THE A. M. S. ORATORICAL

A Patriotic Concert—Gold Medal-Oratorical Contest—Dumb-bell Exercise—Wand Exercise—Doll Drill and Flag Drill—Recitations—School Choruses.

The A. M. S. Oratorical for 1906, based on the three topics, "Life," "Light," and "Liberty," will take place on Friday evening, June 22, in the new town hall.

A gold medal will be competed for by three ladies and two gentlemen.

The speeches will be limited to 13 minutes and the three themes mentioned above are to be discussed from an intellectual, social, political, and moral point of view.

The concert is to be a patriotic one, and the aim will be to inculcate the higher and broader principles of patriotism.

The admission is to be 15c. The proceeds to go to a school library.

Dumb-bell exercise by 12 boys.

Wand exercise by 12 girls.

Doll drill by 16 kindergarten "angels."

Flag drill by 16 girls from forms III and IV.

School choruses.

An 8 to 10 minute oratorical address by a stripling.

Recitations.

CHEESE UP AGAIN

Brockville Dairymen's Board of Trade June 16, 1906

Cheese continues firm and strong in price, the offerings today, on board and off, in the form of "regulars," is more likely to be over 1,000 boxes than under. At an even-up 11c all 'round price—equal to 1 1/2c per lb. over same date 1905—which of itself is an important item in the division to the dairy farmers of Brockville section.

Another summer has opened auspiciously for the dairymen, as shown by May dividends already in hand. Record prices have prevailed for the product of the faithful cow. If last season's prices continue to be paralleled throughout, 1906 will be the banner year for the dairy industry of Canada as well as this important section. The demand in the old country is good, and the prospective make on this side of the water does not present fears of over production, so long as we continue to produce a high class of goods.

It has been stated by interested parties that a manipulation on the part of certain merchants in some measure has accounted for the exceptionally buoyant market this season. How ever, it was publicly stated by a prominent professor in connection with the dairy business that last summer a bullish attitude on the part of cheese buyers in the early part of the season resulted in enhancement of prices that meant millions of dollars to the Canadian dairy farmers, and if the game has not been over played the outcome of the present situation may be likewise fortunate.

At any rate, the sales of cheese so far have put a rosy complexion on the dairy business. The natural result of the high prices paid in this country is prompt shipment and quick returns. A pleasing feature of the situation so far is the excellent condition of the milk in first hands.

It is satisfactory to note the opinion held by a portion of the dairy merchants interested in Montreal, that Canadian cheese has been finding special favor in Britain of late, and it is hoped that prices will be inclined to maintain a higher average in the future than in the past.

It is the duty of every person interested to make the very best of the situation and leave no stone unturned in order to "get there," and enjoy the Englishman's gold in exchange for our goods.

Death of Mrs. Joseph Dancy

At the home of her parents, Mr. and Mrs. R. E. Cornell, Glen Elbe, on Wednesday last, Mrs. Joseph Dancy of Elgin departed this life, after a brief illness, aged 19 years.

Less than a year ago she became the bride of Mr. Dancy, and her young husband and grief-stricken parents have the heartfelt sympathy of all in their great bereavement. The funeral on Friday was very largely attended. Service was conducted at the house by Rev. S. J. Hughes, and members of choir of the Athens Methodist church assisted in the singing. The remains were interred in Glen Elbe cemetery.

The Recorder calls G. G. Pablo Chief Daisy Instructor. He's a "daisy" alright.

* JACOBS—GORDON

Miss Ina Gordon, whose marriage is announced in the following despatch, is a niece of Mr. Jas. F. Gordon, Athens, and will be remembered by many Athenians:—

Syracuse, June 12.—A surprise to friends and relatives of both bride and groom was the announcement yesterday of the marriage of Miss Ina Florence Gordon, formerly of this city and William Frederick Jacobs of Brockville Ontario. The young people were married March 8th by Rev. William H. Latimer at his residence, No. 216 Corning avenue, and with the exception of the bride's mother, Mrs. Pheobe Gordon of No. 401 Second st. Solvay, none of her friends hereabouts were let into the secret.

Miss Gordon and Mr. Jacobs had been acquainted for several years. Last winter she came here from Brockville to visit her mother and other relatives. While she was here Mr. Jacobs secured a position with a lumber firm in Winnipeg, Man. It was then decided to get married. After the ceremony the couple left Syracuse for Brockville and Mr. Jacobs went to Winnipeg.

Mrs. Jacobs is now visiting her mother and friends. She leaves June 25th for Winnipeg where she and her husband will reside.

SCHOOL BOOK CRITICISED

At the meeting of Synod in Kingston, Bishop Mills criticised with considerable vigor the high school geography introduced in September, 1904. It presumes, he said, to tell us that the universe, and this world as a part of it, were not the work of a Supreme Being, but the product on the contrary, of chance or accident arising from self-contained conditions already existing in physical nature; and that man, instead of being created by God in His own image, sprang originally from some inferior form of animal life, to gradually attain, by evolutionary process, to higher form in which he now appears. This the high school geography teaches. At page 15 it tells us that life on this earth had its lowly beginnings in humble seaweed, or in gelatinous or limy water that arose on the surface of salt water; while at page 427 it teaches the false doctrine of "nebular hypothesis" which had its origin with the German skeptic, Kant, and was afterwards taught anew, with fresh environments, by the eminent French astronomer, Laplace, as an excuse or justification for his own Atheism. That a book of this dangerous character should be used in our educational institutions must be regarded as deliberate attempt to weaken or wholly destroy the Christian faith of students of both sexes.

50,000 See Eastern Canada

The Grand Trunk Railway exhibition car, with pictorial views of Canada and trophies of the angler's art and hunter's craft, has nearly completed its three month's trip through the States, having travelled considerably more than 6,000 miles and drawn an aggregate attendance of 50,000 people in fifty-one American cities.

The crowds have been so great and the desire manifested to know about Canada so eager that the director of ceremonies has been at his wit's end to furnish accommodation.

The car is now travelling in New York State, and will move upward over the Lehigh Valley Railway, stopping at the principal places between New York and Buffalo. It will finish its American tour on June 13. It will be brought over the Grand Trunk main line through Canada, stopping at Hamilton and Toronto, to Montreal, where it will be on exhibition to give the people an idea the kind of advertising the Grand Trunk are doing for Canada, as well as giving them an opportunity of seeing what the "Highlands of Ontario" have to offer in the way of summer resorts.

The car has been all the way through the Southwestern States and the Mississippi Valley. From towns other than those on its line of route there have been received many written requests that they should be included in the itinerary. Whenever it was possible these requests were complied with. This is considered beyond all question the most successful advertising tour of its character that has been undertaken.

A large party of girls from Glasgow is expected to arrive at the Fairknowe Home, Brockville about the 20th.

Outing Suits

Our New Two-Piece Suits are Just the Thing For Summer Wear

We have always been proud of our "Progress Brand" suits, but our new summer suits are better than ever. Rough service predominates; seems strange that a rough-looking cloth can be woven to be cooler than a smooth one, but we can show you how true that is. Homespun, Halifax Tweeds of the newest patterns, made up in single or double breasted coats, padded shoulders and close fitting collar. Pants made with straps for belt, and a big cuff, hangs nice and loose. It is a comfort to wear our two-piece suits—they look swell.

Boys' Wash Suits

We are showing the largest variety in Boys' Wash Suits in all the latest styles, some of them pretty dark, suitable for boys to play, others light colors with fancy trimmings for the dressy little boys. Prices from

50c to \$1.50.

Won at Last

"That will do fine. Give me my book... "I suppose you mean Kenneth? Yes, I like him very much, and I am sorry he is obliged to be in an office. I am sure he is not happy." "Hoots! What does he want, then? To be an idle, fine gentleman, and make the grand tower, maybe? He must just earn his bread by the sweat of his brow like us."

free unselfish love. How much more true manhood there was in this unselfish eagerness to share all good with the best beloved, than in the cold, hard, worldly wisdom that prompted Leslie to hand over the woman he had tried to win to another at the first chill breath of coming trouble. Kenneth felt a new creature when he was thus enabled to unobscure himself. Thoughts uttered seem so much stronger than they do while lurking in the shadowy recesses of the heart.

When they went in Mona retired to take off her cloak and hat, and Kenneth, with slow, reluctant steps, went up to face Ucle Sandy. "Oh, Deb," cried Mona, throwing herself into a chair beside that good lady, who, on the door being opened, hastily hid the stocking she had been darning under the table. "Oh, Deb, support me! I have been cruelly and heartlessly rejected by Kenneth Macclister."

Whereupon Mona repeated the substance of her conversation with Kenneth. "Why, what has come to that cantankerous cripple, your uncle, that he should think of such a marriage for you?" "I don't know," said Kenneth, "but I will be damned if I will let my niece be married to a man who is so obstinate and self-opinionated. And had as it is to wait, I can stand that; but Mr. Black is in a very weak state, and should he die, Mary and her mother will be homeless. For Jamie the eldest brother's a mer-dow-dow, and Robb's on the sea."

CHAPTER XIII. Kenneth Macclister lost no time in giving Mona the result of his dreaded interview with Ucle Sandy. He was not, Kenneth said, so vexed as might have been expected. He told his nephew not to be downhearted; that having often, perhaps, unexpected like, and he could not suppose a lassie—a very superior young lady—would jump at the first word—that he (Kenneth) must persevere, and come often to the house—perseverance would accomplish much. Ucle Sandy had seen the same mind on the marriage. All, however, might go well, if only no breath of the project reached Mary's ears.

Read Signals of Nature Observers Always Find Warning Where a Danger Exists

An experienced farmer on the lookout for a farm shies at the sight of a fallow covered with the reddish spikes of the sorrel. He knows at once that the soil is poor and thin, and will cost more than the crops will ever be worth in fertilizers of various kinds.

For those who have eyes to see them kindly Nature hangs out signals of all kinds. She only asks that men will use their eyes. If they can, and do so, she will never betray them. She has both good and bad signs which are as plain in their way as red or green lights to a railway engine driver.

WHAT WOMEN SUFFER. At All Ages They Need the Rich, Red Blood That Dr. Williams' Pink Pills Actually Make. A woman needs medicine more than a man. Her organism is more complex, her system more delicate. Her health is disturbed regularly in the course of nature. If anything happens to interfere with that natural course she goes through unexpressed suffering.

