TORONTO, FRIDAY, JULY 21, 1876.

GLENGARRY. Ws understand that the writ for this county has been issued by the Speaker. The election must consequently take place at an early day. Mr. McNas, the uncested workers will use series in the place at an early day. Mr. McNAs, the unseated member, will run again in the Ministerial Free Trade interest, while, we believe, opposition to him will be offered in the person of Mr. Johns Mo-LENNAN, formerly of Montreal, but for soveral years a resident and large property-holder in the county. Mr. McLENNAN is said to be a strong man; and strongly Grit though Glengary has been in the past, he does not fear to measure swords with the MACKENSIE Party.

VOL. V. NO. 225.

TORONTO, FRIDAY, JULY 21, 1876.

The Meekly Mail

Edwin Booth will make Chicago his home. Massachusetts has diabanded her only militia company of negroes. A Califormia doctor lately broke his leg by trying to stamp on a tight boot. "An Omahog" is the way the Alia-Cali-formic speaks of a citizen of Omaha. /ornics speaks of a cjtizen of Omaha. Mr. W. H. Crane is to play in a specta-cular piece to be produced at Niblo's, New York, in August. The Liars' Club of Austin, Nevada, has adorand its rooms with hatchets and branches of cherry frees. The manufacture of the toughened glass imps and tumblers has begun on a small scale as Philadelphia.

Native quicksilver is said to have been discovered on the banks of the Mississippi a few miles below New Orleans. A three-year-old boy fell into an empty cistern in Kapsas City, broke his arm, and

### NAL AND AN TRUNDER MAR A FRANK AND -----THE WEEKLY MAIL: TORUNTO, FRIDAY, JULY 21, 1876.

Rettle back upon the range, with the lid half on, until the moisture has evaporated and the potations have grown dry and mealy. Then if you have a large quantity mash them with a potato-pestle; if only a few, beat there up with a stout iron or plated spoon. Add salt butter, and enough milk or crown to make them inch and smooth. He ware to beat them sufficiently be make them to make them all hight Nearly all 'cooks know theoretically that Nearly all 'cooks know theoretically that is in the right way to cook manded potato, but how maay dish up the delicions mixture that his method theroughly followed insures. The chief fault switch must of them is that the potstoes are not allowed to dry e trely before they are mashed. If aft dinner there is a quantity of mashed potas left, pack it tightly in a shallow dish, an

this way is

and stirred in until the mixture are delicious. Nothing is much

and stirred in until the mixture is thick, are delicious. Nothing is much more un-inviting than tomators cooked after the popular fashion-half a dozen half-cooked lumps awimming in, the weak, greasy liquor. But tomators in their perfection are raw. Choose large, perfect ripe ones, and pour boiling water over them to loosen the skins, pourng it off immediately. Feel them, out them in slices, and put them on ice or in the cellar to get cold before they are put on the table. Sprinkle the slices lightly with peper and salt. If very cold they are better simply dressed in this way than with rinegar. Eat thin, hot toast with them.

Treat Lima beans as you do peas. Cook

ously: without it they are "poor stuff." But do not in frying egy plant allow it to be soggy with grease. Let the shice he for several hours in water until the hittenness is outracted, then dry them, dip them in bat-ter, fry in fresh butter, and drain. They are not eatable when immersed in a quantity of hot lard.

thoroughly done. This slice them, and est them hot with butter on them. They are a housand times better this way than when mt up in vinegar. — Exchange. MISCELLANEOUS. We had much rather have an old cow oose in our garden than put it in charge of one of those non-pruning gardeners. — Woore's Rural, To think that everything was an idea in

, iry in fresh butter, and dram. They its not eatable when immersed in a quantity hot lard. When you boil beets be sure that they are

usey are better for summer breakfasts than the Saratoga potatoes, which are always more or less greasy, no matter how carefully they are cooked. That most delicious of vegetables, squash, is often spoiled by the same cause that makes potatoes unextable—the water in or over which it is cooked is not thoroughly dried out. Squash should be steamed, and the pixes, when they are done, must be squeezed in a coarse cloth until the vege-values is comparairely dry. Then beat it ap briskly, and season liberally with but ter, pepper, and salt. Don't allow squash to come to the table "mushy" and stringy. I to come to the table "mushy" and stringy. When you cook peas, leave a little of the siquor in which they are boiled in the pan, and season with butter, pepper, and salt, in spite of French cooks, peas are not nearly

thin with a

o good when dry as when

 which applied under the corruptionists in 1872-31 Instead of having done so, they expended for contingencies in that year an excess over the amount for 1872-30.
 The following cases serve to show
 We may jafk the service of the service where, if there were a tide of increase in the incidental expenses of the Depart-ment, it began to rise : THE London T grave import from the standard cur salaries paid and expressed. In the world silver has fallen nearly two compared with g is even greater, twenty-five per c India are com ing there, and th that formerly wo draft for one h will not now pur the prices of all England have rise ers must obtain creased to make up value of the curr customers pay. T customers pay. its remittances t is between eight is between eight a ling. Except the : to be the worst Anglo-Indian histo Here is an instan leasness of the power and duty ment to do someti-emplified. We he opium or rice crop duces this year as says in the redundancy of its virtue : "An honest critic will prove thas he, at all events, possesses a 'conscience' by, first, stating what is strictly and literally trna." It then says in reference to our articles and in a gene and in a genera on contingencies : "In the first place, it pretended to com pare the contingencies of 1872-3, the last whole year during which Sir John A. Mac-more during which Sir John A. Mac-first whole year that Mr. Mackennie was in power." <text><text><text>
