A number of friends helped Doris Buchner celebrate her 10th birthday on Monday evening. A large birthday cake with 10 candles was the centre of attraction. After a dainty lunch was served by Mrs. Buchner, the children enjoyed games and music until dusk, when they all departed for home, wishing Doris many more happy birthdays.

At a meeting on April 6th, the Kerwood Board of Trade took an active interest in the matter of routing the Sarnia to London Provincial Highway via the 4th line. A motion was carried endorsing this route and pledging co-operation with other municipalities interested in having the advantages placed before the Government authorities as early as possible and urging the designation of this route.

Today (Thursday) is the eighth anniversary of the day at Vimy. Thousands of returned men will look back on that morning—a grisly dawn across a desolation of crashing death the "undisciplined" Canadians took the Ridge that had sapped the strength of France in '15 and of the British in '16. Vimy Ridge cost Canada twenty thousand men in killed and wounded, among whom the following were from this district:—Died of wounds, Sergt. Clayton O. Fuller, Watford; Pte. Nichol MacLachlan, Brooke; Sergt. Gordon Riley Inwood; Wounded, Ross Annett, Watford; Albert Anderson, Inwood; A. D. McPhail, Alvinston.

Forest's tax rate was struck at 37 mills for this year—one mill less than last year.

Amherstburg and Harrow merchants take their weekly half holiday on Thursday.

Forest council intend to pave along King street from the present pavement to the Baptist church this year.

Dr. Septimus Thompson and Miss Rowena Gibson were quietly married in St. Paul's Cathedral, London, on Wednesday.

There will be no horse races at Alvinston Fall Fair this year, according to a resolution passed at a director's meeting last week.

Prof. Stolberg, noted Swedish scientist, says laughter is a hangover from the days when we lived in trees. "When man becomes sufficiently civilized," he adds, "he will stop laughing." Laugh that off.

The Prince of Wales is learning to play the banjo. The instrument is more easily mastered than one of the bucking bronchos on his Alberta ranch.

Amherstburg citizens are agitating for a weekly garbage collection, and possibly twice-a-week throughout the summer. The council is working out details for the plan. It is presumed a weekly service can be inaugurated at an approximate cost of 15 cents per household.

According to the Barbers' Journal American men spend \$750,000,000 a year in their barber shops, \$300,000,000 of which goes for facial massage and hair tonics. The male of the species spends about as much on beauty culture as the sex that is naturally endowed with it.

Easter music, Easter flowers, Easter sermons will feature the services in the Methodist church next Sunday. There will also be a reception of new members in the morning service. Any member of the congregation who has Easter lilies that they are willing to loan for decoration kindly notify Mrs. R. H. Stapleford or Mrs. W. H. Harper, and any person desiring to send a pot of lilies as a memorial of some departed friend kindly notify the same.

Prepare now for your spring painting. We can supply you with a paint that has been on the market for years. Sherwin-Williams. Just ask for S. W. P. and you are assured of a product of lasting quality.—J. R. McCormick.

Nichol McNeer has been placed on the pension list by the C.N.R., after 34 years service, and is now making his home in Camlachie. Mr. McNeer commenced working with the Grand Trunk on the Sutorville section in 1891, just as the St. Clair Tunnel was being completed, was later moved from there to Watford where he was foreman of the section for many years. Seven years ago he transferred from section foreman to Sarnia yard where he was on tower duty at the Plank Road crossing.

There will be service in Trinity Church on Good Friday evening at 7.45 p.m. and as is usual at this service there will be a special collection for missionary work among the Jews in Canada. On Easter Day there will be a celebration of Holy Communion at 8 a.m. and also at 9 a.m. Evensong at 7 p.m. Anthems will be rendered suitable to the occasion. On the following Sunday, April 19th, the anniversary of Trinity Church will be observed.

The Horticultural Society got away to a good start this week as the exceptionally fine weather provided an excellent opportunity to prepare flower beds, etc. for planting. Cement curbs have been erected on each side of Ontario street facing Federal Square, which will be a permanent improvement. The Standard Bank will maintain the north side bed and the Society the southern one. Shrubs have been planted at various places along Main street in the strip between the pavement and sidewalk.

President Stapleford and Secretary Collier, being ardent florists, make a "blooming" team and are devoting much of their time to the advancement of Watford's floral beauty.

I make myself a solemn vow that I will not make my declining years sour and disagreeable by always harking back to the good old days when young people were reverent, considerate, polite, gentlemanly, lady-like, sensible, religious and obedient. Whenever we did people talk like that we have forgotten the number of times our respected parents took us out into the woods and over their knees in an earnest attempt to pound some sort of decency into our depraved young natures.—Rev. Charles M. Sheldon, D.D.

## W. H. S. AGRICULTURALISTS AGAIN TAKE TO FIELDS FOR STUDY

On Friday afternoon last the Agriculture Class made their second instructive and interesting trip to various stock farms in Warwick.