Dr. Williams' Pink Pills for Pale People. The pills are worth their weight in gold to women of all ages from early girlhood to old age. They actually make the rich, red blood of women. Mrs. Edwin Ward, Brookside, Ont., says: "For years I suffered from those ailments that make the lives of so many of my sex miserable. I would take weak spells and become so nervous that I could not go about my work."

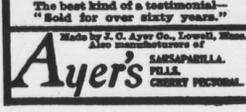

SHOULD BE SUPPRESSED. The porter or janitor who sweeps refuse into the street. The teamster who drives through cracks in his wagon or falling from the running gear, where it was left after dumping. The smoker who throws cigar or cigarette stubs, cigarette boxes, tobacco sacks or burned matches to the pavement.

New Blood in Oklahoma. An Oklahoma historian raises the question whether men of the European races saw that country before John Smith landed at Jamestown. Doubtless they did not, since De Soto did not go so far west and Coronado hardly so far east. But the white man has been making up for lost time by getting into that garden path of America with both feet to the number of nearly 1,000,000 in the last sixteen years. And he is there to increase and multiply.—St. Louis Republic.

DISTRICT NEWS

GLEN BUELL

Mrs. David Daok, who has been visiting friends at Ottawa, returned home on Monday.

Mr. and Mrs. Joseph Towris leave this week to spend the summer with their daughter, Mrs. C. F. Fawcett, Frereton, Ontario.

Miss Lillian Hudson of Lyn was the guest of Miss C. Sturgeon on Saturday last.

Quite a number from here attended the funeral of the late Mrs. Nancy at Elbe Mills on Friday.

Mr. and Mrs. Arthur Hayes spent Sunday in Brockville.

R. G. Sturgeon had the misfortune of losing a valuable horse last week.

Dr. Harte of Athens was calling on friends here last week.

Miss Lucy Kirkland of Brockville spent three days last week with her mother, Mrs. Robert Kirkland.

GLEN MORRIS

The raising at Mr. John Morris's on Thursday was very successful in every particular.

Mr and Mrs Harmon Earl, Phillipsville, were guests of Mr. Johnson Morris recently.

Mr. Albert Morris has purchased a gasoline engine for use on his farm.

A number of young people attended a picnic at Jones Falls on Saturday last.

The little maiden who came to grief while wading after frogs last week must march right home after school or her name will be sent in to Santa Claus.

Mrs. John Frye and Mr. Charles E. Frye, Soperton, visited friends here last week.

Mrs. B. DeWolfe, Athens, was a guest of Mrs. E. Thornhill, recently.

Mr Ed Foster has accepted a situation as carman at Charleston for a few weeks.

Mr and Mrs K. Witte and Mrs E. Thornhill made a business trip to Brockville on Tuesday.

Mr Dan Heffernan is erecting a new wire fence.

JUNETOWN

Mrs. Geo. Taylor, Crystal City, Man., is visiting at the home of her parents in Junetown.

Miss Grace Rappell is the guest of Mrs. George Taylor, at the home of Mr. T. Franklin.

Miss Ethel DeWolfe spent Sunday with her parents in Athens.

Divine service was held on Sunday last in the Methodist church, Caintown, for court Echo I. O. F. where an appropriate address was given an appreciative attention by all.

Junetown will be represented at the High School Entrance held at Athens on the 27, 28, 29 of this month. Four pupils are being instructed for this first gateway in the higher Educational line.

Mr. Quinn put in a piano at the home of Mrs. James Herbison.

Mr. R. MacIntosh, Principal of the A. M. S. Athens, gives an Oratorical Concert in the New Town Hall, Athens, on Friday evening, the 22nd. The topics for the evening are Life, Light and Liberty. Anybody with patriotic blood running through their veins would not miss it.

SOPERTON

Although the weather was very unfavorable Sunday morning, there was quite an attendance at the M. E. church to hear the farewell sermon of Rev. T. C. Cassidy. The people of this section are very sorry to lose him, as they recognized in him a sincere friend and a faithful pastor. His work in the Epworth League is worthy of special mention.

A private party of sixteen couples spent a very enjoyable day at Jones' Falls on Saturday last. The pleasure of the latter part of the day was slightly marred by one of the young ladies, who had the misfortune to fall into the lake. As the water was quite shallow, and there were plenty young men to give assistance, nothing more serious than a bad wetting occurred.

Mrs. A. Wilson of Oak Leaf was sewing at Mrs. W. T. Sheridan's, last week.

Mrs. J. Hudson of Smith's Falls is visiting her mother, Mrs. T. Webster.

Mr. and Mrs. Joshua Johnson of Ellsville spent Sunday with friends here.

NEWBORO

Mrs. T. P. Kelly and children left Monday morning for Mount Pleasant, Mich., to be present at the graduation of her niece, Miss Agnes O'Hara.

Miss C. Moriarty of Bedford is the guest of her cousin Miss M. Moriarty.

Mr. and Mrs. Wrathall of Perth are the guests of their son, Mr. G. S. Wrathall.

Miss Mary Barker was the guest of Miss Mabel Warren on Saturday.

A lawn bowling alley has been levelled on the Breeze lot on Drummond street and a lawn tennis has

been marked out on the lawn of Hotel Rideau. Enthusiasts of these two very pleasant summer games can now enjoy themselves for a few months.

The Model cheese factory paid its patrons \$18.75 per ton for April milk.

Mr. Wm. Johnston, I.P.S., visited our public school on Wednesday and reported satisfactory progress. Mr. Morton has been appointed presiding examiner at the examinations in Westport.

Miss Gallagher and Mr. Lookwood of Portland were visitors here on Wednesday.

Mr. James Nolan, who has been laid up for some time past, is able to move around with the aid of a crutch.

Miss Ida Gallagher, who has been attending Kingston Business College, arrived home on Monday.

The bass fishing commenced on Saturday, but very few have been captured to-date.

The first street parade by the Newboro Brass Band this season was held on Saturday evening. Many new and choice selections were rendered.

Miss Myrtle McKinley of Sealey's Bay was the guest of her sister, Mrs. A. Green on Sunday.

Mr. Gordon Richards left on Saturday to take his position as purser on the Steamer, Rideau Queen.

Owing to a break in the lock sill at Washburn, the Rideau King was unable to get to Kingston on Saturday. The Rideau King and Queen met there on Saturday and the King came back to Smith's Falls that evening.

The second meeting of the Court of Revision was held on Thursday evening and the appeals against the assessment of business and income by C. R. Cameron and Dr. O. Lillie were considered. The assessor was sustained in both cases.

SHELDON'S CORNERS

Again death has entered our neighborhood, carrying away in his relentless arms the wife of Mr. John Preston, formerly Miss Gertrude Wood. For over a year she has been a patient sufferer, yet we fondly hoped under the skilled hands of her physicians she would find relief and eventually health, only to have such hope crushed by the sudden news of her death on Wednesday evening. She was twenty-seven years of age and had been married only a few years. Her life, her death seemed like a pure white rose touched with an untimely frost, just as it was unfolding its beautiful petals.

In her brief stay amongst us, she has endeared herself to all in the community. This sentiment voiced itself in the large concourse of friends that followed her coffin to Newboro, where the funeral service was held. Her Rector the Rev. R. B. Patterson, conducted the service taking his text in Isa. 64.-6, "We all do fade as a leaf." From this he ably showed the inexorable laws of God, even upon the most perfect of his workmanship. He endeavored to impress all with the subjection of the human mind under such sovereignty, yielding itself to this higher power, since the invincible power must triumph over strength sooner or later, and, lastly, the privilege all may enjoy the knowing of in some measure at least, as St Paul did, their bearings for the future. He spoke with assurance concerning the one of his flock that lay with mute lips and upturned face in the casket before him.

When the last sad rites were completed, the mortal form lowered, and the mother ear earth laid above it, we were forced to turn homeward, all felt keenly for the lonely mother, brothers, sisters and husband that could say:—"Sweet was this flower that grew in our home, soft was its fragrance, rich its perfume; up to the mansions of beautiful day, softly the death angel love her away."

The community extend their loving sympathy to the bereaved ones.

C. W. Hollingsworth has finished his pastorate at Bishop's Mills and is home for a few days.

Mr. Wm. Berney is somewhat disabled in the left limb, caused by a fall from a high wagon.

Mr. Fred Hayes and W. T. Yates have been improving their farms by putting up wire fences.

Miss Anne Yates is visiting friends near Ottawa.

Mr. John Hollingsworth, graduate in shorthand, is home for a few days.

Mr. Thomas Topping and nephew, Master Geo. Topping are home from the West on a visit.

Tired Mothers

It's hard work to take care of children and to cook, sweep, wash, sew and mend besides.

It makes a shop of the home—a shop, too where sixteen hours make a day and yet there is much working over time.

Hood's Sarsaparilla helps tired mothers in many ways—it refreshes the blood, improves the appetite, and assures restful sleep.

At the meeting held in Mallorytown last week for St. Lawrence District, I.O.O.F., Mr. G. G. Graham of Smith's Falls, was elected District Deputy, and Smith's Falls was elected as next place of annual meeting.

Men's Suits from \$8 to \$14

We call "United" brand, because a number of S.-R. agents have "united" (joined together) and are buying cloths direct from the old country mills, thereby saving from 25 to 50 per cent on the cloth. They then get Semi-Ready Co. to make up these cloths into suits. The finished article is a "United" Suit—prices from \$8.00 to \$14.00.

And, sir, if you purchase one of our "United" suits, you are wearing clothes that cost you from \$3.00 to \$5.00 less than you would have paid for them any where else.

We don't ask you to believe this

but we ask you to find out for yourself whether it is true or not. If it is not true, **we are liars,** and you may call us such, if you find us to be such.

Every one of our United suits are made from old country Bannockburn tweeds (twisted wool), and not an inch of shoddy or cotton in a mile of the cloth.

We want to convince you

Are you ready? Are you?

United suits for men from \$8.00 to \$14.00.
Semi-Ready suits \$15.00 to \$30.00.
Youths and boys (United) \$2.50 to \$15.00

We pay one way to Brockville if \$10.00 of goods are bought.

