sometimes she got it in news from a friend or a comrade of his overseas. At any rate, no matter how the message came, it came. Frequently, but not always, the message said that the man received the cakes, the pudding, the chocolates or other things. But he never got the Sweater, the Sweater with his college colours or the initials or the pockets.

Then Dame Rumour roused herself. She knew her Ottawa and she knew her Sweater and she knew her duty. She started for the Red Cross rooms in company with the maker of the Sweater. There in the office or the cutting-room, or the receiving room, or the packing room, or the shipping room, or in some of them or all of them she discovered the long lost Sweater. It was being worn by one of the ladies of the Red Cross Society, or by the Chairman as a fancy knitted vest, or it was on a table around which the ladies were just then drawing lots among themselves for the winner of the prize. (In Toronto it is either the Editor or the man who drives the Red Cross Express wagon who is supposed to wear it, perhaps on alternate days.)

Dame Rumour regrets, she says so herself, with tears-cackling down the back of her throat, she distinctly regrets that some Red Cross people and some other volunteers to work at Red Cross rooms on purpose to get, and wear that Sweater. So much for Dame Rumour. Now for a little truth and fact.

The Red Cross Society does not accept any kind of goods to be forwarded to any individual. It has no record of having received a Sweater with a request that it should be sent on to any individual. The Red Cross workers, among whom diligent enquiry has been made, never saw a Sweater or heard of any enquiry from anyone on its behalf.

None of the Red Cross supplies have been wasted or misapplied. They have gone and are going directly and safely to places where they furnish extra comforts and succour to the sick and wounded from war. Red Cross service is a sacrament in loving remembrance of those who have gone to pay, if need be, the last full measure of devotion which free men can pay to uphold a just cause.

The Red Cross Society wants to find the name and address of the maker or giver or sender of Dame Rumour's Sweater. Will you, gentle reader, help in the hunt? The reputation of Red Cross workers is being assailed. There may be amongst us a dug-out whose occupants lie low and attack in the back. Let us discover the author of the Sweater.

Words are sometimes used to express ideas and sometimes the want of them.

HIGHWAY ACT FINALLY ADOPTED

Rule of Road Changed—Will Come into Effect by Order in Council.

Fredericton, April, 17.—The budget debate was resumed in the Legislature by Dr. Hetherington, of Queens who strongly supported the government.

When the highway bill was taken up Hon. Mr. Veniot said that when section fifteen was stood over he had announced that he had received many requests from all parts of the province to change the rule of the road from the left to the right, in conformity with the rule in force in Quebec and Ontario, and the United States. He did not know what had been done in Nova Scotia, but a decision must be made and he would like a frank expression of the opinion of the House.

Mr. Murray (Kings) said as he understood Nova Scotia had decided against the change he would favor the retention of the old rule.

Mr. Baxter favored the change.

Mr. Dickson read a letter from a resident of Norton, who urged that the change should not be made as it would inconvenience a million people for the benefit of a few from the United States.

Hon. Rbt. Murray heartily favored the change.

Mr. Smith (Albert) and Dr. McGrath favored the change.

Messrs. Magee, Dymally and Jones declared themselves against the change.

Hon. Mr. Roberts said some accidents might result from the change, but if the present rule is continued accidents will continue to occur.

Mr. Smith (Carleton) approved of the change, and Mr. Tilley said this was a piece of progressive legislation which should be adopted, while Hon. Mr. Smith said he was very much against it.

Hon. Mr. Foster said it would be well to make the change as soon as possible. Some of the farmers might object, but it would be beneficial, especially in the border counties.

Mr. Sutton said that, living near the border of Maine, he knew of the need for the change and that it would be in the interest of public safety.

Mr. Seavey said that the members would vote down the change.

The motion to adopt section 15 (leaving the rule as it was) being put the chairman declared it lost, 19 to 20.

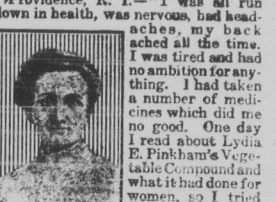

Hon. Mr. Veniot moved that section 15 be amended to provide for turning to the right. Adopted, 23 to 19.

Mr. Magee submitted an amendment to provide that the proclamation to bring the act into force be not issued until concurrent legislation had been adopted by Nova Scotia and arrangements had been made to bring the change in the rule into effect in the two provinces on the same day. Lost, 16 to 24.

Hon. Mr. Veniot said that the change in the rule of the road would not go into effect until a proclamation was issued by the governor-in-council and that proclamation would not be issued until the people had a chance to become accustomed to the new rule. He explained that the old law although amended conditionally would stand until such time as the proclamation was issued.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had backaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINA E. LYNCH, 100 Plain St., Providence, R. I. Backache and nervousness are symptoms of a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

MORE STUMPAGE CHARGES

Hon. Mr. Baxter, leader of the Opposition in the local legislature, arrived in his place in the house on Monday and made certain charges against Mr. Wm. Currie, representative for Restigouche and speaker of the legislature, and read an affidavit from Sealer Archibald Murchie substantiating said charges.

Here in Restigouche, where the parties are known and having all in mind certain other affidavits with which the name of Hon. Mr. Baxter has been connected, the friends of Hon. Mr. Currie are not troubled about the outcome so far as he is personally concerned.

Any person reading the text of the affidavit, and who knows Mr. Murchie and Mr. D. McAllister, before whom it was sworn, will recognize the fact that neither of those gentlemen prepared the said affidavit. A wiser head than theirs was behind the work and it is not hard to recognize the style of same.

If there is any foundation for the charges as stated, if Sealer Murchie had reduced his figures, either at the request of Mr. Currie or any other person, he certainly laid himself open to a very serious criminal charge, and one which the Foster government, if it wishes to retain the confidence of the people, must investigate to the very bottom, and if Mr. Murchie is guilty the public will demand that he be punished. On the other hand if the lumbermen are guilty, they then must pay the price.

In Restigouche the pertinent question is being asked: If Sealer Murchie would reduce his scale over two millions for his political enemies, how many millions would he reduce it for his political "boss"? It is well known that for years he has been a henchman of a certain politician who is also interested in lumbering and the thought is being expressed that perhaps this man has had something to do with the "falsifying friendship" which existed in that quarter up to the time Mr. Murchie was dismissed.

When the committee is appointed to investigate these charges we hope that its powers will not be limited to this certain charge, but that it be empowered to investigate the matter for some years back and we feel sure that Restigouche County will contribute some spy evidence before said committee.

Let the investigation be thorough and down to the bottom.

SOLDIERS OF THE SOIL.

Many of our boys, who are too young to go to the front line, but are filled with the war spirit are to be given an opportunity to do war work which is just as important as fighting the enemy in the trenches. It is proposed to raise an army of 2,000 boys in Canada for Increased Production. Every City and Town in this Province is required to use every effort to enlist boys for farm work from 15 years of age to nineteen inclusive.

These boys will have to sign for at least three months in order to obtain recognition as Soldiers of the Soil.

An addition to the boy who serves for three months or more will be presented with a National Bronze Medal by the Dominion Government. Those boys who are up to the required standard in their school work at the last of May, will be advanced as though they had regularly completed their school year, provided that they satisfactorily complete the term of their enlistment.

