MINERS REFUSE TO ACCEPT FOURTEEN PERCENT INCREASE

Proposal of Fuel Administrator Rejected by Miners and Operators.
Coal Supply Dwindling and General Anxiety Increases.

Washington, Nov. 27.—Both miners and operators have practically refused to accept Fuel Controller Garfield's proposition of fourteen cents increase in wages without cost to the public. Further parleys were opened to-day with a view to compromise proposals. In the meantime the coal supply continues to decrease and the situation is causing increased anxiety to the public.

A wage advance of 14 per cent. for all mine workers, maintenance of Government control over coal prices, and no increase in prices at this time were the conclusions of Fuel Administrator Garfield.

Declaring that Secretary Wilson, acting as the authorized agent of the Cabinet and of President Wilson, had offered an increase of 21-10 per cent. John L. Lewis, Acting President of the mine workers, asked if the Government intended to "regulate the acts of Secretary Wilson."

Dr. Garfield replied that Mr. Wilson made his proposal as a mediator to

facilitate negotiations, and that it was the duty of the Fuel Administrator to fix prices, and not the function of the Secretary of Labor.

Dr. Garfield declared that the miners, without the proposed increase of 14 per cent., were better off than other classes of employment. The lowest wages paid to miners was \$4.75 a day, and that, working 200 days a year, the minimum average annual return amounted to \$950. This sum, he added, "is a little higher than wages in other employment, and this is without considering the 14 per cent. increase."

HAS SUCCEDED TO AFFLICTION

Mr. Hiram Gabel Called Last Night.
Sleeping Sickness Proved Fatal.

The sad intelligence is imparted to the citizens to-day of the death of Mr. Hiram Gabel, 52 Henry Street, who has been the victim of sleeping sickness for some weeks. While his death was not unexpected, there were hopes that he would successfully rally.

Up to yesterday, while in the stupor, characteristic of the disease, he retained consciousness, although for some days it had been apparent that the end could not be avoided. He sank and passed into unconsciousness and last evening the last spark of life fled. Death occurred at his home where he was removed from the hospital a few days ago.

The deceased was only 28 years of age. He was born at Shakespeare, where his parents, Mr. and Mrs. John Gabel reside. A young bride, Flossie Eidt, daughter of Mr. and Mrs. Aaron Eidt, of North East Hope, to whom he was wedded only last June, survives him. He was employed here at the Dominion Tire plant. His friends numbered many; to-day wide regret is in evidence among them over the passing of a popular associate. The loss experienced by the bereaved wife, parents and other members of the family is also felt by them.

Surviving him also are one brother and seven sisters, namely, Mr. Victor Gabel, this city; Mrs. August Ratz, of Waterloo (formerly of Tavistock); Miss Lucinda Gabel, Kitchener; Mrs. Andrew Battler, Shakespeare; Mrs. Doxie, Brussels; Mrs. Fumerson Battler, Zurich; Bertha and Nettie at home, Shakespeare.

The funeral will be held at 12 o'clock (noon) Saturday from the residence. The remains will be taken to Lingelbach's Evangelical Church and cemetery, North East Hope, where there will be services and interment respectively. The Rev. J. P. Haeck, of this city, will conduct the services.

Another unfortunate feature in connection with the family's affliction is the fact that Miss Minerva Eidt, a sister of the bereaved wife, who has been assisting her, is laid up with appendicitis. Friends are glad to hear that she is recovering.

FAMILY GETS LOVE

QUEBEC, Nov. 27.—Relatives at Three Rivers, Que., of the late Monsignor Arthur Hamel, pastor at Biddeford, Maine, have received notification that the will of the late priest has been filed. He leaves most of his wealth to the church and orphanages, and as to his relatives his will records the following: "To my sisters, brothers and relatives, I leave nothing but my deep love and affections."

ABANDON CANADIAN TOUR

WASHINGTON, Nov. 27.—Owing to the regulations adopted as a result of smallpox cases in Ontario, the proposed Canadian Tour of the British Empire delegates to the International Labor Conference has had to be abandoned.

WAR HERO LOSES ARM

KINGSTON, Nov. 27.—A telegram from Westminister, B.C., states that Capt. Paddy Moran, ex-captain of Queen's Football team, who is suffering from shrapnel wounds, gas and shell shock, would lose his right arm above the elbow, and that the operation would take place today.

His condition is critical but he has a fighting chance. His brother Michael is with him and his mother and father left yesterday for the West.

HOUSE MAY OPEN WITHOUT PREMIER

The U.F.O. and Labor party may start the first session of the legislature without having a premier, an attorney-general or a minister of agriculture in the house. There are technicalities in the way of finding seats for them.

There is no provision for a member to resign before the house meets. It is impossible, therefore, to have the resignations accepted until the house meets, of any member willing to make way for the seatless members. There is just one way for this to be accomplished. It is for a member to accept a government job and therefore disqualify himself to sit in the house. Difficulty is being experienced in finding a seat for Hon. Manning Doberty, because it is hard to find a rural constituency which will accept a man of his religion.

Guelph Receives \$69,700 From Its Junction Line.

GUELPH, Nov. 27.—Another juicy melon for the city of Guelph was cut yesterday morning at a meeting of the directors of the Guelph Junction Railway. The statement showed that the earnings of the road for the last quarter had amounted to \$20,675, and a dividend of 11 per cent. was declared, and a cheque for \$19,975 was immediately despatched to City Treasurer Rose.

The city has received for the year \$69,700, or at the rate of 14 5-8 per cent. on the capital stock owned by the city. Last year the city received from the Guelph Junction \$61,569.86.

METEOR STRIKES LAKE MICHIGAN

Blinding Pillar of Flame and Earth
Shocks Startle Michigan Cities.

(Special to Record.)
Detroit, Nov. 27.—That a meteor of tremendous size plumed into Lake Michigan last night causing earth tremors felt in a dozen southern Michigan cities and sending a pillar of flame hundreds of feet into the air, visible for a radius of more than 60 miles, was the theory generally accepted early to-day in explanation of earth shocks.

From reports from various Michigan, Indiana and Illinois cities where the blinding flare was visible, it appeared the centre of the disturbance was near the lower end of Lake Michigan. Coast Guards at Grand Haven were firm in their assertion that they had witnessed the descent of a heavenly body and credence was given their story by the absence, nearly 12 hours later, of reports of any industrial disaster.

Residents of Battle Creek, Kalamazoo, South Bend, Grand Haven and other western Michigan cities fled from their homes in panic, fearing an earthquake.

SELECTING JURY FOR TRIAL OF STRIKE LEADERS

Indictment Split and Charge
Against Russell Goes to Trial First.

WINNIPEG, Nov. 27.—The indictment against the eight strike leaders for seditious conspiracy was "split" yesterday and the trial of Robert B. Russell, one of the eight, was proceeded with singly.

It was 4:45 p.m. when the court commenced calling the jurors, and when the court was adjourned at 5:15 p.m. three had been sworn in. Twenty-five had been called; three had been peremptorily challenged by the defense and nine had been ordered to stand aside by the counsel for the crown. The remainder were waiting to come up to be sworn.

In several cases, the counsel for the defense, who conducted the selection of the jury for the accused, challenged jurors on grounds of favor when two of the jurors who had already been sworn in were named by the presiding judge, to hear the evidence as to whether the men were competent to sit on the jury or otherwise.

In one instance they returned a verdict in the affirmative and the man was sworn in. In another they returned a similar verdict and the prospective jurymen were peremptorily challenged and in a third they found the man incompetent to sit on the jury. (This is the third time in the history of the Province that the selection of a jury has been taken to such an extreme.

