LOVELL'S SERIES OF DIRECTORIES.

Dominion, Provincial, County, City and Town Directories.

HE want of accurate, reliable and intelligible Local Directories has been commonly felt and is I generally expressed by all classes in Canada, and only in a less degree by the inhabitants of the neighboring Provinces. Indeed the complaint has become so common, and the requests to remove it so urgent, that the Publisher of the Dominion Directory has determined to make the experiment, and discover for himself what encouragement may be expected for such books as the commercial public have very generally concurred in asking for. Should the experiment turn out satisfactorily, it is the Publisher's intention to follow it systematically, and at stated periods, with new and enlarged editions of the same works. He begs further to say that whether such Directories be general in their character, like the Dominion Directory; or local, like the Provincial Directories; or Municipal, like the County, City, or Town Directories, they will in either and in all cases be prepared with the greatest care, constructed on the simplest plan, printed in a uniform manner and bound according to a uniform pattern. Moreover, they will be issued at a price that will place them within the convenient reach of every person who has occasion to avail himself of such information as a Directory is intended to

As the Publisher of the Dominion Directory is thoroughly acquainted with the modes in which information for such uses should be obtained, and as he has accumulated an immense stock of the requisite materials, and gathered about him a reliable body of men who, by constant employment as agents or artisans, have made themselves practically acquainted with every branch of this department of industry, he is able to offer guarantees of his ability to satisfy the commonly expressed want by printing and publishing accurate, reliable and intelligible Directories.

The Publisher has no hesitation in guaranteeing as thorough correctness as it is possible to attain, and he respectfully points to the accompanying Directory as an example of the character of the work chants and gentlemen in localities where the want of a Directory is recognized would be accepted as a special favor, and acted upon wherever sufficient encouragement is guaranteed to justify the experiment.

Rates of Postage on Letters.—The rate of postage on pre-paid Letters between any one place in Canada and any other place in Canada, is regulated by weight, irrespective of distance, and is as follows:

On a letter not more than 1 an oz., 3 cents. " more than ½ oz. but not ex. 1 oz., 6 cts.

" 1½ oz. " 2 oz.

And so on, 3 cents being charged for every additional & oz., or fraction of half ounce

If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to an additional rate.

Letters posted in and addressed to any place within the Dominion of Canada, if sent unpaid, are hable to a charge

of 6 cents per 1 oz.

In applying the 5 cent unpaid rate to letters passing within the Province posted unpaid or not fully pre-paidshould be observed that a letter passes either as pre-paid at fully pre-paid—or at 5 cents per \(\frac{1}{2} \) oz. if posted unpaid, or only partly pre-paid—in the latter case the full rate at 5 cents per 1 oz. will be marked, and a deduction made therefrom of the amount which may have been paid-thus on an ounce letter pre-paid 3 cents only—the rate will be 10 cents and crediting the 3 cents paid—7 cents will remain to be charged, and collected on delivery

The object of the 5 cent unpaid rate is to induce prepayment, and thereby relieve the Post Office from costs and trouble of account and collection, but this object is equally defeated whether the letter be wholly unpaid, or but par-tially pre-paid—and therefore the 5 cent rate applies to the whole charge upon the letter in both cases.

The charge on local or drop letters, viz., letters posted at an office in Canada for delivery from that office is one cent for each letter, which must be pre-paid, or the letter will be sent to the dead letter office for return to the writer.

The charge on letters delivered by letter-carriers in Canada. is two cents for each letter in addition to the ordinary post-

The rate of postage on letters to Prince Edward Island is

3 cents per ½ oz. if pre-paid, and 5 cents if not pre-paid.

The rate of postage on letters to Newfoundland is 12½ cents

per 1 oz., which must be pre-paid.

The rate of postage on letters to British Columbia and Vancouver Island is 10 cents per \$ 02., which must be prepaid.

This rate covers the letter to San Francisco only; there will be an additional charge on delivery

The rate of postage on letters to Red River, via the United States, is 6 cents per 1 oz., which must be pre-paid by postage stamp.

The rate of postage on letters between any place in Canada and any place in the United States, is 6 cents per ½ oz. if pre-paid, and 10 cents per ½ oz. if not pre-paid.

