

FORTY-FOURTH YEAR

ASQUITH IS NOW CHARGED WITH REAL BLUNDER

Coercion Was Intended But Officers Checkmated it.

Ministerial Explanation is Given Very Little Credence.

LONDON, March 24.—Triumphant shouts by the Unionists and bitter anger by the Government supporters are the immediate results of the Ministry's handling of the army crisis.

Right Hon. Arthur J. Balfour, the former Unionist leader, who followed Premier Asquith in the House of Commons, promptly put his finger on one of the weakest spots in the Government's explanation by asking the stores, why were the officers told that they would be excused from duty if they lived in Ulster.

Seeking a Scapegoat. The defection of the officers is now a closed incident, but its consequences are likely to prove far-reaching.

General Paget and three senior officers from the Curragh camp—Gen. Gough, Col. McEwan and Col. Parker—were summoned to London for a conference.

The Unionists firmly believe that the Government has participated in a fiasco. They think that the two most enterprising spirits of the Cabinet, David Lloyd George and Winston Spencer Churchill, were the chief movers in the plan and that the Government proposed a wholesale movement of troops in Ulster in

Where Pruning Knife Was Applied By City

The Public School Board, Fire and Light Committee and Board of Works were the three departments to feel the axe most keenly in the cutting down of the civic estimates.

The City Engineer will not get a new automobile, nor a cement mixer for curbstone construction. This, with other minor reductions, lopped off \$2,500 from the Board of Works.

To-night the City Council will fix the tax rate at 22 1/2 mills.

PARLIAMENT MAY BE DISSOLVED AT ONCE

Surrender of Asquith Government to British Officers Will Hasten, It is Said, A General Election--Liberal Press is Indignant.

LONDON, March 24.—The dissolution of the British parliament has been hastened by the events of the last few days and by the surrender of the government to the officers of the army who declined to serve against the Ulstermen, according to the opinion generally expressed to-day in political circles.

The provincial Liberal papers, as is usual, are even more outspoken in their condemnation of the government's surrender to the officers than are their London contemporaries.

Similar comments appear in The Liverpool Post, also a strong Liberal paper.

SOLDIERS FOR THE BIG STRIKE AT DEPEW, N.Y.

Buffalo Sends a Regiment of Troops by Special Train.

Exciting Scenes Mark Struggle Between Capital and Labor.

DEPEW, N. Y., March 24.—Day-break found Depew an armed camp. The 74th regiment, ordered out by Brigadier-General Welch of the fourth brigade, National Guard, at the request of Sheriff Becker, whose force of deputies was unable to handle the rioting strikers of the Gould Coupler Works yesterday began to arrive before dawn and by 6 a.m. the plant was under military protection.

The special train on the Lackawanna Railroad, which was held up by a wrecked yesterday came through from Buffalo to the plant to-day under military protection.

THEO. ROOSEVELT IS SAFE IN THE WILDS OF SOUTH AMERICA Anxiety Was Felt for His Safety—Exploring River of Doubt.

READY TO GO. SAN FRANCISCO, March 24.—Ulster men of this city have been asked to rally to their countrymen's cause if necessary in letters sent out by the Belfast Orange lodge to its members residing here.

AMERICAN SOLDIERS killed a number of Mexican Federals over the Rio Grande River.

Mayor Spence On The Operation of Railway

"There will be no manager of the street railway appointed until probably next January," said Mayor Spence this morning in regard to the operation of the street railway.

Mayor Spence further intimated that a separate commission, not entangled with Hydro in any way whatsoever, looked like the most feasible plan of operation, and one which had worked out well in other departments.

From now until the city actually gets ownership of the railway consideration will be given to the best means, not only of operating, but improving it, and laying the foundation of a good system.

VERDICT WAS ALMOST UNANIMOUS FOR BY-LAW

In Two Divisions Yesterday Not a Vote Was Cast Against the Purchase of the Street Railway--Separate Commission Will Operate the Road.

By a majority which revealed an overwhelming opinion in favor so much so that a sure thing feeling was aroused, which kept the vote down, the street railway purchase by-law was endorsed by the ratepayers of the city yesterday.

The result of the voting means that as soon as legislation is secured from the Ontario Legislature, and the courts by order, vest ownership in the city, Brantford will own the street railway and radial to Galt, lock, stock and barrel.

Cook, jumped from the second story and escaped serious injury.

**She Has The Very Best Of Reasons**

Why This Manitoba Lady Recommends Dodd's Kidney Pills,

Mrs. Bourbonniere had many troubles, all of which were caused by sick kidneys, and she found a Simple and Complete Cure.

ST. ROSE DU LAC, Man., March 23.—(Special.)—Mrs. D. J. Bourbonniere, an estimable lady of this place, is losing no opportunity to praise Dodd's Kidney Pills to her friends.

"And she has a reason. Here it is in her own words: "I suffered very much from my kidneys," Mrs. Bourbonniere says: "I was tired and nervous, my appetite was uncertain and my memory was failing. I had heart flutterings, my back was sore and I was troubled with headaches. Rheumatism was finally added to my sufferings and I was in a bad way indeed.

"I tried one medicine, but it did me no good, and then I was advised to try Dodd's Kidney Pills. I am very glad that I did, for now after taking four boxes I am a well woman again."

Dodd's Kidney Pills cured Mrs. Bourbonniere because all her troubles came from sick kidneys. Sick kidneys cannot do their work of straining the impurities out of the blood, and the result is sickness, depression and lassitude all over the body. Dodd's Kidney Pills cured the kidneys; the purified blood did the rest.

**The Late Wm. Lamb.**  
Word was received in the city Sunday of the death of Wm. Lamb of Tees, Alta., formerly of this city.

Mr. Lamb was well known and had many friends here, having lived here for 18 years. He moved to Alta. eight years ago, where he leaves to mourn his loss, a wife, one son and one daughter besides his mother, three sisters and four brothers Mrs. J. S. Dunlop, Mrs. J. H. Hicks, Mrs. C. Bowden, Alex and George of this city and Joseph of Port Dover, and John of Niagara Falls.

