UNIONISTS CHOOSE AUSTEN, CHAMBERLAN TO SUCCEED LAW

JEALOUSY BELIEVED TO HAVE BEEN MOTIVE FOR WARLOW KILLING WIFE

Windsor Man Who Attempts Suicide After Shooting the Woman From Whom He Was Separated, Is Closely Guarded in Hospital—Doctors Expect He Will Recover From Self-Inflicted Wound.

WILL RECOVER. Windsor, March 21.—Canadian Press.—John Warlow, confined to the Hotel Dieu under guard of the Walkerville police, suffering from a self-inflicted revolver wound, which he fired into his own body after fatally shooting his wife, was reported to be resting easily this morning. Doctors attending him state that he is in no immediate danger, and will probably recover.

Windsor, March 21.—Canadian Press.—Shot by her husband, John Warlow of Windsor, aged 40, as she left Clegg's Bakery, corner Killara and Ottawa streets, Walkerville, at 10:30 Saturday night, Louisa Warlow, aged 36, died in Hotel Dieu Hospital at 12:35 Sunday morning. Warlow, immediately after shooting his wife turned the gun upon himself, inflicting a wound from which he will recover, it is expected. He was taken to the hospital where he lies under police guard.

BIG MAJORITY FOR GERMANS IN SILESIA

Plebiscite Is Taken As Specified in Peace Treaty. HEAVY VOTE IS CAST National Status of Disputed Area Is Decided.

Berlin, March 21.—Germany won an overwhelming victory in the plebiscite held in Upper Silesia yesterday to determine the future national status of that region, according to official returns received here today. Two districts were still missing at 9 a.m. today, but the count showed that 876,000 votes had been cast for Germany and 880,000 for Poland.

CHICAGO EXPLOSION PURELY ACCIDENTAL, BELIEF OF POLICE

Theory That Blast Was Work of Disgruntled Employee Is Discredited. CHICAGO EXPLOSION PURELY ACCIDENTAL, BELIEF OF POLICE

Chicago, March 21.—Wrecking crews today were clearing away the tons of debris scattered by an explosion on Sunday night in the elevator of the Armour Grain Company on the south side, under which the bodies of four victims were believed to be buried.

ASSOCIATIONS CANNOT ARRANGE FOR LISTING OF ADDITIONAL NAMES

Ottawa Returning Officer Gives Interpretation of Temperance Act. Ottawa, March 21.—The wholesale placing of names upon the voters list which are to be used in the coming referendum on April 18, is not to be permitted, as Clause 5 of Section 46 of the Canada temperance act specifies that persons desiring to have the names of another placed on the list must be a relative of the employee of the party whose name he seeks to have added.

CHAMBERLAIN ELECTED LEADER OF UNIONISTS

Chancellor of the Exchequer Succeeds Andrew Bonar Law. SELECTION UNANIMOUS Choice Was Made at Gathering of Lloyd George's Supporters.

LONDON, MARCH 21.—Austen Chamberlain, chancellor of the exchequer, was today elected leader of the Unionist party. His selection, effected at a meeting of the Unionist members of the House of Commons at the Carlton Club, was unanimous. He succeeds Andrew Bonar Law, whose retirement, because of ill-health, was announced last week.

WOOD ALCOHOL CLAIMS THREE MORE VICTIMS

Marquette, Mich., March 21.—Three men are dead, one is not expected to recover and two are seriously ill at Covington as a result of a celebration Friday night of their return from a winter's work in the lumber camps. The party, it is said, imbibed beer-alcoholic drinks for a time, and then out to find something more satisfying. One of the lumberjacks purchased a bottle of wood alcohol, which, according to William Chelmsa, an assistant food and drug inspector, was responsible for the deaths. Chelmsa is investigating reports that the bottle did not bear the customary "poison" warning.

CAYUGA HIGH SCHOOL DESTROYED BY FIRE

Loss Estimated at Nearly \$50,000—Insurance \$8,000. Cayuga, March 21.—Fire, thought to have originated in the laboratory, completely destroyed the high school here about 4 o'clock this morning. Trustees estimate it will be impossible to replace the building for less than \$50,000 and insurance carried on the old school was only \$8,000.

ADHERMAN ELECT WILL TAKE HIS SEAT TONIGHT

Sidon do men elected to office of an kind take their positions so promptly as Adherman, H. J. Childs in his place. He was elected Saturday night and will take his seat tonight. The necessary formalities of being sworn in will be carried out this afternoon. It is probable that Mr. Childs will take the late Ad. C. G. Morhead's place on No. 2 committee of the present line-up.

SIES CLOSER RELATIONS BETWEEN ENGLISH AND FRENCH IN QUEBEC

London, March 21.—Canadian Associated Press.—The Province of Quebec is solidly arrayed against any socialist or experimental policy, according to the principles which hitherto have guided the progress of Canada, according to Hon. Gagne, the well-known Montreal lawyer, who has given an interesting interview to the Times. In the present relations between Great Britain and France, Mr. Gagne sees an incentive to closer co-operation between the French and English-speaking people of Canada.