Boys will shortly be asked to enroll and we know that Campbellton and Restigouche will be in the forefront as in all other war work.

THE ANTI-LOAFING LAW.

Already several municipalities have proceeded to round up their loafers. The rule that every man who is able must work or go to prison is a necessary one in these times, and it has been welcomed by those who do work and from whose earnings the loafers, directly or indirectly, must be fed and lodged. The regulations set forth in the recent order-in-council are these:

1. Every male person residing in the Dominion of Canada shall be regularly engaged in some useful occupation.
2. In any proceeding hereunder it shall be a defence that the person is:
 - (a) Under sixteen years of age.
 - (b) A bona fide student proceeding with his training for some useful occupation.
 - (c) A bona fide student in actual attendance at some regular school.

**ARCHIBALD MURCHIE
MAKES AFFIDAVIT**

Accuses Hon. Wm. Currie of Trying to Get Stumpage Figures Reduced.

Fredericton, April 22—Serious charges against Hon. William Currie, speaker of the legislature, laid by J. E. M. Baxter, shortly before the house adjourned at midnight were met with prompt and explicit denials by Mr. Currie in an affidavit read by Premier Foster, and in another affidavit by Daniel E. Richards, with whom Mr. Currie is associated in the lumber company whose operations give rise to the charges. The charges were made by Mr. Baxter in giving notice of motion for Thursday next, when he will move for the appointment of a committee of the house to investigate them. The premier assured the members that such a request would be granted and the fullest investigation would be made as promptly as possible.

It was at the close of the third sitting of a long day, as the hands of the clock were nearly at twelve that Mr. Baxter arose and announced that he wished to give notice of motion in giving serious charges against a member of the house. He then read an affidavit signed by Archibald Murchie, a former government lumber scaler, in which Murchie declared that he had reduced his report on which stumpage is paid for the operations of the Continental Lumber Company, of Charlottetown, Restigouche county, of which Hon. Mr. Currie is manager, by an amount of more than 2,000,000 feet, at Mr. Currie's request. Mr. Baxter then gave notice of motion for the appointment of a committee of five members of the house to investigate the charges.

Premier Foster announced that the members, especially on the government side, would not hesitate to grant such a request with the least possible delay. It was the policy of the government to investigate any charges which might be made with as little delay as possible. The contents of the affidavit, he went on to say, had been known to him for some time and had given him no little concern. He felt it his duty to bring the matter to the attention of the member so charged and ask for an explanation. He had the explanation before him and felt that it was his duty to lay it before the house.

Mr. Baxter's Tactics.

Mr. Baxter interjected that only the member charged had the right to make a statement. The premier replied that he had this information in his possession and felt it his duty to lay it before the members. He then proceeded to read an affidavit by Hon. Mr. Currie in which the latter denied the charge in detail, specifically described as wholly untrue the alleged conversation reported in the Murchie affidavit. He declared that no such conversation had occurred, and that he had no knowledge of any reduction such as described by Murchie.

Hon. Mr. Foster then started to read an affidavit by Daniel Richards, president of the lumber company, but was interrupted by Mr. Baxter who protested that this was not the practice of the house and asked if the case was to be tried before the motion had reached the house. The premier remarked that it would be only fair to the member charged to place before the house all the information in his possession and, as Mr. Baxter still protested, the Premier asked the consent of the house. The motion was then carried and Mr. Currie's affidavit, in which the latter exonerated Mr. Currie of all knowledge of any matter such as described by Murchie, immediately after this the house adjourned.

Murchie's Affidavit.

In his affidavit, Mr. Murchie swears that he was appointed in 1909 by the government as lumber scaler of all lumber cut on crown lands along all streams flowing into the Bay of Chaleur in District No. 5, county of Restigouche, and acted as such until the summer of 1917. While so acting it was his duty to scale the lumber cut

- (a) recognized educational institution.
- (b) Usually employed in some useful occupation and temporarily unemployed owing to differences with his employers common to similar employees with the same employer.
- (c) Physically unfit to comply with the provisions of the law as herein enacted.
- (d) Unable to obtain within reasonable distance any kind of employment which he is physically able to perform at current wages for similar employment.

The guilty may be fined \$100 and costs or imprisoned for six months in jail or on a prison farm. The anti-loafing order, by the way, is a reminder of the usefulness of prison farms, for when a man can work and will not do so the prison farm is the proper place. To put him in jail and feed him at the expense of the workers is a poor practice. The regulations give the police an effective weapon to use against idlers who contrive somehow to live at the expense of their neighbors.—Ex.

by the different operators along the said rivers on crown lands and make a yearly report of each season's cut to the government, on which report the stumpage accounts were rendered. That all crown lumber cut during the logging season of 1916 and 1917 by the Continental Lumber Co., Ltd., of Charlottetown, Restigouche county, of which Hon. William Currie is manager, was cut in the district over which he had been acting as scaler, that all such lumber was scaled and counted by himself and his counters and the report of the scale and count was made by him about April 12th, 1917, to be forwarded to the government.

That upon the completion of the report he in company with Joseph LaPointe, went to the office of the Continental Lumber Co., and saw William Currie, the manager, whom he knew to be a member of the legislature and that Mr. Currie took him into his private office and talked with him privately regarding the lumber cut by the company on crown lands, and that this conversation took place after all operators such as this company had received reports from their old scalars and that he believed Mr. Currie then knew how much lumber had been cut on crown lands for his company.

Murchie goes on to say that Mr. Currie told him that he should not make his report too high but should keep it as low as possible, and in reply to his inquiry how much should he make it, said that he should not make it more than 4,500,000 feet and recently requested him to keep his report down to that figure. He then asked Mr. Currie if he would see him right if he would make the reduction and Mr. Currie replied: "We won't use the scale and by next election you fellows will be voting for us. We do not intend to do like the old government, namely, fire men that have done all right and put worse men in their places."

Murchie says that he asked Mr. Currie if trouble would arise if the government should learn of it, and if Mr. Currie would look after him and that Mr. Currie replied that if he made the reduction he would have nothing to fear. He says he then told Mr. Currie that he would reduce his report. Murchie says that he then went home and made out a new statement, which showed a total of 1,615,532 feet, reducing the former total of 6,780,852, by the amount of 5,165,290 feet, not only reducing the amounts cut by the different camp foremen by keeping out entirely the names of some operators of the company, but also reducing the amount of the scale of the lumber cut. He believed that Mr. Currie paid the stumpage bill of the company on this last statement, and that the reduction was made at the request of Mr. Currie.

Mr. Currie's Denial.

Hon. Mr. Currie's affidavit was as follows:

1. William Currie, of Charlottetown in the county of Restigouche, and province of New Brunswick, do solemnly declare:
2. That I have read over what purports to be a copy of the affidavit of Archibald Murchie, of the parish of Durham, in the county of Restigouche, lumber scaler, sworn to on the twenty-second day of March, 1918, before D. McAllister, a notary public, and I declare:

1. That in the year 1913, I was manager of the Continental Lumber Company, Limited, and that since that time I have been and am now president of the said company.
2. That in the spring of 1913 and during each spring since that time, Archibald Murchie, of the Parish of Durham, in the county of Restigouche, lumber scaler, has come to me to adjust the amount of the scale of the lumber cut by the said company, and we have on each occasion agreed on the amount of scale. That in the spring of 1917 the said Archibald Murchie adjusted the amount of the said scale with me as president of the said company, and I agreed with the said Murchie on the said amount. I subsequently informed Mr. William Currie, manager of the said company, of the amount which had been arrived at, between the said Murchie and me, and the said company afterwards, received from the crown land department, a statement of the amount in accordance with the said adjustment made, between the said Murchie and me, and the said company settled the said account.