The Class left Watford at 12.30 motoring to the farm of Mr. Wm. Jones, 2nd line north. Over eighty head of cattle were inspected, a large number of which were purebred Herefords.

They then proceeded to Mr. W. E. Parker's, Sarnia Gravel. Fine specimens of Shorthorn and Ayrshire cattle, Lincoln sheep, Yorkshire pigs and horses were viewed.

Mr. James Parker exhibited Hereford cattle among which was a Baby Beef being prepared for show in the fall. Across the road at the farm of Mr. J. Spalding the Class viewed a flock of purebred Shropshire sheep.

They next went to Mr. John Parker's 2nd line, where they were shown Oxford Down sheep. They examined large strawberry, raspberry and blackberry patches and received valuable hints in handling and care of same. After which they were entertained at tea by Mrs. Parker.

At Mr. E. Edwards, on the same line, Aberdeen Angus were examined in the well equipped stables. The Class were then shown through the up-to-date chicken house.

The last stopping place was at Mr. Gerald Robertson's where Shropshire sheep were viewed.

## EGG LAWS MUST BE ENFORCED

At a Division Court held in Watford this (Thursday) afternoon by magistrate C. S. Woodrow, S. Stapleford & Son, produce merchants of Watford, were charged in three instances with purchasing eggs from retail merchants in contravention with the legislation affecting the purchase of eggs.

Mr. Alfred Morrison, egg inspector for London district, stated that he had laid the information that the defendant, S. Stapleford & Son, had purchased 240 dozens of eggs from Robert Dudley, of Inwood, and 240 dozen from Joseph Bishop of Inwood, and had shipped without grading them. He also charged that they had purchased 420 dozen from Lyle Richardson, a Thedford merchant, on a flat rate, instead of a graded basis.

R. H. Stapleford, appearing for the firm, pleaded guilty to the first two charges, in explanation of which he would like to inform the court of the peculiar circumstances in connection therewith. Neither of the two merchants from whom he had purchased eggs had any facilities for grading at that time and on account of the impassability of the roads just at that time it was impossible to truck them back to Watford for grading.

He submitted that they had at all times co-operated as much as possible with the Dept. in complying with the regulations, but in a few instances such as this was almost impossible. He would plead guilty to the first two charges and not guilty to the third.

Hearing of the third charge then proceeded. Lyle L. Richardson, of Thedford, swore that Mr. S. Stapleford had paid him 27 cents per dozen for 420 dozens on the 28th March. He admitted that Mr. Stapleford agreed to pay him at that time at the rate of 27 cents and that he would take them home and grade them, and if they graded out better he would get the extra.

Mr. Stapleford submitted that this was not an unusual procedure with any produce company as the majority of small retail merchants could not afford to go so long without their money. In this particular instance, as was evidenced by the grading slip produced by the prosecution, the merchant had been overpaid nearly \$3.00.

Mr. Gray, of Sarnia, for the prosecution, contended this as a clear case of sale at a flat rate and the firm was thus evading the law.

Magistrate Woodrow declared he was not convinced of any wrongdoing in making a partial payment on eggs pending final settlement after grading, and subsequently dismissed the case.

On the first and second charges, however, he would make the fine a nominal one of \$12.50 each, or \$25 fine and \$11.90 costs, \$36.90 in total.

In giving his decisions, the Magistrate declared that the regulations regarding the buying and selling of eggs were not clearly understood by the majority of people as yet, but he

## WARWICK

Chas. A. Smith, of Warwick, has bought A. Gale's residence property on John street, Forest. Mr. Smith has had to give up farming for the present, owing to ill health. Mr. Gale has possession until about the first of June.

The marriage of Miss Adela Winnifred Mellor and James George Riggs, of Flint, Mich., took place at the home of the bride's sister, Mrs. George Brent, last Saturday afternoon in the presence of immediate relatives, Rev. S. Anderson of Forest, officiating. The bride wore a rust color georgette gown, with corsage bouquet of Ophelia roses. She was given away by her brother, Fred W. Mellor, of Detroit. During the signing of the register Miss Mildred Brent sang "The Crown." The bridegroom's gift to the bride was a necklace of pearls. They will reside in Flint.

Andrew Thompson, 2nd line, one of the oldest pioneers of the County died on Sunday last, in his 85th year. The funeral took place Tuesday afternoon to Bethel cemetery, Rev. A. R. Johnston conducting the service. The bearers were: Manford Thompson, Burton Campbell, Russell, Milton, Lloyd and Carman Hall, grandsons and nephews of the deceased. His wife died a number of years ago. He is survived by four sons and two daughters, viz.:—Wm., of Sarnia; George, 15 sideroad; Allan, on the homestead; Henry, 12 sideroad; Mrs. Wm. Walden, of London, and Mrs. Bell, living in Manitoba. One sister, Mrs. Gilbert Hall of London, also survives. Others who attended the funeral from a distance were Mr. Walden and Mr. Hall Mr. and Mrs. W. Ray and Chas. Hall of London.