The funeral will take place Tuesday, March 24th, in Tees.

Why This Manitoba Lady Recommends Dodd's Kidney Pills,

Mrs. Bourbonniere had many troubles, all of which were caused by sick kidneys, and she found a Simple and Complete Cure.

ST. ROSE DU LAC, Man., March 23.—(Special.)—Mrs. D. J. Bourbonniere, an estimable lady of this place, is losing no opportunity to praise Dodd's Kidney Pills to her friends.

"And she has a reason. Here it is in her own words: "I suffered very much from my kidneys," Mrs. Bourbonniere says: "I was tired and nervous, my appetite was uncertain and my memory was failing. I had heart flutterings, my back was sore and I was troubled with headaches. Rheumatism was finally added to my sufferings and I was in a bad way indeed.

"I tried one medicine, but it did me no good, and then I was advised to try Dodd's Kidney Pills. I am very glad that I did, for now after taking four boxes I am a well woman again."

Dodd's Kidney Pills cured Mrs. Bourbonniere because all her troubles came from sick kidneys. Sick kidneys cannot do their work of straining the impurities out of the blood, and the result is sickness, depression and lassitude all over the body. Dodd's Kidney Pills cured the kidneys; the purified blood did the rest.

**At the Colonial.**  
Manager Symons of the Colonial Theatre presents to the public for the first half of this week without a doubt the best performance that has been put on in this theatre in many months. Each of the four acts is a feature and every one of them pleased the large crowd which filled the house at last night's show.

The American Harmony Quartette are excellent. Their voices blend harmoniously and their solo work is splendid.

Beulah De Buse, the ventriloquist, is very clever. She presents a clever line of new jokes which will keep the crowd in an uproar.

Perhaps the most sensational act is staged by Eole Wright. Wright is one of the cleverest acrobats that ever appeared before a Brantford audience, performing many difficult and pleasing stunts.

The Dalys in their clever roller skating and dancing act complete an excellent vaudeville bill.

Four reels of first class pictures with the Eclair "Partners" featuring and a splendid split reel comedy complete the high-class programme which is presented at this popular theatre for the first half of the week.

The pony contest is becoming more popular every day and those entered are working hard for the coveted prize.

**At the Brant.**  
The bill at the Brant Theatre last night was pleasing to the last degree. Manager Moutie put on the Simpson-Hogg Lilliputian Opera Company of 12 members, who played at the Temple last week in Hamilton. This clever company is here for the whole week, a departure which will be watched with interest, by the patrons of the house, who packed the theatre both afternoon and evening. On Thursday the company will give a change of act and costume. Their singing is bright and there is no dullness. The other features were particularly good. Roattina and Cortelli, the Italian street vendor and opera singer being roundly applauded. From the bill presented last night, Manager Moutie will doubtless have a record week.

VERDICT ALMOST UNANIMOUS ASQUITH IS NOW CHARGED

(Continued from Page 1) definite plans are arrived at, by which the street railway will be put on a working basis.

The vote of the ratepayers yesterday may rightly be interpreted as the handwriting on the wall for all corporate interests desirous of securing a song. Reckless, ruthless financing and disregard of public rights by the street railway company placed Brantford in the happy position of being able to cancel a franchise which never should have been given and which would, if allowed to run its natural life of 38 years, give Brantford a civic problem similar to that existing in Toronto and other cities at the present time.

Mayor Spence, Ald. Charlton and civic officials generally were pleased with the result. The Mayor said this morning that not one conveyance was out but he managed to take 15 votes himself between 4 and 5 o'clock.

Asked as to the operation of the road, the Mayor said he believed it would have to be by commission entirely separate from Hydro-Electric. There was a lot of work to do in Hydro and there was a big task waiting for those who would handle the street railway.

When the Hydro-Electric was finally carried in the city, Oct. 25, 1912, after strenuous opposition by the Cataract and Expositor interests the vote polled was 1288 for the by-law and 1037 against. The figures in yesterday's by-law were 1207 for and 83 against in two divisions a unanimous vote being cast, which is rather a remarkable feature. The figures in detail were

The Army Situation

MONTREAL, March 24.—A Londonable to the House of Commons says: The government cannot rely upon the officers at Aldershot in the present crisis any more than on those at the Curragh camp in Ireland, declares the Pall Mall Gazette's correspondent, who is investigating conditions at Aldershot. He asserts in answer to the question of what will happen if the regiments are ordered to Ulster that he was told that 75 per cent. of the officers will follow the example of the Curragh officers in resigning. The Westminster Gazette, a ministerial paper, says that "there could in the long run be no parliamentary or democratic system if the armed forces of the Crown were at the disposal of the Unionist opposition against the Liberal Government. The army in such circumstances would either have to get another kind of parliament or be drastically changed so as to be brought under the control of parliament. If the strike of officers against the government could be successfully carried through in one issue, it could be tried in all, and there would be nothing but to dedicate our lives to getting a constitution with a different kind of army."

Will Clear Up Mystery

LONDON, March 24.—Col. John Seeley, secretary of state for war, to-day promised in the House of Commons, that he would to-morrow lay on the table all the material and written documents which he said would clear up the whole mystery of the recent crisis among the officers of the army in Ireland. He gave this promise when he was asked by a member to confirm or deny the statement that a written assertion had been given to Brigadier-General Hubert Gough that the troops would not be used to force home rule upon Ulster.

In twenty generations every person has had 131,078 direct ancestors.

(Continued from Page One) order to awe the covenanters by the display of superior force, and the arrest of their leaders, and that the plan was frustrated only by the opposition of the officers.

Some of the Unionist members assert that Bonar Law recently received a letter quoting one of the highest officers of Ireland as saying: "By Saturday there will be hundreds of dead in Ulster."

The Unionists also accuse the Government of making a scapegoat of General Paget for their own "colossal blunder." The future of the Home Rule Bill is wrapped in clouds. No declaration of "full steam ahead" or "meeting force with force" were heard from the Liberals in the debate in the House of Commons yesterday. None of the fire and firmness which permeated the speeches of the Ministers only last week was in evidence. The army has checkmated the Government, according to the Unionist view, and the covenanters of Ulster have won their fight.