MEDICINE PRICE OF WHISKY UP

TORONTO, Nov. 27.—About a month ago the Canadian Whiskies Purveyor Holstein-Brederer Club held its annual sale in the Granite Rink with buyers from all over the country present. Forty-six head of cattle were disposed of, but, although some good figures were realized, the animals did not average very high. The total sum realized from the sale was \$7,207.50, an average of \$156.68 per head.

As soon as the Dominion order in Council, preventing inter-Provincial shipments, passes out of existence, which may be next month, there will not be the same demand for liquor at the Government dispensaries.

AVERAGE PRICE LOW

ST. THOMAS, Nov. 27.—Elgin Purveyor Holstein-Brederer Club held its annual sale in the Granite Rink with buyers from all over the country present. Forty-six head of cattle were disposed of, but, although some good figures were realized, the animals did not average very high. The total sum realized from the sale was \$7,207.50, an average of \$156.68 per head.

\$70 TO \$80 A TON FOR CANADIAN ADRIAN HAY IN LIVERPOOL.

The chances for a reduction in the price of hay in this country seems very remote. Trade Commissioner J. Foreynth Smith, in a report dated September 11th from Liverpool, stated that there was urgent demand for Canadian hay, many inquiries having been received from importers who were prepared to take large quantities. It was believed, however, that space shortage and high impossibility, as a delivered price of about \$12 would be necessary in order to meet competitive conditions.

Since that date, however, the shortage has been accentuated, prices have advanced, and certain quantities of Canadian hay have reached Liverpool, in spite of space and rate conditions, while further arrivals are in prospect. Canadian hay will find a market at a delivered price of \$14 to \$15, and possibly \$16 per ton.

Further inquiries have been received from importers, who are very urgent in their desire to get into touch with exporters.

GOVERNMENT HELP FOR UNIVERSITY

Toronto, Nov. 27.—The needs of the University of Toronto have been placed before Premier Drury by President Falconer, Premier Drury and the University president were in conference for a considerable length of time, and the situation of the University is to retain its present commanding position in the educational world and to finish off the highest type of Canadian citizens, it must be given: 1—Increased salaries to the present staff; 2—A material increase in the size of the staff; 3—New buildings for academic purposes.

PURE BUSINESS NOT POLITICS

OTTAWA, Nov. 27.—Hon. W. L. Mackenzie King, Leader of the Liberal party, states that the gathering next week of the Liberal Organization Committee is to be strictly a business meeting.

There will be no discussion of party policy, or what the Liberal attitude toward the Farmers would be. Between 25 and 30 delegates are expected, and all of the Provinces will be represented. At the National Convention the Provincial Premiers were all named executive members of this committee, with the option of attending the meeting themselves or naming their own delegates. In most cases they have named representatives. Premier Foster of New Brunswick and Hartley Dewar, K.C., Leader of the Ontario Liberals, have promised to be here.

Questions such as organization of the party and general matters of business administration are all that will be discussed. This meeting will have nothing whatever to do with laying down a policy for the party workers to follow in the future.

MEXICO REFUSES RELEASE

Washington, Nov. 27.—Mexico's note, refusing to comply with the State Department's recent demand for release of William O. HYDRO AFTER RADIALS

Toronto, Nov. 27.—Mr. R. J. Fleming, manager of the Toronto Railway, in an interview to-day said that negotiations were being conducted between Sir Adam Beck and the Mackenzie Radial and Electrical interests with a view to the purchase of these interests by the Hydro Commission.

Two of the witnesses declared that while the accused was under the influence of liquor when they saw him his condition was not by any means such as he declared it was.

Magistrate Weir before the close of the hearing asked the defendant whether he wanted any witnesses on his part called. He wished to give him full opportunity to present all his claims.

The accused replied he did not think that it would alter the case. The magistrate added that on the face of the evidence so far presented if he had to give judgment he would have to find him guilty. He repeated that he would give the prisoner the opportunity to produce all possible evidence in his behalf.

The defendant replied: "I don't think it would make any difference. Any other judge would give the same judgment. I have said all I could and cannot do anything else. So you might just as well pass sentence now."

If that is your wish, I will declare that I find you guilty. I will, however, not pass sentence to-day, but will adjourn the case for a few days." Magistrate Weir said.

FOUND GUILTY OF SERIOUS CHARGE

Serious Offense Committed Against Lad.

SENTENCE NOT YET PASSED

When Emery Lapointe of this city, up until recently of Ottawa, faced the Magistrate in police court this morning, a serious charge confronted him, to which he pleaded not guilty. The result of the hearing by the Magistrate of the evidence was that the accused was found guilty. Sentence was not passed, the magistrate adjourning the case for a few days.

The charge against Lapointe, who is thirty-one years of age, was that last Sunday evening he committed an indecent assault on a ten year old boy. According to the boy's evidence, he was returning home some hours after he had tea at the home of relatives. When near his home he was approached by a stranger, who asked him if he would like to earn some money. The boy proceeded and did not stop but the man followed him to the rear of the property, where the assault, it is claimed, took place. The man later gave him two coppers saying they were quarters. As soon as the lad had reported the case at the home the authorities were communicated with. The man was described by the boy. There were footprints in the snow. These were taken note of by the police. The law, the residents in the vicinity described a man with whom they were talking shortly before the alleged offense occurred. This person was traced to a boarding house in the west end of the city. The police and medical man proceeded to the house and found a man who answered the descriptions by the residents and by the boy. When this man was placed before the residents they identified him as the man to whom they had been talking and the boy also said this was the man who committed the assault on him. The descriptions coincided him.

Lapointe when placed on his defense said the boy must be mistaken. He positively swore that it was not he who did the deed. It was true that he was in the vicinity at about the hour mentioned but he was looking about for a boarding house.

He said that he with others had partaken of two bottles of liquor since two o'clock in the afternoon. Crown Attorney L. S. Weirly examined the defendant closely on his whereabouts after 7 o'clock and 9:30 o'clock in the evening, about which interval he claimed he knew nothing while at the same time he said he knew it was not he who assaulted the boy.

Two of the witnesses declared that while the accused was under the influence of liquor when they saw him his condition was not by any means such as he declared it was. Magistrate Weir before the close of the hearing asked the defendant whether he wanted any witnesses on his part called. He wished to give him full opportunity to present all his claims.

The accused replied he did not think that it would alter the case. The magistrate added that on the face of the evidence so far presented if he had to give judgment he would have to find him guilty. He repeated that he would give the prisoner the opportunity to produce all possible evidence in his behalf.

The defendant replied: "I don't think it would make any difference. Any other judge would give the same judgment. I have said all I could and cannot do anything else. So you might just as well pass sentence now."

If that is your wish, I will declare that I find you guilty. I will, however, not pass sentence to-day, but will adjourn the case for a few days." Magistrate Weir said.

FLAVELLE SELLS OUT

TORONTO, Nov. 27.—Sir Joseph Flavelle, President of the Wan. Davis Co., and Controller of 52 per cent. of the stock, has sold his interests in that concern to E. C. Fox and a group of associates for three million dollars. Mr. Fox has been general manager of the company for some time.

PRESENT STREET CAR SERVICE

Superintendent Points To Existing Agreement.