SEMI-READY WARDROBE BROCKVILLE

Cause of Headaches

ONLY DOUBTERS SUFFER

Registered in United States Nov. 24th, 1896.

Dr. H. Sanche & Co., 161 Euclid Ave., Toronto, Ont., Nov. 8th, 1902.
Dear Sirs:—I hereby certify that we have used Oxidonor No. 2, continuously in our family for the last twenty months, and I believe it to be a valuable agent for building up and giving increased life and power to weak men and women. I would not part with the one we have. Yours respectfully,
ARTHUR W. STRICKLAND

The Best on the Market

ST. REX'S LUMBAGO CURE

Guaranteed to Cure Lame Back or money refunded!

An excellent remedy for Rheumatism, Lame Back, Etc., Etc.

Read the following testimonial from a man you all know:

Forfar, Feb. 6, 1906
Mr. W. A. Singleton,
Crosby, Ont.

Dear Sir—Being laid up with lame back, I thought I would drop you a line to tell you that your St. Rex's Lumbago cure will do all you claim for it, as I have only used part of the bottle and I feel no returning symptoms of the disease.

I may say I have been troubled with lame back for the last ten years, and tried several other patent medicines but without results. I can heartily recommend it to any troubled with lame back, and I feel safe in saying that it's the cheapest medicine on the market.

Yours truly,
JAMES MCGUE

If your dealer does not keep this medicine, kindly ask him to order same for you as any sized order will be filled promptly.
First order, freight prepaid.

Yours truly,
W. A. SINGLETON

Logs Wanted

The subscriber will pay cash for water-elm and basswood logs—de livered at his mill at Greenbush also for a large quantity of birch timber not more than 10 nor less than 4 inches in diameter, cut 10 or 12 foot long.

A. ROOT,
Greenbush

PATIENTS PROMPTLY SECURED

PAGE FENCING

THE BEST IS THE CHEAPEST

When you buy a knife for instance, you consider the quality of the steel in the blade. The biggest and heaviest knife is not necessarily the best. Now there is just as much difference in the quality and strength of steel in fence wire as there is in a knife blade or razor. The Page Co. use high carbon steel wire, which though it costs you but little more, is fifty per cent. (50%) stronger than wire in other fences. The lightest PAGE fence is as strong as the heaviest of other makes.

THE LOCK IN PAGE "EMPIRE" FENCES.

Besides the extra strength and superior workmanship, PAGE FENCES are dipped in a special white paint, which on top of the best of galvanizing, will lengthen the life of wire for years. And, also, this white coating makes wire much more sightly. Owing to the great strength and elasticity of PAGE fencing, one-third less posts are required, thus reducing the cost of the fencing. As you get in PAGE FENCES one-half more fence strength, greater protection against rust, better workmanship, better appearance, use less posts, can you afford to use other fences, even though you could buy them for one-half the price of the PAGE? But, really ours cost you little, if any more.

Get prices before placing your order for Fence Gates or Lawn Fence. For Sale by—Alex. Taylor, Athens; H. B. Knapp, Plum Hollow; Francis Sheldon, Oak Leaf; W. B. Percival, Chantry; Ziba Jackson, Lyndhurst.

Chemists and Physicians say There Can't be a Better Medicine for women

than Dr. Hugo's Health Tablets

Women who Have Taken Them Say So, Too.

Before we began making Health Tablets we submitted the formula to many physicians and chemists for their opinion. We wanted to improve it, if it could be improved, as we were bound to have not only the latest but the best possible medicine for women.

But we found out it couldn't be improved. A firm of chemists, known all over America, wrote to us: "We cannot suggest a single change or addition that would improve the formula or make it more beneficial to women."

And the doctors to whom the formula was submitted said the same thing.

And better still, the remarkable results obtained from their use by women suffering from a run-down condition or some female weakness, prove that the doctors and chemists were right.

For after all, results speak louder than words. We want you to take just one box of these tablets, and you will share the opinion of these doctors and chemists that

They Make Healthy Women.

50c. at dealers or by mail postpaid. B. N. Robinson & Co., Coaticook, Que.

Will You Help It?

THE HOSPITAL FOR SICK CHILDREN

A. M. S. Concert Notes

Remember the A. M. S. Life, Light, Liberty Oratorical and Patriotic Entertainment on Friday evening, June 22, in the new town hall.

The admission fee is only 15c.

Each oration will be limited to 12 or 18 minutes, and will bear directly on the three themes mentioned above. Each will be discussed from an individual, national and universal standpoint. There will be a general Philosophy, Theology, Science and Political Economy in each of them.

Rev. Mr. Fitzgerald, the popular and eloquent pastor of Lyndhurst, will present the medal.

The proceeds are to be utilized in behalf of a school library.

The dumb bell drill by 12 young stalwarts will be a very pleasing feature of the evening's entertainment.

The doll drill by 16 kindergarten "joys" will make you dream of "happy childhood."

Be sure and see the children in their various costumes.

If the evening is hot, everything will be done to fan away your troubles.

The orators and their themes are:—

Mr. Jones—"Industry."

Miss Conley—"Influence."

Miss Washbourne—"Happiness."

Miss Barber—"Home."

Mr. Ferguson—"Unity."

The speeches are not to be memorized

products, but will be such as must lead to active citizenship.

John Morley's greatest delight is public speaking, and what John Morley, one of the brightest stars, intellectually, in the British Empire, delights in ought to enthrall the parents of the children of Canada, the lords of the Greater Britain of the future.

The flag drill by little women of forms III and IV. will teach us all to reverence the Union Jack.

Every teacher and student thanks all for the loyal support given in the past and trusts for a hearty renewal of the same on Friday evening.

POTATO SPRAYING

The importance of spraying potatoes for the prevention of the blight as well as for the benefit of the bugs is receiving attention by many farmers.

A few days ago a gardener asked the Reporter for the formula of the Bordeaux mixture. We have published it several times, but repeat it: blue-stone, 6 lbs.; lime, 6 lbs.; water, 40 imperial gallons. When bugs are to be doctored, add 6 oz. of Paris green.

When the potato beetles first appear, spray with Bordeaux mixture and Paris Green; repeat at interval of ten days or two weeks, so as to keep the vines coated with the mixture. When insects cease to be troublesome, omit the Paris green, but continue the Bordeaux spraying as long as the plants remain green. Be especially careful to keep the foliage well coated during damp muggy weather, for then the blight spreads fastest.

Spray pumps, special attachments for potato and mustard spraying, may now be purchased, and no farm is complete without one. It is a far more important implement than the self-binder. A man can hire his grain cut, but everybody should have his own pump. Using a borrowed pump or one that has been loaned to a careless neighbor, is too much of a trial on Christian patience. A spray pump will be more than paid for in many cases, by the increased and improved potato crop the first year.

When Rheumatism is torturing the body the sufferer wants relief quick. He does not want to be told that he is suffering from uric acid

Rheumatics when perhaps he knows

Read This all the time that Rheumatism has been in his family for generations, that he is pre-disposed to it, that he got wet through or chilled through the other day and that at once his old enemy began operations. He does not want to take a lot of medicine into his stomach to drive that awful pain out of his leg but he feels as if he wanted something to go right to the spot. This is where Tuck's Bone Oil comes in. It is a powerful, penetrating oil that goes right to the spot, goes quick and safe and sure. It acts on the seat of pain and if used according to direction will cure rheumatism. It has done it for hundreds others, it will do it for you. For sale by all medicine dealers at 50c. a bottle or sent prepaid by the Tuck Bone Oil Company, Limited, Smith's Falls, Ontario.

A GREAT UNDERTAKING

Nowhere perhaps in the world has electricity been applied under conditions more difficult and exacting than those in the St. Clair Tunnel; conditions which have been carefully studied for some years both by railway authorities and by electric experts. The railway is losing no time in the new installations, which it is reported will cost \$700,000. The installation will be a credit to the Grand Trunk Railway System as well as to the electricians who have solved the problem, just as the opening of the tunnel itself was, over fourteen years ago, to the Grand

Trunk railway and its experts who cut the tunnel. Since then the Hudson at New York City is being tunneled, and the Detroit river is about to be tunneled, following the Grand Trunk's pioneer example in this important submarine work. The length of the St. Clair tunnel proper is 5,025 feet, and of the open portals or approaches 5,603 feet additional, or more than two miles in all. It is a continuous iron tube twenty feet less two inches in diameter, the total weight of iron used being 56,000,000 pounds. The tunnel cost \$2,000,000, and passenger trains began running through it on Dec. 7, 1891. The electric locomotives to be used will employ the alternating current and will be capable of hauling a passenger train on the grade at a speed of 20 to 25 miles an hour, and a 10,000 ton freight train at 10 miles an hour.

H. C. Phillips' Mishap

On Friday last, while H. C. Phillips was engaged in painting his veranda, he fell from the step-ladder he was using and received a shock that has since confined him to his bed. We are pleased to learn that his injuries are not as serious as at first supposed, and the prospects are that he will be around alright in a few days.

Mission of Kitamaat

Some years ago, the Rev. Mr. Raley, pioneer missionary at Kitamaat, a son in law of the late Dr. Giles, spent several weeks here, and the people of Athens became quite familiar and thoroughly in sympathy with the work of that outpost of missionary effort. About three weeks ago the mission building, which was constructed largely by the Indians, under Mr. Raley's guidance, was destroyed by fire, and the W. M. S. of Brockville district is now collecting useful articles for the re-furnishing of the new building that is to be constructed. Those desirous of aiding in this good work are requested to take their contributions to the home of Mrs. T. S. Kendrick not later than Saturday next. Particulars of what is desired may be learned from any member of the W. M. S.

Presbyterian S. S. Picnic

An old song says, "a cloudy morning oft brings a pleasant day," and this proved true on Saturday last, the day of the annual picnic of St. Paul's Presbyterian Sunday school. With anything but promising weather prevailing, a start for Charleston Lake was made about 9 a.m. and by the time the wharf was reached the sun of what proved to be a delightful day was shining brightly. At the landing the party was met by Dr. C. B. Lillie and Mr. B. Lovain with their gasoline launches and all were safely and quickly conveyed to the wooded slope of Mr. Thompson's cottage. That delightful spot was headquarters for the day, and there the luncheon was served to about fifty happy children. Dr. Lillie very kindly devoted his yacht to the entertainment of the party, and during the day many excursions among the islands were made. This with boating, bathing and fishing formed the programme of one of the pleasantest days ever spent by the S. S. pupils and teachers at the Lake, and all returned home delighted with the outing.