The president, Mrs. H. A. McKenzie, presided at the regular meeting of Zion W. M. S. held at the home of Mrs. J. B. Parker, with an attendance of thirteen members and two visitors. Meeting opened by singing the Doxology and all repeating the Lord's Prayer. Minutes of last meeting were read and adopted, after which the following program was given. Mrs. Miner and Mrs. Tanner gave some interesting news from Japan and China. After the devotional leaflet which was given by Mrs. Jas. Parker, the following ladies engaged in short prayer, Mrs. W. E. Parker, Mrs. J. F. Parker, Mrs. R. C. Robertson and Mrs. J. B. Parker. Readings by Mrs. F. A. Wynne and Mrs. R. C. Robertson. The next meeting will be at the home of Mrs. H. A. McKenzie on April 16th. The Easter thank offering will be taken at this meeting.

In the course of a few days canvassers will visit the ratepayers of the following school sections for contributions to the special prize list of the school fair to be held at Arkona in the fall of 1925.—S. S. No. 6, Bosanquet; S. S. No. 16 and 20, Bosanquet and Warwick; S. S. No. 11, Warwick and the Arkona Public School. One hundred and twenty-five dollars amongst the seven schools gives a complete prize list. Last year our prize list was cut down on account of lack of funds. Let us make our fair a maximum prize list.—Sec.—Treas.

## Jailbird's Life Was Certainly a Very Happy One

Many Bottles of Gin and Whiskey Enjoyed by Prisoners in County Jail

Jail life may be irksome, but if all prisoners could have the experience of certain temporary guests in the Lambton county jail indicated by a story which came to light on Saturday, incarceration would have its compensations.

The disclosure of the theft of a quantity of liquor from the seized stocks held in the county jail pending disposition of O. T. A. cases came Saturday with the arraignment in Sarnia police court of Henry Quinn, Shamrock street, on a charge of stealing a quantity of liquor at the county jail. J. R. Donohue, counsel for Quinn reserved plea and election and requested an enlargement. The court acceded and fixed today (Thursday) as the date for trial. Bail was accepted.

The story disclosed by the charge against Quinn is to the effect that during the last month or so about 42 bottles of gin, 2 bottles of whiskey and numerous bottles of beer had been extracted from the cartons, the contents consumed and the empty bottles restored to the cases.

Entrance to the cell block in which the liquor was stored was gained through the ceiling, it was stated, and considerable ingenuity was evidenced in the process. Boards were removed from the ceiling and sub-ceiling sufficient to allow a man to descend and then, after the journey in to the liquor "den" the boards were replaced and held in place by door buttons which had apparently been picked up by one of the prisoners who had been working in the yard of the jail premises. Efforts had even been made to replace the dust.

Quinn was not the only one concerned in the theft, it is said, and a close check up is being made by jail officials and provincial police in an effort to ascertain just how many prisoners were concerned in the theft. The information against Quinn set out that the offence occurred between March 1 and 31, but the discovery was not made until last week.

**And Serve Thriving Urban Municipalities of Wyoming, Watford, Kerwood and Strathroy—Movement Should be Immediately Launched to Present Claims of These Municipalities to Government—Situation Clearly Outlined in Letter From Mr. S. Oakes of Strathroy.**

A question of great importance to the future welfare of Watford and the neighboring municipalities of Wyoming on the west and Kerwood and Strathroy on the east is opened up in a very timely letter from Mr. Sam Oakes of Strathroy. The case is very concisely put by Mr. Oakes, and should be followed up by energetic, concerted action on the part of all citizens and organizations, having these municipalities' interests at heart. A move should be made immediately to muster all civic forces, so that pressure may soon be brought to bear upon the government authorities with the hope that they will see the wisdom of designating a route for this highway which will serve the most people of this part of the province, and in the most logical and economical way. The proposed routing via the 4th line to Strathroy (if continued south through Mt. Brydges to Delaware) would save ten or twelve miles of expensive paving. We are led to believe that there is an opportunity now to present the claims of Wyoming, Watford, Strathroy and other municipalities, before this matter is finally settled by the Government. Let a general movement get under way as quickly as possible. Here is the letter:

Strathroy, March 31, 1925  
There is a matter which is vitally important to this district that I would like to bring to your attention and to the attention of your readers.

This is the route of the proposed new provincial highway from Sarnia to London. I understand the government is about ready to decide definitely on the route which this new paved road will take. This decision will have untold effects on this town, and the town should take every measure possible to lay before the government its interest in the matter.