Greeks Prepare for Offensive Against Turkish Nationalists; Reservists Called to Colors

Premier Gounaris Is Confident That Sufficient Troops Can Be Sent Against Kemalists Forces To Bring About Their Defeat—Turkish Radicals Persist in Refusing To Accept Proposals of London Conference and Continue To Demand Return of Thrace and Smyrna.

LONDON, MARCH 21.—The calling by King Constantine of Greece of three classes to the national colors, announced at Athens Sunday, in all probability portends a Greek offensive against the Turkish Nationalists, in the opinion of Demetrios Gounaris, the Greek minister of war, expressed in an interview here today. M. Gounaris, who came to London early this month to attend sessions of the supreme council, thought the offensive move was probable, "as obviously," he said, "we cannot await the completion of the Turkish concentration."

COAL DOWN 50 CENTS TON APRIL FIRST

Toronto Prices Will Be \$15.50 Per Ton. NOT SO CHEAP HERE Local Dealers Do not Contemplate Any Large Slash. While coal prices in London may drop 50 cents on April 1 it is not likely they will go lower than that, Charles Martin of the Martin-Leons Fuel Company stated today. A Toronto report credited one of the largest firms in that city with a statement that the price there will drop from \$16.30 to \$15.50 a ton, Mr. Martin said he did not believe this to be correct, although it is more probable that prices would be only 50 cents lower.

WILL ABANDON SUMMER OPERA

London, March 21.—Abandonment of the summer grand opera season which has been a part of London social life for a hundred years, appears certain this year in view of the excessive cost and the difficulty of obtaining good singers. Adverse conditions in Europe, due largely to the war, says the Chronicle, have rendered the migration of continental songsters to north and south America, where they find plenty of engagements and high fees.

Does Your Back Ache?

Have you swollen hands, ankles, feet, due to a dropsical condition, often caused by disordered kidneys? Naturally when the kidneys are deranged the blood is filled with poisonous uric acid, which settles in the tissues of the feet, ankles, wrists or back as uratic salts.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active to rid the body of poisons.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an "Anuric" (anti-uric acid) tablet.

This "Anuric" is a new discovery made by Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. All druggists keep it, or if you prefer send 10c for trial package to Dr. Pierce and write for free medical advice.

TO DARKEN HAIR APPLY SAGE TEA

Common garden sage brewed into a heavy tea, with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or grey. Mixing the Sage Tea and sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Weyth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe approved by the addition of other ingredients.

While wispy, grey, faded hair is not ideal, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, to one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and this through your hair, taking the small strand at a time; by morning all grey hairs have disappeared, and after another application or two your hair becomes beautifully dark, lustrous, soft and luxuriant.

Headaches Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time. Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches. Mrs. Harold Lanain, Owen Sound, Ont., writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another, and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

EMBARGO ON CATTLE MAY BE LIFTED SHORTLY

Hon. Manning Doherty Confident Restrictions Will Be Removed.

LONDON, March 20.—(Canadian Associated Press.)—Hon. Manning Doherty, Ontario minister of agriculture, when leaving Liverpool for Canada today said it was practically certain the embargo on the importation of Canadian cattle into Great Britain would be removed, probably soon after the imperial conference in June.

Meanwhile, the effects of the dispute are extending. It is now learned that Earl Denbigh, a staunch practical supporter of the board of agriculture, has declared his hostility to Lord Beaverbrook's anti-embargo campaign by resigning his trusteeship for the debenture holders in his lordship's paper, the Daily Express.

SHERIFF SEIZES BOAT AT PORT

Cuticura Soap

Clear the Skin. Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulled coconut oil (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulled coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Adv.

BRITISH NAVY HERO SAVES MANY LIVES IN LATEST EXPLOIT

Capt. Evans Goes To Rescue of Chinese Coolies in a Storm Tossed Sea.

PLUNGES OVER SIDE

Noted For Part in Polar Expedition and Fight With German Fleet.

LONDON, March 20.—Capt. E. R. Evans, commander of H. M. S. Carlisle, who was the last man to see Capt. Robert Falcon Scott, the Antarctic explorer, alive, added another chapter to the history of his heroic exploits when he went to the rescue of drowning Chinese coolies from the passenger steamer Hong Moh off Swatow (China) last Thursday, according to dispatches just received here. The Carlisle has arrived at Hong Kong with 200 survivors of the 1,800 persons on board the Hong Moh, the rescued men full of highest praise for what they call the amazing heroism of Capt. Evans, who was personally responsible for saving more than a hundred of them from drowning.

Capt. Evans put off from the Carlisle in a motor boat in a raging sea, and when he found it was impossible for him to get alongside the wrecked Hong Moh he plunged into the water with a life line, upon which many Chinese were carried to safety. Then when his motor boat's rudder was fouled in piece of wreckage from the Chinese vessel and the small craft was being tossed helplessly in the sea, Capt. Evans again plunged into the water and freed the propeller of the obstruction, thus making it possible to continue the rescue work and save many Chinese.