Upon a letter or packet, of any weight, addressed to the United States, the whole postage or none at all should be prepaid. If anything less than the whole is pre-paid no account is taken of it, and it is entirely lost to the cender

The scale of weight under which the above letters are charged is the same as the scale under which letters, pass-

ing between places in Canada, are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every Saturday from Quebec in Summer, and from Portland in Winter, and from Hallfax fortnightly, 6 cents per 1 ounce.

By Steamer, sailing from New-York every Wednesday, 8

Letters addressed to the United Kingdom, and forwarded by either of the above routes, will be charged according to the following scale :

Letters not over 2 an oz., 1 rate.

Letters more than ½ oz., and not ex. 1 oz. 2 rates. And so on, adding one rate for every additional half ounce

The postage on all letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, should

be pre-paid.

If sent unpaid 3d, sterling will be charged on each letter,

If sent unpaid 3d, stering will be enarged on each letter, on delivery, in addition to the ordinary postage rate.

Letters posted in the United Kingdom, for Canada, unless specially addressed "By Canadian Steamer," or "By Cunard Steamer," are despatched in the first mail that is made upwhether for Canadian or Cunard line—after the letter is posted, so that letters intended for the Canadian Packets must either be posted on the proper days for the Canadian Packet Mails, or bear the words "By Canadian Mail Steamer" on the address. In like manner letters posted in Canada for the United Kingdom should be addressed "By Canadian Packet" or "via New York." If for the latter route the additional postage 2 cents per half oz. should be added to the ordinary rate of 6 cents.

Three cents will be charged on the delivery of letters which have been forwarded as above by Cunard Steamer. but on which 3d. sterling or 6 cents only per 1 oz. have been

The charge on dead letters, returned to the writers, is five cents on each letter in addition to the postage.

Parties applying at an office for advertised letters should always ask for them as such.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers; but no Postmaster is at liberty to return a letter to the writer direct. All undelivered correspondence must be sent to the Dead

When letters are registered, both the postage and the registration fee must in all cases be pre-paid. Books, periodicals, newspapers, circulars, and other printed each offencé.

matter cannot be registered (except books addressed to the United Kingdom) unless pre-paid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to their order; and a receipt must be given on the delivery of each registered letter in a book kept by every Postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts abroad, if not to its delivery, at least to the frontier or port of despatch.

Postage Stamps.—Every Postmaster is required to have on hand a sufficient stock of postage stamps, and to sell them to the public at ½ cent, 1 cent, 3 cents, 6 cents, and 12½ cents, each

The Department has discontinued the supply of stamped

Under the authority of the Postmaster General, postage stumps are sold to certain dealers in the principal cities to retail again to the public, but no person other than a Postmaster, can sell postage stamps unless duly licensed to do so by the Postmaster General under a penalty of \$40 for

Pre-payment of letters should, in all cases where practicable, be made by postage stamps.

A mutilated stamp, or a stamp cut in half, is not recognised in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separate from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed side of the stamp, and gently press the stamp until it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in staraps and partly in money; the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to any place in British North America be not adequate to the proper postage, the letter is rated with an amount equal to the deficiency; the whole postage being calculated at the unpuid rate, e. g. a single letter pre-paid I cent would be rated 4 cents additional; a double letter pre-paid 5 cents only would be rated 5 cents additional.

rated 5 cents additional.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage on unpaid letters delivered therefrom.

Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or to and from the United States.

1. Packages of seeds, cuttings, bulbs, roots, and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on prepayment by postage stamps of a rate of 1 cent per ounce; and when received from the United States to any place in Canada, such packages may be delivered on payment by the person addressed, of a like rate.

2. The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags bag must the be simply tied at the neck, so as to admit of inspection; and in the case of such package, mailed in Canada, the nature of the contents, such as "seeds," "roots," fc., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate above mentioned.

3. Book manuscript, and printers' proof sheets (whether corrected or not) maps, prints, drawings, engravings, photographs, when not on glass, or in cases containing glass, and sheet music (whether printed or written), may pass in covers open at the end or sides, and provided that no letter

or other communication intended to serve the purpose of a letter, be enclosed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed matter rate of 1 cent per ounce; or upon payment of that rate on delivery of such matter when received in the mails from the United States.

Transmission of Patterns of Merchandize and Samples between Canada and the United Kingdom, and certain other countries.

4. Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, and the German States by the Canadian packet mails, at book-post rates, and subject to the following conditions:

A. The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern; nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Department Order, appears as follows:

B. It has hitherto formed part of the Imperial post office regulations that "samples or patterns must not be of intrinsic value," but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter nor collarge in any way, the character of the transmission pernitted to now by the character.

mitted to pass by pattern post.

The special prohibition as to intrinsic value has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by pattern post is a gennine commercial sample (or pattern) or not, but because as a general proviso it could not well be enforced; inasmuch as every article, whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C. The patterns, &c., must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck; or, provided that bags be transparent, they may be entirely closed, if they are for deliver within the United Kingdom. Bags, however, entirely closed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

D. The rule which prohibited the transmission through the post, as patterns, of articles of cutlery, &c., has been rescinded; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, whoever, must be so packed that they may be easily examined; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

MONEY ORDERS.

Post offices in Canada at which money orders are issued and paid, are distinguished in the list of Post Offices by being printed in *italics*.

Every money order office in Canada issues money orders on every other money order office in Canada as well as on every money order office in the United Kingdom. Every money order office in the United Kingdom also issues money orders on every money order office in Canada.

MONEY ORDERS IN ONTARIO AND QUEBEC.

All the money order Post Offices in Ontario, Quebec and New Brunswick are authorized to draw money orders on each other for any sum up to \$100, and for as many orders of \$100 each, as the applicant may require, upon the following terms, viz., in Ontario and Quebec:

On Or	ders up to	\$10			5 c	ents.
44	over	\$10 and	up t	0 \$20	10	44
46	over			\$40		44
44	over	\$40	44	\$60	30	44
45	over	\$60		\$80		44
16	over			\$100		66

MONEY ORDERS ON THE UNITED KINGDOM.

The money order offices throughout the Dominion also draw upon all the money order offices in England, Ireland and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many orders for £10 sterling each, as may be needed to make up the amount to be remitted. The terms are as under:

On Orde	rs'up to	£2.				25	cents.
44	over	£2 :	and	up.	to £5	50	44
44	over	£5			£7		66
44	over	£7		44	£10		.00.

MONEY ORDERS ON THE LOWER PROVINCES.

The money order offices in Ontario, Quebec, and New Brunswick draw also upon all money order offices in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland. The orders, like those of the United Kingdom, are made payable in sterling money, and for sums up to £10 sterling. The terms are:

For orders on Nova Scotia the same rates of commission as upon money orders drawn by Ontario or Quebec upon offices within those provinces.

For money orders on the other provinces the terms are:

For orders up to £5, 25 cents.
" over £5 and up to £10, 50 cents.
No half cents can be introduced into orders.

No money order exceeding \$100 in amount can be granted on any office in Canada; but Postmasters are at liberty to grant two or more orders for \$100 or for any lesser sum.— They cannot, however, grant two or more orders for sums of or under \$30 on the same day to the same applicant in favor of the same payer.

favor of the same payee.

subjoined.

Applicants for money orders should always use the printed application forms, in which they should fill up the purticulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name should be given, and not that of her husband, thus—

that of her husband, thus—
"Mrs. Mary Smith," not "Mrs. John Smith."
If the remitter or payee be a Peer or a Bishop, his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as "Baring Bros.," "Smith & Son," "Jones & Co."

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which, in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made out, can be returned to the postmaster and a correct order given in exchange; a new commission, however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices, can procure re-payment thereof on presentation of the order at the office at which it was issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee, or to substitute for the name of the bank of England," "the chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is not be naid.

bank through which the order is to be paid.

The issue of money orders on credit, or for cheques not marked "good" by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as for example

Witness—John Kenny, Joseph † Allen.
Queen Sireet, Toronto. Mark.
In cases of money orders issued in Canada, postmasters

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue aduplicate.

Du licates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money order office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

Amount in Currency to be paid in Canada for Money Orders drawn in Canada on the United Kingdom, and for Money Orders drawn in the United Kingdom on Canada, from 1d. Sterling to 5s. Sterling.

CAPITAL, - - - \$1,000,000.

HUGH ALLAN, PRESIDENT; SIR W. E. LOGAN, GEORGE W. CAMPBELL, M.D., PETER REDPATH AND ANDREW ALLAN, DIRECTORS; JAMES DAKERS, Secretary.