There are two routes under consideration. The first is that of the Sarnia Gravel. The second is the Sarnia Gravel to Wyoming sideroad, then south along that sideroad to the vil-

lage, then east along the fourth line to Strathroy. From this point there is an alternative course. One is along the townline between Caradoc and Adelaide, striking the Sarnia Gravel east of Poplar Hill and following the gravel to London. The other is to turn south at Strathroy, via the Mt. Brydges road, until the present pavement is met at Delaware.

The first route via the Sarnia Gravel will sidetrack Strathroy, Watford and every other urban centre between Sarnia and London. Each town will be three miles from the pavement. The second route via the 4th line is on further and will touch every important place and pass right through Strathroy. The slightest consideration will emphasize the innumerable advantages to each of these places, of the second route. These advantages are so many and so important that I believe this town and the other municipalities along the way similarly effected, should join together to urge most strenuously upon the government to designate the 4th line as the new highway.

Any action along this line should be taken at once, before the government is committed definitely to any route.

Thanking you for the privilege of addressing you in this matter, I am,  
Yours truly,  
S. OAKES.

**OBSERVATIONS**

Spring weather is undoubtedly here but, like the western cold, is of the sort that is not felt—at least sufficiently to make one cease to shovel in the dusky diamonds, and hug the open grate.

One pleasing thought is that coal has taken a drop—the next question is how high it's going to bounce.

Spring is here—the summer magazines are all on the news stands and the youth and the maiden are hanging over the garden gate.

An old proverb says, "Beware her flattering line. there's sure to be a hook on the end of it."

Those who are looking forward to testing the new 4.4 beverage should be reminded that the first hundred beers are the hardest.

Church union bill seems to be in just as much of a muddle as ever despite the fact that Knox college has been finally disposed of.

Some Presbyterians think that the antis get the college and the unionists get the knocks.

Members of the Ontario house have raised their stipends—when they think of how past members of the legislature raised their bank accounts they must be surprised at their own moderation.

Spring is here—there's enchantment in the quiet of the wooded path beside a sparkling little brook which gently flows in lilting, bubbling curves, to hold sweet converse all the while, and whisper tender secrets which the lovely violet knows.

There's enchantment in the warbling of the birds that greets the dawn in a rhapsody of joy for one more day.

And there's enchantment when the stars at eventide hang as lanterns in the sky to light our way.

There's but one sorrowful note of this springtime season—"Jazz is threatening the highland fling and the saxophone is giving the bagpipes a fight for supremacy in Scotland. The rest of the world will try to remain neutral in the matter and merely hope that nobody tries to cross the two instruments.

**Some Father**

Threefreshmen at college were discussing the incomes of their fathers. One said: "My father writes a song in an evening and sells it for \$25."

The next countered: "My father writes a story in an evening and takes it down town the next morning and sells it for \$50."

"That's nothing," declared the third, "my father gets up in the pulpit on Sunday and talks for half an hour, and it takes twelve men to bring the money up to him."

Mary Ann, a buxom, rosy-cheeked girl from the country, visiting some friends in the city, volunteered to look after a neighbor's boys and girls while the woman attended a meeting. She bathed, brushed, combed and put to bed her charges. When the neighbor returned she asked:

"Well, my dear, how did you get along with the kids?"

"Not so badly," replied Mary Ann, "but I had an awful time with the oldest boy—the red-headed one. He—"

"The red-headed one!" shrieked the woman. "Why that is my husband."

Canada's first serious effort to make herself less dependent on coal from the United States will take almost dramatic form within a few weeks, when more than fifty trains of Alberta coal will move eastward into Ontario, to be sold to the householders of the province. None of it will be used for commercial purposes. An official announcement from the Ontario Government in regard to this development is expected soon. Perhaps even more important are the plans now nearing completion at Ottawa whereby it is hoped coking plants will be established in all the large centers across Canada with the Dominion government subsidies. These subsidies will be given the expectation that soft coal from Nova Scotia will be made into coke to compete with hard coal from the United States, and that many industries based upon the by-products of coked coal will be set up.

Watford Cemetery Board

The following officers were elected for the ensuing year at a meeting of the Cemetery Board held Tuesday evening, March 24th.

Chairman, Mr. W. H. Harper. Sec.-Treas., Mrs. F. W. Rogers. The gentlemen were appointed a committee to secure a caretaker and the ladies are a committee to arrange flower beds, etc.

Last summer a fence and gates were erected at a cost of over \$800, and the Board wish to thank all those who contributed so generously toward this work. Sabbath Day of the Old Boys' Reunion a beautiful Memorial Service was held at the cemetery. A very large crowd was in attendance and every grave was decorated. It is hoped to make this service of Remembrance an annual event.