Capt. Evans has previously been associated with two great stories of the sea, one of them being the Scott Antarctic expedition and the other the encounter between H. M. S. Broke and six German submarine destroyers which attacked Dover in April, 1917. The Broke, with H. M. S. Swift, attacked a superior force of German destroyers. Capt. Evans, commanding the Broke, torpedoed one of the German vessels by open fire and then rammed another, whereupon the English and the German crews engaged in a fierce hand-to-hand fight. Then Capt. Evans tried to ram another of the German vessels, but failed. He succeeded, however, in torpedoing the German's consort, two of the raiders being sunk.

LONDON'S HISTORIC BREWERY FOR SALE

Documents Show It Flourished in Days of Queen Elizabeth.

LONDON, March 20.—The oldest brewery in London is for sale. This institution, which has been in existence since the days of Queen Elizabeth, occupies nearly two acres adjoining Cannon street in Thames street, and has a considerable river frontage. The historic brewery was founded so long ago that it is not possible to fix the exact year. Documents in the archives of the brewery prove that it was a flourishing institution as early as 1580. A brewery was a thing of considerable importance in those days, and Stow mentions it in his Chronicles, as follows: "At the west end of the Church of Allhallows the moor goeth down a lane called Hay Wharfe lane. Now siteth a great Brewhouse was builded there by one Pot. Henry Campian. Ever a beer-brewer used it, and Abraham his some now possesseth it." The most notable men who brewed beer with Thames water on this site were the Calverts, a family of brewers celebrated for the quality of their porter. Sir William Calvert, in 1740, ranked as the fourth brewer in London, and Calvert's Brewery, in Whitecross street, were the first. The former brewed 51,785 barrels of beer in that year and the latter 74,000. Not much of the original buildings remain, as part of the structure was burned in the fire of London 1666. It was rebuilt and at the end of the eighteenth century important additions and alterations were made. Some of the walls of the present building date back to 1772.

The tap-house beside the brewery in Thames street, with its old hour glass sign, is not for sale, as its freehold site belongs to a private company.

HUNS ANXIOUS TO KEEP SILESIA FROM POLAND

Special Trains Bring Germans Home To Vote On Plebiscite.

TARNOWITZ, Upper Silesia, March 20.—All preparations had been completed when polls opened for the plebiscite today throughout Upper Silesia to determine whether the region, rich in coal, iron, zinc and lead, and comprising approximately 5,000 square miles, henceforth shall be under the sovereignty of Germany or Poland. From distant parts of the world Germans and Poles, former residents of Silesia and entitled to cast their ballots, had journeyed in the hope of aiding their respective countries to win the region. The plebiscite, it is estimated, involved the pilgrimage of 140,000 Germans. Special trains were furnished at the expense of the German Government, and toward the end no tickets were sold except to men and women returning to vote, as the trains were so crowded that many of the passengers were obliged to stand.

Among the last contingents arriving from foreign countries were 40 from South Africa, which completed the representation of nearly every country except the Entente. The final results of the balloting were expected to be delayed somewhat owing to the order of the inter-allied plebiscite commission suspending telephonic and telegraphic communications with the outside world, with the exception of press dispatches, which, however, were subject to the approval of the Silesian authorities.

SEVERAL WOUNDED. BERLIN, March 20.—Special dispatches from Katowitz, Silesia, report that Polish bands crossed the Silesian frontier into Rosenberg and became involved in fights with Hitlerites and troops of G. Lasowitcz. Several persons on both sides were seriously wounded, the dispatches state.

DISAGREABLE SCENES. BERLIN, March 20.—According to the Vossische Zeitung's Hameln correspondent, an Entente commission arrived today in the town of Ratzburg, northeast of Hamburg, to inspect strong detachments of the Reichwehr. A military band in the barracks played "Deutschland Ueber Alles," and disagreeable scenes ensued, owing to the offensive shouts of the troops, the correspondent declares.

NOT VERY ENTHUSIASTIC. VIENNA, March 19.—The plan of the Allies to assist Austria, an outline of which was given in dispatches from London today, was greeted with little enthusiasm by this afternoon's newspapers. In general the journals express disapproval of the plan, that the league of nations shall administer internal sources of revenue. Under the Austrian relief plan falls the revenues from the customs and tobacco monopoly would be administered by the financial committee of the league of nations as means yet.

WARSAW, March 20.—Clauses in the new Polish constitution that adopted forbid corporal punishment, and do away with coats-of-arms.

JOHN STROWBRIDGE DIES AT INGERSOLL. INGERSOLL, March 20.—John Strowbridge, for the past three years foreman of the Ingersoll gas light plant, passed away at his home, Wellington street here, this evening, after an illness of some months. He was taken suddenly ill while at work some months ago, but after a short time at home was able to be about again, until recently. He was for many years a resident of Ingersoll, and was well-known here and in the surrounding district. Besides his widow, he is survived by two daughters, Mrs. Thomas Hamill, Ingersoll, and Mrs. Scofield, Toronto; and two sons, Frank of Toronto, and Stanley, at Byron.