THIS COMPANY was organized in January 1847, with a capital of \$39,000. The line extended from Toronto to Quebec, a distance of \$40 miles; nine offices were opened and thirty-five persons employed. The number of messages transmitted during the first year was 23 000

transmitted during the first year was 33,000.
Since then the Company has, year by year, continued to extend its lines, not only in the Provinces of Ontario and Quebec, where nearly every village of any importance has been afforded ample telegraphic facilities, but also through the Province of New Brunswick, and in the States of Maine, New Hampshire, Vermont, New York and Michigan, in which 119 offices are owned by this Company.

The statistics up to 30th November, 1870, shew that the Company possesses 7,800 miles of poles, 12,147 miles of wire, 630 offices, and 385 employees. Number of commercial messages sent over the lines during the year 1870, was 1,000,000. Number of words transmitted over Atlantic cable 153,092. Number of words furnished to the press upwards of 8,000,000. To give an idea of the facilities that the Company has at its command it is only necessary to mention that during the last Parliamentary Session it was customary to transmit night after night, from its office at Ottawa 20,000 to 50,000 words to the press, and on the night of 17th February, as many as 67,251 words were transmitted.

The lines of the Company begin at Sackville, N. B., and the St. Lawrence.

They also run from the United States border to the Georgian Bay and the most northern towns of Canada.

The Company has wires along all the Railways in the Provinces of Ontario and Quebec, and as soon as the Intercolonial Railway is built their wires will be extended over the whole of that road.

In transmitting cable despatches they are sent direct to Sackville, N.B., the present terminus of the Company's lines, over a circuit of 750 miles.

The Company has likewise branches from Montreal working direct through its connections to the following cities in the United States:

Portland, Maine,...300 miles. | Oswego, N. Y.,.....300 miles. | Boston, Mass.,......350 " | Buffalo, N. Y.,.....450 " | Detroit, Mich.,.....550 "

During the year 1870, the Company erected 821 miles of poles, strung up 1920 miles of wire, and opened 86 new stations. In 1871 they will string an additional wire of 430 miles from Montreal to Buffalo, and have agreed to build lines through the remote districts of Bonaventure and Gaspé, which will be of great service to the fishing interest in that neighbourhood, as well as to the shipping entering the St. Lawrence.

TARIFF-Between all offices in the Provinces of Ontario and Quebec, 25 cents for 10 words and 1 cent for additional words.

OPINIONS THE

Are a sample of the remarks with which our exchanges from one end of the Dominion to the other greet our weekly issues.

Its artistic excellence places it alongside of the standard illustrated weeklies of the world.—Montreal Daily Witness.

An excellent family, paper, free from all objectionable matter .- True Witness, Montreal. We have great pleasure in calling attention to the great improvement in the illustrations of the Canadian Illustrated News, Mr. Debarats deserves to be assisted by the Canadian public in his costly enterprise—The Clock, Toronto.

Such a publication should receive the hearty support of every true Canadian.—Evening Herald and Prototype, London, Ont.

No Canadian gentleman's library will be complete without this valuable paper.— Hamilton Evening Times.

The paper is so well got up that it should be supported and be in every Canadian house. $-Hamilton\ Evening\ Journal.$

Its engravings are very fine and its literary department complete .- Cayuga Sentinel.

It should command the support of all Canadians .- The Paris Transcript.

An illustrated paper fully equal to those of London, Paris, Berlin, or New York.—The News, St. John's and Nelsonville.

No Canadian family should be without it .- Stanstead Journal.

One of the most beautiful illustrated papers on this Continent .- Halifax Citizen.

Compares favourably both in literary and artistic excellence with any of the leading illustrated periodicals of the day. -Globe, St. John, N. B.

The merits of this admirable publication ought to, and doubtless will, ere long, secure for it a place in every family of intelligence throughout the Dominion.— Yarmouth Tribune. Considerable ability is displayed both in the literary and artistic portions of the paper. — The Court Journal, London, Eng,

The Canadian Illustrated News is undoubtedly one of the best artistical papers published in the Colonies which we have received up to this date, and the tout ensemble does great credit both to editor and artist, on whom the task of success of so attractive a weekly depends.—European Ilail, London, Eng.

This excellent weekly periodical now comes to us greatly improved in its style of illustrations. The credit of establishing a weekly newspaper, profusely and regularly illustrated by photographic plates, belongs to Canada. There is no other paper like it in the world that we know of —Scientific American, New York.