COMMISSION DOING ITS BEST

Supt. McIntyre of the Street Railway when asked this morning in regard to what action the commission would take on the resolution passed by the town council of Waterloo replied that it would not be in the interests of the public were the agreement as drawn up be carried out and in support of this drew attention to a clause which reads as follows:

"Cars are to run every day of the week, including Sunday and every day except Sunday are to commence running from Waterloo at 6:30 a. m. and continue at intervals of 20 minutes from 9 a. m. to 9 p. m. and thereafter at intervals of 40 minutes until 11:20 p. m. the last car to leave Waterloo at 11:20 p. m."

It was pointed out by Mr. McIntyre that were the above schedule still in force there would be no end of complaints. He further stated that the commission had intended putting on a better service early in the morning but on account of the new cars not being ready and two of the old ones being damaged the company was doing the best it could to give the public good service. New men have had to be broken in and now that the three P. A. Y. E. cars are in commission a new early schedule would be started on Monday. The first car will leave Kitchener at 6:20 a. m. and there after every 10 minutes. In regard to having a car leave Waterloo in time to make connections with the 6:17 a. m. train, Mr. McIntyre stated this would not be necessary as it was more than likely this train would be taken off on account of the coal shortage.

NOT RANEY IN W. PETERBORO

PUSSYFOOT LOSES EYE

LONDON, Nov. 27.—Surgeons this morning removed the right eye of William (Pussyfoot) Johnson, the American prohibition worker, who was severely injured by students, following an address in this city. The operation was decided upon to prevent Mr. Johnson's losing the sight of the left eye.

MUST BE READY

MELBOURNE, Nov. 27.—Joseph Hume Cook, Minister of the Navy, in a speech to-day at Athury said that while wholeheartedly supporting the League of Nations, he thought Great Britain should keep its powder dry. The Empire, he declared, could not close its eyes to the preparations Japan and America were making in furtherance of their pacific policy.

GIVING IT UP

London, Nov. 27.—Great Britain will remain wet for at least half a century, American prohibition workers admitted to-day.

The British are "not ready for prohibition," in the opinion of the American dry leaders, who said even local option will be impossible in less than 10 years.

The American workers, headed by Dr. George Henry Watville, Ohio, during the illness of "Pussyfoot" Johnson, they did not expect British dry forces even to attempt to put over prohibition at present.

WANT HYDRO DIVERSION

Toronto, Nov. 27.—A deputation from towns between Galt and Hamilton waited on Sir Adam Beck this afternoon, claiming that by diverting three miles the proposed Hamilton, Galt, Kitchener, Elmira hydro line, 500 more people would be served. The deputation wanted the line to go through St. George, Troy and Lynden to Copetown. Sir Adam agreed to consider the proposal.

AGED COUPLE CELEBRATE GOLDEN ANNIVERSARY

Mr. and Mrs. J. Furman Wedded Fifty Years Yesterday.

The home of Mr. and Mrs. Oliver Seibert, 79 Elgin street was the scene of a most unusual event last evening, the occasion being the Golden wedding anniversary of Mr. and Mrs. Jos. Furman sr. of 88 Strang street, parents of Mrs. Seibert. The members of the family and a number of friends gathering to extend congratulations and hearty good wishes to Mr. and Mrs. Furman, on attaining fifty years of happy wedded life.

It was indeed a proud moment for the aged couple to be surrounded by their children and grandchildren and to receive from them such hearty expressions of good will. The evening was most fittingly spent and it was an occasion long to be remembered. Mr. Furman has been a resident of the city for nearly 55 years and could tell many interesting stories of this city in its infancy.

CHRISTMAS SALE AND BAZAR A GREAT SUCCESS

St. Louis R. C. Hall Scene of Most Pleasing Event.

WILL CONCLUDE TO-NIGHT

St. Louis R. C. Hall was the scene of an immense gathering yesterday afternoon and evening, the occasion being a Xmas sale of useful Christmas gifts, homemade baking etc. and the spacious hall was packed to suffocation with a crowd of eager buyers and the heavy of young ladies in the different booths had a real busy session of it indeed. From the time the doors opened until late in the evening the crowd jostled one another good naturedly and there were few indeed, who returned home without some of the good things offered for sale. On glancing around the hall one could not help but be struck with the artistic ability of the ladies who had the affair in charge.

Tastefully arranged along the side were to be seen beautifully decorated fancywork, refreshment, home-made baking, flowers, candy, Xmas gifts, 10 cent articles, and vegetable booths and it was a tired but happy bunch of clerks when the proceedings were concluded. On the stage were toys, dolls, teddy bears, fancy cushions and other articles arranged in shelves and the turning of the wheel of fortune designated the lucky ticket holder. Back of the stage, the two school rooms were utilized as dining-rooms, and the excellent menu provided could not help but please the most exacting. The ladies having the affair in charge are to be congratulated in their great success, and no doubt a

large crowd will be in attendance this afternoon and evening when the pleasing function will conclude. Tonight the prize drawing for a beautiful Xmas table donated by J. Leto and Son will take place.

By Canadian Machinery and Manufacturing News.

It is hard to figure out anything but a high market for steel products for some time to come. Everything has pointed that way for some time back and things are working out true to form. Production is not at the same stage of efficiency as before the strike. The individual effort on the part of the employee is not the same. In many cases he has been given employment for the moral effect of the employment upon the strikers. He has been spoiled as a good producer.

Again, although the Steel Corporation may set its face against a higher price schedule there is nothing to hold back the jobs. The premium business is beginning to flourish now, and by the spring it seems certain that it will be flourishing still more. Some of the dealers also have a suspicion that certain mills will not be inclined to ship as rapidly as they might in the hope that prices will be on a firmer level later on, and they may be able to retard their outgoing material to get caught in this favorable tide.

As far as Canadian industry is concerned the situation is not favorable for the immediate future. There are many places where there have been no shipments coming in for the last six weeks. Dealers contend that they have retired from the market in certain much-wanted lines, but the effect is much the same. They are so hopelessly overbooked that their delivery schedule swings away into the second quarter of next year in many cases.

Machine tool dealers face much the same situation. With them it is largely a matter of getting the goods they can sell. There are special machines being bought out and out on the market in the States which are well suited for work that is being done in this country, but there is no chance at all of the Canadian dealers getting any of them because the capacity of the plant making them is in many cases sold out for a year in advance.

Coppers are weaker this week, and so is brass. Other lines in the scrap metal market are fairly firm but there is not much business moving. The Christmas season is always more or less dull with sales away off, and this year is no exception.

O. T. A. CASE. For breaking the O.T.A. as regards the public street W. Beaver paid \$50 in police court this morning.

Many friends will be glad to receive the intelligence that Miss Margaret Colombo, who underwent an operation for appendicitis at the local hospital, is doing nicely.

Every woman should see the big Society play at the Star to-night.

Aylmer G. W. V. A. have decided to prepare a slate for the municipal elections.

THE KING OF ITALY, who, it is said, in a cable from Rome, seriously thinks of abdicating.

Defendant Presented His Case

When the charge of assault and taking \$5 from Richard Trupp, preferred against David Bush, several weeks ago in Trupp's livery barn, was heard in police court, the defendant as on the last occasion denied that he was guilty of the charge. The same substance of the defendant's evidence was the claim that the Trupp owed the place a rug and that he (Bush) asked for this rug and to be paid for it. The accused after some argument paid him \$5. Bush had also stated that he had made up his mind not to let Trupp out and he had tied him to a ladder, later releasing him.

In order to enable to produce witnesses the case was adjourned for a day.

Another extra strong program at the Star for this week end.

NOT WORRYING ABOUT SEATS

Drury Denies Rumors of Negotiations For Withdrawals of Members.

(Special to Record.)