3. That the said William Currie had nothing to do with the setting of the said amount; with the said Archibald Murchie, but the same was adjusted entirely by me as president of the said company.
4. And I make this solemn declaration, conscientiously believing it to be true and knowing it to be of the same force and effect as if made under oath by virtue of the Canadian Evidence Act.

(Signed) DANIEL E. RICHARDS

BISHOP RICHARDSON'S VISIT.

The Bishop of Fredericton, who has just returned from a visit of investigation amongst our soldiers in England and France in company with the Moderator of the Presbyterian Assembly, will spend this week end in Campbellton. He will preach both morning and evening in Christ Church, and hold Confirmation at the morning service. The Bishop will address a public meeting in the Opera House after the evening service at 8.30, and his subject will be "Our boys in England and France. Everyone should know the truth about our men now overseas."

Agency for Heatherbloom Skirts. Agency for Reform Initials (Felt), guaranteed not to shrink. Any style of letter supplied.

Have you tried "Tintex" yet? It is giving great satisfaction.

Geo. G. McKenzie Co., Limited
PHONE 267

The said Murchie was at the office the correct amount of the cut of the said company during the said winter of 1916-1917, and I have never known since and do not know today the correct amount of said cut. Some of said lumber is still on the landing, some is still in the stream, and some is still in the boats, and a complete survey has never been made by the said company.

8. That I have never known the amount of the scale allotted by the said Murchie to any single operator for the said company, and I have no knowledge that he did not include in his said return all the operators of the said company.

And I make this solemn declaration conscientiously believing it to be true and knowing it to be of the same force and effect as if made under oath by virtue of the Canadian Evidence Act.

(Signed) WILLIAM CURRIE.

Mr. Richards' Affidavit.

1. Daniel Richards of the town of Campbellton, in the county of Restigouche, in the province of New Brunswick, lumberman, do solemnly declare:

1. That in the year 1913, I was manager of the Continental Lumber Company, Limited, and that since that time I have been and am now president of the said company.
2. That in the spring of 1913 and during each spring since that time, Archibald Murchie, of the Parish of Durham, in the county of Restigouche, lumber scaler, has come to me to adjust the amount of the scale of the lumber cut by the said company, and we have on each occasion agreed on the amount of scale. That in the spring of 1917 the said Archibald Murchie adjusted the amount of the said scale with me as president of the said company, and I agreed with the said Murchie on the said amount. I subsequently informed Mr. William Currie, manager of the said company, of the amount which had been arrived at, between the said Murchie and me, and the said company afterwards, received from the crown land department, a statement of the amount in accordance with the said adjustment made, between the said Murchie and me, and the said company settled the said account.

3. That the said William Currie had nothing to do with the setting of the said amount; with the said Archibald Murchie, but the same was adjusted entirely by me as president of the said company.
4. And I make this solemn declaration, conscientiously believing it to be true and knowing it to be of the same force and effect as if made under oath by virtue of the Canadian Evidence Act.

**Vast Issues Depend Upon
the Welfare of Our Men!**

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "whiz-bangs" and screaming "coal boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overworked and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "walking wounded," too! You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of most encouraging. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

**Y.M.C.A.
Red Triangle Fund
\$2,250,000 May 7, 8, 9
Canada-Wide Appeal**

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity." The tremendous helpfulness of the Y.M.C.A. as an aid to the "morale," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence. The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King! Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him. Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!!

National Council, Young Men's Christian Association
Campaign Directors for Maritime Provinces
New Brunswick: Elmer H. Turnbull, 64 Prince William St., St. John, N.B.
Nova Scotia: D. G. Cook, Chatham Bldg., Halifax, N.S.

War Work Summary

- There are: 100 branches of Canadian Y.M.C.A. in France.
- 70 branches in England.
 - Dozens of Y.M.C.A. dug-outs in forward trenches under fire.
 - Over 120 Military Secretaries overseas.
 - \$20,000 letters a day written in Y.M.C.A. overseas buildings.
 - \$133,000 needed for athletic equipment. (Helps morale of soldiers).
 - Y.M.C.A. saved hundreds of lives at Vimy Ridge by caring for walking wounded.
 - Over 100 planes in England and France, also 300 gramophones and 27 moving picture machines.
 - Y.M.C.A. helps boys in hospitals.
 - More than 60,000 cups of hot tea and coffee distributed daily in France—free. Estimated cost for 8 months, \$45,000.
 - 150,000 magazines distributed free every month. (Estimated cost \$15,000).
 - \$125,000 used in 1917 to build huts in France.
 - Concerts, sing-songs, good-night services and personal interviews energetically conducted. Concerts, lectures, etc., cost \$5,000 a month.
 - Thousands of soldiers decide for the better life.
 - Y.M.C.A. sells many useful things to soldiers for their convenience. Profits, if any, all spent for benefit of soldiers.
 - Service to boys in Camp hospitals.
 - Red Triangle Clubs for soldiers in Toronto, St. John and Montreal. Centres in Paris and London for men on leave.
 - Out of Red Triangle Fund, \$75,000 to be contributed to the War Work of the Y.M.C.A.

Boys!

Here's your chance to do a fine stroke in the big war! Help the Y.M.C.A. to help your big boys overseas by joining in the "Earn and Give Campaign!"

See thousands of Canadian older boys are invited to earn and give at least Ten Dollars (\$10) to the Red Triangle Fund. That means \$20,000 to help big brothers in Kiaki. Ask your local Y.M.C.A. representative for information and pledge card. When you have subscribed one or more units of Ten Dollars, you will receive a beautifully engraved certificate.

WILL ENTERTAIN G. W. V. A.
At the regular meeting of the W. C. T. U. held on April 23rd, it was decided to tender the members of the G. W. V. A. and all other returned veterans an entertainment, in St. Andrew's Church Hall on Wednesday evening, May 1st. Refreshments will be served after the programme. All members of the W. C. T. U. are hereby notified to be present.

REPORTS DEER KILLED.
Game Warden Chas. Gray has returned from a special trip through the territory adjacent to the International Railway and he reports that the signs of the slaughter are altogether too plain. He has succeeded in getting information against a number of violators, and one deposited \$100.00. On one stretch of river three miles long he counted twenty-four deer heads, and lots of other signs in other places. Mr. Gray's report bears out the Graphic's charge that the wardens in these sections are not doing their duty.

SENT TO JAIL.
An eye doctor who has been "doing" the country for the past year or so, was on Sunday arrested, charged with illegally disposing of liquor. He had obtained a prescription for 16 ozs. of Scotch whisky from a local doctor. From his actions the Inspector suspected that he was disposing of it illegally, and he was placed under arrest. When asked to produce the bottle two hours after he had purchased it he claimed he had in that time drunk it all. He appeared before His Honor Monday morning, but was unable to convince the court that he had disposed of it and was fined \$50.00 and costs. In default of payment he was sent to jail for three months.