SUP. ROGERS SAYS HE IS NOT RESIGNING. TORONTO, March 19.—Characterizing the stories of his resignation as wild rumors, E. Rogers, superintendent of provincial police since 1909, stated today that so far as he was concerned, there was not a word of truth in them. "I have no idea what the attorney-general's idea of the reorganization of the provincial police means yet, Mr. Rogers said in reply to a question whether he would resign if a new chief were put over him. Mr. Rogers just as definitely stated that the attorney-general about taking the appointment to the new post himself. Mr. Rogers said he had read some of the rumors about his resignation, even that the attorney-general was going to ask him to resign. "But I don't know there is a word of truth in them," he said.

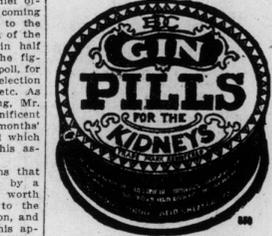

COAL MINES IDLE IN CAPE BRETON

Worst Slump in Years Is Being Experienced Just Now.

SYDNEY, N. S., March 20.—Cape Breton tonight is in the grip of the worst slump that has hit the eastern coal industry for many years past. Every one of the 25 mines of the Dominion Coal Company is idle, and will remain closed until Tuesday, and it is just a question whether many of them will be ordered to resume production then. Not a wheel has turned on the Sydney and Louisbourg Railway, a subsidiary of the Dominion Coal Company, since Saturday noon, with the exception of one regular express, one regular freight, and one or two special trains. The closing of the collieries leaves the coal road without a pound of extra freight to move. This order to close all the Cape Breton collieries of the Dominion Coal Company follows on the heels of President Wolvin's statement on the bad condition of the local coal market, and it is feared here that the bottom of the decline has not yet been reached. About 10,000 railroad workers, miners and other classes of labor are affected by the shut-down order.

IMMIGRANTS HAD A ROUGH PASSAGE

ST. JOHN, N.B., March 19.—After battling through mountainous seas and facing strong headwinds, the C. P. O. S. liner Empress of France reached port today direct from Liverpool, completing one of the most stormy passages of the season, but in the fast time of seven days. She sailed from Liverpool on March 11, and for a thousand miles was forced to face a storm which raged for four days. Even some of the crew suffered from seasickness. The Empress brought 1,304 passengers comprising 65 cabin, 534 second cabin and 700 third class. There was a special party on board for the Ontario Government in charge of Major J. Clarke of Tillsonburg, Ont. They will settle in Ontario.

THE BIG PROBLEM.

The Government will no doubt try to anticipate inevitable criticism regarding the discouraging showing of the Canadian National Railways by undertaking at an early date a complete reorganization of the present board of directors.

That the irritation created among the public through increased rates, increased deficits, and unimproved service must mitigate strongly against the ultimate success of public ownership is realized by parliamentarians. Confidence in the directorate is badly needed.

In fact, it is hard to see how a vote of lack of confidence in the existing directorate can be averted unless the premier is in a position to announce to Parliament that reorganization will be forthcoming.

Hon. A. K. Maclean has placed on the order paper a resolution calling for the inclusion in parliamentary machinery of a standing committee on railways and transportation, which is under Government control.

THE ANGLO-RUSSIAN PACT. The trade agreement made between Great Britain and Russia will be generally welcomed, in spite of certain conditions, by all except the rouble and bond-holders and their friends.

The Moscow dictators simply had to make concessions in order to remedy the desperate situation of Russian industry. Many are Russia's needs. Particularly locomotives and their parts are required if the Russian people are to be fed and clothed.

will be both more able and more willing to improve their methods of tillage.

Another, though doubtless less pressing, reason for this trade agreement is the danger of Russia's turning to Germany and becoming economically and politically interlocked with our enemies.

These now think, while still hoping for an ultimate restoration of the Hohenzollerns, that an alliance with the German and Russian communists may temporarily serve their interest by providing the means to tear up the Versailles scrap of paper.

THE PACKERS' FIGHT. The fight that is developing between the packers of the United States and their employees appears to centre almost as much around the question of the eight-hour day as around the issue of wages paid.

It would scarcely be thought that in this enlightened age it should be necessary to argue in favor of the eight-hour day. The United States Steel Company does not believe in it, of course, their view, as judged by their performance, being that a man should work twelve hours a day, and thus make it necessary to have but two shifts in the 24 hours for their plants.

The president of the Armour Company hints that his firm is not getting value for the money they pay in wages. It may be that the fault lies in part with the technique which has been adopted in the packing industry, and which has brought about marked changes in the personnel of the employed class.