ENGINES AND BRIDGES

In a township where the roads are free of toll must owner of traction engines protect all bridges and culverts over which they pass, or in case of damage must they repair them?

This question is answered by the Municipal World as follows: The provisions of section 10 of chapter 242, R. S. O., 1897, as to the strengthening of bridges do not apply, if the engines are less than eight tons in weight, but the effect of the proviso of section 60 chapter 10, of 1904, is to require the owners of all traction engines to protect the surface of all bridges and culverts from injury. If the engine is eight tons or over in weight, and if less, is not used for the purpose of drawing threshing outfits and road machinery, the owner must strengthen all bridges and culverts across which the engine is run, sufficiently to sustain its weight. If the engine is less than eight tons in weight, and is being used for threshing purposes or for machinery in the construction of roadways, the council, in order to escape liability for accidents, construct their bridges and culverts of sufficient strength to sustain its weight.

The Summer Girls' Dress

The 1906 Summer girls will be frocked in frills and furberous delightfully feminine, writes Helen Berkely-Loyd in the DELINEATOR for July. From parasol to boot tip, curves, dainty touches, and artistic color effects will distinguish everything they wear. Their elders, too make a generous use of color. They are permitting it to appear in their tweed frockers and motor coats, and their afternoon and dinner gowns of light, silk, fabric, are so often of new mauve-blue and white or the always charming pastel tints.

The semi-tailored gowns, man made though they are, emphasize feminine curves in a marked degree, and show the most graceful effects. The bolero is seen on a great many of these gowns, the shorter ones having a *ceinture* attached that is entirely new. The sleeves, as a rule, are puffs to

elbow or half way to the wrist. They are finished with a velvet inlaid cuff that flares considerably.

Among the little accessories that the Summer girl is wearing, are bracelets of black velvet held with jewelled buckles, and wisps of tulle twisted about the upper arm and wrist tied in fluffy bows. Arm or glove garters of satin ribbon, shirred over and edged with frills of lace and ribbon are quite new, and as practical as they are ornamental.

The National Exhibition

The prize list of the Canadian National Exhibition, to be held in Toronto, Ont., Aug. 27 to Sept. 10, which is now being distributed, contain many changes compared with last year. In nearly every department there is a material increase in the premiums. In the horse department classes have been added for Welsh, Shetland and Hackney ponies, and the prizes in the first section of the breeding classes have in several instances been doubled. It has also been decided to award the premiums in the trials of speed on the three-beat plan, each heat to be considered a completed contest and the money to be divided according to the place won in each heat. The Dominion Short Horn Association having increased their grant for prizes to \$2,000 the exhibition have responded with a like amount so that there is considerable expansion in the cattle department. In the sheep division wether sections have been added to each breed of sheep. In this connection it might be mentioned that the management are making arrangements that will enable sheep to be judged under cover. In the poultry department a number of sections have been added and the list has been increased by an extra number of specials. Several changes have been made in the dairy department and the building is to be supplied with improved cold storage. In the floral division a prize is added for the best and most original floral design. Several sections recommended by the Ontario Beekeepers' Association have been added to the honey classes. Several sections have also been added to the women's and children's department. The total increase all round amounts to close on \$4,000, which means that the aggregate sum given in premiums by the Canadian National Exhibition is approaching the \$50,000 mark. Entries are set to close on August 4.

The Birth of a New City

Prince Rupert the new city of North western British Columbia and the Pacific Coast terminus of the Grand Trunk Pacific has indeed begun and the foundations laid of the coming metropolis of the Western Provinces of the Dominion. The camps of the surveyors, both those of the Dominion and those of the Grand Trunk Pacific Railway Company, are pitched on and near the future city's boundaries. Mr. Dodge, superintending the government survey, has his camp station near the mouth of Tuck's Inlet, just opposite Venn's Passage, in view of historic Metlakatla. He intends to make a survey of the coast line waters of the inlet, and as this will take him considerable time, he expects to remain in camp until October, and has accordingly fitted up comfortable quarters. He says the Metlakatla carpenters have the honor of building the first house on Kaien Island, and is much pleased with them as workmen. Further east, up the inlet where surveys are now in progress at different points, the Grand Trunk Pacific Company's men are busy in the vicinity of their respective camps—one near Seal Harbor where the new saw mill will be built, and one a mile and a half further east. Here the wharf and three buildings will at once be erected, as already piles for the wharf are being secured.

Stained Floors.

Stained borders of floors will require doing over once a year if worn places are not to become noticeable. The stain and varnish may be bought and applied separately or mixed together and applied at once. The latter is of course the readiest method, but the former is perhaps the more lasting.

The Chaldeans.

The Chaldean monarchy is believed to date from 2280 B. C.

Birds and Weather.

Many wild birds indicate by a change of the tone of their voices the nearness of rain. The blackbird, for instance, whose voice is usually soft, utters a shrill cry when a storm is impending.

Your Shoes.

Always put on your boots before breakfast if you have to go out immediately after it. Bending down to lace or draw on boots after a good meal produces faintness or syncope, caused by pressure of a full stomach on the heart.

Ancient Troy.

On the hill where stood ancient Troy Schliemann found in successive layers the ruins of four cities, each of which had evidently been destroyed by fire.

Eclipses.

Eclipses both of the sun and moon have been of great value in chronology. Thus, for instance, a great battle between the Medes and Lydians, during which a total eclipse of the sun occurred, is fixed by that fact as in the year 610 B. C.

Fellowship of Dogs

I have seen a few wretches in my day; but I never saw one so utterly lost to decency that he could not be battered by the friendly attentions of a strange dog, says a writer in the Culturist.

There is some hope for the man who is capable of feeling ashamed in the presence of an honorable dog. That man has avenues open to him for advancement. His soul is still fit for expansion. His brain is something more than a dried nut. His heart has not turned entirely into a thing of rubber and valves.

For my own part, I have learned a great deal from dogs. If I am natural they set me the example in early childhood. If I am faithful to a friend through his disgrace and disaster, I cannot deny that dog revealed the nobility of character to me for the first time in my life.

Scaly Skin Diseases

Eczema, Salt Rheum, Tetter, etc.—yield quickly to the healing power of Mira Ointment.

Isle of Entente Cordiale

A red granite rock lapped by warm seas. A coast line, stern, rugged, and menacing, holding dominion over its min-

Such is Jersey! In these winter days when men shiver against wind and wrap their bodies tighter around them, the Gulf Stream gives Jersey soft winds and balmy air, fields already flourishing in new foliage, crops peeping from the ground and trees flourishing and blooming in semi-tropical luxuriance.

It is difficult to realize that this place is only a night's journey from London. All around speaks of a different life, a life no more French than English, but possessing a distinctiveness of its own.

Nor must the stranger imagine that Jersey is in any way subject to England. It is true that the Duke of Normandy, who changed to be overlord of the island, conquered England. But, as your Jersey man argues with invincible logic, the conquest of England by their ruler

did not make England conqueror of them, but rather the reverse.

The Parliament of England has no authority in Jersey, although the King through his Privy Council has Jersey as home rule in the most absolute form, guaranteed by many kings as reward for her great services to the Empire in the past.

Personal services takes the place of costly taxation. The able-bodied man has to qualify himself to bear arms, by what is practically a system of compulsory volunteering in the Militia, being liable from sixteen to sixty.

There are no very rich men on the island, but equally there are no very poor, and the workhouse is unknown.

Money goes further. The retired Anglo-Indian finds that £250 a year goes as far as £400 does in England. With a population of only 55,000, the local savings bank boasts deposits reaching £386,000.

This place was made for the holiday-maker tired of strenuous life. Great coves and sheltered inlets invite you to bathe. The fellow is a little surprised at himself and not a little flattered. If a noble dog shows him marked favor he becomes stuck up almost immediately.

For my own part, I have learned a great deal from dogs. If I am natural they set me the example in early childhood.

Normal.—Loud and strong, and the nature of a scream; baby gets red in the face with it.

Pain.—Usually strong and sharp, but not generally continuous; it is accompanied by contortions of the features, drawing up of the legs and other symptoms of distress.

Temper.—Loud and strong and usually violent; accompanied by kicking and stiffening of the body.

Hunger.—Usually a continuous, fretful cry, rarely strong and lusty.

CONSTIPATION AND HEADACHE

BILEANS A CERTAIN CURE.

The above ailments frequently accompany each other. Indeed the first is the commonest known cause of the second. For both of them Bileans are a cure.

For the next three months it scarcely ceased. Then there came a nasty sickness in the morning, followed by dizziness and, occasionally, fainting during the day. I attended the Women's Hospital for months, after having advice from three doctors.

After trying everything I could get, and doctor's medicine and hospital treatment so long, with so poor result, I adopted a friend's advice—gave up everything else, and tried what Bileans could do for me.

There are no very rich men on the island, but equally there are no very poor, and the workhouse is unknown. Money goes further. The retired Anglo-Indian finds that £250 a year goes as far as £400 does in England.

For my own part, I have learned a great deal from dogs. If I am natural they set me the example in early childhood. If I am faithful to a friend through his disgrace and disaster, I cannot deny that dog revealed the nobility of character to me for the first time in my life.

Normal.—Loud and strong, and the nature of a scream; baby gets red in the face with it.

Pain.—Usually strong and sharp, but not generally continuous; it is accompanied by contortions of the features, drawing up of the legs and other symptoms of distress.

Temper.—Loud and strong and usually violent; accompanied by kicking and stiffening of the body.

Hunger.—Usually a continuous, fretful cry, rarely strong and lusty.

Official Tests of Holstein Cows.

Since last report fourteen cows and heifers have been admitted to the Canadian Holstein-Friesian Record of Merit on the strength of officially authenticated tests conducted under the direction and supervision of Prof. Dean of the Ontario Agricultural College.

For the next three months it scarcely ceased. Then there came a nasty sickness in the morning, followed by dizziness and, occasionally, fainting during the day. I attended the Women's Hospital for months, after having advice from three doctors.