Women's Institute

The ladies of the Burch Branch of the Women's Institute, held their monthly meeting at the home of Mrs. J. S. Buckwell, with a splendid attendance. The meeting was opened in the usual way with singing followed by the roll call, which was read by the roll call with soup recipes. The minutes of the last meeting were read and adopted. Some time was spent in business matters, deciding how large a grant should be sent from the Burch branch for Tuberculosis Sanatorium. It was voted a delegate address the May meeting rather than an exchange of programmes as suggested by the District Institute.

Mrs. Haynes gave a very interesting address, her subject being, "A business girl's life in the city," which was enjoyed very much by those present. Mrs. Buckwell furnished the musical part of the programme with selections on the gramophone.

Mrs. E. Campbell read a splendid paper on "How to make our Institute a success," giving the members many ideas which would be very beneficial. It was decided to hold the next meeting in the basement of the Burch church in the evening on Tuesday, March 31st, there will be music, also a debate the subject being "Resolved, that equal franchise would be a benefit to the country." There will be refreshments.

The hostess served dainty refreshments and the meeting closed with "God Save the King."

GOOD DAY'S WORK.

The by-law for the purchase of the Street Railway by the Municipality was never for one moment in any danger. From the very first it was abundantly clear that public sentiment was overwhelmingly in favor of the measure and that it would simply be a question of the size of the majority.

For this reason the vote polled was very light. In addition there were no rigs or organization and only a casual canvass on the part of a few. With so much involved it is somewhat of a pity that more did not place themselves on record.

Without doubt Mayor Spence and the Council will now get speedily down to business in the matter of giving a final quietus to the inefficiency and lack of service under the previous auspices of a private company.

A STOLEN ELECTION

At the Grain Growers' Convention in Moose Jaw last week, the voters lists in the province of Saskatchewan were strongly condemned. A resolution asking that any qualified voter who had been left off the list through any cause should be allowed to vote on taking the necessary oath before the deputy returning officer.

Here is a member of a Government elected by these bogus lists admitting the wrong done by the most dastardly plot ever concocted in Canada. The Liberal Government was elected by these lists, and now, safely in office, admit the charge, throw out the lists, but retain power.

How was this plot carried out? In 1912 the Scott Government placed power in the hands of their most unscrupulous heelers to compile the lists. These men could add names or strike off names at their pleasure. Over ten thousand Conservatives were disfranchised, and nearly as many aliens enfranchised. They then struck out the British subject clause to permit of these aliens to vote.

There is a striking illustration of how this worked out. In Premier Scott's constituency of Swift Current the Liberal majority was 200. It has been proven by a carefully substantiated canvass that 1,100 Conservatives were disfranchised, or aliens enfranchised. On a square vote the premier of the province would have been defeated by 900. Is this not "legalized" theft of power?

proof is wanted than the Government's own action? Finally, Hon. Mr. Langley, a member of the government, admits that the law is rotten, and the lists will no more be used. The result was obtained, and now Sir Wilfrid's hired men in Saskatchewan, by their own actions and their own words, admit they stole office.

A FIGHT STILL AHEAD

It looked as if President Wilson had won out by a single blow when he declared that the special privilege clause on behalf of U. S. vessels in connection with the Panama Canal would in all fairness, and honor, have to be dropped, but there is still heavy and somewhat unexpected fighting ahead.

It should be remembered in regard to this project that Great Britain ceded certain rights in connection with the isthmus, and that in the Hay-Pauncefote treaty equal treatment was guaranteed, not alone the shipping of Great Britain, but also that of all other lands.

Notwithstanding the one hundred years of peace between the two countries, twisting of the tail of the British lion is still very popular among certain sections of our neighbors, and the present crisis with regard to Home Rule in the Old Land, has not served to help matters, as there is much American money and much American sympathy invested in that cause. Taking advantage of these circumstances, many papers, across the border of the sensational type have made the declaration that Wilson is truckling to John Bull, and there is quite a marked agitation in this regard.

Without doubt Mayor Spence and the Council will now get speedily down to business in the matter of giving a final quietus to the inefficiency and lack of service under the previous auspices of a private company.

NOTES AND COMMENTS.

Ulster still keeps that garment on. Now, for a decent and properly run street railway.

Asquith and Wilson are each having troubles of their own.

No Jane, there won't be any recount with regard to the vote on the railway by-law.

Miss Brantford will soon have her trolley on straight with the aid of more switches.

At this distance the assertion of the British Premier that General Paget mistook orders in connection with the coercion of Ulster looks decidedly gozy.

Hon. Mr. White will make his budget speech on Monday Mar. 30th, and try as they will, the Opposition are not likely to meet with much success in the effort to budget it.

Residents of one of the islands in the Hebrides group are reported to have eaten six native teachers. That is rather an unpleasant plan of acquiring information from those in the profession.

The Daily News and Leader (Liberal organ), of London, England, declares in an article, "We will break the army as we have broken the Lords." Judging from this declaration that paper also wants a broken Empire.

Hon. Mr. Graham, ex-Minister of Railways and Canals, is stated to have prepared a long speech in answer to the recent exposures with regard to looting in connection with the new transcontinental line. No doubt he regards it as a Graham cracker.

Controller Church of Toronto, kicked up such a fuss at a council meeting that the Mayor called upon a policeman to eject him. Church might very well have retorted that with such a name he had every right to be pewsitanimous.

Bostock is the name of the new Liberal leader in the Senate. When it comes however to the pole axing of progressive measures of the Borden government, he will side as heretofore.

fore listen, to the boss talk and the latter's name is Laurier.

The report of the British consul having shown that Benton was unarmed when killed in Villa's office in Mexico and that he was stabbed and not shot as Villa declared, brings to the front the query as to what the Monroe doctrine intends to do about the matter now.

To The Editor

COAL WEIGHING CASE.

To the Editor of The Courier

Sir,—In the police court news in your paper last week reference was made to a case in which my business was interested. In fairness to myself I think you will allow me to present my side of the case.