AT THE IMPERIAL.
Gordy Graves, who was heard at the Imperial last evening aroused great enthusiasm by her stirring singing of popular and patriotic songs. Campbellton is fortunate in securing this artist for engagements at the Imperial Theatre in St. John and Montreal.
She will remain for Friday and Saturday nights and sing appropriate songs specially arranged to suit the great feature "France in Arms" which will be shown at two shows each evening, Saturday and Sunday matinee. This is the only picture that has been taken on the firing line since the outbreak of the war in 1914. No one should miss it.
Admission, Adults 25c, children 15c. Saturday matinee 5c and 15c.

MUSICAL CLUB.

A meeting of the Musical Club will be held on Tuesday evening, April 30th, at St. Andrew's Mans.

WOMEN'S INSTITUTE NOTES.
The members of the Women's Institute will meet at the home of Mrs. A. A. Andrew on Tuesday evening, April 30th at 7:30 o'clock to prepare parcels of socks for overseas.

DIED AT HOTEL DIEU.
Mrs. Andrew Fairbairn of New Richmond died at the Hotel Dieu Hospital here yesterday. The body was sent to New Richmond this morning for interment. Deceased came here to undergo an operation. She was progressing very favorably when she contracted pneumonia.

MEMORIAL MEETING.
The members of the G. W. V. A. are to be congratulated upon the success of their memorial meeting in the Opera House. The suggestion has been made, and it is a good one that such meetings be held once a month.

BACK TO RESTIGOUCHE.
Mr. Wm. Pettigrew, formerly of Heron Island, but who went to Wisconsin about forty-five years ago, arrived here Sunday enroute to his former home. Mr. Pettigrew was surprised and pleased at the great improvement in Campbellton. When he went away it was a very small town. Mr. Pettigrew left for Heron Island Tuesday.

ENJOYABLE DANCE.
The soldiers of the Alberta Battalion stationed here gave a social dance in Murray's Hall on Tuesday evening, which was a decided success. A large crowd attended and a very enjoyable time was spent by all. Mrs. Ed. Alexander, Mrs. A. H. Troy and Mrs. R. A. Raymond were the chaperones.

The Barracks,
Campbellton, N. B.
April 24th, 1918.

The Editor,
The Graphic.

Sir:
On behalf of the men under my command, as well as on my own behalf, I desire to express to the citizens of Campbellton the hearty thanks of each one of us for the many kindnesses we have received during our stay in this town. Where everyone has been so kind it would be invidious to individualize, but I think that to the ladies of the various associations who have done so much for our comfort and entertainment special thanks are due.

We also desire to express our gratitude to the G. W. V. Association for their kind assistance in connection with the funeral of our comrade who made the great sacrifice, and now sleeps his last sleep, among you. Judging from the treatment we have received, there is little wonder that Campbellton has a reputation as the "soldier's paradise" even in places as far distant as Winnipeg and Victoria, B. C., and it is with deep regret, and universal vows to return as soon as possible, that we depart.

I am, Sir,
Your obedient servant,
W. A. BROWN, Lieut.
The Alberta Regiment.

IN MEMORIAM.

In loving memory of Pte. J. A. Tope, who died in England, April 29th, 1917.
One year has passed, my heart still sore,
As time flies by I miss him more.
His loving smile, his welcome face,
No one can ever fill his place.
Forget him now I never will,
I loved him then, I love him still,
His memory is as fresh today,
As in the hour he passed away.
Inserted by MOTHER.

In loving memory of Pte. John Golden 104th Battalion who died at Aldershot Isolation Hospital, April 23rd, 1917 from spinal meningitis.
One year has passed, our heart still sore,
As time flies by we miss him more;
His loving smile, his welcome face,
No one can ever fill his place.
Forget him, no we never will,
His memory is as fresh today,
As in the hour he passed away.
Father, sisters and brother.

Chatterton—In loving memory of Augustus Chatterton died in California April 25th, 1917.
Sleep on dear son in a foreign land
In a grave we may never see,
But as long as life and memory lasts
We shall remember thee.
Inserted by Mother and Sister.

GIVE "STUPE OF FIGS"

TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, Liver and Bowels.

Look at the tongue, mother! It coated, your little one's stomach, liver and bowels need cleaning at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, fussy, hiccups, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs." In a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

SUBSIDY WITHDRAWN.

Word has been received here that the government has refused to grant a subsidy for the steamer on the Campbellton-Gaspere route, and consequently the S. S. Blaine will not serve this section this year. This will be a hardship to many merchants on the coast and they are making the Campbellton town council and Board of Trade to take up the matter.

SAYS LEMON JUICE
 WILL REMOVE FRECKLES
 Girls! Make this cheap beauty lotion
 to clear and whiten your skin.

Squeeze the juice of two lemons into
 a bottle containing three ounces of
 orchard white, shake well, and you have
 a quarter pint of the best freckle and
 tan lotion, and complexion beautifier,
 at very small cost.
 Your grocer has the lemons and any
 drug store or toilet counter will supply
 three ounces of orchard white for a few
 cents. Massage this sweetly fragrant
 lotion into the face, neck, arms and
 hands each day and see how freckles and
 blotches disappear and how clearer, soft
 and white the skin becomes. Yea! It
 is marvelous.

 to this Column are Solicited from every
 District of the Bay Chaleur.

JACQUET RIVER.

The Road Commissioner has been
 busy recently. Crowds have been at
 work, and most of the snow has dis-
 appeared in consequence. The roads
 will be dry much sooner this year
 than for some years past.

Congratulations are in order to Mr.
 and Mrs. John W. Cook where the
 stork deposited a baby boy on Sunday
 morning.

Also to Mr. and Mrs. Hector Guiton
 on the arrival of a baby boy at their
 home last week.

Mr. and Mrs. Robert W. Archi-
 bald of Archibald Settlement where
 a baby girl arrived last week.

Mr. David Hickey's oldest son Her-
 bert Hickey who has enlisted in Van-
 couver passed through here last week.

Mr. and Mrs. D. Archibald, Miss
 Marion and Master Earl Archibald
 came out last week to occupy
 their summer home.

Mr. E. Rone Richard of Dalhousie
 spent Friday in town.

Mr. D. McAllister visited Campbell-
 ton last week.

Mr. William Savage of Nash's
 Creek spent a few days in Campbell-
 ton recently.

A new letter box has been installed
 at the station, which will be a great
 convenience for the public.

Mr. and Mrs. Wilfred Barton and Earl
 McDonald spent Saturday in Mont-
 gomery.

Mr. Mike Flottet spent Sunday at
 his home here.

Mr. Wilfred Flottet paid a short
 visit to Campbellton on Friday.

Mr. John Lutes was the guest of
 his parents on Saturday.

Miss Blanche Landry of Nash's
 Creek visited friends in Petit Rocher
 last week.

The first case of smallpox has ap-
 peared in Jacquet River the house of
 Andre Noel's being quarantined.

Miss Mary E. Devereaux of Nash's
 Creek was the guest of Miss Mary E.
 Devereaux on Sunday.