"Squibographs"

Prospective queens of the May have only a few days left to prepare their coronation robes. It is a little early to plan picnic parties, but the ants and caterpillars are busy making a survey of prospective locations. The issue of liquor prescriptions by physicians in Ontario is now limited to one a day. A "scrip" a day is supposed to keep thirst away. Scientists in the East are anxious to locate the "mother lode" of the recent earth tremors. The centre of disturbance appears to be as elusive as the proverbial flea. Husbands might call the attention of their wives to the following Washington note: "President Coolidge is having his fedora hat reblocked for Easter." A Texas law requires the publication for three days of liquor prescriptions issued by doctors. This gives the patient ample time to "shake well before using." Colorado provides a rare evidence of the faith that moves mountains. A mountain peak in that state is reported to have shifted its base over a quarter of a mile. Under the new trade treaty Australian raisins promise to crowd the California product off the Canadian market. The grapevine is a climber but halts at a high tariff wall. Florida boasts that it is now the most popular winter resort on the continent. During the season just closed it entertained twenty-seven more millionaires than California. The average annual consumption of ice cream is estimated at about two and a half gallons per capita. Many small boys would undertake to consume this modest allowance in one sultry summer month. Farmers in an Ontario district have organized a "better bacon" club. The object is to develop a streak of lean and a streak of fat that will appeal to the eye as well as the palate. Manitoba bachelors are required to pay a surtax on the provincial income tax. It is contended that luxuries should bear the heavy burden of taxation. Grapefruit produced within the Empire may now be admitted to Canada free of duty. The squirt area of the juicy breakfast delicacy remains unchanged. To break patrons of the habit of adding up their bills on the tablecloths, some of the Paris restaurants provide blank paper pads. Waiters' tips may be deposited in the customary place. Not giving a hoot for the assembled wisdom an owl flew into the parliament buildings at Ottawa the other day. The wise old bird did not blink an eye as it gazed on the array of intellectuals in the national law factory. A "memory expert" in Los Angeles forgot that he had a wife and she had him arrested for desertion. The next time he gets married he should tie a string around his finger as a reminder. A London scientist is convinced that the human brain is keenest at the age of sixteen. This is the period when the average youth is satisfied that he knows more than "dad" and discards knickerbockers for "longs". Income tax collectors receive many caustic comments on the prying information called for by the returns. A woman taxpayer in an eastern city writes: "I send you the information you ask, but it is under protest. I consider it is merely an unnecessary elongation of the governmental process." FACTS ABOUT TEA SERIES—No. 2

## Tea Production Today

If the Chinese, who first discovered tea, had realized the possibilities of the trade and had studied the nature and requirements of the plant, China might still be the largest tea producing country. Centuries of neglect, however, stunted the growth and caused the quality to deteriorate. In the mountains of Ceylon and India, tea was found to flourish. Scientific methods of cultivation and manufacture were introduced with remarkable results. Now the finest tea grown in the world and by far the largest quantity comes from these countries. "SALADA" is mainly blended from flavoury India and Ceylon teas.

### ALVINSTON

The regular meeting of the Y.P.S. of Guthrie Presbyterian church was held recently and a very enjoyable program was presented by the "Buttercups" with the president, Mary Livingston, in charge of the meeting. The meeting opened with devotional exercises after which the business part was carried out. Effie McCallum then gave a very interesting paper which was much enjoyed, Mrs. B. Forbes and Mr. Bert Myers favored the audience with a piano instrumental, Miss Olive Lightfoot gave a reading and L. W. Baynton recited several humorous selections in his usual capable manner. Lunch was served after which a contest was held.

The A.Y.P.A. of St. John's church held their regular meeting in the parish hall on Wednesday evening. After the business part of the meeting was dispensed Rev. G. H. Whalen gave a well worded address which was much enjoyed. Several papers were given on the origin of hymns by Goldie Lucas, Helen Wallis and others, Mrs. B. McVicar rendered a vocal selection and Robert McLean played a saxophone solo after which a contest was staged and lunch served.

A very enjoyable evening was spent in the parish hall on Thursday evening when the C.G.I.T. staged a mother and daughter banquet. A large crowd sat down to a sumptuous supper prepared by the girls, after the various toasts had been replied to Mrs. (Rev.) A. L. Spracklin gave a very interesting talk which was much enjoyed. Miss Jean Downey gave a piano instrumental after which Mrs. Andrew Connor gave a helpful and instructive address on "Character Building". Miss Massey played a piano instrumental, followed by community singing.

Mrs. M. A. Temple returned home after spending the winter months with her daughter in Detroit.

### West Adelaide

The April meeting of the W.M.S. was held at the home of Mrs. Annie Wallace with an attendance of about thirty-four. After the business meeting a paper was read by Mrs. Orr and a duet was given by Mrs. W. Wilson and Mrs. W. Murray, which were both enjoyed. The ladies then made busy with their needles, sewing quilt blocks, after which a dainty lunch was served by the lunch committee, and the ladies aid collection amounted to \$3.35. The next meeting will be held at the home of Mrs. Hugh Davison.

Miss Kathryn Conkey spent the weekend with her friend, Miss Jean Waltham.

Miss Lizzie Watson has returned home after a lengthy visit with her niece, Mrs. (Dr.) Chas. Wynne, of Toronto.