Then the Market Clerk not being sure of himself ordered the coal taken to a competitor's scales and there it was found 80 lbs short. This happened under weather conditions such as likely to cause disparagement in weight to a considerable degree.

My son, thereupon, in view of the unreliability of the market scales ordered the men not to bother with the market clerk in future, and on refusal of one of the men to weigh a load last Friday, the prosecution followed.

In this my son was wrong, but two wrongs don't make a right. I intend that the market scales, exposed as they are to all kinds of weather, should be subjected to such tests that a difference in weight as noted in my own case on the same load would be impossible.

Your police court report gave the inference that the fine was imposed for selling short weight, and was misleading in that respect. A glance at the records of the weighing for years past will show that I have nothing to fear from such a scrutiny, but more from the incompetence of an inspector and the careless manner in which the civic scales are kept.

Smoke Nuisance Has Darling Street Residents in State of Indignation

Lately there has blown across this beautiful city dense volumes of black smoke, which have had a marked effect already upon the new sandstone work of buildings which are to compose the architectural gems of the city.

A few days ago a little snowstorm came blustering through the district, and the city was covered with a sheet of white, except in one district where that snow came down and looked a very dirty grey. Officials in the police station were astonished, upon looking out upon the alleged snowstorm, to see particles of snow floating down which were begrimed with soot.

There is another matter which many citizens have complained of, and that is the unusual position of the coal chute of the new Y.M.C.A. Queen street is a much travelled thoroughfare, and other pedestrians have to make a muddy detour from the pavement because coal is being shot into the Y.M.C.A. collars through the hole on Queen street.

upon the part of the architect should have shown these things to be undesirable, and he could have made his plans so that the boiler-house did not butt upon the main thoroughfare passing the building.

Tribute From Mr. Robert Henry to Late Wm. Paterson

Among the scores of letters of sympathy received in connection with the lamented death of Hon. Mr. Paterson, was the following:

Wm. F. Windsor, March 23rd, 1914, Brantford, Ont.

Dear Mr. Paterson—I sympathize with you in the great loss you have sustained in the passing away of your good father.

It is needless for me to say that during my long residence in the city of Brantford, we did not agree in all matters, municipal, provincial or federal. But that does not prevent me from hearing willing testimony to his sterling qualities as a business man and citizen and prominent in the public life of the Dominion of Canada.

I am, Yours sincerely, ROBERT HENRY.

NED CLARK'S CASE

He Shed First Blood in Ulster War in City of Toronto Last Night.

TORONTO, March 24—Charged in the police court with being drunk, Ned Clark jumped on the lock railing like an enraged bull.

"Drunk," enquired Squire Ellis. "Well yer worship," began Ned in a deep bull voice. "What do ye think?" Here Ned began to tear off his coat and expose a shirt front and sleeve drenched in blood.

"Here, put on your coat," cried the squire.

"That," said Ned pointing at the blood, "is the first blood shed in the coming war. A Catholic policeman did that to me. I was fighting for the Protestants. I was protecting the Protestants of this country."

"Were you drunk?" said the Squire coldly.

"Well, I was drunk if you want to know."

"Twenty dollars and costs or sixty days in jail."

It is well known that Ned is a Roman Catholic.

CHEAP FARES FOR OLD HOME WEEK

Meeting of Transportation Committee Was Held on Monday Afternoon

If the transportation committee of the Old Home Week have anything to say about it, Brantford will have the largest celebration in her history. At their meeting last night they divided their committee into sub-committees to look after both Grand Trunk and C. P. R. rates.

This rate they aim to have in good from August 9 to August 27th, thus giving old boys from a distance a better chance to visit in the city. Mr. T. J. Nelson and Mr. W. Lahey will each take the matter up with their general passenger agents, who in turn will broach the proposition to the General Passenger Agents Association at their meeting.

CHURCH ADVERTISING

Will be Left to the Individual Boards of the Churches of the City.

At the meeting of the Brantford Ministerial Alliance held yesterday the matter of combined church advertising was considered. The matter had been referred to the various church boards for consideration.

"That since the plan of combined advertising has been submitted to many church boards and since a number of our church boards are opposed to it, many because of the cost and some because they believe it to be impracticable, and inadvisable, this Ministerial Alliance while hoping to take up the matter at some future date, do not at present proceed with the scheme of combined advertising, suggested by the committee."

The matter of a 'go to church' Sunday was also dropped for the time being.

PAID PENALTY IN THE CHAIR

William A. Dow Was Executed at State Prison To-day—Was Calm and Cheerful to the Last.

[By Special Wire to The Courier] BOSTON, March 24—William A. Dow was executed in the electric chair at Charlestown State prison early to-day for the murder of Geo. E. Marsh of Lynn, a retired soap manufacturer. Dow entered the execution chamber unsupported and waved his hand toward the witnesses as he seated himself in the chair.

In a statement given out by his counsel, Charles N. Barney, Dow was said to have expressed remorse on account of the death of Marsh and deep sympathy for his family.

Dorr, who came from Stockton, Cal., shot and killed Marsh on April 11, 1912, Marsh was trustee of a fund for Miss Orpha Marsh, Dorr's aunt, and the state alleged that Dorr committed the murder in the hope that the money would eventually fall to him.

A HAPPY CHILD IN JUST A FEW HOURS

If cross, feverish, constipated, give "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one— if full of cold, a sore throat, diarrhoea, stomachache, bad breath, remember a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a fifty cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

BECK ARRESTED LIBEL IS CHARGE

Editor of Montreal Weekly—Tom O'Connell is Complainant

[By Special Wire to The Courier] MONTREAL, March 24—A warrant has been issued for the arrest of Edward Beck, the Montreal newspaper man who directed the plans of the Burns detectives who caught three Quebec legislators in a bribery trap and who in a former of his own call, Beck's Weekly, printed detachments of alleged telephone conversation between Jules Crepeau, assistant city clerk and detectives about the possibility of getting contracts at the city hall. The paper credited Crepeau with mentioning the name of Alderman Tom O'Connell, the well known Irishman, lacrosse and hockey enthusiast, and contended that the assistant city clerk, it was also alleged, was on the pay roll of detectives, declared that that alderman would support it, certain things he proposed to do. It was O'Connell who swore out the warrant against Mr. Beck charging him with criminal libel.