Councillors A. C. Murchie and John
 Lawlor, Jr., attended the special meet-
 ing of the County Council in Dalhousie
 Tuesday.

The Pig Club has been organized
 with Wallace Dempsey as President,
 Walter Roy as Vice Pres., and Ralph
 Culligan, Secretary.

A goodly num-
 ber of members were present, and all
 that is now required for the complete
 success of the Club, are the pigs.

Misses Mary and Margaret Casey
 very pleasantly entertained a number
 of their friends on Monday and Wed-
 nesday evening of this week. Dancing
 was the principal amusement, and a
 dainty luncheon was served. A very
 pleasant evening was spent by all.

The Misses Gladys and Kathleen
 Clearwater also entertained a num-
 ber of young folks on Saturday even-
 ing. Dancing was also indulged in,
 and the inner man refreshed, and a
 very enjoyable evening passed.

Miss Cassie Miller who has been the
 guest of friends in Dalhousie for some
 time past has returned home.

Miss Winnifred Dempsey has gone
 to Boston where she will enter an
 hospital to train for nursing. Miss
 Dempsey's many friends wish her every
 success.

Operator John R. Miller of Freder-
 icton visited his home in Nash's Creek
 on Sunday.

Mrs. Michael Shannon was the
 guest of her son Percy Shannon of
 Campbellton for a few days this week.

ATHOL.

Mr. and Mrs. F. P. Wetmore are
 receiving congratulations on the arrival
 of their son, Percy Wetmore.

Misses Jeanette and Frances Thomp-
 son have returned home after spend-
 ing the winter months in Montreal.

Friends of Mrs. Sherman LeFurgey
 will regret to hear that she is con-
 fined to her home with a very serious
 illness.

Prayer Meeting was held on Thurs-
 day evening at the home of Mrs. Fred
 Warman.

Mr. Norman Brooks and son Robert
 have returned home after spending
 several months in Halifax.

Many friends of Mrs. James Porter
 will regret to hear that she is con-
 fined to her home with a severe cold.

Mr. and Mrs. William Harris have
 returned home after spending the win-
 ter months in Newcastle.

Quite a number attended the G. W.
 V. A. meeting held in Campbellton on
 Sunday evening.

MONT JOLI.

A very interesting event took place
 in the Church of Our Lady of Lourdes,
 on Tuesday, the 16th, of April, when
 Mr. J. B. Levesque was united in mar-
 riage to Miss M. Alice Marcotte,
 Nouvelle, County of Bonaventure.

Nuptial high mass was sung by
 Reverend Canon Leonard, Parish
 Priest during which appropriate music
 was rendered.

The bride who was becomingly at-
 tired in a navy serge suit, was given
 away by Mr. Charette, of Mont Joli.

After the ceremony, the bridal
 party drove to the residence of the
 groom's father, where a very pleasant
 time was spent.

The happy couple have left for
 Montreal and Sherbrooke on their

wedding tour, and on their return, will
 reside in Mont Joli.

We all wish them a very happy
 journey through life.

NEW MILLS.

School report of O. L. of the Visi-
 tation School for the month of March:
 Medal of Honor—Hector Arsenault.
 Testimonial of Excellence—Hector
 Arsenault, Clementine Gagne, Joseph-
 ine McCarron, Florence LeJeune, Syl-
 via Gagne, Lena LeBlanc, Pina Le-
 Blanc.

Testimonial of Satisfaction—Hel-
 ene Gallon, Greta Mealy, Frank Mc-
 Crannan, Elizabeth LeJeune, Denis
 LeJeune, Mary Chandler.

The above mentioned students did not
 miss class and were remarked by
 their behaviour, their lessons or their
 attendance to school during the month.

Teachers,
 J. McCARRON,
 L. LeBLANC.

BROADLANDS.

A number of young people met at
 the home of Mrs. Geo. Connors on
 Saturday evening and spent a pleas-
 ant evening playing cards.

Mr. and Mrs. Geo. Amnigson of
 Tide Head are spending a few days
 with their daughter Mrs. Melvin Dow-
 nes.

Master Robert Busted spent the
 week end with Master Donald Dick-
 son.

Mr. W. R. Busted was the guest
 of Mrs. Thos. Dickson Friday after-
 noon.

Miss Eva Caldwell of New Rich-
 mond spent a few days of last week
 with her sister Miss Blanch Caldwell.

Mr. Alex. Dickson was in town Sat-
 urday.

Mr. Wm. Connors expects to spend
 the week end with his many friends
 in Campbellton.

Miss Flora Gregoire was in town on
 Friday.

NEW RICHMOND.

The New Richmond Branch of the
 Red Cross Society report as follows:
 Between Oct. 4th, 1917 and April
 1st, 1918:

At Christmas the Branch sent
 101 boxes, to the soldiers, and at
 Easter, 86 boxes; 259 pairs of socks;
 80 pneumonia jackets; 65 personal
 property bags and 14 nurses' aprons.

The material for these articles was
 purchased by the Branch, and in ad-
 dition to the regular monthly business
 meetings the members of the Branch
 met from house to house during the
 winter. Eleven sewing meetings
 were thus held.

The proceeds of the Red Cross con-
 cert on Dec. 22nd, 1917 amounted to
 \$31.00, and Miss Caldwell's concert,
 Dec. 21st, 1917, netted \$11.00.

Money for Red Cross purposes was
 also raised as follows:—

The Black Cape Section held a
 Bean Supper at Mrs. P. McRae's, pro-
 ceeds, \$46.00.

Social at the Manse, proceeds, \$7.25.
 New Richmond West, a Supper at
 Mr. Bertie Gilker's, proceeds \$91.50.

New Richmond Centre Supper at Mr.
 Thompson Fallo's, proceeds, \$120.00.

Money was paid out:
 To British Red Cross \$50.00
 To Canadian Red Cross 200.00
 To Maple Sugar Fund 25.00

\$17.00 per month has also been sent
 to the Prisoners' War Fund, with
 prospectus of a further increase.

Postage on the Christmas and
 Easter boxes was paid partly by con-
 tribution, and partly from the funds
 of the Red Cross.

Letters were also written by mem-
 bers of the Branch to the Soldiers
 from this section of the County, at
 Christmas, and an official Red Cross
 letter is shortly to be sent again.

Much interest is taken in this work
 in this place, and much credit is due
 to those who so willingly gave their
 time, their home and their work in the
 various ways in which effort was made
 to raise funds for the Red Cross Soci-
 ety.

The sewing, supper and
 packing of boxes entailed a large
 amount of work, but all were willing
 co-workers to help the brave soldiers
 who fight for home, king, and liberty.

The Hardy Auxiliary of New Rich-
 mond West, recently held a very in-
 teresting and successful public meet-
 ing in St. Andrew's Church. A
 good programme was presented, and

this new Auxiliary deserves much
 credit for its work and interest. The
 proceeds amounted to \$13.00.

On Sunday evening, 14th inst., the
 Montgomery Mission Band held its
 first public meeting in St. Andrew's
 Church.

A very pleasing and interesting
 programme was presented, and listen-
 ed to with good attention. The mem-
 bers were quite young, and deserve
 much credit for the evening's exer-
 cise.