Toronto, Nov. 27.—"I have not approached any one with regard to securing seats for myself, Hon. Manning Doherty or Hon. W. E. Raney," stated Premier Drury to-day with reference to various reports that offers had been made to Liberal and Conservative M.P.'s in order to have them withdraw from the legislature. No advances have been made either to Mr. Doherty or Mr. Raney, he stated.

The Premier added that Mr. Doherty was not put to the necessity of such negotiation as had been reported in order to secure a seat. He stated that the Minister of Agriculture had for some time at his disposal offers of certain U. P. O. seats which could not be considered safe. Seats had been offered all the ministers who are not at present M. L. A.'s he stated.

Mr. Doherty himself considers the reported Muskoka and Durham offers, made by him or on his behalf, as a joke. "The newspapers are searching all over the country to find me a seat," he laughed. "If they never get any closer to the mark than they have up to the present, I won't have any cause to worry."

Hard coal is being used in the operation of running the railways passing through St. Thomas, owing to the soft coal shortage.

Down at New Brunswick, on Thanksgiving Day, there is to be a revival of ancient gridiron tactics, a sort of a football pageant, to commemorate the sport's birth on this side of the Atlantic. Fifty years ago Princeton and Rutgers met for the first time on the checkerboard field and Chief Justice William Gunnors of New Jersey, who captained the Tigers in the original game and Rev. William Leggett of Chatham, who led the victorious Rutgers team, will be present in the football togs of 1869 vintage.

The affair will start with an exhibition of the old twenty-men-to-the-side game, as it was played in bygone days, and be carried on up through the different developments of the game illustrating famous tactics and plays such as the "flying wedge" and the

61ST ANNUAL MEETING

London, Nov. 27.—Representative Canadian newspapermen from all over Canada were in attendance to-day at the 61st annual meeting of the Canadian Press Association which gathered here under the presidency of W. J. Taylor of Woodstock, Ont. After the general meeting of the Association the members divided into various sections, daily, weekly and trades papers, for a discussion of the various problems distinctly affecting these branches of business.

NO ANNOUNCEMENT OF TRAIN CANCELLATION

Montreal, Nov. 27.—The announcement from Washington that Canada's emergency coal requirements will be supplied caused the C. N. R. and G. T. R. to hold up the order issued Sunday cancelling certain trains so as to save fuel. The G.T.R., however, has laid off a number of men in its shops as a result of the slack times there.

THE HYDRO POWER LOAD.

The local commission and the Hydro commission are in communication in regards the local hydro load, which last evening reached a peak of 2784.2 horse power. Yesterday afternoon the power went off and the load had to be reduced to 5,000 horse power.

Woodstock Working Hard

Progressive Woodstock citizens are working day and night in the efforts to ensure the carrying of the Brunswick-Balke-Colander bylaw in that city next Monday. The company proposes to establish a Canadian branch for their phonograph industry and will employ at least 200 hands. It is said that they may, later, also establish a Canadian auto tire plant.

Another bylaw to assist an established plant will also be voted on the same day.

The Merchants' Column

Edited by Mansfield P. House

In this column, which appears every Monday, Wednesday and Saturday, will appear news and short articles of special interest to merchants, business people and business men and women in general. All phases of store management—buying, accounting, advertising and retailing—will be discussed, but by descriptions of methods actually in use by successful merchants.

BUSIEST DRUG STORE HANDLES ONLY DRUGS.

The Firemen's Drug Store, at Broad and Market streets Newark, N.J., is given credit by pharmacists throughout the United States as being the busiest establishment of its kind in the country, and is visited from time to time by the knights of the mortar and pestle to learn just how to gain business and hold it.

Its owner is W. J. Beldon, aged about forty-five, a quiet and unassuming man, who was told by his friends a few years ago that he was plain downright crazy when he quit his little store where he was making a good living, to embark in business in the center of town.

What impresses the visitor to the store is the absolute absence of any of the department store atmosphere that so often is found in the pharmacy of to-day. It is a drug store—only that and nothing more. Beldon sells drugs and the usual accessories and lets the other stuff go.

A marvel of efficient arrangement where the public can be served quickly and efficiently is thus provided, and the Firemen's Drug Store is inspected as a model by druggists from all over the country when they get near or in New York. They all say it is worth the trip to Skeeter Land.

Beldon has nothing to say about how he did it. He advertises in the papers of Newark and Elizabeth and lets it go at that, saying he advertises drugs but not himself. So the druggists who have gone over the place with a critical eye have reached some conclusions on how a small drug store has attained this pre-eminence. These are:

First. Picking a location that assured plenty of traffic and having the nerve to abide by one's own judgment. Second. Possessing the right kind of an eye to see what the public wants and having it ready for them when they call.

Third. Arranging every department so the busy customer need not wait.

Fourth. Hiring a large enough sales force to handle trade with speed.

Fifth. Telling the public by advertising what he is to do and thus securing quick turnovers.

GROCERS PROPOSE LAWS TO HELP CUT H. C. L.

As a means of taking constructive action toward reducing the high cost of living the National Retail Grocers' Association, through its secretary, Leon M. Hattenbuehler, Col., is urging state secretaries to advocate the passage of four federal laws, as follows:

First. That a limited embargo be placed upon exports of all essentials, permitting only the surplus to be exported after ascertaining the available supply and estimating the requirements necessary for home consumption.

Second. That resales between members of the same group of distributors be prohibited.

Third. That all trading on all boards of trade and exchanges be limited to transactions intended for actual delivery.

Fourth. That only those actually engaged in the production or distribution of the people's food or other necessities, both raw materials and finished products, be permitted to deal in the same.

MOTHERS SHOP WHILE CHILDREN READ BOOKS.

Attracting the book trade of both adults and children is the Children's Book Corner in the Lord & Taylor Book Shop, New York. Tucked away inconspicuously at one end of the well-stocked bookshop for adults is a special corner, enclosed by high counters that insure little people complete privacy and quiet when they pore intently over Mother Goose rhymes. This secluded little room, walled by bookshelves, is furnished with the most diminutive chairs and tables imaginable, just high enough for little boys and girls.

For this little corner is the children's own department devoted exclusively to literature for little people. In this quiet spot children are invited to come and read—whether mother buys the book or not.

In other words, to quote Miss Ennis, the brown-eyed, sympathetic woman, who takes charge of the Children's Book Corner: "This is a corner where children may come and amuse themselves while mother does her shopping upstairs."

Miss Ennis realizes, of course, that on the whole children are not strictly helped to leave their children in such safe, capable hands while they do their shopping alone upstairs. Needless to say, the children prefer to wait here among the picture books, too. Nothing makes a little boy or girl more fretful and impatient than to be hurried around dress departments or millinery sections and here, buried interestedly in fairy tales or pirate adventures—well, the time just flies.

Another attractive feature of this Children's Book Corner is the little guest book idea. There is a big brown leather covered guest book devoted exclusively to the little visitors to the corner. Nothing delights a child more than to be asked to write his name.

Even the tiniest person feels important to think that his signature is requested and many are the broad juvenile scrawls of Marjories and Billies, who read in the book corner.

EXPLOIT SUCCESS TO WIN MORE BUSINESS.

Believing in the old adage that nothing succeeds like success, Retowich Brothers, clothing, of Pottsville, Pa., are using a large portion of their newspaper space this fall to tell the public just how well they have done the last several years.

They point out that on August 2, 1919, their business done to date for the year reached the total handled for the whole of 1918, notwithstanding 1918 was a profitable year.