The matter of a 'go to church' Sunday was also dropped for the time being.

READY TO SELL BODY TO THE HIGHEST BIDDER

Toronto Man Inserts an Ad. in News paper to Secure Money to Meet Expenses.

TORONTO, March 24—"For sale—A man's body."

That is the subject of an advertisement that will appear in to-day's issue of The World, and according to the man who inserted the ad, he is entirely serious about the matter.

The advertisement states that he desires to sell his body to the anatomical institution which makes the highest bid upon it, provided the lowest offer is not less than \$100.

The object of the insertion of his rather novel advertisement is to procure some ready money in order to enable the man to pay the expenses of a very serious operation performed upon his wife and to pay his rent.

KEPHALDOL

IS ABSOLUTELY MARVELOUS AS A PAIN KILLER.

Mrs. Beatrice Cassey, of Swalecliff England, knows what it means to be bed-ridden with pain. She also knows now how easily the tortures of Rheumatism and Lumbago may be overcome. She says, "My experience with KEPHALDOL as a pain-killer is absolutely marvellous. I had a fearfully acute attack last year of Neuritis, Sciatica and Lumbago, and suffered in bed for many days. Finally, I heard of 'KEPHALDOL,' which did wonders for me. I shall always feel most grateful for what it has done, and I am most happy to let others know of its wonderful effects as a pain destroyer."

KEPHALDOL is the only pain reliever that does not affect the heart. It acts directly on the nerve centres, easing and quieting the pain. KEPHALDOL is the favorite combination of nerve stimulants and tonics prescribed by the famous Doctor Stohr, of Vienna the great nerve specialist.

KEPHALDOL is now sold in Canada by druggists in 50c tubes or may be had by sending 50c direct to Kephaldol Limited, 31 Latour Street, Montreal.

## THOS. WATSON A GOOD GUESSEER

### Result of Courier Football Competition and Comment on Scores.

The Courier football competition was almost guessed outright this week by a new competitor, by name of Thomas Watson of Rawdon St. Although the merit of the coupons was exceptionally good this week, and many coupons bearing 13 correct were sent in, this competitor sailed away ahead of all with nineteen correct answers. Adam Little of Gordon street had an excellent coupon with fourteen correct answers, but his meritorious effort was completely outclassed by that of the winner. The guess work this week of high order, and this was principally due to a great many results coming off as expected. He was a poor competitor who did not get three correct in the first division, despite the fact that the Manchester v. Middleboro game was not played. Aston Villa and Liverpool were sure things for their matches, whilst Chelsea could be given a chance of taking their match against Derby. Tottenham and Newcastle divided the spoils when it was expected generally that the Spurs would carry away honors.

### Second Division

This was the hardest division among those given last week. Bristol, Leicester and Bradford all accomplished away from home wins, and as a rule they were forecasted to do otherwise. Huddersfield overcame Clapton as anticipated, and Wolverhampton playing at home were too good for the champions. Notts Coun-

ty. The average correct for this division was two.

### A "Cinch"

The Southern League represented one of the easiest problems put before the competitors this season. Without exception the home teams won and coupon fillers expressed doubt with regard to the outcome of the meeting between Merthyr and Gillingham. Many favored the latter. Others thought that Bristol would fall before Northampton, but for these two differences, opinion were practically alike on the question of the other issue. Motherwell and Southend were almost known before the start.

### Scottish Problems

Two draws formed part of the Scotch piece of the competition, and in each of them the home team was generally favored to beat the visitors. Patrick were even fancied to win by some confident followers. Not a few gave Falkirk the game against the Hearts, but they were not correct in their surmises. Morton and Clyde accounted Dumbarton and Queen's Park. There was an average for correct answers for this division. It will be seen that with three in the first division, two in the second, four in the Southern and three in the Scottish, that a fairly average was attainable. There were a number of competitors from out of town districts this week and quite a number had very good efforts, numbering 12 correct.

Not having twenty correct answers Thomas Watson will only be entitled to the consolation prize. It is unfortunate that no game resulted at Middleboro or Watson might have been the pleased recipient of a handsome prize. Better luck next time.

Russia is making great efforts to develop unproductive parts of the Caucasus by preventing river floods and increasing irrigation, drainage and canal construction.

## OTTAWA TO TRAIN AT CHATHAM NOW

### After Dickering With Many Places Maple City Gets the Preference.

CHATHAM, March 24.—There is a strong possibility of the Ottawa baseball club again choosing Chatham as a spring training camp, and in fact this has practically been done by the club from the capital, according to a letter received by Manager Gardner of the Santa Hotel, from Manager Frank Shaughnessy of the Ottawa team.

In 1912 the team trained in Chatham and the players and officers expressed themselves as perfectly satisfied with Chatham. The famous mineral baths proved of great benefit in conditioning the athletes, and the climate was all that could be desired. Only one complaint was made and that was in connection with the Tecumseh Park. In his letter, Manager Shaughnessy referred to this and stated that if the city council would improve it either by "skinning" it or leveling the sod that the team would in all probability come here in preference to Port Wayne, where they trained last year. It is quite probable that another letter will be sent to the council asking that the desired improvements be undertaken, and if the request is granted, as doubtless it will be, nothing will stand in the way of bringing the champions to the Maple City.

## Ireland Was Downed by The Indian

### Wrestling Bout Last Night Proved a Strenuous Affair.

Before a well filled house at the Empire Theatre last night the best wrestling and boxing bouts that have been staged in this city this season, were put on.

Every bout was good from the preliminary wrestling bout to the final 'go' which proved a hummer.

Hank Peters and Harry Ireland wrestled for one hour and 29 minutes before the Indian got the final fall in straight wrestling.