The programme was as follows:—
 1. God Save the King.
 2. Invocation.
 3. Hymn 457.
 4. Scripture Reading.
 5. Prayer.

6. Meditation—"Christianity's Call to
 Conquest."
 7. Singing by Choir—"Let the Low-
 er Lights be Burning."
 8. Recitation by Vivian Moir.
 9. Recitation, Sarah McWhirter.

10. Singing—"Little Sun Beams."
 11. Recitation, by Frances Campbell.
 12. Hymn 458.
 13. Reading, by Mrs. Montgomery.

14. Offering and singing by older
 girls.
 15. Recitation, by Greta Starrak.
 16. Singing—"Swing Little Blossoms."
 17. Remarks, by Mr. Sutherland.

18. Hymn 454.
 19. Benediction by Mr. Sutherland.
 Proceeds amounted to \$16.00.

VAL D'AMOUR.
 Miss Laura Clevette was on vaca-
 tion at her home last week.

Mr. and Mrs. Paul Clevette very
 pleasantly entertained a number of
 their friends at a party which was
 held at their home on Wednesday eve-
 ning last in honour of their daugh-
 ter Mrs. Alex. Mercier who is here
 from Vancouver on her vacation. An
 excellent lunch and refreshments were
 served. There was a large gathering
 and a very enjoyable time was spent
 by all.

PREPARING AND FERTILIZING
 THE SOIL.

Preparation of the soil is often start-
 ed too soon. Hold some of the surface
 earth in the hand tightly—if it crum-
 bles or falls apart readily after the
 fingers are relaxed it is ready for
 working, but, if the pressure of the
 hand leaves the soil in a sticky sod-
 den mass the ground is not yet ready
 for working.

If the garden is of such size and lo-
 cation that it can best be plowed and
 plowing was not done in the fall, cov-
 er evenly with a good coating of well
 rotted stable manure, this plus six to
 eight inches deep and harrow well.
 Complete the smoothing and prepara-
 tion of the seed bed with a hand rake
 on each bed or section before planting.

If the garden can not be harrowed a
 spade or fork must be used and the
 soil should be well loosened to the
 depth of the spade or fork. Thrust
 the spade into the soil to its full depth
 and lift and turn the soil over so
 that the bottom soil is placed on the
 top, except where heavy clay or very
 inferior soil is found at the lower depth
 when the soil should be kept in its
 usual position. As soon as each yard
 or fork full of earth is lowered or
 turned break it up by two or three
 smart blows with a back of the imple-
 ment. Dig 'one row about eight in-
 ches wide the width of the garden and
 place the second row on top of it. This
 will leave quite a trench in which
 a good application of manure four to
 six inches may be placed and covered
 with two more rows of soil. Continue
 this operation until the whole garden
 is dug and manured. Do not dig more
 of the garden than can be raked the
 same day. Go over the freshly dug
 soil with a good rake twice first
 breaking up the lumps and dragging the
 hard ones to one side and pulver-
 izing the ground as nearly as possi-
 ble to the depth of the digging, and
 then smooth off the surface filling in
 hollow spots and leaving a finely pul-
 verized smooth seed bed from which

SOIL, ACID STOMACHS,
 GASES OR INDIGESTION

"Pape's Diapyspin" neutralizes exces-
 sive acid in stomach, relieving
 dyspepsia, heartburn and
 distress at once.

Time it! In five minutes all stom-
 ach distress, due to acidity, will go.
 No indigestion, heartburn, sourness or
 belching of gas or eructations of undi-
 gested food, no flatulence, bloating, foul
 breath or headache.

Pape's Diapyspin is noted for its
 speed in regulating upset stomachs.
 It is the surest, quickest stomach treat-
 ment in the whole world, and besides it
 is harmless. Put an end to stomach
 distress at once by getting a large fifty-
 cent case of Pape's Diapyspin from any
 drug store. You realize in five minutes
 how needless it is to suffer from indi-
 gestion, dyspepsia or any stomach dis-
 order caused by fermentation due to
 excessive acids in stomach.

hard lumps etc. have been removed.
 In the small garden of the city and
 town difficulties are often encountered
 which are no present in larger gar-
 dens. Sometimes there is much rub-
 bish such as old cans, broken pottery,
 pieces of cloth and wood, stones,
 bricks, etc. It is well to take extra
 time and trouble to remove these when
 working up the ground, otherwise
 they will be a continual source of
 trouble. Sometimes the plot available
 for the garden consists largely of clay
 or sand from the excavation for the
 cellar. Clean sand may be mixed with
 a heavy clay soil. Lime at the rate of
 1/2 to one pound to every 10 square
 feet in the garden will help very
 much. Most important of all is the
 addition of well rotted stable manure,
 to be thoroughly worked into the top
 foot of soil whether it be clay or
 sand.

For garden purposes there is no
 fertilizer as good as well rotted barn-
 yard manure applied as directed. In
 addition, unless the soil is very fer-
 tile, a commercial fertilizer compound
 of 10 lbs. of nitrate of soda and 25 lbs.
 of acid phosphate may be applied
 broadcast in the spring at the rate of
 one ounce per square yard. Rake the
 ground thoroughly after applying. A
 better way to use the nitrate of soda
 would be to water the young plants
 from time to time with one teaspoonful
 dissolved in one gallon water. If ma-
 nure is not available two or three ti-
 mes this quantity of fertilizer should
 be used.

Unburned hardwood ashes applied
 broadcast in the spring and raked
 over at the rate of one pound to forty
 square feet will probably give very
 good results except on heavy clay soil.

As the football crowd was pushing
 and struggling to get out at the
 game's end, a small boy bore his way
 to the fence and began to climb over
 it.

"Hi, there, kid," yelled a policeman,
 "none o' that! Go out the way you
 came in!"

By this time the youngster had
 reached the top of the fence.

"Ain't I doin' it?" he said, as he
 vanished on the other side.

Pathe
 The Simple "Why" of Pathe
 Superiority
 SOME articles achieve fame by
 their intrinsic merit as viewed
 by the public. Others by the puff
 and blow of their producers. The Pathe-
 phone success is as simple as it is sure.
 It is due to its being an improvement
 upon anything which has come before
 it or since.
 The original Pathe Freres took the
 old-time talking machine and developed
 it until it is now the supreme achieve-
 ment. Note these improvements: In-
 stead of the old, scratchy, ever-changing
 steel needles—a genuine polished sapphire
 ball. Instead of a metal sound chamber—an
 all-wood one (on the violin principle).
 Instead of recording in narrow sound
 waves—a unique Pathe method with long
 broad sound waves, more contact, more
 tone, richer music. Instead of "varnished
 boxes"—handsome cabinets in historic
 period designs. Instead of playing only
 one or two kinds of records—the Pathe-
 phone will play all makes of records.
 For garden purposes there is no
 fertilizer as good as well rotted barn-
 yard manure applied as directed. In
 addition, unless the soil is very fer-
 tile, a commercial fertilizer compound
 of 10 lbs. of nitrate of soda and 25 lbs.
 of acid phosphate may be applied
 broadcast in the spring at the rate of
 one ounce per square yard. Rake the
 ground thoroughly after applying. A
 better way to use the nitrate of soda
 would be to water the young plants
 from time to time with one teaspoonful
 dissolved in one gallon water. If ma-
 nure is not available two or three ti-
 mes this quantity of fertilizer should
 be used.
 Unburned hardwood ashes applied
 broadcast in the spring and raked
 over at the rate of one pound to forty
 square feet will probably give very
 good results except on heavy clay soil.
 As the football crowd was pushing
 and struggling to get out at the
 game's end, a small boy bore his way
 to the fence and began to climb over