THE SUNLIGHT WAY

RUB ON SUNLIGHT SOAP

LEAVE 30 TO 60 MINUTES

RINSE WELL

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the daintiest fabric or the hands, and the clothes will be perfectly white, woollens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals—indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

Equally good with hard or soft water.

YOUR MONEY REFUNDED by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

LEVER BROTHERS LIMITED, TORONTO

Diving for Sponges on Florida Coast.

The practicability of the method now being employed extensively in the sponge industry in procuring this product is no longer in doubt, and a large percentage of the Tarpon Springs vessels are changing from the old method of hooking to the new one of diving.

In order successfully to accomplish desired results with the diving method it was thought necessary to employ Greeks who are accustomed to the work, as it seemed doubtful whether many of those who have followed the hooking process would care to don the helmet and leaden shoes and pull sponge with from thirty to sixty feet of water overhead.

But recent experiments by a few have demonstrated that a little practice and confidence, together with good physical condition, are all that are needed to become a diver. Already a number of our native spongers have become proficient in this line and the probabilities are that in the near future a large percentage of the catch will be obtained in this manner.—Tarpon Springs News.

DR. LEROY'S FEMALE PILLS

A safe, sure and reliable monthly regulator. These Pills have been used in France for over fifty years, and found invaluable for the purpose designed, and are guaranteed by the makers. Sufferers should get the original. Price \$1.00 per box.

Sample of Senatorial Courtesy.

"You're a liar!" "I ain't." "You are." "So are you." "You're another." "I ain't." "Then we are both liars." "All right, let it go at that. Have a cigar."

Keep Minard's Liniment in the house.

How to Shoe Your Horse. The shoe should be nailed on firmly, with not over six nails, and these driven so that while they take a wide hold of the horn, they come out for clinching low down on the foot, thus minimizing the chances of pricking the sensitive portions, and also enabling the nail holes to quickly grow down and disappear.

Minard's Liniment Co., Limited. Gents.—I have used your MINARD'S LINIMENT in my family and also in my stables for years and consider it the best medicine obtainable.

Yours truly, ALFRED ROCHAV, Proprietor Roxton Pond Hotel and Livery Stables.

How Germany Curbs Automobiles. The German Government's proposed way of punishing automobilists who run down the people of the countryside is worth considering. Embodied in a bill is the scheme obliging automobilists to pay life annuities to those dependent on persons killed by their motor cars or to those permanently injured by them.

Flowers That Will Not Mix. A Broadway florist who had just received an order for table decorations called up the customer in haste. "Say," he said, "those bouquets and centrepieces won't last at all through the dinner. You've mixed roses and mignonette, and those two flowers simply won't hitch. You'd better let me carry out the designs to suit myself." The customer at the other end of the wire evidently agreed to the suggestion, for the florist hung up the receiver with a satisfied air.

Not Tobacco Smoke. The aldermen are getting busy over the smoke nuisance, but the smoke still continues to spread over the aldermen and their docile constituents.

He was in bed and told his man to mix him some whiskey and hot water. "Here's your grog, sir, but I'm afraid it's not warm enough." "How do you know? Have you tasted it?" "I wouldn't take such a liberty, sir. I only just dipped my finger in the glass."—Sporting Times.

Ask for Minard's and take no other. Sir Henry Campbell-Bannerman becomes Prime Minister at an age exceeded only by one Premier of modern times—Lord Palmerston—who was 71 when he attained the leading place in the Government. Disraeli comes next. He was 64 when he became Prime Minister for the first time. Gladstone was 59. Lord Salisbury 55. Mr. Balfour 54, and Lord Rosebery 46.

Revised Proverbs. It's a wise son who knows when to ask his father for money. The best policy is paid-up life insurance. A lawsuit is the thief of time. A dollar in hand is worth two loaned to a friend. Do a man to-day; he'll do you to-morrow. It is folly to be wise to all you see. Where there's a will there's a feast for lawyers. It is never too late to love or go home. Where there's a will there's a feast for yourself if you don't know how. Go slow and get left. When the cat is away the night is quiet. A friend in need is a friend to steer shy of. An honest man's word is as good as his bond, when you've nothing to lose. Don't look before leaping when an automobile comes scorching your way. —Lippincott's Magazine.

Make a minister a present of a horse and sleigh and he is human enough to pray for snow.

MASSACRE OF JEWS

Follows Throwing of Bomb by Anarchists.

The Military Unable to Repress Rioters.

Crowd of Jews Fled to Railroad Station Pursued by Mob.

Bialistok, Russia, June 18.—A Jewish Anarchist threw a bomb among the Corpus Christi procession, which was in progress here to-day, and killed or wounded many persons.

The bomb was thrown from the balcony of a house in Alexandrov street. A Russian clergyman named Fedoroff was among the killed by the explosion. After the explosion the Jews began to flee with revolvers from the windows of the house into the crowd.

Outbreak Deliberately Planned. The signal for the outbreak, which was apparently deliberately planned, perhaps a counter-stroke for the murder of Chief of Police Derkatchief on June 10, was attributed to Jewish Bundists, and is given as the explanation of the explosion of a bomb during a religious procession.

Finally the military interfered, but according to advices received here without being able to restore order. Reinforcements had been rushed to Bialistok from Grodno.

St. Petersburg, June 18.—The press is unanimous in its profound pessimism over yesterday's events in the Lower House of Parliament. The situation is strained to the breaking point.

HACKETT'S DEFENCE. A Montreal, Que., special despatch: All the Crown evidence is now in, in the Hackett case, and the defence opened this forenoon.

FIRE AT BRANTFORD. Mr. and Mrs. Butt Imprisoned in Burning House. Brantford despatch: Incendiaries were operating in Brantford about 4 o'clock this morning.

DROWNED IN A DRAIN. Infant Son of a St. Simon Range Farmer Loses His Life. Ste. Madeline, Que., June 18.—Jean Baptiste, the nineteen months' old son of Charles Messier, a farmer of St. Simon Range, was drowned yesterday in a roadside drain.

FOR HIS HEALTH. No Political Significance in Pope's Projected Trip. Rome, June 18.—The Observatore Cattolico, of Milan, the leading authoritative organ of the Vatican, commenting upon the usual rumors that the Pope intends to spend the summer months at Castel Gandolfo, affirms that if the Pope actually does leave the Vat-

ican and goes to his country seat at Castel Gandolfo, which is also Papal territory, the fact will not constitute a renunciation of the rights of Rome nor an acceptance of the Kingdom of Italy.

STUART GUILTY. PERPETRATED MURDEROUS ASSAULT ON SYDENHAM FARMER. Fired Three Shots at Man, One of Which Shattered Eyeball and Leaves Sight Permanently Affected—Admits Robbing T. E. Vanstone's Store.

Owen Sound despatch: At 11 o'clock to-night, after having been out almost an hour, the jury brought in a verdict of guilty in the case against Albert Stuart, who was charged with wounding Mr. James Morrison by means of a revolver while he was on his way home from here on the night of the 21st of February last.

Prayed Daily to Patron Saint for Husband's Recovery. New York, June 18.—According to the World, Rassealle Dellacore, a native of Sicily, was taken ill with rheumatism in his home in this city a year ago.

PROMISE FULFILLED. SALVATION ARMY COMPLETES TRANSFER OF 10,000. Party of 1,400 Emigrants Sailed Yesterday for Canada Under Salvation Army Auspices—Earl Grey's Message.

THE IRISH PROTEST. Postmaster-General Against Abandonment of Moville. London, June 18.—To an Irish deputation to-day the Postmaster-General gave a sympathetic reply to a protest against the abandoning of Moville by the Allan Line.

WOMAN BURNED TO DEATH. Ran Into Blazing Shed to Get Water to Fight Flames. A St. Stephen, N. B., despatch: A fatality occurred here this morning in a fire which destroyed the farmhouses of Joseph McLay.

BISHOP OF OREGON. FORMER TORONTO CLERGYMAN ELECTED TO THE POSITION. Chicago, June 18.—Rev. Charles Scadding, of Lagrange, Ill., who was elected Bishop of the Protestant Episcopal Diocese of Oregon last night, was seen at his residence in Lagrange early to-day.

BAMBATAA KILLED. LEADER OF NATAL UPRISING FELL IN BATTLE. Durban, Natal, June 14.—It is now definitely known that the rebel chief, Bambataa, the cause of all the recent trouble, was killed in the fighting which occurred June 10.

LIMITATION OF ARMAMENTS. Italy Will Support Initiative Taken by Great Britain. Rome, June 18.—In reply to a question in the Chamber of Deputies to-day, Signor Tittoni, Minister of Foreign Affairs, said that although it would be madness for Italy to disarm amid powerfully armed Europe.

BIG ORDER FOR RAILS. Grand Trunk Pacific Buys Whit It Wants in Canada. Montreal, June 18.—The Dominion Iron & Steel Company have just received an order for 150,000 tons of steel rails from the Grand Trunk Pacific Railway Company.

BOMB KILLED THIRTY-THREE. Result of Attempt at Assassination of King Alfonso. Madrid, June 18.—An official report states that 33 deaths resulted from the throwing of a bomb by the Anarchist Moral on the occasion of King Alfonso's wedding.

DID THE SHIP'S CREW PERISH?

Gasoline Schooner on Fire Off Destruction Island.

Seattle, Wash., June 18.—The gasoline schooner Argus is burning 35 miles off Destruction Island, and, according to Capt. G. E. Bridgett, of the steamer Asuncion, a Pacific Oil Company's line steamer, it is unlikely the crew will ever be heard from.

A WOMAN'S PIOUS VOW.

Prayed Daily to Patron Saint for Husband's Recovery.

New York, June 18.—According to the World, Rassealle Dellacore, a native of Sicily, was taken ill with rheumatism in his home in this city a year ago.

NEWS IN BRIEF

CANADIAN. The net profits of the Temiskaming Railway for the four months ending with April were \$61,981.84.

Rev. E. W. R. Beal was the choice of St. Luke's congregation for rector, the resignation of Ven. Archdeacon Langtry being accepted.

One thousand applications from teachers in the old countries desiring to study in Canada and the United States have been received.

The Parks and Galleries Committee of the Corporation of Glasgow have declined to loan Whistler's "Carlyle" for the Toronto Exhibition.