The corollary to the feature is that their line is bigger and better than ever before and that they can sell more cheaply because of the volume of business done.

At the head of this vast organization is T. A. Cregar, who in 1917 when the Union government was formed, he was approached by Sir Robert Borden and asked to enter the government as Minister of Agriculture. Cregar did not want to enter politics, but he was persuaded that his duty lay in accepting, and as soon as he could conveniently do so after the signing of the armistice he resigned his portfolio, feeling that he could no longer remain in a government with whose policies he found himself at variance.

His outstanding characteristic, it is admitted by all, is his absolute sincerity. He has never sought a position, but has had them thrust upon him. His ambition apparently is to do the thing that lies nearest at hand—and he usually does that thing well.

Cregar is a young man—he looks to be under forty, but he is probably slightly older. He is tall, of an athletic build, with the face of a thinker but a man of action withal, and with steady blue eyes that prove him to be a man you can trust.

Such as T. A. Cregar, by force of personality and circumstance, leader of the Organized Farmers of Canada.

"The Flu" Coming Back Are You Prepared?"

HERE is an article about the "Flu." It says that the general opinion among physicians is that it will return this winter.

"Have they found a cure?"

"No. It seems that at the annual meeting of the American Medical Association, papers were read by physicians who could speak from authority on this subject. There was such a diversity of opinion on the effects of vaccination and inoculation, that these methods cannot be considered a success."

"What is a person to do then?"

"Well, statistics show that about three persons out of four are immune to the 'Flu' germs. Investigations of a large number of cases make it clear that this immunity from attack is due to the healthful condition of the system."

"In some districts 24 persons out of 1000 developed pneumonia from the 'Flu.' The germs of these ailments seem to thrive under similar conditions. If you are tired out and run down you are an easy prey to pneumonia germs, and the same applies

to the 'Flu' and other germ diseases. The thing to do is to keep fit."

"In what way?"

"By living according to the best hygienic laws, giving attention to diet and exercise and keeping the blood pure and rich, for, after all, pure rich blood is the greatest of germicides."

"When your digestive system fails to keep the blood rich there is nothing that will help you so much as Dr. Chase's Nerve Food. This treatment is composed of the elements which nature provides for the building up of the red blood corpuscles. By its use you are enabled to get your vitality up to high water mark and to keep it there. For this reason it is a wonderful help in the fight against all germs which threaten the human system."

Dr. Chase's Nerve Food, 50c. a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Look for the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy.

Elmira and Kitchener At the coming New Year's elections, the people of Kitchener will be asked to vote on a by-law to construct a hydro-radial railway from Elmira to Hamilton via this city.

We thoroughly approve of the hydro-radial scheme in general and believe that many of the one-horse branch lines of the Grand Trunk should be placed under control of the Hydro Commission, should then be electrified and give a real service, such as is not now possible.

Railway service north and south from Kitchener is wretchedly inadequate and time-consuming. The passenger service east and west also leaves much to be desired. C.P.R. trains make the run from Galt to Toronto in 1 3/4 hours; G. T. R. service from Kitchener to Toronto consumes an hour more.

The north and south difficulty will perhaps be solved by the new proposed radial. The east and west handicap may be removed as a result of the nationalization of the Grand Trunk.

We trust the Elmira-Hamilton scheme has been well thought out. This city's responsibility in the construction of that road is placed at more than a million dollars.

The amount is large. No doubt the rate-payers will be given full information before the by-law is submitted for their approval.

Premier Drury Premier Drury, realizing that class government can never be popular and from its very nature, must arouse antagonism of other classes, declares that his Government does not stand for class legislation. Following out that idea, he suggests that his party be called the People's party and asserts that it aims to represent all the people.

We do not question his sincerity but his announcement would be more convincing if

he called to his cabinet some men from other walks of life. No one will contend that the farmers and Labor should not be fully represented. Nor can it be denied that the cabinet will have more the appearance of a people's cabinet if its members are drawn from the people's representatives in general.

COMMENT

He who buys stocks these days should be sure he can afford to lose.

It's over a year since we stopped fighting and still there is no peace.

Is it in order to suggest to our worthy City Council a better lighting system for King St.?

Price of potatoes has gone away up—reason—Manitoba frozen up. But they don't feel it out there; the air is so dry.

The grandson of Karl Marx was defeated in the French elections—another drop in Marks, as it were, says the premier of France.

In Switzerland they are going to punish those who refuse to vote. A greater offence is committed by those who vote too often.

The price of hay has gone up again. The prospective candidates for municipal offices have probably placed their orders for campaign cigars.

And now comes a report from Ottawa that Mr. Rowell wants a referendum on horse-racing. Why not have a referendum on Mr. Rowell? Loud cheers.

Is Sir Adam Beck getting into Hearst's class? He wins in all the Hydro-Radial elections but lost his own in London. Prohibition carried in Ontario but you know what happened to Hearst himself, the father of the Ontario Temperance Act.

"The devil is by no means extinct but he has fallen from his high estate and is supreme no more," said an Ottawa preacher last Sunday in referring to the victory of prohibition. The devil is sort of "groggy" as it were. This ought to give encouragement to the preachers, who have been "working to beat Hell".

Mayor McBride of Brantford, who is also the new M.P. for that city, is going to call a meeting of the Finance Committee to see what can be done regarding the high price of eggs and potatoes. Why not consult the new Farmers' Cabinet which he supports?

"SWAT THE COLD"—A HEALTH SLOGAN

Health Authorities Are Back of Campaign Which Covers Entire Continent.

The familiar "Swat the Flu" slogan is now being revised by health authorities and the public is being advised to "Swat the Cold" in winter as heartily as they "swatted" the flu in summer.

Behind the movement is the desire to check the possible spread of "flu" by the prompt treatment of every case of cold. The symptoms of the "flu" in its early stages are the same as those of a bad cold and last year the "flu" reached an advanced stage in many cases before the patient realized that the trouble was more serious than a cold.

"If every person would get busy as soon as a cold develops and use home remedies to beat it up, we would hear so much about the 'flu,'" says one Eastern official. "It would do wonders and that quickly."

Colds in the head or the "flu" in its early stages are promptly and effectively treated at home by the use of Grip Fix. This is not a patent medicine but a combination of drugs such as would be used by any physician. It comes in capsule form and relieves a cold in the night and acts promptly in case of Grippe.

At the time of the year every home should have a box of Grip Fix. It is on sale at all drug stores, where it sells for 25 cents per box. (Advt.)

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wynell's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, you have become beautifully dark, thick and glossy and you look years younger.

WINNIPEG HAS RADICAL-LABOR ELECTION FIGHT

General Strike of Last Spring and its Results Form the Issue.—Effort to Reinstatement Dismissed Employees.

Winnipeg, Nov. 27.—To-morrow will be held the most interesting Civic Election in the history of Winnipeg, its roots going back to the general strike of last May and June, and the issue being whether radical-labor shall obtain control of the city government. Campaign managers declare that this fight is the most bitterly contested they have seen in a decade and that this feeling has roused the voters to such an extent that there will be a 20,000 vote.

Last year the ballots numbered 12,149 out of a total electorate of 55,000. This year the electorate has been increased by about 2,500. There are 118 sub-polling divisions as against 98 last year and nearly thirty additional officers have been assigned to count the ballots. This year, too, an increase in pay for deputy returning officers and poll clerks has been given, the rate for the former now being \$12 per day and the latter \$4.