The Young People are presenting their play entitled "June" in the town hall, Adelaide Village, on Easter Monday, April 13th. This being the sixth time it has been played.

Mrs. Walter Wilson has returned home after a very serious operation in St. Joseph's Hospital. We all hope for a speedy recovery.

One of the season's most delightful entertainments was held in West Adelaide church last Friday evening, when the young people presented their play entitled "June". It was a comedy drama in four acts which kept the audience in wrapt attention for nearly three hours. The leading part was taken by Mrs. Benj. Arrand as Mrs. Hopkins keeping a boarding house. It takes much greater skill to take an unnatural part than a natural lead, but Mrs. Arrand managed her part with great ability, also her daughter, Marian, of which Zelma Conkey took the part, who is always imposing on mother, and spoiled beyond speaking and who is always running on her cousin "June" which is taken by Florence Grogan, who has the sympathy of all. Carman Hall taking the part of Snoozer, the ambitious son of Mrs. Hopkins who makes a big hit with everyone, and who is always begging from poor mother or getting in trouble somewhere. Stanley Wallace taking the part of Fred Benton, as floor walker earning only eighteen dollars a week working for Armstrong & Co. He is engaged to Marian but she breaks the engagement thinking to attract the attention of Jim Armstrong (taken

by George Ball), as he is rich and could gratify all her demands, but in the meanwhile June is attracted by Armstrong which makes Marian more envious than ever, but she is turned out of Armstrong's store by his father, who listened to Benton's story of stealing the money. But June is innocent and Benton was found guilty of the stealing to buy gifts for Marion who only turns him down. The boarders who are Hazel Murray, Kathryn Conkey, Mrs. Bert Herrington and Madge Herrington take a very important part and who are always interfering in the affairs of the home. Mr. and Mrs. Wilbert Murray taking the parts of Abraham and Topsy with their dorkie talk cause many a laugh throughout the play. The audience were delighted between acts also when Miss Ila Richardson of Arkona and Mr. Wilbert McLeish favored with solos. Come to Adelaide Village on the 13th and hear it again.

### Unsurpassed for Childhood Ailments

Mrs. Howard King, R.R. No. 5, Truro, N.S., says:—"I am the mother of four children and have always used Baby's Own Tablets when any of them needed a medicine, and I can recommend the Tablets as being unsurpassed for childhood ailments." Thousands of other mothers agree with Mrs. King as to the merits of the Tablets. There are thousands of homes throughout Canada where the Tablets are always kept on hand in readiness for the least sign of any of the minor ailments which afflict little ones. Baby's Own Tablets never fail to regulate the stomach and bowels, thus they banish constipation, and indigestion; break up colds and simple fevers; relieve colic and bring the baby through that dreaded teething period in safety. The Tablets never do harm—always good—as they are guaranteed absolutely free from any injurious drugs. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### CHOP STUFF

Dresden has a Business Girls Club.  
Plays, dances, social evenings, etc.,  
have been arranged by them during  
the past winter.

Dresden stores will re-open on  
Tuesday, Thursday and Saturday  
evenings, throughout the spring and  
summer months.

A motor bus is now making regu-  
lar trips from Strathroy to London,  
serving Mt. Bridges, Delaware and  
Lambeth enroute.

"I hear you gave a party last night  
old chap. What was it to celebrate?"  
"It was for my wife. It was the tenth  
anniversary of her thirtieth birth-  
day."

A number of parties are being  
arranged in London for Miss Rowena  
Weld, whose marriage to Dr. Septi-  
mus Thompson, of that city, will be  
a smart society event of April.

It is reported that Hugh Montgom-  
ery, ex-M.P.P. has sold his hotel prop-  
erty, in Sombra, the "Grand Union"  
to a Mr. Hill, of Detroit, for \$15,000.  
It is also said that the O. Wright  
property, "Wright-Roost" has been  
bought for a Detroit club for \$5,000  
with some reserves of buildings.

Jos. Lamantia of Strathroy is plan-  
ning to erect a beautiful residence  
of most modern design and appoint-  
ments, on his lot on the south side of  
North Street, facing Alexandra Park.  
The site is the old Auld property for-  
merly owned by the late Effie Bentley.

The funeral of the late John Borth-  
wick, who died in Forest last week,  
aged 88 years, was held on Thursday  
afternoon under Masonic auspices.  
Richard Williamson, of Watford, P.  
D.D.G.M., conducted the ritual ser-  
vice at the grave. The pallbearers  
were Hugh Russell, Ed. Karr, Em-  
erson Burney, Claude Neilsen, Adam  
Kent and T. H. Rumford.

The Lambton Packing Company at  
Petrolia intends to operate its fac-  
tory on a large scale this summer, ac-  
cording to the amount of acreage the  
firm is advertising for. Three hun-  
dred acres of peas and 400 acres of  
corn will be the acreage this year. If  
the weather continues as at present  
seeding will begin about the middle  
of April.