Members of St. Paul's and St. James' Anglican Churches in Brantford, have extended an invitation to Rev. W. H. Norwood, of Norwich, to become their rector.

The Brantford City Council, in view of the manner in which foreigners are crowded together, will pass a by-law providing that not more than two persons shall live in one room.

A very rich find has been reported from lot 1, concession 4, township of Coleman, Cobalt. The discovery was made by Andy Devine, a few days ago, but the matter was kept quiet until the inspector saw and passed the claim.

The resignation of Venerable Archdeacon Langtry will be accepted at the vestry meeting at St. Luke's Church, Toronto, to-night, and his successor may be appointed. The vestry will vote Archdeacon Langtry a retiring allowance. All the church officers will be elected.

The route of the Canadian Northern Railway Company's James Bay line from the city limits of Toronto to the Union Station has been practically settled. The company will have an independent line down the west side of the Don.

The city of Toronto and the Province have each received a check for \$400,000 from Mr. W. L. Purvis, Chief License Inspector, being the first distribution of license money for this year. A balance from 1905-06 has also been wiped out, the city receiving \$1,133.99 and the Province \$2,433.99.

Madam Sarah Bernhardt sailed from New York to-day for Paris on the steamship La Touraine. Baron Kempenhausen, was murdered and the Baroness slightly wounded by a servant at Riga, Russia. The murderer committed suicide when he was arrested.

It is understood that the contract for 65,000 tons of steel rails for the Transcontinental Railway will be divided between the Dominion Iron & Steel Company and the Algoma Steel Company.

A duel with swords was fought yesterday on the outskirts of Lisbon, between Dr. Casado, proprietor and editor of the Epoca, and Gen. Baracho, honorary aide-de-camp to the King. Each combatant was wounded in the forearm.

HOW DOES A MOSQUITO BITE YOU?

She Carries a Set of Lancets, and Her "Bite" is in Reality a Surgical Operation.

Perhaps up to this time you have been content to be bitten by Miss Mosquito—for only the female mosquito bites—and have never taken the trouble to find out how she does it. Sketch No. 1 will show you how the mosquito's head looks when greatly magnified. A to E are four sharp lancets.

Upon settling on your skin, Miss Mosquito brings these lancets into one close bunch and presses their united points through your skin. Then she pulls out the lancets, puts in her proboscis, or trunk (D), and sucks up the blood. Not content with that, she inserts a drop of an irritating fluid, and it is this that causes the itching and itching.

Therefore, that every mosquito bite is in reality a small cut, and that into every drop of your blood is injected a drop of a poisonous fluid. Here is just what the value of Zam-Buk is easily demonstrated. Zam-Buk is not only a healing balm, which soothes, closes up and heals cuts, wounds, etc., in a remarkably short time; but it is also an antiseptic. Why harm may poison in a wound do? It is well known that mosquitoes spread fever by injecting their poison!

Zam-Buk is good for insect stings, but it is good in a far wider sense. It prevents harm arising from poison in any wound, not only in the bites or stings of insects. After a long series of experiments, testing the effects of Zam-Buk on harmful and poisonous bacteria and disease germs, Mr. W. Lancelotti, the noted analyst, reported that "the antiseptic and bactericidal powers of Zam-Buk exceed those of the caustic carbolic acid of commerce." This is what that means! Everybody knows that crude carbolic acid will kill every disease germ with which it is brought in contact. But nobody would dream of putting this powerful irritant on to a wound or sore.

Yes! Zam-Buk has more power to kill germs than this highly caustic substance, and still it can be applied to wounds, ulcers, bites, stings and skin diseases, and injuries of all kinds. When so applied it soothes the pain, while its antiseptic powers are in full operation. It stimulates the cells immediately under the epidermis and builds up new, healthy skin. It combines germ-killing power of the highest order with soothing and healing. While being one of the most powerful antiseptics yet discovered, it is so mild and so soothing that the skin of a newly born babe is benefited by its application.

My baby had a rash on the skin some- PROVINCIAL POLICE. THE QUESTION SAID TO BE UNDER CONSIDERATION NOW. Would Be Properly Paid and Organized and Work in Conjunction With the Staff of Inspectors—Rumors of a Reorganization.

Toronto despatch: Rumors regarding the reorganization of the Provincial detective force have been revived since the death of Inspector Murray. So far as can be ascertained, there seems to be little foundation for stories to the effect that the force is to be considerably increased and the whole working system reorganized. It was reported in apparently well-informed quarters yesterday that the intention of the Government is to add only one man to the existing staff, consisting of Inspectors Joseph E. Rogers and William Greer, and that he will not be selected from any of the many gentlemen who have lately been mentioned.

A real difficulty in the administration of justice lies, however, in the lack of a carefully-selected and properly paid Provincial police. It has been suggested, and it is said that the Government is giving the idea serious consideration, that a carefully-selected and adequately-paid Provincial police force should be maintained, with at least one man in every county, and in some of the larger counties more, as well as those now in the unorganized districts on the frontier. Such a force, acting in conjunction with the Provincial inspectors, would, it is urged, be invaluable in checking crime, as well as in capturing many criminals who now escape.

IRISH LABORERS' COTTAGES. Parliament Authorizes Loan of \$22,500,000 for Their Erection. London, June 18.—The Irish Laborers' Cottage bill passed its second reading in the House of Commons yesterday.

The Irish Laborers' Cottages bill, introduced in the House of Commons on May 28 by Mr. James Bryce, Chief Secretary for Ireland, authorizes a loan of \$22,500,000 to provide for laborers' cottages in Ireland. Mr. Bryce estimated the cost of a cottage at \$850, so that between 25,000 and 30,000 will be erected.

FOUND BODY IN OLD WELL.

Searching for the Murderer of an Aged Basket Maker.

New Canada, Conn., June 18.—A number of deputy sheriffs and detectives to-day started out on a hunt for the murderer of Zelik Dann, the aged basket maker, whose mutilated body was found in an old well on his place yesterday. It is said that a man living in this town is under suspicion of having murdered Dann, and he will be watched closely. Certain facts which the county authorities have learned since the finding of the body point to this man as knowing something about the death of Dann, but whether there will be an arrest to-day is not known.

PRENTICE BOYS. Officers Elected at Grand Lodge Meeting in Stella. A Kingston, Ont., despatch: The Grand Lodge of Prentice Boys met in Stella and was largely attended by members from the surrounding district. The result of the election of officers was: Grand Master, Robert Marshall, Stella; Deputy Grand Master, J. Warren, Belleville; Junior Deputy Grand Master, R. Maintrick, Toronto; Grand Chaplain, P. G. Wilmot, Kingston; Grand Secretary, C. O. Buchanan, Belleville; Assistant Grand Secretary, J. Cole, Belleville; Grand Treasurer, John Sands, Kingston; Grand Director of Ceremonies, William Cockade, Kingston; Grand Tyler, William Weese, Belleville; Deputy Grand for District No. 1, George Zeller, Kingston; Deputy Grand for Addington, No. 6, Ezra Lutz, Oro.

Theremaining Deputy Grand for the several districts will be appointed by the Grand Master. It was also decided that the next annual Grand Lodge meeting would be held in Kingston.

VICTIM OF A TRAMP. Deaf and Dumb Youth of Dereham Relates Strange Experience. A St. Thomas, Ont., despatch: Charles French, deaf and dumb, who was missing from his home on the seventh concession of Dereham from Sunday morning until Monday afternoon, tells a remarkable story. He claims that while strolling through the woods on the farm of his father he was seized by a tramp. Two dollars which he had in his pocket were taken from him and he was led by a strap, and led through the woods to within a short distance of Courtland. Here he was tied to a tree and left to free himself. After a considerable time he managed to free himself, and, not knowing where he was, walked until he struck Tilsonburg, and then continued on home. He was without food all the time from Sunday noon until Monday afternoon. The distance he claims to have walked is about 30 miles.

Mosquito's head highly magnified.

Caustic (A), and one of his saw-like jaws (B), with which he saws through the skin to suck the blood.

Zam-Buk is good for insect stings, but it is good in a far wider sense. It prevents harm arising from poison in any wound, not only in the bites or stings of insects. After a long series of experiments, testing the effects of Zam-Buk on harmful and poisonous bacteria and disease germs, Mr. W. Lancelotti, the noted analyst, reported that "the antiseptic and bactericidal powers of Zam-Buk exceed those of the caustic carbolic acid of commerce." This is what that means! Everybody knows that crude carbolic acid will kill every disease germ with which it is brought in contact. But nobody would dream of putting this powerful irritant on to a wound or sore.

Yes! Zam-Buk has more power to kill germs than this highly caustic substance, and still it can be applied to wounds, ulcers, bites, stings and skin diseases, and injuries of all kinds. When so applied it soothes the pain, while its antiseptic powers are in full operation. It stimulates the cells immediately under the epidermis and builds up new, healthy skin. It combines germ-killing power of the highest order with soothing and healing. While being one of the most powerful antiseptics yet discovered, it is so mild and so soothing that the skin of a newly born babe is benefited by its application.

My baby had a rash on the skin some- PROVINCIAL POLICE. THE QUESTION SAID TO BE UNDER CONSIDERATION NOW. Would Be Properly Paid and Organized and Work in Conjunction With the Staff of Inspectors—Rumors of a Reorganization.

Toronto despatch: Rumors regarding the reorganization of the Provincial detective force have been revived since the death of Inspector Murray. So far as can be ascertained, there seems to be little foundation for stories to the effect that the force is to be considerably increased and the whole working system reorganized. It was reported in apparently well-informed quarters yesterday that the intention of the Government is to add only one man to the existing staff, consisting of Inspectors Joseph E. Rogers and William Greer, and that he will not be selected from any of the many gentlemen who have lately been mentioned.

A real difficulty in the administration of justice lies, however, in the lack of a carefully-selected and properly paid Provincial police. It has been suggested, and it is said that the Government is giving the idea serious consideration, that a carefully-selected and adequately-paid Provincial police force should be maintained, with at least one man in every county, and in some of the larger counties more, as well as those now in the unorganized districts on the frontier. Such a force, acting in conjunction with the Provincial inspectors, would, it is urged, be invaluable in checking crime, as well as in capturing many criminals who now escape.