With three seats assured at the last election, the Radicals are confident they can secure another five to-morrow and thus obtain a strict majority in council, which is now composed of the mayor and fourteen aldermen. Prior to last year there were four boards of control members, all elected annually. Only one of these was usually a labor man, and he was very often criticized by the Radicals for failure to support direct action methods regarding the grievances of civic employees.

For some years the labor members of council have stated that their aim was to ultimately obtain a majority in council and last year, when the council decided that civic employees must not allow their organization to affiliate with outside bodies, meaning the Trades and Labor Council, the labor men on the civic board declared it must come to a straight fight between them and the rest of the council for the right of the civic employees to organize and to affiliate with any organization they saw fit.

It was this attitude which created interest in to-morrow's election, long before nomination day and long before any mention of prospective candidates had been made. In their final meetings this week the labor men have made it clear that if they are elected the first thing they intend to do is to reinstate 150 or more employees who lost their jobs in the strike.

Prior to nomination day, on November 18, there were chances of several three-cornered contests in at least four of the seven wards. Two members of the present council who were due to face re-election and who were opposed by radicals, withdrew from the fight. Meanwhile the labor candidates have stood together from the first round, are now confident of victory. They were chosen at a local labor convention several weeks before nomination day and from that time on declared they were out to secure by constitutional methods what they failed to gain by striking last May and June.

From Mayor C. P. Gray to the last alderman candidate the burden of argument at election meetings has been around the strike. The first meeting Mayor Gray held was at Weston, where the C. P. R. shops are located. He went right into the men's dining hall and told them, when they boomed him,

HOW TO KILL DANDRUFF SO IT WON'T RETURN

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for badness and premature gray hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give here, with the prescription which a famous scalp specialist states he has found after repeated tests, will completely destroy the dandruff germs in from one to three applications. It will also immediately stop falling hair, and prevent it from coming back. It has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—6 ounces Bay Rum 2 ounces Lavender de Compose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

that he would "fight them like hell." From that time on he has been questioned and cross-questioned on his strike attitude.

The mayor for personal reasons would probably not have run this year save that he wanted his strike attitude vindicated. His opponent, too, is freely quizzed on this issue and declares he will reinstate every man that left the civic employees, also that the agreement which new employees must sign to discontinue sympathetic strikes, will be immediately repealed. One of the labor candidates is an ex-police man who failed to get his job back after the strike. He charges discrimination. A number of striking firemen who were refused reinstatement are active workers in the campaign because of alleged discrimination. On the other hand the Citizens Committee which combatted the strike is out behind the opponents of the radicals, their argument being that if the labor men are elected it will mean another strike and the absence of fire and police protection as a lever for trades unions to enforce demands in avenues other than civic.

There are no candidates in the campaign on the returned soldier ticket, neither have the veterans held any meetings to discuss civic affairs. They are more concerned just now, they say, with re-establishment plans and privileges, and have held several meetings with their champion from the city to Ottawa, Major G. W. Andrews, M.P. Two of the radical-labor men, however, are overseas men. For the first time in many years there are contests in all wards for school trustee honors. Labor has never been represented on the board and the radicals declare they will secure at least four seats.

Voters are also asked to endorse a municipal milk plan, but supporters of the municipal idea are not satisfied with the details of the present plan and its passage is doubtful.

Next year adult suffrage will likely be in vogue here, with will increase the electorate from 50,000 to 55,000, it is expected.

PROTEST BY VETERANS.

A large number of veterans of the Army and Navy in No. 1 Military District have sent in a protest to District Headquarters against the indiscriminate wearing of the King's uniform in public, also against the wearing of symbols of service, wounded stripes, etc., by those not entitled to wear them. Recently young boys, young girls and women have been wearing service badges, ribbons, etc., without realizing what these articles represent. The veterans say that the indiscriminate wearing of these badges of service tends to belittle the individual who alone may be allowed to wear them, and adversely reflects on the legitimate veteran. They ask that the attention of the public be called to this matter and their co-operation requested that the King's uniform be worn only by those who have authority to wear it and only on suitable occasions, and secondly, that the wearing of service badges, medal ribbons, wounded stripes, etc., by those who have not seen service, cease.

Run Down Nervous Mothers

Gain Strength Rapidly on Vinol

In their zeal to do all in their power for their loved ones, most mothers overwork and soon get in a nervous, rundown condition. Vinol, the non-secret cod liver and iron tonic, is exactly what they need to build them up, make them strong and quiet their nerves.

Please be Convinced by this Positive Proof

"I was weak, run-down and nervous. I had dizzy spells and no ambition to do anything. I saw Vinol advertised and tried it. In about one week I felt better and it built me up and restored my strength. I want to recommend Vinol to other women who are weak, nervous and run-down." — Mrs. E. Trotter, 2 Grant St., Toronto, Ontario.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails—Leading Druggists.

ALICE BRADY IN BEAUTIFUL FILM

The feature offering at the Allen, which opened yesterday and which will be shown for the last time to-night is Alice Brady in "Her Great Chance" and it is not saying too much to remark that it is one of the sweetest stories that has ever been screened. It's a beautiful story, well told and the large audiences at both performances yesterday were delighted at the excellent production. The Star is seen in the leading role as a saleslady in a departmental store. Charlie Cox, a millionaire young man, is desperately in love with her but the difference in their stations of life brings out the best that is in the shop girl and in spite of his entreaties she firmly refuses. Unlike other films along a like strain the spendthrift son has no mother to make a match for him and the father is indifferent preferring to let him spend the money that has been left to him by his grandmother. Charlie arranges a party at a popular social inn and following a jolly time and after being again refused by the girl he threatens to drown himself in the fountain pool. His men friends decide to drown with him and the scene which follows is ridiculous in the extreme. The daily papers make capital of the Episode and the father hearing of it disinherits him on the spot. The girl hearing of this then decides to accept him. The father dies suddenly and it is then that he (the son) learns that he is penniless. True love can not be denied and they go west to take up farming and as usual live happy ever after. Supporting the feature is the comedy, Charlie Chaplin in the Floorwalker, a picture so well known to need no comment. A Chester Outing rounds out a first class bill.

Thorndale tax rate for 1919 will be 15.30 mills.

CATARRH OF THE STOMACH IS DANGEROUS
"Thousands Have it and Don't Know It," Says Physician. Frequently Is Mistaken for Indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the ferment, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the bismarck magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bismarck Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bismarck Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismarck Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure form (powder or tablets), especially prepared for this purpose.

WILL SURVEY J. P. LIST

When the Whitney Government came into power after defeating the Ross Government the list of J. P.'s in the province was revised and the patents of so veral were cancelled.

Since that time there have been numerous additions to the number of justices of the peace until to-day they number over 4,000.

"I am going to have a survey made of the list of J. P.'s," said Hon. W. E. Ramey, when asked if there had been many applications since he took office. "So far we have had no applications, and are going to have the list revised."

CHIEF GETS A BEATING

Chief Marsh, who has been watching for whiskey runners seized a Studebaker car with a load of whiskey valued at about \$3,000. The men in charge attacked the chief knocking him down and beating him severely.

Hon. Arthur Meighen will tour the West to tell of the work of the Union Government.

A BIG PROBLEM IS BEING DEALT IN BIG WAY

Over \$500,000 To Be Expended on Brantford Waterworks.