Ontario farmers would do well to  
take the best of care of their spring  
and fall litter of pigs this year, and  
to "make hay while the sun shines."  
A recent survey of the hog situation  
in the American corn belt, the great  
feeding and breeding ground for hogs  
in the United States, shows a decrease  
of 19 per cent, or from 11,000,000 to  
12,000,000 fewer hogs raised in 1924  
than in 1923.

At the last meeting of the Essex  
council a discussion took place on the  
purchase of a fire truck for the town,  
it being the opinion that it would  
save the mains. With the high pres-  
sure required for fires it is feared  
some mains will spring a leak during  
a fire. With a fire truck it would not  
be necessary to have more than 30  
lbs. pressure. A Reo truck would cost  
\$5,000.

Mr. W. R. Nicholson of Wyoming,  
and his assistant, Mr. F. Enridge, have  
been engaged during the past week  
in planting trees at Bright's Grove,  
which the proprietor is sparing no  
cost or trouble in making an ideal  
summer resort—a sort of "Atlantic  
City in Miniature." The lake front-  
age has been surveyed into town lots  
and streets, and upwards of 200 Man-  
itoba maple and poplar trees set in  
rows, in addition to which a number  
of new cottages have been erected.  
No doubt Bright's Grove will become  
a mecca during the summer for tour-  
ists as well as citizens wishing to  
spend a holiday during the heat of  
the summer.

The Advisory Board appointed by  
the County Council to confer with  
Road Superintendent McCallum, have  
made a survey of all the roads in  
the county, with the exception of  
Dawn and Sombra, which they will  
finish this week, and will report their  
findings and recommendations at a  
special meeting of the County Coun-  
cil to be held today (Thursday). An  
earnest effort is being made to have  
crushed stone used on the county  
road right through to Rutherford, as  
it is held that gravel is useless when  
put on clay roads. To back up this  
contention it is pointed out that a  
mile of crushed stone was laid last  
fall south of Edy's and that today  
with the exception of Oil Springs,  
Main street, also of crushed stone,  
it is the best piece of road in the  
south part of the county. The  
Board consists of Reeve McDonald of  
Dawn, Chairman; Muma of Warwick  
Hackett and Supt. McCallum.

Petrolia is running up a record  
for fires, having had four in three  
days last week.

The directorate of Strathroy Fair  
took a decidedly forward step on  
Saturday in arranging for an elab-  
orate special attraction for the ex-  
hibition this fall. The board signed  
a contract for the production of a  
historic pageant requiring over two  
hundred people and involving an  
expense of about \$1,000. The pageant  
will portray the history of  
Middlesex County from the time of  
the Indians up to the present. Local  
talent will be secured and trained  
for the various characters required.  
The whole troop of performers will  
be appropriately costumed and  
equipped in order to provide a real-  
istic presentation of scenes from the  
past. The pageant will be staged in  
front of the grandstand at Exhi-  
bition Park, and on three nights dur-  
ing the fair, the dates of which have  
been set for Sept. 8, 9, and 10. Re-  
hearsals for this big novelty attrac-  
tion will be held a few weeks prior  
to the exhibition. The question of  
this year's general admission fee was  
freely discussed by the board, and  
in spite of some agitation for a 35-  
cent ticket, it will remain the same  
as last year at 25 cents.

### The Poets Corner

**GLADNESS**  
Give me the sunny songs of youth  
The sprightly innocence of truth  
Exuberant spirits of the spring  
Like birds that's always on the wing  
Glad atmosphere.

Immaculate! with soften'd blue  
No gloom to intercept the view  
The pure young blood incessant flows  
Description fails but each one knows  
The childish cheer.

A kiss will soothe, a growl will hurt  
They love to play they love to work  
Their laughter after sudden pain  
Like summer sunshine after rain  
They will not mope.

Now see them dancing in the sun  
Nor stop to walk, but skip, and run  
A stomach ache, just for a while  
And followed by a dimpled smile  
And sobs will stop.

To make this permanent we must  
Prove worthy of their simple trust  
Intensify their glad delights  
And gently draw to higher heights  
They're immature.

Oh who would dare those souls to  
cheat  
By feeding them with sweet deceit  
But as development begins  
To save them from all childish sins  
And things impure.

"There's grace sufficient!" let us try  
Dispel those clouds from their young  
sky  
It takes some tact, but we no doubt  
Can help to keep those evils out  
That makes us sad.

'Tis sin that darkens all their sky  
'Tis sin that hurts and makes them  
cry  
"We're born in sin," but there's a way  
To keep us happy all the day  
And pretty glad.

Grateful that gladness is our choice  
In childlike trust we must rejoice  
For gladness is our normal state  
So it's indeed a great mistake  
In being bad.

April 5th, 1925. —W. B. Laws.