The trade agreement made between Great Britain and Russia will be generally welcomed, in spite of certain conditions, by all except the rouble and bond-holders and their friends.

THE MOSCOW DICTATORS simply had to make concessions in order to remedy the desperate situation of Russian industry. Many are Russia's needs. Particularly locomotives and their parts are required if the Russian people are to be fed and clothed.

On the other hand, England needs wheat, oil, timber, metals, furs and other products which the Russians will supply, while her own unemployment situation can be alleviated in part by resumption of export to the land of Lenin.

concern must inevitably be divided rather than lives.

EDITORIAL NOTES.

Chicago reports a big drop in the price of coffins, but think of the price one has to pay to take advantage of it.

Sir Philip Gibbs says the world is preparing for another war. The reports of some of his meetings would give the impression it has commenced.

LETTERS.

LANDLORDS AND TENANTS. I notice in your paper some remarks made by some of our landlords about repairs being high, which no doubt they are, but I think that the majority are putting on enough rent on their tenants to cover same.

OTHERS' VIEWS. THE CHOICE OF JUDGES. It is opportune to observe that the magistrates ought not to be recruited almost exclusively from amongst the politicians.

THE SLANDERER. The angels of the living God. Marked, from of old, with mystic name Orwell, from his vision, test they see.

RENT CONTROL. Whatever might be the mode of concealing that its only effect would be to discourage building construction and tend as a result to perpetuate the present crisis.

CHEERED UP. The new British minister of agriculture suffered defeat in his qualification by-election. The result is said to be due to his insistence that the embargo against Canadian cattle must be retained.

WOMEN MAGISTRATES. That a proposal would be put forward at some time or other to appoint women magistrates, was to be expected.

CRUEL WORDS. The Ottawa House is considering taking a two weeks' recess at Easter. Well, if the members will agree to spend the fortnight going a little more thinking and a little less talking, the scheme might work out to the country's advantage.

TRUE. When Sir Philip Gibbs states that 85 per cent of the people of the United States are friendly to Great Britain, he reiterates the conviction of all level-headed Canadians.

WORKING AGAINST GERMANY. Mr. Briand in his speech before the Chamber on Tuesday made one observation which ought to be carefully considered in America, although probably it will not be.

GHOST SHIP IS GOING TO PIECES ON SHOALS.

The Carroll A. Deering Is Wrecked Off Carolina With No Trace of Crew.

Beaufort, N. C., March 20.—A grim spectre stood unshaken at the helm of the Bath built schooner Carroll A. Deering when she cleared Rio de Janeiro harbor last December, riding light and winged out to sea with Norfolk port to make, via the Barbados.

The ship was tough and trim from truck to keelson, sound throughout and no more than sweetened to the ways of the sea by her year of the building stocks. A stout New England shipmaster, weathered to all the gales that blow, trod her quarterdeck. Above him clean, sound canvas towered away to the five great masts that drove more than a thousand tons through the water on airs that no more than fanned the cheek.

Today she is "The Ghostship of Diamond Shoals," her bones bleaching in "the graveyard of the Atlantic," her master and crew vanished, no man knows where or why. She has added one more page to the sea's great book of mystery; paid tribute to the grim power of the deep that on occasion strikes through all that men and science can do to shake it, to claim its own.

There is no record of the Deering's last voyage. She sailed full handed, thrilling with life and power. A month later she staggered blindly shoreward, alone by night, to ram her way to her last berth on the shoal. No hand touched her wheel; no man stooped to slack a sheet or spill the wind from her tortured canvas to ease her death struggle. She was a dead ship. No living thing saw her end.

Sunset was drawing down the gloom of night on a Sunday evening when patrols from the life-saving station looked their last for the day across the storm-fretted shoals. The surges ran white over the lurking menace of the sands, headstones with relics of many a white craft. But there was no sail in sight.

The wide reach of the sea beyond was empty in the gathering gale. In the morning, the Deering lay before them in the grip of the sand, her canvas sea and slatting to ribbons in the wind, her boat gear hammering overhead, her boats and her people vanished. All day the life savers sought to reach her. Some of her crew might still be aboard. Time and again they were beaten back by wind and sea, and it was a day later before it was known positively that she was an empty ship, stripped of all life before she had plunged into the death train.

There was no mark on her to show why she had been abandoned. She was apparently undamaged until the wind and sea and sand had their will of her and slowly ripped her timber from timber, on the shoal. Under the drive of her sail the ship was buried beyond the power of tugs to pull her out. And in the weeks that have passed not a word has come to tell what became of her crew. Nobody has been washed up, no remnant of lifeboat or clothing come ashore.

The battered hull of the big vessel, forlorn with toppling masts and grimy, torn canvas, the hull filling with sand through open seams, stands a ghastly monument to the unconquered power of the sea.

FOR LOVE OF BETTY

People passed her in the streets like figures in a dream. Several looked curiously at the pretty, pale-faced girl with the dark, tragic eyes staring unseeingly straight before her.