Brantford is dealing with its water problem in a big way owing to the growth of the city and the probability that this growth will continue for some years. It is planning 50 years ahead. A report in the Examiner says:

The authorities of the Brantford waterworks system are working out plans for the reconstruction of the system, to ensure an adequate supply of water to meet all the demands of a growing city. It is likely that the ratemakers will be asked to vote the required sum for construction this year, and the query was made this morning, as to whether the cost would be covered in one year or whether the commissioners would go to the people again in 1921. It was announced that the policy had been adopted of working the entire plan out, securing the total

cost and then asking for the approval of the ratemakers to make the expenditure. As to just what the cost will be, none of the local authorities will venture to make an estimate. The matter is in the hands of the engineers Lee and Lee, of Montreal, who are expected here in the near future. The figures of \$300,000 to \$500,000 are hinted at, and the job looks like the biggest one the city has ever tackled in this respect.

The water commission has a difficult business task ahead. It looks as if the present supply of water might do for a period of four or five years, but there is no certainty about this expectation. On the other hand, the price of material and labor is very high, and by waiting the work might be done under more favorable circumstances. However, while it is not planned to do all the work at once, this will be a matter for the commission and Engineer Wilson to work out. The foundation will first be stated and finished, and the filtration plant will be built in sections, until it is finished.

Before the work can be started, however, authority will have to be secured from the ratemakers. When completed Brantford will have a water supply adequate for all needs

for at least 50 years, according to the plans being made.

ACCUSED IS ABSENT

Reuben Graham of the Graham Hotel is charged with the illegal sale of liquor under the Canada Temperance Act. Graham has disappeared and the case had to be adjourned.

NO ONE TO BLAME

No blame was attached to anyone for the death of David Kyle by the coroner's jury which met at Guelph. The victim of the accident was a C. P. R. brakeman, who resided in London, and it is thought that he slipped on the roof of a freight car and fell between the rails. The burial took place at Goderich.

PILES

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. Semi-ready Tailoring

The Clothes are ready for you to put on

SEMI-READY SUITS AND OVERCOATS

Among a group of well dressed men you see a diversity of style in suits and top coats almost as distinctive as the difference in facial form.

The rarest thing in the world is to see two men who look exactly alike. And in dress the good clothier and tailor so varies his choice of pattern and style that each of his customers can secure a certain exclusiveness—and not meet his own suit on the street.

The average man likes something equal to the best and better than the rest.

The present season's styles in men's Semi-ready suits show the perfecting of the artistic lines in the neat and semi-form-fitting coat, a style which has been developing for several seasons.

To make a coat for an athletic figure of average proportions is a comparatively easy task for a designer. His skill and class are shown when he can make clothes for men who call themselves hard to fit.

So cleverly has this been worked out by the Semi-ready physique type system that one can get a better fit in Semi-ready to-day than in made-to-measure.

Special Order tailoring, wherein suits are made to measure in five days and a perfect fit is insured, is an important factor in Semi-ready tailoring.

A large fashion portfolio, showing most of the new designs, offers an easy method of selection. The measuring chart permits a perfect physical photograph of the customer to go to the cutter's tables.

THE TRIUMPH OF LLEWELLYN

By Mrs. E. Southworth

Gladys took it but her hand trembled excessively, and cup and coffee fell from it to the floor.

"How very nervous you are this morning, my dear!" said Mrs. Llewellyn in a tone that she wished to make compassionate, but only succeeded in making querulous, as she rang the bell.

Allie, as by previous arrangement with Gladys, answered the summons. "Bring a fresh cup and saucer here, and then pick up these pieces of broken china and wipe up the slop," said Mrs. Llewellyn.

When her orders were obeyed, she filled out a second cup of coffee, which with her own hands she placed safely before Gladys.

Gladys acted skillfully—adroitly evading every attempt of Mrs. Llewellyn to administer a sedative or to force her into a tête-à-tête with James Stukely. And in the absence of the deadly danger, her mind rapidly regained its healthy tone.

But in the same proportion that her intellect recovered power and her will strength, her anxiety and distress at her husband's mysterious disappearance and prolonged absence revived and increased. She remembered however that a man of Arthur Powis' rank and profession could not disappear from the world without creating the greatest sensation, and setting on foot the most diligent investigation. She remembered also that she had been enticed away from the city and entrapped into this remote country house, before she had any opportunity of joining in the search for her missing husband.

And so she resolved to write to certain parties in Washington. She wrote to the Secretary of the Navy and to the captain of the Neptune, entreating them to inform her what if any intelligence had been received of the missing lieutenant. And she intrusted the letters, when to Allie, to be posted at Standwell.

She knew that more than a week must elapse before she could hope for answers; and she resolved to bear the suspense as well as she could. But as day followed day without bringing her any comfort, her anxiety and distress increased. And the most difficult part of her setting was to conceal from the lynx eyes of Mrs. Llewellyn this growing mental anguish, that must certainly, if perceived, have aroused that lady's mind to a suspicion of the truth.

Meanwhile Christmas Day drew near—Christmas Day, which Mrs. Llewellyn had resolved to celebrate with the forced nuptials of her ward with her son.

In everything, except one, Gladys was all apathetic docility; and Mrs. Llewellyn believed her to be still under the influence of the drugs which she supposed that she daily administered. Gladys, always contrived to evade. That one thing to which Gladys would not submit was the marriage engagement to James Stukely. To every other proposition she answered indifferently. "Yes, if you like," or "Just as you please." But to this one she always replied, "No, I will not," or "I'll die first."

"It is very provoking," said Mrs. Llewellyn to her promising son. "I can get her to do anything in the world I ask her to do except to consent to marry you."

"Extraordinary," said Mr. Stukely for the wedding shall go on all the same as if she had consented, and when all is ready I will dress her, and lead her down before the parson. And she will obey mechanically; and be married before she knows it."

CHAPTER XI.

The Fettered. Mrs. Llewellyn kept her word, and vigorously pushed forward the preparations for the wicked wedding. A special license was procured. The services of the Rev. Mr. Kellogg, an old imbecile and superannuated minister of the gospel, who had long retired from the pulpit, were engaged. And the ceremony was arranged to be performed in the drawing-room of Kadir Idris, at an early hour on the morning of Christmas Day.

A brighter Christmas Day than that on which the wicked wedding was arranged to take place never dawned. A heavy snow had fallen during the night and covered the ground thickly with bridal mantle of pure white. Toward morning the sky had cleared off very cold, and the frost had adorned every tree and bush with crusted clusters of pearls and diamonds, so that when the sun arose the whole scene was lighted up with dazzling splendor.

Within the house all was bustle and preparation. The members of the household were early astir. In the drawing room a white marble table was arranged and decorated as an altar, and the "church service" of the marriage license and the wedding ring laid ready upon it. In the dining room a luxurious breakfast was prepared for a small party. And in the little morning room a preliminary meal was laid for three—Mrs. Llewellyn, Mr. Kellogg and Mr. Stukely. Gladys, in her chamber, was engaged in an admirable piece of acting. She seated herself in her dressing chair, and became perfectly acquiescent while the maid tortured her straight, black hair into ripples and plaits, and while they pearl-powdered and rouged her pure, pale face. And when they told her to stand up and have her dress put on, she obeyed like an automaton. The veil and wreath were added, the gloves slipped on, the bouquet placed in her hand, and she was pronounced to be ready.

"And now, my darling girl, you

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

WASHINGTON, D.C. "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times."

For four months, I suffered terribly. I could get no relief until I tried "Fruit-a-lives" and "Sootha-Salva". Altogether, I have used three boxes of "Sootha-Salva" and two of "Fruit-a-lives", and am entirely well."

G. W. HALL. Both these favorite remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-lives Limited, Ottawa. "Fruit-a-lives" is also put up in a trial size which sells for 25c.

to return her to her father within three months with the price originally paid for her.