IRISH LABORERS' COTTAGES. Parliament Authorizes Loan of \$22,500,000 for Their Erection. London, June 18.—The Irish Laborers' Cottage bill passed its second reading in the House of Commons yesterday.

Repairing Watches Here
receives the careful attention and experience it deserves.

No matter how delicate or expensive a movement you have, you can leave it to be repaired or cleaned, with the full assurance that it will be done in the most skillful manner possible.

LOCAL ITEMS

Mr. W. H. Moulton left this week for Reston, Man.

Lawn social next Wednesday evening—Rectory grounds.

See National Fence Co. adv't—first page.

Rev. S. S. and Mrs. Lindsay of Gananoque are in Athens this week.

Mrs. Present of Guelph is writing at the home of her daughter, Mrs. (Rev.) I. N. Beckstedt.

For Sale—New top buggy, second hand and open buggy, and several clothes reels.—Mrs. J. A. Rappell.

Mr. and Mrs. Andrew Hagerman and child are visiting at the home of the former's parents Wellington st.

Miss Addie Hunt was last week a guest of Mrs. E. S. Clow at Idle White, Charleston Lake.

Mrs. G. F. Blackwell and son of Lindsay are visitors at the home of Mr. and Mrs. Irwin Wiltsa.

Mrs. G. W. Beach, Mrs. C. C. Slack, Mrs. I. C. Alguire and Master Keith McLaughlin spent Sunday in Montreal.

Last week Miss Mamie McKinnon returned to her home in Arnprior after a successful season in Mrs. Rose's millinery store.

On Thursday Mrs. John Preston died at her home near Sheldon's Corners, after an illness of several weeks, aged 27 years.

By resolution of the council, the ministers of all denominations in Elizabethtown are exempt from statute labor tax for 1906.

J. A. Stewart of Perth, was re-elected by acclamation high chief ranger of the Canadian Order of Foresters.

Mrs. W. Poole and son of Poole's Resort is spending a few days in Athens at the home of her parents, Mr. and Mrs. Joseph Jones.

Mrs. S. Knowlton and daughter, Miss Ida, of Chantry, spent Saturday and Sunday with friends in Athens, guests of Mr. and Mrs. N. K. Benedict.

Mr. and Mrs. E. W. Loverin of Greenbush, Mr. and Mrs. L. R. Cossitt and Mr. and Mrs. E. A. Geiger of Brockville went to Wolfe Lake, near Westport on Friday to help open the black bass fishing season on the 16th.

Rev. T. E. Burke, B. D., of South Mountain, was recently presented with a handsome fur-lined coat and his wife with a well filled purse of money by the members of the Methodist church there as a token of esteem of their services.

Talk about the Whitney government using the axe! This is the way the Times puts it: "D. B. Jones, for many years clerk of the division court, will be permitted to retire in a few days in favor of his successor I. J. Mansell." "Permitted to retire" is good.

A summer session of the teachers will be held in the Ottawa Normal School from July 3rd to 21st both days inclusive. Four courses are offered, viz:—1, Nature Study; 2, Manual Training; 3, Drawing; 4, Domestic Science. Students may take from one to three of these courses.

The counties council is in session at Brockville this week. The principal business of the meeting will be the equalization of the assessment rolls. Perhaps some scheme for freeing toll roads will be presented, but this is not likely. Warden Alguire's excursion per steamer Brockville takes place on Thursday, and as he has very kindly included the ladies as well as the counties councillors in his invitation, an exceptionally pleasant time is anticipated.

On Saturday afternoon the catechumen class of Miss Belle Wiltsa and a number of their friends held a delightful picnic on the lawn of the Methodist church. The children are loyal to their class, and 46 of them responded to Miss Wiltsa's invitation to join in the picnic. Seventeen ladies manifested their appreciation of the teacher's labor of love by attending and assisting in serving luncheon. Swings were erected and these were kept in motion all afternoon. Not the slightest jar or mishap occurred to mar the pleasure of the party, and the picnic will have only pleasant memories for all who attended it.

The verdict at the Lansdowne inquest was as follows:—"That the said Henry Allen came to his death at Lansdowne on the 13th day of December 1905, through poisoning, whether taken as a food or administered by parties with malice aforethought we are not able to determine from the evidence presented to us thus far, believing it points more strongly to the latter." It is said to be taken against Mrs. Allen and the man O'Connor, who have been under surveillance for several weeks, on suspicion of having caused Allen's death by administering poison.

Mr. Sidney Crummy of Boston called on friends in Athens on Tuesday.

Miss Jessie Taplin returned home from McGill, Montreal, on Tuesday.

Miss Bertie Reynolds of Toronto and Miss Marguerite Taplin of Ottawa are guests of Mrs. J. H. Ackland.

The Presbyterian general assembly in session at London, Ont., voted 179 to 22 in favor of church union.

Mr. S. Manhardt left on Monday for Rockcliffe camp, Ottawa, where he will play in the band of the 56th.

Members of Court Glen Buell I.O.F. will attend divine service at New Dublin at 2.30 p.m. on Sunday next. Visitors welcome.

The members of Athens lodge of A. F. and A. M. attend divine service in the Methodist church on Sunday morning next.

The exact ingredients of every patent medicine sold in Minnesota is to be published by the dairy and food department of that state.

The Presbyterian general assembly has entered a protest against exemptions being made in the Lord's Day Act for Jews or any other religions.

The June bride will find at the store of T. G. Stevens every requisite for the up-to-date furnishing of her home. See adv't.

Mrs. William Keyes and Miss Mildred Kelly of Lisbon, N.Y., are visiting at the home of the latter's grandparents, Mr. and Mrs. A. W. Kelly.

The Rev. L. M. Weeks has the following appointments for next Lord's Day, 24th: Plum Hollow at 10.30; residence of Mr. Ephraim Masvety at 2.30; Athens at 7.30.

Mrs. N. L. Massey, Mrs. E. S. Clow, Mr. and Mrs. T. S. Kendrick, and Rev. S. J. and Mrs. Hughes are this week attending the Torrey-Alexander meetings at Ottawa.

The annual picnic of Christ Church S. S. will be held on Saturday next 23rd to Beverly Park. Price of tickets, adults, 30c; children 10c. Children are asked to be at the station at 10.30.

The total number of cheese factories in the Eastern district of Ontario is 640 and 28,231 patrons supplied milk to these factories. Twenty-four new factories were erected during the year at a cost of \$100,441.

The popular evening excursions run over the B.W. & N.W. Ry. last season was inaugurated for this season on Saturday, June 16th, when an excursion was run from all stations to Ogdensburg. A full orchestra accompanied the boat from Brockville.

Two picnic parties of young people from Greenbush and Frankville had a very pleasant time at Charleston on Friday, returning to Athens in the early evening. While two of the Frankville rigs were on Henry street, a resident of Athens drove into one of them, badly wrecking it, and touched the other rig hard enough to remove the rings from the hubs. Henry street is narrow, and people with wide ideas as to the rights of the road should, after dark, traverse it very carefully.

On the evening of Wednesday next, the Ladies' Aid of Christ church will hold a strawberry social on the grounds of the Rectory, Athens. This annual event, from its inception a few years ago, has met with marked success and has increased in popularity. The ladies of Christ Church have proved in pleasing way their ability to entertain, and a thoroughly enjoyable evening may be anticipated. A good programme of music is being prepared with addresses from neighboring clergy. Admission, 25 and 15c. Remember the date—Wednesday evening next.

The verdict at the Lansdowne inquest was as follows:—"That the said Henry Allen came to his death at Lansdowne on the 13th day of December 1905, through poisoning, whether taken as a food or administered by parties with malice aforethought we are not able to determine from the evidence presented to us thus far, believing it points more strongly to the latter." It is said to be taken against Mrs. Allen and the man O'Connor, who have been under surveillance for several weeks, on suspicion of having caused Allen's death by administering poison.

On Sunday evening the congregation of the Methodist church had the pleasure of hearing a sermon by the Rev. B. B. Brown, of St. Henri, Montreal.

At its last meeting, Elizabethtown council granted \$10 to aid in constructing a telephone line at New Dublin. The farmers of Oakleaf and Plum Hollow overlooked their township councils when arranging for their telephone connections.

An unusually large number of dead shad are found in Charleston Lake this season. These fish have multiplied very rapidly since their first appearance a few years ago, and the reluctance of salmon to bite at the erstwhile effective lures is attributed to their presence.

Mr. C. L. Lamb was in Brockville, serving on the grand jury at the general sessions. The jury brought in a true bill against James Langley for indecent assault against Ethel Airey, a young girl (both of south Augusta). Langley was found guilty and sentenced to 18 months in the Central Prison.

The patriotic entertainment takes place on Friday evening—see outline programme on first page. The children have prepared a number of drills which promise to be very pleasing and especially good is expected in the oratorical contest.

The Torrey-Alexander meetings in Ottawa are a repetition of Toronto campaign—a crowded auditorium, inspiring singing, and thoughtful, earnest sermons. The evangelists have been very warmly received and the people generally are entering most heartily into the spirit of the services. Look for special excursion rates on the railways.

"Trials of speed" at fall fairs are permitted under the new act, but horse racing is forbidden. If the wise men of our legislature would clearly state just where "speeding" ends and "racing" begins, it would enable the unscrupulous fair managers to keep within the bounds. It looks like a distinction without a difference.

Under the new act, the \$70,000 voted by the Legislature for agricultural societies will be apportioned solely on the amount of money expended by each society for purely agricultural purposes, and in this the running expenses, salaries, attractions, etc., will not be included. The grant of next year will depend upon the expenditure of this.

The indications are now that the Brockville Old Boys' Reunion will be in every respect a success. The people of Athens have had many of their absent friends invited, and it is expected that a number of family reunions will result. We receive many inquiries as to railway rates, and as soon as possible the invitations sent out should be followed by fullest information possible touching this important matter.

W. R. Brown writing the Reporter from Seattle, Wash., says: "This is a big, nice place, growing very rapidly, but there is too much rain and too many fleas to suit me. You get used to the rain, and the fleas don't bother you much after two or three years—like the real estate men, they are contentedly looking for new-comers. I would like to go up to Seward, Alaska, and may do so, but think we shall have to return to Alberta some time this year."