"How am I going to face the future?" she was drearily asking herself. "How can I go back to the old routine, when my dreams have all been smothered in atoms?"

"I trusted him with my whole heart," she said, "though I'd never trifled with love before. I believed in every word he said."

"And I've got to go on living—without him!" whispered Betty brokenly. Life seemed stretching out before her like a long, dreary, unending road.

COTTON FIBRE AND YARN. BANANAS.

The expansion of the cotton cloth industry in the last hundred years is almost a measure of industrial development.

Cotton fibre is the downy substance or seed hairs which inclose the seeds of the cotton plant with the pod or "boll" until it is ripe.

Bananas, containing a high proportion of starch and some oil, are far more nutritious than other fruits, and should be used with this fact in mind.

A banana with whole milk and two good pieces of bread and butter constitutes a meal for a child from six to nine years old.

There are many ways of using bananas as meals, and nearly everyone, child and adult alike, is fond of them.

For banana pie, take a half dozen bananas, one eighth of a cupful of powdered sugar, half a teaspoonful of salt, and a cupful and a half of whipped cream.

A pretty way to serve bananas is to slice them lengthwise and serve them in their shells, either with powdered sugar, as dessert or with salt or mayonnaise dressing.

WHAT'S IN A NAME?

Facts about your name; its history; its meaning; whence it was derived; its lucky day and lucky jewel.

The numerous names which come from the Persian word for pear, Murvārdī, include the name of the famous Madge. It made its first appearance as Margārie and named the virgin martyr, who became, before the 4th century, the recipient of the allegory of feminine innocence and faith, overcoming the dragon.

Madge is descended from the name of the pearl, which is a gem of great popularity in England, but it remained in its appearance in this country to mark the zenith of its use.

AMERICAN ARTISTS' WORKS ON VIEW IN LONDON GALLERY

More Than 150 Paintings Shown by Mrs. H. P. Whitney and Francis Howard.

LONDON, March 20.—Today opened a private view of Mrs. Harry Whitney's and Francis Howard's venture for the exhibition in England of contemporary American art. The Gallery in Bond street showed to a fair cross section of London intelligentsia and society a fair cross section of the art of the United States.

Among the sound landscapes and portrait studies appeared several lacking either inspiration or skill, while other sketches on the famous walls displayed the work of the artist who has been in the city for some time, and who has been in the city for some time, and who has been in the city for some time.

The works for exhibition, numbering more than 150, arrived in the middle of the week, and were rushed in from the States, the artist having barely been completed before the press visit yesterday, and the catalogue was still in the printer when the show opened today. Society, nevertheless, was well represented and was kindly in its comment.

Among the exhibitors are William J. Glacken, Child Haseam, John Sloan, George Bellows, Thomas E. Ains, E. Lawson, Clifford Best, Guy Pene Du Bois, Rockwell Kent, Robert Chandler, Allen Tucker, Arthur B. Davies, Max Kuehne, Samuel Halpert, E. W. Reed, Robert Henri, George Luks, Randall Davey, Kenneth Frazier, John H. Twachtman, Eugene F. Speicher, Maurice Sterne, William Stauff, Paul Bunzl, S. Thayer, Howard Gardner, Albert Collins and Paul Dougherty.

The exhibition is under the patronage of Princess Hatfield, Countess Curzon, Countess Beatty, Countess of Donoughmore, Countess of Drummond, Countess of Stafford, Countess of Suffolk, Viscountess Asolo, Viscountess Harcourt, Hon. Cecil Bevington, Mrs. E. G. IMMIGRATION IS ONLY SOLUTION FOR DEFICITS

President of C. P. R. Urges Importance of Restrictive Policy.

MUST BAR UNDESIRABLES

Canada No Place For Foreigners Not Willing To Assimilate.

MONTREAL, March 20.—E. W. Beatty, K.C., president of the Canadian Pacific Railway, interviewed by the Canadian Press on the subject of the deficit of \$58,833,441 on the last year's running of the Canadian Government-owned railroad systems, said that without immigration the prospects of the Canadian national lines were, in his opinion, hopeless, and any legislation which would stem the tide of desirable immigration must inevitably pile up further deficits.

It was, he said, an aggressive immigration propaganda that built the Canadian Pacific railroad, and he claimed that Hon. T. A. Crerar, leader of the National Progressive party, struck the right note when he declared before the Canadian Club in Montreal recently that a wise and vigorous policy of immigration would help solve the problem.

Mr. Beatty added: "I quite agree with those who object to immigration of citizens of continental European countries and doubtful health who would at once drift into slums, or of large communities of foreign-born who frankly declare that they do not intend to assimilate with English-speaking Canadians. But the gates of Canada should be opened not only to the British, French and American immigrants but also to the Scandinavian and the more desirable type of continental."

Mr. Beatty pleaded also the cause of the skilled mechanic in addition to that of farm hands and domestics on the ground that Canadian industry would be handicapped in its progress without them. He concluded: "Policies which are perfectly appropriate in the case of the United States are not necessarily applicable to this country. By all means let us exclude the undesirable immigrant, but admit those who in time will contribute to this country's industrial prosperity and economic strength."