In some parts of Serbia the young unmarried women carry a special mark in their hair—generally a red feather—to indicate that they are open to proposals.

The Republican Women's State Executive Committee of New York is arranging to give a dinner in honor of Will H. Hays, chairman of the Republican National Committee.

It will be fifty years next September since Empress Eugenie lost her throne and fled from France. For half a century she lived a voluntary exile in England.

Probably the foremost woman of the American turf is Mrs. Payne Whitney of New York. She has been a devoted follower of racing for nearly a decade, and in her time she has developed some first-class horses, mostly steeplechasers.

In England a tendency to overlook the old pre-war barriers to so-called humble positions is manifesting itself among girls of education. For example, a girl with a university degree is serving as head waitress in the tea-room of a large London department store, while a physician's daughter who by way of war work acted as cookman and drove a carriage, recently advertised for similar employment.

Possessing a Christian name that is probably without a duplicate in all the world is the rather unique distinction enjoyed by Mrs. Allan Mackenzie, a well-known woman in English society. Mrs. Mackenzie, whose husband was killed in France, is a daughter of Lord and Lady Knollys, who have long been on terms of intimacy with the British royal family. Her Christian name, Louisa, is happily compounded of the Christian names of Queen Alexandra's three daughters—the Princess Royal (Princess Louise), Princess Victoria, and Princess Maud, now Queen of Norway.

WOMEN AS BRAVE AS THE MEN

Their Struggle Shows a Remarkable Spirit.

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health and who will not give up?

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable.

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferrozone Tablets after each meal. You'll feel better immediately for the simple reason that Ferrozone renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood you're bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine or by mail from The Catarhoxone Co., Kingston, Ont.

IF THIN AND NERVOUS TRY BITRO-POSOPHATE

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition. It seems to be well established that this deficiency in phosphorus may be met by the use of Bitro-Posophate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change—nervous tension disappears, vigor and strength replace weakness and lack of energy and the whole body loses its ugly hollow and abrupt angles, becoming enveloped in a glow of perfect health and beauty and the will and strength to be up and doing.

CAUTION:—While Bitro-Posophate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

The Refinement of Purity

CAREFUL cooks know the value of purity. In the making of cakes or pastry they use those ingredients which they believe to be pure and wholesome.

To apply this "insistence on purity" to sugar, is no easy matter—for nearly all sugars look alike to those not expert in detecting variation. The safe course is to use a sugar that comes from refineries in which purity is a boast.

In the Dominion Sugar refineries the boast is backed by a standing invitation to the public to visit and inspect the plants in which Dominion Crystal Sugar is made.

In Dominion Crystal Sugar the housewives of Canada have one sugar that can be depended upon for that Purity which is so essential to successful culinary effort.

This is the only sugar that may be rightly termed "Canadian from the ground up." We do import the finest raw cane sugar and refine it—but our pride is in the product we make from Canadian sugar beets.

The best thing that can be said about the manner
in which an undertaker conducts his business is that
he has won the public praise. Upon every funeral
occasion we are complimented about the satisfactory
manner in which we perform our duty. Our services
are of a high character and are properly priced.

Death of Prominent Y. W. C. A. Official.
Many Y. W. C. A. women will hear with keen regret of the death of Miss Charlotte Suffice, for many years general secretary of the Y. W. C. A. at Ottawa, and at the time of her death one of the western field secretaries. Miss Suffice was a prominent delegate at the convention at Hamilton two weeks ago. For six months in 1918 Miss Suffice traveled in the eastern field and the associations at Halifax, St. John and Quebec were quickened to further service. Afterwards she spent 18 months in the western field from Sault Ste. Marie to the coast.

Clearing for the Week
The clearing house totals for the week were \$1,010,712.84, compared to \$762,158.21 for the corresponding week last year.

J. Hesseaur & Son Dispose of Their Business
This morning J. Agnew, Ltd., purchased the stock and good will of J. Hesseaur & Son. Being forced to move from their present store, this was a necessary step.

Mr. John and Mrs. Hesseaur will remain in charge of the store for Agnew's, Ltd., and old customers will find them there as usual.

In the near future the old store will be closed, and the two stocks put into one.

Social Dance by Laf Lot Klub
The Laf Lot Klub held a most successful dance in the Masonic Hall last evening, guests being present from Waterloo, Galt, Guelph, and this city, and all voted it one of the finest ever given under the auspices of the Klub. Krug's orchestra were at their best and the large crowd were delighted beyond measure.

Among those present were Mr. and Mrs. Wolfhardt, they having just returned from their honeymoon trip and they received a most hearty welcome. The Klub are making preparations for the holding of another dance on Christmas night which promises to surpass anything they have ever attempted.

BRIDGEPORT
The many friends of Mr. Menno Heekendorn are sorry to hear he is laid up through sickness and trust he may have a speedy recovery.

Mr. and Mrs. Fred Hinburg and family have returned home from Hamburg where they attended the Wankin-Dietrich wedding.

Mr. Herman Underwood is wearing a broad smile, it is a girl. (Congratulations.)

A number of our citizens are improving their homes by installing electric lights.

Mr. Bird and Mr. Seiner have moved into the house formerly occupied by Mr. Ernie Tucker and Mrs. Wendling.

We are glad to see Master Lloyd Pomeroy is improving after his recent illness.

Mr. Oscar Gies has moved into his new house.

Quite a number of thefts are reported in and about our village chickens and ducks are the prey.

As the yard engine was pulling out of Shirk and Snider's siding it was derailed, luckily no one was hurt.

Judging by some of the porkers you see in the village which will soon be butchered there should be some effect on the high cost of living.

Mr. Ivan Hallman has returned to Oshawa after spending several days with his parents.

Mr. and Mrs. Fred Hiller spent Sunday in Kitchener.

A society drama of romance and tragedy, "A Woman's Experience," at the Star to-night. With one instalment of "Smashing Barriers," and a comedy at regular prices.

Miss Grace Burns, of Oshawa, art specialist at St. Mary's Collegiate, has resigned, owing to the ill health of her mother.

Three-Storey Annex to Iroquois Hotel
Plans have been prepared and the first contract let for a big addition to the Iroquois Hotel, Galt's leading hotelery. An annex to be built on the east side of the present building will be 36 by 80 feet, three stories high, and of red brick. It will give the hotel 24 more bedrooms and sixteen sample rooms, and will help relieve the present lack of hotel accommodation in Galt.

Stratford Gets Ambulance
Stratford is on the eve of having a new ambulance—something so badly needed that it has been prayed for. The ambulance is the gift of the Fraternal Association and the Glen Gordon Chapter of the I.O.D.E. and the closing function in the fund-raising program of the latter organization was held last night in the form of a dance at the armories. The young ladies of the chapter proved admirable hostesses and a most delightful evening was spent by several hundred guests. The music was provided by the Lombardo Orchestra, of London, and the financial returns were of pleasing proportions.

G.T.R. Roundhouse and Two Locomotives Burn
The action of the crew of the United States steamer Commodore Perry in coupling the ship's hose to that of the village hand fire pump and fighting fire for several hours, assisted in preventing what would have been a more serious conflagration at Port Dover was completely destroyed, with two locomotives.

A large pile of kindling, kept handy for starting fresh fires in the engines, caught fire and threatened to wipe out two passenger trains and several freight cars standing near.

Both locomotives in the roundhouse were supposed to be "dead," as their fire boxes had been cleaned out at the pit some distance away, and the cause of the fire is not known.