### WHEN THE SYSTEM IS ALL RUN DOWN

Often All That is Needed is a Tonic  
to Build Up the Blood

There are many women who have  
been invalids or semi-invalids so long  
that they accept their condition as a  
life burden. They have endured brok-  
en sleep, stomach trouble, nervous-  
ness and weakness so long that they  
have given up hope of enjoying  
good health. In most of these cases  
a well chosen diet, fresh air and a  
tonic to build up the blood would do  
wonders. To all run-down, nervous  
people the experience of Mrs. H. J.  
Cameron, Waterville, N.S. will be of  
deep interest. She says:—"About two  
years ago I was in a miserable run-  
down condition. I was unable to do  
my work, my head ached day and  
night, my nerves were all unstrung,  
and for three weeks I could not eat  
or sleep. I then decided to give Dr.  
Williams' Pink Pills a trial and got  
six boxes. By the time I had used half  
of them I felt much better, and when  
I had taken the six boxes I was as  
well as ever. I could work all day and  
not feel tired and have been strong  
and healthy ever since. I have never  
taken any medicine that did me so  
much good and will always highly re-  
commend Dr. Williams' Pink Pills.  
You can get these Pills from any  
medicine dealer, or by mail at 50  
cents a box from The Dr. Williams'  
Medicine Co., Brockville, Ont.

## WEDDINGS

### HOBBS—WILLIAMS

At one o'clock Tuesday, March 24, at the home of the bride's parents, Mr. and Mrs. Richard Williams, Dartmouth, N.S., Rev. A. L. Huddleston of the First Baptist church, Halifax, officiated at the marriage of their only daughter, Mabel, to Walter M. Hobbs, son of Mr. and Mrs. A. Hobbs of Watford, Ont.

The bride, who was given in marriage by her father, was becomingly attired in a travelling suit of navy blue, with a neck piece of stone mar-

ten, and hat in keeping, her arm bouquet being of Ophelia roses.

The wedding marches were rendered by Miss Gladys Keating of Halifax.

Following the ceremony, luncheon was served and immediately afterward Mr. and Mrs. Hobbs left by the Maritime express for their future home at Wilton Grove, Ontario, whence they are followed by the good wishes of their many friends.

### MCLEAN—BRADLEY

On Wednesday evening, April 8th, a very interesting wedding, and one

of the prettiest in detail, took place at Mr. and Mrs. H. E. Bradley's house in Indian Grove, Toronto, when their daughter, Marion, was married to J. Roy McLean. The bride who was given away by her father, looked very beautiful in her graceful French dress of white crepe over silver, and long tulle veil arranged with cap and orange blossom bandeau. She wore silver slippers and pearl necklace, and the groom's gift, a diamond and sapphire bar pin. She carried a shower bouquet of Ophelia roses, white orchids and lily of the valley. The attendant maid of honor was Miss Marie Creveling of St. Louis, wearing a charming and becoming dress of cyclamen crepe cut in circular skirt and edged with large velvet flowers of the same shade. She wore a silver bandeau in her hair, and carried orchids and sweet peas. Mr. John Eels acted as best man. Mrs. Bradley was handsomely dressed in platinum crepe over silver, with silver slippers and corsage bouquet of orchids and lily of the valley. The officiating clergyman was Rev. Dr. Hincks of High Park Avenue Methodist church. Dr. Lance Barnes played the wedding march. Afterward a reception was held, when Mr. and Mrs. Bradley welcomed the guests in the artistic living-room, amid the soft harmonious blending of mauve, white and pink lilacs, rhododendrons and roses, and the bride and groom received the many good wishes for their future happiness. A splendid orchestra was stationed in the conservatory. Mr. and Mrs. McLean later left by motor for their wedding trip, the bride travelling in an ensemble costume of navy and cocoa with smart hat to match.

## Watford Council

Council met in the Council Chamber on Monday, April 6th, at 8 p.m., for general business. Present:—Reeve Connolly, Councillors Harry Hollingsworth, John Doar, Basil Saunders and Nelson Hawn.

Minutes of last regular meeting were read and adopted on motion of Hawn—Hollingsworth.

D. A. Maxwell addressed the Council protesting against the foul odors backing up into his cellar from the drains. He was satisfied that it came from some of the septic tanks installed by various property owners as he had never experienced such previously. He felt the Council should give it their immediate attention.

Various members of the Council, in discussion said that they had experienced similar difficulties, but had entirely eliminated them by placing a brass cap over the head of the drain in the cellar floor. Reeve Connolly said he had installed his for about 75 cents. The Council suggested this remedy to Mr. Maxwell and was quite sure it would be effective.

Messrs. A. G. Brown and T. W. Collister, Hon. President and Secretary-Treasurer of the local Horticultural Society, appeared before the Council asking for any financial assistance deemed advisable to enable them to carry on this year.

Hawn—Connolly, that we grant the Horticultural Society \$50.—Car.