Recorder: On Friday morning about 7.30 Arthur Bates, a young lad, an employee of the store department of the Smart works, was ascending on the elevator with a load of castings when the chain parted and elevator and boy were precipitated to the floor below. Bates, of course, remained on the elevator, but when it struck he was thrown about six feet. He was quickly picked up, removed to his home, and Dr. Jackson summoned, who after an examination conveyed him to St. Vincent de Paul Hospital.

The editor of a Kansas country paper has found a way of persuading the delinquent subscriber. It was quite accidental. He had borrowed a rifle recently and he started up the main street of the town to return the weapon to its owner. The delinquent subscribers got it into their heads that he was had started on the warpath and every one he met insisted on paying what he owed him. One man wiped out a debt of ten years' standing. On his return to his office he found a load of hay, fifteen bushels of corn, ten bushels of potatoes, a load of wood and a barrel of turnips that had been brought in. All the country editors are now trying to borrow Winchester.

The parlor meeting held at the home of Mrs. Arza Wiltsa on Wednesday evening for the promotion of W.C.T.U. work among the lumbermen was well attended, and the proceedings were both entertaining and instructive. Mrs. C. C. Slack ably presided over the formal part of the programme and gave an interesting address, explanatory of the work, and Mrs. Wm. Johnston, County President, also spoke along the same line, her remarks having particular reference to the object of the meeting. A guitar solo by Mrs. Geo. Derbyshire, a vocal solo by Mr. Fred Latham, and a reading by Mrs. Geo. Churchill were very much enjoyed. The visitors had brought liberal donations for the comfort bags and these will be prepared and shipped in due season to the lumber camps of the great north woods.

Rev. Frank Cornell of Newmarket is visiting old friends in Athens.

J. T. McNamara, stone mason, Morton, is open for engagement in any part of the county.

Mr. and Mrs. Dietriot and family of Montreal are guests of her parents Rev. and Mrs. Hughes.

M. H. Eyrer went to Ottawa last week to attend the Torrey Alexander meetings.

Mr. and Mrs. A. R. Brown's little boy, seriously ill for several days, is improving.

Mr. C. W. Hollingsworth, late of Bishop's Mills called on Athens friends this week.

Mr. P. P. Slack's progress towards recovery is very slow. He is still subject to attacks of weakness and feverishness that cause his attendants anxiety.

The Brotherhood of Locomotive Engineers and Firemen have made arrangements to hold their annual picnic on Wednesday June 27th, at Delta Park. A strong committee have the matter now in hand and already some very valuable prizes have been donated for the different athletic events. The 41st Regimental Band will furnish music.

Misses Aigy and Alice, daughters of Mr. and Mrs. Fred Barrington of Grand Forks, N.D., have been for several days guests at the home of Mr. and Mrs. T. G. Stevens. On Monday they were joined by their mother and two sisters, Misses Ethel and Hazel, who have been on a trip down the St. Lawrence.

Catarrh
is a constitutional disease originating in impure blood and requiring constitutional treatment acting through its radical and permanent cure. Be sure to take Hood's Sarsaparilla
Hood's Sarsaparilla, all druggists, \$1. Catarrhs, mail order only, 50 cts. For testimonials of remarkable cures send for our Book on Catarrh, No. 4. C. I. Hood Co., Lowell, Mass.

MASSACRE OF JEWS

Follows Throwing of Bomb by Anarchists.

The Military Unable to Repress Rioters.

Crowd of Jews Fled to Railroad Station Pursued by Mob.

Bialistock, Russia, June 18.—A Jewish Anarchist threw a bomb among the...

The bomb was thrown from the balcony of a house in Alexandrov street. A Russian clergyman named Fedoroff was among the killed by the explosion.

Outbreak Deliberately Planned. The signal for the outbreak, which was apparently deliberately planned, perhaps as a counterstroke for the murder of Chief of Police Derkatchief on June 10, was attributed to Jewish Bundists, and is given as the explanation of the explosion of a bomb during a religious procession.

Appeal to the Minister. Several members of Parliament to-night received messages from Jewish correspondents at Bialistock, declaring that the police apparently had given over the Hebrew population to slaughter and pillage.

St. Petersburg, June 18.—The press is unanimous in its profound pessimism over yesterday's events in the Lower House of Parliament. The situation is strained to the breaking point.

Postmaster-General Against Abandonment of Movable. London, June 18.—To an Irish deputa-tion to-day the Postmaster-General gave a sympathetic reply to a protest against the abandonment of Movable by the Allan Line.

HACKETT'S DEFENCE. WOMAN SAYS HE WAS HOME AT TIME OF MURDER.

A Montreal, Que., special despatch: All the Crown evidence is now in, in the Hackett case, and the defence opened this forenoon. Helen Greotorex was the first witness. She had been rooming in Hackett's house since December.

FIRE AT BRANTFORD. Mr. and Mrs. Butt Imprisoned in Burning House.

Brantford despatch: Incendiaries were operating in Brantford about 4 o'clock this morning. A blaze was started at the house of Mr. Butt, Northumberland street, inflammable material being ignited at the rear door.

DROWNED IN A DRAIN. Infant Son of a St. Simon Range Farmer Loses His Life.

St. Madeline, Que., June 18.—Jean Baptiste, the nineteen months' old son of Charles Messier, a farmer of St. Simon Range, was drowned yesterday in a roadside drain, which had been filled with recent heavy rains.

FOR HIS HEALTH. No Political Significance in Pope's Projected Trip.

Rome, June 18.—The Osservatore Cattolico, of Milan, the leading authoritative organ of the Vatican, commenting upon the usual rumors that the Pope intends to spend the summer months at Castel Gandolfo, affirms that the Pope actually does leave the Vat-

STUART GUILTY.

PERPETRATED MURDEROUS ASSAULT ON SYDENHAM FARMER.

Fired Three Shots at Man, One of Which Shattered Eyeball and Leaves Sight Permanently Affected—Admits Robbing T. E. Vanstone's Store.

Oven Sound despatch: At 11 o'clock to-night, after having been out almost an hour, the jury brought in a verdict of guilty in the case against Albert Stuart, who was charged with wounding Mr. James Morrison by means of a revolver while he was on his way home from here on the night of the 21st of February last.

Another point mentioned by Capt. Bridgett, which seems to indicate that the crew perished in an explosion, is that the lashings on the boat were not touched.

A WOMAN'S PIOUS VOW. Prayed Daily to Patron Saint for Husband's Recovery.

New York, June 18.—According to the World, Rinaldo Dellacore, a native of Sicily, was taken ill with rheumatism in his home in this city a year ago. His wife, Carmelo, prayed daily to her patron saint, St. Calogeri, and at last vowed to offer the largest candle ever manufactured should her husband recover.

PROMISE FULFILLED. SALVATION ARMY COMPLETES TRANSFER OF 10,000.

Party of 1,400 Emigrants Sailed Yesterday for Canada Under Salvation Army Auspices—Earl Grey's Message.

THE IRISH PROTEST. Postmaster-General Against Abandonment of Movable.

DID THE SHIP'S CREW PERISH?

Gasoline Schooner on Fire Off Destruction Island.

Seattle, Wash., June 18.—The gasoline schooner Argus is burning 33 miles off Destruction Island, and, according to Capt. G. E. Bridgett, of the steamer Argus, a Pacific Oil Company's line steamer, it is unlikely the crew will ever be heard from.

Another point mentioned by Capt. Bridgett, which seems to indicate that the crew perished in an explosion, is that the lashings on the boat were not touched.

A WOMAN'S PIOUS VOW. Prayed Daily to Patron Saint for Husband's Recovery.

New York, June 18.—According to the World, Rinaldo Dellacore, a native of Sicily, was taken ill with rheumatism in his home in this city a year ago. NEWS IN BRIEF

CANADIAN

The net profits of the Temiskaming Railway for the four months ending with April were \$61,981.84.

Rev. E. W. R. Beal was the choice of St. Luke's congregation for rector, the resignation of Ven. Archdeacon Langtry being accepted.

One thousand applications from teachers in the old countries desiring to study in Canada and the United States have been received.

The Parks and Galleries Committee of the Corporation of Glasgow have declined to loan Whistler's "Carlyle" for the Toronto Exhibition.

The city of Toronto and the Province have each received a check for \$40,000 from Mr. W. L. Purvis, Chief License Inspector, being the first distribution of license money for the year.

BRITISH AND FOREIGN.

Madam Sarah Bernhardt sailed from New York to-day for Paris on the steamship La Touraine.

Baron Kempenhausen, was murdered and the Baroness slightly wounded by a servant at Riga, Russia. The murderer committed suicide when he was arrested.

WOMAN BURNED TO DEATH. Ran Into Blazing Shed to Get Water to Fight Flames.

A St. Stephen, N. B., despatch: A fatality occurred here this morning in a fire which destroyed the farmhouses of Joseph McLeay.

BISHOP OF OREGON. FORMER TORONTO CLERGYMAN ELECTED TO THE POSITION.

Chicago, June 18.—Rev. Charles Scadding, of Lagrange, Ill., who was elected Bishop of the Protestant Episcopal Diocese of Oregon last night, was seen at his residence in Lagrange early to-day.

BIG ORDER FOR RAILS. Grand Trunk Pacific Buys What It Wants in Canada.

Montreal, June 18.—The Dominion Iron & Steel Company have just received an order for 150,000 tons of steel rails from the Grand Trunk Pacific Railway Company.

IRISH LABORERS' COTTAGES. Parliament Authorizes Loan of \$25,000 for Their Erection.

London, June 18.—The Irish Laborers' Cottage bill passed its second reading in the House of Commons yesterday.

HOW DOES A MOSQUITO BITE YOU?

She Carries a Set of Lancets, and Her "Bite" is in Reality a Surgical Operation.

Perhaps up to this time you have been content to be bitten by Miss Mosquito—for only the female mosquito bites—and have never taken the trouble to find out how she does it.

After a long series of experiments, testing the effects of Zam-Buk on harmful and poisonous bacteria and disease germs, Mr. W. Lassalle-Scott, the noted analyst, reported that "the antiseptic and bacteriocidal powers of Zam-Buk exceed those of the caustic carbolic acid of commerce."

BRITISH AND FOREIGN. Madam Sarah Bernhardt sailed from New York to-day for Paris on the steamship La Touraine.