The hammerlock, strangle and full Nelson holds were barred, leaving only toe hold and half Nelson to work with. The Indian got the first fall in 5.15 minutes, when he picked Ireland right off the mat and deposited him on his shoulders. Ireland got the second fall in 3.09 minutes on straight wrestling. Then for one hour and 29 minutes they struggled until the Indian got Ireland without either of the holds barred.

The preliminary wrestling bout between Kid Hagen and Runt Meyers was won by Meyers, the first fall being made in 1.15 minutes and the second in six minutes.

Clare Betts and Leo Wright boxed three rounds of their round 'go'. Betts winning on points.

Sailor Ferry, 42 years old and Wag. Bremner, staged the best four round 'go' that has been seen here for a long time. No decision was given. The old fellow put up a game scrap and showed that he has lost none of his old time skill.

Referee Bolton, who was supposed to be referring the boxing bouts, must have been asleep or else he had better learn a few points of the game. To say the least, he was fierce. In the Betts-Wright bout both men hit at will in the clinches. Billy Smith refereed the wrestling bouts satisfactorily.

## Sporting Comment

Although they lost to the 13th Regiment team of Hamilton last Friday night in a fast game of indoor baseball, the Dufferin Rifles team are confident that they can defeat the fast Hamilton aggregation. Next Thursday night they will try to accomplish this act when they journey to Hamilton to play the return game in that city. The Duffs are confident that they can get to Lemmond, the boy wonder, who made 22 of them whiff the atmosphere in disgust. If the local boys once fathom his delivery, they will make him think his arm has gone bad. Everyone of the local players realize that Lemmond is a wonder and this incentive will make them work all the harder. To beat that boy will be some accomplishment as so far this year he has only lost one game.

Although the Hamilton team outdid the locals in the game here, still a number of their hits were exceptionally lucky and no doubt in Hamilton there will be a different story to tell.

Hetherington, although he pitched a stellar game did not pitch up to his standard, but by next Thursday, he will be able to give them all the tricks he knows.

Since "Rub" Deneau became manager of the Red Sox, the fans have heard from him three times. And on all three occasions all he would say regarding his team was that "they will be there." After all the hot air, some of the other managers have been shooting, some one will hang a crepe over their door with the epithet "Died from Suffocation."

No use to harp on last year's ball team. This year's can't be any worse, and since we have a real manager, the fans can rest assured they will see a better brand of ball at Agricultural Park this season.

Last years reserves will have a hard time holding down their berths with the big bunch of young blood Deneau has pulled together. Get to, if he pitches as good a hand of ball as last year, will no doubt be a fixture and Johnny Nelson can hardly be beaten at third while Lammond, if he has grown any, which is doubtful, ought to secure a berth. Ivers and Wagner will have a hard fight to grab a position from some of the stars Deneau has secured.

Joe Jennette did not spring a surprise in the boxing world when he defeated George Carpentier, the French idol. Pity Jennette can't be called a "white hope." He might go after Johnson.

St. Michael's senior hockey team runner-up for the senior O. H. A. championship, did not do a thing to Cleveland Saturday night when they beat them in the American City 2 to 0 under both Canadian and American rules. This is the last game in which Rankin, Lafamme, Richardson and Disette will play for the Irish.

St. Thomas Journal: An Ottawa scribe says that Knotty Lee will not manage any club this year because the league won't stand for him any longer. Those are harsh words.

There is a possibility that Joe McManus, the Senators' star twirler of 1913, will be back again. The Durham Club of the Virginia League purchased the star from the Guelph club, and they have written Manager Shaughnessy offering to exchange or sell him to the Senators. McManus had the unique record of jumping from class C ball to the Cincinnati National Leaguers, and then dropping clean through organized baseball to a class D club in one season. If he could abandon the booze he would be of some use, but "Shag" is very doubtful of him.

## A. O. F. HANDED ANOTHER DEFEAT

### Waterous Team Doing the Trick Last Night by Score of 3-0—Ice Was in Very Good Condition—The Game.

In a fast and exciting game of hockey the Waterous team again defeated the fast A. O. F. team by the score of 3 to 0. The game was filled with many thrills when either team came near scoring, which was often, but were turned aside by the stonewall in both goals.

The first half was a nice exhibition of hockey, neither team scored in this half, but Waterous seemed to have the better of the argument. The second half was inclined to be rougher, as the penalties started to be handed out. With about 10 minutes to play Hurley notched two in quick succession for his team. About two minutes later, on a nice piece of combination, Littich scored, making the score 3 to 0, and practically putting the game on ice. This is the second defeat of the A. O. F. by Waterous' side of a week and last night decided which was the best team.

The star of the game was Hurley, centre for Waterous. He played his position to perfection and seemed to be in the right place to take the pass. The next best man on the ice was Wally, left wing for A. O. F., he breaking through time after time, only to be stopped by the stonewall defence of the engine works.

The teams lined up as follows—Waterous: Goal, McKinnon; defence, O'Connor; left defence, Hayes; rover, McKinnon; centre, Hurley; right, Littich; left, Duncan. A. O. F.—Goal, Brapps; right defence, McColl; left defence, Carpentier; rover, Shurt centre, Shoebottom; right, Wilkinson; left, Wally. Referee—Clare Beckett.

### Suffered 10 Months with Kidney Complaint. Gin Pills Cured.

Dunvegan, Inverness Co. I am perfectly cured of Kidney complaint after using Gin Pills. Six hours after taking the first Pill I obtained relief, and now after three months I feel as well as ever.

I suffered ten months and the Physician attending me advised me to go to the Victoria Hospital at Halifax, as he could do nothing more for me. I may add that I used a great deal of medicine, and strictly followed my physician's directions regarding diet, etc. but without avail, until providentially I learned of your most excellent remedy. I am recommending Gin Pills.

### COMMANDER EVANS CORDIALLY GREETED

Great Audience Packs Carnegie Hall to Hear Him Tell of Expedition.

North Pole Discoverer Regrets Lack of American Explorers—Splendid Pictures of Antarctic.