POOR COPY

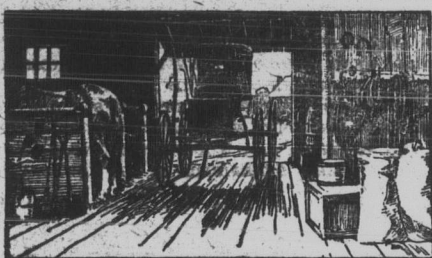

A Ford Car Takes the Place of all These Things

WHEN you own a Ford you can do away with many articles that are a source of continuous expense to the man who still drives a horse. For instance, not only your driving-horse and buggy, but the single harness, blankets, whips, currycombs, brushes, horse-shoes, pitch-forks, feed-bins, etc.

In their place you have a speedy, dependable, dignified, roomy Ford Car—complete in itself. It is vastly superior to the narrow, cramped buggy that travels so slowly. And when a Ford is standing idle it does not eat three meals a day, and it requires no "looking after."

A Ford will save you time, trouble, and money. It is the utility car for the busy farmer and his family.

RHEIMS IS NOW NOTHING BUT RUINS

Flames From the Burning Buildings Can Be Seen Seventy Miles Away.

Paris, April 19—Rheims, which has been on fire for a week, is now nothing but a great pile of smoking ruins. During the past week the Germans have fired more than 100,000 shells into the heart of the city, according to the correspondent of Le Matin, and flames from the burning buildings can be seen by aviators sixty and seventy miles away.

Buildings in Ashes.
There are no traces of streets and thoroughfares which have disappeared from view under the accumulation of the debris. Ancient buildings in the Place Royale and the Market Place and the musicians house, which dates from the sixteenth century, have been reduced to dust and ashes.

The vaulting of the famous Rheims cathedral, the correspondent says, is falling stone by stone and soon there will be nothing left of the edifice but the west front and the pillars. Shells are still bursting all around the building.

Notwithstanding the terrible bombardment forty Paris firemen are still in the city working to save the furniture and portable effects of the inhabitants. Some of them have lost their lives. With the Paris firemen are some local firemen, one of whom, Sergeant Eloi, has been on duty in Rheims, since the outbreak of the war, and has been wounded fourteen times.

Rheims, before the war, was a city of more than 100,000 souls, but has slowly, but none the less surely, been falling a victim to German hate and spitefulness.

In their first advance, in the fall of 1914, the Germans held Rheims for several days, the battle of the Marne stopped their advance and they fell back to a line a few miles north and northeast of the city. Since then the big German guns have been bombarding the city and its famous cathedral. The population of the city until a few months ago was less than 18,000, but these persons lived in dug-outs or in cellars, and the city was virtually dead.

The cathedral was one of the most magnificent examples of early Gothic architecture and was begun in 1212.

Milestones.
Teacher—Do you know, Johnny, where shingles were first used?
Johnny (modestly)—I'd rather not tell.

"ANYTHING NEW IN WAR WORK?"

The work done by Canadian women in order that this war may come to a successful ending—peace with victory—is nothing short of amazing. It is stupendous in its aggregate. Socks by the millions of pairs, hospital supplies in the same enormous quantities, comforts without stint makes a record of devotion and faithfulness never before equalled. In comparatively easy to hand over one's plate or jewels no matter how highly they are valued if the cause for which they are sacrificed is the dearest in life. It is easy to make a great sacrifice that comes all at once. But the sacrifice the devotion that is literally measured by stitches and inches is the thing that tries the mettle of the toilers.

For four years the work has gone on and somehow the hands have not lost their cunning nor the hearts their love for freedom and right and the flag. No one has dreamed of crying "Enough!" even when the price has been one's life plans. The tie that binds these workers together cannot be weakened. As long as that exists the British Empire is safe. It is that which keeps the little groups in isolated spots knitting and working and praying and believing. Even those women whose earthly pilgrimage seems almost completed have sent in their hundreds of pairs of socks which their dear old fingers have knit in order that the torch of liberty shall not be extinguished.

The contribution of money is likewise enormous and amazing. Here again it seems easy to raise large sums by large contributions, but the almost fabulous amount contributed by the women of Canada represents a colossal economy, undying activity and a wonderful ingenuity in devising ways of earning money. The whole story of the work of Canadian women is the story of individual devotion and sacrifice and faithfulness. The work in its entirety is so magnificent because the work of each individual woman in Canada has been so magnificent.

Unanimity of purpose has characterized the work and "keeping everlastingly at it" has crowned the work with success. When one examines into the kinds of work done one realizes afresh the wonderful devotion which has risen, superior to a monotony that, in peaceful days, would have held not even one group of workers for an entire year. The reports of activities read the same from Labrador to Alaska: "Red Cross Work, socks, pajamas, comforts for the boys who have left usperspers to each one of our men," etc. Always the same story of devotion.

Most of the letters mention tea, tag-days, bazaars and autographs quilts as the means employed for raising money, but a pumber have found that, after all, the pledge of a regular contribution, however small, is a very reliable method of raising a fund that can be depended upon. Smaller districts have found it particularly desirable to apportion a certain territory to individual canvassers who attend to their work regularly. It is this careful attention to the "mickle" which has produced the handsome "muckle."

One line of work that seems desirable appears to have been taken up in Canada by only one body of workers. The Levana Society composed of the women of Queen's University have done wonderfully in providing vermin-proof underclothing, seeing to the suggestion of Miss Gordon, who is particularly interested in work done by English university women. The formula furnished by Miss Gordon was given to the British Medical Journal May 10, 1917, by Captain Gordon M. D., D. Sc., B. A., M. C. T. of Oxford.

Undervests are made of ordinary cheese cloth and dipped in a solution of 1 1/2 ounces of sulphur to one gallon of kerosene or gasoline. They are wrung out to dry when the gasoline evaporates, leaving the other ingredients in minute particles. These should not be shaken off. Fold the vesta and wrap in grease-proof paper. These vests are worn next the skin and are not irritating but afford an almost complete protection against vermin. Miss Gordon says: "Mrs. Gerrans of Oxford has made, dipped and sent to the front many thousands of these undervests and has received many grateful letters testifying to their remarkable and unique efficiency. No field comforts could be more welcome." The dipping must be done out of doors and on no account must be undertaken where there is an open fire or even a lighted match or cigar or cigarette. In cold weather the rapid evaporation of the gasoline will permanently injure the skin and at all times some method should be devised for handling the cloth without coming into too direct contact with the gasoline. The making of these comforts in quantities offers profitable work for societies, and even the dipping of garments previously made should furnish an appreciable source of income to bodies engaged in raising war funds.

Doing His Bit.
"I never hear you criticizing your neighbors."
"I haven't the heart to do it," answered Mr. Dubwaite.
"Most extraordinary."
"Not at all. The only neighbors I know well enough to criticize have two sons in France and I feel it my patriotic duty to gloss over any little imperfections they may have."