MRS. ALEX. MORNINGSTAR DIES OF HEART FAILURE DRESDEN, March 19.—The death occurred today at her home in Chatham Township of Sarah, widow of Charles Wilkinson, aged 71 years. The funeral will be conducted by Rev. S. Davidson of Tupperville at her late residence, lot 10, concession 14, on Monday afternoon. Surviving are three daughters, Mrs. Walter Aikin, Mrs. John Moore and Miss Belle, and one son, William T., all of Chatham Township. Interment will be made in Dresden Cemetery.

WELLINGTON U. F. O. DOING BIG BUSINESS GUELPH, March 19.—The annual meeting of the general organization of the U. F. O. for South Wellington this afternoon was largely attended. Reports for the year were presented and were of a very satisfactory character. Wm. Cowan, snipper of the organization, in his report stated that the total shipments during the year were \$151,178, as compared with \$241,000 for the year previous. This was due to the decrease in the prices of live stock during the year. Included in this total were 2,000 head of live cattle valued at \$55,342. There were 50 carloads shipped in all. Samuel McKee, of the U. F. O. live stock shipping department, Toronto, delivered a lengthy address on co-operative shipping, which was greatly appreciated by all the members.

HELD ORATORICAL CONTEST BRANTFORD, March 19.—At the first oratorical contest of the public speaking class of the Y. M. C. A. last night C. Meyer won a gold medal for his oration on "The League of Nations." A. T. Whittaker, speaking on "The Nationhood of Canada," was second, and P. F. Unsworth received third prize for his talk on "Public Health." Eight speakers took part, and the Y. M. C. A. hall was crowded with auditors.

VETERANS CLAIM PATRONAGE SHOWN IN APPOINTMENT

Strong Letter of Protest Sent To South Perth Conservative Member.

ST. MARYS, March 19.—At the regular meeting of the local branch of the G. W. V. A. outspoken criticism was made of the recent appointment of chief census taker for the riding, and the following letter was ordered sent to the Conservative member, Dr. Steele: "Dear Sir.—At the regular meeting of our branch a resolution was passed without a dissenting voice protesting against the appointment of chief census enumerator being given to a South Perth member, Dr. Steele. We refer to the appointment made for South Perth. The members of the G. W. V. A. feel that there are a great many returned soldiers in the riding who are qualified in every way to perform this work, and according to the promise of the Conservative member, Dr. Steele, we would have been the first choice when such an appointment was in the gift of the Government.

"The members of this branch resent the fact that they were not consulted, and the inference is, that the appointment was made without their knowledge. We have been told that you were instructed by our members to send this letter to you. Yours very truly, "F. E. MUTTON, Secretary."

WOMAN IS HELD FOR DEATH OF HUSBAND LACHUTE, Que., March 19.—Ann Wilson appeared before Magistrate Calder in the police court today to answer a charge of causing the death of her husband, Edward Fletcher, by shooting. His assistant was working with rubber gloves, but not satisfied with the speed being made, Mr. Grob took part in the work barehanded, and one of his hands, on which the skin had been punctured by a splinter, became infected.

STRATFORD LAD IS MENINGITIS VICTIM STRATFORD, March 20.—Spinal meningitis proved fatal today to Joseph Reginald Spence, aged 14, son of Mr. and Mrs. H. Spence. The lad had been ill for about two weeks, but recently his condition showed improvement, and his death was unexpected. He was born in Woodstock, coming to Stratford with his parents two years ago. His parents, two brothers and one sister survive.

YOUTHS ARE HELD ON THEFT CHARGE STRATFORD, March 20.—Chief of Police Wilson advised that since the war took place this morning when the members of the 16th and 29th Batteries and the 1st Wellington Rifles attended divine service at St. George's Church. A sermon appropriate to the occasion was preached by Rev. G. F. Scovell. A large crowd of citizens turned out to see the units march from the armories to the church, headed by the 1st Wellington Rifles' Band. The parade was in charge of Major George Draw, officer commanding the 16th Battery, while Major D. Crowe, M. C., and Major J. E. Doughty headed their respective units.

Used His Old Red Sock to Stop Train Near Bad Washout

TORONTO, March 20.—An incident of the storm was a serious washout on the Grand Trunk Railway track north of the village of Holland Landing. Sam Lowe, a well-known character of Holland Landing, discovered that the track was submerged and a part of it washed away. This was a few minutes before the train from North Bay was due to arrive.

Realizing the necessity of stopping the train with its load of passengers before the washout was reached, and acting on the impulse of the very short time in which he had at his disposal, Lowe immediately pulled off his boots and socks. He happened to be wearing red socks at the time, and these he used as a flag. He succeeded in bringing the train to a standstill in time to save a catastrophe. The passengers took up a subscription and handed Mr. Lowe \$28 as a token of appreciation.