(New York Times, March 18.) Commander Edward Radcliffe Garth Russell Evans, R. N., the second in command of the Capt. Robert F. Scott expedition to the south pole, told the story of that tragic journey to a great audience in Carnegie Hall last night. The boyish looking British naval officer gave a deeply stirring recital of the terrible hardships suffered on the trip and the magnificent heroism displayed.

When following a glowing tribute to Capt. Scott, Rear Admiral Peary, the discoverer of the north pole, pointed to Commander Evans and introduced him as a sailor worthy of the best traditions of a British seaman. The audience cheered for several minutes. When the Britisher advanced and grasped the outstretched hand of Admiral Peary, the cheering broke out anew, and before it subsided had grown into an ovation. Commander Evans bowed and smiled his thanks, first to the audience and then to Admiral Peary. It was a welcome that went straight to his heart; there could be no doubt of his deep appreciation of the splendid tribute.

A larger audience than that which greeted the British explorer has seldom been crowded into Carnegie Hall. At 8 o'clock the time set for the lecture to start, the hall was packed and almost on the second, Evans appeared, with Admiral Peary. He won his audience right away with his smile. As the applause slowly died down Admiral Peary advanced to the edge of the foot lights to introduce Scott's friend. The American spoke with deep feeling, especially when he made reference to Scott, his friend, and to Lady Scott, the widow, whom Peary had met in New York when she was hurrying across the continent to catch a New Zealand bound steamer, expecting to meet her husband on his return from the pole.

"From earliest days," said Admiral Peary, "when the mysterious regions of the north were peopled with anthropophagi and the south polar regions were never dreamed of, men and women and youths with red blood in their veins have been attracted and thrilled by stories of adventure and heroism in those frozen wastes."

"In these days the beauty of these stories of adventure and heroism is that they are true, and they are told to us by the men who have lived them.

England's Great Explorers  
"No nation ever had such a magnificent band of arctic explorers as Great Britain possessed twenty years ago—McClintock, Ommanney, Sherard Osborn, Parker Snow, Nares, Markham, Beaumont, Aldrich, Sir Allen Young, and others, and some of the brightest and most heroic pages of Great Britain's history have been written in the arctic regions.

"But the ranks of that band of splendid arctic veterans is rapidly thinning, and in its place is growing such a company of peerless arctic explorers as no other country has—Scott, Shackleton, Mawson and Evans.

"We are here tonight to listen to a story of the arctic regions, one of the greatest of modern epics. The story which Capt. Evans will tell us has much more than a passing interest for me, Capt. Scott was my friend for years. I was in London and on his ship when he sailed, nearly four years ago. I met Lady Scott here in New York on her way to meet her husband two weeks before the news of the catastrophe came. One other death only has touched me more deeply than Scott's—that of my friend George Horup.

"The history of the arctic dates back about 140 years. In 1772 Capt. James Cook crossed for the first time the antarctic circle.

"But it is a curious thing that from 1772 to 1808, all antarctic work was a matter of Summer voyages in ships with never a bit of land work. In 1808 for the first time man set foot for a brief instant on the antarctic continent. In 1809 the first overland sledge journey in the antarctic region was made by Capt. Scott who penetrated the white terra incognita of Antarctica for a distance of 370 miles. With him was Lieut. Shackleton, who, after the return of Scott's expedition went south with an expedition of his own, and followed Scott's route to Scott's furthest advanced beyond that to within 111 miles of the pole itself. After Shackleton's return, Scott again went south, reached the pole as he set out to do, and on the return trip died, as you know, like a man and an Englishman.

"With Scott as commander of his ship and in command of his last sporting party, which left him 150 miles from the pole, was Commander Evans.

"Never was there a more splendid victory in the face of most frightful odds. Never was there a more stirring tragedy in all the history of arctic explorations—yet in those very elements of splendid victory, of splendid tragedy, of numbing shock, is like many another British epic dotted over the face of the globe.

No American Expeditions  
"At present, Shackleton and Stackhouse and Mawson for Great Britain and Koenig for Australia are fitting out expeditions for new assaults upon the great white unknown Antarctica. And where is the United States in all this work? Consistently I am sorry to say as in the past, by its absence. This, it seems to me, is unfortunate.

"I'm not going to take any notice of anybody who does not know the elementary rules of debate," declared Controller Church passionately, "and I'm going to speak just as long as I like."

"Sit down," commanded the mayor also in a passion by this time. "No I won't," said the controller. "I'll eat in the police," the mayor threatened.

Disorder Breaks Loose  
Thereupon the disorder in the council chamber became general. Some members took sides in the vehement outbursts, while others seemed to regard the whole thing as a joke.

"Mr. Constable," said the mayor to a policeman on regular duty at one of the doors of the chamber, "take this man out of the chamber." The policeman stalked into the chamber and went up to Controller Church. The controller kept on talking, and appeared not to be conscious of the constable's near presence for a time. This struck the other members as humorous and they burst out laughing. The policeman had hesitated to do the mayor's bidding, and the laughter saved the situation. Controller Church subsided.

The trouble arose over a point of order raised by Controller McCarthy, who had objected to a statement by Controller Church that Mr. McCarthy had interfered with officials of the civic treasury board.

Controller McCarthy showed anger as well as the mayor and Councilor Church, but was cleared in a few minutes, and it was not necessary for the constable to put anybody out.

### MAYOR ORDERS A CONSTABLE TO EJECT CONTROLLER

Wild Scene at Session of the Toronto City Council.

TORONTO, March 24.—One of the most riotous scenes that has ever taken place in the Toronto city council occurred at the council meeting yesterday afternoon, when amid general disorder Mayor H. C. Hoek called in a policeman to eject Controller T. L. Church from the council chamber. Controller Church defiantly disregarded a ruling of the mayor's on a point of order, and insisted on speaking, though peremptorily ordered by the mayor to sit down.

### Tarzan of The Apes

By EDGAR RICE BURROUGHS

Copyright, 1912, by the Frank A. Munsey Company.

Presently Tarzan came up with the white man, who, almost fagged, was leaning against a tree, wiping the perspiration from his forehead. The ape man, hiding safe behind a screen of foliage, sat watching this new specimen of his own race intently.