Basic Facts About Belting

AND PARTICULARLY

Dunlop "Gibraltar RedSpecial" Frictioned-Surface Transmission Belting

A Worthy Product

Years of careful study of the high-power belt original Red Face Rubber Belting of Canada—a problem have enabled Dunlop Laboratory experts to create "Gibraltar RedSpecial" Belting, the quarter-century record of success back of them.

"Gibraltar RedSpecial" Virtues Are Real

Dunlop "Gibraltar RedSpecial" Belting is to-day widely used in a multitude of ways in the many varied industries in this country. It owes its success, not to any illogical deductions or fantastic analyses, but to the simplest causes—causes so simple that they are now, always have been, and always will be, in our opinion, the bedrock of success in belt-making—Power, Speed, Service—in actual use as well as in the test-room.

Permanent Elasticity Means "Life" in Belting

In producing this new, this original, this master, red belt, our object has been to have the friction coat of rubber between the plies such as will retain its life indefinitely, and to have a quality of rubber with long "fingers," and not a quality of rubber the elasticity of which has been sacrificed to obtain the so-called high-pulling test.

That "Friction Pull"

When you are informed that such-and-such a belt has a "friction-pull" of abnormal pounds, do not imagine that you are getting a quality friction. What you have to secure in a belt is a friction full of elasticity. There must be between the plies of duck only a certain class of rubber to give uniform strength and pliability.

Resilient Quality Must Not Be Sacrificed To Excess of Friction Strength

To obtain high figures, such as referred to above, you a belt, the friction of which will hold the plies in both frictions you have to take away from the elasticity of the friction: hence, there is a happy medium, and this medium we have obtained through our laboratory experts. It ensures for

Universal Recognition of "Gibraltar RedSpecial"

To cite the names of users of this famous red frictioned-surface belt would necessitate the use of much space. We have on file recommendations from almost every type of industry requiring "Gibraltar RedSpecial" Belting in widths varying from 1 1/2" to 48". These testimonials are available for your perusal at any time.

The Original "Red"

"Gibraltar RedSpecial" as noted previously, is the Original Red Rubber Belt—and like most things that are original, its success is of the kind that endures.

PERSONALS

Miss Jane Andrew is visiting in St. John.

Capt. Noble of Sydney, C. B., spent the week end visiting in town.

Miss Myra Alcorn of Bathurst is the guest of Miss Ninetta Alexander.

Mrs. Barrett of Harcourt is visiting in town the guest of Mrs. A. H. Ingram.

Mrs. A. E. McCallum of Halifax is the guest of the S. S. Blaine was a visitor to town on Tuesday.

Miss Geo. A. Mann and little daughter Jean have returned home after spending two weeks in Moncton the guest of Mrs. Geo. Sherwood.

Mr. David Smith and his son Master Randolph have returned home from visiting friends in Cascapedia, while there they visited the Sugar Camp.

Miss Hazel Mowat left on Tuesday morning for Boston where she assisted at a recital given on Wednesday evening by Miss Nita McDonald of this town.

Mrs. W. Mel. Metzler left on Saturday morning for Sackville, where she attended the graduating recital of her daughter Miss Greta Metzler, given on Tuesday evening. She will also visit relatives in Moncton.

DALHOUSIE.

(Continued from page 1)

Mrs. E. R. Gardier of the Queen Hotel has been very ill. Her many friends will be glad to know that she is out of danger.

Mr. and Mrs. W. L. Comeau, Campbellton, were recent visitors to Dalhousie.

Mr. Gilman of the D. W. Hoegs Co. Portland, Maine, was here lately on a business trip.

Mr. and Mrs. Geo. Haddow, who spent the winter months in Toronto, are expected home next week.

Mr. S. L. T. Clifford and little daughter Marion have returned home from Calgary.

Mr. and Mrs. John Oakleaf have returned from St. John to spend the summer months in their beautiful home on Victoria Street.

Frank Troy, has gone to St. John in connection with the Militia.

Isaac Normandeau has returned from Halifax, where he worked during most of the winter. He did splendid service and holds a strong recommendation. He speaks of going to Fort William to engage in construction work.

Geo. McNeil, of the Royal Bank staff, Bathurst, spent Sunday at his home here.

Hon. Arthur Colligan, Jacquet Riviere paid the shiretown a short visit on Friday.

Private Bertin of Lorne Sett, Rest. Co., paid a visit to his Dalhousie friends in Sunday. He enlisted with the 182nd Battalion in Dalhousie, went overseas with that unit and was transferred to the 87th Battalion, and immediately sent to the trenches. He made a good showing in the battles

at Lysa Farm, where the Germans fought with bombs in mass formation. He was wounded in the stomach and legs. He spent several months in British hospitals and learned to speak English fluently.

Born at Newcastle, April 17th, 1918 to Private and Mrs. Charles G. Chambers of Dalhousie, a son.

CASUALTY LIST.

Died of Wounds—J. Durette, Campbellton.

Passed—L. P. Sullivan, Campbellton.

INJURED ON I. N. R.

Brakeman Emile Roy running on the regular freight between here and St. Leonard on the I. N. R., met with a serious accident near Glencoe this morning, whereby he lost an arm and had a leg broken. The unfortunate man was on top of a car when it left the rails and was thrown off and under. The injured man was rushed to the hospital here.

BORN.

At New Richmond, P. Q., on March 29th, 1918 to Mr. and Mrs. Mansfield Willett twin daughters.

At New Richmond, P. Q., on April 3rd, to Mr. and Mrs. Percy Montgomery a son.

At New Richmond Centre, P. Q., on April 12th, to Mr. and Mrs. Albert Burton, a daughter.

OBITUARY.

The death of Leona M. Kerr, daughter of Mr. and Mrs. Stafford Kerr, took place at her home in Richardville on Friday morning the 20th inst. after an illness of fifteen days. Deceased was a great favorite in her 12th year. Besides her parents the late Miss Kerr leaves to mourn their loss on brother Clifford, at home, three half brothers, Donald and Ira Murchie of Richardville, and Albert of Dalhousie; four sisters, Mrs. Henry Good, Dalhousie; Mrs. Olaf Selters, Bayfield, Wis.; Mrs. Hiram Young, formerly of Brewer, Me., now of Dalhousie; Mrs. Wallace Webster of Milo, Maine. The funeral was held on Saturday afternoon. Services were conducted by Rev. Hugh Miller at her home, and interment was made in the Campbellton Rural Cemetery.

BLACK CAPE.

Mrs. J. C. Fair has returned from Montreal where she has been visiting her sister Mrs. Fowler.

Miss Frances Cooke and her cousin Miss Ella Cooke of New Carlisle spent Easter in Black Cape with relatives.

MILL MEN CONTRIBUTE TO SOLDIERS COMFORTS

Some time ago Mrs. Hugh Mair and Mrs. J. W. Cook visited the W. H. Miller & Co., mills and camp at Nickle Siding and while there, solicited funds for work of the Soldiers Comforts Association. They also held a Candy Sale, clearing \$10. This

"CASOCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Casocarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Head, aches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Casocaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.