SAYS WAGE-CUT WOULD NOT BE FAIR TO MEN Vice-President Murdock Says Railway Employees Will Not Submit.

TORONTO, March 20.—James Murdock, vice-president of the Brotherhood of Railway Trainmen, a former member of the Canadian Board of Commerce, in an interview here, said the railwaymen of this country would not submit to have the burden of the Canadian National Railways' "deficit" of almost \$10,000,000 saddled on them. Mr. Murdock declared: "If Hon. Dr. Reid or Hon. Frank Carvell or Mr. D'Arcy Scott are arguing on this as a solution of the problem, they are making the mistake of their lives."

LIBERALS MAY ATTACK RANEY ON AMENDMENT

Fireworks Promised in Legislature During the Coming Week.

[Special to The Advertiser.] TORONTO, March 20.—The major portion of the time of the Ontario Legislature this week will probably be devoted to the consideration of new legislation. Scores of bills amending the statutes of the province are in various stages of consideration, some in committee, and some awaiting second reading, and the Government's hopes is that the week-end will show real progress to have been made in this direction.

Most contentious among the legislative items which the House will likely consider during the week is Attorney-General Raney's bill to amend the public inquiries act. Its purpose is to override the Spanish River Pulp and Paper Company's injunction halting the timber probe. H. H. Dewar, Liberal leader, has characterized it "a bill to place the attorney-general above the law."

SICKENING CALOMEL NOT FAVORED; MORE AGREEABLE MEDICINE DESCRIBED Calomel and Blue Pills are not used as they once were. When the head aches, when the stomach is upset, when the liver is not working right, don't resort to harsh calomel, use a pleasant, agreeable remedy like Dr. Hamilton's Pills. Being largely vegetable in their composition, Dr. Hamilton's Pills are extremely mild, yet they surely flush out all impurities and wastes. No remedy is so well adapted for general family use. For constipation and bowel trouble, Dr. Hamilton's Pills can be improved upon. Good for the young, the old, the sick, the well ones. The benefits of Dr. Hamilton's Pills are manifold. Need not be used in every home; see at all dealers, or The Catarthozome Company, Montreal.

"A Friendly Word--" The earnest wish of every daily newspaper publisher is to make his advertising columns profitable to the local merchants who use them. For this reason, and with due recognition of the merchant's experience, it is proposed occasionally to give suggestions in these advertisements that may help merchants to prepare more effective copy and so secure greater returns, and, correspondingly, be encouraged to extend their appropriations.

First, be absolutely clear yourself what message, fact or impression you want the public to gather from your copy. Having got thus far, write your idea out. Question it. Criticize it. Simplify it. Lick it into shape. Do anything you like with it, but, above all, have it a natural-looking job when it gets into the paper.

Always, if you can, tell your story in the headline, because, unless you arrest attention, everything else is unimportant. It may never be read. Don't advertise to yourself. That is really one of the greatest dangers of advertising. So many men, who are paying the bills, are apt to write matter that is pleasing to themselves—forgetting that the public look at it through different colored spectacles.

One of the most enjoyable things you can do is to spend an hour or so, a few evenings a week, thinking out a well-balanced newspaper advertising campaign for your store and your merchandise, and, having thought it out, carry it through, regardless of other people's opinions or whims. You have three of the best trading months ahead. Do, then, as we suggest and watch results.

MILK PRODUCERS ARE OPPOSED TO DAIRY ACT

Vigorous Protests Are Made At Meeting in North Oxford.

INGERSOLL, March 20.—Discussion of the dairy standards act was an outstanding feature at the annual meeting of the patrons of Connolly's cheese factory, North Oxford. Vigorous opposition to the act was registered. Following considerable discussion of the act now before the Ontario Legislature, a vote was taken, only one milk producer supporting it. Those who discussed the matter were very emphatic. One opinion expressed was that if the Ontario Government has the money with which to pay men to go around checking up the cheesemakers that they could use the money to better advantage by having these men cut the weeds on the public highways, where they would be real checkers of the spread of noxious weeds in the province.

Greater Protection Will Be Afforded Residents of Asia Minor. ATHENS, March 20.—A royal decree was issued today calling three classes, those of 1912, 1914 and 1915, to the colors. King Constantine, in a message to the people, explained that the measure was adopted to insure greater protection to the Greeks in Asia Minor, pacification of the near east, and to assist the Allies to secure execution of the terms of the peace treaty with Turkey. ALLOWED TO GO ON SUSPENDED SENTENCE WOODSTOCK, March 20.—Jack Moyer of Ingersoll pleaded guilty in court today to a charge of forgery. He was allowed to go on suspended sentence. E. H. Hodgins of Woodstock College was elected president of the Oxford School Teachers' Association at the annual meeting held yesterday. The other officers are: Vice-president, Miss N. G. Temple; Norwich; treasurer, Gordon Young, Norwich; secretary, J. M. Traub, Woodstock.