At intervals Clayton called aloud, and finally it came to Tarzan that he was searching for the old man. Tarzan was on the point of going off to look for them himself when he caught the yellow glint of a sleek hide moving cautiously through the jungle toward Clayton.

It was Sheeta, the leopard. He heard the soft bending of grasses and wondered why the young white man was not warned. Could it be he had failed to note the loud warning? Never before had Tarzan known Sheeta to be so clumsy.

No, the white man did not hear. Sheeta was crouching for the spring, and then, shrill and horrible, there rose upon the stillness of the jungle the awful cry of the challenging ape, and Sheeta turned, crashing into the underbrush.

Clayton came to his feet with a start. His blood ran cold. Never had so fearful a sound smote upon his ears. He was no coward, but it ever made him feel the icy fingers of fear upon his heart Cecil Clayton, eldest son of Lord Greystoke of England, did that day in the fastness of the African jungle.

The noise of some great body crashing through the underbrush so close beside him and the sound of that blood-curdling shriek from above tested Clayton's courage to the limit, but he could not know that it was to that very voice he owed his life nor that the creature who hurled it forth was his own cousin—the real Lord Greystoke.

The afternoon was drawing to a close, and Clayton, disheartened and discouraged, was in a terrible quandary as to the proper course to pursue, whether to keep on in search of Professor Porter, at the almost certain risk of his own death in the jungle by night, or to return to the cabin, where he might at least serve to protect Jane Porter from the perils which confronted her on all sides.

He disliked to return to camp without her father; still more he shrank from the thought of leaving her alone and unprotected in the hands of the mutineers of the Arrow or the hunt of the unknown dangers of the jungle.

Possibly, too, he thought, before this the professor and Philander had returned to camp. He started, stumbling back through the thick and matted underbrush in the direction that he thought the cabin lay.

To Tarzan's surprise, the young man was heading farther into the jungle in the general direction of Mbonga's village, and the shrewd young ape man was convinced that he was lost.

The fierce jungle would make any prey of this unprotected stranger at a very short time if he were not guided quickly to the beach, thought Tarzan. Yes, there was Numa, the lion, even now stalking the white man a dozen paces to the right.

Clayton heard the great body paralleling his course, and now there rose upon the evening air the great beast's thunderous roar. The man stopped with upraised spear and faced the

### COMPLETELY BROKEN DOWN

Another Lady Thinks "Fruit-a-tives" Greatest Tonic In The World.

HAGERSVILLE, OBT., Aug. 26th, 1913. I can highly recommend "Fruit-a-tives" because they did me an awful lot of good. About four years ago, I commenced taking "Fruit-a-tives" for a general break-down and they did me a world of good. We bought a good many dollars' worth, but they did all that your advertising claims for them, and as I said before, I cannot speak too highly for them. Their action is so pleasant compared with other medicines, that I am glad to say so and I trust that some other woman may start taking "Fruit-a-tives" for I know the results will be all that you claim.

on his hind legs, struggled impotently in this unnatural position. Had the battle continued a few seconds longer the outcome might have been different, but all was accomplished so quickly that the lion had scarce time to recover from his surprise before it sank lifeless to the ground.

Then the strange figure which had vanquished it stood erect upon the carcass and, throwing back the wild, handsome head, gave the fearsome cry which a few moments earlier had so startled Clayton.

Before him he saw the figure of a young man naked except for a loin cloth and a few barbaric ornaments on arms and legs and on the breast a priceless diamond locket gleaming against a smooth-shaven throat. The hunting knife had been returned to its homely sheath, and the man was gathering up his bow and quiver from where he had tossed them when he leaped to attack the lion.

Court Success, Social Evening

Court Success A. O. F., held a social evening last night, and the affair was quite a success. The attendance was good and those present had a jolly good time. The regular business was hurried through and then the lodge thrown open for pleasure. A short but spicy programme was put on. The Chief Ranger, E. F. Aske, presided. One of the features was three addresses from as many of the old-time workers, Bros. Joseph Ham, J. C. Montgomery and R. P. Whitlock. Each of the speakers had been assigned a topic dealing with the welfare of Forestry, and while they stuck to their texts pretty well, proved to be good "mixers" and the speeches were anything but dry. Solos were rendered by Messrs. William Beach, A. R. Knott and Farnsworth and were well up to the mark, as was also the vocal duet of Messrs. Knott and Scruton. Mr. Blackburn, the reader of the evening, certainly made a hit. His selections, "The Country Curate" and a monologue dealing with college life, were certainly given in an artistic manner. The affair wound up with refreshments and to spare. All present voted the affair a complete success.

"Ye Tea Party of Ye Olden Time," and Those Who Took Part

(By Special Wire to The Courier)

When he asked the congregation to express their disapproval of the action of the postal department, the entire congregation arose. The Canadian edition of the paper has been printed in Toronto.

Mr. Barber said the original charter was granted 27 years ago, when conditions were different. The route is from Woodstock to Brantford, Hamilton and Niagara Falls, and through the business district of Hamilton, and alongside a large cathedral, but counsel for the company said the line would not be built further than Hamilton.

Was Spotted By Little Girl

Krafchenko, the Alleged Slayer of Bank Mgr., is on Trial.

(By Special Wire to The Courier)

MORDEN, Man., March 24.—When the trial of Jack Krafchenko was resumed this morning, Mary Pedersen, who yesterday afternoon identified Krafchenko as "the man in black" who was seen by her in a lane at the rear of the Plum Coulee bank just before the shooting of H. M. Arnold, was recalled to the witness stand by the Crown. She repeated that she knew the man in the lane was Krafchenko, and that she knew him by his eyes. After she had seen him she went to school, and the man turned and walked towards the bank. Before school went in she heard the bank had been robbed. The girl said she first saw Krafchenko in the kitchen of the Commercial Hotel three weeks before the robbery, when he wanted to kiss her. She thought she saw him again in front of the hotel on the night before the robbery.

Manufacturers are under the impression that the Workmen's Compensation Bill is to be passed then a redistribution bill and election brought on immediately.
